SPUR CIVIC CLUB NEWS NOTES

EDITORS' NOTE: The following News Notes are contributed weekly by the Spur Civic Club.

First we desire to correct an error that appeared in this column last week. For some unknown reason some of our largest financial supporters, active members were omitted in this column, same being the Spur Security Bank, S. M. Swenson & Sons, S. W. Bell Telephone Co., Citizens Gin & Power Co., The West Texas Gin Co., and the Swift Gin Co. We only trust these individual members will not think this was intentional as same was only an oversight.

—Boosting For Co-Operation—

We are very happy to report this week some new members to our Club which includes Heston-Kimble Grocery Co., and Burton Funeral Home. Mr. and Mrs. L. T. Burton and Mr. and Mrs. O. M. Phipps of Marietta, Okla., have moved into our town after purchasing the McClanahan Funeral Home. We are happy to have these new citizens. Mr. Burton immediately dropped into the office and made it known that he was a part of Spur and wished to become a member of our Civic Club. Mr. Burton, that is the Spur spirit and we have lots of other fellows just like you. That is what makes Spur a good town and a good place to live. We are glad to have you.

—Boosting For Co-Operation

The Spur Civic Club associated with the Spur Round-Up Association, purchased for this town an unusually outstanding Sound System for the use of this community and through the services of Milam's 5c to \$1.00 Store this system was purchased at a great saving to the community. This system retails for \$240.00 but was sold to the Clubs through this store at wholesale prices which I am sure will be appreciated by each and every member of the Clubs.

—Boosting For Co-Operation

This week the Club has almost gone Rodeo as it is joining the Round-Up Association in making our trip to Matador an overwhelming success. Mr. M. H. Costolow, T. E. Milam, A. C. Hull, and O. B. Ratliff have charge of the Matador Booster Trip for Friday, May 17th. Please get in touch with either of these committee-men, familiarize yourself with the situation and let's all go to Matador. Don't expect your committee-man to contact you, but contact them. You know the old slogan "Everybody works—don't wait."

—Boosting For Co-Operation

With our rush Rodeo Week we are deferring our Civic Club meeting as referred to last week until next week. Let's go to Matador this week—we'll attend to business next week.

(Bull) Martin Elected V.-Pres.

Everett (Bull) Martin, a student at the New Mexico State Normal College, was elected at a recent election of the student body of the college as vice president of the Student Council for the remainder of the school year. This will entitle Everett to be president of the Student Council for the next school term.

Besides being elected as vice-president of the student council Everett was elected Vice-President of the Alpha Chapter Kappa Theta Fraternity, which is a great organization.

Everett has been given the name of Bull by his fellow school mates and has become quite popular with the entire student body of the college. Besides his activities with the student council and in the fraternity, he is the only freshman in the college that played on the regular football squad this year, making a good showing in each game that he played.

Spur Round-Up Association Chairmen Met Monday Night To Discuss Rodeo

VALEDICTORIAN

Billie Powell, son of J. Vernon Powell, who is the valedictorian of the Class of 1940, Spur High School. Billie has a very commendable record as a student in school both at Highway and Spur. His entire school average for the four years is 94.87, a grade any young man should be proud of. During his entire school career he was absent only three days, these being at the time of the death of his mother. Billie stated that he should make good in his work as a due respect to his mother who took so much interest in him and his school work.

He will become a student at the Texas Technological College at Lubbock in September where he will begin work with a view of completing a course in medicine. He says he will have to work hard but that is the best plan by which success in life is made.

Let's Go To Matador Friday

Dress Up Your Car—Dress Up Yourself and let's all go to Matador Friday, June 17, and give our neighbors a boost. Plans are being completed for a large delegation to leave Spur Friday morning at nine o'clock to attend the opening of the Matador Rodeo.

Matador Boosters Here Friday Rodeo Begins 17th

A long line of automobile with boosters from Matador visited Spur last Friday in the interest of the Matador Round-Up and Rodeo which opens Friday morning of this week. The Matador people are very enthusiastic about their rodeo, and there is one thing people may take for granted—whatever Matador starts, they make a success of it.

The congenial hustling Bob Robison of Bob's Oil Well fame, was in charge of the cavalcade, and their street performance was very fine. They carried their own loud speaking system and everybody could hear every announcement made. Riley Rigsby's Rhythem Runners furnished the music which consisted of early day ballads and old-time ho-down selections.

Mr. Robison extended a very cordial invitation to people of the Spur country to be present at Matador's rodeo Friday and Saturday, May 17-18. There is quite a delegation of Spur people going to Matador Friday morning to be at the rodeo.

WHOOPEE-E-E-E

Everyone is urged to get the old spirit and start playing Cowboy Friday with a bang and as time goes on increase the bang!

Red Cross Calls For War Aid

O. L. Kelley, chairman of the Dickens County Chapter of the American Red Cross, has just received a telegram from the National headquarters requesting the Dickens County chapter to mobilize its workers and put on a drive to secure funds for war relief. The funds are to be used in Belgium, Holland and other places where relief may be needed. Germany, Russia and Japan have instructed the American Red Cross that they need no help in those countries.

Contributions will be accepted at once by any of the following, Byron Haney of Afton; Fred Arrington of Dickens; Robert Nichols of McAdoo; George S. Link, Sr., M. C. Golding, O. C. Arthur, Spencer Campbell and Clyde Walthall of Spur.

The quota set by the National head of Dickens County chapter is Three Hundred Dollars. Contributions of any amount, whether large or small, will be accepted and accurate records kept of same.

It will be remembered that the American Red Cross spent in Dickens County in one year more than Fifteen Thousand Dollars. It will also be remembered that this happening has not been so many years back and we can never tell just when such needed assistance will be needed again. It is hoped that Dickens County citizens have not forgotten this assistance and will do their part in helping others that are in need as bad or worse than Dickens County was when they were helped just a few years ago.

Rev. R. C. Brown Will Give Baccalaureate

The processional and the recessional will be played at the piano by Jean Engleman.

Mr. and Mrs. W. R. Terry of Rule, were guests of friends in Spur Sunday.

Chief Baldwin Parker and 20 Comanches arrived this morning to attend the celebration and take part in the 2-day program.

Golfing Interest Is Growing

If you have not become a member of the Spur Golf Club, you are missing a lot of fun, real pleasure and association with friends. Many of our citizens are making some very good records and are having great times.

All persons playing are requested to place your score card in the iron box where it can be secured. The committee needs these score cards in their work. A new tournament is coming up and players must be matched, and the score cards are the greatest means of securing fair matches.

The following persons have played the past week and have made the score opposite their names on 9-hole play:

- W. T. Andrews—39.
- Harvey Holly—40.
- L. E. Lee—36.
- Bill Simpson—40.
- O. C. Thomas—35.
- W. R. Cantrell—34.
- C. E. Fisher—39.

- T. C. Ensey—41.

- W. D. Starcher—45.

The tournament committee would like to have your best 9-hole score each week. Have it in the iron box by Tuesday afternoon.

FROM FRIEND TO FRIEND NONA

I count that investment most profitable which pays me in dividends of friendship. Money and position and power are all valuable and may be of great service, but none of these yields so great a rate percent of happiness as my investment in human kindness and human service out of which grow human friendship.

To The Voters Of Dickens County:

I am asking you to honor me with the pleasure of being your next County Judge. I have lived and worked with you many years and have tried to do my part in being a citizen and helping build Dickens County to what it is today. During the 35 years I have been in West Texas, I have seen many changes, and I have tried to be progressive with these changes.

As a newspaper publisher, I have had a fine opportunity to keep in touch with all phases of government. I have never attended a school of law, but while teaching, I read a course in common law which is a very good basis for both civil and criminal laws. While taking a course in business administration I studied business and commercial law, and I believe my twenty years of business experience should be worth something in dealing with the duties of the office, since most of the business of the County is done through the County Judge's office.

This is my first experience in (Continued On Page Eight)

Letter To Editor

(Editor's Note: The following letter was received from Yorkshire, England. The writer is a niece of Mr. and Mrs. W. D. Starcher, who was married to an Englishman about a year ago and moved to England to make her home.)

April 10, 1940.

Dearest Family:

After such a long silence on my part, you probably feel that I've completely forgotten you but the truth is that I've wanted to "hold out" until I could tell you the full story of our good news. You remembered that I mentioned previously a possible change—it has now happened!

Two weeks ago I was quite busy one night writing letters when a faint door-bell tinkle sounded. When I opened the door to my utter amazement, there stood Robert! I could hardly believe my own eyes! He has been recalled from France by the War Department for reasons as yet unknown to us.

We have all sorts of theories, but until the letter of further instructions arrives, we are still not sure exactly what his future position will be. We are hopeful that he will be allowed to take up some position here.

Since this awful new step in Norway and Denmark on the part of Germany, it is more difficult than ever to attempt to guess just how Robert will be affected.

I don't think that I've ever been more depressed over anything than I was over the news yesterday of this new breach of civilization of Germany.

My own personal feelings towards the American neutrality is too confused to be considered as sane thinking.

Naturally, as an American, I have no desire to see America declare war, but as a British subject, I feel as if I could hope as heartily as many Britishers that America would wake up to the fact that a speedy end to this war is as necessary to the American interests as it is to Britain and France.

If Hitler follows his plans "to the letter," he will have conquered the Allies as well as the rest

of Europe by 1948—according to a recently published map.

Of course, we all know that even though Americans very loudly proclaim, "Keep Out of War" that if the Allies appear to be losing ground in order to preserve their own freedom in the future, America will come in on our side.

Somehow I find myself remembering Sept. '38, when I had just returned from England, how deeply sympathetic we were as we listened breathlessly to the radio reports from Berlin, London, and Paris with all these poor Europeans who were ready to plunge themselves into war.

Now that I am in the business I find an entirely different feeling.

We all know that eventually sity. At first I felt as if the war in no way affected me—but since this awful Denmark-Norway business, I realize more clearly than ever that no nation on earth is safe from the brute force and criminal mentality of the Germans.

We all know that eventually Hitler will meet his "Waterloo" but how many lives will be lost and how many innocent nations will lose their freedom before such a time comes is not even to be guessed at.

Of course, we, who are the real wagers-of-war—the Allies and Germany—have not suffered so much in our countries as have the Poles, Finns, and now the Danes and Norwegians.

It is so incredible to me that today Robert and I did 18 holes of golf. (Robert playing and I dodging balls and acting as part-time caddy) as if nothing was happening the outside world.

The thing that just burns me up most is the German propaganda that gets in the American papers—I don't know when I've ever enjoyed the Reporter (Abilene) more than I do at this time. In many ways I feel as if I can tell just how the country thinks by reading the editorials.

The nicest thing, however, is to run across some tit-bit which says that Williams has won another debate. It gives me such a peaceful feeling to know that you really are at peace and don't have the feeling that the midnight news may tell you that Herr Hitler has gobbled up some other country.

My personal feeling is that Italy will soon attack Jugo-Slavia

or Rumania—Why? This sort of an attack has no reason. One just attacks and seeks a reason later.

I was so distressed to hear of Dr Sandefer's death. I am sending Mrs. Sandefer a small note even if it is at such a late date.

As yet, we still don't know what Robert will do, but the glorious thing to me is that at last I'm beginning to feel as if I'm really married by having him here.

I haven't had a letter from home in ages, but I know you all have been as busy as I have and I always feel that everything is O. K. as long as I have no mail.

At last real leaves are on the lilac bush in the garden, and though it is still as cold as it is in winter there, we all breathe in the air and proclaim it simply wonderful.

Even I am becoming a hardened Bhitisher and quite enjoy these walks in Derbyshire on the moors. I can tell you for certain that this whole business is a magnificent experience.

As soon as I know what our next move is I'll let you know.

Love,

DADIE.

Midway News

Rev. Joshua Stephens of Plainview, filled his regular appointment here at the Baptist Church, Sunday morning, May 12. A splendid Mother's Day message, appropriate for the occasion, was delivered.

The subject of the Sunday school lesson was "Through Doubt to Faith." Bible material: The Book of Habakkuk. Golden text: "The just shall live by his faith," Habakkuk 2:4. We need to realize that faith is the victory which overcomes the world. Prayer and communion with God enables us to have more faith when confronted with the temptations of this world.

A devotional program "Christ Came to See and to Save the Lost," was discussed in the various training union classes Sunday night. We should not be discouraged when seeking to win the lost, for Jesus was the model soul winner, yet He could not win all whom He sought. "To the weak became I as weak, that I might gain the weak. I am made all things to all men, that I might by all means save some." I Cor. 9:22.

Following the BTU lesson Sunday night a Mother's Day program was beautifully rendered with Miss Freddie Middlebrooks having charge of the program.

BTU Social

Miss Mable Blakley, group captain of group No. 2, assisted by her members, entertained group No. 1, of the training union class with a lovely social in the home of her parents, Mr. and Mrs. Johnnie Blakley, Saturday night, May 11, at 8:00 p. m.

Many delightful games were played until a late hour and refreshments of ice cream and cake were served to the following:

Misses Edna Futch, Dorothy Faubis, Phyllis Wiley, Unell, Faye, Freddie and Norma Middlebrooks, Maxine Slayden; Messers Raymond Futch, Curtis Dale Noland, Claude Faubis, Morris Hicks; Mr. and Mrs. J. E. Whittington and son, Mr. and Mrs. J. T. Campbell and daughter, Glenda Fern; Mr. and Mrs. Geo. Hicks and son, Kenneth; Mr. and Mrs. L. L. Slayden, Mr. and Mrs. Johnnie Blakley and daughter, Doris Dell; Miss Mae Blakley and Miss Mable Blakley, the hostess.

WMS Meets

The Woman's Missionary Society met at the church Monday afternoon at 2 o'clock. The house was called to order by the president, Mrs. J. T. Campbell. The hymn for the year, "How Firm a Foundation" was sang, with Mrs. W. F. Ragland Jr., leading the song. The WMU watchword, "Be Ye Steadfast Unmovable, Always Abounding in the Work of the Lord" was repeated in unison. A short talk on Personal Service was given by Mrs. L. L. Slayden, local personal service chairman. A prayer, by the president followed, and the Bible study chairman, Mrs. Johnny Blakley, had charge of the Bible study, using the book of Genesis. Bible To Be Taught In Spur Schools

Through a recent conference with the school authorities and a subsequent regular meeting of the ministers' organization, the Ministers' Alliance of Spur, received a letter from the School Board, unanimously endorsing the movement of the Alliance for the teaching of Bible in the high school for the year, beginning September, 1940. That this subject shall be taught for credit, one half credit in the Old Testament and one half credit in the New Testament, is in the mind of the writer a great step forward for the true betterment of this community.

For more than four decades religious leaders of all great Protestant bodies have been working at the task of having their children taught in the secondary schools the greatest text book known to man. There is something in the Constitution of the United States to prevent the historical, literary, and moral values of this study. For some unknown reason Texas is the 43rd state to provide this privilege, lagging far behind the great procession of other states. Never has it been desired that this subject be taught from a sectarian standpoint.

is selected to teach the Old Testament half unit and the Rev. Wendell Burba, also of this city, has been chosen to teach the New Testament one half unit. While these men do not know that the writer is writing this article it is nothing but right that these two fine men should be paid for their services, just as any other teacher in the high school is paid for theirs. That they should have together 85 class meetings, of not less than 45 minutes each, represents a stupendous task. To make this wholly possible for all time in the future the writer firmly believes that these men and every man that succeeds them in the task should be paid. The school authorities are forbidden by law to pay anything towards their salaries, nor are they permitted to furnish extra supplies such as maps and texts. As for one who desires that his children should receive this great privilege the writer will gladly contribute to a fund to this great cause. If interested, please communicate with the undersigned at once. REV. JOHN C. RAMSEY.

EAST CIRCLE HAS A HAPPY SURPRISE

The East Circle of the Baptist WMU met in the home of Mrs. T. J. Seal, and had a delightful surprise Monday evening at their regular meeting when they were permitted to hear a Mother's Day and a Father's Day address delivered by the Rev. W. C. Bennett, pastor of the First Baptist Church, Mansfield, La., on the victrola. Mrs. T. J. Seal and Mrs. Hi Berry made the arrangement with Rev. and Mrs. W. B. Bennett, who had received the gift from their son who wished to honor his parents in this unique but delightful way, and every woman present who listened to the eloquent words of this loyal son to his mother, felt that the address was not meant alone for his own mother, but for all other mothers also. The record produced a Mother's Day address on one side, a Father's Day address on the other. We wish that all fathers could have heard it for truly it was a tender, loyal and eloquent tribute to his father.

The parents are happy and encouraged over the thoughtful, sacrificial efforts of their Preacher-Boy, and his mother said, "I feel amply repaid for all the suffering and sacrifice that I ever endured for my children, and if we had never done anything else but rear a son like him, our life would have been well spent. But all our children are Christians, and each of them honored me on my Day of days, in the best way that they could, "and their father also." The East Circle extends their thanks and appreciation to Mrs. Seal and Mrs. Berry for their thoughtful arrangement in giving them such a splendid treat. —Reporter.

Mr. and Mrs. W. P. Nugent returned last week from a visit to South Texas. Their son, John Nugent and wife, accompanied them on the trip, furnishing everything as a Mother's Day appreciation. Mr. Nugent stated they enjoyed a great time.

Church of Christ Evangelist Returns In July

Mr. Fred McClung, evangelist of the Church of Christ, will return to Spur the first two weeks in July to hold another revival meeting.

Mr. McClung for some years has done exceptionally good local work in large cities including Fort Worth. He recently accepted the work at Waco. His many years of experience have particularly fitted him for evangelistic work.

During the revival held last winter Mr. McClung preached so plainly and Christ-like that many erring Christians were reclaimed from the world and several additions to the body of Christ were made. The public benefitted from the sermons although the weather was so disagreeable that many were prevented from visiting.

As the result of many requests Mr. McClung is returning at time when everyone who desires may hear his unusual soul stirring messages. Everyone is invited to make plans to enjoy this revival with the Church of Christ at Spur, Texas, July 7 to 14, inclusive. J. H. MILES.

Ernest Hale, who spent a month in the new Veterans Hospital at Amarillo undergoing an operation and taking a rest cure, was able to return home last week. He is able to be out and meet his many friends all of whom are glad to see him.

Patton Sp's Coach Goes To Ropesville

Robin J. Clack, Head Coach for the past two years of the Patton Springs High School, Afton, Texas, was recently elected to fill the same position in the Ropesville High School, Hockley County, for the school term of 1940-41. The new position will be a combination of Head Coach of High School Athletics and Grammar School Principal. Mr. Clack will spend the summer in school, preparing himself for the added responsibilities of principal. He will secure his administrative certificate during the vacation time.

Coach Clack has made an enviable record in the coaching field while at the Patton Springs High School. Very few first and second year coaches have been able

to set or keep his pace. His football and basketball teams have played 52 games in the past two years—28 were won, 21 were lost, and 3 were tied. His football teams were able to hold their own in games, but they won no championships. His basketball teams have won the Dickens County championships for the past two years and were able to well represent the County in the District Meet at Lubbock. His track teams have been able to win the Class B Division at the Dickens County track meet both years.

This past year, Coach Clack served as Athletic Director of the Dickens County Interscholastic League organization. This experience has done much to add to his strength as an organizer and leader.

Mr. Clack has a B.A. degree from Hardin-Simmons University, Abilene, Texas, with a major in history and a minor in Physical Education. While in college, he served as Assistant Physical Education Director and also directed all intra-mural sports in the school.

Patton Springs School has a full-time Physical Education program for all grammar and high school pupils. Mr. Clack ably organized the boys' program and assisted in the full completion of the two year set up.

Patton Springs Field Trip Successful

The Patton Springs Commercial Club field trip of 800 miles lasted four days and was a complete success. In spite of a little rain and a few flats everything was perfect.

Of all the places visited Montgomery Ward & Co. treated us best, with a fish banquet, at which all the officials of the 1500 employees ate with us.

Other places visited in Fort Worth were Armour & Co., Forrest Park Botanical Gardens, Texas Wesleyan College, T. C. U., Taystee Bakery, Ft. Worth Fire Dept., Casino Park, Lake Worth; WBAP and the down town business section of Fort Worth. Our lodging was furnished free in Fort Worth and we had a beautiful cabin on Lake Worth. Here we spent two nights and coked our meals on a fire place.

We were in Dallas Saturday and went through the Federal Reserve Bank. Here we handled a \$100,000 bill and saw several million dollars in coin and currency. The place was guarded with machine guns and tear gas and guards at every door; so no one came out with any samples. Of all places visited this was, perhaps, the most interesting because there was so much money laying around like cotton seed at a gin.

We made a walking tour of down-town Dallas and ate lunch at Grants, visited many stores. Our next visit was a modern broom factory office and then on top of the highest building in Dallas, which was 470 feet above the street. Other places visited in Dallas were the Texas Hall of State, Aquarium, Museum of Natural History, and Lake Dallas and Texas' largest fish hatchery.

We were in Denton at 6 o'clock. We had tickets to a college stage and picture show. One of our group, Oletha Cates, sang a song on Floyd Graham's Stage Band. She was one of three out of 75 desiring to sing at this occasion. She sang before a crowd of about 2,000 and made a big hit. We visited NTSC and TSCW in Denton and members seemed impressed with the various activities going on at the two schools. Both schools had dances and many uniforms from A&M could be seen on the TSCW campus. These schools are the two largest of their kind in the world.

We left Denton Sunday for Ardmore, Okla. Stopped in Gainesville to meet the Gainesville Community Circus but it rained us out. In Gainesville some of the group witnessed a little boy drown in the creek that runs through the Gainesville City Park. We went into Oklahoma but on account of the rain changed our route by Wichita Falls instead of Ardmore, Oklahoma.

Our trip cost us about \$65.00 for all expenses. The members were consistently complimented by officials and friends on their good conduct and enthusiasm. We feel that great knowledge and pleasure was received from the trip, well worth our time, trouble and expense. Those making the trip were:

Mrs. Leon Lawson, Mrs. Brize, Dumont Bridge, Tommie Bridge, Marie Hill, Florine Sedgwick, Elda Havins, Ma Mae Hodgins, Oletha Cates, Melba Starrett, Cleona Choate, Josephine Johnson, Maxine Slayden, Elsie Lee, R. B. Thannisch, Dolly Jo Thannisch, A. J. Paul, Jr., and sponsor, Chester Sullivan.

FHA Builds Many Homes Over U. S.

Residential subdivisions inspected and analyzed by the Federal Housing Administration's Land Planning Division last year contained enough home building sites

for a city of 1,132,000 population covering an aggregate area of 132 square miles, Director Seward H. Mott announced today.

Mr. Mott pointed out that in aggregate area covered and population provided for, the subdivisions analyzed by the division in 1939 would rank as the sixth largest city of the United States. Ac-

ording to 1930 census figures, only New York, Chicago, Philadelphia, Detroit, and Los Angeles had populations larger than 1,132,000 while only Los Angeles, New York, Atlanta, New Orleans, and Detroit covered areas in excess of 132 square miles.

This hypothetical city of FHA-planned subdivisions would be unique in many basic respects, Mr. Mott observed.

"Every home would be a livable and soundly constructed house, harmonizing in design and price range with neighboring homes," he asserted. "Every home would be situated in a congenial neighborhood with paved streets and the essential utilities; would be readily accessible to schools, churches, shops, and amusement centers; would be free from special hazards and nuisances; and would be protected thru adequate restrictions against future encroachment of undesirable influences."

During 1939, the volume of work handled by the Land Planning Division in encouraging the development of better residential neighborhoods increased by 260 percent over 1938, Mr. Mott said. This sharp expansion has continued during 1940 with the division's activities in the first quarter having increased more than 25 percent over the corresponding period of 1939, he disclosed.

The sharp pick-up in home building currently points toward further expansion in planning activities during the second quarter, he added.

Mr. Mott said that the activities of the Land Planning Division now afford an accurate barometer of subdivision development activity since few subdivisions are offered to the public today without the cooperation of the FHA in planning or perfecting them.

While some opposition was encountered when the FHA first offered its land planning services, developers and municipalities soon found that sensible land planning pays, Mr. Mott declared. "It pays the city in permanent enhancement of its taxable property," he said. "It pays the developer in dollars and cents. It pays the home buyer in increased protection for his investment and in many other ways."

The widespread acceptance of the FHA program by the home-buying public has made it virtually mandatory for subdivisions to be eligible for FHA-insured financing, Mr. Mott explained. Furthermore, FHA land planning recommendations generally result in increased salability for subdivision home-building sites as well as frequently permitting a larger number of salable lots within any one subdivision, he said.

In subdivision analysis, it is first determined whether there is an economic demand in the particular locality of the type of house proposed. The Land Planning Division then determines whether the subdivision meets the FHA's minimum location requirements. Finally, the proposed layout of the tract is studied. If the developer's layout follows the old "grid" pattern of parallel straight streets, the division will probably recommend an alternative plan conforming to the natural contours of the topography, inducing through traffic to flow around the subdivision, and setting off the development as a distinct and distinctive community—whether the proposed house price of the homes is to be \$10,000 or \$2,500.

The scrubby mesquite cluttering Texas from the Panhandle to the Gulf provides excellent ornamental building wood, according to J. Frank Dobie, University of Texas author and English professor. Colors are yellow and red, the latter "as beautiful when polished as the richest mahogany."

Junior-Senior Banquet A Large Affair

The Junior-Senior Banquet which was held at the Spur Inn last Friday evening was one of the outstanding social features of the year. The large dining room at the Spur Inn was beautifully decorated representing a large garden. The theme of the evening was an "Old Fashioned Garden" carried out in the program. The 67 juniors were hosts to the 58 seniors, the members of the High School faculty and their wives, the members of the School Board and their wives and a few special friends. A three course luncheon was served.

OF ONE CLAUDIUS STEINBERG
Far in the lonely desert, beneath the African moon,
A mighty Roman soldier patrolled a lonely dune.
He cast his eagle eye around, the sand he surveyed;
While on his passive, massive brain emptiness only weighed.
Oh, somewhere there is laughter, somewhere gloaming's gloam,
Yet he must stay and guard this far flung post of Rome
Gather round me brothers and let us shed a tear
For this Roman soldier, who ain't no longer here.

"Why," I hear a voice, "Waste good verse on this dope who's been dead three thousand years, and was probably a blot on the landscape then."
Ya got me there, pal, ya got me.

Methodist Church Notes

A meeting was held Friday night in the Baptist Church to discuss plans for re-building the Methodist church that was struck by lightning and destroyed by fire, May 6th.

The Methodist people met for church services with the Baptist people Sunday. The Methodist pastor, Rev. J. B. Baker, delivered the sermon.

Methodist services will be held in the school auditorium for now until the church is re-built. Due to the large crowd of both Methodist and Baptist people the congregation was too large for both churches to meet in the Baptist church, according to announcements. The Methodists appreciate very much the courtesy and kindness shown from both Baptist and Christian Churches since the fire.

You have completed a work well done. Reflections of your character and ability, developed through the four years just past will show in your qualifications for years in the future. May they be successful years! May your standing be that of a leader.

It is well to remember, also, that to be a leader one must first show the character and qualifications, which are reflected in the men he selects, develops and gathers around him. Your class mates will go their way into the world, but it is they who will remember as the truly loyal and efficient friends.

May you always live on the sunny side of the street, with much to be thankful for, and many friends to be thankful with.

I have been associated with different interests, such as farming, merchandising, etc., to appreciate that the best service secured for the least money is very essential in the business of our county. The office is a public trust of the people and should be treated as such, and I assure you that if you elect me your County Judge that it shall be a pleasure to discuss any matters relating to the conduct of the county's business. I shall try to be an observing, diligent and efficient servant of the people. Both Said It Was Not Right

Bill Simpson and Elvis Holly played a game of golf against Neal Chastain and Harvey Holly recently and were loser in a very rare condition. Simpson and Holly both made good drives from No. 1 tee and both holed out for birdies. Yet, they lost a point to their opponents.

Chastain holed out for par, but Harvey Holly drove the 300 yards and was on the green in one. He sunk for an eagle, giving him and Chastain low point, and they halved for totals.

Simpson and Elvis Holly griped about luck, but rules are rules and they had to bear with the results.

Wiley Pool Stark Chosen In Contest

Wiley Pool Stark, 11 grade student of the Patton Springs School, was chosen Saturday as one of the winners from State Supervisory District No. 3 in the Know Texas Contest sponsored by the Dallas Morning News and the Texas Almanac.

The award will be a 2,000 mile all-expense educational tour of Texas that will take the children from Dallas to sea level, to 7,000 feet at McDonald observatory, from the piney woods to the semi-arid regions, and into Mexico.

Winners of the school-on-wheels tour are 44 school children from twenty-three of the twenty-four supervisory districts, there being no contest winners in district 23. District 21 and 19 have only one winner each as the awards were divided between salary aid and non-salary schools and Guide Booklets were entered in only one classification.

Wiley did a very fine job in answering questions about Texas, by the use of the Texas Almanac, and is the only student in this part of the country to win in the contest. Wiley is making preparations to be in Dallas ready to start on the trip June 10.

New Goodyear Tire Announced By Local Dealer

Important to the owners of not-so-new automobiles, who may be thinking about new tires to insure themselves trouble-free Memorial Day week-end holiday trips, is announcement by Allen Auto Supply, local Goodyear dealer, of the company's new All-American tire, priced within the reach of 70 per cent of the majority market of users.

In discussing the tire, Mr. Allen said, "It's full-size and bears a life-time guarantee without time or mileage limitations. These are the sizes: 6.00-16, 5.25-17-5.50-17, and 4.74-19-5.00-19, so you can see that it is tailor-made to fit a lot of cars now operating for several years.

"We are mighty pleased to have it, completing the Goodyear line we handle and enabling us to fill anybody's car or truck tire needs, no matter in what price class he wants to buy or what his driving demands may be."

Smart in appearance, the new All-American has the same high-carbon, high-tensile steelwire for beads as is used in all Goodyear passenger car tires. It's body is made with low-stretch Supertrist

Former Congressman A. F. Lever of South Carolina, co-author of the Smith-Lever Act which authorizes creation of the Extension Service of the U. S. Dept. of Agriculture, died in Columbia, S. C., the last week in April.

cord, which has even higher tensile strength than did quality tires of two years ago, Mr. Allen pointed out. In addition, there is a double cord breaker of high tensile strength to give greater protection against bruises.

Tread compounds are of time-tested reputation, providing long time abrasion resistance, while the tread design is new and known as multiple-rib, assuring long, even wear, easy steering and side slip protection.

At the same time every possible economy has been effected in manufacture without sacrificing essential safety factors, summarized Mr. Allen, so the tire should prove popular with people who want the product of a recognized manufacturer at lowest possible initial cost.
