## J. Ross Bell Asks to Be Chief Justice

J. Ross Bell, prominent attorney, was in Spur this week greeting former friends and soliciting their support for the high office of Chief Justice of the Court of Civil Appeals of Texas. This Court, which includes jurisdiction over 46 West Texas counties, is located at Amarillo. Chief Justice Jackson, the present incumbent, will not be in the race for re-election.

Judge Bell is well known in this section of the Seventh Civil Appeals District. He served as District Attorney for Dickens County while we were under the jurisdiction of the old 50th Judicial District, and he did a good job in the office. He has been in Childress the past several years where he has been associated with one of the strongest law firms in West Texas, and his success before the courts of Texas has been commendable. In making his plea for the support of the electorate Judge Bell stated that his only purpose, if elected, is to give the people a good and impartial Civil Appeals Court for the Seventh District.

## Golfers Enjoy Great Time

Considering the number of people on the golf course Sunday afternoon, it would seem that the fever is growing with many of the players. Teams were so numerous that many times waiting was required before some could drive off.

Bill Andrews feels considerably encouraged and thinks he is improving. He stated he broke 50 and was feeling good about it. Dodge Starcher is going to have to pay extra according to the membership committee. He landed three drives in the fairway in one round and may have to pay extra for it as he had been using the roughs before that.

But everybody ought to get their dues paid and then get out and enjoy some real thrills on the golf course. It's lots of fun.

## Spur FFA to Enter Fat Sock Show

## Spur Scouts Enter Area Contest

A first aid team of Boy Scouts went to Lubbock Friday afternoon where they entered a first aid contest in the South Plains Area Council. They were accompanied by their Scout Master, W. N. McCombs. The team was composed of Wade Gilbert, George Walker, Alfred Walker, Doyle Akin and William D. Starcher, Jr.

The Scouts made a fine showing in the contest. All teams were required to score 320 points to be considered. Spur team scored 364 points out of a possible 400 points. Their rating was not announced as compared with other teams. First Aid is part of the work of the Spur Scouts, and Scoutmaster McCombs is very strong for it. There have been 25 Scouts registered for the new year, and 19 of them were present at the Scout meeting Monday night. Two of the Scouts registered that evening which would make the number 21 present of the 25 registered.

Three new Scouts have come into the Troop. They are Billy Mason, Donald Webb and Wayne Baber.

## Interscholastic Events This Week

The remainder of the contests in the County Interscholastic League events will be conducted this week. Among these will be the Volley Ball contest which will be held at Patton Springs School gymnasium tonight, Thursday. The games will be called about 8:30 o'clock, and there will be at least two contests during the evening. An admission charge of 15 cents will be made for these games.

The contest in choral singing will be in Dickens Friday night, April 3. The program will begin at 8:30 o'clock with three choruses in the contest. A small admission charge of ten cents per person will be made to assist in defraying expenses.

The contests in tennis and playground ball will be held at Spur Saturday. Contestants will assemble in the High School auditorium at nine o'clock to hear the special announcements. There are a great number of contestants who will take part in these exercises. Public invited. No admission charge at any of these events.

## Age Limits Lowered For Army Officers

This is a young man's war. In the "Last World War" a man had to be 21 years old to be commissioned as a Lieutenant, or higher. Now he has to be 18 years old upon the end of his Officers' Training School.

That explains why 18 and 19 year old men are not waiting to be subject to draft. They know if they get in now, that they can be eligible to apply for Officers' Training School at the end of three months and they may be commissioned long before they reach the advanced age of 21.

This paper doesn't believe a boy should quit high school for any purpose. But if he is 18 or more, and has graduated, or if he is 18 and has quit for some other reason, then it seems to us that he is a man in a man's world—and one that recognizes that a man of 18 is better able to do a lot of working in this war than an old timer. And that a good place for him is in the Army as a Volunteer, taking advantage of the opportunities open to him, to rise as high and as fast as his own abilities and hard work will take him.

## NOTICE TO PEOPLE

There is a family in the community that needs help. If any one has any good second hand clothing that will be practical for a boy aged eight, and a girl aged six, please get in touch with Mrs. Dave Wilson, or Mrs. R. C. Brown. These two ladies will see that the family gets the clothing.

## NOTICE TO THE PUBLIC

Services at the Church of Christ have been set up one hour. Sunday School will begin at 10:00 o'clock Sunday morning and preaching services at 11:00 o'clock. Every one is invited to attend.

By Church Board —BUY U. S. DEFENSE BONDS— Mrs. R. J. Rowe, of Kaufman, was in our city last week as a guest of Mrs. Roy L. Harkey.

**Literary Events of County Meet**

The literary events of the Dickens County Interscholastic League were conducted at the Spur High School Friday. There were a great number of entries in the various contests and every event was a thrill.

The various contests started at nine o'clock Friday morning with a general assembly in the High School auditorium. E. M. Lawrence, County Director General, made the necessary announcements and gave such preliminary instructions as were thought wise. Then the pupils went to the various places of assignments and entered into the work, each one with a determination to win first place. All did not win first places, but every one made the problem of selection hard on the judges to say who did win first places.

First place contestants will enter the district contests at Lubbock in April to represent Dickens County. All second place contestants are to be alternates in the district contests.

**Why Farmers Should Plant Their Full Allotted Coton Acreage**

Secretary of Agriculture Wickard has called upon the cotton growers to plant their full cotton acreage allotment—4,000,000 acres more cotton than was planted last season, because the United States vitally needs more of the products of cotton and cottonseed.

Many farmers under-plant their allotment from 1 to 3 acres, figuring that this small reduction does not amount to anything. Now figure this in a County where there are 2,000 farms, each farmer under-planting his allotment 2 acres, makes a total of 4,000 acres in the County. If the cotton produces one-half bale per acre that means 2,000 bales of under-production. Out of this 2,000 bales of cotton there would be produced 800 tons of cottonseed.

From this 800 tons of cottonseed there would be produced 200 bales of cotton lint for munitions; 240,000 pounds of cottonseed oil (4 tank carloads) for food; 260 tons of 43 per cent protein cotton seed cake and meal for livestock feed; 200 tons of cottonseed hulls for livestock feed.

Now multiply this by all the counties in Texas that produce cotton. Of course, many of them do not have as many as 2,000 farms that plant cotton, but many of them have more than 2,000 farms with cotton planted on them. Anyway you can see that if every cotton farmer would plant his full cotton allotment, even though it is only 2 or 3 acres per farm increase, when it is all added up it amounts to quite a volume of cotton, and the products, especially the linters, the cottonseed oil, and the livestock feed will be needed, and doubtless the cotton itself will be needed, since as of next Aug. 1st there will only be a carryover of 10 million bales of cotton.

May we urge every farmer to give serious consideration and plant his full cotton acreage allotment, which will be a great assistance to the National Defense as well as profitable to yourselves and the country at large.

**Patton Springs School Leads in Athletics**

All schools in Dickens County were represented in the Athletic Division of the County Interscholastic League meet in Spur last Saturday. Events were started early in the morning and various divisions were kept going until around two o'clock in the afternoon when all events had been completed.

Patton Springs lead in the High School division capturing 56 points in the various contests. Dickens was second with 42 points and McAdoo was third in line with 19 points. Spur schools did not enter the athletic events in the county this year, being a Class A school. Spur was to have entered the district contests but on account of the scarcity of tires makes transportation uncertain and Spur schools did not enter the district for that reason.
