## Indians defeat Stamford 26-20

Plenty of action and excitement is always promised when the Haskell Indians and the Stamford Bulldogs play football. Last Friday night was no exception.

Proving to be a night to be remembered, the crowd-pleasing, exciting game which ended in a 26-20 victory for the Indians, was well worth the price of admission.

The Bulldogs scored first with 1:29 left in the 1st quarter on a 27-yard pass from Derek Alamber to Dillon Cobb. The point after touch down failed.

Fighting back with 6:37 left in the 2nd quarter, the Indians scored on an 8-yard run by quarterback Casey Riley. The kick for extra point failed. With the score at 6-6, the action continued in a see-saw fashion.

Trying to get the upper hand on momentum, Stamford scored with only 22 seconds left in the first half, and passed for the two-point conversion. Half-time score was 6-14, Stamford.

At the start of the 2nd half, Indians proved to have a little momentum of their own going.

With 3:55 left in the 3rd quarter, Riley scored on a 12-yard run to make it Haskell 12, Stamford 14.

In the action packed 4th quarter, the Indians moved ahead down the field, and Riley again scored on a one-yard quarterback sneak. Going for the two-point conversion, Dustin Threet found the end zone.

The Haskell lead of 20-14, was short lived when the Bulldog's Eric Snow returned the next kick-off 71 yards to even the score at 20-20. The point after touchdown failed.

Haskell added the final knock-out punch with fullback Jason Trammell's 50-yard run, with only 8:49 to go in the game. Again the kick for point after TD failed.

The Indian defense led the rest of the game and Haskell is still undefeated.

Fullback Trammell had 206 yards on 16 carries. The Indians ground out 309 yards rushing, while giving up only 123 yards to the Dogs.

Haskell will play the Aspermont Hornets in Aspermont, Fri., Sept. 24. Kickoff time is set for 8:00

p.m. The 8th grade team plays Aspermont in Haskell at 5:00 p.m.. Thurs. The 7th grade will

## Red E. Fox teaches local children about using 9-1-1

Last week Haskell school children in pre-kindergarten, kindergarten, first and second grades, participated in a learning program about the use of 9-1-1 in case of an emergency.

Developed by the Texas 9-1-1 Commission, the educational program makes it simple and easy to teach kids when to call, how to call and exactly what to say when they need the police, an ambulance or the fire department. Equally important, the program also helps children understand when not to call 9-1-1.

The star of the kid-tested and kid-approved 9-1-1 for Kids educational

program is Red E. Fox, (the "E" standing for emergency). The friendly, heroic spokesperson makes learning about 9-1-1 fun and memorable. He made a hit with the local children, visiting with them after they watched a safety video about 9-1-1.

The Texas 9-1-1 for Kids program, which the Haskell children heard, is the largest of its kind in the nation. It is estimated that the program's messages have reached more than 1 million children ages 4 to 7 in Texas in the past three years.

**FOX AND FRIENDS**—After watching a safety video about how to use 9-1-1, Haskell first graders, (l-r), Ross Wittenborn, Blake Thomasson, Salvador Rodriguez and Ashley Bullard, pose with friendly Red E Fox, spokesperson for the 9-1-1 program.

## 9-1-1 training required by dispatchers

At the Sept. 13 meeting of the Haskell County Commissioners Court, it was disclosed that the Haskell Memorial Hospital has leased the MHMR building on West Hwy 380.

One of the ECC vans will be for sale by the County.

Announcement was made by the Economic Development Corporation of Haskell that an RV manufacturer will be moving into the old Mung Bean building on Hwy 380 West. The EDC will be renovating the building, but the Bandit RV Company will be moving in immediately. A grand opening celebration is tentatively planned Nov. 1.

Speaking about the 911 dispatcher training that is now required by law, Commissioner

Billy Wayne Hester reported the next training school will be in October in Abilene. During a discussion of salary, expenses, and time off required for the school, Sheriff Johnny Mills voiced concern about having adequate staff to keep the office operational while other staff members are in training. The Court approved the training sessions, with Sheriff Mills deciding the schedule.

Two juvenile contracts were approved for renewal by the Court.

During a discussion of the basis for step-pay for part-time employees, it was decided that part-time salaries will be ranging from minimum wage to 85% of full-time salary base for the position.

A motion was made and

approved to implement a step-raise policy for salaried employees. This will give employees with consecutive years of employment raises in the amounts specified by the policy.

The Court approved \$500.00 for applying for a grant to install a system of networking throughout the county governmental offices.

Commissioner Kenny Thompson was appointed to the Collaborative Community Network.

Mary Johnson was appointed to the Hospital Board.

A discussion of the cramped space situation at the County Library concluded with the fact that this issue will have to be addressed in the near future.

## HIGHLIGHTS

By Ed Sterling  
TEXAS PRESS ASSOCIATION

AUSTIN — Texas Department of Health officials said they were satisfied that H-E-B grocery had successfully removed nearly 20,000 pounds of ground beef from its store shelves after fears it may have been contaminated.

H-E-B voluntarily recalled the meat after internal routine testing detected E. coli in a one-ounce sample of ground beef in a company warehouse. The recalled meat was packaged in Styrofoam trays wrapped in clear plastic with "sell by" dates of Sept. 13 and 14 and 16-ounce aqua and green tubes of "super lean" ground beef with a "sell by" date of Sept. 23.

The meat was sold Sept. 13 and 14 in many of the company's 160 stores but not its Central Market and Pantry Food stores. TDH officials said anyone who has purchased meat with those dates and packaging should return it to H-E-B for a full refund.

Most forms of the bacteria E. coli are harmless to humans but some strains, including the one detected in the H-E-B meat, can cause diarrheal illness.

**UT Reopens Tower Deck**  
The University of Texas-Austin Sept. 15 reopened the observation deck of the Tower 25 years after a string of tragedies forced university officials to close the Austin landmark.

Public "twilight" tours began Sept. 16 and will continue through Oct. 29. After that date only daytime tours will be offered. Tickets are \$3 and can be reserved by calling toll-free 1-877-475-6633.

The tower was closed Oct. 28, 1974 after several suicides and only eight years after Charles Whitman carried out his deadly rampage for the observation deck, killing 14 people and injuring 31 others Aug. 1, 1966.

"I believe it is important that we move beyond these painful chapters of the building's history. Texans deserve the opportunity to enjoy new positive experiences associated with the Tower," UT President Larry Faulkner said.

Completed in 1937, the Tower stands 307 feet tall and provides a view of Austin and the state Capitol.

### Hispanic Population Increases

Texas recorded the nation's second largest increase in Hispanic population, adding 1.5 million compared with 1990 and bringing the state's total to 5.9 million Hispanics.

Nationwide the Hispanic population increased from 22.4 million in 1990 to 30.3 million in 1998, a 35 percent gain. California leads the nation with 2.4 million more Hispanics in 1998 compared with the 1990 figures.

The U.S. Census Bureau released the annual estimates as a guide to gear up for the 2000 Census.

Harris County led the state with an estimated 875,338 Hispanics and Bexar County followed with 761,019 Hispanics.

Texas saw substantially less increases in its other population groups. The bureau estimates 382,000 more blacks and 225,000 more Asian and Pacific Islanders lived in the state in 1998.

### Other Highlights

■ Seven Texas urban counties will split \$5.9 million in grant money to fund a new juvenile justice program designed to intensify intervention and supervision of youthful probationers. The program, Project Spotlight, gives a two-year grant to Bexar, Dallas, El Paso, Harris, Nueces, Tarrant and Travis counties.

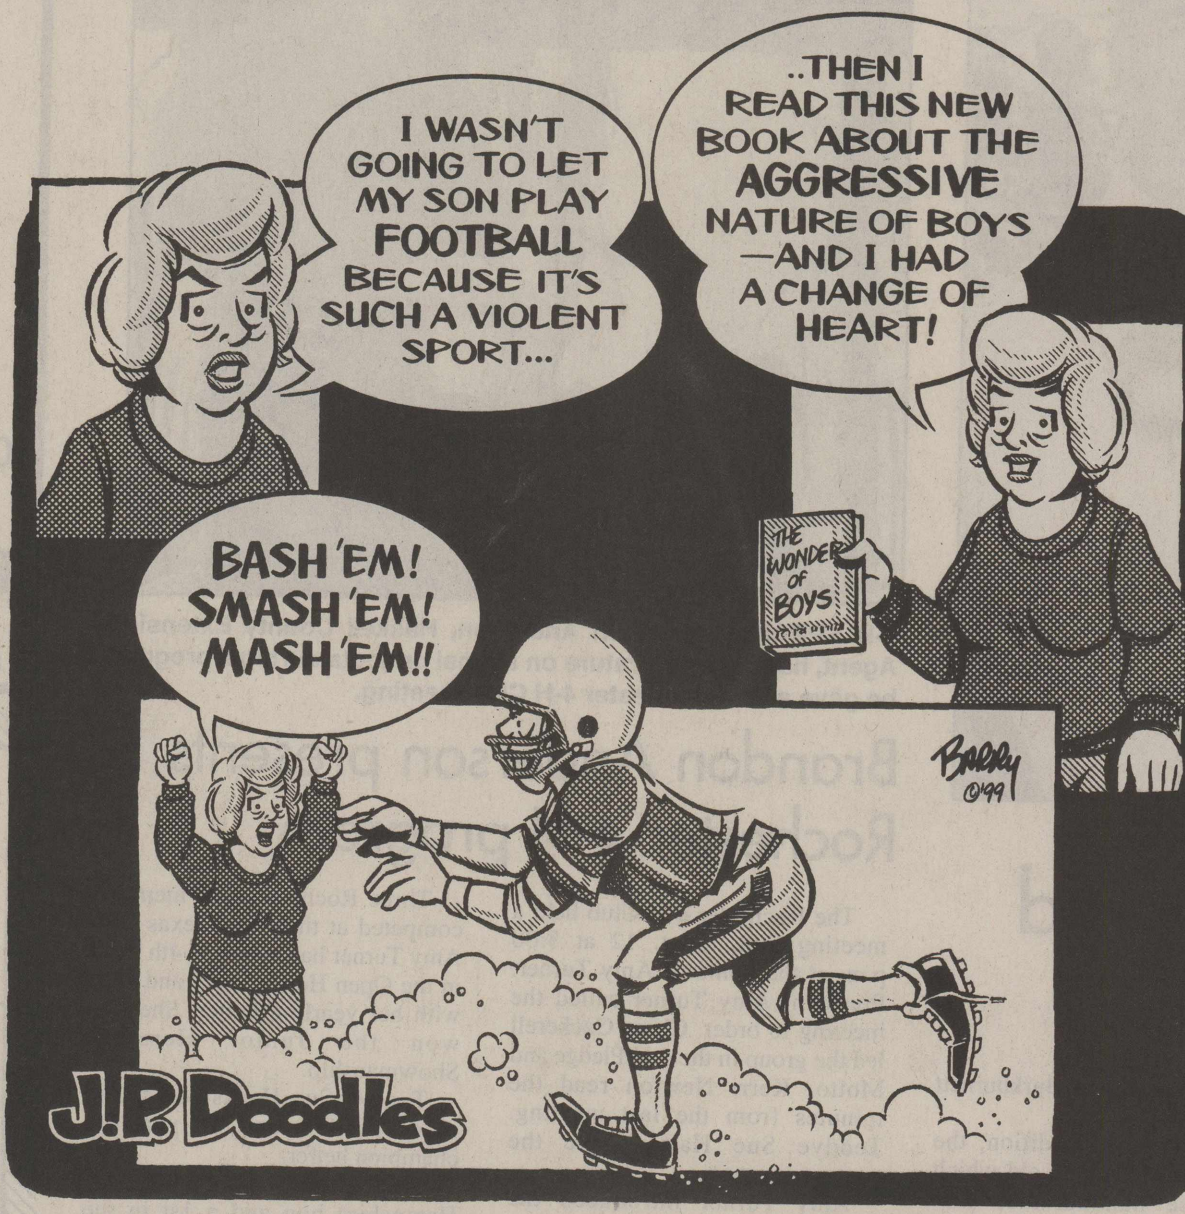

■ Michael L. Williams was named chairman of the Texas Railroad Commission. Gov. George W. Bush appointed him to the commission in December 1998.

■ PULSE EFT Association, which has more than 20 million debit cardholders, successfully passed the 9/9/99 test. Company officials said the date passing without a hitch reaffirmed that the public can expect a normal day of operation on Jan. 1, 2000.

■ Tire Recyclers in San Antonio was ordered to pay \$316,000 to the Texas Natural Resource Conservation Commission in connection with 10 felony counts of criminal fraud. The company filed false reports and received reimbursements under a tire waste processing program.

■ Texas' newest area code — 361 — went into effect Sept. 18 in the Coastal Bend region. The area code is the state's 18th.

■ Texans with concealed handgun permits now can carry those guns in Arizona, and vice versa. Texas Department of Public Safety signed a reciprocity agreement with Arizona. Similar agreements already are in place with Louisiana, Oklahoma and Arkansas.

## Keeping an eye on Texas

### Only 52¢ of every education \$1 goes to classroom instruction

Of the \$21 billion in total annual educational expenditures in Texas, only about half is actually spent on classroom instruction. The rest pays for district and school administration; plant services such as maintenance and security; other operating expenditures such as transportation, food services, and extracurricular activities; and non-operating expenditures such as debt service and facilities.

## Green Thumb

By Gladys O'Neal

As autumn approaches, I'm looking forward; it is really here now. September is a time to sit under a pecan tree and listen to the squirrels rustling in the fallen leaves.

Since many of you have inquired about bulbs and the season for them, I'm writing for you.

Plant spring flowering bulbs in the fall. In cold areas plant earlier to avoid attack by frost. Dig up spring blooming bulbs and store them in a dry, dark place for replanting the next year. Now plant the fall-flowering bulbs over the summer months. Now is a good time.

Place them in a refrigerator for about 8 weeks to trick them into dormancy. They will store energy for new growth. Keep fruit that is ripening out of the refrigerator because fruit produces a gas called ethylene that will stop bulbs from flowering.

To plant a full bed of bulbs, dig a trench placing the soil on the side on a plastic sheet. Place the bulbs closely together, but don't let them touch. Firm the soil once as all are covered. Water well if the soil is dry; then add a quick layer of mulch, such as pine bark to keep the bulbs moist. Be sure the bulb faces the right way up.

You will create a dramatic effect by planting bulbs in large masses. But remember do not let them touch.

One of the finest golden flowers is the hardy chrysanthemums, which comes in many colors. To pinch mums, just nip off the main stem-shoots early in the growing season. If you do this often, preferably in Aug. or Sept. you will get glorious mums. Be sure they are getting full sun.

I hope autumn carries a full share of happy memories for you. Ladies, give your hands a homemade beauty treatment while they're hard at work. Just lotion them liberally before pulling on rubber or garden gloves for a soft fall touch.

I have to tell you this before closing. If you need a foster mother in the chicken house, dust the orphan chicks with talcum powder, then dust the hen's chicks, too. The hen will think the chicks are all hers because of the same scent. This is for you farm ladies. I just could not pass that one. Here's one more. If you are tired of your dog turning over his water dish, try this trick. Take an old angel food cake pan and pound a stake through the hole into the ground. No matter how rough your dog plays, he'll never all wet.

Good luck with your bulbs.

## Letters to the editor

Dear Editor:  
On behalf of the students, faculty, staff and Board of Trustees of Haskell CISD, I would like to thank everyone who helped during our recent incident. The tremendous cooperation and efficient response were remarkable. The saying, "It takes a whole village to raise a child," certainly was proven true in Haskell on Monday, September 13. It takes all of us not only to educate our children but to keep them safe.  
We are blessed to live in a community that cares and demonstrates a caring attitude. We especially appreciate the Haskell Police Department, the Haskell Sheriff's Office, the Texas Department of Public Safety, Game Warden Steve Barbour, the District Attorney's Office, Monty Montgomery, Modern Way, the Haskell Volunteer Fire Department, The Pizza Place Too, the Texas Department of Transportation and Congressman Charles Stenholm's Washington office. We hope we never need to call on your services in this way again but are confident we will be able to depend on you if such an occasion should arise.  
Again, our heartfelt thanks.  
Sincerely,  
Billie McKeever

# Technical analysis marketing seminar set Oct. 5

by Brandon Anderson  
Haskell Co. Extension Agent  
On Oct. 5, Alan Brugler, the Senior Analyst in the DTN AgDaily News Division, will present a training program on reading price charts. All Texas producers are invited to the Taylor County Extension Center in Abilene to hear Mr. Brugler.

## 50 attend Jenkins reunion

The annual Jenkins Reunion was held Sat., Sept. 11 at the Weinert School. Early arrivals were greeted and had coffee and doughnuts or rolls. By mid-morning, many people were getting reacquainted with their cousins. Lunch was served at noon.

Everyone who came brought items to auction and those things were organized and tagged for the auctioneer by Zuleka and Carol Jenkins. Immediately after lunch, Charles Jenkins auctioned all the items assisted by Archie Jenkins and Glenn Hayley. Sharron and Tara Stroble handled the registration desk and Melody Herrington tabulated the auction bills. Danny Stroble and his son, Daniel, helped with all the door prizes and Melvin Miller, Glenn Hayley and Charles Jenkins delivered the food. Cousins helped in the kitchen.

A total of 50 people attended the reunion. Those present were Danny, Daniel, Tara and Sharron Stroble of Panola; Bobby and Barbara Jenkins of Waco; Quilla

for marketing club members and others interested in learning how to use futures market price charts to help anticipate price movements. The 9:00 a.m. to 3:00 p.m. workshop is being coordinated by the Texas Agricultural Extension Service. Several area businesses will be helping to cover the costs of the workshop. Brandon Anderson, Haskell County Extension Agent and Gary Bomar, Taylor County Extension Agent will be handling local

Lackey, Melvin and Juanita Miller, Frank and Roberta Jenkins, all of Haskell.

Wayne Jenkins of Burleson; Danny and Shirley Rhame of Whitehouse; Henry and Odessa Erwin and Glenn and Sue Hayley of Rochester; Charles and Carol Jenkins and Teresa Rasset of Custer, Wash.; Archie and Zuleka Jenkins of Olney; Ann and Blue Daniel and Jack Clay of Tomball; Carol and Bobbie Lanham of Amarillo; Bennie and Luan King of Sonora.

Ola Jenkins, Andrea Kotera and J. R. Jenkins of Abilene; Harlan and Jimmie Weinert and Johnny and Marilyn Earp of Weinert; Eldene Bowman of Alvarado; Geneva L. Thompson of Tyler; Gerald and Marie Hill and Reba Harrell of Lubbock; Weldon and Gracer Jenkins of Seminole; Pam Hixson of Cherry Hill, N. J.; Joan, Walter and Ethan Turnbow of Weatherford; Jeanette Phillips of Munday and Johnny Cornelison Sachel of Justin.

arrangements.

Brugler will discuss the use of trend lines, moving averages, support lines, resistance lines, gaps, corrections and other charting tools that can be used by producers to decide when to pull the trigger on any futures market pricing strategy. Many producers expect commodity prices to be influenced only by supply and demand factors (fundamental analysis). However, to have a more complete understanding of the futures market, one must also gain insight into how to obtain important information from studying the price charts (technical analysis). Because so much trading is done based solely on the study of the charts, it can be of great benefit, especially in the short run, to understand the basics of charting. Brugler will discuss terminology and concepts that will help producers be better prepared to read reports written by market analysis.

The objective of this workshop is to introduce and demonstrate basic technical analysis tools to be used in an effective price risk management program.

## Sagerton News

By Dorothy M. Clark

Week of Sept. 16

The regular monthly community supper was held at the center Tues. night with Mike and Cheryl Hertel, Leslie Kupatt and Jill Brown hosting a potato bake with all the trimmings. After the meal a short business meeting was held with the treasurer, Margie Hertel giving a financial report of the storm damage and repairs to the building. A motion was made and passed to take bids on repair to two rooms and the hall of the center. Bids may be turned in to either Alvin Ulmer, Bill Hertel or Joe Clark. Those attending the supper included John and Sue Guinn, Pastor Tommy Wilson, Leona Letz, Florene Williams, Alvin and Alice Bredthauer, G. W. and Ophelia LeFevre, Delbert and Joyce LeFevre, Charles and Dorothy Clark, Bill and Margie Hertel, Corene Lowack, Mary Neinast, James Gellner, Alvin and Ev Ulmer, Wilma Teichelman, Frances Clark, Pastor Jeff, Marie and Thomas Zell, Nancy, Vanessa, Joshua, Jacob and Michael Perez, Margaret Wendeborn, Odene Dudensing, Jeremy, Kristin and Andrew Hertel, Lynn, Renee, Abby, Emery, Molly and Jenny Dudensing, Kortney and Kymbre Kupatt and Joe and Dorothy Clark. The Dudensing family will host the October dinner.

Minnie Monse visited with her daughter, Doris Lehmann of Rule for dinner on Sunday. Other family members there were Doris' children and grandchildren, Rick and Brian Lehmann and a friend Grif of Houston, Mike, Marla, Mitchell and Mikeah Mills of Lubbock, Bobby, Norva, Keli and Josh Smith of Rule, Hollie Smith and Oliver of Lubbock.

Family and friends spent the week in the home of Joe and Dorothy Clark where they enjoyed fence building, dove hunting, skeet shooting and relaxing at the newly built picnic spot near the river. The guest list included Ray and Nancy Clark of Stamford, Don and Patsy Bivins of Valley View, David, Peggy and Christopher Adler of Houston, Anna and Jeremy Willis of Montgomery, Jerry and Tommy Jo Epley of Wichita Falls, Jack and Janice Gattenby of Valley View, and Rick Phemister and Emmalee Bivins of Haskell. Milton Schmidt of Austin and Esther Kinman of Stamford were also recent visitors in the Clark home.

Leon and Mae Stegemoeller had all their children, grandchildren and other guests visiting them during the weekend including, Clayton, Paula and Michelle, Stephanie who is a student at Texas Tech, Matthew Dudensing of Paris, Texas, Calvin, Cherri Lynn, Ross and Christi Stegemoeller of Hewitt, Eric Stegemoeller, student at Texas Tech, and his friend, D. J.

of Houston and Texas Tech, Clyde Stegemoeller of Richardson, Carl and Jonathan Stegemoeller of Hobbs, N.M. and Clifford, Theresa, Brannon and Bailey Stegemoeller of Houston. On Sunday night the Wilton Paynes of Tahoka, Hunter Payne of Lubbock and Donald, Vickie and Matt Olson of Sunnyvale joined the group for supper.

Week of Sept. 23

Cooler weather, a little more rain and winning football games are the special news for now. It's surprising how .5 of an inch of rain can change the disposition of people, but that's just what happened. Some more rain fell at other places, but everyone got a trace at one time or another. We're so thankful for this.

The Alvin Ulmers had other grandchildren visiting them during the past holiday that I failed to mention. Paige, Mark, Kirby and Matthew Stockard of Katy were here also to enjoy the family gathering for a few days and get a sample of "Grandma's" home cooking.

Melvin and Annella Baitz hosted the annual family reunion for descendants of the late Mr. and Mrs. W. P. Cleveland, parents of the late Velma Lou Hertel. Family members meet each Labor Day weekend at Sagerton. About 65 relatives and friends came from Dallas, Plano, Lorenzo, McKinney, New Braunfels, Spur, Leander, Breckenridge, Ralls, Brownfield, Hamlin, Rule, Old Glory and Sagerton to enjoy the festivities.

Haskell County 4-H'ers were recognized recently for their accomplishments in the 1998-99 4-H year during the Haskell County Awards program. Renee Dudensing, 4-H manager from Sagerton, presented the awards to the following local members: Food and Nutrition: Abby and Emery Dudensing, Swine: Kortney Kupatt, Jacob Manske and Laci Standifer. Receiving trophies and year pins for completion of record books were: Abby Dudensing, foods and nutrition-4 years; Emery Dudensing, foods and nutrition-3 years. Renee was awarded a certificate for an adult leader for 9 years and Michelle Toney received a 1 year certificate.

Sagerton's own, Kris Kupatt, was the 4-H Gold Star from Haskell

County 20 years ago.

Ladies of Faith Circle met for their monthly Bible study and fellowship at Faith Lutheran Church last Tuesday with Pastor Zell leading the study of Genesis. Barbara Nauert served refreshments to Odene Dudensing, Helen Lehmann and Mary Neinast. The ladies meet each month on the second Tuesday at 2:30 p.m. and invite anyone in the community to join them for a study and fellowship.

The Hobby Club met last Thursday for its regular monthly meeting with Peggy Tabor hosting the meeting at the redecorated and remodeled home of the late John L. Brooks. The Tabors have done extensive work to the house and use it as a guest house for the many visitors that they have. The house is one of the older structures in Sagerton and was built about 1917 by Erceel and Clota Engleman.

Other residents were Ben and Ollie Hess, J. B. Toney and John L. Brooks. During the club meeting the ladies brought items for "show and tell" that they had made and plans were finalized for the upcoming bazaar that is to be held at the community center on Nov. 13 from 9 to 2:30. Tickets for the handmade quilt will go on sale Oct. 16. Yvonne Swofford won the door prize for the day and Jo Brown led the group in reading famous quotes. Members and guests present included Mary Neinast, Frances Clark, Yvonne Swofford, Joyce LeFevre, Jo Brown, Margie Hertel, Leona Letz, Margaret Wendeborn, Ev Ulmer, Wilma Teichelman, Florene Williams and Mrs. Charles Clark.

Sagerton students Jeremy Hertel, Brian Lehmann and Brady Standifer are doing an outstanding job in the football games each week at Rule. We applaud these young men and encourage everyone to go to the games and support our local youth.

J. B. and Dorothy Toney have returned from a trip to West Columbia, Bishop, Sargent, Padre Island and Fort Worth where they enjoyed fishing and visiting with family members, Lawrence and Mildred Guess, Dahlia Perkins, Lois and Ed Peel and the Bruce Toney family. We'll never hear the end of the fish "stories"!

Jackie and Peggy's house was filled with relatives and friends

during the Labor Day weekend. Most of their children and grandchildren were here along with John Littlefield of Colorado Springs, Colorado and Del and Jocelyne Littlefield of Ft. Walton Beach, Florida. On Wednesday following, Brad and Janet Gambill of Norman, Oklahoma visited with the Tabors.

A nice crowd attended the annual dove fry Sunday night at Faith Lutheran Church. The doves are scarce this year, but there was an abundance of assorted meats that the cooks prepared to provide a bountiful table of good foods for all to enjoy. The local A.A.L. Branch recognized special people on Grandparents Day with a reading about grandmothers and had a drawing for gift certificates. Everyone thinks that grandparents are pretty special, so it was nice that they were remembered on their "official" day.

Space requirements did not permit all of the Sagerton News to be printed this week. Remaining news will be printed in next week's edition.

## Haskell Healthcare Center

by Betty Hearn  
School has started and we have a volunteer from Paint Creek, Bonnie Emert, who is in the eighth grade. We are happy to have her to come help with activities.

Sept. 1 we had a Family Council Meeting with a watermelon feast for residents, family members and staff. Charles and Flossie Bates and Bobby Medford donated the watermelons and helped with the serving. We appreciate their interest and support.

Our birthday resident is Rita Hughes, who had a birthday Sept. 15. The First Baptist Sunday School ladies have been hosting

our birthday parties since June. We appreciate their thoughtfulness.

David Davis dug the holes for our birdhouses that the Haskell FFA boys built. Bobby Medford and Charles Bates put up the birdhouses on Friday.

Residents that came to live at our facility are Mrs. M. M. Hearn of Rochester and Rebecca Morrow of Hawley.

We would like for more volunteers out of the surrounding communities to come and visit. We need piano players, someone to do manicures or musical bands or just someone to read the Bible or a story. Students from schools are always welcome.

## This Week's Devotional Message:

**GOD MADE THE BRILLIANT AUTUMN FOR A TIME OF HARVEST**

The heat of summer's on the wane,  
And clouds may form, producing rain.  
The leaves that turn to red and gold  
Proclaim a year that's growing old,  
Before consumed by bonfire flames.  
It's time for school and football games,  
When winds of change will cool the scene  
And kids prepare for Halloween.

Our Bible lessons will convey  
That harvest time is on the way;  
A time for gathering the yield  
From orchard and the farmer's field.  
Our House of Worship now relates  
That God's great bounty demonstrates  
His love, that we should all revere  
When flaming autumn time is here.
