Announcements About Commencement Exercises

The present term of Spur schools is rapidly coming to a close and arrangements for the various commencement exercises are being made. The following make up the calendar of events.

Friday night, May 23, the East Ward pupils will give their operetta and hold their promotion exercises. This program will be in the high school auditorium at eight o'clock.

Sunday, May 25, the commencement sermon will be in the high school auditorium, the exercises starting at 8 o'clock in the evening. Rev. John C. Ramsay, pastor of the first Presbyterian Church, will bring the message.

Monday night, May 26, the grammar school will hold graduation exercises. There is a large class going from the grammar school department. Speaker has not been selected yet.

Tuesday night, May 27, the high school commencement exercises will be at the high school auditorium. There are about 55 in the class. Speaker will be announced later.

Wednesday, May 28, will be the last day of school. Pupils will assemble at ten o'clock that morning to receive their reports. Superintendent Thomas and the school principals will be there to give pupils their final classification for work next year.

Wednesday night, May 28, will be the commencement exercises for the Haynes High School (colored). There are four graduates in that school, two young ladies and two young men who will go out in life to take their part as citizens and carry their share of the responsibilities of life.

That will close one of the most successful years of school in the history of Spur. This has been the result of the cooperation of parents, pupils and teachers, all working to keep Spur schools on a high lane.

Concert by High School Choral Club

The Spur High School Choral Club will give a concert in the high school auditorium Thursday night, May 15, at eight o'clock. The first part of the program will be a group of songs as follows:

O Savior of the World, by Peans, Mighty Lak' a Rose, by Nevin, Kentucky Babe by Geibel, Smilin' Through by Penn, Springtime by Wooler,

The last part of the program will be an operetta entitled "Marge Goes Modern," and characterizes students at the Bower's Institute of Art. The following are the cast: Margie—Bertie Belle Glenn, Sophia—Bonnie Doyle Turpen, Janis—Johnny Phillips, Helen—Volma Nell Glenn, Madame Raphael, instructor of art—Nona Craol Smith, Trustees of the school—Anne Thurston Margie Nell Russell and Genellie Clinkscales.

People have a cordial invitation to be present at this recital.

Masons to Meet Tonight

The regular meeting of the Spur Lodge, No. 1023, A. F. & A. M. will be held in the Masonic Hall tonight (Thursday) at eight o'clock. It is the hope that as many members as possible will be present. All Masonic visitors have a welcome.

The Worshipful Master.

Will Close Store at 6:30 P. M.

The local Safeway Store announces that, beginning next Monday, May 12, the store will close each evening at 6:30 o'clock except Saturdays. Saturday nights the store will close at 9:00 o'clock.

The store will open for business each morning at 7:30 o'clock.

Father-Son Banquet Monday

The members of the Vocational Agricultural Department of Spur High School will enjoy a great time next Monday night. At that time they will have their annual Father-Son banquet. This has been an annual event for several years.

Dean A. H. Leidigh, of Texas Technological College, will be the speaker of the evening.

Regional Library Possibilities

Arthur R. Curry, State Library Supervisor for W. P. A., will speak to a mass meeting of citizens of Dickens, Crosby, Motley, Kent, and King counties at the Spur Theatre Building, Tuesday, May 22, at 8 o'clock P. M.

It is important that the County judges and commissioners of these counties be present, because the operation of the state approved Regional Library, or for that matter a County Library, is under the supervision of the commissioner's courts.

It is also important that every citizen be present who is at all interested in co-ordinating our library resources, energies, and interests in an inclusive program that will help equalize free library opportunities to town and rural people and at the same time give us more books and better service than each county could have working independently.

Each community who can furnish a librarian may have a branch library. This may enable many communities to have a library on this plan who could not otherwise have a library.

Farm Creditor Meeting to Be Held May 14

New importance is being given the Dickens county farm debt adjustment committee, according to FSA supervisor J. Otha Winslar, Jr., who said the group's next meeting will be held Wednesday, May 14, 1941, at the Spur FSA office.

"Farm leaders are giving more and more attention to helping farmers get on a sound financial basis so that a poor year won't deprive the family of the comforts of life," Mr. Winslar said.

The farm debt adjustment committee, which works closely with the Farm Security Administration, assists farmers and their creditors to arrive at a fair agreement that brings the farmer's debts within his ability to pay and at the same time helps creditors to realize as much as possible on the debts.

This service is provided free to any farmer or creditor in the county.

Speer's to Give Prize for Rug

The Speer's 5-Cent to 5-Dollar Store will give a prize for the best rug Thursday, May 15. People who have purchased rug yarn from Speer's and converted it into a rug (one or more) are requested to bring those rugs into that store by Thursday, May 15. For the prettiest rug, color scheme and all considered, Speer's will award a prize, ten skeins of thread and a rug pattern. The only requirement is that the owner of the rug must have bought the yarn from Speer's.

All rugs will be exhibited.

Library Meeting

Big mass meeting night of May 22 at the Spur Theatre building at eight o'clock. You be present and learn about the library.

Do you want more and better books to read. Find out how you can get them at the meeting at the Spur Theatre building Monday night, May 22nd, at eight o'clock.

Your boys and your girls will read books they can obtain easily. A regional library will furnish them the right kind of books. Be at the meeting May 22 at the Spur Theatre building and help us help you get these books.

Choral Club to Abilene Saturday

The Spur High School Choral Club will go to Abilene next Saturday May 10, to attend the Festival of Arts at McMurry College. Twelve of the choral club members will sing in the massed chorus made up of school club members from all parts of West Texas, under the direction of Mrs. Robert T. Wylie, director of Music at McMurry College.

T. E. Williams, district manager for the Safeway Stores with headquarters in Abilene, was in our city Tuesday looking over business conditions.

Spur FFA Take Regional Honors

The Spur chapter of Future Farmers of America won first honors in the area contest of chapter conducting at Lubbock last Saturday. Spur contested against schools in the entire South Plains region. Cotton Center won second place and Sparrenburg was third in honors.

Other teams standing high in the contest were Lorenza, Plains, Post and Dimmitt.

The judges were vocational agricultural teachers in West Texas. They were L. M. Hargraves of Friendship, Hicks of Lamesa and Barber of Floydada.

Spur boys who composed the team were:

President, Boyd Ball, Vice-President, Marvin Blair, Secretary, Troy Boothe, Treasurer, Harland Weaver, Reporter, Homer Ray Smith, Parliamentarian, Jimmie Vernon, Historian, Robert Hahn, Conductors, Jimmie Draper and Bobby Davenport, Green Hands, Lane Ericson and Clarence Ward.

Watch Dog, Warren B. Cooner.

This team won first honors in the District Saturday, April 26, which entitled them to contest at the Area Meet at Lubbock. They went against the best from each district in the area.

The contests included opening and closing the chapter ceremonies, initiation of two Green Hands, twenty minutes drill on parliamentary procedure.

Mr. Hargrove, who has been in the work for several years and who has had a winning team the past four years, stated the Spur team was the best that has ever entered the area contest. The Spur team will enter the state contest at Marshall in July and they stand an excellent opportunity of winning honors here.

Will Give Paint Demonstration

Brazelton Lumber Company will hold a paint demonstration at their office Friday and Saturday of this week. People who have any questions about paints, may get them answered at that time. See their advertisement in this week's issue of the Times and be sure to take in the coupon as it entitles you to a free can of B.P.S. Enamel or Varnish.

Spur Band Leaves Today

Spur School Band, about fifty musicians, will leave for the national band contest at Waco today. They will spend Friday in Waco and will play their selections Friday afternoon at 4:30 o'clock.

The members will go by bus and G. L. Delisle will drive the bus through for them. The West Texas Utilities Company is furnishing a truck to take the instruments and baggage. Mrs. H. E. Speer and Mrs. W. C. Gruben will accompany the band as members from the Band Parent's Association. They will return Saturday.

Rural Electrification Program Advances

The Dickens-Kent-Stonewall counties rural electrification project is in the R. E. A. office at Washington and has been there for two months. The force there notified us that they were highly pleased with our set-up. Ample funds to serve all current needs have been appropriated and will become available July 1. From this it appears that we will have the opportunity to see our area bound together by rural highlines sometime in the late summer or early fall.

At present the power companies are working out their bids to furnish electricity for the project and much interest and concern by these power sources are in evidence.

New sign ups are still coming in. If a person lives along the line that has been officially mapped, he can still sign up on the "A" section. He may sign up with one of the membership solicitors that worked last winter.

PRE-ALLOTMENT MANAGER

George Jordan Injured

George Jordan, of Steel Hill community, was painfully injured in a car accident Monday night. The particulars of the accident are not known, but two cars contacted which caused the accident.

Mr. Jordan received many painful gashes on his left forearm, the muscles being badly cut. He received several bruises and seems to have had a very close call. He was brought to the Nichols Sanitarium where his wounds were dressed and he seems to be getting along very well. He still suffers quite a lot of pain.

Dr. Hardie to Hold Meetings

Doctor James F. Hardie, pastor of Broadway Presbyterian Church, Ft. Worth, and chairman of Home Missions for Fort Worth Presbytery will conduct an Evangelistic meeting at the First Presbyterian Church, Spur, beginning Monday, May 12th and continuing through Thursday, May 22nd. This is the first time since Dr. Hardie left this church around 30 years ago as one of its first pastors to return to Spur. Many changes doubtless will be evident to him. The old timers still remember the witty sparkling preacher who got his remarkable start practicing on Spur Presbyterians.

Since leaving Spur, where he earned his "spurs," Dr. Hardie has been pastor of the First Presbyterian Church, Clifton, Texas, the Second Presbyterian Church, Houston, and pastor of the Second Presbyterian Church Charlotte, N. C., one of the largest churches in the Southern Presbyterian denomination, until called to the growing and influential Broadway Church in Fort Worth. In his gifted leadership he has served on many of the Synod and Assembly Committees of Seminaries, Colleges, and Home Mission projects until today he is perhaps the most influential Presbyterian minister in West Texas.

The public is cordially invited to hear Dr. Hardie as many times as possible. No real member of this church should miss hearing him.

Beginning Monday of this week cottage prayer meetings are scheduled and sponsored by the different organizations of the local church in preparation for the Revival.

Monday by the Woman's Auxiliary, Tuesday by the Deacons at Messieur Henry and Carter Robinson.

Wednesday by the officers and teachers of the Sunday School at Cap McNeill's.

Thursday by the Elders at Seaman Reynolds' and on Friday by the Young People at W. K. Walker's.

One Hundred Reward

There is a hundred dollar reward out for "Old Bill."

It's the old electric bill that is "wanted," according to W. R. Weaver, local manager of the West Texas Utilities, who announced the reward.

Fifty dollars, he said, will be paid for the oldest bill sent in by any customer of the company on or before June 15, and five dollars each for the next 10 oldest. To be eligible for the reward, he explained, all entries must be dated at least 15 years ago, must be for service in the home, and must be accompanied by a 100-word-or-less letter telling something about the lights and appliances used and the cost at the time the bill was paid.

"All present customers are eligible, except employees," Mr. Weaver said. "The old bill may be for service received from the West Texas Utilities or a predecessor in this community."

Purpose of the "reward," he added, is to compare present-day improved service and lower cost with the "good old days" when oil lamps were first being displaced by better light.

Miss Watters to Be Spur's Sponsor

Miss Bobbie Lou Watters has been selected to represent Spur at Floydada in their annual rodeo, and at Post in their annual rodeo. Miss Watters is a representative that anyone in Spur should be proud of, and she will make people know that our little city is on the map.

EAST WARD OPERETTA FRIDAY NIGHT

The Rhythm Band of the East Ward school will give their operetta at the high school auditorium Friday (tomorrow) night. The program will start about eight o'clock. Mrs. E. D. Epleman is the director and Mrs. Carl Patton is the pianist.

The people have a cordial invitation to this program. There will be no admission charge.

Mrs. Sam T. Clemmons and children, of Amarillo, are here visiting her parents, Mr. and Mrs. Ned Hogan and Mrs. Pauline Clemmons and family.

Sale of Defense Stamps and Bonds Started

The sale of defense stamps and bonds has been started in Spur and Postmaster Arthur says a number of people are buying both the stamps and bonds. Stamps are of various denominations, and people who are not able to buy a bond now may buy the stamps until they secure enough to equal a bond and then trade them in for a bond.

Luther Caraway bought the first stamps, starting a savings fund for his little daughter, Nancy. Mr. Caraway is starting now to teach his daughter to start a savings program. H. B. Talbot, local agent for the Stamford & Northwestern Railroad, bought the first defense bond. Several people are in this great defense movement.

Stamps run in price from 25 cents to five dollars. You get an album or booklet and when it is filled with stamps, it can be exchanged for a bond. Bonds range in denomination from \$25.00 up. You spend \$18.75 for a bond and it is worth \$25.00 in ten years, making a compound interest dividend of 2.9 per cent. It is a fine way for people to start a savings account.

All PTA Organizations to Meet Tuesday Night

There will be a joint meeting of all Parent-Teacher organizations in Spur at the high school building next Tuesday night. The meeting will be about eight o'clock and the leader will be Mrs. Charlie Powell.

The theme of the meeting will be "Recreation" and the program will be directed by Miss Marie Simpson, physical education director in Spur High School. The Spur school band will render a number of selections.

Officers for next year will be installed by Mrs. W. R. Weaver, past-president of the Congress of Parents and Teachers of the Fourteenth District of Texas.

A social hour will be enjoyed at the close of the program. The people of the Spur School District should be present at this meeting and visitors have a welcome.

Will Give Program Tonight

A Negro Male Quartette will give a program at the Lakeside Baptist Church tonight under the auspices of the Negro citizens of our community. A special section has been arranged for white people in the church and it is hoped a number of white people will want to hear this quartette. There will be a small admission charge of 15 cents and 25 cents. These are trained voices in the quartette.

They will be at the Lakeside church each night the remainder of this week and will give selections for the American Legion meeting tomorrow (Friday) night.

Spur AG Boys Select Calves for Next Year

The Vocational Agricultural Class of Spur schools are making selection of fine calves for next years project. These calves are to be delivered in early September when they will be put into the feed lots. The agricultural students hope to produce heavier and better calves next year.

So far animals have been selected from the herds of Ernest Goodwin at Jayton, Tom McCullough at Jayton, W. F. Foreman of Spur and O. M. McGinty of Spur. A few more animals are to be selected yet.

Attend Meeting in Austin

High school principal, G. B. Wadzeck, attended the meeting of school principals at Austin last Friday and Saturday. Jack Powell accompanied Mr. Wadzeck and represented Spur schools, Dickens County, District Three and the South Plains region in the State Interscholastic League Meet at Austin. Jack placed seventh in the state.

Mr. Wadzeck stated the main speaker at the state meeting of school principals was Supt. H. C. Proctor of Mission. They returned home Sunday morning.

A Hen for A Year's Subscription

A new experiment—a new way for you to receive the Dickens County Times for a whole year. For one old hen brought to the Times office Saturday, May 17, you may receive the Dickens County Times for a whole year. This applies for either renewals or new subscriptions. The Times would like to establish an "Old Hen Day" whereby people may trade a hen for a full year subscription.

If you prefer to bring two old roosters in lieu of one old hen, that will be agreeable. We want you to bring your chickens in and register at the Times office. This is done for two purposes. One is to let you know your farm poultry is legal tender for a subscription. The other purpose is that we want you to visit our office and let us get better acquainted.

Again, possibly you have a fryer which you want to exchange for a subscription. If your fryer will weigh round two pounds, we will accept the fryer for a full year subscription. Only one two-pound fryer for a good home paper for a whole year. All chickens must be

in a good healthy condition. We hope people will respond to this very liberal offer. All of you have hens that are not producers. These hens are legal tender for a year's subscription. Many have old roosters which you want to get rid of. Bring us two of these and get our paper a whole year. Or, you may have a fryer more than you need. We know we will not make this offer again for at least a year.

We hope we can get at least 500 chickens in for that day. It will be Saturday, May 17, this year. Let's see how we can swap out on this game. We feel we are offering you a bargain which you will appreciate.

Farmers to Vote on Wheat Market Quotas, May 31

The wheat marketing quota, on which farmers will vote May 31, offers a double protection—protection of supplies for the consumer and protection of the market for wheat growers themselves, says E. F. Shugart, Dickens County wheat farmer and members of the County AAA committee.

The marketing quota insures plenty of wheat for every probable demand by consumers in this country and abroad, Shugart said. A quota on wheat may be proclaimed only when the total supply exceeds on a normal year's domestic consumption and exports by more than 35 per cent. With experts practically shut off by military blockade, Shugart reports that there will be almost 2 bushels of wheat on hand for every 1 which is likely to be consumed this year in the United States.

In view of this supply, marketing quotas are necessary to protect the income of all wheat farmers, Mr. Shugart declared. In the last two years, the wheat program, principally the loan, has held the United States wheat prices 30 to 40 cents above the world price. However, on the face of the large supply in prospect for the coming year, the loan needs the added protection of the marketing quota, he said. Because loans on an uncontrolled surplus would involve to much risk, they are prohibited by law when a wheat marketing quota is voted down.

If the quota is approved, farmers will be able to sell without penalty all the wheat they raise on their acreage allotments. The farmer who has seeded within his acre allotment can sell his wheat just as he always has, said Mr. Shugart. He is also eligible for a government loan on all his wheat.

The farmer who overplants his allotment may store the wheat produced in excess of the quota. If he sells or uses it a penalty will be collected. If he stores it, he can get a loan on the excess, but at a lower rate than that available to the cooperator.

Few Seletees Appeal from Draft Boards

With 272,005 Selective Service registrants classified by Texas' 351 local boards as of April 1, on the basis of their availability for military service, only 527 appeals had been made to Selective Service boards of appeal, and only one request for adjudication of decision had been submitted to the President, it was announced by General J. Watt Page, State Director of Selective Service.

"This is a splendid record for our state," General Page declared when making the announcement. He said: "It is a record that speaks highly for the work of the patriotic citizens who are serving without pay as members of Selective Service boards and as examiners and advisors, and also to the credit of our state as a whole. It is more heartening to Americans to know that this spirit of cooperation for National Defense prevails throughout the country, for, according to information from National Headquarters, more than 4,000,000 registrants now have been classified with only a comparatively infinitesimal number of appeals from the decisions of Selective Service boards."

At the same time, General Page said, the Selective Service System is anxious to make certain that all registrants, their dependents and others

interested in their welfare have opportunity to obtain review of any classification they consider unjust.

"There is an obligation," he said, "upon all members of the Selective Service System who come in contact with the registrant to make certain that he understands, not alone that he has the privilege of appeal, but also when he must do it and how he must do it. We cannot afford to permit registrants who want to appeal to lose their opportunity simply because they do not understand the what, when and how of so doing. While we do not want the appeal machinery clogged up with claims of those who merely seek to delay their induction, it is equally important that no registrant be inducted until he has had ample opportunity to exercise all his legal rights."

Any registrant, or his dependents or others interested in his welfare,

Family-Size Farm Ownership Is Aim of F S A Program

Tenant purchase loans, for which applications are now being taken at the Farm Security Administration office, are intended to help worthy tenant farmers to buy family-size farms, according to Joe M. Rose, farmer and chairman of FSA's tenant purchase committee.

Farmers who practice "live-at-home" farming will be first choice for these long-term, low-interest loans. This means that the family that raises most of its food and the livestock and poultry feed on the farm will have the best chance.

The Dickens County tenant purchase committee, of which Mr. Rose is chairman, helps to choose families to whom these loans are made. It also helps to value the farms which they buy.

Families to whom these loans are made pick out the farm they hope to buy and they are not restricted to fully-improved farms. The loan may include funds to build or repair the home, barn, and for other improve-

ments. Other members of the tenant purchase committee are Oscar M. McGinty, Spur, Texas, and David C. McAteer, Spur, Texas. Applications for these loans may be made at the Farm Security office located at Spur, Texas, second floor of the bank building.

Perkins Resignation Is Asked by Legion

The American Legion's National Executive Committee adopted a resolution Friday calling for the resignation of Frances Perkins as Secretary of Labor.

"It is becoming increasingly obvious that there is a growing lack of confidence on the part of the American people in the ability of the present Secretary of Labor to fully exercise the high responsibilities of that office," the resolution said.

"It appears that as long as the present secretary is in office there will continue to be trouble in defense industries. The cause of national unity in national defense will be best served by the tendering and acceptance of the resignation of the present Secretary of Labor."

Earlier the committee adopted a report of the Americanism Committee declaring Dr. Harold O. Rugg's social science textbooks "not suitable for use in our schools since they oppose the American tradition."

J. W. Parr of Girard was in our city Monday looking after business matters. He stated they had enjoyed fine rains in Girard country. Also, he left an order for the Times for a year.

Former Afton Lady Married at Yuma

Sergeant Earl F. Venable and Miss Rosa Lee, accompanied by Sergeant and Mrs. J. W. Jarvis, motored from Riverside, Calif., to Yuma, Arizona and were married in the quiet parlor of Rev. Stillwater, April 27. The bride wore a white chiffon gown made on princess line, trimmed with white silk lace and blue and pink baby rosebuds, with powder blue accessories.

The bride is the daughter of Mr. and Mrs. C. W. Lee, of the Afton community. She is a graduate of the Dickens schools and attended the Spur Business college. She has been employed at Riverside the past fourteen months.

The groom is the son of H. C. Venable, a prominent resident of El Paso. He graduated from the Oklahoma City High School and enlisted in the U. S. army at Fort Sill immediately following his graduation. He has been studying and teaching radio for the past eight years. He is a member of Heavy Bombardment Squadron enlisting at March Field two years ago.

The happy couple are now at home at 3779 Third Street, Riverside, California.

Safest Truck and Bus Drivers to Be Selected

The Texas Motor Transportation Association will again select Texas' Safest Truck and Bus Drivers. Record of drivers will be based on both number of years and number of miles driven without an accident.

The winner in each group will receive a beautiful sunray trophy that will be awarded at the Seventh Annual Convention of the Association to be held in Dallas, May 22, 23 and 24.

L. B. Brown, president of the association, stated that last year the two winners had driven a total of 2,850,000 miles without an accident.

Entries in the contest having a record of five years without an accident will receive certificates of award, Brown stated.

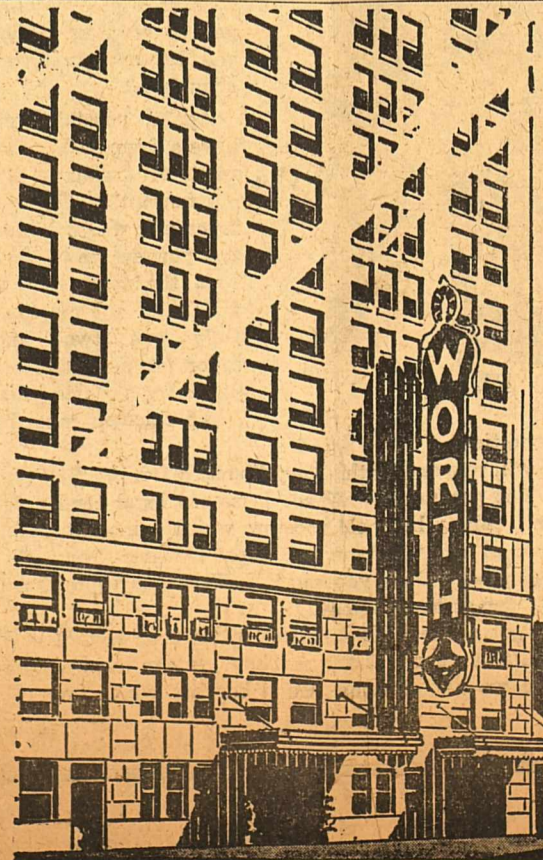

Ott Denson, of Dry Lake, was greeting friends and looking after business here Saturday.

RITER HARDWARE

Sam Morris to Speak in Spur, May 19

Sam Morris, candidate for United States Senator of Texas, will be in Spur, Monday, May 19, to address the citizens in behalf of his candidacy. Mr. Morris is one of the best speakers in Texas and will make an interesting address. His main platform is prohibition, and his main thought is that he will follow through on the great work which the late Senator Sheppard began while he was in the U. S. Senate.

Mr. Morris has been a great figure in church work and other fields of reform, and is one of the best posted men in Texas on matters of state and moral reforms.

He will begin his address at ten o'clock, Monday, May 19. The place of the address has not yet been decided, but since he carries a sound system, possibly he will speak on the streets in order to accommodate more people.

School Lunch Program

Dickens County Schools have had the advantages of the hot lunch program for the past five months. During that time 32,856 lunches have been served on the four units of the project with an expenditure of 8,146 hours of labor which was furnished by the Works Progress Administration. This does not include matron service or supervision. Noticeable results have been shown in the scholastic standards and physical well being of the students. Children must have nourishing food if they are to grow properly, be healthy and develop normally in every way. Each meal in a day contributes its part to the health of any individual. It has been shown by the recent widespread of the school lunch program in Texas that children who have a hot nutritious lunch at school improve in health, school attendance, scholarship and work habits.

The Surplus Marketing Association, an agency of the Department of Agriculture has given direct aid in the expansion of the school lunch program in recent years. Surplus commodities are bought to improve marketing conditions for producers throughout the nation and those commodities are donated to State Welfare Agencies who in turn give them to schools or other sponsoring agencies. In order to have a successful program, the sponsor must arrange for non-surplus foodstuffs required for the preparation of balanced meals and for facilities and equipment for preparing and serving the food.

The planning of individual lunch programs varies with each community according to needs and conditions. At the present time Dry Lake lunchroom employs two workers and serves an average of 200 meals per week. Wichita lunchroom employs two workers and serves approximately 160 lunches per week. In these schools, all lunches are served free and the respective schools furnish the necessary food to obtain wholesome hot lunches.

Dickens lunch room employs three people and serves about 425 meals per week. Spur lunch room serves four schools and employs eight workers. An average of 1,050 lunches per week are served including 175 meals for colored children. These two lunch rooms are self supporting.

The finest of cooperation has been received from everyone having any connection with the lunch rooms.

Special Mother's Day Service

There will be a special service Sunday afternoon at the Assembly of God Church of Spur. The service will begin at 2 p. m. Rev. C. H. Browning of Matador will bring the Mother's Day message. There will be special songs and a program which will be enjoyed by all.

Prayer meeting, Thursday, 8 p. m.
Young peoples service, Saturday, 8 p. m.
Sunday School, 10 a. m.
Morning Worship 11 a. m.
Evening Evangelistic Service, 8 p. m.

We cordially invite everyone to these services.

THE PASTOR.

Mr. and Mrs. E. C. Robertson, of McAdoo, were here trading Wednesday, and stated that Mrs. Robertson's mother, Mrs. W. B. Duncan and brother and wife, Mr. and Mrs. R. C. Duncan and daughter, Betty, of Whittier, Calif., spent the past week visiting in their home. The guests left home Monday.

Minister's Alliance Meeting

The Minister's Alliance of Spur met in monthly session at 10 a. m., Monday. The following new officers were elected for the ensuing year: Rev. John C. Ramsay, president and Rev. Roy F. George, secretary.

Expression of appreciation were given for the gracious services now being rendered by Rev. J. H. Miles, pastor of the Church of Christ, in teaching the second half of Bible in the high school, the New Testament Course. Like the first half taught in the first half of the year these sections have been taught entirely without remuneration, and only through the kindness of the two churches who permitted their pastors to give this time was this privilege afforded the pupils of the high school. The Alliance voted unanimously to reelect Rev. John C. Ramsay to teach Old Testament and since Mr. Miles has signified his intentions not to teach next year, Rev. J. L. Hensen, the new Methodist minister in charge of Foreman, Duck Creek, Dickens, Calgary and Red Mud Methodist churches was unanimously elected to teach New Testament. The secretary was authorized to communicate this information to the high school authorities who have been most cooperative and kind in assisting in every way the scheduling of this elective, voted overwhelmingly by the pastors and other ministers of Dickens County as a permanent course last year. Every step has been taken to have the course approved to the regulations of the State Board, which means of course that the teachers must meet the rigid standards.

In answer to a letter sent State Senator Marshall Formby at Austin which enclosed the two resolutions passed by the Alliance on April 7th, expressing its support in the recent measure in the State Legislature to suppress the sale and distribution of alcoholic beverages in dry areas, and to support legislation against parimutual betting and gambling on horse racing a most cordial and gratifying reply was received and read by the secretary.

A MESSAGE OF APPRECIATION

We wish to take this means to thank each and every one of our many friends for the words and acts of kindness and sympathy at the death of our dear son and brother, Billie. We thank those who sent floral offerings. The flowers were so beautiful. Learning the true value of friends is the only light spot in this hour of darkness that seems more than we can bear. May our best wishes go with each of you.

MR. and MRS. W. M. ADAMS

Home Coming at Midway

The membership of the Midway Baptist Church is having a Mother's Day program next Sunday. The program will be in charge of the young people of the community.

In conjunction with this program there will be a home-coming with the hope of having many people formerly of the church to be present that day. It is the hope to have all the former pastors present for the day and to give each one an opportunity to speak.

The day will start with Sunday School and preaching services in the morning.

G. G. Miller, one of our fine citizens, left Wednesday for Hot Springs, Ark., to visit relatives and friends for a while. That is his old home.

ERICSON GROCERY
Spur, Texas

TO THE MOTHERS OF DICKENS COUNTY

The greatest heroine in the world is a loving mother. There is no one in all the world who can take your place in mother's heart, who can depict the tragedies that have been enacted in the hearts of American mothers, who have suffered untold tortures from neglect, indifference, and lack of appreciation! Whatever else you are forced to neglect, take no chances of giving your mother pain by neglecting her and thus making yourself miserable in the future. No man worthy of the name ever neglects his mother. Truly great men have always revered and tenderly cared for their mother. Rise up and call her blessed, make her heart happy with your thoughtful devotion and love; make glad again the days of the best mother that ever lived—your mother.

A PROCLAMATION

WHEREAS, the American cotton industry is in the midst of a concerted effort to better the economic welfare of the ten million residents of the Cotton Belt directly dependent upon cotton for a livelihood, and of the fourteen million others indirectly dependent upon cotton, and

WHEREAS, the current world conflict makes it daily more necessary to depend upon the domestic market for increases in cotton consumption, and

WHEREAS, all cotton interests, both raw cotton and manufacturers, are uniting in conducting a nation-wide sales event of cotton products during the period May 16 to May 24, inclusive, and

WHEREAS, it is my belief that the citizens of Spur will want to lend their fullest cooperation in behalf of America's greatest farm product,

NOW, THEREFORE, as mayor of the city of Spur, I do hereby proclaim the period from May 16 to May 24, inclusive, to be NATIONAL COTTON WEEK, and urge my fellow citizens to join me in making this the greatest cotton merchandising event in the history of this community.

M. H. BRANNEN, Mayor, City of Spur.

SHERIFF'S SALE

**THE STATE OF TEXAS
COUNTY OF DICKENS**

NOTICE IS HEREBY GIVEN That by virtue of a certain Alias execution issued out of the Honorable District Court of Mitchell County, on the 6th day of May 1941, by J. H. Ballard Clerk of said Court for the sum of \$5,804.96 and costs of suit, under a judgement, in favor of Col-Tex Refining Company, a corporation in a certain cause in said Court, No. 5969 and styled Col-Tex Refining Company a Corporation vs. King & Putman, a co-partnership composed of J. L. King and Wm. Earl Putman placed in my hands for service, I, D. F. Christopher as Sheriff of Dickens County, Texas, did on the 7th day of May 1941, levy upon certain Real Estate, situated in Dickens County, Texas, described as follows, to wit: All of the interest of J. L. King and Wm. Earl Putman in the following described property to wit:

Lots 13-14-15-16, Blk. 5, Town of Spur, Dickens County, Texas and levied upon as the property of J. L. King and Wm. Earl Putman and that on the first Tuesday in June 1941, the same being the 3rd day of said month, at the Court House door, of Dickens County, in the town of Dickens, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said Alias execution I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said J. L. King and Wm. Earl Putman.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Dickens County Times, a newspaper published in Dickens County.

Witness my hand, this 7th day of May, 1941.

D. F. CHRISTOPHER
Sheriff Dickens County, Texas.
By Dean Glazner, Deputy.

**William M. Adams
Buried Sunday**

Funeral services were held at the Baptist Church in Dickens for William M. Adams, Jr., at 2:30 o'clock Sunday afternoon. Rev. A. P. Stokes, a long time friend to the family, conducted the services. Internment followed in Dickens cemetery with Campbell's Funeral Chapel in charge.

Young Mr. Adams was killed in an accident when a team ran away last week. He passed away Wednesday, living only a short time after being injured. He was working at Casa Grande, Arizona. The body was brought back to Texas for burial.

He was born in Dickens County January 31, 1924, and had spent most of his life in the Midway community. He was a son of Mr. and Mrs. W. W. Adams of that community and had a great host of friends there.

The survivors are the parents and the following brothers and sisters: Earl Dean Adams, Doris Fee Adams, Carl Wayne Adams and Don Darrell Adams, all of Midway community. Harve Adams, of the Pitchfork Ranch was an uncle to the deceased.

CLASS PLAY AT PATTON SPRINGS

The Senior Class of the Patton Springs school will give their class play Friday night of this week. The name of the play is "Grandma Goes Hollywood." The play is well characterized and people who are present will enjoy a real treat. Curtains will raise about 7:30 o'clock.

Glenn News

There was a large crowd at the banquet at the Patton Springs school Friday night.

W. D. Purser visited his brother, W. L. Purser, of Soldier Mound community the past week.

Bernice and Betty Anderson went to see the "Great Lie" shown at the Palace Theatre Thursday. It was a fine picture.

Mr. and Mrs. Jack Edwards and daughter have moved to Matador.

Roy Gilmore was a Spur visitor the last of the week.

Ed Glazner has gone back into the grocery business again, after a short vacation.

Fred Christopher, Sheriff of Dickens County, was here the last of the week.

Mr. and Mrs. Joe M. Rose went to Eastland County to see their son who has been stationed in the Air service Camp in California. He was on his way to San Antonio to be in training there and came home with his parents for a short visit. Mr. Rose accompanied him back as far as Abilene.

May Blakley, who underwent an operation recently, is at home and is getting along nicely.

A brother to Dee Springs is here visiting him. The brother lives in California.

Be to others kind and true as you would have them be to you.

Scout Camporee in Eastern District

The Scouting authorities for the South Plains Area have called a two-days camporee to be held at Matador Friday and Saturday, May 23-24. This is to be a general meeting of Scouters in the Eastern District and is to precede the general summer camp of Scouts which will be held at Post beginning June 1.

In speaking of the summer camp

at Camp Post, it has been announced by South Plains Area Directors that this is going to be one of the best, if not the best session in the activities

of Scouting in the area. The troops of the Eastern District are to attend Camp Post beginning with the opening date, June 1-7. Troops are Matador, Roaring Springs, Patton Springs, Dickens and Spur.

Instructors during the camp are such men as Charles Taylor of the American Red Cross Waterfront Safety Department; Dr. E. L. Reed, nature study director; and then the directors come to Spur to secure the assistance of Fike Godfrey, who is eminently distinguished in his ability on Indian lore. He will be associated with Howard Schmidt, who also, has spent many years in this study. John Winslow has been secured to direct the handicraft work, and Coril Batton will be in charge of camping. Several others have been contacted, and in all there will be about 20 instructors in the camp this year.

Several scouts from Spur are now planning to make Camp Post this year. The next Court of Honor for the Eastern District has been scheduled for the week at Camp Post, and many Scouts will finish up work for certain ranks by that time. In fact, it will be a week of real training for Scouts.

T. G. Cherry, north of town, was in Saturday doing some trading and talking with friends.

A. A. Durham, east of town, was in Saturday transacting business and greeting friends.

Fomby Says \$42,000,000 for Old Age Assistance

A total of \$42,000,000 per year will be available for old age assistance in Texas, Senator Marshall Fomby announced this week, following passage of the \$23,661,000 tax bill by the Texas Legislature.

Senator Fomby, who voted for the bill throughout its enactment, said the state would have \$21,000,000 for old age assistance, and this amount will be matched by the Federal government, making a total of \$42,000,000. This will pay 170,000 aged persons in Texas an average of \$20 per month.

Under the new tax bill, \$3,100,000 annually goes to Teacher Retirement fund; \$1,500,000 goes to dependent children, and \$400,000 goes to the needy blind.

"There is enough money in the new tax bill" Senator Fomby said, "to solve our social security problems in Texas for the time being. It has taken several years to raise the money to take care of the obligations, and I was glad to have had a part this year in helping pass this important bill."

It is probable that the Legislature will adjourn by the first of June. The two important problems, Social Security and raising the truck load limit, are both disposed of, and most of the major appropriation bills have already been passed.

Austin observers say that this has been the busiest session of the Legislature in the history of the capitol.

Parity Payments Rates Established

With the recent determination of 1941 parity payment rates, Dickens County farmers can now estimate what amount they can earn through full participation in the 1941 AAA farm program, according to Joe M. Rose, chairman of the county AAA committee.

Parity payments, based on the normal yields on allotted acreages, will be made at the rate of 1.38 cents per pound on cotton, 10 cents per bushel on wheat the AAA official said. Farmers who participate in the 1941 AAA Program and plant within their farm acreage allotments of these crops are eligible to receive payments at these rates, he declared.

In addition to parity payments, co-operating farmers will receive conservation payment based on the normal yield of the farm acreage allotments. As previously announced, conservation rates for 1941 are 1.37 cents per pound on cotton, 8 cents per bushel on wheat, 11.25 cents per 100 pounds on peanuts, and an average of 80c per acre on general soil-depleting crops for Dickens County. All payments are subject to deductions if acreage allotments are over-planted.

Farmers, also, may earn payment under the Agricultural Conservation Program for carrying out approved soil-building practices up to the maximum allowance available to the farm. In most cases, this information has been made available to the farmer on his 1941 farm plan sheet.

Parity payments in Texas are made to producers of wheat, cotton, and rice to give them more nearly a fair share of the national income and purchasing power nearer the 1910-14 level, the committeeman explained.

At that time, before the first World War prices of agricultural and industrial products were in comparative balance. Both conservation and parity payments help farmers to adjust production to meet all market needs and to farm in such a way as to maintain and build up the fertility of the soil Rose explained.

Cotton Carry-Over to Hammer Prices Down

Predicting a cotton carryover as large as the 1939 all-time high of thirteen million bales, a University of Texas cotton expert advised Texas farmers, now in the midst of the planting season, to choose crops with the long-time outlook in view.

"A flood of surplus foreign cotton may be in the offing," Dr. A. B. Cox, director of the University's Bureau of Business Research and an internationally-known authority on cotton marketing, said.

Production in foreign countries is up, he pointed out, while consumption is still being curtailed.

Prosperity of the Texas cotton industry during the next few years will depend largely on Federal money and subsidy policies, he declare.

"During the current year," he explained, "it is fairly certain that the

600 Negroes to Go Into Service in May

General J. Watt Page, State Selective Service director, announced today that 600 negro registrants will be inducted into the armed forces on May 19 and 20.

This is the Army's thirteenth call on Texas to supply men for military training.

Negroes are inducted in proportion to their percentage of the total population and assigned at the reception centers to every branch of the army.

Pointing out that induction of Negro selectees throughout the nation has been lagging due to lack of present facilities, General Page said that when this call has been completed Texas will have furnished 3,726 Negroes as against 21,585 white trainees.

At the present time Texas has furnished approximately 74% of its quota for the current year ending June 30. Whether June calls will bring the state up to its full quota of 33,213 men for the period is not known. A new quota will be assigned to Texas for the year beginning July 1. It is possible that this quota may be heavier than that for the first year, and rather steady calls after June 1st, during the summer period are expected.

J. A. Murphy of Girard, was in our city Monday attending to business affairs.

price of cotton will be determined by either a Federal loan or a guaranteed price. All indications are that the government loan price will be above the loan price of this year, which is 9.4 cents gross at Houston and Galveston for middling 15/16 inch cotton.

Roy Atchison of Elton, was in our city Monday attending to business matters. He stated good rains had fallen in that section and conditions look fine.

MOTHER'S DAY

Sunday, May 11th

The very name, "MOTHER," is sacred to us, some one has well said. We think "Mother," "Home," and "Heaven" are the three sweetest words in our language.

We pause when we speak the name "MOTHER." Our store of words is far too small to express our ideas of the important part "MOTHERS" have had in purifying this old world. We realize our own nation has stood thus far because of the great mothers who have lived, loved and sacrificed.

No love can be satisfactorily explained, much less a "MOTHER'S" LOVE, and if there is greater, it's God's for sinful man.

MOTHER, you have always had a great responsibility, and it's just as great now. We men have looked to you to hold the standards of living pure, high, and noble. May your sons and daughters remember the beauty of your character and follow your examples as you have followed the ideals of your mother.

Your mission in the world was so great that God called upon a woman to give Him His Son, and your mission now is just as great as it was two thousand years ago.

You hold in your hands the destiny of men and nations, and because you do, we have faith in the future and courage to go forward.

SPUR SECURITY BANK

Member Federal Reserve System

MONEY in the ground

Billions of barrels of Texas oil reserves mean money in the bank for you as a Texan.

On constant deposit in underground vaults, they assure continued wages for Texas workers, lease and royalty payments for Texas farmers and ranchers, and tax revenues for our State and local governments.

Nearly 11 billion barrels of known oil reserves are on tap in 161 counties of our State. Texas oil men are now searching for new fields in 90 additional counties. They discovered last year almost three times as much oil as they produced.

These oil reserves can be cashed only through their production and processing by Texas workers.

As a means of safeguarding this backlog of economic security, you as a Texas citizen can and should expect:

- (a) Sound conservation practices, (b) A reasonable taxing policy by State and local governments to permit healthy development without loss of employment through abandonment of properties, (c) Increased use of this great fuel source through creation of new Texas industries.

These oil reserves provide security for you and every other Texan

"I Am An American" Day—1941

by The President of The United States of America

A PROCLAMATION

Whereas Public Resolution No. 67, approved May 3, 1940 (54 Stat. 178), provides, in part:

That the third Sunday in May each year be, and hereby is, set aside as Citizenship Day and that the President of the United States is hereby authorized and requested to issue annually a proclamation setting aside that day as a public occasion for the recognition of all who, by coming of age or naturalization, have attained the status of citizenship, and the day shall be designated as "I Am An American Day."

That the civil and educational authorities of states, counties, cities, and towns be, and they are hereby, urged to make plans for the proper observance of this day and for the full instruction of future citizens in their responsibilities and opportunities as citizens of the United States and of the States and localities in which they reside:

Now, therefore, I Franklin D. Roosevelt, President of the United States of America, do hereby designate Sunday, May 18, 1941, as "I Am An American" Day and urge that this day be observed as a public occasion in recognition of our citizens who have attained their majority or who have been naturalized within the past year. And I do call upon all Federal, State, and local officials, and all patriotic, civil, and educational organizations to join in exercises calculated to impress upon all our citizens, both native-born and naturalized, the special significance of citizenship in this nation.

In witness whereof, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

Done at the City of Washington this 27th day of March, in the year of our Lord nineteen hundred and forty-one, and of the Independence of the United States of America the one hundred and sixty-fifth.

FRANKLIN D. ROOSEVELT
By the President
SUMNER WELLES
Acting Secretary of State.

Duck Creek Soil Conservation District Activities

R. R. Wooten, Chairman of the Board of Supervisors of the Duck Creek Soil Conservation District, announced today that conservation surveys showing erosion conditions, soil types, slope of land, and present land use have been completed on 35,000 acre of land in the district. These surveys are being used as a basis for developing complete soil conservation plans for farms and ranches whose owners are cooperating with the district's conservation program.

In establishing priority areas for planning in the district, it is the policy of the supervisors to work with groups of people who operate adjoining farms instead of with individuals on scattered farms. They have provided that a priority area must be a group of not less than five adjoining farms and ranches, or an area of not less than 5,000 acres.

"The planning of all the farms in a community at one time not only saves time and travel expense for the Soil Conservation Service but also enables the farmers to work together where desirable to help each other in the establishment and maintenance of conservation practices", the supervisor declared.

As the first step in the planning of farms in a priority area, soil technicians of the Soil Conservation Service working in the Duck Creek district that, over the land field by field in 12, making the surveys. The information at 8:30 collect is carefully recorded on urday nal photographs of the farms and 9:00 o'clock later by the district farm plan- The stand the farmers in determining each morst use that can be made of the and in the development of well- founded soil conservation plans for the farms.

"Sound soil conservation is based on a full knowledge of the soil, its possibilities and limitations," said Mr. Wooten. "No two soils are alike, so the first step in conservation planning is to find out what kind of soils are on the farm, their present condition, and to what use they may best be put and at the same time control soil erosion," he continued.

W. L. Head, of Girard, was in our city Monday transacting business, and while here had his subscription to the Times set forward one year.

F. F. Henry, of Duncan Flat, was transacting business in our city Saturday. He stated his community is rather wet now.

Elmer James, of Girard, was visiting with friends and attending to business matters in our city Saturday.

Lee Mims, of Wichita community, was enjoying friends and looking after business in our city Saturday.

J. D. Smith, of Dickens, was in our city Saturday attending to business and meeting friends.

G. W. Bennett, of Elton, was transacting business and talking with friends in our city Saturday.

Mr. and Mrs. Paul Braddock, of Afton, were in our city Saturday doing some trading and greeting friends.

TO OUR MOTHERS

To set one day apart as Mother's Day is merely to emphasize and express our year round feeling that Mother is the breath of divinity in human life and that she will be enshrined forever in our heart of hearts.

It is in such a reverent spirit that this space is dedicated to Mothers.

THACKER-GODFREY FURNITURE

\$100.00 REWARD

\$50.00 for OLDEST Electric Bill

\$5 Each for the 10 Next Oldest

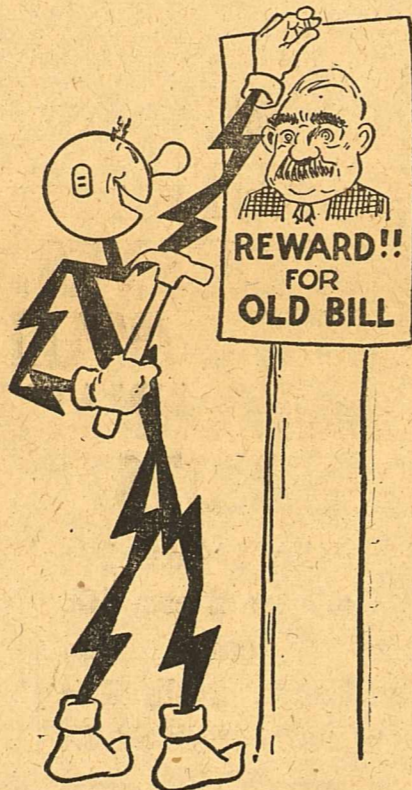

(All entries must be fifteen or more years old)

Nothing to Buy!

Just Send or Bring Us Your Old Bill — and 100-Word-or-less Letter Describing Electric Service at Time Bill was Paid

MAYBE you still have the first electric bill you ever paid! If so, you will recall that the service wasn't so good compared to present-day standards of efficiency and dependability.

If yours is the oldest we receive, it is worth \$50 to you. If it is one of the ten next oldest, we will pay you \$5 for it. *It must be for service in the home, dated 15 or more years ago, and must be accompanied by a letter, 100 words or less, telling something about the kind of service and the cost for the appliances and light you used at the time the bill was paid.*

We will do our best to return your entry if it isn't one of the eleven oldest bills. We reserve the right to publish photographic copy of winning bills and letters and names of winners.

Why Do We Want Old Bills?

So we can compare today's improved service and lower cost with yesteryear's! We want to figure what the kilowatt-hours used at present-day low rates would have cost in the "good old days" when oil lamps were first being displaced by BETTER LIGHT.

We all know that not so many years ago elec-

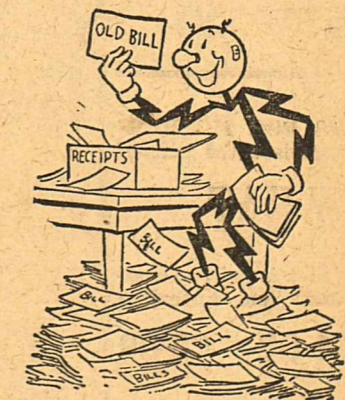

tricity was on only part of each day and night; and that interruptions in small isolated oil engine plants were at times frequent. We all know, too, that the transmission line type of electricity has resulted in greatly lowered cost and improved service so that people today are using two or three, or even five times, as much for about the same or less money.

Look Through Your Old Receipts Today

This offer is good until June 15. But don't put it off—dig up that old bill today. If yours is one of the oldest eleven we receive, payment will be made as soon after June 15 as possible.

All PRESENT customers of the West Texas Utilities (excepting employees) are eligible. *The old bill may be for service rendered from a predecessor of the company in this community; that is, for any bill paid before the coming of West Texas Utilities cheap and dependable electric service.*

Mail or Deliver in Person Your Entry to Our Local Office

Your tax dollars should be used for those items essential to national defense. Electric Service NOW is ample and sufficient to meet the emergency without government subsidies or expenditure of tax money for this purpose.

West Texas Utilities Company

Mrs. N. J. Rogers left the last of the week for Los Angeles, Calif., where she expects to spend a month, or longer visiting relatives and friends.

Matt Dawson, of Espuela, was in town Monday doing some trading and meeting friends.

Make Every Day Mother's Day

Everyone remembers Christmas, with the bright lights, decorated trees, presents and all the other things that go with the word Christmas. Why not turn Mother's Day into another Christmas? And as the presents for Mother—bring yourself, she will treasure that above all the fancy presents which you bring or send to her Christmas. Why not make it truly a Mother's Day? A day in which Mother can really enjoy herself. By saying that mother should enjoy herself, we don't mean that she should spend all day in the kitchen preparing all the nice things that her son or daughter enjoys to eat, which no one can fix like Mother can, while you amuse yourself reading or talking. That would not be Mother's Day—that would be your day. This would certainly be a selfish way for you to ask Mother to celebrate the day set aside for her.

Mother's Day is supposed to be a day of honor for Mother, not a day of labor. She does that too many days a year. It is a day for reflection. It gives you a chance to reflect on your mistakes of past days. How many times have you come home and said you were dead tired? You went off to the living room to rest, by this you assume that Mother is as fresh as if she had just arisen. Did you ever stop to think just what she had been doing all day? Mother's work is as tiring as yours, if not more so. She sees few people and does the same monotonous work. You have diversions of new faces, of meeting the public. Why not share the evening toil with her? Remember that you are both tired. Why not take her out to dinner?

A likely idea would be to have Mother's Day dinner out and let Mother enjoy it as the lovely lady she is and not as a servant woman of a thoughtless family. Mother appreciates things like this more than you know. She will have more time to see you and talk to you. But a word of caution. There is but one day officially called Mother's Day. But what of the rest of the year? Are you going to be thoughtful of Mother on her designated day, and then resume your thoughtless ways for the rest of the year? You may come back by saying that Mother loves to work for

you. True, but remember that there is a certain bit of martyrhood in all Mothers. They have grown accustomed to sacrificing when we were young and helpless. That does not mean that we have to allow them to continue to do so after we are grown. Why not just turn the table and you start waiting on her a while? Remember that you can do lots of things that Mother has to do without losing your dignity. Then why not carry the Mother's Day spirit through the entire year.

Will Continue Awards to FFA Members

Encouragement to Future Farmers of America activities through the medium of educational awards will be continued by the Santa Fe Railway this year, Edward J. Engel, president, has announced.

The announcement will permit students of vocational agriculture to compete for awards on a merit basis from the states of Colorado, Texas, New Mexico, Oklahoma, Arizona, California, Illinois, Missouri and Kansas. Winners will be determined by the various state vocational authorities and so certified to the railway.

In accordance with its extended program the railway's educational awards will embrace all classes of champion teams in the territory mentioned, including livestock, dairy cattle, milk products, poultry and meat judging. It also includes individuals whose work entitles them to participate in the National Convention of FFA. In past years the awards were limited to champion livestock judging teams.

These awards are limited to communities served by the Santa Fe and entitle the winning teams to an all-expense educational trip to the National convention held at Kansas City in the fall in conjunction with the Royal Live Stock Show.

A similar policy is supported by the railway in an effort to foster interest in 4-H Club work of boys and girls in similar territories.
