Motley Grand Jury Honors Memory Of M. W. Chapman

The following is a copy of resolutions as drafted by the Grand Jury of Motley at the March term of District Court in memory of our late citizen, M. W. Chapman. The following resolutions are being published by request of the Motley County Grand Jury and are as follows: The State of Texas, County of Motley:

WHEREAS, on the 22nd day of March, A. D., 1937, during the deliberations of our Grand Jury of Motley County, Texas, the father of our esteemed District Attorney was called from this world by death, to-wit, Mr. M. W. Chapman of Spur, Texas, he being the father of Hon. Alton B. Chapman, our District Attorney, who was working with our body at the time of the death of his father;

THEREFORE, BE IT RESOLVED, that we, the Grand Jury of Motley County, Texas, in session at the March Term, 1937, of the District Court of Motley County, Texas, hereby express our heartfelt sympathy for our beloved District Attorney, his mother, brothers and sisters, and all the relatives of the deceased, we wish to further state that during the funeral services of the said M. W. Chapman on Wednesday, March 24, 1937, our Grand Jury adjourned out of respect of the deceased and his son, our District Attorney.

We further resolve that a copy of these resolutions be given to our District Attorney, one copy given to the local newspapers in Motley and Dickens counties.

Witness our hands at Matador, Motley County, Texas, this 25th day of March, A. D., 1937, we are,

Respectfully,
THE GRAND JURY OF MOTLEY COUNTY, TEXAS.

By J. C. Lisenby, Foreman.

Big Singing At Dickens Next Sun.

The Dickens County Singing Convention will be in session at Dickens next Sunday. There will be singing all day and dinner served at noon. People are invited to bring their baskets and enjoy the day.

H. M. Warren and T. C. Cooper are beginning a singing school at Foreman Chapel next Monday night. They want to make this the biggest and best yet. Everybody invited. The men have just closed a school at Wichita where 125 were in attendance and one at Croton where 95 people enjoyed the school.

These men want to get the people of our county to singing and it will help greatly. Good singing with good leaders is a fine thing.

School Trustee Elections Saturday

All schools in Dickens County will elect members of their respective school boards Saturday. This election is conducted under the election laws of Texas and all qualified voters may vote for school trustees.

Spur Independent School District will elect two members to the Board of Education. Candidates who have filed are: Ray Taylor, W. F. Gilbert, Jack Rector and J. H. Dobbins. These men have been drafted by the citizenship of the district as no one desires to serve except from a standpoint of duty. The two retiring members are M. D. Ivey and Ray Taylor. After much persuasion Mr. Taylor consented to let his name be placed on the ballot. He has been a very fine member of the Board. Mr. Ivey did not desire to let his name be on the ticket. Mr. Gilbert is a new man in our community, but has had much experience in school work. Mr. Rector and Mr. Dobbins have been here for sometime.

SCHOOL BOARD ELECTION SATURDAY, APRIL 3, 1937

All school boards of Dickens County will elect from one to more trustees Saturday. It is hoped all eligible voters will vote in the election in their respective communities. The fate of a school is at least partly set when the trustees are elected.

Two county trustees from precincts are to be chosen also in this election. At this time, G. W. Bennett is serving as trustee at large, Earl Van Meter as trustee of precinct No. 1, Norman Lawson as trustee of precinct No. 2, C. R. Bennett as trustee of precinct No. 3. In the election Saturday, the trustees at large and trustees of precinct No. 1 are up for election.

The present county school board is quite efficient and interested in education. If there is any opposition to this board, it has not been heard by the writer.

Tom Smith, of Garza County and one of the early settlers of this section, was greeting friends and trading in our city Saturday.

E. C. Robertson, of McAdoo, was greeting friends and attending to business in our city Saturday. Mr. Robertson is one of the staunch supporters of our town.

Broad Jump—1. C. White, Wichita; 2. Winifred Scott, Twin Wells; 3. David Adkins, Highway; 4. Lee Robertson.

High Jump—1. J. Offield, Prairie Chapel; 2. Tie between L. A. Gates, Prairie Chapel and David Adkins, Highway; 4. A two way between Winifred Scott, Twin Wells, and Lester Ball, Espuela, giving a split number of points.

High School Juniors
440 Relay—1. Spur; 2. Patton Springs. Just two entries.

50 Yard Dash—1. Charles Scott, Spur; 2. Billie Harolson; 3. Flippin, Patton Springs; 4. Burman, Patton Springs.

Chinning the Bar—No contestants, went to Stanley Russell, Spur.

High Jump—1. Stovall, Patton Springs; 2. Bill Harolson, Spur; 3. E. Garner, Spur; 4. Newberry, Patton Springs.

Spur Farm Loan Association Meets Next Saturday

The Spur National Farm Loan Association plans to take an active part in the state-wide observance of the twentieth anniversary of the founding of the Federal Land Bank of Houston, according to James B. Reed, secretary-treasurer of the association.

The observance is scheduled to begin at 10:30 o'clock on the morning of Saturday, April 3, which will be twenty years to a day since the charter of the Federal Land Bank of Houston was signed.

A program of unusual interest is being prepared for the occasion, Mr. Reed declared. One of the highlights, he said, will be a radio broadcast featuring dramatic incidents in the history of the bank and the National Farm Loan Association in Texas. This broadcast, which will be heard from station WFAA at Dallas, as well as the other stations of the Texas Quality Network, will go on the air from 10:30 to 11 a. m. on that date. The Spur National Farm Association will provide a fine radio receiving set at the place of meeting in Bryant-Link Company's Basement. Other entertainment will include discussion of any subject that may come before the meeting.

This occasion will be one of the biggest celebrations in the history of the Spur National Farm Loan Association. Members of the association and their friends are urged to be present.

HIGHWAY CLUB MEETING

"Colors are very amusing this spring, such as navy and green, gray, blue and beige and pink. Avoid wearing beige an brown." Mrs. Martin told the Highway H. D. C. March 25 at Mrs. Cecil Estep.

There was a cake served which contained a dime, each slice sold for five cents, the member who got the dime bakes the cake for the next meeting. The money goes to the Educational Fund.

One new member, Mrs. Heath Bond, and Mrs. Forest Martin, Mrs. Calvin Wright, Mrs. Cecil Estep, Boyd Bilber and Mrs. Lester George, club members, were present. The club will meet April 8 at Mrs. Lester George.

(Too Late for Last Week)

Easter, a day that will be celebrated throughout the nation, is almost here. Easter is the festival commemorating the resurrection of Christ, observed in the Christian churches by the first Christians it was considered to continue the feast of the Passover at which the Paschal Lamb, a symbol of Christ, was sacrificed.

There was a long dispute in the Christian Church as the proper time for holding Easter, the Christians of the East celebrating it on the same day as that on which the Jewish Passover fell, that is, the fourteenth of Nisan, while the majority of the church celebrated it on Sunday next after this day. The controversy was decided by the council of Nice in 325 A. D., which fixed Easter on the first Sunday after the full moon which happens upon or next after March 21. If the full moon happens on a Sunday, Easter is the Sunday following.

Easter never occurs before March 22, or after April 25.

In 1761 and 1818 it fell on March 22, but neither in this nor the following century will such be the case again.

In 1913 it fell on March 23, as it did in 1845 and 1856.

The latest Easter in the 20th century occurs in 1943 on April 25.

Meeting Of Dickens County Council Held Here Thurs., Mar. 18

The Dickens County Council met Thursday, March 18, in the Methodist Church at Spur with the president, Mrs. Madge D. Twaddell, presiding. Six of the parent-teacher organizations of the county had delegates present.

The Spur High School chorus, under the direction of Miss Virginia Ramey, rendered several songs. Miss Grace Foster played the saxophone, accompanied by Miss Lillian Grace Dickson at the piano. Mrs. Madge D. Twaddell discussed school legislation. She stressed the necessity of working for the passage of House Bill No. 600 which is a state aid deficit bill. This bill must be passed early so that the schools can continue their terms. Oscar Kelley discussed Trends of the Modern High School. Many of the people do not realize that there has been any change made in the high school work but it is keeping abreast with the progress made in other phases of school work. Mrs. Weaver urged the attendance at the district Parent-Teacher Conference at Hamlin.

Mrs. Minnie Lewis was appointed chairman of the summer round-up project being sponsored by the council. Each organization is to appoint a member to help her in this splendid work. Mrs. Twaddell made an appeal for clothing for school children who are out of school because of having nothing to wear.

There will be one more council meeting this year.

SUNDAY SCHOOL MEETING AT DICKENS

TO THE VOTERS OF SPUR

Next Tuesday we are to elect a mayor and two commissioners to look after the business of the City of Spur for the next ensuing two years. We ask that you consider the candidacy of M. A. (Pap) Lea very seriously as we believe that he will make a good mayor, true and worthy of your confidence. Our present mayor has done well, but he has been in office quite a while and we believe there are others who can do as well, and probably a new man might inject some new methods into our city government. All of us know that Mr. Lea is a good, honest man, who will be as careful with City's business as he would with his own. He is a successful man in business, progressive in his attitude, and yet sees that every dollar spent counts for improvement. Vote for "Pap" Lea next Tuesday.

NOTICE TO OLD AGE ASSISTANT APPLICANTS

Judge Cloud, who is district supervisor of the Texas Old Age Assistance, advises that he will not be able to be in Dickens County at Spur and at Dickens Friday of this week on account of having to be in Lubbock that day making out his reports to the regional supervisor. He stated he will be in Spur and at Dickens Friday of next week at the regular times.

Billie Putman, who is attending school at the Texas Military Academy at Terrell, spent Easter holidays here with his parents, Mr. and Mrs. W. E. Putman. He returned to school Monday.

New Grocery Enjoys Good Opening Day

The new Clover Farm Store, which held its opening Saturday, reports a very nice day. Mr. Atkinson, the manager, stated that the first day was very good. He stated they did not have a rush for the day but people began buying early in the morning and continued steadily throughout the day. People bought quietly, taking plenty of time to go through the large stock of merchandise and select their needs.

This new grocery is one of the largest in Texas, the stock requiring a large double building for display. A big line of vegetables is kept in stock, as well as fruits, fresh meats and staple groceries. Many of the farmers stated that the new store is a great asset both to Spur and the country around.

Mineral Wells Golf Tournery April 29

The annual Invitation Tournament of the Mineral Wells Golf and Country Club will be opened with qualifying rounds Thursday, April 29 and match play through Sunday, May 2, according to announcement made by Frank Mahurin, chairman of the tournament committee of the club.

This annual tournament has proven extremely popular throughout West Texas in past years and has, more or less, inaugurated the West Texas tournament season each year. Local committees in charge of the various claim they are going to make the 1937 invitation the best met ever held and that indications point to a record aggregation of golfers even at this early date.

Recent rains and work on the course, a thorough grooming, the planting of additional shrubbery, special attention to the greens, is putting the course in fine shape and making it very attractive—a month later should find the layout in wonderful shape for the Invitation Tournament.

An invitation is extended to clubs and individual players and a program will be mailed out in the near future, Mr. Mahurin stated. "We are planning an elaborate program that will attract the best talent in West Texas to Mineral Wells at this time," he stated.

DICKENS COUNTY EDUCATIONAL ASSOCIATION TO SPONSOR TRUSTEE-TEACHER BANQUET

The Dickens County Educational Association will sponsor a Trustee-Teacher Banquet this year as one of the efforts of this Association to further the causes of education in Dickens County. This banquet will be held at the Methodist Church Tuesday night, April 6, at 7 o'clock. At this time the trustees will be the guests of their faculty in each respective schools.

The following program has been arranged:

Spur High School Band, Director Wm. B. Brown.

Invocation, Supt. A. C. Sharp.

Welcome, Supt. O. L. Smith.

Response, Mr. G. W. Bennett.

Songs, Spur Colored School.

Music, Lillian Grace Dickson and Grace Foster.

Report, Mrs. Madge D. Twaddell.

Trustees and Schools, M. D. Ivey.

Songs, Arranged by Alvis Yeats.

Address, Deputy State Superintendent.

NEWS AT THE COURTHOUSE

Judge Formby announces that a special session of the Commissioners Court will be held Saturday. Inspection of the new courthouse and accepting the work will be part of the business of this extra session.

All officers will move into the new courthouse next week. All the work will be completed this week and it is hoped that all work of District Court which is now in session can be moved into the new building by Monday.

The grand jury has been in session in the new building this week.

The District Court docket is being cleared of several cases this week which are being handled by the presiding judge. No jury cases have been called. The Pair case will be called Monday and some other cases requiring a jury will be called next week.

John Young, one of the good farmers of Afton country, was transacting business in our city Saturday.

Bonnie McDaniel Will Conduct 2-Day Cooking School

A home town girl who made good in a big city is Mrs. Bonnie McDaniel, noted home economist of Chicago, who is returning to her native land to conduct a modern Electric Cooking School for the people of Spur community, especially those who are interested in electrical cookery and desire to get the best in that line. Mrs. McDaniel, a native West Texan, is a graduate of Hardin-Simmons University at Abilene and has specialized in her line very extensively since her college days.

She will conduct the big two-days cooking school in Spur under the auspices of the Dickens County Times which will be held each afternoon of Thursday and Friday, April 8-9. The school featuring many uses of electric service in the modern kitchen, will be held in the large dining room of the Spur Inn.

Mrs. McDaniel, a representative of the Edison General Electric Appliance Company, makers of Hotpoint electric ranges, was secured to give Spur home-makers expert instruction in electric cookery, which has been widely heralded as the 1937 method of securing "time on your hands." It makes no difference where you live, if you use an electric range, this school will be worth much to you; and even if you do not own an electric range, you are asked to be present because you will get some good ideas about cooking.

In speaking of the new conductor for the cooking school E. M. Wilson, local manager for the West Texas Utilities Company stated, "years of training and research work in the Hotpoint experimental kitchens have given Mrs. McDaniel an authoritative tone when she declares 'You can produce culinary miracles with electricity.' The West Texas Utilities Company have been very kind to furnish equipment, electric ranges and electric mixers for the school. This school is going to be a great opportunity for the mothers and daughters of Spur community and the country around. The school is free and you have a welcome awaiting you.

Devout in her description of electric cookery, Mrs. McDaniel is enthusiastic about her return to West Texas. It does my heart good to show women in this great region the advancements that have been made in electric service, primarily so that they may be relieved of household burdens.

"Since the beginning of time, it has been the duty of women to prepare the food—peek into the kettles, ovens, stirring, watching. The job of mothering the family's food has progressed through many stages—always before with fire that blackened cooking utensils, burned her hands, blistered her face and besmirched the walls and ceiling of her kitchen.

"Electricity has removed this cloak of drudgery," Mrs. McDaniel adds emphatically. "The modern electric range is provided with a 'chef's brain' in that it works automatically. It watches over the oven, turning it on and off without attention from the homemaker. (It keeps temperatures accurate and enables oven inexperienced cooks to get good results. While electric cookery is relatively new, it is already widely used in many thousands of homes and promises to be outstanding influence on home economic instruction in 1937 inasmuch as housewives regard it as the answer to their long-felt needs."

Mrs. McDaniel said that girls, as well as their mothers, will find the school interesting and informative. The school and new recipes are free.

TREES AND SHRUBS

The Red Top Club met Wednesday with Mrs. W. G. Hinson. Trees and Shrubs were studied for the afternoon. Miss Pratt gave a milk test demonstration; also, a screen planting demonstration.

The following members were present: Mrs. Jim McArthur, Mrs. Effie Jones, Miss Gladys McMeans, Mrs. W. G. Hinson, Mrs. Childress, Miss Carrie Childress, Mrs. Matt Howell, Miss Mattie Howell, two visitors; Mrs. Bird Childress and Miss Opal Love.

Important Facts Disclosed By WPA Historical Survey

Musty records, half forgotten and long neglected in various recesses of 105 Texas county court houses, have yielded basic materials for research into the state's history through the efforts of workers on the WPA historical records survey.

The project, which has given employment to an average of 120 formerly jobless clerical workers since April, 1936, is eighty per cent completed. Remaining counties to be surveyed are smaller, sparsely settled, and more recently organized, therefore contain only about 20 per cent of the state's records.

Incidental to the cataloging of historical material has been the uncovering of heretofore undiscovered documents by researchers. In Laredo WPA workers found an exhaustive and heretofore unrecorded account of early Spanish government in Northern Mexico and Texas. Lost archives disclosed 4,000 separate documents relating to this early government. Two ancient wooden packing boxes stored in a forgotten corner of the Polk County court house were found to contain records maintained by Southern military leaders during the War between the States. A redemption receipt book found in the attic of the Smith County court house contained sufficient evidence to release to rightful owners \$32,000 in oil royalties long held in escrow. Agreements between Phillip Sublet and Sam Houston concerning the development of Sabine Pass in 1839 were uncovered in the Jefferson County court house.

Startling lack of uniformity in the system of keeping of records and the destruction of many valuable historical documents in the various counties is indicated by survey reports. A standard check list of records permitted and required by law in Texas, devised to aid the WPA researchers, is being used in an effort to bring about a greater degree of uniformity in county recording systems.

Aside from these by-products of research is the compiling of records

which should be of service to historians, students of political science, attorneys, and county officials. Workers have gone systematically through 126,000 volumes of records and through 157,500 file boxes in the 105 counties already completed. Each county's records are catalogued and each inventory is placed in the respective court houses. Complete sets will also be available to the public at the University of Texas Library in Austin, the Congressional Library at Washington, and about 50 other public depositories.

WICHITA GIRLS LEARN TO CARE FOR BODY

"Keeping one's hair and body clean will make an attractive looking person no matter how simply one is dressed," Miss Pratt, county home demonstration agent, told the Wichita 4-H Club girls in their meeting Thursday morning of last week.

"The care of the clothes means more than the clothes themselves," she said as she outlined ways of caring for one's clothing such as keeping it clean, pressed and put away in order, keeping straps, snaps and buttons sewed on and shoes polished.

Each girl made a fruit plan to include the berries and grapes needed by her family.

Club members present were Georgia Ruth Beechley, Stella Mae Cowan, Eva Lee Goolsby, Bobbie Ruth Minix, Wilda Morris, Nonale Hamilton, Ardell Pierce, Lora Fay Swan, Minnie Opal Thacker, and Mrs. Earl Murchison, sponsor.

WHOLE FARM DEMONSTRATORS WORKING

To terrace the farm, dig a trench silo, repair the cellar and add shelves, box in the gable end of the house, and build a clothes and quilt closet are some of the things Mr. and Mrs. John Sharp of the Espuela community plan to do this year as the first step in the Whole Farm Demonstration they have started. The terracing has been completed recently.

Mrs. Sharp is yard improvement demonstrator in the Espuela home demonstration club and she will continue that demonstration completing it next year. They have set trees, roses and some foundation shrubs this spring.

To start the family orchard and add perennial vegetables to the garden, start an alfalfa field are some of the things they plan to start this year and complete next year.

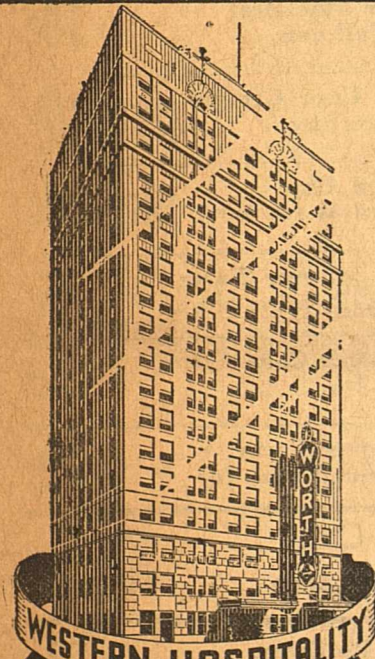

The Whole Farm Demonstration is a new demonstration planned by the Extension staff of A. & M. College to include the whole family and the whole farm. The family and the Extension agents in the county plan the work and decide what will be completed this year, and next and on until the demonstration is completed covering a period of three to ten years depending on the needs of the farm and the home.

There are four Whole Farm Demonstrators enrolled in the county. Besides Mr. and Mrs. Sharp are Mr. and Mrs. R. R. Wooten, Mr. and Mrs. Clark Forbis, and Mr. and Mrs. J. L. Thannisch.

Home Demonstration Club members learned in their meeting Thursday afternoon in the home of Mrs. A. C. George, Jr.

Twenty-six native plants were used in setting a screen planting. Wild plum, wild currant, flowering willow and lilac were used in the planting, which was put in a semi-circular grouping to screen more than one building.

Miss Bural Park, Mrs. Dixie Williams, Mrs. Lester George, and Mrs. J. C. Garrett, Mrs. Charley Walls, Mrs. Mary Lou Wright, Mrs. A. C. George, Miss Lorene Roberts were enrolled as new members.

The club will meet with Mrs. Cecil Estep March 25 for a fashion program.

Other members present were Mrs. A. C. George, Jr., Mrs. Ola Estep, Mrs. J. C. Garrett, Mrs. Cecil Estep, Mrs. Forest Martin, Mrs. R. L. English, Mrs. Lester English and Mrs. Lester George. —Club Reporter.

TRAINING FOR RECREATION COMMITTEE

"In putting on simple pantomimes or three-act plays the method should be the same. The three rules to follow are: 1. Think it clearly; 2. See it definitely; 3. Act it deliberately." Miss Hazel Moore, chairman of the Recreation Committee of the County Home Demonstration Council in a training meeting for club recreation chairman sponsors Saturday afternoon.

"If those rules are used you have the mind, body and voice working as one and perfect acting is possible. The simple rule of 'carrying your part five feet past the exit' will unconsciously be followed," she said.

Simple pantomimes such as the man falling asleep in church, the woman trying on hats, and at the movies were acted out with each one taking part. These pantomimes and others will be used in the recreation program in the clubs. Each recreation chairman is to bring a simple pantomime of skit to the second meeting of the recreation committee, March 27.

Those present were Mrs. Cecil Meador, Dickens; Miss Hazel Moore, representing Friendship and McAdoo 4-H clubs; Mrs. Lester English and Mrs. Alton Estep, Highway; Miss Mary Wooten, McAdoo; Mrs. Clark Forbis, Patton Springs; and Mrs. Earl Murchison, Wichita.

PLAY-A-WHILE CLUB

Mrs. David Wilson used decorations and party appointments of an Easter theme last Thursday afternoon when she entertained Play-A-While club members and seven guests.

(Too Late for Last Week)

Easter, a day that will be celebrated throughout the nation, is almost here. Easter is the festival commemorating the resurrection of Christ, observed in the Christian churches by the first Christians it was considered to continue the feast of the Passover at which the Paschal Lamb, a symbol of Christ, was sacrificed.

There was a long dispute in the Christian Church as the proper time for holding Easter, the Christians of the East celebrating it on the same day as that on which the Jewish Passover fell, that is, the fourteenth of Nisan, while the majority of the church celebrated it on Sunday next after this day. The controversy was decided by the council of Nice in 325 A. D., which fixed Easter on the first Sunday after the full moon which happens upon or next after March 21. If the full moon happens on a Sunday, Easter is the Sunday following.

Easter never occurs before March 22, or after April 25.

In 1761 and 1818 it fell on March 22, but neither in this nor the following century will such be the case again.

In 1913 it fell on March 23, as it did in 1845 and 1856.

The latest Easter in the 20th century occurs in 1943 on April 25.

Mr. and Mrs. Winston Woffard of Dickens, visited Mrs. Woffard's mother, Mrs. Sparkman, during the week end.

Mr. and Mrs. Robert Johnson and family of Crosbyton spent Sunday visiting in the home of Mrs. Sam Isaacs and family. Mrs. Johnson is a sister of Mrs. Isaacs.

Mrs. Norman Eldredge's parents live at Mart and they will visit with them and other relatives before returning home. Mr. and Mrs. B. F. Eldredge returned home the following day.

Several from McAdoo Home Demonstration clubs gave parts on the Dickens County program that was presented over radio station KFYO, Lubbock recently. Two songs, "Sweet Hour of Prayer" and "I Need Thee Every Hour," were sung by Mesdames Lois Brownlow, O. S. Harvey, Evelyn Johnson and Miss Hazel Moore. They were accompanied on the program by Miss Mary Wooten. A short play was also presented.

Events of the Dickens County Interscholastic League were held Saturday and Saturday night.

Playground ball and tennis contests were held Saturday at Spur High school. McAdoo grammar school boys and grammar school girls

won first places in play ground ball. McAdoo won 40 points out of 46 in tennis.

The county volley ball tournament was held at Dickens Saturday night, March 20. McAdoo won first place in this event.

Anti-Nepotism Bill, 34 Line Measure, Gets Committee OK

H. B. 550 by Rep. Ben. F. Cathey of Quitman is probably the shortest bill to be ordered printed during the 45th Texas Legislature's regular session—and, second only to liberalization of old age assistance and race track gambling repeal, doubtless packs the most dynamite. For this 34 line measure is the anti-nepotism act, an outgrowth of an exhaustive legislative inquiry by the 43rd session of 1933-34.

It is the type of legislation that gives patronage politicians bad dreams. It is the bogey man for department heads who hire or swap relatives in state positions.

It will amend Article 434 of the penal code by adding Article 434a, viz:

"No chief or executive officer of any of the state departments of this state shall hereafter employ any person who is related by affinity (marriage) within the second degree or by consanguinity (blood) within the third degree to such chief or executive officer or to any chief or executive officer of any other department of the state of Texas or to any member of the Legislature where the position, clerkship, employment, or services are to be paid for directly or indirectly, either in whole or in part, out of fees of said office or any public funds appropriated by the Legislature for such purposes. Any person who knowingly violates any of the provisions of this Article shall be deemed guilty of a misdemeanor and be punished as now provided by Article 437, Penal Code, 1925, State of Texas."

The emergency clause declares that "vicious practices" prevail in the hiring of state department employees. The bill is approved by the House committee on criminal jurisprudence, and is expected to come up for engrossment and passage soon.

That there is a determined effort to ferret out employment abuses in state departments, is also evidenced by the passage last week of HSR-143 by Cathey calling for a sweeping investigation of the alleged practice of married women using their maiden names to hide their identity on the public payrolls, especially when it is shown that their husbands are employed either in the same or another department. Plenty of fireworks are promised when this committee of five goes into action this week.

"We may also get around to looking into the employment methods used in the old age assistance compensation departments," declared Rep. Cathey in speaking of his bill and resolution. "If they really have a civil service system of merit we want to hold it forth as an example to other departments. But if it is a sham, we want to know it."

MEETING AT CHURCH OF CHRIST STARTS SUNDAY

G. A. DUNN, SR., Minister

The officers of the Church of Christ announce a series of gospel meetings beginning the first Sunday in April. They consider themselves fortunate in being able to bring to Spur as the chief speaker, G. A. Dunn, Sr., of Dallas, a noted evangelist of their faith.

Mr. Dunn has preached from Canada to the Gulf, and from Maine to California. He is a graduate of the Nashville Bible School, Nashville, Tennessee; Clark University, Worcester, Massachusetts; Southern Methodist University of Dallas; and has also studied at Winchester Normal, Winchester, Tennessee; Vanderbilt University, Nashville, Tennessee; and the Evangelical Theological Institute of Dallas.

The hymnal services will be under the direction of home people.

Services will be at ten a. m. and seven forty-five, p. m., daily.

The presence of no individual will be resented, stated the officers of the church, but is desired, and a welcome is promised to all.

"Ride, Ranger, Ride," at Palace

Full-blooded Indians in war paint—hundreds of them. Troops of Texas Rangers out to get their quota of redskins. Blue-coated U. S. cavalrymen "pacifying" savage chiefs and braves with Krag-Jorgensen muskets. High-wheeled prairie schooners as far as the eye can see!

Civilization at death grips with savagery! The whole softened with sentimental songs and music, love, romance and humor.

These ingredients of exciting outdoor drama form the background of Republic's "Ride, Ranger, Ride," latest Gene Autry musical which comes to the Palace Theater Saturday both matinee and night.

TO CITIZENS OF SPUR

We want to say a word about the election of City officers which comes up next Tuesday. We have in office at this time three very reliable men and they have a good set up. The present mayor during his tenure of office has reduced taxes, and we feel that it would be a fine thing to keep these men in office. All of us want the best city government possible and the present officers have given us a good administration. We say these things because we are interested in Spur and have never asked any special favors of the city officials. Our present mayor has been very diligent in looking after the best interests of our town.

RECREATION MEETING IS WELL ATTENDED

Eleven of the fourteen 4-H and county were represented in the Home Demonstration clubs in the county were represented in the recreation meeting Saturday when each club gave a pantomime or skit or three-minute play.

Some of the pantomimes and skits were excellent and showed that the recreation chairmen and club sponsors have been using the information gained in the Dramatic Institute and given in the county to the recreation chairmen and sponsors, earlier in the month. Each of the five girls' clubs were present and the girls presented some of the best pantomimes.

The pantomimes were not judged but plans are being made for a county contest when the public will be invited to attend. Most of the pantomimes an skits given were original. Three Patton, Springs girls gave a pantomime on hanging a picture. Their acting showed that they had: 1. Thought it through; 2. Seen it clearly, because; 3. They acted it deliberately. Those are the three rules to follow in any pantomime of play.

Thirty-five women and girls were present from the following clubs: Girls' clubs, Espuela, McAdoo, Prairie Chapel, Patton Springs, and Wichita; Women's clubs, Friendship, Highway, Prairie Chapel, Red Top, Soldier Mound, and Wichita.

COUNCIL HAS GOOD MEETING

"Not a member read her part in our program on fashions," reported Mrs. Earl Murchison for the Wichita home demonstration club in the regular meeting of the home demonstration council Saturday when eight of the nine clubs in the county were represented.

Each club has a program leader who is helping to make the programs more attractive and rendered in a more effective manner.

May 9 and 10 were selected as the dates for the Council to sponsor the sale of tickets to the picture show. The club selling the most tickets will be given a theater party.

Council members were: Mrs. Floyd Barnett, chairman; Mrs. Murray Lea, Mrs. Hogan Gay, Mrs. Fred Arrington, Dickens; Mrs. Foster Jones, Soldier Mound; Mrs. F. B. Crockett, Espuela; Mrs. Alton Estep, High-

WHY NOT THE AIRPLANES TOO

A BIG Transcontinental Airliner went down last week and 13 souls went into eternity. There has been much said about the wreckless driver of the automobile and much hot air has been distributed through the press and the public forum, and yet it seems that if the airlines do not cause a halt in some manner the fatalities and injuries by airplane will make the automobile record look small. People say, Oh, that is the airplanes and nothing can be done about it. That is the greater reason why safety restrictions should be placed on all machines. When a plane goes to the bad a passenger has probably only about one chance in 100 of escaping death. To think of the number being killed by airplane accidents compared with the small per cent of people who travel the airway should cause people to think very seriously. Planes are driven at high speed which places enormous strain on the various parts and causes them to give away sooner or later. A strength test should be made of every portion of a machine before it leaves an airport for a run. It may look good, but many prove not good.

A VERY WISE DECISION

AN EX-MEMBER of the Supreme Court stated last week that the President is within his jurisdiction when he asked that the number of Supreme Court Judges be increased. That would be within the Constitutional rights of the President if Congress desires to pass such a law and the Senate will approve his appointments. The number of members of the Supreme Court have been increased and then decreased at various times and there is no Constitutional restriction on it. The Congress can pass laws increasing the membership of the Supreme Court to any number, and if nine members of the Court cannot look after the business incumbent upon that body then the President should ask for more assistance. But if extra members are not needed, then why burden the people with the extra expense. Where the bone of contention came in was that the President asked Congress to pass a law requiring Supreme Court Judges to resign at the age of 70 years. The Constitution does not vest such authority in Congress, and a Constitutional Amendment will be required before any United States Court Judge can be retired on full salary as the President suggested. Congress can pass laws increasing the salary, or decreasing the salary, but all judges must render a service as official judges to receive that salary. That is plainly set out in Section I of Article III of the Constitution of the United States. That section says that "judges of the Supreme Court and such inferior courts as shall be established shall serve during good behavior, and shall from time to time, receive a compensation for their service." No retirement provision is stated. Hence, the President has two ways of doing the thing. One is to secure an Amendment to the Constitution regulating the tenure of office of these judges, or to get Congress to pass a law increasing the number of the Court. The President probably is right in his attitude and may bring about much good by a revision of the Court, but he should not try to override the Constitution to accomplish his method.

MUSSOLINI'S METHOD IS MILD

MANY have pointed the finger of scorn at Mussolini because of his dictatorship in Italy. However, if we will just think the question out, we have a greater dictator in our own country than Mussolini has ever tried to be. Labor dictator John Lewis is causing more harm by far than Mussolini has ever caused. His action has been purely communistic and he is not willing to be satisfied with controlling the laboring section in America, but is using his influence to tie up all industry and derail progress in the country. President Washington sent the U. S. Army against the insurrectionists in western Pennsylvania when they refused to co-operate. What is the difference in a whiskey class tying up progress and a labor leader doing the same thing in a greater way? President Theodore Roosevelt sent leaders of insurrectionists to the penitentiary and even a man of as great renown as Eugene V. Debs had to take his medicine for being a leader in a doctrine contrary to American government. Is it possible that we are going to forget that part where our Constitution gives every citizen the right of life, liberty and the pursuit of happiness and permit one man through his influence to tie up the progress and happiness of millions in our country? The laboring class are gaining nothing by following the leadership of Lewis. They may advance their salaries a few cents more per day, but the hike in prices and the time they lose will far overcome the gain. Thousands gave up their wages for 100 days when they were drawing good salaries during the General Motors strike and then received just a few cents increase in salary—they sacrificed \$500,000 to \$800 each for the time they lost and it will take two or three years to gain the amount back by the increase they received. And Mr. Lewis accepted the increase for them. He received his pay and it was plenty, too, but the laborer with a family of probably cold, hungry children had to take the loss while Mr. Lewis got his salary. Again, the middle class has to pay for the increase, not the manufacturers and traders.

RAILROAD DILEMMA

RAILROAD employees are requesting pay raises totaling \$360,000,000 annually. The request has been presented in spite of the fact that net income of Class 1 railroads in 1936 amounted to only \$150,000,000, and of this amount the "emergency freight rates" recently terminated by the Interstate Commerce Commission, accounted for \$120,000,000. It is evident that the railroads are facing a serious dilemma.

As the New York Times points out: "Average railroad wages are already higher than those prevailing in 1929. A 10 per cent wage reduction was made in 1932, but wages were fully restored to their old levels on April 1, 1935. Last November the average hourly earning of all wage-earners on Class 1 railroads was 69½ cents, compared with an average of 64½ cents in 1929."

The privilege to organize and bargain collectively under a constitutional form of government has enabled American labor to ask, and receive, the highest wages and the best working conditions in the world today. And now it is only fitting that labor should share in the fruits of returning prosperity. However, abuse of privilege eventually destroys the privilege itself.

Labor should bear in mind that if it forces the railroads to accept unreasonable demands, bankruptcy will result. The way will be clear for government ownership and operation, and it is almost impossible for labor or industry to bargain successfully and in a peaceful manner with a bureaucratic and monopolistic form of government—politics simply kills individual opportunity.

Inside News From the Nation's Capitol

By DAN GILBERT

BURNT FINGERS

A sprovously predicted in this column, proponents of the Supreme Court shake-up have dropped the strategy of attacking the justices on the basis of their age. The President hardly mentioned the matter in his two recent fireside chats.

The reason is that this line of attack wasn't clicking. In the first place, it alienated millions of elderly people the nation over. In the second, the whole idea was too patently borrowed from the communists. It was radical magazines that first started the branding of Supreme Court justices as "fossils."

The Supreme Court "packers" also got their fingers burned with the strategy of claiming the Court is congested. In his fireside chats, the President indicated that he is dropping side issues and is attacking the High Tribunal on the sole issue that he doesn't like its decisions. In simple language, he's making it a case of "me or them."

Witty commentators are saying that the President is paraphrasing the old saw "love me, love my dog." His stand is "love me, hate the nine old men."

DISCOMFITURE

Everyone knows that in the depths of his being Senator Joe Robinson is a stand-pat conservative. The whole New Deal has been a bitter pill for him to swallow. But out of his peculiarly intense loyalty to his "Chief," Joe has swallowed it.

Insiders know that from the start his heart was not in the Supreme Court fight. His lack of relish for the President's "reorganization" program probably accounts for his irritation with those who do not approve of the Court "pack" plan.

The Senator's worst peevish concerns those humble American citizens who dare to exercise their right to advise their Congressmen to vote against the plan. Mr. Robinson has been defending the position that it is "unfair" for editors to ask their readers to fill out "hands off the Supreme Court" blanks.

Special object of his ire has been the Rev. Gerald B. Winrod, Kansas editor of religious magazines, who had his readers fill out and mail, within a period of a few days, some 500,000 "hands off the Court" slips.

Senator Joe read in the Senate the letter sent out by the minister. Calling attention to the fact that it was signed "Yours in Christ," Mr. Robinson said it looked to him like an appeal of the Ku Klux Klan. Thereupon, Senator Burke read a telegram from Rev. Winrod advising that he had no connection with the K. K. K. Meanwhile, ministers throughout the nation are indignantly asking if it is a crime, or an evidence of K. K. K. membership, to sign a letter with a mention of the founder of Christianity.

CLIMAX

Conservative journalists are saying

that the attempted assassination of Mr. Fitts was shot by sit-down strike sympathizers. But he himself has expressed the opinion that the attempt on his life would not have occurred had it not been for his anti-sit-down stand.

Commentators are recalling that Secretary of Labor Perkins has said that the legality of illegality of sit-down strikes has not been determined. From the reaction over the Fitts shooting, it appears that certain pro-C. I. O. elements question whether or not it is illegal to shoot public officials who stand in the way of "labor's march to power."

Observers are amazed at the number of sit-down strike sympathizers who say that the bullet fired into District Attorney Fitts' arm was "only half what he has coming to him."

INDUSTRITL MERRY-GO-ROUND

Look for a rising volume of agonized outcry on the part of victimized consumers caught between the upper and the nether millstones of rising wages and rising prices.

When threats of sit-down strikes brought wage increases for steel employees the price of steel was promptly advanced from \$3 to \$10 per ton. It is reliably reported that the price of automobiles will shortly be advanced to "absorb" the payroll increases which came on the heels of the G M sit-down strike.

Consumers, and particularly farmers, are sitting up and taking notice. When John L. Lewis started "kidnapping" factories and holding them for "ransom," that is the pay increases, would come out of the dividends of "economic royalists." Now Mr. John Q. Citizen is beginning to realize that increased dividends for "economic royalists" will go hand-in-hand with increased pay for C. I. O. unionists.

The bill for it will be footed by the great middle class and the farming population. Look for a sharp turn against the Lewis drive on the part of these elements of public opinion.

Shrewd politicians believe that the ultimate result of it will be that President Roosevelt will either have to repudiate John L. Lewis, or meet with public repudiation himself in the 1938 Congressional elections.

NEW ISSUES

Smart GOP schemers are quietly preparing a new issue for the 1938 elections. Strangely enough, the new issue will be projected to bring about a new alignment of political classes—a united front of farmers, middle class, and relievers against the New Deal.

The reasoning back of it is this: The relievers are becoming the real forgotten men of this era of reviving prosperity. The New Deal is doing nothing to create employment. Rather, it sits in on sit-down strikes which destroy employment. While relievers are struggling to keep body and soul together on an average grant of \$50 a month, Lewis' unionists are putting through strikes which result in higher prices—thus, further impoverishing those on relief.

The reasoning may not be sound. Critics say that relievers are "wedded" to the New Deal, out of gratitude for past favors. But, on the other hand, it is argued that men on the dole are actually sensitive to the fact that they are being left out of the more abundant life planned by the Roosevelt-Lewis regime.

No unemployed who has tried to break into a job in a closed shop industry looks with favor upon the C. I. O.'s efforts to create a labor monopoly. GOP strategists believe they can convince youth, as well as relief-

ers, that a universal closed shop would close the door of opportunity to them.

Rayon Manufacturing To Be Shown At Tech

Intricacies of a vital step in rayon manufacture will be displayed at the Texas Technological College Engineers' show April 16 and 17, announced Robert Houston, manager.

Common filter paper, which is pure cellulose, is dissolved in copper hydroxide, and the solution is forced through spinnerets, a set of fine holes.

Students in textile engineering, in charge of the exhibit, will use glass tubing drawn out fine instead of expensive platinum plate used in commercial rayon mills. As the cellulose comes out of the jets, it is fed into an acid bath, coagulating the stream. The cellulose emerges from the acid as a rayon thread.

All departments of the Texas Tech engineering division are sponsoring exhibits in the show, an annual "open house" held by students.

FOR SAFETY'S SAKE INSIST ON
CONCRETE
for all streets

MANY accidents on the streets are caused by pavements that are bumpy, raveled, slippery when wet, difficult to clean, obscure at night. These accidents can be prevented by paving with concrete which:

1. Reduces skidding in all weather
2. Has high visibility at night
3. Keeps a true and even surface, free from bumps
4. Drains and dries quickly; no pockets of standing water or mud
5. Encourages traffic to use the full street width—passing is easier

Concrete costs less to build than any other pavement of equal load carrying capacity—costs far less to maintain—costs less to motor costs.

Don't be satisfied with less than clean, safe, enduring concrete on your streets.

Texas Pan American Exposition Opens In Dallas June 12

Opening in Dallas June 12 for a 142-day run, the Texas Pan American Exposition is speeding its program to present as 1937's only international fair the first great dramatization of the "good neighbor" policy fostered by the twenty-one republics of the Americas.

The \$125,000,000 exhibit building of classic Aztec design and 200-acre park landscaped to resemble a tropical garden will reveal the glamour and splendor of five centuries progress in Greater America.

Exhibit space already has been assigned to nine Latin American countries and reserved for six others; the headline sports events of 1937 are scheduled; and top-notch entertainers of stage, screen and radio are signed for opening the Pan American Casino.

Space in the \$1,000,000 Pan American building, ranging from 695 square feet to 2,650 feet, has been allotted to Guatemala, Nicaragua, El Salvador, Honduras, Panama, Ecuador, Costa Rica, Peru and Mexico. This list includes all the countries thus far visited by the exposition's flying envoys, Dr. Roscoe R. Hill and Charles H. Abbott, now on a 15,000-mile trip to Central and South American capitals.

Four steamship lines and nine national and international railroads will exhibit in the Transportation building. An automobile show, displaying the latest models of all American auto manufacturers, will exhibit in the Automobile show, displaying the latest models of all American auto manufacturers, will extend through the entire 20 weeks of the international show.

APPLE FRUIT BETTY

1/4 cup butter
 1 1/2 cups soft bread crumbs
 1/4 cup sugar
 1/4 tsp. cinnamon

3 cups sliced apples or other fruit
 1/4 cup cold water
 Juice and rind of 1 lemon
 Coconut

Melt butter and add bread crumbs. Mix cinnamon and sugar. Butter a baking dish and put into dish a layer of fruit and crumbs. Sprinkle with sugar. Repeat until dish is filled. Add lemon to water and pour over fruit and crumbs. Put coconut on top. Place in cold electric oven with oven meal.

BROILED FISH

 Lemon Juice

Salt
 Paprika

1. Sprinkle fish with lemon juice, salt and paprika. 2. Set temperature control to 375 degrees. 3. Turn switch to broil. 4. Place broiler pan under top unit. 5. Broil 20 to 25 minutes for fish of one inch thickness.

BAKED BEANS

(Soaking, parboiling, and oven baking eliminated)

1 pound navy beans
 1 teaspoon salt
 2 tablespoons molasses

6 tablespoons sugar
 1/2 pound salt pork or bacon
 4 cups water

For 2 pounds of navy beans use 6 cups of water. Measure dry beans and wash thoroughly. Mix with all ingredients except water and meat. Add water and meat. Cover. Cook in Thrift Cooker on LOW heat 8-12 hours.

WHITE BREAD

2 cups milk
 2 cups water
 4 tablespoons butter or lard
 4 tablespoons sugar

12 cups flour
 1 1/2 tablespoons salt
 4 cakes compressed yeast
 4 tablespoons warm water

Bring milk and water to boiling point on surface unit switched to HIGH heat. Remove from unit and cool. Liquid should be 110 degrees when used. Add salt and fat to hot liquid. Add sugar and 6 tablespoons water to yeast. Let stand until liquid is cool enough to use. Divide the flour into thirds, reserving 1 cup. Pour cool liquid into mixer bowl. Add 1/3 flour and beat 5 minutes with the mixer on high speed. Add 1/3 more of flour and beat 5 minutes with the mixer on high speed. If motor seems to be getting warm, let the mixer rest for a few minutes, then proceed at low speed, mixing the last 1/3 of flour at low speed. Knead the last cup of flour into the dough. Mold, using a pulling motion until bread looks smooth. About 10 minutes will give right texture. Divide into 6 one-pound pieces. Oil and place on tray until double in bulk. Keep the temperature around 85 degrees. Shape into three loaves, divided or single as desired. Place in greased bread pans.

1. Place bread in cold oven.
 2. Set control to 400 degrees.
 3. Turn on oven for baking.
 4. Set the timer to turn heat on 30 minutes later. Turn off 1 hour from time heat is turned on.
