And many other improvements for greater safety, economy and convenience.

A Miser on Fuel! Powerful Continental valvein-head engine, combined with the weightsaving and automatic traction control of the Ferguson System, gives you more work from a gallon of fuel than you ever dreamed possible! High-torque design to give you amazing lugging power at low engine speeds. Responsive governor, fully enclosed from trash and dust. High-efficiency cooling fan and removable "wet" sleeves with full-length water circulation. An engine built to "take it!"

A New System for Low-Cost Hauling with revolutionary method of linking trailer to tractor. With this new Ferguson System of transportation you can haul loads of 3 tons or more out of soft fields, up steep grades, on slippery roads or over rough ground. On countless farms, located at average local market distances, this latest Ferguson invention siashes costs of hauling farm products-a revolutionary new solution to your farm transportation problems.

Only the Ferguson System, invented, perfected and patented by Harry Ferguson, and authorized only for use in the new Ferguson Tractor, gives you all five of these big advantages: 1. Penetration without excessive implement weight. 2. Both finger tip and automatic hydraulic depth control. 3. Traction without excessive built-in weight. 4. Keeps the tractor's front end down. 5. Automatically protects both implement and tractor when the implement strikes an obstruction.

Dr. David C. Ballard

Stamford, Texas

W. Q. Casey for Mayor

A capable business man and former banker, he has been a resident of Haskell since 1939 and is well acquainted with the civic needs of the community. He is a past president of the Lions Club.

As Mayor of Haskell, he will favor:

- 1. The kind of city government that the people want.
- 2. Fair allocation of tax on city property.
- 3. Submitting all important issues to a vote of the people.
- 4. Improvement of ALL streets.
- 5. Renovate City Park and provide adequate facilities for our Youth.
- 6. A workable budget, with a fair allocation of city tax money for all needed municipal services.
- 7. Cooperate in the improvement of all public institutions.
- 8. Represent all parts of the city equally.

A Vote For Casey Is A Vote For A More Progressive Haskell Cities Don't Grow, They Are Built!

Frierson. 1

located. J. R. Fouts, 903 North in good condition. Clay Smith 14-4p phone 912-F11, Haskel.

special hall of fame for good telephone users. These are the

folks who use the telephone party line sharingly. They respect their neighbors by not talking too long nor too often. They always replace the telephone on the hook after talking. Our hall of fame would include

courteous children-considerate teen-agersneighborly adults. This would be a gallery of really good neighbors-don't you agree?
