WE WERE THANKFUL that our city fathers bent the regulations slightly this week for the Optimist Carnival. Controversy arose when the carnival started setting up in the club park, which is located in a residential area. After some very serious consideration city leaders felt the carnival, which helps raise money for Pampa's youth, would be allowed as long as there were no complaints from residents that live around the park. We know there will be some inconvenience for the people that live around the ball field, but we are sure that the price Pampans have to pay will be worth the reward of knowing they are helping the young people of the community.

our photographer Ron Ennis who has accepted a position with a Fort Worth newspaper. Ron's talents will be greatly missed by all of us, but we wish him the best of luck in his new job and best wishes on his upcoming marriage this month.

SINCE WE ARRIVED we have been concerned about the welfare of man's best friend. We have been on an active campaign to have the pets at the animal control shelter adopted instead of put to sleep. We think everyone should have room in their hearts and homes for a pet. We want to give our support to the shelter for their auction held Friday and a big thank you for trying to save the lives of the animals unfortunate enough to be caught roaming city streets. A pet depends on its owner for food, care and a home. We think if you have a pet, you and not someone else should take care of it.

IF YOU WANT something to do after church today we suggest you load the kids and the dog in the car and head for Mobeetie and the time of your life. The all mule rodeo is the featured event of the day but a side trip well worth your time, we think, is to the old Mobeetie jail. Grace Bright will be more than happy to take your family on a trip into the past as she guides you through the historic structure. For a weekend outing we think this trip is a must for anyone.

Hidalgo County DA back in courtroom

BROWNSVILLE, Texas (AP) — Hidalgo County District Attorney Oscar McInnis returns to federal court here this week to argue that prosecutors illegally taped conversations he had with a convicted murderer.

McInnis was indicted here for allegedly plotting to have a friend's ex-husband kidnapped and killed.

The tapes purportedly show that McInnis wanted the targeted victim's body disposed of.

"We don't give a — if he ain't found but it would be just as well if he wasn't, wouldn't it?" McInnis told prisoner Dan Rodriguez, according to transcripts of the tapes filed in federal court here. "I mean just as long as these folks don't see him they don't give a — which way he went."

Motions filed by McInnis' defense team claim the tapes, made in April and May, are inadmissible as evidence because they were made "as a result of illegal activity on the part of the government" and constitute entrapment.

The tapes were reportedly made after Rodriguez told officials about McInnis plans. Prosecutors claim the tapes are admissible because McInnis was the "moving party" and "moving force" in the plot.

"The fact that those plans were tape recorded do not constitute entrapment," the prosecution claims.

now the U.S. marshal in Houston.

McInnis also reportedly said, "These goddamned Democrats, you know, they'll appoint some of the crummiest sons of a bitches." McInnis, who was disqualified from office in Edinburg Friday, has always run as the Democratic nominee for district attorney.

Policies reviewed

By KATHY BURR
 Pampa News Staff
 School board policies and procedures were the subjects covered at the inservice project meeting this week.

Conducting the meeting was Bob Phillips, superintendent of schools. On hand for the meeting were teachers in the Pampa Independent School District.

Phillips opened the meeting by asking those present if they had any questions about current policies.

One faculty member asked Phillips why the school boards are sometimes reluctant to stand behind their policies when they are brought to court.

Phillips said, "Any policy is subject to challenge." He added many of the policies set forth in the manual may not stand up in court because of rulings by various organizations. He said, "The policies are more likely to be challenged if they are detailed."

Possibly only two dozen of the current policies are locally oriented. Phillips said many of the policies used in the school system are state or federal rules that have been passed down.

The school board put a new policy into effect this summer, dealing with early graduation and the selection of valedictorians.

Phillips gave a hypothetical situation in order to explain the policy. "Assume the 77-78 school year is coming to an end, and there is a second quarter graduate with an academic average of 99," Phillips said. "There is also someone else who will finish the school year with a 98.5 average. Who is the valedictorian?"

So far this problem hasn't arisen in the Pampa school system, but it has in other

systems. The Pampa School system decided to develop a policy concerning it, before there was a problem.

The new policy defines an early graduate as someone who completes his education in less than four years. Graduation is defined as terminating attendance, so under the new policy anyone graduating early would not be eligible for this honor, or any extra-curricular activities.

Transfer students must attend Pampa in their junior and senior years to be eligible for the valedictorian.

The re-instatement of students was also discussed. Phillips explained the difference between suspension and expulsion. While the principal has the authority to suspend a student, only the school board has the authority to expel a student.

One teacher asked about the process of developing a policy. Phillips said, "Hopefully we can anticipate the need for it, and develop it before the need is present. If the policy isn't present, we will make a decision and go with it."

In creating a new policy, Phillips said, "The policy is reviewed, rewritten and reworded, then it is taken to the board of education. After that it is put on the agenda for two sessions before it is adopted."

Compulsory attendance was another policy discussed.

Phillips explained to the teachers that only students ages 7 - 16 are required to attend school. Students enrolled in the special education program are required to attend school from ages 3 - 21. He added that after the student reaches age 21, the school district may charge tuition.

Football is the king, but it's not the only game in town

Football is the undisputed king of Texas high school sports in the fall. Avjd gridiron fans will jam their school's stadium on Friday and Saturday nights from now until the middle of November and, with a little luck and plenty of skill, follow their local favorites into the state playoffs.

But not all high school sports draw the kind of following that football teams enjoy. Not many people will show up at a cross country meet. A handful might gather to watch the final holes of a golf tournament. Tennis and volleyball squads might attract slightly larger crowds, but nothing can topple King Football in Texas.

Still, these sports are going strong in Pampa right now, and their participants are working toward the same goal as any football team. Success is the spelled the same way in all sports.

Pampa's girls volleyball team won its bi-district last year and Coach Lynn Wolfe is hoping for another run for the crown in 1978.

"We'll have a lot of seniors this year," she said before her spikers entered fall drills. "but they will not have played together as much as the girls from last year. They'd played together since they were in the ninth grade."

The biggest difference between the 1978 Harvester Spikers and last year's edition could be depth—or a lack of it.

"I had a lot of regulars graduate last year, but I've still got a lot of good players," Mrs. Wolfe said. "We had a lot of good ones last year."

Demetria Simmons is the only full-time starter returning from last year's squad, but several part-time players will return to bolster Pampa's hopes. Frontcourt players Carmella Caldwell and Troi Staus are back for another year and Teresa Stafford, primarily a backcourt specialist in 1977, also returns.

Other experienced players expected to add to the Harvester attack include Mia Dacus and Evelyn Young.

After spending a year as a teaching tennis pro, David Martin arrived in Pampa with one thought in mind—to turn the Harvester teams into real competitors.

In that light, the team has scheduled dual matches as far away as Wichita Falls and is planning to participate in three fall and five spring tournaments.

In addition, Martin said Pampa will host the district tournament in the spring and held out the possibility of hosting a fall tournament.

"I'm looking forward to a real good year," the 1977 West Texas State graduate said, "especially with the girls team."

Cross country runners won't begin their season until October 7, when they'll host their opening meet of the year. But early risers in Pampa may have seen some of the spartan runners getting in their training miles as the sun rises.

Coach Jim Hogan has been whipping his runners into shape with the help of weight training and early-morning running, when traffic isn't as heavy on city streets. Wednesday morning, the harriers' schedule called for a four-mile jaunt in under thirty minutes, a mile per 7½-minute pace.

Hopefully, the rigors of early morning running will result in some Pampa entries for the State Meet December 2 in Austin. Pampa will host the District Meet November 10.

Golf, like tennis, is more of a spring sport than a fall event. But PHS golfers are already preparing for the autumn season with daily practice rounds under the watchful eye of Coach Deck Woldt at the Pampa Country Club.

That kind of perseverance and returning lettermen like juniors Barry Terrell and Paul Beck could help the team improve on its third-place district finish of last spring. Tascosa and Amarillo High finished above the Harvester golfers at the district meet.

"You'll be writing first in the district next spring," vowed Terrell.

Pampa moves ball, but so does Canyon

Pampa scored first and moved the ball well, but Canyon came out on top in the scoring department during Friday night's scrimmage at Harvester Field.

The teams played one live half — which Canyon won, 14-6 — and traded 12-play series twice for the "second half" of play.

"We're going to have to do something in the middle of the defense," Coach John Welborn said Saturday night. "We had some people who weren't moving to the ball aggressively."

As a result, Canyon managed to move the ball on the ground most of the night. But the defense did make some big plays, and one led to Pampa's touchdown.

Mark Hutchinson recovered an errant Eagle pitchout to set up Doug Smith's

one-yard plunge midway through the first quarter.

But the Harvesters, via penalties and other errors, gave up a few more scoring opportunities, and Smith's touchdown stood as Pampa's lone tally.

"We moved the ball pretty well, and I thought Canyon had a pretty good defensive team, so that's a bright spot," Welborn said.

"We should have scored two or three more times, but they (Canyon) probably feel they same way. We have a lot of work to do before Friday," he said.

The Shockers dominated their scrimmage over Canyon's junior varsity, scoring three times — on three Clay Coffee passes — while holding Canyon to one touchdown.

Astros whip Cubs, 8-5

CHICAGO (AP) — Bob Watson and Dennis Walling each singled twice and drove in a run in a seven-run ninth-inning explosion that carried the Houston Astros past the Chicago Cubs 8-5 Saturday.

A two-run triple by Bill Buckner and a sacrifice fly by Manny Trillo in the bottom of the eighth had given the Cubs a 5-1 lead.

But Houston erupted for seven hits off four pitchers, scored one run on a wild pitch and two on an error by Ivan DeJesus in the wild ninth inning.

Singles by Watson and Walling to open the inning chased Rick Reuschel and brought in Bruce Sutter. One run scored on a force play at second and pinch-hitter Jesus Alou singled to put runners at first and third with one out. Pinch-runner Jimmy Sexton stole second before Sutter's wild pitch made the score 5-3.

Rafael Landestoy then fled out. But Keith Drumright sin-

gled home Sexton and Terry Puhl's single brought in Willie Hernandez to pitch to Jose Cruz. 2ho walked.

Lynn McGlothen replaced Hernandez and Enos Cabell lined a hard smash that eluded DeJesus and gave Houston a 6-5 lead. Watson and Walling then followed with their run-scoring singles before Wilbur Howard grounded into a force play for the third out.

Joaquin Andujar, 5-4, was the winner in relief of Houston starter Mark Lemongello, who left after Buckner's eighth-inning triple. Joe Sambito pitched the ninth for his 10th save of the season. Sutter, 7-5, took the loss.

A sacrifice fly by Dave Rader in the second and a triple by Greg Gross in the third produced the Cubs' first two runs. Houston closed the gap to 2-1 in the fourth on a single by Watson, a double by Walling and a wild pitch by Reuschel. Rader's sacrifice fly followed

a single by Bobby Murcer, who stole second and went to third on catcher Bruce Bochy's wild throw. Gross drove in Reuschel, who had doubled to lead off the third. Gross was later cut down trying to score on Buckner's fly to left field.

The Astros blew several good scoring chances before their big inning, leaving runners at third base in the third, fourth, and fifth innings.

Bochy opened the third with a single. Lemongello forced him at second, moved up on a ground out, and took third on Drumright's single, but Puhl struck out.

In the fourth, Bochy struck out after Reuschel's wild pitch sent Walling to third.

Connors survives first big challenge

NEW YORK (AP) — Jimmy Connors survived his first real challenge in the U.S. Open tennis championships Saturday, as he struggled hard to get by little-known American Pat Dupre 7-5, 4-6, 6-3.

The third-round match was a close battle from the start, with No. 2-seed Connors failing to break service until the final game. Then, for the first time in the tournament, Connors,

Evert: Mental attitude toward tennis changed

NEW YORK (AP) — Times have changed for Chris Evert, who has discovered that rectangular world beyond that rectangular patch of clay or grass, dissected by white lines and adorned with a net across the middle, known as a tennis court.

"My mental approach to tennis has changed," she reflected. "It's not a life or death thing for me whether I win a match. There's more to my life now than tennis. That was not always the case."

"Look, I've done it all. I've accomplished all there is to accomplish in tennis. I've won all the major tournaments. I've been No. 1 — what else is there?"

What else, indeed. Since bursting upon the tennis scene as a 16-year-old in 1971, when she reached the semifinals of the U.S. Open, Evert has achieved everything possible in the sport.

She's won the Open in each of the last three years. She's won Wimbledon twice, the French Open twice, the Italian Open twice, the Virginia Slims championship four times... the list is virtually endless. She has not lost a match on clay, her favorite playing surface, in more than five years, winning 118 in a row. Since 1971 she has won 92 percent of her matches — a monumental statistic if ever there was one.

"I'm much more relaxed out there now," Evert said after beating Donna Ganz 6-0, 6-4 Friday night in her first match in the 1978 Open at the new National Tennis Center.

who was 26 on Saturday, himself was broken in the third game of the second set.

"It was a truly impressive performance by Dupre, a 23-year-old American who was once pegged a promising junior prospect before he gradually slipped from the picture."

Earlier, Guillermo Vilas and Vitas Gerulaitis survived their third dangerously close matches. Vilas, the defending champion, outlasted former champion Stan Smith 6-4, 3-6, 6-3 and Gerulaitis barely pulled out a 6-4, 3-6, 7-5 squeaker over Rhodesian Andy Pattison.

In night matches, the Wimbledon champions were to play. Top seed Bjorn Borg was to meet Heinz Gunthardt of Switzerland, and No. 1 Martina Navratilova was to play Marie Pinterova of Egypt.

Vilas had a difficult time against Cliff Drysdale in the first round and American Bill Scanlon in the next. Gerulaitis also was stunned by the big fight he got from young Frenchman Pascale Portes in his first match and then from

American Victor Amaya.

In other matches, No. 4 Wendy Turnbull had little trouble getting past American Barbara Hallquist 6-2, 6-3, and No. 5 Eddie Dibbs scrambled to beat Hungariap Balazs Taroczy 7-6, 4-6, 6-3 in a second-round match.

Two of the seeded players fell in day matches. American Bob Lutz dumped no. 13 Jose-Luis Clerc of Argentina 6-3, 6-2 and American Butch Waltz eliminated Poland's Wojtek Fibak 6-4, 7-5.

No. 8 Raul Ramirez of Mexico had a stiff third-round fight from Britain's John Lloyd, but ultimately showed that he has better control, as he won 6-2, 6-3.

No. 6 Brian Gottfried easily defeated former U.S. Davis cup player Erik van Dillen 6-1, 6-0. No. 11 Roscoe Tanner got by fellow American Eliot Teltscher 7-6, 6-2 in the third round. No. 12 Harold Solomon beat American countryman Gene Mayer 6-4, 6-2, and No. 16 Arthur Ashe eliminated another American, Terry Moor, 6-3, 6-4.

Campbell to make debut

ATLANTA (AP) — Heisman Trophy winner Earl Campbell makes his National Football League debut Sunday when the Houston Oilers take on the Atlanta Falcons, who will be guided by an unknown free agent quarterback with the unlikely name of June Jones III.

A crowd of 58,000 is expected for the 1 p.m. EDT kickoff at Atlanta Stadium.

"We are extremely pleased with his progress," said Houston Coach Bum Phillips of Campbell, the NFL's No. 1 draft pick who led the league in pre-season rushing with 255 yards on 37 attempts, a 5.6 yard average and two touchdowns.

The 5-foot-11, 224-pound for-

mer University of Texas runner will start as the tailback in Houston's I-formation attack along with running back Tim Wilson, a second year player from Maryland and veteran Dan Pastorini at quarterback.

The Oilers, who were 1-3 in pre-season, will be going against an Atlanta defense that set an NFL record a year ago, allowing only 129 points.

"Atlanta is a very aggressive, reckless football team. They come at you with a lot of blitzes, and in that sense are a reckless team. But their defense held up very well last year and we expect them to be as good this year," said Phillips, whose club has been picked by many to win the

American Football League's Central Division.

As for defending Jones, Phillips admits he knows very little about the second-year player from Portland State who passed only one time in his rookie season but won out over 1975 Rookie of the Year Steve Bartkowski for the quarterbacking job this season.

"I know nothing about him except what little bit we have of him on film," said Phillips.

Jones played the entire contest in Atlanta's final pre-season victory over Washington and closed out the exhibition season with 18 completions in 37 pass attempts for 297 yards and two touchdowns. He also guided Atlanta, which finished the pre-

season at 2-2, to its only other victory, a 20-17 triumph over the New York Jets.

"I believe that he has proven he can play in the NFL. However, I am also aware there will be much more pressure on him this week," Falcons Coach Leeman Bennett said of Jones.

Bubba Bean, Atlanta's No. 1 draft choice in 1976, who missed the entire 1977 season with a leg injury, pulled a hamstring against the Redskins but will start at running back alongside veteran Haskel Stanback.

Bennett also is aware that Houston is known for its quick starts which includes three consecutive shutout victories in its openers.

AFC picks up where it left off

By BRUCE LOWITT
AP Sports Writer

The National Football League's American Conference starts off Sunday right where it left off last New Year's Day — a mile high.

The NFL schedule-maker, obviously not one to build suspense, is sending the Oakland Raiders into Denver for a rematch of last season's AFC championship game, which the Broncos won 20-17. Craig Morton threw two touchdown passes to Haven Moses in the game while Ken Stabler connected with Dave Casper for a pair of Raider scores.

The difference was that Denver's other six points came on a Jon Keyworth TD plunge while the Raiders' other three came on a field goal by Errol Mann.

The Raiders, who had won Super Bowl XI, watched as Denver lost Super Bowl XII to Dallas, ending the AFC's five-

year domination of the NFL title game.

The Cowboys host Baltimore on Monday night, with the Colts sending untested Mike Kirkland against Dallas' Doomsday Defense in place of injured quarterback Bert Jones.

Sunday's other games are Miami at the New York Jets, Kansas City at Cincinnati, Green Bay at Detroit, Houston at Atlanta, San Francisco at Cleveland, Los Angeles at Philadelphia, Pittsburgh at Buffalo, Minnesota at New Orleans, Washington at New England, St. Louis at Chicago and San Diego at Seattle.

Tampa Bay opened the season Saturday night against the visiting New York Giants.

"Oakland's coming in here looking for what they've always had — that's the AFC championship," Broncos wide receiver Rick Upchurch said of Sunday's game in Denver's Mile High Stadium. "We've got it

now — but we're going to have to fight like dogs to keep it."

"It's going to be a tough, hard-hitting, close game. The team that gets the big break or the big play will win it. Both teams are big-play teams and their momentum goes from there."

Kirkland of the Colts is only one reserve quarterback pressed into action by injuries or other developments. He's actually No. 3 in Baltimore but both Jones and Mike Troup are hurting.

Don Strock will lead the Dolphins against the Jets in place of Bob Griese, who suffered a knee injury in Miami's exhibition victory over Tampa Bay. The last time Griese suffered a serious injury, in 1972, Earl Morrall took over and the Dolphins wound up winning all 17 of their games that year, including the Super Bowl.

Cincinnati will be starting John Reaves, a seven-year

journeyman, in place of Ken Anderson, who broke a finger in his right hand last weekend. Green Bay, which had hoped to have Lynn Dickey back in action but had to settle for David Whitehurst in the exhibitions, may have to settle for Neil Graff now since Whitehurst has a mild shoulder separation.

Two other youngsters are getting starts because of poor showings by veterans. June Jones III, a free-agent rookie from Portland State last year, replaces disappointing Steve Bartkowski for Atlanta. In 1977 Jones attempted one pass and completed it — for minus one yard.

Bartkowski was only demoted to No. 2, a fate a lot less severe than that which befell Jim Plunkett in San Francisco. He managed to complete just one pass in the entire exhibition season and was cut by the 49ers. So unknown Steve DeBerg, acquired as a free agent

last year after being drafted and then cut by the Cowboys, gets the call. DeBerg was impressive in the preseason and was elevated from third-string to starter.

The league has 10 new head coaches — Chuck Knox at Buffalo, Marv Levy at Kansas City and Sam Rutigliano in the AFC and Neil Armstrong at Chicago, Monte Clark at Detroit, Ray Malavasi at Los Angeles, Pete McCulley at San Francisco, Dick Nolan at New Orleans, Jack Pardee at Washington, and Bud Wilkinson at St. Louis in the NFC.

Knox was head coach at Los Angeles for five years, guiding the Rams to the NFC West title each time but never getting them into the Super Bowl. Clark was a one-year wonder in San Francisco, making the 49ers winners in 1976 before a falling victim to Joe Thomas' housecleaning.

Nolan was head coach at San Francisco for eight years, three of them ending in divisional titles. Pardee coached the Bears

MARK HUTCHINSON recovered this Canyon fumble deep in enemy territory during the Harvesters scrimmage against the Eagles Friday night.

Dwayne Avery (37) looks on at the play that set up Pampa's lone score of the night, a one-yard touch down plunge by Doug Smith.

Kite leads B.C. by three

ENDICOTT, N.Y. (AP) — Tom Kite shot a 6-under par 65 over the En-Joe Golf Club course Saturday that put him three strokes ahead of his nearest challenger, Rod Curl, going into Sunday's third round of the \$225,000 B.C. Open.

"I'm playing awfully well, but this tournament is far from a runaway. With two rounds to go, there is a lot of ground,"

said Kite after his Saturday performance left him 11 under par for the first 36 holes of the tournament.

Curl was threatening to make it a two-man tournament after he overcame a poor start of two bogies with two eagles and finished the day with a 7-under 64.

"If I make my putts tomorrow, I'd like to make this a two-man race between me and Kite," Curl said.

Curl managed to finish the second round 7 under par in spite of being 2 over after the first five holes. He said he was bothered by the willow trees

along the 6,915-yard, par-71 course.

Danny Edwards of Edmond, Okla., was four strokes behind Kite in the competition for the \$45,000 winner's share. Artie McNickle and Rex Caldwell were five strokes back going into the third round.

The field of 150 golfers was to be cut in half for the third round.

Miller Barber and Mike Sullivan were alone six strokes back. Bob Byman, a rookie on the American tour after winning four overseas tournaments, was seven strokes behind.

Vespero a horse to beat at All-American Futurity

RUIDOSO DOWNS, N.M. (AP) — Vespero's chances of earning nearly a half-million dollars Labor Day look excellent now. But for a second about a week ago it didn't appear the speedy gelding would even get the chance.

Vespero is the horse to beat, the one the other nine horses will be chasing but probably won't be able to catch Monday at Ruidoso Downs in the 20th running of the All-American Futurity, billed as the world's richest horse race.

But there were some anxious moments for the owners and backers of the 2-year-old quarter horse during 25 time trials held Aug. 25 to determine which 10 of the 249 All-American hopefuls would qualify for the race that carries a gross purse of \$1.28 million.

Vespero burst from the gate, was way out front and looked like he would breeze to victory in his heat with a time that probably would be the best of the dav. But then it happened.

"His hind legs slipped out from under him," said trainer Marilyn Amussen, "but he was able to regather himself and start again."

She said Vespero didn't go down completely but gave up precious ground and time that can be fatal in a quarter horse race where it takes far less than a minute for the entire race to be run.

The pride and joy of owners Gordon and Juanita Crone of Lakin, Kan., regained his stride and blazed down the track to finish strongly, in second place a half-length behind Osage Juana.

Vespero's time was 22.23½ seconds, which ended up as the third best qualifying time behind Osage Juana's 22.16-second clocking and Moon Lark's 22.18-second effort.

"It was remarkable when you consider the race is only 440 yards. It was a tremendous recovery," said Amussen, whose husband Keith is Vespero's jockey.

"We wouldn't trade this horse for any other horse in the race," she added. "We wouldn't put any of the others in our barn in place of this one."

The loss to Osage Juana in the trial was only the second for Vespero, who boasts the best record and top earnings (\$173,538) in the All-American field, in his eight career outings. The other came in the Kansas Futurity trials earlier this summer at Ruidoso Downs when he was disqualified.

BIRDS OF FEATHER

WASHINGTON (AP) — That old saying "birds of a feather flock together" is not necessarily so, according to National Geographic World.

To illustrate the point, the magazine tells of a goose that became separated from its flock and moved in with a pig in a Maine farmyard.

The goose follows the pig everywhere. The pig will lie for hours while the goose walks along its back, cleaning the pig's bristles with its beak.

LETTER PERFECT

NEW YORK (AP) — The average business letter costs about \$5 to produce, says Successful Business, a magazine produced by the Commercial Credit Co.

Part of the cost can be attributed to a dramatic rise in secretarial salaries, the magazine reported, adding that more than 100 companies are now marketing sophisticated, labor-saving typing systems.

Library plans a town hall meeting

Sept. 12, communities all over Texas will have Town Hall meetings to determine what kinds of library services citizens want and need.

Pampa will have a meeting at 7 p.m., Sept. 12, in the conference room of Lovett Memorial Library.

The concerns that emerge from these library Town Hall meetings will be presented by delegates at the Texas Conference on Library and Information Services in Austin, Nov. 16-18.

From this conference, 19 delegates will be selected to represent Texas at the White House Conference on Library and Information Services in Washington, D.C. in 1979. In this way, library needs originating at the grassroots level will reach the nation's capital where the decisions are made.

Town Hall meetings were an important event in the early New England communities. Each citizen who attended had the right and the responsibility to speak out on the issues at hand.

Today, the same right and responsibility exist in communities like Pampa. Pampa's libraries are here for

THE SLEEPER

A low-budget movie that proves to be an unexpected success is called a "sleeper." It sort of sneaks up on you to offer surprising pleasures. A sleeper from the new generation of sofa-sleepers can bring the same kind of unexpected value.

Space is at a premium in most homes, so any time you can make one area serve two purposes -- and do it beautifully -- you've gained a valuable bonus. And these "sleepers" can turn any room into an extra bedroom for your summer visitors, friends or relatives.

If the piece will see heavy duty, choose a durable fabric -- but don't downgrade the decorative potential of the sleeper-sofa. You can choose a practical vinyl, or just as readily have the soft-spoken elegance of velvet or the freshness of hand-woven cotton or corduroy.

A practical tip: When you put a coffee table in front of your sleeper-sofa, select one that is not too large or heavy, or use a pair of small tables which can easily be moved out of the way when the sleeper opens up.

Today's sleeper-sofas come in styles to suit any decor, and in small, regular or queen-size. Stop in and look over our beautiful selection of these dual-purpose sofas, available in a wide choice of decorator fabrics.

NEWS OF HEALTH

Allergies: Things You Should Know

Although some 17 per cent of the people in America suffer from one or more major allergies, there are a lot of facts many may not know.

An allergy is a reaction by the body to substances it recognizes as foreign. The reaction triggers the formation of antibodies and the release of certain chemicals. It's these chemicals that cause the symptoms of allergy.

The most common causes of allergies are pollens, molds, dust, feathers, hair and chemicals. Sometimes an allergy can almost be predicted. For instance, studies have shown that if both parents have hay fever, a child has a three out of four chance of having an allergy, too, and a 50 per cent chance of getting it in his early years.

Anyone with these allergy symptoms would do well to consult with their pharmacist who now is in a position to recommend a number of products which were

formerly available only on prescription.

One recognized for its prompt, effective relief of hay fever and other respiratory allergy symptoms is Chlor-Trimeton tablets from Schering Corporation, and available without prescription in tablet or syrup form.

MANY PEOPLE WOULD BREATHE EASIER if they knew more about their allergies.

It contains the most widely used antihistamine ingredient, which is an original Schering discovery. All told, it would seem an allergy is nothing to sneeze at.

"THE ELECTRIC SAVINGS MACHINE"

SAVING FOR THE FUTURE

Coin banks help teach children how to save for the future. You can save for the future, too, with the electric heat pump. That's why we call it the electric savings machine. This efficient heating/cooling system can deliver as much as two units of heat for every one heat unit of electricity it uses. But the savings don't stop there. With fuel costs expected to rise during the next two decades, the electric heat pump is a smart investment that will save energy today and in the future.

It's never too soon to start saving... with the electric heat pump. Start today before your future gets here. You'll be glad you did.

Fashion and Beauty Tips

Thongs fall flat

Flat thongs and wide-leg pants don't go well together. Better to wear sneakers or flat sandals in this case.

Mascara matter

Don't choose a mascara shade that doesn't work with your coloring. Blondes and redheads need soft brown, for example; brunettes, black or black-brown.

Safe curl

To protect your eyelashes when you're using an eyelash curler, make sure the curler's rubber strip doesn't get worn down.

Taut tip

A victim of razor rash? Always pull the skin taut before applying the blade.

Boxy may be better

Clingy knits and halter tops are fine on the small-bosomed woman. Blouses and boxy shirts work better on the better endowed.

Humid hint

Abandon the idea of a complicated hairdo for summer if you get the "frizzies" in the heat. Have your hair cut so it will work with its natural tendencies, humidity or not.

Your Birthdays

September 2, 1978
 You can't afford to coast this coming year. There are good things for you, but you'll have to go after them. Many important and wonderful changes can be made if you do.

VIRGO (Aug. 23-Sept. 22) It's to your advantage to think big and not be afraid to use your imaginative tactics today. There is something new and exciting within you just waiting to be expressed.

LIBRA (Sept. 23-Oct. 23) People are ready to go to bat for you if you'll let them know about your new desire. They can be more help than you might imagine.

SCORPIO (Oct. 24-Nov. 22) It is very possible you'll find yourself in the midst of a unique group of people today who'll discover you're an exciting person. New friendships are in the offing.

SAGITTARIUS (Nov. 23-Dec. 21) A curious happening could be instrumental in causing you to change some goals you previously thought important. Your new ones will be more significant.

CAPRICORN (Dec. 22-Jan. 19) Go along with the ideas of friends today. Much to your surprise, you'll find their plans to be refreshing. You might even want to make a habit of it.

AQUARIUS (Jan. 20-Feb. 19) Assistance from an unexpected source could be helpful in furthering your ambitions today. You may also discover you were going about things all wrong.

PISCES (Feb. 20-March 20) You'll have an opportunity today to get to know someone you never gave much thought to. You'll find this person enchanting.

ARIES (March 21-April 19) It's a shame that you probably won't trust the unusual ideas you get today. They'll really be good ones, and should be put to work at once.

TAURUS (April 20-May 20) If you meet someone today who is a little different from your normal circle of intimates, try to cultivate his or her friendship. This person will add a lot of zest to your life.

GEMINI (May 21-June 20) You could hit on a clever way to do something today. Don't tell anyone else about it. Chances are, they won't be able to see what you do in it.

CANCER (June 21-July 22) A sudden shift of plans for today's events will turn out to be exceptionally fun. Forget home chores for once and go along with the change.

LEO (July 23-Aug. 22) Just when you think Dame Fortune has nothing to offer, something quite unexpected could drop in your lap today. It'll make your wallet very happy.
