NUMBER 2

Red Cross Workers Hold Meeting

"Now is the time for all good men to come to the aid of their country." This much used expression was never more true than now, and "all good men" will soon be called upon individually to aid their country in the Annual Red Cross Roll Call.

Pre-Campaign interest was shown Monday evening at an executive meeting of the local Chapter of the National Red Cross with Chairman John C. Ramsay presiding. The meeting was held in the Roundup building of the Methodist Church.

Following routine business, Mr. Ramsay gave the report of a regional meeting of Red Cross executives in Big Spring, October 2. Mr. Ramsay was delegate to this conference from the local unit.

Mrs. T. K. Posey, chairman of the War Relief Production in Dickens County, reported at some length on the accomplishments of the volunteer work being done in that department. She expressed her gratitude of the supervisors of the Red Cross sewing room for the work that has been done in cutting and making garments. She pointed out further rather extensive plans for construction of garments that must be completed before Christmas holidays. It was stated that the public take notice that the sewing room is open during Wednesday and Saturday afternoons from two until five, that several machines are ready for operation, that women are needed during these hours for work under the direction of an efficient director, and that the room is comfortably heated and lighted.

Mrs. O. C. Thomas, Junior Red Cross Chairman, reported Red Cross activities in the schools. Clyde Walthall gave in brief his plans for County Roll call. Notice was given of a further meeting with executives from all communities in the county Friday evening at the Presbyterian Church, instead of the Methodist Roundup building, as had formerly been announced.

Dickens County quota of membership this year is a new high of 1,000. With the affairs of the nation as they are the leaders of the Red Cross work in this county are expected little or no difficulty in reaching the goal. As Roll call Chairman Walthall put it, "We don't expect anyone to turn us down this year. One thousand now should be much easier to get than five hundred last year."

The personnel of the executive board are: John C. Ramsay, chairman. Mrs. T. H. Blackwell, vice chairman. Hobert Lewis, secretary. E. S. Lee, treasurer. Clyde Walthall, Rollcall chairman. Mrs. O. C. Thomas, Junior Red Cross chairman.

O. C. Thomas, Junior Rollcall. Mrs. O. M. McGinty, Publicity chairman.

Jack Christian, National Defense Fund chairman.

Service chairmen are: Home Service Mrs. Kate Senning. Accident Prevention, O. C. Thomas. First Aid, Spencer Campbell.

War Relief Production, Mrs. T. K. Posey.

Civilian Relief, John C. Ramsay. Junior Red Cross, Mrs. O. C. Thomas.

Disaster, Ned Hogan.

Nutrition, Mrs. M. H. Brannen.

Publicity Chairman.

Post Office At Dickens Moved

Postmaster Guy Fellmy bought the brick building on the West side of the square in Dickens and has moved the Dickens Post Office into it. This is a nice location and will be convenient to the people, probably more so than was the former location.

The Post Office now is next door to Casey's Barber Shop.

Bulldogs Meet Paducah Dragons Tuesday, Nov. 11

The Spur Bulldogs were victors in the game last Thursday night against Crosbyton Chiefs, and the game closed with a thrill to the local fans. The Bulldogs go to Paducah next Tuesday to play the Armistice Day game and this game is expected to be a hot one. Those who have seen the two teams play say there is not much difference in them and some of the local fans think the Bulldogs have things in their favor.

The game will be played Tuesday afternoon and will be called at 2:30 o'clock. This will be the first game the Bulldogs have played in day time this year.

The game played between Paducah and Lockney was 6 and 0 in favor of Paducah. The Lockney-Spur game was 7 and 2 in favor of Lockney, but all who saw the game recognized the ability of the Bulldogs in that game to be above that of their opponents. Hence the Paducah-Spur game is due to be a good one and close.

Five Persons Injured In Wreck

Five persons were injured, three very painfully, in a car accident at the Y just west of Dickens Saturday night. A car driven by Mrs. Buelah Mae Surles, of Lubbock, was enroute to Cisco; and another car in which J. A. Fawver and brother, J. M. Fawver, of Floydada, were riding collided in the highway at the intersection at the Y.

Mrs. Surles had her sister, Mrs. W. Teer of Crane City, and her brother, Dan Yarbrough of Hobbs, N. Mexico, and all were enroute to Cisco to attend a family reunion. The Fawver Brothers had been working on some government construction work and were enroute home to visit their families.

Mr. Yarbrough received a broken pelvis and Mrs. Surles a fractured skull. Mrs. Teer received less serious injuries. One of the Mr. Fawvers received a broken ankle and the other one had some broken ribs.

All were brought to the Nichols Sanitarium in Spur by a Chandler ambulance service where emergency treatments were administered. The Cisco parties were taken on to Cisco by a Chandler ambulance service and the Mr. Fawvers were taken to Floydada Sunday by a Harmon ambulance.

Received State Money For Schools

The County Educational Department received a check for one fourth of the salary aid from the state last week. The amount was about \$3,000, which will be allocated to the different schools as they are entitled.

Patton Springs school received a check for \$495.00 to assist in paying expenses on their vocational training shop under the defense training program.

Superintendent Kelley has done a very good job of securing funds from the State Department to assist schools in Dickens County. He never makes a request except on those things to which the county is duly entitled, and he usually gets what he goes after because he wants to be fair in every respect.

BUY U. S. DEFENSE BONDS

Patton Springs School Dismissed

The Patton Springs school dismissed Monday in order that the pupils might assist in harvesting the cotton crop. If the weather remains favorable they will remain out for two or possibly three weeks at which time it is thought the bulk of the cotton will have been harvested.

Wichita school dismissed last week in cooperation with Dickens school, and this makes three schools that have dismissed to assist in harvesting the cotton crop.

Army Wants Cavalry Horses

There will be a representative of the War Department at Matador Saturday morning for the purpose of buying horses for the cavalry. Any one having stock they think suitable for this work, should contact this man and take the stock with them so it can be inspected.

Court of Honor At Dickens Tonight

The Court of Honor for the advancement of Boy Scouts in all troops in Spur, and for the troop in Dickens and whatever other troops desire to join, will be held in Dickens at the High School building tonight (Thursday) starting about 7:30 o'clock. This should be a meeting that would be of great interest to parents who have boys in Scouting, or have boys of Scouting age, or boys who will become Scouting age soon.

It is reported that there will be quite a few advancements in the work among the troops included. It is not known if Afton troop is going to join in this work, but possibly they will as they have done so in former Courts of Honor.

O. C. Arthur, Court of Honor chairman, will be in charge of the exercises.

BUY U. S. DEFENSE BONDS

W. C. Suits Has Shoulder Hurt

While attending to his duties of cleaning the streets Wednesday morning W. C. Suits suffered quite a lot of damage and received a very painful injury. He had his wagon located near the Methodist Church and a young man driving north ran into the wagon and tore it to pieces. One of the horses received a very deep cut on the big muscle of the left hind leg which will keep it from being used for several months.

Mr. Suits was jerked to the pavement and his left shoulder pulled and sprained until he cannot use it.

Whatever injury was to the car was not reported.

Mr. Suits was treated at the Nichols Sanitarium where his shoulder joint was set and bound down to heal. He is getting along very well, but is suffering lots of pain.

It appears that another car making the intersection of Second Street and Burlington blinded the driver until he did not see Mr. Suits or the wagon.

Spur Approved For Defense School

The project of a vocational training school in defense work at Spur has been approved by the department of defense education, and the school is thought will be started within the next week. The course first taught will consist of training in repair work of cars, trucks and tractors and will take in a 10 weeks course.

All young men of age 16 to 24 inclusive who are not in regular school, are eligible for this work. Young men who are interested in taking this course should get in touch with Supt. O. C. Thomas, of Spur schools, or contact Cecil Ayers, head of the Agriculture Department of Spur schools at once. There are still a few lacking to fill out the quota, but these will be secured soon. This training may mean a life time job to many young people.

Spur Boy in Hospital At Las Vegas

Herman Bostic, son of Mr. and Mrs. C. W. Bostic, of Dry Lake community, had the misfortune to get a broken leg in a football scrimmage last week. Young Bostic is a student at Highland University, Las Vegas, N. Mexico, and has played in every game by that school this year. He was in the game which defeated Silver City and that was the first defeat for Silver City in eight years.

Herman was member of the Spur Bulldog squad and graduated with Class of 1935. He has a fine record in the Spur schools and many people remember him for his many school activities. He is doing Sophomore and Junior work in Highland and at the same time is working his way through school.

He is in a hospital at Las Vegas and if friends will drop him a letter it will help greatly at this time.

Stamps-Baxter Quartette Here Tonight

The Stamps-Baxter Quartette, which travels all over the Southwest, will make an appearance at the High Auditorium tonight (Thursday). This company is coming to Spur under the auspices of the Spur Parent-Teacher Associations who will share in the proceeds of the program.

There will be a small admission charge of 15 cents for children and 25 cents for adults, and this includes the government amusement tax.

This will be a program of clean, wholesome entertainment. They will render good sacred selections along with classical numbers, and there will be some comedy mixed in to keep you laughing. You want to hear the Stamps-Baxter Quartette tonight at the High School auditorium.

BUY U. S. DEFENSE BONDS

Tire Thieves Hit Spur

A number of people lost tires off their cars one night last week and were considerably upset. Reports were made to the Sheriff's Department but nothing could be done about it since people could not furnish the serial numbers to the tires stolen. Sheriff Christopher made a trip to Abilene and other points for inspection but could not locate anything.

The Sheriff is asking that people make record of the serial numbers of their tires and file them away. Then if one should be stolen, there would be something as evidence to be used. Do this now as other thieves may visit the country.

Special Session of Commissioners Court

The Commissioners Court was in session Monday in special session and attended to quite a lot of business. They appointed Fred Hisey as public weigher for Precinct No. 3, and he qualified. Mr. Risey was the last person to be elected Public Weigher for Precinct 3, and under the office continuity law he was a lawful public weigher since on one had qualified to take his place. But the Court made him doubly qualified by appointment.

The Court also provided for two extra Deputy Sheriffs one for McAdoo and W. E. Dillon has been appointed there. Hilton Hicks was appointed Deputy Sheriff for Afton.

Commissioners Court will meet again next Monday.

BUY U. S. DEFENSE BONDS

Senior Class To Sell Christmas Cards

The Senior Class of Spur High School will be around to take your order for Christmas Cards. These young people are raising funds for their class fund, which will be used for the purpose of defraying expenses of their class functions.

New Manager For Palace Theatre

Mr. and Mrs. G. R. Lunsford, formerly of Hereford arrived here last week to be citizens of our little city. Mr. Lunsford (who says he prefers to be called Speck rather than Mister) is in charge of the Palace Theatre succeeding Mr. Hardwick as manager and part owner. They are located in the property where Mr. and Mrs. Hardwick lived, and their son, Richard, is the main boss on the job.

Mr. Lunsford has been in the theatre business at Hereford two and one half years before coming to Spur. He stated the Spur Theatre will be open to the public for entertainment on Fridays and Saturdays of each week, and both theatres will have good programs.

Johnny Hopkins will remain on the job and attend to the same duties he has been assuming for some years. Mrs. Bobbie Wolfe will continue as a cashier, and Miss Nellie Jo Shreves, formerly of Hereford, will serve as another cashier.

Mr. Lunsford stated that he wants to work with the people of Spur and community for the best interest of all and to do his part toward community progress.

1942 4-H Club Enrollment

County Agent Woodrum reports that quite a bit of interest is being exhibited in 4-H Club work for 1942 in the county. He stated that now is the time for boys to enroll in this work in order to start their project for next year.

There were eleven 4-H Club calves placed on feed last week. The following boys are feeding two calves each: Cecil Hugh Meadors, Kenneth Street, Olin Ward, David McAteer, Jr., and J. M. Karr.

Monroe Gage, Junior Gage, Eugene Gage, Dorothy Fay Schussler and Wenonah Adams are feeding out one calf each.

Mr. Woodrum stated that 4-H Club work is open to all boys between the ages of 10 years and 21 years who are not taking Vocational Agriculture. All boys interested in 4-H Club work are requested to contact Mr. Woodrum in the near future and get enrolled.

McAdoo Boy On "Who's Who" List

Darris L. Egger of McAdoo was selected last week as a representative to Who's Who among American College and University students at McMurry College, at Abilene.

Egger, son of Mr. and Mrs. J. F. Egger, is a senior at McMurry college and is majoring in History and minoring in English. During the summer he is assistant pastor at Frisco, Texas.

While attending McMurry College, he has been president of the Volunteer Mission Band; extension secretary of the Volunteer Mission Band; president of the ministerial Forum; senior representative to Student Council Religious association; member of Wesley Players, a religious dramatic club; and vice-president and president of the Methodist Youth Fellowship of the Northwest Texas Conference.

Ten students from McMurry were selected to Who's Who. This honor is conferred on the basis of character, leadership, and potentialities of junior and senior students.

Others elected are Ronel Thomas, Loraine; Elmer Watson, Dimmitt; Helen Wwyer Abilene; D'Rhea Allison Olney; Guy Keper, Abilene; Dorris Merrill, Throckmorton; Frances Head, Lubbock; Ora Lee Marlin, Gallup, New Mexico; and Bill Adams, Fitzgerald, Georgia.

AFTON BOY RECEIVES ARMY PROMOTION

Alford D. Lee of Hq. & Hq. Co. 2nd Signal Armored Battalion at Camp Polk, La., has been promoted to Pvt. 1st Class with 5th Cl. Spec. rating. It was announced today by Capt. Edw. W. Horning, commanding Hq. & Hq. Co. Pfc Lee is the son of Mr. and Mrs. Chas. W. Lee of Afton, Texas.

The 2nd Signal Armored Battalion, one of the newest Signal Corps units in the Armored Force, is commanded by Lieut. Colonel Joe J. Miller, Signal Corps.

Dickens County Defense Board In Action

The Dickens County Defense Board began their campaign last Saturday with a meeting with the County and Community Committees of the AAA, the Soil Conservation Service, the Farm Security, and Vocational Agriculture Teachers of the County. At this meeting the 1942 AAA program was explained. Following the explanation of the program, Agriculture in its relation to National Defense was discussed. It was brought out that a shortage existed in dairy and poultry products. More swine are needed. Farmers are urged to grow more gardens. The purpose to which these increased products are to be put are to feed Great Britain and her Allies.

To better feed the people of the United States, and to store up a surplus to feed the conquered nations when the war is over.

In order for the farmers of Dickens County to meet their goals it will be necessary for a survey to be made of the present production of the county and prospective production for 1942. This survey will be made during the month of November in the filling out of a defense plan sheet by each farmer in the county. Watch your mail for a notice to attend a meeting to fill out your defense plan sheet.

Armistice Day Program At Dickens Tuesday

The annual Armistice Day program for Dickens County will be held on the Court House lawn at Dickens starting next Tuesday morning at 9:30 o'clock. G. C. Brewer, of Lubbock, will be the main speaker on the program, and is reported as being a fine speaker. He will be introduced by Lester Ericson, Commander of the Boyd M. Williams Post of American Legion.

The program will start with a parade in which will be the Boy Scouts, American Legion Members and the Texas Defense Guard members. The parade will end at the west side of the Court House where Rev. R. C. Brown will give the invocation.

Jack Christian will represent the Defense Guard in a short address and Supt. O. L. Kelley will represent the County Draft Board with a short talk.

Mrs. Mary Littlefield will present Dickens County with the American Flag which draped the casket of her late son who was killed while in service in California a few months ago. This was the second son Mrs. Littlefield has given directly and indirectly to the cause of our country. Mrs. Littlefield is presenting this flag to the county in honor of the last son in service and in his memory.

The Boy Scouts will give the Flag Service and then the flag will be hoisted on the new flag pole which has recently been erected in front of the Court House in Dickens.

Mr. Brewer will then address the congregation. The program will close by 11:00 o'clock in order that people may make the Spur-Paducah football game at Paducah at 2:30 o'clock in the afternoon.

School Buses Inspected Last Thursday

All school buses in Dickens County underwent highway inspection at Dickens last Thursday. The inspection was made under the supervision of the State Highway Patrol and was started at ten o'clock that morning. School buses were parked around the Court House square and all defects were pointed out and corrections are being made.

There are 22 school buses in the county and these carry many hundred children to and from school each day. It is essential that the buses be safe.

Letter From Good Friends

Mrs. V. V. Parr and Bob took off a few minutes to write the Times a letter which was very interesting to us since the Parrs are traveling over some of our old country at this time. They wrote in part as follows: "When we get the paper (Times), it is snatched up immediately. After we read it thoroughly out here in Arlington (Va.), we take it over to Julia Mae Albin. We don't miss a word."

Bob says, "My Dad left this morning (Oct. 22) for Texas where he will remain for a while. He will be there several weeks with the Soil Conservation."

Continuing they stated: "It seems that dry weather just follows the Parrs. Up here we are just desperate for rain. It has been reported that if we don't get it soon we will be rationed on electricity. Three weeks without rain up here is a pretty bad drought. With the dry weather, we have had rather warm weather for this time of the year."

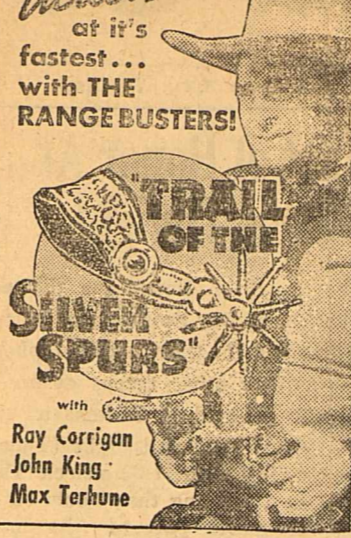

"June Lisenby, who came up here recently, is just fine. We are certainly enjoying this delegation from Spur. It doesn't seem that we are so far from 'home' now. Julia Mae, and her room mate, Martha Gooch, come out quite often, and we really have a grand time. Martha is from South Carolina, but she is one of the family now."

"We will be expecting our Dickens County Times next week. Sincerely yours, Bob Parr and Mrs. Parr."

People of Spur will always feel grateful to Mr. and Mrs. Parr for the fine work they did in our community which helped along in so many ways. Bob was just a school boy whom everybody loved, and if he ever runs for President there will be no question about how Texas will go.

Bulldogs Defeat Chiefs in Conference Game

The Crosbyton Chiefs showed their sportsmanship by filling their engagement with the Spur Bulldogs Thursday night in cold, rainy weather. This was very much out of the ordinary and the Chiefs are to be commended for their fortitude in this game. Again, they received the great favor of the Spur Bulldogs and the fans by the good, clean type of football played that night.

The Bulldogs proved the victors by

They Fly'em higher and Dive'em faster than any pilot in the world.

a score of 14 to 0, but they had to play until the final gun before they had the game won. The Bulldogs played very fine ball along with their opponents and for the first half it looked as if the game might be even.

The Chiefs had a little hard luck at the beginning of the third quarter. Their center placed the ball too high for the fullback while on Spur's 15-yard line. The ball went behind the goal line and a Spur player covered it for a touchdown. They converted with a forward pass and the score was 7 to 0 for the Bulldogs.

Crosbyton received and made some gains. Spur finally had the ball at the 50 yard line. They drove down the field with line plunges and end runs until they reached the 15-yard line. Wilburn Ball made a right end run and over for the second goal. They converted by plunging over for the extra point. This left the score 14 to 0 for the Bulldogs.

Spur made 112 yards by rushing while the Chiefs made 76 yards. Spur advanced 24 yards on forward passes while the visitors advanced 67 yards on forward passes. Spur attempted 8 passes and completed three and Crosbyton attempted 12 passes and completed four, but all were long passes with good gains.

Spur received 30 yards in penalties for offside and Crosbyton received only 20 yards. Spur suffered losses amounting to 16 yards and Crosbyton's losses cost them 49 yards. Spur

made nine first downs and Crosbyton four. Spur punted four times for 122 yards and Crosbyton seven times for 192 yards.

Spur intercepted one pass from Crosbyton. Crosbyton landed two penetrations and Spur three penetrations.

The game was good all the way through and both teams played fair and honest. They did their best all the time, but they showed excellent sportsmanship in every play.

Officials for the game were: Referee, Ezell of Abilene Christian College; umpire, Thomas of Howard-Payne and head linesman was Faulkner of Northwest Texas Teachers College at Canyon.

The Bulldogs will go to Paducah to play the Dragons Armistice Day which will be Tuesday of next week. This game will be played in the afternoon and is the regular Armistice Day game between the two teams.

Almost Equals War

Nazi bombers are doing very little better than Texas automobile drivers. For every 100 Britons Nazis killed in September, autoists killed 82 Texans.

On October 14, the British air ministry announced 217 persons killed by bombs in the United Kingdom during September. State Police Director Homer Garrison announced that 178 traffic deaths were counted in Texas during the same month.

Continuing a trend which recently caused Garrison to predict an all-time high for traffic fatalities in 1941, deaths for the first nine months of this year totaled 1,370, a 13 per cent increase over the 1,213 persons killed in the same period last year.

Garrison found, on a basis of gasoline consumption, that the increase in travel has almost exact paralleled the increase in fatalities. Privately owned vehicles have been driven approximately 13 per cent more this year, while no figures are available on the enormous increase in travel by Army and other government-owned vehicles.

Chas P. Tackett, of Girard, was in our city Monday attending to business matters and meeting friends. He stated that Mrs. Tackett is not getting along any too good these days.

J. E. Haygood, who is in the Army at Fort Bliss, visited Mrs. Ela Thomas and family at Aspermont the first of the week. He spent a short time in Spur Monday calling on friends.

Girard School Carnival Good

The school carnival sponsored by the pupils and teachers of the Girard school Friday night proved to be of great interest. The school enjoyed a fine attendance from the community and people had a great time at the various amusement stands.

The school selected carnival queens from the different classes in the High School each class had a class queen. The High School Queen was Betty Lee Simpson who is a member of the Freshman Class. In the Grade School Elwanda O'Keefe was the carnival queen.

Class queens in the grades were: First and Second Grades, Joan Gallagher. Third Grade, Ruth Mayo. Fourth Grade, Lurene Spraberry. Fifth Grade furnished the carnival queen.

Sixth Grade, Carolyn Hunnicutt. Seventh Grade, Ina Louise Brooks. Eighth Grade, Janice Boothe. In the High School classes there was plenty of competition and the classes elected the following ones as class queens:

Freshman Class elected the carnival queen.

Sophomore Class, Mary Pearson. Junior Class, Zula Belle Worthen. Senior Class, Nina Faye Cheyney. It is reported that the gross receipts of the carnival amounted to around \$195.00. There will be some expenses to be paid from that amount which will leave a nice little sum to be used by the school.

Gins At Girard Are Very Busy

There are two gins at Girard and they are very busy since the sunshine came. Monday at five o'clock there were around 60 bales of cotton waiting to be ginned on the yards.

The gins felt they would have around 1,400 bales by Tuesday evening, and possibly would be above that number by sundown Tuesday. Both gins are running 24 hours per day and are doing a very nice job with taking care of the ginning for the farmers.

Cotton was still ginning very tough Monday evening. As the lint dries out the speed in ginning will increase and the farmers will be able to get away from the gins in shorter time.

—BUY U. S. DEFENSE BONDS—

Attendance Reported Down

Supt. E. M. Richardson, of the Girard school, reports that attendance in school is being chopped down quite a lot by the cotton picking. He stated that people must get their cotton out, and that they will do the best they can with those children when they return to school in assisting them to catch up with their work.

He stated the school is running short on teachers at this time as two of the teachers are ill this week. He was able to secure one substitute teacher, and all other teachers are extending their work to include the work of the other teacher out.

Duck Creek Soil District Give Information

"This Land We Defend," the story of American efforts to protect and improve the nation's soil resources, will be presented in a series of ten dramatic programs which will be broadcast over Radio Station KGKO, 570 kilocycles, beginning at 7:15 a. m. Saturday, October 25, R. R. Wooten, chairman of the supervisors of Duck Creek Soil Conservation District, announced today. One 15-minute program will be broadcast each succeeding Saturday at 7:15 a. m. through December 27.

The series, presented by the United States Department of Agriculture, was prepared by the Soil Conservation Service, produced by professional actors and transcribed by the National Broadcasting Company. The musical background was written especially for the series, and sound experts were called upon to reproduce the noises which accompany land wastage—the crackle of burning timber, the wail of the winds which together with the plow created the dustbowl, the pelting of the rains on unprotected farmlands, and the roar of the floods.

"These programs not only present a story vital to American welfare, but they also present it in an entertaining manner," the chairman of the supervisors said. "The series is of interest to the people who farm the land and to the people who live in the cities but who are indirectly dependent on the land for their food, most of their clothing and most of their shelter."

The supervisor said that opening announcement of the series emphasized that soil and water conservation was making America more than ever worth defending. This introductory statement follows:

"On land, on sea, in the air, Americans are determined to defend our way of life. We defend—freedom—freedom of speech and religion, free-

Wheat Farmers, Do Not Overplant in '42

Wheat farmers overplanting their 1942 wheat acreage allotments by any amount will be ineligible for full parity and conservation payments and wheat loans, according to Joe M. Rose, Chairman of the Dickens county AAA Committee.

Under the 1941 program, farmers who exceed their allotment by more than the larger or three per cent of three acres could dispose of the excess acreage within a prescribed length of time and qualify for maximum payments, Rose said in explaining that this tolerance would not be permitted under the 1942 program.

The deduction rate for excess wheat under the 1942 Agricultural Conservation Program has been raised from six times the payment rate specified under the 1941 program to ten times the payment rate. The new deduction rate applies to parity as well as agricultural conservation payments.

If allotments are exceeded by as much as ten percent, the penalty rate will wipe out the entire wheat parity and conservation payments. If the acreage allotment is exceeded by more than ten percent, deductions will be applicable to other payments earned unless the non-allotment wheat farm option was followed, the AAA official said.

Marketing quota restrictions will apply to producers on farms subject to quotas on which wheat acreage allotments have been exceeded in the event a marketing quota on wheat is approved in a referendum next spring. In explaining wheat regulations further, the chairman said that if wheat acreage allotments are overplanted and marketing quotas are in effect, producers will be eligible for loans on only the marketing excess for the farm provided wheat loans are available.

Press Wans Repeal Of Neutrality Act

Action in Time of Crisis The President has indicated clearly the steps that need to be taken now. There are only two alternatives in this battle for the gates of the Atlantic world. We can surrender to Hitler or we can take our place in the line and play our part in the defense of freedom.—New York Times (Ind.)

Straightforward Statement The President's message on the neutrality act is a straightforward statement. There is no declaration of war in any of this, and nothing which involves any greater risks of war than those we now face. There is a straightforward recognition of the actual facts before the United States and of the requirements of the policy from want and fear. We defend our homes, our schools, our churches, our fields and our forests, and our soil. We will defend our land against armed invasion, and we are defending our land against another enemy—an enemy within our borders.

—BUY U. S. DEFENSE BONDS—

The first of the programs will be "The Saga of the Forest," which tells how American forests were ruined in the rush to clear more and more land, how the soil of steep slopes was washed and gullied after its protecting trees were removed, and how today trees are being replaced on millions of acres which should never have been placed under the plow. The woodland was a regular, dependable source of farm income is stressed.

to which the United States has set its hand.—New York Herald Tribune (Rep.)

Neutrality Act Has Failed

Congress would be lacking in any sense of logic if it did not scrap the Neutrality Act entirely. The statute has failed egregiously to accomplish what it was aimed at accomplishing. Instead of keeping the country out of war, it has encouraged Hitler to bring the war to our shores. The only answer to Hitler's challenge is to carry our contribution to the war against him across the seas safely into our associates camp.—Washington Post (Rep.)

End Neutrality

There can be no neutrality in the fight between civilization and degeneracy. Let's banish any pretense to the contrary. Let's junk the whole well-intended but impractical and outdated neutrality law. There can be no neutrality toward a monster. Europe is strewn with the bodies of peoples who tried. We cannot believe Congress will hesitate—let alone refuse—to accept it by giving the President the powers which he asks.—Philadelphia Record (Ind.)

Face the Facts

With the Neutrality Act on the books, our hands are partly tied. We cannot do the job as it should be done. Mr. Roosevelt's message states the flat truth. May Congress, for once and all, give over the destructive pretense of a non-existent neutrality and face the facts as we know them to be.—Baltimore Sun (Ind. Dem.)

We Could not Remain Neutral

The logic of the President's request for revision of the Neutrality Act, so far as it goes, is beyond the reach of any valid criticism. Step by step, we have progressed from the repeal of the arms embargo down through the enactment of the lend-lease legislation, until now it is idle to talk of American neutrality. We have cast off neutrality because in our own interest, we could not remain neutral.—Washington Star (Ind.)

"We Have Found Many ways to Make Trouble for the Nazis in Norway!"

The author of this article is a Norwegian youth who recently escaped from his Nazi-occupied homeland and is now training with the Royal Norwegian Air Force in Canada. Because he still has relatives in Norway who may become victims of Nazi reprisals, his name must necessarily be withheld. He and several other members of the R.N.A.F. reenact the underground activities they carried on at home, and how they escaped, in the latest March of Time film, "Norway in Revolt".

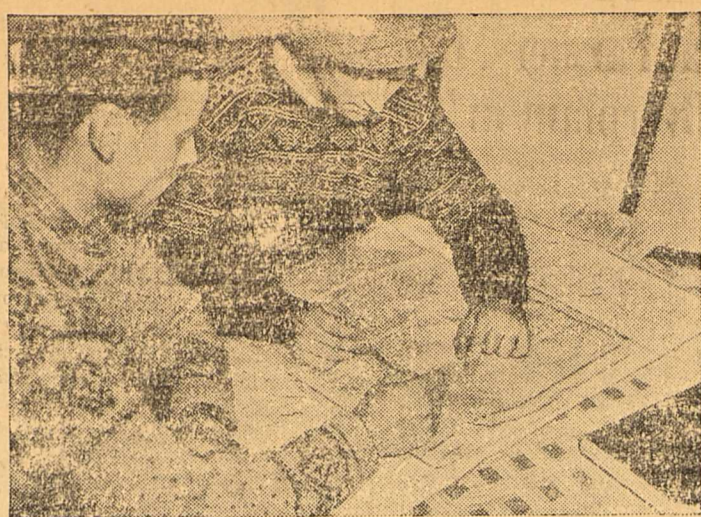

Since the invasion, it has been very hard for all of us in Norway. But it has not been too easy for the Nazis, either. They know that they rule Norway only so long as their machine guns are kept trained on us.

In every town, they must have many Nazi soldiers, for they know that hundreds of Norwegians have arms hidden in secret places and are only waiting for the day when they will turn them upon the Germans.

But the Gestapo agents keep very close watch. No one dares talk in Norway nowadays. Not even to your family or friends. Every day many people are arrested and questioned for hours.

It is hard to fight back when no one has enough to eat. The Germans empty our shops. They take what little food is available and pay for it with their printing-press money that is good for nothing.

But if we are not yet strong enough to fight the Germans

In this reenacted scene from the latest March of Time film, "Norway in Revolt", these two Norwegian youths, now serving with their country's armed forces in training abroad, show how they planned their escape from home by sailboat with the aid of nothing better than a high school map of the North Sea.

openly, we have found a thousand ways of making trouble for them. Everyone in Norway, except a few hundred Quisling traitors, belongs to some underground organization of patriots, which meets secretly in cellars and barns. Every organization in every town prints its own paper to let the people know the truth about what is really going on. It tells them also when to listen to broadcasts from London and from the big short wave station in Boston, Massachusetts — WRUL.

Radios in Forests
All through the forests of Norway, where it is almost impossible for the Germans to find us, many of our boys have set up short wave radio transmitters. These are strong enough to send messages to the Norwegian government in London. And we always report to the British whenever Nazi warships enter or leave our harbors. Of course, if we are caught, they shoot us as spies. But before they catch us, we get much important information through our intelligence officers.

This is Norway's homage to an "Unknown British Flier" who fell during the summer of 1940. In defiance of the Gestapo, the people of Bergen keep this grave covered with fresh flowers every day during winter. Note the snow and the Norwegian flag at right.

Almost every day we send word to the R.A.F. and tell them the best places in Norway to bomb.

Then at night our boys wait to hear the bombers, and when they get near they signal to the planes with blinker lights and help them find their targets.

"It Is Dangerous . . ."

The Nazis are having a great deal of trouble to keep the railroad lines open. The tracks over which they move their supplies cannot be guarded everywhere. So in the country, Norwegian boys have learned how to handle wrenches and crowbars. It is dangerous — but it's worth taking a chance. Anything is better than living like slaves under Nazis and Quislings.

When our men are ordered to build fortifications for the Nazi Army, they don't mind, because they can mix in too much sand with the concrete. In a few weeks the walls will crumble and fall in on their Nazi heads.

Sometimes we even manage to make the Nazis uncomfortable down in Germany. When the Gestapo is not around to check up on shipments, our fish packers season the dried codfish with a dash of nice, tasty kerosene.

The public is always invited.

Sunday morning at 11 the First Presbyterian Church of Spur has been guaranteed a great treat in the welcoming of Dr. J. M. Gordon, Dean of Texas Technological College, to the pulpit. Dr. Gordon has been Moderator of the Synod of Texas, which recently met in the Highland Park Presbyterian Church, Dallas. Dr. Gordon made a great impression during the occupancy of this, its highest office. He was no small factor in the forward step which this recent Synod took in attempting to consolidate the educational system of the Presbyterian Church, U. S. A., with the Presbyterian Church, U. S. A., in the Synod.

While Dr. Gordon has been evaluated Ruling Elder for more than 13 years of the 1st Presbyterian Church, Lubbock, he has been a great Christian and witness for Christ. Teachers who give freely of their talents to their church are rare. They thus multiply their influence tenfold. Dr. Gordon will speak on the subject "What My Church Means To Me."

Everybody who can and especially the teachers employed in the Spur and Dickens County Schools should not fail to avail themselves of this great privilege.

Medical Assistance Dickens County 1940

DICKENS COUNTY 1940
Detailing some of the ways the State Department of Health is aiding each county in the prevention and control of communicable disease, Doctor Geo. W. Cox, State Health Officer, has revealed that the number of specimens examined and amount of vaccines distributed free to Dickens County in 1940 by the State Hygienic Laboratory would have cost \$320.00 if purchased through private laboratories.

"The service rendered to this County is but one of twelve organized services set up to help you," Doctor Cox added.

The other services maintained by the State Department of Health include Vital Statistics, Food and Drug Inspection, Venereal Disease Control, Public Health Education, Tuberculosis Control, Sanitary Engineering, Maternal and Child Health, Nursing Service, Local Health Service, and Administration.

"The assistance rendered this one County in this one division of service will convey to you some idea of the scope of Texas' health program," Doctor Cox stated. "The State Department of Health operates on a state appropriation of four cents per person, which amounts to \$13.88 for this County. When compared to the return from only one of the twelve divisions in the State Department of Health, it is readily seen that Texans are getting much more health protection than they are paying for."

Junior High School News

A contest was held in Junior High School last week. The room that brought the most foodstuffs for the country store at the Hallowe'en carnival was to be given a gym party. Mrs. Latham's room won.

Mr. Williams' room and part of Mrs. Thomas' room had a picnic Tuesday night from six o'clock until eight. It was held in the yard of the O. C. Arthur home. They enjoyed weiners, marshmallows and bottle drinks.

The Duke and Duchess for Junior High at the Hallowe'en carnival were David McAteer and Joyce Williams.

The boys who took part in the Junior High athletic show were: Jerome Byrd, O. E. Byrd, Harold Dempsey, Roland Hairgrove, Morris Denson, Codis Hinsley, Royal Russell, Ted Smith, Johnnie Smith, Eugene Walthall, Billie Calvert, Jim Bob Morehead, Mac Brennan, Billie Wayne Dyess, Bobbie Wright, Hardie Dement, Ernest Roberts, Howard Wilson, J. W. Wilson.

Red Cross Sunday

Next Sunday is Armistice Day Sunday and Red Cross Sunday all over the United States. Every minister is especially requested to either preach on some kindred subject or else announce this fact. The Annual Roll Call will be in Spur and the contiguous communities beginning Wednesday, November 12th, and will conclude Saturday, November 15th. Three times as much as has been the amount in previous roll calls has been assigned the Dickens Chapter. Clyde Walthall is the Roll Call Chairman for Adult subscriptions of not less than one dollar and as much more as possible. All large corporations, ranches, and businesses are particularly solicited for substantial donations. One thousand members giving one dollar each has been our assigned quota. War clouds soar ever low. The President has proclaimed a National Emergency. Every loyal citizen should do his very best to cooperate to the fullest by his spirit to carry on with capital and labor, and in no less measure with contributions to a cause that aids in every way possible the morale of both the men in uniform and the helpless families who have been affected by war disasters. Great Britain, Egypt, and China have during the past few months received \$47,000,000 of Red Cross Funds in material and out of the many shipments only 3 per cent have been sunk by the enemy.

O. C. Thomas is Roll Call Chairman for Junior Red Cross. Every pupil is to be asked to enroll thru the room in which it is. Mrs. O. C. Thomas, the Junior Chapter Chairman, has great plans for the future.

It must not be forgotten that 50 per cent of all Adult memberships will be kept in the county for needy cases of relief the remainder being sent to the National Headquarters for all National and International Relief. Surely no more worthy cause presents itself for the citizens of the U. S. who is truly loyal and who wishes to do big things, in the truly American way, than thru this year's roll call of the American Red Cross.

John C. Hamsay, Chairman, Dickens Co. Chapter American Red Cross.

Scouters Meet For Instruction

A number of men and ladies who are interested in the future welfare and the present training of the boys in the community, met at the High School Tuesday evening to enjoy a course of instruction in Boy Scout work. G. B. Wadzeck, who spent many years in Boy Scout training work, gave a very fine talk on the Boy Scout organization and discussed at length the work of the patrol in Scout work and the work of the den in cubbing. He outlined the work and then brought the purpose of Boy Scout work as developing the individual boy.

It was decided that the Scouters in Spur organize themselves into a troop with four patrols, and this idea was adopted. O. C. Thomas was selected as the Scoutmaster since he is the advancement chairman. George S. Link was made assistant Scoutmaster as he is District Chairman. Mrs. M. H. Brannen was designated to act as Cubmistress and round up that work.

Cecil Fox and Willie McCombs, present Scout masters were elected to serve as patrol leaders and to try to get the parents of boys in Scouting and Cubbing to attend the meetings of instruction which are to be the next four and five weeks. Dee R. Hairgrove and W. F. Gilbert were elected patrol leaders to martial in other people who are interested or should be interested in Boy Scout work from a community viewpoint.

Patrol names were selected as follows:

W. F. Gilbert named his patrol the Eagle Patrol.

Cecil Fox has the Hawk Patrol. Willie McCombs has the Rattlesnake Patrol.

Dee Hairgrove has the Bob White Patrol.

W. D. Starcher was elected troop scribe.

The next meeting of the Scouters for instruction in Scout work will be Thursday night, November 13, or Thursday night of next week. Want the people to be there. The meeting will be in the High School gymnasium and games will be played.

Fast Ward P.T.A. Meet Monday

The Parent-Teacher Association for the East Ward school will hold their meeting next Monday afternoon at two o'clock. The subject is "Education at the Crossroads," and Mrs. Carl Patton is program leader.

The topic is "Helping the Child to Adjust in a changing world—Comment from Historical Worker."

STORE CLOSED NOVEMBER 11TH

In memory of this eventful day Twenty three years ago, we will close our place of business the entire day Tuesday.

We wish for all who take this Holiday a pleasant day and remind you to "Drive Carefully."

Open Wednesday morning and we call your attention to some new arrivals;

Costume Jewelry,
New Crepe Purses,
New Nylon Hosiery,
Feather-warm sleeping garments
Ethel Le Nore Cream Sachet
Many other desirable items.

HENRY ALEXANDER & CO. SPUR

Junior High P.T.A. Meet Next Wednesday

The next meeting of the Parent-Teacher Association for the Junior High School will be held at three o'clock next Wednesday afternoon, November 12. Mrs. Jack Rector is the leader.

The program will be a panel discussion about Suitable Social Life during the adolescent years; social life in the home, school, and community; boy-girl relationships during adolescent years.

The year book provides for this program change and if members will refer to their year books for the November meeting you will see that it is scheduled for November 12.

Lunch Rooms Doing Great Work

The Dickens County W. P. A. lunch rooms are doing their part in meeting the nutritional challenge with which we are faced during the present emergency. Every citizen should realize that assisting children to have better foods and well balanced meals is a step further toward total national defense. A hot, nutritious mid-day lunch enables children to attend school more regularly, scholastic ability is improved and most children have gained weight after eating regularly in a school lunch room. Teachers in many schools have said that in addition to the above results, discipline problems have been lowered and general interest and vitality increased. Another result is that most children have learned to like many foods they have not eaten before.

There are four lunch rooms in Dickens County for which funds for salaries are made possible through the Works Project Administration. Each school receives various staple foodstuffs from the Surplus Marketing Administration according to the number of children being served free lunches. Among the surplus commodities are flour, corn meal, raisins, lard, fresh apples, grapefruit juice, peanut butter, and milk. Each school furnishes a location and equipment for preparing and serving the food. The cost of supplementary food, usually meats, eggs and fresh vegetables, is met through the contributions

of those children who pay for their lunches.

Another advantage of this project is that it releases a nice size payroll in the county each month. From September 9 through October 23, the payroll amounted to about \$780.00. Several new people have been hired recently which brings the total employment in the W. P. A. lunch room to 20. The average monthly payroll is about \$960.00.

The four lunch rooms are located in Patton Springs, Dickens, Dry Lake and Spur. During the period from September 22 to October 31, the four locations served 10,000 lunches. The daily attendance is as follows:

Spur, 200 to 225.
Dickens, 85 to 100.
Dry Lake, 30 to 40.
Patton Springs, 175 to 185.

All lunch room workers are required to have Wasserman tests and each one must wear clean, white uniforms and aprons and caps or hairnets daily. Every lunch room in the county is subject to an inspection for cleanliness and standards of food preparations at any time. All serving and preparation equipment is sterilized in hot water for a period of five minutes each time it is used. Each worker is given special instructions and training for his job and is under trained supervision at all times.

It is to be hoped that the present program will continue and expand so that it can be carried on as a community project when we can no longer obtain assistance from the Works Project Administration.—Contributed.

or We Can Procure It For You

Twenty-three years ago, on Flanders' shell torn fields, a bugle's silver tone brought golden silence to still the cacophony of War . . . a silence, however, epitomized by the grim quiet of the burial grounds with endless crosses, "Row on Row."

Today our nation labors with feverish haste that a barrier may be erected against the thunderous wrath now sweeping a continent in the wake of human hatred. The torch of America is being carried to forever light the path of Peace in this hemisphere.

For twenty three years we have shed no blood in war . . . yet American Motherhood trembles as children kneel in evening prayer for fear that this precious peace may not be maintained . . . That the overseas lightning may yet flash across the ocean with its blighting destruction.

Well today may it be fitting that we add to our pleas before the Almighty's Throne our prayer for a continuation of the Golden Silence that came on this day in 1918 . . . and from the smallest child to the tottering patriarch, add these words to our supplication . . . "And Grant Us Peace . . . Amen"

Your Spanish Lesson
Lesson Three—FORMATION OF PLURALS

"Buenos Días, mis amigos."
"Mis amigos" means "My friends."
In our last lesson we elaborated on our study of the vowels. We combined the vowels a, e, i, o, u, with consonants and we saw how whole words were formed and pronounced, how these vowels never changed in the pronunciation because, as we brought out in our first lesson, Spanish is phonetic and we have just one sound for each letter. We had a short list of words like "papá", "mamá", "mesa," "esposo," and "esposa." We also noticed that when a word ended in "o", we used word "el" meaning "the", before it like "el esposo", "el amigo" and when a word ended in "a", we used the word "la", like "la mamá", "la esposa", "la mesa", and "la casa".

The thrill-a-minute story of the Hell Pilot, who dives Uncle Sam's Flying Bullet.

Magnolia Service Station

D. J. Young, Agent
J. D. Hopkins, Mgr.

In this last word, "casa", you notice that we have the letter "c". If you remember, the letter "c" is one of the three letters I mentioned to you and said they were different from the English in pronunciation. The other letter is the letter "g".

The pronunciation of these two letters depends on the vowels that follow them. For instance, we have the word "casa"; house, the letter "c" being followed by "a", "cosa", meaning "thing", the "c" followed by "o", and "cubo", a pail or bucket, where the "c" is followed by "u". In these cases, where the "c" is followed by "a", "o", or "u", the "c" has the sound of the English "k"; but where the letter "c" is followed by "e" or "i", it has the sound of an "s" as in the word "cena", supper, or "cinco", five.

You notice then that the vowels "a", "o", and "u" make the letter "c" have one pronunciation, that of the hard English "k", and that the vowels "e" and "i" make it have another, that is the soft sound of the letter "s".

With the letter "g" we have the same arrangement. Where "g" is followed by "a", as in the word "gato", a cat, or "o" like "gota", a drop, or "u" as in "gusto", pleasure, it has the soft sound of the English "g" in the word "gas"; but where it is followed by "e" or "i", as in the words "gente", people, or "gitano", a gypsy, it has the hard aspirate sound of the English "h" in the words "horn", "hat", or "hot". The Spanish letter "j" is also pronounced in this way like the word "joven", a young man.

In connection with the pronunciation of this letter "j", we might mention that the Spanish letter "h" is silent, that is, it is never sounded or pronounced. For example, we have the word "hablo", I speak.

For this lesson I would like you to learn well the following words which will be key words for the pronunciation of the letters "c" and "g":

- Cena — Cinco — Casa — Cosa — Cubo
 - Gente — Gitano — Gato — Gota — Gusto
- With this we will conclude our lesson and we will say "Hasta Luego."
"Hasta Luego" — Till we meet again.

Plenty Wild Turkeys In South Texas

It's tough on Game Department trappers, but it should be sweet news to the sportsman—conditions for wild turkeys are so good in South Texas this fall that field men, in the opinion of the Executive Secretary, probably will have a hard time luring many of the big gobblers into the traps.

And this despite the fact that the wild turkey crop this year is better than it has been in many, many years. Wild turkeys are plentiful in that section of Texas, with a heavy accent on the plentiful.

The Department annually traps several hundred wild turkeys in that region and removes them to areas where the turkey supply is low or non-existent. The gobblers are released in good habitats by biologists of the Game Department—in habitats where there is sufficient food and cover and where protection is afforded so that the birds may multiply.

The splendid turkey population in South Texas this year is due to heavy rains which brought food and cover plants up to a high level. Insects also are plentiful. And good protection has been provided on the ranches where trapping operations will be undertaken.

Turkeys are caught by luring them into traps with baits of various grains. In a hard drought year when food is scarce, turkeys take to this "foreign" food fine, and flock by the hundreds into traps. In the fall of 1939, the Department thus caught 551 turkeys and distributed them, and last fall, when conditions were somewhat better, 382 turkeys were trapped.

With so much natural food available this year Department trappers hope to hang up no such good record.

But the Department is less interested in "records" than in the welfare of Texas game. The Executive Secretary and other officials are jubilant over the South Texas turkey crop, as well as the excellent living conditions for turkeys that prevail on the many turkey, deer and other restoration projects the Department is sponsoring over the State.

Glenn News Items

Bro. Lamb preached Sunday and Sunday night October 26, at Duncan Flat. Boll pulling has been in full speed since the weather cleared up. The gin has been running every day and most of the nights here this week. Mrs. Joe Rose spent this week in East Texas visiting relatives. There was a large attendance at Sunday School at Duncan Flat last Sunday. There were some visitors and some new members present. Workers Conference program was held at Duncan Flat Baptist Church Thursday, October 30. Rev. Carl Lamb is the pastor. Theme: Loyalty to Sunday School was discussed by Rev. Clyde Coffman of Bethel Church of Spur, and was enjoyed by all present. Several that were on the program were not present, and several served as substitutes on the program. The program was as follows: Sermon by Rev. W. N. Clark of Plainview. Lunch at 12:00 o'clock noon. Executive Board meeting and W. M. U. session. Prayer by Mrs. Vance Hughes. Loyalty by Rev. Walter Brian of Roaring Springs. Loyalty to W. M. U. by Mrs. Clara Baxter. Loyalty to the Church by A. K. McAlister. Loyalty to Our Denomination caused by J. Lowell Ponder. Song services were conducted by Rev. Parsley. Grandmother Glenn has moved back here. She had been staying with her son at Floydada. She is 83 years old and still works some, and gets around good. There was a traveling picture show here all last week.—Reporter.

East Ward School Notes

East Ward is observing National Defense Week this week. Patriotic programs for assembly Friday afternoon at 1:30 o'clock has been arranged. Mrs. Engleman's pupils will be in charge. Miss Pickens' room won the honors for the best collection of foods for the Country Store at the school carnival Friday night. They were treated to a free picture show at the Palace Theatre by Mr. Lunsford. The East Ward School asks parents who may have children's clothes that they are not needing, to donate it to the school. Anything such as shoes, sweaters, coats, or any little garments children may use. These will be allocated where needed. About 100 pupils from East Ward take their noon lunches at the school lunch room. An extra bus had to be used to convey the children over to the lunch room and back.

Dickens School News

The schools at Dickens were dismissed, Tuesday afternoon of last week for the remainder of that week and for the next two weeks to give the pupils an opportunity to assist in picking cotton. Supt. Lawrence stated that schools will remain dismissed until Monday, November 17, unless the weather gets bad to where the pupils cannot pick cotton. In that case school will reassemble at an earlier date. BROUGHT BACK THE DEER Dr. M. H. Brannen and Attorney O. B. Ratliff returned Wednesday morning from New Mexico where they had been deer hunting. They spent a few days in the Jacirillo Mountains. Each one brought back a fine deer, but there has been no comment on how these deer were acquired.

Molasses No Protection Against Loco Poisoning

Blackstrap molasses is neither a preventive nor a cure for loco-weed poisoning, according to Dr. H. Schmidt, Chief, Division of Veterinary Science, Texas Agricultural Experiment Station, Agricultural and Mechanical College of Texas. To correct an opinion held by some stock owners, he points to results of a recent investigation carried on by the Texas Agricultural Experiment Station in cooperation with the U. S. Department of Agriculture. Reports from cattlemen that addition of molasses to the ration seemed to provide some protection from locoism for animals grazing in loco weed infested pastures, caused Dr. Frank Mathews, in charge of the Loco Weed Laboratory at Alpine, Texas, to conduct definite investigation. Sixteen cattle were turned into a loco-infested pasture. Five were fed blackstrap molasses at the rate of two pounds per head per day; the other 11 received 2 pounds of cottonseed cake each as a supplement, but no molasses. Close observation and records of grazing habits were kept for the duration of the test. Within 12 days after the experiment was begun, every one of the five molassesfed cattle was grazing the loco weed, and within two months, three were so badly locoed that it was necessary to remove them to another pasture to save their lives. Three of the 11 cattle that had not received

molasses were similarly affected and had to be turned into a pasture free of loco weeds. Doctor Mathews points out that when other green feed became available early in spring, cattle still on the loco-infested pasture stopped grazing loco weed. As a further test, a 500-pound cow in a pen was given dry loco weed, alfalfa, and molasses fed as a mixture for five weeks, at which time she was showing the advanced stage of the disease. On the strength of these experiments, the investigators concluded that blackstrap molasses has no value as a preventative of locoism.

MESSAGE OF APPRECIATION We wish to take this means of thanking each, and every one, who so graciously assisted us, when our dear father passed on. If it were not for such good friends, to come to our rescue, we wonder how we could go through such a trying time. Especially do we thank and will never forget those that helped us the last moments. Elmer Edwards and family. Mrs. Bud Allison and family.

Visits Parents Here

Julian Boothe visited his parents, Mr. and Mrs. Homer Boothe, here over the week end. This was the first opportunity he has had to come back to Spur since he volunteered his services in the Army Air Corps at March Field in California, in August, where his brother, Sgt. Larry Boothe is stationed. Julian is now stationed at Sheppard Field, Wichita Falls, for primary training in mechanical division of 406th School Squadron.

Big Crowd Attended School Carnival

There were a great number of people in town Friday night to attend the school carnival given by the Spur schools. There was plenty of amusement of many varieties and people showed their sporting blood by trying out all the tricks the school children had outlined. There was nothing under cover and if people failed to make good they were good sports and said, it was part of the game. Until all expenses have been taken care of no one knows how much were the net receipts. The play, "Village Band," given by members of the Spur School Band was a very fine number. It represented the small town band very accurately and people enjoyed several good laughs from this play. The School Band furnished several selections during the carnival.

Carl Huckabay Buried Wednesday

Ivy Carl Huckabay, son of Mr. and Mrs. A. C. Huckabay, was buried at Dickens Wednesday afternoon of last week. Rev. H. L. Burham conducted the funeral services at the Dickens cemetery interment followed with Chandler Funeral Home in charge of arrangement. The deceased is survived by his parents and three brothers: R. V. H. C., and J. D. and two sisters, Jessie Faye and Corra Lee, all at home.

Makes Your Photos Look Like Life

Mrs. Bill R. Cathey, of the Art Studio, who has recently completed a color course with the privilege of a private instructor who saw that every little detail was perfected. Mrs. Cathey has done quite a lot of this work recently and is now readily recognized for her ability in doing "Modern Portrait Painting." This new and beautiful work is done by hand and brush with transparent oils of marvelous richness. Mr. and Mrs. Cathey came to Spur a little more than two years ago to establish the Art Studio. They have worked together diligently to build up a successful business here, and have made excellent progress in the photographic field. They are anxious to show their appreciation to the people by giving them good service and the best type of photos of modern times.

CHRISTIAN WOMAN'S COUNCIL

The Woman's Council of the First Christian Church met in the home of Mrs. Nellie Davis Monday, November 3. The subject of study was "Democracy and Christian Leadership." Mrs. McGee gave "Tasks to be done for Democracy in America." Mrs. Giddens discussed "Ways of Working through Christian Democracy." Mrs. Fox talked on "Agencies through which we may work," and Mrs. Elkins explained "Our Cooperative Service through the Church." The hostess served coffee and cake to those present.—Reporter.

State Transportation Aid Received

The County Board of Education received the second payment of State Transportation Aid last week. This amounted to \$2,109.00 and will be distributed out to the various schools according to number of transportations. Grade pupils who ride buses draw \$1.50 per month each if the district contains less than 100 square miles. High School pupils receive \$2. per month each.

Meets Many Former Friends

M. M. Morris, of Canyon, spent some time here the first of the week securing birth certificates for his children and meeting former friends. Mr. Morris settled in the Afton country about 1907 and spent 12 years as a citizen of the country. He moved away in 1919 and has been at Canyon the past few years in order to get advantages of sending his children to college.

This KING of All Cough Mixtures

Acts Like A Flash The King of all cough medicines—Buckley's CANADIOL Mixture—has been used for years in over 70% of Canada's homes. Fast working, triple acting Buckley's Mixture quickly loosens and raises phlegm lodged in the tubes—clears air passages—soothes rasped raw tissues, one or two sips and worst coughing spasm ceases. You get results fast. You feel the effect of Buckley's instantly. Compounded from rare Canadian Pine Balsam and other soothing healing ingredients Buckley's CANADIOL Mixture is different from anything you ever tried. Do get a bottle of this great Canadian cough medicine today at City Drug Co. or any good drug store on our standing guarantee of satisfaction or money back.
