BIG PROGRAM PLANNED FOR XMAS

Farmers To Vote On Program December 7

All farmers who produced cotton in 1940 are eligible to vote in the December 7 referendum to determine if cotton marketing quotas will be in effect on the 1941 crop.

Under the Agricultural Adjustment Act of 1938, marketing quotas are applicable to all cotton except that with a staple length of 1 1-2 inches or more.

The County AAA Committee will be in charge of all arrangements for the referendum in the county, and the voting will be carried out as in any other election.

The county committee will designate the voting place in each community and see that a ballot box is provided at the polling places.

The question to be decided December 7 is whether marketing quotas will be used in connection with the 1941 cotton crops.

He urges Dickens County farmers to consider the quota provisions and the present cotton situation closely and to vote their own convictions.

Voting booths in Dickens County will be located at the following places:

- Spur—Directors Room at the Bank.
Dickens—County Courthouse.
Duck Creek—Duck Creek School House.
Croton—The Community House.
Afton—Patton Springs School House.
McAdoo—McAdoo Mercantile Store.
Glenn—Dobkins Gin Office.
Cumont—Jones Grocery Store.

Whirlwinds Twist Victory From Bulldogs

The Floydada Whirlwinds scored an easy victory over the Spur Bulldogs last Thursday.

The score was 19 to 0. It was the annual Thanksgiving game which is played with the Floydada team each year.

Several of Spur boys completed their career in high school football with that game. These were: Captain Elbert Garner, Nolas Byrd, Ross Culbert, Lester Ball, Stephen Barclay, Jack Powell, Billy Youakum, Noel Delisle, Clinton Sannamaker, Co-Captain Harold McClain, Clyde Whitford, and Orville Finley.

Members of the squad who will be in school next year are: Wilburn Ball, Alfred Elkins, Rawleigh Acock, W. B. Steele, Joe Ericson, Buster Smith, Cotton Stanley, Eldon Hines, Lynn Hahn, Leon Hale, Eldon Reynolds.

Coach Duckworth stated there was a very nice crowd of people at the game Thursday.

Spur finishes the season in 4th place in District 4-A. Paducah is first, Matador second; Floydada, third. The game between Lockney and Ralls has not been played yet, and it will depend on the results of that game as to how those two teams will place.

Dickens County now has another full fledged, authorized troop of Boy Scouts of America.

Virgil Murray, of Troop 36 of Spur, was in charge of the investiture service. He was assisted by six other Scouts of Troop 36, and those Scouts gave a very impressive ceremony.

The following named boys were accorded the rank of Tenderfoot Scouts: Doyle Aiken, Pat Copeland, Dale Allison and Eugene Walthall of Troop 36 of Spur; Carlton Dodson, Bill Pat Winkler, Ira Edwards, Billy Overstreet, Lloyd Holly, Elbert Hash, Cecil Meadors, Jr., R. C. Littlefield, Kenneth Street, and C. L. Elmore, all of Dickens Troop, No. 117.

The above list includes 14 new boys who have just taken their first steps in Boy Scout work. There were a number from Afton Troop who received promotions, but we failed to get their list of names.

There will be another court of honor due in January. This court of honor will be called by the District Committee upon recommendations of the chairman of the various troop committees. Success of Red Drive Commended By Governor

The following telegram was received a few days ago by Clyde Walthall, Roll Call Chairman, Dickens County Chapter, American Red Cross, from Governor W. Lee O'Daniel:

"Your Chapter's success in present Red Cross Roll Call will be definite contribution to National Defense, and will reflect our National solidarity in this crucial period. A great active membership in Texas is essential. Please carry on until the membership invitation in Red Cross is extended to every adult citizen."

This instantly emphasizes the great importance of every citizen, poor and rich, obscure and prominent, at least joining the great Red Cross organization. Every effort being made to step up this drive. There are still large numbers of people who have taken little or no interest, and thru neglect or unintentional oversight been omitted in the canvass. It is hoped that these people will either see Clyde Walthall at Safeway Store, Spur, or someone of the many workers in the county immediately.

O. L. Kelley, Superintendent of Schools for the County of Dickens, stated that this November's Roll Call has been the best ever. Mr. Kelley until very recently has been the Chairman of the Chapter, and has always been an enthusiastic supporter of the Red Cross. His fine opinion is most gratefully received. But since the national emergency is so great, nothing should stop us from measuring up to it as never before, and every effort should be made to eclipse the previous record. Therefore, please subscribe TODAY.

MAKING READY TO START THE LUNCH ROOM

Miss Edwina Cearley, lunch room supervisor for schools, is in our city making arrangements to start the school lunch room again. This work had to be suspended last year on account of the building program and having no place to carry it on. This year the rooms in the Junior High School which were formerly used by the Home-making Department are being arranged for this work. The pupils at East Ward will be transported by school buses to the lunch room. The food for the Negro school will be prepared at the lunch room and then taken to that school to be served to those pupils. All pupils in the schools will have access to hot lunches. A very small charge will be made to those pupils whose parents are able to pay for lunches. Those certified to by the County Welfare Association will receive free lunches at noon.

The Government is furnishing quite a list of surplus commodities for this work. The City Utilities are furnishing the light and electrical heat, and it affords the people a great opportunity to render a community service at a very small cost. The lunch room is being sponsored by the Parent-Teacher organizations of the town. The advantages gained by furnishing the children hot lunches will be remarkable. No child can do their best work with a short lunch or even a cold lunch.

Surplus commodities now available are: Cabbage, onions, raw apples, dried peaches, prunes, raisins, white flour, graham flour, corn meal, corn grits, wheat cereals, smoked bacon, lard and evaporated milk.

Parents will have the opportunity to trade certain foods to get hot lunches for their children. Take this matter up with the lunch room supervisor.

The government is furnishing all of the help in this work and the expense to the school system and Parent-Teacher organizations will be comparatively small.

Union Services Great Success Sunday Night

The Thanksgiving services in which the Methodist, Presbyterian, First Christian and the Baptist churches participated Sunday night, proved to be very fine. Rev. R. C. Brown, of the First Christian Church, acted as master of ceremonies in the absence of Rev. C. R. Joyner of the Baptist Church. J. L. Sechrist was in charge of the song services.

The President's Proclamation, declaring a day of Thanksgiving was read by Mayor F. W. Jennings. Rev. H. L. Thurston, of the Methodist Church, read the scriptures. George S. Link made the announcements and a contribution was taken for the purpose of buying maps, charts, and other equipment for the Class in Bible at the Spur High School.

Rev. John C. Ramsay, pastor of the Presbyterian Church, delivered the sermon for the evening. Mr. Ramsay made his message strictly along the line of Thanksgiving stating that people often forgot the purpose for which the day is intended. He said the day was started by the Pilgrim fathers in gratitude for a great deliverance from

suffering and hard times. He enumerated a number of reasons why the people of the United States should be thankful. He stated that for some reason God had seen fit to keep us out of the great world turmoil, and that we should be especially thankful for the great blessing of peace.

He stated that this great country—America—was founded upon the basis of peace and religious liberty. He stated that the people who settled Jamestown were seeking peace and liberty, the Pilgrims at Plymouth and the Puritans at Boston settled there because they wanted peace and an opportunity to worship God as they saw best. He mentioned others who came to this country and started colonies, and said that all of these colonies were started through the teachings of the Bible. When America fails to recognize God and the teachings of His book, then we are straying away from the principles upon which our country was founded and from those principles upon which our government was established, he said.

Even though the weather was inclement, yet there was a very nice congregation present for the services.

D. J. Harkey, our hustling abstractor, came over from the capital Saturday to look after business.

President Urges Fight To Curb Tuberculosis

In organizing the best possible defense, the American people should make provision to fight tuberculosis. President Roosevelt said recently in endorsing the annual Christmas Seal Campaign of the National Tuberculosis Association.

In military preparedness, President Roosevelt said tuberculosis, a communicable disease which kills more persons between the ages of 15 and 45 than any other disease, might interfere with mustering the best possible manpower.

"The National Tuberculosis Association and its allied state and local organizations can render services of inestimable value to public health officials throughout the country in handling the problem of tuberculosis as it is discussed from the physical examinations of recruits," said President Roosevelt. "Therefore, the 34th annual nationwide Christmas Seal sale of the tuberculosis association takes on added significance this year. It should receive more than ever before the fullest possible support of all of the people of our country."

"From now until Christmas Day we as individuals, by generous purchase of the Seals, can do our part to help the tuberculosis associations free us from the deadly menace of this communicable disease. We know from past experience that our dollars will be well spent in behalf of the public good."

Mrs. F. T. Maxwell and daughters, Pauline, Winnie and Bettye Jane, and son Ted; and Mrs. Clarence Norwood and daughter, Bettye Anne, all of San Angelo, were here the last of the week visiting in the homes of Mr. and Mrs. John King and Mr. and Mrs. O. A. White. Mrs. Maxwell and Mrs. Norwood are sisters to Mrs. White and Mr. King.

W. W. Pickens and family, northeast of town, were in Saturday doing some trading and enjoying friends.

IN THE LIGHT OF THE CROSS

By J. H. Miles

MULTUM IN PARVO

Some preachers manipulate the people; others teach them.

Brass is a poor substitute for brains, but, if polished, it is more shiny.

Some preachers tell the people something; others just preach.

Some men use the church to further their own interests; others use themselves for the glory of the church.

We may become so busy trying to build up the Lord's church that we forget he has any right or authority in it.

A sermon should be well proportioned; its length should correspond with its width and breadth. Some sermons are long at fifteen minutes.

Everyone should want to go to church and go.

God has the right to rule and direct all persons and all things for his own interests and purposes; all must serve him or be brought to ruin. He is able to direct and control them so as to bring about his desires and purposes. None need gainsay or oppose; none in heaven or on earth "can stay his hand, or say unto him, What doest thou?" (Dan. 4:35). "For he is the living God, and steadfast forever, and his kingdom that which shall not be destroyed; and his dominion shall be even unto the end." (Dan. 6:25). "His kingdom is an everlasting kingdom, and all dominions shall serve and obey him." (Dan. 7:27). Whosoever sets himself against God must be brought to ruin.

"THE QUITTER" (Selected) It's easy to cry when you're beaten and die,

It's easy to crawl and scurry; But to fight and fight when hope's out of sight— Why, that's the best game of them all.

And though you come out of each gruelling bout All broken and beaten and scarred— Just have one more try. It's dead easy to die;

It's the keeping on living that's hard. —Selected.

"CRUELTY TO CHILDREN" "An old lady in Vermont was much concerned by the contents of a letter she had received from her sister in Boston. "Listen to this, Henry," she said to her husband, as she proceeded to read from the letter. "I call it nothing short of cruelty."

"Why what is the trouble?" asked Henry.

"In this letter," resumed the old lady, "Abigail tells me she gets help in raising her children from a mother's club. I do believe in a slipper sometimes, and a good birchin' don't do a child any harm, but I never in all my life used a club on any of my offspring!" (Selected)

FORMER ATHEIST CONTINUES TO SPEAK AT THE ASSEMBLY OF GOD CHURCH

"I was glad when they said unto me, let us go unto the house of the Lord."

The last weeks services were devoted to prophetic messages of the word of God, and were educational, enlightening, encouraging, and uplifting, as the evangelist described the present existing condition of the world, and above all, sane and scriptural. The attendance was well evanged.

Sunday night Evangelist Laleff will relate his thrilling life story, "From Atheism To Christ." He is said to be a miracle of God's amazing grace—spiritually, intellectually, and physically speaking.

There will be other special messages every night throughout the week. There will also be an all-day service Thursday, November 28, beginning at 10 a. m.

Some Rather Astonishing Figures

It is very interesting an dyet appalling, to note the difference in production and prices of farm commodities and those of other commodities handled by big corporations of the country.

If you will consider ten very important agricultural products or products of the farm and the range, you will observe some very striking facts. Take the condition for the three year period 1929 to 1932 on the following farm products and see if these statistics mean anything.

For that period of time the production of corn and livestock, corn, cotton, cottonseed oil, flour, lard, oats, rubber, tobacco, and wheat, the rate of production fell off only nine-tenths of one per cent. Yet the market price on these ten commodities decreased 60.7 per cent. Farmers went on producing their products when the price was less than half of what it had been formerly.

Now let's consider ten other products not produced by the farmers. Aluminum, automobiles, brick, brimstone, cement, cultivators, freight rates, iron ore, plate glass and steel. None of these are produced by farmers, but they are produced by other industries.

During the three years stated above the production of these articles fell off 70.6 per cent. The price fell off only 5.2 per cent. The industries which produced these articles cut down their production and controlled it and held their prices practically to a standard.

Possibly there were a couple of thousand of the industries who controlled the production of the last named ten articles. The farming class are numbered by millions. However, cooperation in the matter of production of farm products might be a great thing for the millions of farmers. It was a helpful thing to those industries which produced the last named list of the articles above.

Misses Tommie Bridge of C. I. A., and Misses Ruby Lee and Maxine Slayden of N. T. S. T. C. of Denton spent the Thanksgiving holiday days with their parents here.

More CCC Boys Needed From Dickens County

The County Welfare office reports that a number of boys from Dickens County are wanted for CCC camps. These boys do not necessarily need to have dependents at home to be cared for. Any boy of good character, desire of employment, a willingness to learn and of age 17 years to 23 1-3 years is eligible to make application.

The CCC camps offer instruction and training in gasoline engines, automotive equipment, telephone line construction, roads and bridge construction, radio, signal communications, photography, and many other industrial lines. Applications for enrollment in the program should be made at once with the County Welfare Worker. Ask for information when you make application.

Mr. and Mrs. T. G. Rankin Celebrate Golden Wedding

Sunday, Nov. 24, 1940, Mr. and Mrs. T. G. Rankin celebrated their fifty years of wedded life.

Mattie Jane Elizabeth Wilson was born on a plantation in Charlotte, N. C., on Nov. 14, 1866. In her home all the family clothing also that of their slaves were spun and woven and made by fingers. Home made candles furnished their lights. She came to Texas at the age of 13. Moving on to the Indian territory in Oklahoma where in her early twenties taught in the Indian school. She moved back to Buffalo, Texas, where she met and married Thaddeus Gay Rankin in a formal home wedding. Rites were performed by a local priest and a wedding supper was served to more than a hundred guests.

Mrs. T. G. Rankin was born in Dickens County, Texas, Nov. 23, 1868.

Mr. and Mrs. T. G. Rankin moved to Crosby County, Nov. 4 1913. Mrs. Richard Self made the three tiered wedding cake which was the centered of the loaded dinner table. Lovely gifts were brought by those present and many sent by those unable to attend, hindered by heavy rain.

All children were home for the occasion, including Mrs. H. N. Springer of Brownfield, L. L. Rankin of Post, Ida Rucker of Abilene and Melvin Rankin who lives on the farm, Mrs. B. Hendrex of Knox City, a grand daughter, Frankie Shoemaker of Brownfield, a great grand daughter, were present along with other grand children.

A number of friends enjoyed the day and wishing them many more happy years.

APPRECIATION

We wish to take this opportunity to thank each and every one that brought and sent such lovely gifts on our Golden Wedding Day. Words fail us in expression to children, grand-children, great-grand-children and friends. May God bless each of you.

Mr. and Mrs. T. G. Rankin.

First Drafttees Leave For Training

The first call for boys to go into training claimed two from Dickens County. These were Robert Cecil Green and Kirby Vernon White who left Saturday for training camp. Both of these young men had registered as was required and then volunteered into training service. These two volunteers made up the quota for Dickens County including those who had formerly volunteered, and not a single registrant has so far been called into service.

A very impressive ceremony was carried out at Dickens Saturday morning from 9:15 o'clock until 10:15 o'clock when both young men boarded the bus for Lubbock. There they will join others going into training and base to some training camp in Texas.

The program was opened with the song "America," followed by the invocation given by Rev. R. C. Brown, chairman of the County Draft Board. Bro. Brown also was master of ceremonies during the program. Judge Marshall Formby made a very impressive address, pointing out the privileges the American people enjoy under our present system of government. He stated that in the United States is the only country today where people have the right and privilege to express themselves openly in regard to any subject. He said it is the only country at present where the newspapers may give their opinions in an editorial manner relative to any question of state. He stated it is the only country where people may go and come as they desire, to belong to any political party they wish, to join any church of their choice and to vote in any election as they please.

The Patton Springs school band played a number of selections. At the close of the program the band played the National Anthem while the congregation stood at attention. Then Mr. Brown asked the boys to stand and gave them their last instructions and administered them to feel proud that they were going into the service of the greatest country on earth.

The District Court room was filled with friends and World War veterans who went there to pay their respect to the boys who left.
