CHAPLAIN BARNETT

Chaplain Barnett Is Promoted To Captain

Reproduced below is an article concerning Chaplain James R. Barnett, son of Mr. and Mrs. J. R. Barnett Sr., of Haskell, which appeared in the current issue of The Baptist Standard.

Chaplain James R. Barnett, who has been overseas for 20 months writes that he appreciates the news about chaplains printed in the Baptist Standard. He reports there are seven Baptist chaplains in the 30th Infantry Division, with which he is stationed, and that they have been through four major battles. On May 24 Chaplain Barnett received a Bronze Star Medal for "heroic achievement in action in Germany. He crossed the Rhine River in an assault boat during heavy enemy artillery barrage, and contacted the men in the front line, comforting them and inspiring them. His enthusiasm and concern for the welfare of the troops contributed materially to the state of morale existing within his organization."

In a telegram to his parents Monday, Chaplain Barnett told them he had landed in Boston, Sunday, August 19, and expected to be home soon.

J. R. Coody Jr., of Breckenridge came by plane to Haskell Wednesday where he visited old friends and transacted business.

"OUR 10TH YEAR IN HASKELL"

Let's Modernize Our State Supreme Court

Vote for a NINE-MAN SUPREME COURT August 25

(S.J.R. No. 8—Third Amendment on the Ballot)

because...

It will give a voice to all nine judges who now hear arguments and write opinions, but upon which only three are empowered to rule.

It will require a majority of five judges for court rulings, instead of two as at present. It will require five for a quorum, instead of the present two.

It will prevent the possibility of two judges handing down an opinion which might be entirely different to that held by one of the present three judges and all six of the court-appointed appeals commissioners.

It will enable the people of Texas to choose all of the men who serve on this court, with election of three each two years for six-year terms. Today one judge is elected each two years, with two Commissioners being appointed at the same time for six-year terms.

Brief Outline of Four Proposed Constitutional Amendments

Below is a brief resume of the proposed amendments to the Texas Constitution to be voted on August 25, 1945 and is given herein as each amendment will appear on your ballot:

Amendment No. 1:

This amendment provides that during the time the United States is engaged in fighting a war, or within one year after the close of the calendar year in which said war is terminated, no person, who at the time of holding any election in this State authorized by law, or who, within eighteen months immediately prior to the time of holding any such election was, a member of the Armed Forces of the United States or of the Armed Force Reserve or the United States Maritime Service or the United States Merchant Marine, is required to pay a poll tax, or to hold a receipt for the payment of any poll tax assessed against him, in order to vote at any election. The foregoing amendment, if adopted, does not give any person the right to vote who is a member of the regular establishment of the United States Army, Navy or Marine Corps.

Mmes. Garland Lewis, Robert Henry, Ed Mills, George Smith, John Behringer, John Herron, Alvin Kelley and Mrs. W. D. Johnson and Odell South 13th St., Abilene; Mrs. Ben Bagwell and Mrs. Edgar Ellis of Stamford; Mrs. I. W. Kirkpatrick and Mrs. Kirby Kirkpatrick of Haskell.

BLUE BONNETT H. D. CLUB PICNIC

Members of the Blue Bonnett Home Demonstration club entertained their families with their annual picnic Sunday at the Blue Park near Stamford. Each family brought a well filled basket which was enjoyed at noon. Games were played.

Those present were: Mr. and Mrs. A. C. Denson and Guy; Mr. and Mrs. Tommie Rowan and children Effie, Pete, Hays and Herbert; Mr. and Mrs. Leslie Lewis and granddaughters, Mary, Barbara and Jo Ella Wilson; Mr. and Mrs. R. V. Hagle and R. V. Jr.; Mr. and Mrs. Arthur Williams and daughter; Mr. and Mrs. Knipling, Mr. and Mrs. Joe Holcomb and Jean; Mr. and Mrs. Lee Cornelious and Mr. and Mrs. Lonnie Martin and Lonnie Lou.

Early End of Meat Rationing Foreseen

An early end to meat rationing, perhaps next month, was foreseen as possible this week by the nation's food chief.

Secretary of Agriculture Anderson said in an interview that he believes supply and demand warrant a quick end.

He has authority to order that action. After checking prospective non-civilian requirements for the remainder of the year, Anderson said it appears that the civilian supply of cattle, hog and sheep meat will jump to the average per capita rate of about 145 pounds a year during the October-December quarter. Consumption so far this year has been at the rate of less than 120 pounds.

Increased supplies of red meat will be supplemented, he said by considerably larger supplies of poultry. Beef supplies will be

much larger than pork because of a sharp drop in hog production this year.

Four factors, some growing out of the ending of the war, were seen by Anderson and Agriculture Department livestock experts as favoring the lifting of meat rationing. They are:

1. Cutbacks in military needs as a result of the surrender of Japan and planes for sharply re-

ducing military personnel during the next 12 months.

2. Uncertainty as to whether financial arrangements have been made for sending any considerable quantities of meats to war-liberated areas.

Good Country Tricks Saving More Used Fats

This year our domestic supply of fats and oils will be approximately one and one-half billion pounds less than last year. Right now, we are facing our fat shortage since the war began. To make up this staggering loss, the government is depending on women of America—and particularly women on farms and in smaller cities.

Every spoonful, every drop of fat is needed to help the battlefield and homefront essentials. So roll up your sleeves and do an all-out job, won't you? Clip this list and pin it up in your kitchen as a reminder.

1. FRIED SALT PORK—with milk gravy. Salt pork yields so much grease, you won't need it all for gravy. Pour the rest into the salvage can.
2. DEEP FAT FRYING—use the fat over and over, but when it's too dark and smelly to use any more, don't forget Uncle Sam wants it!
3. ROASTS AND CHOPS—save all trimmings (scraps from plates, too.) Keep them in a small bowl; once a week melt them down.
4. SAUSAGES—they're better if you parboil them first. Skim the fat off the cooking water—scrape the fat from the frying pan.
5. CHICKEN SOUP—chill it before you use it. Scoop off the hardened grease (soup tastes better, too!)

When the salvage can is full, take it to your butcher promptly. He will give you 2 red points and 4c for every pound of used fat you turn in.

John W. Wheeler Dies Friday At Family Home

John W. Wheeler, resident of Haskell county for more than 42 years, died at the family home southeast of Rule Friday evening at 8:30 o'clock after a brief illness. He was 76 years old.

Born in the state of Arkansas January 8, 1869, he was the son of Mr. and Mrs. J. A. J. Wheeler. In May, 1895, he married Miss Lucy Davidson in Clay county, Missouri. They later moved to Texas and made their home in Collin county for several years before coming to this section in 1903.

Mr. Wheeler had been a member of the Methodist Church since 1904.

Immediate survivors are his widow, Mrs. J. W. Wheeler, Rule; two daughters, Mrs. R. M. Walker of Weinert and Miss Colleen Wheeler of Rule. Also surviving

are two brothers, Andrew Wheeler who lives in California, Frank Wheeler of McKinney, Texas, and five sisters, Mrs. Dora Chaffin of Sulphur, Okla., Mrs. Maud Campbell, Shawnee, Okla., Mrs. Bell Carter of California; Mrs. Lena Hines, Orange, Texas and Mrs. Mattie Stewart, Greenville, Texas.

Funeral service for Mr. Wheeler was held at the First Methodist Church in this city Sunday afternoon at 4 o'clock, conducted by Rev. Joe Haynes, pastor of St. Paul's Methodist Church, Abilene; assisted by Rev. J. L. Hester, Methodist minister of Weinert.

Interment was in Willow cemetery with Holden funeral home in charge of arrangements.

Active pallbearers were Tom Mansell, Haskell Stone, Albert Hannaz, Oris Gibson, Oscar Helweg, Harvey Norwood, Glenn Walton, Nathan Foster.

Named as honorary pallbearers were: Arthur Williams, Arthur Hays, Charlie Neal, Bee Neal, Tom Watson, Lee Norman, Jim Sloan, Jarrett Bell, Bob Robertson, Tom Kevil, Oswald Cole, Dr. W. W. Rogers, G. N. Turnbow, J. M. Wimberly, Ben Neal, August Buchtein, Charlie Spurlin, Clarence Norton, Henry Smith, Geo. B. Fields and all friends of the family.

Funeral Rites At Rochester For M. A. Mitchell

Matthew A. Mitchell, 70, retired farmer and resident of Haskell county for forty years, died at his home in Munday on Aug. 15, following an illness of several months. Mr. Mitchell moved from his farm in Haskell county to Munday in 1941 when his health began to fail.

Born November 7, 1874 in Clayton Parish, La., he came to Texas in 1889 and settled in Stephens county. He married Miss Lottie Heleman December 12, 1897 in Taylor county, and in 1902 they moved their family to Haskell county to make their home near Rule.

In addition to his widow, Mr. Mitchell is survived by three sons, Charles Mitchell of Lamesa, Tilton and Willard Mitchell, Rochester; two daughters, Mrs. Pat Ballard, Rochester; Mrs. Leo Little, Panna; two brothers, Tom and Lee Mitchell, Rochester; and three sisters, Mrs. Ed Darby, Mrs. Ed Lewis and Mrs. Marcus McGuire. Six grandchildren also survive.

Funeral service for Mr. Mitchell was held at the Baptist Church in Rochester Thursday at 6 p. m. with Rev. W. H. Albertson, Baptist pastor of Munday officiating, assisted by Rev. J. S. Tierce, Rev. Walter Copeland and Rev. Chas. Jackson.

Burial was in the Rochester cemetery with Hob Smith funeral home in charge of arrangements. Pallbearers were: Sam Hodges, Clyde Britz, B. G. Swinson, John McMahon, Knott Ballard, John T. Jones, Hap Smith, Dawson Brown and Carl Clark.

HAVE YOUR ALL-CROP HARVESTER Ready to Roll!

24-POINT CHECK-UP

NOW, more than ever before, it is important that farm machines be maintained in A-1 operating condition. Each passing year takes its toll in worn and weakened parts. Inexpensive replacements of such parts . . . NOW . . . may save a costly repair job later.

Why not let us give your All-Crop Harvester the factory-recommended 24-point check-up? Harvest time is a busy time for all of us. If you act NOW, we'll be able to schedule your All-Crop for early attention, and you will be ready to roll when the green light says "go". It's wise to play safe. Be sure YOU are ready!

If you are not an All-Crop Harvester owner, come in and see us. We may be able to help you locate an owner who does custom work, or tell you where you might buy a used or reconditioned machine.

NO REPAIRS

(From breakdown of machinery) because it has none!

The Gas Refrigerator has no machinery to wear and need repairing or replacing. This means exclusive operating advantages: LONG LIFE

Parts that do not move do not wear

CONSTANT COLD No starting and stopping of cooling cycle

LOWEST OPERATING COST Takes little Lone Star Gas to run

Basically different in operating principle, the gas refrigerator has no machinery to wear, to need replacing, to make noise. A gas flame does all the work, making it the refrigerator costing the least to own. So it is little wonder that many are saying, "My next refrigerator will be a gas refrigerator." Save for one with war bonds. Trouble-free gas refrigerators will be back in the stores when the factory is released from important war work.

THE SUPREME COURT AMENDMENT

Lawyers all over Texas are recommending adoption of the proposed amendment to the state constitution which would increase the membership of the state supreme court from three to nine, according to Grady Chandler, of Austin, who is chairman of the Bar Association of Texas committee to work for voter approval of the proposal in the election August 25.

Many local bar associations have followed the lead of the state association and have appointed committees to support the proposal, Mr. Chandler said. He pointed also to a recent endorsement by Attorney General Grover Sellers.

"Lawyers realize that the people look to members of the legal profession for counsel in matters such as this. Therefore bar members are doing just that, recommending adoption to clients and friends," Mr. Chandler continued. "Newspapers in every section also are waging voter approval," he said.

Mr. Chandler pointed out that only four states now have three-member supreme courts—Arizona, Nevada, Wyoming and Texas. Others comparable to Texas in population and industry have seven or nine.

The amendment third on the ballot would have the effect of removing a present condition, whereby two members of the court could render an opinion which might be different to that held by one justice and the court's six appeals commissioners. Mr. Chandler pointed out.

STATE OIL RESOURCES PROTECTED

The pending attempt of the Department of Justice to take away from the states title to tidelands and other submerged lands containing valuable resources such as oil, within within the three-

mile limit, and lodge it in Federal government, has received a fitting rebuke by the House Judiciary Committee which recommended passage of legislation disclaiming Federal ownership.

Referring to the Department of Justice, the Committee said there was "no justification for subjecting the states and their successors who have long had the ownership and possession of their tide and submerged lands, to the expense and vexation of litigation."

More and more are the states and the citizens thereof having to appeal to Congress for legislation to protect their rights and property from the grasping hands of government bureaus, departments and officials.

Never did any industry demonstrate more fully than it has during the nation's greatest emergency, its right to operate as a local enterprise, subject to fair and reasonable regulation, and free from centralized government domination. Therefore it is heartening to see states' rights and property rights upheld by the House Judiciary Committee which is to be commended for its action.

PLANNED INFLATION

No one wants to argue against labor getting a fair wage or a wage that will enable it to meet increases in the cost of living. But labor is the biggest factor in the cost of living. Labor, and that means 90 per cent of the people, will pay either directly or indirectly, all wages received by labor.

Therefore, such demands as those of the railway brotherhoods for a 25 per cent increase in existing wartime wage rates, is a definite threat to the possibility of government, industry and labor working out any successful reconversion or anti-inflation program.

A child can see the implications in the demands of railway labor leaders.

As Anti-Aircraft Gun Captain on Seaplane Tender, Haskell Man Takes Part In Major Pacific Campaigns

Somewhere in the Pacific—William A. Earles, Gunner's Mate Third Class, U.S.N.R., of Haskell, Texas is a crew member of the USS Tangier, a seaplane tender, which has long served as one of the Navy's most important floating airbases.

Veteran of Pearl Harbor, where she was one of the first American ships to open fire on Jap carrier aircraft, the tender has returned to the United States only twice since the outbreak of war—both times to undergo necessary repairs. At present she is in the sixteenth month of her current tour of the Pacific duty under the command of Aircraft, Seventh Fleet.

As the "mother ship" of scores of Navy seaplanes she has, since March of 1944, taken part in the Admiralty Islands, New Guinea, Morotai and Philippine campaigns alone, Marines and Catalinas based aboard her sank or destroyed 116,000 tons of Jap shipping and damaged another 56,000 tons.

All of these "kills" were chalked up by the famous Black cat tactics—patrol seaplanes ranging far over Jap harbors and shipping lanes in lone, vigilant night-hunts for enemy targets; black-painted Marines and Catalinas taking a heavy toll of Jap vessels in bold, low-level attacks.

have returned from a four-days camp in Medicine Park, Okla.

Mrs. P. D. Sanders and sister, Miss Mary Porter returned Monday from a tending visit with a sister in Amarillo.

Joe Stacy and Ted Alexander of this city were injured Sunday afternoon when the car in which they were riding overturned on the road between Anson and Abilene. Stacy suffered internal injuries, and Alexander a broken forearm.

30 Years Ago—Aug. 21, 1915

An auto accident occurred on the northeast corner of the square Monday evening, in which one person was injured. The man injured was crossing the street and was struck by a Ford car. Witnesses said the accident was unavoidable. We understand the man struck by the car lives at Seymour, while the driver of the Ford lived near Haskell.

Mrs. T. J. Arbuckle and baby left Sunday afternoon for a visit with her sister, Mrs. M. G. Jenkins at Ovalo.

Born, August 16 to Mr. and Mrs. Calvin Wilfong, a daughter, Dr. T. L. Lewis of Lone Oak is spending the week in this city visiting with relatives and friends.

L. D. Morgan of Weatherford arrived Tuesday evening for a visit here. He is the son-in-law of Mr. and Mrs. J. S. Boone. Misses Lilly and Elsie Morrison of Graham are visiting her aunt, Mrs. R. C. Montgomery and other relatives here.

Geo. D. Foster arrived home Thursday morning from Detroit, Mich. at which place he attended the sessions of the Rural Letter Carriers Association of America.

Will Kittle of the southwest part of the county was trading in Haskell Wednesday. Dimmitt Hughes of Georgetown is up to spend a few days on his father's ranch.

Judge Jas. P. Stinson and A. F. Rutherford of Austin were here on business Thursday. They came in Mr. Rutherford's car.

While a large crowd gathered at the box office of Mollie Bailey's Monday night, a white man and a negro became involved in an altercation when the negro was said to have shoved the white man and then struck him a heavy blow with his fist. The negro immediately ran, but was taken in custody a few minutes later by City Marshal Edwards. Feeling ran high for several minutes, but the officer finally got the negro to jail for safekeeping.

50 Years Ago—Aug. 24, 1895

A boiler in the basement of a five story brick hotel in Denver, Colo., exploded Monday night almost totally wrecking the building and piling debris on top of about twenty-five people. After three days work only twelve bodies had been recovered.

This bag of 172,500 tons included the sinking of destroyer and destroyer-escort type warships, as well as the damaging of major naval units.

Recently, a lone Mariner operating from Earles's tender wiped out an entire Jap convoy of five ships in an 80-minute attack off the northern coast of Formosa. The ships two medium freighters, transports a small freighter-transport and two merchantmen, totaled 17,000 tons.

The Marina was flying a routine offensive mission when its crew sighted the convoy on a southerly course 15 miles north of Kiirun, Formosa. Despite intense anti-aircraft fire, the twin-engine seaplane made 17 bombing strafing runs, leaving only scattered debris in its wake. Then three Jap fighter planes appeared; but they were too late and too wary. Only one Nip made a pass as the Navy Bomber broke off the attack and continued its patrols before returning to the tender.

In addition to those offensive operations, seaplanes attached to the tender have made numerous open-sea rescues of downed Allied aircrews; conducted important scouting and evacuation missions, kept a constant vigil for Jap underwater raiders while on anti-submarine patrol.

And in all these varied duties it is aboard this tender that Intelligence and Operations officers

lay the groundwork for the flights it is aboard this tender that Service Units do the work of maintaining and repairing aircraft worn from long hours of the air or damaged by Jap plane or anti-aircraft fire.

More times than not, the officers and men of the tender have carried out their duties in waters in the most forward areas, without the support of other Naval vessels where enemy air attacks have been frequent. Scores of times these Nip planes have dropped their bombs over the ship, but the tender's accurate anti-aircraft fire has always unsteadied the pilot's aim. And three times the tender's gunners have sent Jap aircraft crashing into the water.

For a six-month period during her current tour of duty, the tender served as the flagship of Rear Admiral Frank D. Wagner, USN, Commander Aircraft, Seventh Fleet. As the flagship, she served as the base from which were controlled the vast operations of all tenders air wings, seaplanes and land-based aircraft attached to the command.

Earles reported aboard in October 1943. His daily duty is maintenance of anti-aircraft guns, but when in action against Jap aircraft he was gun captain of a large anti-aircraft gun. His mother, Mrs. Bertie A. Lewis, lives at Haskell, Texas.

A telephone line is to be established between Seymour, Throckmorton and Haskell. When this is done the line will probably be extended from Graham to Throckmorton.

The battleship Texas has been commissioned.

Mr. A. J. Messer and family have moved to Albany, where they will make their future home.

J. D. McLemore brought us some fine specimens of African millet, Kaffir corn, Egyptian corn and milo maize yesterday for our office exhibit.

Jim Price sold a herd of nearly 300 head of small three year old steers this week to a Knox county feeder for \$25 per head. We understand these cattle were brought from East Texas two years ago as yearlings, and cost delivered in this county about \$7 per head.

Evangelist Abe Mulkey commenced a revival meeting at Anson this week. Several Haskell families went down prepared to

camp and attend the meeting. Pistol practice and yelling, such as was heard in the southwest part of town Wednesday night, should not be indulged in. The discharging of firearms is employed to give the alarm of fire, etc., and the practice should not be abused.

H. C. Dozier of the north side marketed a wagonload of watermelons, pumpkins and cushaws in town Wednesday.

We have heard some serious complaints from parties in the northwest part of the county in regard to burning of grass in that section. They think they know who is responsible for the fires so far, and intend to give their evidence to the Grand Jury if fires continue to occur.

THE ARMY ANSWERS YOUR WAR PROBLEMS

Your questions on allotments, insurance legal problems or other matters as they relate to Army personnel and their dependents will be answered in this column or by letter. Write Headquarters Eighth Service Command, Dallas, 2, Texas.

Q. My son is an Air Corps officer. His father just died and I am now dependent on him for support. It has no other dependents. Would it be possible for me to get a family allowance?

A. Dependents of officers are not entitled to family allowance. However, since your son is now head of a household, he is entitled to receive rental and ration allowances, which can be used to house and feed his dependents. Proceeds from these allowances would be paid directly to him, but he could allot a portion of his salary to you, in which case you would receive the money by check.

Q. I know that gold stars, blue service stars and honorable discharge emblems may be placed on the service flag I have in my place of business. Is there any special order which these are to be placed on the flag?

A. Yes. Gold stars are placed above the blue when the flag is displayed in a vertical position, and to the left when the flag is horizontal. Discharge emblems are placed below the blue stars when the flag is vertical and to the right when it is horizontal.

Q. My husband is to be dis-

charged from the Army soon. We would like to buy a certain piece of land on which to build a home. Can we buy the land under a G. I. Bill of Rights loan.

A. No, unless the property is for a farm or for business purposes. If your husband acquires a clear title to the land, however, then he may apply for a loan to build the house, at any time after

his discharge.

Q. Is it true that now being discharged they are over 30.

A. Yes. Soldiers reached their 30th birthday apply for and receive within 90 days at the time of discharge.

HASKELL COUNTY HISTORY

Brief Items Taken from Old Copies of The Free Press

20 Years Ago—August 28, 1925

Paul Frierson of the Midway community ginned the first round bale of cotton to be turned out in Haskell county, last Friday at the Harrison & Spurlock Gin. The bale weighed 232 pounds and brought 25c per pound.

Claude C. Dooley, a lineman for

West Texas Utilities Company, was killed last Thursday afternoon when he came in contact with a 4,000 volt line being built from Roby to Rotan. The accident happened about 2 miles north of Roby. It will be remembered this unfortunate young man was injured in a similar accident while working in Haskell several weeks ago.

Miss Minnie Ellis has returned home after spending the summer in Canyon, Lubbock and Fort Stockton.

Cotton leaf worms and web worms have appeared in large numbers in Haskell county and in some sections are causing considerable damage to cotton.

Dr. W. A. Kimbrough and sons Wallace, Jack and John were in Wichita Falls last week.

Misses Marion Guest and Mary Sherrill are in Seymour for a house party honoring Miss Lynda Robertson.

Mrs. Fritz Taylor and little son of Wichita Falls, are guests of her parents, Mr. and Mrs. R. D. C. Stephens.

VACATION TIME

A PATRIOTIC VACATION AT HOME

War-time troubles have convinced most West Texans that the only place to get a real vacation is at home. Creeks and lakes in this vicinity are full of fish and some of us are learning for the first time the beauties of our own immediate outdoors. A few days in the country doesn't disrupt the household as it did some years ago. You don't have to throw out all the food in the house. Now folks just leave their electric refrigerators "medium" and when they get back—day or night—cold and inviting foods await them.

Servicemen need every bit of traveling space available for the next ninety days, but by your staying at home this summer a little extra room will be left for these returning heroes.

Rediscover the vacation spots in our vicinity. Reddy Kilowatt guarantees that you'll be to your friends, "Having a wonderful time—wish you were here."

War's End Brings Good News To Housewives

News about housing and equipment received this month by Louise Newman, County Home Demonstration Agent, is brief, but it's mostly good. Wartime rules hampering civ-

ilian production are being crossed off the records, giving manufacturers freedom to make almost anything they wish if they can get the necessary materials and manpower. Miss Newman has been informed. The outlook for aluminum is bright. It was made available to manufacturers of civilian goods eighteen days before July 1st, the date previously set for permitting

delivery to them. Limitations on the production of aluminum cooking utensils were removed, too, so chances are good that the pots and pans contributed to the scrap drive can soon be replaced. Other restrictions revoked during the last thirty days are those on the making of enameled ware, vacuum cleaners, electric cords, bed springs, innerspring mattresses and studio couches.

Plans for mechanical refrigerators and washing machines are finally worked out. A program to manufacture 265,000 refrigerators and 350,000 washing machines between July 1 and September 30 has been set up with production quotas and priorities assistance for materials to manufacturers. Although there is no limit as to the number of machines that

can be made if materials can be obtained without priority, there seems little possibility that any large amount of equipment will be produced outside the special program. The refrigerators will be rationed to essential users; but the washers will be sold to whoever "gets there first".

Former Legislator Gives Outline of Amendments

Courtney Hunt, former State Representative, this week gives the following outline of the proposed amendments submitted in the coming election, Saturday:

There seems to be a difference of opinion as to whether or not the proposed constitutional amendment will increase the assistance given the old people.

I definitely oppose this amendment, and I advise the old people to vote against it and do everything in their power to bring about its defeat. It is true, with the passage of this amendment, and with a friendly legislature, it would be possible for the aged to receive about \$2.50 state, and

Return From Trip To New and Old Mexico

During the past two weeks Mrs. T. R. Odell and Mrs. Felix Bird have been vacationing in New Mexico and Old Mexico. They first spent a week in Ruidosa, N. M. While there they met Mrs. Odell's son, Lt. T. R. Odell and his wife, who were enroute to California where Lt. Odell is now stationed.

Near the end of their week in Ruidosa, they became interested in an excursion to Old Mexico which was being sponsored by the Hilton Hotel of El Paso, Texas. Mrs. Odell and Mrs. Bird went to El Paso and joined the excursion taking a bus for a three days tour of Chihuahua. They had a very enjoyable time sightseeing and studying the customs of the people. One thing which particularly impressed Mrs. Odell was a visit to the home of the former president of Mexico, Pancho Villa, whose wife showed them through the home and gave a lecture.

Lt. Frierson Sends Bronze Star Medal To Parents

The Bronze Star Medal recently awarded to Lieut. Byron W. Frierson has been received by his parents, Mr. and Mrs. Paul Frierson of this city.

Lt. Frierson is stationed with U. S. occupation forces in Germany. With the Bronze Star Medal the young officer also sent several other decorations and awards he had received, along with a collection of foreign coins from European countries.

HOME AFTER 26 MONTHS IN EUROPEAN THEATER

Master Sergeant W. B. Harrison, mechanic in the U. S. 8th Air Force based in England, returned home this week after 26 months overseas service in the European theater. He will spend a 30 day furlough with his wife and their young son, who have been making their home in Rule, and with his parents Mr. and Mrs. R. L. Harrison of Haskell.

FIRE DEPARTMENT ANSWERS TWO CALLS SUNDAY

Fire department apparatus was called out twice Sunday afternoon. First call was to extinguish a grass fire in the south part of town, and a few hours later made a run west of the square where an automobile had caught fire. The blaze had been extinguished before firemen arrived, with little damage resulting to the car.

WHEAT INSURANCE DEADLINE EXTENDED TO INCLUDE SEPT 1

The deadline for filing applications for Wheat Insurance under the 1946 Insurance Program has been extended from August 31 to Sept. 1. This will allow wheat producers an additional day in which to file their applications for insurance.

Sign up for insurance under the 1946 Program is well ahead of schedule with a larger percent signed up to date than under previous programs.

CAR LOAD LEGUME SEED RECEIVED HASKELL COUNTY

A car load of winter legumes has been shipped to Haskell County. One-half of the car will be for Haskell County producers and the other one-half will be sent on to Knox County for farmers in Knox County. The majority of the seed obtained are Austrian Winter Peas, however, a small supply of Vetch has also been included.

The seed will be available to Haskell county farmers under the Triple A Conservation Materials and Service Plan and will be obtainable by Purchase Order. The

\$2.50 National, making possible about a five dollar raise, but the aged have not as yet had a legislature friendly enough to pass out an amendment without a ceiling. A ceiling written into the constitution would forever prohibit a future legislature from appropriating more than \$35,000,000, regardless of how many may in later years be added to the rolls.

This amendment is purely political and chicanery on the part of a controlled Senate, and partly controlled house; you should defeat this amendment, and concentrate your efforts in electing a friendly legislature, who would submit this amendment without ceiling.

Ceilings are nothing new; the law now limits the amount that can be paid for old-age assistance from Texas funds in one year to \$26,400,000. The proposed amendment limits the amount to be paid for this purpose and for needy blind and needy children to \$35,000,000 per year. The annual payment to the two latter have been about \$3,000,000 heretofore. Should the payments on these two remain the same there would be \$32,000,000 left for Old Age Assistance, or an increase of \$5,000,000 which based on the number now getting assistance, 170,000, will give an average increase to each recipient of \$33.00 per year, or a little more than \$2.50 per month from the state, those amounts to be matched by the Federal Government.

The average monthly pension now received is a little more than \$21.00. Under the change in the constitution, if adopted, and if the legislature changes the present law, the average will be a little more than \$26.50. This is still short of the \$30.00 most people think the old people are supposed to receive.

The Senate tacked this ceiling of \$35,000,000 through amendment and it was done so late in the session members of the House knew they could not change it. It was either accept this chance for a small increase in the pension—or let it die on the calendar.

You can see from this the Senate of Texas is not friendly to Old Age Assistance, and it would be next to impossible to ever have an amendment submitted to repeal a ceiling written into the constitution.

Under the Omnibus bill the tax payers of Texas are paying more than \$40,000,000 per year for Social Security, but the aged, the crippled children and the needy blind have received but \$26,400,000 because of ceiling, leaving more than \$22,000,000 of the aged people's money being diverted illegally to the general fund. I see little consistency in paying in forty to fifty million in Taxes for Social Security, when only \$35,000,000 could possibly be used for that purpose, leaving a surplus for wild spending.

Amendment HJR No. 11. This amendment provides for raise of salary for all legislators from \$10.00 per day for 120 days each two years, to \$16.00 per day for 365 days each year. This amendment is preposterous, and must by all means be defeated. This amendment once written into the constitution couldn't ever be sub-

seed will be distributed by Courtney Hunt, Haskell, Texas. Orders have been received by the AAA Office for most of the seed and only a small amount still remains for distribution. The seed are furnished to farmers for planting this fall under the 1946 AAA Program, in an effort to encourage the growing of soil building crops in Haskell County. The cost of the seed is \$6.05 per Cwt. for Austrian Winter Peas and \$12.35 per Cwt. for Hairy Vetch. The payment rate for establishing a cover crop from the seed is the cost of the seed. The seed are furnished against the 1946 payment with no cost to the farmer at this time.

Farmers that have their orders in for seed should contact the County office and secure their Purchase Orders.

BEF PRODUCTION PAYMENTS

All applications for Beef Production Payments for sales made between May 19th and July 1 should be filed not later than August 31, which is the final date. Applications for payment due on sales made after July 1, 1945 should be filed as soon thereafter as possible.

DAIRY PRODUCTION PAYMENTS

The final date for filing applications for Dairy Production Payments for sales of milk, cream, and butterfat made during April, May and June is August 31, 1945. Applications for sales during July, August and September should not be filed until October 1. The payment rates for the July-August-September period will be 15c per pound on butterfat and 55c per Cwt. on whole milk.

MEETINGS TO BE HELD AT MATTSON AND WEINERT

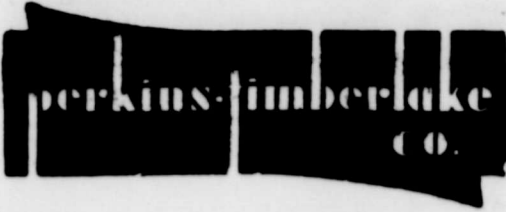

Two meetings will be held for the purpose of explaining the 1946 Wheat Insurance Program to the wheat producers of the Mattson and Weinert communities. The meeting at Mattson will be held Friday night, August 24th and at Weinert, Monday night, August 27. Both meetings are called for 8:45

mitted for repeal. It would only encourage demagogues and politicians to seek the place purely for the money in it for themselves, and would lessen the efficiency of our law making body.

The amendment to increase the personnel of the Supreme Court from 3 to 9 members; I shall vote against this amendment, first, because they are not needed, then if this amendment should be adopted, we would always have the 9 members. This amendment is fostered by lawyers in the legislature, and by the Bar of Texas. It will raise your Taxes and not increase the efficiency of your Court.

How women and girls may get wanted relief from functional periodic pain

CARDUI
CARDUI, many women say, has brought relief from the cramp-like agony and nervous strains of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "blues" to come. Started 2 days before "your time", it should help relieve pain due to purely functional periodic causes. Try it!

Back to School!

Just a few more days now and that old school bell will ring! You want to be dressed for the occasion—shop our boy's department for your school needs, NOW. Suits, shirts, coats, jackets, sweaters—in fact, a complete wardrobe may be had. Let us help plan your school needs.
