District Swim Meet Carried Much Interest

The annual swim meet of the Breaks-Plains District of Boy Scouts held at Spur Friday afternoon, was one of great interest. The swim meet started about two o'clock in the afternoon and was finished before six o'clock. There were three divisions in the meet. The Juniors who included ages 12 and 13, the Intermediates who included ages 14 and 15, and the Seniors who included the ages above 15 years.

After the meet the scouts enjoyed a chicken barbecue at the Swenson Park just north of the pool. All of them were ready for something to eat after they had finished the contest. The barbecue consisted of more than 100 chickens and was prepared by George S. Link and W. D. Starcher. More than 100 people were served.

The ministers of the town were guests at the occasion and all stated that the work in Boy Scout training was very worthy and worth while. Some of the ministers acknowledged that they should take more interest in the work.

Kelley in Spur Saturday, July 11th, July 18th, or July 25th.

ABSENTEE VOTING STARTED MONDAY

Absentee voting for the first Primary in 1942 started last Monday. There were many people who were ready to cast their ballots on account of expecting to be out of the county on election day July 25.

Under the law absentee voting begins not more than twenty days before the election. The last absentee votes which can be cast in Texas under the law will be Tuesday, July 14. Any qualified voter may cast an absentee ballot up until twelve o'clock midnight of that date.

To The Voters Of Dickens County

It is very unfortunate that when a citizen enters into a campaign asking the voters of his respective County for their vote and influence to assist them in securing a job for the purpose of supporting their family, that there is always some one who opposes them that is ready to make or cause to be made some statement, that reflects untruth regarding character, citizenship, and loyalty to their friends, county, State, and Nation.

It has been brought to my attention that certain individuals are circulating the propaganda that I am a Conscientious objector, this could be for no other reason than to reflect upon me during this serious time of war, this individual or individuals as the case may be realize that every person now is placing their first thoughts to the war and the winning of the war and undoubtedly they think this will effect the general public more than any other statement, and they could only have one reason this would be for selfish gain.

THE TRUTH OF THE MATTER IS when I filled out my questionnaire offering my service to my Country, when called upon, I DID NOT SIGN AS A CONSCIENTIOUS OBJECTOR, which was one of the questions asked. I have a wife and two daughters, and was classified in 3a by our local board, of which you will find all men of my age with dependents and like surroundings in the same class. I oppose war. Yes, so does all real Americans, but I am ready to serve my Country and my fellow man when condition requires it as I am on this occasion where my loyalty and citizenship has been attacked.

When men of my status are called, I will be glad to go, and if elected to this office, upon leaving shall leave the affairs in hands of proper authorities, with the understanding on the war issue, and my other qualifications, I sincerely solicit your vote and support.

Respectfully yours,
Jack Gipson
Candidate for Sheriff,
Assessor & Collector
of Dickens County

A New Historical Marker

Postmaster Arthur set a record July Fourth since he was the only postmaster in Spur ever to hold the postoffice open on that day. Regular hours were observed all day of the Fourth in accordance with a decree sent out by the Post Office Department the week before.

In speaking of the day Mr. Arthur stated that all day they did not write a single money order. He stated further that during the entire day they did not sell ten dollars worth of stamps, and about the only service the postal department in Spur rendered during the day was to people who secured mail at the General Delivery window.

Postmaster Arthur said that the Fourth just past was the only day in his history as postmaster that he did not sell a money order. The summing up of the day's work in the postoffice in Spur during the Fourth was, that it was not even a one man job all day. However, the postal clerks were on the job and would have served the people if and when called on.

GOVERNMENT LOANS ON BARLEY

The A. A. A. has announced a Government Loan on Barley at the rate of 55c per bushel for No. 1 Barley where stored on the farm or in approved warehouses.

Farmers who have stored Barley on their farm in bins approved by the A.A.A. may make application for the loan at the County A.A.A. Office.

Mr. and Mrs. James B. Reed returned Monday night from El Paso where they had been visiting Rev. and Mrs. Fred Cairns. Mr. and Mrs. Cairns have a new son, and Mr. and Mrs. Reed report that the mother and baby are doing fine.

Rubber Pile Was High In County

The disposal of old rubber through the war campaign in Dickens County was rather astonishing to many people. There were many tons of old waste rubber turned over to help along with the war program. However, there is quite a lot yet that should be turned over to our government while the price is right, and people should take a few hours and get the remainder on the market. Many homes in the county have old automobile tires and tubes lying around which are positively worthless there, but will be available if placed with our government in the war program.

The President has extended the time of bringing in the old rubber until July 10, which is Friday of this week. Try to get the old rubber in by that time. It is worth \$20 per ton.

Communities disposing of old rubber in the country up until last Wednesday are:

- McAdoo, 8,291 pounds.
- Glenn, 4,400 pounds
- Afton, 5,567 pounds
- Elton, 700 pounds
- Dickens, 10,628 pounds
- Spur, 55,313 pounds.

The above makes a total of 84,899 pounds, more than forty tons. This will enable the war program to go forward in various ways. Let's get in the remainder of the old waste rubber, get a little money out of it and get junk away from the farms.

GOSPEL MEETING AT DICKENS

There will be a gospel meeting at the Church of Christ in Dickens starting Friday night, July 10, and continuing through Sunday, July 19. Claude A. Guild, of Albany, Oregon, will do the preaching. Hear this missionary speak on living and preaching among Marmons.

Texas Defense Gunds Receive New Guns

Company D. of the Texas Defense Guard, received a shipment of new 12 gauge shotguns last week. They will be used to supplement the individual 30 cal rifles which members of the Company own. The guns are in fine working condition and with buckshot loads they become very deadly at even long range. On July 4th, the Company used the new guns on a rabbit drive. From the number of rabbits killed it seems that marksmanship is not lacking in the Company. A large number of rabbits were killed and this is to serve warning on saboteurs and fifth columnist that they will not be safe in this part of Texas. At a later date the Company will also receive some sub-machine guns and some new rifles.

Members of the Guard who have gone into the armed services of the U. S. A are receiving special consideration in advancement. Others who have gone into the Armed Service without Defense Guard training are advising those who do not belong now to get in at once. They know that they will need training.

By a late memorandum from the Adjutant General's office the age limit has been lowered to the age of 16 years. The young men of the community are particularly urged to enlist at once. The Company meets once a week at 8:30 P. M. on Tuesdays. Join now! Serve your Nation at home.

DR. BAKER COMING

Dr. Fred R. Baker is announcing that he will be at the Hotel Wilson Monday afternoon and Tuesday, July 13 and 14 to see people about their eyes. Dr. Baker has been coming to Spur every month. He says Spur is one of his headquarters.

New Grocery Store To Open In Spur Soon

C. R. Walthall is arranging to open a new grocery store in Spur in the Dunn building just north of the Campbell Funeral Chapel. For several weeks Mr. Walthall has been working, and has had men employed to refinish the building and make it have a nice appearance.

The building has been finished in white inside and the awning at the front has a new coat of paint, all of which makes everything look attractive. All fixtures in the store have been finished in white, and it could be easily called the white grocery from the inside appearance.

There will be a market counter where fresh and cured meats may be obtained. Also a vegetable and fruit counter at the front of the building where fresh vegetables and fruits will be available all the time. New stocks of groceries are being received every day and are being placed in the shelves as they arrive.

Mr. Walthall stated this week that he plans to open business to the public Thursday of next week, July 16.

Mr. Walthall knows the grocery business. He was manager for the local store of Safeway for seven years, and was manager for that firm in San Angelo several months. He has many friends here, and many of them have expressed themselves in his favor relative to the new business here.

Watch for further announcements next week about this new business.

Sugar Bonus Thought To Come Soon

Report comes that it is thought that Washington authorities soon will declare a permanent bonus of one pound of sugar per person for every three weeks. This comes from rationing officials who declare that supplies for the next six months should be at normal.

A bonus of two pounds per person has already been declared for the next six weeks beginning July 10. This is an addition to the regular dose of a half pound per week per person. It is estimated that about 50 pounds of sugar is available per person for the next six months. This is about the normal peace time consumption.

The office of Price Administration has received some severe criticism relative to the rationing of sugar because of the report that warehouses at this time are bulging with sugar that cannot be placed in circulation. One official reported that shipping from the Caribbean and Hawaiian area about normal despite the present critical conditions. It is said due to this, that the bonus might even be increased to a pound per week if deliveries keep up at the rate they have the past few months.

Duck Creek Soil Conservation News

The office of the Duck Creek Soil Conservation District and of the Soil Conservation Service has moved from the Campbell Building to the lower floor of the Masonic building, just two doors north of the Palace Theatre. There are 4500 acres in the farms listed above. Applications for soil and water conservation plans were received on 4400 acres.

W. R. Williams and T. B. Watson have completed their water facilities. They have installed overhead storage tanks and piped water to their houses and barns.

Miss Lillian Rape, of Nichols Sanitarium, left the last of the week for Plainview where she will spend a visit with Mr. and Mrs. Ed Hart.

Good American Citizens Of Dickens County

In May we made our bond quota. In June we failed. Are we going to fail in July? Our quota is \$21,200.00 for July. Again we appeal to every person in Dickens County to buy Stamps and Bonds.

Specially we now appeal to the men and women who have money and who have up to this date failed to buy Stamps or Bonds. We want you to buy them in this month, July. If you don't, you are not a good American Citizen. We are fighting because the Japs stabbed us in the back, and we fear they may invade our shores. The Japs say they will dictate the peace terms in the White House. What do you say, men and ladies who have money, and thus far have not bought a Stamp or Bond. If you don't buy in July there will be a committee to see you. Please, don't let this happen.

Dickens County must do it's part in this war. This above message, also applies to all ranches in this county, all business firms in the county and owners of property who live elsewhere.

Spur Enjoys A Quiet Fourth

As had been previously advertised, all business firms in Spur closed Saturday in observance of our national birthday, July Fourth. The decree which was passed two weeks before by the business men in Spur, was more thoroughly carried out this year than it had ever been in any previous time. If you had not secured your gasoline Friday before, you were in good condition to stay on your feet the Fourth as all stations closed for the day.

People rested generally. Some, by having two days adjacent, went visiting and enjoyed friends and relatives they had not seen in a long time. Some played golf and some boasted of going fishing, but of course, the fish stories have to come in on the program in the usual way. The only excitement was in the Flat when a Negro woman stabbed her husband and then beat the Sheriff's Department to the draw by getting away. Some one said that the woman should not be condemned for that since it was a wife's privilege to do what she pleased with her husband.

Negro Stabbed In Serious Condition

George Thomason, Negro was stabbed in altercation in the Flat Saturday evening. The report is that his wife, Gladys Thomason fell into her husband in a disagreement and Thomason was stabbed in a very painful and dangerous manner. He was rushed to a local sanitarium where first aid was rendered, and was taken to his home in the Flat Sunday afternoon.

The wife made her get away before the Sheriff's Department was informed of the incident. She had not been apprehended Monday and it seemed that she had successfully evaded the law.

Thomason and his wife had been married about a month. She came to Spur last fall during the cotton picking season, but no one seems to know whence she came.

Fred Martin who has been working on the Highway Department at Paris for a long time, arrived here the last of the week to spend a while with his parents, Mr. and Mrs. Cal Martin.

Miss Nell Francis, who has been teaching in the City Schols at San Marcos and doing special work in the University of Texas, arrived here, the last of the week to be with her mother, Mrs. W. B. Francis.

Mr. and Mrs. S. M. Newberry, of Lubbock, were week end guests of Mr. and Mrs. John King Jr.

Mrs. Derrick made the trip from Tennessee to Texas alone and reported she was not tired when she arrived. She is 83 years of age, or possibly we should say young, since she is capable of withstanding exertion that younger people would shirk from. Mrs. Derrick is plenty capable of doing quite a lot of work, and says she is happier and feels better when she has some work to do.

Funeral For Miss Cammack Sunday

Funeral services for Miss Rosa Cammack, 66 were held at Matador Sunday afternoon at 2:30 o'clock. Rix Funeral Home of Lubbock was in charge of arrangements. Interment was in East Mound cemetery at Matador.

The survivors are six brothers: John Cammack of Nara Visi, N. Mexico, Mack Cammack of Denver, Colorado, Dr. Bragg Cammack of Hollywood, Calif., Webb Cammack of Lubbock, Judge W. R. Cammack and T. E. Cammack of Matador; three sisters: Mrs. Vera Rhodes of Amarillo, Mrs. W. M. Teal of Dallas and Mrs. Wesley Kleinschmidt of Canyon.

Miss Cammack had been making her home in Hollywood the past few years. She had come back to Texas to visit her brothers and sisters and had planned to return to Hollywood to continue her home. She was found dead in bed at the home of her brother, Webb Cammack in Lubbock, Friday morning. Not reporting for breakfast her brother went to her room and found her dead.

She was a daughter of the late Mr. and Mrs. T. N. Cammack, and comes of a pioneer West Texas family. When her mother passed away several years ago, she gave up the idea of ever having a home of her own and devoted her life to the care of her younger brothers and sisters. She was both mother and sister to them, assuming the responsibility of keeping her father's home for him. After her father's death and the children became grown and had homes of their own he still retained the old home where they could come and visit and be together.

She was employed many years by the firm of Harry Willett & Company, a large drygoods concern at Matador. Later she held positions in Lubbock, then a few years ago retired from business and had been making her home in Hollywood where her youngest brother, Dr. Bragg Cammack, whom she had educated as a physician, is living. She had her own home in Hollywood where any of the children might visit her when they could.

She was a devoted member of the Missionary Baptist Church and attended the services and gave liberally of her means towards its support. She had a pleasant word for everyone and was loved by all who knew her.

The Soil Conservation Service Office, which has been in the second floor of the Campbell building since it was established in Spur, has moved to the first floor of the Masonic Building first door north of the Times Office. Supervisor E. D. Cook and other members of the office force spent Thursday and Friday getting moved, and possibly most of the Fourth getting things arranged for business Monday.

In speaking of the move Mr. Cook stated that the present location gives them plenty of room to have all the office equipment at one place. In addition they have plenty storage room in the back of the building to store their cars and pickups which are used for field work.

They are getting things arranged very nicely and soon will have everything adjusted as it should be. Mr. Cook stated that being on the first floor was quite a convenience as people could find their office very easily now.

The Soil Conservation Service office here serves all of the territory of the Duck Creek Soil Conservation District which takes in portions of Dickens, Crosby, Garza, Kent and Stonewall Counties, and service is being rendered to some extent to King and Motley Counties.

Mrs. Swaringen will be at Riverside which is nine miles from Camp Haan until her husband is called abroad, then she will return to Spur and remain with her parents.

Mr. and Mrs. Dick Speer and daughter Marion, are at Jacksonville, Florida, at this time enjoying a vacation and rest. Word was received from them says that they are enjoying a great time. Mrs. Cal Martin accompanied them as far as Montgomery, Ala. She was enroute to Columbia, S. C., to visit her son Lieut. Everett Martin, of the U. S. Army Air Corps, who is leaving soon for another place.

The Secretary of the Rationing Board is asking people to cooperate in the above outlined program and thereby assist with the work. The Rationing Board is serving the people free in order to help with the war program and to assist the people all they can. The Board feels that all will cooperate.

Star Is Typical American Girl

Prescilla Lane, co-starring with Robert Cummings in Universal's "Saboteur," is a feature character who wins the favor of all who see her acting. The "Saboteur" is completing a two days run at the Palace today (Thursday), and it is a picture which gives much information relative to the Nazi spy rings in this country. It is reported to be a true story, and it gives the public the best idea of why our government is having to be so careful about so many things. If you have not seen "Saboteur," you will want to see it at the Palace this afternoon or tonight.

Miss Lane was selected for the roll by Director Alfred Hitchcock because, in his estimation, she is more truly representative of the typical American Girl than any other Hollywood actress. Best known to theatre goers for her light comedy portrayals, the young star demonstrates in "Saboteur" that she is equally capable of handling serious flying for the camera planes gave our student pilots some valuable practical experience in aerobatics."

JAMES CAGNEY Starring in the Picture Production "Captains of the Clouds" Showing at the Spur Theatre Preview Saturday Night and at the Palace Theatre Sunday and Mon.

Heading the big cast playing in support of Miss Lane and Cummings in "Saboteur," which is presented by Frank Lloyd Productions, Inc., is Norman Lloyd a new comer from the Broadway stage.

Mrs. W. J. Clark Buried Saturday

Funeral services for Mrs. Roxane Clark were held Saturday afternoon at two o'clock at the Church of Christ in Dickens. M. E. Tisdell Minister at Petersburg was in charge of the services. Interment followed in Dickens cemetery with Chandler Funeral home in charge of arrangements.

Active pallbearers were: Fred Christopher, Ernest Noland, Bill Dodson, John Blakely, Hallett Holly, and Buster Arthur.

Two brothers, Milt Nobles of Dickens, and Hall Nobles of Katency; and one sister, Mrs. L. F. Clark of Eldorado, still survive. There are 20 grandchildren and 14 great grandchildren in the family.

Mrs. Clark was a native of Texas and was born in Bell County May 2, 1868, being 74 years of age last May. She was a daughter of the late Mr. and Mrs. Ben Nobles who made their homes in Bell County. She and Mr. Clark were married in Mason County in 1884 and made their home there a number of years.

They moved to Dickens County in 1901 and had lived here since that time, being citizens here 41 years. Mr. Clark passed away seven years ago and Mrs. Clark continued to make her home on the farm just south of Dickens, having a brother living with her and assisting her with the management of the farm.

She professed Christ about 50 years ago and became affiliated with the Church of Christ. She was a devoted member at the time of her demise and was always faithful to its teachings and ordinances as long as she lived. She exemplified her Christian attitude toward those with whom she came in contact, and always manifested the western spirit of hospitality.

Mr. and Mrs. I. S. Clower, who have been living at Girard, have moved to Dickens. They visited the Times office and had their Times changed to their new address, stating they enjoy the Times and cannot do without it very well.

Mrs. J. J. Lilly, north of town, has been confined to her bed several days on account of illness. She stated Saturday that she was feeling much improved and felt she would be all right soon.

Henry Hext, of Abilene, wrote the Times Office this week that he had moved to a new location. He is now at 433 Sewell Street, Abilene. Recently he has been having a hard time getting his Dickens

County Times as he was not located very long at any one place, and the postal department will not honor second class mail if the street address has been changed.

Mrs. J. W. Bright, of Ceresca Springs, is here visiting her daughter, Mrs. W. J. Elliott, Jr., and Mr. Elliott. She will be in this community several days visiting friends.

A MESSAGE OF APPRECIATION

We take this means of publicly thanking our friends for the assistance you gave us during our sad bereavement, in the loss of our dear mother. The words of encouragement, and your willingness to assist in so many ways proved your friendship. We thank the Doctor, the undertaker and the minister for their fine service. May God smile on all of you.
