Spur, Dickens Co. Texas, Thursday September 10 1942

VOLUME 18.

NUMBER 45

Spur Schools Start Session Monday

Starting with a complete faculty Spur schools opened the regular 19-42-43 session Monday morning with lots of enthusiasm and interest. All pupils seemed to be anxious to get back into their school work and teachers seemed equally as anxious.

Pupils of both Junior High School and the High School convened in the High School auditorium for the opening exercises and announcements. Rev. H. L. Thurston, pastor of the Methodist Church, gave the invocation. Rev. Thurston announced that each morning the bell on the Methodist Church building rang each morning at nine o'clock as a time of prayer. He admonished people to take time for a moment of prayer for our nation.

Superintendent O. C. Thomas made a short talk asking that both pupils and parents cooperate to make this a good school term. Among the first announcements he made was relative to the Parent-Teachers Association. He said the first meeting will be held at the High School Tuesday evening, September 22. Teachers of both High School and the Junior High School are going together to make one P. T. A. unit and would have their programs together this year.

The next announcement Mr. Thomas made was relative to the school lunch room. He said it would not be in operation for about three weeks yet. There are some arrangements to be worked out yet.

He announced that school would start each morning at 8:45 o'clock. Lunch time would be from 11:40 until 12:25 each day. He stated this time has been adopted in order to let pupils out early each afternoon to pick cotton. He said he is hoping to avert the necessity of dismissing school to pick cotton since that would brake into the school work greatly. He stated that pupils who will get on the job can pick lots of cotton after school hours and on Saturdays.

He introduced the teachers in the Junior High School and then in the High School. Most of the faculty this year is made up of new teachers. Half of the teachers in Junior High are new and there are only three old teachers back in the High School. This leaves eleven new ones there.

Robert Williams, Principal of Junior High School, made the announcements for that school. Robert King, High School Principal, made the announcements for that school.

It is requiring a few days to work out a schedule for all pupils in various courses. Spur High School has a broad curriculum for a school of this size and pupils have to do lots of figuring to get in all their work.

Ten Per Cent Rally Friday Night

There is a meeting called by the chairman of the Ten Per Cent committee for all business men to be present at a meeting at the Spur Security Bank building Friday night at 8:30 o'clock. The purpose of this meeting is to work out a program whereby each employee is to use ten per cent of their salary drawn to buy War Bonds and Stamps.

The Treasury Department at Washington has requested that all persons drawing a salary allot ten per cent of the amount to this cause to help win the war. A plan will be worked out at the meeting Friday night which will make the task easy on all persons on a pay roll.

ATTENDED CHURCH HERE

Visitors in Spur who attended the week end church services were Mr. and Mrs. Bill Parks and little daughter, of California. They were here visiting his parents, Mr. and Mrs. H. J. Parks, east of Spur.

And Mr. and Mrs. Cliff Hinson and children, of Calgary. Possibly there were other visitors at church services in the various churches, but were not reported.

Downtown Sunday School Class Organize

Last Tuesday evening at 8:30 o'clock the downtown Sunday school class met in the Dickens County Times news office and made plans for some real growth in the Sunday school class which meets each Sunday morning at 9:45 in the Spur Theatre. One of the attractive features about the class is that some outstanding singer bring a special message in song each Sunday morning. Mrs. George Gabriel brought a wonderful message in song last Sunday morning. Mariam Reed who is leaving soon to take up her work in Baylor University and who has an outstanding voice will bring the special message in Song next Sunday. If you are a man or boy and are not in Sunday School, we invite you to our class.

Jack Christain, President
Cullen Mason, Secretary
Clyde Walthall, Group Cap.
Willie McCombs, Group Cap.
Bud Thompson, G. C. H.
T. J. Murphy, G. C. H.
Aubrey Short, Teacher

Bulldogs to Play Rotan Friday Night

The Spur Bulldogs will start the season of football with a game at Rotan Friday night. Coach Jack Christain will accompany the local squad to Rotan and his hopes of bringing back a victory.

Local fans are urged to accompany the Bulldogs and lend all support possible.

Duck Creek Soil Conservation News

The following statements were made by Mr. Clarence Roberts in the July issue of the Farmer Stockman:

"We are full of excited about the matter of soil saving. We have always lived on the natural store of fertility, and can't easily take on the idea that farming is a give and take matter—a business in which an investment must be made in fertility in soil with dividends in the form of crops.

Much of what we call farming doesn't deserve that title. A better term is "soil selling". A system of tillage that takes all from the soil, and adds nothing, is merely a process of selling off what nature stored in the soil.

When to such selling of the soil we add loss from erosion, the result is fatal. Such procedure will wreck any piece of sloping land.

So far as this generation is concerned a piece of farming land can be ruined, for farming, just once. Hence, to destroy the land is to destroy, economically, the family living on that land. And many a family is being so destroyed.

To save our soil—and ourselves—we must create a new plan, or concept, of what forming really is.

Those who are farming land that is staying put can look to a better farm future. Those farming land that is eroding away are faced with eviction. And nobody will tell them to move."

During the past two weeks, 7 Farmer-Districts agreements, covering a total of 2511 acres were T. W. Woodson, Ebbie Jones, J. M. Moore, W. H. Harris, Chas. McLaughlin and J. W. Bankston. A total of 3.3 miles of terrace lines were run last week. Applications for complete soil and moisture conservation plan on 728 acres were also received during the past two weeks.

MAKE CAFE LARGER

Slim Foster has remodeled his cafe and made it larger in order to accommodate more customers. Mr. Foster stated that he is getting ready for big business and hopes people will go his way. He is a real cafe operator and gives people plenty for their money.

Court of Honor at Dickens Monday

Announcements have been made by O. C. Arthur, Court of Honor chairman, that a Court of Honor for the advancement of Boy Scouts in Troops at Spur, Dickens and possibly Patton Springs, will be held at Dickens next Monday night starting about 8: o'clock. One Scout is up for Eagle, some for Life Scout, some five year Veterans Adwards and a great number of merit badges.

The chairman stated he had invited the new Scout Executive for the South Plains Council to be present at that time and it seems he will be there. The new Scout Executive has not visited the Breaks-Plains District yet and it is the hope of the Scouters in this section to get him here at that time.

Parents of Boy Scouts and Cubs are requested to be present at the meeting Monday night. Those people at Dickens always show the Scouts and Scouters a good time.

More Dickens County Men Leave

Quite a number of Dickens County men were called out to Army service Tuesday and left for Fort Sill, Oklahoma, where they will be received. Just how long they will remain at Fort Sill depends on conditions, but they will be there for training for the present.

Those leaving Tuesday were: Orville Olan Powell, Edgar Austin Williams, Herman Oliver, Clyde Durwood White, Ernest Jackson Caplinger, Marvin Junior Cornelius, Edgar Eugene Dozier, G. H. Atkinson, Clifford Donald Martin, Stephens Hawkins Payne, John Gus Morrison, Tom Floyd Simmons, Clifton Elbridge Shaw, Billy Glenn McCombs, Emory Burl Walden, Loyd Cleveland Carr.

Two Bales at Girard Same Day

The race for first bale of 1942 cotton ginned at Girard was very close between two farmers. M. H. Butler brought in a bale and had it ginned at Ray Williams' gin, and about the time it was being ginned off Jess Brooks took in a bale to the Francis gin.

Mr. Butler was awarded the first bale ginned as his bale was about ginned when the other one was brought in. A premium of around \$15.00 was made up by business people of Girard and given to Mr. Butler.

The bale by Mr. Brooks weighed 528 pounds of lint and sold for 18 cents.

Both bales were ginned Wednesday of last week September 2.

Rev. and Mrs. Joe Frederick and two children of Fort Worth, spent a few days here this week visiting relatives and friends. Joe says he still likes to come back to Spur.

WITH THE BOYS IN SERVICE

Elmo Lindsey, who, is located at San Diego, has been granted a furlough of eight days, and is here visiting Mrs. Lindsey. He has just closed his fifth week in training in the U. S. Navy.

Lt. Alton McCulley, who is here visiting his parents Mr. and Mrs. C. H. McCulley, and other relatives and friends, will leave Saturday to return to San Diego where he is in the U. S. Navy.

Mr. and Mrs. George S. Link received a letter from their son, Lt. George S. Link, which stated he is stationed at Norfolk, Va. He will be there a month yet, and then all depends. He is getting along fine.

John Hazelwood, Jr., who has been at Sheppard Field, is at home now. He has been confined to the hospital for some time, but is improving at this time.

220,000 Pounds of Junk Received in Drive

According to reports received from different stations there was about 220,000 pounds of scrap iron received in the recent scrap drive. There was about 50,000 pounds received at Glenn, about 20,000 pounds at McAdoo, and 150,000 pounds received at Spur.

This scrap iron will be of untold value to our government at this time as every pound of it is needed in making war equipment. The price on scrap iron continues about as it was and the people at different scrap iron yards in the county are ready to take all scrap iron off your hands and pay you for it. There is still a great need for it, and if you have any more about your place, just take a little time and get it to the various scrap iron yards. It is needed to make equipment for those fine boys who are at the front fighting our battles for us.

The Scrap Committee reports that a pulet a lot of old rubber was turned in during the drive. Bring all of it in at once.

District Governor to Visit Spur Rotary Club Tonight

District Governor of Rotary International, Charles E. Paxton of Sweetwater, Texas, will be guest speaker Thursday evening at eight o'clock at a meeting to be held at the M. E. Church honoring wives of Rotarians and the teachers of the Spur Public Schools. The District Governor will also meet with the Board of Directors and other committees of the Spur Rotary Club at 5:30 p. m. Besides being a good Rotarian, Charley Paxton is an excellent Boy Scout worker and was speaker at a recent Scout meeting in Spur.

—Rotary President

Patton Springs School Going Fine

J. W. Adams, superintendent of City Schools at Patton Springs, was in Spur Monday attending to business matters relative to the Schools. Mr. Adams is the new Superintendent at Patton Springs succeeding L. O. Cummings who was elected to City Schools at Wellington. Mr. Adams served as High School principal last year, and before then had been superintendent at Robertson six years.

He stated that the schools at Patton Springs were now going into the second week of the term and were starting off fine. They have 16 teachers employed there and need two more.

Mr. and Mrs. Kelley Marsh, of Waco, are here visiting relatives and friends. Mr. Marsh is working in War service preparation work.

Notice To The Public

We, Dickens County, failed to reach our quota for August by \$10,000.00. This is too bad. We can't afford to do War business like that.

Didn't you read the headlines of the Star-Telegram last week saying—quote "Planes and guns stopped General Rommel in Africa." You who have bought bonds had a part in that. Aren't you glad? You, who have not bought bonds, aren't you sorry?

Now for September we must sell the quota plus this \$10,000.00 we failed to buy in August. The more bonds we buy the sooner the war will be over. Every one that doesn't know, our Planes and Gun Supply want a second front, those that know better than to start a second front at this time. They are waiting, what for? For Dickens County and other counties to catch up with these quotas. What are you going to do?

To the men and women of Dickens County, would you like for your name to be on the list in the paper that would not buy bonds? To win a war like this when the Japs jumps on us. What are you going to do?

Maurice Golding will start the allotment plan in a few days. Be ready to sign up. We must win the war.

Committee

Spur National Farm Loan Office Moves

The Spur National Farm Loan Association moved their office into new quarters. They are now located in the building formerly occupied by the Spur Tailors where they have a fine suite of offices.

The building has been newly painted and partitions installed. There is a reception room, a private office for the manager-secretary and a large room where the directors can meet and transact business. The new location is on the ground floor and back far enough from the main street to insure quietness.

In speaking of the new location which is on East Harris Street, Mr. Reed, the secretary, stated that they have much better accommodations for their customers and can give much better service. People coming in have a place to talk and enjoy themselves and not interfere with the work of those in the office. And when some one has business to talk with the secretary, they have a secluded place to talk over the business.

THE SOLDIER'S PRAYER

Dear God, watch over her for me
That she may safely guarded be;
Help her each lonely hour to bear
As I would, Lord, if I were there.
When she is sleeping watch her then
That fear may not her dreams offend;
Be ever near her through the day;
Let none but goodness come her way.
Sweet, faithful girl who waits for me
Beyond a wide and spacious sea;
Be merciful, O God, I pray;
Take care of her while I'm away.
The above was composed by Pvt. J. C. Bilberry of the 10th Hospital Center, U. S. Army, Camp Rucker, Alabama.

A. C. Hull, T. E. Milam. O. C. Arthur and Dr. M. H. Brannen, County Chairman attended the State Democratic Convention at Austin this week. They reported the Convention very quiet.

Mrs. J. F. Hughes and daughter, Miss Mona, were in Lubbock Wednesday to visit Lieut. and Mrs. William A. Innes who are being transferred to Kelly Field, San Antonio.

Mrs. W. A. Stiles, of Eastland, returned to her home Sunday after a week visiting in the home of Mr. and Mrs. Homer Boothe.

Mr. and Mrs. Hollis Atkinson left the first of the week for Henrietta to visit friends, and plan to go on to Arkansas to visit Mrs. Atkinson's people. They are expected to be away several days.

Stockholders of Spur N. F. L. Assn. Held Meeting

The stockholders of the Spur National Farm Loan Association held their annual meeting in the Spur Theatre Saturday morning. Due to war conditions there was a small attendance of stockholders, but the interested in the meeting was always up to par.

F. W. Jennings, the president of the association, was in charge of the meeting and announced the purpose of the gathering. James B. Reed, secretary-treasurer, was asked to make introduction of the guest present. A number of guests were introduced, and all of them had interest in the progress of the association but were not stockholders.

The minutes of the last annual meeting of the association were read by the secretary, the minutes were approved as read. Then a nomination committee was selected to make nominations for a new director. E. Durham, T. J. Randolph, and W. F. Shugart composing this committee. They recommended Rube Gollihar of McAdoo as the new director. He was elected by acclamation. R. R. Wooten, who had been director, had paid off his loan and had cashed his stock and was no longer eligible to serve as director of the association.

C. E. Fisher, of the range department of the Spur Experiment Station, was main speaker for the occasion. He spoke on farm conditions. In reference to cotton production he stated that unless insects or hail or something of that sort did not hit this county, that formers may expect to harvest 200 pounds or more of lint cotton per acre this year. The average yield over the county last year was 314 pounds. An estimate made by 16 different persons this year placed the average yield at 235 pounds of lint cotton per acre. Mr. Fisher stated that the estimate is based on the amount of soil moisture in the second foot below the surface. He said that for each inch of moisture deposited in that second foot of soil that about 95 pounds of lint per acre can be reasonably expected. He spoke on certain features of soil and moisture conservation and its effect upon production.

E. D. Cook, of the Duck Creek Soil Conservation District, gave some very fine data relative to the value of terraces and contouring, and its effect on the increase in production.

Joe M. Rose, of the County AAA Board, stated he had to explain why no more cotton insurance had been sold in the county. He said that the Spur Experiment Station and R. E. Dickson were responsible for it. The Experiment Station shows that the average yield last year for cotton was 314 pounds per acre and the government only allowed 144 pounds on insurance. Farmers could not afford to insure on that basis.

E. Durham, a farmer in Duck Creek community, said that Joe Rose did not think much of terracing and contouring for production, but that he went along the same old way for three or four years. Finally he saw his neighbors who had terraced had to make about two trips to the gin where Joe made one trip and that Joe begin to wake up to the situation.

Several people spoke on the work of the Spur National Farm Loan Association and everything was in favor of the organization.

SCHOOL LUNCH MEETING

All school superintendents, school board members, and other interested persons are invited to attend a mass meeting at the Dickens County Court house in Dickens on Monday, September 14th, at 9:30 A. M. in the interest of the school lunch program. All regulations, plans, and questions will be discussed. The Agricultural Marketing Administration, Commodity Distribution, WPB Lunchroom Supervision, and Department of Public Welfare will be represented. The Milk Program will be explained and it is to each school district's interest to be represented at this meeting.

Noah's Ark Found by Russian in Good Shape on Mt. Araret

From The Defender of the Faith, Point Pleasant, W. V.

In an age of astounding discoveries and development the story related below is easier to believe than many that have proven to be true. This, while not the first we've heard of this, is the most definite. We give it to you for what it's worth.

For years there have been a lot of speculation among Bible scholars as to what became of Noah's Ark. Of course, there always have been men who denied the authenticity of the Bible record of the ark and flood, stigmatizing the entire story as something incredible. So far every discovery that scientists have unearthed through arduous excavations, and incessant study has only helped to establish the assertions of God's holy word. In all the realm of discovery, there has been nothing that has so profoundly impressed the religious world and the thinking people who have read the account, as the one recorded in an article I recently read in a religious periodical called the 'Voice of Prophecy' and which I give in full here for the benefit of the readers. The report is that a huge wooden structure has been seen by some Russian Aviators who flew over Mt. Araret, the place, according to the Bible account where the ark rested when the waters subsided.

The article is in the form of a question and the editor's answer.

"Dear Sir: Have any remains of Noah's Ark ever been found?"

ANSWER: According to Genesis 8:4 the Ark of Noah rested after the flood up Mountains of Araret. Now I am going to give you some thing very startling. Here it is: An article entitled Noah's Ark Found, says Vladimir Roskovitsky.

"The following story by Mr. Roskovitsky a converted Russian, speaks for itself. He is now engaged in selling Bibles, etc. and is an American citizen, having severed all ties with Godless Bolshevism from that which he so narrowly escaped with his life after discovering the ark. He gives this discovery credit for opening the eyes to the truth of the Bible, and we pass it along trusting that you too, will find it of interest and value."

"It was in the days just before the Russian revolution that this story began. A group of Russian aviators were stationed at a lonely temporary air outpost about twenty-five miles northwest of Mt. Araret. The days were dry and terribly hot, as August days so often are in this semi-desert land.

"Even the lizards were flattened out under the shady sides of rocks and twigs, their mouths open and tongues lashing out as if each panting breath would be their last. Only occasionally would a tiny wisp of air rattle the parched vegetation and stir up a choking cloudlet of dust.

"Far up the side of the mountain we could see a thundershower, while still further up we could see the white snow caps of Mount Araret, which has snow all the year around because of its very great height. How we longed for some of that snow.

"Then the miracle happened. The captain walked in and announced that plane number seven had its new supercharger installed and was ready for high altitude tests and ordered my buddy and me to make the test. At last we could escape the heat.

"Needless to say, we wasted no time in getting on our parachutes strapping on our oxygen cans and doing all the half dozen other things that have to be done before going up.

"Then a climb into the cockpit safety belts fastened, a mechanic gives the prop a flip and yells, 'contact' and in less time than it takes to tell it, we were in the air. No use wasting time warming up the engine when the sun had it nearly red hot.

"We circled the field several times until we hit the fourteen thousand foot mark and then we stopped climbing for a few minutes to get used to the altitude.

"I looked over to the right at the beautiful snow-capped peak, now just a little above us and for some reason I can't explain, turned and headed the plane straight toward it.

My buddy turned around and looked at me with question marks in his eyes, but there was too much noise for him to ask questions. After all, twenty-five miles doesn't seem much at a hundred miles an hour.

"As I looked down at the great stone battlements surrounding the lower part of this mountain I remember having heard that it had never been climbed since the year seven hundred before Christ when some pilgrims were supposed to have gone up there to scrape tar off an old shipwreck to wear around their necks to prevent their crops being destroyed by excessive rainfall. The legend said they had left in haste after a bolt of lightning struck near them and they never returned. Silly ancients! Who ever heard of looking for a ship wreck on a mountain top?"

"A couple of circles around the snow-capped dome and then a long swift glide down the south side and then we suddenly came upon a perfect little gem of a lake; blue as an emerald, but still frozen over on the shady side.

We circled around and returned for another look at it. Suddenly my companion whirled around and yelled something, and excitedly pointed down at the overflow end of the lake. I looked and nearly fainted!

A submarine! No, it wasn't for it had stubby masts, but the top was rounded over with only a flat cat-walk about five feet across down the length of it. What a strange craft, built as though the designer had expected the waves to roll over the top most of the time, and had engineered it to wallow in the sea like a log with only enough sail to keep it facing the waves. (Years later in famous 'whaleback' or carriers with this same kind of rounded deck.)

"We flew down as close as safety permitted and took several circles around it. We were surprised when we got close to it at the immense size of the thing, for it was as long as a city block and would compare very favorably in size to the modern battleships of today. It was grounded on the shore of the lake with about one-fourth under water. It had been partly been dismantled on one side near the front and on the other side there was a great doorway nearly twenty feet square but with the other door gone.

This seemed quite out of proportion, as even today ships seldom have doors even half that large.

"After seeing all we could from the air, we broke all speed records back to the airport.

"When we related our find, the laughter was loud and long. Some accused us of getting drunk on too much oxygen, and there were many other remarks too numerous to relate.

The captain, however, was serious. He asked several questions and ended by saying "Take me up there, I want to look at it."

"We made the trip without incident and returned to the airport.

"What do you make of it?" I asked as we climbed out of the plane.

"Astounding," he replied. "Do you know what ship that is?"

"Of course not sir."

"Ever hear of Noah's Ark?"

"Yes, sir. But I don't understand what a legend of Noah's has to do with our finding this strange thing fourteen thousand feet upon a mountain."

"This strange craft," explained the captain, "is Noah's Ark. It has been setting up there nearly five thousand years. Being frozen up for nine or ten months of the year, it couldn't rot, and has been on cold storage as it were, all this time. You have made the most amazing discovery of the age."

"When the captain sent this report to the Russian government it aroused considerable interest and the Czar sent two special companies of soldiers to climb the mountain. One group of fifty men attacked one side and the other group of one hundred men attacked the big mountain from the other side.

"Two weeks of hard work were required to chop out a trail along the cliffs of the lower part of the mountain and it was nearly a month before the ark was reached.

"Complete measurements were taken and plans drawn of it as well as many photographs, all of which were sent to the Czar of Russia.

"The ark was found to contain hundreds of small rooms and some rooms very large with high ceilings. The large rooms usually had a fence of great timbers across them some of which were two feet thick, as though designed to hold beasts ten times as large as elephants. Other rooms also were lined with tiers of cages somewhat like ones seen today at a poultry show, only instead of chicken wire they had rows of tiny wrought iron bars along the fronts.

"Everything was heavily painted with a wax-like paint resembling shellac, and the workmanship of the craft showed all signs of a high

type civilization.

"The wood used throughout was oleander, which belongs to the cypress family, and never rots, which of course, coupled with the fact of it being painted and it being frozen most of the time, accounted for its perfect preservation.

"The expedition found on the peak of the mountain above the ship, the burned remains of the timbers which were missing out of the one side of the ship. It seems that these timbers had been hauled up to the top of the peak and used to build a tiny one room shrine inside of which was a rough stone hearth like the altar the Hebrews used for sacrifices, and it had either caught fire from the lightning burned and charred over, and was completely burned off.

"A few days after this expedition sent in its report to the Czar, the government was overthrown and Godless Bolshevism took over, so that the records were never made public and probably were destroyed in the zeal of the Bolsheviks, to discredit all religion and belief in the truth of the Bible.

"We white Russians of the air fleet escaped through Armenia and four of us came to America, where we could be free to live according to the 'Good Old Book', which we had seen for ourselves to be absolutely true, even to as fantastic sounding thing as a world flood."

(This article, "Noah's Ark Found," by Vladimir Roskovitsky, is taken from the New Eden special edition.

If this discovery is true, and we have every reason to believe that it is, we see how wonderfully God's Word is verified in these last days of apostasy, when there is so much of the spirit of the infidelity and of skepticism in the world that ridicules and denies the authenticity of the precious Bible. What a tremendous blow to the atheistic Russia and her Godless leaders it must be, that one of her sons should be used of God to throw such a spiritual bomb into her camp. Praise God for victory of the Lamb! This discovery proves again, what has been proved over and over again that all the efforts of man to disprove the Bible record of the flood, Noah and the ark are futile. God's Word needs no vindication. "Heaven and the earth shall not pass away." All hail to our King Immanuel! All glory be to the Father, Son, and the Holy Ghost.

A. John Smith,
—The Defender of the Faith.

Car Accident Victims Improving

Mr. and Mrs. Clayton Snow, who were injured in a car accident Saturday, August 22, are reported improving and it is thought they would be able to leave the hospital the last of the week. They were treated in a Clarendon hospital. Mrs. Snow is a daughter of Mr. and Mrs. T. L. Dozier of McAadoo.

They were injured in a three way car accident three miles west of Clarendon. Others injured were Mr. and Mrs. John Norman and his brother, Archie Lee Norman, of Amarillo; Mr. and Mrs. J. W. Meadows and Henry Bennett Meadows, of Amarillo. Archie Lee Norman died within a few hours after the accident occurred. Alan Gray, Jr., and L. Z. Parker, of Flagstaff, Ariz. who were in the third car escaped injury. The Norman and Meadows cars were demolished. The Normans and Snows were in one car.

All occupants were knocked unconscious except Mrs. Snow and two babies. Mr. Snow at first was reported to be in a critical condition, but later reports stated he is improving. Both Mr. and Mrs. Snow received many cuts and bruises. Mr. and Mrs. Norman's injuries were minor. Mrs. Meadows received a broken leg.

DRY LAKE H. D. CLUB MEETING

The Dry Lake Home Demonstration Club met in the home of Mrs. R. F. Rogers September 2, with four members and three visitors present.

The next club meeting will be held in the home of Mrs. Emma B. Russell September 23 with the Home Demonstration Agent giving a demonstration on "Storing Vegetables and Fruits" with special emphasis on storage mounds for mature vegetables, such as beets, turnips, carrots and potatoes. A delegate to the State Home Demonstration Convention in Fort Worth will give a report of that convention.

All members are urged to be present and visitors are invited.

Fall weaves, colors and patterns . . . a beautiful selection for dresses and sportswear so sew your own! 39 to 40 inches wide.

79c yd.

CORDUROY

New Fall Shades in Pin Wale Corduroy. This is the leading fall material this year. Buy your Dress lengths EARLY 39 inches wide.

\$1.19 yd.

School Buses to Transport Students Only

School buses that carry football teams to games, or transport school bands, debating teams and other such groups on excursions will lose their eligibility for tires, the Dickens County War Price and Rationing Board was advised to day by the Office of Price Administration state headquarters.

"The State OPA office has pointed out that under the tire rationing rules, school buses must be used exclusively to transport teachers and children from their homes to school and back again," Mr. L. E. Lee, chairman of the Local War Price and Rationing Board, explained.

"The rule further makes it plain that school buses for purposes other than this lose their future eligibility for tires, even though the tires on them now were acquired before rationing was put into effect," he continued.

"Many of us are football fans and we'd like to be able to say that the buses could be used to carry the teams to their games, but we know this must not be done, or we will jeopardize the transportation means of thousands of children who depend on these buses to get to school, especially in rural neighborhoods."

He added that the only alternative for football teams would appear to be the use of private automobiles which are ineligible for tires and retreads anyway, or to resort to public buses and trains.

"That is something for each school to determine," Mr. Lee added, "after it considered the fact that public transportation already is taxed to the limit with wartime traffic, and the rubber situation is so critical we know we must conserve every ounce of it for essential needs."

Mr. Lee also pointed out that a school cannot designate one special bus to handle excursions by the football team, band and other such groups, without jeopardizing the tire eligibility of all of that school's buses.

"The rationing rules are strict on that point," he said. "The applicant must establish that the regular school bus cannot be replaced by another vehicle owned or operated by the applicant owned or operated by the applicant."

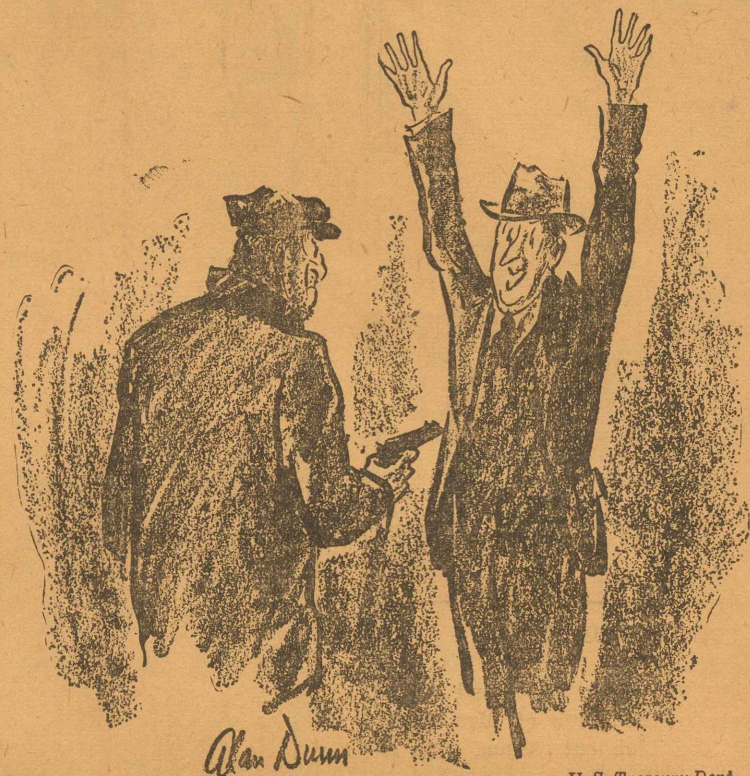

THE STATE OF TEXAS
To the Sheriff or any Constable of Dickens County—Greetings:
W. S. Campbell, Executor of the Estate of Petronella Stokes, Deceased, having filed in our County Court his Final Account of the condition of the Estate of said Petronella Stokes, Deceased, numbered 458 on the Probate Docket of Dickens County, together with an application to be discharged from As Executor of said Estate, and to close the same, YOU ARE HEREBY COMMANDED, That by publication of this Writ for one time, and said Publication shall be not less than ten days before the return day here of, in a Newspaper printed in the County of Dickens you give due notice to all persons interested in the Account for Final Settlement of said Estate, to appear and contest the same if they see proper so to do, on Monday, the 21st day of September A. D. 1942, at the Court House of said County, in Dickens (Texas, when said Account and Application will be acted upon by said Court.
GIVEN UNDER MY HAND and seal of said Court, at my office in the Town of Dickens this 7th day of September A. D. 1942.
E. H. Ousley
Clerk, County Court Dickens County.

A VICTORY SACK SUPPER
A Victory Sack supper will be held at the Highway school house Friday night, September 25. Every one bring your bills and cents. There is going to be a lot to eat in those sacks. All women bring a full sack to eat with a Victory decoration on it.
Also, there will be several cake walks at ten cents to the walk. The sacks will be sold to the highest bidder.
The 4-H Club Girls are in need of money. There will be games of domino for the men. Come out and bring your dog and Doc.
—Reporter.

39c to 79c yd.

NOW WHAT WAS THAT

Yum, a watermelon feast. The 4-H Club Girls of Highway gave a watermelon feast August 28 at Dockum Springs. There were around 60 present. It was in full swing by nine o'clock and a candle light ceremony was held. Then games were played after the moon rose.
Did you get enough to eat, Winnie? Yes, and plenty of hits. So they must have had a watermelon fight. There was plenty to eat, and every one who didn't have a good time, come and try harder next time.

1917 STUDY CLUB HOLDS MEETING

The 1917 Study Club had their meeting in the home of Mrs. Tom Posey. The Club entertained with a covered dish luncheon.

After the luncheon a short business session was held and Mrs. Clark Forbis then took charge of the program.

Mrs. E. L. Adams, president for the ensuing year, gave an inspiring message on the work of the Federation Club Women World War no. 2, the importance and duty of their work in maintaining unity on the home front; also that the 1917 Study Club was starting their 25th year of club organization, and an interesting year is in store for us.

Presentation of Year books was made by Nell Davis. The program was concluded by the Club singing "America".

Members attending were: Mrs. E. L. Adams, Mrs. J. E. Berry, Mrs. J. H. Bowman, Mrs. C. B. Chandler, Mrs. C. H. Elliott, Mrs. Clark Forbis, Mrs. R. C. Forbis, Mrs. G. R. Lunsford, Mrs. L. H. Perry, Mrs. Mrs. George M. Williams and Mrs. W. T. Andrews.

Miss Anne Hughes Becomes Bride

Miss Ann Hughes, daughter of Dr. and Mrs. John Frederick Hughes of Spur, became the bride of Lieutenant William Alexander Innes, formerly of Rock Mount, N. C., on September 4, at 4 p. m. in the post chapel of the Lubbock Army Flying School, Lubbock, Texas. Captain J. E. McDaniels, post chaplain, performed the ceremony.

Given in marriage by her father, the bride wore a blue costume suite trimmed in mink fur. Her hat, a creation of Jacqueline, the French designer, was of black silk beaver trimmed in cyllamen and yards of black veil. Her corsage was a purple orchid. For something old, she wore her mother's amethyst earrings.

The bride was attended by her sister, Mona Hughes, who wore a beige suit with brown accessories and a corsage of pink gardenias.

Mrs. Hughes wore a black crepe dress with a black feather hat and a corsage of red roses.

Mrs. Innes received her Bachelor of Arts degree from the University of Texas and has been doing graduate work at Texas Technological college.

The bridegroom is the son of Mr. and Mrs. John Innes of Rock Mount, North Carolina. He graduated from the University of North Carolina in 1939, and is now in the United States Army Air Corps.

Lieutenant Felix Jackson of the Lubbock Army Flying School acted as best man.

The chapel was decorated with palms and orange gladiolas. Music was played by the chapel organist.

Lt. and Mrs. Innes were guests of honor at a dinner given at 6:30 p. m. in the Aztec room of the Hilton Hotel by Dr. and Mrs. Hughes.

Lt. and Mrs. Innes will be at home at Kelly Field San Antonio for the present.

Miss Oleta Alldredge And Thedford Fry Exchange Vows

Miss Oleta Alldredge and Thedford Fry were married in Spur about four o'clock Friday afternoon. The ceremony was at the home of Mr. and Mrs. Andrew Morris, Church of Christ minister, with Mr. Morris officiating. The couple left at once for Wichita Falls and other points for a visit with friends, and visited the brides parents at Crosbyton the first of this week.

The groom is a son of Mr. and Mrs. Ab Fry, of Catfish community, and is a graduate of Our High School. He is now in the U. S. Army and has been stationed at Fort Bliss several months.

The bride is a daughter of Mr. and Mrs. W. S. Alldredge at Crosbyton. She is a graduate of the Patton Springs High School and has been with the Nichols Sanitarium the past four years doing nursing.

Mrs. Fry is thought will remain with the sanitarium during this month and then go to Fort Bliss where they will make their home.

Texas Firemen Appeal to Citizens

"In order that the citizens of Texas may receive the full value of the recent 25 per cent fire insurance rate reduction," Olin Culberson, secretary for 23 years of the State Firemen's and Fire Marshalls Association and Railroad Commissioner, said today, "they will have to be more fire prevention minded than ever." "Texas citizens were more careful last year than usual," added Culberson, "thereby reducing the number of fires which, with the added efficiency of the firemen of this state in extinguishing the fires that did start, resulted in the low fire losses and the fire insurance rate reduction."

"One major factor in our fire insurance rate is the good and bad fire record credits and penalties," added Culberson, "and our citizens should remember that if their good fire record credit for 1943 is not as much as it was this year, it will likely be caused by the gymnastics of the fire insurance rate structure and not through any inefficiency of their fire department."

"Approximately 80 per cent of the firemen of Texas are volunteer firemen who serve their citizens without remuneration and for no other purpose than to render aid to their fellow man," said Culberson. "They have been doing this since Texas was in its infancy." "Now that our Nation is at war, the firemen,

Washing Colored Clothes
CAN you be philosophic when a gay print comes out of the wash looking like a faded flower? I can't. It's even more discouraging now, when the national watchword is "I'll take good care of everything I have." Here is a way to treat colored clothes so they'll keep their good looks:

Mrs. Kiene

Unless a garment bears a label guaranteeing color fastness, test a sample in a tumbler of lukewarm water. If the water is tinged with color, watch your step on washday. No soaking, no matter how dirty the garment. Instead, wash it as fast as you can in lukewarm soapy water, give it three quick rinses—one lukewarm and soapy, and two clear, cool rinses—run through the wringer hurriedly, roll in a bath towel and dry in a breezy, shady spot. Don't let it touch fast-colored clothes.

Sub-fast fabrics which are ex-

ceptionally dirty can stand a five or ten minute soaking in either clear or soapy lukewarm water, but don't prolong it. Use new suds. Beware of too-hot water, and be as quick about washing and wringing as is consistent with thoroughness. Follow with one slight suds rinse and two cool rinses in large amounts of water.

There's nothing like a little starch as a tonic for colored clothes—it puts the crispness back. Always dry the clothes in the shade, preferably where there's a fair breeze, because colors that are tub-fast aren't always sun-fast. Even when they are, a scorching sun on a wet garment gives the color a run for its money.

MENU
*Creamed Ground Beef
Tossed Salad
Fresh Fruit - Cookies
Milk

*Creamed Ground Beef Recipe
1 pound hamburger 5 tablespoons
2 tablespoons fat flour
1 small onion 2 teaspoons salt
2 cups milk 1/4 teaspoon pepper
1 teaspoon Worcestershire sauce (if desired)
Heat fat in skillet. Brown meat, stir constantly breaking meat into small pieces. Add onion and brown. Mix seasoning with flour and stir through meat. Add milk gradually and cook over low heat until thickened. Serve over toast or potatoes.

NEXT WEEK: Safety Firsts to Follow.

Yesterday and Today

The Motor Transport Department of the U. S. Marine Corps used "jeeps" as early as January 29, 1931, when the top picture was taken. Below, Leathernecks test the modern jeep. The Marine Corps, now at its greatest strength, depends heavily on motorized transportation.

SHOOTING THE WORKS

both paid and volunteer, are especially anxious that the fire losses in this state be reduced to minimum—and that means that we can have no careless or cooking fires—in order that our armed forces may not want nor be handicapped." "Texas firemen" he added "realize that fires in our state accomplish the same results that enemy bombers and submarines are sent over here to perform."

"The records reveal that by far the largest percentage of fires are caused by carelessness," quotes Culberson and add that, "fires start in citizens property and firemen can only extinguish them." "It is the duty of our citizens to fight to prevent fires and the duty of the firemen to fight the fires if and when they occur." "The firemen and citizens must win on the fire front so the armed forces may

win on the battle grounds." "Lets extend our patriotism to include NO FIRES FOR THE DURATION," says Culberson.

Grady Moss, of Red Mud, was doing some trading and visiting friends in Spur Saturday.

Axis Leaders Must Pay Later

For sheer planned brutality, the Axis leaders have proven themselves comparable to the barbarians of ancient history. In World War I there was much talk of atrocities. But many of the atrocity stories were made up out of whole cloth for purposes of propaganda. Real atrocities were scattered and relatively rare, and they were not done as a matter of governmental policy. In World War II, to the contrary, murder and rape and devastation are pursued by the Germans and the Japanese almost as a matter of routine—and that fact has been completely substantiated by reputable eyewitnesses. It makes little difference to the Gestapo whether a man is innocent or guilty, as the mass executions of hostages abundantly testifies. The Axis radio, at times, actually boasts of the wanton slaughter of non-combatants.

President Roosevelt, during the course of a recent warning to Axis officials that retribution would come when the war ends, said, "The practice of executing scores of innocent hostages in reprisal for isolated attacks on Germans in countries temporarily under the Nazi heel, reveals a world already inured to suffering and brutality. . . Civilized people long ago adopted the basic principle that no man should be punished for the deed of another." That principle has been entirely abandoned by the Axis.

The Axis is deliberately exterminating entire populations. Hitler himself has said that the Poles must be liquidated—and, according to reports which have seeped out of Warsaw, the death rate has assumed incredible proportions, especially in the Jewish areas. Starvation is rampant in Greece, and some authorities believe that within two years, under the present conditions, the Greek people will virtually disappear. Men who have escaped from Jap concentration camp in Hong-Kong and elsewhere, say that the Japanese are pursuing an almost identical policy. Captured soldiers and civilians alike are given almost no food. They are denied all medical supplies and attention. Sanitary conditions are literally horrible. And these people, as a result, are dying like flies.

One of the latest Axis innovations has been to raze entire villages, shoot every male resident, and send the women and children to forced labor with Germany. For every attack made on the Axis officials, major or minor, dozens of innocents are executed. When a really important Axis official is killed, such as "Hangman" Heydrick of the Gestapo, the toll of slaughter runs far into the hundreds.

When the war ends, as the president has said, the men responsible for this will be brought to justice. And a long list of Quislings within the occupied nations who are working hand in glove with the Axis will also have to face judges appointed by the people in whose ruin and torture they have collaborated. In the meantime, Hitler's barbarous tactics have not broken the spirit of the conquered nations. To the contrary, the flame of revolt burns ever higher. Sabotage goes on. Germans are found dead in the towns and countryside of France, Greece, Holland, the Netherlands, the Balkans, etc. And in all of the occupied nations, amazingly well developed "undergrounds" exist.

The men who belong to these undergrounds are unknown. The names of many of them will never be known. Theirs is the most risky

and desperate of undertakings. Every second of the day they must face the day they must face the specter of death by torture. This is the highest kind of human courage.

Life recently ran an article on the French underground which is especially effective. The leaders quietly and continually organize sabotage of the Nazi war effort in French factories. They print little newspapers which are widely circulated and which bring to the enslaved French people news of the free world outside their borders. As part of this work, the French Underground has compiled an interesting "blacklist" of men and women who are marked for assassination. All of the names on that list belong to Frenchmen who have sold out to Germany. And some of the names are world famous: Petain; Weygand; Laval; Derain, the paniter; Mistinguett, the celebrated music hall star; Carpentier, the pullist; Maurice Chevalier, the movie actor; and others. The Free French have pledged that not one of the men and women on that list will escape swift justice at the earliest possible time.

To quote the President's warning once again, "The Nazis might have learned from the last war the impossibility of breaking men's spirit by terrorism. . . Frightfulness can never bring peace to Europe. It only sows the seeds of hatred which will one day bring fearful retribution." The patriots in the conquered, tortured nations are waiting with grim anticipation for that day.

Kee Reunion at Seymour

Relatives of Mrs. Lee J. Parker and Mrs. John Gragson gathered at Seymour for a family reunion Saturday and Sunday, September 5-6. Those present were: Mr. and Mrs. Lee J. Parker and children, Eldred Caron, Wendell and Iva Mae; Mr. and Mrs. John Gragson and son, Carl; Mr. and Mrs. Alvis Wilson and children, Laverne, J. W., Vernell, Winona and Coy Lee; Mr. and Mrs. Ernest Gragson and children, Joyce and Gay Nell; Peggy Mae Williamson, Harley Bingham, and Leland Rankin, all of Spur. Mr. and Mrs. G. H. Givens, Miss Zelba Givens, Mr. and Mrs. Ferrell Givens and baby, Mr. and Mrs. Laverne Givens and baby of Fredrick, Oklahoma, Miss Verdine Belle Denton of Tipton, Okla., Mr. and Mrs. W. C. Scott and children of Clarendon.

Mr. and Mrs. Ray Hefner and baby Mr. and Mrs. John F. Harlan, Mr. and Mrs. Chester Lee Scott of Amarillo; Mr. and Mrs. Ward Grimley of Sealey; Mr. and Mrs. Elmer Kee and children of Hamlin; Mr. and Mrs. James Lee Kee of Lubbock, Mr. and Mrs. C. V. Wade, all of Perrin. —Contributed.

DEAR FRIENDS

We wish to take this way of thanking all you good friends for the kind words of sympathy and for all your kind offerings for our loved ones.

Words fail us when we try to express our thanks and appreciations for all you have done.

May God's blessings fall upon each and every one.

Mrs. Claude Parks
Miss Lorene Parks
Miss Virgie Mae Parks

Mrs. Lex Stanford Funeral Friday

Funeral services for Mrs. Ara Stanford were conducted at the Baptist Church in Dickens at three o'clock Friday afternoon. Rev. J. V. Bilberry, pioneer Baptist minister and long time friend to the family, was in charge of the services. An dwas assisted by Rev. H. L. Burnam. Interment followed in Dickens cemetery with Chandler Funeral Home of Spur in charge of arrangements.

Active pallbearers were: Edward Hicks, Fay Slough, A. C. Sharp, Matt Dawson, Pete Emert and Harold Karr. Flower bearers were: Mrs. S. T. Johnson Mrs. Matt Dawson, Mrs. Adrain Carr, Mrs. Murray Lea, Mrs. Fred Christopher, Mrs. F. L. Edwards, Mrs. Patt Murphy, and Mrs. Kate Swaigen.

The deceased is survived by her husband Lex Stanford, and six stepchildren: Cecil Stanford of Dickens, Paul Stanford in the U. S. Army at Watsonville, Calif.; Rupert Stanford at Lubbock, Mrs. Ila Mae Curry of Brownwood, Misses Mattie Stanford, Ruth Stanford and Edith Stanford of Dickens. Two Sisters, Mrs. Jim Foster of Gladewater, and Mrs. E. Weeks of Albuquerque, N. Mexico, still survive.

Mrs. Stanford was a daughter of John Lewis and Anne Clark Clardy and was born at Wolfe City October 20, 1892. She came to Dickens County in 1926 and was married to Mr. Stanford July 19, 1929. Her health gave away a year or two back and she endured lots of suffering as the result of a carcinoma of the breast.

When just a child Mrs. Stanford was converted and joined the Missionary Baptist church when about nine years of age. She lived a devoted life to her church and was areal companion to her husband and the children in the home. Her neighbors speak highly of her.

Mr. and Mrs. M. B. Gage, of Croton community, were in Spur looking after business affairs and enjoying friends Saturday.

O. E. Minix, of Wichita community, was transacting business and greeting friends in Spur Saturday.

HIGHWAY 4-H CLUB

The 4-H Club met at Anita Putman's September 2. The house was called to order by Winnie Mae, the president. There were five present: Eunice Denson, Winnie Thompson, Dayrell Putman, Peggy Smith, and Anita Putman.

The minutes were read by Eunice. There was a motion made for Yuba Lee Sparks for cooking demonstrator. There was a motion made for Peggy Smith to be clothing demonstrator. Both motions carried.

A motion carried that the Club meet Saturday at ten o'clock if this date met with the approval of the County Home Demonstrator. A motion carried that the Club sponsor a sack supper Friday night, September 25, at the Highway School house. Every one bring your sacks and we'll sell them at the highest price. Also, there will be some cake walks. There will be games. The money is needed.

The club was turned over to the hostess. After entertainment refreshments were served. The club adjourned at 4:30. The next meeting will be at the home of Peggy Smith Saturday, September 12 at 10 o'clock.

—Reporter

4-H CLUB GIRLS ENTERTAINED BY COUNCIL

More than 50 guests attended an achievement tea given by the Home Demonstration Council for 4-H Club Girls of the county August 28 on the lawn of Mrs. J. H. Meadors home in Dickens. Mrs. Cecil Meadors acted as hostess with the assistance of Mrs. S. L. Benfield, Council Chairman.

Corsages were given to sponsors and Club presidents. As the Club members registered, those who are Victory demonstrators, were awarded Victory Demonstrator pins. There are 85 4-H Club members who are Victory Demonstrators. The Club colors of green and white were carried out in the decorations and refreshments.

Sponsors present were: Mrs. Byron Haney, Patton Springs Junior Club; Mrs. C. D. Elkins, Patton Springs Senior Club; Mrs. Lloyd Hindman of Dry Lake, and Mrs. Fred Christopher. Club presidents who were present were: Elmra Elkins, Patton Springs Senior Club; Doris Baxter, Patton Springs Junior Club; and

Dahlia Spraberry of Dry Lake.

The program consisted of a play entitled, "Follow The Glean", given by five of the Dickens Club members, with several of the Patton Springs girls assisting with the music.

Committee chairman who were in charge of the tea were: Mrs. F. B. Crockett, refreshments; Mrs. Floyd Barnett, decorations; and Mrs. Christopher, program.

Jimmie Fox and J. T. Franklin left Monday to enter War Work service. They had taken their examinations at Waco several days before and left Monday expecting to get into work at once.

E. M. Garner, of Croton, was transacting business in Spur Saturday and greeting friends.

Clayton Bridge, of Midway community, was in Spur Monday looking after business affairs and talking with friends.

INVEST IN AMERICA — Buy War Bonds and Stamps!

"I flicked the switch —but Nothing Happened!"

CLICK! . . . Thousands of times each year, day and night, her fingertips had repeated that simple motion until it had become automatic and unthinking.

Let's suppose it's *you*. You let yourself in late some night. You flick the switch—and *nothing happens!* No light anywhere! At first you are annoyed. But your emotions quickly turn to confusion, concern—and *fear*.

Something's seriously wrong when the lights won't work!

The very fact that West Texans *do* take electric service for granted is a tribute to the men and women who supply it. They've made it *dependable*. And they've made it *cheap*.

The average West Texas family gets *twice as much electricity for its money* as it did 10 or 15 years ago. It's made it possible for most families to enjoy the comfort and convenience of many more *time and labor-saving* appliances.

This has been accomplished under the American tradition of *freedom*. Freedom of business management under government regulation—freedom to make our own laws . . . live our own lives . . . freedom to invest and produce *more* for *everybody's* benefit. That is the American Way—the absolute opposite to the Hitler system of political management and state slavery.

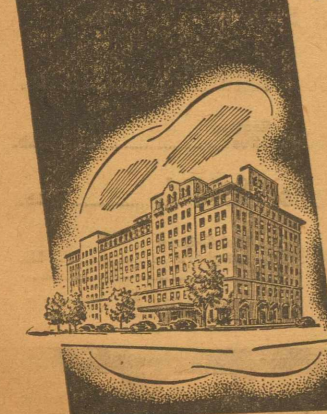

The American Way has made this the most power-full nation in the world today . . . proving that *practical business management is meeting the needs of our way of life*.

Gibson Family Held Reunion

The Gibson family held their annual family reunion at Silver Falls last Saturday and Sunday, September 5-6. This is the annual date of that event since it is on the date in memory of Mrs. Sandra Gibson who passed away last January. She had been an invalid for some time and her request was that the family keep that date in memory of her. It has been so ordered.

A big dinner was enjoyed and friends came and had a great time. They met and greeted one another and renewed events of former days. Those present were:

From Spur--Mrs. H. A. Stubbs, Mr. and Mrs. Bill Chambless and Children, Ada Lou, Doris Anne, and Wanda Jean; Mr. and Mrs. Robert Gibson and children, Dick Esther, Ralph and Robbie; Mr. and Mrs. W. P. Qualls;

Gibson, Don and Virginia Dipple, Mr. and Mrs. R. O. Gibson, Jr., and baby; Mr. and Mrs. Wilson Gibson and son, Ronnie, Charlie Gibson. A. L. Gibson, Mr. and Mrs. Dick Gibson and children, David and Ruby; Aspermont--Mr. and Mrs. Charlie Gibson and son, Hoot, Mr. and Mrs. Raymond Jones, Mr. and Mrs. Billie Ward and children, Johnny, Anne and Tip;

Pampa--Mr. and Mrs. Fred Fincher and grandson, Carl Johnston; Mrs. Dorothy Hayes and son Kenneth.

Stamford--Mr. and Mrs. Dewey Stubbs.

Old Glory--Mr. and Mrs. T. E. Beile and son, Billy.

Lubbock--Mr. and Mrs. Skeeter Stamford and daughter, Mary Helen. Friona--Mr. and Mrs. Hubert Magness and children, Tim, Denise and Jackie, Wallace Rogers and Lanor Jeffry; Mr. and Mrs. Busket and children, Dean, Phila May and Lester Coy.

Pecos--Mrs. Elba Gibson and children, Joyce, Bonnie and Jack.

Hale Center--Mr. and Mrs. Frank Gibson and Mr. and Mrs. Millard Gibson.

ONE TEACHER TRANSFERRED

Miss Pauline Powell, who had been elected to teach Third grade in the East Ward School, was transferred to the High School faculty Saturday. Miss Powell will teach the Commercial work in the High School this year.

Miss Ruth Barton was employed to teach third grade in the East Ward School. Mrs. Barton is a teacher of several years of experience and served as a supernumerary teacher last year.

Willie Eldredge, of McAdoo, was trading and talking to friends in Spur Saturday.

Rush to Man Two-Ocean Navy

From every region of the land, from farms, factories and offices, the U. S. Navy is drawing volunteers in its new drive for unlimited recruitment, says The March of Time in "Men of the Fleet." By clinging to its tradition of volunteer enlistment, the Navy is assured of willing personnel in every ship's company, where ready cooperation is essential.

The above scene is part of the March of Time Showing at the Spur Theatre Preview Saturday night, Palace Sun. and Mon.
