

War Veteran Ends Here Sunday Morning

gunshot wounds Sunday morning to Hudspeth, 35, a World War II. The man died about 9:30 a. m. in West Haskell. He had been living in a shotgun struck in the top of his head. The cause of the suicide was reported by the Peace Commission following an inquiry by Sheriff Mart Clifton. Deputy D. P. Fuller is conducting the investigation.

Seventeen Cases Docketed in Court During Week End

In the parlance of livestock auction sales, dockets in Justice and county court had a "heavy run" during the week end, with seventeen complaints being filed for offenses ranging from drunkenness, driving while intoxicated, gaming, and carrying concealed weapons.

Fines in five cases charging drunkenness were set at \$1 and costs, with a fine of \$50 and costs being imposed in one case for this offense.

Fine of \$100 and costs was assessed a transient arrested in Rule by Officer Ollie Kittley and charged with driving while intoxicated.

Ten employees of a carnival company were charged with operating confidence game, in seven complaints, and with operating a poker game in complaints filed by Sheriff Mart Clifton. Each of the defendants entered a guilty plea and were fined \$5.00 and costs.

A Haskell negro was arrested Friday night by Sheriff Clifton, on the fairgrounds and was charged with carry a concealed weapon after the officer found a pistol on the negro's person.

REV. MIKUTA

Rev. Albert Mikuta New Minister of the Christian Church

Albert G. Mikuta is the new minister of the First Christian Church. He and his family are residing at 604 North Fourth. Mr. Mikuta received the B. A. degree from Texas Christian University this last August.

Mrs. Mikuta received her schooling in San Jose, California. They have one daughter Judith Lee, two years old.

The church reports much activity since the new minister and his family arrived in Haskell. The parsonage has been spacious, fully furnished, and the minister has received many fine gifts from the members of the church and also from many merchants of Haskell upon completing his requirements for graduation last August 22 at TCU.

New chimes which have been installed in the church by the Youth Bible Class have increased the Sunday School and church attendance 20 per cent.

An Ampro Motion Picture Projector is being purchased which will add to the enjoyment of the Sunday School lessons.

A Young Married Couples class has been organized with great success. This class looks forward to being one of the finest and largest classes in the Sunday School.

Mr. and Mrs. Mikuta are here for service to the church and the community. Call them at 413W.

Five Students From Haskell at ACC

Enrolled in Abilene Christian College this year are five students from Haskell. They are Marjorie Aileen Kennedy, Deen Bartlett, Hartsell Johnson, Ray D. Pheasant and Norene Janelle Kennedy.

When ACC opened for its forty second session Friday, September 19, it was with an enrollment of 1601 students, which is the largest registration in the history of the college. The largest preceding registration was the 1455 students of the fall semester of last year.

County Singing Convention Will Meet October 12

The Haskell County Singing Convention will resume their regular programs, beginning Sunday October 12, when the singers will meet at the East Side Baptist Church, it was announced this week.

The programs were discontinued during the hot weather, and also in order to avoid conflict with revival meetings.

The program Oct. 12 will begin promptly at 2:30, and everyone is invited.

Chicago—In a recent change at the New City police station, sergeant Doonan, 41, 6 feet 1 inch, 245 pounds, was succeeded by Sergeant Doonan, 41, 6 feet 1 inch, 254 pounds. The Doonans are identical twins and the only major difference is that one is named Chester and the other Warren.

Mahon To Return From Europe Oct 10th

Rep. George Mahon of Colorado City is expected to return to the United States on Oct. 10 from Europe where he has been studying, as member of a congressional committee, food and financial conditions.

One possible reason for his return was the appeal Monday from President Truman for a meeting of the appropriations committee. But an immediate meeting is not expected since three top members are in Europe doing first-hand investigating.

Mahon and Rep. Albert Thomas of Houston are the only two Texas members of the House of Representatives on the European food and finance committee. Thomas plans to leave soon for Europe. He will return Nov. 10.

Teachers of County In All-Day Meeting Here Monday

The teachers of Haskell County, with one hundred per cent representation from all schools, had an all-day meeting in the high school auditorium at Haskell, on Monday September 29th.

The meeting opened with the singing by the group of The Battle Hymn of the Republic, and the invocation by the Rev. H. R. Whatley, pastor of the First Baptist Church.

L. R. Burkett, Deputy State Superintendent talked to the group on plans, rules and regulations governing the schools from the State Department of Education.

Dr. Cora Martin from the Education Department of the University of Texas spoke for the remainder of the morning session with an intermission. Modern Trends in Education and ways to achieve them.

Lunch was served in the school cafeteria after which the afternoon program began with a song and was followed by an address by Miss Elizabeth Koch of San Antonio, field worker for the Texas State Teachers Association.

After this, group meetings were held in separate rooms and for teachers in the different sections of the schools, primary, intermediate, high school and administrators.

REV. GLEN NORMAN

Rev. Glen Norman Will Be Speaker at Youth Rally Here

The "greatest Youth for Christ speaker in Texas" will be at the First Baptist Church Sunday afternoon October 12, at 3 o'clock. Four hundred young people from 12 years old up are expected to attend this important rally. Every church is invited to send their young people for hundreds of miles around.

Rev. Glen Norman will be the guest speaker and is one of the most forceful speakers among youth preachers.

There will be a great choir made up of young people who are requested to come at 2:30 for half hour practice before the service. There will be an after service immediately following the main service which will be of great interest. Rev. Norman will give his lecture on the modern dance. If you have wondered about this modern sin, you won't have to wonder long after you have heard this dynamic message straight from a young person who will give you what he knows and not what he has heard, sponsors of the youth rally declared.

This will be the regular meeting of the Baptist Youth of the Haskell Association, but young people from all the churches are given an invitation to come.

CWT Fair Termed Most Successful Ever Held Here

Indians Meet Powerful Anson Tigers In First Home Game

The Haskell Indians will meet the highly rated Anson Tigers in their first home game of the season Friday night on Indian Field. The game will also be the first conference contests for the warriors.

Anson is rated as one of the strongest teams in the district, following their overwhelming defeat of the Roby Lions 58-0 last week. However Coach Jack Roten's charges are expected to provide plenty of opposition for the Tigers, with the added advantage of playing at home.

Kick-off has been set for 8 o'clock sharp. Officials for the game will be Hervey Bellew, Cooty and Darten, all of Abilene. Probable starters for the Indians will include:

Billy Ray Lusk, left end. Bobbie Jack Price, left tackle. Howard Alvis, left guard. Monty Fritz, center. Billy Matthews, right guard. Jimmy Turner, right tackle. Edward Ammons, right end. James Dodson, quarterback. Cotton Foster, left halfback. Billy Smith, fullback. James Strain, right halfback.

Smith is a graduate of Cisco high school and Junior College. He served 33 months in the Army, spending 27 months in the European theater. Business experience includes service station, retail grocery, and cafe.

Johnson is a Navy veteran, serving in that branch of service 28 months during World War II. He attended NTSTC at Denton, Wooster College, and Hardin-Simmons University. He has had three years experience in retail business.

APPOINTED CADET LIEUTENANT COLONEL

Richard C. Bischoffhausen of Haskell has been appointed Cadet Lieutenant Colonel of the Cadet Corps at North Texas Agricultural College, Arlington. A graduate of Haskell High School, he is the son of Mr. and Mrs. Richard Bischoffhausen.

Curtain was rolled down at midnight Saturday on one of the most successful expositions in the history of the Central West Texas Fair, and association officials immediately visualized plans for greatly expanding the fair plant for next year's expositions.

Although all records had not been checked, officials estimate that attendance during the three days run would be in excess of 17,600 persons, an all-time high. Ideal weather prevailed during the entire week, and throngs estimated between eight and ten thousand people crowded the fairgrounds on opening day.

All county schools closed for the opening day of the Fair, and many participated in the parade with pep squads and bands.

The parade was led by Scott W. Greene, Buster Shelton and Laura Thornton, daughter of Mr. and Mrs. Curtis Thornton of the SMS ranch. The Haskell school band and pep squad followed. The parade were about 100 horsemen and horsewomen. A feature of the horseback division was a Shetland mare whose two weeks old colt followed her mother closely. The mare was ridden by Wayne Harris, Haskell school boy.

Haskell high school band won \$25 for being the best Class A band, followed by Seymour Haskell, only Class A pep squad entered was winner. O'Brien took first honors among Class B pep squads, followed by Rochester and Rule, in that order.

Winner of the Home Demonstration club float contest was Liberty club, with the Lucky club second. Walter Hood had the best decorated parade, followed by Clinton Bacuss, second. Betty Joe Redwine was judged best clown. Clyde Harcrow, who alternately led and rode a donkey, was second.

H. D. Club Winners

In the home demonstration club educational division exhibit O'Brien club won first place; the Lucky club, second; Center Point club, third; Liberty club, fourth; Sunshine club, fifth; Mattson club sixth; Dennis Chapel club, seventh; and Josselet club, eighth.

Have you looked inside your paper or parchment lampshades lately? This time it is not to check up on your housekeeping ability, but to see if the inside is soiled or discolored from age or heat. This discoloration may be causing the loss of as much as 25 to 30 per cent of the light you had when the shades were new, and actually in wasting part of the light you could get if the shades were still white. A casein or white water mix paint brushed or sprayed on the inside of the shade will help you get more light, or cut a lining from a sheet of white paper by rolling your shade along the paper to get the correct size, and fasten it to the seams with transparent tape.

"The United States never had poster cheeks," according to a recent article in Time magazine, but the Texas health picture leaves us with a red face because one-third of all deaths in Texas are from preventable diseases, it leads all the other states in deaths from diphtheria with one-eighth of all the nation's deaths from this disease, typhoid fever in Texas causes one-eighth of the nation's typhoid deaths. 40,000 Texans have tuberculosis and 4,000 die from it each year. Texas ranks 33rd in the United States in the number of physicians for each 100,000 people, 38th in the number of trained and student nurses, 43rd in the number of hospital beds, and 46th in public health units. Only 64 counties of our 254 counties are served by health units while Arkansas has 65 out of 75 and Louisiana has 54 out of 65; Oklahoma has 37 out of 77. Mrs. Eloise Johnson, Specialist in Family Life Education told us at the Agent's Conference in College Station last month that the Selective Service mirror reflected the actual health of rural youth because 53 out of 100 rural draftees were rejected as compared to 43 out of 100 urban draftees; 41 of every 100 rural men and 33 of every rural women were rejected for physical defects alone.

If you haven't tried "Pear Honey" as one way to use some of your late pears, I believe you will like the recipe. To four pounds of late pears cut or ground into small pieces add three pounds of sugar. Mix and cook until it is the consistency of honey. Add 1/2 cup lemon juice or one cup of crushed pineapple five minutes before packing. Pour into sterilized containers; leave no head space; seal.

SERVICES HELD NIGHTLY AT METHODIST CHURCH

Services are being conducted each night except Friday and Saturday at the Methodist Church at 7:30. The Pastor is doing the preaching and J. M. Williams is leading the singing and Rev. John W. Price of Knox City is working with the young people. Everyone is invited to attend.

EIGHT-AT-A-TIME—Believed to be the only one of its kind outside the large automobile factories, this powerful, specially-built machine re-bores eight cylinders at once in the complicated operation of Ed Maher's Motor Rebuilding Division at Dallas. How women and girls may get wanted relief from functional periodic pain
Cardui, many women say, has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come. Started 2 days before "your time", it should help relieve pain due to purely functional periodic causes. Try it!

HASKELL COUNTY HISTORY

Brief Items Taken from Old Copies of The Free Press

20 YEARS AGO

The Haskell County Fair will open tomorrow, October 6th. Automobile races will be held on Friday and Saturday with a league baseball game between the Fort Worth Cats and an all-star team assembled from over West Texas. Several hundred dollars will be awarded in prizes in the agricultural section and live-stock and poultry divisions.

W. H. Day, brought a stalk of cotton to town with 202 well developed bolls. He says that this is a fair sample of a sub-irrigated tract 10 miles west of O'Brien.

Miss Marporie Whitaker left this week for Dallas where she has accepted a position with the Baptist Standard Publishing House. Miss Whitaker majored in journalism at Baylor College at Belton, where she graduated last June.

The premium list for the Haskell Street Fair was published in the issue of the Free Press of October 5th, 1907. The premium list covered farm crops, vegetables, Horses and Mules, Cattle, Hogs, Poultry, Fruits, Curios, Hand work, Sewing and Flowers. J. R. Miller was in town with his 10th bale of cotton Saturday and said that he has a crew that can pick a bale per day.

M. S. Shook has let a contract for the erection of a handsome two-story residence in the north part of town. We understand that the house is to cost seven or eight thousand dollars.

M. R. Himphill shipped six cars of cattle to Fort Worth, Monday. The shipment was accompanied by T. J. Lemmon.

The Church of Christ meeting will begin Sunday in the big tent two blocks north of the square. Price Billingsley of Abilene will do the preaching.

50 YEARS AGO

D. M. Winn, traveling representative of the National Guarantee Loan and Trust Company, was in Haskell this week and organized

a Haskell Branch with the following officers; W. W. Fields, president, J. W. Bell, Vice President, H. G. McConnell, attorney, A. Lee Kirby, Secretary-Treasurer. Directors, W. W. Fields, H. G. McConnell and E. F. Springer.

W. P. Whitman was over in Fisher County last week and he says that the county is being fenced up so rapidly that a number of people are talking of moving their stock to Haskell County.

F. G. Alexander informs us that the Southwestern Telephone Com-

pany is planning on extending their long distance service from Haskell to Wichita Falls and probably also to Throckmorton, Benjamin and all points east.

STEAL SKELTON

Malverne, N. Y.—Someone entered the garage of Dr. Alexander Zbain, who lives just across the street from the police station, and stole—a skelton, worth \$250.

CANNED IN TIME

Newark, N. J.—After watching four youngsters toss around a can they had found, a park policeman frantically halted the game. The can was labeled: "High Explosive, T. N. T., for front line demolition."

Health Program Is Definite Need In Every School

Every school should have a definite school health program. Situations such as, the kind of drinking water, arrangements for the school lunch, the lighting, seating, ventilation and cleanliness of the schoolroom, and the personal practices of the teachers and children are the basis of the school health program, said Dr. Geo. W. Cox, State Health Officer.

Every school has tremendous opportunities to promote the health of its pupils and of its community. From early childhood to early manhood and womanhood, most children are enrolled in schools and are under the supervision of school staffs for a substantial part of the day for approximately half the days of the year. The conditions under which they give in school, the help which they are given in solving their health problems, the ideals of individual and community health which they are taught and the information and understanding that they acquire of themselves are factors which operate to develop attitudes and behavior conducive to healthy, happy and successful living.

Schools alone however cannot enable children to attain all the desirable goals of individual and community health. Considering the magnitude and multitude of the diverse and continuing efforts that must be made to satisfy the health needs of children, it is fortunate that many people and groups, in addition to schools, are greatly interested in promoting health. Parents have a prime responsibility.

Physicians, dentists, nurses, health officers, social and welfare workers and their official organizations, such as medical, dental

MODERN LIVING CLAIMS VICTIMS

Soft, refined foods and lack of exercise are responsible for increasing thousands of constipation victims. Intestinal muscles become sluggish, waste matter accumulates and gas is formed. Often there is a tired, restless, listless feeling. It's cases like this that the new improved ADLERIKA is designed to help. This scientifically compounded Tone-Up laxative is quickly absorbed by the gastro-intestinal system. Gas pressure is relieved and waste matter is moved gently through the digestive canal. When you eat well and digest your food well, you'll find a new joy in living. Order a bottle of ADLERIKA today.

Caution: use only as directed.

NOTICE TO BIDDERS

Notice is hereby given that the City Council of the City of Haskell will receive bids for the construction of curbs and gutters to be constructed along both sides of the street and abutting the lots on each side of Avenue "E" from the public square to the North City Limits of the town of Haskell and along said Avenue "E" from the public square to the South City Limits of the city of Haskell. Plans and specifications for said curbs and gutters are on file with the City Secretary of the City of Haskell.

Separate bids should be submitted on the north end of said Avenue and for the south end of the same. The City reserves the right to reject any and all bids submitted. Bids will be received

and nursing societies, health departments and voluntary health agencies are all rightly concerned with health activities in their communities.

Germany Still In Rubble and Ruins, Congressman Mahon Declares

(By GEORGE MAHON)

In a previous report I made reference to England where food is scarce and where life is hard for the British. From London our Congressional committee on Foreign Aid proceeded to Germany for three days. This was not time enough to see much but one of our sub-Committees will spend three weeks in Germany.

Generally speaking, Germany after the lapse of two years since V.J. Day is still a nation of rubble and ruin. It hardly seems possible that places like Berlin, Essen and Frankfurt could be rebuilt within a decade. Some progress is being made in clearing the rubble and reestablishing the business and industry but Americans who have not seen the war damage in Germany cannot possibly visualize what German cities look like. At long last the German people know with complete certainty what war is like.

Here is one of our difficult problems in Germany: Russia and Poland have control of the pre-war breadbasket of Germany. The United States and Britain

have joint control of the industrial heart of Germany but our area is far from being self-sufficient in food. Under our agreement with Russia, the Potsdam Agreement, Germany was to be operated as an economic unit but Russia has refused to live up to the agreement. Under the law of nations an occupying power must prevent starvation in the area occupied. We can escape this responsibility by pulling our troops out of Germany, but if we stay we must maintain order and prevent starvation. If we pull out of Germany, few doubt but that the vacuum would be filled by the Communists, which would mean that the full industrial capacity of the Ruhr would be at the disposal of the Russians.

I saw hundreds of German farms. I went into some of the farm homes, and walked over some of the fields. The farms are extremely well cared for and generally speaking, they have not suffered war damage. Fertilizer and equipment are needed but otherwise I doubt that there is much room for the improvement of European agriculture. The farmers apparently use every foot of ground to the best advantage. This year the crops are short because of the severe drought. Some of the Irish potatoes which were being harvested in Germany were little bigger than marbles.

German coal production is the key to economic recovery and the coal miners are being given extra rations to encourage output of coal. I visited a mine, talked with the miners and tasted some of the rations.

If the coal and industrial pro-

Rev. K. W. Foreman Will Speak Sunday On Radio Hour

Rev. Kenneth J. Foreman, D. D., professor at Louisville Presbyterian Seminary, Louisville, Ky., will be the speaker on the Presbyterian Hour next Sunday October 5, at 7:30 a. m., CST.

Dr. Foreman is a native of New York state. He took his undergraduate work at Davidson College. In the first world war he

KENNETH J. FOREMAN

served in the U. S. Navy. After the war he took his theology at Union Seminary in Richmond, Va. He has taken extensive post graduate work having received his M. A. at Princeton University, his Ph. D. at Yale, and his D. D. at Washington and Lee. He has taught Bible, German and Philosophy at Davidson College since 1922. He has recently been elected to the chair of Theology at Louisville Presbyterian Seminary, Louisville, Ky. He is on the editorial staff of the Presbyterian Committee of Publication and is one of the editors of the Presbyterian Outlook.

His subject next Sunday will be "Our Belief in the Future Life." This broadcast will be heard in this community over radio station WFAA, 820, Dallas.

duction in the British-American Zone can be sufficiently increased, this will enable the Germans to export enough to get the money to make up the deficit in food. That is the objective now being sought—to help the people help themselves.

There is no evidence of happiness in Germany. Indeed, there is little for these defeated people to be happy about. Yet they have no one to blame for their misery but themselves and their leaders. The people are not inclined to be friendly or to smile as passersby. Perhaps I mistook a state of hopelessness and bewilderment for unfriendliness.

Rarely do you see a man or woman on the streets of a German city who does not carry a satchel or small handbag of some kind. They are black-marketing, trading, and trying to devise means for getting food and other necessities. We went into some of their homes in the basements and bomb shelters of their devastated cities where conditions are the worst. Their cupboards were almost bare. Of course, there are variations of misery among the people. Some of them live better than others. The people who live on the farms are in far better position than the rest of the population.

Prior to the war many of the nations of western Europe relied on Germany for coal and steel and heavy machinery. Germany's neighbors are now in difficulty because those products are no longer available to them. How to permit the revival of Germany without encouraging the future rebirth of German militarism is the big question. The French are very vocal in opposing the revival of German production. America and Britain are trying to work out a level of industry for Germany which will enable Germany to become self supporting without becoming a menace to the peace of the world. Of course, the Big Three have not yet made substantial progress on the Peace Treaty with Germany and until the treaty is made, makeshift policies will have to be relied upon.

RETURN FROM VISIT IN IOWA

LOWER GASOLINE COSTS CITED

Open house on the effecting gasoline prices was held over Radio News, Dallas, Texas, led by Hiram M. Dow, chairman of the Texas Gasoline Commission. Dow stated gasoline today cost 25 cents a gallon, as it did 25 years ago, and that competition among oil men has kept gasoline prices down. John W. House and Midland oil men, also participated. Left to right are: Hiram M. Dow, Texas Gasoline Commission; John A. Braue, KOSA oil editor, and C. L. Trigg, Midland manager.

Veterans News

Approximately 30,000 veterans of World War II who suffered hearing impairments in service are eligible for a special program of medical rehabilitation that the Veterans Administration has established to help them overcome their handicap.

Eligible veterans may take advantage of this program whether they require medical attention to improve their hearing or whether they need rehabilitation to overcome the handicap of a permanent hearing impairment.

The complete rehabilitation course includes a series of hearing and speech tests, the selection of an fitting of a hearing aid if indicated, auditory training, lip reading instruction and speech correction if necessary.

Louisiana State University at Baton Rouge is one of 26 institutions throughout the nation with which the Veterans Administration has contracts to provide this service for veterans.

Opportunities for careers in forestry are described in a "Handbook of Information on Entering Positions in Forestry" which has been distributed to all Veterans Administration vocational advisors.

Published by the Society of American Foresters in Washington, D. C., the booklet contains descriptions of positions in forestry, duties, working conditions, salaries, requirements for entry and methods of applying for jobs.

The handbook also lists agencies, both private and Government, which employ foresters and persons in related occupations. Veterans desiring to train for forestry positions under the G. I. Bill were cautioned that the field is limited and possibly might become overcrowded.

Approximately 104,000 World War II veterans are learning to

Mahon Says Trieste Is Now One of the Danger Spots of the World

(By George Mahon)
This is being written from the city of Trieste, a town of about 300,000 on the shores of the Adriatic sea. I am here in Trieste with a Congressional subcommittee charged with making a study of our foreign aid program. I had hardly heard of this city prior to the war and that is probably true of most Americans. It is now one of the danger spots of the world.
The place belonged to Austria before World War I and to Italy after World War I. The city and a small bit of land surrounding the city have now been set up as a free state which is to have a governor appointed by the United Nations. The city of Trieste is only five miles from Yugoslavia. At the conclusion of the war, Yugoslavia and Russia demanded that the city be made a part of Yugoslavia—America and Britain refused to agree as most of the people in the city are Italians, and the Free State was finally agreed upon.
A force of 5,000 American troops and a similar number of British troops occupy the city of Trieste. The city is the dividing line which separates Russia and Yugoslavia from the western world. It may be our first line of defense against Russian aggression. In addition to maintaining our troops here, we are spending about \$800,000 per month to help feed the people of the area. A ship load of American wheat arrived recently and there are no signs of starvation here. The Port was heavily bombed during the war. Our government is supporting a plan to make the place self-sustaining.
During the stay of our Committee in Trieste, Treaty provisions have gone into effect setting up the new state, and Ratification Day has been celebrated. It has been a very precarious time for American and British military forces.
The Commanding General of the Yugoslav Army served notice upon our military headquarters that his army contrary to the provisions of the peace treaty was marching into the city of Trieste at 10 o'clock at night on Ratification Day. Our forces manned the roads to the city with instructions to prevent the entry of the Yugoslav army. The Yugoslavs engaged in some military maneuvers and threats, but when it became apparent that the Americans and British had called their bluff, they withdrew their forces.
There has been an air of uneasiness throughout the city during our stay here. There have been numerous riots and demonstrations by the Communists.

Let Us Show You the Lower Rio Grande Valley!

An 80 mile long valley nestled along the north bank of the Rio Grande River. Here, sunshine, soil and natural resources, coupled with man's ambition and ingenuity, yields a quarter billion dollars yearly. This is one place where there is no crop failure.
Grapefruit, oranges, lemons and other fruits are grown in such quantities of such superior quality that this is now one of the three ranking citrus producing centers of the world. It is the home of the famed Texas pink and ruby red grapefruit, produced there in larger quantities than any other section.
You will marvel when you drive in almost any direction for mile after mile and see, stretching to the horizon, row upon row of these trees, heavy with fruit and flourishing on the endless acres of rich, river-silt land, regularly irrigated by the life giving waters of the Rio Grande. You've never seen a place like it.
Let us show you this valley, the gulf of Mexico, and a trip into Old Mexico, at no cost to you. You will not be asked to buy anything.

BRUCE W. DAVIS
Vs.
E. D. ADKINS, ET AL
A brief statement of the nature of this suit as follows: Trespass to try title. Plaintiff alleges that on the 1st day of August, 1947, he was the owner in fee simple title and entitled to the possession of what is known as Lots Nos. 1 to 3, inclusive, in Block No. 1 of the Cottage Lawn Addition to the town of Haskell in Haskell County, Texas.
Plaintiff alleges that on said date Defendants unlawfully entered upon said property and dispossessed him and have since such time unlawfully withheld from Plaintiff the possession thereof to his damage in the sum of Five Hundred (\$500.00) Dollars. Plaintiff pleads the five (5), ten (10), and twenty-five (25) years statute of limitation as barring any claim to said property upon the part of any of said Defendants. Plaintiff prays for Judgment for title and possession of the property above described and alleges "This action is brought as well to try title as for damages."
The officer executing this process shall promptly execute the same according to law and make due return as the law directs.
Issued and given under my hand and seal of said court at office in Haskell, Texas, this

YOU NO LONGER GET A 'LIGHT' BILL
Kilowatt hours
IN
IT'S A SERVICE BILL TODAY!
The old-fashioned "light" bill, like the surrey with the fringe on top, is a thing of the past. Electricity for lighting is only one of many items represented by your electric service bill. Today, in most homes, you're likely to find two or more electric appliances in every room—many homes have a score or more. That's why your electric service bill can no more rightly be called a "light" bill than a "refrigerator" bill.
The cost of a kilowatt hour of service to residential users has decreased one-third in the last 14 years.

Uncle Sam Says

Millions of my young nieces and nephews are returning to school to learn from their teacher, schoolmates and books a way of life. Besides grammar, history, arithmetic, other courses, they will come face to face with sportsmanship, honesty, self-reliance and the habit of thrift. Facts crammed into the heads of Willie and Jane will come in handy, but thrift is something which will be vital to their well-being every day of their lives. Of course the habit of thrift may be acquired in many ways, but a sure way is the participation of my young nieces and nephews in the United States Treasury Department's School Savings Program.

Church Women's Group In Regular Meeting Monday

Third quarterly meeting of all of the church women in Haskell was held September 29 at the Presbyterian Church. Mrs. Sam Chapman, president of the Missionary Society of that church, welcomed the guests and presided at the meeting. It was voted that a president and secretary be elected for the organization and that it be given a name. The following nominating committee was appointed to submit their suggestions for these positions: Mrs. J. M. Glass, Mrs. L. M. Jones, Mrs. Joe Maples, Mrs. O. E. Patterson, Mrs. Belton Duncan. Mrs. Albert Mikuta led the singing of hymns, accompanied on the piano by Mrs. Harold G. Wise, after which an inspirational program in the form of a cantata, Christ for the World, was presented by the wives of the local ministers.

TRAPPED IN WELL 21 HOURS

Warner, N. H.—Norman Woods, 23-year-old army combat veteran, was trapped for more than 21 hours at the bottom of a 20-foot well which caved in on him. Woods was unable to move from his waist down, his legs being held fast by timbers and debris. Volunteers and State police worked all night to dig him out. He was rushed to a hospital.
