### Graduation For Senior Class at Stadium Friday

The High School graduation exercises will be held at the Charles A. Jones Memorial Stadium Friday evening, starting about eight o'clock. The Spur school band will play both the processional and the recessional and probably will render other numbers. Miss Ora Pearl Johnston will give the salutatory address and Miss Mary Louise Lisenby is the valedictorian. The speaker of the evening will be the Hon. Gerald C. Mann, former Secretary of State. He will be introduced by Clifford B. Jones who is well acquainted with Judge Mann and has been a life long friend to him. Supt. O. C. Thomas will act as master of ceremonies for the evening. Diplomas will be awarded by Ned Hogan, President of the Board of Education for Spur Schools.

At the time of going to press the number of graduates had not been determined, but the number will be above 60. This is one of the largest, if not the largest, class, in the history of the school. Miss Mary Louise Lisenby was made valedictorian as a result of her work, having the highest average. Her average for the four years of high school work was 92.9 per cent. Miss Ora Pearl Johnston, who held the second highest average, had a record of 92.05 per cent for her four years in high school. Gladys Robertson was third on the list with an average of 91.14 per cent for the four years. The boy making the highest average for the four years of work in high school was Carl Patton, with 88.97 per cent, and Cleo Thomason was second with 87.75 per cent.

The public is extended an invitation to be present at the graduation exercises Friday evening. There is plenty of seating capacity in the stadium and loud speakers will be installed for the accommodation of everybody.

### Sanitation, Safety, Will Feature Municipal Pool Activity

The new municipal swimming pool is scheduled to open Tuesday, June 1, and it is hoped that a record crowd will be present. There will be a big bathing review held the opening day and it is hoped there will be many contestants. There will be out of town judges to judge all events and the judges are not to be known to anyone.

A business man in any town can sponsor an entry in the bathing beauty contest, and all the entries from any town or community will be judged for the winner of that particular community. The winner from each community is to be given a season permit for the entire swimming season. After all the community winners have been selected, they shall go into a contest to see who shall be bathing queen for the season. The bathing queen is to be awarded a beautiful silver loving cup.

Each girl who is entered in the contest from any community is to have free bathing privileges for the two days, June 1 and 2. In addition, the Palace Theatre will give each entry two free passes to the show. Each girl who enters is to be introduced and the firm she represents is to be announced.

Spur's new bathing pool is one of the most complete in the country. New diving boards are being installed and four new ladders are being placed in the pool for the accommodation of the swimmers. The water in the pool is kept sterile at all times. Four life guards have been employed and two of them will be on duty every minute the pool is open to swimmers. A telephone is being installed at the pool so that anyone who is needed can be called at any time.

To make conditions more secure life saving devices are being placed in the pool. The manager of the pool will conduct classes in swimming and people who have not learned to swim will have the privilege and advantage of these classes.

The water in the pool will be warm enough to be comfortable all the time. Most swimming pools have cold water, but the water in the Spur pool will not be too cool.

The city is doing everything possible to make people enjoy themselves while using the pool. Everything will be properly directed and every means of safety given.

### Chamber Commerce In Regular Meeting Tuesday Evening

The Spur Chamber of Commerce held their regular meeting Tuesday evening. A number of things for the good of the county were discussed. A general discussion of the new plan since the organization started was held and everybody stated a way by which the people can be helped.

New plans whereby the whole country can be helped is now swinging into action and it is the hope of the officers, advisors, directors and committees to make the organization of real service to the entire country. Every member is asked to be ready to be present at the next meeting and enjoy the fine community spirit and to get into the harness for the job of making Spur country a better country and to help those around us to progress.

### Rev. Fred I. Cairns And Miss Reed Are Married on Sunday

Rev. Fred I. Cairns and Miss Julia Jo Reed were married Sunday morning at 8:30 o'clock with a very beautiful church wedding ceremony. The church auditorium was practically filled with invited guests, all of whom were close friends to the bride and groom. Sam T. Clemmons and Coy McMahan served as ushers and made everything convenient for the guests.

Miss Pauline Clemmons presided at the piano and the opening number consisted of a vocal solo entitled, "I Love You Truly," rendered by Mrs. R. E. Dickson. Mrs. Clemmons then played Mendelssohn's Wedding March while the groom entered accompanied by David Sisto as best man, and the bride-to-be marched down the aisle accompanied by her father and Miss Frances Springer and Miss Miriam Reed, who served as bridesmaids.

Rev. Hubert Hopper, pastor of the Central Park Presbyterian Church at Houston, performed the double ring ceremony and during the rites the pianist softly played "Traumeri." After the ceremony the bride and groom marched out of the church followed by the bridesmaids and parents of the bride, and others. Congratulations were extended by the hundreds of friends present.

A short breakfast party was enjoyed at the home of the bride's parents, after which Mr. and Mrs. Cairns left for eastern points for a three-weeks honeymoon trip. They will be at Montreat, N. C. for several days where they will attend the meeting of the General Assembly of the Southern Presbyterian Church from May 20 until May 26. Rev. Cairns was elected as a representative of the Fort Worth Presbytery to the General Assembly at the meeting held in Graham about one month ago. They expect to visit friends in New York City, Washington, D. C., and other eastern points. They will return by way of Houston, where they will visit relatives and friends. Rev. Cairns is a graduate of the seminary at Houston and was a school mate of Rev. Mr. Hooper who read the marriage rites.

Rev. Cairns stated that he expected to be back in Spur by June 6th and will fill his pulpit at the morning and evening hours at the Presbyterian Church on that date. Rev. Cairns has been pastor of the First Presbyterian Church here for several years, with the exception of a leave of absence which time he spent studying in Europe. He is an able speaker, and works diligently at his profession.

Mrs. Cairns is the elder daughter of Mr. and Mrs. James B. Reed, one of the best families in our city. She graduated from the Spur high school and is a student at Baylor University. It is reported that she expects to keep up her work at Baylor and acquire her degree. She has a great host of friends in Spur and is very popular with the student body at Baylor University.

Rev. and Mrs. Cairns will make their home in Spur after their return. They have the best wishes of all their many friends for a successful life.

Among out of town guests present for the wedding were: Mr. and Mrs. E. A. Russell and daughter, Miss Billie Marie, of Stamford; Mr. and Mrs. W. B. Williams and daughter, Miss Glenna, of Slaton; Miss Clara Pratt of Lubbock; Mrs. M. L. Vermillion, Misses Grady and Helen Vermillion, and Mrs. Hemp Rattan, all of West Minster, Texas.

Principal High School.

### Associate Justice M. J. R. Jackson Selected As Chief Justice

Judge A. J. Folley, of the 110th Judicial District, received a message from Governor Allred announcing his appointment to the office of Associate Justice of the Court of Civil Appeals of the Seventh District of Texas. Associate Justice M. J. R. Jackson was promoted to the office of Chief Justice of the Court to fill the vacancy of the late R. W. Hall. Judge Folley was appointed to replace Jackson, making him junior member of the Court.

Judge Folley who had served the 110th District as state's attorney for six years, was elected Judge of the 110th District Court in 1934 and had served only a little more than half of his present term. He came to Spur in 1924 as a young lawyer and started into practice of law. Later he removed to Floydada where he met with excellent success and his ability at the bar gained the confidence of the people who elected him District Attorney and then District Judge. He has made an excellent record as a jurist, having only three cases reversed on him out of about 25 appeals.

Attorney Alton B. Chapman, of Spur, present District Attorney for the 110th District Court, was appointed District Judge to fill out the unexpired term of Judge Folley. Judge Chapman is a graduate of Hardin-Simmons University and of the law department of the University of Texas. He was associated as a law partner for a time with Clem C. Calhoun and later came to Spur. He made the race for County Attorney in 1930 being elected overwhelmingly and was re-elected in 1932. In 1934 he made the race for District Attorney for the 110th Judicial District and carried every county in the District but one. He was re-elected in 1936 without opposition. His record as a District Attorney has been outstanding, having had only three acquittals in about 200 cases which he represented for the state.

Judge Chapman's friends are very glad to know that he was willing to accept the appointment. The Judge stated that he really enjoyed the practice of law much more than being a judge, but that it is a case of where duty calls and the people wanted him to accept and he acquiesced to their wishes.

Attorney John A. Hamilton, of Matador, was named Friday to succeed Judge Chapman as District Attorney. Attorney Hamilton has been serving Motley County as County Attorney and has been making a good record. His father, Judge G. E. Hamilton, is very active in the law practice, and the two of them have been working together for some time. Attorney Hamilton is a young man well founded in the principles of law, is a graduate of the law department of the University of Texas, and is a student of his profession. During the time of his practice he has enjoyed a wide experience and will make us an excellent District Attorney.

The appearance of "Wafford," the handsome pig star of "Waikiki Wedding," the comedy with Bing Crosby, Bob Burns, Martha Raye and Shirley Ross, showing at the Palace Theatre preview Saturday night, Sunday and Monday, served as another reminder for a whopper about the folks back home to Burns.

"You can't hardly kill a razorback pig," Burns drawled. "I remember one time down in Arkansas my Uncle Fud was blasting some stumps out of a field and some of the dynamite didn't go off. One of the pigs got in there and swallowed eleven sticks of the dynamite."

"That night a mule in the barn kicked him and the dynamite went off and blew down the barn and blew the windows out of the house. I want to tell you that for a few days we had a mighty sick pig on our hands."

## SOCIETY

### GOOD MEETING OF THE McADOO 4-H CLUB.

In a meeting of the McAdoo 4-H club Tuesday morning, May 11, Miss Jean Day, county agent, told the members, "There are various kinds of entertainments, some of which are picnics and parties. One does not have to give a party to achieve his goal on entertainment. When a person visits in your home, even for just a few minutes, you are entertaining."

Miss Day said, "Parties afford an excellent opportunity for having a good time. It is the hostess' duty to see that the party is a success. The way in which a party begins often indicates its success or failure. The first five or ten minutes is the best time to 'pep up' your party. Play some kind of game to get your crowd's enthusiasm aroused."

The members played several games including quilts. They received some ideas to help make their entertainment an enjoyable one. Refreshments were discussed. There are three important things to remember about them. Are they good? Are they simple? Are they attractive?

Miss Day, Miss Moore, the club sponsor, Effie Ford, Vollena Finney, Deolva Barbee, Alice Butler, Wanda French, Leona Harris, Katherine Ward, La Rue Holmes, Pauline Cox, Frances Wooley, Gwendolyn and Yvonne Allen were those present at the meeting.

### McADOO LADIES TO HOLD A COMMUNITY FAIR.

The Club women of the McAdoo community are planning a community fair some time in June for the purpose of showing some of the work they have done in Home Demonstration projects.

There will be prizes for the following:

Quilts, both pieced and appliqued; bedspreads, tufted and crocheted; plain pillow cases; wash dresses and miscellaneous needle work.

All women in the McAdoo community are invited to exhibit their work, whether club women or not; they are urged to participate. The exact date will be announced later.

### CITY FEDERATION MEETING TUESDAY, MAY 25.

"Achievements of Spur Club Women" will be the theme of the annual tea of the City Federation of Women's Clubs when the final meeting of the year is held at the Spur Inn on Tuesday, May 25, at 3 p. m.

Mrs. J. W. Walker of Plainview, President of the Seventh District, will be honor guest and the featured speaker. Other out-of-town women will also appear on the program that is being arranged by Mrs. A. M. Walker, City Federation President, and her committee.

A display of achievements is being planned and it promises to be of much interest. Installation of officers and presentation of new club presidents will conclude the program.

Special invitations are being extended clubs at Jayton and Girard. All interested persons in Spur and vicinity are urged to attend. Plates will be 25 cents, and reservations should be made not later than noon Monday with one of the following:

Mesdames L. D. Ratliff, O. C. Arthur, E. F. Laverty, or E. D. Engleman.

### RED MUD DEMONSTRATION CLUB IN MEETING.

The Red Mud Home Demonstration Club met Friday afternoon, May 14, in the home of Mrs. B. I. Scoggins.

Different varieties of bread were discussed and judged, and there were many important points brought out which should make us better cooks; also, different mixtures of food were discussed, one of which Miss Grimes demonstrated being spinach, macaroni and cheese combined, which made a very nice and attractive dish. Very delicious caramel muffins

Hard-headed but soft-hearted, and the shrewdest, kindest, "course of true love" smoother in seven counties, Will Rogers finds the perfect role in his greatest picture, as the most laughable, lovable character in American fiction, "David Harum, in the Twentieth Century-Fox film showing at the Palace Theatre today and tomorrow."

Adapted from the overwhelmingly popular novel by Edward Noyes Westcott, the picture, under the direction of James Cruze, is an unusual Rogers vehicle, with the most remarkable race-track finish ever screened as David Harum, the small small-town banker, sings his horse on to thundering victory.

Offering the utmost latitude for the wit and wisdom of both America's beloved humorist and Westcott's warmly human character, the story is an absorbing one of the thrilling romance between Evelyn Venable, rich heiress summer-

ing in the sleepy country town, and Kent Taylor, handsome but poor young protege of Banker Harum.

The match-making efforts of the soft-hearted financier and horse-trader culminates when he induces his assistant to bet all of his savings on a horse Harum is to drive in a local trotting classic. The horse will run his best, however, only when hearing his favorite songs, and it is to the accompaniment of several thousand voices singing "Ta-Ra-Ra-Boom-De-Ay" above the blare of a brass band that Harum drives his steed on to thundering victory.

Louise Dresser and Stepin Fetchit have sympathetic roles in the film as lovable and indispensable adjuncts to the Harum household.

There are 300 good reasons why you should see this picture Thursday and Friday.

families and the families of deceased veterans during the coming year.

All members of the Auxiliary able to serve have volunteered to distribute the memorial poppies. In addition, members of other women's and girls' organizations will aid. Junior Auxiliary members will take active part in the work.

## Poppy Sale Here Under Auspices of Legion Auxiliary

Enthusiastic response to the American Legion Auxiliary's appeal for Poppy Day workers is reported by Mrs. D. A. Wilson, poppy chairman of the local American Legion Auxiliary Unit. Enrollment of women to distribute memorial poppies throughout the city on Poppy Day, May 29, is practically complete, and assures complete coverage of the city.

All of the Auxiliary Poppy Day workers will serve as unpaid volunteers, giving their time to bring the memorial flowers to the city and to permit every penny of the contributions made for the poppies to go to the welfare of the needy victims of the war. The funds raised will help support the work of the Legion and Auxiliary for disabled veterans, their

"Successful observance of Poppy Day, when we honor the World War dead by wearing their memorial flower and aid the disabled veterans, the widows and fatherless children of veterans, depends entirely upon the volunteer workers," said Mrs. D. A. Wilson, Auxiliary president. "Disabled veterans work all winter and spring making the poppies, which must be distributed in one day. We hope that the public will appreciate the efforts of these workers and will give generous cooperation."

## Crosby Comedy Is Gay Romance Of South Seas

Romance, hilarity and music in generous proportions are provided in "Waikiki Wedding," the gay comedy of love in the pineapple groves with Bing Crosby, Bob Burns, Martha Raye and Shirley Ross showing at the Palace Theatre preview Saturday night, Sunday and Monday.

The romance is between Crosby and Miss Ross and in lighter vein, Burns and Miss Raye. Crosby is a press agent whose job it is to keep Miss Ross, who won a trip to Waikiki in a contest, properly thrilled with the glamour of the place. He has to resort to considerable trickery to accomplish this, but being a resourceful press agent he is not short of ideas. He falls in love with the girl and is reduced to the necessity of undoing his trickery with honest romancing to win her. And he has to do it pretty quickly what with a steamer ready to whisk her away from him forever.

The direction was skillfully handled by Frank Tuttle, who is thoroughly at home with this type of comedy. The photography is beautiful and there are a number of native ceremonial dances which will be long remembered. In particular there is a native wedding, and a barbaric drum dance performed by Miri Rei, the Tahitian dancer who proved the sensation of the Zeigfeld Follies several years ago, which can be classed with the most effective motion picture scenes captured by the camera.

The music is excellent. "Blue Hawaii," "Sweet is the Word for You," and "Okolehao," by the celebrated pair Robin Rainger, are in the big hit class.

You must see "Waikiki Wedding."

Rev. F. M. Ewton of Spur will for the graduating class of the Patton Springs High School at the auditorium Sunday night, May 23, at eight o'clock.

There are fifteen members of the graduating class at Patton Springs this year, the largest class thus far in the history of the school.

Ten members of the Patton Springs Senior Class accompanied by the class sponsor, Miss Lillie Gentry, and Mr. and Mrs. A. J. Richey, of Croton, spent the week-end at Palo Duro State Park near Amarillo on a camping and hiking excursion.

It is the custom each year at Patton Springs for the senior class to make a visit to some point of scenic or historical interest. Last year the trip was made to the Carlsbad Cavern. This year the class decided to "See Texas First," hence the trip to the far-famed Palo Duro.

On Thursday afternoon, May 20, at 2:30 o'clock, in the school auditorium at Patton Springs, the first, second and third grades will present a combined program. On Friday afternoon at the same hour the fourth, fifth, sixth and seventh grades will present another program. No charge is made for admission to these programs, and every patron and friend

of the school is cordially invited to attend.

Friday night, May 28, at 8:30 o'clock, in the school auditorium at Patton Springs, diplomas will be awarded to 15 members of the senior class. The public is cordially invited. ## MIGHT MEAN MORE THAN WORDS

The lady in California who recently stated that she could not understand the philosophy of a man paying \$15.00 for a shirt and then covering it all up but about ten cents worth, might be talking common sense. If the same principle applies to a fifty cent shirt, we are ready to say, "Fellows, let's discard our coats," for these days do not represent a temperature that requires that we men should keep anything under cover.

## STUDENTS ENJOY TRIP TO CARLSBAD CAVERN

A number of the members of the Senior Class of Spur High School left Sunday afternoon for Carlsbad, where they enjoyed a day going through the Great Caverns and studying the different formations found in them. There were 46 of the class in the party, and Supt. Thomas and Miss Nina Landers, the sponsors, accompanied them. J. R. Laine was in charge of the large school bus.

The students returned Tuesday afternoon and reported a grand time, stating that they enjoyed going through the caverns very much and pronounced them a beautiful sight.

## \*6\* CAUGHT A BIG FISH ON SOUTH TEXAS EXPEDITION

W. T. Wilson and others returned Tuesday from South Texas where they had been on a big fishing trip. The party was composed of W. T. Wilson, Merritt Graham, and W. N. Huntsucker, of McAdoo. They brought the head of a blue catfish which they said weighed 46 pounds when caught, and from the looks of the head there was not much room for doubt in regard to the weight.

Mr. Wilson stated they enjoyed a great time. They caught a number of smaller fish which Mr. Wilson said were much better food than the large one they caught. They invited in a number of the ranchmen and cowboys along the Devils River section to enjoy the big fish caught. They fished some in the Pecos and stated they had very good luck along Independence Creek. While away for the eight days, they visited over in Old Mexico.

G. C. Thomason, of Highway, was trading and talking with friends here Saturday.

## Assistance Checks Delayed This Month For Several Days

With May checks for approximately 126,000 needy aged ready for mailing, payments this month are being delayed until the federal grant is received from Washington. W. A. Little, acting director of the Old Age Assistance Commission, reported this week.

"Our understanding is that the Social Security Board is waiting for a deficiency appropriation from Congress and that all the other states are in the same position as we are. We will mail the May assistance checks immediately upon receipt of the federal matching funds. This might be in a day or so, or it might be a week before the grant reaches Austin.

"When you consider that more than 100,000 needy aged are waiting for their assistance warrants to pay grocers, rentals, etc., the seriousness of this delay becomes apparent. I ask that people who deal with the aged give them due consideration until the checks can be released," Little said.

He added that the federal money generally is received between the first and tenth of the month. He said that the Texas share of May payments is waiting in the State treasury.

"Our grant has been approved already for the April-May-June quarter, and we have received and disbursed funds for April. But we have heard nothing of the May-June part of the allotment," he declared.

The approved grant for the April-May-June quarter totals \$2,539,807.73 and the April third of it has already been received and disbursed. It totaled \$846,602.58.

## Nobody's Business

By JULIAN CAPERS JR.

Veto by Gov. Allred of the commercial carrier bill, written by the legislature in an effort to permit private business concerns to deliver their products in their own trucks without qualifying as common carriers, and a revival of the oft-repeated rumor that Gov. Allred will receive appointment as a federal judge and resign the governorship, were the outstanding developments of the week in Austin.

The federal judgeship rumor, which has been bruited about for more than a year, appeared this time to be backed by significant circumstantial evidence. Altho Allred has maintained discreet silence, his close friends say he is exceeding anxious for the job. There is before the house judiciary committee in Washington a bill creating an additional judgeship in the South Texas (Houston) district. Inside information from the national capital indicates it probably will be passed at this session of congress.

Best information here is that Senators Sheppard and Connally will endorse different candidates. That will put the decision up to Vice President Garner, who has always been Allred's political friend. Garner is known to be willing to go a long way to prevent Allred becoming a candidate against Connally in the future, and the current story at Austin is that he has definitely decided to back Allred for the judgeship. In that event, Lt. Gov. Woodul automatically becomes governor for the remainder of Allred's term.

Friends of Col. Ernest Thompson and Atty. Gen. William McCraw, who will both seek the governorship in 1939, are said to have used their influence to prevent this program working out in the past, because they feared that Woodul would feel obligated to seek election as governor, thus complicating the situation next year for their favorites. But close friends of Woodul have recently declared the lieutenant governor would far rather be attorney general of Texas—an ambition to which he has been pointing his political career for years—and that even if he served out Allred's unexpired term, Woodul probably would then continue with his present campaign for attorney general next year. Upon this assurance, friends of the other two candidates apparently have waived their opposition to Allred's appointment, and the thing appears more likely to be worked out on this basis than at any time since the rumor originally started.

Two visits by Gov. Allred—one official to welcome the president to Texas, and the other with an apparent effort at secrecy this week—lend some credence to the reports. The governor's mysterious "trip to the country" to "take a rest" is reported here to have been an unheralded visit to the president near Galveston.

Knowledge of this situation is credited by many at Austin with the policy of the group of senators who have blocked action of many important legislative measures supported by Allred, including the race repeal bill. Nobody knows when the Allred appointment will go through—if it does—but Sept. 1 is the date most frequently heard at Austin in discussions of the subject.

## Eighth Veto Angers House.

Veto by the governor of the bill adopted to permit privately owned trucks to cruise the highways at will drew fire in the house which quickly passed the measure over the veto, with many Allred stalwarts favoring the bill. In the senate, anti-Allred leaders, such as Frank Rawlings of Fort Worth, and Clint Small of Amarillo, failed to support the veto, and the bill failed of enactment over the veto by the narrow margin of two votes. The governor explained in his message that the bill was so poorly drafted that it virtually threw the highways open to trucks without registration, and raised serious legal questions as to the validity of the whole common carrier truck laws now in effect. The governor took the position that the private trucks ought to be permitted to operate but with strict regulation, and that the present good system of regulation for common carriers should not be jeopardized or impaired. Senate action probably killed further commercial truck regulation for this session.

Thomson Favors Advertising Bill. Rallying to the support of Lt. Gov. Walter Woodul's constitutional amendment to permit the state to advertise for tourist and industrial business, Col. Ernest O. Thompson of the railroad commission pointed to Amarillo, the city of which he was formerly mayor, as having proved the value of community advertising by doubling its population within a few years through advertising. He also cited the California campaign, which has raised the per capita income of that state to twice that in Texas, brought millions of visitors and permanent residents there, and drawn millions of dollars of industrial capital to the coast. The amendment resolution has passed the senate, is threatened with death in the house. It may get a final house test this week.

## McADOO

The play was directed by Mr. Alvis Yeates.

Mr. C. C. Neeley and children visited Mr. and Mrs. Lee Parker of Spur last Sunday. Mrs. Parker is a daughter of Mr. Neeley.

Mr. Lewis Gilmer of Wilson has been visiting with relatives and friends.

Word has been received here that Rev. Isabelle of Fort Worth has had a stroke of paralysis. Rev. Isabelle is a former pastor of the McAdoo Baptist church. Perhaps he would appreciate hearing from his old acquaintances and friends of McAdoo.

Sunday, May 23, is home coming day at Pansy Baptist Church. This is expected to be an enjoyable day for all those who attend the services. A light shower of rain fell in this district Sunday night. The small amount of rainfall helped to refresh the vegetation. The farmers stated it was a nice cotton shower. A good rain would be very helpful to the wheat.

A toast to the seniors of McAdoo High School! What class in McAdoo has ever left such a record behind them? They are the largest class yet to graduate from McAdoo High School. They are editing the first annual ever printed in McAdoo. They have zealously put out their best efforts to win honors for our school in all extra-curricular activities.

To Edrie Henderson a toast for her record in basketgall. A bouquet to Sybil Brantley for editing a successful Aerie each week. Pennants to Coy Powers, M. A. Adams, Ed Robertson and Koy Neeley for their achievements in athletics. A special edition of Shakespeare to Katherine Ward, Robert McDonald and Koy Neeley for their scholastic record. A comic strip to Lee Griffin for his witticisms. A button to Juanita Rose and Ida Mae Owens for their good examples of the advantages of home economic training. Envy to Verna Mae Hickman for her popularity and even temper. Friendship to Dollie Womack for ready smiles. A rose to Garrett Barnett for his popularity with the girls. A mirror to Levis Pullens for his curly hair. A pencil to Clyde Crausbay for his bookkeeping tendencies. A brush to Eloie Harris for his immaculate clothes. A glove to Ross Fewell for his baseball ability.

To all the seniors, sincere good wishes for a successful and happy life, with friendly belief that each of them is capable of making these wishes come true.

The above toast was given by the local students.

Friday night, May 21, an operetta entitled "The Magic Beanstalk" will be given at the school auditorium. The story is based on Jack and the Beanstalk. The characters are made up of the first five grades in school.

Misses Lenora Nickles, Bertie Lee Butler and Mrs. Harold Hardy are sponsoring the operetta.

Mrs. Amos Isaacs entertained the seniors with a party at her home on Saturday night. The entertainment consisted of various games.

Refreshments of punch and cookies were served to the following students: Verna Mae Hickman, Sybil Brantley, Ida Mae Owens, Katherine Ward, Eloie Harris, Lee Griffin, Clyde Crausbay, Coy Powers, Koy Neeley, Edward Robertson, M. A. Adams, and the senior sponsor, Mr. R. E. Everett.

The McAdoo seventh grade students went to Dickens Saturday, May 15, where the seventh grade county graduation exercises were held. Games for all the county students were begun in the morning and a picnic lunch was served at Dickens Springs at the noon hour. An interesting program was presented. The program was made up of students selected from the various schools present, who gave readings, musical numbers, and other entertaining features. Graduation exercises for all schools in the county except Spur were begun about three o'clock, with Judge Marshall Formby delivering the address. McAdoo had the largest seventh grade graduating class.

The following is a list of McAdoo students in the seventh grade:

Doris Ruth Brownlow, Alcia Butler, Mary Lee Brock, Eula Pearl Campbell, Laverne Cornelius, Pauline Cox, Ruby Callahan, Doris Early, Leona Harris, Irene Jockson, Ima Nell Neeley, Bonnie Russell, Roy Allen, Alvin Baker, Eugene Brownlow, C. L. Brownlow, Ewell Buckner, Billy Davis Morvis, Moody Fewell, Coy French, Clint Formby, Raymond Harris, Lawrence Pinkins, Oris Pullens, Elzey Pullens, Floyd Rich, Elmer Roberts, W. D. Womack, Billie Joe Woolley, Floyd Harvey, and James Ford.

(Continued on Back Page)

ment date, May 22 was most frequently mentioned by the senate leaders as the probable time. That would cause solons to work about 10 days at \$5 per day and would probably enable passage of the regular appropriation bills, upon which the house is busily engaged this week. Whether the chief bone of contention—the race horse betting repeal bill—will get up remains doubtful, with the decision apparently resting in the hands of the senate minority group which has buried it on the calendar.

## Senator Connally Favors Retention of Low Interest Rate

Senator Tom Connally declared early this week that he will actively urge the extension of the 3 1/2 per cent interest rate on certain federal land bank farm loans.

House Bill No. 6763, which would extend the 3 1/2 per cent interest rate, has been favorably reported to the House of Representatives. Unless this or some similar bill is passed before July 1st, the interest rate on such loans will automatically revert to the original higher rate of 4 1/2 to 5 per cent.

Senator Connally's views on the matter are set forth in the following statement:

"I strongly favor and shall insist upon the passage of a bill to continue and extend the 3 1/2 per cent interest rate on federal land bank farm loans. It would be utterly unwise to increase the interest rate on loans to the Federal Land Banks at this time. One of the greatest services which the government can render is to make it easy for farmers to become the owners of the land which they till. The establishment of farm homes ought to be one of the cardinal policies of the federal government. The farmers who have purchased homes and have loans on them in the federal land banks are making earnest efforts to complete their payments and become the absolute owners of the land upon which they live.

"The government can afford to continue the 3 1/2 per cent interest rates on such loans. By doing so it may enable farmers to meet interest payments and to also pay a portion of the principal indebtedness. To increase the interest rate at this time would have the opposite effect.

"In the Senate I shall advocate strongly the enactment of the bill providing for the extension of the 3 1/2 per cent rate."

## New Mail Schedules Improve Service in Spur Trade Area

There is a new mail schedule now effective for Spur. Formerly we have had only one mail each day. From now on there will be two mail arrivals at Spur post office each Sunday. One mail will arrive at 6:00 Sunday morning and a second will arrive at 10:45 Sunday morning. This will make a great improvement in regard to the reception of mail in Spur.

In regard to getting mail out of Spur each day from now on, the following schedule was announced by Postmaster Arthur this week. Mail to Lubbock will leave at 6:05 each morning and at 4:30 o'clock each afternoon. The first mail out each morning will take care of the late afternoon letters written by many business men after closing hours.

The mail from Post arrives at 12:30 each day and leaves at 2:00 each afternoon except Sundays. Mail to Roaring Springs arrives at 12:30 and leaves at 1:50 each afternoon except Sundays. Railroad mail arrives at 12:45 and leaves at 3:15 each afternoon except Sundays. This arrangement gives Spur five mails out each day except Sundays and two mails on Sundays.

The rural delivery routes are as follows: Route A going north and west leaves Spur post office each morning at 8:30 o'clock and returns to Spur at 12:30 o'clock. Route No. 1 leaves Spur post office each afternoon at 2:30 o'clock and returns at 4:30 o'clock. Routes are for every day except Sunday. The arrangement of these routes gives the rural people the advantage of all daily papers during the week days and most of the first class mail arriving in Spur post office the same day it comes in.

When Postmaster Arthur went into office he began working out a plan whereby the postal department could better serve the people of Spur county. It has been through his untiring efforts that the above system of mail deliveries and mail arrivals have been secured. The above system will mean a great deal to the community than the service meant in the past, and it seems that our postmaster has been on the job to render service.

## COMENCEMENT EXERCISES HELD AT GIRARD ON WEDNESDAY NIGHT

The final graduation exercises were held for the graduates of the Girard High School last night. The commencement sermon was delivered by Rev. R. C. Brown, of Spur, last Sunday evening. The address to the class last night was made by E. H. Boedeker, who has served as class sponsor the past year and who also will be principal of the High School next year.

There are eight members of the class. They are: Maxine Goodall, Opal Johnson, Wilda Stephens, Gathen Hurst, Robert Davidson, Walda Stephens, and Art Boland.

## Highway Work Is Being Completed

The work of putting down base for the topping on Highway No. 18 from Spur east to the Kent county line is going forward in a rapid manner. The base of crushed rock has been put down from the county line west and is now up to the Wilson Draw tank. The work from that point on to Spur will be rushed as rapidly as possible. Mr. Barnhill, the contractor, stated recently that he did not want to detour people off the main highway any longer than possible. When the work from Wilson Draw tank to Spur is started, the traffic will have to detour directly east from Spur by the cemetery about four miles and then due south to Justice Store where a half mile of side detour will be used. The topping will be put on within the next three or four months.

## Poppy Day Will Be Observed Here Saturday, May 29

Poppy Day will be observed in Spur this year on Saturday, May 29, Mrs. D. A. Wilson, chairman of the poppy committee of Boyd M. Williams Post No. 161 unit of the American Legion Auxiliary, has announced. Extensive preparations for the observance of the day are being made by the Auxiliary women.

Memorial poppies, to be worn in honor of the World War dead, and to raise funds for the welfare of the disabled veterans and needy families of the dead and disabled, will be distributed throughout the city. Organization of corps of "poppy girls" to offer the flowers to everyone on the streets during the day and to receive contributions for the Legion and Auxiliary funds. The flowers have been ordered from Legion, Texas, where they have been made by disabled veterans.

"Poppy Day" is the day of personal tribute to the men who gave their lives in the nation's defense," explained Mrs. Wilson. "On that day everyone can show that they still remember and honor the sacrifices of those who lost their lives in the war. The poppy is their flower, made in their memory by disabled comrades.

"The American Legion Auxiliary will ask no set price for its poppies. We want everyone to wear a poppy and to contribute as he is able for the flower. All contributions will be used for the work of the Legion and Auxiliary among the men who lost health and strength in the war, and among the children whose fathers are dead or disabled. The bulk of the money will be spent right here in Spur for the work our Unit is constantly doing among needy families of veterans here."

B. F. Middleton, of Afton, was attending to business matters in our city Saturday.

S. H. Nalley, of Soldier Mound, was looking after business affairs and greeting friends here Saturday.

M. E. Tree of Highway cut loose from the farm for a short time Saturday and came to town to talk with friends.

## Questions Are Answered on Social Security Provision

This is the first of a series of questions and answers in regard to the Social Security Act which at this time affects every business and every employee in the United States. Watch for future articles each week in regard to this.

QUESTION: How soon are benefits payable under the old-age benefits provisions of the Social Security Act? ANSWER: Lump sum benefits are payable now to an employee if he has reached the age of 65 since December 31, 1936, and has worked in a covered occupation after that date, the estate of such an individual is eligible to file claim for a lump sum payment. In either case, the lump sum will be equal to 3 1-2 per cent of wages paid to the workers in covered occupations since December 31, 1936.

Monthly benefits will be paid after January 1, 1942, to qualified individuals. Qualified individuals are those who have attained the age of 65 and who, since December 31, 1936, and before attaining the age of 65, have worked in covered occupations one day in each of five different calendar years, and have received during such period at least a total of \$2,000. A person who reaches age 65 but does not become a "qualified" individual will receive a lump sum payment equal to 3 1-2 per cent of wages paid to him in covered occupations after December 31, 1936, and before he attains age of 65 years.

Where records fall under roaring motors and flying wheels, Pyroil is generally there—increasing power and speed, safely protecting all frictional parts against often fatal damage. Pyroil has helped to shatter scores of world records—on land, sea and in the air.

# PYROIL

Floyd Teague and his Pyroil-treated Ford V-8 with which he established a new world record of 56 hours, 52 minutes from Los Angeles to New York—May, 1934.

Pyroil is not a substitute for regular oil and greases but a concentrated heat-, wear- and friction-reducing product. Added to oil, grease and fuel by the ounce it makes metal self-lubricating by creating surfaces that function and protect even in the event of interruption with, or complete failure of, the oil supply. Frees valves, seals rings, reduces carbon. It saves so much in power costs and repairs thru friction reduction and supreme lubrication, that its use actually costs nothing. Pyroil can be used with most gratifying and amazing success as to improved operating performance and reduced operating costs, wherever ordinary oils are used. Autos, trucks, tractors, all machinery and equipment—even household utilities—all run more smoothly, powerfully, economically and with utmost safety against damage dangers, with Pyroil.

### East Afton

Most of the patrons of the community were present for the meeting on Monday night, May 10, to decide what to do with or about the school situation.

The lower grade rooms presented several entertaining numbers. The Masons provided music while people were gathering and during the change between numbers.

Mr. Wilson, deputy state superintendent, and Mrs. Madge D. Twaddell were present for the meeting.

Mrs. Twaddell gave a few introductory remarks in the way of acquainting the people with the exact situation of the school. Then, Mr. Wilson, who is well acquainted with the state scholastic laws, told the people just what could be done about the school. He stated that there were three ways to overcome the situation, and provide adequate training for the local students. They might elevate the tax rate and maintain the school, or contract, if possible, to come to agreement to send the students to a nearby school, or, third, consolidate by law to some neighboring school.

Naturally, the solution to the school situation is now in the hands of the people of the community.

Many of the people of this community attended the senior play at Patton Springs on May 7. The play was a popular success. "Finger Prints" was the play presented. The cast was well selected, and everyone present commented favorably upon the portrayals of the different characters. The seniors made enough profit to take care of baccalaureate and commment expenses.

The Juniors and Seniors of Patton Springs who reside in this community stated that they thoroughly enjoyed the annual Junior-Senior banquet which was held on May 8.

Several games were played under the direction of Mrs. Willie Alexander, and Miss Merle Bennett, then the honoree was asked to walk the rope, and was told if she succeeded there was a prize in store. She succeeded, and was presented with several baskets of gifts, given by her many friends.

After the gifts were displayed, refreshments of cake and strawberry punch were served.

Achievement Day of clothing work in the local 4-H girls' club is set for June 4, in the home of Melba Robinson, who is clothing demonstrator. Invitations to the mothers to attend are being planned. This is a milestone in the clothing project, as the girls' dresses and slips will be judged to decide the winning cooperator. All dresses and slips will be scored. Miss Jonell Newberry of Afton spent Sunday afternoon with Miss Cassie Marie Offield.

Both patrons and children are looking forward to the closing of school.

The parents look forward to having their children at home more, and not having them rush off to school early in the morning and not having them come home late in the afternoon so tired. Children look forward eagerly to the long summer days, free from study, full of play. The average student, perhaps, looks forward to the program to be given at the end of school, when he or she will be given a chance to perform on the stage.

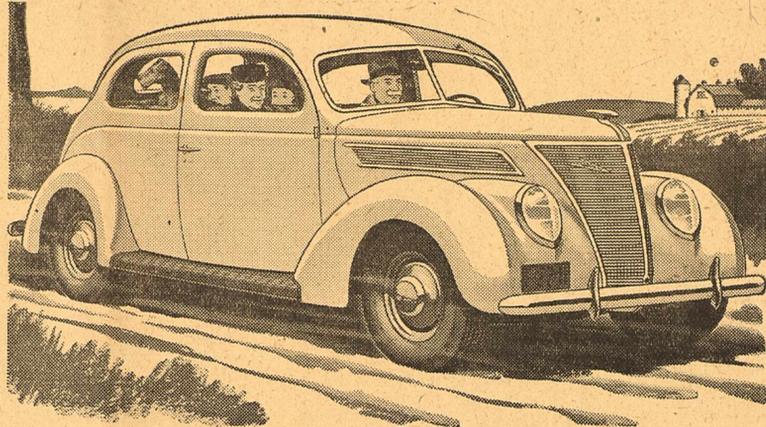

In the next two weeks final examinations will be given, closing exercises held, and in all it will be a full two weeks for the students.

## DOLLAR DAY BARGAINS

And Special Values on June 1 and 2

**McAdoo**

(Continued from Page Four)

Mr. Wilson, state supervisor for this district, visited the local school the first of the week. He examined the exhibit of work in bookkeeping and first year mathematics classes. The school was granted 1-1-2 credits in bookkeeping and one credit in mathematics.

Miss Hayhurst, home economics teacher, took to Lubbock Saturday, May 8, an exhibit of the work of the Home Economics department, and submitted it to the district supervisor, Miss Sorenson. After an inspection of the work, Miss Sorenson granted to the school a unit of credit in home economics.

The local school was also granted 1-1-2 credits in second-year agriculture last week after Mr. Ryan, the supervisor, made an inspection of the work done in agriculture. This makes a total of four credits the local school has made this year.

McAdoo High School is accredited for 22 units in high school work. Perhaps there is no school of this size in the state that has a better record than this.

The commencement sermon for the graduating class of McAdoo High School will be held Sunday night, May 23, instead of Sunday morning as was stated in last week's news. The sermon will be delivered by Rev. Tension of Crosbyton. The exercises will be held in the high school auditorium.

Examinations will be given next week. A large per cent of the class will be exempt from examinations.

The following is the history of the Seniors of 1937 of McAdoo High as was given in the "Aerie" McAdoo school paper.

One September morning in 1925 four small children walked into the little white school house, taking their places as beginners. Sybil Brantley, Juanita Rose, Koy Neeley and Coy Powers were then just seven years old. Under the supervision of their teacher, Miss Betty Martin, this small group climbed the first step of the school ladder.

Again school opened in 1926. The same students, with the addition of Elvie Harris, were in the second grade with Miss Mary Estha McDonald as their teacher. Robert McDonald joined them before the year was finished.

In 1927 the group continued their progress with their slow but steady growth helped by another pupil, Katherine Ward. Miss Elsie Whitaker was their teacher. Mr. Cherry was the new superintendent.

In 1928 a nice new brick building was erected to take the place of the old wooden one. Eric Henderson joined the class that year. Several incidents of this year are vividly remembered by the class. Juanita Rose and E. J. Pair broke a glass in the room while playing at noon. Each of them brought 50 cents to replace it. Of course, everyone thought they would surely get a lickin', but they didn't. Miss Whitaker often whipped her students in the palm of the hand with a ruler. One such time Edrie's hand turned very blue. The class was scandalized.

Miss Amelia Hargis was the new fifth grade teacher in 1929. Nearly everyone got at least one good slapping before the year had passed. Frequently the boys and sometimes the girls got a paddle used on them.

We remember what a hard time we had memorizing every poem in the English language (it seemed). Dolie Womack was picked up by the wayside at the beginning of the year.

The sixth graders of 1931, accompanied by Mrs. W. O. Cherry and Mr. R. L. Orman, succeeded in passing to the seventh grade.

It was in 1933 that we began our high school days. Some how we managed to overlook how the upper classes looked down upon us as "green Freshmen." Algebra, with the help of Mr. Everett, almost crippled all of us. Edrie Henderson began her basketball career when she was a Freshman. She has been on the basketball team every year she has been in high school. Katherine Word and a Senior, Florence Speakman, won in the county spelling contest. Coy Powers began his career as a basketball star. Edward Robertson and Levis Pullens became sophomores with us. Edward was a freshman two years and that is why he could not play football this year. Levis took a vacation from school one year.

The same group struggled through their sophomore year in 1934, no one having joined the class to help them out.

The junior year was an eventful one in the history of the present senior. Verna Mae Hickman, Le Griffen, Ross Fewell, Clyde Crausbay and Frank Rasure came from Wake and helped put on their successful play and banquet. Before the year was gone Ida Mae Owens from Daugherty became an attractive addition to the class. All the students enjoyed making a trip to Carlsbad Cavern after the close of the school term.

Garrett Barnett joined the class this year. The class presented the play entitled "Eyes of Love" and enjoyed the junior-senior banquet. We have published the "Aerie" this year until the last few weeks. With the help and cooperation of the other classes, the seniors are publishing

the first annual, "The Eagle's Nest," in the school's history. We have at last reached the goal which these faithful four set out to attain way back in 1925. The class began with four and is ending with seventeen. We are soon to take our places in the ranks of those "gone before," and

we hope those behind us will enjoy to the fullest the space we are leaving for others to fill. May 23 brings to a close the 1936-1937 term of the McAdoo High School. Until that date teachers and students will be plenty busy. The students will spend a part of their

time "cramping" for final examinations. A number of play operettas and other literary events are to be given within the two weeks. Students of the sophomore class presented a play Friday night, May 14 in McAdoo high school auditorium to a large audience. The play was

entitled, "Aunt Samantha Rules the Roost," and was a three-act comedy containing plenty of fun for everyone. The cast was made up of the following students: Eva Mae Brown, Wanda McLaughlin, Cecil Barton, John Campbell, Leon Isaacs, Weldon

Ward, Maudie Palmer, Guinn Hickman, Jewell Callihan, Dorothy Lea Early, and Pernie Jones. Mr. and Mrs. Rob Johnson and Mr. and Mrs. Warner Johnson of Crosbyton were Sunday guests of Mrs. Isaacs and family.
