HIGHWAY SCHOOL NEWS

The sub-junior and junior boys' playground ball teams defeated the Espuela teams at Espuela in two very exciting and well-played games last Friday. The boys are getting more enthusiastic as time for the Interscholastic League meet draws near. They are now enjoying the support of the entire community.

There is to be another ball tournament at our school Friday, March 1. Every junior team in the county is invited to be here at 12:30. Our fourth and fifth grades' team sends a special invitation to all other fourth and fifth grade teams. They are a newly organized team and have not

received much publicity yet, but they have not been defeated.

The Highway Ukelele Club enjoyed playing between acts of a play at Foreman's Chapel Friday night. The play, "That's One On Bill" was given by boys and girls of Espuela community. Quite a number of people from this community attended the play.

TEXAS SLIM IN SPUR IN OLD TIME RODEO

It will be remembered by many of the old time settlers that Texas Slim staged an old time rodeo April 26, 1928 in Dickens. Texas Slim is back with us in Spur showing February 28, March 1, 2, 4.

He states that he has been in many sections of the state since he left here, but he had never forgotten the Dickens county boys and has come back to ride with them again. He claims he can ride anything that walks on four feet. In fact, they are willing to put up good money to that effect and so far we have not heard of their losing any forfeit money.

Just in case nobody happens to bring any real bad ones, Texas Slim carries his own outfit, rides'em and makes'em like it. Then Texas gets cocky and offers from \$25.00 to \$50.00 to anyone outside that can do the same thing.

Texas Maud, the lady bronco rider, is one of the outstanding features of the show. Texas Slim has been in the rodeo game for a number of years and always puts on an exposition that is worth every cent of the admission. Read their ad.

ARREST SUSPECTS IN FILLING STATION ROBBERY

It was learned from the sheriff's department today that two suspects were arrested in connection with the robbery of a Dry Lake filling station Saturday night. Waymon Hill and R. C. Britton were the ones taken into custody. Hill made bond at \$500.00, Britton, however, has not yet made bond.

Tom Seals was largely instrumental in locating the men who were traced by a pocket knife left on a table after cutting open an oil can. The circumstances indicated that the looters got into the building through a window. They cut the gasoline hose and filled their tank, took seven sacks of tobacco, a quantity of chewing tobacco and half gallon of oil.

Spencer Campbell, Lynn and Ivan Mayfield, Miss Martha F. Nichols and Ray Karr, students of Texas Tech, spent the week end in Spur visiting relatives and friends.
W. L. Head of Girard, was a Spur visitor Saturday.

POST ATTORNEY'S TRIAL TO START TODAY

N. C. Outlaw, Post attorney, who was released under \$11,000 cash bond last Saturday, will be brought to trial in Federal Court at Dallas today. He was held on Federal charges of subornation of perjury and conspiracy to obstruct justice in connection with the machine gun slaying of Spencer Stafford, Federal narcotic agent. The Federal District Attorney at Dallas stated Monday that the Outlaw trial would begin Thursday morning and it was hoped that it would be completed by the end of the week.

C. M. Loe and Ernest R. Braddock, also of Post, were jointly charged with Outlaw on the perjury charge. Outlaw was charged Wednesday. The others are free on bonds of \$2,000 each.

Sheriff W. F. Cato, Dr. V. A. Hartman and Tom Morgan, all charged with murder in connection with the case, are free on bonds of \$50,000 and \$15,000 respectively. Dr. L. W. Kitchen, similarly charged, is being held in jail pending making of \$15,000 bond. The trial of these men is scheduled to be held at Lubbock, the nearest Federal court to the scene of the crime.

All-Expense Rotary Tour to Mexico City Planned By Clubs

Local Rotary Clubs in this part of the state are already beginning to lay plans for sending their representatives to the International Convention in Mexico City from June 17 to 21.

Word was received here that Wilbur C. Hawk, general manager of the Amarillo Globe-News, was selected by the Amarillo Rotary Clubs as chairman of the "On to Mexico" committee of that club. He and his committee have completed an economical tour which will accommodate all who care to take advantage of rates unattainable by any individual travelers.

The Globe-News Rotary Special, anticipated as the most elaborate and largest train ever to be assembled in the Southwest, will leave Amarillo on an all-expense tour of 10 days, June 14 to 24. Although this tour is arranged for Rotarians and their families, reservations will be open to anyone. A deposit of \$25.00 will assure you a place aboard the special, the balance to be paid not later than June 9.

The total costs range from \$150.00 to \$185.00, and the prices include everything except luncheons and dinners while in Mexico City.

The American Automobile Association warns against motor travel to Mexico at convention time. The highway is not completed in desolate sections and the accommodations at these points are negligible. The Commissioner of Highways of Mexico says regarding the Laredo-Mexico City Highway that the road is still under construction and will not be completed until some months after the convention. RED MUD

Red Mud has had a great deal of sickness lately, however, at present everyone seems to be on the road to recovery. We are still on the lookout for rain but it seems that we are never going to get anything but our West Texas samples and I will have to admit that we are certainly getting tired of these.

The school was visited by Miss Mann, the state aid inspector, who at first scared us to death, then made us happy. She congratulated us very highly on the work which we are doing on our school ground, and then backed up her praises by allotting us two hundred dollars more money than the school has ever received.

The school students are getting ready for the county meet which takes place next month. We expect to live up to our past record and win a large number of first places, and to send several students to the District Meet and later, we hope, to Austin.

We were fortunate in having a little rain last week and now everyone is getting ready to take up the fight and start this old gamble of farming all

over again. Lets hope for luck, rain, good prices and everything else for us poor cotton farmers of West Texas to make a living.

We have had several visitors in Red Mud lately, namely: Mrs. R. D. Lucas, who has been visiting her parents, Mr. and Mrs. L. B. Fuqua, E. W. Lucas, who has been visiting Frank Lucas and family.

We may be poor in some ways but we have plenty of preachers. Sometimes we have two on the same day. Last Sunday the Rev. Dock Love and Rev. Stubblefield filled their appointment here and also both of them ate dinner with W. F. Lewis.

Herman McArthur and the trustees made a business trip to Jayton Monday.

INCOME TAX RETURNS MUST REACH DALLAS OFFICE BY MARCH 15

All persons required to file income tax returns covering the year 1934 should give attention to the following two points as given by W. A. Thomas, internal revenue collector for northern Texas:

(1). The revenue act of 1934 requires that all joint returns must be signed by both husband and wife. Either may prepare and acknowledge the return, but the signature of each must be affixed. Persons desiring to make out their returns in the collector's office or at designated places in the various portions of the district should be accompanied by their respective husbands or wives. If this is impracticable, either may render the return under oath, and take to the

other for his or her signature.

(2). Form No. 1094 must be executed and submitted together with the income tax return. Failure to do this, in each case, will result in an arbitrary charge of \$5.00 to be added to the amount due and collected in the same manner as the tax. It is important that this new requirement not be overlooked, as the collector is powerless to waive payment of this charge.

The deadline for accepting returns at Mr. Thomas' Dallas office is March 15. Taxpayers are urged to file their returns at the earliest possible date so that they may be given the courtesy of better service and avoid rush conditions the last few days of the filing period.

MRS. BROWN'S BOND LOWERED

Bond for Mrs. Clarence Brown has been reduced from \$5,000 to \$2,000. According to last reports, she is still in custody in Dickens, not having yet made bond.

Mrs. Brown, arrested in Snyder about a month ago for conspiracy in the murder of Sheriff Arthur, was held in Lubbock about two weeks during the trial of Stalcup and was then transferred to the Dickens jail by Sheriff J. L. Koonsman. She was given a preliminary trial in Justice Court and bound over to wait action of the grand jury of Dickens County when it meets in April.

The Womans' Missionary Society met in the home of Mrs. Snider February 25th with a very interesting lesson on our mission study, "Orientals in American Life." There were 12 members present. We will meet with Mrs. C. Fite next Monday. —Reporter.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a tight, bad taste and your breath is foul. Skin often breaks out in blotches. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resist a substitute. See your drug store. © 1931 C. M. Co.

CLUB NEWS

IMPROVEMENTS MADE IN YARD ARE PLEASING

"The little we have done has improved the appearance of our place so much," Mrs. E. A. Bailey, yard demonstrator for the Friendship home demonstration club told her cooperators in their club meeting Friday. "We moved the fence on the north and doubled the width of the yard on the north and made a back yard. The fence did come to the corner of the house but now we have room for two groups of trees and we are going to set Chinese elms. We have set foundation plantings using bear grass, cane cactus, agarita, wild plum, lilac, crepe myrtle, red bud, and spirea. We have leveled the yard and will set grass roots soon. The front walk of rocks will be slightly curved."

CLUB WOMEN ASSIST IN COMMUNITY ASSOCIATIONS

Encouraging reports of the Community Agricultural Associations were given by the council members of the clubs in the regular meeting of the county home demonstration council Saturday. These reports show that in at least four communities in the county interesting meetings have been held in which the whole community took part. The Meaning of the AAA was the central program in several communities but two planned their first meeting as a recreational program with music, readings, one-act plays and games.

The club women are assisting with the programs and the meetings. In several associations home demonstration club women are chairmen of the program committee. The council members are to report each month to the county council of the associational meetings.

YARD DEMONSTRATORS RECEIVE TRAINING To make a flagstone walk smooth,

flat rocks should be used, the home demonstration agent told the yard improvement demonstrators in a meeting of that group Saturday. The rocks should be laid so that they are flush with the ground and two or three inches apart so that the grass can grow in between them.

Walks should be direct and easy to walk on. The front walk should be wide enough and so constructed that two people can walk along without having to watch their steps. Walks are necessary to keep beaten paths from being formed on the lawn. In the side and back yard service walks are needed to keep dirt out of the house. Service walks may be of stepping stones or gravel.

The yard demonstrators will demonstrate for their clubs the making of flagstone walks in their March meeting.

PREVENTING WINTER COLDS

To eat a leafy vegetable every day will help to prevent winter colds were one of the many things emphasized in the meeting of the Duck Creek home demonstration club that met with Miss Cora Durham, farm food supply demonstrator Wednesday afternoon. Miss Pratt helped the club members make out their food budgets and garden plans. She said to grow 145 feet of leafy vegetables per person in family that means string beans, lettuce and greens of all kinds.

Club members present were Mrs. R. J. Griffin, Mrs. J. L. Hagins, Mrs. E. E. Hagins, Mrs. J. L. Latham, Mrs. T. S. Gilmore, Mrs. E. Durham, Mrs. D. G. Simmons, Mrs. H. A. McLaurin, Miss Cora Durham and Miss Pratt.—Reporter.

Fred Cairns, pastor of the Presbyterian Church, spent several days in Austin last week.

Miss Alice Brashears, who has spent several weeks with relatives in Cameron, returned Wednesday.

How Cattle Are Used By Relief Commission

Texas Relief Commission canning plants were being closed in various parts of the state last week as the supply of government-bought cattle became exhausted, it has been announced by C. Z. Crain, head of the commodities department and supervisor of the plants.

Seven of the 22 plants will remain open to process 10,000 head of cattle recently allotted to Texas by the Federal Surplus Relief Corporation. Those remaining in operation temporarily are located at Dallas, Houston, San Antonio, Amarillo, Paris, Tyler and Waco.

Mr. Crain said figures supplied him by the Agricultural Adjustment Administration on drought cattle purchases show the administration paid approximately \$10 per head.

Relief Commission canning plants processed 374,000 head, turning out 47,000,000 cans of beef, 1 1-4 pounds to the can, and affording employment to between 20,000 and 30,000 persons, counting extra employees required by slaughter houses.

In addition, the AAA bought approximately 700,000 head of sheep and some 400,000 goats. County administrators gave away 75,000 head of goats one at a time to relief clients.

Fifty cars of sheep pelts have been shipped out of the state and a like number remain to be shipped, Crain said.

Relief officials were hopeful the government would authorize another large cattle buying program in the state in order that the operation of the canning plants may be continued. They pointed out that the canning plants are the biggest work project for relief clients in the state, serving particularly to decrease the number of unemployed women.

Mr. Crain said he hoped to keep equipment intact in closed plants for the next 30 to 60 days until it is learned definitely whether a new cattle buying program will be ordered for Texas. He also indicated there will be some changes in the method of slaughtering and contracting for the slaughter of cows, if a new program is ordered.

NOBODY'S BUSINESS

By JULIAN CAPERS, JR.

AUSTIN—After the appointment of the 35 important committees in the Texas House of Representatives by Speaker Coke Stevenson, the ponderous machinery of democratic government was ready for action. During the three and a half months it will grind out the laws under which Texans will live during the ensuing biennium. It will raise \$40,000,000 or more—and appropriate the sum to the various agencies and departments of government to conduct the budgeted departments of government.
