## Seniors invited to experience Oktoberfest

by Lou Gilly  
Haskell Co. Extension Agent  
Experience fall and nature at its best this year "Deep in the Heart of Texas." That's what folks 50 and over will be doing at the Texas 4-H

Center on Lake Brownwood when adults will enjoy the annual Oktoberfest during Oct. says Lou Gilly, Haskell County Extension Agent-Family and Consumer Sciences.

Sponsored by the Texas Agricultural Extension Service, Oktoberfest is offered for men and women alike to enjoy the wonderful activities offered during the week of Oct. 18-21.

Opportunities include "hands-on" learning centers where one can learn painting, woodworking, holiday crafts and other exciting projects. Educational programs on topics such as horticulture, photography, nutrition, finances and other current interests are a popular highlight.

Fishing on Lake Brownwood add popularity to the stay. Lighted tennis courts, horseshoes, billiards, volleyball, shuffleboard, dominoes and card and table games are all popular activities.

A special "Walk On the Wild Side!" theme featuring a costume contest will provide a festive atmosphere to the event.

Oktoberfest '99! Are you 50 or older? Then it's for you! Get away and learn to make the most of the best years of your life. Call the Haskell County Extension Office at (940) 864-2546.

## Local 4-H'ers compete at State 4-H Horse Show

by Brandon Anderson  
Haskell Co. Extension Agent  
Three Haskell County 4-H'ers represented Haskell at the State 4-H Horse Show held in Abilene, July 25-31. The 4-H'ers were Morgan Cox, Cassie Lamb and Hegan Lamb. The competition at the Texas State 4-H Horse Show is always tough and these 4-H'ers did very well in their respective events.

Hegan Lamb competed in five events and placed in three. He ended up 5th in the Breakaway Roping

and also 5th in the Working Cow Horse competition. He also competed in Team Penning with his sister Cassie and Roni Morrow from Knox County. Their team ended up 10th out of approximately 75 teams. Cassie Lamb also competed well placing in two out of three events. Along with being a member of the 10th place Team Penning Team, she placed 5th in Barrels in which some 175 barrel racers competed. Billy and Tina

Lamb were present at the State Show as well.

Morgan Cox, daughter of Bill and Susan Cox, also competed well placing in two out of three events and gaining enough points to end up as the Reserve Overall Speed Events Champion. To earn this honor, Morgan placed 1st in Barrels and 2nd in Poles, both events had approximately 175 participants and the competition was strong.

## Indian Band Boosters elect new slate of officers

The Haskell Indian Band Booster Club met Tues., Aug. 3 in the band hall to elect officers for the 1999-2000 school year and to discuss upcoming events. Officers for this year's Band Booster Club are: Charlotte Peiser-president; Kay

Perry-vice president; Lisa Teague-treasurer; Betsy McManamon-secretary/reporter; and Rae Webb-travel coordinator.

Plans were made for scheduling volunteers to work in the concession stand during home

football games. All band parents are encouraged to sign up for this important project which helps raise money each year for the Indian Band. Other fundraising projects were discussed and will be considered.

There is an immediate need for a secondhand refrigerator and an evaporative cooler for the concession stand. A donation of these items or any cash donations toward the purchase of these items would be greatly appreciated.

The following are important upcoming events for the Haskell Indian Band: Oct. 2: "Big Country" Marching Festival-Wylie-Abilene; Oct. 16: Region II UIL Marching Contest-Shotwell Stadium; Oct. 23: Area UIL Marching Contest-H. E. B. Pennington Field; Nov. 6: South Zone District HS/MS Band Tryouts-Wylie H. S.; Nov. 13: ATSSB Region Band Tryouts-Wylie J. H.

A complete list of band dates can be picked up at the band hall from Michael Copeland, Band Director.

## City sells delinquent properties

During the regular meeting of the Haskell City Council Tues., a reciprocal agreement was approved between the 39th Judicial District Community Supervision and Corrections Department, and the Community Service Restitution Program for Haskell County, (CSCD), and the City of Haskell Community Service Restitution Organization, (CSR). Don Kretschmer, County Probation Officer represented the county at the meeting.

The agreement provides the basis under which the county and city will work together to provide offenders the opportunity to repay a portion of their fines or to work time off of their sentences by performing useful work in the city or county.

Detailed in the three page agreement were all regulations governing services and assignments, probationer responsibilities, and procedures for processing referrals or injuries.

In other business, approval was also given for the resale of property acquired through delinquent property tax foreclosure. After the property was stricken off the tax rolls and put up for bid at a sheriff's sale, the Haskell County Appraisal District received a written bid to purchase the properties, for less than the minimum bid required by law. The Appraisal District Board of Directors then approved the resale, thus putting the properties back on the tax rolls.

Bids were accepted for sales of properties at: Block 29, Lot n 49' of 4, in the Brown and Roberts Addition, to Mike and Julia Harrell; Block 34, Lot B, in the Brown and Roberts Addition, to Mike and Julia Harrell; Block 7, Lot 3, in Original Town, Haskell, to Loraine Johnson; Block 5, Lot 1 and 2, in College Heights, to Loraine Johnson; and Block 35, Lot 1 in Brown and Roberts Addition, to Robert Tribbey.

In an executive session to consider the salaries of street, water, wastewater, sanitation and landfill employees, no action was taken by the Council.

**RECEIVES AWARD**—Haskell attorney, Andrew Ottaway, was recently honored to receive a Pro Bono Volunteer Attorney Scholarship from the State Bar of Texas. Making the presentation was Donna Sue Anders, Service Area Manager for the Noah Project-North, who nominated Ottaway for the work he does for the Noah Project's clients. A limited number of such scholarships are provided by the State Bar of Texas to attorneys for outstanding volunteer work they do for non-profit organizations.

# Gilly, Anderson attend conference July 14-16

by Brandon Anderson and Lou Gilly  
Haskell Co. Extension Agents  
Lou Gilly and Brandon Anderson, Haskell County Extension Agents, were among the more than 1,000 faculty members who attended the Texas Agricultural Extension Service conference in College Station July 14-16.

The three-day conference was aimed at preparing faculty for a "new century of service" to the state.

"As a knowledge-based organization, the Texas Agricultural Extension Service has

been educating Texans for 85 years through a wide array of outreach activities," said Dr. Edward A. Hiler, vice chancellor and dean for the College of Agriculture and Life Sciences at Texas A&M University and Extension director.

"The Extension service has brought the resources of a land-grant university to local communities in ways that have had a positive impact on people's lives and communities. We have always been able to respond effectively to changing needs because we continue to listen to people, hear what they say and take action."

Participants were drawn in from across the state for the first time in 11 years.

Keynote speakers included Dr. Lowell Catlett, professor of agricultural economics and agricultural business at New Mexico State University, who spoke on "Getting Extension's Future in Focus;" Michael Boehje, professor of agricultural economics and David King, head of the department of agricultural communications at Purdue University, who spoke on "Meeting the Private Sector Challenge;" and David Hutchens, a corporate consultant and author,

who discussed "Out-learning the Wolves: Re-imagining Your Community as a Learning System."

Extension faculty were also able to participate in continuing education sessions on topics such as mediating conflict in communities, achieving customer service excellence, creating and nurturing collaborations and partnerships, building Extension volunteer programs, interpersonal communications and empowering team leadership.

Other sessions included, biotechnology, health and water issues in the 21st century, youth assets, trends in liability and risk issues, nature tourism, attracting and retaining top-notch employees, effective teaching on the World Wide Web and learning styles and learner-centered teaching. Some faculty were able to take advantage of first aid certification as well.

The Extension Service provides a range of research-based information and education to people in every Texas county. Faculty include specialists and county agents with expertise in agriculture and natural resources, consumer and family sciences and 4-H and youth development.

### NOTICE OF 1999 PROPERTY TAX RATES

This notice concerns 1999 property tax rates for the following taxing units: City of Haskell; City of Weinert; North Central Texas Municipal Water Authority; Haskell County Water Supply District #1; Haskell Memorial Hospital District. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

Grandparents of the infant are Alan and Donna Page of Irving, and Derrell and Janice Moore of Abilene.

Great-grandparents are Mary Stuard of Abilene, June Mercer of Irving, and Bessie Page of Manassas, Virginia.

Santos and Myles are proud to announce the arrival of their new baby sister, Amada Mia Diaz. She arrived Aug. 3 at 12:40 p.m. at Hendrick Medical Center.

She weighed 8 lbs. 6 oz. and measured 20" long.

Proud parents are Ruben and Rosie Diaz of Haskell.

Grandparents are Mrs. Lina Diaz of Haskell and Rey and Valentina Morales of Tahoka.

State Capital

## HIGHLIGHTS

By Ed Sterling  
TEXAS PRESS ASSOCIATION

AUSTIN — The Texas Legislative Budget Board recently predicted a loss of about \$10.5 million in revenue from the state sales tax holiday running from 12:01 a.m. Friday, Aug. 6, to midnight Sunday, Aug. 8.

During the legislative session that ended in May, lawmakers approved the sales tax holiday as part of a \$2 billion tax cut.

Cities, counties and other entities that charge a sales tax were expected to lose about \$7.6 million, the *Austin American-Statesman* reported last week.

On the list of non-taxable items over the sales tax holiday were school clothes and shoes with price tags under \$100. Among items not included were protective sportswear, backpacks and purses.

In the next state budget, which covers 2000 and 2001, the state expects to lose about \$60 million as public awareness of the annual sales tax holiday increases, the *American-Statesman* reported.

Florida and New York initiated sales tax holidays before Texas.

Because of the sales tax holiday, Texas merchants were expected to enjoy an influx of across-the-border shoppers from Oklahoma, southeastern Colorado, southwestern Kansas, New Mexico, Arkansas and Louisiana.

### Oversight of Executions a Duty

Lt. Gov. Rick Perry serves as acting governor when Gov. George W. Bush is out of state, and recently, the governor has been on the presidential campaign trail.

When Bush is away, it is Perry's job to decide — if the Texas Board of Pardons and Paroles recommends clemency — whether to grant a 30-day reprieve or commute a death sentence to life in prison.

Six Texas prison inmates have been scheduled for execution in the first half of August.

Last week, Perry said it was "a very sobering experience" to have the final say in an execution.

"I look at the technicalities of the case, making sure that due process was served. In (upcoming) executions, it appears that due process was served — certainly more than the victims of these horrible crimes received," he told the Associated Press.

"The message is clear in Texas. The vast majority of Texans support the death penalty. If you're going to commit a heinous crime that fits the death penalty, you're

going to be given the ultimate penalty."

The governor has overseen 14 of the 16 executions carried out in Texas this year. Perry has overseen one and Sen. Rodney Ellis, D-Houston, president pro-tem of the state Senate, oversaw the other.

An Aug. 4 execution was the 181st execution since executions resumed in Texas in December 1982.

### Other Highlights

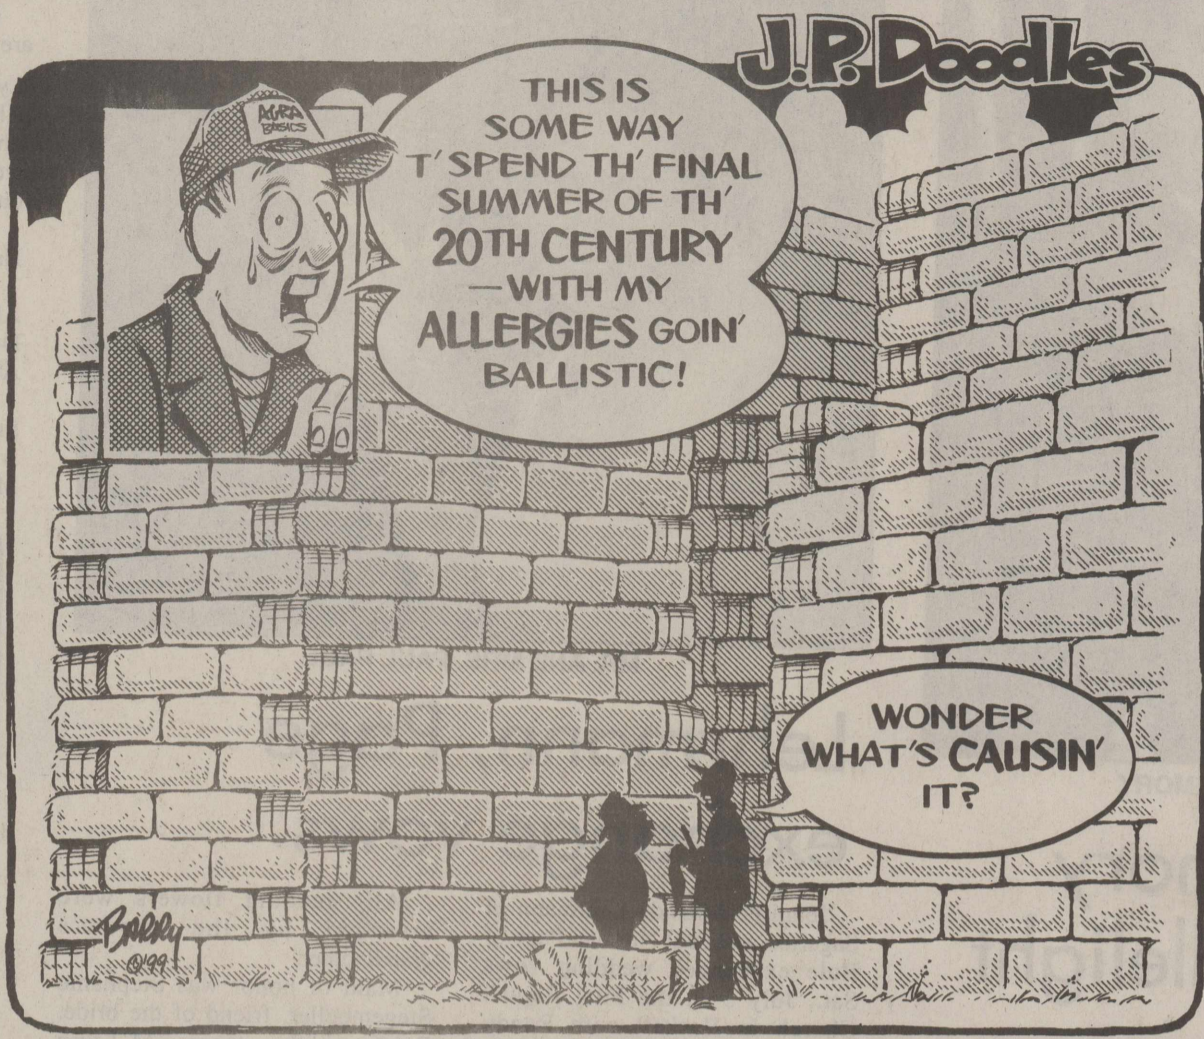

■ Last week, Austin's fifth Ozone Action Day in 1999 was declared. An Ozone Action Day is declared when ozone gas is expected to exceed 84 parts per billion — a safety standard set by the U.S. Environmental Protection Agency. Internal combustion engines in cars, trucks and lawnmowers are the primary emitters of lung-irritating ozone gas in Austin.

■ Austin city leaders proclaimed Monday, Aug. 9, to be "Yellow Shirt Day" in honor of 1999 Tour de France winner Lance Armstrong of Austin. Bicyclists were invited to join Armstrong for a ride up Congress Avenue, and a parade and festivities were planned.

■ The U.S. Justice Department last week approved a motion by the Texas Department of Public Safety to relinquish 12 tons of evidence collected from the site of the Branch Davidian compound near Waco. U.S. District Judge Walter S. Smith Jr. of Waco will take control of the evidence until he determines which governmental agency should have custody of it.

■ The Texas Department of Health dismissed rumors that due to alleged lack of funding there will be no licensing or inspections of kidney dialysis units. Doug McBride, spokesman for the agency, said the dialysis program is intact and money for the \$300,000 to \$400,000 program is on the way. About 250 dialysis units serve about 20,000 patients statewide.

■ Aug. 1 was the 33rd anniversary of the murder of 17 people and the wounding of many others by sniper Charles Whitman. University of Texas officials dedicated a garden space just north of the clock tower on the UT campus as a memorial to the victims. Over a 99-minute period, Whitman, a deranged student, fired deadly shots from the observation deck of tower before being gunned down by police officers.

## From The Inside Out

By Mary Kaigler

Perhaps too soon for some, the process will begin again this week.

Schools in Haskell will start another important year in the process of learning and development of what is, in reality, our country's most valuable natural asset, our children.

As it is with any other national asset, this one is vulnerable to having its powerful potential for helping make a better world, lessened by neglect, exploitation and indifference. Even as we work in our country to provide all our children with opportunity to experience and have access to all the best in the way of tools and technology to help them build a successful career, some are starving for the tools with which to build a solid character and the incentive to live a life filled with real meaning.

How thankful we should be to have a good school system here, with good teachers and school officials and a school board devoted to finding and providing the best learning environment possible for our children. How thankful we are

that our local schools do not find it necessary to use metal detectors on our students as they come to class, as is being done in many of the nation's public schools.

However, we know that even here, not all children are taught early in life the basics leading to good attitudes of life. While we may lament the fact that the Ten Commandments cannot legally be displayed on the walls of our schools, we can be sure that if they are not displayed in the lives of those adults our children see in the community, they will never touch the children as being relevant to their own lives. Teachers and the school system cannot do it all.

Every person can be a part of the important work of guiding and molding the children. And although we don't have the formal forum of a classroom, or can be in on an important strategy-planning session for reaching all of them, there will be some opportunity in our daily coming and going to reach out and be a friend to at least one child who needs a word of

encouragement, a word of caring, a word of love.

Words have power, and if the only words a child hears or perceives are negative, he or she will be that way in how they treat others.

What does a child learn from those he lives among? Consider this. If a child lives with hostility, he learns to fight; with criticism, he learns to condemn; with fear, he learns to be apprehensive; with jealousy, he learns to hate; with self-pity, he learns to be sorry for himself. However, if he lives with encouragement, he learns to be appreciative; with acceptance, he learns to love; with fairness, he learns justice; with honesty, he learns what truth is; with friendliness, he learns that the world is a nice place to live.

Unfortunately, even in Haskell, all of our children do not hear the right words for helping make their world a nice place. Some will be troubled, and some will become a problem.

Recently, I found tucked away in one of my Dad's study Bibles, a little paper from one of the Children's Homes he supported through the years. Printed on it was, "A Message From the Problem Child." In part, it said:

"I learned to fight. I had to fight to live.

I learned to hate. I hate the rich, the smart, the good—all those who have the things I cannot have.

And now, you say you'll help me. You can try.

You'll feed me, clothe me, tell me to keep clean.

I'll take your tests. I'll listen to your words—your sermonettes.

I'll go and come because you say I must. I am yours.

But you can never change my heart—my hate, unless somewhere I find one person—one person like no other I have seen, who knows that deep inside my profane life there burns a spark of goodness, waiting for a breath of love to fan it into flame.

He's somewhere in this world, looking for me.

And when I find him—the man that I can trust, my life will change. I know it.

I'll put my hand in his, and to my God the other hand I'll give, and lift my head and walk uprightly into life, knowing at last, that I have found MY friend."

As a community of individuals, we could make a difference in the lives of such children if we reached out to them in what ever way they need, as a friend who listens and cares.

An eminent juvenile judge has said, "Of the thousands of boys and girls who have come before me, 90% would not have been there if there had been one adult on which they could have counted."

If ALL our children in Haskell could count us to be caring role models of doing the right thing "unto" others in the way we live our own lives, it might make a powerful difference in the way our children live theirs.

## Letters to the editor

Dear Editor:

What in the world is happening to our kids today?

Let's see...I think it all started when Madalyn Murry O'Hair complained that she didn't want any prayer in our schools and we said OK.

Then someone else said you had better not read the Bible in school—the Bible says thou shalt not kill, thou shalt not steal and love your neighbor as yourself. And we said OK.

Remember Dr. Benjamin Spock, who said we shouldn't spank our children when they misbehave because their little personalities would be warped and we might damage their self-esteem? And we said OK.

Then someone else said teachers and principals better not discipline our children when they misbehave. And our administrators said no one in this school better touch a student when they misbehave because we don't want any bad publicity and we surely don't want to be sued. And we said OK.

So now we are asking ourselves why our children have no conscience, why they don't know right from wrong and why it doesn't bother them to kill.

If we think about it long and hard enough, we can figure it out.

It has a great deal to do with "We have reaped what we have sown!!" Gal. 6:7

And it is not OK!!!

## Keeping an eye on Texas

More than 529,948,148 meals served

In a single school year, more than half a billion cafeteria meals are served: 389 million lunches and 140 million breakfasts. Each day, on average, 2.2 million students, or 57.8 percent, ate lunch in 6,377 school cafeterias statewide, and 6,241 school cafeterias served breakfast to about 800,000 students, or 16.1 percent.

## Green Thumb

By Gladys O'Neal

This month I am writing to help you with a fall garden or to get ready for a spring garden. I think you will enjoy doing things to get ready for the year 2000 and make plans for a good autumn and spring.

Late summer and an early fall are ideal times to divide and reset many spring-blooming perennials, for example, irises, daylilies and shasta daisies. Take a large ball of soil and separate the plants very carefully. Choose the most vigorous divisions that have at least one nice growing point.

Prepare the planting area by filling in 3 or 4 inches of composted pine bark. Put in some balanced fertilizer. Water the plants well every 3 to 5 days.

These items, potato peelings, coffee grounds, wilted carrot tops, grass clippings and dried leaves are but a few items that would be better tossed in the compost pile or trash bin or box. If you are using or making compost, please do not put meat or dairy products, pet manure or cooking grease in it.

If you would like to make a compost pile call this number for instructions. Gardener's Supply Co. telephone number is 800-955-3370. Request a copy of "Successful Composting Made Easy." Save your coffee grounds and put them directly on your soil. They have nitrogen, some phosphorus and potassium. Add the coffee ground to the compost pile.

It is time to plant pansies if you want them to bloom in the fall or spring. Plant them in moist soil.

If you see signs of the red spiders, dust the plants freely with sulphur or malathion.

Have you noticed the sun flowers? They seem to have a special relationship with people. The wild ones like to grow where the land has been altered by human use. In my garden they nod and seem to smile. They hang their heavy heads just as we do. I do not want to spend a summer without their companionship.

Quote: If you cannot do great things, do small things in a great way. Author unknown.

No news is good news...sorry that there was no news from our bustling "city" last week, but the good news was that we got to go to Houston to visit our daughter, Peggy Adler and our granddaughter, Anna Willis of Montgomery. It was good to see other scenery and enjoy the sights of the big city from the back seat while someone else drove. While there we went to Galveston, drove down to the beach...goodness no, we didn't don a swimsuit. We visited the genealogical library in Galveston and Houston and did some work on the family history book that we are working on. On the return trip home, we stopped at several antique shops in Riesel and then took a tour of the Dr. Pepper Bottling Plant in Dublin. This plant is the original plant where Dr. Pepper was first bottled and houses much memorabilia of the Dr. Pepper history. It was a real treat to drink a Dr. Pepper from a small glass bottle, just like "in the old days."

The Methodist Church members gathered last week for their monthly family night with Johnny and Sue Guinn hosting a delicious salad supper. Members and guests present included Frances Clark, Chelsea and Brian Tonnan of Wylie, Alvin and Ev Ulmer, G. W. and Ophelia LeFevre, Dorothy Clark, Jacky and Peggy Tabor.

All twenty-nine members of the Delbert and Joyce LeFevre family met at Lake Brownwood last week from Sun. to Wed. for their annual family reunion. Children, grandchildren and great grandchildren enjoyed being together for a busy, fun-filled time at the lake!

The home of Charles and Dorothy Clark was the scene of a

birthday party for over forty guests who came to wish Mrs. Clark's mother, Mrs. M. Y. Benton, a "Happy Birthday." Mrs. Benton was 97 years "young" on Aug. 4 and the party was held Aug. 1. Birthday cake and punch was served by Joyce LeFevre, Peggy Tabor and June Biffle. Out of town relatives and friends attending included Dean and Marie Chapman and Julie of Mansfield, Jerry and Sheila Benson of Munday, Chelsea and Brian Tonnan of Wylie, Jo Brown of Lake Stamford, Cheryl and Kristin Hertel, Doris Lehrmann, Patsy Davis, June Biffle, Pete and Swede Kittley, Mildred Kittley and Margaret Kittley, all of Rule and Sagertonites Delbert and Joyce LeFevre, Jack and Peggy Tabor, Mary Neinast, Dorothy Toney, J. C. and Margaret Wendeborn, Wilma Teichelman, Margie Hertel, Leona Letz, Corine Lowack, Minnie Monse, Alvin and Alice Bredthauer, Melvin and Flo New, Frances Clark, G. W. and Ophelia LeFevre and Andrea Kittley. The entire community wishes Mrs. Benton continued good health.

Family members visiting with Mrs. Benton prior to the big day included Eldon and Syndey Cook of Sun City, Ariz., Sharon and Chrystal Hess of San Angelo, Yater and Mildred Benton of Weatherford, Allen and Leisa Ross of Cannon City, Colo. and Bruce and Carolyn LaPata of Coffeyville, Kan.

Gibb Gibson and Doug Smith of Rowlett visited last week in the home of Charles and Dorothy Clark. Gibb is the son of Opal Gibson.

Newlyweds Craig and Trish New were honored with a bridal shower at the community center

last Sat. hosted by the following: Alice Jones, Elaine Gomillion, Melissa Hisey, Debbie Tanner, Christi Long, Joyce LeFevre, Ev Ulmer, Frances Clark, Mrs. Charles Clark, Mrs. Ronnie Teichelman, Mrs. Jimmy Teichelman, Suzie Wilson, Donna Saffel, Jill Brown, Yolanda Herrera, Pam Bowles, Susan LeFevre, Sonia Parr, Carolyn Mathis, Dora Torres and Molly Cannon. The News were married May 28 in Tooele, Utah. Craig is a Doctoral student in the University of Nevada at Reno and she is employed by Easter Seals. Congratulations to the News.

Mr. and Mrs. Charles New, Kayla, Zack and Reagan from East Bernard were weekend visitors in the home of his parents, Jimmy and Judy. Great grandparents Melvin and Flo New were overjoyed to see little Reagan for the first time.

The annual watermelon supper was held at the community center last Tues. night with Charles and Dorothy Clark, J. C. and Margaret Wendeborn and Jack and Peggy Tabor hosting. Sandwiches and watermelon were enjoyed by the following: Nancy, Vanessa, Joshua, Jacob and Michael Perez, John and Sue Guinn, Frances Clark, Chelsea and Brian Tonnan of Wylie, G. W. and Ophelia LeFevre, Odene Dudensing, Jill, Ken, Kinsey, Tully and Cade Brown, Joyce and Delbert LeFevre, Pastor Jeff, Marie and Thomas Zell, Kent and Kit LeFevre, Jay, Gloria, Josh and Jayson Wendeborn from Farmington, N. M., Lynn Renee, Abby, Emery, Molly and Jenny Dudensing and Joe and

Dorothy Clark. The Sept. supper will be hosted by Jill Brown, Leslie Kupatt and Cheryl Hertel.

Renee Dudensing, local 4-H leader and Jana Manske took 4-H members to Abilene and Baird last Wed. for a field trip. While in Abilene the group toured Mrs. Baird's Bakery and saw first hand how the products are made. After touring the plant, they were treated to a fresh bread sample. From Abilene the group went to Baird where they visited Grump's Specialties where they re-package candy and make lollipops. It was most interesting to see just how much is involved in a simple lollipop. Members making the trip were Jacob Manske, Tully and Kinsey Brown, Abby, Molly, Emery and visitor Jenny Dudensing, all of Sagerton and Sam and Will Kittley, Bre

Marquis, Joshua Ramirez, Sam Long, Kelsey and McKenzie Miller of Rule.

Betty Zell from the Chicago area has been visiting in the home of her son, Pastor Jeff, Marie and Thomas Zell. Little Thomas has really been enjoying the extra attention with a grandma around. We enjoyed visiting with Mrs. Zell Sun. morning at church and were assured that she was having a good time with her sweet little grandson.

Virgil and Geneva Vahlenkamp and their grandson Andrew Vahlenkamp of Denton visited in the home of her mother, Minnie Monse during the weekend and attended church at Faith Lutheran Sun. morning.

Everyone is reminded of the Friendship Club dinner on Aug. 19.

### 1999 PROPERTY TAX RATES IN HASKELL COUNTY

This notice concerns 1999 property tax rates for Haskell County. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 property value.

### SCHEDULE A - UNENCUMBERED FUND BALANCES

The following estimated balances will be left in the unit's property tax accounts at the end of the fiscal year. These balances are not encumbered by a corresponding debt obligation.

Type of Property Tax Fund	Balance
General	\$ 135,000.00
Road & Bridge	\$ 143,000.00
Farm & Market Lateral Road	\$ 125,000.00

### SCHEDULE B - DEBT SERVICE: NONE

### SCHEDULE C - EXPECTED REVENUE FROM ADDITIONAL SALES TAX: NONE

### SCHEDULE D - STATE CRIMINAL JUSTICE MANDATE (FOR COUNTIES)

The Haskell County Treasurer certifies that Haskell County has spent \$3,380.00 in the previous 12 months beginning July 1, 1998, for the maintenance and operations cost of keeping inmates sentenced to the Texas Department of Criminal Justice. Haskell County Sheriff has provided information on these costs, minus the state revenues received for reimbursement of such costs.

### SCHEDULE E - TRANSFER OF DEPARTMENT, FUNCTION OR ACTIVITY: NONE

This notice contains a summary of actual effective and roll back tax rates' calculations.

## Calcium supplements may help prevent weak bones

Calcium is essential to help women prevent weak bones as they age, but most women don't get all the calcium they need from their diet. If you don't get the recommended daily intake of 1,000 to 1,500 milligrams of calcium daily from your diet, you should consider taking supplements to keep your bones strong.

There are many kinds of calcium supplements available. Doctors at UT Southwestern Medical Center at Dallas say you should consider your needs when choosing a supplement. The most common kind of calcium supplement is calcium carbonate. This kind of calcium can be highly concentrated, so you can get all you need in one dose. However, this kind of supplement may not be absorbed completely by some older people if they take it on an empty stomach.

It's best to take this kind of supplement with a meal.

Another kind of calcium supplement is calcium citrate. This kind of calcium is absorbed more easily and you don't have to take it with meals. But it isn't very concentrated, so you have to take twice as many tablets every day to reach the recommended daily allowance of calcium. Because of this, calcium citrate can be expensive.

Other supplements include calcium phosphate, lactate and gluconate, but these aren't very popular. They either aren't easily absorbed or they require multiple doses. Even if you're taking supplements, don't forget about getting calcium from your diet. Look for low-fat dairy products, like skim milk, fat-free cheeses and fat-free yogurt.

POOL ARCADE—Servando Rodriguez, owner, holds the ribbon, cut when members of the Chamber of Commerce officially welcomed his Pool Place and Family Arcade on Ave. E., to Haskell.

## Computer convenience may equal body strain

While computers have increased convenience at work and at home, they are also the cause of a number of problems such as tension in the neck and shoulders, lower-back soreness, eye strain and swelling in the lower legs.

"If you work with a computer, you are likely to sit in one position for long periods of time, which tends to shorten your muscles," says Peter Snell, assistant professor of internal medicine and an exercise physiologist at UT Southwestern Medical Center at Dallas. "By performing a few simple exercises at work, not only do you receive the benefit of stretching your muscles, but it also adds some

movement to your day."

Snell suggests incorporating the following exercises into your day:

•To ease strain on the neck, turn your head slowly from one side to the other.

•While sitting, stretch your lower back by slowly bending down between your knees and touch the floor with your hands.

•To bring relief to fingers and hands, open and close them 10 times, spreading the fingers apart widely.

•To stretch calf muscles, put your hands against a wall, lean forward and place one foot in front of the other with the front knee bent. After a few seconds, switch feet.

## This Week's Devotional Message:

### GOD GIVES US THE STRENGTH TO DO HIS BIDDING

There was many a thing you attempted to do,  
Then discovered it couldn't be done;  
Like a worthless vocation you tried to pursue,  
Or some foolish adventure for fun.  
With your mission abandoned, in only one way  
could you learn it was not in accord  
With your temple of worship, where lessons  
convey  
That your life's in the hands of the Lord.  
Let's obey His commands and remember at  
length  
It will help us in getting along.  
If we heed His advice He will give us the  
strength  
That we need, and we'll never go wrong.

## Take a few precautions to 'beat the heat'

Taking a few precautions when working out in the heat this summer can help prevent heat-related illnesses.

It is always best to drink water; although some sports drinks will also replace salts and potassium the body loses when sweating.

However, the added carbohydrate and minerals in sports drinks only benefit those engaged in continuous, high-intensity aerobic workouts or exercises that last for 90 minutes or more. For most children, sports drinks offer little advantage over plain, cool water.

Active kids do need to "tank up" on fluids before going out, and they should rehydrate every 15 to 20 minutes while playing during the summer to prevent heat-related illnesses.

If the availability of sports drinks encourages your kids to drink, you might consider comprising with a home-made "sport drink." Combine caffeine-free herbal tea, a little sugar, a bit of salt and a few ounces of orange juice. Chill in individual bottle.

Everyone should stay away from alcohol and soft drinks with caffeine because both can increase urine flow, contributing to

### Crash dieting

If you want to lose weight, think of the long term instead of hoping for quick results. Just about anyone who's ever dieted to lose weight has probably been tempted to try an especially strict or complicated diet plan, just to see some quick results. But there's a reason these are called "crash" diets. Not only is it far too easy to fall off these diets and go back to bad habits, but these diets can be bad for your body. They may lack the nutrients you need to stay healthy. They can also be bad for your teeth.

Nutrition experts at UT Southwestern say a moderate, nutritious eating plan is the best way to lose weight. Not only are you more likely to keep the weight off by modifying your usual eating than by trying something drastic, you avoid harming your health. A multivitamin is a good way to ensure that you get the nutrients you need when you're cutting back on food.

The Academy of General Dentistry warns that crash diets have an impact on oral health. One reason is nutrition. Strict diets, particularly those that are vegetarian, may be lacking in nutrients that are necessary for maintaining healthy teeth and gums, such as calcium, vitamin D and protein. Many diet drugs cause a dry mouth. Saliva is helpful for washing teeth of damaging acids, so dryness could lead to tooth decay.

The library has been a busy place this summer. Our reading program was a big success and students from summer school and college extension classes have increased two fold in the last year. It is exciting having the kids in so much during the summer. They are so interested in all kinds of subjects from dinosaurs and the solar system to how to build gourd banjos and bird houses.

Our reading program this summer was "Open a book and on with the show." We had over sixty children sign up and forty-five that completed the program. The children heard stories, made crafts, sang songs, played in a band and even made elephant floats. I don't know what an elephant float is—ask a reading program kiddo!

We are working on our automation program and are getting the hardback books barcoded and ready for the new program. We will be getting new library cards—real plastic ones!—like a real library! Everyone will be asked to come in and re-register and get their new card when the time comes to issue them. We also have our Internet up and running. If you would like to call and reserve time on the Internet you may do so by calling 864-2747. You will be asked to sign our policy and you may reserve 30 minutes at a time. If no one is waiting you may use another 30 minutes. One hour a day is all one person can have in 24 hours. Children under 18 years of age must be accompanied by a parent.

We have had more than a dozen

books dealing with grief donated to the library by Holden-McCauley Funeral Home. The books deal with death of child, teenage suicide, loss of a parent, men's grief, the widow's walk, etc. I appreciate Marc letting me order from his catalogs as I was having so many calls for such books, but no where to find what I needed.

The quilt raffle tickets will be on sale through the 30th of Aug. This is a fund raising project for the Library Building Fund. The quilt is king-size and a dollar is not a great deal to part with for a chance at a quilt that size. I really appreciate those who have bought tickets thus far. It is really easy to spot our library supporters when there are tickets for sale. Thank you for helping us raise money for a new building. The quilt is on display at the library.

### Lane is Frisco fire fighter

Brad Lane recently received his state fire fighting certificate from the Aubrey Fire Academy. He is now employed by the Frisco Fire Department where he has been serving as a volunteer fire fighter for the past two years. He is scheduled to start his paramedic training in the fall.

Brad and his wife, Lorrie, have made their home in Frisco.

He is the son of Bill and Regenia Lane of Granbury, formerly of Haskell.

Building fund donations may be made at the library or at Haskell National Bank Acct. No. 18-348-2. Checks must be made out to Friends of the Library or Library Building Fund. We do memorial donations to the building fund or to the county library fund, which ever is requested. Books make lasting donations in someone's memory and so many benefit from the books. Please remember us when you wish to remember a loved one or honor a grandchild or friend on birthdays or other special days.

Memorial donations to the Haskell County Library: Cindy Hardin, Roberta High, Annie Wolf, Martha Ann Reeves, Helen Wiseman, Heath McMeans, Burnell Gilliland, Ray Baker, Margie Bell, Sam Herren, Marvin Berry and Bennie Basing. Book in memory of Fred "Fritzie"

Goodman, brother of Marsha Whittemore, by Holden-McCauley Funeral Home.

Donations: Progressive Study Club in honor of Melyn Wittenborn. Donations by John Cox, Ernestine Herren and Dr. Frank Cadenhead.

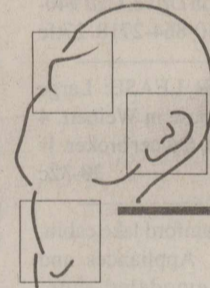

Building fund memorial donations: Roberta High, Sam Herren, Martha Reeves, Ann Druessedow, James Cameron, Alice Wooten, Ruby Letz, Venita Larned Kreger, Cliff Nicholson, Marie Bartley, Durene Boone, Lary Waskom, Chat Adams and Bud Hicks.

Donations to the building fund: Progressive Study Club in honor of Kitisie Drinnon; Ernestine Herren in honor of Thelma Adkisson, Progressive Study Club.
