HASKELL, HASKELL COUNTY TEXAS, THURSDAY JULY 3, 1947

NUMBER TWENTY-SIX

## Invest Money Boosts Bank Deposits to Record Total

Investment in farm prosperity has boosted Haskell County and counties from wheat to cotton. Deposits were forcibly increased when bankers reported to the comptroller that the payment of farm deposits was upsurge of dollars in bank deposits in this area, \$725,000 in local banks. Bankers ledgers in the all-time high in record.

The top bracket was \$200,000. The Haskell County Bank reports it has \$2,003,672.61 on deposit. The increase in deposits during the year was \$325,000. Merchants report that a total of \$100,000 is deposited with the bank during the year. They report a total of \$400,000 in deposits during the year.

From the grain is set off one of the boom and repair booms ever known. Pur-chasing land, homes, needed farm imple-mentations and ap-proximately for much of the county could get another later. Practically assured agricultural

## Food Bill In Cities Off Little, Still 100 Per Cent Over '39 Level

REV. A. T. SUSKEY

## Rites Held at Goree Wednesday For Retired Minister

Final rites for Rev. Frank Thomas Johnson, 74, retired minister, were held at the First Methodist Church in Goree Wednesday at 10 a. m. Officiating was Rev. E. L. Yeats of Seymour, assisted by Rev. Copeland of Goree and Rev. Shade Stephenson of Goree. Burial was in Willow Cemetery in this city, with Holden funeral home in charge of arrangements. Deceased was a native of Texas, born March 13, 1873 in Montague County, the son of Mr. and Mrs. E. T. Johnson. After coming to West Texas he married Miss Ada Smith in Jones County. During his active work in the ministry, he held pastorates at McCauley, Trent, Sylvester, Avoca and Rochester. He retired from the ministry in 1941. Surviving are his widow, Mrs. Ada Johnson of Goree; a brother, W. W. Johnson, Haskell; and two sisters, Mrs. J. S. Caldwell of Dallas and Miss Minnie Johnson of Weatherford.

## Planning of Fall Gardens Should Be Started Now

It isn't too early to start thinking about planting that fall garden, say horticulturists of the Texas A. and M. College Extension Service. Now, while supply and selection of garden materials are good the smart gardener will begin to plan and lay in supplies of seed, inoculating dust, seed testing materials, insecticides and fertilizers. Planning what to plant, when and how much is just another wise step in modern vegetable raising, the horticulturists say. Here are a few things to do in the future fall garden site that will start things off right. "Shave" the plot where the garden will go. Add well rotted barnyard fertilizer, applied by broadcast, and plow or spade it in near the top of the ground. Keep the site well pulverized, and watered if it needs moisture. Start now controlling weeds and grasses to get a headstart on the pests.

## Graveside Rites Held Saturday for Mrs. Bandholtz

Funeral service for Mrs. Mary Bandholtz, 57, former Haskell resident who died in Lawton, Okla., June 26 at 7 a. m., was held at the graveside in Willow Cemetery Saturday, June 28 at 4 p. m., conducted by Rev. J. H. McClendon, minister of the Assembly of God Church. Arrangements were under the direction of Holden's Funeral Home. Deceased was a native of Iowa, born April 13, 1890 in that state. She married George Israel in Oklahoma in 1908. She came to Haskell County in 1925 from Oklahoma, and married M. W. Bandholtz in 1932. Deceased had been a member of the Christian Church since young girlhood. Immediate survivors are two daughters, Mrs. Oleta Williams of Haskell; Mrs. Roy Speck of O'Donnell, Texas; and two sons, Jack Israel of Orange Cove, Calif., and Sam Israel of Lawton, Okla. Three brothers and ten grandchildren also survive. Pallbearers were John Yancey, George Yancey, Bill Boutwell, James Adkins, Bert Orr and Ree Gardner. Flower bearers were Mesdames O. U. Connally, Marion Viney, Francis Blake, George Yancey, John Yancey, Bill Boutwell.

## Soaring Meet At Wichita Falls Is Area Attraction

A two hour program of entertainment and ceremony will feature the opening in Wichita Falls on July 4 of the 14th annual National Soaring Contest. Beginning at 4 p. m., special events will include demonstrations of stunt flying, sailplane launching, formation flying, a parachute jump from a sailplane and various other attractions designed for public interest. The program of entertainment will follow brief ceremonies in which Mayor W. B. Hamilton will officially open the contest, and in which Lt. Gen. Hoyt S. Vandenberg, deputy commander of the Army Air Forces, will speak. The general will be introduced by Congressman Ed Gossett of Wichita Falls. Representatives of several foreign embassies in Washington will attend. Stunt flying in sailplanes will be demonstrated by Capt. Kim J. Scribner and Francis B. Compton, both of Miami, Fla. Capt. Scribner is the nation's most daring sailplane stunter, according to Robert F. Blaine, contest director. Scribner's specialty is an inside loop at an altitude of only fifty feet. He is the only pilot to attempt this stunt in a sailplane, which has no motor power. Scribner is master pilot for Pan-American Airways at Miami. Another demonstration will be the towing of three gliders to 4000 feet behind an airplane. Another sailplane will be put into the air with a tow provided by two coplanes. Except for week ends, which will feature similar demonstrations, the 100 or more pilots will compete during the 17-day meet for the foremost title in American soaring, the U. S. Championship. About 25 pilots from foreign countries also will participate.

## Haskell County Jersey Herds are Rated for Type

Several breeders of registered Jersey cattle in Haskell County have recently had their herds classified for type under the program of the American Jersey Cattle Club, whose headquarters are in Columbus, Ohio. Professor G. C. Gibson of Texas A. and M. College, an official inspector for the Cattle Club, made the classifications on these herds in connection with Dairy Day. In the Jersey Herd Classification program each animal inspected is compared for type with the breed's score card which allots 100 points as a perfect score. Ratings are given to each animal by the designations of Excellent, Very Good, Good Plus, Good, Fair or Poor, depending on the number of points each animal would rate on the score card. Thirty-two animals owned by 6 Jersey breeders were type rated in the Haskell County classification work. These 32 animals averaged 82.34 per cent, which is indeed a credit to the type of cattle being developed by these progressive Haskell County breeders. The animals classified were owned by the following Jersey breeders: Cliff Dunnam, Weinert; Richard T. Carney, O'Brien; John C. Haliburton, Sr.; Rochester; C. A. Dunnam, Weinert; P. J. Josselot, Weinert; C. A. Thomas & Sons, Weinert.

## Rochester Rotary Club Installs New Officers

New officers of the Rochester Rotary Club were installed Tuesday night in a session at the school luncheon. F. Mullino, farmer and stockman, was installed as president succeeding Bob Speck. Speck became vice president and Pete Huntsman was installed as secretary treasurer. Rotary directors are Speck, Truett Alvis, J. A. Hudspeth, D. R. Brown, T. R. Smith and E. E. Acree.

## Rule Negro Given 5 Year Sentence In Murder Trial

Katherine Hughes, Rule negro woman, was assessed a five year prison sentence, suspended, on her conviction for murder at the conclusion of a trial in 39th district court Monday. A plea of self defense was related by the defendant when she testified from the witness stand. Killing in which the Rule negro woman was charged in a Grand Jury indictment alleged that she inflicted fatal knife wounds on another negro woman, Bertha May Young, in July of last year. The affray took place in Rule. Jurors hearing the trial were: Boyce Foll, Robert C. Cobb, Truett Alvis, Rice Alvis, Abe Watson, William Penman, D. V. Oliphant, O. R. Cox, S. L. Parks, I. L. Sturdivant, Raymond Davis and V. A. Brown.

## Revival Meeting To Be Held at Plainview Church

A revival meeting will be held at the Plainview Baptist Church, five miles north of Stamford, Friday July 11 and will continue through Sunday July 20. Rev. W. T. Priddy, pastor of the East Side Baptist Church will be the evangelist for the meeting and will bring a series of interesting messages. Everyone is invited and welcome to every service. In connection with the meeting Rev. Priddy will conduct a singing school each morning from 10 to 11:15 and the people of the community who are interested are invited to attend the school. Preaching services will be held at 11:15 a. m. and at 8:30 p. m. during the course of the meeting.

## All Offices In Courthouse Will Close July 4-5

All offices in the courthouse will be closed two days this week—on July 4 and 5—it was announced Monday. The week-end holiday was decided to permit county officials and office clerks a brief summer vacation in connection with the 4th of July. No inconvenience to the public is expected to result, county officials said, because their offices are closed at noon each Saturday.

## Sagerton Woman, 71 1/2 Months, Dies

Mrs. Rudolph Romm, 71 1/2, died at her home near Sagerton Monday at 6 p. m. after an illness of 16 months. Funeral services were conducted from the St. Paul Lutheran church in Sagerton at 4 p. m. Tuesday with the Rev. F. L. Braden officiating. Burial was in Highland cemetery, Stamford, with Kinney Funeral Home in charge. Mrs. Romm was born Oct. 13, 1901, in Williamson County, and was married to Mr. Romm in Derton. The couple came to Haskell County 24 years ago. Later moved to Old Glory, and then to a farm near Sagerton. Survivors include her husband, one son, Martin Charles Romm, a student in Hardin Simmons university; her mother, Mrs. F. Teichelman, Holland, Texas; one brother, Charles, Tuxedo; six sisters, Mrs. T. Snyder and Mrs. Rosen Cranz, both of Holland; Mrs. Charles Mickan, Copperas Cove; Mrs. Alfred Rinn of Stamford, Mrs. Alma Rinn, Lawton, Okla., and Mrs. Albert Schmidt of Sagerton.

## Haskell Butane Co. Makes Improvements

Haskell Butane Company, which serves a large area in this section, has installed additional storage facilities which will enable the concern to service an increasing number of people in this area. The concern recently moved to new quarters just outside the south city limits where they have erected a modern office building and storeroom. Also installed this week was one of the largest butane storage tanks in this section, and the company plans other expansion to take care of the increasing demand of their patrons.

## Burns Cause Death of Young Haskell Farmer Tuesday

Jesse Alley, 26, who lived near Haskell, died about 6:45 p. m. Tuesday in the Haskell County hospital as a result of burns received in a tractor accident on the Bob Mitchell farm 13 miles northeast of here Monday evening. Funeral services were held at 4 p. m. Wednesday from the Haskell Methodist church. The Rev. Aubrey Short of Fort Worth and the Rev. J. E. Harrell, pastor of the local church, officiated. Burial was in Willow Cemetery under direction of Holden funeral home. The accident occurred as Alley, having finished a day's plowing with a tractor at the Mitchell farm was en route to the farm home when the tractor ran out of fuel. He began pouring gasoline into the tank from a spare can, some of it striking the still hot manifold of the tractor. The gasoline ignited, burning his clothes from his body. Mr. Alley was born in 1921 in Collinwood, Tenn., and came to Haskell in 1932. He served seven years and seven months in the air force, having spent much of that time in the Pacific theatre during World War II. Survivors include the widow, Mrs. Geraldine Alley; his mother, Mrs. Mammie Alley of Haskell; his father, Amos Alley of Dallas; three sisters, Mrs. Arthur Dotson of Weinert, Mrs. Garland Wood of Hobbs, N. M., and Mrs. Meble Raymes of San Antonio. Pallbearers were T. C. Griffin, Edward Neinst, J. E. Walling Jr., Howard Sloan, Arlis Raynes, L. V. Reeves, Bill Lyles and Bob Cousins.

## Stiff Fine Assessed On Plea of Drunk Driving

Driving an automobile on the highways in Haskell County while intoxicated is becoming an increasingly costly experiment, according to County Court records covering recent cases of this nature. On Monday of last week a Wichita Falls man charged with driving while drunk was fined \$100 and costs by County Judge O. E. Patterson. In a similar case filed Saturday Judge Patterson assessed a fine of \$150 and costs against Jesse E. Woodall of Odessa, after the defendant had entered a plea of guilty to driving while intoxicated. The Odessa man was taken in custody by Sheriff Mart Clifton Saturday morning a short distance north of Weinert, after other motorists had reported the apparent condition of the driver. Fine and costs amounted to a total of \$172.20 and in addition, Woodall's driving permit was automatically suspended for a six month period.

## Revival Meeting Begins Sunday at Local Church

Rev. A. T. Suskey will be the evangelist for a two weeks revival meeting which will begin July 6th at the Bible Baptist Church and continue through Sunday July 20th. Rev. Ray Turner, pastor of the church, will assist during the meeting. Services will be held at 8:30 o'clock each evening on week days and both morning and evening during the course of the meeting. Rev. Suskey, known as "The Converted Atheist," is recognized as an outstanding evangelist and he will bring a series of thought-provoking messages during his two weeks stay in Haskell. People of the entire community are invited to attend all services possible. The church is located two blocks north and one block east of the postoffice.

## District FHA Office In New Location

District office of the Farmers Home Administration, formerly located in the west wing of the courthouse, has been moved to the office of Robt. S. Pope, Haskell County FHA supervisor on the third floor in the east wing of the building. John D. Cunningham, district FHA manager, will continue to make Haskell his headquarters for the present, and expects additional territory to be added to the district. Mr. Pope will continue as county FHA supervisor, and Miss Larry Waskom as office

## ATTEND REUNION IN LAMPASAS

Mr. and Mrs. Jess Collier and Mr. and Mrs. Bob Herren and children of this city spent the week end in Lampasas, where they attended a reunion of the Hallmark family. Mr. and Mrs. Collier were joined by their daughter, Mrs. Paul Comolli, Mr. Comolli and children of Sweetwater at the reunion.

VISIT IN HASKELL: Rev. and Mrs. Don R. Davidson, Donita and Rondal of Munday spent Sunday evening in the home of Mr. and Mrs. O. W. Tooley and

## State Assumes Full Responsibility For Checking On-the-Job Training

Veterans administration regional office at Lubbock has announced that the State of Texas has assumed complete responsibility for inspection and approval of all facilities for on the job training of World War II veterans under Public Law 346 (GI Bill.) In addition, the State has taken over the supervision of 6,043 West Texas firms, establishments and shops presently conducting on the job training for veterans. VA advised that all future requests for inspection and approval of concerns to train veterans on the job under the GI Bill should be addressed to State Approving Agency for Veterans Education, Land Office Building, Austin. The Veterans administration regional office emphasized that it had not relinquished supervision of some 4,000 veterans engaged in job training but that sufficient funds have been allocated to the State in order that it may inspect and supervise the facilities which provide the training. This arrangement will enable the VA to intensify its efforts toward rehabilitating disabled or physically handicapped war veterans. Formerly, VA's own training facility officers made surveys and forwarded reports to Austin for approval or disapproval. VA further pointed out that it would continue the inspection and approval of all educational institutions, as well as all facilities where veterans are being rehabilitated under Public Law 16. At present, more than 2,000 disabled veterans are pursuing courses of vocational rehabilitation under supervision of the West Texas VA regional office.

## House Committee Approves Pay on Leave Bonds

A House armed services subcommittee at Washington Monday approved legislation to permit holders of GI terminal leave bonds to cash them immediately. The legislation is expected to receive approval of the full committee in time to permit house action early next week. Republican leaders have tagged the bill for passage. There are approximately 9,000,000 bonds outstanding, with a face value estimated at approximately \$1,300,000,000. The treasury has opposed the legislation on the ground it would add to inflationary pressures. The legislation is not mandatory. It merely allows holders of the bonds to cash them without waiting for the five year redemption period originally provided. The maturity date on the bonds is five years after the day of discharge of the person receiving them. They bear 2 1/2 per cent interest. Should the legislation become law, holders of the bonds could start cashing them at approximately 16,000 banks starting Sept. 2. The committee decided to allow that much time to set up the machinery for redemption.

## Revival At Curry Chapel to Begin July 9th

The summer revival of the Curry Chapel Baptist Church will begin Wednesday night July 9th and will continue through Sunday July 20th. Morning services will be at 10 o'clock. Evening services will begin at 8:15 o'clock. Rev. J. G. Robbins, pastor, will conduct the services. There will be a special group for young people in the morning services. The public is cordially invited to attend.

### Rail-Auto Plan Is New Innovation Of Railroads

CHICAGO, ILL.—A combination of railroad and automobile service, to be known as the Rail-Auto plan, will be available July 1 on most of the principal railroads of the country through arrangements with these railroads and the Hertz Drive-Yourself System and certain other local drive-yourself companies, H. W. Siddall, chairman of the Railroad Passenger Interterritorial Committee, announced this week.

The service will be available in approximately 250 of the largest cities in the United States and Canada, Siddall reported, and every effort is being made to extend the service to 500 cities before the end of the year.

"It is particularly desirable for traveling salesmen, for business men generally, and for vacationists going to summer resorts and fishing lodges in remote sections of the country," said Mr. Siddall. "It is a great transportation combination, a real service in eliminating wasted time."

A passenger may make arrange-

ments for the use of personal automobile service when arranging for railroad tickets. Wires are sent reserving an automobile at point of destination; arrangements can be made for car to be delivered to the passenger at the station upon arrival.

A reasonable rental will be charged by the drive-yourself organization for the automobiles, and this rental will include gasoline, oil, maintenance and protective insurance. The rate charged will be the same whether one or five persons ride in the rented car. Week-day rates will average about \$5.00 per day, plus about 7c per mile, Mr. Siddall estimated. Rates will be lower in some cities and higher in others.

"This supplementing of railroad service at the final destination point, whether city or town, proved successful during the year it was tried out previous to the war," stated Siddall. "It was a casualty of the war, and automobiles have only now come into the market in sufficient quantities to resume it."

#### VISIT PARENTS

Mr. and Mrs. John L. McCollum and daughters Mary Ann and Sheila of Dallas spent the week end with their parents, Mr. and Mrs. N. I. McCollum and their sister, Miss Nettie.

### Tech Expedition Will Visit Big Bend Region

Seeking bones or skeletons of dinosaurs for addition to the West Texas museum and for research at Texas Technological College, a scientific expedition will enter Big Bend National Park next month.

Wann Langston, geology instructor, will head the expedition, accompanied by H. C. Bailey of Clarksville and Owen Hofack of Levelland. Bailey will complete requirements for a bachelor of science degree in geology at the end of the current summer term. Hofack is also a geology student.

The Department of the Interior recently issued the party a permit to excavate dinosaur remains in the park during 1947.

The group will search specifically for remains of sauroropod dinosaurs of the Upper Cretaceous age, which closed about 75 million years ago. Only two skeletons of this type, both incomplete, have been discovered in North America. One is in the National Museum, Washington, and the other at the University of Oklahoma museum.

Langston hopes to supplement this material with further discoveries this summer. He also expressed hopes that the party may unearth remains of an entirely new dinosaur fauna, one never previously described.

The sauroropod dinosaur is one of the largest of the group. Sometimes attaining an overall length of 82 feet, it is characterized by a short body and long neck and tail.

Leaving Lubbock July 18, the party will search for prehistoric remains about seven weeks. Center of the search will be about 100 miles south of Marathon.

### Most War Veterans Under 30 Years

Three out of five, or 61 per cent of all World War II veterans are under 30 years of age, according to a new Veterans Administration tabulation.

Based on the estimated total of 14,361,000 World War II veterans as of June 30, 1947, the under-30 group accounts for 8,735,000 veterans. Of these, 43,000 are under 20 years of age.

VA estimates the average age of all World War II veterans at 29.1 years as of June 30.

#### QUESTIONS AND ANSWERS

Q. My National Service Life Insurance premium was due two weeks ago. Is my policy lapsed now, or do I have more time to send in my premium payment?

A. Your policy is not lapsed, nor will it be lapsed until 31 days after the date on which your unpaid premium was due.

Q. I have repaid a \$4,000 business loan, \$2,000 of which was guaranteed by Veterans Administration under the G. I. Bill. Is my guaranty privilege restored to its original amount now that all of my indebtedness has been paid?

A. No. You may use your full loan guaranty entitlement only once.

Q. I live and work in the city, but would like to buy a small farm with a guaranteed loan. Do I have to live and work on the farm to get the loan?

A. No, but you must be in position to supervise and direct the farming operations.

Q. Can I get a guaranteed loan to buy or build a small apartment house?

A. Yes, you may buy or build a small apartment house with a home loan or with a business loan, but the total number of family units cannot exceed four. If more than one veteran is buying an apartment house, then one additional unit for each veteran participating may be added to the basic four.

Q. I am going to school under the G. I. Bill and would like to get a loan to buy a small home. Am I eligible for a guaranteed loan now?

A. Yes, provided you can qualify financially and otherwise.

 Creed Organization  
 Terms of Admission  
 Christian Worship

The Church of Christ is a divine institution built by Jesus Christ upon the foundation truth that He is the Christ, the Son of God. The Plan of Salvation was revealed through the New Testament written by the Holy Spirit and requires people to hear the gospel, believe, repent of every sin, confess Jesus Christ as Lord and be baptized for the remission of sins. Thus one becomes a Christian and must live faithful to the instructions of the New Testament.

We speak where the Bible speaks and remain silent where the Bible is silent; we call things by Bible names, do Bible things in Bible ways; we have no creed but Christ; no book but the Bible; no name except that authorized.

#### Schedule of Services

Sunday:  
 9:45-10 a. m. Bible classes.  
 11-12 a. m. Morning worship.  
 5:45-6:45 p. m. Bible class for young people.  
 7-9 p. m. Evening worship.  
 Wednesday:  
 7:30-8:30 p. m. Mid-week Bible study.

### FIRST METHODIST CHURCH NOTES

An Installation and Communion Service will be held at the First Methodist Church next Sunday morning. A brief installation and communion service will be delivered by the pastor, Rev. James E. Harrell, and he will install the Stewards and the Sunday School teachers and officers and administer the Communion to them and the congregation. The choir will render the anthem.

At the Vesper Service at 6 p. m. the Pastor will bring the message and the congregation will sing the great hymns of the church.

Following the Vesper Service, the young people will render the Youth Fellowship Worship Program in the church sanctuary, and then enjoy a period of recreation on the church lawn. Mrs. W. L. Richey is the new sponsor of the young people and is having splendid success and fine attendance in all the meetings. All the young people are invited and urged to attend the Youth Fellowship activities.

We welcome visitors.

### Surplus Cots Are Offered by WAA

Folks who plan camping out this summer will probably be interested in the 10,969 folding cots offered all trade channels on a competitive bid basis until July 11. Information and description may be obtained through the Customer Service Center of the Grand Prairie regional office of WAA. Time clocks, loose leaf binders, bed trays and fiber tags are listed in the same sale.

#### GOES TO NEW YORK

Mr. and Mrs. Sam A. Roberts returned Sunday evening from Fort Worth where they visited their daughter, Miss Gayle Roberts. Miss Roberts left Sunday afternoon for Ithaca, New York, where she will attend Cornell University short course on rural housing. She will return to Fort Worth about August 1, and resume her duties as Home Demonstration Agent of Tarrant County.

#### CUTS LEG ON BROOK GLASS

Patty Jean Viney, Mrs. W. N. Viney, received a severe cut closing the wound. She is to be doing nicely.

#### HERE FROM EL PASO

Mr. and Mrs. Fred El Paso were here visiting, the guest of Mrs. Ethel Irby. Mr. and Mrs. Irby were on their annual trip to Cincinnati, Ohio, where they attend the National Association.

#### HERE ON VISIT

Mrs. J. T. Andrews of Miami, Ariz., is visiting in Haskell.

#### RETURNS HOME

Mrs. J. B. Whitaker returned from a visit to Stephenville.

### Immunizing Children Measles

Incidence of measles somewhat high in some areas, Dr. Geo. W. Cox, health officer, has issued a statement regarding the use of immunoglobulin for protecting frail children from this perennial childhood disease and its often serious complications.

obtain immune globulin free, to be used as they think advisable. Infants and children, whose health makes it inadvisable for them to suffer an attack of measles, may avoid the disease if immune globulin is administered within eight days from the time of exposure. The State Health Officer emphasized the fact that immune globulin cannot give a child permanent protection against measles, but explained that the protection is ordinarily of about three weeks duration. However, there is no limit to the number of times it can be used, and a baby who is protected by it once can be protected again if exposed later. Immunoglobulin can go on shielding him against measles until he is old enough and strong enough to stand an attack without risking serious consequences.

## Earl Skinner

Former Haskell County boy and lately from Breckenridge is in charge of the kitchen and he will prepare food that you will like and the way you want it.

## Road Construction Is Major Task Facing Nation During Next Several Years

The next two or three years will be the most momentous ones in the history of the road-building industry, R. J. Potts of Harlingen, newly elected president of the Texas Good Roads Association, said this week in an interview at Austin.

"The world is going to be on wheels to a greater degree than ever before," Potts declared, pointing out that a stupendous amount of preparation must be done for increased travel, in view of the fact that wartime traffic made great demands and necessitated exceptional wear upon the road system of the nation.

Road planners and builders face these two major problems, Potts stated:

1. Traffic must be handled by means of multi-lane highways that are expensive to build and maintain; and

2. Facilities must be provided so that farmers can take their children to school and their produce to market; so that people in rural areas can comfortably remain there in the interest of continued agricultural productivity.

The two goals must be reached, Potts added, without rendering the Texas Highway Department incapable of expanding and maintaining the State and Federal primary road system.

Potts was elected president of the Association at its annual meeting in San Antonio in May. Other officers chosen were Joe Leonard of Gainesville, first vice president; H. B. Zachery of San Antonio, second vice president; T. C. Jones of Fort Worth, third vice president; E. P. Cravens of Austin, secretary treasurer; and Ike Ashburn, executive vice president.

New directors chosen were Frank Barney of San Angelo and Lucian Morehead of Plainview. Potts is literally the "Mr. Good Roads of Texas" and for the past 42 years the improvement of the state's roads has been his dominant interest.

The new president of the Association began actively working to bring about good roads when he got his first job—as assistant to the city engineer of Fort Worth in 1905.

Later, after earning his degree in civil engineering at Texas A & M College, he built streets in Houston. In 1910 he organized the division of highway engineering at A & M and became the third man in the United States to hold the title of professor of highway engineering.

In this capacity, he toured the state offering the college's assistance to county commissioners, courts and good roads committees. He participated in the organization of the Texas Good Roads Association.

It was Potts who wrote the first bill designed to create a state highway department. Sponsored by the late H. B. Terrell of McLennan County, the bill passed the legislature, but was vetoed by Governor Colquitt. Potts assisted in writing the bill which later became law and authorized establishment of the highway department.

In 1914 Potts resigned from A & M College and went into private business at Waco. Recently he moved from Waco to Harlingen to make his home.

R. J. POTTS

Household Iron Can Prove Fire Hazard

Among the items that help to start household fires as the housewife goes about her daily tasks, the electric iron ranks up among the worst of them.

Ordinarily the blame can't be put on the iron, but on the person who goes off for a few minutes and forgets to turn it off.

Home management specialists of the Texas A. and M. College Extension Service say that if a housewife is really safety-minded, she will not only turn off her iron when she leaves it, but disconnect it as well, even if she leaves only for a few minutes.

"Octopus connections"—several electrical connections from one outlet—are another serious household fire hazard, the specialists say. A safe rule is to make only one or two connections from an outlet and avoid the use of extension cords except as temporary wiring.

Other electrical "don'ts" around the house are: Don't hang extension cords over rails, or run them through doors or underneath rugs; don't use worn cords on lamps and appliances; don't let clothing, draperies, or other inflammable materials come too close to light bulbs.

Huge Sum Spent In Education of Vets

More than two and a quarter billion dollars has been spent to provide education and on the job training for veterans of World War II.

This was revealed this week when VA reported cumulative expenditures of \$2,283,000,000 by May 1 for education and training under the G. I. Bill and the Vocational Rehabilitation Act for disabled veterans.

The report showed expenditures during the first 10 months of the 1947 fiscal year increasing 350 per cent over cumulative prior costs.

Tabulated in the expenditures are costs for counseling, supplies, equipment, tuition, subsistence allowances and increased payments over pensions due to vocational training for disabled veterans.

### Sidelights From Washington

By GEORGE MAHON

Chairman Taber of the House Appropriations Committee invited me to fly to Old Mexico today—June 28—with a group from the Agriculture Committee and the Appropriations Committee for the purpose of investigating the hoof and mouth disease. The group is headed by Congressman Gillie of Indiana, a veterinarian. Congressman Worley of the Amarillo District is making the trip and since Texas will be well represented I have remained in Washington to attend to duties here.

Here is the reason for the trip. The deadly hoof and mouth disease broke out in Old Mexico last year. This past spring we appropriated \$10,500,000 to be used in fighting the disease in Old Mexico, hoping to prevent the spread of the infection to the cattle of Texas and the Southwest. Secretary of Agriculture Clint Anderson recently appeared before our Committee, and requested 65 million dollars more. Chairman Taber balked at this request and said that he would block the appropriation of further money until Congress has more information, Judge Joe Montague of the Texas and Southwestern Cattle Raisers Association, and Bob Kieberg, of the famed King Ranch provided some very convincing facts to the Committee a few days ago and I feel sure that when Dr. Gillie's group returns from Mexico Congress will provide the additional funds for combating the spread of this disease.

I hate to see us have to spend millions of American dollars for the slaughter of Mexican cattle in the infected area but everyone agrees that without such action on our part, the hoof and mouth disease will spread to the United States and paralyze the cattle industry of the nation.

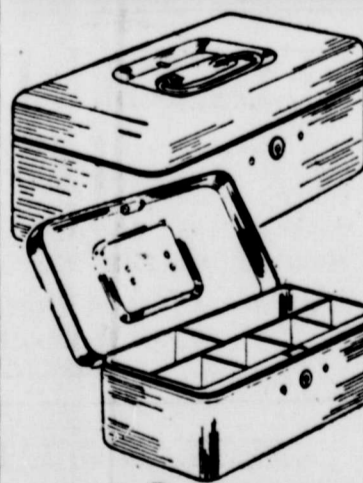

The U. S. Government operates on a fiscal year basis which begins on July 1 of each year and ends June 30—not on a calendar basis as is the case with most businesses. Therefore, the annual appropriation bills for the various government agencies must be passed by Congress and approved by the President prior to July 1, otherwise government agencies will lack the funds with which to operate after July 1.

The present Congress has utterly failed to carry out the normal procedure of government. Only one of the 12 annual appropriation bills has passed both the House and Senate and been sent to the President for approval. A stop-gap measure has been passed authorizing the agencies to continue to operate on a temporary basis but they cannot pay their obligations.

Agencies which will lack funds with which to operate on July 1 include the Department of Agriculture, Veterans Administration, State Department, War and Navy Departments, Justice Department, in fact all government agencies except the Post Office and Treasury Departments.

This is being written on June 28. The chances are that within 15 days all the major appropriation bills will have cleared Congress.

### HEAVY GAUGE STEEL CASH BOXES

Made in Two Styles. Both of this large capacity: 11 1/2 x 8 x 4 1/2"

No. 1023 has 6 Comp. Interior trays. No. 923 comes without tray.

### Rainbow Club Meets With Mrs. Lusk

The Rainbow Club met in the home of Mrs. Floyd Lusk Tuesday July 1st.

The house was lovely decorated with summer flowers. House was called to order by the president, Mrs. Helen Johnson. Reading of minutes of last meeting were read by the Secretary, Mrs. Perdue, and a business session followed.

The Good Neighbor Policy was given by the members. Thought for the day was given by Mrs. Floyd Lusk.

The Needlecraft Report was given by Mrs. W. E. Edwards. Mrs. Barney Patterson won first place.

A program was given on Flag Day by the following: Mesdames Jesse Josselot, O. W. Tooley, Floyd Lusk, W. E. Edwards, Berta Mae Bass, Winona Lusk, Helen Johnson and O. W. Whitaker.

Mrs. Tony Patterson was remembered with a lovely birthday gift.

Refreshments of ice cream and angelfood cake was served to the members and one guest.

### Paula Jo Roberts Has Birthday Party

Mrs. Paul Roberts was hostess on Thursday afternoon June 25th, from 4 to 6 o'clock honoring her little daughter Paula Jo on her fourth birthday. The afternoon was spent in outdoor games. Those present were: Lon Dennis McMillin, Beth Welsh, Texas City; Donny Kelley, Abilene; Carolyn Josselot, Kay Graham, Randy Davis, Sam and Steven Pace.

### REV. WHITLEY RETURNS FROM CORPUS CHRISTI

Rev. and Mrs. H. R. Whitley returned the first of the week from Corpus Christi where they had been on an extended vacation for Rev. Whitley's health. He is reported to be very much improved.

### Coffee Compliments WSCS Executive Board Friday

The executive committee of the Woman's Society of Christian Service of the Methodist Church was complimented with a coffee Friday June 27 at the church. Hosts were Mesdames Virgil Bailey, Ruth Bailey and Miss Genelle Bailey.

The invocation was given by Mrs. Ethel Irby.

Officers made out second quarter reports.

The scripture, Matthew 6:1-9, was read by Mrs. Bailey and was concluded with the Lord's Prayer repeated in unison.

Those present were: Mesdames W. A. Kimbrough, W. H. Pitman, W. D. Hellums, J. E. Harrell, C. L. Lewis, A. H. Wair, O. W. Tooley, Ethel Irby, E. H. Denney, W. Cox, V. Bailey, Ruth Bailey, M. E. Heiber, Miss Bailey, Genelle Bailey.

### Pinkerton HD Club Meets June 26th

The Pinkerton Home Demonstration Club met in a regular meeting Thursday June 26th in the home of Mrs. J. M. Miller, with eleven members, two visitors and our county agent, Miss Louise Newman, present.

Mrs. E. B. Callaway, club president, presided. Song was led by Mrs. Bill Pitman. After a brief business meeting, Miss Newman gave a demonstration on New Ways To Prepare Vegetables.

Refreshments were served to Mesdames E. B. Callaway, Rice Alvis, A. D. Adams, N. F. Foster, J. R. Miller, Hollis Pitman, Bill Pitman, Hansford Harris, Haskell Stone, A. V. Townsend, J. M. Miller and two visitors, Mrs. Claude Jenkins and Mrs. Roberts, and Miss Newman.

Next meeting is to be with Mrs. Harve Brundige, July 10.

### Griffith-Jones Vows Read In Fort Worth

Miss Doris Blanche Jones, the daughter of Mrs. Enouch E. Jones, became the bride of Mr. E. Clay Griffith, son of Mr. and Mrs. Ernest A. Griffith of Sherman, and former residents of Wernert, Friday at University Christian church in Fort Worth. A reception was held at the Woman's Club.

A pink theme was used in the church decorations, the attendants dresses and at the reception.

Philip Cadenhead of Wernert was best man and ushers were Danny Sims, Marshall Mason, Jack Wilson, Charles Sanders, Jim Woodfin, Cecil Jack Cox of Commanche and Bill Marshall. Mrs. Danny Sims was her sister's matron of honor.

Among those attending from out of town were: Mrs. Harry Bettis, Haskell; Mrs. Paul Josselot, Wernert; Rev. and Mrs. Alby Cockerell, O'Donnell; Mr. and Mrs. Frank Sanders and sons of Shamrock, and Mr. and Mrs. Sam Bird, Jr., and Janice of Llano.

### Methodists Name New Board Members

In a called meeting of the Board of Stewards of the First Methodist Church Friday night, June 27, the group elected officers for the coming year. The meeting was presided over by Wallace Cox, chairman of the board.

O. E. Patterson, chairman of the nominating committee read the names of the nominees to the assembled group. Officers elected were: Wallace Cox, re-elected as treasurer; John B. Martin, secretary; and O. E. Patterson, re-elected custodian of legal matters.

### Good Seed Mean Better Yield, Farmers Learn

Maybe there is a lot of luck connected with growing the kind of wheat crop being harvested in West Texas now, but Castro County farmers believe good seed is important too.

Castro County Agricultural Agent Raymond L. King reports that 14 farmers in that county have made application to the State Department of Agriculture to certify 1,726 acres of wheat. Castro County Certified Seed Growers Association is sponsoring the movement.

Cecil Curry, Castro wheat grower and association member, testifies that certified seed pays off. A section of wheat he has this year is planted to three different pure varieties, along with some grain that is "only elevator run wheat."

"The three pure varieties are all uniform, the same height, and they all headed out at the same time. The elevator run wheat has some short, some tall plants and did not head out uniformly," says Curry.

### VACATION BIBLE SCHOOL AT FIRST BAPTIST IS SUCCESS

First Baptist Church Vacation Bible School was a grand success with 130 members enrolled and an average of 89 present for each meeting. Graduation exercises marked the closing last week.

### RETURNS FROM NORTH CAROLINA

Miss Eddie Bess Fouts returned last Saturday afternoon after a two weeks stay in Ridge Crest, North Carolina, as one of the 1300 girls from 26 states to the Southern Baptist Convention. Eighty girls from Texas went from Dallas by bus on the trip. Highlight of the trip for Miss Fouts was when she had a solo part of the Verse Choir over the Baptist hour on the NBC network.

### ONE LAXATIVE IS ENOUGH

SOME FOLKS keep many kinds of laxatives on hand. They include weak, mild, strong and harsh types for different members of the family. Actually, all you need is a single bottle of new, improved ADLERKA, the FAMILY LAXATIVE. It's a scientifically compounded Tone-Up laxative originated by a doctor... works quickly, but gently, to move waste through the digestive tract. Stimulates sluggish intestinal muscles equally well for youngsters or older people. Try it and you will learn why over 20,000,000 bottles have been sold. *Genuine use only as directed.*

### Rebekah Lodge Meets June 30

The Haskell Rebekah Lodge No. 43 met in the IOOF Hall June 30 with fifteen in attendance.

Every Rebekah member is asked to make a special effort to attend the next meeting, on July 7 to participate in the forming of a new drill team.

Those members holding an office in regular lodge are requested to fill said offices at the next meeting.—Lodge Reporter.

### Care Necessary In Cleaning, Filling Picnic Bottles

Vacuum bottles and jugs are nice things for travelers and picnickers to have these days, but they need special care if they are to render the best service.

Mrs. Florence Low, associate specialist in home management for the A. and M. College Extension Service, points out.

Ordinary dish-washing will not do for these containers because if they are put in water, the outside insulation may be injured. It is a better idea to fill the container with warm soapy water and soak for an hour or so. A soft bottle brush may be used. Finally, rinse with clear, lukewarm water and then with water containing a small amount of chlorine. Turn upside down to drain, dry and air. Scrub corks and screw tops with soapy water, then rinse and dry.

Here's a warning from Mrs. Low: Sudden changes of temperature may crack the glass in glass lined bottles. Before filling a bottle with hot liquid, warm it gradually by rinsing first in lukewarm water and then in warmer water. Chill gradually before filling the vacuum with cold liquid.

Pasteurized and very cold milk may be kept in vacuum containers, if the bottle is well chilled. Mrs. Low says that cocoa or soup should be brought to a boil and poured into the container while still very hot. The bottle should be heated in advance. Foods of this type should not be kept in a vacuum bottle for more than an hour or two before using.

### Uncle Sam Says

Exactly how much have you saved in the last 12 months?

If you can't write a good big figure in the space above then you'd be smart to adopt a method of savings that millions of Americans have found to be absolutely sure fire. This method is the regular buying of United States Savings Bonds. People buy Savings Bonds now on two convenient plans. If you are on a payroll, through the Payroll Savings Plan. If you are a professional man or woman or self-employed, through the Bond-a-Month Plan at your bank. By signing up on either plan, twelve months from now you will be able to write a nice healthy sum in that space up above.

U. S. Treasury Department

### Politics and Courage

Naturally, it is easy to say that those in the high brackets are the ones most able to pay, that they are the last ones to deserve any tax relief. It is also good politics to appeal to the many, with a determination to keep taxes on those "able to pay." But it is very bad for the future of the nation. Any policy that keeps competitive capital from going freely into the tools of production to make goods and provide jobs is, in the long run, going to reduce the national income, reduce the number of good jobs and reduce wages.

Sustained high investment of private capital in the tools of production is the only possible road to sustained high wages and full employment. May we have the courage and the wisdom to correct this dangerous threat to our future before it is too late, regardless of immediate political repercussions. May we look to the welfare of the many, and keep America ever the land of the free.

\$7,427,193,000 worth of U. S. Savings Bonds were bought during 1946. Do you have your share of these safe and sound securities?

### A Present Threat

America today needs thinkers if any nation ever did. We not only have the responsibility of the world, but we have a debt of \$2,000 for every man, woman, and child. This means a debt of \$8,000 for a family of four. Just to pay the interest on that debt takes more federal income from taxes in any year before the war. We have, also, the added costs of war pensions and expenditures for veterans.

Moreover, we must keep strong armed forces as a hope of not soon being in another war. Again and again we shall be called upon for relief and assistance to foreign countries. The \$400,000,000 for Greece and Turkey is only a beginning. The total demand over the next two years may run as much as \$3,000,000,000 above all present obligations. Demand is everywhere, at home and abroad.

Essentials to Health.

To meet all of these heavy demands we must have a healthy economy. This is not optional. It is a must. President Truman, Mr. Bernard Baruch, and others are calling for some of the essentials to a healthy economy. They have recently stressed longer hours, and higher productivity on the part of labor; lower profits and lower prices on the part of industry; and maximum production on the part of agriculture. These are good. They are essential, and I endorse all of them.

But one equally important item is being overlooked. It is so important, that I believe unless corrected properly it will act as a brake on our economy and prevent the very prosperity we all crave. I refer to taxes on incomes in the high brackets. The contention that we can keep the present high tax rate on big incomes and maintain a healthy economy is in my opinion fallacious.

### Lapel Pins Awarded Red Cross Workers

Four members of the Haskell County Chapter of the American Red Cross were given special recognition this week, according to Wanda Dulaney, executive secretary. Gold lapel pins were presented to George Neely, county chairman; Austin Coburn, secretary-treasurer; O. E. Patterson, chairman 1947 Fund Campaign; and Mrs. Bernard Phelps, chairman of production. These four were given special recognition in that their work has not only been outstanding but also continuous.

### Care In Harvest Adds to Quality Of Hay Crop

Haskell County farmers can profit by using better methods of harvesting, curing and storing hay, because it could mean a big rise in the quality of hay that is produced on Texas farms at this season every year, according to F. W. Martin, County Agent.

The time of harvesting a hay crop, says Martin, has more to do with turning out good hay than many producers realize. When the crop is allowed to get too ripe, it becomes coarse and loses a great deal of its feed value, especially protein. Sudan grass and Johnson grass need cutting as soon as the first seed heads begin to form, or even earlier, to get a bale rich in feed value, Martin pointed out. Producers have found that alfalfa makes the richest hay if cut when the field is about one-tenth to one-fourth in bloom. Sweet clover is best cut before it begins to bloom.

Curing has a lot to do with the way hay turns out, too. Grass hay may be left in the swath until fairly well cured, Martin explained, but legume hay, like alfalfa, clovers, and cowpeas, will suffer a big loss of leaves through shattering if it is not raked into windrows soon after cutting. The leaves contain most of the feed value, so it's the wise farmer who gets his legume hay shocked before the leaves begin to shatter.

### Former Haskell People Hurt In Dallas Wreck

In an automobile accident in Dallas Thursday afternoon Billie Tinkle and his sister, Mrs. J. M. Lackey were seriously injured. Mrs. Lackey received a head injury and Mr. Tinkle received numerous cuts and bruises. The accident occurred when something went wrong, with the car causing it to turn over.

The couple were on their way to visit Mrs. Tinkle and baby daughter born in St. Paul's Hospital Wednesday evening June 25. The Tinkles are former citizens of Haskell who are now living in Irwin, Texas.

### VISITING BROTHERS SHREVEPORT, LA.

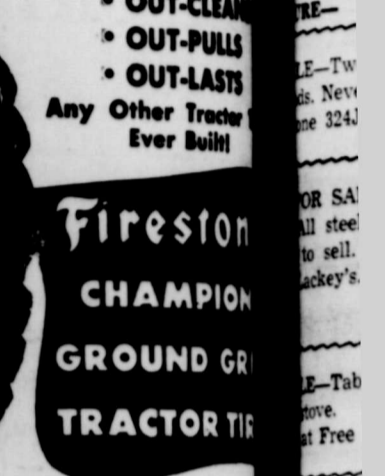

Ellis Mundy left the week for Shreveport, he will spend two weeks in the home of his family. It was the first brothers had seen more than twenty years.

### CARL MYERS AND OPENING OF ECON GARAGE

Carl Myers, former of this city before and his family have moved to this city to make their home. Myers has bought the old Filling Station and the Stamford highway open for business. He is public to make his deal and guaranteed Myers.

**Insert On VALUE**

★ One of the surest signs of inflation is a willingness on the part of the public to pay more for things than those things are worth.

★ Victory models have served their purpose... but the time for VALUE RECEIVED is here.

★ This applies to printing as well as to automobiles, fur coats, men's shirts, butter and houses.

★ When you plan to have new inter-office and inter-plant forms, letterheads, envelopes, bulletins, order blanks, memo pads, ruled forms and others printed... get your money's worth.

★ This is where we enter your printing picture. We give you quality, price and service. Call us today.

**LOOKING AHEAD** by GEORGE S. BENSON President—Harding College Searcy, Arkansas

**Dips and Peaks**

Practical economists view the business outlook in terms of peaks and valleys. They have come to accept the ups and downs of the charts as interpretation of the myriad factors indicative of trends that may take place in our changing, dynamic economy. But the query is put: How can we avoid depressions? Must we take these periodic back-sets for granted? Is there no danger for America in depressions? These questions are sometimes honestly asked by critics of what they call "boom and bust" capitalism. Yes, there is danger in depressions. They're full of dynamite. We might wish to avoid the effects of every kind of business recession, but to say that we desire to give up freedom of individual opportunity for a regimentation so thorough that we can avoid depression would be to swap temporary set-back for permanent disaster.

**Level Road?**

America's economy is a changing economy. It is dynamic. And its direction, always, has been upwards toward the mountain peaks of a higher and higher standard of living for all her citizens. It is just possible that we could stay in the valley, finding a level road that would be smooth and easy. Some folks mistakenly call this "security." But if we would have the mountain peaks of higher and higher standards of living, then we must be prepared for the brief plateaus, or even the dips, of readjustment for the climb ahead.

This need be no bitter revelation. The price of no depression would mean accepting a static economy. We can have "no progress" along with "no depression." A static America, however, would not be a progressive, inventive, virile America. There are freedoms which thrive in the dynamic economy, and not the least of them is freedom of opportunity.

**Price Too High**

State socialism desires to become your protector. You may have full and continuous protection—if you care to turn over to the state the job of deciding how many jobs there will be, what will be produced, who'll take the jobs, and at what wages. But we know the price of this protectorate is too high.

Almost within our own generation the working man has had his hours cut nearly one-third. Real wages of the "undiscovered" common-man have tripled in many industries. Secondary school enrollments have increased ten times, and college education is available to everyone. The physical comforts and the luxury goods consumed by America's common-man are the envy of the whole world. All this has taken place, despite depressions.

**Upward Still**

This is not to say that America should accept serious business recessions without making any effort to cushion their effect. A wealth of experience from the uncertain Thirties should enable Congress to meet future emergencies with more success. We shall be able to avoid the mistake of blaming overproduction, for we now know that to admit overproduction is to admit that we can offer a higher standard of living than our people can accept.

America can keep going ahead on the climb upward toward heights now undreamed of, if we reeducate ourselves to honest effort in understanding and using the system that has brought us so much. Recognizing the laurels that belong already to the American way, we may scale heights that yet have never been surveyed. Let us not just take depressions for granted; let's take them in stride.

**NEW EYESHIELD FOR INFANTRYMAN**

The Quartermaster Corps is attempting to develop an improved eyeshield for the Infantry soldier. Object of the research is an item that will not fog glasses worn under the shield and at the same time give a better fit, ventilation and comfort than now exists in currently issued goggles and sun glasses. Molded nylon and scratch proof plastic sheet materials are being used in this all out effort to increase eye comfort and eye efficiency.

**ATTEND FANDANGLE IN ALBANY**

Mr. and Mrs. Dorsey Looney, Chester Robinson and Miss Florence Jenkins were among the many people of Haskell attending the Fandangle in Albany Friday night.

**UNCLE SAM SAYS**

**The Bond-A-Month Plan**

Most of us have a keen appreciation of money. There are at least three reasons why we necessarily have so much respect for it. First, we have to work to get it. Second, whenever we want anything from today's groceries to a college education for the children or eventual retirement in future years, money is the first consideration. The third reason why we regard money with respect is the fact that it is hard to save. Anything that makes saving easier is automatically in the "boon to mankind" category.

The United States Treasury has come up with a plan to make saving easier for millions of income earners who do not have the benefit of regular savings through payroll deductions for buying U. S. Savings Bonds.

The new plan is known as the "Bond-a-Month" plan. It enables farmers, business and professional people, and others not on a "payroll" plan to save regularly. For a long time, these people have not enjoyed the advantages of automatic savings created by buying U. S. Savings Bonds regularly.

Under the new plan, all that these people need to do is authorize the bank where they keep their checking accounts to buy and send to them a U. S. Savings Bond each month. The bank buys the bond, registers it in the name of the purchaser, and deducts the purchase price from the owner's checking account balance. There is no charge for the service. The full purchase price is invested in a Savings Bond, and there are no "extras."

Here is a plan we can endorse. It enables people to become not only savers, but also investors in what has come to be the world's safest interest bearing investment — U. S. Savings Bonds. The new plan should go a long way toward producing a degree of financial competence and independence for a large part of our people—and they are helped by the banks to create it for themselves, the wide awake town.

**The Wide-Awake Town**

Some towns get a reputation for being sleepy and unprogressive, and things seem to go on about the same there from year to year and no great gain is seen. If people go away and come back after a number of years, they often remark that things have been going on about the same, and there is no great change.

In the wide awake town, people are thinking as to how gains and improvements could be made. If some condition is unsatisfactory and not good enough for a town of its type, they talk about what could be done to improve that condition. If it seems practical they start a movement to remedy that defect, and are usually successful in doing so. They are keen to improve the appearance of the town, and they encourage people to keep their home places in nice condition and give out the impression that the town is successful, and that its people have a high living standard.

**HASKELL COUNTY HISTORY**

Brief Items Taken from Old Copies of The Free Press

**20 Years Ago Today**

Miss Mary Ella Pace left for Dallas last week where she will join the Miss Ona Brown party for a tour of Europe. Miss Brown makes this trip each year with a limited number of fifteen young ladies. The party will sail from New York on Wednesday.

A \$1,500,000 road bond election has been called by the Commissioners' Court, to be held August 6, 1927. The order was signed by Jesse G. Foster, County Judge; J. S. Abarnatha, Commissioner of Precinct No. 1; R. B. Guess, Commissioner of Precinct 2; Clyde Gordon, Commissioner of Precinct 3; and L. C. Phillips, Commissioner of Precinct 4.

**40 Years Ago Today**

A windstorm of considerable violence swept over the northwest part of the county Monday night. The town of Rocheser was hardest hit. Several houses were demolished but most people had gone into storm houses for refuge. The storm passed on into Knox County and considerable damage

has been reported from Munday. I. N. Furrh of the Weinert section was in town and reported that the storm missed his neighborhood. He lives about 5 miles west of Weinert.

Considerable space was given to the organization of the Central West Texas association of Commercial Clubs. The people of Haskell have lined up in an organization known as the 10,000 Club, which means that they have joined together to make Haskell a city of 10,000 people by 1910.

**50 Years Ago Today**

W. B. Anthony, J. M. Baldwin, W. A. Taylor, R. B. Fields and son George went fishing on Elm Creek Wednesday and they reported a fine catch of fish.

We heard yesterday that a part of J. T. Therwanger's oat crop threshed out more than 100 bushels per acre. The average for his 154 acres was reported to be 75 bushels per acre.

The lowest wheat yield we have heard of this year was 18 bushels per acre.

**CITATION BY PUBLICATION**

THE STATE OF TEXAS  
To: Elwood Seigle, Defendant.  
Greeting:

You are hereby commanded to appear before the Honorable District Court of Haskell County at the Court House thereof, in Haskell, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 28th day of July A. D. 1947, then and here to answer Plaintiff's Petition filed in said Court, on the 13th day of June A. D. 1947, in this cause, numbered D-1108 on the docket of said court and styled Mildred Seigle, Plaintiff, vs. Elwood Seigle, Defendant.

A brief statement of the nature of this suit is as follows, to wit: State of Texas, County of Haskell. In the District Court of Haskell County, Texas.

To the Honorable Ben Charlie Chapman, Judge of said Court:

Now comes Mildred Seigle, who resides in Haskell County, in the State of Texas, hereinafter called plaintiff, complaining of Elwood Seigle, whose residence is unknown to plaintiff, hereinafter styled defendant, and for cause of action plaintiff represents to the court:

That she is and has been for a period of twelve months prior to filing this petition an actual bona fide inhabitant of the State of Texas and has resided in Haskell County for at least six months next preceding the filing of this petition; that on or about the 21st day of July, 1940, plaintiff was lawfully married to the defendant; that they continued to live together as man and wife until on or about the 15th day of January, 1945, when, by reason of the cruel and harsh treatment and improper conduct of the defendant toward plaintiff she was forced and compelled to permanently abandon him, since which time they have not lived together as man and wife.

Plaintiff says that the marriage relations still exists, but that defendant's actions and conduct toward her generally are of such a nature as to render their further living together as man and wife insupportable the premises considered.

Plaintiff further alleges that there was born as a result of said union one child, to wit, Joice Laue Seigle, a girl, who is six years of age; that said child has been in the custody of plaintiff all its life and plaintiff is a fit and proper person to have the care and custody of said minor child.

Plaintiff says that there is no community property and that no child or children were adopted by plaintiff and defendant.

Wherefore plaintiff prays the court that defendant be cited to appear and answer this petition and that she have judgment dissolving said marriage relations, for custody of her minor child and for such other and further relief, special and general, in law and in equity, that plaintiff may prove herself entitled to and in duty bound will ever pray.

As is more fully shown by Plaintiff's Petition on file in this suit.

**Care In Saving Garden Seed Is Recommended**

Horticulturists of the Texas A. and M. College Extension Service believe that the many new and inexperienced gardeners in Texas now may be interested in some pointers on saving vegetable seed.

Seed saving, say the horticulturists, is commonly practiced among experienced Texas gardeners only on such vegetables as okra, corn, beans, peas, squash, cucumbers, cushaw, tomatoes, lettuce, pepper, mustard, eggplant, cantaloupe, watermelons and sweet potatoes. Cabbage, beet and carrot seed will not mature in less than two years time. Seed saving on those vegetables doesn't go so well in Texas climate.

The veteran gardener, in saving seed, picks out particular plants that are true to variety, and which show productiveness and fruitfulness. He takes special care of the plants until time to harvest the

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Haskell, Texas, this 13th day of June, A. D. 1947.

Attest:  
(Seal) JESSE B. SMITH,  
Clerk, District Court, Haskell County, Texas

Time of harvesting seed differs with the plant, the horticulturists explain. On English peas and beans, the harvest sign is a browned pod; field peas and corn are left in the field until ready to harvest and store; cucumber, squash, cushaw, watermelon and cantaloupe seed can be taken when the plants are fully mature; on peppers and tomatoes, the seed is

ready when the fruit is and brilliant red. Mar...  
tuce, radishes, collards...  
like can be cut as soon...  
pods are well matured...  
in a cool, dry spot.

Daredevil Pilot Loops Glider at 50-Foot Level

America's most daring sailplane pilot will demonstrate "aerobatics" his sailplane "Tico-Tico" is Capt. Kim J. Scribner of Miami, Fla., on opening day of the 14th annual Scaring Contest at Wichita Falls July 4. Pictured here with Scribner also will stunt his motorless glider on week ends at the meet, July 5-6, July 12-13, and July 19-20.

Record Accident Toll Foreseen for July 4th Weekend

A Fourth of July accident toll worst than any in history was forecast this week by George Clarke, managing director of the Texas Safety association, Austin. Individual carelessness, he said will be the primary cause. Clarke's prediction is based on a comparison of accident trends and contributing accident factors for this year with 1941, the last normal year, when the death rate was the highest in history. Texas traffic during the July Fourth holidays in 1941 took the lives of 28 persons. "The holidays in 1947 closely parallel those of 1941 in that the Fourth came on Friday, beginning a long weekend of celebration," Clarke said. "Both were peacetime years of relative prosperity, always a dangerous element in traffic. In both years international and domestic uncertainties gave rise to psychological unrest, even reckless; and both years recorded the highest vehicle mileage in history."

EMORY MENEFFEE HERE FOR VISIT

Emory Menefee, who has been in Mineral Wells for several weeks, has returned to Haskell for a brief visit.

VISITORS IN STARK HOME

Mrs. O. E. Deal and son Bobby of Sterling City and Mrs. J. C. Sanders of Lubbock are the guests of Mr. and Mrs. J. O. Stark.

BLACK-DRAUGHT  
 THE ONLY SO DIRECTED

VISITING IN KENTUCKY AND PENNSYLVANIA

Mrs. R. E. Sherrill left this week for Louisville, Ky., and Pittsburgh, Pa., where she will visit her two sons and families.

New Texas Traffic Law Makes It A Lot Tougher to Have Wrecks

Traffic authorities are hoping that the uniform code of highway laws adopted for Texas and to be put into force this fall will not only do much to erase confusion in the minds of motorists and pedestrians as to what the regulations are, but also will reduce accidents.

Rules that will govern drivers involved in automobile accidents are more stringent than before, and officers feel that enforcement is to be easier.

For instance, under the new code, it will constitute a misdemeanor for a driver of a vehicle involved in an accident resulting only in damage to a vehicle driven or attended by any person to leave the scene of the accident without rendering aid and giving complete information about himself to the occupants or attendants of the other machine.

Heretofore, failure to stop and render aid in all accidents in which a driver's vehicle was involved with another driven or attended by anybody was a felony. As such its punishment in cases where nobody was hurt was not practical. Now, even though nobody is injured, failure to stop and render aid is punishable in a practical way.

Driver of any vehicle involved in an accident resulting in injury or death of any person shall immediately stop such vehicle at the scene of the accident or as close thereto as possible and return to and remain at the scene until he has rendered aid and has given to persons in the other vehicle his name, address and registration number of the vehicle he is driving.

He shall upon request and if available exhibit his operator's, commercial operator's or chauffeur's license to the person struck or the driver or occupant or person attending the vehicle collided with.

Aid shall include the carrying or the making of arrangements for the carrying of injured persons to physicians, surgeons or hospitals for medical or surgical treatment if it is apparent that such treatment is necessary or if such carrying is requested by the injured person.

The driver of any vehicle which collides with and damages any vehicle which is unattended must stop immediately and locate and notify the operator or owner of

such vehicle of his name and address and of the owner of the vehicle which did the striking.

If he is unable to locate the operator or owner of the other vehicle, he shall leave in a conspicuous place, securely attached to the vehicle his name and address and that of the owner of the vehicle he is driving.

Operator of a vehicle involved in an accident resulting in injury or death of any person shall immediately give notice of such accident to the local police department if the accident occurs within a municipality or to the county sheriff's office or the nearest office of the Texas Highway Patrol.

He must file a written report with the Texas Department of Public Safety if involved in an accident resulting in injury or death of any person or total property damage to an apparent extent of \$25 or more. This shall be done in 24 hours, whereas formerly he was allowed 48 hours. The property damage previously was \$50 or more, in order to require a report. Every law enforcement officer investigating reportable accidents must also within 24 hours after the accident file a written report to the Department of Public Safety.

VISIT IN HASKELL

Mrs. Leon Thompson and children of Denton and Mr. and Mrs. Perry Chambers of McKinney visited Haskell relatives over the week end. Mrs. Chambers will remain in Haskell for an extended visit with her parents, Mr. and Mrs. J. M. Sloan.

SPECIALIZED TRAINING IN AAF FOR HIGH SCHOOL GRADUATES

Thirty-five courses running from protolithography to sheet metal working are open to eligible recruits who enlist for three years. High School graduates may apply without obligation to enlist and are guaranteed assignment upon enlistment to the designated course of instruction. Further details may be secured from any U. S. Army Recruiting Office.

Large Number Vets Enroll For Mail Courses

Upwards of 150,000 World War II veterans now are taking correspondence courses under the G. I. Bill, the Veterans Administration announced today.

The courses cover a wide range of subjects, including such specialized studies as gemology, yacht designing, criminology, cinematograph, industrial plastics and air conditioning.

VA has contracts with approximately 130 state approved schools, colleges, universities and other institutions to give veterans mail order courses at government expense.

Veterans may be enrolled only in those correspondence courses for which contracts have been negotiated, VA said. Subsistence allowance may not be paid. Information can be secured from the nearest VA office.

### Former Haskell Woman Recites Many Advantages of Living In "Small" Town

Haskell may rightfully be called a "small town" but it's still a mighty nice place to call home, in the opinion of a former resident who moved recently to a larger city and still misses the friendliness and advantages prevailing in communities where everyone from merchants to the smallest children know each other. That is the general text of a letter to The Free Press from Mrs. Joe H. Bowers, now of Denton, who moved with her husband and children to that city a few weeks ago.

The many advantages Haskell people enjoy in a friendly small town atmosphere are pointed out in her letter which we gladly reprint:

#### Greetings To All Our Friends In Haskell!

You are so numerous that personal letters to each of you are impossible, yet we want you to know how much we miss you, and how very much we appreciate your part in making our life in Haskell so pleasant and happy.

We are still in the homesick stage, not quite adjusted to our new location. While yet living in

nostalgic memory of Haskell, it is a good time to remind you of what a fine place Haskell is and the advantages you enjoy there which you probably take for granted. For instance, though I find housekeeping chores light here because of the absence of flying sand, I'd gladly trade this asset for your high, dry altitude, sunshiny days, and clear morning skies.

Do you fully appreciate your other advantages? Had you thought of the opportunities for personal development—both of yourself and your children—which a small friendly place such as Haskell offers? In small groups, competition is at a minimum and one has every opportunity for developing qualities of leadership and other talents. We hear much talk of security these days. Have you thought of the security of a little town, the security of being among familiar faces, and familiar scenes? Do you value the security you enjoy when you allow your children to go freely to movie or swimming pool, or shop about the

square, knowing all the time that they are among friends who are almost as interested in their welfare as you yourself?

Do you enjoy to the fullest the pleasure of scanning your local paper and recognizing all the names in the news, picturing each face in your mind? Do you appreciate the personal service you receive in shops and offices, the meat cutter who knows just the cuts you like, the clerk who remembers your size and preference in clothing, the patience of the druggist who allows your children to wear out his comic books while sipping sodas, the cheery friendliness of all the townspeople who serve you? Are you properly grateful for your doctor who is friend as well as physician, and who keeps an eye on your youngsters out of sheer personal interest? Have you ever faced sorrow, or merely a problem, and noticed how every one in town rallies to your side? Have you ever known a place like Haskell where there are no social barriers, where a newcomer is welcomed warmly and quickly into church circles, clubs, and other organizations, and where friends make sacrifices for your comfort and welfare?

I must assure you that we haven't lost faith in building a good life here in Denton. We recognize all the advantages to be had here; but in a larger place, the values we found in Haskell will come more slowly, and it will take time to form friendships such as those we enjoyed there. Joe enjoys his welfare work here which is most important.

He sends warmest greetings to his friends among the old people there, and I greet in particular those youngsters (dear to my heart) whom I taught in 3rd grade last year. Joseph and Mary are lost without their Haskell playmates. All of us would welcome letters and visits. Address: Box 521, Denton. If you come this way, you'll find us by turning north on the Decatur highway at City Limit sign, ours being the first house after leaving the highway.

Many of you have mentioned friends and relatives here in Denton. How about clipping this and sending it to them? Perhaps they will look us up and hasten the day when we shall become as enamored of this town as you are. Sincerely, Laura Beth Bowers.

#### CARD OF THANKS

We cannot say words to express our deep and sincere appreciation to the many friends and neighbors for their kindness during the death of our beloved husband, father, son and brother. We pray God's blessings on each and every one of you.—Mrs. Buck Gibbs and children. 1tp

#### A Sound Thinker

As I sat a few days ago in the spacious office of Mr. John Snyder, secretary of the Treasury, and listened to that keen thinking gentleman outline his views on certain monetary policies, I found myself wishing that all public thinking were as clear, and as cognizant of good economic horse-sense.

In the first place the Secretary believes that a thorough study of the necessary costs of government should be made. He believes that this cost should be reduced to the very minimum consistent with good government. In the second place he believes that a high national income is possible only if a sound economy is maintained. This sound economy must be based upon maximum production at high efficiency, which he feels would make possible a large foreign trade.

#### On Your Feet, Sam!

In the third place he believes we should seriously undertake liberal payments on the national debt. This should be done at once. To me that is just plain, common horse-sense. It is just the way a wage earner, farmer, merchant, or manufacturer, heavily in debt, with a large family, but still in good health, would have to plan if he expected ever to get on his feet and leave any heritage to his children.

Uncle Sam is heavily in debt, his children have adopted spendthrift habits, have lost the art of hard work, are quarreling with one another, and are growing more and more inclined to leave the worrying to the old man. The need of the hour is sound counsel from Washington for the entire nation to realize its critical condition, and to act accordingly.

#### A Sound Program

Secretary Snyder's program needs to be understood, for it is one which the wage-earning citizen can appreciate. His three-point program, in my own words, would be about as follows:  
1. Stop the fantastic waste in almost every department of government. Force the government to stop paying political expediency.  
2. Let business finance produce all the profits until it is a very high level. Let business finance the maximum production in order to get a reasonable through lower prices. Sound production will permit active foreign markets, a thing not only necessary for us but for other nations as well.  
3. Let taxes remain on a broad base, with only those cuts being made which are necessary to increase investment in the new program.

### Heavy May Rains Test For Terraces

Heavy May rains, measuring up to 9 inches in some sections, provided a real test for new terraces built by West Texas farmers.

Most of the terraces stood the water well. In Coke County, J. R. Emmons, county agricultural agent, reports that a few lessons were learned when poorly built terraces broke under the heavy rainfall.

Of the terraces built with the county rig in cooperation with the Soil Conservation Service, only two gave way, and one of the mws on a farm where the terracing system had not been completed.

Shelton Hainey, Flomot farmer, has a "syrup pan" system that catches water from about 700 acres. After the rains, Hainey told County Agent Emmons that the terraces held perfectly; each lister ridge was full of water. He figures that the rainfall he saved with his terraces will make a lot of difference next July when the weather turns hot and dry.

#### ATTEND REUNION

Mr. and Mrs. J. M. Glass, Mary Elizabeth Glass and Mrs. James Crawford and Marilyn Sue attended an Old Settlers Reunion at Cedar Hill last week end.

#### MISS TURNER IS SOLOIST ON STATION KDWT

Miss Caroline Turner is soloist on KDWT radio station, Stamford every Tuesday and Saturday from 11:30 to 11:45.

#### NEGRO VACATION BIBLE SCHOOL CLOSURE

The Negro Vacation Bible School closed last Friday night with graduation exercises. Sixty-nine children were enrolled and the school was termed as a grand success with 18 workers. The First Baptist and East Side Baptist sponsored the school. Rev. Robert Barnett was superintendent and Mrs. Faye Thompson principal.

#### Steady Employment

Personally, I would modify item three. It is my opinion that if reductions in the budget were seriously and studiously undertaken, all three points Secretary Snyder features could be achieved, and we could still obtain at the same time a real reduction in income taxes.

Comparatively high taxes we must have. The costs of national living, in times of peace but amidst quarrelsome and aggressive neighbors, may continue to run high. But there are certain reductions that by all means should be made in order to encourage more venture capital. We shall continue to need wide investment of private capital in tools. That will mean more jobs and more steady employment.
