

A WEST TEXAS PAPER FOR WEST TEXAS PEOPLE Dickens Co. Times

VOLUME 11

SPUR, DICKENS COUNTY, TEXAS, THURSDAY, MAY 9, 1935

WHOLE NUMBER 511

Wheat Farmers To Discuss Referendum

Wheat farmers in Dickens County will have opportunity to discuss the wheat referendum of May 25, at local meetings to be held in each community. Community chairmen should avail themselves of material from which discussion may be made. This material may be obtained in the County Agent's office.

The new wheat program will be similar to that now in effect, but will be modified to avoid conflicts with the provisions of the corn-hog, cotton and other contracts.

Under the new four-year program planned, 1936 through 1939, a check-up will be made at the end of two years to balance the books. Any farmer who has signed a contract may drop out at the end of this two-year period if he is dissatisfied with the results of the program.

The latest proposal enables 25 percent of the farmers in any area to petition for discontinuance of the program at the end of any year. Also, more leeway will be given local wheat committeemen in deciding allotments.

"It has been planned," John R. Edmonds, special wheat compliance agent for Texas from College Station, explained, "that these community meetings will enable every farmer to learn the terms of the new contracts and to understand that he has the right to vote whether he is a contract signer or not, as long as he has a base acreage."

"Growers will have ample opportunity to discuss all the various phases of the wheat situation and the outlook of the future, as well as proposals for the new program, before the actual vote is taken," Mr. Lane, the County Agent, announced.

The importance of every producer who has a wheat base of familiarizing himself with the program and voting cannot be stressed too much, as it is very likely that the results obtained in this referendum will decide whether or not the Secretary of Agriculture will continue the AAA program, not only as effects wheat but other commodities as well.

Paint And Body Works In New Location

The Stencil Paint and Body Works which has been located in the Godfrey & Smart building has moved into the Nugent building just north of the Times office. This location was secured Monday and was done in order to have more room and to extend the business to include furniture repairing and refinishing.

L. C. Stencil is manager of the firm. He has been in the business about 15 years and has gained quite a lot of efficiency. He came to Spur from Fort Worth where he served as a bus designer and did work for many large firms including Swift and Armour companies.

The firm will do body and fender work, top work, upholstery, car painting and refinishing, furniture repairing and refinishing, stove repairing and refinishing and other work of the kind.

Already there is quite a lot of work going to them, and they are making arrangements to extend business to include all kinds of refinishing work on furniture, cars, etc.

ROTARY CONVENTION DEVELOPED MUCH INTEREST

A number of members of the Spur Club of Rotary International attended the district convention for the 41st District at Midland Monday and Tuesday. The meeting was presided over by District Governor Tom Taylor of Brownwood who proved his ability in expediting business. The main convention speaker was Ed R. Bentley of Florida. Sam Z. Hall, of Spur Schools, made an address on the "Community Meeting."

The outstanding social feature of the convention was a round-up held on the Scarbauer Ranch about four o'clock Monday afternoon. There was bronc riding and a chuck wagon dinner. In the evening a Rotary minstrel was given with all visitors as guests of the city. This minstrel was rendered by citizens of Midland and Boys High School Glee Club of Midland gave several selections. This glee club holds the state championship of Texas.

Jim Wilson, of Floydada, received the nomination for the next Governor of the 41st District of Rotary International. He will be elected at the annual convention of Rotary International at Mexico City in June. Childress will be host city at the 1936 district convention.

Members of the Spur Club attending the convention were: Morris Golding, president of the local Rotary Club; Ned Hogan, president-elect of the local club; Dewey L. Granberry, retiring secretary; and Sam Z. Hall.

P. T. A. LAST MEETING

The last meeting of the year for the Parent-Teachers Association will be held at the East Ward school auditorium at eight o'clock Tuesday evening, May 14. "Getting Ready for School Next Year" will be the subject for discussion with Mr. Vernon and Miss Lasseter as speakers on the program.

The book review postponed on account of the weather will be given by Misses McNeill and Euster.

A large attendance is desired in order to meet the latest requirement to reach standard. —Reporter.

Lower Red Mud School Takes State Honors

West Texas had another star added to her crown last week and Lower Red Mud School seems to be the sparkler and it is no little sparkler at that. Some of the students of that school went to Denton the last of the week and carried off the state honors in the Class B Schools' track and field meet. The Lower Red Mud school carried off five first places and five second places for a total of 45 points of a possible 50 points.

W. A. McCombs of that school was high point man in the state winning 23 points with three first places, and two second places. Jim McAthur was second high point man in the state winning two first places and three second places. The two boys tied for high jump and flipped a coin to see which one shared the honor and the coin came up in favor of McCombs. The main thing at stake was winning state honors for their school.

Lower Red Mud has won over every school in Kent County for the past three years and placed second in the state contest last year. This school, through the efforts of these two fine young men, has brought a great distinction to the Lower Red Mud community and an honor to West Texas.

There are two teachers in the school. Herman McArthur is the principal and Mrs. O. R. Sherer is the assistant.

Drug Store And Barber Shop Being Installed

W. H. Tackett, who has been in the drug business at Campo, Colo., the past several years, has moved to Spur and is installing a combination drug store and barber shop in the Love Building formerly occupied by Watson's grocery. Mr. Tackett has owned a residence in Spur the past four years, and he and his wife and three sons are very much at home in Spur.

The Love Building is being divided into two compartments, one of which will be used for the barber shop and the other for drugs. The fixtures are being refinished and arranged and Mr. Tackett stated he hoped to be ready to open for business by Saturday of this week. He is installing a complete line of drugs with fountain service included.

Mr. Tackett stated that his chief reason for moving to Spur is to get advantage of our fine schools. He said, "Tell the people I have three reasons for moving to Spur—I have three boys to educate and I think Spur has a very excellent school system."

Patton Springs Girl Wins At Austin

Miss Lizzie Lou Baxter of the Patton Springs Consolidated School, Afton, won first place in the Class B High School Essay Writing contest at the State Meet of the University Interscholastic League in Austin last week.

Miss Baxter competed with the winners of the seven other regional contests and came off first place winner. She had previously won first place in the county, at the district meet at Lubbock and in the regional meet at Canyon. To win over all of the Class B high school entrants of the entire state of Texas is no small achievement. The entire county and more especially the Patton Springs community and school are proud of Miss Baxter, who incidentally is also the valedictorian of the graduating class of the Patton Springs school.

Miss Baxter was accompanied to Austin by her English teacher, Miss Amelia Hargis, of the faculty of the Patton Springs school, and by Mrs. E. S. Crider, assistant county superintendent.

The large cup awarded for one year to the winning school is now being proudly displayed in the new school building. The winners names are engraved upon this cup, but for the cup to become the permanent possession of any school, it must be won three years in succession. So far in the history of the Interscholastic League no school has won it two years in succession.

Only two first places were won by contestants from this part of the state: Miss Baxter, and a contestant from Lockney, who won in Grammar Grade Essay Writing. This is believed to be the first time that a Dickens County Literary contestant has ever won a first place in the state meet.

CONTRACTOR TO START WORK SOON

W. S. Crawford, of Dallas, has secured the contract for constructing the three bridges on Highway 18 east of Spur. The work will be started in about two more weeks. One of these bridges will be over Duck Creek just east of the regular channel, one over Duck Creek proper and one bridge at the Wilson Draw. George Logan will be supervisor of the work.

MOTHER

The fond, compassionate, tender embrace of my Mother moulded me into a man. While men mount the ladder of success they frequently forget that the rounds of that ladder are made of mother's prayers, sacrifice and self-effacing love. The greatest heroine in the world is a loving mother. There is no one in all the world who can take your place in mother's heart. Who can depict the tragedies that have been enacted in the hearts of American mothers, who have suffered untold tortures from neglect, indifference, and lack of appreciation? Whatever else you are forced to neglect, take no chances of giving your mother pain by neglecting her, and thus making yourself miserable in the future. No man worthy of the name ever neglects his mother. Truly great men have always revered and tenderly cared for their mothers. Rise up and call her blessed, make her heart happy with your thoughtful devotion and love; make glad again the days of the best mother that ever lived—your mother.

—M. F. Ewton

County Court Has Busy Week

Last week was a busy one for County Court and several cases were disposed of. Judge Cloud tries to get business off the docket as rapidly as possible in order to save the county as much expense as possible.

Among the cases were Claud Sanders vs. Royce Bros. Horse & Mule Company, hearing on plea of privilege filed on behalf of the defendant. Tried before the Judge and plea overruled. Notice of appeal to the Court of Civil Appeals was filed. Chapman & Ratliff of Spur represented the plaintiff; Alexander & Bird of Fort Worth represented the defendant.

Spur Gin Company vs. J. S. Ethridge, claim tried on appeal from Justice Court, Precinct 1. Judgment in favor of defendant. V. J. Campbell represented the plaintiff and H. A. C. Brummett was counsel for the defendant.

Three cases of misdemeanor for gambling, plea of guilty and fines imposed.

One case, a misdemeanor for theft under fifty dollars, plea of guilty and fine imposed.

DISTRICT COURT

One case last week came before the District Court, winding up the term, styled Dock Burleson, Pitchfork Land & Cattle Company, the Matador Land & Cattle Company, et al, vs. Dickens Independent School District in which a plea of exception was tried. The jury returned a verdict in favor of the defendant. G. E. Hamilton of Matador and W. D. Wilson of Lubbock represented the plaintiff and Howard McWhorter of Dickens and H. A. C. Brummett of Lubbock represented the defendant.

District Attorney Chapman was in Silvertown last week helping the grand jury of Briscoe County with their work. He is there this week representing the State in criminal cases before the petit jury.

BAPTIST NOTES

Special services are planned for Sunday at the Baptist Church. Mothers will be special guests at the morning service. Dr. Ewton will bring a special message on "Thoughts of Mother." A very attractive musical program will be given. Come and bring your Mother if this is possible. If she has gone on before, pay tribute to her memory and honor her with this hour of worship and meditation with us. We most cordially invite you to be present.

Following the custom of many years the Baptist of Spur plan and make public the arrangements for the summer revival. This series of meetings will begin the 11th of August and continue for two weeks. Rev. O. K. Webb, pastor of the First Baptist Church, of Memphis, will do the preaching and Rev. H. Virgil Reynolds of Abilene, will have charge of the music. More interesting information regarding these services will be carried by this paper at a later date.

A sound mind in a sound body isn't the work of chance.

MISS WYNELL McCLURE

Freshman in Spur High School who won second honors in the State in the division of "Caring For Foods in the Home." Miss McClure made second honors in a contest in which 900 students had entered. She is the daughter of Mrs. Oran McClure and is a very accomplished young lady. It is the hope of her friends that she may win many more honors before her school career closes.

County P. T. A. Council To Meet

Due to the Music Week program the meeting of the County P. T. A. Council will be held Friday night, May 10. The program includes:

Piano Solo—Miss Hargis.
What are we emphasizing most—Mrs. McGinty.
Habits pertaining to health—Mrs. Carl Patton.

Nunalee—Spur high school.
Character Problems of high school years—Hubert Taylor.

What Parents should know about proper diet—Miss Pratt.

As this is the last meeting of the year it is hoped that each P. T. A. unit in the county will be represented. All persons interested in the children of your county are invited. A banner will be awarded to the unit with the largest attendance at this meeting.—Reporter.

EASTERN STAR BAKERY SALE

The Spur Chapter of the Order of Eastern Star will hold a bakery sale in the Love building Saturday. The sale will start about ten o'clock in the morning and continue through the day. It will be a good place for ladies to buy home made pies and cakes for Sunday dinner.

J. W. Jones, of McAdoo, was attending to business matters in our city Tuesday.

Patton Springs Chorus To Sing Over KFYO Station

The senior chorus of the Patton Springs Consolidated School will render a program of songs over radio station KFYO at Lubbock, Sunday, May 12, at 5:00 p. m. The group will make the trip in one of the school buses.

Those to make the trip are Misses Iva Lee Robertson, Sammy Lane Eaton, Ruth Goodwin, Madge Rose, Clarice Hughes, Carmen Dobkins, Juanita Slayden, Juanita Thannisch, Laura Belle Earnest, Ruth Flippen, Lois Slayden, Lois Hemphill, Ada Mae Usery, Anna Faye Wynokoff, Inez Zachry, Lorena Zachry, Evelyn Hamm, Jewel Bedford, Bernice Mayo, Opal Sharp, and Messrs. Ula Merle Morgan, Jack Lawson, Dorr Blasingame, Claud Thannisch, Eddie Hale, and Marvin Rogers.

They will be accompanied by T. L. Arthur, director of the chorus, and Miss Amelia Hargis, pianist.

Friends and well wishers of the group are requested to tune in on KFYO at five o'clock Sunday afternoon, May 12, and hear this group of young people render a program of songs. It is planned that this shall be the first of a number of appearances of the various choruses of the Patton Springs School.

"Honor The Dead—Serve The Living"

"Honor the dead and serve the living," is the message which the memorial poppies will bring to the people of Spur on Poppy Day, May 25th. R. B. Neilson, Commander of Boyd M. Williams Post of The American Legion, in a statement this week urging all veterans to give fullest support to the Poppy Day observance.

"Men who served in France have an indelible picture of the poppies in their minds, closely associated with the memory of their comrades whom they left overseas," the Commander said. "Soon after The American Legion was organized the poppy was adopted as its memorial flower and the custom adopted of wearing the flower on the Saturday before Memorial Day in tribute to the war dead."

"The distribution of the poppies on Poppy Day was placed by the Legion in the hands of those loyal, patriotic women who compose the American Legion Auxiliary. Through their volunteer efforts they recall for all America the inspiring services of the men who died in the poppy flecked fields of France and Belgium. They also raise funds for the Legion and Auxiliary welfare work among those who were not called upon to die, but to sacrifice strength and health in the nation's defense, the disabled veterans, and for the families of the dead and disabled."

"The message of the poppy is 'Honor the dead and serve the living,' for each wearer of the memorial flower makes some contribution to aid the war's living victims. Every Legionnaire, of course, every veteran and every patriotic citizen should have a poppy in his button hole on Saturday, May 25th."

Special Instructions To Farm Families On Relief Rolls

According to instructions sent out by Adam R. Johnson, director of the Texas Relief Commission, any farm family receiving supplies from the local relief office must execute a note and secure same by a mortgage in amount to cover such supplies. Mr. Johnson's letter to the County Relief Administrator stated as follows:

"Please note you are herewith prohibited from expending general relief funds to any 'Farm' family. Hereafter farm families can receive aid only in the form of credit advances received through the Rural Corporation. Every relief administrator will be held strictly accountable for observing these new regulations."

The local relief office gives the following instructions:

"If you are farming and on the relief roll and live on the west side of Highway 18, running north and south through Dickens County, please call at the Relief Office and contact Miss Juanita Sanders and arrange a date for interview to execute necessary papers. If you live on the east side of said highway call on Mrs. Edna Edmonds for same purpose."

The local relief office has six persons employed to assist the farm clients as possible in creating their transfers from the relief rolls to the rural rehabilitation program.

The relief office is allowed to take care of immediate needs of farm families by accepting a note and mortgage for such relief and a reasonable length of time will be given to execute all notes and mortgages.

DON'T MISS "THE ARIZONA COWBOY"—Thrilling, Romantic, and lots of action. Typical of our own western spirit—in the Dickens High School Auditorium—WHEN?—FRIDAY EVENING—MAY 10, 8 P. M. Presented by the Senior Class of the Dickens High School. Admission 10c and 15c.

High Point Seniors Are Announced

The faculty of the Spur High school recently checked up the records of students in the Senior Class to determine the honor standings. Seven young men and young ladies hold a very fine record and completed very strongly for first honors of the class.

Annie Laurie Lewis will be the class valedictorian, her average for the two years of work being 94.5 per cent.

James Henry Cowan will be the class salutatorian and made an average of 92.5 per cent for the two years. Oleta Dell Reed made 92.3-16 per cent.

Ouida Fern Dobbins, 90.15-16 per cent.

Odus Harvey, 90.5 per cent.

Katherine Ensey, 90.5 per cent.

Kelley Marsh, 90.3-16 per cent.

Supt. Hall stated these were the best seven averages of the Senior Class during his five years of work in Spur schools. There are 52 in the 1935 class.

Music Week Programs Closed Last Night

The National Music Week in Spur which was featured by the City Federation of Clubs, closed with a very fine program at the First Methodist Church last evening. The three programs during this week developed much interest in the work.

Monday night the program was sponsored by the various club organizations in the city. The different clubs gave their respective numbers which included choruses, duets, solos, piano and cornet selections.

Tuesday evening was fostered by the schools of the city. The High School Choral Club under direction of Mrs. Violet McKnight gave a number of fine selections. The East Side school Choral Club, with Mrs. Zachry as director, gave several numbers which were greatly enjoyed.

Last evening the program was fostered by the different churches in the city. The different choirs gave selections, and church quartets rendered several numbers. This program consisted of sacred music throughout.

Passion Play Picture Coming To Spur

Through the cooperation of the business men of Spur the people of Spur country will have an opportunity of seeing the "Passion Play" or a portrayal of the Life of Christ in moving picture in the very near future. The various merchants and other business firms sponsoring this great program are doing so in order that everybody in the community may have the opportunity of seeing this great picture at a price that any one can afford.

The "Passion Play," a drama of the life of Christ, had its origin three hundred years ago. During the little town of Oberammergau in Bavaria fell victim to the terrible malady. The people held a season of prayer and asked God to relieve them of the Plague and soon it subsided, and people from that time on became very devoted in their attitude toward God. It is said that every citizen in the town tried to make his daily life a portrayal of some portion of the Bible, and to this day there are no courts, jails, or civil officers exercising authority over the people as they take the Bible as the rule and guide to their lives.

All the impressive and historical Biblical scenes in the life of Christ have been brought to the screen in this picture. For many years the scene was enacted on the stage in characterization, and it has never been used in a mercenary way. It is said that every character in the play had to prove himself or herself, to be of good report, and any one guilty of immoral conduct was not allowed to be a member of the cast in any manner. Since it was intended to portray the life of Christ it was the purpose that all who took part should have as pure life as was humanly possible.

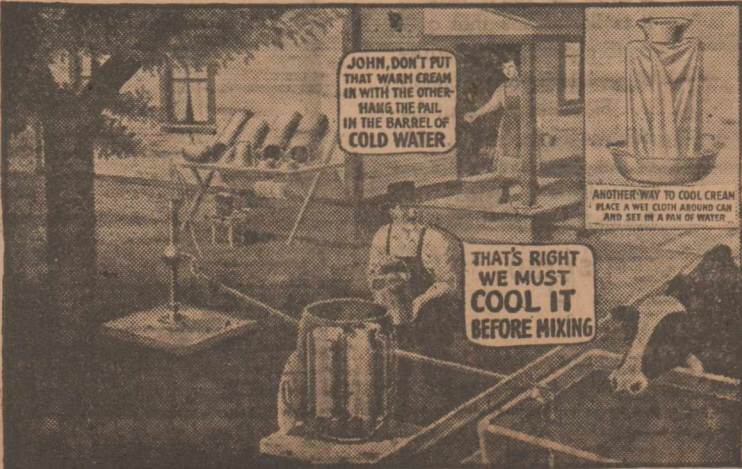

To help the influence of the churches in our community, to place an exemplary program before the young people of our community and to mold a vivid impression on the citizenship as a whole, the business people of Spur have asked for this picture to be brought to Spur May 26th with the hope that it may be a means of good influence. There will be a matinee in the afternoon and a full display at night. The picture will start about two o'clock in the afternoon and will continue until ten o'clock at night with the possibility of a short recess about six o'clock.

A. J. Ritchie, of Croton community, was looking after business affairs in our city Tuesday.

Mrs. B. C. Cairnes, of Clairmont, was doing some shopping in our city Tuesday.

D. J. Harkey, the efficient abstractor at Dickens, was greeting friends and looking after business affairs here Tuesday.

CLEAN COOL CREAM DELIVERED OFTEN WILL MAKE BETTER PRICES

He Delivers His Cream Two or Three Times a Week

A TRIBUTE TO THE —FRIEND— WHO NEVER FAILS US

We are apt to take Mother pretty much for granted, all through the year. She is always there to love us and to serve us. All her tender helpfulness comes so sweetly, so naturally that we forget that it is a gift without price—a gift impossible to replace. But there is one day to do her honor—to attest in some slight measure our real, our deep and loving gratitude.

MOTHER'S DAY, SUNDAY, MAY 12

SPUR COFFEE SHOP

DAY ————— NIGHT

PRICES OF GOODS AFFECTED LITTLE BY PROCESSING TAX

COLLEGE STATION—Measured in terms of its effect upon the finished product, the cotton processing tax amounts to only 3 cents on a work shirt and 8 cents on a pair of overalls, says Cully A. Cobb, director, Division of Cotton, AAA, in pointing out that "There is nothing to indicate that the processing tax, within itself, has served to restrict materially the consumption of cotton.

"On the cotton used in manufacturing a yard of calico, the processing tax adds only 1 cent; on the cotton used in the manufacture of a yard of muslin it amounts to 1.3 cents; on a work shirt it amounts to approximately 3 cents; and on a pair of overalls it amounts to about 8 cents," he reports.

In 1932, according to figures gathered by the Agricultural Adjustment Administration, the farm price of cotton averaged 5.8 cents per pound and there was no processing tax. But in that year textile wages were abnormally low; cotton goods prices were low both actually and relatively, the cotton goods wholesale price index of the Bureau of Labor Statistics being only 48 per cent of the 1920-29 average as compared with 67 percent for all commodities other than farm products and foods.

The low prices received by farmers for cotton did not then result in prosperity for the textile industry.

In 1933 the farm price of cotton averaged 9.7 cents per pound, a cotton processing tax of approximately 4 cents per pound gross weight was in effect after August 1, wages were increased, cotton goods prices increased, cotton textile mills made substantial profits, and cotton mill consumption increased 24 percent, to approximately 6.2 million bales.

In the current marketing year mill consumption has exceeded that for last year in each month since September when operations were disrupted by the textile strike. The index of cotton mill consumption has averaged 94 percent of the 1923-25 average since September. For the 1934-35 season through January the index averaged 87 percent in comparison with an average of 57 percent for non-agricultural industrial production.

It is true that the price of cotton has been doubled and the processing tax has been added since 1932. But in this connection it should also be cited that cotton mill consumption in the calendar year 1934 was 400,000 bales greater than it was in 1932.

With reference to the decline in exports of cotton textiles and recent increases in imports, it should be observed that a compensatory tax equivalent to the domestic cotton processing tax must be paid when manufactured cotton articles are imported into this country, and the cotton processing tax is refunded when manufactured articles are exported from this country.

In considering the increase in imports of cotton cloth from the low point of 1932 when 29,436,000 square yards were imported, to 1934, when 41,533,000 square yards were imported, it should be kept in mind that imports were still comparatively small.

Imports, therefore, amounted to slightly less than six-tenths of one percent of our domestic production of cotton cloth.

If agitation for removal of the processing tax is unsettling by causing buyers to hold off, it should be recognized that the Adjustment Administration does not anticipate the removal of the cotton processing tax in the near future.

Elimination of the cotton processing tax ultimately would force the abandonment of the cotton adjustment program. Income from cotton and cottonseed fell from \$1,736,000,000 in 1925-26 to \$464,000,000 in 1932-33. There are approximately 2,000,000 farm families producing cotton; therefore, the gross income per farm family in 1932-33 averaged about \$232. From this income it was necessary to meet the cash expenses of production, and from the remainder cotton farmers were supposed to pay their taxes and debts and meet living expenses.

Cash income from cotton and cotton seed, together with rental and benefit payments for 1934-35 are expected to total \$837,000,000, or approximately \$420 per farm family. This represents a decided improvement over the income of 1932-33, but it is still low, particularly among some of the share-cropper and renter groups.

ARMY CALLING FOR RECRUITS

A recruiting drive has been launched to fill vacancies in the Regular Army at Fort Bliss, Texas.

These vacancies are in the Field Artillery, Cavalry, Quartermaster and Medical Corps. Approximately 180 vacancies in the enlisted personnel are to be filled at that post.

American citizens, (WHITE), between the ages of 18 and 35 years, who are single and have no one dependent upon them for support; in good physical condition, and possessed of the equivalent of an eighth grade grammar school education, are eligible for enlistment.

The nearest Recruiting Station is located in the Post Office Building, Lubbock, Texas, and the Recruiting Agent in charge will be pleased to interview all young men of this locality who desire information relative to enlistment in the Regular Army.

RELIEF EXPENDITURES DECLINING

Checks totaling \$1,709,813, a portion of the funds with which relief programs will be carried on in Texas in May, were mailed to the various county relief administrations throughout the state last week.

The budget of funds for May adds up to \$5,612,306, which has been earmarked to be expended on programs as follows:

General relief, \$3,707,154; school lunches, \$124,981; hospitalization, \$9,993; rural rehabilitation, \$1,770,178.

This was more than \$1,000,000 less than counties had available for expenditure during April, when the budget totaled \$6,673,786.

Adam R. Johnson, state relief director, said the decrease is due to a lower case-load resulting from seasonal conditions, to the transfer of all farm families from general relief to the rural rehabilitation program, to a reduction in the amount of capital goods required by rural rehabilitation clients, and to less money made available by the federal emergency relief administration.

"We expect our caseload to drop at least 40,000 cases this month," the director said, "in spite of the fact that continued drouth and dust storms have caused an actual increase in the western part of the state.

"The transfer of all farm families from the general relief rolls to the rural rehabilitation program where all aid is extended in the form of loans will materially reduce our case load this month," Mr. Johnson said.

"In addition, we are going to make every effort in all counties to remove all other employables from the rolls by finding employment for them.

"Reports from Central, East and South Texas indicate climatic conditions are excellent and that prospects are bright for a good crop year. On the basis of these reports, we expect seasonal employment to be stimulated and the relief rolls reduced.

"Our expenditures for capital goods this month will fall off because nearly all of our clients already have been supplied with the necessary equipment or undertaking their rehabilitation.

"Because of reduced allotments of both federal and state funds, our case relief grants will be reduced this

month," said Mr. Johnson.

"State funds, allocated by the legislature for the remainder of the year will be available to the extent of \$400,000. Last month the state participated to the extent of \$750,000."

Remainder of the money will be sent to counties as soon as it is made available by federal authorities. "We don't actually send counties \$5,612,306, but will send them that amount less their unencumbered balances as of May 1," Mr. Johnson said.

A AND M FARMERS' SHORT COURSE ANNOUNCED

COLLEGE STATION—"Changing Country Life" will be the theme for the twenty-sixth annual Farmers' Short Course to be held at A and M College July 28-August 2, according to Roy W. Snyder, chairman of the central committee.

Phases of the housing problems facing the rural family; soil conservation with particular reference to emergency erosion work; and agricultural adjustment will furnish features of the program. Demonstrations in doing will be stressed rather than talks and lectures at this event, the largest rural gathering in Texas each year.

In addition to the programs planned for farmers, ranchmen, and rural home makers, conferences are scheduled for rural pastors and laymen of the State, agricultural editors, superintendents of rural schools, members of the bee keepers' association, producers of State registered and certified seed, and members of Epsilon Sigma Phi, national honorary fraternity for Extension Service workers.

A newspaper staffed by 4-H club boys and girls as reports will be printed daily during Short Course week. Neal Douglass, agricultural editor of the Austin American, will be managing editor. A small news sheet was mimeographed and sold on the campus last year, and because of its success plans have been made to enlarge and print the paper this year.

The central committee in charge of developing plans for the Short Course consists of Roy W. Snyder, chairman; R. H. Bush, Paul A. Cummins; O. G. Tuminson; Miss Onah Jacks; Mrs. Dora R. Barnes; and Miss Minnie Mae Grubbs. This committee expects to have noted speakers and leaders present to bring information and lead discussion.

CAR TURNED OVER; OCCUPANT INJURED SLIGHTLY

While driving west on Highway 24 Sunday afternoon an automobile turned over near the northwest corner of the J. M. Koonsman place. There is a very short corner at that point and the road was wet which caused the turn over.

One young lady in the car received minor injuries.

Some neighbors gave assistance and the car was righted and driven on. With the exception of the loss of oil there were no damages to the car. The occupants of the car lived in Lubbock and had been visiting some friends in the Wichita community.

J. M. Koonsman, of Wichita community, was transacting business in our city Monday.

O. A. Lefevre, of Chandler community, was transacting business in our city Monday.

H. O. Everts, of the Palace Theatre, left Tuesday for Dallas to line up another good series of pictures for the people to enjoy.

SUNDAY SCHOOL CLASS SOCIAL HELD AT MISS PRATT'S

The Business Women's Sunday School Class of the Baptist Church met Thursday evening at the home of Miss Clara Pratt for the regular social. After a delicious covered dish dinner, the class opened a short business meeting with prayer led by the teacher, Mrs. Minnie Lewis. Several interesting games were played, and Miss Pratt told legends of some of Texas' wild flowers.

Those present were: Misses Sue Patterson, Eula Mobley, Sadie Gabriel, Onita Towles, Mildred Williams, Ona Lee Shockley, Carnien Shockley, Clara Pratt, Clara Cammack, and Mesdames Bill Kyle, Loren Herke, Uldeen Robinson and Mrs. Lewis. —Reporter.

FARM SALES INCREASE

During the six-month period ended February 28, 1935, the twelve Federal land banks disposed of 3,664 farms compared to 1,968 farms during a similar period a year earlier, according to an announcement made recently by W. I. Myers, Governor of the Farm Credit Administration.

The recent disposal of real estate by the Federal land banks reflects a renewed interest in farm ownership, Mr. Myers pointed out. Although there has been some seasonal recession in the number of sales during the first two months of the year, it is significant that during this period sales were almost double the number made during January and February, 1934.

CHAIN LETTERS COMING THICK

It is not known just what will be the outcome of these chain letters, but it is sufficient to say that since the least price quoted has been ten cents the Times force have been unable to cooperate. Will Rogers says it is a scheme of the Postal Department to increase the postal receipts for this year and make it a banner year for the Postal Department. At least it is reported that one man in Spur country has received about 200 letters each one containing a dime.

J. M. French, of Prairie Chapel, was attending to business matters in our city Tuesday.

"OVERWORK"

"One of the most maligned words in the dictionary is overwork," said Dr. John W. Brown, State Health Officer. "It is employed as an excuse to avoid unattractive social engagements. It is used to impress others with one's particular importance. It is frequently mentioned as the reason for one's business failures. And it certainly is most unjustly blamed for many bodily ills."

"As a matter of fact overwork is not nearly the hobgoblin it is painted to be. Abstractly speaking, overwork is very decent term, behaves itself on most occasions, and does little damage to the lives of most of us. And more likely than not, where lack of health is concerned, overwork has had little if anything to do with the situation.

"Actually, work of a normal amount, or even above average, is not prone to do one any real damage. On the other hand, certain practices associated with the work or with living are likely to be the real offenders. Those who, for example, are victims of impure air, illogical diets, auto-intoxication, worry, lack of exercise and insufficient sleep are usually the first to blame work for their sorry condition. And, no doubt, even an average amount of work can easily turn into a sense of overwork when one's capacity to do the job has been weakened by enervating habits.

"The best bulwark against ill ef-

fects from hard and sustained work is the conscientious adoption of a well-rounded and properly balanced health program. And by this suggestion is not meant a fanatical adherence to a long set of fancy rules, but only a reasonable sense of the primary duty every one owes to himself to get plenty of fresh air and some exercise, to eliminate the excessive use of stimulants, to obtain an average amount of sleep, to eat moderately; in short, to treat one's body with the respect that it demands."

Mr. and Mrs. Roger Lisle and son were visiting Mr. Lisle's father in Graham Sunday and Monday. The father was critically ill.

Mr. and Mrs. Dick Spear, of Spear's Variety Store, left Tuesday for Dallas to select some new merchandise.

Home Demonstration

CLUB NEWS

WARDROBE DEMONSTRATORS ARE FITTING PATTERNS

Thirty-four foundation patterns have been cut during April in five all-day pattern schools held in five home demonstration clubs. At the close of the wardrobe year last year something like 400 foundation patterns had been made in the county in two years. The April Council report from the clubs showed that 49 have been cut thus far this year. With the clothing achievement programs and the county clothing contest coming in June the demonstrators are busy finishing their work and helping the cooperators to achieve their goals. The goals for the cooperators are to provide a well-organized clothes closet and make a sleeve ironing board, make a dress and slip for the county contest, and make reports to the demonstrator.

In the club reports to the April Council 125 club members reported having 89 clothes closets and 22 sleeve ironing boards.

"My sleeve board has already been a big help to me," says Mrs. I. E. Abernathy, wardrobe demonstrator class II of the Soldier Mound home demonstration club.

Shoe racks are becoming even more popular this year than last but no check has been made to determine the

NON-CLUB FAMILIES ARE GARDEN MINDED

"We have enlarged our garden to about an acre in size with a good high fence around it. We have a good garden growing now with beans, lettuce, radishes, spinach, mustard, onions, peas, beets looking fine. We have already set the tomatoes and they are beginning to grow nicely; we surface irrigate our garden," reports Mrs. C. E. Hagins of the Duck Creek community. "We have a new pressure cooker and sealer so we are ready for a good canning season."

D. D. Hagins of the same community has made and installed 200 feet of concrete hollow tile in their garden.

PERMANENT RECORD FILES

During the month of April the home demonstration agent and her office girl made a permanent record filing system of the members of the girls and women's home demonstration clubs since 1931, dating back to the coming of the present agent. In this file each member has a card on which her record is kept for each year. Aside from this individual record system, records of the demonstrators collectively, a brief summary of the work of the County Council each year, and the list of active clubs have been collected and filed under the head of Permanent Files. Of course much of this material was to be found in the black boxes, publicity files, and agent's annual reports but collected and filed together makes it in a much more

COUNCIL ACCEPTS INVITATION

Nine home demonstration clubs were present in the regular meeting of the Dickens County Home Demonstration Council in their regular meeting Saturday, April 27, when they voted to accept the invitation extended from the West Texas State Teachers' College to attend a one day program May 16. Possibly fifteen club women will attend the meeting.

Mrs. Dora R. Barnes, Extension Specialist in Clothing, will be in Spur to give a demonstration on cleaning to the wardrobe demonstrators and others May 21.

The clothing achievement programs will be held in each club before the county clothing contest June 15. Dates for these meetings were announced so that it will be possible for the home demonstration agent to attend each of the achievement programs.

Those attending Council were Mrs. F. B. Crockett, Mrs. J. L. Hagins, Mrs. John Backman, Mrs. R. C. Alexander, and Mrs. Clark Forbis, council officers. Miss Clara Pratt, County Home Demonstration Agent; Mrs. I. E. Abernathy, Mrs. Floyd Barnett, Soldier Mound; Mrs. Paul Braddock, Prairie Chapel; Mrs. O. S. Harvey, Miss Hazel Moore, McAdoo; Mrs. Roy Johnson, Espuela; Mrs. Donnie Pace, Mrs. G. S. Kissinger, Mrs. Bert Cherry, Friendship; Miss Carrie Childress, Red Top; Mrs. Frank Forbis, Chandler; Mrs. Tol Merriman, Mrs. Tom Gilmore, Twin Wells; Mrs. C. A. Hulsey, Dickens, visitor.

TABLE SERVICE DEMONSTRATION GIVEN

"I am glad to learn some new ways of serving green vegetables in a more appetizing manner and to see a platter meal served for it eliminates so much work and the table is more attractive too," said Mrs. T. D. Hale, who served as hostess when places were drawn for those to be at the table in the demonstration given in the Prairie Chapel home demonstration club with Mrs. R. C. Alexander in charge of the demonstration in her home. A Sunday dinner was served family style and featuring the platter meal when the meat and vegetables were served from a large platter by the host. Attractive ways of serving green vegetables were shown by Mrs. Alexander.

Two or three members will attend the all-day program given at Canyon May 16. The wardrobe demonstrator is urging each member to exhibit a dress and slip at the county clothing contest June 15.

The club will meet with Mrs. C. W. Van Cleave May 14 when she will give a demonstration on the care of the face, hands and hair.

Members present were: Mrs. Vaughn White, Mrs. Johnnie Hale, Mrs. T. D. Hale, Mrs. F. Alexander, Mrs. Paul Braddock, Mrs. C. W. Van Cleave, Mrs. R. C. Alexander, Mrs. Charlie Bird and Mrs. Joe Thornton were visitors.

BIRTHDAY PARTY GIVEN FOR CLUB MEMBERS

Having a birthday during the first six months of the year meant that you were honor guest, if you were a member of the Prairie Chapel home demonstration club, at a party given by the members whose birthday comes in the last six months of the year. The party was given in the home of Mrs. T. D. Hale, Saturday night, April 27. Husbands of the club members attended the party too.

More than thirty men and women joined in singing songs and playing games and competing in contests.

The guests at this party are to entertain the ones whose birthday comes the latter part of the year with a fourth of July party.

Mrs. Leslie Peak, club reporter.

CARE OF THE HAIR, FACE AND HANDS

"Brush your hair 15 or 20 minutes before you shampoo it unless you are giving yourself an oil shampoo in that case brush the hair and put the oil on the night before," Mrs. D. G. Simmons, wardrobe demonstrator

class I told the members of the Duck Creek home demonstration club in her demonstration on giving a shampoo at the home of Mrs. J. L. Hagins. She showed the members how to soap the hair at least three times with a good mild soap rinsing it good each time, then rinse with vinegar water rinsing again to remove all odor of vinegar.

Mrs. J. L. Hagins, wardrobe demonstrator class II gave a facial and told how to care for the face and hands.

After the demonstrations there were three slip patterns and a collar pattern cut.

Members present were Mrs. H. A. McLaurin, Mrs. J. L. Hagins, Mrs. D. G. Simmons, Mrs. E. E. Hagins, Mrs. C. R. Bennett, Mrs. R. J. Griffin, Mrs. H. Matlock, Mrs. J. L. Latham and Mrs. L. S. Gilmore.

Mrs. E. E. Hagins, reporter.

HOSTESS MAY REMAIN AT TABLE

"In order that the hostess may remain at the table during the entire meal, it should be planned so most of the food and drinks could be served from the table or a side table," Miss Pratt told the Soldier Mound club women in their lesson on serving a meal family style last Thursday.

Members present were: Mmes. Ollie Hindman, I. E. Abernathy, Floyd Barnett, Jno. Bachman, Misses Nell Pormby, Sylvia Denson and Clara Pratt. Mrs. Jim McArthur was a visitor.

Mr. and Mrs. T. L. Williams, of near Dickens, were doing some trading in our city Monday.

Mr. and Mrs. C. A. Dobbins, of Girard, were doing some trading in our city Monday. Mr. Dobbins teaches mathematics in the Girard high school.

Your wife will know why we buy from Western Electric

As the world's best purchasing agent, she applies the same rules of thrifty buying used by the Bell System.

switchboards, show similar variations in the amount saved.

A special study based on 3,000 separate items of telephone equipment and supplies indicates this fact: Western Electric, as supply unit of the Bell System, sells to Bell operating companies for a fourth less, on the average, than the lowest price offered by independent supply firms.

But the important point, clearly indicated, is that Western's prices are appreciably lower to us than open market prices.

This of course does not mean a saving of a fourth on every item bought from Western Electric. Some supplies . . . paper, paints, poles, for example . . . range from 5 to 17 per cent under usual market prices. Others, such as telephones, cables and

As one of the 24 associated companies of the Bell System, we buy most of our equipment and much of our supplies from Western because we get bargains there, because we get uniform quality and the assurance of exact performance . . . and because Western Electric parts are so designed that future improvements and developments will fit into and work with equipment already in use.

These factors help us materially in achieving the Bell System policy of good telephone service at fair cost to the user.

THE COOLING OF CREAM ON THE FARM

By

BYRON A. BASSEL

State Department of Agriculture

J. E. McDonald, Commissioner

The cooling of cream immediately after separation is one of the most important steps that the dairy farmer can take in getting a high quality product on the market. No matter how scrupulously clean a producer might be handling milk and cream there are invariably sufficient micro-organisms present to cause souring or development of off flavors and odors, of they are allowed to grow. Everyone knows that bacteria or germs grow better at higher temperatures up to a certain point than they do at lower. The best temperature for their growth is around 100 degrees Fahrenheit, or body temperature, and the closer they approach this degree of warmth the faster they multiply, and the more harm they do. However, around 50 degrees Fahrenheit which is fairly cool, they grow very slowly and consequently cannot do as much damage towards decomposing the cream. Because of the fact that these germs grow so much more rapidly at higher temperatures than they do at lower, it is important and necessary that the cream be cooled down as dow as possible as soon as it is separated, and held at that temperature until the time it is delivered.

Wherever ice is available and the volume is sufficient to warrant the use of same, we quite naturally recommend this procedure; however, in the case of most cream producers, the volume is so small that this expense would not be justified, and, for that reason, we recommend the use of small cooling tank made from an ordinary barrel and set in between the pump, or windmill, and the stock watering tank. With this arrangement a continuous flow of water through the tank is gained, but without loss of water. There should be two cans contained in the tank, one large can for storage and one for cooling fresh cream. Warm cream should never be mixed with cool cream because, when this is done, the entire lot of cream is warmed up and bacteria multiply faster causing decomposition of the cream in one way or another. The fresh cream should first be cooled down, then mixed with the already cooled cream, and the entire lot vigorously stirred. Details on the construction and set up of this inexpensive and practical cooling tank can be obtained by writing the State Department of Agriculture in Austin.

Where the above describe tank is not practical, we recommend the use of the wet sack around the cream can. Every one is familiar with this method of cooling and by the same means it is possible to obtain a difference of 10 or fifteen degrees in temperature and this much difference means, in many cases that a good product, instead of a bad one, will reach the market.

Cream, no matter how it is cooled, should be stirred thoroughly at least 4 times a day, and also each time a batch is added to your storage can. Frequent stirring of the cream during storage prevents the formation of lumps or a leathery surface on the cream, which makes accurate tests difficult to obtain. Frequent and vigorous stirring also means that the cooling process will be hasten considerably.

The next article of this series will appear in this paper in the near future and will deal with the production of high quality milk and cream.

THE STATE OF TEXAS To the Sheriff or any Constable of Dickens County, GREETING: WHEREAS, on the 6th day of April, 1935, E. H. Remington recovered in the District Court of Dickens County, a judgment against H. W. Allen, Mrs. H. W. Allen and R. S. M. Carter for the sum of Two Hundred, Nineteen and 15/100 (\$219.15) Dollars with interest from the 6th day of April, 1935, at the rate of 6% per annum and costs of suit; and, whereas, the said judgment is a foreclosure of

a Paving Lien (Special Assessment) on the following described property, to-wit:

Lot No. 24, in Block No. 12 fronting on the West side of Burlington Avenue, in the City of Spur, Dickens County, Texas. Said lien being fixed by virtue of an ordinance of the board of Commissioners of the City of Spur, Texas, which was passed on the 16th day of June, 1930, and by virtue of said ordinance and by virtue of other proceedings there was levied an assessment in the sum of one hundred fifty and no/100 (\$150.00) Dollars against the above described property in the City of Spur, Dickens County, Texas, as said Special assessment lien existed on the 30th day of August, 1930, and it is ordered and decreed by said judgment that said property be sold as under execution in satisfaction of said judgment. And if said property shall sell for more than sufficient to pay off and satisfy said sums of money, the excess should be paid over to said Defendants. But if said property should not sell for enough to pay off said sums of money, the balance due shall be made as under execution, and such order of sale shall have the force and effect of a writ of possession, and officer executing same shall make a good and sufficient deed, and place the purchaser of said property in possession thereof within thirty days from date of sale.

THEREFORE, you are hereby commanded that you proceed to seize and sell the above described property, as under execution and make good and sufficient deed, and to place the purchaser of the same in possession thereof within thirty days after the day of sale, and you apply the proceeds thereof to the payment and satisfaction of said sum of Two Hundred, Nineteen and 15/100 (\$219.15) Dollars, together with the interest that may be due thereon, and the further sum of Twenty-three and 39/100 (\$23.39) Dollars, costs of suit, together with your legal fees and commission for executing this writ. And if the said property shall sell for more than sufficient to pay off and satisfy said sums of money, then you are hereby directed to pay over the excess thereof to the defendants H. W. Allen, Mrs. H. W. Allen and R. S. M. Carter. But if you fail to find said property, or if the proceeds of such sale be insufficient to satisfy said judgment, then you are directed to take the money, or any balance thereof remaining unpaid, out of any other property of defendants, as in

case of ordinary executions. HEREIN FAIL NOT, but due return make hereof within sixty days, showing how you have executed the same. Given under my hand and seal of the District Court of Dickens County, at my office in Dickens, this 3rd day of May, 1935. NETTIE LITTLEFIELD, Clerk. District Court, Dickens Co., Texas. (May 9, 16, 23.)

McADOO

Plans for the closing of our school for the current year are rapidly nearing completion. The 1935 term of school closes May 24. A number of improvements have been made in our school this year.

We were recently informed by Miss Sue B. Mann, District Representative of the State Department of Education, that the McAdoo school now has 17 credits of affiliation.

A new gymnasium has been constructed and a number of other improvement have been made on the playground.

The school building has been cleaned and repaired. The walls have been newly calcimined, some of the furniture has been worked over with paint and varnish. The library has been arranged as a public library. We are very proud of the marked improvements that have been made, and feel

Clean, quiet and comfortable Walker Hotel One Block East of Lubbock Sanitarium We invite you to make this your home while in Lubbock Rates Reasonable L. D. Walker, Prop.

"NERVES"

Here's a good way to quiet "NERVES"—A Dr. Miles' Effervescent Nerwine Tablet, a glass of water, a pleasant, sparkling drink. Nerves relax. You can rest, sleep, enjoy life. At your drug store. 25c and \$1.00.

like the school session of 1934-35 has been one of the most successful that McAdoo has had. Mrs. John Alexander and Mrs. Blackwell were shopping in Lubbock Wednesday. Miss Johnston, high school teacher, spent the week end at her home at Crosbyton. J. R. Robertson made a business trip to Hamlin this past week. The seniors have selected the play, "A Texas Ranger" for their final annual play. It will be presented at the high school auditorium Friday night, May 10, if no changes are made. Admission of ten cents to every one. The freshman class presented a program Friday night at the high school auditorium. A good sized crowd was present even though it was raining.

The majority of the farmers of the plains country spent last week plowing to help control wind erosion. The farmers were relishing their land in return for feed for the stock or fuel

for tractors. A good rain fell this week end which will be a great help in controlling wind erosion.

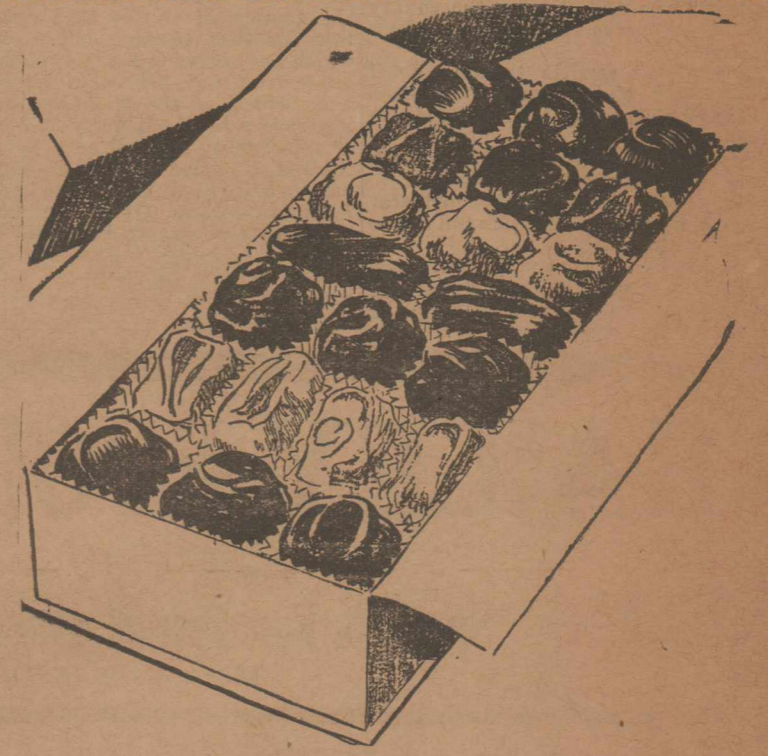

W. H. Allen, northwest of town, was in Monday looking after some business affairs.

Give PANGBURN'S Candy for MOTHER'S DAY

Luscious, delicious candies—chosen especially to satisfy Mother's sweet tooth and bring her many happy thoughts of the day. Chocolate and natural creams, fruit and nut centers—in all sizes from one pound up.

SANDERS PHARMACY

Headquarters for Mother's Day Candy

Buy it for COMFORT

"Front Seat Comfort" for back seat passengers—that's the result of the new "Full-floating Springbase" with "Comfort Zone Seating." Springs are mounted beyond the axles—all seats are now cradled between the springs. Every passenger rides in the "Comfort Zone."

Buy it for POWER

The V-8 engine, as Ford builds it, has proved its superiority beyond question. Because at 50 to 60 miles per hour this engine is actually running at ease, it assures you of reserve power, instantly. The new Ford V-8 is the only car under \$2000 that gives you V-8 performance.

Buy it for ECONOMY

Costs less to run than any Ford car ever built. Dual, down-draft carburetion gives "4-cylinder" gasoline economy. New crankcase ventilation increases oil economy. New weight distribution increases tire life. New rib-cooled brakes are longer-wearing, require less adjustment.

Buy it for BEAUTY

Outside and inside the new Ford V-8 strikes a new note in modernity and beauty. Gracefully streamlined body—with a choice of attractive body colors in durable baked enamel. Fenders that match body at no extra cost. Newly designed, luxurious interiors, with quality upholstery.

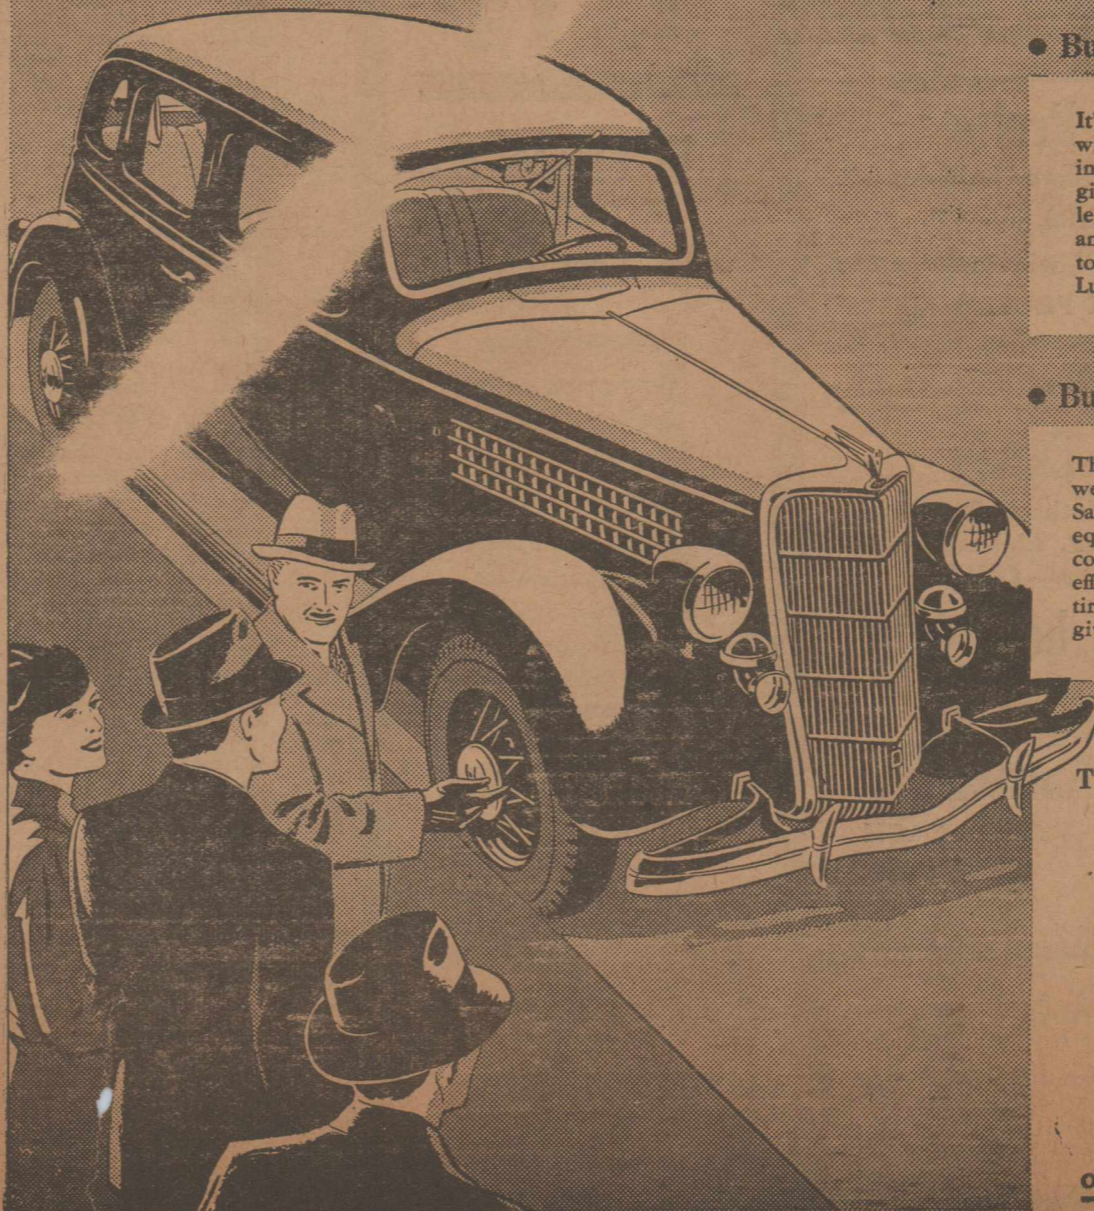

Buy it for ROOMINESS

It's longer, wider and roomier. Seat-widths are increased from 1 1/2 to 5 1/2 inches. With the compact V-8 engine moved forward, there is ample leg room front and rear. The new angular gearshift lever permits three to sit in the front seat with comfort. Luggage space in all closed models.

Buy it for SAFETY

The new Ford V-8 gives you a welded, one-piece, all-steel body. Safety glass all around is standard equipment in all models at no extra cost. New brakes have 186 inches of effective brake lining. New larger tires and a lower center of gravity give even greater safety on curves.

There's every reason why you'll want a new FORD V-8

Bryant-Link Co.

WTCC Convention To Open Monday

Plainview, Texas. Plans are nearing completion for the 17th general convention of the West Texas Chamber of Commerce May 13, 14 and 15. Jed Rix, the WTCC's convention manager, and the half score of committee chairmen representing Plainview, host city say the big show could be, if necessary pulled off next week with certainty of the largest attendance in years.
The Westex Chamber has 197 affiliated towns, ranging in population from Fort Worth's 17,000 down to isolated ranch towns with only a dozen or so. Based on the request made in advance for reservations in Plainview hotels, on sponsors named for "La Fiesta", and entries forwarded in the various contests, it is known in advance that 129 of these towns will have official representatives at the convention. Panhandle-Plains towns, too, are famous for their turn outs.
The warmest contest in years is in prospect, also, for the honor of entertaining the 1936 convention. Four towns are definitely in the running. They are Amarillo, Wichita Falls, Ft. Worth and Brownwood. Dark horses are El Paso and Mineral Wells, which while not seriously pressing their claims for 1936, will lay groundwork for asking for the 1937 convention.

PROGRAM
The 1934-35 work program of the West Texas Chamber of Commerce has majored on three points, taxation, territorial improvement and development and agriculture. These will be fully discussed by competent and prominent speaking (all Texans) in the three group conferences of Monday and Tuesday afternoon. Among the scheduled speakers are Senators T. J. Holbrook, Galveston, and Roy Sanderford of Belton; Ross Rogers, mayor of Amarillo, H. H. Finnell federal erosion expert, Dalhart R. E. Dickson, superintendent of the Spur experiment station; Julian Montgomery State PWA engineer, of Fort Worth; Harry Hines, Wichita Falls, new chairman of the Texas Highway Commission; Congressman Martin Dies, Beaumont and Orange; R. E. Sheppard of Dallas, executive regional assistant director under the federal Housing act; R. C. Hopping, Lubbock; J. E. McDonald, state Commissioner of Agriculture.
Main assembly speakers listed are James D. Hamlin, president of the WTCC; James V. Alfred, Governor of Texas; and Governors Marland of Oklahoma and Clyde Tingley of New Mexico, if they are able to attend.
Host Sponsors Named
The host city has announced "Miss Plainview" and "Miss West Texas" who will do the honors for the visiting sponsors, who will furnish the background and color for the nightly

show, "La Fiesta". Miss Plainview is Miss Eleanor Halbert, daughter of Mr. and Mrs. L. J. Halbert of Plainview. Miss West Texas is Miss Jeane Shelley Jennings, daughter of Rev. and Mrs. W. P. Jennings of Plainview. La Fiesta will be given under direction of Miss Wilma Friedsam, head of the English department of Wayland College of Plainview. Ten member towns have already registered specialties for this big attraction, and there will be bands, orchestras and quartets galors to give added spice to the program.

In addition to prizes awards in "My Home Town" contest, quartet and town beautification contests, the West Texas Chamber will follow its annual policy of giving public recognition to the most active and useful director during the past two years; to the most active and useful chamber of commerce secretary in the year's program of the WTCC; the best membership city affiliated with the organization; the outstanding beautification committee of the territory; the town having the greatest registered attendance at the convention; the town sending a delegation from the greatest distance, the town that has best carried on WTCC activities during the year; and the outstanding West Texas Citizen for the year.

Announcement of the winners of these distinctions will be part of the program of the final morning session, Wednesday May 15, at which al-

so the 1936 host city will be selected and the regional chamber's new officers will be introduced to the general membership. These will be elected at the directors breakfast the same morning.

The Westex Chambers official magazine, WEST TEXAS TODAY, is issuing a 60 page convention number, editorial content of which was written by active newspapermen of the territory, to whom this issue, largest of the year is being dedicated.

GOES TO TENNESSEE ON VISIT

G. Earle Woods, minister for the local Church of Christ, and his brother, Guy N. Woods, minister of the Church of Christ at Wellington, left Sunday afternoon for Holladay, Tenn., where they will visit their parents. G. Earle stated he would go on to White Bluffs to visit some friends before returning. Both ministers will be back in Texas in time to fill their pulpits next Sunday.

MATADOR TAKES FIRST GAME FROM CROSBYTON

Results of the game between Matador and Crosbyton of the Cap Rock Golf League of April 29th was not reported in time for publication last week. Matador was guest of Crosbyton team and won the match with 16 points to Crosbyton's 8 points.

POISONOUS PRINCIPLE IN LOCO WEED ISOLATED

The poisonous principle in the loco weed has been isolated by Dr. G. S. Fraps and E. C. Carlyle, of the Texas Agricultural Experiment Station, who have been engaged in research to determine the identity and nature of the poisonous principle which causes horses, cattle, and many other animals eating the weed to become "locoed." Fraps and Carlyle have been working in cooperation with Dr. Frank P. Mathews, in charge of the Loco weed Research Laboratory at Alpine, conducted jointly by the Bureau of Animal Industry, U. S. D. A., and the Texas Agricultural Experiment Station, and have pursued their studies by the simple method of making separations of the extract by various chemical methods and testing out each of the separations to determine whether it carried the toxicity and each time the harmless portion was discarded and a further separation made of the part carrying the poisonous principle. By this means, they have simplified the part and finally isolated the poisonous principle, which Dr. Fraps has named "Locoine". This work of separating and testing the extract is a tedious process as each separation has to be fed to animals to determine whether or not it will produce locoism and the feeding normally requires three or four months. Dr. Fraps has been able to reduce the cost of testing by using cats as they have been found to react to loco poison, whereas rabbits and other small animals do not appear to be affected by the poison and domestic livestock would have been expensive and cumbersome to use as laboratory animals. Locoine tartrate has been prepared as microscopic crystals. Locoine oxalate and locoine citrate as well as locoine chloride have also been prepared. Locoine is related to alkaloids and forms salts with acids.
The loco weed is widespread in the United States throughout the Rocky Mountain grazing region to the Mexican border. It extends into parts of Texas and is a hazard to livestock producers. The isolation and identification of this poisonous principle may be an important clue to devising practical means of control, but it will require analysis and further study of the nature and character of this particular poisonous substance.

In addition to the chemical studies, Dr. Mathews has been doing experimental work at the Alpine laboratory

to determine the nature and extent of the injuries sustained when grazing animals consume this weed. Among the findings made by Dr. Mathews is the fact that the dry plant is as poisonous as the green plant and that the horse is more susceptible to the poisonous effects of the loco weed than are cattle, sheep, and goats. Abortions in cattle result from feeding on loco weed. For cattle about 90 per cent of the animal's body weight in the green loco plant is required to produce the first visible symptoms of locoism, but a much larger amount is required to produce death; while for horses only about 30 per cent of the body weight in green loco plants will produce death. Dr. Mathews has also found that when concentrates are added to the ration less loco plant is required to produce a critical stage of locoism and he has found that the toxic principle of the plant is not excreted with the milk.

Texas Station Bulletin No. 456, by Dr. Mathews, reports his preliminary experiments and discusses the symptoms of the poisoning and describes the loco plants.

Mrs. M. F. Ewton and little son left the last of the week for Palo Pinto where they are visiting relatives and attending to some business matters.

Pain Passes Off
When your head aches; when Neuralgia tortures you; when Muscular Pains make you miserable—take a Dr. Miller's Anti-Pain Pill.
Mr. Smith is one of millions who have found this easy way to prompt relief. He says: "I keep Dr. Miller's Anti-Pain Pills in my pocket and when I get a dull heavy feeling in my head, I take a Dr. Miller's Anti-Pain Pill and the pain passes off."

Regarding the National Housing Act

ON TEXAS FARMS
by
Minnie Fisher Cunningham
Extension Service Editor

Gardeners hung up a \$21 value per garden record in 1934—and that in spite of the drouth—(we should have a rubber stamp for those last words!)—according to figures compiled by Extension horticulturist J. F. Rosborough from the annual reports from counties having Extension agents, where 22,683 garden reports showed \$480,253 profit.

Good as this was, Rosborough is backing 1935 gardeners to beat it and to this end is coaching them on sub-irrigation to defeat the drouth. And warning them to watch out for mildew on the peas and all the varied crawling, creeping, sucking, shewing insects likely to cut down profits.

"Making the punishment fit the crime," he has a spray or poison or trick ready to meet each attack and wise gardeners will follow his advice

as to which to use. That way neither time, labor nor money will be wasted.

To prune or not prune? is the question that vexes tomato growers. Whether it is better to pinch the eager suckers and so increase the size and earliness of the fruit, or let them grow and lost this great advantage, Rosborough says to nip'em.

He says also stake tomato plants in the region of generous rainfall. In regions of limited rainfall staking is not necessary since it is done to insure fruit does not rest on the ground and become blemished.

WANTED!

Men, women and children that are suffering with ITCH, RINGWORM, POISON IVY, IMPETIGO, TETTER, ECZEMA, ATHLETE'S FOOT, FOUL SMELLING FEET, etc., to try BROWN'S LOTION for instant relief of itching and discomfort. Don't use messy salves and bandages. BROWN'S LOTION is a liquid. It penetrates the outer skin and kills the hidden germs and parasites. First bottle sold with MONEY BACK GUARANTEE in 60c and \$1.00 sizes by the City Drug Store of Spur.

SENIOR PLAY AT PATTON SPRINGS

The senior class of the Patton Springs school will present the three act play, "Where's Grandma" at the school auditorium, Saturday night, May 18. The admission will be 10c and 20c.

The play is a comedy of the first water. The cast has been well rehearsed and all are well adapted to the parts portrayed. Everyone is assured an excellent evening's entertainment. Appropriate between acts numbers will be presented. This is the first senior play ever presented by the Patton Springs school.

TWENTIETH CENTURY STUDY CLUB

The Twentieth Century Study Club met with Mrs. E. J. Cowan Tuesday. Mrs. Caraway presided during the business session. Officers reports and committee reports were given showing much interest by the members.

A resolution was adopted to "Buy Texas Products" to help the unemployment situation. Next year's program and year book plans were discussed.

A most interesting program was given with Mrs. G. J. Lane as leader. "Good Vintage," a play representing life of the Italian in California, was reviewed by Mrs. Lane and discussed by the members.

New Recipes for Pork Cookery

By JOSEPHINE GIBSON, Director, Heinz Food Institute

PORK IS a grand double header for the meal planner seeking variety. Fresh pork and cured pork, ham and bacon, are of such different character as to be almost two distinct kinds of meat in one. Hence, the wide opportunity to serve this meat in many a new and tempting guise. To produce a masterly dish though, you must first be "meat-wise" in your selection of pork. For upon this selection depends the whole success of your dinner. Quality pork has firm, smooth-grained flesh of a pinkish white tinge. The solid white fat is evenly distributed; the skin smooth and thin; the chine-bones and back-bone soft and red; and the shanks moderately small. With these characteristics well in mind, there will be no doubt as to the wisdom of your selection. Then try all of the following new recipes for pork dishes. They will lend rare distinction to your everyday meals.

Whole Baked Ham—Have a 10 to 12 lb. cured ham. Wash ham, place in roaster, fat side up, and cover bottom of pan with 2 to 3 cups hot water. Cover roaster and bake in a slow oven (325° F.), allowing 25 minutes to the pound up to 12 pounds and 21 minutes for larger ham. When about 2/3 done, remove rind, spread with 1 tablespoon Prepared Brown Mustard, add ¼ cup Pure Cider Vinegar to water in pan and continue baking, basting frequently. When almost done, score surface, sprinkle with ½ cup brown sugar and dot with whole cloves. Bake uncovered 20 minutes or until slightly browned.

Casserole of Pork Chops and Noodles—Cook 2 cups egg noodles in boiling salted water for 8 minutes. Drain. Fry 4 to 6 pork chops until nearly done. Salt slightly. Mince 1 small onion, combine with noodles, ½ cup Tomato Ketchup and 1 ¼ cups water. Put chops in casserole, cover with noodle mixture and sprinkle with buttered bread crumbs. Bake in a moderate oven (350° F.) for 30 to 40 minutes.

Sausage and Apple Rings with Cooked Spaghetti—Brown 1 lb. sausage in a frying pan and allow to cook slowly until thoroughly done. Remove from frying pan and pour off excess fat. Place 2 tablespoons butter in frying pan, and when hot add 3 large, unpeeled cooking apples which have been cored and cut into ½ inch slices. When brown on one side, turn, sprinkle very generously with sugar and cook slowly until tender, which

will require only a few minutes. Heat 1—21 oz. can Cooked Spaghetti in Tomato Sauce, heap in center of hot platter and surround with sausage and apple rings.

Breaded Cold Meats—Slice leftover roast pork or ham about ¼ inch thick. Dip each slice into Tomato Ketchup, then into crumbled Rice Flakes, coating completely. Fry in hot fat to a golden brown. Salt and pepper to taste. Serve with vegetables.

Ham Salad—Mix 2 cups diced cured ham, ¼ cup cooked peas and 3 tablespoons India Relish and marinate (mix well) in French Dressing. Chill thoroughly. Arrange on crisp lettuce leaves and garnish with slices of hard cooked egg. Serve with Mayonnaise or with Russian Dressing.

Ham Roll with Tomato Juice—Have 1 large slice ham, cut ½ inch thick, and soak in water, if salty. Combine 1 cup bread crumbs or Rice Flakes, 1 tablespoon chopped onion, 1 teaspoon Worcestershire Sauce, 1 teaspoon Beefsteak Sauce, ¼ teaspoon pepper and 2 tablespoons melted butter, then add enough milk to moisten crumbs. Cover slice of ham with dressing, roll up like jelly roll (rolling from broadside) and tie or fasten with toothpicks. Put in roasting pan and seal on all sides. Pour 1 cup Tomato Juice over meat and bake, covered, in hot oven (400° F.) until tender. Uncover during the last 15 minutes of baking to allow the meat to brown nicely. (Ham baked in this way has an unusually delightful flavor.)

NORMAL IN MUSIC NOW IN PROGRESS

A normal in vocal music and harmony is being conducted at the high school auditorium at this time with Odie L. Echols, of Lubbock, as conductor. He is being assisted by Henry Shipp, assistant director, and Lawrence Ivey, pianist. When the school opened there were 73 students present and this week Mr. Echols reported 175 are attending each night.

Friday night of next week Mr. Echols' pupils will give a concert at the East Side school auditorium at which time he hopes to give the people of Spur country a great treat. Watch for further announcements about this program.

NEW DISTRICT MANAGER FOR SOUTHWESTERN BELL

J. A. Williams, of Lubbock, was in our city the last of the week looking over the field and local office of the Southwestern Bell Telephone Company. J. C. Pinson, District Manager, came up from Stamford and met Mr. Williams and told his friends that Mr. Williams is succeeding him as District Manager.

There has been some arrangements made in regard to the district work.

Spur country has been assigned to Lubbock district. Sweetwater and Colorado have been added to the Stamford District and Mr. Pinson is moving the Sweetwater in order to centrally locate to his work.

Mr. Pinson has been coming to Spur many years and has a great number of friends here who regret he is leaving our section.

Mr. Williams stated that he hoped he could command the loyalty of the Spur people as Mr. Pinson had done. He further stated that his efforts will be directed to the welfare of Spur people and he hoped they would get the best telephone service in their history.

W. H. Smith, of Red Mud, was transacting business in our city Tuesday.

O. F. Priest, business manager at the Nichols Sanitarium, is suffering from pneumonia at this time but seems to be improving.

Mr. and Mrs. George Gabriel, of the Fair Store, left Tuesday for Dallas to investigate markets for new merchandise.

Dr. M. F. Ewton was in Matador Tuesday attending a Workers' Meeting of the Baptist Church. He addressed the meeting Tuesday morning

THANKS—CALL AGAIN!

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and rank and the world feels punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum. Expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two ounces of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul. Acid often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get those two ounces of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Beware of imitations. Buy at drug stores. ©1931 C. M. Co.

Riter Hardware Co.

assisted by her daughters and Anita Harkey served a delicious refreshment plate.

Mrs. John King was a guest of the hostess.

The club adjourned to hold the last meeting of the year May 21 with Mrs. Walker. —Reporter.

1931 STUDY CLUB

The 1931 Study Club met Tuesday in the home of Mrs. G. W. Grimes. Mrs. D. H. Zachry was voted in as a new member. The club voted to sing at chapel at East Ward School Friday. The club voted to sponsor an ordinance requiring all dogs within city limits to be muzzled. It was planned to circulate a petition.

Installation of officers was conducted by Mrs. Jack Rector. Mrs. E. G. Collier was installed as president, taking the place of Mrs. J. R. McNeill. Mrs. W. R. King for Mrs. Collier as vice president; Mrs. J. C. McNeill for Mrs. Sam Clemmons as Treasurer; Mrs. E. W. Mars, secretary, re-elected; Mrs. Bob Alexander for Mrs. G. B. Wadzeck as reporter; Mrs. Wadzeck as historian for Mrs. Rector.

A delicious salad plate was served by the hostess.

STUDY CLUB SPONSORS MUSIC CLUB

The 1917 Study Club is acting as sponsor for a music club in the city. A number of musicians and music lovers met at the home of Mrs. L. H. Perry Friday afternoon and perfected the organization of a music club.

Mrs. Bob Alexander was elected president.

Mrs. E. F. Laverty, vice president.

Mrs. Fred C. Haile, secretary-treasurer.

Mrs. Violet McKnight, director.

Miss Kathryn Curby, accompanist.

Mrs. W. D. Starcher, reporter.

After the organization was completed and plans discussed the guests were served with a delicious salad plate. Miss Curby presided at the piano during the refreshment hour.

There were 19 persons present. The president was authorized to call the next meeting when in her judgment it was necessary. —Reporter.

SUSANNA WESLEY CLASS SOCIAL

The Susanna Wesley Class of the Methodist Sunday School met April the thirtieth in the home of Mrs. E. L. Yeats for their regular fifth Tuesday social.

One third of the class were joint hostesses for this very informal and enjoyable party. After an hour of sewing, conversation and games, polyanthuses were revealed with gifts and new names were drawn.

Refreshments were served to the following: Mesdames Manning, Snider, Watson, Morris, Lea, J. R. Laine, Carlisle, Johnson, Brown, Payne, Barrett, McCully, J. J. Ensey, T. C. Ensey, Yeats, Koon, Carson, Hairgrove, Abernathy, Foster, Glasgow and G. J. Lane. —Reporter.

CAPROCK LEAGUE UNION

The Caprock League Union met in its regular monthly meeting at Roaring Springs, May 2, 1935.

Joe Dick Giddens, president, took charge of the business session; Leatrice Sparkman from McAdoo was selected as the annual delegate to be sent by the union to the annual league assembly at McMurry College, Abilene, the first week in June.

Roaring Springs was represented by 43 persons; McAdoo 17; and Spur 19.

Spur was awarded the union banner for the month of May.

The next meeting will be held in Spur the second Thursday in June with the ones who attended the McMurry assembly giving the devotional.

This union expects to send several delegates from each league. The summer assembly has been held at McMurry for the past five years with the college officials of McMurry and the prominent pastors of Northwest Texas teaching the various courses concerning Christianity and the Youth. The assembly is composed of the leagues in the districts of the Northwest Texas Conference.

J. L. Karr, who is a patient in Scott & White sanitarium at Temple, is reported improving and hopes to be home soon.

Robert Butler, of McAdoo, was attending to business matters in our city Monday.

Gus Fowler, who once drove the bus line between Spur and Dickens, is going into the cab business at Vernon.

J. T. Cozby, of White River community, was attending to business interests here Monday.
