

# A WEST TEXAS PAPER For WEST TEXAS PEOPLE

# Dickens Co. Times

VOLUME 10

SPUR, DICKENS COUNTY, TEXAS, THURSDAY, OCTOBER 18, 1934

WHOLE NUMBER 482

## Dickens School Opened Tuesday

The public schools at Dickens opened the 1934-35 session Tuesday morning at nine o'clock. These schools have been delayed on account of the erection of a new school building. However, the contractor rushed work on part of the building and arranged for a number of class rooms in order that the school might start. There are nine teachers in the system this year.

A. C. Sharp, Superintendent.  
Mann Young, Principal and Coach.  
Mrs. Mary Estes Robison, English and Spanish.  
Miss Lola Beth Green, Social Science.

Miss Ruth Dittich, 7th grade.  
Mrs. Monte McGinty, 5th and 6th Grades.

Mrs. Robt. Reynolds, 4th grade.  
Mrs. Cleone Newberry Jackson, 2nd and 3rd grades.

Mrs. Jewell Giesecke Wilkes, Primary.

There were 200 pupils enrolled the first day and it is thought others will be enrolled soon. Four buses transport the students to and from school each day.

Dickens is erecting a new school building which will be completed soon. This new building has a large study hall, ten class rooms and an auditorium of 510 seating capacity. The building is one story and has all modern conveniences.

There will be a community dedication exercise held just as soon as the building is completed. The auditorium is not seated yet and no chapel exercises for the school are being held. The building is one of the best constructed and one of the most modern in Texas.

## EPISCOPAL CHURCH SERVICES

A minister of the Protestant Episcopal Church will be in Spur Saturday night, October 20th, and will give a demonstration of what the Church can do to offset certain tendencies of the films, which have been condemned by the League of Decency.

The Rev. Warwick Aiken will deliver an illustrated lecture on "The Bible Prophecies Proved."

Rev. Mr. Aiken has just returned from delivering this lecture in college centers in Illinois, Kentucky and Texas.

Bible students of all church organizations are urged to attend, and a special invitation is given to all high school young people.

It is hoped that the pastors of the churches of Spur will attend and will meet Rev. Mr. Aiken after the lecture.

Rev. William H. Martin will accompany Rev. Mr. Aiken and will be in charge of the Episcopal Church services on Sunday morning at 11 o'clock. The lecture will be given at 8:00 p. m. Saturday, Oct. 20.

There will be no charge for admission and no collection will be taken.

Rev. William H. Martin, Minister.

## City Drug Starts Big Sale

The City Drug Store is starting a big sale today to be in progress the remainder of this week. This is their Nyal Two-for-One Sale and two articles of every Nyal product in the store can be had for the price of one. You pay the regular price for any Nyal product and another of the same article will be given you. However, it is understood that no Nyal article can be secured for half price. But two can be obtained for the price of one.

The sale starts today and continues the remainder of this week.

## ATTENDING TO BUSINESS IN DALLAS

George Gabriel, of the Fair Store, is in Dallas this week attending to business matters. Also, Mr. Gabriel is buying some new merchandise to keep his stocks at the Spur store and in Roaring Springs replenished.

## ATTENDS FUNERAL HERE

B. F. Tunnell, Superintendent of Schools at Matador, Coach Stanford, R. E. Campbell and others of the Matador High school attended the funeral of Guy Tteague here Sunday.

Show Card Inks, Stencils and writing ink at the Times Office.

## Stonewall County Citizens To Vote on Issuing Road Bonds

The Commissioners' Court of Stonewall County has ordered an election to give the citizens of that county an opportunity to say whether or not the court shall issue bonds for the purpose of securing the right-of-way for Highway 18 and to make certain improvements on lateral roads. The date is Saturday, November 10.

The only obstacle in the way of completing Highway 18 through to Sagerton is the lack of the right-of-way through Stonewall County. W. R. Ely, Highway Commissioner, has assured the citizens of Stonewall County that if the right-of-way is provided that the road will be built immediately.

The expenditure of money in building this highway through Stonewall County is estimated to mean a great deal to the people and will afford much work for the citizens there. It is understood that as much local labor will be used as can be done efficiently.

## Gaynor-Farrell Together Again

Picture "Change of Heart" Reunites Stars After 18 Months

After 18 months of separation, Janet Gaynor and Charles Farrell, will be reunited in Fox Film's latest release, "Change of Heart," which comes to the Palace Theatre, on Sunday. Heeding the requests of thousands of fans to re-team these two screen sweethearts, the studio started an intensive search for a story that would be suitable for their reunion. Kathleen Norris' great modern novel, "Manhattan Love Song" was finally selected as the perfect vehicle.

The screen play adapted from the novel is a modern drama of youth's epic struggle for love and happiness in the turmoil of Manhattan. The film relates a big city's grim challenge to four youngsters just out of college, two boys and two girls, who banded together by ties of loyalty and common interest, enter its portals, accept its challenge and begin their brave fight to achieve success, realize their dreams of ambition and possibly fame.

James Dunn and Ginger Rogers are billed as featured players in support of the two stars. They complete the quartette of youth around which the drama revolves.

The other members of the large supporting cast are Beryl Mercer, Gustav con Seyffertitz, Shirley Temple, Irene Franklin, Fiske O'Hara, Deke Leyton, Mary Carr, Jane Darwell, Kenneth Thompson, Nell Walker and Barbara Barondess.

## Workers Meeting In Dickens, October 25-26

The next Workers' meeting of the Dickens County Baptist Association will be held with the Baptist Church in Dickens Thursday night and Friday, October 25 and 26. The following is the program:

**Thursday Night**  
7:30. Sermon by Rev. Clarence Edwards.

**Friday Morning**  
10:00. Devotional.  
10:15. The Lord's Supper, who is eligible to partake. Discussed by Rev. H. T. Harris.

10:45. What Constitutes Church Membership—Rev. J. V. Bilberry.

11:15. Sermon—Dr. M. F. Ewton.

12:00. Dinner.

**Friday Afternoon**  
1:30. Is a local church a sovereignty within itself. If so, Why? Rev. Wayne Grizzle.

2:00. Sustainate Baptist Practice of voting in the church. Rev. A. P. Stokes.

2:30. Business session.

Rev. Victor F. Crabtree, the pastor of the Dickens Church, says, "We have had but short notice in which to arrange for this meeting, but let every one who can, come."

## CHILD GETS FOOT CUT

Marinell Aubrey, little daughter of F. I. Aubrey of Elton, suffered a very bad cut on her left foot. The little girl was assisting her father to cut some feed with a sled. She stepped off the sled in front of the knife which made a very deep cut in the flesh, severing several arteries Wednesday morning.

She was rushed to the Nichols Sanitarium where the bleeding was stopped, the arteries cutured and the wound dressed. She seems to be getting along all right at this time.

Mr. and Mrs. Leslie Smith, of Roaring Springs, were in our city Tuesday doing some trading.

Rev. L. S. Bilberry, of Dickens, was greeting friends and attending to business matters in our city Tuesday.

## Spur To Be Host City To Church Convention

At a meeting of the convention of District No. 2, of the Christian Church in Lubbock last week, Spur was selected as the host city for next year. J. E. Hartley, of Lubbock, was elected president of the organization; J. T. Davis, of Plainview, vice president and Mrs. R. C. Brown, of Spur, is secretary.

District No. 2 takes in quite a large territory, and there is expected to be a large number of representatives of the various churches present. The First Christian Church will be host to the convention and will make arrangements for the meeting.

## Federation of Clubs Honor Seventh District President

The City Federation of Women's Clubs, comprised of the four Federated clubs of Spur, entertained with a three course dinner Monday evening, October 15th at the Spur Inn, honoring the President of the Seventh District, Mrs. W. P. Averitt of Lamesa.

Those attending this dinner were fifty-three of the Federated club women, twelve non-club women, and the guest of honor, Mrs. Averitt.

The doors to the dining room were opened at 7:30 and the jolly crowd of ladies surged in to surround the beautifully appointed table decked with bowls of roses and gleaming with candlelight. The table was arranged in the form of the letter U. The officers of the City Federation, past presidents of the same organization, presidents of the four Federated clubs, and the guest of honor occupying the part of the table that formed the base of the letter.

A short program was given during the course of the dinner. Beginning this program, Mrs. Geo. M. Williams gave the invocation, preceeding the seating of the guest. Between the first and second course, Miss Katherine Curby, piano teacher in the Spur Schools, played two lovely numbers: Chaminade's Scarf Dance Liebestraum by Liszt. Following the second course Mrs. G. B. Wadzeck sang "Danny Boy" and a second number as encore.

At the end of the dinner, Mrs. J. M. Foster gave a resume of the organization of the Federation of the four clubs and the City Federation. Following this, Mrs. Jack Rector, president of the City Federation, introduced the honor guest and speaker of the evening, Mrs. Averitt.

Mrs. Averitt is an able and entertaining speaker and brought those present an interesting message about club work. Altogether her talk gave encouragement and inspiration in the important work carried on by the women's clubs throughout the State and Nation. An interesting feature of Mrs. Averitt's talk was the description and information she gave on the State Club House at Austin, known to all club women as "Permanent Headquarters."

Three of the four Federated clubs in Spur are "Patrons" of Permanent Headquarters, this distinction being gained by contributing \$101.00 to the building fund. The name of all clubs who are "Patrons" appear on a bronze plaque in the entrance hall. A similar plaque is on an opposite wall and bears the names of "Founders" of "Permanent Headquarters".

The "Founders" like the "Patrons" are contributors to the building fund. Through the enthusiasm aroused by Mrs. Averitt's inspiring talk Spirit's visiting "Permanent Headquarters" when in Austin will find the names of two of our most outstanding clubwomen on the Founders plaque, namely: Mrs. Fred C. Haile of the 1917 Study Club and Mrs. E. L. Caraway of the 20th Century Club.

## COMES OUT WITH MORE BARGAINS

The firm of B. Schwarz & Son are coming out again this week with a good half page of store bargains. This firm had a good line of bargains advertised last week and they continue their policy of good bargains to the people.

Little Max Wood, of Prairie Chapel community, while playing Tuesday evening cut his right hand very badly. He knocked a mirror down which cut his right hand to the bones.

He was taken to Nichols Sanitarium where the cut was treated and he seems to be getting along all right.

Mr. and Mrs. W. W. Halliburton, of Abilene, moved to Spur last week and are at home on North Burlington Avenue. Mr. Halliburton is with the Abilene Candy Company and sells Jo Boy all over this country. He will make his territory from Spur. He bought a home and is having it improved and is very much at home.

Mr. and Mrs. Halliburton were married in Abilene September 29. She was formerly Mrs. Dorothy Harvey and was with the Spur Inn for some time.

The people of Spur are very glad to welcome Mr. and Mrs. Halliburton to our city.

## MAX WOOD CUTS HAND

Little Max Wood, of Prairie Chapel community, while playing Tuesday evening cut his right hand very badly. He knocked a mirror down which cut his right hand to the bones.

He was taken to Nichols Sanitarium where the cut was treated and he seems to be getting along all right.

Judge O. C. Newberry, of Dickens, was greeting friends and transacting business in our city Tuesday.

R. L. English, of Highway, was transacting business in our city Monday.

## Ritz Theatre To Open Monday

Manager Everts of the Palace and Ritz Theatres announces the re-opening of the Ritz on Monday and Tuesday of each week effective Monday, October 22nd. The first picture selected for the Ritz is a comedy smash, "HIPS, HIPS, HOORAY" in Wheeler and Woolsey clown as racers.

Held to be the most spectacular and thrilling of all professional sports, automobile racing for the first time is accorded outstanding burlesque comedy treatment in some of the farce sequences of "Hips, Hips, Hooray." RKO-Radio's musical extravaganza starring Bert Wheeler and Robert Woolsey.

In this rapid fire musical, Wheeler and Woolsey find it necessary to flee from the long arm of the law, and decide that the most efficient way in which to flee is to join a cross-national automobile race. Away they dash from home, from business, from Thelma Todd, Dorothy Lee and Ruth Etting, as pilots of a superfast racing car.

The curves of mountain roads annoy them. The comedy pair settle this matter by racing down the sides of the mountains, eliminating the curves. Snow halts them. They carry on, by providing the race car with skis. They find that they are having difficulty in passing other cars. Pumping buoyant helium gas into their tires, they soar over any obstacle which obstructs their flight.

Chickens, motorists and pedestrians are frightened out of many years of life as the mad pair dash to the coast, and eventually into an insane finish.

"Hips, Hips, Hooray" features this and other fantastic sequences in its story which was written by Edward Kaufman, Harry Ruby and Bert Kalmar, the last two of whom wrote the popular melodies for the film, "Tired of It All," "Keep on Doin' What You're Doin'" and "Keep Romance Alive." Ruth Etting, Thelma Todd and Dorothy Lee sing these numbers.

## Spur Pastors Organize Ministerial Association

The ministers of Spur met together in the Presbyterian Church and organized, for the promotion of cooperation and the furtherance of common ideals, a Ministerial Association. Meetings are to be held on the first Monday of each month in the different churches of the city.

Rev. Brown, of the Christian Church, was elected to the presidency of the new organization. Rev. Cairns, of the Presbyterian Church, was asked to serve as secretary.

It is the desire of the ministers to keep in close touch with the problems of the churches and of the community in general, through the proper functioning of the Association.

Those in attendance were: Revs. Yeats, Ewton, Cairns and Brown.

## BAPTIST LADIES SERVE LUNCH AT PATTON SPRINGS

The ladies of the Patton Springs Baptist Church will serve lunch at the church in Afton, Friday, October 19. The occasion is the letting of the contract for the new Patton Springs school building. Many people will be in Afton at that time and the church ladies decided to use the opportunity to be of service to the community and at the same time to earn some money for their church fund. They also plan to serve supper on the same date, as it is entirely likely that much of the business of letting the contract will not be completed until late in the evening of the 19th, so that many people will be detained past the hour of the evening meal.

## MOVED TO SPUR; AT HOME

Mr. and Mrs. W. W. Halliburton, of Abilene, moved to Spur last week and are at home on North Burlington Avenue. Mr. Halliburton is with the Abilene Candy Company and sells Jo Boy all over this country. He will make his territory from Spur. He bought a home and is having it improved and is very much at home.

Mr. and Mrs. Halliburton were married in Abilene September 29. She was formerly Mrs. Dorothy Harvey and was with the Spur Inn for some time.

The people of Spur are very glad to welcome Mr. and Mrs. Halliburton to our city.

The bride is a daughter of Mr. and Mrs. J. A. Murphy west of Spur, and was reared in this community. She is a graduate of Spur High School finishing with the class of '31. Also, she was associated with business firms in Spur where she made good as a sales lady.

Friends join in wishing them the best of success.

## NEW TRUSTEES APPOINTED AT PATTON SPRINGS

The school board of Patton Springs Consolidated School at their meeting Monday appointed Jess Randolph to fill out the unexpired term of S. L. Porter, who resigned several weeks ago. At the same meeting Elmer Rogers was appointed to fill the unexpired term of S. G. Scoggins, who has also previously resigned. It is not known at this time whether Mr. Rogers and Mr. Randolph will accept the appointments, but it is the hope of the community that they decide to do so.

## ANOTHER CAR

of Dawson hydro-cleaned coal about Tuesday. Buy it off the car and save money. SWAFFORD, West Harris St., Phone 32.

## Loan Blanks Received For Option Cotton

G. J. Lane, County Agent, announces that the blanks for obtaining loans and selling outright of option cotton have been received. These blanks may be obtained at the County Agent's office where adequate instructions will be given. Farmers desiring to take advantage of this can make proper arrangements.

## Sanitarium News

Miss Margaret Tankersley, of Rotan, who underwent an operation October 7, continues to improve and soon will be able to return home.

Mrs. Bailey Bragg, of Duck Creek, who underwent an operation Wednesday of last week, continues to improve.

Tom Gilmore, city, who underwent an operation October 6, is doing fine and soon will be out.

A. J. Wright, of Red Mud, who underwent an operation two weeks ago, is getting along fine. He was in very serious condition.

Willie Joe Gleaton, of Roaring Springs, who underwent an operation the first of last week, is doing fine and soon will be out again.

Miss Ruth Goodwin, of Prairie Chapel, underwent an operation Monday and seems to be doing fine.

Mrs. C. H. Jackson, of Croton, had tonsils removed Tuesday and is doing fine. She was able to return home Wednesday.

## FIRST BAPTIST CHURCH

There were 312 present in Sunday School last Sunday. This is fine, but a goal of 350 has been set for next Sunday. It is hoped everybody will take an interest and try to make the goal.

Sunday School starts at 9:45 a. m. Preaching services at 11:00 a. m. and 7:45 p. m. B. T. S. each Sunday evening at 6:30. Teachers meetings every Wednesday at 7:00 p. m., and prayer services the same evening at 8:00 o'clock.

You are welcome. —Reporter.

## LOCAL PHYSICIAN ATTENDS MEDICAL MEETING AT ABILENE

Dr. Bob Alexander was in Abilene last week attending the convention of the West Texas Medical and Clinical Society. He was on the program and gave a discussion of a medical subject that brought great approval of the members of the organization. Dr. Alexander is a well posted man and keeps well informed in regard to all questions relating to his profession.

## ALLENE MURPHY MARRIES

Announcements are being sent out relative to the marriage of Miss Allene Murphy and Milton A. Dillahanty which was solemnized in Colorado Sunday, September 2. They are at home at 151 West Second Avenue, Denver, Colorado. Mr. Dillahanty is with Swift & Company and is a successful business man.

The bride is a daughter of Mr. and Mrs. J. A. Murphy west of Spur, and was reared in this community. She is a graduate of Spur High School finishing with the class of '31. Also, she was associated with business firms in Spur where she made good as a sales lady.

Friends join in wishing them the best of success.

## NEW TRUSTEES APPOINTED AT PATTON SPRINGS

The school board of Patton Springs Consolidated School at their meeting Monday appointed Jess Randolph to fill out the unexpired term of S. L. Porter, who resigned several weeks ago. At the same meeting Elmer Rogers was appointed to fill the unexpired term of S. G. Scoggins, who has also previously resigned. It is not known at this time whether Mr. Rogers and Mr. Randolph will accept the appointments, but it is the hope of the community that they decide to do so.

## ANOTHER CAR

of Dawson hydro-cleaned coal about Tuesday. Buy it off the car and save money. SWAFFORD, West Harris St., Phone 32.

## Exhibit To Be In Davis Building

The club exhibit will be in the Davis Building, next door to the City National Bank Building, the Exhibit Committee of the Council has announced. The annual fall exhibit is to be November 3rd. Products must be in by 2:30, Friday afternoon, November 2nd.

The revised list for the exhibit is as follows: quart cured cucumber pickles; pint cucumber relish; pint watermelon sweet pickle; pint watermelon preserves; quart string beans; quart field peas; quart other vegetables, except greens or corn; pint any kind greens; quart canned peaches; quart canned pears; quart other fruit; pint preserves; tufted bedspread; pair plain pillow slips; hooked rug; pieced quilt; appliqued quilt; and wash dress. Every club woman is expected to make at least two entries.

## Cotton Report For Dickens County

According to reports turned to the public by the Department of Commerce Dickens County had ginned 1,446 bales of the 1934 cotton crop. On October 1, 1933, there had been 1,872 bales ginned in the county.

This information was furnished by courtesy of Milton R. McDonald, of McAdoo, who is special agent for the department.

## C. L. HAGAR HAS SURPRISE BIRTHDAY DINNER

Relatives and friends of Uncle Charlie Hagar surprised him Sunday, October 14 with a birthday dinner at his home in Rising Star community.

Uncle Charlie was born in Dallas, October 13, 1853. He has lived in Texas all his life and in Kent County fifty four years.

Those present were: Mrs. Lela Vickers and children, Nettie, Ettie and George; Mr. and Mrs. Albert Vickers and children, Clorea and C. A.; Mrs. Glenn Vickers and children, Joe Frank and Billy Glenn, all of Clairemont; Mr. and Mrs. Frank Hagar and Mr. and Mrs. Vernon Hagar of Rising Star; Mr. and Mrs. Alvin Hagar and son, Billy and Mr. and Mrs. Cecil Hagar and children, Troy and C. V. of Lost Lake; Mr. and Mrs. Jack Taylor and children, F. A. and June of Antelope; Mr. and Mrs. A. B. Ship and children, Margaret, Billy, Kenneth, La Verne, Francis and A. V. of Red Top; and Mr. and Mrs. C. L. Hagar and son, Henry.

A very nice lunch was served to those present. —By One Present.

## Ruth Bryan Owen To Speak Oct. 21

Ruth Bryan Owen, United States ambassador to Denmark and daughter of the late William Jennings Bryan, will be presented at Texas State College for Women (CIA) Sunday, Oct. 21. Mrs. Owen previously appeared at the college in 1931 when she discussed women in politics.

Added to her ability to hold an audience, Mrs. Owen's world-wide experiences have given her ample material that is compelling in its interest in itself. Years spent as the wife of Major Reginald Owen of the British Army in the West Indies, India, Egypt and in the Allenby campaign that wrestled the Holy Land from the Turks in the world war, in Great Britain, as well as her later experiences in all parts of the U. S. combine to round out a personality that was striking from the beginning.

Press reports say, "She has grace, charm and magnetism. She is always a woman, but she is always a match for a mere man."

W. T. Lovell, of Wichita community, was attending to business affairs in our city Monday, and while here paid the Times office a pleasant visit.

## "Hips, Hips Hooray"

RITZ

Monday - Tuesday

# DR. TOM TAYLOR SPEAKS AT HIGH SCHOOL

The Senior and Junior High schools assembled in the auditorium of the Senior High School building at 1:45 Thursday afternoon for a chapel program. Dr. Tom Taylor, who is often known as the Will Rogers of Texas, was the featured speaker. Dr. Taylor is President of Howard Payne College at Brownwood, District Governor of the 41st District of Rotary International, and is prominent in many other civic movements.

Dr. Taylor was introduced by Supt. Sam Z. Hall. M. C. Golding, President of the Spur Rotary Club, was also on the platform in behalf of the Spur

Rotarians. Dr. Taylor addressed his talk to the students, superintendent, and ladies and gentlemen of the faculty. He said he had to guess as to whether we had a faculty or not, as nowadays he couldn't tell some of the teachers from the students.

He complimented the very fine Rotary Club of Spur, and said, "These Rotary boys are just a bunch of grown up boys. Some of them have grown tall and some have grown wide, and some have grown so tall that their hair is beyond the timber line." When Dr. Taylor is in Rotary meetings, he has an easy way of getting his fellows to remember his name. He has a definite pattern for introducing himself. On such occasions he always says, "I am Tommie T. Taylor, teacher from Texas." He assured the students that the Rotary Club here is most interested in winning football games and is for the school 100%.

On a former occasion when he was speaking to a high school group, one of the pupils approached him before the program and asked if his speech was one of the cut and dried kind. Dr. Taylor said he told the boy to wait until after the program and then see what he thought. When he again encountered the boy and asked him if the speech had been cut and dried, the lad answered, "I don't know about the cut, but it was dried out."

Dr. Taylor expressed his disappointment at not being allowed to speak on a subject of his own choice. He wanted to talk about love, but he said Mr. Hall suggested that he not speak on that subject in public.

His subject was taken from history, and he chose Texas as his main topic. He had studied history and all about the wars when a boy in school, and said that the covers on Barnes' United States History still reminded him of Simmons liver regulator. He knew this state had a history because a friend of his showed it to him. This friend's name was Bar'net now, but in case he ever gets into the oil business, he will probably change it to Barnett with the accent on the last. Anyway, he and the friend were riding along the Colorado river and his friend asked him if he saw that oak tree over there. Of course he didn't know whether it was an oak tree or not, but he saw it. His friend said that a long time ago the French came to this country, and their leader was La Fayette or La Salle, or somebody. He was one of the old settlers, so the first thing he did was to buy a knife and carve his name on that tree, and it was the talk of the day.

Dr. Taylor said that Texas was a funny state, and he discussed in detail some of the reasons for this conclusion. Texas and California are the only two states in the Union which got by without first having to be made into a territory for awhile before they were let in. Texas has served under seven flags. It is generally said that Texas served under five flags, but in truth it has been under seven, according to Dr. Taylor. He gave them as follows: the Spanish, the Confederate, the United States, and twice under the Fergusons. Dr. Taylor believes that the drug stores began this by starting the one cent sale—two for the price of one.

Texas is great in men. Sam Houston was not a tailor made man, because

an Englishman once said that a tailor made man must have 40 suits, and Dr. Taylor doubts if there is a tailor made man in Spur. Sam Houston was governor of Tennessee. He ran off and came to Texas and if he had not done that, he would have been president of the United States. Old Hickory said he was going to make him president, and if Old Hickory had said he was going to make me or you president, you would have been President. Albert Sidney Johnston was another great man. He would have won the Civil War if he had not been killed so soon.

The products of Texas lead all states in total value said Dr. Taylor. Michigan has many automobiles—air flows and don't goes—yet Texas sold more automobiles than Michigan. Texas leads in exports to other countries. We grow more cotton than any other state. We have more mules and more mulish people; Missouri has the best mules, and Texas has the most of them. Texas has the meanest cows, and Iowa has the best cows. We have the most goats, except for Montana, and we have the most people who act like goats—"I am for it, but, but, but . . ." Texas has more oil, more natural gas. Texas has the most number of miles of railroad and is tearing up the most. Texas has the most number of miles of highway and fewer miles of good highway in proportion to the total. We produce 95% of all the sulphur in the world. Texas also leads in the divorce crop. Texas has the most and the best divorces and they last longer and it takes a shorter time to get one. It now takes about 2 1-2 minutes to grant a divorce, and one district judge granted one in 30 seconds.

The language spoken in Texas is a funny thing too, Dr. Taylor said. He gave as examples the personal pronouns. The masculine pronouns are he, his, and him; therefore the feminine pronouns should be she, shis, and shim. The plural of mouse is mice, but plural of house is not hice.

Texas is such a big place. There has been much discussion as to where the heart of Texas is located. Many cities claim to be the heart of Texas. Brady even constructed a big heart and decorated it with roses. Dr. Taylor advised that it is foolish to argue about where the heart of Texas is located, when the real place for it is in the hearts of the people.

As a parting word, Dr. Taylor reminded this group of high school boys and girls that in a little while Texas is going to be ours. He said for us to build in Texas a greater and bigger and better Texas.

## New Ruling In Regard To Death Registration

A new ruling by the Federal Bureau of Census has just been put into effect in Texas and will be of interest to every community in the State.

This new ruling is to the effect that the death of any person shall be credited to that person's legal residence. In the past the place where one died was charged with the death. New death rates for all towns and counties will show the true conditions.

The towns in Texas that have a reputation as health centers have been unduly credited with more deaths than have occurred among their citizens. Now, whenever a health-seeker dies away from home, the place of his residence will be charged with the death.

The same holds true in the compiling of records for counties. In the past many towns had a death rate three

or four times as high as the county. This was due to a variety of causes—principally, patients from the rural areas coming to town for medical attention and hospitalization and dying while there and giving their addresses as the town without specifying that their home is outside the city limits. The State Department of Health requests every one to give exact information for all birth and death records.

## PRESBYTERIAN CHURCH

The following services will be held in the Presbyterian Church on Sunday, Oct. 21, 1934:

Sunday School at 10 o'clock. Morning Worship at 11 o'clock. Evening Worship at 7:30 o'clock.

The subject for the morning hour will be, THE KING OF THE FOREST, and the thought will be based upon the Parable of the Trees in the 9th chapter of Judges, verses 7-15. The evening study will be taken from the life of Joshua.

Mid-week prayer service will be held on Wednesday evening at 7:30 o'clock.

We invite and urge you to worship with us.

F. I. Cairns, pastor.

## NOTICE TO BIDDERS

Bids will be received by Dickens County, at the Court House at Dickens, Texas, until 10 o'clock a. m. on the 12th day of November, 1934, for the purchase of one (1) Diesel type tractor, powered with approximately fifty horse-power engine, and notice is given that warrants will be issued in the maximum sum of \$4,000.00, payable serially, last maturity not later than February 15th, 1938, bearing interest at the rate of 6% per annum, interest payable semi-annually.

The right is reserved to reject all bids. JIM CLOUD, County Judge, Dickens County, Texas. Oct. 18-25

Show Card Inks, Stencils and writing ink at the Times Office.

## New Deal Recruit Once Texas U. Student

Dr. Walton Hamilton, one of the newest recruits for President Roosevelt's "new deal" administration, is a former University of Texas student. Dr. Hamilton was recently appointed a member of the new Board of the National Recovery Administration. He obtained his bachelor of arts degree from the University of Texas in 1907, and was instructor in medieval history at that institution from 1908 to 1910. He is now professor of law at Yale University and a widely known economist. His son, Edward Rhodes Hamilton, was a freshman student at The University of Texas last year.

Mr. and Mrs. Oscar Kelley, Misses Minibel Johnson and Charlie Hayes spent the week-end in Amarillo visiting friends.

**Pain Passes Off**

When your head aches; when Neuralgia tortures you; when Muscular Pains make you miserable—take a Dr. Miles' Anti-Pain Pill.

Mr. Smith is one of millions who have found this easy way to prompt relief. He says:—

"I keep Dr. Miles' Anti-Pain Pills in my pocket and when I get a dull heavy feeling in my head, I take a Dr. Miles' Anti-Pain Pill and the pain passes off."

**ANTI-PAIN PILLS**

Mrs. Guy Karr visited with her parents in Stamford the last of the week. Sam Z. Hall and family made a trip to Fort Worth this week end.

Mr. and Mrs. A. J. Richey of Croton, were in our city Tuesday doing some trading.

C. B. Glenn, of Roaring Springs, was transacting business in our city Tuesday.

## APPEARANCE OF YOUR CAR

can be kept up by our excellent washing and polishing service. We use the most modern method.

Also, your car will run smooth with one of our grease jobs. We use Marfak—the grease that lasts and keeps your car from wearing.

When that tube needs repairing let us try one of our tube welding jobs on it. It's a new tube for you if one of our welded patches comes off.

If it is service, we have it for you.

## SUNDAY DINNER SUGGESTIONS

By ANN PAGE

GRAPEFRUIT is again in season and moderate sized fruit is selling at low cost. They will largely replace melons in the coming weeks. A large variety of grapes is available though the season for slip-skins grows short. Tokays are especially plentiful. Both cooking and eating apples are abundant and low in price.

White potatoes, cabbage and yellow onions are unusually cheap. Fine quality spinach is available and the season for broccoli, Brussels sprouts and cauliflower is getting under way. Sweet potatoes and yams are at their best. Carrots and beets are still plentiful and cheap. Tomatoes are less plentiful but still cheap, and iceberg lettuce has come down in price and up in quality.

The following menus are made up from the latest market news available.

**Low Cost Dinner**  
Veal Round Steak with Gravy  
Baked Rice  
Buttered Beets  
Bread and Butter  
Chocolate Pudding  
Tea or Coffee

**Medium Cost Dinner**  
Seven Roast of Beef  
Browned Russet Potatoes  
Green Beans  
Bread and Butter  
Rice Custard Pudding  
Coffee

**Very Special Dinner**  
Fruit Cup  
Roast Lamb  
Baked Yams  
Ons and Tomatoes  
Baked Cucumber Salad  
Dress and Butter  
Bread and Butter  
Berry Pudding  
Custard Sauce

# VOTE AGAINST THE TAX LIMITING AMENDMENT

The following editorial appeared in the San Antonio Express of October 11th, 1934:

Perceiving that the hastily drawn, ill-considered constitutional amendment proposal to limit the Legislature's taxing and spending power to \$22.50 per capita for each biennium would be detrimental to the State's

interests, more and more civic organizations are rallying to the State's educators in opposing the measure. For latest example, the San Antonio Real Estate Board and the Chamber of Commerce have added their protests.

Careful study of the measure shows it to be undesirable on several counts. The most serious objection is that it easily might and almost certainly would increase, rather than lower, taxes.

The citizen should bear this fact in mind: The amendment would limit only State taxes; it would have no effect on city, county and school taxes, which make up the heaviest load he must carry. As the schoolmen sensibly have been pointing out, such a limitation—by shifting the burden from the State back to the communities—might increase local taxes.

In a recent address at Austin, Dr. B. F. Pittenger, dean of the University of Texas School of Education, showed how such an effect might ensue. He cited an estimate by the State Superintendent of Public Instruction that the tax-limit proposed would force down the State school apportionment from the present \$16.50 to \$8.50 or \$9 per capita. Rural school aid must be reduced proportionately. With the State fund virtually cut in half, the school districts must curtail the terms and cut teachers' pay still further, or make up the difference by local taxation.

Fiscal experts' calculations that the amendment would reduce the State revenues by 20 million dollars a year on the average, raise that prospect.

Furthermore—as Dean Pittenger pointed out—the amendment proposal is unfortunately timed. More taxes are delinquent in Texas than ever before; the revenue-yield from business and industry has been at low ebb for some years past and began picking up only lately. As tax collections for such a period as the basis of a limit to apply permanently, is obviously unsound policy. Public needs must grow with

the population. Too, the value of the dollar fluctuates.

Therefore, the Legislature should be left free to adapt its fiscal policy to changing times. Moreover, in the years just ahead the State must meet unusual obligations. It must retire 20 million dollars in emergency relief bonds and 100 millions in county road bonds taken over three years ago. The lawmakers are being called upon to vote 5 million dollars for the Centennial Celebration in 1936.

Such considerations led the Democratic State Convention at Galveston last month to "recommend to the people that the amendment be defeated." The opinions and facts cited should convince the citizen that his own interests demand that he vote "No" on this proposal.

## SOCIETY

### JEAN GRANBERRY HONORED

Billie D. Starcher and Ida Lee Golding were host and hostess at a birthday party honoring little Jean Granberry on her third birthday. The children all gathered at the home of W. D. Starcher Thursday afternoon where they were entertained by playing with toys.

Jeans were presented with many gifts. The favors were balloons and candy.

Punch and chocolate cookies were served to Duane Thompson, Girene Dillingham, Ola Mae, Rita La Juan, Lucille and Obenia Yeats, Elsie Patterson, Patsy Jean Hyatt, Jackie and Creola Rector, Glenna Williams, Sherrod Campbell, Betty Middleton, Buddy Middleton, Warren and David Murley, Marion Speer, Mack Wilson, Jr., Bonnie Beth Henry, Sue Jane Blendon, Genevieve Taylor, Iris Marie Smith, Patricia Ann and Helen Virginia Marrs, Malcolm Brannen, Jane Brannen, Sarah Sample, Orville Robertson, Ernestine Berry, Gene Collier, Jimmie Keen, Virginia Faye and Alberta Lynn Dugwoy.

### MISS WILSON HONORED AT LUBBOCK PARTIES

Miss Jane Douglas Wilson, whose marriage to Floyd McArthur is to take place this evening at the home of her parents, Mr. and Mrs. W. D. Wilson, 1907 Twenty-Third Street, Lubbock, was honored at two social gatherings in Lubbock this week end.

Mrs. Clayton Carter, 603 Thirteenth Street, was hostess Saturday afternoon. Mesdames W. H. Walton and Newton Walton entertained with a luncheon Saturday at noon.

Friends from Spur who attended the luncheon and party were: Mesdames D. H. Zachry, J. C. McNeill, W. F. Jennings, and Sam Clemmons.

### RECEPTION AND SHOWER FOR BRIDE-ELECT

Miss Jane Douglas Wilson, bride-elect of Floyd McArthur, was complimented Friday afternoon at the home of Mrs. Ned Hogan with a reception and shower. The entertainment was sponsored by Mrs. J. C. McNeill and Mrs. Sam Clemmons.

Mrs. W. D. Wilson of Lubbock, mother of the bride-elect, the honoree, Mrs. J. C. McNeill, Mrs. Sam Clemmons, and Miss Lilly McArthur were in the receiving line.

The eighty guests, who called between the hours of four and six, were ushered into the dining room where they were served coffee, open sandwiches, nuts, and cake. Mrs. F. W. Jennings presided at the coffee.

Mrs. D. H. Zachry presided at the guest book. The many gifts were displayed for the pleasure of those who called.

### Weekly Cotton Grade and Staple Report

The report released Saturday by the Division of Cotton Marketing at Austin, giving the quality of cotton produced in Texas indicates that nearly 40 per cent of the cotton classed is Extra White in color and between one-third and one-fourth is Strict Middling and better in this color.

The White Strict Middling and better grades amount to about one-fourth of the cotton classed last week, while Middling is about one-tenth of the total. There is less than one per cent that graded below Low Middling.

Spotted grades are estimated to be nearly one-fifth of the cotton this week.

There is a marked increase in the shorter staple lengths with a corresponding decrease in the longer staples. The percentage of cotton shorter than 7-8 inch in staple produced last week was approximately 30 per cent, which is an increase over that reported the week before. 7-8 inch cotton is estimated to be 54 per cent, and 15-16 inch staple dropped to 12.5 per cent for the week. The staple lengths of 1 inch and longer are about 3 per cent.

The percentage of tenderable cotton last week was 68.4, as compared with 87.4 per cent before.

### SERVICES FOR EPISCOPAL CHURCH SUNDAY

Rev. Mr. Aiken, Episcopal Rector of Plainview, will deliver a lecture at the Directors' Room of the Spur Security Bank here at 7:30 o'clock Saturday evening.

William H. Martin, Rector at Stamford, will conduct services in the directors room at the bank Sunday morning. These services will be held at 11:00 o'clock. All members of the Episcopal church are urged to be present and the public is extended an invitation to attend.

GUY TEAGUE

PASSES AWAY

Guy Oneal Teague, 18, son of Mr. and Mrs. L. L. Teague of Highway community, died at a local sanitarium at five o'clock Sunday morning.

Funeral services were held at the Spur cemetery at two o'clock Sunday afternoon. Dr. M. F. Ewton, pastor of the First Baptist Church, conducted the services.

The deceased is survived by his parents, one brother, Rolly Teague, who lives in California; five sisters: Mrs. Willie Smith and Mrs. Woodrow Price who live in Highway community; Mrs. Forrest Edwards of Dickens; Misses Neita and Ossie Faye who are at home. Mrs. Conley Smith, another sister, passed away last year.

Guy was doing his Junior year in Spur High School and was considered a very good student in his work. He was quiet and reserved, did his work and exhibited an attitude of the very best co-operation with his class and teachers.

Members of the football team served as pall bearers Sunday, and members of the pep-squad served as flower bearers.

Pall bearers: Harry Martin, Lanier Gilbert, Jim McArthur, Francis Bingham, Herman Bostic and Henry Scoggins.

Flower bearers: Winifred Bell, Wilma Morgan, Mary Louise Lisenby, Zelma Aston.

PATTON SPRINGS

SENIOR ELECT

The senior class of Patton Springs High School perfected their class organization for the current year, Monday. The class officers are as follows: Pauline Wright, President; Frank Ragland, Vice-President; Merle Bennett, Secretary; Hazel Benham, Treasurer; Nellie Ragland, Reporter; Miss Amelia Hargis, who teaches English in the Patton Springs high school, was selected as the class sponsor.

At present there are 13 members of the senior class who are candidates for graduation. This being the first class for Patton Springs, the groups are hoping and planning, with the help and cooperation of the faculty and the community to make an enviable record for the new school's first graduating class.

Following the class organization rings were selected and purchased by the members of the class.

T. H. Tallant, of Gilpin, was looking after business matters here Tuesday.

DRUGSTORE COWBOYS

"MICKY" AND HIS GANG

By Gus Standard

By Sam Iger

Personal

Mr. and Mrs. B. F. Norris and son, Sam, of Hubbard, are here the guests of their daughter and sister, Mrs. J. L. Wolfe.

Mrs. Orlene Berlin, of Hutchinson, Kansas, arrived here last week and is a guest of Mrs. Virgil V. Parr at the Pitchfork Ranch.

Mrs. K. Jones, of Roaring Springs, and Mrs. A. J. Malouf, of Knox City, and Misses Ramsey and Sadie Gabriel were in Lubbock Monday visiting friends.

J. C. Pinson, District Manager of the Southwestern Bell Telephone Company was in our city the last of the week looking over the business of the local telephone office.

Mrs. O. Moore Hall, of the Sunshine Service Station, left Monday for Temple where she will undergo treatment for her health. She reports that she is improving.

Rev. and Mrs. W. B. Vaughn and son, Wayne, of Rotan, visited in the home of Mr. and Mrs. Marvin Vaughn Tuesday and Wednesday. Rev. Vaughn was pastor of the First Methodist Church here four years and has a great number of friends in this community.

Mrs. W. B. Chapman and son, of Midland, are in our city the guests of their sister and aunt, Mrs. W. E. Putman.

JIM CROSS TRIAL IN PROGRESS

The trial of Jim Cross, Sr., who is implicated in the stabbing of Coyles Witt, is in progress in the 72nd District Court at Crosbyton this week. A jury was empaneled Monday and Tuesday and evidence in the case was started by the State Wednesday.

A great number of witnesses were examined Wednesday and a number more are scheduled to testify in the case. Just how much time will be required for the defense is not known, but chances are that the case will not get to the jury this week unless the defense cuts short on testimony.

W. C. Cartwright and W. H. Allen, northwest of town, were in Tuesday attending to business affairs.

Mr. and Mrs. W. F. Ragland and children, of Elton, were in our city Monday doing some trading.

CENTURY OF PROGRESS TO CLOSE SOON

The "Century of Progress," the world's greatest fair which has been in progress in Chicago last year and this year will close with this month. Those who expect to see this wonderful exhibit will need to get away soon because it is so large that it requires days to see even a portion of it. It is doubtful if ever another such exhibit will be held this close to us during the lives of most of us.

Austin C. Rose, of McAdoo, was transacting business in our city Tuesday.

Mr. and Mrs. Fred F. Henry, of Duncan Flat, were in our city Tuesday attending to business matters.

Charlie McLaughlin of McAdoo, was attending to business matters in our city Monday.

E. A. Glenn, of Duncan Flat, was greeting friends and trading in our city Monday.

W. G. Bennett, of Midway community, was transacting business in our city the last of the week.

STUDY COURSES AT BAPTIST CHURCH

The training school at the First Baptist Church will start a series of study courses beginning Monday evening of next week. There will be study courses in the Junior Department, Intermediate Department and the Senior Department of the Training School.

The text taught in the Junior Department will be the Junior B. Y. P. U. Manual. Mrs. R. C. McCombs will be in charge of this course and will give the instructions. Those who have studied and passed the work in the Junior Manual will be offered an opportunity to take another subject. The text will be "Bible Heroes" and Mrs. Hattie Turvan will conduct this course.

The Intermediate Department will study the Intermediate B. Y. P. U. Manual for their text and Mrs. W. R. King will be in charge of this work. However, there will be another subject provided entitled "Training in Christian Service". Just who will teach this text has not been announced.

The Senior Department has selected a very fine text, "Investments in Christian Service". Dr. Ewton, the pastor, will conduct this work.

It is the hope of the church that everybody who can will avail themselves of the opportunity to take these courses. Some course is required every year in order to keep the training school up to A-1 standard. —Reporter.

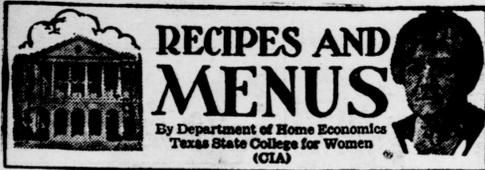

R. R. Wooten, of McAdoo, was transacting business in our city Monday.

With the approach of cool fall evenings ones attention is directed to unusual methods of entertaining. Every one is interested in foreign foods and especially in those of our Southern neighbors, the Mexicans. A Mexican supper menu consisting of characteristic Mexican dishes will be unusual and interesting to any group, especially to one which is not entirely familiar with the dietary regime of the Mexicans.

In the Southern part of Texas crude Mexican pottery can be purchased for a few cents per piece and this will add materially to the atmosphere of the meal. A Mexican supper prepared from original Mexican recipes and served from Mexican pottery dishes would assure any hostess a successful and unusual party.

Breakfast: Baked pears, French toast, maple syrup, coffee, milk.

Lunch: Spaghetti with tomato sauce, Waldorf salad, brown bread, sandwiches, milk, iced tea.

Dinner: Baker liver, creamed potatoes, cabbage and celery salad, bread, butter, fruit jello, cream.

Breakfast: Oatmeal, cream, coffee balls, baking powder biscuit, coffee, milk.

Lunch: Boston baked beans, pickle, celery and lettuce salad, brown bread, plum sauce, milk.

Dinner: Chicken, gumbo, rice, head lettuce salad, cherry ice cream.

Breakfast: Stewed apricots, cornmeal mush, buttered toast, coffee, milk.

Dinner: Roasted mutton, brown gravy, creamed turnips, baked potatoes, mint jelly, bread, lemon sponge with custard.

Supper: "Chile Rellenos", Chili, Fried Frijoles, Tamales, Enchiladas, Tortillas, Mexican Chocolate.

"CHILE RELLENOS": Take a dozen green peppers and toast them in the fire. Remove the skin and the seeds. Have ready boiled meat minced very fine, a few cooked tomatoes, a little cinnamon, two or three cloves, a few currants, and a boiled egg, all made into a paste. Split the peppers open and stuff with the paste and close carefully. Beat four egg whites and yolks separately and then com-

bine. Dip the peppers in the egg and fry in a large quantity of lard until quite brown. A sauce of chopped onions and tomatoes may be served with this.

TAMALES: Make a roll of masa about three inches long and a inch thick. Put a layer of chopped meat, raisins, or other soft sweet meat in the center, roll in corn shucks and cook by steaming for two or three hours. The meat is usually in a sauce of hot chili but the sweet tamales are just as typical of Mexico.

MASA is the name of the ground corn from which the Mexicans prepare their tortillas and tamales.

MEXICAN CHOCOLATE: 2 squares of Mexican sweet chocolate, 4 cups of milk. Shave the chocolate and dissolve in the warm milk. Beat vigorously with a "molinillo" or Dover egg beater.

### Many Banks Have Been Reorganized

At the close of the Banking Holiday there were 1417 national banks, including state banks in the District of Columbia under the jurisdiction of the Comptroller of the Currency, with deposits of \$1,971,960,000, which did not reopen. This was the most serious problem confronting the Comptroller's office. The question is properly asked: what has happened?

There have been reorganized 1051 banks with deposits aggregating \$1,758,184,000, and 28 national banks paid their depositors in full the sum of \$11,051,000 and went out of business. There were placed in receivership 302 banks with deposits of \$158,417,000, but plans have been approved for 18 of these receivership banks to reopen, which will release an additional \$10,132,000. This leaves 36 banks in conservatorship, and of these, 30 banks with deposits of \$41,664,000, have plans approved for reorganization, and 6 banks with deposits of \$3,183,000 has disapproved plans. These banks may submit approved plans.

Depositors have received since March 16, 1933, \$542,811,998 in dividends. Slightly in excess of 50 per cent has been paid to depositors in

receivership banks. Since the establishment of the Bureau of the Comptroller of the Currency, a period of about 70 years, depositors have received ninety-four cents out of every dollar collected, which is a remarkable record. In other words, salaries of receivers, attorneys fees, and all overhead have been paid at a total cost of 6 cents out of every dollar collected.

The Comptroller's Office has had another important task since the Banking Holiday in connection with the issuing of preferred stock by national banks. The object of issuing preferred stock by the banks is to permit them to hold certain slow assets without forcing collection, as well as to enable them to extend more liberal credit. 1720 national banks have issued preferred stock in the amount of \$460,342,800. The Reconstruction Finance Corporation has purchased \$392,265,654, while local interests throughout the United States have purchased \$68,077,146.

There are at the present time 5478 active national banks in the United States with deposits of \$20,055,724,000. The deposits in national banks on June 30, 1933, were \$16,865,233,000.

This, in very brief form, is a summary of the activities of the Office of the Comptroller of the Currency with reference to the reorganization of banks, the strengthening of capital structure and payments of dividends.

### 1917 STUDY CLUB

The 1917 Study Club met October 16 with Mrs. E. C. McGee, Mrs. Hill Perry, the president, was in charge of the meeting. Sixteen members answered to roll call by telling some federation news. The most outstanding local federation news was the fact that one of our members, Mrs. Fred C. Haile, was the first woman in Spur to become a founder of the permanent headquarters at Austin, Texas.

The history of Ohio, the "Gate-Way State" was presented in a very unique manner. Each woman was given cardboard and pencil and instructed to draw a map. Later the maps were judged and Mrs. R. E. Dickson won first place and was presented with a prize. She was closely followed by Mrs. E. F. Laverty.

The ceramic industry was made very interesting by Mrs. W. C. Grubben. Mrs. F. W. Jennings gave a sketch of Daniel Decatur Emmett. The club sang Decatur Emmett's song, "Dixie". Cleveland and Cincinnati were discussed by Mrs. Dickson.

The next meeting will be held in the home of Miss Jennie Shields with Mrs. Nellie Davis as leader. —Reporter.

### Home Demonstration

#### CLUB NEWS

#### PANTRIES ARE SHORT ON VEGETABLES

"I have canned squash, butterbeans from my garden this year," reports Mrs. R. F. Harrell, farm food supply demonstrator in the Red Top home demonstration club. "We will have sweet potatoes to can and to store. My fruit budget is just about full and we will have plenty of meat but the vegetables I have are those left from last year except the squash and butterbeans."

Reports on the amount of canning that has been done in the county this year are not due in until November but advance reports indicate that more fruit has been canned this year than in the past five or six years. If reports on the meat canning are anything like complete that will show a big increase over any previous year due to the great amount canned this past summer. The vegetable canning has been short. Those fortunate enough to have fall gardens are busy canning greens, beans, and peas.

#### WARDROBE DEMONSTRATORS ARE WORKING

The wardrobe year in home demonstration club work begins August 1 in order to close at the state wardrobe contest during the Short Course. The wardrobe demonstrators class I and II have been enrolled. They have made inventories of their clothing on hand August 1 and are keeping records of all expenditures for clothing since that date. The class II demonstrators made inventories and keep records for each member of her family. In each instance the demonstrator has planned her clothing budget and buys her clothes accordingly. One goal for the cooperators in wardrobe work in the county for this year is for at least three cooperators in each club to keep a record of their clothing expenses. Several clubs are making their goal 100% of the cooperators keeping systematic accounts.

The class I demonstrators are Mrs. D. G. Simmons, Duck Creek; Mrs. D. R. Hale, Prairie Chapel; Mrs. George Nalley, Soldier Mound; Mrs. Paul

Baxter, Duncan Flat; Mrs. Donnie Pace, Steel Hill; Mrs. L. B. Jones, Red Top; Mrs. Dock Reid, Dry Lake; Mrs. Will Watson, Red Hill; Mrs. Ruby Lefevre, Chandler; Mrs. Don Merriman, Twin Wells; Demonstrators for Croton, Espuela, Peaceful Hill, McAdoo, and Dickens do not have their enrollment cards in yet.

The class II demonstrators are Mrs. J. L. Hugins, Duck Creek; Mrs. Paul Braddock, Prairie Chapel; Mrs. I. E. Abernathy, Soldier Mound; Mrs. Walters, Steel Hill; Miss Mattie Howell, Red Top; Mrs. J. L. Hutto, Dry Lake; Mrs. Roy Arrington, Red Hill; Miss Bertha Cooper, Chandler; Miss Minnie Fae McMeans, Twin Wells; Mrs. F. B. Crockett, Espuela; Mrs. Jim Wyatt, Peaceful Hill; and Mrs. Jim Eldredge, McAdoo. Possibly one or two other class II will be enrolled yet.

#### 4-H CLUBS ARE REORGANIZING

The 4-H clubs of the county are being reorganized this month. The two demonstrations planned for the girls are clothing and gardening, emphasizing the canning of pickles and relishes for the family food budget. Each club will have a demonstrator in each demonstration who will follow the outlines for the demonstration as given by A and M College and help the cooperators to achieve their goals. In the clothing work there are to be two construction problems—making a collar and making a school dress. Work on the collars will begin the first meeting in November. The clothing work for the year will close with a county contest in June when the school dresses will be modeled.

Four clubs were combined with the consolidation of the schools in the north part of the county. The high school girls of the new school have been organized at Patton Springs. One or two of the clubs have been dropped for lack of sufficient members due to the girls coming into Spur to high school.

The girls are showing an increased interest in the work and are eager to begin work after the inactivity of the summer months.

#### OUR IDEA

Of a well to do farmer is one who can afford to waste profanity on a golf ball instead of a mule.

Mr. and Mrs. J. C. Collett, of Roaring Springs, were in our city Tuesday visiting relatives and doing some trading.

### Long Illness Fatal To Raymond Poincare, French National Hero

PARIS, Oct. 15—The body of Raymond Poincare, who served the France he loved with passionate patriotism as wartime president, will be buried Saturday in the little family cemetery at Nubeourt near Bar-Le-Duc.

Poincare, broken by long illness, died early Monday at the age of 74. His labors for his country had taxed too greatly, he himself said, his physical resistance.

Like Poincare, the little cemetery where he will be buried, while the notables of France and the world pay him honors, suffered in the war. Its tombstones still bear the scars of shell fragments.

A stroke of paralysis which reached his heart ended the life of the man who was described as the last of France's war great and the savior of his money.

His health had long been poor, weak ened, as he once said he was, "by the success of emotional shocks" he experienced during the war and his battles, as premier later, to collect reparations from Germany by occupation of the Ruhr and to stabilize the franc.

The fatal stroke which he suffered Saturday after a short walk precipitated by the assassinations at Marseille of King Alexander and Foreign Minister Louis Barthou, said Marcel Ridiere, Poincare's old friend and collaborator and long his right hand man in public office.

Alexander he knew well and Barthou was an intimate friend whose death caused Poincare to break into tears. His delicate health grew worse immediately.

#### 1929 Illness

The former president's health broke in July, 1929, as an immediate result of the strenuous and successful efforts he put forth to drive the Mello-Berenger war debt accord through to ratification in parliament.

His other proud accomplishment—the stabilization of the franc—had been so well done that at his death the franc, bulwarked in 1926 through an amendment to the French constitution, still was one of the world's soundest moneys and entirely backed by gold.

President Albert Lebrun, who disclosed today that he often visited Poincare to get his advice on problems confronting France, devoted most of

today's cabinet session to the memory of his friend and counsellor.

### New Books In Library

The following books were added to the City Library last week:

Stars Fell on Alabama, by Carl Cormer.

Lamb in His Bosom, by Caroline Miller.

Dusk at the Grove, by Samuel Rogers.

Love Song, by Rupert Hughes.

The above books were bought by the library committee. The following list entered in the library at the same time were given to the library by Mrs. Roy L. Harkey, and the club takes this opportunity to thank Mrs. Harkey for the following books:

The Day of Souls by Chas. Tenny Jackson.

The Destroyer by Ernest Poole.

Mantrap by Sinclair Lewis.

The Wall of Glass by Anabel Williams Elis.

The Trial of Mary Dugan by Wm. Almon Wolff.

The Beckoning Glory by May Emery Hall.

The House of Sudden Sleep by John Hawk.

Initials Only by Anna Katherine Green.

The City Library is located in the Municipal water office, one door north of the Palace theatre. Reading privileges, or membership may be had for payment of \$1.50 per year or 25c for two months. If you are not a member of the library, join now and read some of the fine books you will find there.

## Washday's Blue Monday Banished by a New Thor

THOR! That name has meant the highest quality in home appliances to women all over America for more than a quarter of a century. Now you can own a real Thor Washer for the price of a "cheap" washer. And what a difference in quality! A big gold-flecked green enamel tub; Thor Super-Agitator that gets the dirtiest clothes clean in 5 to 7 minutes... safety wringer. It seems impossible that the price is so low. Just a few cents a day is all you have to pay for this clothes-saving Thor.

If you are ironing the old-fashioned back-breaking way, you should by all means learn the marvels of the new Thor Automatic Ironer. It has convenient knee control... Automatically-controlled heat... Rust-proof, scratch-proof shoe... and special pleat and press control.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

"CASHING IN"

"At one point the daily statements of the Treasury Department show a striking change. The Reconstruction Finance Corporation has switched from the debit to the credit side of the ledger and is cashing in on earlier investments. In 1932 and 1933 it dipped heavily into the Treasury for funds with which to aid railways and credit agencies. But in recent months its expenditures have fallen sharply, and since July 1 its receipts through repayment of earlier loans have actually exceeded the new outlays by \$135,000,000. WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL
And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world seems punk, don't swallow a lot of salts, mineral water, oil, laxative candy, or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.
For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pints of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You have a chile, bad taste and your breath is foul, etc. often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.
To take these good, old CARTER'S LITTLE LIVER PILLS to get those two pints of bile flowing freely and make you feel "up and up." They contain wonderful, genuine, gentle vegetable extracts, amazing when it comes to making the bile flow freely.
Don't buy cheap liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Beware of cheap imitations. See our drug stores. © 1931 C. M. Co.

the significance of this change. It plainly reflects improvement in the general business and financial situation, with less demand for Federal aid and greatly increased ability on the part of banks and other private borrowers to square their obligations to the Government.

"In a statement published on Monday the RFC summed up the present status of its accounts with these borrowers. Since its organization in January, 1932, it has advanced a total of \$4,185,000,000 in loans other than those to Government agencies and for purposes of relief. These loans have been made to banks and trust companies, railways, building and loan associations, insurance companies and mortgage loan companies. Of the total amount advanced, \$1,770,000,000—or 42 per cent—has been repaid. The percentage is still higher in the case of the largest single group of private borrowers, consisting of banks and trust companies. Here repayments amount to 64 per cent. Both figures offer encouraging evidence of the ability of many of the corporation's debtors to repay, well in advance of their due dates, loans which under the law creating the RFC might have been extended five years.

"On June 30 net assets of the RFC amounted to \$2,251,000,000. More than one-third consisted of preferred bank stock and capital notes owned out-right by the corporation; the balance represented loans of the sort now being repaid. The present rate of such repayment offers fresh reason to believe that the RFC, and through it the Government, will recover a very large part of its investment."—New York Times.

Among Our Exchanges

The Turkey Enterprise states that 1,735 bales of tax exempt certificate cotton in Hall County has been placed in the national pool.

Hamlin had as their guest yesterday, the noted Jack Lamb, famous fisherman and writer, according to announcement in the Hamlin Herald. Mr. Lamb has been speaking over WBAP the past two years and receives many letters daily from fishing fans.

Harrison Roe, of Frederick, Okla., son of a prominent lawyer who is a Republican, is speaking over the state of Oklahoma in behalf of E. W. Marland, the Democratic nominee for Governor. He spoke at Tipton last Saturday afternoon says the Tipton Tribune.

The Terry County Herald tells of a Terry County farmer having a peach tree that has grown two crops of peaches this year. The tree bloomed early for the first crop and the second crop is now being consumed. From a farming standpoint, it seems there is nothing impossible in Terry County.

According to accounts given by the West Texas Labor Journal there are 28 states that have old age security laws on their statute books.

The Odessa News-Times gave a very fine account of six new producing oil wells brought in last week in the Ector County field. One is making 1,201 barrels daily.

The Scurry County Times chronicles a great game of soft ball played by the ladies of Snyder last week, the proceeds going to community service. A small admission was charged and a good sum was received.

Collin County will have 22 teachers

in a short time giving instructions in federal educational classes to persons over 16 years of age and not attending a regular school.

Let's Talk About Clothes!

By a "Young Modern"
Are you a "clothes hound?" If so you are perfectly aware that with winter "just around the corner," the fashion eye is focused primarily upon those "top garments" that are such deciding factors in your wardrobe.

As a whole, there are two distinct trends recognizable in costume types. The undorned tailored type with distinguished cut and detail interest is always popular for the fall slender girl with the deep expressive eyes and quiet personality. The luxurious type, reminiscent of the 1900's in employing furs, feathers and the more exotic materials, appeals to the shorter girls, giving them a better chance to appear more on the type of their sophisticated friends.

Young moderns at Texas State College for Women (CIA) corroborate the wrap-around skirt with novelty wooden buttons fastening it at the top. Tapering sleeves, cut in one, with backs that are topped with a cowl draped yoke are ideal for "dress-up" frocks. Yokes are a clever means to several ends in that they offer opportunities for smart color effects,

supply design interest and serve to add width to the shoulders.

Fall suits have a fashion-rightness about them that is at once smart and practical. The two-third length jacket as shown in Paris confirms the authenticity of young moderns who suggest mole for the collar and cuffs, dyed to match a brown jacquard-patterned woolen that is unmistakably "now". Then they choose brightly lacquered buttons to fasten the jacket snugly around the neck.

### Spur Bulldogs Tie Plainview At Plainview Friday Night, 7-7

BILL STARCHER

The Spur Bulldogs tied the Plainview Bulldogs Friday night 7 to 7 at Plainview. This was the first night game that the present Spur Bulldogs team had ever played and the first time that some of the boys had ever witnessed a night game. Both teams were well matched. The Plainview Bulldogs outplayed the Spur Bulldogs in the first half, but after the Spur team got used to the lights, they began to hold their own. Although Plainview has a class A team the Spur Bulldogs played class A football in spite of the fact that was their first time to play under lights, and were not used to turf field.

In the first half, the Plainview Bulldogs played most of the time on Spur's territory reaching the ten and even the three yard line several times to be held for downs as the crowd cheered, some wanting them to go over for a touchdown and the other hallowing hold that line.

Plainview made their touchdown when Ray passed to Covington, who raced 20 yards for a touchdown and then Covington kicked goal for the extra point. The Spur Bulldogs made their touchdown when Harry Martin made a right end run for 64 yards for the goal and Jim McArthur plunged the line for the extra point.

Starting line up:

Spur	Pos.	Plainview
Bostic	E	Taliaferro
McCombs	E	Evans
Scoggins	G	Vaughn
Hefner	G	Dees
Bingham	C	Neal
Chapman	HB	Mason
McArthur	FB	Covington
Perkins	T	Kirk
Gilbert	T	Short
Suits	HB	Ray
Lewis	Q	Chisholm

Referee: Davis. Umpire: Terrell. Head Linesman: Harrison.

### East Ward News

VISITORS DAY

Tuesday was declared a Visitors' Day for all the Spur Schools. Thirty six parents registered at the Ward School. The parents had an opportunity to observe the work that is being done by the instructors in the different grades. Also the parents had an opportunity to observe the work being done by the children, in comparison with that done by other children in the same subjects.

The teachers appreciate very much the interest that parents are showing in their children. It is only through knowing the child and the parent that a teacher is able to accomplish the greatest amount of good in developing the child. This is an institution that belongs to the public. The public has a right to know the kind of work being done by the teachers. The public is invited to attend classes at any time that is convenient to do so.

The Ward School membership committee of the Parent-Teacher Association turned in sixteen new memberships to the association. The Ward School teachers are all members of that association.

NEW MEMBERS STATE TEACHER ASSOCIATION

The Ward School has four new members of the State Teacher's Association. Those sending in their membership the past week were Miss Charis Hayes, Miss Alice Wright, Miss Ruby Rae Williamson, and O. L. Kelley. The Texas State Teacher Association has done much to aid the schools and the teachers of the state. Like all other professions, the teachers must foster a program that will develop schools that will meet the need of the advancing times and changes that are so rapidly taking place every day. "United, in Education We Stand, and Divided We Fall."

One of our old students, Deds Swan, visited school.

Belva Swan, a fifth grade pupil who has been ill since school began is now enrolled.

### JUNIOR HIGH NEWS

SIXTH GRADE GEOGRAPHY

OUR BUILDING MATERIAL

Peggy Hogan  
Representatives from the low sixth grade geography class working under Miss Johnson, went to the lumber yard Tuesday to find out where the material for our shelter comes from.

We enjoyed the expedition, and learned many new things. One group talked to Mr. L. E. Lee at the Brazelton Lumber Company.

The first thing that we wanted to know was what material people in this country use for the walls of their homes. Mr. Lee told us there is a finished lumber called siding, and it comes to us from Louisiana. People often use brick, which comes from Coleman.

We then wanted to know about the floors. Most of the floors are made of wood, either hard or soft. The flooring comes from East Texas, Louisiana, and Tennessee.

The glass we use for our windows comes to us from Wichita Falls. The shingles for the roof come from the Pacific Coast.

The principal method of transportation is train and truck. There were other groups of pupils who went to the other two lumber companies, and the material they gathered was very similar to that on this paper. The pupils were nicely received.

FIRE DAY

As you all know, last week was Fire Prevention week. Mrs. Kelley, our English teacher, had us make fire prevention posters, the best of which are supposed to be entered in the State Fire Poster Contest. Prizes of \$10.00, \$5.00, \$2.50 and blue ribbons are offered. Henry Johns of 7B made the most unusual poster, and it will be sent to the department.

LINDBERGH CIRCLE

The Lindbergh Circle met Friday afternoon. The president presided.

For the roll call, each member of the club told a saying about Columbus. A poem about Columbus was read and explained by Evelyn Green.

Thelma Hale told the "Life of Eugene Field." "Jest 'Fore Christmas," was read by J. T. Franklin. "In the Firelight," was read by Ruby Harlen. —Reporter.

VISITORS

LETHA CROUCH

Tuesday of last week was Visitor's Day. The 6B class had more visitors than any other room in Junior High School. They were: Mrs. Sam Z. Hall, Mr. and Mrs. Ned Hogan, Mrs. W. S. Campbell, Mrs. C. B. Jones, Mrs. E. C. McGee, and Mrs. Hefner.

We enjoyed having these people, and we want them to come back again.

Others visiting our school were: Mrs. E. F. Laverty, Mrs. Crockett, Mrs. Cowan, Mrs. Foster, Mrs. Harrington, Mrs. Phillips, Mrs. Barrett, Mrs. Vernon and Jimmie, Mrs. Briley, Mrs. Ellis and Mrs. Weaver.

BETTER ENGLISH CLUB

The Better English Club of room 6-2B met Friday, October 12. Raymond Ince called the club to order. Joyce Collier read the minutes.

We had our business session, and then Fike Godfrey, the program chairman, took charge of the meeting. We had the roll call and then the following program was given.

Poems of Longfellow: "Twilight"—Raymond Ince. "From My Arm Chair"—Joe Pettie. "An April Day"—Sam Z. Hall, Jr. "Something Left Undone"—Peggy Hogan.

We also had one poem about Columbus, given by Marcelle Stinnett.

Our roll call was true statements about the life and works of Columbus. These were in order, since Friday, October 12, was "Columbus Day."

The meeting adjourned to meet again Friday. —Reporter, Peggy Hogan

### SENIOR CLASS MEETING

BILL STARCHER

The senior class met last Tuesday in their home room to select their invitations and cards. The class was called to order by the president. Three samples of invitations were shown to the class that had been picked by a committee of three and then a vote was taken on various ones. A very nice engraved invitation was chosen and some of the class ordered engraved cards, the others planning on getting cards from the local printing office.

A shipment of senior rings arrived last Friday and all who received rings were having a good time showing them to the ones who have not received theirs. There were 15 in the first order and another order was sent off Friday.

### NEW LABORATORY EQUIPMENT

An order for approximately one hundred dollars worth of laboratory equipment has been placed with the Welch Scientific Company of Chicago to help accommodate the 45 pupils that are interested in the Spur high school science department. This equipment is expected any day and all the science pupils are anxious for it to arrive so they can carry on their laboratory experiments. Science is an interesting subject despite the fact that lots of study is required. The Spur high school has a good laboratory to be a small school, that is, compared with schools that have laboratories, and it is hoped that by adding some equipment each year it will reach well above the average.

### "BEAT MATADOR"! IS THE YELL OF SPUR HIGH AS PREPARATIONS ARE MADE FOR BIG GAME OCT. 26

HIGH FRESHMAN CLASS

The High Freshman Class met Tuesday in the Home Economics Laboratory. The President was absent so the Vice President presided. The pupils of the class are all backing the football team and are all looking forward to the Matador game. LET'S BEAT THEM! —Reporter.

### Basketball Practice To Start Soon

BILL STARCHER

Plans are being made for the construction of a gymnasium at the Fair Park. The material in the old grand stand is to be used and the labor will be furnished by the local relief office.

Spur is greatly in need of a gym for it will be a recreation center for this community as well as a basketball court. If these plans are carried out the gym will be 90 by 40 with a 22 foot ceiling. With a gym Spur could have some kind of amusement all the time for after football season we could have a basketball team of both boys and girls. All schools in a radius of 20 miles have a gym and it leaves Spur in the dark with nothing to do after football season but twiddle their thumbs.

Plans are already being made to start basketball as soon as possible. Mr. Love has furnished a building for practice, but this building will be too small for spectators. It will cost approximately \$100.00 for equipment to start basketball but with everybody doing their part it will be an easy matter. Let us all think the matter over as a side line so we can have some sports going after football is over.

FIRE LEGEND AND RELIGION

Collected by Dorothy Don Flynn  
The origin of man's use of fire is unknown. It has been said that no tribe has been discovered that is completely ignorant of it. Doubtlessly, the history of its discovery will always remain a mystery.

In Persian literature, there is a story of the discovery of fire when in a fight with a dragon. One of the rocks used by the hero as a weapon, missed the monster striking a nearby rock, whereupon there was a light and fire seen for the first time by man. It was looked upon as a gift from the gods.

Because fire was so essential to the welfare of men, it was regarded as sacred. The worship of fire and the sun has been practiced since a very early age. Because it was so hard to produce, it soon became the custom to have a public fire which was never allowed to go out. Among the Egyptians, Persians, Greeks and Romans these fires were kept in every village and were often the civic center of the village.

The Temple of Vesta in Rome is an example as to how important fire was to the Romans. Vesta was the goddess of the hearth. When religion became a state affair a temple was erected for this sacred fire. The temple consisted merely of a round hearth. For its service were elected Vesta Virgins, by the High Priest. These Virgins devoted their entire life only to attending to this fire. The safety of the fire and temple was based on the faithfulness of the Virgins.

NEWS OF 7A

Our fire prevention play was given yesterday, October 9, in the Junior High auditorium to which came a number of parents and visitors. We extend our welcome to them to visit us again, and our thanks for their attendance for our program.

A number of talks were given on the prevention of fire and our duties toward it, by some of the seventh, sixth and fifth grade pupils.

"BEAT MATADOR"! Is the battle cry of every Spur School student this week as the Bulldogs began working on Matador plays. Rallies are being staged in every school and more pep is being shown than at any time this year. Every student is backing the team on this most important lap toward the district championship.

The Bulldogs returned from Plainview in fine shape and reports were that the Spur-Plainview game was one of the fastest, cleanest and best football games ever played by Spur with any team. A large crowd saw the game and an excellent spirit pervaded.

The team began practicing Monday on a defense to stop the powerful Matador line and the perfection of a scoring offense. Special attention is being devoted to the kickers this week with the entire backfield making an effort to improve this department.

Matador lost to both Electra and Vernon, class A teams but paper write ups played up the strong Matador line and in the Vernon game, fumbles probably cost Matador victory. Jess Spencer and Beryl Blackshear, both veteran backs, have been carrying the mail for the Bullfighters and have scored several touchdowns against the strong teams they have faced this season. Co-Captain Campbell, is the defensive star in the line.

Tickets for the game went on sale this week and the school authorities are looking for the biggest crowd ever to see a football game in Spur. Matador has announced that they will be here with their band and pep squad and most of their student body. A large number of townspeople will also come down for the game. Everybody in Spur is behind the Bulldogs.

IN MEMORY OF OUR DECEASED TEAM MATE AND CLASS MATE

Our deceased, we honor you.  
You've died for us, our Gold and Blue.  
We shall ever remember  
Midst our honor and fame  
That it's boys like you that build the names  
Of our schools and our football teams.

For you there are no more hardships,  
You've no more sorrow to bear  
You've made your final touchdown  
And you've reached your goal up there.

Gallant son of Spur High  
We'll think in the years to come  
Of a boy who wasn't afraid to die,  
Who fought and at last has won.  
So it's farewell for a short while,  
We'll live among other men  
But it won't be long!  
Until your team and classmates  
Shall meet you in the end.  
—Terry Reynolds.

THE UNINVITED VISITOR

LOIS JO FALLIS

Friday morning the ninth grade English class was trying to decide whether or not double negatives might be used when one of the students looked toward the door and remarked that we had a visitor.

Everyone directed his glance toward the door, but seeing no one except Mr. Neilson, whom they didn't consider a visitor, they were about to continue their lesson. Miss McNeill's frown at the interruption was changed to a laugh, however, when a big white billy-goat walked around the front of the room with his head sedately in the air.

He calmly surveyed the class and then started for the door, (with Mr. Neilson behind him, of course.) Everyone in the class had heard of Mary and her little lamb, but this was the first we had heard about Mr. Neilson and his little goat.

I also think Miss McNeill is wondering if the goat doesn't know more about double negatives than does her class.

MAY SUCCESS ATTEND

The Rowel Staff, the faculty and student body of Spur Schools, and may Spur continue to turn out boys and girls who will make a success of their future lives.

### DEWEY L. GRANBERRY

Dewey L. Granberry, who has been secretary of the Spur Chamber of Commerce for the past four and one-half years, was born in Lavaca County July 8, 1898. When he was four years old his father died, leaving his widowed mother to care for him and his two brothers. They lived on a cotton farm in South Texas where Mr. Granberry did his part as a farm hand and attended the country schools, going through the eighth grade.

When the World War began he volunteered for service in the U. S. Navy and served as a gunner in the Armed Guard Service. During the time he made three trips to France and England and became reasonably well acquainted with the customs of those two countries. He received an honorable discharge in 1919 and returned home where he farmed for two years.

He seemed to think there are other things to do and he started back to school, entering San Marcos Academy in September 1921. Often he has stated that at 22 years of age he was still in the ninth grade. He had to work most of his way through school in order to meet expenses and graduated from San Marcos at the head of his class. During his school career at San Marcos he held nearly every office of honor and responsibility that could be given a student while there.

He entered Baylor University in 1924 and during the first term he carried his work and worked ten hours at night to pay his expenses. During his sophomore year he was elected by the student body as chief pep-leader and was very popular in the university. He became associated with Sanger Bros. department store during the time and served very efficiently as a shoe salesman. He still had to pay his way by work. He also, took a course in Brantley-Draughon Business College and served as a file clerk for the Fort Worth & Denver City Railway Company in the Fort Worth offices.

He came to Spur in the fall of 1926 and served as principal of the Junior High School. He was kept in this position two years. At this time President Franklin of San Marcos Academy offered him the position of Commandant and Dean of Boys in that school and he accepted. The responsibilities were taxing and he remained in the school one year. He was offered enticing inducements to keep the work on but refused and left the school with many friends both in the faculty and student body.

He was offered his old position in Spur back in 1929 and accepted. He served very faithfully as principal of the Junior High School and was very co-operative in the entire

school system. He married in June of 1929, taking as his life partner one of the music teachers of Spur schools. He has been a resident of Spur ever since.

In April, 1930, he was offered the position as secretary and manager of the Spur Chamber of Commerce which position he has held ever since. He has served the city in this capacity much longer than any other secretary and has given the best of satisfaction. He is industrious and works unceasingly for the benefit of the town and community. No Chamber of Commerce secretary has gone through more trying experiences than has Mr. Granberry, and he has met every problem satisfactorily.

While the national relief work was on he made the requisition and secured about \$18,000.00 which was spent in the various communities in the county, mostly for improving school houses and grounds and gave work to several hundred people who otherwise would have had no employment. He handled the relief work in both the town and county during 1931 and 1932 and was the means of keeping many families from suffering.

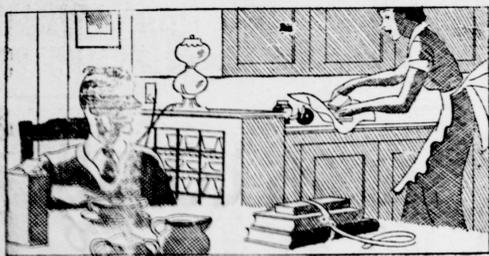

He has handled the Red Cross work in the county in a very excellent manner. He organized the forces which brought in the greatest membership to the Red Cross that has ever been in the county. Every year the Red Cross has gone over the quota under his leadership. He understands people extremely well and how to co-operate with the public in getting over great things.

Mr. Granberry served as Commander of the Boyd M. Williams Post of American Legion, and the organization grew under his administration. He has been service officer for the American Legion for three years and has given satisfaction the entire time. He knows American Legion work throughout.

At present he is secretary of the Rotary Club of Spur, and has been a Rotarian the past five years. He is serving his second term as secretary of Rotary in Spur and during the close times the membership increased fifty per cent since he took office.

He understands Chamber of Commerce work, is well informed in regard to the problems of agriculture, and is very adept on state and national problems. He is teacher of one of the largest Sunday School classes in town and makes the lessons very interesting. In summing up his qualifications, he is a very practical and useful man in our city. Not many people can step into a situation and handle it as he does. He never gets excited, is always patient, says what he thinks in an honest convincing manner and readily makes friends.

**When the School Lunch Looms**

By JOSEPHINE GIBSON  
Director, Home Food Institute

OCTOBER—AND the school year is already well under way. Each morning brings a quick succession of important tasks. First comes a hearty breakfast—so necessary to start the day well. Then the lunch must be planned to balance nutritionally and packed so attractively it will be eaten down to the last crumb. Of course, packing and carrying limits the food selection, but it is well always to build your menus around this nourishing standard—milk, a hot soup or drink, sandwiches with crisp green vegetables, a simple fruit dessert, and a finishing touch of sweetness in a cookie or a piece of candy. The daily schedule is simplified when the children can come home for lunch. This permits a wider choice of substantial quick dishes, such as nourishing cream soups, oven-baked beans, cooked spaghetti and cooked macaroni from the supply shelf, warm vegetables, green salads and fruits. Such menus as these suggested below will give you new impetus in school lunch plans, be the lunch packed or served at home.

**HOME LUNCH**

Cream of Tomato or Cream of Celery Soup (ready-to-serve) Crisp Crackers  
Snappy Ham and Swiss Sandwich  
Lettuce Celery  
Fruit Custard\* Old Fashioned Brown Sugar Cookies Milk

**PACKED LUNCH**

Cream of Green Pea Soup (in thermos) Crisp Crackers  
Mock Chicken Vegetable Salad Sandwich\*  
or  
Chipped Beef, Cheese and Horseradish Sandwich\*  
Peanut Butter Drop Cookies\* Milk

(\* Indicates recipes given below.

**Fruit Custard**—Scald 1½ cups milk in double boiler, add 1½ cups cooked rice and ½ cup Mince Meat and cook for 5 minutes. Blend 2 tablespoons flour, ½ cup sugar and ¼ teaspoon salt and add to 2 slightly beaten egg yolks. Add ¼ cup milk to this, and stir gradually into the rice and Mince Meat mixture. Continue cooking until thick or the consistency of very thick custard. Remove from fire and add 1 teaspoon vanilla. Pour into casserole or pudding dish and top with meringue made by whipping 2 egg whites until they form a peak, then gradually whipping in 4 tablespoons granulated sugar. Bake in a slow oven (300° F.) for 15 minutes or until delicately brown. Serve cold.

**Mock Chicken Vegetable Salad Sandwich**—Mix thoroughly 1 cup coarsely ground cooked pork or veal, ½ cup finely chopped raw carrot, ½ cup finely chopped celery, 2 tablespoons India Relish, 3 tablespoons Mayonnaise and salt to taste. Spread between slices of white or whole wheat bread, which have been spread with Mayonnaise.

**Chipped Beef, Cheese and Horseradish Sandwich**—Soak ¼ teaspoon Evaporated Horseradish in 1 teaspoon cold water for 10 minutes. Put 1 2½-oz. jar dried beef and ¼ lb. American cheese through food chopper. Add Horseradish and enough Mayonnaise to moisten. Spread 10 thin slices of bread with Mayonnaise. On 5 of them, spread the sandwich filling and top with remaining slices. If served at home, toast lightly, after which lift tops and sprinkle with shredded lettuce. Makes 5 large sandwiches which may be cut in halves.

**Peanut Butter Drop Cookies**—Cream ¼ cup butter with ½ cup Peanut Butter, add ½ cup sugar and continue creaming. Add 2 egg yolks and mix well. Sift 1 cup all-purpose flour, which has been sifted once before measuring, with 2 teaspoons baking powder, and add alternately with ½ cup milk. Fold in 2 stiffly beaten egg whites and drop by teaspoonfuls on a well greased baking sheet. Bake on a rack placed rather high in a moderate oven (350° F.) for 10 minutes or until delicately brown.

**MRS. C. C. GAY PASSES AWAY**

Mrs. C. C. Gay, one of the pioneer settlers in Dickens County, died very suddenly at Dickens Tuesday afternoon. She had gone from her home to the store of Hale & Speer with some frying chickens which she sold. Then she went to the home of her grandson, John Gay, to spend a little time visiting. As she arrived at the home of Mr. Gay she complained of having pains in her chest. She asked them to assist her into the room where she could lie down. After she had lain down, she requested to be raised up in order to breathe. She died within a few minutes, most every one thinking heart trouble being the cause of death.

Mrs. Gay was born in Missouri, January 22, 1855. Her maiden name was Catherine Dent. At that time Missouri was not so far advanced in civilization and her mother did most of the work making the cloth and clothing for the family. She lost her father when she was quite young. There was a large family of children and later her mother married a widower who had a large family of children. It has been said there were 22 children in the home, and all had to learn to spin thread and weave cloth for clothing.

Early in life she married James Gay and seven children graced the home. Only one child, Martin, grew to manhood, the others passing away in childhood. When the youngest child was two years of age she lost her husband and then had to assume the responsibility of the family by herself. She never married again.

In 1893 she came to Texas and made her home at Dickens. It was a pioneer country then and she being alone had to assume all the responsibilities of a man. She asked no favors of any one, but would get on her horse and go out to the pastures and round up cattle and take care of stock like an experienced cowboy.

Dickens was a very small place at that time, just a trading post. W. L. Hyatt, of Spur, owned a wagon yard there, a hotel furnished shelter for those passing through, a little store or two and the courthouse was about all there was to the town.

She went into the hotel business at Dickens with a half brother by the name of Ned Richards who died in California in August, 1933. She was engaged in the hotel business until 1902 when they sold out and she bought a little home there. She has always had her home and cherished it as a dear place. She spent some time with her son and family until he passed away 14 years ago. She enjoyed being with her grandson, John M. Gay, and was in his home quite a lot. But she has always insisted on keeping her own home even when others entreated her to stay with them.

When very young she became converted and joined the Baptist Church. She and her husband were very devoted members, and lived very strictly to the rules and teachings of the church. She had been a member of the Baptist Church more than 65 years when she died. She was a mother to everybody in the community, and many, many times she has gone to help relieve suffering.

Funeral services were held Wednesday afternoon at two o'clock at the Baptist Church in Dickens. Rev. A. P. Stokes conducted the services. He was assisted by Rev. Victor F. Crabtree, Rev. H. T. Harris and Rev. J. V. Bilberry. Interment followed in Dickens cemetery, Z. W. Fowler acting as funeral director.

**SUNDAY DINNER SUGGESTIONS**

By ANN PAGE

AFTER holidays and feasting, simple foods taste best. A wide variety of vegetables are available at low prices—chief among them being carrots, beets, cabbage, turnips, onions, potatoes, corn, squash, eggplant, green, wax and shell beans, tomatoes and cucumbers. Pot roasts and stews with plenty of vegetables are satisfying and inexpensive.

Fruits or fruit, cheese and crackers make the best desserts. Half a dozen different varieties of grapes are in market at moderate prices. Bartlett pears and plums or fresh prunes, together with grapes and bananas, make an attractive, inexpensive fruit bowl for dessert service. Cantaloupes and honeydews offer good values as well.

From a list of foods available at moderate prices, the following menus have been made up:

- Low Cost Dinner**  
Meat Loaf Scalloped Potatoes  
Chopped Greens  
Bread and Butter  
Fruit Cup  
Tea or Coffee Milk
- Medium Cost Dinner**  
Veal Fricassee Baked Rice  
Julienne Carrots  
Cole Slaw  
Bread and Butter  
Fresh Prune Compote  
Coffee Milk
- Very Special Dinner**  
Fruit Cup  
Fried Chicken  
Browned Sweet Potatoes  
Cauliflower au gratin  
Tomato Salad  
Rolls and Butter  
Jelled Fruits Whipped Cream  
Coffee Milk

She is survived by a daughter-in-law, Mrs. M. Gay of Lubbock; two grandsons, John M. Gay of Dickens, and Frank Gay of Arizona; three grand-daughters: Miss Louise Gay of Quanah, Misses Marguerite and Ruth Gay of Lubbock; and Mrs. W. F. Bradshaw of Dickens, a niece. Aside from these she had no close relatives.

She is widely known by the early settlers of this country. As people came into the county she became acquainted with them and everybody soon became her friend.

**GOES TO CANYON**

Joe E. Allison, of the Spur Service Station, went to Canyon Tuesday afternoon to see Mrs. Allison who is there under treatment of a specialist. Mrs. Allison is in poor health but seems to be improving. Mr. Allison stated that he has done everything he knows for her and hopes she will soon regain her health.

Mrs. E. D. Chambers, of Afton, was in our city Tuesday doing some shopping.
