

TIMES BIG COOKING SCHOOL OPENS TODAY

Banquet Is Given For Board Members; Speeches Are Made

The banquet held at the First Methodist Church Tuesday evening at which the members of board of trustees in the county were guests of the teachers, was attended by about 10 persons. O. C. Thomas, superintendent of Spur schools, acted as the toastmaster for the evening. The Ladies Missionary Society served the dinner.

There was an interesting program for the evening. The invocation was given by Supt. A. C. Sharp of Dickens schools. Supt. O. L. Smith, of McAadoo, made the address of welcome, and G. W. Benett, president of the County Board of Education, gave the response.

The program was opened by a few selections played by the Spur school band. The "Colored Spiritualists" gave a number of selections which were enjoyed.

M. D. Ivey, member of the Spur Board of Education, made a talk using as his subject, "Teachers and Trustees." Mr. Ivey dealt extensively in regard to what trustees can do and should do, and spoke of some things they should not do.

The main address of the evening was made by J. D. Wilson, deputy State Superintendent of school for District No. 3. Mr. Wilson emphasized the importance of trustees and teachers getting into closer contact with each other in regard to school work. He outlined the set up of the present school plan and stated that only by trustees and teachers leading the people and keeping them informed could the present system be a success.

Mr. Wilson is visiting schools in the county this week and stated he never saw a better school spirit in any section of the state than is found in this county.

The body went on record as favoring at least one meeting of teachers and trustees per year. Also, resolutions were passed favoring the Rural Aid Bill now before the Texas Legislature; the Teachers Retirement Fund; and the Deficiency Transportation Appropriation Bill.

District Court Cases Being Settled Rapidly

The District Court for Dickens County went into the second week Monday. A number of cases were disposed of the first week all, being non-jury cases. The Philip Pair case was called Monday and the jury was completed by noon Tuesday. The following is the list of jurors for the case: W. L. Pullens, Roy Arrington, Sam T. Clemons, Ellis Draper, E. L. Spivey, Vance Hughes, C. M. Jackson, Lonnie Lewis, L. A. Grantham, Guy Felmy, A. K. McAllister, and D. M. Morgan.

The list of jurors for next week's court consists of: W. K. Harvey, R. L. Westerman, V. N. Hand, L. B. Tilotson, C. P. Aull, G. H. Snider, T. C. Ensey, D. M. Morgan, H. L. Futch, V. N. Davis, W. W. Pickens, W. E. Ball, F. F. Sonnemaker, W. F. Neaves, C. O. Parker, Lester Ericson, O. M. McGinty, J. L. Thannisch, B. F. Saxson.

Joe Potts, F. L. Edwards, T. G. Cherry, C. C. Kimmell, C. L. Martin, R. E. Rogers, Robert Reynolds, C. N. Jackson, Don Brewster, A. B. Hogan, W. H. Condon, R. E. Slough, J. W. Offield, T. B. Watson, Lonnie Lewis, Jesse Wyatt, and Cecil Meadors.

It is thought that the Pair case will take up most of this week as there is a long list of witnesses on both the part of the state and the defense. Probably there will be some business not requiring a jury disposed of at intervals, but the case called Monday will require the major attention of the court.

Alton B. Chapman, District Attorney for the 110th District, is directing the prosecution and is being assisted by County Attorney L. D. Ratliff, Jr., and Judge Watson of Crosbyton. The defense is represented by W. D. Wilson of Lubbock and H. A. C. Brummett of Dickens.

Seales Ernest, of Croton community, was doing some trading and talking with friends here Saturday.

The newly elected officers will qualify May 1 for the new terms.

COUNTY COURT TO MEET ON APRIL 19TH

Judge Marshall Formby announced this week that the regular term of County Court will be called Monday, April 19. All jury cases are set for the second week of the court and no jurors will appear before Monday, April 25.

Splendid Program Given at Meeting; Many in Attendance

The stockholders of the Spur National Farm Loan Association held their regular annual meeting in the basement of the Bryant-Link Company store last Saturday morning. The meeting was held in honor of the 20th anniversary of the founding of the Federal Land Bank system. A radio program dramatizing some of the high lights in the history of the Federal Land Bank and the Farm Loan Association was heard at the meeting. Bryant-Link Company furnished the receiving set for the program.

W. F. Shugart made a talk on terracing and its benefits to the farmers in Dickens County. Mr. Shugart was one of the first advocates of terracing in Dickens County and has his farm in the Red Hill community well terraced.

Miss Clara Pratt, County Home Demonstration Agent, discussed foods, dwelling especially on the care of milk and its use in diets. She brought many features in regard to different types of diet and told those present that eating is one of the great things in life.

Those present enjoyed a round table discussion pertaining to the operation of the Federal Land Bank and the Farm Loan Association. Several took part in the discussion and a number of questions were asked and answered.

The last number on the program was a service of hot coffee and cookies. Everybody was invited to take part in that number. There were about 135 members of the Spur Farm Loan Association and visitors present.

The Farm Loan Association has been very instrumental in furnishing its membership with loans at a cheap rate of interest which has meant a great deal to the farmers in Dickens County.

SPUR P. T. A. MEETING HELD NEXT TUESDAY

The regular meeting of the Spur Parent-Teacher Association will be held at the Junior High school next Tuesday afternoon. The program will start at 3:30 o'clock and the subject to be discussed is "Good Taste." Mrs. Faust Collier will be the program leader. Mrs. E. F. Laverty will discuss the subject, "Is Good Taste Essential in Cultivation of Character?" Mrs. O. M. McGinty will talk on the subject, "Does Good Taste Contribute to Happy Living?"

The officers and those on the program extend a cordial invitation to all parents and all others interested in education to attend this meeting. The local P. T. A. is doing much to help along with our schools and any one will enjoy the program next Tuesday afternoon.

Mr. and Mrs. O. V. Woods, of McAadoo, were in our city Saturday with their little daughter, who underwent an operation at the Nichols Sanitarium.

Mrs. Bonnie McDaniel, lecturer for the Times Free Cooking School. She has conducted cooking schools from Canada to the Gulf of Mexico and from the Pacific to the Atlantic, and she has learned the secret of making women—and men, too—enjoy her lectures and demonstrations. Don't miss the school today at 2:30 at the Spur Inn.

Three-Day Range School Is Conducted

The Range School, which was conducted by George W. Barnes, of the Extension Service at the Spur Experiment Station, was a great success. R. E. Dickson, superintendent of the Experiment Station, was a perfect host and all who attended expressed themselves as having obtained valuable information. Between 80 and 90 farmers and ranchmen from some 30 counties attended the school. The instructions proper were given by Messrs. Whitlock and Valentine of the U. S. Forest Service. The first day of the school was conducted on the station proper, the second day was spent in appraising nearby ranches by the entire group, and the third day individual appraising was conducted on the Pitchfork Ranch, where a delicious lunch was served at the noon hour by Mr. and Mrs. V. V. Parr.

Among those attending in an official capacity were Geo. W. Barnes, M. R. Bentley, R. R. Lancaster and O. G. Tumlinson, all of College Station, Texas; Grover W. Hill, Washington, D. C.; Mr. Whitlock of Montana, and Dr. M. Valentine of New Mexico.

There will be a meeting for all the farmers in Dickens County at the Spur Theatre next Tuesday, April 13 at 2:30 P. M. Mr. W. M. Kenedy, of Muleshoe, Texas, a district director of the Texas Agricultural Association, will be the principal speaker.

E. S. LEE MADE CASHIER OF SPUR SECURITY BANK

At a meeting of the Board of Directors of the Spur Security Bank last week E. S. Lee was made cashier of the bank. Mr. Lee has been with the bank since 1925 and has made a great number of friends in the community since becoming affiliated with the bank. His twelve years of service in the bank has adequately qualified him for the responsibilities of the position to which he has been selected.

A. T. Green, twelve miles northeast of town, was in Saturday greeting his friends and trading.

Many Changes Are Made In Official Building

County Judge Formby and District Judge Folley have set Monday, April 19, for the opening exercises for the new court house. The program will be rendered either in the district court room or on the court house lawn if the weather is favorable.

People who have not taken time to go through the new court house would be thrilled at its practical arrangement. The building is finished in white throughout and with new hardwood floors. The county and district clerks office has two vaults, one of which is used for court records strictly and the other for the county records.

The office for the county judge is located in the northeast corner of the building on the first floor. There is a room of sufficient size to accommodate the court work of the county, and the judge has a private office where he can do his work.

The county treasurer's office is where the sheriff's office originally was. A vault is in that office where records are kept. The sheriff's office occupies the southeast corner of the building on the first floor. It is arranged with a waiting room, and the section for the tax assessor and the tax collector is cut off with a partition where people may transact their business and not interfere with others. The sheriff has a private office where he may talk business with those he desires to talk with. The office has a vault for records.

There is an extra room on the first floor and it is thought that sometime possibly the county agricultural department might be moved into that office.

The County Superintendent's office is on the second floor and is a nice suite of three rooms. The office of the County Attorney and the District Attorney is located on the second floor.

The district court room is in the same location but is nicely finished. The presiding judge has a new desk and the entire court room is conveniently arranged. The grand jury room is across the hall from the court room and can be entered from the main corridor.

The jury room is separated from all other parts of the building. The sleeping apartment of the jury room is equipped with single cots and is connected with the consultation room by a nice hall. Rest rooms are placed in the jury rooms conveniently, including wash basins, toilets, etc. The jury on any case can go direct from the jury room to the court room without coming in contact with the public.

The new building looks very modern in every respect and is nicely finished. It is up to the people to do their part in keeping the building looking nice. People who have been in the habit of striking matches on the walls, placing their feet upon desks, and otherwise defacing the old building should take some pride in trying to keep the new one looking neat. In fact, it is generally understood that those in charge of the building will not countenance any defacing the walls or furniture if they are caught in the act. The court house now should be of monumental pride to every citizen in the county.

55 YEARS TOGETHER

H. C. Allen, of Dry Lake community, was in town Wednesday and stated that he and Mrs. Allen celebrated their 55th wedding anniversary last Monday, April 5. They were married in Booneville, Wise County, April 5, 1882. He stated that he was married in the same county in which he was born. Mrs. Allen, whose maiden name was Miss Eugenia Brazier, was born in Harris County.

Mr. Allen stated that if he lived until August 27 of this year that he would be 80 years of age. He did not reveal Mrs. Allen's age. They moved to Dickens County April 10, 1910, and have lived in the Dry Lake community since. Mr. Allen stated he had a great uncle, Clint Allen, who fought in the Mexican War.

A. J. Ritchie, of Croton, was talking with friends and trading here Saturday.

Ladies Are Urged To Be Present For Free Instruction

The fourth Dickens County Times Cooking School will be opened at the large dining room of the Spur Inn at the school is free to every lady in two o'clock this afternoon (Thursday.) Dickens County who desire to attend it and take advantage of the instruction given.

Mrs. Bonnie McDaniel, of Chicago, has been secured as conductor of this school and her record carries a good report. Mrs. McDaniel is one of those practical ladies who has made a great study of home life, particularly of foods and methods of preparing them. She is a former West Texas girl who went to the big city and showed the world what a country girl can do. She has something in common with every home-maker in the entire Spur territory, and she will be as glad to meet and talk over home problems with the ladies of this country as if she were living here.

The various merchants have arranged a number of prizes which will be given away each day of the school. We want every lady who attends to register, and it is hoped that every lady in the country will take advantage of this opportunity. Mrs. McDaniel will use an electric stove in her demonstrations, but if you do not have an electric stove it is hoped you will attend these two days of instruction for the benefit of food knowledge you may secure. Every housewife in the county will get some ideas that will be helpful to her.

The school will be held Thursday afternoon (today) and Friday afternoon. If you cannot come both days, try to be present for one day at least and be sure to register. The Spur Inn affords very comfortable accommodations and you will enjoy every minute of the work.

After all, the preparation of foods and their assimilation by the body is the great factor in life so far as our years of living are concerned. It is said that if a wife wants her husband to live long, feed him right. If she him. A welcome awaits you today and wants his life to be short, just feed tomorrow afternoons from two until five, and we hope you enjoy these two afternoons.

Cowan Expresses Thanks to Voters

To the People of the City of Spur: I thank you for the vote received by me in the mayor's race Tuesday. Your approval of the management of the city's affairs is gratifying indeed; especially do I think you had in mind the work of recent years, and being carried on at present. Our efforts will be to continue, and improve on, past policies; to be active in securing all Federal aid possible for relief and unemployment; and to make such worthwhile improvements as safe financing will permit; and to do those things possible to promote the health, happiness and good morals of the city. My recent opponent and his supporters are my good friends, I feel sure; and I know that they will lend their efforts in helping make Spur a better place in which to live and rear our families.

Sincerely yours,
E. J. COWAN.

WE SERVE DELICIOUS PLATE LUNCHES

DEAR FRIENDS:
Patrons have frequently told us that most folks would appreciate information on the various services the modern Funeral Director provides, and also suggestions on what to do in time of need.
We have long hesitated to do anything about it, however, for fear of offending the sensitive feelings of those we have been privileged to serve. But, as we learned more and more of the appreciation for this sort of information in other communities, we concluded that you might be just as much interested.
It is a fact that most folks who call on us, know practically nothing about burial goods, or about the many things that must be done when need arises.
Of course, we try to relieve our patrons of every possible detail of responsibility, in order to lighten their burden of grief. We advise them as sincerely as we would wish to be advised under similar circumstances. But this experience so frequently repeated, has firmly convinced us that every person should find out about these things before necessity arises.
In our future messages we shall try to give you some of this important information. However, if you would prefer to get the information first-hand, we shall be delighted to have you visit our mortuary.
Yours most cordially,
Campbell's Mortuary.

McADOO

The home of Mr. and Mrs. Polo Grissom burned Wednesday afternoon, March 31. The origin of the fire was unknown. They were attending the funeral of Mrs. H. E. Henderson in McAdoo when the fire was discovered. Nothing was saved from the burn.

Thursday a shower was given for the Grissom family at the home of Mr. and Mrs. R. R. Wooten. Many useful gifts were received.

The month of March was an outstanding one for the students of the local school or in other words, students of McAdoo "went places and did things" In the early part of the month the F. F. A. students went to the Amarillo Fat Stock Show and exhibited livestock projects at the show. Lemoyne Cypert placed third, Reid McLaughlin placed fourth in the fat mutton lamb class. In the fine wool class, Lemoyne Cypert placed second and Carl Van Meter placed third.

The students exhibited livestock projects at the Lubbock Fat Stock Show, which was held in Lubbock on Monday, Tuesday and Wednesday, March 29, 30, 31. McAdoo F. F. A. boys won a total of \$85 in prizes, which was more prize money than any other school or county won at the quality meat show.

Lemoyne Cypert showed the Grand Champion and Reserve Grand Cham-

pioon lambs. The champion lamb sold to Furr Food Stores for 35 cents per pound, and the Reserve Champion to McDonald Packing Company for 17 1-2 cents per pound. Other boys winning in the fine wool lamb division were Earl Van Meter, second place; Nuge Rose, third; Junior Rose, fifth; Billy Joe Wooley, sixth.

In the mutto nor cross breed lambs, Lemoyne Cypert placed first; Elvie Harris second; Earl Van Meter, Jr., third; Robert McDonald, fourth; Reid McLaughlin, seventh; and Nuge Rose, eighth.

Earl Van Meter won first place in the group of five fine wool lambs and third place in the group of five mutto nor cross breed fat lambs.

In the baby beef division Nuge Rose, calf placed second in the heavy class. Nuge's calf sold for 15 1-2 cents per pound. Earl Van Meter's baby beef won the grand championship at the show.

Other boys showing calves from quality meat show last year. McAdoo were Rudolph McLaughlin, Roy Allen, Junior Rose, and Clyde Crausbay.

In the fat pig division Elvie Harris showed the reserve grand champion pig. The pig was sold for 17 cents per pound to Lubbock Hog Company.

Other winners from McAdoo in the pig division in heavy weights were Rudolph McLaughlin, third place; in light weight class, Rudolph McLaughlin, third place; Koy Neeley, fifth.

Litter of five pigs, Rudolph McLaughlin, second and third.

McAdoo F. F. A. boys showed 41 head of livestock at the Fat Stock Show and out of this number, 32 had places in the money prizes. McAdoo boys have won approximately \$165 in prizes from the Fat Stock Shows they have competed in this year.

Mr. Henry Elder is teacher of the F. F. A. students. Both he and the students have made an exceptionally good record in their work.

The F. F. A. boys will compete in the judging contests to be held at Texas Tech April 9. McAdoo will have a livestock judging team, a poultry team, and possibly a dairy team.

McAdoo students won the Class B championship in the county interscholastic League meet that was held the past month. The following are the results and places gained by McAdoo school in the various events of the county meet:

McAdoo volley ball team won first place.

In play ground ball, McAdoo ward school boys team placed first; ward school girls team, first; high school boys, third place; and high school

girls team won first place. In tennis, doubles, McAdoo senior girls took first honors. senior boys, first place; junior girls, first place; junior boys, first place; grade school girls, second honors.

In tennis, singles, McAdoo high school senior boys placed second; high school senior girls, placed first; high school junior boys, second; grade school girls, McAdoo, first.

The following were the representatives and places won by the local school in track, field and literary events:

In high school, W. P. Harbor and Koy Neeley tie for first in high jump; Bennie McWilliams, fourth in mile race; M. L. Brown, fourth in 220 yard dash; J. J. Griffin, fourth in 120 yard high hurdles; W. P. Harbor, tied for first place in pole vault; Coy Powers, first in shot put; Spelling, Katherine, second in discus throw; Coy Pow-erine Ward and Leota Joplin, won first place; Nell Van Leer, second place in declamation; Koy Neeley, third in senior boy declamation; Velma Smith, first in ready writers; Robert McDonald, second in nextem-poraneous speaking; Katherine Ward, second in girls extemporaneous speaking; typing, Robert McDonald and Velma Smith, third.

Smith, third; picture memory, Kyle Butler, Baby Lou Buckner, J. F. Smith and Maedell McLaughlin, third place.

Grammar school declamation, girls, Billie McLaughlin, first; story telling, third grade, Charlotte McLaughlin, fourth; first grade, Wynette McLaughlin, second; Estelle McLaughlin, a fifth grade student of McAdoo, turned in a perfect paper at the county meet. This paper was sent to Austin for checking, and if approved there, she will receive a certificate from the state office of the League. Only one other perfect paper was turned in. This paper was turned in by Geneva Byrd of Dickens.

There were no lessons at the local school Monday afternoon, March 29. Students, teachers and bus drivers spent the afternoon in the Palace Theatre in Spur, seeing "Pennies from Heaven," this was the most enjoyable holiday they had had this year. The school as a whole is very grateful to Mr. Hardwick, the theatre manager, for the opportunity of seeing this show.

April 9 is the date that has been set for "Second Story Peggy," to be presented in McAdoo high school auditorium. The junior class is to present this play. An admission charge of ten cents will be made.

Miss Ola Wood, junior in high school, underwent an operation in the Spur hospital last week.

Mrs. Jim Derr left Sunday for Grand Prairie, where she will visit with her son, Mr. Jack Derr and family. Mr. and Mrs. Jack Derr are parents of a son and perhaps Mrs. Derr made the trip especially to see her grandson.

Mrs. H. E. Henderson died at her home Tuesday morning, March 30, at 4 o'clock, after many months' illness. Mrs. Henderson spent several weeks in Dr. Baker's sanitarium in Muscatine, Iowa, in 1935, and her condition seemed to have improved greatly when she returned home. During this year her condition grew worse, and no treatment seemed to help her.

Mrs. Henderson was 48 years old at the time of her death, and had lived for a number of years near McAdoo. She made many friends during this time. She was a member of the Methodist Church at McAdoo.

Funeral services were held at McAdoo at 2:30 o'clock Wednesday afternoon, March 31. Rev. Deninson, minister of the Methodist church at Matador, read the Scripture. Rev. Frank Beauchamp, pastor of McAdoo Methodist Church, read the funeral rites. Interment followed in McAdoo cemetery, with A. A. Hatchell in charge.

She is survived by her husband, and Mrs. Lois Ratheal of Broadway, Mrs. seven daughters: Mrs. Irene Berry, Juanita Everett, Wake; Mrs. Joe Cypert, McAdoo, and Misses Edrie, Maxine and Jessie Lee Henderson.

All were present at the funeral. According to the calendar spring began several days ago, but judging from the weather, winter has just begun on the East Plains. When we woke up on the morning of March 29, everything was covered in snow. Sunday, April 4, another sleet and snow storm came. Spring weather may not be here, but with snow and rain coming weekly, it gives the people something to think about besides the drought this year.

J. C. Dopson, of Dry Lake, was transacting business in our city last Saturday.

Jim McArthur, of Red Mud, was greeting friends and looking after business matters here Monday.

CLUB HAS PROGRAM ON STATE OF TEXAS

The size of Texas was graphically shown when a map of Texas was swung east from Texarkana to show where El Paso would extend into the Atlantic Ocean, and where various points would be if Texas were hinged at El Paso, Brownsville or the tip of the Panhandle.

The story of some eight or ten famous trees in the state were given, including the Austin Oak in Austin, where the auction sale of blocks for the city of Austin were sold when the village had been chosen for the new site of the State Capitol.

Our Opinion Is

That though one may not acquire much of the world's wealth, if he has given his time to help his fellowman and to make the world better his life has not been a failure.

A. F. OF L. DISAVOWS SIT-DOWNS

President William Green, in finally announcing the American Federation of Labor's condemnation of the sit-down strike, made a point which should be perfectly obvious to the leadership of the rival labor organization which has been making use of it.

That was when he said that if continued the sit-downs would "force the enactment of legislation providing for compulsory arbitration, the incorporation of unions and other repressive forms of legislation which will deprive organized labor of freedom of association and liberty of action within the limitations of both moral and statutory law."

Green made it clear that the American Federation of Labor has never approved or supported sit-downs. He did not deal with illegal occupation of property on the obvious moral grounds, but confined himself to assailing it from the very practical standpoint of labor's self-interest.

He said that public interest will not support sit-down strikes, and that labor cannot afford to lose the support of public opinion. But, he added, even if temporary advantages should be gained through sit-downs, they would lead inevitably to permanent injury to the cause of labor.

Green's reasonable and intelligent statement quickly drew the fire of John L. Lewis, chairman for the Committee for Industrial Organization, who made a typically brutal answer: "The Green statement is characteristically cowardly and contemptible. He again sells his own breed down the river."

If it is cowardly to denounce illegal acts and contemptible to obey the law, then Lewis is right, but if the nation should agree with him it would have to revise its concepts of morality and legality.

The sight of 6,000 men occupying the Chrysler plants, voting whether to obey a court order to evacuate and then remaining for days in defiance of the judiciary might lead one to believe that a great reversal of American ideals of law and order is taking place. But that not only would be snap judgment, it would be entirely mistaken. It merely shows that the American people as a whole are tolerant—up to a point—and that law enforcement is tempered with the desire to avoid serious trouble, also up to a certain point.

The minority of industrial workers which is the C. I. O., will find, as William Green said, that disrespect for law and order will backfire upon labor. The reaction might possibly take the form it took in Italy, where seizure of factories gave Mussolini his chance, and brought in Fascism, under which the workers' rights are practically non-existent. More probably, the reaction to continued sit-downs might be laws forcing responsibility upon labor unions and virtually prohibiting strikes of any kind, as in England. There is a large school of opinion in this country which holds that the latter eventuality is to be desired. Labor doesn't want the British plan, however; it wants to keep the right to strike. Then they had better not abuse that right.

After all, industrial workers are only a small minority of the population, while everyone is a consumer of industry's products, and everyone has a stake in the maintenance of law and order.—Houston Chronicle.

TOWARD PROSPERITY FOR US ALL

The tremendous importance of the railroads to the other industries of the nation, is illustrated by statistics detailing their buying during 1936. In that year, they spent more than \$534,000,000 for materials and supplies, more than \$192,000,000 for new locomotives and cars, and over \$255,000,000 for coal and fuel oil. Their direct purchases thus totaled almost a billion dollars—\$982,204,000 to be exact.

A list of the industries that share in the fruits of this almost inconceivable private spending, would fill many a page. The railroads use about 70,000 separate commodities. They are among the best customers of all the commodity industries—textiles, metals, coal—as well as manufacturing industries. Thus, their influence on employment conditions can hardly be exaggerated. Directly, in normal times, they are the largest single employer in the nation—and indirectly, they provide employment for untold thousands of workers in the industries they patronize.

It can be said without equivocation that few single factors can be more beneficial to the well-being of the nation than a prosperous railroad industry. They are the backbone of commerce—without the service they perform with such amazing efficiency and celerity, business would virtually come to a stop. They are the creators of purchasing power, income and wealth. They are tremendous taxpayers—notably to county and state governments—and it has been shown that this money pays the overhead of a remarkably large proportion of the nation's schools. Their salutary social and economic influence is felt in the most remote hamlet, and in every business.

THE CONSUMER CAN PAY EXTRA

The Tydings-Miller bill, now pending in Congress, seems to protect the interest of "everybody but the consumer," as the Portland Oregonian says. The measure would authorize manufacturers and wholesalers to fix minimum retail prices at which merchandise could be sold.

During the past year or two, there has been a veritable epidemic of bills similar in purpose. Literally thousands of them have been introduced in State legislatures, and few have passed. The Tydings-Miller bill is little different from the rest, save that it is greater in scope and would affect the entire nation and all of its 125,000,000 consumers.

On economic grounds, it is difficult to see how such a bill can be justified. It would put an artificial brake on the normal processes of free competition. It would attempt to make negative the law of supply and demand. And on purely practical grounds, the dangers implicit in the measure should be obvious to everyone. Prices for all manner of commodities are rising rapidly. Precipitous future rises are forecast. The cost of living is reaching alarming proportions, and is increasing infinitely faster than the purchasing power of the public. Price-fixing laws would spur the ascent of the cost indices.

The national grange, in its official clip sheets, says concerning the Tydings-Miller bill:

"This could mean only one thing for the consumer—higher prices. Congress certainly is not legislating in the interest of the people in the enactment of bills of this sort."

A law which artificially boosts the cost of living is definitely opposed to the interest of the people.

"SIT-DOWNERS" A DISGRACE TO LABORERS

It does not look possible that the general laboring class in the United States would countenance the attitude of the "Sit-Downers" in the present strike situation. We feel that laborers have the right to make contracts, and to expect certain rights, but the right to usurpation of the properties of others is wholly un-American. If such conditions continue it will not be long until the entire population of America will be giving labor the credit for the mistakes that a small per cent of the unionists of the country are responsible for. There should be reason, common sense and sound judgment used in all conditions. It seems now that the "Sit-Downers" are being organized in the East Texas oil fields and if they pull a strike of that nature, under our state constitution it can be classed only as an insurrection. The Governor has stated that such will not be tolerated by him, and in that event, somebody is liable to get hurt, or even knocked off the stage of action. There seems to have been enough of the socialistic attitude in our country already, and it is the hope that our government will try to deal with leaders of such classes.

Nobody's Business

By JULIAN CAPERS JR.

Out of the pall of grief which fell over Texas and the nation in the wake of the New London school disaster, claiming the lives of 425 children and teachers, will doubtless come legislation designed to prevent a repetition of the disaster. A joint committee of East Texas senate and house members, named promptly, was studying the cause of the catastrophe, which early reports indicated was the result of accumulated gas in the basement or hollow tile walls. Whether this was from leaking gas connections within the building or from drifting gas from near-by oil wells had not been determined at this writing. But sentiment among the legislators indicated very positively that possibly laws requiring a malodorous in commercial gas, a more rigid inspection of school buildings generally and other indicated legislative measures will come out of the unparalleled tragedy.

Allred Program Sunk

Two additional major planks in the program of Gov. Allred fell by the wayside during the week when action by the Senate State Affairs Committee virtually killed for this session the two pending major public utility regulation bills. The utility interests saw their fight virtually won for them by outsiders when the Texas League of Municipalities spokesmen vigorously opposed turning regulation over to a state commission, as provided in Olan Van Zandt measure. Mayors and managers of many Texas cities joined in opposition. Final passage of the Tennyson's house bill, extending the right of utility regulation to small incorporated cities and towns appeared to be the only victory in sight for those seeking stronger utility control at this session.

The other Allred-sponsored measure was the Herman Jones franchise tax bill, a highly controversial bill. The House literally riddled it with amendments that would reduce its probable revenue-raising power from \$12,000,000 to less than \$3,000,000 annually, and almost killed it by a motion for indefinite delay. The governor had strongly urged higher franchise taxes, devoting a large section of his original message to the subject.

Parole Board Created

Texas acquired a legal system of pardon and parole, carrying out the terms of the constitutional amendment adopted last year, when the long deadlock between House and Senate on where the board's headquarters should be located was broken. An attractive plate of Blackstone designated as headquarters, but stipulating that the board must spend at least 15 days each month at either Huntsville or the prison farms. The new law removes much of the load of responsibility from the governor and prevents forever, it is believed, a repetition of "pardon peddling" by making it impossible for the governor to grant any pardon not first recommended by the board.

Labor Trouble Looms

Possibility of a re-enactment in the Texas oil fields of the bitter labor warfare and sitdown strikes staged in Detroit was seen by some observers here as the date neared for the April drive of John L. Lewis' organization to enlist oil field workers under the banner of his committee for industrial organization. Seeking apparently to head off this drive, some major oil companies announced wage increases and others forecast such a step. The International Association of Oil and Gas Well Workers, already well entrenched in the Texas fields, is an affiliate of Lewis' union and provides a substantial nucleus for the drive, which will be launched by Lewis in person with speeches in several strategic oil centers in Texas next month.

Clean-Up Proclaimed By Governor Allred

To All To Whom These Presents Shall Come:

WHEREAS, in the interest of public health and fire prevention, a spring clean-up campaign is conducted annually in Texas to permit the sanitation of yards, premises and alleys, and to remove fire hazards from around buildings, lots and drive ways; and

WHEREAS, the present safety campaign being sponsored in our State by what is known as the Governor's Traffic Safety Committee could be served by giving consideration to those matters which would protect the lives and property of our cities against the spread of disease, disabling sickness and property loss through damage; and

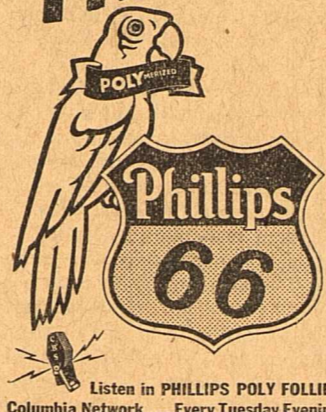

WHEREAS, the Texas State Health Department and the State Fire Insurance Department have, together with various civic organizations, suggested April 4 to 11 for this protective work;

NOW, THEREFORE, I, JAMES V. ALLRED, Governor of the State of Texas, do hereby set aside and proclaim the week of April 4 to 11, 1937, as

THE CHOKES ON YOU

—it drains your gas tank 5 to 15 times faster than normal

Watch out for this pickpocket!

The choke is guilty, say automotive scientists, of stealing your mileage and your money.

In laboratory and road tests, they have actually measured your loss and proved that every time you pull out the choke, the gasoline consumption of your motor is increased five to fifteen times.

This explains why Phillips 66 Poly Gas gives such amazing economy. Being higher test, it requires the least possible choke. And it is higher test without higher price, because Phillips is the world's largest producer of natural high test gasoline.

Cool days, warm days, snowy or rainy days; in any weather you get remarkable economy with this 100% custom-

tailored gasoline. Besides, every gallon has the extra energy units supplied by the patented POLYmerization process.

So if you want more pep and power, want faster response to the throttle, extra speed and added mileage—the gasoline you want is Phillips 66 Poly Gas.

It costs nothing extra and it's easy to get. Just keep an eye out for the Orange and Black 66 Shield. Stop... fill up... and your very first trial tankful will prove there is a difference.

CHANGE YOUR OIL... NOW!
Drain and refill with Phillips 66 Motor Oil... for summer lubrication. Because it is the finest lubricant refined by Phillips, we recommend it as "the world's finest oil for your motor."

IN SPELLING CONTEST

TWO PERFECT PAPERS
Supt. O. C. Southall of Patton Springs who was director of spelling for the Dickens County Inter-scholastic League reports that two perfect papers were turned in at the meet at Spur last Friday. The pupils turning in the two papers were Miss Geneva Boyd of Dickens and Miss Estelle McLaughlin of McAdoo. The papers have been sent to Austin for checking and if approved there, certificates attesting the proficiency of the two contestants will be mailed them from the state office of the League.

Perhaps the outstanding team of contestants in the spelling contests were two sisters, Geneva and Genet Byrd of Dickens. Geneva turned in a perfect paper and Genet missed one word for a team grade of 99. Several other 99 papers were turned in by individuals but not for any other team. The papers with only one word missed were turned in by Della Dean Baxter of Patton Springs, Johnny Rucker of Spur, Florene Buset of Dickens, and Virgil Rogers of Dry Lake.

Spur Schools Have Very Busy Week

The six weeks term examinations for the second semester are being held this week and all students are very busy trying to make good toward their teachers. Report cards will be given out Wednesday of next week. This will be the last time reports will be given out until the close of school.

The District Interscholastic League Meet will be held at Lubbock Friday and Saturday of next week. All first place winners in the county will attend this meeting, which will include a number of Spur pupils.

By virtue of the fact that basketball season is over has not lessened the interest in amusements. Volley ball, play ground ball, pitching washers and tennis keep the student body busy during the recess periods. The Junior High School has organized baseball in all the grades and are having a Round Robin tournament, the team winning the most games will be the champions. The girls of the same school are starting a Round Robin contest in volleyball.

Tuesday morning the high school enjoyed a pay assembly in the form of a one-act play and impersonation of teachers. A small admission fee was charged for this program and the proceeds will be used to help pay expenses of the students in the one-act play contest at Lubbock next week.

The pupils at Junior High enjoyed a very fine program the last of the week. The first grade pupils of East Ward with their teacher, Mrs. Collier, gave a very fine chapel program which was greatly enjoyed by all present. It is reported the pupils in Junior High expect to return the courtesy in the near future.

Some new pupils have been enrolled in the schools this week. Among them are Fritzy Driskill in the ninth grade, and G. P. Driskill in the eighth grade. These pupils come from the Cleburne high school. Robert Allen Sawyer enters eighth grade, Jack Manley Sawyers enters the sixth grade at Junior High, and Glenn D. Sawyer enters the first grade at East Ward. These pupils come from the Rocksprings schools.

Principals report work in the various schools as going along fine.

Farmers Cannot Redeem Farms After Foreclosure Made

Texas farmers whose land has been actually sold under foreclosure proceedings have no way to redeem it under the Frazier-Lemke Act, upheld by the Supreme Court this week, according to H. A. C. Brummet, chairman of the Farm Debt Adjustment Committee of this county. News dispatches from Washington carried by the larger dailies stated that the decision would help farmers whose land had been foreclosed. The Debt Adjustment Committee stated that this is true in states where there is a period of redemption provided by the state laws, but that no such redemption period is provided in Texas. He urged farmers who were threatened with foreclosure to take prompt action as they must avail themselves of the moratorium privileges provided in the Frazier-Lemke Amendment before actual foreclosure has taken place.

Farmers interested were invited to get in touch with the county supervisor of the Resettlement Administration, or directly with the Farm Debt Adjustment committee, which is composed of volunteer, unpaid workers. This committee will endeavor to bring about an agreement between the debtor and the creditor, under which refinancing. If a voluntary agreement the debt will be adjusted and possibly cannot be reached, the Debt Adjustment committee will assist the farmer in placing his case with the Conciliation Commissioner. Such commissioners have been appointed in every county of the state that has as many as 500 farmers. The Conciliation Commissioner holds a hearing with the farmer and his creditors in further efforts to bring about an agreement which will provide a composition of debts and a further extension of time. If this fails, the farmer is allowed to amend his petition and ask that he be left in possession of all or any part of his property, and that appraisers be appointed to fix a reasonable rental for property left in his hands. This rental must be paid to the Conciliation Commissioner for the account of mortgage holders, and distributed according to priority of claim. The farmer is allowed to continue payment of this rental for a period of three years, at the end of which time an agreement must have been reached for final settlement. In the meantime, if the mortgage holder feels that his rights are not being protected, he has the right to ask that the property be sold immediately.

Hundreds of farms in the state are on the verge of being foreclosed because their owners do not understand that the Frazier-Lemke Act gives to them the privilege of a three-year moratorium, the committee asserted. The price of farm land has recently advanced, and some creditors who formerly were willing to let matters rock along are now showing a tendency to seek possession, he said.

SINGING CONVENTION IS POSTPONED UNTIL SUNDAY

On account of bad weather last Sunday, the Dickens County Singing Convention was postponed until next Sunday, April 11, and will be held at Dickens. We are inviting a number of quartettes and expect to have real singing. Come with your baskets filled and enjoy the day. Time of program to begin will be 11:00 o'clock, A. M. Jack Gipson, President, Dickens County Singing Convention.

McADOO HOME IS BURNED LAST WEEK

The home of Mr. and Mrs. Palo Grissom on the R. R. Wooten farm, near McAdoo, was completely destroyed by fire Wednesday afternoon of last week. Mr. and Mrs. Grissom had gone to a funeral at the cemetery west of McAdoo, and it is thought the flames started from an oil cook stove. Mrs. Grissom had been using the stove and thought she had all the flames turned out, but there seems to have been no other means whereby the building could have been ignited. The home and all its contents were destroyed. One wash tub and a boiler was saved and what clothing members of the family were wearing was all that was saved.

PATTON SPRINGS TRUSTEE ELECTION

Results of Saturday's trustee election for the Patton Springs District were: A. J. Richey of Croton, 73; D. W. Sims of Afton, 60; V. S. Ford of Midway, 58. There were some few scattering write-in votes for two other men.

No changes in the personnel of the board will be made as a result of the election, Messrs. Richey and Sims being returned to the board for three-year terms.

G. W. Bennett was the almost unanimous choice of the voters in the Patton Springs District for county trustee at large.

A. A. Stephens, of Abernathy, was in our city Saturday and stated that wheat conditions on the Plains look good this year.

New Irving Berlin Songs Featured

With songs by Irving Berlin carrying it to new heights of swanky melody, "On the Avenue," Twentieth Century-Fox's sparkling musical production, comes to the Palace Theatre Preview Saturday night and shows through Sunday and Monday, with a stellar cast of entertainers and the latest hits by the man to whose music most of the world makes love.

In this real-life romance of New York, gay and glamorous as the town itself, Dick Powell and Madeleine Carroll, a combination new to musical comedy, make a handsome and romantic team, ably surrounded by such masters of mirth and melody as Alice Faye, The Ritz Brothers, and George Barbier.

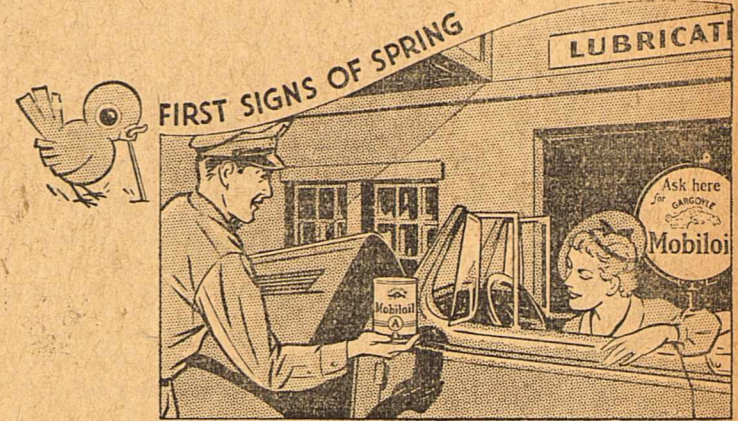

"On the Avenue" gets off to a hilarious start when Madeleine Carroll, as a wealthy debutante, George Barbier, as her father, and Alan Mowbray, as an explorer, enter a theatre

just as Dick Powell, Alice Faye and The Ritz Brothers are going into a farcical burlesque of the home life of "the richest girl in the world."

As the infuriated family stalks from the theatre, voicing threats of damage suits to the manager, Madeleine heads for the stage entrance,

and, brushing past the doorman, snatches Alice's wig off and starts to wreck Dick's dressing room before she is ejected.

A. H. Watson, of Dickens, was trading and talking with friends here last Saturday.
