

A WEST TEXAS PAPER FOR WEST TEXAS PEOPLE Dickens Co. Times

VOLUME 11

SPUR, DICKENS COUNTY, TEXAS, THURSDAY, SEPTEMBER 12, 1935

WHOLE NUMBER 527

Field Day At Spur Experiment Station September 20th

An All West Texas Field Day at the Spur Experiment Station has been set for Friday, September 20. It promises to be one of the most outstanding agricultural events ever held in the Western part of the State. Delegations headed by county agricultural agents and vocational agricultural teachers over 40 counties have already made plans to attend. There will be no speech making but the results of experiments conducted at the Texas stations will be discussed by the best authorities in the State. The chief topics for observation and discussion will be:

- (1) SILOS—10:30 a. m. until Noon. Demonstrations in filling silos and discussions of practices will be led by a specialist from the Extension Service staff, College Station, and will range from the use of the most simple home-made slide in cutting the feed and shingling the whole plant in the silo, a practice within the reach of every farmer in Texas, to the use of the most modern machinery where the plant is never touched by the human hand. Farm machinery distributors will have an exhibit, and in operation in the field, a complete line of machinery for the making of silage.
- Noon until 1:00 p. m.—Something to eat and drink—Not much.
- (2) 1:00 p. m. until 2:00 p. m.—Cattle Feeding Experiments.

Viewing the cattle that have been on test since December 3, a period of 300 days and the results of experiments conducted at the Spur station. A series of new studies that are of interest not only to the cattle feeder but of tremendous importance to cotton farmers and oil-mill feeders. A new outlet for the cotton farmers' products. A reduction of the risk element in oil-mill feeding. A vitamin problem discovered and solved. These discussions will be led by scientist from the Experiment Station Staff at College Station will also discuss the relation of these studies to defective eye sight in the human race.

(3) 2:00 p. m. until 3:00 p. m. Soil and Water Conservation.

A review of an exhaustive series of experiments pertaining to drought evasion. The old and serious problem of having water for cotton and feed crops when the crop needs it. Territorial rains that sent creeks and rivers on a rampage during May and June over most of the State were subdued and stored in the soils at the Spur Station and sent crops on a rampage in July and August. Just another case of saving up for the proverbial "Dry Day"! The scorching heat of mid-summer. In the pasture studies instead of making "Two blades grow where one grew before" it has been determined that THREE blades of grass can be made to grow where only one grew before. Just a series of simple, but illuminating, studies pertaining to water and soil conservation.

GOES TO PLAINVIEW MEETING TODAY

County Agent Lane and the County Wheat Committee will be in Plainview today to attend the regional meeting of the wheat allotment. The purpose of this meeting is to study the new plan and get acquainted with the new four year set-up.

The new plan provides for four year contracts good for the years 1936 to 1939 inclusive, and the person signing such contract will have withdrawal rights after two years.

The County Wheat Committee consists of Earl C. Van Meter who is chairman, Robert A. Butler who is secretary and R. R. Wooten and Austin C. Rose.

A member of the committee stated this week that they would have something definite to tell people when they return from the Plainview conference. The new contracts will be explained.

Mr. and Mrs. J. L. Rosamond and Miss Mayne Patrick spent a day last week at the Carlsbad Caverns.

1935 SCHEDULE

- Sept. 13. Roby at SPUR.
 - Sept. 20. Slaton at Slaton.
 - Sept. 27. Roscoe at SPUR.
 - Oct. 4. Crosbyton at SPUR.
 - Sept. 20. McAadoo at Spur, Class C game (Spur 2nd).
 - *Oct. 11. Flomont at SPUR.
 - *Oct. 18. Turkey at SPUR.
 - *Nov. 1. Silvertown at SPUR.
 - *Nov. 8. Paducah at Paducah.
 - *Nov. 15. Lockney at SPUR.
 - *Nov. 22. Matador at Matador.
 - *Nov. 28. Floydada at SPUR.
 - * Conference Games
- Three or more Class C games for the second team are being arranged for.

Geo. H. MAHON
Congressman, 19th District, who will deliver the dedication address, Friday night at the Chas. A. Jones Stadium.

P. T. A. Holds First Meeting Of Year

The Spur Parent-Teachers Association held the first meeting of the school year at the East Ward School Auditorium Tuesday evening. The meeting was more of a social nature in the form of a reception for the faculty of the Spur schools. The guests were greeted by Mrs. W. R. Weaver, president of the local unit, who introduced them to the vice president, Mrs. C. H. McCully.

In the receiving line were members of the school faculty, their wives and members of the Spur School Board. Favors were presented each one by Mrs. Jack Recker.

The meeting was called to order and a short business session held. It was the hope of the local members that Mrs. Sue Hedrick, vice president of the 14th P. T. A. District, would be present for this meeting and it was with regret that it was announced she could not be here.

The program of the evening was interesting. The invocation was given by Rev. Fred Cairnes, pastor of the Presbyterian Church. Mesdames J. W. Henry, E. W. Mars, G. B. Wadzeck, and Dan H. Zachry gave a quartet which was greatly appreciated by the audience. Supt. Thomas was called away Tuesday afternoon to attend a district interscholastic League meeting and could not be present, but sent his manuscript on "Plans For The Year" which was read.

D. L. Cranberry, a member of the Board, made a short snappy talk on Parent Cooperation which was to the point in every respect. Miss Kathryn Curby, teacher of piano, gave a very beautiful piano solo and received great applause. Mrs. C. H. McCully, the vice president, made a short talk on the year book and stated that a copy would be delivered to each person who paid their dues. The dues this year is 35 cents. Mrs. Violet McKnight, teacher of vocal music, gave a beautiful vocal solo which was well rendered.

After announcement had been made the meeting adjourned to enjoy another social feature which consisted of doughnuts and coffee. Some said this was a most enjoyable number on the program.

Work Projects In County Applied For

Through the assistance of O. L. Scott, who is field representative of the Works Progress Administration, a number of work projects in Dickens County have been applied for. Among these projects are:

A City Park project for Spur which will require about eight months of time and will furnish work for 68 men during the time. The estimated cost of this project is \$27,812.00.

A highway in Precinct No. 4 which will employ about 20 men for a period of nine months with an approximate cost of \$10,000.

A grounds project for Spur schools by which the grounds of the Spur Schools will be improved. This project will require the work of 43 men for a period of about one month with an estimated cost of \$1,840.00.

The City of Spur has made application for funds with which to put in a new water well. The cost of this has not been announced.

Buy Into Kinney Furniture Company

C. F. Thacker and M. S. Thacker, of Roaring Springs, have bought in with the Kinney Furniture Company here and will assist in conducting the business. C. F. Thacker will be here all the time to assist in the sales work of the business.

Mr. Kinney will devote most of his time to the undertaking business and expects to make it his leading line. The business will be captioned "Thacker Bros. Furniture and Kinney Undertaking."

You will see by their advertisement in this week's issue of the Times that they have a new carload of furniture just in and want you to visit them and see their lines.

STADIUM TO BE DEDICATED FRIDAY NIGHT

Spur Plays Roby In Opening Game

The Charles A. Jones Memorial Football Stadium will have its formal opening Friday evening. Dedication services will be held at seven o'clock in the evening which will be followed by a football game between the Spur Bulldogs and Roby Lions.

Judge C. E. Coombes of Stamford, will deliver the memorial address in memory of the late Charles A. Jones after whom the stadium was named. Congressman Geo. H. Mahon will deliver the dedication address. O. C. Thomas, Superintendent of Spur Schools, will serve as chairman of the meeting.

The football game will start about 8:30. The Roby team is to have a few minutes to practice on the new field before the game begins. Then the big battle will start. Roby was regional champions last year winning first honors over four districts.

The officials of the school and the game officials have asked that everybody stay in the grandstand during the game. No one but game officials and coaches will be allowed on the field during the game. They hope people will respect this regulation.

The new stadium has been lighted from every angle and those who have seen the lights tested out say it is a beautiful scene when all the lights have been turned on.

There have been more games scheduled than was at first anticipated. There will be some twelve games played at the new stadium this year. Season tickets are still on sale at three dollars per ticket, and those who are buying tickets will make a big saving in the year of football sports as it is thought the games will be around fifty cents each admission where there is not a season ticket bought.

Many have already purchased season tickets because that money will be used to pay for the lighting system and many have said they wanted a part in it. The stadium ground is a present to the school from Clifford B. Jones and his brother, Hoyle Jones of Tulsa. People all over West Texas say it is the greatest of its kind in all of America. It is hoped there will be many local people present Friday night.

Spur Hospital Installs New Machine

C. L. Zeilinski of Houston, was here the past week installing new 1935 model Jones Motor Basal Metabolism Tester in the Spur Hospital. Mr. Zeilinski states that such equipment is not usually found outside the larger cities. This gives the Spur Hospital a very complete laboratory equipment and will enable most any case to receive proper diagnosis. This new laboratory with the fine X-Ray equipment makes the Spur Hospital a very up to date institution.

Dr. Copeland and Dr. Wylie are conducting the work in the hospital in a very scientific manner, and Mrs. Copeland, who is a registered graduate nurse, is serving as superintendent and sees that all patients receive proper care and attention.

SENATOR DUGGAN BURIED IN AUSTIN

Funeral services were held over the body of Senator Arthur P. Duggan at Austin Sunday afternoon. The body lay in state at the Senate Chamber from 12:00 noon until 2:30 Sunday where it was viewed by thousands of friends. The Rev. Lawrence Wharton, pastor of the University Presbyterian Church at Austin, conducted the services in the capitol. Interment followed in the State cemetery.

Senator Duggan died in Gonzales at the home of his sister-in-law, Miss Mary Harrel Friday morning. A few weeks ago he had undergone an operation at a Lubbock hospital, but was thought to be recovering nicely. He went to South Texas on some business and while on this trip became ill. He was in a hospital for several days where he gained strength and then went to the home of Miss Harrell in Gonzales, where he suffered a heart attack.

Senator Duggan was a past president of the West Texas Chamber of Commerce, was a past Master of the Masonic Lodge at Littlefield, was a past president of the Rotary Club at Littlefield, had served as a member of the Board of Education at Littlefield many years, and was considered the founder of the town of Littlefield. He was elected a member of the State Senate in 1932 by the voters of the 30th Senatorial District.

Senator Duggan was reported as being the most diligent member in the State Senate. He was an untiring worker and was warned by many of his close friends that he was taking his official duties too seriously. Any time a citizen of the 30th Senatorial District asked Mr. Duggan to look after any matter, the duty was performed without delay. It is said by those who are in a position to know that Senator Duggan could turn off more work, could get more co-opera-

The purple and gold clad Bulldogs of Spur High School open the 1935 season tomorrow night under lights before what is forecast to be the biggest crowd to ever see a game in Spur and one of the biggest for a class B game in West Texas. Following the dedication exercises about 8:15 the Bulldogs and Roby Lions will do their stuff as part of the dedication of West Texas' finest athletic field.

Coach Connie Smith of Roby, has had his squad practicing for several weeks and states that they are ready to go and will be in Spur with the town of Roby backing them to the limit with a large delegation of boosters, including the high school pep squad. The following is his starting line-up subject to change: Ends, Henry and Spears; Tackles, Eskridge and Tyler; Guards, Lanch and Ballio; Center, Jonagan; Halfs, Nolan and Stuart; Fullback, Claud Harris; Quarter, Sam Rhodes. Substitutes: Beauchamp, Martin, Beene, Glen, Fats, Barnes, Milligan, Lemmons, and Headstream.

Coach Wadzeck and assistants worked with the Spur squad under lights Wednesday night, but are still far from satisfied. Lack of experience of most of the squad is the nemesis. Probable starting line-up for Spur will be Bingham and McCombs at ends, Gilbert and Perkins at tackles, Red Garner and Buck Willhoit as guards, with Jim Bumpus or Green at center, Martin, the other center, is on the injured list with a bad wrist. Thomas Haralson is slated to start at fullback, Ivorh Hahn on the point, Charles Suits and Garland Chapman at the halfback positions.

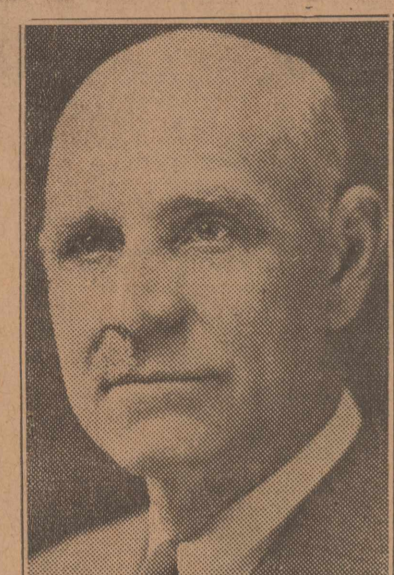

Substitutes who will see quite a bit of action will be Fehner, Lee, R. Bingham, Caraway, Foster, Laughton, P. Willhoit, Sandlin, Williams, J. B. Haralson, Cravey, Meadows, Harrell, Arrington, Billy Hahn, Hutto, Sparks and Smith.

Twenty-two new uniforms were issued Wednesday afternoon. The jerseys and pants are gold with black numerals and trimmings. The headgears, socks and shoes are blue. The uniforms are Jockey satin with dureen jerseys.

Head Coach Pete Cawthon of Texas Tech will referee. His assistants will be McWilliams and Crites, all of Lubbock. Nobody will be allowed on the field but officials, coaches and players. The game will be played on Friday the 13th on a field surrounded by a 13 strand barb wire fence.

Plant Fall Wheat — SLIGHTED, BUT DID NOT MEAN TO

In all our rush last week in getting up the various articles relative to school opening, we omitted a very important department. That is the department of piano. Miss Kathryn Curby, who had charge of that department last year, is back with us again this year and is organizing the work in piano. Miss Curby needs no introduction as an instructor as every student she had last year has enrolled again with her this year. She teaches part of each day at the East Ward school and the remainder of the time in the High School.

JUDGE CHARLES E. COOMBES
Of Stamford, who will deliver the Memorial Address at the Charles A. Jones Stadium Friday night.

Season Tickets Good For 12 Home Games

The school authorities announced this week that the season tickets for football will be valid for 12 games at the home stadium. Of this number there will be eight games played by the first team on the home field and four games played by the second team on the home field. These last four will be in Class C, but will be snappy games.

The game which was to have been with Levelland September 27 has been substituted by the fast Roscoe eleven, and the local coaches feel that Spur has made an improvement in the schedule by this change as Roscoe has one of the strongest teams in the district south of us and are rated as being better than Roby this year. The Roby Lions, which is considered one of the fastest teams in West Texas, will engage the Bulldogs Friday evening of this week. This is a pre-season game but all football fans feel they will get a great thrill from this game. Then Friday, September 20, there will be a second string game played on the local grounds. In fact almost every Friday during the season there will be a game on the local field.

Season tickets are still on sale at the various drug stores, at Bell's Cafe and at the Spur Coffee Shop. Also, there will be representatives of the school out today and tomorrow to interview the people about this wonderful bargain in season tickets. If you want to attend all the games at half price, buy a season ticket now and get in on the first game.

The new lighting system has not all been paid for yet and it is the hope of the school that enough season tickets will be sold to clear that lighting obligation. The school coaches feel that if you buy a season ticket and attend the games that you will more than get your money's worth. It will be worth a lot to be able to say you were at the first game played in the new stadium.

Around The Court House

Sheriff J. L. Koonsman turned Jinks Yarbrough over to Crosby County authorities Wednesday. Yarbrough has been sentenced seven years for shooting the late Sheriff Bill Arthur. The case was appealed to higher court and remanded back for a new trial by the Court of Criminal Appeals on writ of error. The case has been transferred from the District Court of Dickens County to the District Court of Crosby County. Yarbrough had not furnished proper bond on this transfer and the Sheriff turned him over to Crosby County authorities until proper bond is supplied.

Noble Lee Culbert, 13-year old, was tried in Justice Court this week for burglary and sentenced five years to the Boys Training School at Gatesville. Mr. McCully, Constable for Precinct No. 3, may leave this week for Gatesville to place the boy in school. He being a juvenile, the case came under the jurisdiction of Justice Court.

J. W. Henry Opens Grocery and Market

J. W. Henry is opening a new grocery and market next Saturday and is ready to serve the people with a full line of groceries and meats. In addition to this he will carry a big line of fruits and vegetables which will be under a first class fruit spray which will keep them fresh and crisp.

Mr. Henry is using the Jumble Bin fixtures and the general color line is black and white. This makes a very beautiful store in appearance.

The store is located first door east of Spence's Variety Store next door to the Sandwich Shop. Mr. Henry has lots of experience in the grocery business and hopes to be able to give people real service in their marketing. He will appreciate a portion of patronage from the people and this week has a good advertisement of grocery bargains.

Tahoka Attorney Making Campaign For State Senator

G. H. Nelson, District Attorney of the 106th Judicial District, announced Monday his candidacy for State Senator, 30th Senatorial District of Texas, to succeed the late Honorable Arthur P. Duggan. He stated he would make an active personal campaign of the district and make known his platform at an early date. Governor Allred has called a special election for September 28 to fill the vacancy caused by the death of the prominent West Texas Senator.

"I will base my campaign," Nelson stated, "on the proper methods of liquor control, and on the old age pension problem. In accordance with the recently voted constitutional amendments, I will favor old age pensions such as will be in keeping with the ability of the State to pay, and seek to put such pensions in operation as quickly as possible.

"I favor education for West Texas children in equality with those of other sections of Texas, and will seek adequate support of West Texas institutions of higher learning.

"If elected, I will fight for proper representation of West Texas in the legislature through redistricting of representative and senatorial districts as required by law."

He also stated he would lay special emphasis on agriculture, labor, highways, revenue and taxation.

Born in Cass County, Texas, Nelson early in life acquired an ambition to serve the people in public office. He worked his way through Hughes Springs High School, East Texas State Teachers College and the University of Texas Law School, following which he served as principal of Roscoe and Hermleigh High School, superintendent of Tahoka High School and Secretary-Manager of Tahoka and Ralls Chambers of Commerce.

Since 1928 Nelson has served two terms as County Attorney of Lynn County and is now serving his second term, unopposed, as District Attorney under Judge Gordon B. McGuire of Lamesa.

"I believe," Nelson said, "that my twelve years in West Texas, with three of them devoted entirely to the study of West Texas problems and needs, my records before the bar, as a school man, as a civic and church worker, will show I am qualified for the office I now seek."

Season Tickets Will Be Checked At Gate

The school authorities announce that all season tickets for the football season will be checked at the gate as people enter and not checked at the booth where tickets are sold. Season tickets will be secured up until the opening of the gate Friday evening. The south and northwest booths will be open at the gate this week.

In regard to parking, it is requested by the school that when people either park in town or over on the west side of the hill leading to the stadium. They want to reserve the north side of the stadium for parking space to the visitors, and feel that home people will be glad to cooperate in this work. There will be two highway patrolmen present to direct the parking. A fence on the hill on the south side prevents all parking there.

There is a 13-strand wire fence all around the stadium and on this fence is a high voltage light wire which lights the booths. All persons are warned not to climb up on this fence as they stand a great chance to contact the live wire and be killed. So, please, keep off the fence and do not try climbing over it. There will be pickets all round this fence.

J. E. BERRY MOTOR COMPANY MOVES TO NEW LOCATION

The J. E. Berry Motor Company has moved into the Nugent Building just across the street east of the Sunshine Service Station. Mr. Berry recently took on the agency for the Plymouth and Chrysler Cars and is arranging a nice sales room in his new location. He expects to do service work for cars and has a good line of mechanics to take care of people's car troubles.

Plant Fall Wheat —

HERE IN THE INTEREST OF JUDGE NELSON

H. C. Story, County Clerk of Lynn County, was in our city Wednesday morning in the interests of Judge G. H. Nelson who is a candidate for the State Senate. Mr. Story in speaking of Judge Nelson said, "All any one can say of Mr. Nelson is that he is a fine man and very capable of any duty placed upon him. His varied experience in school work, as a business man, and a lawyer, gives him a broad field through which he can serve the people of the 30th Senatorial District in a very capable manner."

George B. West, of Afton, was transacting business in our city Wednesday. Mr. West is a new citizen in our county having recently moved into Afton community from the state of Colorado. He stated that conditions in Colorado are improving, and let's all hope he is bringing the good luck to Dickens County with him.

Welding
... the best way to make a perfect union of two pieces of metal is by welding them together.

... and the best way to get a more pleasing flavor and a better taste in a cigarette is by *welding* together the different types of tobacco ...

That is just what we do in making CHESTERFIELD Cigarettes—the three types of mild ripe home-grown tobaccos, that is tobaccos grown in this country, are welded together. Then they are welded with aromatic Turkish. When these tobaccos are welded

together you get a combined flavor which is entirely different from any one type of tobacco.

It is this welding of the right amounts of the right kind of tobaccos that makes CHESTERFIELD a milder and better-tasting cigarette.

Chesterfield... the cigarette that's MILDER
Chesterfield... the cigarette that TASTES BETTER

Cattle Feeding Experiments At Spur Station

Last December 40 head of 450 pound steers were placed in the feed lots at the Spur Station in order to secure additional information on the feeding value of cotton burrs as compared with cottonseed hulls and to make further studies with reference to vitamin A deficiencies in certain feeds.

Steers receiving ground cotton burrs in a ration consisting of 2.5 pounds of cottonseed meal; 2.2 pounds of white kafir chaps, and all of the burrs they would eat made an average loss per head of 1.7 pounds in 42 days. Steers receiving a similar ration with all of the cottonseed hulls they would eat made an average gain of 85 pounds over the 45 day period. The steers receiving the burrs were too

weak to remain on the test longer and were given another ration. Five Hereford range cows were then fed burrs with 3 pounds of cottonseed meal per head daily and lost weight. It was difficult to get these old cows, that were supposed to eat anything, to consume over 5 pounds of the ground burrs daily. It seems that cotton burrs do not have the feed value that chemical analysis indicate.

Blindness Caused by Lack of Vitamin A

Considerable work has been done by the Swine Husbandry Department at College Station in a study of vitamin A deficiency in certain rations. It has been determined that blindness of pigs at birth may be produced at will by feeding the brood sows feeds that are deficient in vitamin A. The symptoms resemble somewhat the blindness that occurs in the feed lots at oil mills.

Three pens of steers were placed

on feeds December 3 at the Spur Station to receive the following rations: Lot 1. Cottonseed hulls, cottonseed meal, white kafir grain. A ration supposed to be deficient in vitamin A.

Lot 2. Cottonseed hulls, cottonseed meal, white kafir, 1 pound of alfalfa per head daily. A ration containing a small amount of vitamin A.

Lot 3. Cottonseed hulls, cottonseed meal, white kafir, 5 pounds of alfalfa per head daily. A ration containing abundance of vitamin A.

All of the cattle in lot 1 developed typical cases of "mealed cattle". The cattle in lots 2 and 3 at the end of 280 days are in excellent shape and there has been no indication of blindness or going off feed. The cattle in lot 3 have been receiving 6 pounds of cottonseed meal all during the summer. No shade has been provided.

A steer in lot 1 was allowed to die. Examination of the liver revealed that it contained very little vitamin A. Three steers in lot 1 that were very sick received 10 cc; 25 cc and 50 cc of cod liver oil per head daily and responded rapidly. Other sick steers receiving 10 cc and 25 cc of carotene responded promptly. Still other sick steers responded to green and dry alfalfa. Cod liver oil, carotene and alfalfa are all high in vitamin A. Veterinarians and others that have been active in these studies will be at the meeting on September 20 to discuss these problems. The steers will be sent to market after the meeting.

"For Colds - - Salicylate Alkaline Medication"

That's what modern doctors say. That's what Alka-Seltzer is. Instead of being administered in two disagreeable doses, Alka-Seltzer furnishes this medication in one pleasant drink.

If you ever used anything more effective than Alka-Seltzer for Acid Indigestion, Headache, Muscular, Rheumatic and Sciatic Pains, we will refund the money you paid for your first package.

Your druggist sells Alka-Seltzer.

BE WISE-ALKALIZE!

Let's Talk About Clothes
of a YOUNG-MODERN TEXAS STATE COLLEGE WOMEN (A)

Just at this time of the year when everywhere co-eds are preparing for the annual trek to college, the question of suitable clothes comes up from temporary oblivion. Young moderns take the helm and fashion again dictates gay and brilliant ensembles for campus wear.

Frivolous plaids, soft curling wools and debonair corduroys will be featured by the college girl in skirts, blouses and two piece ensembles. As in past years, this type of dress will again hold sway on the campus.

You'll see a diminutive blonde walking 'cross chapel hill in a brilliant blue plaid blouse featuring a cunning little velvet Peter Pan collar and tiny matching cuffs. The skirt is also made of velvet and in her home she will carry one of the pull over berets in the blending velvet hue. Her shoes will flat heels and will be trimmed with huge buckles and wide straps.

The tall brunette sophisticate will be seen 'bout the campus in dull tones of brown and brick corduroys. Her dress is one of the new two piece styles showing a trim of Roman striped grosgrain ribbon. Heavy bone and wooden buttons give the dress a smart tailored appearance and she wears medium heeled sport oxfords.

Everywhere on the 1935-36 college campus will be seen gay combinations of skirts and blouses. These so-called vagabond clothes are a delight to girls at Texas State College for Women, and their versatility is one of the most redeeming features. Loud three-cornered scarfs tied "boy scout" fashion are "top notch" for those costumes. Lacings in sweaters and in the last year's slit hems are also in the lead.

Hamburgers as You Like Them

GROCERY STORE-Y

Days of the cracker barrel and the cast iron stove have been left far behind in modern grocery merchandising.

In celebrating the twentieth anniversary of Safeway Stores, Inc., this month, officials of the company checked through old files to find examples of the popular stores of a generation ago. The photograph in the upper right hand corner shows one of the "top notch" grocery outlets of the earlier period.

In the larger picture, below, is shown one of the company's newer stores, replete with the highest quality merchandise and the latest equipment to assure proper sanitation and utmost convenience. The original Safeway store was

opened in the Summer of 1915, in American Falls, Idaho. Its founder was Reverend S. M. Skaggs, who planned the store to cut down the high cost of living for members of the little pioneer community. His son, M. B. Skaggs, later took over the management of the store. It was only after many years of thrift and privation that the business finally reached a basis from which gradual expansion was possible.

Besides saving millions of dollars in food costs annually for its customers and furnishing employment for 17,000 persons, Safeway has also become the most important outlet for leading Western farm products.

New Linoleum Has Adhesive Right on Back

A revolutionary new inlaid linoleum has just been announced by Congoleum-Nairn, Inc., that will gladden the heart of every householder, for it makes the laying of fine linoleum floors surprisingly quick and easy, thus materially reducing the cost of installation. The exclusive feature of this product is the adhesive which is applied to the back of the linoleum at the factory. This adhesive has only to be activated by a scrubbing brush dipped in water, before laying the linoleum directly to wood or concrete floors, above grade!

This product gives a stronger inlaid linoleum floor, installed in less time and at lower cost than has ever been possible before. A feature that will appeal to all women is the fact that the room is ready for use as soon as the linoleum is laid. There is no delay while the linoleum "sets"

—instead, the furniture can be put back in place immediately. Nor need the householder fear that heavy pieces will dent the surface, because the even distribution of the adhesive holds every square inch tightly to the floor.

There's lots of room in the FORD V-8

EVERY ONE who steps into the Ford V-8 for the first time is surprised at its roominess. There's exceptional seat room, leg room and head room in all body types — the whole car gives you a feeling of substantial size.

The Ford gives you extra body room because of the compact design of the V-8 engine — an exclusive Ford feature at a low price. This V-8 engine takes up less space in the hood and permits more of the car's length to be used for passenger comfort. Many a

car selling at a higher price does not give you as much interior room as the Ford V-8.

Rear seats are wide and restful . . . three people can ride comfortably in the front seat of the Fordor Sedan, Fordor Touring Sedan, Convertible Sedan and Phaeton, and in the Coupes and Roadster. The seat of the Ford V-8 Roadster is 52 inches wide. A ride in the Ford V-8 will show that it combines unusual body room with fine-car performance, safety and comfort.

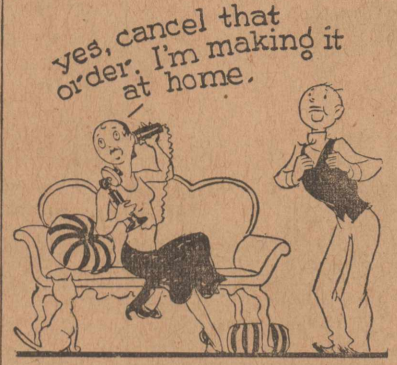

Culinary Jingles

by Marcia Camp

There used to be a beaten track Down to the corner store and back From Junior's running hard and fast To buy ice cream for some repeat. Now when dessert time comes around, Junior's in the kitchen found, Watching with two greedy eyes Mother's newest marlow s'prise.

ARE YOU one of those women who Astopped freezing your own ice cream in your own refrigerator because even the corner drug store could make ice cream that was creamier—without using cream at all? If so, you have a big surprise waiting for you when you take your first marlow out of its freezing tray! It's called a marlow, you must know, because it has marshmallows for a base. Marshmallows steamed until they are liquid, with that indescribably velvety smoothness which you could guess would defy crystallization in the freezing process. Your guess would be right, too, for no marlow has ever been known to lie down on the job by turning to a mass of little ice crystals after the disconcerting fashion of ordinary mechanical-refrigerator ice creams. The marshmallows take the place of the sugar in your recipe, so there is nothing to crystallize. Only the pure gelatine base of the marshmallow itself, which not only prevents crystallization but gives an unbeatable smoothness to the finished product, without the slightest trace of a marshmallowy flavor. And best of all, the whole process is accomplished absolutely without stirring! When you have turned the marlow mixture into the refrigerator tray and set the cold control, you can leave the rest to the refrigerator. Make your ice cream—the day before you want to use it if you like; the marlow positively thrives on standing. If it sounds miraculous and slightly

incredible, just try this simplest of all marlows. Get a package of marshmallows, gird on your favorite apron, and prepare to be pleasantly surprised.

VANILLA MARLOW
20 marshmallows 1/2 pint cream,
1 cup milk stiffly beaten
1 tb. vanilla

Steam the marshmallows and milk in a double boiler until the marshmallows are perfectly liquid and blended with the milk. Add the vanilla and cool. When the mixture is quite cold and beginning to stiffen, fold in the cream. Pour into refrigerator trays and freeze without stirring. You need to remember just two secrets to make your first marlow a complete success. First, always melt the marshmallows thoroughly. You can shorten the melting time by cutting them into bits with scissors dipped in hot water. Second, let the marshmallow foundation stiffen slightly before adding the cream—which, by the way, may be coffee cream, but must be beaten stiff. If more convenient, use an ice cream freezer without agitating. You can also use a mold, packed in salt and ice. The mold must have a tightly fitting cover, sealed with adhesive tape.

McADOO

Mr. and Mrs. J. M. Blackwell and family are moving to Spur where Mr. Blackwell will be in charge of a McGee filling station. M. A. Adams is in charge of the filling station formerly operated by Mr. Blackwell while living in McAdoo.

Miss Daisy Barton of Merton, is here visiting relatives and friends.

Mr. and Mrs. J. T. Holmes have returned home from Center Point where they spent several days visiting relatives and friends.

Charlie Barker made a business trip to Lubbock Wednesday.

Bill Sprayberry of Spur, was in the McAdoo community Tuesday looking over his farm northwest of town.

Mr. and Mrs. H. V. Nettles were business visitors in Spur Tuesday of last week.

James Lee Johnson of Spur, is visiting T. L. Dozier and family.

Miss Katherine Rose, daughter of Mr. and Mrs. A. C. Rose, has gone to Dickens where she has a position in the school for the term beginning Monday, September 9.

Sam T. Clemmons, of Spur, was a business visitor in McAdoo Thursday of last week.

Mr. and Mrs. T. L. Dozier and daughter visited Mr. and Mrs. Cager Wade of Spur, one day the past week.

The McAdoo school started the regular session Thursday, September 5. One of the largest crowds of recent years turned out to hear the opening exercises at the high school auditorium, despite the fact it was raining and the roads were very muddy. Following a short program, each class went to class rooms were classification and schedules were worked out and books were issued to the students.

Teachers for the term are: W. O. Cherry, Supt.; R. E. Everett, high school principal; Miss Spikes, English; Miss Dorothy Johnston, Spanish and Social Science; Henry Elder, vocational agriculture; Miss Leonora Nickels and Mrs. Harold Hardy, intermediate department; Miss Christine Shaw and Mrs. R. E. Everett, primary department.

Four buses are being operated to the various districts to accommodate the students. The drivers are: Jim Derr, C. P. Aull, Jr., Bud Leatherwood, and Harold Hardy.

Miss Jimmie Nell Robertson left Saturday for Chillicothe, Missouri, where she will enroll as a student in the Chillicothe Business College.

Mr. and Mrs. Marshall Aldridge have returned to their home at Afton after spending several days here visit-

ing Mrs. Aldridge's parents, Mr. and Mrs. J. T. Parker and other relatives.

Mr. and Mrs. Paige Gollihar and little son, William Paige, of Washington, D. C., have been here visiting Mr. and Mrs. C. Gollihar, parents of Mr. Gollihar, and their many friends.

Miss Marjorie Womack has gone to Hobbs, New Mexico, for a visit with here father, A. V. Womack, and other relatives.

Mrs. Ed Henderson came home Thursday from Iowa where she has been in a hospital taking treatments for the past several months. Her health has improved greatly.

Mr. and Mrs. Starley Dennis of Spur, were here during the week end visiting Mr. and Mrs. Clark, parents of Mrs. Dennis.

Mr. and Mrs. Horace Dillon and baby have returned from Galveston. They have been in Galveston having their little child treated by a specialist.

Mr. and Mrs. O. S. Harvey returned Thursday from Hereford and Amarillo. They visited relatives at Hereford and attended the forty-fifth annual reunion of the Confederacy at Amarillo. They reported a most enjoyable trip, enjoyed hearing the United States Marine Band play, immensely. Mr. Harvey is a veteran of the World War. Lilburn Harvey and Mrs. Walter Pullen accompanied them on the trip. Mrs. Pullen visited her brother Herbert McCarty and family of Amarillo.

This community received a big rain Sunday afternoon and Sunday night, Sept. 8, followed by a cool norther. The farmers are now wishing for sunshine so that the crops may be gathered. Truly it is wonderful what the rain and sunshine can do to plants.

F. F. A. ORGANIZED AT McADOO HIGH SCHOOL

McAdoo school means business with their courses in Vocational Agriculture. The students who are taking this course are greatly interested in their work. The class has organized a chapter of Future Farmers of America and expect to get all out of the work they can.

Officers elected are as follows: President, Robert McDonald. Vice president, Roy Neeley. Secretary, Juanita Rose. Treasurer, Nuge Rose.

Reporter, Rudolph McLaughlin. Farm Watch Dog, Cecil Johnson. Parliamentarian, Reid McLaughlin. Advisor, Henry Elder.

Charter members of the chapter besides those named above are:

Ed Robertson, Claud Gregory, Cecil Barton, L. V. Womack, Weldon Ward, W. H. Moore, Lewis Pullen, Marion Ferguson, Norbon Burks, Leslie Pifer, Leon Isaacs, Bennie Williams, Darris Egger.

Plans for the year were discussed and some outlines were made. Mr. Elder is the instructor for the class and is directing the work in a very able manner.

The F. F. A. Chapter at Lorenzo will visit McAdoo next Saturday afternoon and initiate all members of the McAdoo Chapter. The members of the chapter are expecting a thrilling time at this meeting.

McAdoo school is located in a very fine farming section and the students will derive much from this course. They will learn something which will be useful to them all their lives.

CHURCH OF CHRIST MINISTER BACK HOME

Mr. and Mrs. G. Earle Woods arrived in our city Friday from Tennessee. They were married at Franklin, Ky., August 17, and have been visiting various points in Kentucky and Tennessee since that time.

Mr. Woods conducted four revivals while he was away and reports excellent success. He is minister of the Church of Christ in Spur, having served the church here since January 1. He left here July 22.

Mrs. Woods was Miss Fances Bibbs, daughter of Mr. and Mrs. F. H. Bibbs of White Bluff, Tenn. Mr. and Mrs. Woods have not located in a home yet, but expect to do so as soon as they can secure suitable property.

YOUR CHANCE WILL COME

"I'll study and get ready," said Lincoln, "and maybe my chance will come." Your chance, too, will come if you are ready for it—chances that will mean happiness and independence and opportunities, pleasant work, and congenial surroundings. Through our well-organized Employment Department, chances for good positions and bright futures are being brought to scores of young people who began the Drapghon Training a few months ago. It will bring similar chances for a responsible position to YOU, if you get ready. Clip and mail today for Special information, showing how we can help a few who are trying to help themselves. Address nearest office, Draughon's College, Dallas, Abilene, Wichita Falls, or Lubbock, Texas. 2c

SINGING CONVENTION WELL ATTENDED

The Dickens County Singing Convention held their quarterly session at Spur Saturday night and Sunday. The meetings were held in the East Ward School auditorium with good attendance. Saturday night was reported a record crowd and good interest. Sunday morning the attendance was light on account of Sunday schools and church services held at various places. Sunday afternoon there was a large number present. The Stamps Quartet of Lubbock was present and rendered several selections. The Vaughn Music Company was represented by a number of selections. Officers of the convention are: President, L. E. Meyer. Vice President, O. C. Pentecost. Secretary-Treasurer, Mrs. A. Hefner. The next meeting will be at McAdoo

the first Sunday in December.

Judge Westfall Will Make Senate Race

Judge Leonard Westfall, of Aspermont, present member of the Texas House of Representatives from 118th District, stated Saturday that he is a candidate for the office of State Senator to fill the unexpired term of the late Senator Arthur P. Duggan. In conversation with friends Saturday Judge Westfall stated that he and Senator Duggan had talked the proposition over, at which Mr. Duggan stated that he did not know whether he would be a candidate for reelection or not. Judge Westfall then stated that in the event Senator Duggan would not be a candidate that he would be an applicant for the position.

Judge Westfall is representing the 118th District at this time and has done an able job of it. He has fought for lower taxes and to cut down government expenses for the state and has adhered strictly to Democratic principles in government. After having served several years as County Judge in Stonewall County and with two years in the House, together with other qualifications, Judge Westfall should be in line to make an able State Senator if the people of the 30th Senatorial District honor him with the position. His record has been that he has fought for those things which have been of interest to the masses. He fought for the school apportionment appropriation which gave the schools an increased scholastic payment from the state funds.

Other prospective candidates are: J. Doyle Settle, present Representative of the 119th District. Former Senator Pink L. Parrish, Lubbock. Garland Woodward, Big Spring attorney. G. E. Lockhart, Lubbock attorney. Mrs. Arthur P. Duggan of Littlefield. Carl Roundtree, former Representative of 119th District. Durward H. Bradley, Lubbock attorney. Daniel A. Blair, Lubbock, District Attorney. G. H. Nelson, Tahoka, District Attorney. Vaughn E. Wilson, Lubbock attorney.

Wm. H. Evans, Lubbock attorney. Dan W. Powers, Lubbock teacher. John F. Turner, Lubbock, former newspaper man; Muleshoe, editor of Muleshoe Journal.

Alvin Allison, Levelland, County Judge of Hockley County. The 30th Senatorial District comprises the counties of: Crosby, Dickens, Floyd, Gaines, Garza, Hale, Hockley, Lamb, Lubbock, Lynn, Mottley, Terry, Yoakum, Andrews, Borden, Bailey, Cochran, Cottle, Dawson, Howard, Martin, Kent and Stonewall.

The Governor has called the special election to be held Saturday, September 28. The Constitution provides that the election shall be called within 30 days, and if the vacancy occurs within ten days of the beginning of any session of the Legislature, the election may be called within 20 days before the Special Session is to convene.

DICKENS

Lester Varnell was transacting business in Dickens Tuesday. Grandma Lusk is feeling some better after her trip to the Plains. The ladies of Dickens gave Mrs. Huddlestone a shower at which she received a number of nice things. Mr. and Mrs. Earl Anderson and daughter, Betty Jean, spent a few days visiting their daughter, Mrs. Odell Beasley, at Lubbock. W. H. Hague and daughters, of Plains, stopped on their way home from Dallas to see his daughter, Mrs. Fay Lusk. Mrs. L. C. Murphy and daughter were doing some shopping in Spur Friday. Mr. and Mrs. Odis Lusk have returned from Dallas. Mr. Lusk went to Bennington, Okla., and to Arkansas while there. Mr. and Mrs. Guy Fellmey and daughter, Jo Ann, were shopping in Dickens Friday. There was a large number of people went from Dickens to see Will Rogers in "Steamboat Round the Bend" at the Palace at Spur.

RED HILL COMMUNITY CLUB HOLDS MONTHLY MEETING

Red Hill Farmer's Association met in regular session Tuesday, September 3rd. Chairman Roy Arrington was in charge, and after having commented upon the AAA program in general, he called on Floy Watson to read an article, "What It Takes to Make a Law Constitutional," and led in the discussion of the same. Others joining into the discussion were: F. E. Henze, Mr. Hodges, Elmer Frazier, Leroy Williams, L. A. Grantham, Victor Arrington and J. R. Cozby. All present enjoyed the meeting and freely expressed ideas and opinions on various subjects pertaining to Farm Program. The next meeting date was mentioned, which is the first Tuesday in each month.—Reported.

QUILTING

Wednesday, September 4, a quilting was given in the home of Mrs. J. P. Sharp for Mrs. C. A. Hulsey who lost her home by fire recently. There were four quilts quilted and every one who attended had a nice time.
 Those in attendance were: Mesdames M. N. Powell, S. P. Moseley, Opal McCormick, A. C. Sharp, W. F. Foreman, Wiley Morgan, Lonnie Emert, Fred Neaves, Roy Johnson, W. A. Kimmel, J. F. Saxon, G. H. Watson, B. F. Saxon, J. B. Kimmel, R. B. Sharp, Willie Kimmel, Misses Dollie Powell, Lucille Harris, Opal Karr, Faye Powell, Eloise Sharp and the hostess.—Reported.

RIBBONS OF LIGHT That Speed Work on the World's Largest Bridge — Hundreds of motorists, anxiously awaiting completion of the new San-Francisco-Oakland Bridge, drive to the scene of the bridge construction each night to watch workmen in their perilous task of "spinning" the 70,000 miles of steel cable wire which will support the structure. The brilliant night lighting is reflected on the gunmetal finish of the 1935 Plymouth in the foreground.

STRANGE FACES — Gargoyles of papier mache worn by Venice, Cal. bathing beauties during a preview of the annual Mardi Gras.

Local Funeral Service Held Today

The funeral services over the body of Senator Huey P. Long, of Louisiana, will be held at the state capitol building in Baton Rouge today. Interment will be made on the grounds of the five million dollar capitol which the Senator built while he was governor of the State of Louisiana.

Senator Long was fatally wounded Sunday night by Dr. Weiss, a political enemy. He passed away at five minutes past four o'clock Tuesday morning after being given five blood transfusions. The bullet which proved fatal, entered the right side of the body and passed through the colon in two places and through one kidney. Peritonitis set in which proved fatal.

Dr. Weiss, the assassin, was killed at once by the Senator's body guard and state police. His body had thirty bullet holes in it according to reports from the undertaking department which handled it. The body of Weiss was buried Monday afternoon.

Supt. Thomas, Coach Wadzeck, Assistant Coach Sollis, High School Principal Kelley and Dr. M. H. Brannen were in Matador Tuesday night meeting with the District Council of the Interscholastic League in approval of the schedule of conference games for the football season.

Let Capitalists Take Their Own Risks

The editorials reproduced below came out recently in the Wichita Daily Times and very definitely express the sentiment of the masses of American citizenship. It has been the custom in the past that war has been a rich man's game and a poor man's fight. The philosopher of the middle ages quoted a whole volume when he said, "War is a game which, if their subjects wish, kings would not play at." It might be well if our readers will carefully peruse these two editorials.

LET OILMEN TAKE OWN RISKS IN ETHIOPIA COUP

There are more ways than one to skin a cat, and there are also more ways than one to get a peaceful homebody of a nation mixed up in a war on the other side of the world.

You can pass a law preventing your capitalists from selling guns and powder to warring nations, and you may think you have protected your neutrality thereby; but what are you going to do if those same capitalists thereupon go ahead and buy the site of the next war?

This deal by which American and British capitalists take over half of Ethiopia—the very half, let it be noted, which lies directly in front of the Italian army, and which Mussolini is most anxious to possess—must be recorded as one of the most amazing developments in the history of international diplomacy.

Haile Selassie, to begin with, would seem to have put over an exceedingly fast one on Signor Mussolini.

Il Duce may conquer Ethiopia according to schedule. He may set up his own government there, plant a Fascist militia battalion in every dust-covered hamlet and take over the railroad, postal, and customs services. But the oil and the minerals which he needs and for which he is preparing to fight—these are now owned by English and American capital, and if he touches them he touches the most sensitive nerve centers in London and New York.

On the surface, at least, the Italian dictator seems to be stymied.

As for the Ethiopians themselves, one can only say that they have exchanged one set of potential conquerors for another. A country which grants a concession as large and as sweeping as the one Haile Selassie has just signed can thereafter be independent in name only.

Ethiopia will get the imperialism of Wall Street rather than the imperialism of Rome. Whether it will be an improvement remains to be seen.

Lastly, there is America. How will this deal affect us? That it complicates the situation enormously goes without saying. If we follow the old

SCHOOL DAYS

By DWIG

FROG TOAD HOPPER THAWED OUT A FROZE TOAD UNDER MISS RUSSELLS COOK STOVE LAST WINTER. WHAT HE DUG UP OUTER THE GROUND

HE'S MOVIN' HIS TAIL—LOOK, NATS! HE'S MOVIN' HIS TAIL!

I'M TELLIN' YOU! YOU FELLERS BEST LET THAT THERE SNAKE ALONE! HE AINT FROZE, THAT SNAKE AINT; HE'S JUST PLAYIN' POSSUM, WAITIN' FIR A CHANCT TO BITE YOU. WHOEVER HEARD OF A FROZE SNAKE. COMIN' TO LIFE! BOB HAMILTON, YOU'RE CRAZY—

THAWING OUT THE FROZEN SNAKE

idea that American investments abroad are to be protected by the American government, we are now involved in the Ethiopian situation right up to our necks. That program will lead us into war just as certainly as day follows night.

Our chance for peace lies in making it perfectly clear that American capital—which goes to a place like Ethiopia goes there strictly at its own risk. If Mussolini decides to seize property which Wall street has bought over there, that is Wall street's hard luck. Our state department must not even write a note of protest about it.

Only by the most rigid kind of hands-off policy can we avoid war.

WE WON'T FIGHT FOR OIL

It is hardly surprising to learn that the Standard Oil interests have withdrawn from the Ethiopian oil concession. Public opinion in the United States was so obviously and outspokenly unfavorable that the venture would have enjoyed little support at home; and it swiftly became evident that the temper of the people was unanimously against even the shadow of government backing for the project.

The public reaction was pretty well exemplified in the remark of an intelligent printer. "Well," said this man, "we fought the last war for J. P. Morgan, and it looks as if we'll fight the next one for Rockefeller."

When people are talking like that, they are not in the mood to be cajoled into taking up arms for the sanctity of oil concessions. This concession had a short life, and none will lament its passing.

IN MEMORIAM OF MRS. MARY C. HARDIN

More than three thousands attended the funeral services Sunday, in Burk Burnett, for Mrs. Mary C. Hardin—a true God-Mother of Many Texas institutions and individuals—while thousands of other Texans over the state and nation mourned her passing.

Mrs. Hardin has been the financial life of several Texas schools in the

past few years when she and her husband, John G. Hardin, contributed millions of dollars to their support and building campaigns. Among the institutions receiving aid from this Burk Burnett couple was Hardin-Simmons University, Howard-Payne, Abilene Christian College, Mary Hardin-Baylor College at Belton, Baylor University at Waco and Dallas, and Buckner Orphan Home.

None of these institutions could have carried on their building campaigns without the aid they received from the Hardins and some of them perhaps could not have continued regular work without their aid.

Simmons and Baylor at Belton have already paid honor to the Hardins by changing their names to the present titles, while other institutions and Texans will always pay honor with their memories of a fine, noble woman and God loving couple.

— Plant Fall Wheat —

WILL WAR COME SOON?

A new world war hangs in the balance!

For, whatever course the League of Nations takes in its conference respecting Italy's Ethiopian campaign, the

problem still remains the same. "Italy must expand or explode. Germany must find markets for its manufactures and new lands for its peoples. The world must recognize Japan's crying need for additional territories and raw material sources. These three nations must find their place in the sun."

This is the crisis analyzed in last week's Liberty Magazine by Col. E. M. House, wartime advisor to President Wilson. "If England institutes sanctions against Italy, Mussolini will involve the British in a war. For Il Duce must have an outlet for his imperial urge."

"Every statesman will admit in private conversation that Italy needs new sources of raw materials and a place to send its excess population," says House, "just as they will agree that Germany should have her pre-war colonies returned and Japan should be given a free reign in Asia."

Col. House believes drastic territorial changes are necessary if peace among the great powers is to be maintained. "A peaceful adjustment is possible," he avers. "But as yet there seems little inclination on the part of England, France, the United States or Russia to cede some of their possessions to any of these countries."

He warns against antagonizing the Japanese and points out that the yel-

low races might eventually coalesce and form a block that will menace the white races. "Hitler would be kept busy for a few years if Germany's colonies were returned," Col. House states, "while Italy should not be molested in its Ethiopian campaign. Frustration in that quarter will lead to an outbreak in Europe."

Bad Teeth May Be Averted

About nine out of every ten persons in the United States have something wrong with their teeth. At least eight of each ten have caries, or dental decay. A long list of other maladies, including the famous "pyorrhea", is to be discovered in even a casual examination of the teeth in any community.

Why do so many people suffer the misery of bad teeth? Dental research in recent years has revealed that the real trouble is the diet and other health habits of civilized folk, and not civilization itself. We may be both civilized and have good teeth.

The teeth are living organs, and must be nourished, like any other part of the body. They are composed principally of calcium, a mineral found in great abundance in milk. Hence the insistence of dental scientists on the use of greater amounts of milk in the diet.

It is also important to preserve the general bodily health, for dental decay often begins during periods of general ill health. Teeth of mothers are also particularly liable to decay during pregnancy, hence at this time particular attention should be paid to the diet, after consultation with a physician.

Another important time for teeth is in infancy and early childhood. Children should have plenty of milk, should receive some Vitamin D, food, and should be permitted to play in the sunlight as often as possible.

For dental decay is not a simple

disease; it has many causes, and its treatment does not depend on the dentist alone, but on every person who wants to improve the health of his teeth.

MIDLAND TO STAGE BIG FAIR

The City of Midland, the oil center of West Texas, is to have a gala day event October 19-23 at which time they stage their annual live stock show and fair. There will be \$7,500.00 in prizes awarded for events during the five days. The fair is to be featured by races, rodeos, cowgirl contests and an old timers' reunion.

There will be an auction sale of from 2,000 to 3,000 fancy feeder calves and yearlings during the time. These will be taken from the herds in Midland territory, and the sale will be on Tuesday, October 23.

The event also will be the celebration of the Fiftieth anniversary of the founding of Midland. There is quite a contrast in the appearance of the city today compared with its beginning fifty years ago when it was a village of wooden and adobe shacks.

New Safety Device Patterned After Eyes of Cats and Dogs

Left, above, Jonathan Cass Stimson, of Chicago, who discovered that the same principle that causes light to be reflected from the eyes of the Tabby in the upper right corner could be used effectively on the tail lights of automobiles. Drawing shows how a ray of light is reflected.

NEW YORK—Eyes of cats and dogs reflecting the lights of on rushing automobiles along our highways at night have resulted in the perfecting of important new automobile and highway safety devices exhibited at this year's New York Automobile Show.

For the first time all passenger cars and trucks exhibited at this year's show are equipped with tail lights made of reflex reflector glass, while most of the latest highway safety signs are similarly equipped for the benefit and safety of night drivers.

The new reflex reflector, like the eyes of night animals (provers) is so designed that it is self-focusing and returns the illumination from approaching headlights to the eye of the approaching driver with little loss in efficiency.

By introducing this new feature

in rear automobile lamps and in road signs, lights of approaching cars produce their own safety signals even in cases where tall lamps fail or cars have been parked without lights.

New York state, effective this month, requires reflex reflector tail lamps on all trucks and on all new passenger cars, and similar legislation is expected this year in many other states.

This new safety device is a product of the depression years and is largely the life work of Jonathan Cass Stimson of Chicago, who determined a number of years ago to make a mechanical mirror which would compare in efficiency with nature's animal eye reflector.

The beauty and variety of design used in incorporating this reflex safety feature in the various tail lamps, is a tribute to the ingenuity of the modern motor engineer.

Home Demonstration

CLUB NEWS

STORE FOODS IN OPEN CRATES

"Foods such as potatoes and onions should be stored in open crates and slightly raised or tilted to one side to allow a free circulation of air," Miss Pratt told the Soldier Mound home demonstration club women in a meeting at the home of Miss Sylvia Denson last Thursday.

She also stressed the labeling of all crates, boxes, or cans before storing.

Cocoa and pumpkin pie were served to the following members: Mmes. Ernest Wells, I. E. Abernathy, Leonard Joplin, Floyd Barnett, John Bachman, Misses Pratt, Sylvia Denson and Mrs. Ott Denson as a new member.

Sept. 19 will be an all day meeting at the home of Mrs. Ollie Hindman. Let's have every member present. — Reporter.

DEMONSTRATOR IS PLEASED WITH GRASS

"We have a solid turf in our front yard now; it does not seem possible when it was just put out the latter part of March," says Mrs. T. D. Hale, yard demonstrator in the Prairie Chapel home demonstration club.

"I kept putting soil over the runners or setting runners in the bare or thin places until it is completely covered. We used Bermuda grass and watered it quite a bit during the summer."

"The grass has made the house so much cooler this summer and it has kept sand and dust out. But best of all the grass has made the yard an ideal place for the grandchildren to play," continued Mrs. Hale.

Lubbock Boosters

Feel Encouraged

Crops look good—so do Fair prospects at Lubbock.

That is the verdict of Lubbock business men after making the first two good will trips over the section advertising the Panhandle South Plains Fair.

A third trip is to be made to the northwest and western part of the Plains section Tuesday, Sept. 17.

Carrying novelties for the kiddies, literature for the grown ups, the good will trippers have spread the word of a two dollar show for a quarter, while H. A. Anderson, director, and the Lubbock High School Band concerts over the section.

Speakers told crowds of the thrills to be expected on the midway of the Wortham Shows, at the Harley Sadler 3 ring circus, and other attractions at the fair.

School children and farmers were told of the educational exhibits, of the fine livestock, poultry, swine, that will be on display and the many other interesting things awaiting the fair

visitor. Wednesday, Sept. 25, School Day, when all school children are admitted free, is expected to again be the biggest day of all, in spite of stellar attractions on all other days.

1,615 Reservations Indicate Big Enrollment At Women's College

With a total of 1,615 room reservation fees already paid, a note of optimism was sounded this week at Texas State College for Women (CIA) at Denton as figures show every indication of surpassing the record-breaking total of last year when 1,840 students enrolled. Registration will be held on Sept. 17 and enrollment is expected to surpass the 2,000 mark, according to officials at the college.

Of the total number of fees already paid, 150 students have made application for rooms in the cooperative dormitories. This cooperative plan, set up for the first time last year, offers a reduction in fees.

1933 STUDY CLUB

The 1933 Study Club held its first meeting of the new club year September third at the home of Mrs. C. H. McCully with Mrs. O. C. Arthur as co-hostess. Mrs. Foy Vernon gave President's greetings. The club gave salute to the flag, read "Club Collect", sang "The Eyes of Texas", and read the American Creed. Refreshments were enjoyed by thirteen members and a visitor.

State Board Of National Youth Announced

Lyndon B. Johnson, Director of the National Youth Administration for Texas Saturday announced the official appointment by the National Youth Administration in Washington of the Texas State Advisory Board. It is composed of nine members, who are:

A. J. Wirtz, of Austin. An attorney. Former State Senator. Actively interested in the betterment of youth, and outstanding leader and friend to the cause of education during his public service.

Miller Ainsworth, of Luling. State Commander of the American Legion Department of Texas, and banker. Outstanding for work with Legion's youth organizations, which have progressed notably under his guidance.

Joseph S. Myers, of Houston. Former Assistant District Attorney for Harris County. Spokesman of organized labor for a number of years at Austin. Former State Labor Commissioner, and now member of the United States Conciliation Service. Always actively interested in youth in labor organizations.

H. J. Luther Stark, of Orange. Chairman of the University of Texas Board of Regents. Actively engaged in lumber and real estate business. Notable for his service to youth.

D. H. Perry of Robstown. Director of the American National Cotton Cooperative Association. Identified with agricultural movements in the State, and particularly interested in the young farmers' program. Active in the work of the Future Farmers of America.

Beauford Jester, of Corsicana. Former Chairman of the University of Texas Board of Regents. An attorney, and active in Texas University student circles. Reversed by youth for his interest and the work he has done

in its behalf.

Sid Kyle, of Pecos. Graduate of A. & M. College, and prominent in the activities of the Ex-students Association. Has extensive ranching interests in West Texas.

R. B. Anderson, of Godley. Texas State Tax Commissioner. Former law professor at the University of Texas. Former State Legislator. At 24 years old is one of youth's real leaders.

Wallace C. Reilly, of Dallas. Executive Secretary of the Texas State Federation of Labor. Member of the State Apprentices Committee—a man who is finding places for youth in industry, and who for several years has devoted himself intensely to this branch of his work.

"These men will act in an advisory capacity for the whole program of the National Youth Administration in Texas, in which approximately 5,000 college students and 10,000 high school students will be assisted in obtaining an education, and in which the 61,413 young men and 62,467 young women between the ages of 16 and 25 now on relief rolls of the State of Texas will be helped to find employment through work relief projects," Johnson said.

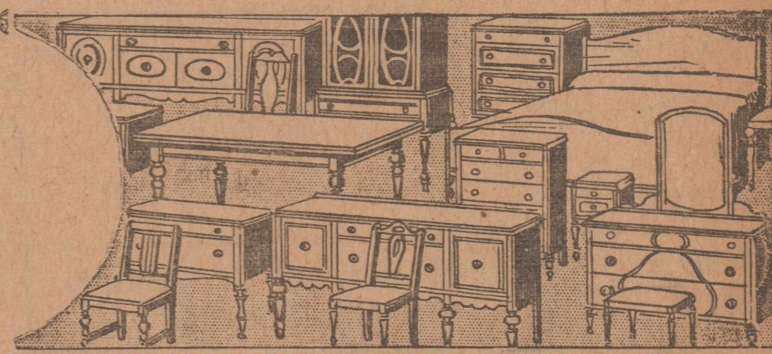

"I feel that the background of each member of this board fits him especially for this work. There is not a man on it who is not notable in some field of service to young people in Texas, and most of them for many years on their own initiative, without governmental assistance, have had a youth program of their own. The National Youth Administration is fortunate in having men of this caliber willing to give their time to the development of its program. It is encouraging to know that the administration authorities in Washington have chosen such outstanding men so thoroughly representative of Texas in the cause which are serving."

"Guidance and counsel of this board will be directed toward the preparation of suitable projects to employ youth, to remove them from the relief

rolls, and to start them on careers of their own. It is expected that with the counsel of this board the National Youth Administration, through the Works Progress Administration, will be able to make a heavy reduction in the total of 123,890 unemployed youths on the rolls of the Texas Relief Commission."

YOUR CHILD AND THE SCHOOL
By Dr. ALLEN G. IRELAND
Director, Physical and Health Education
New Jersey State Department of Public Instruction

Touring
The summer auto trip with children along takes a little planning. Wherever you go, conditions are not exactly the same as at home. Some families carry water from home in glass bottles. Others boil water and some use the chlorine treatment, which your physician or druggist will explain. Pasteurized milk is your one safeguard when traveling.

Always wash thoroughly all fruit and vegetables purchased along the route. Do this even when you buy direct from the farmer. Just remember he may have used poisonous sprays to kill insects. Take along a supply of paper cups. The glasses at roadside stands are not always as clean as yours at home.

It is wise to consult your family physician about first aid needs and laxatives. A little kit is often a blessing when least expected. Be sure to put in the soothing lotions you use for poison ivy and the cold cream for sunburn.

A word about eating. The danger is in eating too much and at irregular times. Avoid particularly the temptation to drink sodas and bottled drinks. And conquer the desire to overload the stomach with ice water. No vacation can be had while riding on a sea-sick stomach.

Adults' games are entertainment; boys' games are serious business. Dr. Ireland will discuss them in his next article.

SOCIETY

MRS. JOHN L. KING, JR. HONORED WITH SHOWER

On Monday evening the J. P. Carson home was the scene of a lovely affair, a miscellaneous shower honoring Mrs. John L. King, Jr., recent bride. Co-hostesses with Mrs. Carson were Mrs. Weldon Grimes, Mrs. L. R. Barrett, Mrs. L. W. Langston, Mrs. J. E. Morris, Mrs. W. S. Campbell and Mrs. Foy Vernon.

Roses decorated the rooms where the guests were assembled and where the many beautiful gifts were displayed.

Mrs. W. R. Weaver gave a toast to the mothers, and Mrs. A. M. Walker toasted the bride, not forgetting the groom.

Musical numbers were given by Mrs. Gerald Wadzeck, who sang "Smilin' Through", and the 1931 Study Club quartet, who gave "The World is Waiting for the Sunrise." The quartet is composed of Mmes. Wadzeck, E. W. Mars, D. H. Zachary, and J. H. Henry, with Mrs. Floyd McArthur accompanist.

Those who registered in the hand painted "Brides Book", or sent gifts were:

Mmes. Callie Denson, John L. King, Buster Parrish, J. C. Butler, Geo. Sloan, C. L. Love, H. P. Gibson, I. E. Abernathy, Ray Sanders, S. R. Bowman, D. H. Zachary, Floyd McArthur, J. W. Henry, J. H. Swan, E. J. Cowan, A. M. Walker, W. R. Weaver, A. O. White, Faugst Collier, Oran McClure, L. A. Lollar, E. L. Smith, Ernest George, Barney Johnson, M. H. Brannen, M. H. Costlow, Geo. S. Link, B. Williamson, H. C. Moore, E. C. Edmonds, W. D. Starcher, A. M. Sheppard, John Albin, J. C. Payne, B. F. Hale, E. L. Caraway, Cal Martin, G. B. Wadzeck, E. W. Mars, Lela Evans, J. A. Koon, C. H. McCully, Murray A. Lea, Jr., H. G. Cato, Roy Stovall, J. C. Keen, T. H. Blackwell, E. A. Mayfield, J. L. Wolfe, Luther Powell, S. C. Fallis, Alton B. Chapman, G. J. Lane, W. F. Godfrey, J. I. Mecom, W. B. Lee, E. S. Lee, W. A. Bell, Elzy Watson, Burford Johnston, Netha Campbell, W. C. Gruben, V. C. Smart, M. D. Ivey, J. M. Foster, Oscar Kelley, C. B. Middleton, W. R. King, Jack Rector, M. E. Manning, C. Fite, L. A. Hindman, G. H. Snider, B. T. Moore, M. B. Smith, W. E. Putman, Rachael Barfoot, Misses Flora Denson, Vera Sheppard, Ruby Rae Williamson, Nellie Mecom, Rita Mecom, Etta Fite, Tona Slaton, Gillie Slaton, Francis Manning, and Annie Mae Lasseter.

HARGIS-CARLISLE NUPTIALS

H. P. Hargis and Miss Bertha Carlisle were married Sunday afternoon at three o'clock in the home of Mr. and Mrs. Foy Vernon at 917 West Harris Street, a number of relatives and friends witnessing the ceremony. Dr. M. F. Ewton, pastor of the First Baptist Church, performed a ring ceremony.

The home was beautifully decorated with ferns and cut flowers. The bride wore a blue swaggar suit with accessories to match. The maid of honor, Miss Nedra Hogan, wore a black crepe suit with matching accessories.

The groom was attended by Rex Carlisle, brother to the bride. Little Miss Mafai Carlisle, niece of the bride, carried the ring on a white satin pillow.

After the ceremony the guests were invited into the dining room and were served with cake and punch.

Methodist Revival Closed Friday Night

The revival meeting which was conducted under the auspices of the First Methodist Church closed on Friday evening with a great service. Rev. E. L. Yeats, the pastor, stated that it was one of the greatest meetings he had ever attended. The morning services were well attended and there were record crowds at the evening services.

Rev. Johnson and Rev. Culwell were a great revival team and did good work. There were 15 additions to the church and there are several more yet to come in.

EAT WHE-CO BREAD

Mr. and Mrs. D. Y. Twaddell left Sunday for Austin where Mrs. Twaddell will look after official business as our County Superintendent.

ASSEMBLY OF GOD CHURCH HAS GREAT REGIONAL MEETING

With more than forty delegates in attendance the Western district of Texas Assembly of God Church went into a regional fellowship meeting here Monday night. Rev. A. C. Bates, of Clovis, N. Mexico, the District Superintendent, preached a good congregation Monday night which was the opening sermon. Also, he was the principal speaker throughout the convention.

Tuesday morning was taken up with business and church topics discussed by the leaders. Rev. Clarence G. Love, of Lubbock, who is the young people's leader, spoke on the advancement of the young people in the church. Rev. L. Fortenberry, of Littlefield, gave a very able address on Christian Fellowship. He was in charge of the meeting Tuesday.

Tuesday night Rev. Fortenberry delivered a very able sermon. The night sessions were devoted to evangelistic work altogether.

Rev. Edwards, the pastor, stated that a number of people not in his church assisted with entertaining the visitors by furnishing rooms. Among these were: Judge and Mrs. Campbell, Mrs. W. S. Leach, Mrs. Vivian Brown, Mrs. Jesse Mallory, Mrs. McNearlin, Mrs. Tanner, Mrs. Walker Bingham, Mrs. W. P. Foster.

Mr. Edward stated that the church is very grateful to Mr. Parker, owner of the theatre, who let them hold their meetings at the Ritz Theatre.

One of town delegates who registered were:

Rev. A. C. Bates, Clovis, N. Mex., Rev. and Mrs. L. Fortenberry of Littlefield, Rev. C. R. Love of Lubbock, Mr. and Mrs. R. C. Nicholson of Cache, Okla., Cecil Vaughn and family of Cache, Okla., Rev. and Mrs. W. Bice of Jayton, Mr. and Mrs. M. F. Hagar, of Jayton, Mr. and Mrs. A. C. Hagar of Girard, Mrs. J. E. Collier and children of Crosbyton, Rev. D. E. McGuire, Rev. E. O. Pior and J. P. Fulfer of Levelland, E. D. Fulfer of McAdoo, Mr. and Mrs. Ed Brooks of Girard, Mrs. C. N. Myers and children of Peacock, Mr. and Mrs. H. H. Warren of Crosbyton, Mr. and Mrs. T. A. Smith and George McWilliams of Jayton, Mr. and Mrs. Vernon Hagar and Mr. and Mrs. Lonnie Burrow of Jayton, J. F. Hooser, city, Mr. and Mrs. Harris and Mrs. J. W. Murdoch of Matador, Rev. J. F. Walls of Turkey, Mrs. Ola Guinn and Mrs. D. A. Guinn of Roaring Springs, Mr. and Mrs. J. H. Kimble of Whiteflat, Mr. and Mrs. C. E. Vaughn, Mr. and Mrs. Joe Smith and Mr. and Mrs. Henry Bruce of Jayton, Mrs. S. A. Burleson, Rev. and Mrs. Sam Hines Mr. and Mrs. W. F. Stowers, and A. L. Wilkerson of Littlefield, Rev. A. McWilliams of Matador, Rev. and Mrs. T. N. Powers of Las Cruces, N. Mex., Rev. J. D. Jones of Roaring Springs.

The Assembly of God Church went into a state meeting at Dallas Wednesday and most of the delegates to the Spur meeting went to Dallas Wednesday morning.

Mr. and Mrs. John Ciefken of Iowa, and John Kregor of Illinois, spent the last of the week here as guests of Mr. and Mrs. W. C. Gruben, and Mr. and Mrs. Henry Gruben. They are cousins to the Grubens.

Oh, the social whirl
Is great for the girl
Whose day has just begun,
But it's rather sad
For poor old Dad
Unless the food's A-1.

WOULD you like to acquire, quite simply and easily, the reputation of making the best home-frozen desserts in three counties? You can do it by being the first homemakers in the said three counties to make your refrigerator ice creams with marshmallows!

The truth is that it is easier to make still-frozen ice cream perfectly smooth than it is to make it full of little ice crystals, though the latter is the way it comes to most tables. It is even easier than not to make ice cream at all, once your family has tried it and learned to clamor for it!

Using marshmallows is the one sure way to make ice cream smooth without a bit of stirring. Besides, it cuts down the ingredients and thus simplifies the recipe; and it cuts out entirely one ingredient which almost every still-frozen ice cream contains—that is, anxiety. When you put marshmallows into your ice cream, thus turning it into a marlow, you may be perfectly assured that nothing can happen to it. If you do not operate a mechanical refrigerator, use an ice cream freezer, without agitating, or pack the mixture in a mold, and freeze in an ice-salt pack. The mold must have a tightly fitting cover, sealed with adhesive tape. You can no more help serving a perfect ice cream than you can hope to save any of it for tomorrow—although, of course, it could be kept if any of it was left to keep.

Ribbon marlow is a recipe which, when served, has an unusually festive appearance, and which endears itself especially to the lover of strawberries.

RIBBON MARLOW
20 marshmallows 1/2 cup crushed strawberries
1 cup milk
1 cup whipping cream

Melt marshmallows in the milk over hot water. Chill until slightly thickened and add whipped cream. Pour half the mixture into the refrigerator tray or mold, cover with crushed berries, and over these pour the remaining cream mixture. Freeze without stirring. Any other berries may be substituted for the strawberries if desired.
