VISIT IN SAN ANTONIO

Mr. and Mrs. Shelby Harris, Mrs. Clarence Taylor and Doris Ann spent the week-end in San Antonio visiting Christine Harris, daughter of Mr. and Mrs. Harris. Christine works at Randolph Field.

Rainbow Club Meets With Mrs. Whitaker

The Rainbow Sewing Club met in the home of Mrs. O. W. Whitaker April 2. The house was decorated with a variety of flowers. The president, Mrs. Johnson, had charge and the program was opened by singing. The Good Neighbor report was given, and the thought for the day was given by Mrs. Tooley. Mrs. J. B. Edwards won honorable mention in the needlecraft report.

New officers who will serve for the next six months were elected as follows: Mrs. J. S. Chapman, president; Mrs. Helen Johnson, vice president; Mrs. L. T. Florence, secretary and treasurer; Mrs. Frances Bird, reporter; Mrs. Bertie Mae Bass, recreation chairman; Mrs. Annie Pearl Lusk, song leader; Mrs. Sally Patterson, parliamentarian. After the business meeting the remainder of the afternoon was spent wrapping band-aids for the hospital.

A refreshment plate of sandwiches, potato chips, olives, cookies and iced tea was served to Mesdames W. E. Johnson, Jess Josselot, J. B. Edwards, Helen Johnson, O. W. Tooley, Alvis Bird, Bill Pennington, Walter Rogers, W. E. Adkins, Floyd Lusk, Larry Bass, the hostess, Mrs. Whitaker, and visitors Mrs. L. E. Firestone and Mrs. C. R. Cook.

Checohelo Group Is Organized Here

Friday afternoon at 2:45 the girls from the Happy Blue Bird group who had flown up into Camp Fire met with Mrs. Fred Stockdale in the basement of the Presbyterian Church to organize their Camp Fire group.

Each girl offered a suggestion as to what she wanted the group to mean to her and the community. From these suggestions came the idea for a name for the group. By combining the first syllables of cheerful, cooperative, helpful and loyal the name, Checohelo, was formed and unanimously chosen. This is a real Camp Fire name and she aims set forth in this name will prove a constant inspiration to the group.

At this meeting the girls earned their first honor bead, learned the Camp Fire watchword, the law of Camp Fire, and the Camp Fire cheer. Plans were made for starting work on their Camp Fire notebooks.

Each girl drew from a tray a folded slip of paper on which was written her duties for the next four weeks.

Annette Merchant will act as president; Janis Crocker, vice president; Kay Starr, secretary; Duwanna Matthews, reporter; Helen Kimbrough, scribe. The following girls will act as hostesses for the meetings: Doris Strain, Barbara Campbell, Mary Sue Byrd, Patsy Cagle, Mary Linda Stockdale, Beverly Gilstrap, Paula Ratliff, Nancy Lee Brown.

The Checohelo Camp Fire group is composed of the following twelve girls who flew up from the Blue Bird group and a new member, Beverly Gilstrap: Nancy Lee Brown, Mary Sue Byrd, Patsy Cagle, Janis Crocker, Barbara Campbell, Duwanna Matthews, Annette Merchant, Helen Kimbrough, Paula Ratliff, Kay Frances Starr, Mary Linda Stockdale and Doris Strain.

Lavada Dean Weds Greenville Man Saturday in Double-Ring Ceremony

Lavada Dean, daughter of Mr. and Mrs. J. J. Dean of Paint Creek became the bride Saturday, April 13 at 8:30 o'clock, of Tommy Lambert, son of Mr. and Mrs. W. G. Lambert of Greenville, in the home of Rev. and Mrs. H. H. Segro of Haskell, with Rev. Segro reading the double ring ceremony.

The bride wore a dress of powder blue crepe, only trimming was her corsage of pink carnations, with black patent matching accessories. Attending the couple were Laverne Dean, sister of the bride as bridesmaid. Her dress was of gray crepe with matching black accessories and a corsage of white carnations. Also attending the couple were Mr. and Mrs. Joe Davis, friends of the bride and groom, Mrs. Davis attired in a blue crepe dress with black accessories.

The bride is a graduate of Paint Creek High School with the class of 1942, attended Draughon's Business College in Abilene, and has been employed as secretary for Haskell Public Schools and for the past two years employed as a clerk in the Triple A office in Haskell.

The groom is a graduate of Greenville High School 1941 and since that time has served three years in the United States army, 12 months of that overseas in the South Pacific.

The couple plans to make their home in Greenville, where the groom is employed in a dry cleaning plant.

CARD OF THANKS

We desire to express our deepest appreciation to our many friends for the acts of kindness during the illness and death of our beloved Mother, Mrs. J. E. Sadler, and for the beautiful tributes to her. We are appreciative for the kind and comforting messages and which have meant so much to us during our sorrow.—The Sadler Children.

Love Shower Honors Mrs. Alvis April 9

A love shower was given in the home of Mrs. Austin New April 9 for Mrs. Jim Alvis. The afternoon was spent in playing games. Mrs. Dick Andrews and Mrs. Earl Daniels portrayed the parts of colored women in putting on a play and presented the honoree with gifts. A refreshment plate of sandwiches, cookies and pop was served to the following guests:

Mesdames Frances Blake, J. D. Robinson, Lloyd New, Jack Daniels, C. V. Swartz, John E. Fouts, Mildred Robertson, Lee R. Oneal, Ed Fouts, H. R. Whatley, O. O. Akins, Jim Alvis, Buster Viney, Jim Fouts, Earl Daniels, Dick Andrews, Otis Matthews, Floyd Lusk, Lorene Matthews, H. Harris, J. B. Harris.

Those sending gifts were Mesdames Jess Josselot, Floyd Rogers, H. J. Hambleton, Jess Barton, C. E. Smith, John E. Robinson, John McMillin, Jess Jones, Jimmie Thompson, Jim Sloan, Tom Holland, Velma Haynes, Ethel Kirkpatrick, Otha Cass, Ethel Alvis, the Naomi Bible Class and the hostesses, Mrs. Austin New, Mrs. Clarence Taylor and Mrs. Ed Cass.

Liberty Club Plans Gala Easter Party

The Liberty H. D. Club met Friday with Mrs. R. L. Leclair. An Easter egg hunt and supper was planned for Friday evening, April 19 at the home of Mrs. Raymond Davis. There were five members and two visitors present. Fried chicken, hot rolls, cake, fruit and iced tea was served to Mesdames Davis, Collins, Wisdom, Freedy, and our visitors, Mrs. Ray and Mrs. Barbara Collins, and the hostess.

Next regular meeting of the club will be April 26 with Mrs. Evelyn Marr.

Fifth, Sixth Grades Give P-T-A Program

The North Ward Parent-Teacher Association met Thursday afternoon at 3 o'clock in the high school auditorium. The president, Mrs. Roy A. Sanders, called the meeting to order, after which the program was presented.

Special numbers on the program were under the direction of Mrs. F. W. Martin and Mrs. Scot Greene Jr. Pupils of the fifth and sixth grades presented the following numbers: "How the Woodpecker Knew," by Betty Joy Redwine; "A Toad's Toilet," by Jane King, and "The Birdies' Ball," "The Four Winds," "A Dancing," a Slovene Folk Song, by the entire group.

Mrs. James A. Byrd discussed the topic, "Will There Be a Sex Problem?"

In a brief business session following the program Mrs. Sanders announced plans for the P-T-A convention to be held in Wichita Falls April 23-24 and asked all members who could to attend.

Mrs. Robert Crocker, secretary-elect, handed in her resignation, after which Mrs. Joe H. Bowers was elected to that office.

Room count was reported, showing that Mrs. Greene's room had the most mothers present.

Mrs. Edd Hester, Fred Stockdale, J. C. Wheatley and Bill Woodson were appointed to work with the hospitality committee in planning the next meeting, which will be a ranch style supper. This will be the last meeting of the year and will be at night with the fourth grade giving the program. All members of the association are urged to attend.

East Side W. M. S. Has Service Program

The East Side W. M. S. met in their regular service program April 15 at 2:30. In the absence of the president, the vice-president, Mrs. Emry Anderson, had charge.

Opening prayer was given by Mrs. Gene Lancaster, after which old and new business was transacted.

Members will bring eggs for B. O. H. next Sunday to the church, and we hope to have a good number of them.

We organized our Sunbeams with Mrs. Mercer in charge.

Everyone enjoyed the refreshments served by the committee.

Theme of our lesson was "Evangelical Witness to the World" and the following program was given:

They Found the Fruits — Mrs. John McGuire.

What They Say — Miss Nell Dearborn.

Stories They Tell — Mrs. Thurman Rhoads.

Reassured By a Song — Mrs. Gene Lancaster.

In India and Burma — Mrs. Frank Patterson.

In South Asia — Mrs. Taylor Childress.

In the Philippines — Mrs. Walter Vinney.

The Fellowship of Christian Missions — Mrs. Cecil Bowers.

Closing prayer was given by Mrs. Yancy.

RABBITS FOR SALE!

Beautiful white rabbits that make ideal pets and excellent Easter gifts. From stock of registered doe. They are easy to care for and are priced reasonably.

TOMMIE JOE BALLARD

Phone 276-J

"I would not, if I could, grow great and rob my children of their play. I would not bid them stand and wait for laughter till another day."

A few months ago some of the youth minded citizens of Abilene took it good to build a swimming pool at Camp Tonkawa, Buffalo Gap, for the Scout and Camp Fire groups of the Chisholm Trail Area. Their thought was that the citizens of Abilene should finance this project.

At a recent Scout executive meeting in Abilene, some of the country of the area suggested that the Scouting spirit would be strengthened if the entire Chisholm Trail population were permitted to participate in the financing of the pool. At that time the citizens of Abilene had contributed \$10,000. The pool had been contracted at a price of \$21,497.86. After some discussion it was decided that Abilene would withhold further contributions until the project could be given sufficient publicity as would bring it before the "Minded" leaders of the area, that they should be permitted to make such contributions as they desired.

It is the thought of the executive committee that this should be a purely a free-will matter, therefore there will be no soliciting committees.

In the seven counties of the Chisholm Trail Area there are more than twenty thousand boys and girls eligible for Scout and Camp Fire training. The cost therefore is about one dollar per capita for the youth available at present time to the services of the pool.

Make your contributions payable to Chisholm Trail Council, and hand them to J. A. BYNUM, Treasurer, Haskell, Texas.

The cost of this project will be "a one time operation" and the service will extend to other generations.

J. M. CRAWFORD Finance Chairman

In a crude home by the side of a mountain road a woman was weaving a rug. At the close of the day she carefully covered the loom, away the materials, and painstakingly put each article at the place. Going to the door she paused, returned to the loom, and periodically checked all that she had done.

A visitor, observing her, asked: "Why are you so particular?" With an earnest simplicity the mountain woman replied: "My daughter weaves tomorrow."

LESS COST MEANS MORE MONEY FOR YOU!

More money for the grower of cotton is the reason that every farmer should seek to reduce his production costs — after all, it's your NET INCOME that puts money in your pocket. Efficient use of labor and labor-saving methods... higher yields per acre... active control of cotton insects and diseases... soil improving programs... Agent recommended by your County... Experiment Station and other authorities have PROVED their value in reducing the cost of production. They will help you meet competition and make more money from your cotton crop.

COTTON GOES—SO GOES THE SOUTH

The Warwhoop

THE DAILY GRIND

From your particular corner of the study hall, an isosceles triangle is apt to look painfully like an isosceles triangle. And, as far as you can see, isosceles triangles have no place in that gotten future of yours. Past progressive tense and Roman military strategy only clutter up your life. The life in which you plan to build better bridges, smash bigger atoms, or write the Great American Novel. You think you're wasting time. But are you? Required courses are required because they are the stepping stones to a career with a future. Take a look at some of the fields open to those who specialize in English, history, or math. An algebra formula may be Step No. 1 in building that bridge, and a way with verbs may mean a way with the publishers.

FUTURE INDICATIVE

Is your "Pet Peeve" the hours you have to spend on dangling participles and split infinitives? Better not complain too bitterly if you're interested in the following occupations: Acting, advertising, journalism, radio work, law, library work, public relations, selling, stenography, and teaching. All these require a mastery of language and skill in writing and speaking.

The broadcaster who mispronounces a word over the air is in for a deluge of critical fan mail. Even the most rugged foreign correspondent must be able to express himself clearly. A cracker-jack District Attorney has to know how to organize his arguments and

then deliver them forcefully. A stenographer is expected, not only to spell, punctuate, and capitalize perfectly, but to correct any errors in grammar that may be dictated. A salesman has to know more than his product; he must be able to talk persuasively about it. Even if your field turns out to be science, it will be to your advantage to be able to talk well. The first step in selling your newly designed motor to the head of the automobile factory will be to **SELL YOURSELF**. If you sound intelligent, the boss will be more apt to believe your invention is intelligent.

HOW TO MAKE HISTORY

Is it history that "gripes your soul"? A few of the fields that demand specialization in history are: archaeology, architecture, art, cartography, (map making), interior decoration, drama, economics, foreign service, law, library work, military service, research, teaching, and writing.

A designer doing costumes for a Tale of Two Cities needs to be familiar with the French Revolutionary period. A successful ambassador needs to know something about English history before he can begin to understand the English people. A lawyer defending a State's rights case needs to know about all similar cases in history. Historians, librarians, military men, and research people spend hours tracing events of the past in order to solve problems of the present.

FIGURE IT OUT!

Or maybe it's mathematics that "gets you down." But math is required for engineering, physics, chemistry, research, statistics, architecture, cartography, insurance work, census computing, accountancy, and banking.

Census officials, insurance men, and social security employees estimate probable population rates and life expectation tables through higher mathematics. Engineers and

architects use mathematics to figure stresses and strains in buildings and bridges and to estimate forces that act on machinery. Analysts in business, government, and industry apply math to estimate future needs of people, future prices, wages, budgets, wealth and taxes. The Gallup poll is an example of scientific mathematical sampling.

The "daily grind" of today may be the axle grease for your career tomorrow.

SOMETHING NEW

Thou shalt not come to school late; take off the whole day. Thou shalt not wear caps in school; hats are more dignified. Thou shalt not peep at anyone's paper; have it passed to you. Thou shalt not run down the hall; sliding is more proper. Thou shalt not run down the stairs; use the banisters. Thou shalt not throw erasers in class; books are more convenient. Thou shalt not whisper in class; shouting causes more disturbance. Thou shalt not borrow thy neighbor's pen; take it. Thou shalt not ride the teacher to her grave; let the undertaker take!

SOCIETY NEWS

The Munday Orchestra entertained us during our assembly this week. They played Boogie-Woogie, Caidonia, Personality, and several of the latest hits with the addition of several solos and a quartet. We hope they get to come back and play for us again in the near future.

SENIOR SPOTLIGHT

Next on our fair list of Seniors is Margaret Morriss or "Pee Wee". Pee Wee is one of our most popular senior girls. She has been very active in Gypsy Ramblers and Home Economics for four years. She was in the T.O.Q.'s and Spanish Club for two years of her high school life. Pee Wee participated in Band, Chorus, and Pep Squad. Pee Wee plans to major in Home Economics this fall at Texas Tech. She is the daughter of E. E. Morris.

Otto Peiser is one of our best football players and basketball players. In fact he was considered Best Athlete for the school. He has played football for three years and basketball for three years. His long, blond hair has caught the eyes of most eighth graders. Otto is one of the Seniors that our class couldn't do without unless the Army decides to take him. Otto is the son of Mr. and Mrs. Otto Peiser.

ICECAPADES

Boy! the Ice-Capades was hot! Did we have fun? Say, kids, you should have gone to the Ice-Capades!

Shady, how did you get your arm hurt? What was that fuss about Friday? Have you gone back to her?

Boy, wasn't the Harmony Club cantata at the First Methodist Church a hit? You kids and parents should have gone.

The first period study hall has a new boy in it and girls, is he a hit? Thanks for letting us have him. If you don't know who he is, his name is Monte Fritz. Hubba, Hubba.

Oh, brother! Only 6 more weeks of school. Then we are as free as a bird (in a caged cage.)

Gee, Mrs. Odell! We don't think you want us to catch a boy friend. Or at least it seemed that way when those four Weirner boys passed by the English room Friday. Can't you give us a break?

It still seems that Roy Harris is crazy for that certain little blonde, namely, Jolene Hattox. Well, Jolene, how about getting on the

CAMPUS COUPLES

First we have a well-known Senior couple. They both won honors in the annual race this year. The girl was FFA Sweetheart last year. The boy played football until an accident forced him to quit. Who are they?

Next here is a couple, a Senior boy and a Junior girl. The girl was a co-leader in the pep squad, while the boy made a good showing on the field. The boy is known better by most people by a nickname than by his real name. Who are they?

And now we come to a familiar couple, in fact, they are always together whenever it is possible. The girl is a member of the Freshman Class. She is small and has light hair. If you remember, Coach Berryhill was very busy helping her plan a house not very long ago. The boy, a Junior, is tall with dark hair. He is very shy, and he was on the football team. Who are they?

Last but not least, we have a Freshman girl and Sophomore boy. The girl has dark hair and is rather small. The boy is tall and also has dark hair. He played basketball, and is quite popular as a boxer. If you look hard, you may find him working in a grocery store during his spare time.

FISH FACTS

We wish to take this time to express our loyalty to all the boys who are coming out for Spring Training. The best of luck to you!

Gee! Aren't those Super-Sophomores just super! Well, anyway about one dozen little Fish I know are just crazy over a few Sophs, and I don't mean girls.

Congratulations to all the nice kids whose home was visited by that dear little Easter bunny. It seems this year there was a critical egg shortage. Too bad!

The super Amateur Hour is on again over at Weirner and if you want to hear something super, just breeze over to the W.H.S. Auditorium, Friday night the 19th.

We would like to welcome Monte Fritz to the Freshman Class. Monte is here from Texarkana.

Well, I'll be breezing along now but I'll be listening for you, so talk a little louder, please!

THANKS, EVERYONE!

The Junior Class of Haskell High School wishes to express its appreciation to the businessmen and other people who bought the ads on the program for the play. We also want to thank the citizens of Haskell for their presence at the play. We are looking forward to a swell Junior-Senior banquet.

Thanks,
The Junior Class,
Haskell High School

LONE STAR GAS COMPANY

Kitchen Accessories Studied by Club

"What is the view from your kitchen window, and how it can be made a pleasing view," was discussed by Mrs. Lucille Grindstaff at the regular meeting of the Josselle H. D. Club April 9.

Miss Louise Newman gave a demonstration on kitchen accessories, and the adding of colors to your vegetable salad to make it more appetizing.

Refreshments of ice cream and cake were served to Mesdames W. T. Perrin, S. G. Perrin, Ray Cothron, C. A. Thomas, Leonard Carroll, I. S. Grindstaff, Jr., Larry Bass, J. P. Perrin, Clovis Norton, J. S. Grindstaff, Sr., Alf Turnbow, J. L. Toliver, Jesse Josselle, Louise Merchant, and Misses Mary Grindstaff, Louise Newman.

The club will meet in the home of Mrs. S. G. Perrin Monday night April 22, for a social, and our plans will be revealed at that time.

Some people are as bad as an old vacuum cleaner when it comes to collecting dirt.

Most every man is a loud dresser when a button pops off his shirt.

Inez Coggins Is Bride James J. McDaniel

Mr. and Mrs. Carl Scoggin are announcing the marriage of their daughter, Opal Inez, to James J. McDaniel, son of Mr. and Mrs. C. O. McDaniel of Judsonia, Ark.

The double ring ceremony was read by Rev. Hubert Turner of the First Baptist Church of Dallas, April 12 at 8:30 p. m. in the presence of friends of the bride and two second cousins, Lois Pheasant and G. C. Stevens.

The bride wore a Navy blue dress with white accessories.

The bride finished school at Weintert in 1943, attended Draughtons Business College in Abilene, and worked for B. F. Avery Hardware company for one year. At present she is working for the Collector of Internal Revenue in Dallas.

The groom is attending school at present. He finished school in 1940 at Little Rock, Ark., and had two years of college work before he was drafted in the Army in 1942. He received his discharge Feb. 22, 1946.

The couple will live at 4507 Gaston Ave., Dallas. They spent the week end with the bride's parents in Haskell.

Haskell Delegates Attend HD Meeting

Mrs. R. M. Almarode of Knox County was endorsed as nominee for vice president of the Texas Home Demonstration Association for District 3, at the 1946 district meeting in Seymour Wednesday, Mrs. George Beavers of Vernon, Wilbarger County, now holds that office, and was endorsed as nominee for state treasurer.

The endorsement will be given to the state association at its next meeting, when officers will be elected. Vice-presidents, who head the district organizations, are state officers and their election comes from the state body after endorsement by the home districts.

Mrs. Almarode is a member of Sunset Home Demonstration Club, lives near Knox City, and has held various offices in her club and county Home Demonstration council and been active in community affairs. She is a former 4-H club girl.

Wilbarger County was selected as the 1947 meeting place, in the business session that closed the all-day Seymour meeting. Forty-six delegates and 274 visitors were present from the 19 counties in the district.

Mrs. C. A. Caffee of Dougherty, secretary of Texas Home Demonstration Association, represented the state organization on the program. She announced the state meeting August 14-16 in Amarillo and mentioned recommendations due to face it, one for establishing a fund by asking a gift of five cents a year from each member to provide \$100 annually in each district for some form of 4-H club education; one for sponsoring an educational program to increase cotton consumption.

Another guest was Mrs. Eliese Triag Johnson, specialist in family life education with the State Extension Service, who urged united, happy families as a foundation for world peace.

Training citizens for a changing world was the keynote of a 4-H club program including skits by Wichita and Clay County girls, introduction of Gold Star 4-H club girls, and a talk by Lorene Stevens.

An offering of \$60.51 was given to buy laboratory equipment for Home Demonstration workers in the Philippines after Miss Ruth Thompson, district agent, explained the project as planned nationally for Home Demonstration Week, May 5-12.

Reports of delegates at the roll call of counties emphasized a new interest in recreation and reading for families and communities, as well as the basic Home Demonstration programs of home food production, home industry, and the wartime "make it do" spirit.

Outstanding was the Knox County report of a library started by the club women as a memorial to war veterans; Throckmorton County's annual camp for club members and their whole families; and Hardeman County's annual encampment plus a series of trips by separate clubs, one of which went to Carlsbad Cavern last year.

Introduced by State Senator George Moffett of Chillicothe, W. C. Galeeran Jr. of the National Cotton Council was the main morning speaker. "We have taken cotton too much for granted and defended it," he said, "whereas it was newly discovered it would be second in importance only to the atomic bomb. Now the Cotton Council is on the offensive," and he described its advertising and research program and showed new cotton products, assisted by C. E. McDaniel of the Cotton Council.

Mrs. George R. Shawver of Baylor County read her essay, Building the Peace, first prize winner in a district contest. In another phase of the Home Demonstration Association's program of interest to its members in study of peace needs, recognition was given to women who have read a required number of books on the subject.

Mrs. George Higgins, Chairman of Baylor County Home Demonstration Council, presided to open the meeting and introduced County Judge Robert Jones, who welcomed visitors. Mrs. G. E. Caskey for Young County responded. Mrs. Paul Gilstrap led song periods with Mrs. Shawver as pianist.

Lunch was served by Baylor County women. Mrs. W. E. Harrison was luncheon chairman; Mrs. J. V. Kysinger chairman of decorations; Miss Nora Walters and Mrs. O. H. Bartley of registration; Mrs. W. J. Karr of local program plans.

Delegates and H. D. club women from Haskell County attending the district meeting were: Mrs. Lonnie Martin, Mrs. J. R. Dakin, and Mary Grindstaff, delegates; Mrs. Coyt Hix, Mrs. R. E. Hutchinson, Mrs. J. T. Therwhanger, Mrs. W. E. Johnson, Mrs. Bill Fouts, Mrs. Travis Smith, Miss Louise Newman, Mrs. O. W. Whiteker, Mrs. John L. Grindstaff, Mrs. Ford Waldrup, Mrs. H. H. Hines, Mrs. W. P. Hines, Mrs. Bill Penick, Mrs. John Stockton, Mrs. L. G. Server, Mrs. Guy Marshall, Mrs. Durward White, Mrs. C. C. Childress, Mrs. Albert Nanny, Mrs. Elsie Campbell, Mrs. Ethel Bird, Mrs. Vernon Allison, Mrs. Joe Holcomb, Mrs. Less Lewis, and Mrs. A. C. Denson.

If kids keep on marrying younger and younger, Webster will have to take the age out of marriage.

Shower Honors Bride-Elect

Saturday afternoon April 13, between 3 and 5 o'clock, Lavada Dean of Haskell, bride-elect of Tommy Lambert of Greenville was named honoree at a pre-nuptial shower in the home of Mrs. John F. Ivy.

The guests were greeted at the door by Mrs. Omer Ray. Mrs. Bill Reeves presented them to the receiving line composed of Lavada Dean, bride-to-be, Laverne Dean, sister of the honoree, and Mrs. Joe Davis, friend of the honoree.

Mrs. Jack Speers presided at the punch bowl. Mrs. Howard Montgomery and Opal Dunnam assisted her.

The table was laid with a lace cloth with centerpiece of pink roses on a reflector. Pink and white roses was the color scheme throughout the Ivy home.

The lovely gifts were shown by Mrs. Ray Overton and Mrs. W. C. Norton.

Mrs. Merle Ivy presided at the beautiful white leather bride's book, stamped in gold on the front "Tommy and Lavada", a gift from the hostess to the honoree.

The guest list included: Mesdames Joe Harper, Hettie Williams, W. H. Overton, Fred Aycock and Jean J. Faust, Jack Johnson, Joe Bowers, Bertha Sloan, J. W. Gholson, Alton Middleton, Jess Barton and Jerry, Claud Wheatley, W. A. Lyles, J. B. Kuenstler and Beverly, J. B. Nanny, J. W. Martin, Ruby Smith, J. W. Aycock, M. H. Hancock, Clara Busby, G. A. Turnbow, R. V. Robertson, Arthur Shelley, E. R. Lowe, C. V. Payne, Maggie Larned, Lucy Ivy, Jodie Earles, Joe E. Thompson, Jewel Gilleland, H. H. Segoe, Veda Rushing and Shirley, Ethel Kirkpatrick, Alfred Grand, Jordan Grooms, L. L. Kuenstler, M. L. Middlebrook.

Messrs. and Mesdames Jesse B. Smith, John Hisey, Roy Overton and Irvin, G. V. Middlebrook and Billy, Rice G. Aivis, Jesse Dean, John Kuenstler, Ray Cothron, Gene Medford and Bonnie, J. J. Dean, Henry Medford and Kaye, John F. Ivy, Joe Davis, W. A. Montgomery, D. E. Livengood, Elmer Dean, Doyle Elmore, W. M. Reid.

Messrs. Russell Grand, Joe Harper, John Brock, Ray Overton, George Pool.

Mrs. Mayre Wiseman, Misses Opal and Helen Lowrey, Connie and Jean Norton, Pearlita Ivy, Frances Perry, Joyce Nanny, Maxine Lytle, Martha Davis, Lucille Zeliska, Laverne Dean, Joanna Honea, Lucille Hester Martha Grand, Frances English, Louise Newman, Dr. Gertrude Robinson, and the hostesses, Miss Opal Dun-

Mrs. Garvin Foote Directs Study Club

The Progressive Study Club met Thursday April 11 at 7:30. Hostesses were Mrs. F. W. Martin and Mrs. R. A. Lane. The president, Mrs. Robbie Pitman, presided. Names were presented for new members, and Mrs. Roy Sanders was extended an invitation to become an associate member. The club voted to send Mrs. Robbie Pitman and Louise Newman to San Antonio for the State Convention of the Federation of Women's Clubs, May 9-10-11.

The program was directed by Mrs. Garvin Foote. Australia was made the subject of interest. To make it more interesting, an airplane trip was planned for the group. Since no woman likes to make a trip without a new bonnet, especially so near Easter time, the morale was considerably higher when those on the program were presented with hats made by Anita Herren and Mary Holden. The hats were made from various objects, such as fruit, flowers, trays, dish mops, ribbons, paper, glue and thread. The time for making was about ten minutes. Perhaps some of our local hat designers could get some new ideas in designing from the club. Mrs. F. W. Martin gave the club interesting facts concerning the physiographic, climatic, and historic features of Australia. Mrs. Fay Woodson told the story of a Yankee Machine Shop in the Brush, an article taken from Reader's Digest.

The wife said she dreamed the other night that we gave her \$100. So, we said inasmuch as she had been a good wife, we'd let her keep it.

nam, Mesdames W. C. Norton, D. L. Speer, Merle Ivy, Ray Overton, Bill Reeves, Howard Montgomery and Omer Ray.

Mrs. Henson Directs Auxiliary Program

Monday at 3:00 the Presbyterian Woman's Auxiliary met at the home of Mrs. Sam P. Herren. The program was opened by a devotional given by Mrs. Sam Chapman. Following this Mrs. Calvin Henson lead a program on Why We are Presbyterians. She brought out that we are first a part of the Church, which embraces all believers in Christ as the Son of God, and the Saviour of mankind. Second she pointed out that our particular denomination is called Presbyterian because of our form of church government, and takes its names from the presbyters mentioned in the Bible. The government of our church is based on the government of the churches in early Christian times, and can also be compared to the type of government in Moses' day.

Mrs. Henson then outlined the development of the Presbyterian Church in the United States up to the present day.

Mrs. Edd Hester, President of the Woman's Auxiliary, gave a report of the meeting of Presbyterian in Sweetwater which she and Mrs. Sam Chapman attended Tuesday and Wednesday of last week.

Following the program Mrs. Her-

Mr. and Mrs. Lytle Entertain H-D Club

Ending a contest for a three month period, the Blue Bonnet H. D. Club members on the Blue side who were losers in the contest, entertained the Red side and their husbands with a 42 party Monday night in the home of Mr. and Mrs. Corbet Lytle. Four tables were placed in the entertaining rooms where the games were played.

Wish someone could tell we're so doggone mad that we wake from a good night's sleep.

One really has to go shopping nowadays if he to build a house.

Refreshments were served by Mrs. R. V. Hagle, Mr. and Mrs. Rowan, Mr. and Mrs. Lytle, Mr. and Mrs. Fred Hisey, Mr. and Mrs. Joe Hisey, and Mrs. E. F. Nauer, Mrs. Lonnie Martin, Mrs. Seltz, Mrs. Neal from Dallas was a visitor, and Mr. and Mrs. Corbet Lytle.

ren served tea and refreshments to the members and guests present, as they enjoyed a period of Christian fellowship.

AAA FARM NEWS

(By JOE S. HARPER)

1946 Cotton Crop Insurance

All cotton producers are again reminded that there are only a few more days in which cotton insurance for the 1946 crop may be obtained. A large number of producers are calling daily for the purpose of learning the facts about insurance and how it applies to individual farms. Producers are advised that April 25 is the closing date for making application for insurance and no applications can be taken after that date. It is expected that many producers will take advantage of crop insurance before the closing date.

1946 Conservation Program

Although much work has been completed in Haskell County during the first part of the year, it is evident that the allocation of money to the county for the entire year will not be sufficient for us to accomplish all the work we would like to. The county committee is making every effort to see that all money is spent where it will do the most good and to see that every producer who intends to earn an AAA payment will receive his proportionate share. This cannot be accomplished unless all producers who intend to earn a payment first get a prior approval to make certain that money is available for such payment. Producers are advised that no payment can be made for any practice unless prior approval is obtained before any work is started.

World Food Situation

A lot has been said recently about the seriousness of the world food situation, but it cannot be emphasized too much. A recent

FOR SALE—Light fixtures. See Mrs. Jno. A. Couch, Haskell, Texas. d18c

Survey of Starvation in War-Torn Countries

Further emphasizes the need for more food. Latest reports show that production of most food products during the 1945-46 season was below pre-war level. Wheat production was down 8 per cent, rye 15 per cent, rice 16 per cent, and sugar 18 per cent.

Agriculture has again done the first part of the job—production. All Americans are now asked to share in the conservation and proper distribution of present supplies so that people who desperately need food may be able to obtain a living share.

Farmers Lose Money Throwing Away Burs

Between ten and fifteen million dollars worth of cotton burs which could be processed into commercial products are being thrown away or burned each year in Texas, according to C. G. Rook, associate director of the chemical and textile phases of the Cotton Research Committee of Texas located at Texas Technological College, Lubbock.

Commercial material economically procurable from cotton burs, research has shown, are a boiler water treating compound which acts as a scale inhibitor in hard water; furfural, an important chemical compound; a building board substance; plastic filler; and fertilizer.

Furfural, one of the most important products obtainable from the cotton bur, has many various uses, including use in the synthesis of plastics, in fixing motor oils, in making aniline dyes, as a fungicide, and in the synthetic rubber industry. One Texas rubber plant alone uses approximately \$2500 worth of furfural daily.

GENERALS GET BUSTED

The War Department has announced the names of 212 general officers whose temporary appointments as general have been terminated. They have been reduced to the grade of colonel, and will hold temporary rank from the date they were originally appointed temporary colonels.

This completes action on 266 of the 469 general officers announced by the War Department January 12 as being under orders for reduction. The others will be reduced no later than June 30, 1946.

Milk Regulations Effective April 1

Much concern has been expressed by dairymen over the regulations dealing with the production of ungraded milk and cream in Texas. In a discussion before the Extension workers, M. L. Raines, Chief Field Milk Inspector for the State Health Department, stated that this was a program that would require time to accomplish. April 1 happened to be the date selected upon which to make the regulations operative under the law granting authority to the State Health Officer to promulgate such regulations.

Raines pointed out that the regulations are not to put people out but to keep them in the dairy business. Each year Texas' producers of milk and cream suffer a tremendous loss through rejection because of low quality. With the tightening of quality standards there will be no market for products made from low quality milk. Following the new regulations will stop these losses.

The regulations for manufacturing milk and cream are not to be confused with Grade A standards. No concrete floor in the milking barn or milk room is required. No temperature requirement is made that makes necessary the use of mechanical refrigeration. While many producers of milk and cream are exceeding these minimum requirements now, there is a large volume of the milk being produced in Texas that must be improved before better products can be manufactured from the milk.

The State Health Department recognizes that it will take time to obtain materials for repairs and remodeling milking barns. Raines stated that no producer of milk would be penalized by the regulations as long as he was making an honest effort at compliance.

According to F. W. Martin county agent, enforcement of the regulations is a matter for the State Health Department and the dairy industry.

Standards for milk quality are made necessary by the fact that milk is one of the most perishable of all foods. Most of the problems of milk quality begin on the farm. Milk is one product that cannot be

Sunshine Sewing Club Meets Tuesday

The Sunshine Sewing Club met Tuesday afternoon, April 2 in the home of Mrs. Buck Calloway with nine members present.

Roll call was answered with a helpful hint. During the business hour plans were made for Mrs. Jack Johnson to be hostess to a 42 party for all members and their husbands Tuesday evening, April 22. During the social hour bandages were folded for Haskell County Hospital.

Delicious refreshment plates were served to Mesdames Lynn Toliver, John McMillen, J. E. Robinson, Roy Cook, J. D. Tyler, H. R. Whatley, John Fouts, Jack Johnson, and Buck Calloway.

NEW CANTALOUPE

COLLEGE STATION, Feb. 25—Suggestions to farmers on growing a superior cantaloupe variety, known as Texas Resistant No. 1, are contained in a recent report released by the Texas Agricultural Experiment Station. The superior variety originated at the winter garden substitution and is the only one yet introduced that carries resistance to plant lice and downy mildew. The melon is of popular size, thick, salmon fleshed, firm and has coarse moderate netting. The report was prepared by E. Mortensen, superintendent at Winter Haven.

Recreation for Children

Police officials in large cities are able to give proof that delinquency among children is largely a direct result of crowded tenement sections where children do not have enough room or adequate facilities for recreation. The more forward-looking cities have gone to considerable effort to provide such facilities and have profited by a lowered juvenile delinquency record.

There are no crowded tenement sections in Haskell, but there certainly is a lack of sufficient facilities for recreation. Young energy must find an outlet, and if it is not found in one way it will be found in another. So recreation facilities not only are important in preventing delinquency, but they enable young children to develop their bodies.

A recently initiated movement in this city has a soundness of purpose and a degree of necessity that challenges the citizens of this community to give their best efforts in cooperating. If the churches of Haskell, the Lions Club, American Legion, Junior Chamber of Commerce, civic and social clubs and the Sheriff's Department have their way, the children of this city will have more reason than they have now to direct their energies toward more constructive goals. These groups have been making plans to put an end to restlessness that is caused largely by lack of something to occupy the attention of youngsters.

Definite plans have not been made, but the meetings are to continue. The groups are acting on the belief that delinquency can best be controlled by taking action before offenses occur. Environment is important to a child because he is in the process of forming habits that will stay with him for life. Some of them may be broken, many of them will not be.

Obviously the better choice is to see that proper habits are formed early. Whatever efforts are expended to see that children come under the influence of proper environment will pay dividends for the children, their parents and the entire community.

38,000 Will Die

Deaths of Haskell County people and others in the area should be ample warning that everyone who drives a car is putting his life on the line. Maybe we feel that it cannot happen to us, but the thousands who are killed each year by automobile accidents do not believe it will happen to them, either. We believe the dangers of driving, particularly at night, should be hammered home again and again. You can be too careless, you cannot be too careful. Because we think the matter is of such importance, we reprint here the following which has been prepared by the Texas Highway Department:

Out on the highway there is a painted line. It is the line that separates life from death; happiness from despair; safe driving from dangerous driving. It is the line that goes down the center of the highway.

Stay on your side and live. Thousands annually cross over that line and meet death or serious injury. Statistics show that passing another automobile out on the highway is one of the most dangerous things a person does.

State Highway Engineer D. C. Geer makes a timely plea when he calls for strict observance of highway markings and signs. Traffic volume is already well above pre-war peaks in Texas, tire and car shortages notwithstanding. It will soar further upward as new cars get on the road. Authorities predict the nation's 1946 death toll from motor accidents will pass 38,000 unless motorists can be persuaded to assume more cautious driving habits. At the predicted 1946 death rate, only seven years will be required for motor vehicle accidents to kill as many Americans as were killed in World War II from Pearl Harbor through V-J Day.

It will be as impossible to remove defective cars from our highways overnight as it will be to rebuild all highways overnight to conform to the most advanced safety standards. It is up to the driver in 1946 to overcome the defect in his car and in the highway, in addition to reducing the number of accidents attributable to the driver himself.

While enjoying the beautiful Texas landscapes adjacent to our highways, may each driver keep alert for those yellow signs which warn him of danger. May he stay on the right side of the center stripe and never attempt to pass another vehicle when the dashed line is on his side.

Safety is one of the battles of peace. It will be fought by every person who gets under a steering wheel. His weapons are caution and never-ending practice of a few simple safe driving rules. How well he uses these weapons will determine which is the more fatal: the battles of war or the battles of peace.

HASKELL COUNTY HISTORY

Brief Items Taken from Old Copies of The Free Press

20 Years Ago—April 22, 1916

Rainfall amounting to slightly more than one and one-half inch was received here Tuesday night and Wednesday morning.

The train was general over the county. Mr. and Mrs. T. J. Lemmon have returned from Spout, where they visited their daughter, Mrs. J. E. Morris.

Work of remodeling and enlarging the Haskell National Bank building was started this week, but was held up for several days by the heavy rains.

A heavy docket of both criminal and civil cases is pending for the April term of District Court which will convene Monday with Judge Bruce W. Bryant presiding.

Mr. and Mrs. Leonard Harrison of Seymour spent the week-end with their parents, Mr. and Mrs. W. B. Harrison, and other relatives here.

A consignment of 108 range fed Herefords shipped from the SMS Ranch east of Haskell, topped the stocker cattle market in Kansas City recently at \$3.55 per hundred.

In addition to the Bell-Moore Chevrolet building on the southeast corner of the square has been completed and will be used for a modern repair department.

News dispatches from Ft. Worth state that it is pretty thoroughly established that the Rock Island will extend its line from Graham to Throckmorton.

In that event there is a good possibility that the line will be built into Haskell to connect with the Wichita Valley.

The first number of the Rule Review, G. W. Porter, editor and proprietor, reached our table a few days ago. The paper is newsworthy, well edited and has a substantial patronage in its introductory issue.

One Gruesendorf of the east part of the county was in Wednesday and said the rain extended over that portion of the county and farming prospects are bright.

The First State Bank of Carney opened its doors for business Monday morning. The institution fills a long-felt need. J. Frank Potts is cashier of the new institution.

We learned through A. B. Carothers, manager of the new town of Rochester on the Orient be-

30 Years Ago—April 11, 1896

There is a great rush to the Alaskan gold fields. A Seattle, Wash., item states that up to last Saturday that no less than fifteen vessels carrying at least 1,000 men each have left that port for the gold fields.

Stanley Jones, farmer in the Lake Creek section, states he has 25 acres of winter wheat that promises a heavy yield.

W. M. Towns and family started out yesterday on a fishing expedition to Elm Creek.

Capt. M. S. Pierson, president of the Haskell National Bank, returned a few days ago from Emory where he has been looking after his mercantile and other interests.

W. E. Sherrill left Thursday morning to attend a session of the K. P. Lodge at Waco as delegate from the Haskell lodge.

A Haskell merchant furnished a wedding outfit for a Rayner couple this week.

John Savage, manager of the Pole H Ranch in Knox County, spent Wednesday night in Haskell.

He was on his way to Albany, B. R. Chiles of Marshall and P. T. Andrews of Fort Worth, the latter a nephew of Messrs. W. W. and R. B. Fields, arrived here this week on a visit and for the purpose of having a little sport in the way of hunting and fishing.

District Attorney Steele of Anson paid Haskell a visit last Saturday.

M. E. Park left yesterday for Waco, where he will spend several weeks on business. He is a candidate for Sheriff, and will return to time to make an active campaign, he announced.

Results Count..

IN THE CATTLE BUSINESS, same as anywhere else—a ranchman may have a wonderful-looking bunch of cows and good-looking bulls. If they do not nick, the results are apparent both in the show ring and in commercial auction sales. That is, even with good pasture, chemicals, water and feed, it takes proper handling and management.

The same conditions apply to the electric business. Miles of well-constructed transmission lines, neatly-kept substations and impressive generating stations do not complete the service of an electric company to its community. It takes folks seasoned in the "know how" of their business to render proper service and steeped in the customs of this section to sell this section's advantages to the nation.

Employees of this company are proud of their West Texas ancestry, and of their part in rendering, in addition to electric service, community service worthy of this great section.

POSSUM FLATS... "ANOTHER BUSY PRODUCTION LINE"

S-SGT. HENRY MEDFORD RECEIVES DISCHARGE

S-Sgt. Henry E. Medford, who recently received his discharge from the Army, is making his home in Haskell with his wife the former June Cox and their little daughter Sandra Kay. He was in the service three years, serving in the Eighth Armored Division. He returned to the States from Japan, where he saw service with Occupation Forces. He is the son of Mr. and Mrs. H. E. Medford. Another son, Alvin, served with the 36th Division in Italy. He received his discharge last June.

RETURNS TO HOSPITAL

Mr. and Mrs. Virgil Reynolds have returned to El Paso where he will receive further treatment for wounds received during the recent war. Young Reynolds is being treated at the William Beaumont General Hospital.

BANKS TO CLOSE

The two Haskell banks will be closed Monday, April 22, in observance of the anniversary of San Jacinto Day which falls on Sunday. Patrons are urged to cooperate in conducting their business accordingly.

Home Makers Sunday School Class Entertains
Members of the Home Makers Sunday School Class of the First Baptist Church were entertained with a one o'clock luncheon Friday in the home of Mrs. W. S. Cole.

Roses and other cut flowers attractively decorated the entertaining rooms and centered the tables where the two course dinner was served.

New Group Captains, Mrs. Ollie Kittley and Mrs. James A. Lisle were elected.

Members attending were Mesdames Irene Cloud, Corrie Lott, Jess Place, Joe Holcomb, James A. Lisle, Audie Verner, Hewett, Bob Dickey, E. O. Morgan, Ed Cloud, Ollie Kittley, Charlie Jackson, John Herron, Joe Bullock, M. P. Wilson, Claude Norman, Joe

Cloud, A. J. Kelley, Roy Foster, Alma Allen, Willie Geer and W. S. Cole.

Study Club Meets With Mrs. Jess Place

Members of the Philadelphia Study Club met Thursday afternoon in the home of Mrs. Jess Place with Mrs. Don Davis as leader of the program, which was the conclusion of the year's study on Shakespeare. Roll Call was answered with Facts About Stratford-On-Avon. Others on the program were Mrs. James E. Lindsey and Mrs. Lloyd Hamilton.

Members attending were: Mesdames Joe W. Cloud, O. Cole, C. O. Davis, A. R. Eaton, J. E. Geer, C. A. Jackson, L. W. Jones, Jr., J. E. Lindsey, Jess Place, Morris Neal, W. D. Payne, W. E. Penick, M. W. Rogers, Harmon Swinney, Audie Verner, Doc Rose, Lloyd Hamilton, Joe B. Cloud, Don Davis, and a visitor Mrs. Basil Eaton of Puerto Rico.

Duplicate Bridge Club

Mrs. Jess Place used summer flowers for decorations in her home Tuesday afternoon of last week when she entertained members of the Duplicate Bridge Club and guests. Mrs. Jack Mills and Mrs. Alvin Kelley scored high in the games playing east and west.

Refreshments were served to: Mrs. Jack Mills, Mrs. Alvin Kelley, Mrs. Sam Davis, Mrs. L. W. Jones, Jr., Mrs. James E. Lindsey, Mrs. Goodson Sellers, Mrs. Marlin Wilson, Mrs. Ben Bagwell, Mrs. Newt Cole, Mrs. John Herron and Mrs. J. B. Pumphrey.

Here and There

Mrs. Raymond Denson spent the week end in San Angelo visiting her daughter, Cadet Nurse Billie Denson.

Mrs. Newt Cole spent last week in Phoenix, Ariz., visiting in the home of her brother and family Mr. and Mrs. Lee Leflar.

Mrs. Novice Ousley spent last week in Dallas at the bedside of her mother, who underwent surgery at Baylor Hospital.

Mrs. Ida Hunt of Sudan visited her mother, Mrs. W. W. Kittley in Rule last week.

Mrs. Jess Place and Mrs. Bill Kittley were Stamford visitors last Wednesday.

Mrs. Dude Glover and Mrs. Dutch Cross were shopping in Stamford Wednesday afternoon.

Mr. and Mrs. James McCain and daughter Robbye of Pecos spent last week end in Rule. Mrs. McCain and Robbye remained for a two-weeks visit with her parents, Mr. and Mrs. Robert McCaul and Mr. and Mrs. O. J. McCain and other relatives.

LT. AND MRS. MAXEY BROOKE PARENTS OF DAUGHTER

Lt. and Mrs. Maxey Brooke are announcing the arrival of a daughter, Linda Sue, at the Wichita Falls Clinic Hospital on April 12. While Lt. Brooke is serving in Hawaii, Mrs. Brooke and Linda Sue will live with her parents, Mr. and Mrs. J. W. Cowan who live in the north section of Haskell County.

JESSIE R PHELPS GETS ARMY DISCHARGE—14

Pfc. Jessie R. Phelps of Haskell, who for the past forty-seven months has served in the Army Ground Forces, has received his honorable discharge. Brig Gen. John M. Willis, Commanding General of Brooke Army Medical Center, Fort Sam Houston, Texas, has announced.

Junior G. A.

The Junior G. A.'s of the First Baptist Church in Rule met Monday, April 15. Several songs and solos were enjoyed. A group of two teams was made up for the girls to work on. A story was read by the leader, Mrs. E. M. Allen. Refreshments were served to the following: Wanda McCain, Mary Gibson, June Gay, Martha Arnett, Alice Gauntt, Barbara Dickey, Lonnie Martin, Wynell Eakins, Patsy Ingram, Margie Norman, La Von Carroll, and the leader, Mrs. Allen.

Dorcas Class Party

Mrs. L. G. Server entertained members of the Dorcas Sunday School Class of the First Baptist Church at her home Friday afternoon. Roses were used for room decorations.

Class president, Mrs. Bill Kittley, presided for the business meeting in which Mrs. Goodson Sellers was elected secretary-treasurer and Mrs. Orville Tanner was elected stewardship president. In the social hour that followed the class teacher, Mrs. C. O. Davis, gave a very interesting report on her trip to El Paso last week, where she attended the Tri-State Baptist Sunday School convention.

Refreshments were served to Mrs. Goodson Sellers, Mrs. Orville Tanner, Mrs. C. O. Davis, Mrs. Bill Kittley, Mrs. Jack Mills, Mrs. Bruce Miller, Mrs. Odus Oprey and Mrs. Lonnie Martin.

Feted on Birthday

Mrs. Bruce Miller entertained with a party Saturday afternoon honoring her daughter, Patricia Ann on her seventh birthday. A series of outdoor games were enjoyed.

Refreshments were served to Mrs. Bobby and Mary Wharton, James Norman, Beth Tamm, Lyndelle Fouts, Jerry Don Laughlin, Robby Neile Norman, Sherrie Lynn Yarbrough, June Casey, Sharlot Ann Laughlin, Judy Mills and Peggy Ann Edge of Rule and Larry Don Denson of Stamford.

Feted on Birthday

Mrs. Marlin Wilson entertained Thursday evening honoring her son, Bobby, on his 12th birthday. Outdoor games were enjoyed. Refreshments were served to Alice Gauntt, Mary Paul Gibson, June Gay, Betty Almond, Patsy Dennis, Martha Arnett, Jackie Mills, James Simpson, Kenneth Wheeler, Roy Dean Smith, Billy Ross Payne, Larry Zingus, Jerry Wadzeck.

Thursday Bridge Club

Mrs. Goodson Sellers entertained members of the Thursday Bridge Club at her home Thursday afternoon. Spring flowers were used for room decorations. Mrs. John Behringer was presented high score prize. Refreshments were served to Mrs. Behringer, Mrs. Jack Mills, Mrs. L. A. Jones Jr., Mrs. Jas. E. Lindsey, Mrs. W. D. Payne, Mrs. Marlin Wilson, and Mrs. John Herron.

Mrs. Novice Ousley is spending several days in Dallas at the bedside of her mother, who is ill.

Mr. and Mrs. Raymond Denson and Sonny were Stamford visitors Sunday afternoon.

Judith Anne Ivy Is Party Honoree

From 3:30 until 5 p. m. Wednesday April 3, a party was given in the home of Mrs. Vernon Ivy honoring her small daughter, Judith Anne on her fifth birthday. The children occupied themselves with outdoor games until time to open the nice gifts that Judy's friends had brought her. After the birthday cake with five candles was lit, and the children sang Happy Birthday To You, refreshments of punch, assorted cookies and cake was served to the following little guests: Volley J. Ivy, Jr., Sonny Morris, David and Bobby Joe Foil, Ronnie and Kenneth Self, Patsy Ann Jacobs, Ann Busby, Gary Ivy and the honoree, Judith Anne Ivy. Those sending gifts were Mrs. W. E. Reed of Rochester, Mrs. Ida Hall, Mrs. Annie Ivy, Mrs. Leon Ivy and Mary Frances Perdue, all of Haskell.

Gift Shower Fetes Recent Bride

Honoring Mrs. Lloyd White, the former Jean Adams, Mrs. Buck Townsend hosted a bridal shower in her home March 29th. Other hostesses were Mrs. John Jones, Mrs. H. D. Gammill, Mrs. Guy Marshall, Mrs. John Lee, Mrs. Henry Perry, Mrs. Dalton Hindley, Mrs. Harley Brown, Mrs. F. M. Server, Mrs. Bud Clark, Mrs. Ennis Webb, Mrs. John Hamilton, Mrs. O. J. Huntsman, Mrs. Cecil Whitte and Mrs. Everett Berryhill.

Those present and sending gifts were: Mesdames Jess Pinkerton, Mackie Gooch, Felton Mitchell, Odell Cox, A. A. Gauntt, S. H. Vaughtner, C. T. Jackson, Delma Glover, Bess Porter, Thos Sittin, Bill Lees, Doyle Baugh, Hap Smith, B. C. Cooner, Earnest Baugh, R. V. Roberson, T. W. Barton, Malone Steele, L. B. White, R. A. Shaver, Jr., L. S. Wreyford, Scott Hutchens, Paris Keller, Pat Ballard, Tom Holland, Dee Neill, Leroy Burleson, Chan Stark, Allen Adams, Terry Roberson, Wallace Stark, J. E. Adams.

Mesdames Wilson Bean, Johnny Wyatt, L. G. Server, Paul White, Ray McWhorter, Lee Jenkins, S. L. Parks, W. W. Corley, Wilson Brown, H. B. Jenkins, Henry Downey, Clyde Harrell, Freddie Hicks, J. H. Parsons, Worth Buckner, Roy Sellers, H. F. Woods, Jr., Dick Roberson, Fiod White, Gerald Atchison, Wiley Bean, I. H. Harrell, W. H. Carothers, J. E. Baugh, S. B. White, Jerry Harrell, Minnie Glover.

Misses Lewis Bray, Ora Featherstone, Daisy Harrell, Imogene Glover, Mary J. Keller, Leah Mitchell, Jaunita Cox, Louise Steele, Ola Faye Lees and Terry Sue Roberson.

Blue Birds Meet April 3 for Picnic

The South Ward Blue Birds met April 3 and went to the park for a picnic. Each one brought a lunch which was spread together. A number of games were played, which everyone enjoyed, before lunch was served.

Taking part in the enjoyable affair were Coretha Marell, Betty Alice Miller, Melba Jean Banks, Mary Ethel Mullins, Fay Marie Carter, Jeanette Robertson, Doris Jean Roberts, Patsy Jean Carter, Wanda Sue New, Anita Cochran, Juanita Cochran, Peggy Pogue, Nellie Joe Chamberlain, Patsy Bowden, Sue Melton, and the leaders, Mrs. D. A. New and Mrs. Mildred Robertson.

SCHEDULE OF H-D & 4-H CLUB MEETINGS WITH AGENT

April 19—Paint Creek 4-H club; Mattson Senior 4-H club.
April 22—Weinert Junior and Senior 4-H clubs.
April 23—Sagerton 4-H club at 10:30; Tonk Creek Home Demonstration club at 2:30 with Mrs. T. Webb.
April 24—O'Brien Junior and

Senior 4-H clubs; O'Brien Home Demonstration club at 2:30.

FRIDAY SENIOR DAY

Senior Day will be observed Friday by the graduating class of the high school when the group will have charge of the assembly program and then will go on an outing the remainder of the day.

GREAT BEND Grain Blower
Does Everything Anyone Could Expect—Faster, Easier, Cheaper

The blower works off a truck with power take-off. An adjustable auger from your bin or grain pile carries grain to blower and is blown into truck. From there it can be blown into bin or box car.

Also, have a portable blower, run by gasoline motor, that can be placed in a bin or anywhere.

I now have these blowers on demonstration, and will show you how fast and easily they will move grain.

Guaranteed not to crack or injure grain. Handles all small grain, including shelled corn.

Handles from 12 to 18 Bushels per minute.

Furloughs Available For Marine Recruits

Evidence that the hard-boiled Leatherneck Corps is successfully regaining its peacetime status is found in the announcement today that recruits who complete the U. S. Marine Corps seven-week initial, or "boot" training will, on or after April 5, 1946, be granted ten-day furloughs.

Commonly known as "boot camp furloughs", the Ableme Marine Corps recruiting office which made the announcement, said that this privilege had been abolished during war-time and just this week again was made available to the novice Marine.

The announcement further explained that at termination of the furlough, recruits will be required to return to the recruit depot from which the furlough was granted for further assignment to a duty station.

Motor Transport Helps Education

The Texas motor transportation industry last year contributed heavily toward the education of Haskell County school children and in the construction and maintenance of the county's highway system, it was revealed today in an analysis of the industry's special tax payments released by Lynn B. Shaw, Austin, general manager of the Texas Motor Transportation Association.

The 3,569 scholastics in Haskell County benefitted to the extent of \$12,848-\$3.60 for the education of every school child in the county or in excess of 13 per cent of the total education bill. Trucks and buses paid \$21,513 in special taxes that went toward construction and maintenance of highways in Haskell County.

The industry contributed a total of \$39,000,000 in special taxes, a ten million dollar increase over the preceding year, and this figure represents only proceeds from gasoline and license fee taxes paid by more than 280,000 motor trucks and buses, both commercial and private in Texas. It does not include federal or regular state taxes, such as ad valorem, which are paid by all industries.

National H-D Week Different in Texas

National Home Demonstration Week will be observed in Texas, as elsewhere, on May 5 to 12. But the Texas observance is expected to differ considerably from those in the 47 other states and in Alaska, Hawaii and Puerto Rico.

In addition to receiving public acclaim, club women and 4-H Club girls will work actively in a program to help rebuild war-wrecked homes in other parts of the world. Miss Maurine Hearn who is in charge of the home demonstration program for the A. and M. College Extension Service has asked each club woman and girl to join the Texas home demonstration staff in a gift of gratitude for the things home demonstration club work has brought to them.

Each women's and girls' club in the state is being asked to give one or more of several kinds of gifts either to their fellow club members in the Philippines or to families in Europe and the Far East. For famine relief, each club may give one or more cases of evaporated or condensed milk, or one or more cases of other canned food needed especially in hunger areas. Those needed most desperately are meat, fish, peanut butter, baked beans, baby foods, stews, soups and fruits.

In the Philippines the great need is for summer clothing, Miss Hearn said. Distribution of clothing sent by Texas club groups will be handled by Miss Presentation Atienza, Filipino home demonstration agent who with Miss Natividad Brodeth, received part of her field training in Texas homes in the early 1930's. For Philippine relief, clubs are being asked to give one or more cotton garments per club member, one or more bath towels or two or more feed sacks per club member, with needles and thread attached.

Purpose of the nation-wide observance is to focus attention on the contribution of the home and family toward progress and world peace. The theme for the week will be Today's Home Builds Tomorrow's World.

J. H. Banks Will Be Candidate for 39th District Attorney

J. H. (Johnnie) Banks, former county attorney of Throckmorton who recently received his discharge from the army, announced Wednesday that he would be a candidate for district attorney of the 39th Judicial District and would make his formal announcement through the columns of The Free Press at an early date.

J. H. BANKS

Mr. Banks was reared in Haskell and following his graduation from Haskell High School attended Randolph Junior College in Cisco, Sul Ross State Teachers College in Alpine, and later the Lebanon College of Law. He received his license to practice law in March, 1935, and later was named county attorney of Throckmorton County. He resigned that position to enter the army as a private in July, 1942, and advanced to the rank of captain.

Weather Research Work Is Planned COLLEGE STATION — Belying Mark Twain's famous adage, Texas A. & M. College finally is going to do something about the weather. In the near future, a foundation research project for locating and tracking storms in the Gulf of Mexico, sponsored jointly by Dow Chemical company and Humble Oil company, will be instituted by the college's Engineering Experiment Station in conjunction with the electrical engineering department.

A weather station will be established on the campus and at least one point on the gulf coast, and storms and disturbances bullying their way up from the tropics will be tracked and logged by radio direction-finding equipment. When available, radar equipment will be installed for the same purpose. Eventually it is hoped that the station can go to work on inland storms, particularly the "blue northerners" that plague Texas during the cold months.

Saving Food Helps Millions of Starving

A saving of small amounts of food, particularly cereals and fats by each person, will help to reduce the famine which most of the rest of the world is facing. Reports show that 100 million people in Europe will be starving this year. Several million may die of starvation in India, and in China thousands die by the roadside every day.

The United States cannot feed the world because it produces only 10 per cent of the world's food supply, but it can help make up the deficits in shortage areas by producing more than the pre-war requirements.

It is estimated that one slice of every loaf of bread is wasted each day — if every American would save two slices of bread per day, 20 million starving people could be fed for the next six months. A teaspoon of fat a day saved by every man, woman and child in the United States would mean a total saving of at least on million pounds of fat a day.

Use of potatoes and oatmeal to replace bread and other cereal products is one of the food conservation suggestions offered by Louise Newman, county home demonstration agent to Haskell County homemakers, for one small potato will replace a slice of bread nutritionally, and one serving of oatmeal without cream or sugar equals approximately two slices of bread in food value. Potato salad can be used to take the place of a sandwich, or try using fluffy mashed potatoes as tops for meat pies. Oatmeal could be used to replace bread, biscuits, muffins, and cookies, or as a binder in meat loaf.

Spring Clean-Up On Farms Is Urged

To encourage farmers to take steps which will help prevent fires, accidents, and disease, the U. S. Department of Agriculture and State Agricultural Extension Services are cooperating with the National Fire Protection Association in sponsoring the annual Spring Clean-Up campaign.

The first breath of spring sweeps gently across the farmlands heralds the new season. It's time to clean, grease, and replace worn parts of machines, to look over buildings, to make necessary repairs, and to clean up and clear out winter's accumulation of debris from all buildings. Otherwise, spring may not be an unmixered blessing, for spring brings with it an epidemic of fires which scourge many farms every year.

The cause of farm fires, 85 to 90 per cent of which are preventable, according to the NFPA, can be faulted almost equally between faulty construction and carelessness. Approximately \$90,000,000 and 3,500 lives is a high price to pay for negligence and carelessness; yet, that is the loss fire caused farms in 1945, the NFPA reports.

Asked what farmers can do to protect themselves while assuring efficient production, the NFPA urged a 6-point program, advising farmers to look first to their buildings where most fires originate. Inspect every building on the farm and make sure: 1. Trash, rubbish, waste paper, old clothing, feed bags, bedding, and the like, are removed and turned in for salvage. Fires originate in debris, which likewise serves as tinder for any spark or carelessly tossed match. 2. Dust, cobwebs, shavings and other inflammable materials, are cleaned away from fuse boxes, motors, and other electrical devices to avoid flash fires. Replace worn extension cords, and repair defective equipment. 3. The heating plant and the chimney are clean. Replace worn parts. Repair cracks in masonry joints in the chimney, and install a spark arrester if the roof is not protected with fire-resistant roofing. 4. Lightning rod connections are tight, not loosened by winter's wind, snow and ice.

Naomi Bible Class Names New Officers

The following officers were elected to serve during the next six months at a meeting last week of the Naomi Bible Class of the First Baptist Church: Teacher—Mrs. H. R. Whately. Assistant Teacher—Mrs. John E. Fouts. President—Mrs. John E. Robinson. First vice president—Mrs. Trav. Everett. Second vice president—Mrs. Tom Holland. Third vice president—Mrs. A. T. Ballard. Fourth vice president—Mrs. Jno. E. Fouts.

5. All buildings are in good repair, that roofs are weathertight. 6. Gasoline and kerosene are stored in metal containers or underground at a safe distance from main buildings. Never use or store inflammable cleaning fluids. In new buildings or modernization, F. W. Martin, county agent, advises careful planning and fire-safe construction, and recommends a heating plant of adequate size properly protected; a chimney of good materials correctly built which rests on the ground; adequate wiring with a sufficient number of outlets; exclusive use of fire-resistant roofing; and installation of lightning rods on at least main buildings. Half of all farm fires stem from these causes.

The final appeal to farmers by the NFPA and the Extension Services is to extend the clean-up campaign to the fields. Last year's dead vegetation needs to be cut down, leaves raked away from the buildings and fence rows, and all trash cleaned up to prevent fires which threaten farm buildings.

Purpose of the nation-wide observance is to focus attention on the contribution of the home and family toward progress and world peace. The theme for the week will be Today's Home Builds Tomorrow's World.

A. & M. to Sponsor Studies in Cotton Scientific Devices

COLLEGE STATION.—The 37th annual Summer Cotton School will be conducted at Texas A. & M. College, May 27-July 6, Dr. Luther G. Jones, acting head of the department of agronomy at the college has announced.

Each summer these cotton schools are conducted with a view of preparing men and women to enter the business of cotton; to train cotton growers to market their cotton intelligently and profitably; and to assist cotton buyers to become more familiar with low grade and off-colored cotton, and to judge staple, Dr. Jones said.

The course of instruction to be offered at the 1946 summer cotton school is designed for employees of gins, warehouses and cotton buyers, for seed breeders and one-variety cotton producers, for county agricultural agents and teachers of vocational agriculture.

Last year 37 men registered for the course with a total of 25 of them coming from Mexico. This year it is expected that several more will enroll from that country and possibly some from South America.

Costs for attending the summer cotton school for the six-week period are \$17.50 matriculation fee; \$3.00 medical fee; and room and board can be obtained on the campus for approximately \$38.00 monthly.

J. H. Banks Will Be Candidate for 39th District Attorney

J. H. (Johnnie) Banks, former county attorney of Throckmorton who recently received his dis-

J. H. BANKS

charge from the army, announced Wednesday that he would be a candidate for district attorney of the 39th Judicial District and would make his formal announcement through the columns of The Free Press at an early date.

Mr. Banks was reared in Haskell and following his graduation from Haskell High School attended Randolph Junior College in Cisco, Sul Ross State Teachers College in Alpine, and later the Lebanon College of Law. He received his license to practice law in March, 1935, and later was named county attorney of Throckmorton County. He resigned that position to enter the army as a private in July, 1942, and advanced to the rank of captain.

Weather Research Work Is Planned

COLLEGE STATION.—Belying Mark Twain's famous adage, Texas A. & M. College finally is going to do something about the weather. In the near future, a foundation research project for locating and tracking storms in the Gulf of Mexico, sponsored jointly by Dow Chemical company and Humble Oil company, will be instituted by the college's Engineering Experiment Station in conjunction with the electrical engineering department.

A weather station will be established on the campus and at least one point on the gulf coast, and storms and disturbances bulging their way up from the tropics will be tracked and logged by radio direction-finding equipment. When available, radar equipment will be installed for the same purpose.

Eventually it is hoped that the station can go to work on inland storms, particularly the "blue northerners" that plague Texas during the cold months.

Saving Food Helps Millions of Starving

A saving of small amounts of food, particularly cereals and fats by each person, will help to reduce the famine which most of the rest of the world is facing. Reports show that 100 million people in Europe will be starving this year. Several million may die of starvation in India, and in China thousands die by the roadside every day.

The United States cannot feed the world because it produces only 10 per cent of the world's food supply, but it can help make up the deficits in shortage areas by producing more than the pre-war requirements.

It is estimated that one slice of every loaf of bread is wasted each day — if every American would save two slices of bread per day, 20 million starving people could be fed for the next six months. A teaspoon of fat a day saved by every man, woman and child in the United States would mean a total saving of at least on million pounds of fat a day.

Use of potatoes and oatmeal to replace bread and other cereal products is one of the food conservation suggestions offered by Louise Newman, county home demonstration agent to Haskell County homemakers, for one small potato will replace a slice of bread nutritionally, and one serving of oatmeal without cream or sugar equals approximately two slices of bread in food value. Potato salad can be used to take the place of a sandwich, or try using fluffy mashed potatoes as tops for meat pies.

Oatmeal could be used to replace part of the wheat flour in making bread, biscuits, muffins, and cookies, or as a binder in meat loaf.

Try making the odds and ends of dry bread into crumbs for coating food for frying and topping baked dishes, stuffing vegetables and meats or making toast of dry bread.

VISIT IN EL PASO

Misses Lark Waskom and Edna Minick returned Monday from El Paso where they had gone Thursday to visit Ben A. Waskom, brother of Miss Waskom, who is a patient in William Beaumont Hospital.

Spring Clean-Up On Farms Is Urged

To encourage farmers to take steps which will help prevent fires, accidents, and disease, the U. S. Department of Agriculture and State Agricultural Extension Services are cooperating with the National Fire Protection Association in sponsoring the annual Spring Clean-Up campaign.

The first breath of spring sweeping gently across the farmstead heralds the new season. It's time to clean, grease, and replace worn parts of machines, to look over buildings, to make necessary repairs, and to clean up and clean out winter's accumulation of debris from all buildings. Otherwise, spring may not be an unmixed blessing, for spring brings with it an epidemic of fires which scourge many farms every year.

The cause of farm fires, 85 to 90 per cent of which are preventable, according to the NFPA, can be avoided almost equally between faulty construction and carelessness. Approximately \$90,000,000 and 3,500 lives is a high price to pay for negligence and carelessness; yet, that is the loss fire caused farms in 1945, the NFPA reports.

Asked what farmers can do to protect themselves while assuring efficient production, the NFPA urged a 6-point program, advising farmers to look first to their buildings where most fires originate. Inspect every building on the farm and make sure:

1. Trash, rubbish, waste paper old clothing, feed bags, bedding, and the like, are removed and turned in for salvage. Fires originate in debris, which likewise serves as tinder for any spark or carelessly tossed match.

2. Dust, cobwebs, shavings and other inflammable materials, are cleaned away from fuse boxes, motors, and other electrical devices to avoid flash fires. Replace worn extension cords, and repair defective equipment.

3. The heating plant and the chimney are clean. Replace worn parts. Repair cracks in masonry joints in the chimney, and install a spark arrester if the roof is not protected with fire-resistant roofing.

4. Lightning rod connections are tight, not loosened by winter's wind, snow and ice.

Naomi Bible Class Names New Officers

The following officers were elected to serve during the next six months at a meeting last week of the Naomi Bible Class of the First Baptist Church:

Teacher—Mrs. H. R. Whitley. Assistant Teacher—Mrs. John E. Fouts.

President—Mrs. John E. Robinson. First vice president—Mrs. Trav. Everett.

Second vice president — Mrs. Tom Holland. Third vice president—Mrs. A. T. Ballard.

Fourth vice president—Mrs. Jno E. Fouts.

5. All buildings are in good repair, that roofs are weather-tight.

6. Gasoline and kerosene are stored in metal containers or underground at a safe distance from main buildings. Never use or store inflammable cleaning fluids. In new building or modernization, F. W. Martin, county agent, advises careful planning and fire-safe construction, and recommends a heating plant of adequate size properly protected; a chimney of good materials correctly built which rests on the ground; additional wiring with a sufficient number of outlets; exclusive use of fire-resistant roofing; and installation of lightning rods on at least main buildings. Half of all farm fires stem from these causes.

The final appeal to farmers by the NFPA and the Extension Services is to extend the clean-up campaign to the fields. Last year's dead vegetation needs to be cut down, leaves raked away from the buildings and fence rows, and all trash cleaned up to prevent field fires which threaten farm buildings.

The world is moving forward. The days that smokers light before asking for a cigarette.

RITA HASKELL, TEXAS Sat. Only, Apr. 20—KIRBY GRANT FUZZY KNIGHT 'Trail of Vengeance' Sun.-Mon., Apr. 21-22—CARY GRANT CONSTANCE BENNETT 'Topper' Tues.-Wed., Apr. 23-24—'3 MESQUITERS' In 'Thunder River Feud' Thurs.-Fri., Apr. 25-26—BARGAIN DAYS—10c ALAN LADD LORETTA YOUNG 'And Now Tomorrow'

Students of A. Will Present

The music department of the Christian College is presenting a light opera, "The Music of the Night", on Saturday, April 18 and 19, under the direction of Leonard Burdette. The music department includes ten principal parts and a chorus of 57 voices.
