TOWNSEND BILL OUTLINED BEFORE VAST NUMBER AT RECENT LUBBOCK MEETING

The Townsend Plan Proposes "To Free the American Citizens Now in Commercial Slavery in This Country" According To Hon. J. K. Newson, Principal Speaker At Mass Meeting

Speaker Estimates Near Eight Millions Would Be Eligible Under Proposed \$200. Month Old Age Pension Plan

Citizens of the South Plains area assembled at Lubbock last Thursday evening to hear the merits of the Townsend Old Age Pension plan discussed. The District Court room at Lubbock was practically filled, some estimating the number of people at 1,000, others a greater number. Judge J. J. Dillard acted as presiding officer of the meeting.

Judge Dillard introduced T. W. Moss, and in his introductory remarks Judge Dillard stated that he was introducing a man who held an A. B. Degree in the school of hard knocks. He stated that Mr. Moss still had corns in his hands from digging out the mesquite in West Texas, and he is yet a young man, probably he has a Masters Degree in the School of Life.

Mr. Moss stated that the common people had underbid for jobs and had overbid for homes. That the Federal Government had infringed on States rights until the principles of Democracy had been done away with. Mr. Moss spoke about three minutes and then introduced Hon. J. K. Newson of Fort Worth who addressed the people. Before starting his address Judge Newson stated that he wanted his friend and co-worker, James H. Boyce, to have a few words.

Mr. Boyce stated that he considered the Townsends among the best men and women in the Democratic and Republican parties because they are trying to do something to help the country. He stated that the masses are going to take charge of this government, set up a good government at Washington, then in Texas, and in every county and city in Texas. It is our physical solution. "Any one who will go against the Townsend plan would see his own child murdered by ravenous beasts," Mr. Boyce stated. He stated they are 435 Congressional districts in the United States and that every one is either organized or is being organized by the Townsend forces. He then pointed to a chorus of colored people and said, "their grandparents were in slavery, but even at that they were cared for better than many white people today. Dr. Townsend proposes to bring on a new era by putting laws on the statute books that will give everybody an equal opportunity. He wants boys and girls to have a chance to make an honest living. We only want the government to put into circulation about one-third of the money that should be."

Judge Newson in beginning his remarks asked for the various classes of professions and businesses represented. The congregation contained lawyers, merchants, doctors and a great number of farmers and laboring people. Judge Newson then remarked that he felt he had a great number of his class of people present. He stated that he brought greetings from ten million members of Townsend clubs in America.

He then stated that one year ago the people sent petitions to Congressmen at Washington to enact into a law the principles of the Townsend plan. He said they refused to do the thing, but the plan is going to be put over. If the present Congressmen cannot follow the will of the people, then to elect Congressmen who will put these principles into law. He said that the Townsend plan is growing at the rate of a million per month. The radios everywhere have programs of the Townsend plan and also, there are program against it. He said there are many people giving their time, newspapers are taking it up and several great statesmen.

He then stated that manufacturing industries like Mr. Ford are declaring for the Townsend plan. Many people are going for us, while others are still doing the bidding of their masters. He stated that the uninformed and those who exploit upon others are against us. The Townsend plan is an answer to a long agonizing cry of the people in jeopardy, he said.

Statistics Quoted

He then quoted statistics given out in a survey by Columbia University and Yale which stated that the United States either owned or controlled 49 per cent of the wealth of the world and have a population of only 7 1-2 per cent of the world. He then said, "This means that there is plenty and to spare for every man to have the necessities of life and to educate our children. With 49 per

Scout Leaders To Meet At Spur

The organization of Boy Scout Leadership Training Courses to be conducted in Crosbyton, Lorenzo, Ralls, and Spur was perfected in a meeting held at Crosbyton on Sunday, January 19th, of Scout leaders from these towns. The men received leadership training covering three sessions which they will later put on in connection with courses in their own towns.

Next Sunday, Jan. 26th, a similar meeting will be held with the same group of men at Spur. They will study the last three sessions of the course to be later given, Earl M. McClure, Boy Scout Executive is conducting the meetings to train leaders to carry on Scouting more effectively.

At this same meeting, District officers for the Eastern District of the South Plains Council were elected, C. Sowell of Ralls was elected chairman; E. S. Crider of Spur, Vice-chairman; and Hugh E. Nation of Crosbyton, secretary. Other committee organization will be perfected at a later date.

Rotary Club Meets At Noon Today

The Rotary Club of Spur will hold their regular noon luncheon at the Spur Inn at 12:00 o'clock today. The program for this day had to be changed and the program which was to be given February 13 will be given today. Henry Alexander is in charge of the program. The subject is "Credit" and O. F. Priest will discuss the function of credit on business, local and national. The way to make a hundred per cent meeting is for every one to be present. The fellows are looking for you.

Edwards Will Run For Sheriff

F. L. Edwards was in Spur Monday and stated that he will be a candidate for the office of Sheriff, Tax Assessor and Collector. He said he would make his formal announcement a little later. He served as deputy sheriff under the late W. B. Arthur and seemed to be very thorough in the exercise of his duties. He stated that if he is elected he will do his best to make the people the best sheriff they have ever had.

Hale For Precinct One Commissioner

C. C. Haile is making his announcement as a candidate for the office of County Commissioner for Precinct No. 1 subject to the action of the voters in the Democratic Primary. Mr. Haile has been in Dickens County for 39 years and has seen the development of the country. He is a successful farmer and has had a wide experience in business and has handled his own personal business in a very fine way. He is a reasonably large taxpayer and says he will use his influence to see that the people's money is not wasted. He stated that he believes in progressiveness but not to go beyond the ability of the county. He solicits the influence and support of the voters in Precinct No. 1 in the Primary and promises faithfulnes to the trust if elected.

Whiteflat Group On Air Sunday

Rev. H. T. Harris and Girls Quartette of Whiteflat will give a radio program Sunday afternoon between one and two o'clock over the Lubbock station. Rev. Harris pastored a number of churches in this county and has a great number of friends.

Kinney Opens New Funeral Home Here

Bill Kinney is making new arrangements about his funeral home. He has secured a lease of the Love Building and is making new plans all the way through. At the front is a nice reception room where people who visit the home may sit down and rest. Just back of this room is a nice casket room with a canopy where people may leave the body of a deceased friend while other funeral arrangements are being made. This room is elaborately furnished.

Then farther toward the rear of the building is a display room where a number of caskets are on display together with shrouds, robes, etc., This room is nicely furnished for the occasion. Back at the rear of the building is the work room and laboratory where bodies are prepared for burial.

In addition to these Mr. Kinney will have a small chapel where funeral services may be held in event people do not desire to use of the church of the town.

A nice display of ferns are in the windows, nice curtains are hung and new signs will soon adorn the front

Spur National Farm Loan Assn. Select Directors At Annual Meet

The annual meeting of the Spur National Farm Loan Association, which was held in Spur Tuesday, Jan. 14, was one of the best meetings in the history of the association.

F. W. Jennings of Spur; R. R. Wooten of McAdoo; Geo. A. Sloan, of Spur; H. O. Albin, of Spur and Dr. M. H. Brannen of Spur were elected directors of the association for the ensuing year. James B. Reed, was re-elected Secretary-Treasurer of the association for 1936.

A feature of the meeting was the annual report of the association and the interest manifested by the members present. A radio address by A. C. Williams, president of the Federal Land Bank of Houston, who spoke to the members of the 365 national farm loan associations in Texas who were attending similar meetings in cities and in towns all over Texas at the same hour. This was made possible through the cooperation of the major radio broadcasting stations which make up the Texas Quality Network.

Mr. Williams explained the types of credit available through the units of the Farm Credit Administration, the basis upon which appraisals are made in connection with applications for land bank loans, and the advantages of these credit institutions. He also commented upon the important part which the co-operative farmer-owned farm loan associations play in the successful operation of the Federal Farm Loan system, and emphasized the fact that the Farm Credit Administration units offered the several types of credit needed by agriculture. "Farmers generally should familiarize themselves with the several types of loans available through these institutions, with the view of developing cooperative credit centers where deserving borrowers may secure both long and short term credit according to their needs," said Mr. Williams.

The Spur National Farm Loan Association has helped more than 27 of the farmers and stockmen of Dickens, Kent and Crosby counties refinance their indebtedness on a sound basis. Since the creation of the Farm Credit Administration in May, 1933, this association has made land bank and Commissioner loans in its territory amounting to \$556,000.00.

Esqula Golfers To Meet Tonight

Members of the Espula Golf and Country Club have been asked to meet in the directors room of the Spur Security Bank tonight. President B. Williamson has called a meeting of the Golf Club for 7:30 tonight and stated that he wants everybody in the club present and on time. There is important business to be transacted and it is the hope of the officers and directors that a good representation of the membership will be there. It is now time to make arrangements for the coming season. New plans will have to be enacted, and it is very important that this meeting be well attended. A new golf course is being laid out at this time and some new greens will be built this spring. It will be necessary for the members to talk over the plans at this meeting.

DICKENS M. E. CHURCH PLAN HOMECOMING Meet Opens Monday

The Methodist church at Dickens will hold home-coming services all next week beginning with next Monday night. Rev. I. A. Smith, of Seymour, will deliver the sermon to the congregation next Monday evening. Rev. Smith was pastor of the church many years ago. It is the hope that many of the members who have moved to other sections of the country will be able to be present for these services.

Rev. W. C. Parmenter will preach to the congregation Wednesday night. He is a former pastor. Rev. T. M. McBrayer of Lorenzo, will speak to the people one night, probably Thursday. Other speakers will be on the program other nights of the week.

Dedication Services

It is the hope of the church to secure Dr. O. P. Clark, of Abilene for Sunday morning, February 2. The present church building has been paid for and dedication services will be held Sunday, February 2. Dr. Clark was pastor of the church when the original building was erected. About 1927, this building was torn down and the material was used in a new building about the time Rev. W. W. Riley was pastor.

Rev. W. E. Bowen, presiding elder of the Stamford District, will hold quarterly conference at two o'clock in the afternoon of Feb. 2 and after the conference will be in charge of the dedication services of the church. He will preach the dedication sermon, and will also preach Sunday evening.

The people of Dickens will serve dinner at the church at noon Sunday, Feb. 2. Rev. J. Melvin Jones, the present pastor, stated this week that it is the desire to have as many of the former members of the church back as possible. He stated that he hoped that B. Y. Love, of Fort Worth, who had so much to do with the erection of the new building, would be present. He mentioned others on the list. He stated that the new building has been paid out and belonged to the congregation now.

Hogan Candidate For County Judge

A. B. (Shorty) Hogan has authorized the Times to say to the people of Dickens County that he is a candidate for the office of County Judge. He is a Democrat and solicits the support of the voters in the Democratic Primary. He stated that he would make his statement along the proper time, but is an avowed candidate now.

Gage In Race For Commissioner

M. B. Gage is making his announcement through the Times that he is a candidate for the office of Commissioner for Precinct No. 4. Mr. Gage is a Democrat and stated that he desires to serve his neighbors in the office of County Commissioner and if elected will do his best for them. He has lived in Croton community since 1918 and is greatly interested in the affairs of the county. He asks the voters of Precinct No. 4 to remember him in the Democratic Primary when they go to the polls to vote.

Butler Announces For Commissioner

Clarence E. Butler, has authorized the Times to announce that he is a candidate for the office of Commissioner of Precinct No. 4. Mr. Butler stated that he was born in Hamilton county and spent part of his life there. He served as engineer for a gasoline plant at Desdemonia for five years and has lived in Croton community on the same farm about twelve years. He is a progressive farmer and reasonably successful. He is a Democrat and asks the voters of Precinct No. 4 to give him consideration in the Democratic Primary, promising that if he is elected that he will look after the business of the county in a careful and painstaking manner.

President's Ball Next Thursday Nite

The third annual President's Ball will be sponsored at the Spur Inn by local people Thursday night of next week, January 30. H. O. Everts is general chairman of the ball and Dr. Brannen, Harvey Giddens, M. C. Golding and F. G. Collier are the finance committee.

At the President's Ball last year the receipts were \$177.50. Thirty per cent of the net was to be sent to national headquarters. This amounted to \$53.25. \$65.00 was placed in the bank at Spur to be used locally for crippled children and the expense of the orchestra and hall amounted to \$77.50. Of the \$65.00 placed in the bank here for local needs, ten dollars was used by D. L. Granberry on December 2, 1935 to send a man stricken with paralysis to his home in Ft. Worth.

Six dollars was used to prepare special basket for a crippled child in the county. This leaves \$49.00 in the bank and it is the hope of those in charge this year that the fund can be increased enough until it will be adequate to assist some unfortunate child in the county.

Tickets to the ball will be on sale within a day or two, and it is hoped that many people will buy to assist in the work. The program at the Spur Inn will start at nine o'clock Thursday night, January 30, at which time Spur people will join millions of others throughout the country in a jubilee the proceeds of which is to be used to secure medical and surgical aid for thousands of unfortunate children in this country.

Many people throughout the country last year bought tickets to the Ball who never have danced and did not dance last year. But they were in sympathy with those unfortunate children and made the contribution to assist in their behalf. Many people are doing the same this year and thousands throughout the country have purchased tickets who will not attend the ball but their money will help those children.

D. R. Stokes, Pioneer Passed Away Tues.

D. R. Stokes, often spoken of as Uncle Dave, passed away at his home on East Hill Street about eight o'clock Tuesday evening. He had been in feeble condition for several months and for the past several weeks could get about the place only as he was assisted by others.

Mr. Stokes was born in Virginia in April 10, 1856, and would have been 80 years of age next April. He came to Texas when he was about two years of age and has spent his life since that time in the state. When he was four years of age his father died and soon after the Civil War on he was forced to face these perils without the guidance of his father. He faced his responsibilities bravely, doing all he could to help his mother with the family and kept her with him until her death.

There were three children in the family. He and his sister, Miss Petie Stokes retained a home together, neither of them ever marrying. Another sister, Mrs. M. S. Thornton, (Continued On Page Four)

More Than 1000 Parity Cheques 300 Pools on Hand

Total Amount Of Both Divisions Will Exceed Fifty Thousands

County Agent Grady Lane and his office assistants are quite busy these days passing out parity checks to farmers in the county. There were 1,345 parity checks received amounting to \$42,876.48 which will be used by farmers to clear up old indebtedness or to finance them through another crop.

In addition to the parity checks there were about 300 special pool checks received. These amounted to \$7,307.74 which are coming very handy for the farmers at this time.

The total amount of both parity and special pool checks amount to \$50,184.22. This will be of great assistance to the farmers in the county and is the result of the agricultural program which was inaugurated by the President and the Department of Agriculture.

Albert Power For Sheriff - Collector

I am announcing for the office of Sheriff, Tax Collector and Assessor of Dickens County, on the Democratic ticket. I do this realizing that this is a man's job. Others, all good men, have already announced for the place. For them I have only the highest respect. I take the view that the office belongs to the people, and they give and intrust it to whom they see fit. When a man offers for public office, he, in a way becomes public property, and the people have a right to know about him.

I have resided in Dickens County since 1914. I farmed for many years in the Afton community. During the past few years I have farmed near Spur. I have at all times tried to mix with the people and stand for good and proper things, both personally and politically. I have had the honor of serving as local trustee, county trustee, and on the county cotton committee, and have always tried to be fair to my fellow man.

If you elect me your sheriff I will appreciate the honor and will at all times perform the duties in an honorable and impartial manner, treating all men equal under the law, and do my best to make you a sheriff as like for the highest and the lowest. I solicit the support of every citizen in the County, and will be grateful for any consideration.

Sincerely,
Albert Power,

Production Credit To Hold Annual Meet Tomorrow

Firm Saved Texas Farmers And Stockmen Thousands Of Dollars on 1935 Loans

The Stamford Production Credit Association is endeavoring to approach 100 per cent attendance at its annual meeting which will be held in Stamford, Friday (tomorrow), according to J. L. Hill, Jr., Secretary and Treasurer. Quite a little rivalry has developed among the 38 associations over the State, each trying to beat the others in the percentage of the members in attendance at the meetings. Every member has been asked to bring at least one guest.

In addition to the election of directors for the coming year, an interesting program will be given, including an address by an officer of the Production Credit Corporation of Houston. The manager and directors of the association will report to the members on the 1935 operations of the association, telling them how many farmers' and stockmen have been served, how much income the association has received, the amount of expenses for the year, and the net earnings available for reserves.

The address and the reports of the men in active charge of the association's affairs provide a good opportunity for members and other farmers and stockmen to learn more of the purposes of the association and the services which it is prepared to render to agriculture. They will also learn just how the association goes about making loans and the approximate cost of these loans to borrowers.

They will learn that Texas farmers and stockmen already own about \$500,000 worth of stock in the thirty-eight production credit associations in the state and that these borrowers have obtained about \$12,000,000 in loans during 1935 at a very low interest rate, which has resulted in thousands of dollars of savings to the members.

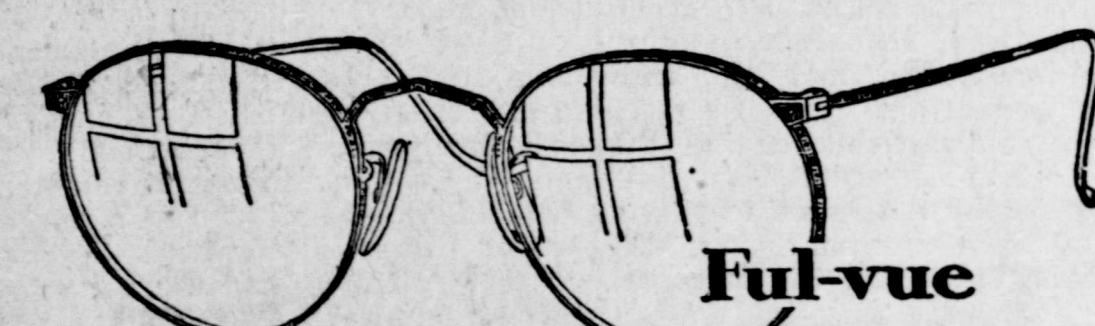

They will learn that during 1935 the amount of business done has been about twice as much as was done in 1934. Texas farmers and ranchmen, are showing a rapidly increasing interest in these new credit institutions, Mr. Hill said.

During the past two years much interest has been shown by the members of these associations in the fact that these are strictly farmers' and stockmen's organizations in which each member has a voice in the management. They have found that thru the selection of their own leaders as directors of the associations they can have an active part in seeing that the associations are serving the purpose for which they were established.

This association is serving Spur country and has aided many farmers and stockmen here.

Tells How To Start Automobile

Recent improvements have made the starting of automobiles in cold weather a much simpler operation than it used to be. However, owners of cars several years old can minimize their winter starting difficulties by following a few suggestions made by C. W. Wood, service and mechanical manager of the Chevrolet Motor Company.

"In very cold weather," said Mr. Wood, "even a well-charged battery will seldom withstand more than a short period of continuous cranking of the engine. In order to insure the quickest possible start, it is a good plan to pull the choke rod out before the ignition is turned on or the starter is operated at all. Advance the throttle slightly, but not enough to cause racing when the engine starts. Then step on the starter, and after the engine has made two or three revolutions to draw in the mixture, flip the ignition on. A quick start will usually follow. The clutch pedal should be depressed until the engine starts, to reduce the cranking effort required."

"There are, of course, certain precautions which should always be taken to make sure that the ignition system is at top efficiency. Distributor points and spark plugs should always be kept clean. Night starts should be made with the lights and other electrical apparatus turned off, to leave maximum power available for turning the engine over.

"Electrical systems have been improved of late to take care of the additional accessories. In the Master deluxe Chevrolet, the charging rate of the generator may be stepped up by a dash adjustment. However, occasional checking of the condition of the battery, an avoidance of unnecessary use of current, will go a long way, in any car, to prevent starting difficulty.

"It is hardly necessary to add that not only the crankcase oil but the transmission and differential lubricant, should be checked at the outset of the winter season and made to conform to the engineer's specifications for the car in question. This precaution, and adoption of the simple expedients suggested, will make for far greater satisfaction in winter driving."

Safeway Stores Make Statement

If the AAA decision of the Supreme Court results in lower food costs the benefit of all such reductions will be immediately passed on to the consumer, L. A. Warren, president of Safeway Stores, Inc., one of the nation's foremost distributors of food announced at his Oakland, California, headquarters today.

"In line with Safeway's fundamental policy of retailing food to the public at the lowest possible price, we will naturally pass along to the consumer the full benefit of any of the savings resulting from the courts ruling," Warren declared.

"At the present time, it appears too early to make a definite prediction as to the possibilities or extent of an immediate reduction in food costs pending a complete study of the situation and further national developments.

"But the public may rest assured that Safeway is ready to take equitable advantage on behalf of its cus-

tomers of any possible price reduction resulting from the court's ruling.

"It is to be hoped, of course, that this ruling will not have a deleterious effect on farm prices, for Safeway has consistently endeavored to pay the farmer the highest prices and at the same time aid him in the marketing of his products.

"Should the future results of the court's ruling create lower retail

prices, we will continue to give to agriculture, as always, the major portion of the consumer's dollars spent for farm products inasmuch as multiple unit distribution makes possible the elimination of unnecessary expenses between the producer and the consumer.

"In this connection we stand ready to augment our efforts to stabilize the marketing of specialty crops by waging more intensive, farmer-con-

sumer campaigns' than we have in the past.

"These campaigns have proved beneficial to both the farmer and the consumer in that they make possible an increased consumption of agricultural products," Warren declared.

COUNTY HOME DEMONSTRATION CLUBS MAKE WEEKLY REPORTS

CO-OPERATOR SETS FOUNDATION SHRUBS

Twenty-eight shrubs of nine different varieties were used in making a foundation planting recently at the home of Mrs. W. O. Garrison, yard co-operator in the Red Top home demonstration club. Among the native plants used were native cedar, agave, bear grass, wild currant, chemise, and strawberry cactus. Lilac, crepe myrtle and althea were used to give color to the planting. Evergreens should have a place in every foundation planting so that there is beauty the year round. Native cedar, afarita, bear grass, and cane cactus offer Dickens county people a good variety of native evergreen to be used. Wild plum, wild currant, chaparral, cat claw and Purple Daley are other native plants that add color in blossoms and fruit to the planting.

McADOO CLUB HAS MEETING

"Slips are to be made of broadcloth or similar material and may be either two or six gore slips," Miss Pratt told the McAdoo 4-H club girls in their meeting Friday morning.

One slip was cut and patterns given for the other girls to use. Making a slip is the first goal in clothing work this year.

Juanita Rose was elected vice-president to fill the vacancy.

Members present were: Mary Lee Brock, Louise Dozier, La Rue Holmes, Wanda McLaughlin, Clara Rich, Daisy Jo Rose, Juanita Rose, Ruth Ward, Alicia Butler, Mary Nell Nealey and Maudie Palmore.—Reporter.

SEWING BOXES CHECKED

Sewing boxes of the Patton Springs 4-H club were checked in the regular meeting of the club Wednesday morning. Two slips were cut in the demonstration given by Miss Pratt on making slips. Each girl is to make a slip or a pair of pajamas as the first goal in the clothing demonstration this year.

Club members present were: Della Dean Baxter, Tommie Bridge, Alverie Butler, Lowana Dunlap, Elsie Lee Pierce, Erma McCarty, Retha Quattlebaum, Bobbie Randolph, Florine Eedgwick, Maxine Slayden, Goldie L. Smiley, Dolly Jo Thannisch, and Norma Middlebrooks.—Reporter.

Henry Alexander returned from Dallas Tuesday where he attended the National Shoe Convention.

NATIVE SHRUBS USED IN PLANTING

"This is one time I'm glad our demonstrator had already set her foundation shrubs since I am to have the benefit of this demonstration being given here," said Mrs. John Bachman of the Soldier Mound demonstration club when shrubs were set across the front of her home in a demonstration on setting foundation shrubs for her club.

Wild plum, bear grass, lilac, color berry, and sage were used in the planting with care being taken to space the plants so that they will have ample room to grow and not be crowded. This selection of plants will give color in blossoms and berries thru the greater part of the year while the bear grass gives the evergreen feature.

Thorough preparation of the shrub bed is important in putting out either native or nursery plants. In the case of Mrs. Bachman's yard where the soil had blown away to the clay base, some of the clay was removed and soil hauled in so that the shrub beds would not be above the surface of the rest of the yard. The beds were spaded to a depth of fifteen inches from the base of the house out two and a half to three feet. This gave a loose, pliable soil for the plants.

CLUB HAS PLANTING DEMONSTRATION

"Plan your foundation planting so that you will have a permanent planting that is part evergreen so that it is pretty the year round," Miss Pratt told members of the Espula home demonstration club in their meeting Thursday afternoon when a demonstration was given at the home of the yard demonstrator, Mrs. F. B. Crockett.

"The important thing to remember in putting out shrubs is that they are going to grow and therefore need to be spaced so that they will not be crowded in a few years," Miss Pratt said as she spaced foundation plants along the north side of the Crockett home. Each co-operator is to set at least ten foundation shrubs as one of the goals in yard work this year. Suggested doornet planting plans were given the members.

The next meeting will be with Mrs. E. L. Spivey when Mrs. Crockett will give a tree planting demonstration.—Reporter.

M. C. Golding of B. Schwarz & Son, attended the Shoe Convention in Dallas this week.

CLUB HAS MEAT CANNING DEMONSTRATION

"All meat except mincemeat should be canned in plain tin cans," Mrs. O. S. Harvey told members of the McAdoo home demonstration club in their first meeting of the year Tuesday at the home of Mrs. W. I. Moore.

Mrs. Harvey demonstrated the meat canning principles when she canned pork roast. She gave each of the members present revised meat canning bulletins containing definite directions for preheating meats before sealing.

The next meeting will be at the home of Mrs. J. J. Griffin, Tuesday, January 28, when Miss Pratt will be there to give a demonstration on setting foundation plants.

Members present were: Mrs. T. L. Dozier, Mrs. R. Y. Allen, Mrs. Monroe Black, Mrs. A. J. Allen, Mrs. O. S. Harvey, Miss Hazel Moore and Mrs. W. I. Moore.—Reporter.

ESPUILA GIRLS START SLIPS

"Club slips are to be made with one eighth to one-fourth inch French seams," Miss Pratt told the Espula club girls when they met at the home of their sponsor, Mrs. F. B. Crockett, Thursday morning.

Two slips were cut during the meeting and patterns given to the others. To make a slip or a pair of pajamas is one of the goals in the club this year.

Two new members, Christine and Maxine Sandlin, were enrolled. Others present were: Marie Ball, Geneva Dutton, Gillene Elkins, Lois Holloway, Odell James, Eula B. McMahan, Elaine and Mildred Neaves, Christine and Maxine Sandlin, and Mrs. F. B. Crockett.—Reporter.

Consolidating Office Stocks

The West Texas Utilities Company, a firm serving 165 towns in West Texas, is closing out the merchandising stock in five offices in this district. The chief reason for this consolidation is to avoid the heavy chain store tax which applies to all these offices, and representatives stated that after paying the overhead and sales expenses of many offices there was not enough profit to pay the chain store tax and allow anything on stock investment.

For a Happier and Easier 1936

Just think of the happiness and ease that the modern housewife of 1936 may enjoy in comparison with less convenient methods.

Imagine yourself preparing an entire meal, placing it in the oven of the electric range, snapping a switch and returning later in the day to a perfectly cooked, delicious meal.

That's electric cookery, 1936. You can buy a Hotpoint Electric Range on the most convenient terms. Electric cookery rates are most reasonable and you will marvel at the full, rich flavor of electrically prepared meals. Let this modern method of cookery give you more ease in your home during this new year.

PUBLIC WEIGHER, PRECINCT NO. 2:
GASTON JACKSON (Re-election)

Wayne Van Leer Enters Precinct Race

Wayne Van Leer has authorized the Times to place his name before the voters of precinct No. 1 as a candidate for the office of County Commissioner for that precinct. Mr. Van Leer stated that he came to the county 36 years ago and for the first eleven years worked for wages at whatever work presented itself. The past 25 years he has been engaged in farming and stock raising. He stated that he does the farming with his own hands and knows how hard money is to get. He said he would see that every dollar of the county's money spent would bring value received. He is a Democrat and is appealing to the voters in Precinct No. 1 in the Democratic Primary for their support, promising his best efforts if elected.

Enters County Precinct Race

W. F. (Forrest) Ragland has authorized the Dickens County Times to announce that he is a candidate for the office of Commissioner of Precinct No. 2. Mr. Ragland has been solicited by many friends to make this race and it was through their influence that he finally consented. He has lived in Precinct No. 2 many years and owns land there, is a taxpayer and stated that if the people elected him as their Commissioner he will be diligent and considerate in handling the county business. He is a Democrat and has been interested in the county government. He asks the consideration of the voters in Precinct No. 2 in the Democratic Primary.

TO THE VOTERS OF PRECINCT NO. 1:

Some time ago I authorized this paper to make a statement that I would be candidate for the office of County Commissioner of Precinct No. 1 subject to the action of the Democratic Primaries in 1936.

First, I want to thank my friends for their support in my race for the office of Commissioner in 1934, and want to assure you that I certainly did appreciate the good words that were said for me and the many courtesies that were shown me during the campaign.

I have been a resident of the county for over 20 years and have tried at all times to live an honest and upright life and make an honorable and respected citizen.

I feel like I am qualified to fill the office of Commissioner in a courteous and efficient manner. I have had sufficient business experience in public life to take care of the financial interests of the county, which to me is the greatest of the necessary qualifications of a county official. My many years of experience in road building and maintenance will enable me to give precinct No. 1 value received for every dollar spent on the county high ways.

I submit my candidacy to the voters of Precinct No. 1 with the promise that if I am honored with the office of County Commissioner I will endeavor to give you the type of service that you have a right to expect. Hoping to be of service to you, I am,

Very truly yours,
Horace D. Nickles.

K. W. Street Will Announce Soon

K. W. (Willow) Street was in our city Monday and stated that he will be a candidate for County Commissioner for Precinct No. 1. He did not give us his official announcements but said that he will have it ready by next week and that his friends may expect him in the race. Mr. Street has been in public affairs and has been found true in every respect.

1925 BRIDGE CLUB

Mrs. Oron McClure was hostess on Wednesday afternoon to the 1925 Bridge club members and other friends.

Four games on contract were enjoyed after which purse size bottles of Coty's perfume were given to Mrs. F. W. Jennings, high club member, Mrs. D. H. Zachry high guest, Mrs. C. N. Lane high cut.

Mrs. McClure assisted by her daughter Miss Wynnell, served a delicious refreshment plate of chicken salad, crackers, olives, cherry pie and coffee to these guests: Mesdames Rochat Wooten, of McAdoo, Andrews, Jones, Davis, Jennings, Loverty, Zachry, Tillotson, Wilson, McGuire, Scott, Lane, Brown, Parr and Miss Julia M. Hickman.

DELIGHTFUL COURTESY PARTY

A lovely courtesy for Mrs. Bill Gregory, a recent bride, Mrs. Floyd McArthur entertained with three tables of bride at the Spur Inn Saturday afternoon.

A pink and white color scheme was observed in the tallies and table decorations.

Crystal bowls of gorgeous sweet peas and maiden hair fern graced the center of the tables during the refreshment hour.

At the close of the games, Mrs. McArthur gave a linen table cloth and napkins to Mrs. Gregory, Mrs. D. H. Zachry and Miss Ruby Rae Williamson received beautiful hand painted pictures as high and low scores, which they graciously presented to the honor guest.

A choice salad plate was served to Mesdames: Essie McGuire, John King, Jr., Al Van Dyke, O. C. Thomas, Bill Dorsey, F. W. Jennings, Joe Dick Giddens, Cap McNeill III, Dale Campbell, Dan Zachry, Misses Ruby Rae Williamson and Nina Landers, the honoree and the hostess.

CLUB HAS GOVERNMENT PROGRAM

"If there is necessity for the use of munitions then there should not be any profit from the manufacture or sale of them, said D. L. Granberry, who was guest speaker of the Twentieth Century Study Club for their American Citizenship and International Relations program Tuesday afternoon when the club met with Mrs. L. D. Rathiff.

Mr. Granberry's subject was "The Private Manufacture of Arms and Munitions—How Has It Promoted War and What Can We Do About It?" He gave excerpts from material sent him by Senator Mahon from Senator Neye's committee on investigation relative to the World War.

Mrs. E. S. Lee was elected treasurer to fill the vacancy made by Mrs. Ray Sander's moving.

Members present were: Mesdames: Lee, Kelly, Long, Foster, Crockett, Thomas, Caraway, E. S. Lee, Blackwell, Lane, Koon, Campbell, Cowan, Walker, Hale, Lane, Miss Clara Pratt, and the hostess, Mrs. L. D. Rathiff. —Reporter.

NEW GROCER IN TOWN

Mr. and Mrs. C. R. Walthall are the proud parents of a son born Tuesday. The young man weighed six pounds upon arrival. Mother and son are doing fine and Mr. Walthall is able to be back at the store. Whether or not the youngest will be a store manager is not known, but he is at present thrown in that environment.

LAWRENC FOR PUB WEIGHER

The Times has been authorized to place the name of Lawrence Fox before the voters of Precinct No. 1 as a candidate for Public Weigher of that precinct. Mr. Fox is a Democrat and is placing his candidacy subject to action of the voters in the Democratic primary. He practically finished a high school course, is a young man of talent and qualifications. He has been in the county twenty years and has done much public work including work for the county. He stated that he aims to see every voter in the precinct before the Primary, but he wants your support whether he sees you or not. He stated that if elected he would do his best to be a Public Weigher that the people would be proud of.

1931 STUDY CLUB

The program of the 1931 Study Club Tuesday afternoon was about Parliamentary Law.

Mrs. E. W. Mars was hostess. Roll call was answered with a parliamentary rule.

Mrs. George Tillinghast was leader and told of the "Need of Parliamentary Law in Clubs," after which Mrs. Grimes conducted a parliamentary drill.

At the close of the program the club chorus spent some time practicing choruses which are to be sung at the spring meeting in Lubbock.

Mrs. Mars served a refreshment course to the following club members: Mesdames McNeill III, Wadzech, E. Brown, McArthur, Tillinghast, Middleton, Langley, Collier and Zachry.

SHOWER FOR MRS. BILL GREGORY

Miss Ruby Rae Williamson, Mrs. John King, Jr., and Miss Imogene Neaves were joint hostesses on Wednesday when they entertained with a miscellaneous shower at the home of Mrs. J. L. King honoring Mrs. Bill Gregory a recent bride.

Miss Wilma McArthur, Mrs. John King, Jr., Mrs. Floyd McArthur and Mrs. Gregory formed the receiving line. Mrs. Joe Dick Giddens presided at the brides book, where the guests registered, after which they were ushered into the dining room where they were served tea and cookies.

Mrs. O. C. Thomas and Mrs. J. L. King served the guests. The dining room tables were beautifully set with a lace cloth and the room was lighted with pink candles.

After being served the guests viewed the array of lovely gifts, which was expressive of the many friends that the bride has.

Guests invited included Mesdames Keen, Jack Rector, E. C. Edmonds, Al Bingham, George Sloan, Henry Gruben, G. S. Link, D. H. Zachry, F. G. Collier, Edd McArthur, Lewis Lee, Jim Foster, Jim McArthur, Willie McCombs, D. L. Granberry, Jim Cloud, J. E. Reed, E. W. Mars, Floyd McArthur, M. H. Brannen, Violet McNight, E. S. Lee, W. B. TUESDAY BRIDGE CLUB

Mrs. Roy Harkey was hostess to members of the Tuesday Bridge club this week.

Two tables of players enjoyed several games of contract after which Mrs. Cash Wileman was presented with a box of lovely stationery for having high score.

Mrs. Bill Dorsey, a guest for the afternoon, received a gift also.

P. T. A. MEETS AT WICHITA

The Parent Teacher Association of the Wichita community assembled on Thursday night for a business meeting. Mrs. Dressa Giddings was elected secretary and treasurer to fill the vacancy of Mrs. Marion Thannisch. Several topics were discussed for the improvement of the school property. Also we discussed plans for sending a child from each grade to the Centennial. Their grades on the achievement test will determine who goes. —Contributed.

D. R. Stokes

(Continued From Page One)

passed away July 30, 1935. The only surviving relatives are the nieces and nephews as follows: Miss May Bell Thornton who has made her home with them much of the time for several years. Pete Thornton and John Thornton of Stamford, Mrs. L. F. Sharp of Clebourne, Miss Georgia Thornton of Stamford, Mrs. V. L. Martin of Stamford, and D. A. Thornton of Fort Worth; one cousin, Miss Mary Nelson of Fort Worth.

Mr. Stokes moved to Jones County in 1890 where he lived for about 10 years. Then he moved to Floyd county in 1900 and to Matador in 1906. He came to Spur in 1923 where he and his sister have resided since. He was engaged in stock raising business all of his life. He knew and loved the spirit of the west and had many friends among the early settlers of the country.

Mr. Stokes did not make much of a show of life. He was quite and reserved but no finer man ever lived. It was his policy that if he though a friend or neighbor needed help to go ask that neighbor and offer his assistance financially or otherwise. He enjoyed doing things for people on the quiet and no one knows how many times the needy have received assistance as a result of his benevolent attitude.

He was about 54 years of age when he joined the church. He lived devotedly to its principles and teaching. He loved to talk about religion and his friends and received much joy in helping to support the church in its program.

Funeral services were held at the First Methodist Church at three o'clock Wednesday afternoon, Rev. J. E. Boyd, of Miami, and former pastor of the deceased conducted the services. Interment followed in the Spur cemetery, W. S. Campbell acting as funeral director.

Active pallbearers were: Lester Ericson, Ernest George, J. L. King, of Spur; Fred Boland, Marice Campbell, and Marvin Patton of Matador. There was a big list of honorary pallbearers selected.

A great number of friends from various parts of West Texas were present for the funeral services.

THE NATIONAL FARM CONFERENCE

Never in history have national farm leaders united so harmoniously in a declaration of a protective policy for agriculture as in the national farm conference in Washington, January 10-11 according to reports received from Texas farmers attending the conference.

A seven point platform embodying the guiding principles for building a new farm program was unanimously adopted.

Representatives of the Texas Agricultural Association and Texas Cooperative Council present at the conference declare that a new farm program can be framed that will protect the farmers and at the same time meet the requirements of the Supreme Court decision.

"Whether such a program is enacted into law will depend on farmer sentiment," according to H. G. Lucas, president of the Texas Agricultural Association. "Business men should join the farmers in demanding legislation to safeguard the gains to business from the old AAA program.

"Farmers seek no selfish advantage for themselves, but demand protection from the damaging effects of the tariff. A fair deal for farmers means continued good business for every body," he states.

Texas was represented at the conference by Mr. Lucas, C. H. Day of Plainview; J. R. McCrary, president of the Texas Cooperative Council, Calvert; C. H. Matthews, Eagle Lake; V. R. Marshall, Heidenhimer; Hayden Perry, Robstown; L. T. Mayhugh, director of the National Grain Corporation, Kress; and Lamar C. Trousdale, American Rice Growers' Association, Houston.

Platform Adopted—

The platform adopted by the conference, includes seven points, abbreviated as follows:

- (1.) Rental of surplus lands by Secretary of Agriculture to conserve the soil, suggested rentals to be based on percentage of total cultivated acres where practicable otherwise on basis of either volume production or combined acreage and volume production.
- (2.) That Congress provide adequate funds for such program.
- (3.) That reasonable taxes be levied on livestock and dairy products whenever approved by producers for purpose of expanding foreign and domestic outlets for these products in a manner to be profitable to producer.
- (4.) That all valid parts of the AAA be retained and also strengthened. This refers to marketing agreements and the use of 30 percent of import duties for expansion of foreign and domestic markets of farm products.
- (5.) That all farm products coming into hands of government through this program be sold or distributed wherever possible through cooperatives.
- (6.) That the American market be preserved for American farmers, and foreign markets be expanded for surpluses.
- (7.) That all farmers unite on the single problem of an adequate substitute for AAA, leaving other important agricultural legislation for later consideration.

Resettlement Questions And Answers Cited

Below are some of the questions being asked Resettlement workers about farm programs:

Q. I'm not on a farm and I have no equipment. How can I get on one?
A. The Resettlement Administration has not launched a farm-buying program, so the only way such a man would get on a farm is to rent one. If he has made arrangements for a farm and is unable to secure necessary credits from any other source, he should get in touch with the County Rehabilitation Supervisor and they make application as a rehabilitation client, or if he is unable to rent a farm until he has arranged for a team, equipment and supplies, he then should first see the County Supervisor and determine whether he can qualify as a rehabilitation client.

Q. I've lived in town for fifteen years, but I was raised on a farm. How can I get a farm?
A. This is a farmer program—not a farm program. Resettlement will help only families who, when last gainfully employed, made the major portion of their living from the farm.

Q. Won't you help any one now living in town?
A. Not if they have made their living in town prior to the depression. Families forced to leave the farm due to loss of equipment, money, or homes will be helped back to the farm for a new start.

Q. I'm about to lose my farm. Will you refinance it?
A. Resettlement does not refinance real estate loans. However, the Debt Adjustment committeemen in each county may be able to help this farmer get refinanced through some other agency. He should present his problems to them.

Q. Will you help me buy the farm I'm renting. It's worth the money.
A. We hope to be able to do this for a few farmers this year. However, if the Bankhead Jones farm tenancy bill now in Congress is finally passed, the government will be able to help a great many farmers buy land.

Q. I have a chance to rent a good farm, but the landlord won't rent to me if I get help from you. He says you tie him up for three years. He says you won't even let him go in and finish the crop if I let it go to weeds. Do you demand a three-year lease.
A. Resettlement does not enter into negotiations for the lease, and does not dictate its terms. The only thing Resettlement demands is that the farm be capable of growing a living for the family.

Q. I live in Dallas county, but want to rent a farm in Hill County. Can I change counties?
A. Yet, but it is more difficult to get the loan approved as it must be checked by the supervisors in both counties, then approved by the state director.

Parole System Workings

So far as this community is concerned, Governor Allred's merit system of extending clemency to State prison inmates apparently is working out as planned. Albert Steves, Jr., chairman of the Bexar County Parole Board, reports that all of the 15 men recently paroled to it "have jobs and are doing well."

Though the prisoners in question were sentenced to Huntsville for such serious offenses as burglary and highway robbery, all have found employment—with aid from their citizen guardians—and have conducted themselves satisfactorily. Under the parole arrangement each prisoner must report to his sponsor at least once a month. That schedule may be shortened to twice a month or once a week, as appears best in the individual case. The citizen to whom the prisoner is paroled takes an active interest in his rehabilitation and well-being generally, advising him concerning problems which inevitably arise.

The Parole Board meets every two weeks to go over its charges' records contacting employers and otherwise checking up on each man's conduct. That service costs the State nothing as the board members are not paid; but it may prove inestimably valuable.

As demonstrated in the Federal prison system under Sanford Bates' direction, that method of handling probationers is an effective way to keep down the penitentiary population, thus relieving the congestion and reducing the operating expense. The benefits to the paroled man himself are not so readily calculable.

Many men released from prison—either on pardon or after "paying their debt to society"—become repeaters for lack of such friendly guidance as the new Texas system provides. Feeling that "nobody cares" the man turned loose to shift for himself too easily falls into anti-social attitudes, and at the first opportunity repeats his offense or commits a worse crime.

Some prison-inmates are incurable criminals and never should be released at all. It is the State Parole Board's business to distinguish between such an incorrigible and the man who is entitled to a second opportunity. Mistakes will be made, but psychiatry would reduce the risk of errors. Then an efficient checking system would detect the mistake before a second serious crime has been committed.

If the object be to reform, rather than to punish the offender, then his term in prison corresponds to the primary school, Parole represents secondary training; graduation is deferred until the former prisoner has established his fitness for complete freedom and citizenship.—Editorial, San Antonio Express, Jan. 7, 1936.

NOTICE TAX-PAYERS

NOTICE TO TAXPAYERS
I will be at Godfrey & Smart in Spur during the week of Jan. 20 to Jan. 25, 1936 for the convenience of those who wish to pay taxes there. Only current year taxes will be collected as the delinquent records must stay in the office.
It will be necessary for all qualified voters who become 21 years of age before July 1936, to have poll tax exemption receipts. However, presently exempt voters who are permitted before July 1936, to have poll tax exemption receipts.
We appreciate the cooperation of property owners in the payment of taxes, and would ask that you pay as early as possible to avoid a rush. All poll tax and exemption receipts must be applied for on or before Jan. 31, 1936. Ad valorem taxes become delinquent at that date also and a penalty and interest of 7 per cent must be collected during the month of February.

McAdoo

Rev. and Mrs. Frank Beaucamp and baby spent several days the past week at the home of Mrs. Beaucamp's parents at Morton, Texas. Jack Robertson, son of Mr. and Mrs. E. C. Robertson, was brought home Thursday from the hospital in Lubbock. Jack was injured while playing football at school and the injury proved to be so serious that an operation had to be performed. Mr. Truman and Rex Wallace were visiting their mother at Lorenzo recently.

W. C. Buster who has been seriously ill with pneumonia is improving slowly, however, his condition still remains serious. Doctor Honey of Ralls is treating him and Miss Fay Ola Miller is special nurse for the case. Curley Fox of the United States Army of Fort Sill, Oklahoma spent a few days here recently with his wife and parents. T. L. Dozier made a business trip to Afton the first of the week. The community auction sale that was held at McAdoo last Thursday proved to be a big success. A large crowd was present at the sale and a large number of house hold goods, farm implements stock and various other things were sold. Barbecue was served at the noon hour. Ladies of the Baptist church of Afton will present a play at McAdoo high school auditorium, Friday night, January 31. This is a good play. Plan now to see it. A small admission will be charged. The public is cordially invited to attend. Relatives from Lubbock and East Texas are here to see Mr. Brister who is quite ill with pneumonia. The students of the McAdoo school have finished with mid-term examinations and are ready to begin inter-scholastic league work. We hope to have a number of students enter in extemporaneous speaking and debate. Both of these subjects are interesting and educational. A snow storm swept across the plains Friday night and Saturday morning. A cold wind blew from the north and north east bringing the snow with it. This was one of the coldest spells of the season. The snow will be a great help to the very young wheat crop. Johnnie Johnson has been absent from school for several days suffering with pneumonia. Miss Hazel Harris of McAdoo and Vernon Morgan of Spur surprised their many friends by getting married recently. Hazel is a daughter of Mr. and Mrs. George Harris. Vernon is a son of Mr. and Mrs. Wiley Morgan of Spur. The couple will be at home in California.

How the Chevrolet Motor Company is cooperating in the war for traffic safety by staging a one million dollar old car scrapping program was described by E. L. Caraway and Joe Christal of the Spur Motor Company upon their return from an all-day meeting at Dallas, conducted by Mr. H. C. Howard, Zone Manager of the Dallas Zone.

"Chevrolet's oldest car disposal program," said Mr. Caraway, "is by far the most aggressive thing of its kind undertaken to date. For a limited time, under the Chevrolet plan, dealers will be reimbursed at a fair figure for every dangerously old motor vehicle taken in trade and then scrapped. Since the program is in effect throughout the whole country, a tremendous reduction in the number of such cars on the highways is certain to result.

Besides providing for the scrapping of outworn automobile, the Chevrolet plan has a cooperative feature whereby the factory and the dealer set up a fund for salesmen who do an outstanding job on used cars this month. The fact that so many good used models have been taken in the trades for new Chevrolets has boomed dealer's used car business, enabling Chevrolet to break all records for the months of November and December, while new car sales records were also hitting new high marks. The purpose behind the present plan is to maintain this fast movement of used cars, thus keeping the decks cleared for maximum new car selling."

Heavy advertising outlay for 1936, with the emphasis, as always on newspapers as the backbone of the entire program, is a major feature of the Chevrolet plans, Mr. Caraway said. "During December, he explained, "the Chevrolet Motor Company made extensive use of newspaper space in selling used cars. The fact that the sales eclipsed anything heretofore accomplished in December has strengthened the conviction of the advertising department that the choice of a medium was wise."

Among the points of interest that was brought out at the meeting in Dallas was the fact that Chevrolet is already making use of the new manufacturing facilities installed in 1935 at a cost of \$25,000,000. The output production for this month is 110,000 units, and the condition of the market, over the country as a whole, forecasts equal or greater production for February, Mr. Caraway said.

Miss Sadie Gabriel is spending this week in Roaring Springs visiting her father.

National Dairy Show Will Be Held In Dallas Early October

The National Dairy Show, one of the great cattle exhibitions of America will be held at the Texas Centennial Exposition in October. Directors of the National Dairy Association meeting at Chicago this week voted to make their twenty-seventh annual show a feature of the Lone Star State's birthday celebration which starts June 6. This great showing of dairy cattle will be held in the million dollar live stock and agricultural section of the Exposition grounds. The premium list will be one of the most attractive ever offered for a show of its kind.

Charles L. Hill, State Commissioner of Agriculture for Wisconsin, President of the Association, and Secretary Lloyd Burlington are enthusiastic over building progress on the model agricultural and live stock section of the Exposition which is now almost completed. Future farmers of America and 4-H Club boys and girls from all parts of the Southwest will visit the Exposition and witness the judging of the 1,000 fine dairy cattle which will be entered in the show.

Earl Thompson, Rusk county 4-H club boy, planted one acre of broom corn which produced 640 pounds of straw. This was made into brooms by the use of home machinery. Cash cost for material was \$25. Sales have brought in \$190.50 for the brooms.

Victoria Plans For Centennial Programs Soon

A Field Mass and Pageant, on the 15th of April, will be Victoria's contribution to Texas Centennial observances in an all day celebration. A Field Mass will be held in the morning with trips to historic spots in and around Victoria. A pageant will be held in the evening depicting 100 years of Texas history and 112 years in Victoria.

April 15, 1689, was the date when Alonzo De Leon landed near the "Big River," as his diary expresses it. Mass was said and the river was named Guadalupe in honor of the patron Saint. De Leon had been sent as an agent of Spain to claim the first white settlement made in Texas, established by La Salle, a French explorer, four years perviously. One of the first progressive steps made by the new settlers was a line of missions built across Texas.

Nuge Johnson For Re-Election

I wish to thank the people of Commissioner's Precinct No. 2 for electing me so many times. I am deeply grateful for this honor. I have tried at all times to make you a fair and impartial commissioner.

Two years ago when I announced for re-election I told you I would not seek this office again. I want to be plain with you. I told you this. I fully intended at that time and at all times since to not be a candidate for the office again.

The time has now come for you to consider who you will have for your next commissioner. In view of what I told you two years ago I now find myself in an embarrassing position.

Many citizens are now insisting that I again offer for commissioner. I appreciate this loyalty. I feel that there are many others in the Precinct equally capable of making you a satisfactory commissioner. However, the citizens are now urging me to lay aside my personal desires and again make the race as too numerous to be disregarded. In fact I feel I would be ungrateful to you for your past favors if I now failed you and refused to run. I, therefore, am now again offering for your commissioner, and will, if elected, be glad to serve you to be the best of my humble ability.

Sincerely,
E.N. (Nuge) Johnson

Townsend Bill Outlined At Mass

Continued From Page One

cent of the wealth of the world and only 7 1-2 per cent of the people and with people starving, there is something wrong." Then he went on to say that the Columbia and Yale universities stated that there are 52,000,000 people on relief and 30,000,000 people are paid for government administration. "This makes a total of 82,000,000 of the 125,000,000 people in the United States that are being supported by taxes, and this makes taxes burdensome," he said.

Mr. Newson then quoted the late President Lincoln—"This country cannot survive half slave and half free." Then said the Townsend plan proposes to free the American citizens now in commercial slavery in this country. "Each year there are 1,000,000 graduated from schools and colleges in this country and 700,000 of them find nothing to do. The result is that some stray away from homes and soon get into trouble even many of them come from the best of homes in the country, stated Mr. Newson. He said, "When I was a boy the average for criminals was around 40 years, now it is about 18 years, showing that our young people are getting into the crime wave. Schools and churches may do their best but unless there is something done whereby people can have employment the crime wave is going to be enormous. It is going to take the Townsend plan or something else."

Then he stated that there are old men and old women who are with us with no place for them. 98 per cent reaching the age of 60 years in some manner dependent upon others. The Townsend plan will provide a living for them.

Then he explained the Townsend plan by saying it proposes to put into the hands of every person 60 years of age or more who will not follow any gainful employment the sum of \$200.00 per month, with the understanding that they will spend the amount within the calendar month. He then said there are about 8,000,000 people who will be eligible for this and it will require \$1,600,000,000 per month to take care of it. These old people must give their places to the young people and this will afford employment to many now on relief. He stated that mayors of larger cities recently petitioned the president not to take the relief off. He said the President said to industries to open up and give the people work or the government would feed the people and send industries the bill—a bill by way of confiscatory taxes.

Not Over Production

Judge Newson then said, "This is an economic problem. This country does not have an over-production but under-consumption. There is as much money in the country now as there ever was, but it is hoarded up and is not in circulation. The people say to give us money with which to buy and we will use all the farmers can produce and the factories can supply.

The Townsend plan will increase business from 100 per cent to 400 per cent making room for six and one-half million more people to be employed. The unemployment problem must be settled and the Townsend plan will do it."

He said some say it is too much. Then he asked the question, "Too much for what? Not to break the depression? We could have compromised for \$75.00 per month, but that would not break the depression. \$100.00 per month might satisfy the grocer and the dry goods man, but there is to be cared for. Children are to be educated. You men can buy a car, hire a chauffeur, buy some new clothes. You ladies can visit the beauty parlors, get a permanent, and if the old man gets too frisky, you can go to a plastic surgeon and get your face lifted and be on par with him."

How Paid

It is to be paid by a two per cent transaction tax. Every time a deal is made two per cent goes to the Townsend plan and back into circulation. It will reach the individual, the factories, the railroad companies, the lending companies. It reaches the buying of a suit of clothes, a dress, a horse trade and every other type of transaction. The big boys will pay the bulk of it. Mr. Ford will pay his part and says he welcomes the day when it comes in, said Mr. Newson. Prices will advance from five to

twelve per cent, but what does that amount to when you have the money to pay. Competition will take care of prices if business is turned loose. The law of supply and demand will regulate the quantity. Two per cent will more than raise the amount.

"There will be more people out of employment five years from now unless something is done," Mr. Newson said. The machine age is growing and fewer men are needed now and the machine age will be greater five years hence. Every ban, every factory, every merchant and business of every kind should welcome the Townsend plan for it will keep distress away from our country and make people happy. It will break up crime because no one will need to steal for a living."
