HASKELL COUNTY HISTORY

Brief Items Taken from Old Copies of The Free Press

20 Years Ago—July 5, 1928

E. H. Breeden, living near the crossing on the Wichita Valley Railway between Haskell and Stamford, was exhibiting in town Saturday an old pistol, watch and razor which his children found buried in the yard at their home. The articles were rusted and corroded, and apparently had been buried many years. The pistol was an old cap and ball model, and the watch was an old-fashioned key-winder.

Rochester business men are sponsoring a two-day picnic and political rally to be held in that city Friday and Saturday, July 13 and 14.

V. C. and V. A. Dulaney of the Haskell Electric Gin made a business trip to Oklahoma the first of the week.

Work of revising the premium list for the 1928 Haskell County Fair was started this week and copy will be in the hands of the printer within a few days, in order that the booklets may be sent prospective exhibitors at an early date.

Born, to Mr. and Mrs. R. I. Johnson of this city, a fine son Saturday, June 26.

Mrs. D. L. Cummins and daughter, Mrs. Eugene Marshal Regen of Nashville, Tenn., have returned from Belton, where they visited Mrs. Cummins' mother, who has been ill.

R. G. Stoker of Crystal Falls is here for a few days looking after his property interests and visiting his children.

Mr. and Mrs. J. T. Therwhanger of the Weinert section were in Haskell the first of the week.

M. H. Guinn and son Roy, T. D. Strickland and Archie Wiseman made a business trip to Abilene and Clyde Friday.

Mayor T. C. Cahill, past Exalted Ruler of the local Elks Lodge, left Friday for Miami, Florida, where he will attend the National Convention of Elks as a delegate from the Haskell lodge. Alderman Leo Southern will serve as Mayor pro tem during the absence of Mr. Cahill.

30 Years Ago—July 6, 1918

R. M. Butcher of the Mitchell community passed through Haskell Wednesday enroute to Camp Mabry, where he will report for military service.

J. N. McFatter of Haskell is now doing some contract work at Ranger. He reports things booming there, and a heavy demand for laborers of all kinds.

E. H. Kemp has resigned his position as Farm Demonstrator of Haskell County and will enter some branch of military service.

Mrs. R. C. Montgomery and mother, Mrs. J. S. Rike returned Monday from a two weeks visit with relatives at Farmersville.

S. M. Davis, cashier of the Farmers State Bank of Rule, was a business visitor here Monday.

County Tax Collector H. H. Langford reports that to date 600 women have registered as voters in Haskell County, and he expects the total to reach 1,000.

A small cyclone struck in the New Mid and Dennis Chapel communities last Thursday night, damaging several homes and farm buildings in that section, but fortunately, no one was injured.

Verden E. Skains of the Rochester section has announced his candidacy for County Clerk of Haskell County.

Lonnie Williams, who is in the Army and stationed at Camp Bowie, is spending a furlough with his parents in the Brushy community.

Mrs. Courtney Hunt is visiting relatives in Merkel this week. Mr. Hunt accompanied her as far as Abilene, returning home Tuesday.

The threshers are starting on the small grain crop this week. S. W. Scott is away on a business trip to Fort Worth, Waco, and Austin.

Miss Mary Tandy provided a unique moonlight entertainment for a large number of young people Monday night. Several large wagons were filled with straw and guests were taken for a ride, rounding up at the Cowboy Reunion grounds, where ice cream and cake was served at the grand stand.

Judge J. M. Baldwin announced his candidacy this week for re-election as County Judge.

The "Triple A's" came to the front again in fine style Tuesday night with a very enjoyable entertainment given their gentlemen friends at the residence of Mr. and Mrs. R. B. Fields.

We learned from the county judge that the scholastic population of our county for the coming school year, according to the census just completed by the trustees, is 517, and increase of 71 over the previous year.

Mrs. Geo. Ritter of Forney arrived yesterday on a visit to the family of L. N. Ritter.

Charles Kirby, accompanied by his granddaughter, Miss Minnie Jones, went to Abilene on Wednesday to meet Miss Kirby of Rockwall, who will visit relatives here for several weeks.

Our former townsman, H. N. Frost of Mineral Wells, and his family, are here this week visiting relatives and friends.

A telephone message received here at 5 o'clock Friday evening stated that Santiago had surrendered to U. S. forces. There were no further details, but this dispatch is undoubtedly true, as the last papers received said it was believed to be Gen. Shafter's intention to make an immediate attack before heavy Spanish reinforcements arrived in Santiago.

The 24th Senatorial District is Composed of the Following Counties:

New Pledges of Beta Upsilon Entertained Thursday Night

Sue and Patsy Pate were hostesses in their home Thursday night, June 1, to members of the Beta Upsilon Chapter of Epsilon Sigma Alpha Sorority.

As a part of their initiation, the new pledges of the organization were compelled to complete the sentence "I want a man, because—" in twenty-five words or less and read it to the members at the next meeting. Lucille Covey won first prize with the following entry: "I want a man, because no marriage was ever complete without one."

Other pledges competing were Patsy Pate, Frances Perry, Joan Fowler, and Mary Fay Fowler. Their entries had to be accompanied with five different box tops. The second part of their initiation demanded that each pledge beg one nickel from twenty-five different people.

The remaining assignments will be disclosed at the sorority's overnight encampment, Friday, July 9.

As is the tradition of the national sorority when a member becomes engaged, Carolyn Williams presented the group with a box of candy, announcing her approaching marriage.

A program committee, composed of Edna Minick, Mary Fay Fowler, and Wanda Dulaney, were appointed by the president, Sue Pate, to map out the summer activities for the group. A study course on Personality Development will constitute the agenda for the fall and winter meetings.

Those present were: Mary Ellen Edwards, Lucille Zelisko, Janice Pace, Mary Fay Fowler, Edna Minick, Lucille Covey, Frances Perry, Carolyn Williams, Joan Fowler, Wanda Dulaney, Mrs. Carrie Williams, Educational Director, and the hostesses.

NOAH'S ARK

SAN FRANCISCO, Cal. — The freighter President Grant, which recently docked here, was a variable Noah's Ark. It carried 2,000 birds, 200 monkeys, 100 cobras, boa-constrictors and other snakes, 200 Gibbon apes, 7 elephants, 6 bears, 4 Siamese golden cats and a pair of Hoopoe birds—all from Siam.

Summer Ideal Time To Make Minor Home Repairs, Expert Says

W. S. Allen, extension agricultural engineer of Texas A&M College, says summer time is a good time to check the outside of the home and make repairs. It may save a big repair bill later on.

Quite often, Mr. Allen says, the repairs can be made by the home owner.

"There are five major spots to be checked," he points out. "A good starting point is the foundation, then cornices, window frames and trim. Take a good look at the roof and be sure to check the gutters and downspouts."

Small cracks in the foundations or masonry walls can be repaired by filling with asphaltic cement, while large cracks should be chipped out to about half an inch or more and filled with cement mortar. Use caulking compound in cracks between walls and window frames, or where the chimney joins the house, or other joints.

Replace badly warped boards and shingles, whether walls or roofs. Split badly warped wood shingles on the roof and re nail them perfectly flat. Seal clapboard wall points with paint and doubtful joints in composition roofing with pitch.

Replace rotted wood around wooden cornices, window frames and trim. If re nailing is all that is needed, set and putty each nail.

Check metal flashings on dormers and chimneys for looseness, corrosion or lack of paint. Resolder all broken joints on gutters and downspouts and re paint the inside of gutters with metallic paint. Replace loose nails and straps holding gutters and downspouts.

Such minor repairs may bring major results, Mr. Allen concludes, by preventing large repair bills later on.

We are not too sure of our English, but we are convinced that "had" is the past tense of money. Wonder which is worse, the OPA or the HCL?

Housewives Advised To Simplify Work

When extension home management specialists of Texas A&M College meet with farm and ranch women over the state, the theme of their workshops is "Make Motions Count", or "More Work with Less Effort". And they prove that it's possible.

"You will get more and better work done in less time and with less effort", they tell the women, "by making the best use of man-poker, materials and equipment. And the first step is to break down the job."

List all the step of the job as it is done. Include such motions as pulling, pushing, bending, walking, lifting and moving materials.

Then question every step made. Ask: Why is it necessary; what is its purpose; where should it be done; how can it be done more easily, more quickly or better?

After these questions have been answered, the specialists point out, quite often the home-maker has found that she can eliminate a number of unnecessary steps. Rearrangement of work centers are often the results of such studies of housework.

"Leave out any part of a task you can," the specialists advise. "Use the best tool for that particular job. Sit to work whenever you can. Keep everything in easy reach. Make one job out of two or more, and finally, make both hands work. You'll be surprised at the time and energy that you will save."

Apples may be kept for several months in the natural state if they are in good condition, and if they are stored properly.

Powdery Mildew Is No. 1 Enemy of Crape Myrtle

The No. 1 enemy of crepe myrtles is powdery mildew. It forms a white, powdery covering on the leaves, stems and flowers and stunts the leaves, causing them to curl up. The entire twig may die; in fact, powdery mildew can kill even a large plant to the ground.

Miss Louise Newman, County

Home Demonstration Agent, says that Mildew forms more often on plants in damp climates than in dry areas, and plants in shady spots are liable to the disease. It disappears in hot, dry, summer, weather, but may return in the fall.

The best cure for the disease, she says, is dusting sulfur—the kind that is used to dust cotton. It's also known as 325-mesh sulfur. Dust after every rain or once a week. Be careful, in watering after dusting, not to wet the leaves.

Engagement Announced

(Photo by Zelma, Haskell)

Mr. and Mrs. W. L. Richey of the Rev. Allen W. Webb. Miss Haskell are announcing the engagement and approaching marriage of their only daughter, Jane, to Alfred W. Walker, son of Mr. and Mrs. A. M. Walker of Spur. Double ring wedding vows will be solemnized August 22 in the Haskell First Baptist Church by

the Rev. Allen W. Webb. Miss Richey and Mr. Walker are students at Baylor University and plan to continue their studies after their marriage. The bride-elect is a speech major and a member of Delta Alpha Phi social club. Mr. Walker is a senior law student.

Deaths from Cancer Increase in Texas

An increase of more than 18 percent in Texas cancer deaths during the five years between 1943 and 1947 has been announced by Dr. Geo. W. Cox, State Health Officer.

Texas mortality tables compiled by the Texas State Department of Health show 1943 cancer deaths at 5,557, as compared to 6,770 for 1947. "The greater part of this tremendous increase in cancer deaths is attributable to needless delay in seeking treatment, once a person has reason to suspect he has a cancerous growth," Dr. Cox said. He added his belief that advertising of patent medicines and so-called cancer cures puts dangerous and misleading information before the public, thereby adding to the cancer mortality rate. This is because people are lulled by such propaganda and do not receive proper diagnosis and treatment until it is too late. Dr. Cox said that almost two-thirds of all cancer cases rely on surgery to remove the cancerous tissue, while the other third may respond to X-ray or radium treatment.

Frances Rousseau Is Bride of Frank Henderson

Miss Frances Rousseau and Mr. Frank Henderson were united in marriage Thursday evening, July 1st, at the Methodist parsonage with the pastor, Rev. Vernon Henderson, reading the wedding vows. Mr. and Mrs. Arthur Henderson, brother and sister of the bride and groom, were the couples only attendants. Mrs. Henderson is the daughter of Mr. and Mrs. Trav Rousseau. She graduated from Haskell High School with the class of 1945. She is employed by the Ben Franklin store. Mr. Henderson is the son of Mr. Dollie Henderson and owns and operates a garage in Haskell.

For her wedding the bride chose a white eyelet Batiste dress using white accessories. She wore a pink carnation corsage. Mr. and Mrs. Henderson will be at home in Haskell.

Wichita Falls Rites Unite Jean Menefee, Joe McDonald

The marriage ceremony of Jean Menefee, daughter of Mrs. Claude Menefee of Haskell, to Joe McDonald, son of Mrs. Martha McDonald, 3672 Motor Ave., Los Angeles, California, was solemnized Friday evening at 8 o'clock in the Wichita Falls Baptist Church Chapel.

Wedding vows for the double ring ceremony were read by Dr. James H. Landes.

The bride wore a dove gray crepe dress with navy accessories. Her corsage was an orchid.

Mrs. George Wyatt was her sister's only attendant. She wore a dress of sable nest, with black accessories and her corsage was of carnations.

Earl Newton, cousin of the groom, served as best man.

The bride is a graduate of Haskell High School. She has been employed for the past three years in the bookkeeping department of the Wichita Falls Clinic-Hospital. She is a member of Alpha Tau chapter of Beta Sigma Phi, business women's Sorority and other social organizations.

The bride-groom was graduated from Wichita Falls High School and is now employed with the Pacific Finance Corporation in Wichita Falls. He served two years in the Army Air Corps.

A reception was held immediately following the ceremony in the home of Mr. and Mrs. Earl Newton.

The newly weds left for a wedding trip to San Antonio and other points of interest in South Texas. The couple will live in Wichita Falls.

Proper Care Is Big Factor In Quality Of Eggs

The quality of eggs is affected by their environment. In the case of eggs, that "environment" means the way eggs are handled from the time they are laid until the housewife serves them at the table.

Heat, says Miss Louise Newman, County Home Demonstration Agent, is the greatest enemy of high quality in eggs. Eggs should be gathered several times a day and the animal heat reduced as soon as possible. All eggs should be held below 68 degrees F.; higher temperatures break down the egg rapidly.

As a matter of fact, says Miss Newman, quality may be lower in eggs after three days of im-

MRS. WAYNE HILL

Sloan-Hill Wedding Vows Read July 3 in Lovington, N. M.

Wedding vows uniting Miss Sylvia Sloan, daughter of Mr. and Mrs. J. M. Sloan of this city and Wayne Hill, son of Mr. and Mrs. V. C. Hill of Lubbock, Texas, were read Saturday, July 3, at Lovington, New Mexico, in the Methodist parsonage by Rev. W. R. Houston.

The bride attended Haskell High School and was a member of the 1946 graduating class and a former employee of the Western Union at Lubbock.

Mr. Hill attended Idalow High School and served 6 years in the U. S. Navy and since his discharge has been engaged in farming.

After a short wedding trip to Carlsbad, New Mexico, and this city, the couple make their permanent home in Shallowater, Texas.

proper handling than in eggs which have been properly stored for as long as six months.

Quality egg rules for the flock owner include: Keep hens in the laying house until late afternoon on rainy days; put ample clean nesting material in the nests; remove broody hens from nests; remove male birds from the flock; cover dropping pit with wire; gather eggs three to five times a day; cool eggs promptly after gathering and store them in a cool place.

For business firms: Handle eggs carefully; store eggs in good cases with clean flats and fillers; keep eggs at proper refrigeration and away from strong odors.

For the housewife: Keep eggs in clean containers, under refrigeration in the hot summer months and away from other foods which have strong odors.

Veterans' News

The Veterans Administration has prohibited the expenditure of any government funds for veterans' training courses of a recreational or vocational character after July 1, 1948.

The new VA policy is in compliance with the Independent Offices Appropriation Act for 1949 in which Congress directed that VA provide no further payments for courses of this type.

These include, generally, such courses as photography, dancing, gliding, personality development, entertainment courses, sports and athletics, bar-tending and certain music courses.

Training veterans to fly or related aviation courses will be paid for by VA only where the veteran establishes that the training is in connection with his present or contemplated business or occupation and can pass required medical examinations.

Veterans presently enrolled in courses of this type will be allowed to finish.

But no future enrollments will be authorized by VA unless veterans completely justify that such training is in connection with their present or contemplated business or occupation.

Courses of education in approved public or private elementary or secondary schools or institutions of higher learning are not affected by the new VA policy. Neither has there been any change in the status of recognized vocational training, institutional on-the-job training or other training-on-the-job.

The prohibition of the Appropriation Act of 1949 is in accord with and reemphasizes the underlying spirit and intent of the educational and training provisions of the Servicemen's Re-

adjustment Act, a VA spokesman pointed out.

Therefore, veterans should not seek to pursue courses for vocational or recreational purposes, but only courses which will contribute to the veterans' vocational or occupational advancement or educational objective."

QUESTIONS AND ANSWERS

Q.—I have been drawing \$57.50 each month from my \$10,000 War Risk Insurance since my discharge from the Army after World War I. Are such payments discontinued after the \$10,000 is exhausted?

A.—No. Payments may be continued for the remainder of your life, provided your total disability remains unchanged.

Q.—I would like to appear before the Rating Board to explain my own claim. May I do this?

A.—Yes, but a definite appointment should be made and you should be there at the time for which the hearing is designated. Expenses incidental to going to or from the Rating Board hearing must be borne by you.

Q.—Why do I have to pay the two monthly premiums instead of one when I reinstate my lapsed National Service Life Insurance policy?

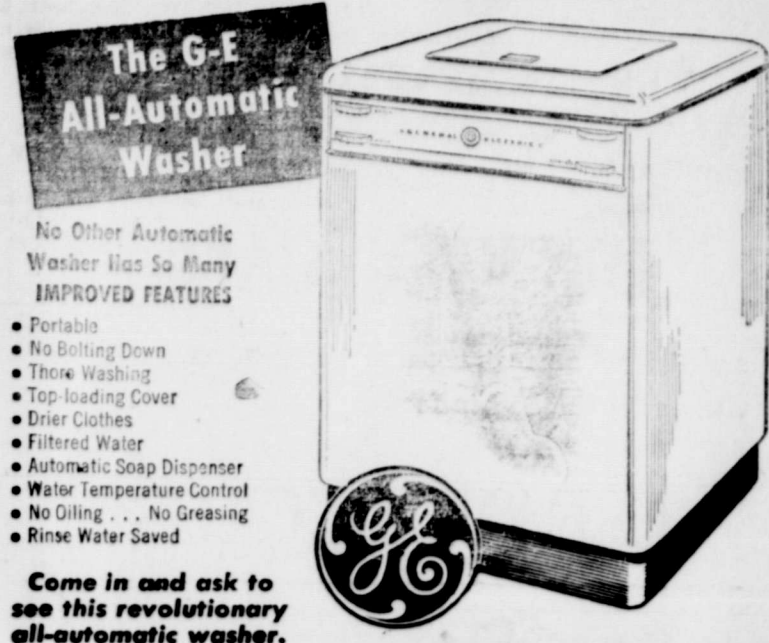

A.—One premium is for the 31-day grace period following the date of lapse, during which the insurance was continued in force without payment of premium; the other is for the current month of your insurance policy's reinstatement.

Q.—My son, a World War II veteran, is in a VA hospital in a distant city. Will I be permitted to visit him every day if I go to live in the city where the hospital is located?

A.—Yes, if his condition permits such visits. All Veterans Administration hospitals have special hours set aside each day for visitors, the same as civilian hospitals.

Declaration of Independence!

He's on his own. It's a wonderful feeling. He can go places now. And he'll keep on going places all his life—as long as he keeps his sense of independence.

That's America's richest resource—not forest, field or mine, but the spirit of her people. Ambition, energy, self-reliance are the reasons why individuals—and industries—grow great from small beginnings.

Take the electric industry—this company, for example. A few practical dreamers opened up an "electric frontier" when in 1915 they strung the first transmission power lines in West Texas. People of faith and vision risked their savings. Other folks combined skill and hard work to produce better and better service—at lower and lower costs—creating more and more jobs—and carrying the benefits of electric living to more and more West Texans.

That's the American way of progress. Free enterprise, vision, and hard work. They are what built America and the American way of life, which is the highest standard of living in the world.

No nation has ever found a satisfactory substitute for that combination. No nation ever will.

To The Voters Of Haskell County

Athens, Texas
June 19, 1948

Gentlemen:

It has come to my attention that Elton Corley is now in the race for sheriff of your county. I have known Elton Corley for a long time. He worked six years as deputy sheriff under my administration as sheriff of this county. I served this county as sheriff for 14 consecutive years, and Corley was one of my deputies. I always found him dependable, worthy, and a very efficient officer in every respect. He has plenty of ability as an officer and has always been efficient in his duties, both with me as sheriff and the public generally.

I take pleasure in commending him to you citizens of Haskell County as a man worthy of your support for sheriff. And if elected, I feel sure he has the ability and will make you a good sheriff.

I write this letter in his behalf, for the reason I know he is new to your section, and you desire to have the best information obtainable as to his qualifications and honesty, and I can commend him in every respect.

Yours Sincerely,
Jess Sweeten

To the Voters of Haskell County:

I ask your support
BECAUSE

1. My experience as a County Official, both as Tax Collector and County Judge and as a Business Man, Farmer, and Cattleman, will enable me to understand and represent interests in the Texas House of Representatives.
2. During my service as a member of the 49th and 50th Legislatures, I worked for supported a Constructive Program for the Veterans, Adequate Appropriations for a Health Service, Educational System, Farm-to-Market Roads, Soil Conservation, and the Folks of Texas.
3. I favor adoption of the Ellis Plan for the Prison System, a Farm-to-Market Program, all funds to be provided by the State. Economy in government spending.
4. I am against any Organization, Association or Special Interests having Control Monopoly.
5. I am financially able to accept the responsibility of the office, and if you re-elect I will take care of your interests to the best of my ability.

Your Vote and Influence Will Be Appreciated.

Elimination of Farm Hazards Is Goal In Safety Program

The goal of the 1948 Farm Safety program is the elimination of 30,000,000 farm hazards.

Agriculture ranks third among industries in the number of people per thousand workers killed each year by accident.

"Farm people of the 25 to 44 age - group the most productive group - are most often killed in farm accident."

"Motor vehicles are the cause of the largest number of accidents on the farm."

These statements were made recently at a meeting of the Texas State Farm Safety Committee when it met on the campus of Texas A. & M. College to make plans for Farm Safety Week, July 25-31, and to formulate a year-round farm safety campaign.

"With a record like this", E. C. Martin, chairman, told the group, "it's imperative that farm safety be emphasized 52 weeks of the year. It's not a one - week job." Mr. Martin is assistant state agent of the Texas extension Service.

Accidental deaths on farms are caused by falls, machinery, ani-

OLIVER

Begins Its Second Century

...with a

New Farm Tractor Fleet

Three new Oliver tractors to fit your farm power needs! A new 2-plow, 4-cylinder "66"! A new 2-3 plow, 6-cylinder "77"! A new 3-4 plow, 6-cylinder "88".

Your choice of three great new engines for all three! An "HC" for gasoline, a "KD" for tractor fuels, and a diesel that will be available later.

All three are equipped with 6-forward-speed transmissions. The remarkable new direct drive power take-off is available for all three. A choice of cast iron or stamped steel wheels to fit your traction and weight requirements—interchangeable among all three Row Crop models.

All three are farm-engineered... incorporate the same advanced new features. Oliver's full line of centrally mounted and rear suspended tools are basically interchangeable among all three Row Crop models.

Available in Row Crop, Standard, Row Crop with Adjustable Front Axle, or Row Crop with Single Front Wheel. See us first for facts on all the modern, valuable farm features on this versatile new tractor.

Can Black-Draught Help That Headachy Feeling?

Black-Draught may help you when you feel lory if the only reason you feel that way is because of constipation. Black-Draught, the friendly laxative, is usually prompt and thorough when taken as directed. It costs only a penny or less a dose. That's why it has been a best-seller with four generations. If you are troubled with such symptoms as loss of appetite, headache, upset stomach, flatulence, physical fatigue, sleeplessness, mental business, bad breath—and if these symptoms are due only to constipation—try Black-Draught. Get a package today.
