NUMBER FORTY-THREE

## Financial Report For Fair Given By Courtney Hunt

At a called meeting of directors of the Central West Texas Fair Association Tuesday, President Courtney Hunt and Secretary Ralph Duncan gave a report of the financial condition of the association after all but practically \$80 in bills against the fair operators had been paid. Directors gave a vote of thanks to Hunt, who steered fair activities to a successful conclusion despite severe drought and shortages. They were unanimous in declaring that the president had given a good fair at a very moderate outlay of expense.

Hunt cited possibilities of making the annual event much larger each year than it was week before last, and initial plans were made to that end. He also was high in his praise of exhibitors and committees and of the high type entertainment the carnival offered on the midway.

Following the financial report, the directors authorized Hunt to appoint a nominating committee to recommend officers of the association for next year. Report of the committee will be made at the Chamber of Commerce office Tuesday afternoon at 3:00. W. O. Holden is chairman and will work with John E. Fouts, John E. Robinson, C. E. Phelps and Shady Lane.

## R. C. Whitmire, 87, Dies October 21

R. C. Whitmire, retired landowner and prominent resident of Haskell County for forty years, died Monday night in a Wichita Falls hospital. Mr. Whitmire, 87, had been in failing health for several years.

A native of North Carolina, born at Asheville Feb. 6, 1859, he was the son of Mr. and Mrs. P. Whitmire. He married Miss Minnie Osborn of Roswell Junction, Ga., Dec. 24, 1884. The couple later made their home in Belton, Texas, before moving their family to Haskell in 1907. Deceased had been a member of the Methodist Church since young manhood.

Immediate survivors include his widow, Mrs. Minnie Whitmire, Haskell; three daughters, Mrs. Chas. Brown, Abilene; Mrs. W. B. Smith and Miss Bessie Whitmire, Fort Worth; a son, Erwin Whitmire, Fort Worth; two brothers, W. P. Whitmire, Temple; J. L. Whitmire, Ganado, Texas; and a sister, Mrs. Annie Meek of Belton. Six grandchildren and one great grandchild survive.

Funeral service for Mr. Whitmire was held at the First Methodist Church Wednesday at 3:30 p. m., with the pastor, Rev. Jordan Grooms conducting. Burial was in Willow Cemetery with Holden funeral home in charge. Pallbearers were: R. J. Reynolds, John A. Couch, Clyde Bland, Ed F. Fouts, A. H. Wair, R. C. Brown, J. R. Brown, W. B. Smith.

## Rural Letter Carriers Plan Meeting at Avoca October 26

A meeting of the Jones-Haskell-Fisher-Stonewall-Shackelford-Kent County Local of the Texas Rural Letter Carriers Association will be held at 5:00 p. m. on Saturday October 26, at the home of Mr. and Mrs. Glenn Reynolds at Avoca. Reports will be given by delegates who attended the state and national conventions, and other matters pertaining to continued progress of the association will be discussed.

With other organizations interested in road improvement, the Texas Rural Letter Carriers Association is actively engaged at the present time in the campaign for adoption of the proposed amendment to the Texas Constitution which provides for "freezing" or making permanent the distribution of the state gasoline tax in the same manner in which it is now being divided—one-fourth going to the public school fund, the remainder to be used for highway construction, maintenance and policing. If passed in the general election on November 5, this amendment will prohibit further diversion of gasoline taxes from the use for which they were intended.

## I.O.O.F.-Rebekah Meeting Here on 45th Anniversary

The West Texas I. O. O. F. and Rebekah Association of District 1 met at Haskell October 16 for an all day meeting. The organizational meeting for this Lodge was held on the same date forty-five years ago in Abilene, Texas. Master of ceremonies for the day's program was Mrs. Irma Watson, who introduced O. E. Patterson, who gave the welcoming address. G. D. Brashers of Sweetwater responded.

Jean Conner, accompanied by Mrs. O. E. Patterson, sang two songs, followed by the presentation of the flag by the Abilene Lodge. After lunch, a quartet composed of Hubert Bledsoe, Hayden McDonald, Velma Frierson and W. T. Priddy sang two selections and were accompanied by Mrs. Irma Watson, Carolyn Turner, the next singer, was accompanied by Anita Jo Pitman.

Following a business meeting, the Haskell I.O.O.F.'s hosted a dinner at the High School activity building. At the evening session, a joint memorial service was given by Rebekahs of Tuscola. Afterwards the Odd Fellows held degree work in the hall, with the Tuscola Rebekahs in charge of degrees at the Activity Building. Refreshments were served to the group and the meeting adjourned at 10:30 p. m.

Newly elected officers of the Association are: President, G. D. Brashers, of Sweetwater; first vice-president, Mrs. Sadie Patterson, Abilene; second vice-president, Andrew Drake, Tuscola; secretary, Mrs. Eva Speer, Haskell; treasurer, Lem C. Williams, Tuscola; chaplain, W. T. Priddy, Haskell; musician, Mrs. Irma Watson, Haskell; historian, Bob Smith, Tuscola; marshal, W. T. Hines, Rule. The officers were installed by W. R. Bell, past president, of Tuscola.

Meetings of the association are held bi-annually, with the next meeting scheduled for April, in Abilene. Approximately 100 members of the Odd Fellows and Rebekahs attended this meeting.

## Grand Jury Returns Three Indictments

Recalled into session Monday, 19th District Court Grand Jury reported three indictments, one for assault to murder, and two for burglary, at close of Monday's investigations. Named in the assault to murder indictment was Hollis Howard, young farmer, who was charged in connection with the shooting of A. B. McDonald several weeks ago.

Two burglary indictments named Clyde Hendrix, negro, as principal, in connection with recent burglary of the W. V. depot, and of a private residence.

## Hallowe'en Carnival Set at South Ward

A Hallowe'en carnival will be given Tuesday night, October 29 at the South Ward school. Starting time has been set for 7 p. m. "Come one, come all, join in the fun, go through the crazy house, win a prize at the knock'em both and others."

Cpl. Othella J. Cox of Haskell was repatriated from service October 15 at Kelly Field, Texas. His army service included Southwest Pacific duty, and he has been in the service since February 20, 1945.

He is the son of Mr. and Mrs. W. S. Cox of Route 2.

## Atkeison Food Store Will Open Friday

Haskell's newest business establishment, Atkeison Food Store, will hold its Grand Opening tomorrow (Friday) with a complete stock of merchandise in all departments. Henry Atkeison, owner and a leading Haskell grocer since 1926, announced this week.

Advertisement of the store's opening and invitation to visit the new concern appears in this issue of The Free Press. The establishment occupies a modern new brick building, 50x120 feet, located across the street east of First Methodist Church, and is one-half block from the northwest corner of the square. Facing south the building was designed expressly for the new store. Mr. Atkeison said. For the convenience of patrons, parking space of 70x140 feet on the west and 20x140 feet on the east was included in plans for the new store.

Interior of the store embodies all modern features, and fluorescent lighting is used throughout. Included in the store's fixtures are the latest, type self-service units for fresh fruits and vegetables, including open-style deep-freeze unit, from which fresh vegetables are kept crisply fresh at a zero temperature. Similar units were installed in the store's meat department, which also features a self-service dairy case and frozen food units, assuring uniform quality and freshness of dairy and packaged meat products, fish and other foods.

With Atkeison as owner and manager, personnel of the store includes Loid "Fuzzy" Renfro and Arlie Karr, his assistant in the meat department; Cecil Bradley, Jack Thornton; and "Smiley" Sellers, genial colored "utility man."

## FFA Sweetheart Race Is Extended

Future Farmers of America of Haskell High School have voted to extend the Sweetheart race until noon, November 1. Class candidates are running a close race but according to rumor Lois Helwig is leading the other candidates by a nose. Candidates are: senior, Nelle King; junior, Lois Helwig; sophomore, Chan King; freshman, Dorothy Fouts. Votes still are one cent each, so put in your dollars and help your favorite candidate down the home stretch to the finish line.—Reporter.

## Roy Deaver New Church of Christ Minister in Haskell

The Haskell Church of Christ, which has been without a local minister since A. F. Waller resigned to take up work with the Church of Christ at Denison, has secured the services of Roy Deaver, who for some time has been working with the church at Spur. Bro. Deaver is a young man but an excellent speaker and is very able and efficient in handling the word of God, local leaders of the church declare. "Being diligent in his study he is more learned in the scripture than many preachers who have been preaching for many years," they continue.

"The public is cordially invited to come hear this man preach, and if you will come once you will want to come again. It is not definitely known at this time just how soon he will be able to take up the work here, but it is expected that he will be here not later than Sunday, November 3."

## Lone Star Gas Men Attend City Council Meeting Saturday

Lone Star Gas Company representatives appeared before the Haskell City Council Saturday to discuss certain matters pertaining to the application of M. E. Trapp and associates for a competitive franchise to supply and distribute natural gas to domestic and commercial consumers throughout Haskell County.

Trapp, former Oklahoma governor and widely-known oil operator, proposes to construct and operate a natural gas distribution system within the city of Haskell. He has holdings in the Lawson oil pool east of Haskell.

Representing Lone Star Gas Company at the council session were M. L. Bird of Abilene, division superintendent, and W. M. Braymer of Stamford, district manager. They came before the local council upon invitation of Mayor Jno. A. Couch.

Troy Wadzeck, student in McMurry College, Abilene, and son of Mr. and Mrs. W. Z. Wadzeck of Rochester, has recently been elected into the national association of Who's Who in American Universities and Colleges.

Mr. Wadzeck was selected on the basis of character, leadership, scholarship, and potentialities to produce future usefulness to business and society. He is president of the IHR, men's social fraternity, president of the Chanters, college choral group, and was elected best all around athlete last year.

## Indians Crippled for Haskell-Rochester Game Tomorrow

When Coach J. E. Berryhill and Haskell High School's Indians invade Rochester for a game tomorrow (Friday), the locals will not have the services of two team members who were due to see action. Dan McMillen received a broken left arm in scrimmage Wednesday afternoon, and Bobby Neil Smith suffered a "green" fracture of the left leg Tuesday. Remaining members of the squad are in top shape.

The game is rated about a toss-up, with the Indians still looking for their first victory of the season. Rochester is rated a good Class B team and is expected to hold its own against the Class A Haskell aggregation.

Several carloads of Haskell supporters will make the trip.

## Site Sale Scheduled At Amarillo Monday

World War II veterans holding War Assets Administration certificates for the purchase of surplus government property will have an opportunity to share in many splendid values for five days starting Monday, Oct. 28. WAA will open a huge "site sale" on that date at the Pantex Ordnance Plant near Amarillo and veterans will have exclusive purchasing rights through November 1.

Clothing, general hardware, industrial, tractor and passenger tires, insulating materials, fire fighting equipment, binding materials, industrial rubber belting, tractor parts and hand tools are listed among the types of surplus property available.

## City Council Studies Application For Gas Franchise

Final action on application of M. E. Trapp of Oklahoma City for natural gas distribution franchise in Haskell will likely be taken at the next meeting of the City Council, it was indicated at the meeting of the body Tuesday of this week. Application for the franchise was presented the Council Oct. 8, and at conclusion of Tuesday's meeting the application, in the form of an Ordinance, Under usual procedure, proposed ordinances are read at three meetings of the Council before final action.

Considerable discussion of the franchise sought was evoked at Tuesday's meeting on interpretations of several clauses in the application, and Calvin Henson, in behalf of Mr. Trapp, presented amendments to the original application, principally affecting rates and quality of natural gas to be supplied consumers in the event the system is built. Amended section, Mr. Henson explained, set out that proposed rates would be based on and corrected to equal or better than 1,040 BTU units per cubic foot of gas. The local attorney also invited investigation of natural gas rates in the cities of Amarillo, Kilgore and Longview specifically, where competing gas systems are operating.

For the final reading and action on the application, Mayor Couch indicated that an endeavor would be made to have every member of the Council present. Aldermen present at Tuesday's meeting were George Neely, Bill Richey and J. M. Crawford, together with Mayor Couch and City Secretary J. Belton Duncan.

### North Ward Parent-Teacher Association Hears Mrs. Palmer in Year's First Meeting

Members of the North Ward P-T. A. gathered together in the high school gymnasium Thursday Oct. 17 at 3 o'clock for the first regular meeting of the year.

To open the meeting Mrs. R. W. Herren read a prayer written by Dr. Garry C. Meyers and published in the National Parent-Teacher Magazine. Mrs. Roy Sanders, president, welcomed all old and new members. She called attention to the theme around which all meetings will be planned, "Building Firm Foundations," and introduced Mrs. Iva Palmer, who discussed "Laying the Cornerstone."

We as parents and teachers are building future citizens and it is our duty as well as our privilege to see that the cornerstone is laid properly to assure a firm foundation. Parents should interest other parents in P-T. A. We should know our children's teacher. We should try to understand the teachers, and praise them rather than criticize them. A slogan for the teachers might be "Plan your work, then work your plan." This would make better teachers and firmer foundations. In closing Mrs. Palmer read the following quotation: "Isn't it strange that princes and kings; And clowns that tumble in sawdust rings; And common folk like you and me; Are builders for eternity?"

### Heien Bagby Circle Meets on Monday

### Don't Expect the Impossible

Almost daily, the OPA is issuing orders permitting price increases, and the decontrol board is gradually freeing various commodities from control. Just where does your merchant enter into this chaotic price picture?

In the first place, don't blame the storekeeper for higher prices. He must pay the going level of wholesale prices, add the cost of doing business plus a little profit, and sell to you for the total. Neither chains nor independents have any control over prices at the source.

What the merchant can do is to minimize increases at his level. He can do that by reducing waste, by increasing efficiency, and by holding the margin between what he pays and what he charges, at the lowest possible point. And that is precisely what progressive merchants are and have been doing. A very, very small part of the dollar you spend stays with them—the bulk of it goes for buying goods and paying the overhead.

Today's prices are simply the reflection of today's conditions. The typical store is serving you to the best of its ability and at minimum cost. But it can't hold prices down when everything costs more. It can't stock an abundance of goods when production is lagging. It can't, in short, do the impossible.

### Public Health

One basic trouble with such sweeping measures as the proposed Wagner-Murray-Dingell public health bill is that they attempt to do too much too fast. This bill, for instance, would give the Federal government all-inclusive power over medical practice, including doctors, hospitals and clinics, at a huge and untold cost, on the theory that the public health would be greatly improved.

The truth is that public health is not a matter of medical care alone. For the most part, the doctor steps into the picture when the patient becomes ill. His job is to cure. The ideal of better public health requires that the conditions which create illness be prevented. And this involves such huge problems as diet, housing, recreation, working conditions and so on down a long list.

A study recently made by the Insurance Economics Society of America reveals the enormous fluctuations between the forty eight states in population, medical facilities and other matters related to health. The health problems of one locality, or one age group, or one income group, differ greatly from those of another. As the survey observes, "No matter which . . . conditions we undertake to improve, we would waste part of our effort if we blanketed the country with a packaged program."

We have taken long strides in bettering the public health. Great progress is now in the making, and the effects of such programs as the various Blue Cross plans, prepaid medical care and individual and group health insurance are entirely beneficial. Voluntary activities such as these, instead of measures which would virtually socialize medicine, point to the proper road.

### Let's Vote for This Amendment

Texas Legionnaires should all go to the polls Thursday, November 7 and by their votes assure the passage of a proposed constitutional amendment which will create a Veterans' Land Board which is designed to give 10,000 Texas veterans farms and ranches.

This amendment has twice received the backing of the American Legion, at the Fort Worth War Conference in 1945 and at the recent state convention in Galveston. Since our organization is the leading one dedicated to veterans' activities, it behooves us all to make a special effort to get out and vote for its passage.

And it will require a special effort. It will be voted upon two days following the general election the first Tuesday in November. A clerical slip-up made it necessary to hold a separate election two days later than the general election.

Land Commissioner Bascom Giles, who is sponsoring the bill, has asked The Texas Legion News to bring before Texas Legionnaires the urgency of getting out the vote on November 7.

Highlights of the amendment are that it was passed unanimously by the house and senate of the last legislature; that the board will be composed of the governor, attorney general and general land commissioner; that such board is given authority in concurrence with the legislature to issue bonds up to \$25,000,000 for the purchase of additional land from the federal government, individual and other state agencies located in every sector of the state; that bonds bearing three per cent interest will be sold to other state departments carry heavy surplus funds now un-invested, thus ELIMINATING THE NECESSITY OF ANY ADDITIONAL TAXES.

It should be pointed out that under the amendment veterans would NOT be required to "homestead" or live upon their land. They also would not be prohibited from selling their equity.

It is planned that farms ranging from 50 acres to ranches up to 2500 acres be purchased by the veterans, thus providing a wide variety of crop and livestock production in various parts of Texas. Each veteran would be limited to a maximum purchase of \$5,000. His bid and check would be accompanied with a photostatic copy of his discharge. The entire purchase routine is planned to

Work is to be started immediately on foundation for the new City Hall building, for which contract was awarded last week to W. M. Harrison & Son of this city.

Humble Oil Company is reported to have leased the Rayner lands west of Sagerton and plan to put down a test for oil. Independent operators have also taken leases on several tracts in the Sagerton section.

Farmers in the Midway community west of Haskell are having trouble harvesting their cotton crop due to the scarcity of pickers.

Miss Frances Grissom visited her sister Anita Grissom at Texas Christian University last week and also attended the State Fair in Dallas.

G. B. Roberts, operator of the Tonkawa Hotel, made a business trip to Dallas the first of the week. Joe A. Jones of Rule and T. A. Pinkerton of this city made a business trip to Breckenridge this week.

A heavy rain fell in the Rose community Wednesday and Wednesday night. Some cotton was damaged and gathering of the crop delayed for several days.

An unprecedented rise in the Double Mountain fork of the Brazos River Friday night washed out the Stamford Northwestern Railroad bridge two miles west of Sagerton.

### 40 Years Ago—Oct. 27, 1906

M. A. Clifton of the Cliff community was in town several days this week looking after the construction of his new residence here.

Booth English has purchased C. Jones' interest in the City Meat Market.

H. S. Post has retired from the firm of J. S. Keister & Co., having sold his interest to J. S. Keister and E. V. Griffin.

We are reliably informed that the Wichita Valley Railroad Co. is considering the feasibility of putting on a through train to run over the Fort Worth and Denver

and Wichita Valley Railway from Fort Worth via Wichita Falls and this place to Abilene.

W. S. Fouts gave us the following figures on some cotton picking done on his place one day last week by four young men: Jim Fouts picked 556 pounds, Ross Adams 576 pounds, Edgar Fouts 500 pounds and Charley Jackson 400 pounds.

J. R. Miller, who was bitten by a rattlesnake about four weeks ago was in town Thursday. Mr. Miller said he was picking cotton and put his knee on the snake and was bitten before he saw the reptile.

He immediately ran about three hundred yards to his home, and his son slashed the bite and sucked the poison from the wound. This prompt action probably saved Mr. Miller's life.

Judge H. R. Jones opened court at Aspermont Monday morning and disposed of the docket by Wednesday night.

Mrs. Theo Wright returned Wednesday from Dallas where she visited friends and attended the Fair.

Mr. and Mrs. S. B. Pierson and Mr. and Mrs. D. R. Couch of Aspermont were over this week visiting Mr. and Mrs. M. S. Pierson.

Messrs. D. H. Bell and W. H. Murchison of Bastrop have purchased J. W. Meador's residence and will move to Haskell at once. Mr. Bell will engage in the real estate business and Mr. Murchison will practice law.

### 50 Years Ago—Oct. 31, 1896

Capt. W. W. Fields returned Tuesday to be at home to vote and take part in the election.

Our old townsman, H. C. Dillahunty, came down from the Indian Territory this week to move out the remainder of his cattle.

On Thursday night the 29th inst., at 8:30 p. m., at the Baptist Church in this place with Rev. R. E. Sherrill of the Presbyterian Church officiating, Mr. S. W. Scott and Miss Fannie Tandy, the daughter of Mr. and Mrs. A. H. Tandy, were united in marriage.

T. G. Carney spent most of this week in the city markets buying new merchandise for his store here.

Mrs. Peden of Sherman, sister of W. W. and R. B. Fields of this place, arrived Tuesday with her daughter Ada and will spend the winter here.

Miss Bettie Meadows, who has been visiting her aunt and uncle, Mr. and Mrs. McCollum, left this week for her home in Tennessee.

A. Z. Sewall was on top of a ladder putting up the stove pipe in the Baptist Church the other evening when the ladder careened and would have given him a fourteen foot fall across the chair backs had he not grabbed a lamp pendant and held on until N. C. Smith heard his calls and went to his rescue.

More rain and a cool northwesterly wind for the week—with no frost as yet.

Mrs. A. R. Meadors has moved to the Wright House where she will continue in the hotel business.

## Enough Food is no Accident

It is no accident that the largest crops in our history are being harvested this year when we, and the rest of the world, need them most.

In spite of war, loss of labor and little new equipment, the American farmer has again taken care of us and provided a life-saving surplus for abroad.

How do our farmers do it? How is it that only sixteen per cent of our people can feed all of us and go on breaking records in the face of circumstances which slow up industry?

There are three reasons: First, farmers work harder and longer than most other Americans. Second, they know how to make the best use of tools. And, third, they have a long-standing partnership with industry seeking to satisfy their urge to get more out of the land for the same labor. Farmers are still practicing the kind of enterprise that built America.

National thanks are due the farmer for the job he has done in the last five years. Universal respect is due him for his foresight in helping industry equip farms to meet a whole series of emergencies.

BUT . . . we should not crowd our luck, or the farmer's luck either. Too many farm tools are now worn out. Without new ones production may go down: Farmers need over eight hundred million dollars' worth of new implements and equipment: It is up to industry and labor to keep wheels turning to produce them, but any recurrence of strikes would prevent this:

America should see that the hard-working farmer gets what he needs:

be dressed down to the simplest possible form with a minimum of usual red tape.

Only Texas veterans will be allowed to enter bids. The land would be sold either for all cash or for as low as one tenth down payment with notes to run for 40 years bearing four per cent interest per annum. Finally the veteran purchaser retains a seven eighth mineral fee on sulphur and fifteen sixteenth on oil and gas.

In this amendment, Texas is proposing to do something tangible for its own veterans. Many are anxious to enter the ranching and farming business on a modest scale. Commissioner Giles has received more than 5,000 inquiries from men and women veterans.

We urge every post commander to bring this matter to the attention of his members and do everything in his power to get out a vote Thursday November 7 to assure passage of this amendment.—Texas Legion News.

Questions and Answers

Q. Does the veteran's right to obtain government guaranty or insurance on loans continue indefinitely?

A. No, but guaranty or insurance may be had when obtaining a loan if within 10 years from the officially declared termination of World War II, so the right will continue for a long time.

Q. What will happen if loan payments are not made?

A. That depends upon the terms of the loan, the attitude of the lender and the laws of the State where the veteran and security are located. If payments are not made when due the loan is in default and the lender may take such action as is provided in the loan agreement and is permitted by the State Law and by the regulations for guaranty and insurance of loans.

Q. Are there any charges for guaranteeing or insuring loans?

A. No, and commission, brokerage or similar charges may not legally be made against the veteran for securing a guaranteed or insured loan. Of course, customary out-of-pocket fees usually borne by borrower, such as appraisal, title examination fees and other costs and expenses incident thereto may be charged against the veteran by the lender.

Q. Are there any circumstances under which the guaranty may exceed 50 per cent of the loan?

A. Yes. Where a Federal Agency has made, guaranteed or insured, or is to make, guarantee or insure a loan for any of the eligible purposes and the veteran needs a second loan to complete the purchase price, the second loan may be fully guaranteed if: (a) The amount involved is not in excess of the veteran's guaranty; (b) The loan is not in excess of 20% of the purchase or cost.

Q. May several veterans use the guaranty to acquire property jointly?

A. Yes, but the total amount

Armistice Day Plans At Rule Point to All-Day Activities

Largest celebration ever to be held in Haskell will be the Armistice celebration November 11, when more than 10,000 visitors are expected, according to Rule people. The celebration will be a home-coming for all World War I and II veterans from over the state and Oklahoma and New Mexico.

The old fiddlers' contest will open the celebration the morning of November 11, followed by the pet parade at 10:00 o'clock. Saddle horses will be judged at 10:30. The parade at 11:00 o'clock will be one of the biggest ever staged at Rule and will be followed by a barbecue lunch from 12:00 until 1:30.

Football game at 2:00 o'clock will be the highlight of the day. Rule and Rochester will meet for what most people believe will be the championship of District 3-B.

Immediately after the football game will be horse races. Closing the day's activity will be two big dances, one at the American Legion hall from 8:30 to 12:00 midnight and the other at the school gymnasium, from 9:00 p. m. to 1:00 a. m.

The number of veterans reported to be in on-the-job training or in schools at the end of August was 1,240,022, an increase of 8 per cent over the July 31 figure, Veterans Administration announced.

guaranteed may not exceed 50% of the loan or the total entitlement for guaranty of the veterans, whichever is lesser. No loan may be guaranteed or insured by a Federal Agency.

Claims Man Plans Visit Here to Assist With Applications

A representative of the Abilene Social Security Administration office will be in Haskell County on Wednesday, October 30, for the purpose of assisting with claims to be filed by survivors of World War II veterans who died after leaving the service. He will be in the Haskell Post Office at 9:00 A. M. and at the Rule Post Office at 1:00 P. M. In all cases where a World War II veteran has died after discharge the nearest relative should call to discuss possible payments under the 1946 amendments to the Social Security Act.

Under these amendments social security payments may be made even though the veteran died several years ago, and regardless of whether he had ever worked under social security. For these special payments to be made, however, the veteran must have died within three years after discharge, if the discharge was dishonorable the new law does not make the family eligible.

Families of veterans who have died under the above conditions should contact the Social Security Administration now even if they have previously checked on the social security record of the veteran. The law provides that retroactive payments to the date of death may be made if monthly payments are due; in order to receive these back payments, however, the family must file claim with the Social Security Administration not later than February 10, 1947. Where monthly benefits or a lump-sum payment have already been made because of the veteran's death it is possible that the new amendment may increase the amount of such payments.

Seeding of Pasture Grass Is Swenson Ranch Project

Favorable results are expected for pasture grass seeding which was applied on the Swenson Land and Cattle Company's Flat Top ranch just prior to the recent rains. Approximately 20 acres of the headquarters pasture which is situated just south of the Taylor headquarters in Stonewall County were over-seeded on a trial basis. The site was selected because of the sparse cover of desirable vegetation left on the ground. The mesquite trees were eradicated from the site with a tree dozer approximately two years before this time.

Several different grasses were furnished by the Supervisors of the California Creek Soil Conservation district for this trial. Among those planted were buffalo, blue grama, western wheat crested wheat, little bluestem, blue grass, and sand dropped. Much of the seed was applied by a grass seed drill which was pulled behind a soil pulverizer for some of the operation and behind a tandem disk for the remainder. J. C. Ebersole, revegetation specialist with the Soil Conservation Service at Abilene assisted the ranch employees and the local work unit personnel in this planting.

Additional plantings will be made as a trial by broadcasting some of the above species of seed and also using side-outs grama. These will be made on land immediately following the tree grubbing operations.

Veterans Administration received more applications for guaranteed or insured G. I. loans during August than during any previous month.

Application under this new law should call promptly at the time shown.

Mr. and Mrs. Fields Entertain Visitors

Tuesday evening, October 22, Mr. and Mrs. Pete Sanders of Seattle, Washington, were honor guests of Mr. and Mrs. J. U. Fields at a six o'clock four-course dinner party given in the banquet room of the Warren Inn. Sixteen guests enjoyed the happy occasion, several having been school mates of Mr. Sanders here.

After dinner talks were enjoyed. During Mr. Sanders' talk of by-gone days in Haskell he recalled he and his brother, Fred Sanders came to Haskell 58 years ago. Other guests recalled the number of years ago when they came to Haskell County. Joe Jones headed the list—64 years ago he came to Haskell County.

Mrs. Ada Rike came here 62 years ago; J. U. Fields, Miss May Fields, Mrs. R. C. Montgomery, 56 years; J. A. Couch, 50 years; Mrs. J. A. Couch, 47 years; O. E. Patterson, 42 years; R. C. Montgomery, 42 years; R. C. Couch and Mrs. Fred Sanders, 41 years; Mrs. O. E. Patterson, 40 years; Mrs. J. U. Fields, 39 years; Mrs. Joe Jones, 38 years; Mrs. R. C. Couch, 32 years.

After bidding the host and hostess goodbye, guests extended the honoree a cordial invitation to renew this pleasant occasion of reminiscing with old friends.

Repatriation Program Announced by War Department at Fifteen Points

The War Department has designated fifteen distribution points in the United States through which the remains of World War II dead will be sent to the city or town designated by the next of kin. The distribution points of particular interest to this section of the country are as follows: Fort Worth Quartermaster Depot: Distribution for the area of Oklahoma, Northern New Mexico, Northern Texas, Northern Arizona.

San Antonio General Depot: Distribution for Southern Texas, Southern New Mexico, Southern Arizona.

Memphis General Depot: Distribution for Arkansas, Louisiana, Mississippi.

The exact date when the first homecoming of remains will arrive at the ports of New York and San Francisco will be announced as soon as it can be determined. In the near future letters will be sent to the relatives concerned which will give them the opportunity to exercise one of four options for the final disposition of the remains. With this letter a brochure will be inclosed which will contain answers to many of the more frequently asked questions. There will also be inclosed a booklet showing photographs of National Cemeteries in the United States and permanent U. S. military cemeteries overseas.

The options afforded the legal next of kin for disposition of remains are: First: The remains may be interred or reinterred in a permanent American military cemetery overseas. The establishment of

permanent American Military Cemeteries in overseas theaters is contemplated, should the number of requests justify their establishment.

Second: The remains may be returned to the United States for final interment in a National Cemetery. Burial of remains in a National Cemetery is restricted to members of the armed forces only. When this option is desired, the remains will be transported to the Continental United States and interred in the National Cemetery selected by the next of kin.

Third: The remains may be returned to the United States, or any possession or territory thereof, for interment in a private cemetery. Shipment will be made to the city or town designated by the next of kin.

Fourth: The remains may be reinterred in the country in which now interred or be returned to a foreign country, the homeland of the deceased or the homeland of the next of kin, for interment by next of kin in a private cemetery. Shipment to a foreign country is dependent upon the ability of the United States Government to obtain entry therein. If entry can be obtained, shipment will be made to the city or town designated by the next of kin.

These letters will not be sent to all survivors simultaneously but will be mailed in accordance with the progress made in verifying records in each of the two hundred and eight temporary cemeteries. On the 20th of May, 1946, eight cemeteries had been fully checked—seven in Hawaii and one in Belgium.

The War Department estimates that twenty-five percent of the next of kin have moved from the addresses at which they were residing when notices of death were sent. It is essential that they notify immediately the appropriate military service of their present addresses. Offices to be notified are:

For the Army: Office of The Quartermaster General, Memorial Division, Washington 25, D. C.

For the Navy: Bureau of Medicine and Surgery (EDC), Navy Department, Washington 25, D. C.

For the Marine Corps: Commandant, U. S. Marine Corps, (Casualty Section), Navy Department, Washington 25, D. C.

For the Coast Guard: Commandant, U. S. Coast Guard (Casualty Section), Washington 25, D. C.

In carrying out this program the War Department desires to emphasize that no distinction or difference will be shown because of rank, race, creed, or color. The remains will travel under escort at all times. They will come to this country in ships similar to hospital ships. From the distribution points to the final resting places designated by next of kin, the remains will be under military escort. Flags will be displayed on the caskets at all times, and all handling will be with dignity and reverence.

Student Loan Fund Announced at A&M By 1932 Graduate

A loan fund totaling \$1000 to be made available to needy students enrolled in Agriculture at Texas Technological College has been established by Robert K. Allen, a 1932 agriculture graduate, Pres. W. M. Whyburn announces.

Individual loans from the fund may not exceed \$50 nor extend longer than one year, according to terms set forth by Allen. Interest is to accrue at the rate of 5 per cent, and if the loan is not repaid at maturity, the rate is to double.

The committee to administer loan funds will include Dean W. L. Stangel of Agriculture, Prof. K. M. Renner, head of the department of dairy manufactures, and a third person to be selected

SAN ANTONIO, TEXAS (Special)—General Jonathan M. Wainwright, Fourth Army Commander and Army advisor for the Texas USO Campaign, visits a USO Show ward performance on its tour of Brooks General Hospital at San Antonio, Texas.

In the picture above are Helene Benizan, USO performer of Lemhurst, Long Island, N. Y., General Wainwright, Vernon R. Rogers, Rt. 1, Sadler, Texas, and a friend.

General Wainwright, the hero of Bataan, congratulated members of the USO Camp Show "Breathing Along" on the "Perfectly wonderful job" USO is doing for the morale of the men in hospitals. He said "USO all over the world has rendered inestimable service to our armed forces. Hostilities have ceased but the USO must carry on."

Referring to the Texas drive to raise its \$800,000 quota of the \$19,000,000 necessary to carry on USO activities in 1947, General Wainwright said "May your campaign be a huge success."

USO activities scheduled to continue through 1947 include 135 USO Camp Shows playing Army, Navy, and VA hospitals and overseas bases, 400 clubs in the United States and in the Pacific areas where the Army and Navy have requested them and hundreds of USO Traveler's Aid Lounges in the United States.

from former agriculture students, Pres. Whyburn stated. Applications for loans are to be made to the dean of agriculture.

"This gift by a former student at Texas Technological College has a double significance," the president said. "Through its actual monetary value it will help many needy agriculture students meet financial problems that arise during their period of study on the campus. Through the continuing interest and support which it reflects on the part of a former student it assumes great help for the institution in its development program for the future," he pointed out. "We are grateful indeed to Mr. Allen for his thoughtful and generous gift," he concluded.

Dean Stangel also expressed gratification over the new loan fund, pointing out that it would mean much to worthy, needy students.

Allen, who received his degree in animal husbandry, is at present engaged in ranching at Leander. He was formerly dairy cattle herdsman at the Texas Tubercular Sanatorium, where he contributed much to herd improvement and in the production of clean milk.

Moguls Belt Indians 18-0 in Conference Tilt Here Friday

The gallant Haskell Indians lost another football game to the Munday Moguls last Friday night on the home field. The score was 18-0.

The first scoring came early in the first quarter when Spann of Munday picked a pass and carried the ball to Haskell's 10 yard line. In the next play he went over for Munday's first score. Munday tried to pass the ball over for the extra point but it fell incomplete.

Haskell looked like they were coming back for revenge, getting in two passes that were worth about 35 yards and working the ball deep into the Munday territory, but lost the ball on a fumble. Munday attempted to score

again when they pushed the ball to Haskell's 1-yard line. Finding that the Indians had balked here, they lost the ball after four unsuccessful downs. Tolley of Haskell kicked the ball out of danger, Munday receiving it on the 40-yard line and again working it down very near the Haskell goal line. The Indians again repelled them and kicked out of danger a second time. Later in the third quarter the Moguls took the ball up to within a yard of the Indian line and in the next play Swain took the ball over for Munday's second score.

Haynie intercepted a Haskell pass late in the final quarter and ran 45 yards for the third score for the Moguls.

Benefits of Road Resolution Given By Local Booster

Ralph Duncan, recently named Haskell County chairman of a good roads committee, this week points out factual highlights of House Joint Resolution 49, which will face voters in the general election November 5. In explaining the amendment Duncan says:

1. It makes these funds subject to "legislative appropriation, allocation and direction" so long as they are used for road purposes.
2. It makes provision for a continuation of legal refunds on non-highway gasoline.
3. It permits the use of these funds for purchase of rights-of-way and for construction, maintenance and policing all public roadways.
4. It provides for a continuation of the policy of payment from the County and Road District Highway Fund of county and road district bonds issued to finance state highways. This is provided for now by biennial reenactment of the Bond Assumption Law and it is recalled that on one occasion this law not re-enacted and it was necessary to call a special session of the Legislature to reinstate these bond payments. By placing this provision in the Constitution, it will not be necessary that this law be re-enacted each two years and county taxpayers will be assured that each year these bonds will be paid off without legislative action.
5. It continues to allocate to the schools the one-fourth of the gasoline tax which currently is going for that purpose.
6. It guarantees to each of the counties of the State its present share of the motor vehicle registration fees.

A MESSAGE OF INTEREST to all who await deliveries of new Chevrolets

We want you to know that everything possible is being done to speed deliveries to you; but production still lags far behind schedule—even though Chevrolet has built more cars and trucks than any other manufacturer from January through September 1946

WE REALIZE how eagerly you are awaiting delivery of the new Chevrolet have ordered from us, and we want to get you the latest information received from the Chevrolet Motor Division, even though that information isn't too encouraging at this time. It is true that Chevrolet leads all other manufacturers in total production of passenger cars and trucks from January through September 1946, despite the fact that Chevrolet was out of production entirely during the first three months of this year. It is also true that Chevrolet has continued to maintain its lead in total production during the third quarter of 1946. And yet production is still running far below desired levels, with the result that Chevrolet's output of cars and trucks through September 1946 was only 75 per cent of the number produced during the corresponding period of 1941. This means it may take many months for Chevrolet Motor Division to reach peak

production of new Chevrolets—even longer to fill the unprecedented demand for this product of BIG-CAR QUALITY AT LOWEST COST—and, for the present at least, "there just aren't enough Chevrolets to go around," much as we wish there were. However, we want you to know that new Chevrolets are leaving the plants in the largest numbers possible today. The Chevrolet Motor Division tells us it is doing everything it can, in the face of continued suppliers' strikes, material shortages and manpower problems, to step up shipments to us and to all dealers, in accordance with a predetermined distribution plan assuring each dealer of his fair allotment, based on 1941 passenger car sales. And we, in turn, are doing our best to deliver new Chevrolets to our customers as rapidly as they are received and in the fairest possible way. We are too appreciative of your loyalty and goodwill—too grateful for your patience and understanding—to do anything less than continue to serve you to the very best of our ability.

KEEP YOUR PRESENT CAR RUNNING Meanwhile, the most important car of all to you is the car you are driving now. May we suggest that you keep it in top running condition until you secure delivery of your new Chevrolet, by bringing it to us for skilled service now and at regular intervals. Remember—cold weather is hardest on old cars. Please see us for a complete check-up today. . . . And, again, thank you!

Proper Care Needed To Protect Eyesight of Children

Emphasizing the urgent need for parental supervision of all phases of child health, Dr. Geo. W. Cox, State Health Officer, said today, "Much of the impaired eyesight of advanced years could be prevented if sufficient interest in early life were applied and a correction by means of temporary glasses made when required." Parents, Dr. Cox asserted, should be watchful for danger signals in the child such as frowning, squinting, persistent headache, eyeache, and watery eyes. If the youngster reads too closely or too far away from the face, that situation also may be significant of trouble.

"No child likes wearing glasses, nevertheless, it is the obligation of those responsible for the future of young folks to have their eyes examined by a reputable specialist if there is a suspicion that normal vision does not exist. It is much better for a child to wear glasses for a few years during early school life than to have permanently defective vision in later life," he declared.

Dr. Cox said that neglect of the eyes is by no means limited to children. Many older persons, some through vanity, indifference, or carelessness, fail to give proper attention to the care of their eyes. Penalties, he warned are bound to occur for such inexcusable negligence.

"The eyes of any person, whether young, middle-aged, or older represent one of the most priceless of bodily possessions," the State Health Officer asserted. "To take care of them promptly and properly is a responsibility which never should be sidestepped."

Change of Address Delays Many G. I. Subsistence Checks

Veteran students who fail to notify the Veterans Administration of all changes of address will encounter serious delays in receiving their subsistence checks, VA warned today.

Changes of address must be reported to VA over the veterans' own signature or their subsistence checks will be undeliverable. Eldon F. Fuller, VA's Chief of vocational rehabilitation and education in the West Texas Regional Office at Lubbock said.

This regulation is a treasury ruling and is not subject to action by VA.

In a survey recently completed, most veterans complaining about not receiving their checks were in the group which had changed address without notifying VA, Fuller said.

Forms for giving all information required can be secured from VA offices or training officers on the campus. Telegrams or telephone calls are not sufficient since the notification must bear the veteran's signature.

In frequent cases where VA is not informed of moves, training officers must make difficult and often lengthy investigations to locate veterans before their subsistence checks can continue, Fuller said.

"VA is anxious to get these checks out promptly," he added. "With a little cooperation from veteran students in this matter, a big handicap to quick service will be removed."

RETURNS FROM VISIT IN SAN ANTONIO

Miss Martha Dunlap returned Monday from a two weeks visit in San Antonio.

STATEMENT OF OWNERSHIP

Statement of the Ownership, Management, Circulation, etc., required by the Acts of Congress of August 24, 1912, and March 3, 1933, of The Haskell Free Press, published weekly at Haskell, Texas, for October 1, 1946.

Before me, a Notary Public in and for the State and county aforesaid, personally appeared Fred Jones, who, having been duly sworn according to law, deposes and says that he is the publisher of the Haskell Free Press and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, (and if a daily paper, the circulation), etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, as amended by the Act of March 3, 1933, embodied in section 537, Postal Laws and Regulations, printed on the reverse of this form, to wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are: Publisher, Fred Jones, Haskell, Texas; Editor, Alonzo Pate, Haskell, Texas; Managing Editor, Fred Jones, Haskell, Texas; Business Manager, Fred Jones, Haskell, Texas.

2. That the owner is: (If owned by a corporation, its name and address must be stated and also immediately thereunder the names and addresses of stockholders owning or holding one per cent or more of total amount of stock. If not owned by a corporation, the names and addresses of the individual owners must be given. If owned by a firm, company, or other unincorporated concern, its name and address, as well as those of each individual member, must be given.) H. G. Lackey, Houston, Texas; Willard Jones, Snyder, Texas.

3. That the known bondholders, mortgages, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: Sam A. Roberts, Haskell, Texas.

4. That the two paragraphs above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiants full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

5. That the average number of copies of each issue of this publication sold or distributed through the mails or otherwise, to paid subscribers during the twelve months preceding the date shown above is 2340.

FRED JONES, Publisher and Business Manager. Sworn to and subscribed before me this 21 day of October, 1946. (Seal) Leonard Florence, (My commission expires June, 1947.)

Rototiller in Operation

The new Rototiller farm machine, produced by Graham-Paige Motors in the giant Willow Run plant, prepares soil for planting in a single operation, making unnecessary the three operations of plow, disk and harrow. The five-horsepower tillage unit, which churns and crumbles the soil to a depth of nine inches, has attachments which adapt it to a score of other farm tasks such as bulldozing, seeding, mowing, snowplowing and other operations.

COOKED A FINE DINNER; THEN THREW IT TO DOG

One lady recently stated that she used to throw her own dinner to the dog most of the time. It made her sick just to look at anything to eat. She was swollen with gas, full of bloot, had headaches felt worn out and was badly constipated. Finally she got INNER-AID and says she now eats everything in sight and digests it perfectly. Bowels are regular and normal. She is enjoying life once more and feels like "some other woman" since taking this new Compound.

INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all drug stores here in Haskell County. (c)

Presbyterian Hour Speaker for Sunday

Ansley C. Moore

Dr. Ansley C. Moore, pastor of Government Street Presbyterian Church of Mobile, Alabama, will be the speaker on the Presbyterian Hour next Sunday morning, October 27, at 7:30 A. M., over an independent network of southeastern radio stations.

A Georgian by birth, Dr. Moore is a graduate of Emory University, and took his theological training at Columbia Seminary. Graduating there in 1930, he became pastor of the McDonough and Timber Ridge Presbyterian churches in Georgia. He was called from there to the pastorate of the Presbyterian Church in Thomasville, Georgia, and later served as pastor for six years of the Peace Memorial Church in Clearwater, Florida. From there he went to his present church in 1942. Southwestern University in Memphis awarded Dr. Moore a Doctor of Divinity degree. Dr. Moore has contributed to Christian Century, Christian Century Pulpit, Religion in Life, and many other religious magazines and periodicals.

The subject of Dr. Moore's address next Sunday will be "The Family Turns to God."

This radio broadcast can be heard in Haskell over radio station WFAA, Dallas.

## \$650,000 From Texas Baptists

**EXECUTIVE BOARD OF THE BAPTIST GENERAL CONVENTION OF TEXAS**

J. HOWARD WILLIAMS, EXECUTIVE SECRETARY DALLAS, TEXAS SEPTEMBER 20, 1946

**EXECUTIVE COMMITTEE, SOUTHERN BAPTIST CONVENTION**

**\$650,000**

**TO THE FIRST NATIONAL BANK IN DALLAS**

DALLAS, TEXAS

**FOR WORLD EMERGENCY RELIEF**

Pictured above are Dr. J. Howard Williams, Executive Secretary of the Baptist General Convention of Texas, receiving and Mr. R. A. Springer, Baptist state treasurer, presenting a check for \$650,000.00 which represents the contributions of Texas Baptists to World Emergency Relief and rehabilitation since July 1st. Haskell Baptist Association gave \$1,407.17.

The Southern Baptist Convention, meeting in Florida during May of this year, launched a campaign to raise \$3,500,000.00 to be used in rehabilitating their mission work and in relieving the suffering in war torn and famine ravished countries in Europe and Asia. The 920,952 members of Texas Baptist churches were asked to accept a goal of \$458,200 toward this amount. To date \$650,000.00 or 120 per cent of the goal has been received and offerings continue to come in to the state office.

Dr. Williams, who served as director of the campaign in Texas, expects to report an even larger response to the annual meeting of the Convention at Mineral Wells, November 11-15. It is anticipated that 7,500 messengers from the 7,301 churches affiliated with the convention will attend this annual meeting.

A striking fact about this offering is that none of the gifts will be used to administer the distribution of assistance. This aid will be dispensed by the missionaries and other employees of the Baptist Foreign Mission Board who are already in residence in the needy areas. Wherever aid is extended to countries in which Baptists do not operate mission, such aid will be preferred through already existing relief agencies. Some aid has already been sent through the Friends Society.

Dr. Baker James Cauthen, a native Texan and Baptist Mission Secretary to the Orient, will supervise the distribution of aid for China and Japan through the over 200 Baptist missionaries in those areas.

## Where Is Whole Wheat Flour?

Why is there no whole wheat flour on Texas markets? That's a question that folks over the state are asking now. Edith Lawrence, specialist in food preparation for the Texas A. and M. College Extension Service, points out that the shortage is most probably due to manufacturers' backlog of orders for 80 per cent extraction flour. Since there is a much larger scale market for the regular flour than there is for whole wheat, manufacturers are naturally catering to the larger demand.

Probably another reason for the present shortage is that manufacturers produce smaller quantities of whole wheat flour during the summer months. It spoils rather quickly in hot weather and the demand drops at that time.

Now that wheat is becoming readily available, the backlog of regular flour orders should soon be reduced to the extent that millers will take care of the smaller demand for the whole wheat product, Miss Lawrence says.

There are no government regulations prohibiting the manufacture and distribution of whole wheat flour, and the product should soon be back on Texas grocery markets.

## Novel Method Used In Spillway Repair

W. W. Mayfield is using an erosion cheater method of developing a spillway for the pond on his farm which is located in the southwest Stamford soil conservation group. After receiving heavy damage to the existing spillway brought about by excessive runoff during the early fall rains, he put in an auxiliary spillway to allow for the repair on the original.

The main spillway was repaired and solid sodded to bermuda grass on the steeper portion, and the more gentle slope was seeded to small grain and bermuda grass. This spill was blocked to the passage of water and the auxiliary cut to provide a temporary outlet while the original one was becoming vegetated. After adequate vegetative protection is established, the course of water will again be allowed to flow through the main spill.

Three Liquor Counts Draw Fines in Local Courts During Week

Leslie Jenkins, colored, of Haskell pleaded guilty Monday in county court before Judge John F. Ivy to possession of liquor for the purpose of sale in a dry area and was assessed a fine of \$125 and costs, a total of \$147.20. The complaint was signed by Mart Clifton.

C. H. McGuire of Stamford pleaded guilty Friday before Ivy to possession of liquor for purpose of sale in a dry area and was fined \$100 and costs, a total of \$122.20. The complaint was signed by Doss Fuller, deputy sheriff.

A Rochester woman was fined \$1 and costs, a total of \$23.20, for opposing and resisting the arrest of another person.

O. C. Franklin, colored, of Sweetwater pleaded guilty Tuesday before Judge Ivy to sale of liquor in a dry area and was assessed a fine of \$100 and costs, a total of \$122.20. The complaint was filed by Mart Clifton.

Helen Howard, colored, of Haskell entered a plea of guilty Friday before Judge Ivy, to receiving and concealing stolen property, and was assessed ten days in jail. The complaint alleged the prior theft by her husband of a lady's wrist watch from a Haskell woman. The defendant was apprehended by Sheriff Clifton when she took the watch to a repair shop in Haskell to have some work done on the watch.

An Aspermont man pleaded guilty Tuesday before Joe E. Pace, justice of the peace, to driving a motor vehicle on a public highway with defective brakes and was fined \$1 and costs, a total of \$14. The complaint was filed by E. W. Green, highway patrolman of Stamford.

A Weinert man pleaded guilty Saturday before Justice Pace to drunkenness and was assessed a fine of \$1 and costs, totaling \$14.

All a squirrel has to worry about during the winter is his food supply. Fortunately for him, he doesn't have to worry about conditioning the "home" provided by nature, paying utility, car, drug, clothing and other costs every first.

Your worries can be limited too, if you get the "Bell's Red & White habit." We are as near as your phone regardless of weather, and we have a complete line of fresh and staple groceries and meats, as well as many other food items, at all times. Phone us or come to see us, and you can outwit the squirrel by not worrying over your food supply.
