Attend Conference Of Educators

County Superintendent Mrs. Iva Palmer, Mrs. Artie Mae Burnett, principal of Haskell Elementary Schools, and Mrs. Naomi Cooner, principal of Rochester Elementary Schools attended a three day conference of elementary school principals in Austin last week.

Central theme of the conference was improving the elementary school program. Able speakers in that field from the Universities of Chicago, Colorado and Texas were on the programs. Almost four hundred educators from all parts of Texas were in attendance at the regular sessions, and the sectional meeting rooms were filled to capacity, the Haskell County school officials said.

Plans were made for using the Handbook of Evaluative Criteria and the new course of study.

Problems were discussed, and especially that of inattentiveness. One administrator, who had made a study of that situation, said the main violators were those who thought nothing of taking a child out of school to carry him shopping or to make a visit, not considering what his absence in school would cost.

Study Club Observes Pan-American Day

"The churches of Christ salute you" (Rom. 16:16.)

Scriptural In: Origin Name Pleading for Unity Walking By Faith Creed Organization Terms of Admission Christian Worship

The Church of Christ is a divine institution built by Jesus Christ upon the foundation truth that He is the Christ, the Son of God. The Plan of Salvation was revealed through the New Testament and requires people to hear the gospel, believe, repent of every sin, confess Jesus Christ as Lord and be baptized for the remission of sins. Thus one becomes a Christian and must live faithful to the instructions of the New Testament.

We speak where the Bible speaks and remain silent where the Bible is silent; we call Bible things by Bible names, do Bible things in Bible ways; we have no creed but Christ; no book but the Bible; no name except that authorized.

Schedule of Services Sunday: 9:45-10 a. m. Bible classes. 11-12 a. m. Morning worship. 5:45-6:45 p. m. Bible class for young people. 7-8 p. m. Evening worship. Wednesday: 7:30-8:30 p. m. Mid-week Bible study.

**Sunshine HD Club History Reviewed**

The Sunshine H. D. Club was organized in 1935 under the name of Marcy Home Demonstration Club. Mrs. O. R. Cox was elected president and served for two years.

The club organized with seven charter members and has had as many as sixteen members at one time.

The most outstanding thing that we received the most pleasure and benefit from was our all day quilting twice a month. The club met the first and third Wednesdays and our quilting days were the second and fourth Wednesdays. Each member carried a covered dish and whoever had their quilt ready that was where we quilted.

The Fair was always an interesting subject, as were our Encampment in August each year.

The club was very progressive until the war came and gasoline became scarce, then we disbanded but reorganized again in 1945 changing the name to the Sunshine Club.

The club was organized under Miss Mildred Vaughn, who was county H. D. Agent at that time.

Through the years several different women have served as president. Among them were Mrs. Marble Martin, Mrs. Earl Blair, Mrs. Irdie Branton, Mrs. Pete Tanner and Mrs. Roy Cowan. We have always enjoyed club work and received much good from it.

Our cooperative buying just now is very beneficial to us.

We are inviting anyone who would like to join the club to be with us Friday May 2 at 2:30 in the home of Mrs. Bud Glover.—Reporter.

### Camp Fire Group Attends Ice Capades

The Ivelaris Horizon Club had a very enjoyable time at the Ice Capades in Fort Worth Sunday. We left about 8 o'clock Sunday morning in the cars of our leaders, Mrs. Frierson and Mrs. Lyles. We arrived in Fort Worth before noon and went window shopping until 2 o'clock when we ate lunch at Milams. Following our lunch we went to the Will Rogers Memorial Coliseum and got our seats.

The Ice Capades are really beautiful. We had never seen anything quite like it before, with its multi-colored spotlights. Following the Ice Capades we started for home. We stopped in Graham and had lunch with Nancy Kate Free, formerly of Haskell. Nancy came on back to Haskell with us.

We really had a wonderful trip, thanks to Mrs. Lyles and Mrs. Frierson, our swell leaders. When we got back we were tired but happy.—Reporter.

## GENIUS and GENIE

Thomas Alva Edison

YEARS AGO, before Thomas Edison invented a successful light bulb, our grandparents burned kerosene and candles that were expensive, troublesome, and gave very poor light,—but,—

**EDISON GAVE YOU SOMETHING NEW AND BETTER**

This genius, laboring over thousands of experiments, led the way to better light for better sight,—as well as to a better way of living, with electricity.

TODAY you have bright, cheerful and well lighted homes, stores and offices. There is no reason for them to be otherwise! Because you have LIGHT BY WIRE.

A much better lamp bulb than Edison's first incandescent light can be bought for a thin dime. I, Reddy Kilowatt, will light that bulb for hundreds of hours for a coolie's wages, and give you more and better light.

Edison's successful light bulb was really the start of the electric industry. Today we work and live electrically; we have more comforts and conveniences than any other country in the world,—all because one man had an idea and developed it.

**MY HAT IS OFF TO THOMAS EDISON**  
 because he made it possible for all of us to "Plug-in,—I'm Reddy"

## HHS Students Will Attend Senior Day At H-S U Apr. 26

Seniors from Haskell High School will be special guests of Hardin-Simmons university in Abilene Saturday, April 26, when the Baptist institution holds its annual high school Senior day celebrations, in honor of the many high school seniors in this section of the state. Students from Haskell attended the class day last year.

W. C. Ribble, committee chairman for the occasion, has arranged for a special chapel program which is designed to give the visiting students a cross-section of

Hardin-Simmons campus life.

Included in the program, which will be held in Behrens chapel at 10 a. m., will be special musical numbers by various organizations of the music department; a one act skit, to be presented by the University Players' club; feature acts by the Physical Education department; an "welcome address" by President Rupert N. Richardson, Dean W. T. Walton, and Bill Scott, president of the student body. Members of the Cowgirls, campus girl's organization, will usher at the chapel program. Warren Hultgren, senior from Minneapolis, Minn., will be master of ceremonies.

"An old fashioned, West Texas barbecue will be served at noon," Ribble said, "and all seniors, their class sponsors, and university students are invited."

From 1:00 p. m. to 3:00 p. m. all classroom and office buildings and dormitories will hold open house for all visitors. During that time science laboratories will conduct scientific demonstrations, and there will also be art exhibits.

To climax the day's activities, the 1946 undefeated, untied Border conference Championship football squad will play an intersquad game. It was the only undefeated school in the Southwest. In this game, students will have the opportunity to see in action, the grid stars who will lead the 1947 football season.

### How women and girls may get wanted relief from functional periodic pain

Cardui, many women say, has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come. Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes. Try it!
