## Annual Feeders Day For Stockmen

### WITH THE WILD CATS

The Bert Fields No. 1 on the J. M. Lee place in Stonewall County started up this week. This well spudded to 125 feet in Avril, is just getting started again. This makes the third well to be drilled in Stonewall County.

The Gulf No. 1, Swenson is northeast Garza County, 15 miles southwest of Spur, is drilling below 5,089 foot mark now, in lime. Lime seems to have been the predominant formation in the structure where this well is located.

The Swanson-Parriott No. 1, Carlisle, north and a little west of Peacock is drilling below the 4211 foot mark. They are cleaning out and underreaming the 8 1/4 inch casing and lowering it as drilling proceeds. The General Crude No. 1, Smith, located eight miles south and four miles west of Peacock, is drilling below 4,184 feet and is in lime formation.

The Carter No. 1, McMahan, is still idle waiting for a larger rig to continue on down. However, it is reported that arrangements have been made to complete this well and the rig will begin within the next few days.

The Morrissey No. 1, Bird, located on Section 290, west of Spur, encountered a little set back last week. The casing had been cemented in, but when the plug and bridge was drilled out the water came into the well again. The Halliburton Company arrived here Monday about noon and completed the cementing job and the plug and bridge will be drilled out about Saturday noon.

With all the activity in this section of West Texas it looks as if we may get an oil play yet. Don't give up, but let's cooperate and get this big job over.

### Bryant-Link Co. Continues Big Close-Out

This week Bryant-Link Company are featuring many bargains in their big close out sale. This is the third week of the sale and the large force of sales people continue busy waiting on the many customers. Mr. Andrews, the sales manager, stated that he is well pleased with results, but they have many more bargains for the people yet. They will close this large store in Spur at this time. It has been more than just a business—it has been an institution in the community. All dry goods and ready to wear must go. What remains of the hardware department will be moved into a building across the street and opened to the public and probably Mr. Link, who has done so much for Spur community, will continue to manage the store. Everything else in the store will be closed out by June 1.

Mr. and Mrs. W. E. Cannon and children attended a family reunion in Seymour last Sunday.

### Band Members Rank Tops In The National Contest Held In Abilene

The High School Band received the highest possible rating for such a group at the Regional National Contest held in Abilene last week. This quartet was composed of Charles Senning, Wynell McClure, Francis Gibson and Grace Foster. Grace Foster also played a saxophone solo on which she received a second division rating, while W. D.

### High School Graduating Exercises Monday Night At Chas. A. Jones Stadium

The graduating exercise for the Spur High School will be held at the football stadium Monday evening, starting about eight o'clock. Miss Grace Dodson is the class valedictorian this year, having averaged of 95.6 per cent on her work. Miss Ruth Cowan will give the salutation. Her average was 94.63 per cent. Bill Gruben had the highest average of the boys in the class, making 94.3 per cent.

Geo. W. Dupre, Lubbock attorney will deliver the address to the Class. Supt. O. C. Thomas will award the diplomas, and O. L. Kelley, High School Principal, will make the awards to members of the Class.

### Candidates Asked To Meet In Dickens

Dickens County voters will get a chance to size up all political candidates in this county this summer! Regular speakings will be held in 16 communities of the county, beginning next month.

County Judge Marshall Formby this week announced that a meeting of candidates will be held next Tuesday night, May 31, in the district court room at which time a schedule will be approved and other plans made for the 16 speakings this year.

The campaign will open proper on June 6 at Red Mud. Each year on this date Red Mud celebrates its annual homecoming and this year county candidates along with precinct candidates of precinct three, and district candidates will speak. Other speakings will follow in the several precincts.

All county and precinct candidates are urged to be present next Tuesday night in the district courtroom, where complete plans for the speaking campaign will be outlined. Time for the meeting is 8:00 o'clock.

### SCHOOL PROGRAM AT DRY LAKE FRIDAY NIGHT

There will be a program at Dry Lake School Friday night which will be the closing exercises for the school. Promotion certificates will be awarded to all pupils who have completed the Seventh Grade work. A successful term is reported.

### Elmo Courtney New Manager At Palace

Elmo Courtney, formerly of Olney, is relieving Mr. Harwick of most of his work at the Palace Theatre and will serve as local manager. Mr. Courtney has spent most of his life in the theatre business and has had plenty of experience in the work.

Mr. Harwick will remain in Spur but needs more time to devote to the general management of his line of theatre. Mr. Courtney asks the people to visit the Palace and get well acquainted. He stated that if better shows are given you will see them at the Palace.

There is a fine program schedule at the Palace next week. You will want to see every number on the program as every picture is a good one.

### Finds Head Of Ancient Buffalo

A few miles out from Spur two weeks ago, the men who are making the mineral survey of Dickens County discovered a skull of an ancient type of buffalo. O. E. Hans, who is in charge of the work, stated that it required six days to get the skull out and keep it in tact. It was so decomposed that the bones would crumble very badly.

From calculations made the animal must have had a horn spread of thirty inches or more and a head length of at least 24 inches. The animal was of much larger type than the modern buffalo and roamed the Plains section several centuries ago.

The bones, which were found on the Dr. Standefer ranch west of town, were brought in Wednesday of last week. The bone tissues are very delicate and quite a lot of chemicals had to be used in order to give the bitties strength to be handled. Just the skull and upper jaw was in tact. It contained the teeth which seemed very well preserved.

There is a large dint in the skull bone from the eyes up which indicates that the animal met death from a very hard stroke. This could have been from a falling stone, or probably in a fight with another animal of the same species or other species.

The bone will be sent to the museum at the University of Texas where it will be used for study. Mr. Hans has secured a number of fine specimens of bone of ancient animals in this country and have sent them to the University museum.

### Operetta Tonight At East Ward

The promotion exercises for the East Ward School will be held in the auditorium of that building at eight o'clock tonight (Thursday). The program will be an operetta entitled "The Rose Dream" in which practically every pupil in the two divisions of the Fourth Grade will have a part. Mrs. Carl Patton is directing the program.

Members of the Fourth Grade who completed the work will receive promotion certificates to the Grammar School.

The outline and synopsis of this program indicate that it will be a good one. People are extended an invitation to be present.

### 7,486.45 Soil Conservation Checks Received

A report was released from the County Agent's office Tuesday that 47 more soil conservation checks were received the first of the week. The amount of the checks was \$7,486.45. This brings the total amount of soil conservation checks received in the county to \$83,719.09. This is estimated to be about half the amount of the county's allotment.

### Band School To Be Held This Summer

Robert Fielder, director of the Spur School Band, is to hold a Band School during the summer from June 6 through July 9.

All students, whether beginners or advanced students, are urged to take part in this and receive this training while they are not busy with other school activities.

Tentative arrangements have been made to secure R. T. Bynum, director of the Abilene High School Band as guest conductor the latter part of this school.

Anyone wishing to take part in this is urged to contact Mr. Fielder. All students are urged to register before June 1.

### Air Mail Plane Well Received

The plane to carry the first air mail from Spur landed at the airport south of town at 11:15 o'clock last Thursday morning. Art Chase, a government pilot was in charge of the plane and had picked up mail at other towns before arriving at Spur. On account of the heavy rains the night before it was thought he would not be able to land and take off, but he did all right.

About thirty cars from town were at the airport when the plane arrived. Mr. Chase stated that Spur had taken far more interest in the trip the plane was making than people at any other town he had visited that morning. Postmaster Harth stated that 274 pieces of air mail left Spur on the plane.

A report from Nat Shick, Air Mail Chairman for the 19th Congressional District, reported that more than 10,000 letters were sent air mail over the district, that day. The lines were centered at Lubbock and Sweetwater where they contacted main air line mail planes for distant points.

### B. Schwarz & Son Start Big Season Sale

B. Schwarz & Son have thrown open their large stock of merchandise to the public at greatly reduced prices, hoping to make room for new merchandise which will arrive soon. Mr. Golding, the manager, says that everything in the store is for sale and what they have is as good as is found in New York or any other city. When you want bargains in merchandise, all you need to do is to visit B. Schwarz & Son and you will get bargains that will amaze you in all lines. See their double page advertisement this week.

### PEOPLE ENJOYED A GOOD RECITAL

The people of Spur enjoyed a good fine arts recital at the East Ward auditorium Tuesday evening. Mrs. H. B. Thompson presented her pupils in expression and Miss Crystelle Scudder presented her pupils voice, piano and tapping in a joint recital which was thrilling to the audience for full two hours.

The touching event of the evening was when Miss Scudder told the audience "goodby" stating that she had enjoyed the year with Spur schools. She has made a great number of friends and many stated they regret to see her leave our schools.

### Henry Alexander & Co. Institute Big Sale

The firm of Henry Alexander & Company are starting a sale on their stock this week. This store features special lines of ladies wear and also carries a good line of men's furnishings. Mr. Alexander stated this week that they want to serve the people with the best bargains possible. They have a full page advertisement of bargains this week which they invite you to look over and then visit their store.

### West Texas Cattle Feeders to Gather At Experiment Station Friday, June 3

#### High School Grads Visits Caverns

A number of members of the 1938 graduating class of Spur High School left Monday for Carlsbad where they spent a day visiting the great Carlsbad Caverns. A few of the members of the class were not able to go on this educational tour, but those who did go stated it was a great treat to them. Only about one of every seven in the class had visited the Caverns before this time, and possibly many of those who went will not visit this great wonder of nature again.

Those who went were accompanied by O. L. Kelley, High School Principal, and Miss Thelma Logan, Class Sponsor and English teacher. Those who enjoyed this pleasure were:

Elmer Adams, Carl Arthur, Victor Arrington, Alton Barker, Norton Barrett, W. D. Blair, La Verne Burks, John O. Christal, Ernestine Conaway, Maurice Costolow, Mary Jo Collier, Melvin Crouch, Grace Dodson, Robbie Lou Driggers, Alvin Durham, Minyard Ensey, La Nelle Fallis, Billie Jean Foster, Naomi Franklin, Francis Gibson, Claude Gilmore, Bill Gruben, Billy Hahn, Dorothy Harrington, J. B. Haralson, Anita Harkey, Bob Harrell, La Fern Hazelwood, Ruth Hindman, Dan Hisey, Mark Hogan.

Oleta Howe, Clifford Hunter, Edward Johnson, Woodrow McArthur, Mozelle McClain, Harold McClung, Wynell McClure, Opal McGlathery, Johnny Nichols, Hawley Perkins, Viola Pickens, Billie Louise Powell, Elizabeth Powell, Miriam Reed, Arnold Slaton, Alva Earl Smith, Wallace Smith, Doris Walker, Elizabeth Wolfe, La Juan Wood, Pete Wilhoit, and Hansford Ousley.

These young people returned from the Caverns Wednesday afternoon.

#### Grammar School Closes Geo. S. Link Speaks

The graduation exercises of the Grammar School will be held at the East Ward auditorium Friday night. The Class has a nice program to present to the public. George S. Link will deliver the address to the Class. All who have made the work prescribed for the Seventh Grade will be awarded promotion certificates to the High School division. There are 58 who will receive promotions this year into High School from the Grammar School.

### Annual Picnic And Old Settlers Reunion To Be Held In Dickens, July 21 and 22

The annual Dickens County Picnic and Old Settlers Reunion will be held in Dickens July 21 and 22. The committee in charge stated this week that they are expecting a greater time this year than ever before. The location will be about the same place as last year. They expect to have one of the largest carnivals that has ever come to this country. They are expecting more attraction than in former years.

The annual feeders' day at the Spur Experiment Station, a branch of the Agricultural and Mechanical College of Texas, will be held at Spur on Friday, June 3. The occasion is the completion of the current year's cattle feeding experiments. The theme of feeding studies at the Spur Station is intelligent utilization of West Texas feed in fattening native cattle, placing special emphasis on silage crops and products of the cotton farm.

In order for West Texas to become a profitable feeding center it is becoming generally recognized that with our limited production of grain it is necessary to develop a feeding program in which large quantities of rough feed may be used. This means the use of rations high in roughage supplemented by generous amounts of cottonseed meal or cotton seed. One hundred thirty head of experimental cattle on feed at the Spur Station show that well finished cattle can be produced on silage and the products of the cotton farm without the use of grain.

Other features of the feeding experiments are a thorough study of vitamin A deficiencies occurring under Texas conditions, and the possibilities of fattening calves from the small dairy herds on farms. Those interested will have the opportunity to go over the soil and water conservation and pasture improvement experiments.

The program will start early in the morning, and a barbecue dinner will be provided for all visitors.

### Fair Store Begins Big Clearance Sale

The Fair Store is starting a big sale this week to rid the stock of merchandise in order to move to a new location. Mr. Gabriel the manager, has purchased the corner location now occupied by Bryant-Link Company and expects to move the Fair Store into that location sometime next month. The Fair Store is starting a general sale all over the store and is offering merchandise at rock bottom prices. Mr. Gabriel stated he would rather give the people advantage of special prices than to spend the money in extra expense in moving the large stock of the Fair Store. He is in Saint Louis and other eastern points now securing new merchandise for the new store, and wants to clear the present stock out to make room for the new stock.

### SCHOOL PROGRAM AT HIGHWAY WEDNESDAY

The closing exercises of the Highway School will be held Wednesday night of next week. Highway has quite a large school and has had a successful term this year. Promotion certificates will be awarded to all pupils that have completed the course of study for the Seventh Grade.

### Speer's 5c to \$5 Store Offering Rare Bargains

The Speer's Five Cent to Five Dollar Store is offering some rare bargains this week. They are closing out some special lines in order to make room for new stock. However, you will find bargains all over the entire store, and there is plenty of merchandise to make selections.

—MRS. E. L. SMITH

### Funeral Rites Friday For M. T. Harrell

Funeral services were conducted at Ralls at 2 p.m. Friday for M. T. Harrell, 73, who died suddenly Thursday morning of a heart attack. Services were held at the Methodist church with Rev. Crosby of Roscoe and Rev. J. Edmund Kirby of Ralls officiating. Mr. Harrell was an old timer of Ralls, being one of its most prominent farmers and citizens, having moved there in early days of 1920 and taking active and progressive part in the developing of that section. Mr. Harrell is a native of Macon, Georgia, moving to Texas when a young man and resided in Eastland County before moving to Ralls.

The survivors are his widow, three daughters, Mrs. T. E. Milam of the Whittacre-Milam 5c to \$1.00 store here; Mrs. Eddie Francis, of Ralls; Mrs. Eunice Faye Ely of Olton; two sons, Condie and Roy, both of the Ralls territory; two sisters and a number of grand children. Those attending the funeral services from Spur were Mr. and Mrs. Cecil Scott, Mr. and Mrs. Truett Hutto, Mr. and Mrs. George Givens, Mrs. W. D. Strecher, and Miss Ruth Maples.

Mr. and Mrs. Ernest Haley, of Memphis, spent Sunday here, the guests of Mr. and Mrs. W. D. Starcher. Miss Lillian Rape, who has been spending some time visiting in Memphis returned to Spur with them.

Mr. and Mrs. Ross Cannon, of Ropesville, spent the week end with relatives and friends in and near Spur.

### CARD OF THANKS

We the family and relatives of J. H. Jones, choose this method of thanking all the friends and neighbors for their kindness, the nice lunch, the beautiful flowers. All the kind words and sympathy that was shown as they gathered to show the last and many respects to our beloved husband, father and grandfather.

Mrs. J. H. Jones.  
Mr. and Mrs. Clark Jones.  
Mr. and Mrs. L. B. Jones.  
Mr. and Mrs. C. A. Stockton.  
Mr. and Mrs. Curtis Childress.  
Mr. and Mrs. Jack Gholson.  
All grand and great grand children.

### NURSERY SCHOOL ESTABLISHED

During the week of June 6-10 inclusive, a free nursery school for children from 2-4 years old is being sponsored by the Homemaking Department of Spur High School under the direct supervision of Mrs. O. C. Thomas. The children are asked to arrive at 9:00 a.m. and remain until 3:00 p.m.

Mothers who are interested in sending their young children to the school are asked to please notify Mrs. Thomas by mail and she will be very glad to send them specific plans for the day's routine and the noon meal menus.

Registration for the school may be made in person or by mail before June 4. Of necessity, the enrollment must be limited to fifteen children. The earliest registrations are given first choice.

### Local Boy Takes Part in Opera

Carl Patton, Jr., of Spur, freshman in McMurray College, will sing one of the character roles in "The Bartered Bride", an opera to be presented on the college campus on the evening of Wednesday, June 1.

The opera, high light of commencement activities of the college, will be given in an outdoor setting, featuring a Bohemian village on a feast day. A cast of more than a hundred characters, assisted by the college orchestra, will participate. The music is tuneful, the story entertaining, and the scenic effects very colorful.

Patton, son of Mr. and Mrs. Carl Patton, of Spur, has quite a list of achievements for his first year. He is a member of the Ministerial Forum, the Chanters, the String Ensemble, and the Press Club, and has a scholastic rating above the average.

### Large Deposits of Magnesium In Texas

Large deposits of Marble with magnesium has been discovered in Llano County in the area of Sharp Mountain. Analysis has been made of this substance and shows that the stone contains from 19 per cent to 42 per cent magnesium oxide.

Magnesium oxide is used in making refractories, or magnesia brick. When highly purified it can be converted into metallic magnesium by the electric furnace method. On the basis of the amount reported there is plenty in the Llano County mine for commercial purposes and will add much to the natural resources of our state.

### EPWORTH LEAGUE

The Methodist Epworth League meets at the church in the Round Up at 7 o'clock each Sunday evening. We have a new sponsor and are starting off good. There is an interesting program awaiting those who come. You are welcome to come and meet with us.

Mrs. K. L. Scudder, of Slaton, visited with her daughter, Miss Crystelle the first of the week.

Mrs. Ida Rankin Rucker, of the White River community, was among the crowd of shoppers and visitors here Saturday.

**Interview with Mrs. McFall:**

Q. First of all, Mrs. McFall, are you pleased with your electric range?  
A. Indeed, I am!

Q. Would you recommend it to other women as the coolest, fastest, cleanest and most economical method of cookery you've ever used?  
A. Yes. During the 14 years I've been keeping house I've used most of the other types. After making this test, I know that electric cookery is cheaper as well as cooler, faster and cleaner.

Q. With five in your family, how many kilowatt-hours did the meter show your range used on a monthly average during the test period?  
A. 109 kilowatt-hours per month.

Q. You get a special low electric cookery rate on this current, don't you?  
A. Yes. All over 50 kilowatt-hours cost only 2 1/2¢ each. Since this same low rate applied to lights and refrigeration, too, we actually reduced our average previous fuel and electric bills by \$1.14 a month.

Q. You mean, then, that by using electric cookery, with its lower rate, and by reducing your consumption of other fuel, you had a cooler, cleaner kitchen by far and it actually cost less money?  
A. Believe it or not, that is true!

Q. Were there any other savings you noted?  
A. Well, during the test period my records showed an average-per-month saving of \$3.83 in groceries and incidentals connected with cooking. I give the electric range credit for that, too.

Q. Then your savings totaled \$4.97 per month—practically enough to make the monthly payments on an electric range?  
A. Yes. But I am prouder of the fact that cooking has been made easier for me and that my kitchen is so cool and clean!

**Citizens Discuss School Lunch Room Tuesday**

A number of citizens met at the East Ward School Tuesday afternoon to discuss the method whereby the present hot lunch service for Spur schools may be continued for another year. Miss Evelyn Richter of Lubbock was present and reported that this year the lunch room had served more than 9,000 meals since it was started in January.

The books showed that Spur community had furnished about \$400.09 for the support of the work in addition to the great number of children who took meals at the lunch room and paid for them. It was reported that about 125 lunches had been served on an average for each school day.

To continue this work is going to require an organized effort on the part of the local citizens. The government will furnish all the workers needed to conduct the lunch room, but there is a certain amount of expense that local people will have to provide for. It is going to require between \$750 and \$800 in cash on the part of local people to take care of this work.

Mrs. W. R. Weaver suggester the organization of a city council and to have a supervisor to be responsible for this work. That was agreed upon, and another meeting will be called soon to work out further plans. Miss Richter stated that the government would assist in many ways, and a number of people gave the children the advantage of hot lunches for which they paid, and this helps a great deal on expenses.

Mr. and Mrs. Lynn Mayfield, who have been teaching school in Stone-wall County, came in the latter part of the week to visit with Mrs. Mayfield's mother, Mrs. Bob Morgan and other relatives and friends.

Will McKenzie, banker of Jayton, was in Spur Monday, transacting business.

### Winners In State Fire Posters Announced

Marvin Hall, State fire insurance commissioner, has announced the twenty-four winners of the annual Fire Prevention Poster contest who will receive prizes amounting to \$105 for their unusual or unique posters depicting some phase of fire prevention. The contest is sponsored by the Texas Fire Insurance Commission and is conducted each year in the public schools of Texas under three divisions, High School, Intermediate, and Primary. In each division there is a first prize of \$10.00, a second prize of \$7.50, a third prize of \$5.00, and five fourth prizes of \$2.50 each.

Maggie Wayne Byrd, student of the Paschal high school of Fort Worth, won first place in the High School division with her poster titled "When a Habit is a Hazard." This poster showed a lighted cigar on the edge of a desk, and was drawn in appropriate colors and proportions.

First place in the Intermediate division was won by Preston Hatcher of the Texas Junior high school, Texarkana. The title of his poster was "The Attic is No Place for Children to Play With Matches".

James Hardwick of the Houston school, Mineral Wells, won first prize in the Primary division. His poster, earned for them an honorable mention done in red and black done in black and red with dark shadows, showed two children at a burning camp fire and was captioned, "Careless Campers Cause Fires."

Numerous children in all classes submitted posters which were not included in the prize list, but which will earn for them an honorable mention ribbon.

The prize money is donated by Cravens, Dargan and Company, insurance managers, of Houston. Judges for the annual contest were Mrs. Hall Bybee, past president of the Austin City Council of Parents and Teachers, Raymond Everett of the University of Texas, and Howard Bull, Austin insurance agent.

Many smaller schools in the state won honors in fourth place.

Mrs. Dudley Ellis and daughters, of Swenson, spent the latter part of the week visiting with Mr. and Mrs. W. W. Ellis and other relatives.

Nothing but the mint can make money without advertising.

### Former Dickens County Citizen Passes Away

John T. White, for many years a citizen of Dickens County, passed away at Breckenridge Friday afternoon about four o'clock. Mr. White had been in ill health several months before his death as the result of Bright's Disease. The body was brought to Spur where it lay in state at the Ward Funeral Home until Saturday afternoon when it was taken to Dickens. Funeral services were held in the Baptist Church at Dickens with Rev. J. V. Bilberry officiating. Interment followed in Dickens Cemetery.

Mr. White was a native Texan and was born in Cooke County September 25, 1866. His father and mother passed away when he was quite young and his grandparents reared him. When he grew to manhood he moved to Stephens County. He was married to Mrs. Lizzie Senter at Moran in November 1904. He lived most of his life in Stephens County. Mrs. White's health gave away and he moved to Dickens County early in 1925.

Mrs. White was taken away March 23, 1936, and since that time he had made his home with Mrs. R. B. Bradshaw at Breckenridge.

Mr. White made a profession of religion when a young man and became affiliated with the Baptist Church at the age of nineteen years. He was faithful to his church until Mrs. White's health became so that he could not attend. He lived a very exemplary life, and his greatest desire was to treat his fellow man right. His honesty was never questioned, and a prominent business man who had done much business with Mr. White said, "If John White told you he would do anything, you could depend on him doing it." His word was his bond under all circumstances, and he was careful never to obligate himself financially beyond his ability to pay.

Two step-daughters, to whom he did a father's part, are all the near relatives surviving. They were Mrs. J. E. Wilson of Tulsa, Okla., and Mrs. R. B. Bradshaw of Breckenridge. His kind devoted attention to these children won their love for him. One stated that when a step-father takes

children and cares for them and does all he can to make them happy, it is he loves them. She further remarked that no one could have been better to any one than Mr. White was to her mother.

Having met reverses financially from many angles, Mr. White never gave up. He fought valiantly all through life. He had many friends in this country, and his closest neighbors were the ones who spoke most highly of him.

### AFTON CHURCH OF CHRIST

There will be preaching services at the Church of Christ at Afton Sunday. Mr. Denis, of Matador, will speak. The church membership extends an invitation to everybody to be present.

### AFTON AND ROARING SPRINGS METHODIST CHURCHES

As the rains have come to refresh the earth, so may we receive spiritual blessings from our Heavenly Father. He will send them if we will open our hearts to Him. "Ask and ye shall receive, seek and ye shall find, knock and it shall be open unto you."—Eugene L. Naugle, Pastor.

**Dugouts For Food Popular With FSA**

Gardens grown by Farm Security Administration borrowers are so bountiful this year that additional storage space has become an urgent problem.

"Many of our borrowers are planning to build dugouts in which they can carry root vegetables and other food through the winter, without canning it," said A. A. McKimsey FSA's county supervisor for Dickens County. "They have put so much emphasis on canning that many of them have neglected the cheaper and less laborious means by which they can preserve food raw," the supervisor said. "I was told of one borrower who carried potatoes through from last spring in a dugout, and they are still good."

But the supervisor warned that underground storage will fail in this part of the country unless the storage place is well ventilated and well drained. The dugout in which the potatoes from last spring are stored has its floor above the level of the ground, he said, and cool air from within "spills out" and keeps up circulation. Walls were made of old railroad ties, covered outside with earth.

Underground storage of food for both man and beast will be foundation stones in the Farm Security program, according to the supervisor, who reports that 15 families under his supervision in this county are expecting to build trench silos in which they can store feed for cattle. Few, if any, loans will be made in the future by FSA to buy either feed for the livestock or food for the family, he said.

Details of how to build storage dugouts may be obtained from the county agent of the Extension Service or from the Vocational Agriculture instructors, as well as from the Farm Security Administration.

**ESPUELA HOME DEMONSTRATION CLUB**

"An important factor in making sweet yeast bread doughnuts is to keep the deep fat at the right temperature," said Miss Jean Day, to the Espuela Home Demonstration Club at the home of Mrs. W. A. Harris, May 19th.

A good test to determine if your fat is hot enough is to drop a piece of stale bread into the fat and if it browns a golden brown in one minute, your fat is ready for frying doughnuts.

Miss Day gave a demonstration on the variations of sweet yeast dough making hot cross buns, butterscotch rolls, coffee cake and tea rings.

Four ladies brought bread and rolls which were scored by the agent and club.

Refreshments of cake and punch were served to six club members and four visitors.

Mesdames Muri Foreman, F. B. Crockett, T. G. Sandlin, M. M. Tullis, J. P. Sharp and the hostess, Mrs. W. A. Harris and the agent, Miss Day.

Visitors were Mrs. R. F. Gillman, Eloise Sharp, Virginia Crockett and Juanita Patterson.

**Will Give Play At Summer Short Course**

Mrs. Edd Fuqua and Mrs. Horace Wood have been asked to give a skit or short play at the summer short course at College Station this year.

These ladies, who are members of the Lower Red Mud Demonstration Club, gave the play at the Panhandle Plains Dairy Show in April, and it went over so well the Extension Department have asked them to reproduce the play again.

Mrs. Wood wrote the play, and the originality of it seemed to make it popular with the Extension Department. It was entered in contest against a number of other plays and carried off the honors. Mrs. Wood is the daughter of Mr. and Mrs. J. R. Laine of Spur.

**THE TOUR**

The Patton Springs 4-H Club girls got on the bus May 18 and visited the Bedroom Demonstrator's rooms. First we went to Melba Robinette's and looked at her room. Then we visited Bobbie Randolph's room. We then stopped at Collier's pasture and ate lunch, and went from there to Della Dean Baxter's.

We learned something new about each room for they are all very attractive.

Those present were: Pauline Ford, Melba Robinette, Jerrene Randolph, Marjorie Randolph, Cassia Offield, Sue Loe, Callie Sedgwick, Opal Smith, Jackie Young, Emma Mae Bennett, Purnie Marie Elkins, Nada Carol Spivey, Ado Lou Robinette, Gilline Elkins, Lillian Hickman, Betsy Terry, Dolores Goodwin, Elmyita Dee Elkins, Mary Jewel Munden, Dorothy Rich, Allene Rich, Betty Jean Hinson, Earl Dean Adams, Della Dean Baxter, Adaline Byars, Betty Jo Glazner, Lou Wana Dunlap, Bobbie Randolph and Lola Drennon.—Reporter.

**Bedroom Demonstrator Lights Clothes Closet**

"I have flashlight hanging in my closet so that I can have a light when I want to find something in a dark corner of the closet," Virginia Crockett, Bedroom Demonstrator of the Espuela 4-H club, told her cooperators at her Achievement May 19.

remarked Mrs. Crockett, "and where Virginia has a cord attached to the flashlight and there is a small hook fastened to the wall at the door of the closet where the flashlight hangs."

"I didn't want Virginia striking matches to find things in her closet," there is no electricity, the flashlight was the best available."

Another demonstrator, Melba Robinette of the Patton Springs 4-H club is also providing her closet with a flashlight.

**Suggested Draft For A Letter Appeal By Red Cross Chapters**

Due to the hostilities in China, millions of human beings have been forced to flee from their homes, and are facing utter starvation and death from privation. The American Red Cross in January asked its Chapters to accept contributions for a China Relief Fund, following a request from the President of the United States that people "give promptly and generously as a gesture of good will."

Many have given generously not only to the American Red Cross, but through their churches and missionary societies. But our advices are that the relief task is growing daily in the stricken civilian population of and unless all humanity joins in helping China, the world will witness one of the major tragedies of modern history.

At the recent Red Cross convention, held in San Francisco, Chairman Norman H. Davis reported that \$170,000 had been given by the public through the Red Cross, and \$200,000 has been appropriated for the relief from the Red Cross treasury. The sum of \$1,000,000 is sought for this relief task as America's contribution through the American Red Cross. Many other nations are raising similar relief funds. The Convention approved by resolution action to complete this relief fund by June 15.

In a letter to this Chapter asking additional contributions Chairman Davis has said: "The men, women and children of a friendly people who are the pitiful victims of this tragedy are no more responsible for their plight than if they were suffering from a great cataclysm of nature. Let us out of our comparative abundance give to them in their deep distress this measure of hope and encouragement."

As Chairman of the Dickens County Chapter, I wish to advise you of this distressing need in China and urge that you consider making a contribution toward its relief. All funds will be sent without any deduction whatsoever to the American Advisory Committee in China of which the American Ambassador is Honorary President. Please send your contribution to Mrs. C. B. Jones, treasurer or myself.

Spencer Campbell, Chairman.

A report by the Texas Planning Board shows there are 310 chemical and allied product industries plants in Texas with annual production valued at \$74,456,000.

**Smoke Eaters Do A Nero At 'Chicago Fire'**

The Los Angeles Fire Department sat calmly by and let the place burn down, sat idly by, while score of men struggling to operate clumsy apparatus of the vintage of 1871, tried ineffectually to quell the blaze that was sweeping over the vast 20th Century-Fox lot. One of the most expensive

Tyrone Power, Alice Faye and Don Ameche (left to right) in Darryl F. Zanuck's greatest production, "In Old Chicago." The 20th Century-Fox spectacle is memorable for its heart-kindling human story.

and extensive bits of scenery ever made was whooping up in smoke. Thousands of people were milling about in the holocaust, expensive stars like Tyrone Power, Alice Faye, Don Ameche, Alice Brady and many many humble extras, several crews of not so humble cameramen; all were somewhere in the blaze and still the Los Angeles Fire Department made no move. Just as well they did not of course, for they would have ruined takes of "In Old Chicago" which opens at the Prevue Saturday night at the Palace Theatre.

There now has begun "a new spirit of cooperation," said Father Dionne's attorney who with Judge J. A. Valin, chairman of the quintuplet board of guardians, announced the projected set-up.

Plans are to be drafted at once for a new home at Corbiel, five miles north of the present house and the nursery at Callander. It will house all the Dionnes and should be ready by September.

Near millionaires with earnings from their movie and advertising contracts, the quintets are to pay for their new abode, which will be so constructed that it can be halved, to isolate them in the event of illness.

The agreement between guardians and parents was reached yesterday, the outgrowth of an unsuccessful effort by the father last month to get a judicial investigation of the management of the quintuplet's affairs. "Well, that's the first time I was given any satisfaction," Father Dionne said afterwards.

Many Texas meat dealers are now equipping their show cases with ultra-violet ray lamps which kill in a few seconds time all the disease bacteria which spoils meat.

**Browning Outlines Policy For Land Commission**

From his state headquarters, Morris Browning, of Amarillo, candidate for the office of Commissioner of the General Land Office of Texas, this week issued the following statement relative to his platform:

"The State of Texas owes to its citizens, as a sovereign duty, to stand back of their boundary lines, the same as the United States government stands back of its currency. "In offering myself as a candidate for the office of State Land Commissioner, I am promising each and every voter that, if elected I will assist in enactment of a law that will give protection to the landowners from anyone who would attempt to disturb their boundaries in order to 'create' a vacancy.

"It is certainly wrong and against public policy for the great State of Texas to forcibly take even one foot of land from any citizen. At the same time the landowner should pay for any excess land within his boundaries. I know personally hundreds of landowners who are willing to pay the School Fund for the excess land, but our present laws do not allow anyone the privilege in lands that have previously been patented. I will advocate a law that will allow the landowner the privilege of purchasing the excess, and, incidentally, the School Fund will be enhanced in the sale of over 3,500,000 acres of excess land that cannot be recovered under our present laws.

"I want to make this clear, in speaking of 'excess' land, I do not mean 'vacant' land. Under the present vacancy law, I will protect the School Fund's interest by awarding vacancies wherever they are found."

**DICKENS SEVENTH GRADE GRADUATION TONIGHT**

The Dickens County Seventh grade graduation will be held in the Patton Springs school auditorium Thursday night, May 26, at 8:30. This will be a pretty and semi-formal graduation.

George S. Link, Sr., will deliver the address. Honorable C. L. Harris will give the diplomas and the other awards.

Mrs. Madge D. Twaddell will preside. The various schools will present numbers. Mrs. Pauline Clemmons will play for the graduation.

The public is very cordially invited to attend this graduation.

More than 5,000,000 head of livestock was shipped from Texas last year, including cattle, sheep, lambs, and hogs, according to Texas Planning Board statisticians.

**Dumont News**

Rev. Smelser, pastor of the Methodist Church filled his appointment here Sunday and Sunday night.

This community received more rain last week and on last Wednesday night got more than our portion. About one and three quarters inch of rain accompanied by hail, which completely destroyed some of the wheat fields south of Dumont. Others only slightly damaged. It is said that only one man carried any insurance. Many of the terraces broke.

Mrs. Sam Woodward and little son, Roy Alton and Mrs. Forrest Woodward, were shopping in Spur last Saturday.

Miss Pearl Scott is spending this week with relatives at Munday.

Mr. and Mrs. V. M. Hand and son, Billy Bryan, were in Spur Saturday night.

Miss Alma Forrest spent last week with Mrs. Jack Myers, who is recuperating from an operation.

Mrs. Henry Hext, nee Violet Flippin, a former resident of this community, and who has been in the hospital in Spur, was able to be moved to the home of her parents, Mr. and Mrs. Theo Flippin of the Croton community.

Mr. and Mrs. Oliver Hollar, who have been working on the Pitchfork Ranch, moved back to Dumont last week.

The writer witnessed a game of

soft ball between Wichita and Croton last Sunday afternoon. The score was four and three in favor of Croton.

Mr. Hawkins, of Wichita Falls, was out last Friday attending to business on the P. K. Ranch of which he is the owner.

Mr. and Mrs. Homer Duke, entertained the young people with a social last Saturday night.

Woodrow Woodson and Shorty Stacks left last Saturday for Utah, looking for work.

Mrs. Clyde Hollar and Mrs. Lowell Smith, were Paducah shoppers last Saturday.

Mr. and Mrs. Reid and Miss Bessie Sue Munday, from Munday, were visiting relatives here Monday.

Mr. and Mrs. J. M. Parks and Mr. and Mrs. E. L. Parks, visited Mr. and Mrs. Vestilee Hutchinson at Salt Creek Sunday.

J. D. Munden was in Spur Saturday.

Oran Parks attended to business in Matador Saturday.

**CARD OF THANKS**

We wish to take this means of thanking the people of Dickens County, who have been so faithful and helpful to us during the recent illness in our family. Everything you did was appreciated more than we can express. Your help came at a time when we most needed it. We shall ever be grateful to you.—Mr. and Mrs. Henry Palmer, Dickens, Texas.

**Births**

Mr. and Mrs. Clayton Hook, of the Pitchfork Ranch, have a new son in their home. The little one is known as Clayton Elvis and was born May 14. Mother and baby are doing nicely.

Mr. and Mrs. Joe Toney, of Jayton, are the proud parents of a new son born May 13. Mother and baby are doing fine.

Mr. and Mrs. Pete Reese, city, have a new daughter in their home, named Willie Imogene. She was born May 15 and mother and baby are getting along all right.

Mr. and Mrs. James D. Millican, of Post, have a new daughter, born May 12, named Glenda Athelda, and mother and baby are doing nicely.

Mr. and Mrs. Lindell Holly, of Dickens, are the proud parents of a new daughter, named Edith Lindell. She was born May 17, and mother and baby are doing all right.

Mr. and Mrs. E. A. Stephens, of McAdoo, have a new eight-pound girl in their home, named Madeline Josephine. The young lady arrived Wednesday afternoon, and mother and baby seem to be doing very well.

**CHURCH OF CHRIST INSTALL NEW PEWS**

The Church of Christ is installing some new pews in the auditorium. These are of a highly polished oak finish and are very beautiful. Also, the floor in the auditorium is being worked over this week.

**CONGRATULATIONS!**

The schools of this community and city are the safest investment that we may make the solid foundation and guarantee of a substantial Citizenship.

To the members of the Graduating Classes, who have completed the work, we offer hearty congratulations and best wishes for a successful and useful life.

We trust that the training received in these Dickens County schools will make each one of you a better citizen; one who will take his or her place as a progressive law abiding citizen in this Community.

I'LL TAKE A SET RIGHT NOW!

**FIRESTONE Gives You This High Quality Tire at This New Low Price**

Because Firestone saves money by controlling and securing rubber and cotton at the sources and by efficient manufacturing and distributing. These savings make possible extra values at lower prices. You get:

**High Quality**—First choice rubber and selected cotton that conform to Firestone's high standards and rigid specifications.

**Long Mileage**—Safe, silent tread design made of tough, slow wearing rubber that assures long mileage. Sturdy bars and rugged notches give protection against skidding.

**Blowout Protection**—Nine extra pounds of rubber are added to every 100 pounds of cord by the Firestone patented Gum-Dipping process. Every fiber of every cord in every ply is saturated with liquid rubber which counteracts internal friction and heat that ordinarily cause blowouts.

**Puncture Protection**—Firestone's patented construction of two extra layers of Gum-Dipped cords under the tread protects against punctures.

**New Low Prices**—Never before have all these safety and economy features been combined in a tire priced so low.

Don't take chances on your holiday trip. Come in today. Let us put a set of these large size, rugged, long wearing tires on your car — remember, you save 25%.

# Miss Duke Opens Cooking School Today

The big annual cooking school which has been sponsored by the West Texas Utilities Company with the Dickens County Times co-operation, will start today. The instructor, Miss Bonnie Duke of the Hot Point Manufacturing Company of Chicago, and she is one of the best trained in her line that been at Spur to date. The school will be held in the Lane Building in the block north of the Bank, where ever convenience has been made for those who desire to attend. There is plenty of room for everybody.

The school will start about two o'clock this afternoon. All the homemakers of Spur country are invited to be present. You will have a rare opportunity to learn some valuable things especially if you use an electric cooking outfit. Miss Duke will have her work arranged so that you will secure about as much instruction in the two hours she will use as you would ordinarily secure in two or three days of ordinary instruction. Be sure to bring your pencil and note book, if you have one. You will want to make a lot of notes about how to do things. There will be entirely too much for you to remember all of it. So, be prepared to write down a few things.

Also, the entire sales force of the Stamford District of the West Texas

Utilities Company will be present, and those of you who desire to acquire knowledge about electric stoves will have the best opportunity of your lives. Mr. Tillotson and others will want to give you any assistance you ask of them relative to your electric stoves. Again, Miss Virginia Blair, of the Home Service Department, will be present to answer any questions relative to cooking with an electric stove.

This is going to be two days filled with valuable instruction that none of you can afford to miss. Whether you have an electric stove or not, you are invited to be present. Remember the school is today (Thursday) and tomorrow starting each day about two o'clock.

### A MESSAGE OF APPRECIATION

We want to express our appreciation to our friends in Spur country for their kindness and thoughtfulness and words of sympathy when our dear husband and father passed away. It was a sad time to us and your assistance and comfort was of great assistance. We thank every one for all that was said and done to comfort us.

Mr. and Mrs. T. E. Milam.  
Mrs. M. T. Harrell and children.

### Funeral Rites Held For J. H. Jones Friday

John Henry Jones, of Elton community, died in a Lubbock hospital Friday afternoon. Campbell's Mortuary ambulance brought the body to Spur where it was prepared for burial. He had been in the hospital 28 days. Funeral services were held at Red Mud Baptist Church at four o'clock Saturday afternoon. Elder Edd Stewart of the Church of Christ read the funeral rites. Interment followed in Red Mud cemetery with Campbell's Mortuary in charge of arrangements.

Active pallbearers were Ed McArthur, Jim McArthur, W. F. Foreman, Bud Williams, Jim Perkins and Pat Patrick. Flowers girls were the granddaughters as follows: Laverne Route, Marjorie, Bonnie Faye and Idell Golsen, Frances Atkinson, Doris Jones, Charlene Stockton and Joyce Adell Johnson.

He is survived by his widow, two sons and three daughters.

Mr. Jones was born in Tennessee April 22, 1865. He came to Texas rather early in life, and has been a citizen of Dickens County since 1910. He held no church affiliation.

### HAIL DAMAGES REPORTED

Sam Newberry reported Wednesday that he lost his wheat in the hail Saturday afternoon. Mrs. L. B. Means reported heavy loss from hail to her wheat. Quite a lot of wheat was lost by hail in Steel Hill community on down to Girard community. The territory covered was small but the hail was very destructive.

### GRADES PRESENTED FRIDAY

The operetta given by the First Grade pupils at the East Ward auditorium last Friday evening was an excellent program. Mrs. Collier and Mrs. Patton had the little people well coached and they put their entire energy into the program. Both pupils and teachers desire the commendation of the community. A well filled auditorium of parents and others interested in the schools was a great encouragement to these fine little people.

### REVIVAL, ON AT ASSEMBLY OF GOD CHURCH

The membership of the Assembly of God Church are in a revival at this time and will continue for several days. Mrs. Florence Eddleman and Miss Vera Jean Boyd, both of Amarillo, are doing the preaching and directing the singing.

**One reason you hear CLEARLY...**

Western Electric telephones are made to work together

Whether you're talking across the street or to San Francisco, it doesn't "just happen" that you hear clearly and easily over the telephone. One reason you can do it is Western Electric telephones, precision manufactured for the entire Bell System, are the same all over the country. You might say they're "tuned" to each other, somewhat like radios to a broadcasting station.

If telephones and equipment aren't uniform, voices might not be clear. It would be really more difficult for us to give you the good service at low cost that you have come to expect.
