Water well testing set

by Jane Rowan CEA/FCS and Wesley Utley CEA-Ag/NR Haskell County

If you are a home or land owner with a water well or wells on your property that you use for drinking water either for humans or animals, when was the last time you had the water in your well checked for two common contaminants fecal coliform and nitrate?

If it has been a while since you have had your water tested, the Haskell County Office of Texas Cooperative Extension in cooperation with the Haskell County Extension Program Council Executive Board is sponsoring a water well screening event for area residents Oct. 31 and Nov. 1.

Approved water sample bags and detailed instructions for taking the sample will be supplied. Pick up the number of bags you need from the Haskell County Extension Office, 101 S. Ave. D in Haskell on any of the following dates: Oct. 26-28 or 31. Office hours are Monday through Friday, 8 a.m. until noon and 1 to 5 p.m., closing on Fridays at 4:30 p.m. To pick up a sample bag during the noon hour or after 5 p.m., contact the County Extension Office at 940-864-

2658 or 864-2546 so arrangements can be made for someone to be available to help you.

The water sample(s) must be returned to the Extension Office Monday morning, Oct. 31. Sample(s) cannot be brought in before Oct. 31. The water in the sample bag must be as fresh as possible in order for the test to be accurate.

Results of the tests will be distributed on Tues., Nov. 1, during an educational program beginning at noon at the Haskell National Bank Community Room. Monty Dozier, Extension Water Resources Specialist, will present an educational program on the different types of treatment solutions for contaminated water, especially water with high nitrate concentrations.

This program is open to anyone who is interested. You do not have to have water tested to participate in this program. A chili and bean lunch will be served beginning at 11:30 a.m. For more details on the lunch contact the Extension Office. The program will begin at 12:30 p.m. If you would like to eat lunch, contact the County Extension Office by 5:00 p.m. Oct. 28, at one of the numbers listed above to make a reservation for lunch.

GOD'S OLD GEEZERS—Helping to repair a flood damaged residence at Veda's Camp last week were God's Old Geezers of First United Methodist Church in Garland. The men, front row l-r, are Harry Andreasen, George Jensen, Bill Bryant; back row, Dick Sutton, Dallas Windham, Max Benham, Scot Wingo and George Inman. Haskell Co. TEEA meets to discuss projects

The Texas Extension Education Association of Haskell County met Thurs., Oct. 20 to hear a program entitled 'Safeguarding your nest egg,' by Lena Tidwell which included various telephone scams and ways to avoid being a victim.

During a business meeting led by new president Geraldine Baker, upcoming activities were discussed. The county commissioners will be honored by the group on Nov. 14 with a luncheon. District 3 training will

be held in Decatur on Nov. 29, and plans for the livestock concession stand in January were made.

Reports on last month's activities were given including the health fair booth, the catered lunch for the Tri-Co. Leadership conference and Information Day.

Jane Rowan, County Extension Agent reported that approximately 20 were attending the diabetes workshop. 4-H members were involved in the Food and Nutrition

Quiz Bowl on Oct. 22 and will attend the County Food Show Nov. 7.

A quilt top, probably made in the 1940s by home demonstration members was displayed. The top was given to the club by Sally Rueffer and belonged to her husband's aunt. The club is seeking information about the quilt top and may be contacted at the extension office.

Halloween refreshments were served by Lena Tidwell to ten members in attendance.

Sanders family holds reunion

Descendents of the Henry Semion Sanders and Semmie Sanders families met Oct. 15 at the Moran Community Center in Moran for their 55th annual reunion. The first reunion of the families was held at the Fort Griffin State Park in 1950, with the late Andrew Sanders of Weinert as president.

Christmas for Kids to be held

The Haskell County Welfare Board is holding their annual fundraiser for the annual "Christmas for Kids" project. Each year this project provides clothing and toys at Christmas for needy children in Haskell County.

Last year 55 families and 130 children were provided Christmas through this project.

This year, members of Haskell County churches will again have an opportunity to donate the amount they wish on the designated Sundays of Nov. 6 and 13. The goal of the board is to have at least one dollar a person donated on these dates. Any church that has not been contacted and is interested in taking part, is asked to contact Betsy McManamon at 864-2194.

Anyone not affiliated with a local church is welcome to send donations to the Department of Family and Protective Services (CPS office), 500 S. 10th St., Haskell, 79521.

Thomas Farquhar of Azle; Glenn, Gloria and Chrissa Glasson of Brownfield; Sabrina Carter of Wichita Falls; Darla Salazar, Sharon, Stuart and Stephanie of Bedford; Jesse, Eileen, Nathaniel and Christopher Taylor and Effie Taylor of Cisco; Terry Tedford of Justin; Cathy Jackson of Haltom City, and visitor, Connie Hubbard of Brownwood.

Gifts were presented to Martha Lou Whitman of Hobbs, New Mexico, who traveled the furthest distance to attend the reunion. The oldest member attending was 96 year old Dola Williams. The youngest was Christian Elizabeth Lehman, granddaughter of Kathy Lehman.

Andy Sanders served as auctioneer of items brought to defray expenses of the reunion. Next year's reunion will be held at the Moran Community Center, hosted by the children of the late Luther Sanders.

Don't let the goblins get you!
Trick or treat the safe way!

Trick or treating can be safe and fun if you follow these simple but important tips.

- Keep children away from lit jack-o'-lanterns.
- Make sure costumes are not so long that your child could trip on them. Reflective tape should be put on all costumes—especially dark-colored ones. Also, painted faces are better than masks since masks almost always affect vision.
- Instruct children not to eat any treats before you have inspected them.
- Trick or treat only in well-lighted neighborhoods—preferably only at homes where you know the occupants personally.
- Carry a flashlight and walk on sidewalks, not on streets. Warn children not to run between parked cars to cross the street.
- Inspect treats closely. Candy with torn wrappers or any packaging that looks like it has been tampered with should be immediately thrown away.
- Fruit should be washed and cut into small pieces before eating.

TEXAS PRESS ASSOCIATION

HIGHLIGHTS

Voters to consider 9 state constitutional amendments

AUSTIN—Nine proposed constitutional amendments will be on the Nov. 8 state election ballot, so it's not too early for Texans to start pondering what they are for and what they are against. Here are the propositions, in the order they will appear on the ballot:

• Prop. 1: "The constitutional amendment creating the Texas rail relocation and improvement fund and authorizing grants of money and issuance of obligations for financing the relocation, rehabilitation and expansion of rail facilities."

• Prop. 2: "The constitutional amendment providing that marriage in this state consists only of the union of one man and one woman and prohibiting this state or a political subdivision of this state from creating or recognizing any legal status identical or similar to marriage."

• Prop. 3: "The constitutional amendment clarifying that certain economic development programs do not constitute a debt."

• Prop. 4: "The constitutional amendment authorizing the denial of bail to a criminal defendant who violates a condition of the defendant's release pending trial."

• Prop. 5: "The constitutional amendment allowing the legislature to define rates of interest for commercial loans."

• Prop. 6: "The constitutional amendment to include one additional public member and a constitutional county court judge in the membership of the State Commission on Judicial Conduct."

• Prop. 7: "The constitutional amendment authorizing line-of-credit advances under a reverse mortgage."

• Prop. 8: "The constitutional amendment providing for the clearing of land titles by relinquishing and releasing any state claim to sovereign ownership or title to interest in certain land in Upshur County and in Smith County."

• Prop. 9: "The constitutional amendment authorizing the legislature to provide for a six-year term for a board member of a regional mobility authority."

DeLay faces formal charges

Embattled Congressman Tom DeLay formally faced charges of conspiracy and money laundering before a Travis County magistrate Oct. 20, and went through the booking process.

The Sugar Land Republican and former U.S. House majority leader, who has denied all charges against him, posted \$10,000 bond and was released. Immediately after his indictment in September, DeLay resigned as majority leader in accordance with House rules.

DeLay's attorneys on Oct. 20 petitioned the court for a change of venue, arguing that DeLay could not receive a fair trial in the capital city.

DeLay and two associates, John Colyandro of Austin and Jim Ellis of Washington, D.C., face charges stemming from the 2002 state elections, in which campaign funds collected by DeLay's Texans for a Republican Majority political action committee allegedly were transferred to the Washington, D.C.-based PAC, Americans for a Republican Majority, and the funds returned to Texas in the form of donations to seven state House races.

Travis County prosecutor Ronnie Earle convinced two grand juries that DeLay and associates knowingly violated a Texas law that prohibits direct contributions by corporations to political campaigns. The first grand jury indicted DeLay on a charge of conspiracy. A second grand jury no-billed DeLay. A third grand jury indicted DeLay on a charge of money-laundering, which carries a penalty of up to life in prison.

Travis County State District Judge Bob Perkins, a Democrat who was to preside over DeLay's trial, submitted DeLay's request for a change of venue to a Republican administrative judge for review.

Meanwhile, west Austin State Rep. Todd Baxter will resign his seat effective Nov. 1, citing personal reasons for leaving elected office. Baxter, a two-term, was one of seven Republican state representatives who accepted campaign funds in the 2002 election that have been traced to contributions investigated by the grand juries. Baxter's exit will create a vacancy that must be filled by special election.

Halloween safety tips for kids, big and small

Halloween is a time of great fun for children, but it can be a little scary for parents and drivers. Children are often out after dark, crossing busy streets and perhaps not being a careful as they should be.

Drivers need to be particularly cautious with the season's shortened daylight and excited kids frantically going from neighbor to neighbor. But, by following some simple advice, parents, children, drivers and

homeowners can all have a safe, enjoyable time.

"This year Halloween falls on a school day, which means trick-or-treating is more likely to take place at dusk or later. If children are out at night, drivers need to be particularly careful at dusk and when driving

either over a hill or around a curve, where visibility is limited. Use high beams to see and be seen.

"Trick-or-treaters should always be accompanied by an adult or travel in a group. Children should be told not to eat any unwrapped candy or treats until they return home where their parents can see them. Making sure kids have already eaten before heading out may help.

"Parents should incorporate reflective tape in costumes or add bright colors to increase visibility. Make-up rather than masks should be worn to help ensure that children have an unobstructed view of their surroundings.

"Trick-or-treaters may be caught up in the excitement of the day and not be as careful as they should. They should always cross at corners and look both ways before crossing. Drivers need to keep a careful eye on the road and on the sidewalk, in case anyone darts out from between parked cars.

"Children should stay on the sidewalk or if none is available, walk facing the lane of traffic, and they should carry a flashlight.

"Homeowners should clear their yards of anything that can be tripped over and be sure to have a front door or walkway light on, and refrain from decorations that use an open flame that could ignite a child's costume.

Cotton info now on CD

by Wesley Utley
CEA-Ag/NR, Haskell Co.

Everything you need to know about cotton production is now at your fingertips.

Two CD-ROMs are available for the east and west regions of the state, at no cost to the producer. The resources contain publications on production, irrigation, insect management, harvesting, fiber quality, ginning and many other topics important to cotton producers.

A photo gallery is also on the CDs, and contains information about different types of insects, weeds, grasses and diseases.

The resources are free and available not only to producers, but also cotton ginners, chemical representatives and crop consultants. For more information or to obtain a copy of either CD, visit lubbock.tamu.edu.

TDA must endorse producer's cotton checks

Rolling Plains Central producers who recently sold cotton and were given a check with the Texas Department of Agriculture named as a joint payee must obtain an endorsement from TDA before cashing or depositing the check.

Endorsements may be obtained at the TDA and foundation locations listed below. For other office locations that may be nearer to you, call Abilene Headquarters at 866-672-2800.

In general, assessments must be paid before an endorsement will be given, but if other parties are named on the check, producers should call one of the offices listed below to find out what procedures to follow.

Although both TDA and the

foundation will make every attempt to be as accessible as possible, producers are highly encouraged to call before going to any office. This will help ensure that someone is available to assist them and that their visit can be handled efficiently.

TDA staff will be available Monday, Wednesday and Friday mornings from 9 a.m. to noon and at other times with an appointment.

Area Texas Boll Weevil Eradication Foundation Offices include: Abilene Headquarters, 866-672-2800; Rolling Plains Central Zone Office, Rotan, 325-735-3056; Rolling Plains Central District Office, Stamford, 325-773-3190; and Rolling Plains Central District Office, Haskell, 940-864-8544.

Baccus assumes command

Col. Garry C. Baccus recently assumed command of the Information Warfare Battlelab at Lackland Air Force Base, in San Antonio. He has just finished a two year tour in Korea, where he was the Commander of the 607th Combat Plans Squadron, 607th Air Operations Group, Seventh Air Force, Osan Air Base, Republic of Korea.

Commissioned a second Lieutenant through the U.S. Air Force Officer Training School in 1981, Baccus is a command pilot with over 4200 hours in C-130, T-37, T-38 and U-2 Aircraft. He has flown

75 operational reconnaissance missions in the U-2, including 9 combat missions flown during Operation Desert Shield/Storm. He has held key positions in Air Combat Command, Air Education and Training Command and Pacific Air Force.

Col. Baccus is the son of Clinton and Brenda Baccus of Mansfield, formerly of Haskell. He is married to Kim Hale, formerly of Haskell. She is the daughter of Jean Hale of Austin and the late Pat Hale, both formerly of Haskell. The couple has two children, Kara, age 17, and Austin, age 14.

TRICK OR TREAT TIME

Safety Rules for Ghosts and Goblins

Halloween is a fun time for children of all ages. Unfortunately, many accidents occur on this holiday that could be avoided. Here are some helpful hints for a safe Halloween:

- Keep children away from lit jack-o'-lanterns.
- Make sure costumes are not so long that your child could trip on them. Reflective tape should be put on all costumes—especially dark-colored ones. Also, painted faces are better than masks since masks almost always affect vision.
- Instruct children not to eat any treats before you have inspected them.
- Trick or treat only in well-lighted neighborhoods—preferably only at homes where you know the occupants personally.
- Carry a flashlight and walk on sidewalks, not on streets. Warn children not to run between parked cars to cross the street.
- Inspect treats closely. Candy with torn wrappers or any packaging that looks like it has been tampered with should be immediately thrown away.
- Fruit should be washed and cut into small pieces before eating.

This Week's Devotional Message:

FOR A REAL EDUCATION, TAKE TIME TO READ YOUR BIBLE

In that busy life of yours, so rigidly apportioned among work, home maintenance, TV, school activities, clubs or whatever, try to find time to read your Bible; even if it's only one chapter at a time. It contains a great many elements for our education and well-being. It's history, with the story of the earliest days of the world, faithfully handed down through the generations. It's geography, inviting fascinating comparison between the

Middle East and Mediterranean lands, then and now. It's a prescription for better living, with its rules for behavior toward our fellow human beings. It's a great comfort, bringing us guidance and solace in times of trouble or sorrow. All in all, it's the world's most perfect collection of writings, and if we know how interesting and helpful it can be, we will somehow manage to find the time for it.

Keller Family to perform at FBC

The Keller Family will perform in concert at the First Baptist Church, Haskell, Sun., Oct. 30 at 6:00 p.m.

Through songs of praise and worship, and in sharing the word, Todd and Darla Keller, along with their children, lead churches to open themselves to up to God's fellowship.

Todd Keller is a graduate of Wayland Baptist University. He and Darla Keller served in West Texas churches for 10 years. Their heart is to see the church renewed through an openness in worship. Their truest

Weather affects pecan crop

by Wesley Utley
 CEA-Ag/NR, Haskell Co.

Whether through hurricane or drought, the state's pecan crop has endured inclement weather this year. About five percent of the crop was affected by Hurricane Rita in East Texas.

Older trees were blown completely out of the ground, and

younger trees were bent as much as 40 degrees. The surviving trees lost up to 60 percent of their nuts, and all their leaves.

In the rest of the state, the crop suffered from drought. The hot, dry weather slowed maturity and chucked split and has delayed harvest by two to three weeks.

desire is see people respond to God's call in Rev. 3:20, "...if anyone hears my voice and opens the door, I will come in and eat with him, and he with me."

The children, Grant, Bristol, Paige and Brook'lynn, take an active roll in worship through voice, instrument and drama.

In their seventh year of full time evangelistic work, the Kellers are members of Trinity Baptist Church in Amarillo and the Conference of Texas Evangelists.

MOVING ON THE MOGULS—Haskell's Matt Brown, #1, makes yardage in one of his 38 carries in the game with the Munday Moguls, Fri., Oct. 21, which ended 28 to 7 for Haskell. Photo by Bill Blankenship

Haskell explodes over Moguls

Haskell's fourth quarter rush of three touchdowns gives Munday their first loss in District 9-A. With this impressive win of 28 to 7 over the Moguls of Munday, the Indians move their season record to 8 and 0 and their District 9-A record to 3 and 0.

Munday had taken their opening possession and moved 51 yards in 12 plays. Quarterback Steven Urbanzyck got the 1 yard touchdown run. Anason Jones booted the pat to put the score at 0 for the Indians and 7 for the Moguls.

Haskell, on their first possession of the second quarter, moved the pigskin 81 yards in 7 plays. Quarterback, Matt Brown got the 13 yard run to the end zone. The two

point conversion try by the run failed. That would close out the scoring in the first half of this important district game; Munday 7, Haskell 6.

Neither team penetrated the other's red zone the entire third quarter. It seemed to the fans the explosion would occur at any time. The fuse needed to be lighted. Runningback Cameron Short served as the match when he scampered 56 yards up the middle on the Indian's opening play of the fourth and final period.

Quarterback Brown threw to running back Travis Adams to tack on the two point conversion. Runningback Short would add his second touchdown on a 3 yard run at the 5:27 mark of the fourth quarter.

The two point conversion try failed. Haskell led 20 to 7.

Brown would close the door on the Moguls with a 4 yard touchdown run at the 2:06 mark of the fourth. Brown would also add the two point conversion run. The Indians had used a five play, 58 yard drive. How sweet it is—Haskell 28 Munday 7.

Haskell had 228 yards in rushing on 38 carries. Brown had 36 yards on 16 rushes and saved two touchdowns. Josh Barbee had 103 yards on 11 carries and Josh Rodriguez got two yards on two carries. Runningback Short, who ignited this fuse in the fourth quarter, had 9 carries for 87 yards and two touchdowns.

Haskell made a clean sweep of the Moguls, as the 8th grade Warriors won 18 to 0 and the Indian JV team won 40 to 6. The 7th Warriors beat Hamlin's 7th grade to the tune of 28 to 8.

A big showdown game Friday night as the Indians will host the Albany Lions at Indian Field. Kick off is 7:30 p.m. The 7th, 8th, and JV teams will play in Albany on Thursday. Games start at 4 p.m.
