WITH THE WILD CATS

The Humble Oil Company spudded in a new well on the Mator Ranch Saturday. The location is Section 26, Block 1, Shock and Arnold Survey, about three miles east and one and one-half miles north of the Dempsey Gin in Croton community. They went down 400 feet and put in 10-inch casing.

The Gulf No. 1, Swenson, on Section 25, Block 2, H & G NRRR Co. Survey, is marking time, but is putting up a good effort to make a producer of that well.

The Hanson and Anderson No. 1, Bird, is temporarily shut down for machinery repairs and will be going again soon.

The Bond Jones, et al, No. 1, Ford Estate, is idle at this time waiting the arrival of a string of 8-inch casing. Work will continue as soon as casing is set.

The Ray Dawson No. 1, Hagin, on Duck Creek, is waiting the arrival of a string of casing. The well is casing and casing will have to be set before drilling deeper.

An Unexpected Committee Decision

A very unexpected decision of the District 4-B Interscholastic League Committee pro tempore was handed up Monday night, which was meant to disqualify the Spur-Lockney football game of November 18. The regular committee had ruled that charges against Andy Hurst, Spur player, were unfounded, and had ruled that on and after Saturday November 19, they would not consider any further charges of protests of any nature.

The regular committee refused to participate in the meeting Monday night which was called by Supt. Kirk, of Flomot, and not by the regular committee chairman. Supt. Kirk notified Supt. Thomas to be present for the meeting as he was renewing charges against the eligibility of Andy Hurst for the fourth time, his reason being that he had found a picture in a newspaper of Andy Hurst with a football under his arm which was prima facie evidence of guilt. The principals of various schools met recisions of the regular committee-men.

The chief object for the decision to disqualify the Spur game with Lockney would be to make Flomot equal with Lockney in District honors, and upon that ground Flomot is contending for one-half of Lockney's share of the gate receipts in the Bi-District game with Wellington. The committee pro tempore (Continued on Page Five)

Horse and Mule Sale Friday Good

In speaking of the Spur Market sale on horses and mules last Friday, Mr. Bradshaw stated that everything offered sold for a good price. One horse brought \$130.00 in the ring and many other animals brought equally as good prices.

The number of animals offered for sale was not great, but the prices were good and the buyers were here for the animals.

The Spur Live Stock Market is proving a great thing for the country. It is affording people an opportunity for sale of the livestock they do not need, and there are plenty of people who do need that livestock. The Spur market has proven its worth, already, and it is up to the people of the country to get behind it and patronize it. You know, the water is never missed until the well goes dry. The Spur Live Stock market is here and is doing great things for the community, but it would be greatly missed if taken away from us.

Bring your horses and mules to the Spur Live Stock Market and get the best prices.

Farmers To Comply With Lubbock Ruling

In regard to ineligible cotton stored in Jayton warehouses and loans secured on it by farmers last year, the Executive Committee of the Commodity Credits Corporation at Washington has ruled that the method of settlement outlined at a meeting in Lubbock September 26, 1938, will stand. A letter received by Joe M. Rose, a member of the Central Committee selected by the eight counties concerned at a meeting in Dickens, stated that the terms outlined at the Lubbock meeting would be followed.

Farmers are asked to pay the amounts due or sign an agreement which holds them to the obligation they made in securing the loans. Mr. Rose stated that he believed that if farmers will comply with the terms, that it will enable them to get their soil checks earlier. A reasonable adjustment was secured on the under-classed bales, but the Commodity Credit Corporation would not release the farmers from the obligations made as a whole.

Farmers To Meet Monday At Spur

A meeting of farmers, merchants, and others interested in the agricultural program and agricultural problems has been called for next Monday night at 7:30 o'clock. The place of meeting will be the Spur Theatre and County Agent G. J. Lane will be in charge of the program.

The people who are interested in agriculture in any manner have an invitation to be present at this meeting.

Trades Day Next Monday

The regular monthly Trades Day will be held next Monday in Spur. This occasion comes every First Monday in each month. The merchants have outlined a great number of bargains in merchandise which are being offered to the people. The Young Men's Business Club will have a program of some kind, and people will be able to save money on their purchases.

In addition to the regular Trades Day program now, there will be the weekly sale of livestock next Monday. The auction starts at one o'clock in the afternoon. Bring in the cattle and hogs and sell them on a top market and buy your merchandise on a bottom market.

Justice, J. R. "Hard Hair" Cole, "Potsy" Boothe, Kelley "Sleepy" Marsh, tackles; George "Butter Ball" Delisle, "Blackie" Wadzeck, W. P. "PW" Foster, "Buck" Wilhoit, guards; Buck Martin, John Hallwood, centers.

Backfield hot shots include Tye "Bull" Allen, Roger Bingham, "Lefty" Solis, Tanner Laine, Gordon Wood, Everett "Heavy" Martin, Godfrey, E. "Flash" Howard, Elton "Rip" Garner.

Admission prices are 35 cents for adults and 15 cents for school children. With many experienced players on the Spur roster it looks like anything might happen to Wayland Friday afternoon and vice-versa.

Pitchfork Horses Win At Fort Worth Show

The Pitchfork Ranch entered five head of horses in the Thoroughbred classes at the Fort Worth Fall Horse Show that was held November 8 to 13 at the Will Rogers Coliseum.

The winnings of the Pitchfork entries were: Champion Thoroughbred of the show; three first-places in other classes including stock horses shown under saddle; four second-places and a fourth place, making a total of nine ribbons.

Johnnie Stevens, Edwin Knott and Jokie Copos who fitted and exhibited the horses returned with the trophies, a hundred and forty dollars premium money and two hundred-fifty dollars, the sale price of a two-year-old gelding that won the championship. Very nice offers were received for other horses of the exhibit from the Pitchfork's.

The Fall Horse Show at Fort Worth should be patronized by West Texas horsemen and offers opportunity of exhibitor, buyer and seller meeting on a common ground.

Spur Citizen To Head Texas Tech College

The Board of Directors of the Texas Technological College at a meeting in Fort Worth Saturday morning unanimously elected Clifford B. Jones to be the third President of the Texas Technological College. It had been the opinion of many friends that the directorate had been trying to induce Mr. Jones to accept the position for several weeks. It is purely a condition of where the position sought the man.

A number of applicants were before the Board of Directors and all of them had been given due consideration. Mr. Jones as chairman of the Board had assisted in the discussion of many applicants and of other men who were not applicants for the place. At the session Saturday morning the position was offered to Mr. Jones with an admonition from the other members that he accept the place. He finally consented.

It is the opinion of the entire citizenship of West Texas who know Clifford B. Jones, that not a more capable man could have been secured. He is not a man educated in the various colleges, but a business man who has been educated in the great university of life and the broad field of business. His association with the numerous business concerns has developed Mr. Jones into one of the most thorough executives to be found in all of the Southwest.

He has been a member of the Texas Technological Board since the founding of the school in 1923, and for the past eleven years has served as chairman of the Board. No man in the educational range of the United States knows the needs of the college more than Mr. Jones knows them, and no one has a greater zeal for the success of the school than he has.

He is responsible for the two large dormitories the school now has, and he used his influence to a great advantage to secure the dormitory that is now under construction. All of the other buildings on the campus have been placed there as the result of Mr. Jones giving favorable consideration for them. During his work on the Board, business has never been too pressing for him to leave it and go to the rescue of our beloved West Texas University.

The Texas Technological College will be the third major school in the southwest that has had a business man for president rather than just a college educated man. The other two made wonderful advancement, and just watch our Tech College grow under a new business administration. Mr. Jones is thoroughly versatile with the field the college work should cover, and he has the personal contact with those in authority to (Continued on Page 5)

Football Banquet December 20th

The Pep Squad will entertain the Spur Bulldogs with a banquet Tuesday evening, December 20. This is an annual affair, one which the Bulldogs always have appreciated.

This will be the last social feature of the schools before the Christmas holidays. Schools will dismiss Wednesday, December 21, for Christmas holidays and will re-convene Monday, January 2.

Win A Christmas Prize

The Spur Young Men's Business Club is offering prizes of \$15.00, \$10.00 and \$5.00 to the homes that make the most attractive Christmas decorations for the holidays, homes to be decorated at east ten days before Christmas Day. Out of town judges will be used in this contest. Watch for further announcements.

COTTON REPORT

The cotton report to November 14 is as follows:

Dickens County for 1938, 23,178, for 1937, 23,928.

Kent County for 1938, 7,584, for 1937, 7,610.

Cotton Marketing Quota Referendum

Saturday, December 10, 1938 is the date set for conducting referendum to determine whether two-thirds, or more of cotton farmers favor cotton marketing quotas. If more than one-third of the cotton farmers voting in the referendum oppose the cotton marketing quotas, the quotas will not be in effect in 1939.

Farmers who were engaged in the production of cotton in 1938, as owner-operator, cash tenant, standing-rent or fixed rent tenant, or landlord of a share tenant, or as share tenant or sharecropper, are eligible to vote, unless they are engaged in the production of cotton which is termed long-staple cotton (1 1/2 inch or over). No cotton farmer, (individual, partnership firm, etc.) shall be entitled to more than one vote in the referendum, even though he may have been engaged in 1938 in the production of cotton in two or more communities, counties or states. There shall be no voting by mail, proxy, or agent, but a duly authorized officer of a corporation, firm or association, may cast its vote. Only those persons who signed contracts, rental or cropping agreement, shall be eligible to vote.

In the event two or more persons engaged in producing cotton in 1933 not as members of a partnership but as tenants in common or joint tenants or as owners of community property, each such person is entitled to vote. Voting places will be established in the following communities: McAdoo—Leahy & Brantley Store. Dickens—Commissioner's Court Room, Courthouse. Duncan Flat—Gin Office. Afton—Gin Office. Croton—Gin Office. Spur—Director's room, Spur Security Bank.

Other voting places will be established later, if deemed necessary by the County Committee. Farmers may vote in any one of the voting places most convenient. County and community committees will be in charge of the election boxes, and anyone requiring further information may contact their local committeeman.

Livestock Market Sales Increasing

The sale of cattle on Spur's Live Stock Market last Monday, showed quite an increase over the week before. There were 220 head of cattle offered for sale last Monday on the local market and all of them brought a good price. The main advantage of the local market is that the farmer and stockmen can bring their cattle here with very little expense, and if they do not bring the amount they want for the cattle, they can keep the cattle for another sale.

White faced steers sold on the market Monday for as much as \$8.05 per hundred, and heifers sold as high as \$7.20 per hundred. That is more than the Fort Worth market was that day. One party brought cattle here from the Lubbock market, and one man brought cattle from the Plainview market, and both men made a profit on their cattle after paying all expenses.

The main thing needed is more cattle brought to Spur market. The buyers come here to buy cattle and there are not enough to go around. Bring your cattle to Spur market for the best prices.

Will Serve On Federal Juries

Mrs. Olive Fluke, U. S. Deputy District Clerk of Federal court at Lubbock, has announced the grand jurors and petit jurors who will serve during the December term of court. Lester Ericson of Spur will serve as a member of the grand jury, and W. R. Weaver and L. E. Lee of Spur, will serve on the petit jury. E. S. Crider was included in the Spur list, but he has gone astray and must report from Abilene.

The grand jurors are to report for duty at ten o'clock December 12, and the petit jurors are to report by ten o'clock December 13. Judge Whitt Davidson will preside over the court.

Mrs. Holly Write About Visit To Childhood Home

Dickens, Texas

Dear Editor: Will send in a bit of news of my visit. My sister, Mrs. Thrash of Wood County, was out and spent two weeks with me, and on returning home I went with her. I was gone a month, one week at Fort Worth with my son, V. L. Holly. While I was there we visited with one of our old-time friends near Corbon, Mrs. Laura Asher, a sister to Luther Jones near Spur. We enjoyed being with her so much.

After dinner, or lunch, all of us went to our mother's grave, and from there we went to my old home place where I grew from childhood and was married to L. W. Holly in 1888, and in 1891 we moved to Dickens County. My old home house was gone but the hills and fields looked so natural they made me think of the happy days I had spent there. It was sad as I stood and looked around and could not see any of the old timers there. All of them are gone. I guess it has been 45 years since I had been there.

I am a widow of two years now. I am living alone, get lonely some times, but I have good neighbors who come in often. On Thanksgiving Grandma Bradley, of Dickens, her four married girls and families surprised her with a fine dinner and I was invited to take dinner with them. I truly enjoyed their company and the good things they had to eat. Also, Grandpa and Grandma Hemphill were with us.

—Mrs. L. W. Holly.

EDITOR'S NOTE—We thank you very much, Mrs. Holly, for your news letter and assure you it is a pleasure to publish it. It contains so much news and an experience which all of us who have been away from the childhood home so long will have to meet.

MESSAGE OF APPRECIATION

McAdoo

Dale Branaman made a business trip to Lubbock last Tuesday.

Last Tuesday night a large group of McAdoo patrons met at the school auditorium for the purpose of organizing the community into an agricultural club.

The main speakers of the evening were County Agent Lane and Day and Joe Rose, who spoke on the cotton allotment program for the county.

The officers elected were Weldon Cypert, president, and Eugenia Butler, secretary. The regular meeting time was set at the first Tuesday evening of every month; the meeting hour set at 7:30.

It is hoped that the organization will help the men and women of the community to understand the coming program and meet its regulations intelligently.

A. Organization. The program given by the children was extremely good and very entertaining. The program featured Thanksgiving.

After their part of the program, the Seniors gave several short sketches of the play which was followed by the presentation of a trophy to the football boys by Judge Formby. Judge Formby gave a very interesting and appropriate talk; praising the boys highly for their trophies now on display in the trophy case in the school hall.

Shopping With Santa Proves Big Adventure

Santa's a good politician, and he knows a pretty girl when he sees one! The Dickens County Times special Christmas reporter caught him receiving a real big Christmas hug after he finished his Christmas speech at Speer's 5c and 5 Dollar Store last Friday. He outlined a real old fashioned Christmas for everybody. "I don't know when I've seen such a lot of nice girls that are just plain thrilled with Christmas!" Santa said, with a broad wink as he looked over the smiling crowds that gathered to welcome him. "Usually girls think they are too grown up to bother with Old Santa. But these Spur girls—and ladies too—they're tops!" And Santa again gave a sly wink at his own use of modern slang. He shook his head and scratched his long white beard. "You know, I've never seen such a lot of real people as there are this Christmas. Seems like we all have the old-fashioned Christmas spirit again. It was nice of Mr. and Mrs. Speer to ask me to Spur today, and their store is full of gifts for you.

I have left all kinds of gifts at B. Schwarz & Son. Just the gift for the mother, or sweetheart. Mr. Golding has a full page ad on Page Three of the Times and it is full of bargain announcements. Next week he will have all his holiday merchandise out, and you must not fail to see his store. Joe Giddens, Mrs. Putman, Don Ramsey, Miss Shepherd, Mrs. Collett, Mrs. McCormick, Mrs. Reed and Mrs. Golding will be there to greet you and show you the new holiday merchandise.

According to Santa, Safeway Store is just packed with good things to eat, and Mr. Walthall, with the assistance of his many clerks, has arranged one of the prettiest decorations you have ever seen in his store. The Safeway Store ad is on the back page of the Times, and you can really save money if you will

and Jackie Branaman, a short talk, "On Being a Parent," by Mrs. Butler, "On Being a Daughter," by Janice Keith, a reading by Louise McLaughlin, "Mother and Daughterhood," by Rosemary Buckner, and a short talk on "To Mothers and to Daughters," by Mrs. Butts, was enjoyed by everyone present.

The third year Agriculture boys under the supervision of Mr. Grist, agriculture teacher, and Mr. Archer, served the banquet. The dinner was well served and was enjoyed immensely by all the mothers.

Miss Lenora Nickels spent the Thanksgiving holidays with her parents, Mr. and Mrs. Jim Nickels, of Bula.

Many friends of Alice Worley, daughter of Mr. and Mrs. R. D. Worley, were sad to hear of her accident a few days ago. They hope she recovers soon.

Mr. and Mrs. J. A. Branaman, Dale, and Jackie were the guests of Mr. and Mrs. Glen Branaman, son of the former, of Slaton, Thanksgiving Day.

Brother D. D. Dennis and family of Matador were the guests of Elder and Mrs. Beauchamp and family on night last week.

A large number of the patrons of McAdoo attended the chapel program last Wednesday which was presented by the Second and Third grades under the supervision of Mrs.

read their ad each week and shop for the holidays.

The Palace Theatre has put out their last calendar for this year, and it is just full of excellent shows. Their ads will be found on Page Two, and Mr. Hardwick is putting forth every effort to make you feel at home when you go to the Palace. Remember it is warm in winter and cool there during those hot summer days.

Santa Claus says there are worlds of toys at Riter Hardware Company. Every boy and girl should go shopping and see the nice wheel goods of every type. "Boy, they are a knock-out." Read their ad on Page Two.

Oscar Kelley, the real estate agent, has lots of homes and farms for sale. Santa stated that you should give your family a home. It would be a good Christmas present they would enjoy through life.

Also, Santa unloaded a lot of toys with Mr. and Mrs. Milam. Their store is jam-cram full, and little boys and little girls will get a thrill by shopping there.

The Fair Store is getting arranged for Christmas, and this week they are chopping their price in two in order to make your money go farther. Their ad is on the back page of the Times. Mr. Gabriel said he wants you to come in and feel at home. He has plenty of space for you to shop and visit with your friends, and he is going to give you plenty of bargains.

The drug stores are getting their holiday goods displayed and be on watch next week for their ads.

Santa is going to send you special messages each week through the Dickens County Times. Be sure to read his chatter.

Hardy, their teacher. The program which was based on Thanksgiving, was a great success and enjoyed by everyone present.

Last news from Charlie Allen, who has been suffering greatly from a shot through the left arm just above the wrist, reported that he is getting along nicely and will probably be able to save his hand.

Out of four baseball games played at Dickens last Tuesday afternoon by the grade school boys and girls and the high school girls and boys of Dickens and McAdoo, the girls won both their games and the boys lost both of their games, the scores being: Grade School Boys, Dickens 22, McAdoo 18; Grade School Girls, Dickens 11, McAdoo 16; High School Boys, Dickens 11, McAdoo 3; High School Girls, Dickens 13, McAdoo 14.

Mrs. Roy Bird of Lubbock spent Saturday with her parents, Mr. and Mrs. L. E. Bass, and Travis returned home with her for a short visit. Nine members and two visitors

were present at the W. M. S. at the local Methodist church last Monday evening. After the program, which was rendered on their Missions in the Belgian Congo, a very interesting report was given on the Annual Conference that was held at Memphis, November 16 to 20 was given by Miss Opal Nickels. Those present were Mesdames Robertson, Nettles, Gollihar, Grady Allen, Butts, Vanderford, Graham, John A. Allen, Brownlow, and Mrs. N. L. Fox and Miss Opal Nickels as guests.

Miss Robena Formby, a student of Tech, was home visiting her parents, Mr. and Mrs. M. C. Formby, over the week-end.

Mr. and Mrs. O. Z. Owens spent the Thanksgiving holidays in East Texas.

The friends of A. A. Foster were grieved to hear of his accident while dressing a hog last Tuesday afternoon. The hog fell, knocking a knife into his wrist, severing an artery.

Mr. and Mrs. J. E. Potest of Baileyboro spent the week-end with their daughters, Mrs. L. K. Bass and Mrs. Ressel Jones.

Ruth Ward, daughter of Mr. and Mrs. Irvin Ward, was home Sunday. Ruth works in Lubbock.

A number from McAdoo were present at the football game played between Lubbock and Amarillo last Thursday.

Mr. and Mrs. Glen Branaman were the guests of Elder and Mrs. Branaman and children last Friday evening.

Brother Frank Beauchamp and family were the guests of Brother Dennison and family of Matador last Tuesday.

Mrs. Florence Edwards returned to her home at Delwin Thursday after spending the week with her daughter, Mrs. L. E. Bass and family.

The W. M. U. of the local Baptist church met last Monday for their regular meeting. There was a large attendance of members all of whom enjoyed the program. In the business session, the women voted to buy a carpet for the church aisle before they dedicate their church. The women also announced that their quilt they have been working on for the past few weeks is finished and will be on display down town soon.

Mr. and Mrs. Wofford of Olton and Miss Agnes Cooper of Lockney came through McAdoo last Wednesday on their way to Dallas to attend the State Teachers meeting and see the T.C.U.-S.M.U. football game. They will visit relatives while there. Mrs. Wofford is a daughter of Mrs. Sparkman of this community.

Mrs. W. Buckner underwent a tonsillitis operation last Saturday and is getting along fine now. She was able to return to her home here Sunday.

Mr. and Mrs. Albert Richards and family of Afton visited Mrs. Richards' parents, Mr. and Mrs. L. E. Bass, last week.

Mr. and Mrs. John Wooley have announced the arrival of a little daughter, born last Wednesday. Both mother and child are getting along fine.

Mr. and Mrs. Johnnie Parker of this community were present at a family reunion given at the home of Mrs. Parker's brother and parents, Mr. and Mrs. Calvin Franks and Mr. and Mrs. J. G. Franks, of Paducah. All of the family had not been together for some time but they were all present on this day.

Home Demonstration Council Elects Officers

Mrs. Murray Lea, Jr., was elected by the County Home Demonstration Council to serve as Council Chairman for another year at the annual election meeting held Saturday in the office of the Home Demonstration Agent. Other officers elected for 1939 were Mrs. Clark Forbis, Afton, as vice-chairman, and Mrs. Fred Arrington, Dickens, as secretary-treasurer.

These officers will assume their duties in the Council at the first meeting in January, 1939. Chairmen of committees will be appointed after the first of the year, when the new Council memberships known.

Mrs. Murray Lea, who served as Council Chairman for the past year, has also been Farm Food Supply demonstrator of her club for two years. Mrs. Clark Forbis, of Afton, is an active member of the Afton club and she and Mr. Forbis, for the past two years, have been Whole Farm demonstrators for Precinct 2.

Mrs. Fred Arrington, Dickens, has been a member of the Council for two years, and has been outstanding in the county in her Yard Improvement work.

Did Credit For Season

The Spur Bulldogs closed their 1938 season in football by winning over the Floydada Whirlwinds Thanksgiving Day. While they closed third on the list, no one can truthfully say that the Bulldogs have not had a commendable year. They played clean football during the season which is far better than winning by unfair means. The Bulldogs deserved and they had the backing of the entire community. They departed themselves in a worthy manner, and while they did not win District honors this year, they gave the winners a run for their money. They played the hard-hitting teams, and their technique in the Class A game with Sweetwater brought many compliments from the fans at that game. There continues to be a good number of the present team left in school for next year, and with the training the subs have had this year, Spur will be able to present a good line-up for 1939 season. Let's stay behind the Bulldogs and make Spur a winning team in 1939.

Demonstration Council Reports On Tours Made

One of the interesting reports to the Council Saturday in the office of the Home Demonstration Agent was on the tours which had been held in the clubs during November.

"I wish every club member in the county could have made the tour in the Dickens Club," said Mrs. Ben Overstreet, President of the Club, in her report. "We visited three co-operators who had made outstanding improvements in their kitchens, besides our demonstrator, Mrs. Pat Murphy. Then we stopped at Mrs. Fred Arrington's to look at her landscaped yard, and found a good farm garden growing with young greens, lettuce, and radishes. We wound up at Mrs. Murray Lea's, where she showed us her new pantry which is organized and labeled.

"The windbreak at the Lea's was pointed out with pride, since it has grown so much since being planted in the spring."

Mrs. T. C. Sandlin, president of the Espuela Club, told of their club visit to the home of Mrs. F. B. Crockett, Kitchen demonstrator in that community.

"Mrs. Crockett has her kitchen arranged so that she has an orderly preparation center, a convenient cooking center, and cleaning-up center with a sink and running water, and a dining place in the kitchen for family meals."

The Soldier Mound club made a tour to the home of Mrs. Elma Woods, Kitchen demonstrator, and Mrs. Ollie Hindman, Farm Food Supply demonstrator, and could point with pride to the accomplishments of the two, according to Mrs. Floyd Barnett, president.

"Mrs. Woods' kitchen is a fine example of what you can have by starting at the bottom and working up. Now she has an attractive, convenient kitchen at an amazingly low cost."

All visitors interested in club work are welcome to view these kitchens and pantries this month.

Mr. and Mrs. Ty Allen attended the S. M. U.—T. C. U. football game in Dallas, Saturday.

Will have a car of Oklahoma Lump Coal on track Friday and Saturday. \$9.00 per ton.

Patton Springs School News

Teachers Use Thanksgiving Holidays The Patton Springs School Board allowed Thanksgiving Day and the Friday following for holidays so the teachers of the school could attend the Texas State Teachers Association at Dallas. A majority of the teachers attended, and report a profitable trip. Attendance upon the sectional meetings has caused a great deal of stimulation along the lines of reading, physical education, supervision, curriculum, etc. Advanced methods of teaching the grammar school subjects will be regarded carefully for the purpose of applying the practical things to our own methods. Members of the attending delegation watched carefully the actions and deliberations of the House of Delegates. This careful scrutiny was caused by the seven proposals handed down by the Legislative Committee, which if passed in their present form would affect many of our rural schools greatly. The House of Delegates voted to accept the proposals, with the provision that the incoming Legislative Committee and Association Officials study the proposals further, through suggestions from the field, before presenting the matters to the Legislature.

Band

The Patton Springs Band, under the able leadership of Paul W. Pattillo, is making rapid progress. Eighteen instruments have been purchased and a number of students are asking Santa Claus to think about bringing them a band instrument for Christmas. I think Santa has promised a sufficient number that the total instruments in the band will climb close to two dozen by the time the New Year starts. The parents of the band members and the community as a whole are really manifesting enthusiasm and interest in this organization. Band practice has been announced for Tuesday and Thursday nights, in addition to the time spent in school.

Senior Class Plans School Annual

The Senior Class of Patton Springs High School is making serious plans to publish, as a class project, a year-book or annual this year. It is hoped that much good will come therefrom. A full corps of student officials, under the leadership of faculty advisors, will develop and present 100 copies, for purchase at a nominal cost, to the student body of the school. No student can afford to miss having one of these "Memory Books" in his or her home. The years will pass by, and everyone who possesses one of the annuals will cherish it more and more as time passes, for it will bring back happy High School days.

Baby Grand Opera and Operetta

All Patrons, parents, and friends of the Patton Springs School are asked to mark carefully and keep open the night of December 8th. Everyone in the District, adjoining districts or more distant districts are urged to come this night to see the Patton Springs Grammar School students present two Baby Grand Operas and one Operetta. SPUR CITIZEN—

(Continued From Page One) adequately present the needs of the college to them. In addition to all, he has the confidence of everybody concerned and his vision of a broad educational field for the school will never be questioned. He will secure cooperation in every respect.

Mr. Jones came to Spur in 1911 as assistant manager for the interests of S. M. Swenson and Sons. He became manager for their Spur interests in 1913 and has ably conducted the business since. He was called upon to serve as administrator for the Public Works Administration for three states and he proved his ability as an organizer and administrator in a big way. He has been president and on the boards of directors of different firms, which if named, would make a long list.

Any position that Mr. Jones has held never placed him above his friends. He has always been willing to greet and shake hands with people in all ranks of life if they held an honest motive in the avocation. The friend in overalls receives his recognition with the same cordiality as the one dressed in broadcloth. Becoming president of Texas Technological College to him, will be just opening up a new field of service to him for his fellowman. His present hat will still be large enough, as he is already capable of taking care of the duties of the position.

The only hope is that he will continue to look upon Spur as his home, and will be willing to continue to be counted our most outstanding citizen.

UNEXPECTED DECISION—

(Continued From Page One) ruled that said portion of the gate receipts should be placed in escrow in a bank to be divided equally between Lockney and Flomot after Lockney plays the game.

According to the interscholastic League regulations there is no football district committee at this time. The rules provide that the District championship team shall be certified to by the District Committee by the first Saturday after Thanksgiving, which was last Saturday. Lockney had received that certificate signed by the District Committee. The rule further states that after the certification of the district championship team the "functions of the Committee shall cease. The Committee had completed their work and according to the rule their duties for this year's football games had been completed. It seems the decision of the Committee pro tempore is too late.

P. W. A. Acting Slowly About School Building

At this date the Spur School Board has received no encouragement for a grant of funds toward the erection of a new school building, although they have had in an application for some time. Spur School District voted bonds to take care of their part of the erection of a new building which is badly needed at this time.

Supt. Thomas wrote a letter this week to the Assistant Administrator at Washington outlining the very great need of action on the part of the PWA in cooperating with the Spur School Board in securing this new building. Mr. Thomas outlined that Spur schools encountered quite a loss in building funds as the result of a bank failure and the unfavorable condition of the country has kept us from pulling out of that condition.

Mr. Thomas pointed that "it is not our intention to criticize the policies of the Public Works Administration,

but we can't help but notice many places in good financial condition and with fair buildings receiving allotments when our school has such a deplorable condition and receiving no allotment. We have not been financially able to send a representative to Washington to plead our cause."

Mr. Thomas explained further that the building we are using at this time was erected in 1911 and since that time has been partially destroyed by fire on two different occasions and should have been entirely newly built instead of having been repaired. Mr. Thomas further explained that the laws of Texas prevents any school from voting bonds in excess of seven per cent of the property valuations of the district, and for that reason Spur cannot vote more bonds than are now voted.

It appears that local authority is doing everything possible to obtain the PWA grant. However, the main reason is that the PWA has about gone its limit and there seems not to be enough funds available to take care of petitions which are before the administration.

"Too Hot To Handle"

Clark Gable and Myrna Loy as daredevils under fire, provide thrills, romance and action-packed drama in "Too Hot to Handle," story of the daring feats of newsreel cameramen, which comes to the Palace Theatre Special Preview Saturday mid-night and Sunday and Monday.

Action gets off to a flying start in Shanghai. War, aviation thrills, the quest of a lost aviator amid savage tribes in South American wilds, the trackup of Miss Loy's plane, are among the rapid fire details of the new picture.

The story shows Gable and his

rivals ferreting out "scoops" in the Orient, ranging from bombings to the "Chinese Big Apple." Miss Loy starts on a mercy flight. Gable, in quest of a "scoop," manages to involve her in a plane wreck. There is a hoax accusation and love dawns amid a melee of excitement.

Lawrence Stallings author of "What Price Glory" and "The Big Parade," and John Lee Mahin did a clever job of scripting from the original story by Len Hammond. Walter Pidgeon plays Bill Dennis, Gable's principal rival; Walter Con-

nolly is Gabby McArthur, Gable's boss; Leo Carrillo has the comedy role of Joselito. Also in the cast are Johnny Hines, Virginia Weidler, Betty Ross Clarke, Henry Kolker, Willie Fung and Patsy O'Connor.

Highlights include Miss Loy's plane crash; Gable filming newsreel amid a rain of bombs, the trek into the South American jungles, filmed on location and actual savage tribes, the filming of a fog bound liner on fire from the air, daring aerial tricks in gliders, and the aerial rescue of the jungle imprisoned flyer.

Conservation Committee Urges Farmers To Vote

The Texas Agricultural Conservation Committee in monthly session last week urged every cotton producer to exercise his voting right—whether for or against cotton marketing quotas—in the South-wide referendum December 10.

George Slaughter, State Chairman, said acreage allotments are pouring out as fast as possible and that he expects every farmer to receive his acreage allotment before time to vote. "The 1939 program is coming out on time," Slaughter asserted.

"Naturally we feel the control exercised by marketing quotas would increase the effectiveness of the 1939 program. Marketing quotas, and the 3 cents a pound penalty for exceeding them, is the farmers' legal device to check overproduction and whittle down the price-depressing cotton surplus.

"However, the program would continue, on a voluntary reduction basis, without marketing quotas. But a cotton loan in 1939 will be available only if marketing quotas are in effect. Quotas are regarded as security against such a loan.

"It's a question for the farmer himself to decide. The ballot will be secret. And we certainly hope every farmer, regardless of his sentiment will vote."

Dick Davis, of Duncan, Oklahoma, was in Spur Friday greeting friends and looking after business affairs. He spent several days visiting with Mr. and Mrs. C. D. Bird, of Matador.

Railroad Rates Detriment To West Texas

Discrimination against West Texas by the present freight rate structure is penalizing this area \$100,000,000 annually, charges the WTCC traffic board in an exhaustive analysis of the freight rate question just released.

West Texas with the greatest wealth of natural resources of any similar area in the nation, is paying higher freight rates than any other section, comparisons of the five major railroad regions of the United States made in the WTCC report show.

Freight rates in West Texas are 72 per cent greater than in the Ohio-Indiana, or Official Territory, which is the lowest-rate zone in the nation. First-class rate in Official Territory for 500-mile hauls is \$1.22 per 100 pounds as compared with \$2.26 per 100 for equal haul in extreme West Texas or Differential Territory, the report says.

West Texas' rates are higher in spite of the fact that statistics are presented in the report to show that expense of transportation is 17 per cent less in this zone than in any other region.

Nothing short of a legislative mandamus to the Interstate Commerce Commission will remedy the situation, the report states. The WTCC traffic board recommends that the regional organization and its 191 affiliates in 132 counties champion an amendment to the Interstate Commerce Act which will "definitely instruct the Interstate Commerce Commission to revise the intra-territorial freight rate structure so as to bring the rates closer together in both level and scheme, said level not to exceed a maximum of 5 per cent as between any of the regions of the country, and to revise and blend the inter-territorial rates with the intra-territorial structures."

Many of the rules and regulations governing rate-making and some of the rate zones had their origin in former days even before the establishment of the ICC and enactment of the Interstate Commerce Act. "In view of greatly changed conditions as to development, density or traffic and transportation, the board feels that the time has now arrived when there should be a complete overhauling and revision of all freight rate making policies and practices," the report states.

While rail carriers have statistics

to show that average rates for the country as a whole have decreased, figure show that West Texas rates have steadily increased during the last two decades, the report continues. Examples of these increases include: Maximum rate of 15c per 100 pounds on West Texas wheat in 1911 is compared with 35c in October, 1938, an increase of 133 per cent; rate on fat cattle from nine West Texas towns to Fort Worth was 20¢ in 1914 as compared with 30.8¢ at present, an increase of 50 per cent; any quantity cotton rate, excluding compressing and handling charges, was around 39c per 100 in 1914 from nine principal West Texas shipping points as compared with 52c at present, an increase of 36 per cent.

Tables showing increases in first-class rates are given in the report. From 1914 to the present, these rates between eleven West Texas town and Houston increased an average of 130 per cent, the report states.

These increases in freight rates were made during a period when production of some commodities was increasing more than 1,000 per cent and when population of many West Texas cities was increasing more than 1,000 per cent and when population of many West Texas cities was increasing more than 500 per cent, the report points out.

From these studies, the traffic committee concludes: "That West Texas when judged by population and quantity of production, has the nation's highest freight rate level; that its rates have been increasing while others have decreased; that others can ship into this territory at lower rates than shippers living in this territory, and that expense of operating transportation facilities in West Texas appears to be lower even than in Official Territory."

The board states that its approach to the problem is not one of fighting the railroads or of depriving them of needed revenues, but is one of "equalizing these revenue payments as between the various sections of the United States to the end that one group of producers and consumers will not pay more proportionately to these revenues than another group of producers and consumers."

H. S. Hilburn, Plainview, WTCC president, says the report is accurate and conservative and is vital to the welfare and development of West Texas. The freight rate report represents one of the greatest pieces of pioneer, constructive work ever undertaken for West Texas, he declared in urging full cooperation with

the WTCC in this movement by every town in the territory.

The analysis and report was assembled and prepared by D. A. Brandeen, Abilene, WTCC manager, and E. R. Tanner, El Paso, WTCC traffic manager. It was approved and submitted to the WTCC directors by the WTCC traffic board and a directors' traffic committee. Members of the board are B. Reagan, Big Spring, Chairman; Jay Taylor, Amarillo; Joe Kerr, Sanderson; S. A. Wells, Lubbock; and J. M. Willson, Floydada. Members of the committee are A. F. Ashford, San Angelo; J. J. Gallaher, Graham; Courtney Hunt, Haskell; H. A. Walker, Sweetwater; B. P. Bludworth, Brownwood; J. C. Smyth, Snyder and Van Zandt Jarvis, Fort Worth.

"They Say"

That old lady, they say,
Is a big old liar.
If you don't think she is,
Why you just try her.
She says Bro. Jones just won't do
And he tells lots of things
That are not true,
And goes down town
A many a night
And does lots of things
That's a holy fright.

Now those three boys, they say,
Is a gang of toughs,
And when you class 'em up
They are among the roughs.
Their names are Bill
And Jim and Pat;
They stole Bro. Smith's
New Sunday hat, and melons
And chickens, this an dthat,
And knocked Bro. Smith as
Blind as a bat.

Now that old man, they say,
Is a mean old cuss,
And almost always
Is in a fuss.
He and his wife don't get along
He swears she is always wrong.
He won't even let those boys
Try to sing a song or play.
Now, I don't know exactly,
But that's what "They say".

Spur Bulldogs End Successful Season By Defeating Floydada Whirlwinds, 12-0

115 Yards Gained Passing	67
4 out 14 Passes Completed	5 out 13

An all-senior team of Spur Bulldogs broke a home field jinx of the Floydada Whirlwinds Thanksgiving Day to win the season's final game, 12 to 0. A two-touchdown lead run up in the second quarter was never threatened by the Whirlwinds.

Billie Sparks, one of Wadzeck's choice mail carriers, dashed seven yards on a reverse, to score the first counter early in the second quarter. Haralson's attempt at extra point was blocked. As the first half waned, Haralson uncorked a 30 yard pass to Culbert, who was stopped on the 20-yard line. On the next play, Haralson scampered the remaining distance for a second score. His conversion attempt was low.

Following the opening kickoff, Spur marched for four straight first downs and penetrated the 20-yard line before losing the ball on downs. Morrison and Hurst were picking their holes and knifing through nicely. Floydada could not dent the local's defense and were content to punt it out with Haralson.

With the second quarter came the Spur scores and until the half it was the Bulldogs whole show. Haralson

and Hurst, playing heads up ball in their final appearance for Spur High, alternated in carrying to the 7-yard line, from there Sparks caught the Green and White napping and dashed over, untouched. Haralson scored again this quarter with a twenty-yard dash around left end.

The third quarter was all Spur despite a determined Floydada defense. The Spurs drove to the 15-yard stripe only to bog down in sight of another counter. After an exchange of punts, Spur again threatened but was denied as Culbert dropped a pass in the clear on the goal-line. Daniels, a substitute back for the Whirlwinds picked up several first downs for the Floydada machine in this period.

The fourth quarter was rough with Floydada drawing several long penalty setbacks. Spur, desperately trying for another score, unleashed their passing attack that has been dead since the game with Lubbock "B." One toss was for 40 yards to Hurst, who was hauled down by the safety man. Another heave to Sparks was good for 15 yards. The game ended with Spur pushing slowly toward Floydada's goal line as they were content to go on the defense.

It was a grand finale for Ousley, Sparks, Culbert, P. Powell, York, Haralson, C. Hurst, A. Hurst, and Bell, who have served the 1938 ball club well throughout a hard season.

These players, with Wilhoit and Murphy, have completed eligibility with the Bulldogs and will be hard to replace next season. Morrison, senior fullback, and Garner, blocking demon, have next year's season to play. Bingham, tackle, and Smart, center, both lettermen, have more eligibility.

The lineups: (Spur) Culbert, P. Powell, ends; York, Bingham, tackles; Ousley, A. Hurst, guards; Bell, center; Haralson, quarter; Sparks, C. Hurst, halfbacks; Morrison, fullback. Substitutes: Smart, center; J. Powell, tackle; Garner, halfback.

(Floydada) McClure, Tyler, ends; Jarboe, Willson, tackles; Martin, Henson, guards; Montgomery, center; Beard, quarterback; Patterson, Gilightly, halfbacks; Foster, fullback. Substitutions: Pitts, halfback; Daniels, back; Fickas, guard; Burgett, end; Crawford, halfback.

Officials: Hilliard (Plainview), referee; McKinney, head linesman; and Pool (Plainview) field judge.

IN MEMORY OF MOTHER

Mother has gone, her pain is no more, She has gained entrance in at the door, Where there is no pain nor sorrow, Where peace and joy reign forevermore.

In Mother's life here were many sorrows, Her health was taken from her, But her faith in God did not waver, As she waited for that call from the Heavenly Father.

Mother's voice we will hear no more, Her spirit has flown, But Jesus has made her an angel, Now Jesus claims her as his own.

But, we as her children, and her helpmates, Our Father, cannot grieve for her; For we too, if washed in the blood, Of Jesus, are part of that throng that, Will gather on the Judgement Morning,

So sing the song of glory and praises, Around the great white throne.

The above is in memory of my mother, Mrs. J. Z. Smith, a pioneer citizen, who passed away September 17, 1932, and was written through inspiration by her eldest daughter, —Mrs. Jessie McClain.

It's Time To Welcome Xmas

It's Time to welcome Christmas now, Off to the woods for wintry vines, And patterned fir and frosty pine, For logs to make the broad hearth shine;

Stout oak and hickory dry and hale, To send a glow across the snow, The light of Christmas shall not fail.

Under the old and arching skies Clear carols call by street and hill, The stars that saw the Great Star rise Are shining still.

In all the long years come what will, There's nothing new, nothing strange; In one old night of song and light, The heart of Christmas cannot change.
