VOLUME 14 THURSDAY, JUNE 23, 1938 THE DICKENS COUNTY TIMES WHOLE NUMBER 639

WITH THE WILD CATS

The Gulf No. 1, Swenson, is drilling below 6,841 feet. The formation is lime and some coring is being done. No show of oil or gas of any quantity has been encountered yet.

The Morrissey No. 1, Bird, is still idle waiting on material. Just when work on this well will start is not known.

The Carter No. 1, McMahan, is idle but it is reported another rig will be placed over it and work start this week.

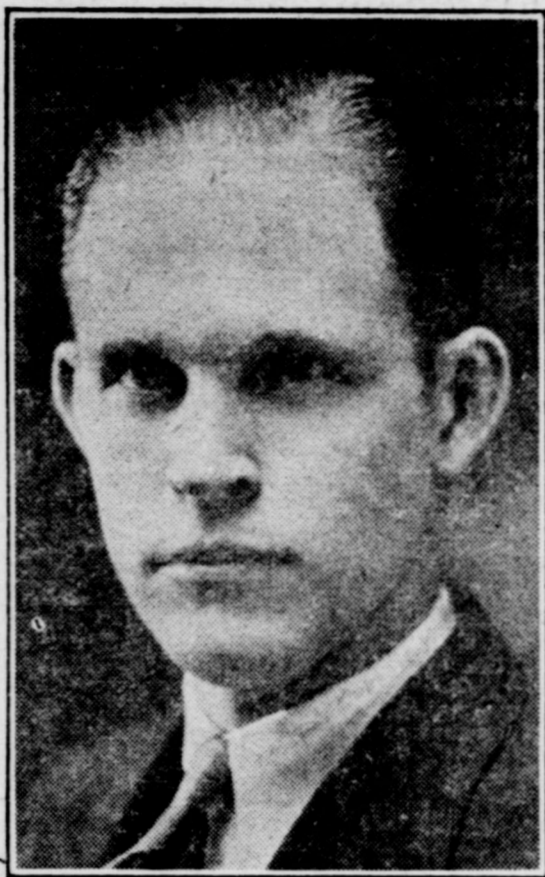

The Dolmon No. 1, Keith, is still idle and probably nothing more will be done for several weeks.

It is reported that quite a lot of legal work is being done in preparation of getting a well started in Red Mud community. Nothing is definite about that project yet.

Material and machinery is reported moving in for the Bond Jones, et al. No. 1, Ford Estate, at Afton. A good water well has been secured, the slush pit has been completed, and a good first class Deisel outfit is being placed on the ground. The rig will probably be under construction by the time this gets to our readers.

County Executive Committee Held Meeting In Dickens Monday

O. L. KELLEY

Who enters the field as a candidate for the office of County Superintendent of Schools without any opposition. Mr. Kelley has been a teacher in Dickens County for several years and served the past four years as principal of Spur High School.

The County Democratic Executive Committee held their regular lawfully scheduled meeting at the Courthouse Monday. County Chairman Robert Nickels and 12 members of the committee were present. The first business to be attended to was the selection of a committee secretary, and L. E. Lee was elected to that position.

The amount of filing fee for the various candidates was a matter of routine.

The schedule was worked out and then remodeled as the Committee thought best. The following is the list of fees as set.

District Clerk	\$25.00
County Judge	\$35.00
Sheriff, Assessors and Tax Collector	\$40.00
County Attorney	\$30.00
County Clerk	\$35.00
County Treasurer	\$35.00
County Commissioner	\$12.00
County School Superintendent	\$40.00
Justice of the Peace, Prec. 3	\$7.50
Justice of the Peace, Prec. 1	\$2.50
Constable of Precinct 1	\$2.50
Public Weigher, Precinct 1	\$5.00
Public Weigher, Precinct 2	\$5.00

The law requires that all filing fees by county and precinct offices must be paid by midnight of Saturday, June 25. The County Chairman authorized Frank Speer, committee-man for Dickens, to receive filing fees; L. E. Lee, committee secretary at Spur and the County Chairman, Robert Nickels at McAadoo, will receive fees.

Clyde Hollar was selected as committee-man for Dumont, and Harvy Bennett for Prairie Chapel, both to fill vacancies.

Tom Johnson, who had been serving at Dumont stated he wanted to quit, and F. L. Byars, who had been serving at Prairie Chapel, is in the race for County Commissioner for Precinct No. 2, and his office automatically became vacant upon his announcement for another office.

The name of L. P. Bonner, of Vernon, who is offering as a candidate for the office of Chief Justice of the Court of Civil Appeals for the Seventh Judicial District, was not authorized to be placed on the ballot. The reason was that his application for filing was not received by the County Chairman until after the date filings should be received. The Committee decided to wait until next meeting and endeavor to get some legal advice in regard to the matter.

Dickens County Girls To Attend Short Course

Four Dickens County girls will be among the 2,500 4-H boys and girls who will have the undivided attention of Texas A. and M. College July 6 to 9 when the Junior section of the annual Farmers' Short Course will be held at College Station. These girls are Melba Robinett, County Bedroom winner, Afton; Della Dean Baxter, third place winner in the Bedroom contest, Afton; Eloise Sharp of Dickens; and Lou Wana Dunlap of Afton.

Lou Wana Dunlap and Eloise Sharp will appear on the program at Short Course to present a skit on "Outdoor Party Refreshments".

This is the first time that adult and junior Short Course visitors have met on different dates, according to Roy Snyder, Short Course general chairman. The arrangement has been made because the yearly increasing attendance at Short Course has taken place at the same time when summer sessions of the College have also been growing. Each year it has been harder to make room for both groups and this year it was impossible.

General assembly every morning and the night programs will be joint meetings of the boys and girls, with music in charge of the famous Rotary International song leader, Walter H. Jenkins, of Houston. Speakers and picture shows will feature these meetings. A tea honoring the gold star boys and girls will be given one afternoon.

The programs for the boys have been arranged on the subjects of live stock; field crops; entomology; horticulture; plant propagation; cotton classing; and meat. For the girls the program will center around home making subjects, wild-flower legends, and "The 4-H Club Girls' Dollar and Sense. One series of talks by the girls themselves will be presented under the title "How I Got on Friendly Terms With The Things Around Me." This is the part of the program which the Dickens County girls are presenting, three times; to three different groups of girls. This is the first time that Dickens County 4-H girls have been presented at Short Course on programs; Eloise and Lou Wana, with two of the girls from Greenville and two from Eldorado, will be the only ones to give this program.

Estimate Of The Wheat Crop Is That 90 Per Cent Has Been Harvested

JUDGE MARSHALL FORMBY

Who is making the race for County Judge of Dickens County for a second term without any opposition. There is one promise the Judge made to the people two years ago which is not certain that he has carried out. It was to the effect that if he was elected County Judge that he would do his best to secure a better half. He may have tried, but so far he has not produced the evidence. However, by the people giving him two years more, he may make good yet.

When the Stamford & Northwestern train pulled out Wednesday afternoon with its load of nine cars of wheat, the number shipped was brought up to 119 cars for the season. The largest shipment of wheat in any one day from Spur was 17 cars which was last Monday.

It is estimated that 90 per cent of the wheat is out. The market has taken quite a decline since the last of the week, going off about six cents per bushel. Wheat was selling at 62 cents yesterday on No. 1 basis.

There were eight cars on the siding at Spur railroad yards Wednesday afternoon that were loaded or were loading for the train today. The estimate now for shipment from Spur amounts at around 140 cars for this season. This is the second largest wheat crop in the history of Dickens County, it being exceeded only by the 1937 production. Just how many cars of wheat grown in Dickens County and shipped from Roaring Springs, Dougherty and other points other than Spur, is not known. There were 216 cars shipped from Spur last year.

The price of wheat this year is much under that of 1937 when it brought around one dollar per bushel. This year the price has been less than 70 cents all the time and most of the wheat has sold around sixty cents.

Stamford Boosters Here Wednesday, Business Men Welcome Them To The City

A number of business people of Stamford visited Spur about noon Wednesday advertising the big Cowboy Reunion which will be held in Stamford July 4, 5, and 6. The trip was being made under the management of L. F. Adams of the Stamford Chamber of Commerce. Frank Locke was the main speaker for the boosters. The Rodeo Ramblers furnished the music.

Clifford B. Jones welcomed the visitors, stating that the two towns of Stamford and Spur had always held a common interest and shared each others welfare. He stated that Spur is honored to have them present, and that we would be in Stamford to enjoy the Cowboy Reunion.

A number of Spur citizens were asked to say a word over the mike. Among these were W. T. Andrews of the Spur Security Bank, M. C. Golding, President of the Spur Chamber of Commerce, and O. B. Ratliff, secretary of the Spur Young Men's Business Club. Travis B. Dean, representative of the 115 District, extended a cordial welcome to all of Spur to visit the Cowboy Reunion, and especially did he insist that the ladies be present for the reunion.

The Boosters went from Spur to Dickens, Roaring Springs, Matador, Paducah, Crowell, Benjamin, Knox City, Rochester, Rule and return to Stamford where they gave similar programs in each town. This was the second day the Boosters had been out, and Mr. Adams stated they had been royally received. Today they are making Abilene, Sweetwater, Colorado, Snyder, Roby, Rotan, Hamlin and Tuxedo, where they are telling the people about the Cowboy Reunion by 4-6.

Young Men's Business Club Goes Into Organization Thursday of Last Week

A number of the younger business men of Spur met Thursday night and formulated a business league for the purpose of promoting good-will and building Spur and the community around. R. E. Speer called the meeting to order and announced the purpose. He asked A. C. Hull to take charge as temporary chairman and to give those present an opportunity to discuss the advisability of such an organization. It was voted to organize.

A nominating committee was appointed composed of B. C. Johnson, O. C. Arthur, T. E. Milam, George Gabriel, and C. R. Walthall. While the nominating committee were in session talks were made by G. W. Grimes who suggested a visit by business men to Stonewall County Golden Anniversary Jubilee at Aspermont. Edd Stewart named about clean streets and friendly visits. G. A. Sloan emphasized the importance of home market for cotton. Charlie Powell advanced the idea of friendly visits to different sections, taking the band and meeting people. E. H. Ousley was selected temporary secretary for the meeting.

The nominating committee reported and recommended officers as follows:

President, A. C. Hull.
First vice president, Jno. A. Moore.
Second vice president, Ernest George Secretary, O. B. Ratliff.
Treasurer, L. E. Lee.
The name of Spur Young Mens Business Club was adopted. However,

Nicely Situated In New Location

The Texas Coca Cola Company, that recently moved into the building formerly occupied by the Good-Will Grocery Company are nicely located. The building has plenty of room for a large stock of Coca Cola, and other carbonated beverages, of which the Texas Coca Cola Company has a nice variety.

Joe Bailey Whitener is the local manager of the business. He is quite busy out on the routes, and Mrs. Whitener is serving as office manager. Mrs. Whitener takes care of the books, accepts orders, and sees that Joe Bailey stays on the job.

The local store is supplied from the factory at Sweetwater, and is under the supervision of the Sweetwater District, A. B. Crowder is the District manager.

The daily distribution from this point is in the neighborhood of 125 cases per day. Mr. Whitener is kept quite busy supplying his customers.

Work On Highways Nos. 24 and 18 Going Fine; Being Rushed To Completion

WINFRED F. NEWSOME

Floydada attorney, who was in our community the last of the week greeting voters in the interest of his campaign for District Attorney for the 110th Judicial District. He is now serving as County Attorney for Floyd County.

A state power shovel arrived at Spur Monday night to be used in building the tap from Highway 18 to Sixth Street in Spur. The base is being put down on this tap into town and it is thought that section of work will be completed within ten days or two weeks. The base is supposed to set for at least one month, and then the topping will be applied. The whole structure will have been completed by September 1. W. C. Hagins is the contractor for the work.

The work on Highway 28 east of Dickens is getting along fine. The grade and drainage work will be completed by the last of July. The east five miles was opened to traffic Tuesday. This strip extended from the J. M. Koonman place east to a point about one mile west of Lambert's store. Topping is going down on 24 from Guthrie east to the Knox County line. Cagle Brothers have the contract for that work and are solving it rapidly to completion. It will have been completed within a few weeks at most.

It is the hope of those in charge to get that part of No. 24 in Dickens County far enough advanced to let the topping contracts by July. If that can be accomplished, then the base can be put down during the fall and be ready for topping by next spring. The plans and specifications for that work is now in the offices of the Highway Department.

Work of topping Highway 18 through Stonewall County has been completed and the road is open to the public. The contract has been let for the topping of Highway 18 through Kent County and work will start on that in the near future. It is hoped to get that gap paved before the cold weather begins this fall.

Both Highway 24 and 18, when completed will mean a great deal to this section of the state. Highway 24 is being constructed on the bases of a Class C. highway and can be shoved up to a Class A highway if necessary. Highway 18 will be an excellent piece of highway.

VACATION BIBLE SCHOOL HOLDS LARGE ATTENDANCE

The Daily Vacation Bible School which is being conducted at the First Baptist Church has 87 pupils enrolled. The school, which is the first of its kind to be conducted in Spur, opened work Monday to the children of the community. There are about 15 instructors in the school. Work begins at eight o'clock each morning and closes at eleven o'clock. There will be seven days more of the school, two days this week and five days next week.

LEGG AND HICKS SELL OUT

The firm of Legg and Hicks, who were in charge of the service station at the Spur Chevrolet Building, have sold their interests. The station is now handling all Texaco products and is being managed by Jack Rector. Mr. Rector is an experienced service station manager and will be glad to have his friends visit him.

MRS. IDA EDWARDS BUYS PARTNER INTEREST IN CAFE

Last week Mrs. Ida Edwards purchased half interest of the Queen Cafe, owned by Otto Frazier. Mr. Frazier moved to Abilene where he will be employed in a cafe there.

Mrs. Edwards keeps the cafe open day and night, serves good home-cooked meals and short orders of all kinds.

Baptists To Start Revival July 10

The members of the First Baptist Church have planned to begin their annual revival the Second Sunday in July which is July 10. Rev. George Dale, of Tahoka, has been secured to do the preaching. Rev. Dale is considered one of the outstanding preachers and evangelists in this section of the state.

Clyde Hamilton, of Plainview, will be in charge of the music. Mr. Hamilton has had quite a lot of experience in evangelistic singing, and he is a great worker with the young people.

The morning services will be held in the main auditorium and the evening services will be conducted in the air dome just east of the church.

Mr. and Mrs. Lafayette Robinson and little son, Orvil, and Miss Gladys Scott, of Santa Monica, California, arrived in Spur Tuesday on a visit with Mr. and Mrs. Buster Robinson and Miss Scott will visit with homefolks.

Bill Walton returned the first of the week from Will Point, where he attended the funeral of his grandfather.

Miss Sarah McNeill, of Brazoria, is a guest of Mr. and Mrs. J. C. McNeill and friends.

Booster Trip To Start Tomorrow

The good will trip sponsored by the Young Men's Business Club will start at Girard, Jayton, Swenson, where short programs will be given. Everybody in Spur community who expect to go to Aspermont that day, are requested to join with this caravan and visit our neighbor city in a body. The Spur school band will accompany the boosters and give a number of musical selections.

F.H.A. Aids Many Farmers In County

Permanent improvements on the farm that will permit a sounder and more profitable system of farm management may be made with funds now available through the service of the Federal Housing Administration. These loans are intended primarily to provide the necessary buildings and construction on the farm, but they may be used to refinance existing indebtedness of a sound, safe plan is worked out under which fifteen per cent of the loan is spent for construction. Farms operated either by owners or tenants are eligible.

Consider first the man who owns and operates the farm on which he lives. He needs additional cash income to educate his children, or, perhaps to pay off a mortgage. His farm is adapted to poultry production. He can raise the grain and other feeds for chickens; he has a good location; and he knows enough about poultry to give intelligent management to the project. But he lacks the money to pay for good, dependable henhouses, brooder houses, run ways, nests, and other equipment necessary for a profitable farm poultry business. Or perhaps he could build up a good little herd of dairy cows. But he does not have a cow barn equipped to take the proper care of a large quantity of milk, nor the barn room to store the feed, nor the water supply to take care of a larger herd.

In circumstances of this kind, the farmer is eligible for a loan to increase his equipment, provided, of course, that the investment really is a sound one. He cannot use the money to buy chickens or cows, but he can use it to take better care of the chickens and cows he has already or can obtain in some other way.

A much larger group of people than those who own and operate the farms on which they live is affected by this new policy, however. Funds may be used for tenant farms, thereby improving the opportunity for profitable operation for both the landlord and the tenant.

More sharply than any other agency, perhaps, the Farm Security Administration realizes the obstacles to profitable farming caused by the lack of buildings on the majority of tenant farms in the Southwest. Concerned as we are with helping to work out a permanently profitable system of management for the individual farmer, we regard subsistence livestock an essential part of every farm and home plan. Yet when we start to working these plans out in actual practice, we find that baby chicks die because of the lack of a brooder, young pigs freeze because they are born without shelter, and dozens of other mishaps occur because the farm on which our client lives does not have the necessary improvements.

Approximately 150 applications for loans were made in Dickens County alone this year. Of that number, no more than 75 could be approved. While many reasons entered into these refusals, lack of facilities for the profitable handling of subsistence livestock was one of the major causes. It is our purpose to assist farmers toward economic independence, and we can lend him money if the investment will actually carry him along toward that goal. But if the cows we help him buy have to stand out in the rain all winter and eat their food off the ground, the man may be little, if any better off with the cows than he was without them. We can help him raise a good feed crop, but if he has to pile his corn out in the open for the rats and crows and squirrels to eat, he may be no better off than if he had gone fishing instead of plowing his crop.

Mrs. M. H. Brannen, Mrs. E. L. Caraway and Mrs. Louis Mason, of Jayton, left Friday, for Charco, to visit with relatives and friends.

Mrs. J. D. Powell left Monday for Los Angeles, California, where she will spend the summer visiting with her children.

NAUTA FAYE CONNALLY HONORED WITH BIRTHDAY PARTY—

Little Miss Nauta Faye Connally, daughter of Mr. and Mrs. B. H. Connally, who is visiting with her grandparents, Mr. and Mrs. M. V. Bland, at Stamford, since school was out here, was honored Tuesday afternoon of the past week with a birthday party. Her aunts, Misses Orle and Valentine Bland assisted by Mrs. Adrian Marshall were hostesses. The guests arrived at the Bland home at five o'clock, where the gifts were opened and then went to Harmon Park, where games were played and ice cream was served. Miniature fans were given the girls and colored whistles were presented to the boys.

A box of birthday gifts was sent to her from friends in Spur and arrived in time to be opened before going to the park.

The guest list included George Ann Yarbro, Virginia, Dorothy and Julia Lou Adams, Wanda Faye Rose, Evan Allen, Peggy Van Harbert, Andy Jeter, Billie Ray Campbell, Ara Joe Upshaw, Joy Sosbee, and the honoree Nauta Faye Connally; Mesdames L. D. Cooper, Maymie Ray Howard, and Adrian Marshall.

Mr. and Mrs. Vernon Morgan, of Austin, spent the latter part of the week here visiting with relatives and friends.

Mrs. T. E. Standifer, left the last of the week, for Seagraves, where she will spend some time visiting.

Report of Accomplishments of H.O.L.C.

The following report is given out by W. I. Clifford, District Manager Home Owners, Loan Corporation, Amarillo, Texas, regarding the performance of the Corporation.

"Texas ranks high in performance on the records of the Home Owners' Loan Corporation, according to figures revealed recently. Texas borrowers have paid back \$16,718,651.36 or 16.2 per cent of their principal indebtedness, and 1,380 loans, amounting to \$2,595,304.69 have been paid in full."

"In the Amarillo district there were originally granted 4,355 loans approximating nine and one-quarter million dollars; there have been 131 loans paid in full, the loans in four counties having been transferred to the San Antonio Division for more economic servicing. On May 30, 1938, in the Amarillo District, there were 3,710 active accounts, of which 2,822 accounts were entirely current or less than three months in arrears, while 736 other borrowers are meeting all current bills and making regular monthly payments on their arrearages. There are 152 other borrowers who are making some kind of payments and whose homes the Corporation hopes to save. The Corporation owns 370 homes, having sold 124."

"Borrowers of the HOLC nationally have paid back \$408,124,521, or about 13 per cent of their entire principal indebtedness. 31,926 loans amounting to \$73,128,446 have been fully liquidated. As of April 30, 1938, 618,385 accounts were either current or less than 3 months in arrears, while 135,773 other borrowers were paying their monthly bills and making regular monthly payments on their arrearages. Thousands of others are making payments that should

shortly place them in the liquidating class. The Corporation owns 79,473 homes and has sold 11,482. Of the units owned, 86.5 per cent are rented, and rent collections average 97.2 per cent."

The HOLC closed its fifth year of business June 15. Many homes in Dickens County were saved through the influence of the Organization.

G. A. Dunn, former pastor of the local Church of Christ, who is attending the University of Texas, at Austin, preached here Sunday and visited with his many friends.

Mr. and Mrs. Bill Sauls, of Shallowater, were in Spur Friday of the past week visiting with relatives and friends.

FOUR GREAT STARS

Robert Taylor, Margaret Sullivan, Robert Taylor, and Franchot Tone in "THREE COMRADES"

From the pen of the author of "All Quiet on the Western Front" comes another gripping screen story, this time a narrative in which a nation's woes after the World War are overshadowed by one of the most human love stories to reach the screen.

In the new picture, "Three Comrades," opening at the Palace Theatre Sunday, June 26, Robert Taylor and Margaret Sullivan provide a poignant romance, with Franchot Tone and Robert Young, also in stellar roles, adding performances which will remain long in the memory of the moviegoer.

The story, based on Erich Maria Remarque's widely-read novel, centers about Taylor, Tone and Young, three young war veterans who face a chaotic future together in a country gripped by post war disturbances.

Taylor, the youngest, falls in love with Miss Sullivan, the love affair giving all three comrades a new interest in life.

Taylor and Miss Sullivan are married and it seems as though fate has offered them a share of happiness at last. But life decrees otherwise. Young is slain in a riot and Miss Sullivan suffers an illness on her honeymoon. When she faces an operation in a distant sanitarium. Tone sells his proud-est possession, a racing car, but Miss Sullivan dies, leaving Taylor and Tone to face the future alone.

The fine direction of Frank Borzage is discernable in the picture's even flow and brilliantly knit episodes. In the supporting cast Guy Kibbee, Lionel Atwill, Henry Hull, Charley Grapewin, and Monty Woolley offer effective portrayals.

T. E. Reagan, Croton Dies In Spur

Thomas E. Reagan, of the Croton community, died at a local sanitarium about two o'clock Sunday morning. Mr. Reagan suffered an attack of acute appendicitis and by the time he reached the sanitarium the appendix had ruptured and a very serious case of peritonitis had developed. He lived only a few hours after reaching the sanitarium.

Ward Funeral Home prepared the body for burial. It was taken by ambulance to Paducah where funeral services were held Monday afternoon. Rev. Haskell Hastings, Baptist minister, was in charge of the services. Interment followed in a Paducah cemetery with Ward Funeral Home in charge of arrangements. The active pallbearers were: J. C. Whitener, Earl D. Burks, Seville Necomb, Ernest Fields, J. C. Finley and Ted

Young, all of Paducah. He is survived by his widow, Mrs. Grace Reagan, one daughter, Mrs. Doyle Blasingame; and one son Robert Reagan who was still living at home.

Mr. Reagan moved to Dickens County from Cottle County about one year ago. He and his family had always held the respect of the community in which they lived.

Mrs. Roy Howard and Miss Marjorie Howard, of Crosbyton, spent Thursday of the past week here visiting with Mrs. Kate Senning.

Mr. and Mrs. Truman Gabbert, of near Ralls, spent the latter part of the week, here visiting with her parents, Mr. and Mrs. J. C. Keen.

Mr. and Mrs. Sanders Taylor, of Abilene, visited with relatives and friends here Wednesday of last week. Mr. and Mrs. Taylor at one time made Spur their home.

Local Members of Texas Cowboy Reunion Announced: Show To Be Held July 4, 5, 6; At Stamford

Spur members of the Texas Cowboy Reunion Association, composed of oldtime cowhands, which will hold its annual meeting during the Reunion in Stamford July 4, 5 and 6, include Henry Alexander, Jack Barker, T. A. Bingham, Tom Bingham, Ned Bowers, Thell Browning, Hamp Collett, G. W. Colvert, Ott Denson, W. J. Elliott, Doc. Ellis, J. H. Gilmore, C. C. Haile, Mace Hunter, Clifford B. Jones, N. L. Jones, W. K. Perry, Tump Thornton. Clifford B. Jones is a member of the Board of Directors.

Members of the association receive the highly prized oldtime cowboys' metal badge upon payment of their annual dues of \$1. The badge admits the members to all rodeo performances with grandstand privileges, to the cowboy square dances at the bunkhouse each night and is the meal

Dr. George H. Allen Announces For Office

Dr. George H. Allen of Tyler, Smith County, widely known Texas veterinarian, today formally announced his candidacy for the office of Commissioner of Agriculture. A native Texan, Dr. Allen was born on a Young County farm and received his education in Texas schools. He has opened headquarters in Fort Worth and will make an active campaign before the Democratic Primary Election July 23. He has served the United States Department of Agriculture for approximately ten years, for seven years of which time he operated out of Fort Worth, the last four years under the direction of Dr. H. L. Darby. Prior to this service he had important connections in his profession elsewhere in the state.

Summarizing the principles upon which he is seeking the office, Dr. Allen said:

"Texas is the nation's greatest agricultural state and if I am elected I shall favor and urge legislation that will insure full weights and measures to the farmer for his products. I am fully aware that the producers are not adequately protected in the grading, weighing and measuring of their cotton, wheat, rice, dairy products and other farm items, notwithstanding they pay numerous fees for a service they do not now receive."

"Especially should immediate relief be given the dairymen by the provision of state inspection of weight and butter fat content of their product at every milk receiving station in Texas. I favor such legislation as will insure to the consumer the full quality of the whole milk as it comes from the cow."

"The functions of governmental inspection of commodities is a service helpful to the producer, the handler and the consumer, and its cost should not be levied solely against the producer."

"I shall favor such measures in law and administration as will help the farmer first of all, for until his purchasing power has been restored, there can be no end to the depression. If we want prosperity we can secure it only through adequate pay to the farmer for both his labor and his products."

"Protection and benefits should be given to agriculture by the national government as they have been given to industry. I am fully in sympathy with the national program in this direction, though recognizing that the present act is far from perfect and must be improved upon as experience shows necessity for change."

"There should be the most complete co-operation between this department and our very efficient A & M College and the continued development of its extension work without wasteful expenditure of funds by the Commissioner of Agriculture."

"The remuneration of the office of Commissioner of Agriculture does not warrant nor permit the expenditure of large sums of money by any candidate seeking the office, and I must therefore appeal to the voters of Texas to investigate my record in public service, my qualifications for the place and my reputation as a man and a citizen before making their choice. Since the incumbent has held the office for eight years and is now seeking another, his fifth term, I believe it imperative that the people should consider a change in the management of this most important department of their state government. I believe investigation will demonstrate my fitness, and upon that basis, I ask the support of every voter in Texas."

Dr. Allen has established headquarters at 4116 Modlin Street, Fort Worth; telephone 7-2583.

ticket for a chuckwagon dinner each day at noon.

Entertainment of the oldtime cowhands, whose ranks are fast thinning, is one of the main purposes of the Texas Cowboy Reunion. Their gathering is an occasion for reviving memories of frontier life on Texas cattle ranches and preserving customs and traditions of the old west.

Walt Cousins of Dallas, former west Texas cowhand who is serving his second term as president of the association, will preside at the meeting of the oldtimers. Officers for the coming year will be elected.

The meetings will be held in the enlarged cowboy bunkhouse, permanent home of the association, which is being completed along the lines it was originally designed at a cost of \$6,300.

Stonewall Golden Jubilee Starts 3 Big Day Celebration Today at Aspermont

A band of boosters from Aspermont visited Spur Thursday of last week advertising the Stonewall Golden Jubilee that will be held there Thursday, Friday, and Saturday, June 23, 24 and 25.

This will be one of the biggest attractions of the summer festivals season.

Already the citizenry is enthusiastic about the town's most elaborate celebration since the county was organized. Plans that were formulated a month ago are now completed, and the big celebration starts today.

The opening event is a big downtown parade that will continue to the grounds headed by the Cowboy Band of Hardin-Simmons College of Abilene. There will be rodeo, carnival, skating, two big dances and free barbecue, cowboy style, fishing, boating and fun for all.

Many old settlers of Stonewall County will return for the big three day entertainment.

Mrs. Jennie Baber Buried At Wichita Falls

Funeral Services were conducted over the remains of Mrs. Jennie Baber at the First Baptist Church at Wichita Falls Saturday afternoon. Rev. Fred C. Eastman, the pastor, and Rev. C. R. Joyner, pastor of the First Baptist Church in Spur, were in charge of the funeral rites. Interment followed in the Rosemont cemetery in Wichita Falls with Thomas Funeral Home in charge of arrangements.

Mrs. Baber had been living in Spur with her daughter, Mrs. L. W. Langston, the past several weeks. She had been in ill health at her home in Wichita Falls and came to Spur in the hope of rebuilding her health. Death came about five o'clock Friday morning. The body was transferred to Wichita Falls where it was prepared for burial. It lay in state at the home of a son, W. A. Baber, until the funeral hour Saturday afternoon.

The survivors are: five sons, W. A. Baber and J. M. Baber of Wichita Falls, Joe and Pat Baber of Canyon, and Ed Baber of Phoenix, Arizona; two daughters, Mrs. Langston of Spur, and Mrs. Kate Webster of Amarillo. There are two sisters, Mrs. Eliza Joiner and Miss Mattie Brewer, both of Huntington, Tenn. There are 13 grandchildren and three great-grandchildren in the family.

Mrs. Baber has spent quite a lot of time in Spur where she had many friends. She was a devoted Christian and had been a member in the Baptist Church for over 60 years.

Mr. and Mrs. Elmer Watson and children, of Colorado, Texas, spent the first of the week here visiting with Mr. and Mrs. W. A. Watson and other relatives and friends. Mr. Watson is a former superintendent of the Spur schools.

Mrs. Joe Bob Roberts and children of Fort Worth, spent the first of the week here visiting with Mr. and Mrs. Cecil Fox. Mrs. Jimmie Roberts, mother of Mrs. Fox came with them for an extended visit here.

Miss Hazel McClure Crosbyton, Injured In Automobile Wreck

Miss Hazel McClure, of Crosbyton, was seriously injured in an automobile wreck five miles east of Dickens Friday night. She was accompanied by a young man by the name of Wallace, and how the wreck was caused is not known. It is known that it occurred on a curve just north of the J. M. Koonsman place where there is a very short angle turn.

It is presumed that Mr. Wallace was probably driving at a reasonable rate of speed on the one and one-half mile of straight road to the west of that point, and probably approached the curve without warning. A tire blew out which caused him to lose control of the car, with the result that the car turned over on the curve.

Miss McClure suffered a brain concussion and several other injuries. She was brought to the Nichols Sanitarium where she remained in an unconscious condition until Tuesday afternoon when she began to show signs of regaining consciousness. X-Ray examinations did not reveal any skull fractures, according to statements of physicians. She is seriously injured and will require several days to regain her health.

Her father and mother, Mr. and Mrs. T. J. McClure of Crosbyton, are with her. She is a graduate of the Crosbyton High School with the Class of 1938, and is 18 years of age.

Mr. Wallace received only minor injuries, and the car received some bent fenders and some dents in the top.

Attorney General McCraw, Candidate For Governor, Visits Here Sunday

William McCraw, Attorney General of Texas, was a guest of friends in Spur for a short time Sunday afternoon. He did not visit on political matters, as it is his custom to try to forget politics on Sundays. He was entertained by a number of friends at the Spur Inn at a luncheon. He had taught a Sunday School Class at Post at ten o'clock Sunday morning and then drove to Spur for lunch, arriving just before one o'clock. He stated that at times it is a pleasure to just meet with friends and to forget official duties and being a candidate for office. He is a candidate for Governor and had just completed a tour through the North and Western part of the state.

whose heart is as large as the problems of the country.

He said he is much opposed to a sales tax, stating that it is a tax on the poor. He said there is plenty of natural resources in our state that can be taxed, and keep the increase of taxes off of the poor people, the farms and the homes of Texas.

In speaking of the ranches and farms, he said hard conditions prevail causing people to move off the farms. Farms should have more favorable marketing conditions, should have better situations than now.

He stated that some had found fault because he selected his assistants from different parts of the State. He said that when any condition came up in any part of the State, that he wanted a man in his department who knew the situation in that part of the state. He said the office of Attorney General belonged to the people in every section of the State. He went further and said that if he is elected Governor of Texas, that he would use due diligence in selecting people from different sections of the State, then all of the state would be represented in the Governor's office. "I want to be the Governor for all the people of Texas, not just a special few. I want to be the Governor of the little man and to help him with his problems, and the rich man, too, should have privileges in proportion to his rights", continued the Attorney General.

E. T. VARNELL PASSES AWAY

E. T. Varnell, 68, of Afton died at his home at six o'clock Tuesday afternoon after a short illness. Mr. Varnell suffered a paralytic stroke Monday and his condition was very serious from the first. Two physicians were summoned to treat him but there was nothing that could be done. The children who lived in Arizona and New Mexico were sent messages to get to father at once, but he passed away before they could arrive.

He is survived by his widow, Mrs. Lucy Varnell, four sons; Loy Varnell of White River, Arizona; Lester Varnell of Dickens, Richard Varnell of Afton, and Claude Varnell of Farmington, New Mexico; One daughter, Mrs. Ethel Young of Afton, his father, R. F. Varnell of Knox City, three sisters, Miss Daisy Varnell of Knox City, Mrs. Buelah Keith of Lubbock, and Mrs. Cordelia Woodrum of Knox City, A. R. Varnell of Lubbock, and D. M. Varnell of Elton.

Funeral services were held at Afton Baptist Church Wednesday afternoon at six o'clock. Rev. V. J. Lowrance gave the funeral discourse. Interment followed in Afton cemetery with Ward Funeral Home in charge of arrangements.

Pallbearers were: J. F. Young, H. E. Bennett, E. J. Offield, Lewis Daniels, Harvey Barton and P. H. McDorman.

Mr. Varnell was born in Alabama, but moved to Texas in an early day. He has been a citizen of Dickens County 26 years. In the community where he has lived since coming to this county, he has always been held in high esteem. He held a high ideal of what is right and stood true to his ideals. He was married at Boyce, Texas, to Miss Lucy Weideman, and they had maintained a home nearly forty-four years.

A Valuable Fruit To The Family

The following news letter from Grace I. Neely, Extension Specialist in Food Preservation, tells how pineapple may be home canned to help take care of our fruit needs for 1938.

Pineapple is one of the most delicious and popular fruits. We buy it canned and enjoy it, but had we ever stopped to think that we might have the pleasure of canning it ourselves? And when it may be bought and canned for 1-2 to 1-3 the price we pay for a good grade of canned pineapple, it is also a good investment.

A few suggestions on buying or selecting for canning are worth considering. Fruit that has ripened before being gathered not only has the best flavor but also contains more fruit sugar. Ripe fruit is orange in color and the spines may be pulled out very readily. In soft overripe fruit there is more waste, therefore the cost of the canned product is increased. Underripe fruit should be wrapped in thick paper and kept a few days to ripen at an even temperature of between 65 to 70 degrees Fahrenheit.

Pineapple is credited with being an aid to digestion and a better source of protective food than most fruits. Raw pineapple contains digestive enzymes which are somewhat irritating to the mouth and the immature fruit is still more irritating. We should be careful that the fruit is fully mature, as the unripe juices are caustic and liable to irritate the coating of the stomach.

To prepare for canning: Cut off the stem end and cut out the top; slice crosswise, peel each slice, and core. Juice or sirup for canning the fruit is best made from cooking the outer trimmings of the meat of the fruit, as the best flavor is in the part next to the skin. Add cores and enough water to cover. Simmer until the fruit is clear, then strain. Use one measure of sirup with one measure of sugar.

To precook: Cook fruit in medium sirup 8-10 minutes. Pineapple, like apple contains an extra amount of air in its cells which must be removed before sealing to prevent loss of flavor, discoloration, and spoilage.

To process: Seal and process in water bath for 15 minutes for No. 2 cans; 25 minutes for No. 3 cans and pint glass jars; 30 minutes for quart glass jars. Use plain tin cans. Cool

NEWLY MARRIED PEOPLE VISIT SPUR

Mr. and Mrs. Harold Jones, of Roaring Springs, were in our city Wednesday morning greeting friends and attending to business matters. Mr. and Mrs. Jones were married one week ago and are making their home in Roaring Springs where he is engaged in the drug business. Mrs. Jones was the former Miss Bertha

Casstevans, and taught in the Matador schools many years. She has a position in the Matador schools for next year and states she is going to teach again. Mr. Jones will continue in the drug business in partnership with his mother.

Hoyle Jones, of Tulsa, Oklahoma, spent several days here the past week visiting with his brother, Clifford B. Jones and Mrs. Jones.

Mrs. Henry Styles, of Girard, was in Spur Tuesday shopping with Spur merchants and visiting with friends.

C. V. Conatser, who has been in Los Angeles since April 1, is employed by the Zimair Trailer Co. He thinks California is a fine country.

Mr. and Mrs. Sam Bond, of Odessa, spent the first part of the week in Spur visiting with Mrs. Bond's grandmother, Mrs. H. T. Garner and other relatives and friends.

T. B. Sullenberger, of Amarillo, was in Spur Wednesday attending to business affairs here. Mr. Sullenberger owns a job shop in Amarillo. He is a former Spur citizen.

Among the hundreds of thousands of Texans who call Atty. Gen. William McCraw friend in his race for governor are many former buddies of war days in this country and in France where McCraw served as a second lieutenant with the 36th division. Just the other day the candidate ran into his old-time company sergeant, J. T. Ellis, at Weslaco. In the left-hand picture McCraw is seen warmly greeting his former comrades.

Typical of the hundreds of campaign appearances Bill McCraw is making in his race for the governorship is the scene in the right-hand photograph. Microphone, water pitcher and an umbrella to beat off the beaming Texas sun are part of the campaign picture repeated all over the state as the gubernatorial candidate carries his campaign to all corners of tremendous Texas.

All Day Services At Wichita, July 3

There will be religious services at the Wichita community beginning Saturday night, July 2, and continues through Sunday and Sunday night, July 3. M. M. Young, a Church of Christ minister, will do the preaching. Dinner will be served at noon Sunday at the old school house where the services will be held.

There will be good singing at all the services. Mr. Young stated they expect the best singing to be had. He preaches old time gospel sermons, and the people have an invitation to be present and enjoy these old-fashioned services.

Services will be at 8:18 o'clock Saturday evening, at 10:00 o'clock Sunday morning and at 8:00 o'clock Sunday night.

Raley of Troop 8, Lubbock; Ray Taylor, Troop 25, Spur; Eldon Carroll, Troop 46, O'Connell; James Wilson and Joe Dick Moore, Troop 57, Floydada; Dale McIlroy, Troop 80, Lamesa; Earl C. Pollard, Jr., Troop 7, Lubbock; J. L. Sanders, Troop 9, Lubbock; Elbert Boullion, and Jerry Nobles, Troop 21, Tahoka; Cornelious Duffy and Roger Willett, Troop 75, Amherst; Gene Gray and Marvin McLarty, Troop 4, Lubbock.

Boy Scouts To Have Swimming Contests

With the period of Council Camps nearly over Scouts and Leaders over the South Plains are looking forward to the next big Council activities, the District and Council Swimming Meets.

In addition to the District and Council supervised meets, a number of Troops are planning inter-troop swimming meets to be held at several different places over the Council.

The first of the meets will be a Tri-District meet to be held at Lamesa July 29 with Scouts from the Southern, Southwestern and South-eastern Districts. Eastern District meet will be held at Spur on August 5 with Matador from the Northeast District taking part.

Lubbock will be the scene of the Central District meet on August 5. Plainview will be the center for a Tri-District meet on August 5 with Scouts from the Northern Northeastern, and North Central Districts taking part. There will be a Bi-District meet at either Littlefield or Muleshoe on August 9 with the Northwestern and Western District swimming.

The date for the Council Swimming Meet has been set for Plainview on August 12. The winners in each District will compete for Council Honors in this meet.

General rules and regulations are in the hands of the Scoutmasters and a great deal of advance preparation should be made so that each Troop may be represented in the various meets.

WILD LIFE CONSERVATION ASSOCIATION SIGNS READY

All those who have joined the Wild Life Conservation Association and did not obtain protective signs will please do so at once, as they are being prepared at the Dickens Lumber Co. Time and money are required to prepare these signs, and unless a very close estimate of the number needed can be made, some members will be put to a great inconvenience in obtaining these signs. Attention to this matter should be given at the earliest opportunity.

People who have burned off their stubble at night state they have effected some result of hopper control. Naturally as the pastures dry out, the hoppers will visit the stubble fields in order to feed on the young vegetation that is starting there. Any method that will eradicate the hoppers without injury to farm stock would be commendable at this time. Farmers will have to use their judgment relative to this work.

Milk and Dairy Pro- ducts Month Closes

In view of the fact that Governor Allred has proclaimed the month of June 9 to July 6 as Milk and Dairy Products Month, Dr. Geo. W. Cox, State Health Officer, urges with this more extensive use of milk, that both producer and consumer be concerned as to its quality. The use of unclean milk is a health measure.

Local interest is improved methods of producing wholesome milk has increased greatly in the past two decades and the striking advance in milk control has been responsible for the enormous saving in infant life.

Milk is perishable and especially during hot weather. To insure milk of good quality requires cleanliness, sterile utensils, protection against flies, careful bottling and maintenance at low temperature. The presence in fresh milk of large numbers of bacteria, due to insanitary methods of production is a health hazard.

Among the diseases which may be transmitted through milk are tuberculosis, typhoid fever, scarlet fever, diphtheria, septic sore throat, undulant fever, diarrhea and enteritis. Numerous milk-borne outbreaks of disease occur every year in this country and from the use of milk that might have been safe with proper care.

We should firmly insist that the milk we drink be carefully produced, so that we will have the maximum practicable protection along the line from the cow to the consumer.

BIRTHDAY CELEBRATION

Mrs. P. R. Boothe was very pleasantly surprised on her birthday, June 14, by a quilting in her home. Sponsored by Mesdames J. B. and W. S. Carlisle, a Friendship quilt had been pieced previously, with names of friends in each block. Mr. Boothe enticed his wife to accompany him to town to give the ladies a chance to frame the quilt. When they returned, about 11 a.m. Mrs. Boothe was very properly surprised to find her home filled with friends busily quilting. Each guest had brought a covered dish to comprise a sumptuous meal which was served at noon by Mesdames W. F. and Lela Mae Pierce. Many of the guests brought gifts. Those enjoying the occasion were: Mesdames Evelyn Marshall, W. S. Carlisle, Sr., Eula Dodson, J. B. Carlisle, J. T. Lewis, Ruth Pierce, Katie Conaster, Joy Hoover, Bert Cherry, Lucille Wilson, W. P. Marshall, H. P. Hargis, Alma Randalls, Annie Gregory, J. R. Carlisle, Lola Mae Pierce, W. F. Pierce, Vera Boothe, Rada Boothe and Miss Grace Booth.

Those contributing a quilt block, but unable to attend were: Mesdames, Ellaby, Forney Morris, E. D. Hagins, Rex Carlisle, George Erath Sr., Ethel Boothe, Bill Pierce, George E. Erath, Jr., Kissinger, Garvey Boothe, W. O. Davenport, Ena Blair, Floyd Forbis, Johnnie Waters, Mary McAlpine, Rube Waddel, Dolly Randalls, Ethel Rape, Raymond Bailey, Gussie Meador, Henry Simmons.

HOPPER POISON STATION SET UP AT AFTON

There has been a mixing station set up at Afton, making a total of four in the county, where farmers of that section may obtain poison bran mash for grasshopper control. The Highway Department is cooperating with the Grasshopper Control Committee distributing poison along the highways of the county. Anyone grazing stock along highways, where this poison is being distributed, must assume all risk.

Dickens County Boy To Represent Area No. 1

Reid McLaughlin, member of the McAdoo Chapter, F. F. A., will represent Area No. 1 in extemporaneous speaking in the state leadership contest will be held at Sam Houston State Teachers College in Huntsville.

Young McLaughlin graduated from McAdoo High School with the Class of June 1 with an average grade for four years of 87 per cent. He has been an extremely active member of the McAdoo F.F.A. Chapter for the past three years and has taken part in a number of projects to keep up while in college. He expects to make Agriculture his field of work and expects to enter the Texas Technological College this fall where he will try to major in Animal Husbandry in the Division of Agriculture.

He was first place winner in the Area Leadership contest at Lubbock in May. The title of his address was, "Why I Choose Farming as an occupation". He and his instructor, J. Walter Grist, will leave McAdoo next Sunday for Huntsville to be ready for the contest Monday. He will return home about Wednesday night, June 29.

Three Members Of Dickens H. D. C. To Attend Short Course

Three Home Demonstration Club women from Dickens County will attend the Farmers' Short Course for adults July 13-15. Mrs. Roy Johnson, Espuela, won her trip last year for an outstanding Home Food Supply demonstration; Mrs. Fred Arrington, Dickens was awarded the trip to Short Course as the winner of the Yard Improvement contest in the county. Each year the Council sends chairmen to Short Course, and this year the chairman is Mrs. Murray A. Lea of Dickens.

Mrs. Lea and Mrs. Arrington will be presented twice at Short Course in a team demonstration on "The Utilization of Processed Cottage Cheese." This demonstration was given at the Plainview Dairy Show, and it was presented so well that they were asked to repeat it at Short Course. Some of the other counties in District 2 will also give demonstrations.

Mr. and Mrs. Joe Lambert, of Monahans, spent the last of the week visiting with Mr. and Mrs. T. S. Lambert of the Wichita community and relatives and friends in Spur.

Mrs. Odie Holly, left the last of the week for her home in Salt Lake City, Utah, after a visit here with her parents, Mr. and Mrs. W. M. Hazel and other relatives and friends.

COTTON DESTROYED BY GRASSHOPPERS WILL NOT PAY

Cotton destroyed by grasshoppers will be considered as having been planted to cotton if the cotton was destroyed before bolls are first formed. No payment, with respect to cotton, will be made unless land on the farm is considered as being planted to cotton, except where failure to plant was due to flood or drought. The above was taken from a telegram received from Mr. Duggan, Director of Southern Division, A.A.A.

Home Demonstration Council Meets June 25

A demonstration on outdoor Party Refreshments and a special parliamentary program will feature the regular meeting of the Home Demonstration Council Saturday, June 25. The Council will meet this time in the basement of the Methodist Church from 2:30 to 4:00 o'clock.

Mrs. W. R. Weaver, an outstanding leader in P. T. A. work, will give a discussion of correct parliamentary procedure for club meetings, stressing to characteristics of a good president. This part of the Council has been planned especially for all Home Demonstration Club women, whether regular members of the Council or not; and it is hoped that there will be a good representation from all the clubs.

The two 4-H club girls who are giving a demonstration at Short Course on Outdoor Party Refreshments will present this demonstration at Council. The girls are Eloise Sharp of the Dickens Club, and Lou Wana Dunlap of the Patton Springs Club. This will be the only opportunity that the club women and girls of the county will have to see this demonstration, and everyone is invited to attend. It is an unusual distinction that the 4-H girls of Dickens County have been asked to present a program at the Short Course, and all club women and girls should hear their demonstration.

FRIENDSHIP CLUB REPORT

"An enormous amount of money may be spent on food and still your meals be lacking in many of the necessary food elements that help keep the body strong and healthy". members of the Friendship H. D. Club were told in an interesting demonstration given by Miss Jean Day, Tuesday, June 14. "For example, fancy food such as pickles olives, etc., are expensive, yet do not have nearly as much food value as milk, eggs, vegetables, meats, etc., that can be raised on the farm," she added.

Statistics were shown proving that the average farm family may be as well fed as people with a large income, if they will just try to raise and preserve their farm products.

The club will meet again June 28, when a demonstration on using home made yeast bread in preparing school lunches will be given. Two visitors besides Miss Day were present. Mrs. Elois Nickles and Mrs. Penno. —Reporter.

To The People Of The 118th Representative District

Two years ago I asked the people of this district to send me to the Texas Legislature as their State Representative. This you did with an overwhelming vote and for which I am very grateful. At that time my ability as a legislator was defined to you only through my qualifications and willingness to work. I am asking you to return me for a second term, not because of the old two term democratic custom, not because I am a native son but because of the record that I have made during the last two years as your State Representative.

I believe you deserve the very best representation obtainable at your State Capital and if you believe my opponent can render you a greater or more valuable service then it is your patriotic duty to support him. However, on the other hand I challenge him to show where in my record I have not represented your true interest at all times.

My opponent has served several terms in the Texas Legislature as your representative and has had plenty time to make effective the program which he advocates.

In last weeks paper he made the statement that he was in favor of paying the Negro of East Texas and the Mexican of South Texas the same pension that we pay the white man and white woman in West Texas. We all know that a Negro or a Mexican can live more cheaply than a white man or white woman. Police records bear out the fact that where an aged Negro or an aged Mexican in East and South Texas are drawing as much as \$15.00 per month that they are keeping up three or four worthless Negroes or Mexicans, thus creating an incubator for criminals and law breakers. To this I am bitterly opposed.

The aged of this district and of the State know that I was the author of the amendment deleting that section of the present law which forces the children to take care of their parents where they are able. I know that the old people know that I have their true interest at heart and they will not listen to political demogogy.

My opponent is also at this time advocating a fair trade law. I would like to call his attention to the fact that I was co-author of the Fair Trade Bill that passed the House of Representatives and died in the Senate during the last regular session. This I shall continue to work for.

He is also, advocating State Legislation to make effective the provisions of the federal Conservation Bill that passed the legislature during the last regular session. The Governor in his wisdom saw fit to veto this measure as he thought it did not meet the requirements of the federal act. However, there were and still are many different opinions on the matter.

My opponent states that he is opposed to legalized gambling and the open saloon and I too, am uncompromisingly opposed to these two evils. I would like to call his attention to the fact that Race Horse Gambling was legalized during the last session. Also, that I voted against the open saloon and helped defeat it every time it came before the last legislature. This I shall continue to do so long as I am in the legislature.

The school teachers and educational minded people of this district and state well know my attitude toward our schools and legislation designed to aid same. I shall continue to champion this great cause.

There are many other issues that I would like to discuss at this time such as a minimum barber law but space will not permit it. It will be impossible for me to personally see every one in this Representative District before July 23rd, however, I will see as many as I possibly can, so if you think I have represented the true interest of the people of this district, I will sincerely appreciate your vote for a second term on July 23rd.

Spur Cheese Factory Stirs Off First Making Of Cheese Last Week

The Spur Cheese Factory started the wheels of progress Thursday morning. Mr. Neal, who has charge of operating the factory, stated that the supply of sweet milk was better than was expected. People seemed anxious to take advantage of the new outlet for their dairy products.

The first stirring of cheese molded out more than 6,000 pounds. Other makings have been stirred off since Thursday when the first supply was turned out. The cheese is being stored in cool vaults where it is being treated with paraffin coatings and being prepared for the markets.

Fresh cheese is ready for market after it has cured about 30 to 40 days. Cheese of different flavors are acquired by the length of time used in curing. People who like a stronger flavor of cheese should use that which has been curing about 80 to 90 days.

In answer to the question of how the cheese factory affected the Creamery products, J. P. Carson stated that locally it took away some of the supply of cream to the Creamery. However, the Creamery is turning out 15,000 to 18,000 pounds of butter per week in addition to the ice cream products.

AFTON AND ROARING SPRINGS METHODIST CHURCHES
Eugene L. Naugle, Pastor
As we fight the weeds in our crops let us remember that sin is abroad in the land and it will cause its troubles if we do not remove it from our hearts. Going to the Lord's house on His day is a wonderful aid in the accomplishment of this task.

Misses Reba Clay and Louise Goldson, of Graham, are in Spur this week the guests of Miss Sybil Clay.
