

Scalp Spur 19-6 In Season's Opener; Rochester Steers Here Friday Night

By Tooley

Haskell fans, including the pep squad, gathered to see the team since 1938 in the first four games after a series brought them 63 double strip, 145 pound back, led his right end to score the first point. After the Bulldogs' kick-off, the Indians brought the ball until the eighth to end the game. The extra point failed and the half.

Drilling operations on three adjoining tracts called for in lease filed here. Drilling operations are scheduled to start within the next few months on three adjoining tracts of land north of Haskell and about midway between Weimer and Rochester, under terms of an oil, gas and mineral lease recorded in the office of County Clerk Horace O'Neal last week.

Polio Fund Drive Support Urgently Requested. The need for local support in the nationwide emergency fund drive for polio funds was stressed today by J. M. Crawford, chairman for the drive in Haskell county, and A. C. Pierson, who for 4 years has served as county chairman for the infantile paralysis chapter.

Weather Slows Scout Finance Campaign. Annual finance campaign for the Boy Scout program, in which it was planned to raise a minimum of \$3,000 in money and pledges as Haskell's share in underwriting the program in the seven-county Chisholm Trail Council, was launched on schedule Tuesday morning at a breakfast in the Texas Cafe, but progress of the campaign was slowed by adverse weather conditions.

Immunization Program Underway In County Schools. Mrs. W. P. Trice, county school nurse, announced this week that all schools in Haskell county were sponsoring a county-wide immunization program against communicable disease.

Pvt. Jimmy Ray Lee Begins Training at Lackland AFB. Pvt. Jimmie Rae Lee, 17, son of Mr. and Mrs. George Yancey of Haskell, has reported to Lackland AFB, "the Gateway to the Air Force," to begin the AF basic airman indoctrination course here.

Over-Crowded Situation In Haskell Schools Is Major Problem Before Trustees; New Housing Facilities Project Being Considered As Only Permanent Solution. The Haskell Schools have had an over-crowded situation for the past several years. This condition is rapidly growing worse.

Back From Hunting Trip In Wyoming Country. Returning Wednesday evening from a ten-day vacation, hunting and fishing trip in Jackson Hole country in Wyoming were Mr. and Mrs. Giles Kemp, Haskell, and Mr. and Mrs. Ollie Kittley of Rule. Heavy snows in the section they visited made big game hunting difficult, they reported, and only a small amount of game was bagged.

Baptists of Area Here for 2-Days Conference

A state denominational budget of ten million dollars will be the main item of discussion for Baptists of this area who are meeting here today and Friday for the annual conference of the Haskell association. The two-day meeting is being held in the First Baptist church.

L. H. Tappcott, state Brotherhood secretary for the Baptist General Convention of Texas, will present the ten-million-dollar budget, which comes up for approval at the statewide Baptist convention in El Paso in November. For the first time, the state executive board will ask the convention to adopt a budget only half of which will go for state missions, the other half to worldwide causes.

Flood Maroons Two Drilling Crews Near Rochester. More than three and one-half inches of rain which fell in the Rochester and Knox City area Tuesday and Wednesday temporarily marooned two drilling crews in the northeast corner of Stone-well county.

Haskell and Spur Game Nets \$308 to Athletic Fund. First football game of the season for the Haskell Indians played Friday night at Spur with the Bulldogs as opponents in a non-conference affair, netted \$308.78 for the athletic fund of Haskell High School, financial report of the game revealed.

Haskell Merchants Pick Dec. 1 As Date For Annual Christmas Program. Haskell's annual Christmas program has been set for Thursday, Dec. 1, according to an announcement this week by Claud Harrison, chairman of the chamber of commerce trade extension and goodwill committee.

Over-Crowded Situation In Haskell Schools Is Major Problem Before Trustees; New Housing Facilities Project Being Considered As Only Permanent Solution. The Haskell Schools have had an over-crowded situation for the past several years. This condition is rapidly growing worse.

Supervisor To Be Elected For Soil District. Next Tuesday evening, September 20th, at 8:00 p. m. an election will be held at Sagerton schoolhouse in Sub-division No. 5 of the California Creek Soil Conservation District to elect a supervisor.

Social Security Man Coming to Haskell September 22. Ralph T. Fisher, Manager of the Abilene office of the Social Security Administration, will be at the Chamber of Commerce in Haskell at 11:00 a. m. on Thursday, September 22. Persons wishing assistance with retirement claims or death claims under the Social Security Act should call at that time for necessary help and information.

S. & M. Garage Suffers Heavy Fire Damage

One of the most disastrous fires to occur in Haskell's business district in recent months last Friday caused damage estimated at between \$7,000 and \$8,000 to machinery and equipment in the Stewart & Middleton Garage and the Couch building housing the establishment in the 300 block on North First Street.

The blaze was caused by a flash explosion which occurred while E. J. Stewart, co-owner of the garage, was cleaning a workbench and tools with gasoline. Electric sparks from a nearby air compressor was believed to have ignited gasoline fumes, causing the resultant explosion, Stewart said.

Pierson No. 1 Test Nears Top of Palo Pinto Series. Operators were expecting to top the Palo Pinto reef Thursday afternoon in T. D. Humphrey & Son No. 1 M. Pierson, a north offset to the same operator's No. 1 T. L. Ballard, in which production was developed in Palo Pinto series around 3592 feet.

Northwest of Rule, operators were drilling Thursday morning at 4900 feet in the T. D. Humphreys No. 1 John Behringer in the southeast part of Green B. Cook survey, Abst. 39.

As the aftermath of a shooting affray in this city last Friday morning, Robert Long, about 45, well-known farmer and farm construction worker faces a complaint charging assault and attempt to murder, and Roy Medina, a 27-year-old Mexican farm worker, is recovering from a gunshot wound which necessitated amputation of his left hand at the wrist. Surgery was performed at the Haskell hospital, where Medina was taken after the shooting, and the Mexican was discharged from the hospital the first of the week.

The shooting occurred at the intersection of Ave. C and North 1st Street in the vicinity of the City Hall, and was witnessed by a large crowd of spectators who had gathered to watch firemen battle a blaze in a building across the street from the municipal building.

According to several bystanders, the shooting took place when Long met an automobile occupied by Roy and John Medina, brothers, and another Mexican, Toribio Tonche, about 29. One blast fired by Long from a 16-gauge shotgun struck Roy Medina in the left wrist, and a second shot was wild. Tonche was struck in the right shoulder by several pellets causing only superficial flesh wounds.

Long told arresting officers that he had been threatened by Toribio Tonche, the younger Mexican, and that the shots were intended for Tonche. He did not know the other two Mexicans in the car, he said, except as companions of Tonche. Newspaper files and court records show that Tonche was involved in an affray here last year in which another Mexican was shot and wounded.

In an examining trial Friday, Long was released under \$500 bond, pending Grand Jury investigation of the shooting, and Tonche was placed under \$500 peace bond.

Chill Weather Pays Early Call to This Section Tuesday. Chilling temperatures which followed on the heels of a light "norther" during Monday night, brought a foretaste of winter to this section Tuesday morning along with additional moisture in the form of slow soaking rains which were reported general over a wide area.

36th Division Reunion Slated At Waco

Haskell county men will be among the thousands of 36th Texas Division veterans who are expected to attend the annual re-

union in Waco, Sept. 9-11. The famous division saw about 363 days of front line service in Italy, France, Germany and Austria. It fought in seven major campaigns and made two amphibious assaults—the famed Salerno landing, and the landing on the southern coast of France on Aug. 15, 1944.

The reunion date was selected in commemoration of the Salerno landing Sept. 9, 1943, which was the first such operation against the European mainland. The meeting is held annually on a week end closest to that historic date.

A business meeting of the officers of the association is scheduled for Friday, Sept. 9, at the Roosevelt Hotel in Waco, followed by a general meeting on Saturday morning at the National Guard Armory. A barbecue is planned for the afternoon, and a dance for the evening. Regular election of officers and a memorial service will be held on Sunday.

Reservations may be mailed to Wiley Stem, at either the Raleigh Hotel or the Roosevelt Hotel at Waco.

All of our farm grains are deficient in vitamin A, except yellow corn. Green pastures, green leafy alfalfa meal and yellow corn will supply hogs with all their vitamin A requirements.

Southwest Farm Prices Range Slightly Lower During Past Week

Southwest farm prices ranged from slightly higher to somewhat lower compared to a week ago, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Lettuce showed some decline from recent peak prices late last week at most terminal markets. Sweet potatoes and tomatoes strengthened on lighter supplies.

Onions sold higher at Colorado shipping points, and cauliflower lower. Peaches, potatoes and peas remained steady to firm.

Fair demand for eggs and poultry held prices steady. Canned white eggs sold mainly from 50 and 28 to 55 cents a dozen in the southwest, and mixed colors 45 to 50. Best fryers brought 20 to 24 cents a pound at Denver and 28 to 30 in North Texas.

Most cattle and calves arrived at southwest and midwest markets last week than the week before. Price trends were very uneven, but, in general, fed cattle were steady to higher and grassers somewhat lower. Calves ranged from weak to \$1 lower, but other classes varied from weak to strong at the different markets. Most beef and veal sold steady to higher in Chicago, but lower grade steer beef weakened. Butcher hogs and sows brought higher prices last week despite heavier receipts. Sows gained more than butchers, but pigs held about unchanged. Pork loins sold higher at Chicago, and most other cuts weak to lower.

Cotton closed Friday unchanged from a week earlier at Dallas, and 5 cents a bale lower at Little Rock. Other markets declined \$2.75 to \$3.75 a bale.

Provide ample shade for the growing pullets. Shade on the range is most important during the hot summer and early fall months.

100 Farmers Make Range Tour Over Lueders Area

Approximately 100 farmers and ranchers and many representatives of agricultural agencies met at the Stamford High School Wednesday afternoon to make a range tour near Lueders. This tour was sponsored by the Supervisors of the California Creek Soil Conservation District.

The first stop was at the Stamford Golf Course. Supervisor John R. Watson, Sr., of Paint Creek, addressed the group

through loud speakers and explained the importance of range conservation within the district and the purposes of the tour. He pointed out that more than half of the acreage in the District was in grassland and in need of conservation practices. He introduced James W. Lindsey, Soil Conservation Service range technician, for further discussion regarding the site on the golf course. Lindsey called attention to the vegetation on the gravelly red hills and explained that, although this site was unusual, it showed the type of vegetation that would grow on this type of soil. He explained that these same grasses

could be found on the red hills in this area where grazing had been properly controlled through deferment and rest. The next stop was at the A. C. Braun farm south of Pleasant Valley school. A waterway of native grasses and alfalfa which served as a pasture or meadow strip was observed. M. T. Turner, Work Unit Conservationist, gave a description of the set-up and pointed out that the meadow strip was serving a "dual" purpose—erosion control and supplementary grazing to rest pastures. A. C. Braun explained to the group his methods of using the alfalfa and grasses and

the returns he gets from them. At this point a heavy rain caused the tour. Plans to have another tour in the future, but no date was made. A half once of cecesan or a like agent planting seed. The plan M will treat the oats. This treatment preventing losses smut, seed rot, blights and dockage time.

many of the needed aftermaths of polio if prompt nursing care is available.
Urging retired or married nurses or those whose employers can release them to call hometown Red Cross chapters for enlistments, Miss Trot, pointed out that although the organization has obtained 529 polio nurses since July 1, the demand for skilled nursing care is increasing. Demands are particularly heavy from Missouri, Iowa, and Illinois, she said.
"It is not our intention to take nurses away from jobs or homes where they are needed," Miss Trot said. "We want nurses who are not now working at their professions, and those whose employers are willing to release them for two or more months. Married nurses with children can, for example, enlist for general ward duty in hospitals, thus relieving other nurses for polio duty."
Miss Trot pointed out that the

Seed Preparation Is Important in Fall Grain Planting
Planting time for winter grain crops is just around the corner and now is the time to get the seed ready. It is important to plant good seed and of the right
Red Cross recruits only registered nurses to give nursing care to polio victims by agreement with the National Foundation for Infantile Paralysis. Both organizations, she added, are determined to furnish only the best possible nursing care to polio patients whose recovery might be impeded by inept handling.
"I appeal to the compassion and responsibility that has always distinguished the professional nurse," she said, "in urging nurses, wherever possible, to ask their local Red Cross chapters how they can help in this crisis."

A. T. BALLARD - MGR.
Phone 85 Haskell, Texas

variety. E. A. Miller, extension agronomist of Texas A. and M. College, suggests that you check with your local county agent on the varieties that are best adapted to your particular section of the state.
If the seed you intend to plant are mixed with weed seed, they should be cleaned and then treated chemically as a safeguard against losses from grain smuts, seed rot and seedling blights, says Miller.
Stinking smut is the most serious wheat disease. If there are smut spores on the seed, they will germinate with the wheat seed—if conditions are favorable—and will grow up with the wheat plant. Stinking smut is hard to detect in the field, says Miller. If the infestation is severe, you may notice a foul odor and the heads will take on a darker green color. At heading time, the heads will have masses of smut spores where the kernel should be and during combining operations these smut balls break open and scatter millions of black spores over the healthy seed.
Oats and barley are often attacked by smut but here it is easily detected by the black barren stalks in the field.
An effective method of control for these smuts is to treat each bushel of seed with 1-2 ounce of new improved cerasan

with a like amount of the new chemical called cerasan M. Loose smut is something else. It causes the grainless black heads that you have probably seen in your wheat field, says Miller. It cannot be controlled by chemical treatment—only by a difficult hot water treatment—and for that reason Miller says it is best to get seed from growers who do not have the disease in their fields.
The same chemical treatment can be used on oats and it will also help control the new disease called helmet-spore blight to which Victoria oat smut is known. Fulex, Ranger, Rustler and Victor Grain are susceptible. One symptom of this disease is weakening of the stalks which causes lodging.
Miller says that treating grain seed in good insurance against losses in yields due to smut and other seed borne diseases and against dockage losses when you sell. Your local county agent will be glad to supply you with additional information on seed treatment methods and he can also furnish plans for making the seed treatment equipment, adds Miller.
One of the simplest, surest and quickest ways to judge the quality of a canned product is to study the informative label attached to the product.

Baptist Church Is Scene of Wedding Ceremony Uniting Miss Jeffie Maud Toliver and Borden W. Clifton

The First Baptist church was the scene Thursday evening at 8:00 o'clock for the wedding of Miss Jeffie Maud Toliver and Borden W. Clifton.

The bride is the daughter of Mr. and Mrs. Lynn Toliver. Mr. and Mrs. E. R. Clifton are the

Pews were marked with white satin bows. The bride, who entered on the arm of her father, wore a street length dress of sandal wood satin fashioned with a boat neck line, with black accessories. The bride's bouquet was white carnations. Following traditions she wore for something old a gold bracelet belonging to her mother. For something borrowed she wore a gold diamond necklace belonging to the brides' aunt, Mrs. McCloud.

MRS. BORDEN W. CLIFTON —Photo by Zelma

Robbie Shewmake of Abilene sister of the bride, was matron of honor. She wore a dress of slate blue satin fashioned identical to the bride's. She wore a rhinestone necklace which was a gift of the bride. She carried a colonial bouquet of picardy gladiolus.

Hess Hartfield served as best man. Ushers were A. L. Shewmake of Abilene, and Buck Everett.

Mrs. Marion Josselet was organist. She played traditional wedding music during the ceremony. Miss Carolyn Turner, soloist, sang "Always" and "Because." The bride is a graduate of Haskell High School and has been until recently employed by the telephone company. The bridegroom is a graduate of Kermit High School, and attended the University of Texas. He served in the Medical Corps of the U. S. Navy for three years.

After a wedding trip to points in Colorado, the couple will live in Abilene, where Mr. Clifton is employed with a seismigraph company.

Out-of-town guests for the wedding were: Dr. and Mrs. Ben L. McCloud and daughters of

Mineral Wells, Mrs. Jack Rich of Burbank, Calif., and Mrs. R. L. Clifton of De Leon, Texas.

ATTEND FUNERAL OF RELATIVE

Mr. and Mrs. W. O. Hellums have returned home after attending the funeral of W. E. (Ervin) Wilborn of Auduborn, Texas. He was a prominent citizen of Wise County and a brother-in-law to Mrs. Hellums.

Party Honors Six Weinert Students Entering College

The six young people of the Weinert Methodist church who are going away to college were honored with a going away party by the W. S. C. S. Wednesday evening, Sept. 7th.

Cakes bearing the names of each of the six were served with ice cream to a large number of friends and relatives.

Four of the young people, Erma Faye Walker, Luther Walker, Anna Mae Adams and Jollene Williams will attend McMurry College. The other two, Dale Jones and Nadine Weinert will attend North Texas State College at Denton.

CARD OF THANKS

We want to take this means of thanking each and every one for their words of sympathy and comfort in the death of our precious darling baby girl and sister. Especially for the beautiful floral offering and the ones who sent and served the nice food. May God richly bless you all if sorrow ever comes your way. Mr. and Mrs. G. W. Roberts and Children; Mrs. R. L. Banks and Family; Mr. and Mrs. G. A. Roberts, Sr., and Family. Itp.

Miss Myrnel Hellums flew from Denver, Colo., to Dallas the past week end after spending her vacation with friends in Estes Park.

Mexican Spoken Pictures Will Be Shown At Rita

As a special entertainment feature for Mexican nationals coming to this section for the cotton harvest, Manager E. J. Sedlack of the Texas and Rita Theatres has announced that Mexican spoken pictures will be shown at the Rita this week end.

Attraction for Friday night and Saturday matinee, Sept. 16-17 will be "Mama Inez" with Fernando Solar and Sara Garcia. Short Subjects will complete the program.

Showing Saturday night, Sept. 17 and Sunday matinee Sept. 18, will be the film attraction "Nosotros" featuring Ricardo Montalban, plus cartoon and short.

Seven pounds of cheese were consumed per person in 1948.

IN MEMORY OF B. E. HATTOX

He was a friend of good who walked with stood. His was a voice cheer And the sincerity to hear. His was a smile hand the ngly. And now that he on His is a fame that He leaves behind friends. Sleen on, dear ones When Jesus comes To take to Him share A rich reward In that bright etp. Try a Want Ad in

Accidents never happen to you!

... a good driver! Of course, you step on a little too hard at times, but that's what you've never had so much as a dented fender in all the years you've been driving! Like most motorists you're a good driver—most of the time. Accidents never happen to you!

Or do they?

... a good driver, too—most of the time. One day he stepped on the gas a little too hard and a little too often. This was his very first (and last) accident. Too bad he didn't learn that accidents can happen to the best driver... if he's careless.

Careful—the life you live may be your own!

An official public service message prepared by The Advertising Council in cooperation with The National Safety Council.

GREEN CROSS FOR SAFETY

Advertisement is published in the public interest by **Haskell Free Press**

Billion Bushel Wheat Crop Is Predicted

The Agriculture Department said Saturday wheat production in 1950 may pass the one billion-bushel mark and the price may be 10 per cent lower than in 1949. The department said this may come to pass even with acreage allotments in force for the first

'Mand and the Atom' Show Coming to The State Fair

The famed "Man and the Atom" show from the American Museum of Atomic Energy at Oak Ridge, Tenn., has been acquired for the 1949 State Fair of Texas Oct. 8-23. W. H. Hitzelberger, vice president and general manager of the Fair, has announced.

This is the first display of this spectacular show anywhere in South outside of Oak Ridge, cradle of the atom bomb, Hitzelberger said.

The exhibit will demonstrate how nuclear science is providing new tools for atomic research, and how it may help unravel some of the greatest mysteries of science.

The comprehensive Oak Ridge show is expected to be supplemented by other important exhibits from manufacturers co-operating with the atomic program and from institutions which are among those participating in the Oak Ridge Institute of Nuclear Studies. The University of Texas, Rice Institute and the University of Texas are Southwestern sponsors of the Institute, which operates the Museum of Atomic Energy—first and most complete of its kind in the world.

Many of the exhibits are animators and presented in such a simple manner that grammar school children can understand the complex factors involved in the release of nuclear energy.

Among the graphic mock-ups and dioramas which will be shown at the Fair is a "Nuen" reactor model depicting the probable future of atomic energy and which looks 25 or 50 years into the world of tomorrow. It reveals the principles of the Nuen plant around which industrial and other community life of that time will be centered. "Nuen" is a coined word combining the first syllables of nuclear and energy.

A model of a uranium pile will demonstrate how radioactive isotopes are produced for use in medical and industrial research. A display of Geiger counters will measure the radiation from luminous dial watches worn by Fair visitors. There will be an exhibit which shows several of the more important types of instruments used in detecting and

time since 1943. However, on the 1950 price outlook the department based its figures on assumptions that are virtually certain to be changed by congressional revision of the farm price support law.

Moreover, the price forecast was based in part on an assumption that there will be a decline in the prices of things farmers buy, which would mean a lowering of the parity indices.

KITCHEN MEMO BY JEAN CLARKE

When you find you haven't any meat on hand and want to ensure the family getting enough energy food, serve a main dish of *Potato, Lima Bean and Nut Casserole* which contains plenty of protein value. Cook until tender in small amount boiling, salted water $\frac{3}{4}$ cup diced celery. Drain liquid. Add $\frac{3}{4}$ cup chopped nuts, $\frac{1}{2}$ cups mashed potatoes, 3 tbsps. fat, 1 beaten egg 1 tsp. salt, $\frac{1}{8}$ tsp. paprika, 2 tbsps. grated onion. Mix well. Add $\frac{1}{2}$ cup green lima beans. Mix together, lightly. Put in greased casserole dish. Bake in gas oven at 350°F 35 mins. Serve with tomato sauce or relish. Serves 6.

Brush the roast with a commercial gravy extract before putting into the oven to give it a crisp brown crust. The drippings make very good gravy.

If, after cooking, the broiler pan of your gas range is greasy, pour in hot water, sprinkle with detergent as soon as food is taken out. By the time the meat is over, all you'll have to do is rinse and dry it.

Simple way to polish silver: Drop it in a pan of sour milk, leave for half an hour, remove, scald and wipe. The silver will be shining bright.

Now is a very good time of year to clean out the flue of your automatic gas water heater for maximum efficiency.

To flavor picnic meat sandwiches, add grated onion to softened butter or margarine.

Mildew and black rot, diseases that effect the leaves of roses, can be controlled by dusting the plants with copper sulphur, cotton dusting sulphur, phygion or spraying with bordeaux.

The word devil means "little god."

measuring radioactivity. A cartoon representation of atomic fission will picture how "Dagwood Splits the Atom."

The Dr. Martland display will show the effects of radiation on the human body; and an animated exhibit demonstrates, on a greatly magnified scale, just what happens in the chain reaction which leads to an atom bomb explosion.

New Demand Is Seen for Capable Men In Army

Sgt. Joe Harris of the Army and Air Force Recruiting Station in Seymour, Texas, disclosed today that new demands for capable men have arisen in the First Army Area. Men with prior service who qualify for particular specialties are being sought to fill the vacancies in this area.

The primary function of the activities for which the First Army Area is responsible are made up of equipment design, proving and testing. Practically all phases of military research, problems of industrial mobilization, and military medical research, are conducted in this area. The states comprising the First Army Area are New York, New Jersey, Rhode Island, Delaware, Connecticut, Massachusetts and other North Eastern States.

Among the specialists needed in the First Army Area are Cible Splicers, Teletype Operators, Plumbers, X-ray Technicians, Clerk-Typists, Athletic Instructors, and Motor Inspectors.

Sgt. Harris has complete details regarding enlistments for

Lady, Check The Label When Buying Canned Products

Homemakers are interested in getting what they pay for, whether they're buying clothing, household equipment or food, says Miss Myrtle Murray, extension home marketing specialist of Texas A & M College. It isn't always easy to judge quality, especially of canned foods. This is true even when the product is canned in glass but when the product is in a tin container, there is nothing to go by except the information on the label.

According to Miss Murray, to buy wisely, the consumer must know four things: her own needs, how much money she has to spend, the price of the article and its quality. The answers to the first three are easy to find but the fourth may not be so easy. Miss Murray says, one of the simplest, surest and quickest ways it can be given to the consumer is by means of an informative label attached to the product.

Miss Murray has prepared a bulletin, C-265, Be Wise—When You Buy, that has just been released by the Extension Service of Texas A. & M. College. In it, she discusses the different types of labels and what they mean to the consumer. Your local county home demonstration agent will be glad to supply you with a copy.

State Revenues Exceed Billion Dollar Mark

State revenue for the two-year period ended Aug. 31 totaled \$1,036,033,071—State Comptroller Robert S. Calvert reported Saturday.

It was the first time in Texas history that revenues for a single biennium of state governmental operation has reached the billion-dollar mark. But Texas still faces future financial worries.

Revenue for the 1948-49 fiscal year was \$522,421,226, and for 1947-48, it totaled \$513,611,845.

Major sources of revenue for the year just ended were the state's 4-cents-a-gallon motor fuel tax, which netted \$92,907,597; the gross production tax on crude oil, \$88,958,247; federal aid for public welfare, \$71,822,941; and federal aid for Texas highways \$27,931,823.

State income from crude oil production taxes was greater, the past 12 months than in 1947-48, when the total was \$87,423,829.

With the Texas oil allowance for this month up approximately 130,000 barrels daily over the August figure, revenue from this

source will begin to rise. It had declined considerably because of heavy cutbacks in allowables the past eight months.

However, the September oil boost is not enough to solve the financial shortage which the state faces on the basis of the comptroller's estimate of revenue for the next 12 months.

This is true because the comptroller had anticipated a decline in oil production through the summer months and an upward trend this fall.

At the September producing rate, state oil tax revenue for the coming year would be \$78 million—contingent on the price of oil remaining the same.

The comptroller's statisticians figure that allowable oil production will have to go up another 260,000 barrels a day to make good their estimate of \$83 million in oil tax revenue for the fiscal year which began Sept. 1.

Even that revenue is not expected to keep the state out of the red. To balance the budget temporarily, the late Governor Beauford H. Jester vetoed \$17 million from funds appropriated for operation of state eleemosynary institutions the second year of the new biennium.

Thus the 51st Legislature apparently will still have a tough financial problem to solve when it meets for the second time in January.

Army Announces Plans for Release Of Reserve Officers

Details concerning the release prior to April 1, 1950 of 3,387 Army Reserve Officers now on active duty were announced by the Department of the Army after Secretary of Defense Louis Johnson put into effect an economy program for all three services designed to reduce expenditures for national defense.

Under the Army's plan, 1,250 of the 3,387 officers will be released by December 31, 1949, and the remainder will revert to inactive status by April 1, 1950.

All officers will be given at least three months' notice prior to their release. Those officers

EXTRA VALUE DAY

In 1946 Texas ranked first in the number of horses and mules on farms and third in the number of mules on farms. Today about 65 per cent of Texas' farms do not have a team on the place, and only about 200,000 horses were used in crop production in 1948.

An assignment to one of the above mentioned technical skills offered in this area, and he encourages men in or around Haskell to visit him in the post office, each Tuesday and Friday from 10 a. m. until 3 p. m., and discuss the possibilities of an assignment to one of these jobs.

Indians—

(Continued From First Page)

back Jimmy White, a freshman who returned the ball ten yards. Both teams were hampered by fumbles. Haskell fumbled eight times and recovered five while the Bulldogs fumbled four times and recovered none. Credit for covering the fumbles is given Strain, Ammonett, and Flanary, with the help of eight other members of the team.

Only five penalties were allowed through the game. Haskell received four penalties for 30 yards and Spur received one for five yards.

Little Billy Davis stood out in the backfield as the leading ground gainer by piling up a total of 123 yards and averaging 6.5 yards while Ammonett racked up a total of 78 yards with an average of 7 yards. All total, the Indians gained 335 yards rushing. Outstanding men in the line were Strain, Ammons, who played the full 60 minutes, Royce Mullins and James Fowler.

The Indians will stay on the reservation next week when they meet the Rochester Steers at 8 p. m. Rochester has played two games. They lost to Munday 45-0 and beat Loraine 7-0.

The stands are to be finished in time for the game Friday night. Admission will be \$1.25 for reserved seats. General admission is 75 cents and 50 cents.

Boulder, Colo., owns a glacier, from which it gets its water supply.

CWT Fair—

Continued From First Page

ing individual spaces south of the main exhibit building and were drafting preliminary plans for this expanded display that will feature the newest in farm machinery and equipment, and the latest models of automobiles.

Plans for an entertainment highlight outlined by the special events committee were approved by the executive committee this week that will bring to the Fair crowds the first public wedding ever held in Haskell.

Scheduled for Saturday night, October 8, a young couple will be married on the grounds, with the organization sponsoring the event to the last detail.

Eligible to compete for this honor will be any couple in the six-county area served by the Central West Texas Fair. No one will know the identity of the bride and groom until the hour of the wedding. The selection of the principals will be made by a secret committee screened from those making application for the honors.

Any young couple who desires to compete for this honor can write the Fair office in Haskell, addressing the request to the Secret Committee, Central West Texas Fair.

A matching wedding band and engagement ring will be given the prospective bride, marriage licenses, service of a minister, and wedding music will be furnished by the Fair association.

In addition, several hundred dollars in gifts will be presented the young couple following the ceremony in the form of a bridal shower. Local merchants will cooperate in this phase of the program. Scheduled as a climax to the Fair the program is expected to be witnessed by thousands of Fair visitors.

Other special features of the Fair approved are the presentation of a boys and girls bicycle, and a youngsters tricycle on Thursday night, and the presentation on Friday night of a deep freeze unit.

Other entertainment features include a series of old time and modern square dances on each night of the Fair.

Rites Held Sunday For J. E. Sorrels, Rule Resident

Funeral for J. E. Sorrels, 77, Rule resident since 1934, was held Sunday in the Primitive Baptist church in that city. Elder H. P. Richards of Anson officiated.

Mr. Sorrels died early Saturday morning of a heart attack. He was born July 6, 1872, in Alabama.

Survivors are his widow, one daughter, Mrs. Marie Thompson of Rule; and four sons, Earl, Julius, Elvin, and Loyd, all of Knox City.

Interment was in the Rule cemetery under the direction of Holden's Funeral Home.

In the middle ages the educational titles doctor, master, and professor were synonymous.

Sponsor "National Kids' Day"

Underprivileged children in more than 3,000 U. S. and Canadian communities will receive assistance from a far-reaching program of youth welfare announced this week by, left to right, J. Hugh Jackson, Stanford, Calif., president of Kiwanis International; Charles Pettijohn, Hollywood, executive secretary of the National Kids' Day Foundation, and J. Belmont Messer, St. Marys, Pa., immediate past president of Kiwanis International.

Jackson, in announcing the cooperative effort, said "the problems of underprivileged children are the problems of the entire nation, but their solution depends upon local action. There are more than 3,000 Kiwanis clubs which are geared for participation in the program."

Focal point of the campaign will be the observance of an annual "National Kids' Day," the first to be held Saturday, Nov. 19, when each community will be asked to enlist the support of its citizens in meeting the problems of local youth.

National Kids' Day sponsors emphasized that it will not be celebrated as a holiday or used as a gift-giving occasion. "Observance of this day," Jackson said, "is a means of rallying the forces of each community toward solving local juvenile problems. We hope to raise funds to carry on a year-round program of youth activity in cities and towns in the U. S. and Canada. Money raised locally will be spent in the same community for the benefit of children."

August Buchtien Dies Saturday In Haskell Hospital

August Buchtien, prominent retired farmer and landowner of the Rule section, died Saturday at 12 a. m. in the Haskell County hospital following a critical illness of several days. Mr. Buchtien, 73, had been a patient in the hospital since Aug. 24.

Born Dec. 2, 1875 in Austin county, Texas, he was the son of Mr. and Mrs. Ernest Buchtien. He married Miss Freida Schneider of Mihel, Texas, January 2, 1907. The couple moved to this section from Bell county in that year and Mr. Buchtien became one of the leading farmers in the Rule section.

Immediate survivors include his widow; a daughter, Mrs. Bishop B. Keeling of Levelland; a sister, Mrs. C. F. Lereck; and a brother, Henry Buchtien, both of Bellville, Texas. Two grandchildren, Kay and George Keeling, also survive.

Funeral services for Mr. Buchtien was held at the Methodist church in Rule Sunday at 2:30 p. m., conducted by Rev. Berry Baker and Rev. Houston Walker of that city. Following the service in Rule, the body was carried to Sealy, Texas, for interment in the cemetery in that city with Holden's Funeral Home in charge of arrangements.

Palbearers were Jim Cross, G. E. Davis, Albert Cassle, Olen Carothers, Elmer Turner, Aubrey Fouts, Pete Eaton, Ben Klump.

Funeral Services For C. A. Massie Held Tuesday

Funeral services for C. A. Massie, 60, who died Saturday afternoon in the Haskell County hospital, was held at the First Baptist church Sunday at 4 p. m., conducted by Rev. C. Jones, pastor of the Fundamental Baptist church and Rev. Walter Copeland, Baptist minister of Weinert.

Mr. Massie had been in failing health for several years, and recently moved back to this section from California, where he had been employed for some time.

Interment was in Willow cemetery under direction of Holden's Funeral Home. Palbearers were Thea Free, Truett Cobb, Fred Howard, Alf Turnbow, Ray Lancaster, Emmett Couch, Harve Fry and Paul Cothron.

Deceased was born Oct. 31, 1888 in Palo Pinto county, Texas, the son of Mr. and Mrs. Robert Massie. He came to Haskell in 1916 from Collin county, and married Miss Ivy Mapes of Haskell December 24, 1916. Mr. Massie was converted and became a member of the Christian church at the age of 16 years.

He is survived by his widow Mrs. Ivy Massie of Haskell, and two sons, Brantley of Lubbock and James R. Massie of Abilene; three brothers, Joe W. Massie Haskell; Claude of Abilene, and L. Z. Massie of Bakersfield, Calif.; five sisters, Mrs. Grace Littlepage, Haskell; Mrs. Lena Lancaster, Royce City; Mrs. Lucille Nollner, Abilene; Mrs. Minnie Presley, Conroe; and Mrs. Eva Throckmorton, Lamarque, Texas.

Mrs. R. T. Jeter Dies Tuesday After Brief Illness

Mrs. Annie Jeter, wife of R. T. (Terrell) Jeter of Sagerton, died at 12:45 a. m. Tuesday in the Stamford Sanitarium following a brief illness.

Daughter of the late Mr. and Mrs. H. F. Harwell, Sr., she was born Nov. 10, 1902 in McLellan county, and came with her parents to this section when she was two years old. She married R. T. Jeter of Haskell on December 24, 1922, and they made their home in the Sagerton section since that time. Mrs. Jeter had been a member of the First Baptist Church at Rule since the age of 16.

Survivors include her husband, three sons, Edwin, Jack, and Ran-

nell Jeter, all daughter. Mrs. Big Spring, a well of Abilene, three sisters, Mrs. Pencil, Okla., Kasha, Comanche, daughter and to survive.

Funeral service was held at the church in Haskell p. m., conducted by Powell and Ben.

Interment was in this section of the Funeral Home.

Palbearers Lee Norman, Thom Sprayberry, Orville Tanner.

O'Brien Seed Farm Texas Cotton Crop Of Five Million Bales Predicted

An estimated 1,000 cotton farmers from over Texas attended the Northern Star Seed Farm Field Day at O'Brien last Thursday, but a tour through the experimental farms was cancelled after 1.03 inches of rain had fallen during the morning.

Instead of the tour, farmers gathered at the O'Brien Baptist Church for the day's program.

The indoor program was led by Sales Manager W. N. Reed and General Manager W. R. Woodward. F. W. Martin, county agent, Professor J. S. Mogford of Texas A&M College, and R. V. Miller of the state seed and plant board were included on the program.

Woodward made the welcoming address and Martin gave the response.

Professor Mogford, breeder consultant with the Northern Star and Wacona Seed Farms at O'Brien and Waco for the past six years said that the farms were now concentrating their resources on the value of registered seed and to show the value of the seed to the farmer.

He said the farms' latest developments have been the storm-proofed fluffs which are still easy for hand picking and mechanical picking.

The functions of the state seed and plant board were discussed by Miller, chief field certifier. In the early 1900s A. B. Madin of Lockhart developed a new type of cotton, he explained. He could not supply the demand for seed and several other operators set up seed farms and sold registered seed "which were inferior to Madin but sold on the same basis," Miller related.

The state board then was set up to make available and create sources of true-bred seed. In 1948 more than 225,000 acres were used for experiments with 89 varieties of cotton.

Experiments have proved that farms can produce the long staple, storm-proofed, strong-fibered, heavy-yield cotton and still retain its harvesting characteristics.

Quality of cotton was brought to the front at the meeting. The farmers, 10 coming from as far as Oklahoma, were warned that over a million bales of nylon were sold last year because of the inferior grade of cotton on the market. To eliminate nylon competition, farmers must produce a better grade of cotton, Mogford said.

Barbecue was served to the guests following the meeting. A feature of the day was a visit to the plant of the O'Brien Murray Gin where the Northern Star Farm's cotton is processed.

Mr. and Mrs. J. D. Josselet of Seirra Blanca, Texas, have been visiting relatives and friends here for several days.

Mr. and Mrs. A. J. Josselet returned Wednesday from a vacation trip to Seminole, Oklahoma, where they visited Mr. and Mrs. W. H. Morris and Mr. and Mrs. Bill McDonald in Oklahoma City.

Thirty-One Youths Registered With Local Board

Thirty-one youths in the three counties of Haskell, Shackelford and Jones who became 16 years old during August were registered with Selective Service Board No. 77 at Anson. The Free Press has been advised. This board embraces the tri-county area.

List of eighteen year old registrants:

William Jackson, Jr., Rt. 3, Anson, Texas.
David Winford Hawthorne, Anson, Texas.
Richard Allen Hewsley, Albany, Billy Ray Han, Lueters, Texas.
Kenneth Leroy Reese, Anson.
Ed Tilden Fouts, Rt. 1, Sagerton, Texas.
Olin Ray King, Jr., Rt. 1, Hawley, Texas.
Thomas Leonard Chase, Rt. 1, Avoca, Texas.

LEGAL NOTICE

THE STATE OF TEXAS

To: E. T. Roberts, E. G. Sawyer and E. T. Sawyer, defendants, whose residences are unknown,

GREETINGS:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock a. m. of the first Monday after the expiration of 42 days from the date of issuance of said Citation, the same

being Monday the 24th day of October A. D., 1949, at or before 10 o'clock a. m., before the Honorable District Court of Haskell County, at the Court House in Haskell, Texas. Said plaintiff's petition was filed on the 8th day of September, 1949. The file number of said suit being 7549. The names of the parties in said suit are:

R. E. Booth as Plaintiff,

and E. T. Roberts, E. G. Sawyer and E. T. Sawyer, as Defendants. The nature of said suit being substantially as follows, to-wit: State of Texas, County of Haskell.

IN THE DISTRICT COURT OF HASKELL COUNTY, TEXAS, TO THE HONORABLE BEN CHARLIE CHAPMAN, JUDGE OF SAID COURT:

Now comes R. E. Booth who resides in Haskell County in the State of Texas, hereinafter called the plaintiff complaining of E. T. Roberts and E. G. Sawyer, E. T. Sawyer whose residence are unknown to your petitioner, hereinafter styled defendants and for cause of action plaintiff represents to the court: That on or about the 1st day of August, 1949, he was lawfully seized and possessed of the following land and premises, situated in Haskell County, Texas, holding and claiming the same in fee simple, to-wit: Lots one (1), two (2), three (3), four (4), five (5), six (6), seven (7), and eight (8) of the Pinkerton Sub-Division of Block five (5) and six (6) of the Rhombberg Addition to the Town of Haskell, Texas as shown by map or plat of said Pinkerton Sub-Division Recorded in Volume 35 page 419 of the deed records of Haskell County, Texas.

2. That on the day and year last aforesaid defendants unlawfully entered upon said premises and ejected plaintiff therefrom, and unlawfully withheld from him the possession thereof, to his damage in the sum of two hundred and no/100 dollars.

3. That the reasonable annual rental value of said land and premises is two hundred and no/100 dollars.

Wherefore plaintiff prays judgment of the court that defendant be cited to appear and answer this petition, and that plaintiff have judgment for the title and possession of said above described land and premises, and that writ of restitution issue, and for his rents, damages and costs of suit, and for such other and further relief, special and general, in law and in equity, that he may be justly entitled to and in duty bound will ever pray.

T. R. Odell, Haskell, Texas, Attorney for Plaintiff. In the alternative, plaintiff says that he and those whose estate he has, claiming the same land described in the above petition under deeds, duly registered and recorded in the deed records of Haskell County, Texas, has had

STRAIGHTENER-UPPER

It's all in a day's work for a Navy Bluejacket. A crew member from one of the units of the Sixth Fleet lends a little support to the Leaning Tower of Pisa in the course of the Fleet's visit to the ports of northern Italy. Florence, Pisa and other Italian cities were on the sightseeing agenda as the Task Force brought the Naval version of America to Mediterranean shores. (Official U.S. Navy Photograph)

peaceable and continuous aversive possession of the land and tenements claimed in plaintiff's petition and fully described therein using and enjoying the same and paying all taxes due thereon before delinquency for a period of more than five years before the commencement of this suit and this he is ready to verify.

Wherefore plaintiff prays judgment of the court that defendants be cited to appear and answer this petition and that plaintiff have judgment for the title and possession of said above described land and premises, and that writ of restitution issue, and for his rents, damages and costs of suit, and for such other and further relief, special and general, in law and in equity, that he may be justly entitled to and in duty bound will ever pray.

T. R. Odell, Haskell, Texas, Attorney for Plaintiff.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 8th day of September A. D., 1949.

Given under my hand and seal of said Court, at office in Haskell, Texas, this the 8th day of September A. D., 1949.

(SEAL) Jesse B. Smith, Clerk, District Court, Haskell County.

of Hasakell County, Texas, a sworn application for authority to make an oil, gas and mineral lease on the following described lands situated in Haskell County, Texas, belonging to said minor, to-wit:

Being 249 acres of land off of the south side of a 439 acre tract out of the I. P. Wallace Survey conveyed by Sid Post to R. H. Crow on the 13th day of July, 1908, by Deed recorded in Vol. 41, page 634 of the Deed Records of Haskell County, Texas, and said 249 acre tract being described by metes and bounds as follows:

Beginning at a point in the West line of said 439 acre tract of land 552 vrs. South of the N. W. corner of said tract;

Thence East 1943 vrs. to a point in the East line of said 439 acres heretofore referred to, said point being the S. E. corner of the 190 acres awarded to Sudie Crow Shiver, and being 552 vrs. South of the N. E. corner of said 439 acre tract;

Thence South 660 vrs. to the S. E. corner of said 439 acre tract of land, also being the S. E. corner of Share No. 4.

Thence West 1949 vrs. and 86 degrees 15' East to the S. W. corner of said 439 acre tract conveyed by Post to Crow, said point being also the S. W. Corner of Share No. 4, herein described;

Thence North 787 vrs. to a point in the West line of said 439 acre tract, said point being the S. W. corner of the 190 acres awarded to Sudie Crow Shriver, and being the place of beginning, consisting of 249 acres of land, and being the same 249 acres known as Share No. 4, awarded to M. D. Crow in a suit styled Mrs. Essie Crow Davis, et vir, et al, Plaintiffs, vs. M. D. Crow, et al, Defendants, and No. 4694 on the docket of the District Court of Haskell County, Texas, as shown by an instrument of record in Vol. 132, page 74 of the Deeds Records of Haskell County, Texas, reference to which is heremade for all pertinent purposes.

Such application will be heard by the County Judge of Haskell County, Texas, in the County Courtroom in the Courthouse of said county, in the city of Haskell, Texas, on the 26th day of September, 1949, at 10 o'clock a. m.; same being the time and place which has been duly designated by said Judge as the time and place when and where such application will be heard.

Witness my hand this the 12th day of September, A. D., 1949.
G. E. Davis,
Guardian of the Estate of Myrtle Eugene Murray, a minor. ltc.

In 1906 a tax based on the number of windows in a dwelling was passed in England, according to the Encyclopedia Britanica.

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock a. m. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 24th day of October, A. D. 1949, at or before 10 o'clock a. m., before the Honorable District Court of Haskell County, at the Court House in Haskell County, Texas.

Said plaintiff's petition was filed on the 12th day of September, 1949.
The file number of said suit being No. 7551.
The names of the parties in said suit are:

S. E. Lanier as Plaintiff, and J. S. Whatley et al, as Defendants.
The nature of said suit being substantially as follows, to-wit: State of Texas, County of Haskell, IN THE DISTRICT COURT OF HASKELL COUNTY, TEXAS.

To the Honorable Ben Charlie Chapman, Judge of said Court: Now comes S. E. Lanier, who resides in Haskell County, Texas, hereinafter called plaintiff, com-

U. S. Navy Family at Home in Nippon

Two Japanese housegirls are shown serving breakfast to a Navy chief petty officer and his family in Japan. There is no talk about the high cost of living among the more than one hundred Navy families at the Headquarters of the Commander, Fleet Activities, Yokosuka. For twenty-seven dollars a month they occupy from five to seven rooms furnished complete with electric ranges, telephones, refrigerators and houseboys. Features of the Navy community, known as the Griffin Park Housing Area, include schools, a modern department store, a well-stocked commissary and a beauty salon. (Official U.S. Navy Photograph)

plaining of J. S. Whatley, I. A. Mantooth, J. J. Lillie, S. W. Winters, Etta Gregory, C. L. Glass, W. J. Strawn, J. E. McPherson, L. H. Thompson, Jim Mayfield, F. G. Armstrong, J. B. Broadway, I. L. Lacy, R. L. Harris, Mary Ann Morris, P. J. Bolles, C. F. Ratliff, Dan Moneyhan, J. A. Walker, Bertha Yeager, M. M. McDaniels, W. A. Wiggins, and Mrs. W. A. Wiggins, J. F. Ferrell, A. B. Dedman, and I. A. Williams, if living, and if dead, their unknown heirs, whose places of residence are unknown, hereinafter styled defendants and for cause of action plaintiff represents to the court: That on or about the 1st day of October, 1947 plaintiff was lawfully seized and possessed of the following land and premises, situated in Haskell County, Texas, owning and claiming the same in fee simple, to-wit: Lots one (1) to twelve (12) inclusive in Block ten (10); Lots one (1) to six (6) inclusive and Lots eight (8), nine (9), ten (10), eleven (11) and twelve (12) in Block eleven (11); Lots one (1) to twelve (12) inclusive in Block twelve (12); Lots one (1) to eight (8) inclusive in Block thirteen (13); Lots one (1) to eight (8) in Block fourteen (14); Lots one (1) to eight (8) in Block fifteen (15); all in the Cottage Lawn Addition to the town of Haskell, Texas, in Haskell County, Texas, as shown

on map or plat of said Addition, recorded in the deed records of Haskell County, Texas.
2. That on the day and year last aforesaid, defendants unlawfully entered upon said premises and ejected plaintiff therefrom and unlawfully withhold from him the possession thereof to his damage in the sum of five thousand and no/100 dollars.
3. That the reasonable annual rental value of said land and premises is five hundred and no/100 dollars.
Wherefore plaintiff prays the court that defendant be cited to appear and answer this petition, and that plaintiff have judgment

for the title and possession of said above described land and premises, and that writ of restitution issue, and for his rents damages and costs of suit, and for his rents, damages and costs of suit, and for such other and further relief, special and general, in law and in equity that he may be justly entitled to and in duty bound will ever pray.
This action is brought as well to try the title as for damages.
T. R. Odell, attorney for plaintiff, Haskell, Texas.

In the alternative, Plaintiff says that he and those whose estate he has, claiming the same under deeds, duly registered, has had peaceable continuous and adverse possession of the land and tenements claimed in said plaintiff's petition cultivation using and enjoying the same and paying all the taxes thereon before delinquency for a period of more than five years next after plaintiff's deeds were executed and before the commencement of this suit, and that he is ready to verify.
Wherefore plaintiff prays judgment of the court.

2. Plaintiff says that he has had and held through himself and assignors under deeds, claiming to have good and perfect right and title to the land described in plaintiff's petition and has had and held peaceably the land claimed in his petition, and adverse possession of same using and enjoying the same for a period of more than ten years before the commencement of this suit, and this he is ready to verify.
Wherefore plaintiff prays judgment of the court that defendants be cited to appear and answer this petition and that plaintiff have judgment for the title and possession of said above described

New Watch Has Unbreakable Balance

Ladies' and men's wrist watches that can be dropped on pavement or beat on a sidewalk and keep running are being featured by Helber's Jewelry.

Secret of the new watch is a balance staff and balance jewels installed in a new manner, said M. E. Helber.

"The most common cause of trouble in watches is breaking or bending of the balance staff or breakage of the balance jewels by dropping the watch or hitting it a hard lick," he said.

The balance staff and jewels in the new watch are suspended by springs that absorb shock and

CARD OF THANKS

We wish to thank each one for the loving sympathy and kindness shown in the death of our loved one. For all the floral offerings and the ones who sent and served the food, we are ever grateful.

USE FREE PRESS WANT ADS

keep the staff from bending or breaking. The manufacturer of the watch is so confident that the balance staff and its jewels will not give trouble that they are guaranteed for a lifetime.

"This new idea will greatly decrease the repair cost of wrist watches," he said, "because especially men's wrist watches receive much rough treatment that ordinary watches can not stand without repair."

Task Force Moors to Polar Ice

Two ships of a Naval expedition to the Antarctic, the USS Edisto and the USS Burton Island, are up to bay ice in the course of exploratory work in the South Polar regions. The above photo was taken in the Bay of Whales, sled and sled used in surface exploration are in the left foreground. The Navy's role in carrying the flag of the United States to the ends of the earth is exemplified in its frequent sallies into the south and north polar regions. (AP) U.S. Navy Photograph

Spotted Cases of Undulant Fever Being Reported

Undulant fever or Malta fever, a disease contracted from cattle, goats or sheep which are infected with contagious abortion, is being reported sporadically throughout Texas and the nation, according to Dr. Geo. W. Cox, State Health Officer. This indicates Malta fever to be a public health problem and the attendant need of more general recognition by the public to the disease.

Undulant fever is so called because of the wave-like variations in temperature. The symptoms include rise in temperature, loss of weight and strength, chills and joint pains. The disease has a rather low mortality rate, but important because symptoms may persist for a number of weeks and even months before normal health and strength are restored.

In Texas, the goat, horse and cows are the usual spreader of this disease. The germs of undulant fever enter the body through the mouth or skin. Therefore care should be used in handling animals known to be infected and dairy products from the same sources should be pasteurized, if used. More men acquire this disease than women and adults seem more likely to have it than children. More cases are found in the rural areas than in the cities.

The true prevention of undulant fever is based upon the detection of the disease in livestock and the elimination of infected stock from the herds. Dairy herds should be tested for Bacillus abortus. This is a task that cannot be accomplished in a short time. Pasteurization of milk will prevent the spreading of this source.

RETURNED HOME FROM HOSPITAL

Miss Patsy Toliver was removed from the hospital to her home the latter part of last week after undergoing an appendectomy.

Whalebone comes from the skin lining the mouth of the whale, and is not true bone.

A. Barnard returned Friday from Oakland, Calif., where they visited their brother, A. S. Lambert and family.

YOUR DOLLARS GO FARTHER

... and so will you in this big rugged Dodge

You could pay a thousand dollars more and still not get all the extra roominess... ease of handling... famous dependability of Dodge

HERE'S extra value... extra value you can see and feel.

You see the extra comfort in the wider, longer, higher interiors that give real stretch-out roominess for all.

You feel the extra thrill that comes from the new "Get-Away" engine... stepped up in power and squeezing extra miles from every tankful of gas. And with it all the proved smoothness of Dodge gyrol Fluid Drive to take the jerks and jolts out of stop-and-go traffic.

You get all this, plus the famous Dodge dependability that means long car life, low-cost upkeep, high resale. Your dollars go farther when you buy Dodge! See your Dodge dealer now.

MORE FOR YOUR MONEY! More head room... more elbow room... more leg room! Seats are knee-level to support your legs for a relaxing ride.

MORE FOR YOUR MONEY! Luggage space big as all outdoors. The Spring-balanced trunk lid raises and lowers easily, safely at the touch of your finger.

MORE FOR YOUR MONEY! More power, much protection, and greater economy from the Dodge "Get-Away"

Come in... See the **AMAZING LOW PRICES**

PITMAN MOTOR COMPANY
Avenue E and North 2nd St.

Bible first book available type, was printed by the printers of the Haskell Free Press. The site of Oklahoma City was opened for settlement at noon, April 22, 1889, and by night it had a population of 10,000 living in tents, according to the Encyclopedia Britannica.

Fuel Conservation Is Profitable to Farm Operators

Farm tractor operators should be interested in making every gallon of fuel that goes into the farm tractor fuel tank work for him, says County Agent F. W. Martin. Tests and reports indicate that a lot of gasoline is being wasted and in most instances you can do something about it.

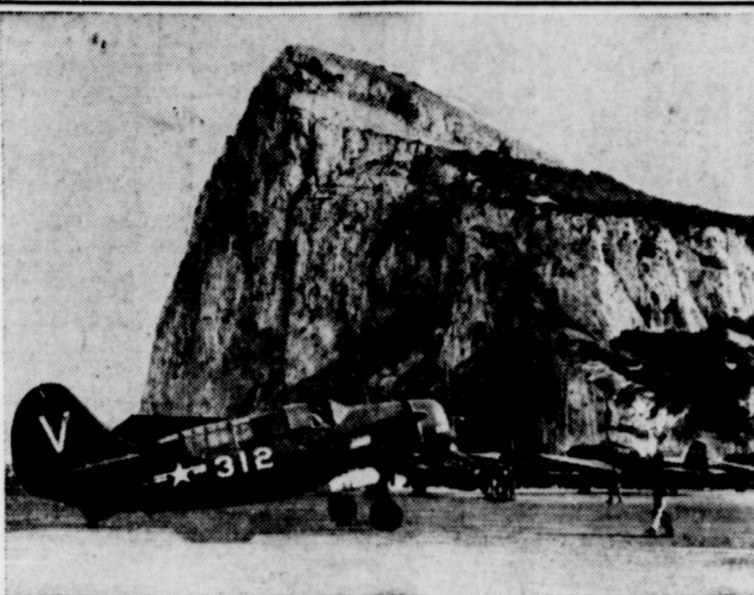

Martin says there are about 240,000 farm tractors in the state and a conservative estimate indicates that each tractor burns about 900 gallons of gasoline per year. Tests show that about 10 per cent of this is wasted. A little simple arithmetic and you have 21,600,000 gallons of wasted fuel. Now this is the amount of gasoline that is not working for the farmers of Texas. Figure a little further and see what it is costing you in dollars and cents—that amount will help pay the taxes or might even buy the wife a new dress.

Anyway it's a lot of gasoline it would fill 2,160 tank cars—each holding 10,000 gallons and that in turn would make up 21 trains—each of more than 100 cars, one mile long. Much of this loss, says Martin, can be avoided if the farm tractor is properly maintained and operated.

An elevated and shaded tank for storage is much better than barrels that set out in the sun. Always stop the engine before filling the tank, and adds Martin leave room in the tank for expansion—don't get it too full.

Check the fuel system often to see that there are no leaks in the gas lines and be sure the carburetor is functioning as it should. If the carburetor leaks, it probably needs a new float or float valve, he says. Use the choke only

Carrier Planes Make Call at 'The Rock'

The promontory of the historic fortress of Gibraltar serves as a backdrop for planes of the U. S. Navy's Valley Force during the carrier's visit to the famous British bastion of the Mediterranean. The planes were land-based at the Royal Air Force strip during the ship's stay in Gibraltar. (Official U. S. Navy Photograph)

when necessary. (A choked tractor wastes a gallon of gas an hour.) Make carburetor adjustments only when the engine is hot and follow the instructions in your tractor operators manual. Don't change the carburetor setting to start or pull when the engine is cold—use the choke. The proper adjustment on the idle and idlespeed stop screw can save up to 100 gallons of gasoline a year.

Use the correct type of manifold or manifold setting for the fuel you use. Inspect and re-gap spark plugs every 200 hours and replace faulty plugs. Use the correct type of plugs for the fuel you use. Check the magneto regularly and service the air cleaner daily and oftener in dirty work. A clogged cleaner can waste 7 to 8 gallons per day. Watch the temperature of the water in the radiator. This is important.

These are a few of the "grem-lins" that are working on your tractor and running up your fuel bill, says Martin, and you can just about get them all out of your way by just simply watching and caring for the farm tractor in an orderly way.

Plowing under cotton stalks before frost is the most dependable method of controlling boll weevils. A heavy roller type stalk cutter with disc harrow attached does a good job of stalk destruction and makes plowing easier. Stalks may be covered by bedding or by using a one-way plow.

John Greenleaf Whittier's first poem was published when he was nineteen.

COLORS IN PALESTINE

At day's end on the roof of the American Consulate in Jerusalem, two Marines haul down and fold the flag of their country in the age-old traditional military ceremony. On duty at the Consulate in Jerusalem are twelve Navy men and forty-one Marines. The Bluejackets comprise a Navy Communications unit, while the Marine detachment is from personnel assigned to the Sixth Task Fleet. (Official U. S. Navy Photograph)

Bridal Shower For Mrs. Bill Perry In H. D. Bland Home

A miscellaneous bridal shower honoring Mrs. Bill Perry, the former Ernestine Bird, was held in the home of Mrs. H. D. Bland, with Mrs. Clyde Bland assisting. Fall flowers and roses were used throughout the entertaining rooms. Pictures of the bride's wedding were passed for the guests to see.

In the dining room the refreshment table was covered with an all-lace cloth. Red roses were used as the centerpiece. Crystal service was also used.

Mint green punch and tiny cookies, decorated in the bride's chosen colors were served to the following guests: Mrs. Clyde Bland, Ted Marugg, Bill Pennington, A. M. Bird, W. E. Johnson, Tony Patterson, Larry Stodard, Shelby Harris, T. C. Griffin, W. T. Morgan, Buck Bland, Alvis Bird, Clarence Taylor, Otis Johnson, Curtis Pennington, Chas. Greenway, Travis Smith, Bill Fouts and Dorothy, and the hostess.

Those sending gifts were Mrs. Stewart Burson, Allen Adams, and Thurman Bynum.

A long and happy life depends largely on what and how much you eat. Too many fats, starches and sweets in the diet decreases your life expectancy. Plenty of green leafy vegetables, milk, fresh fruits and animal protein foods increase your chances for a long life and good health.

First Issue of New Southern Magazine Received Here

Featuring such "strictly Southern" authors as Virginius Dabney, Hodding Carter, John Temple Graves, Jonathan Daniels, Harry Ashmore, William W. Ball, Octavius Roy Cohen and Jesse Stuart, a brand new Southwide magazine, Southern Fireside, made its first appearance in Haskell today.

Bearing a September dateline and scheduled to appear each month from its Birmingham, Alabama, publication office, Southern Fireside claims to tell "the story of the South today, yesterday and tomorrow" to a Southern audience. Circulation of the first issue, in the 13 Southern states, is in excess of 500,000 copies.

Designed for the entire family, the new magazine draws solely upon Southern writers and illustrators for its contents, with each of the Southern States represented in its first issue.

A new story by South Carolina's Octavius Roy Cohen, featuring the prominent Birmingham Darktown character "Florian Slappeg," and a Jesse Stuart tale of the Kentucky Hills lead the fiction content of "Southern Fireside."

Of special interest to a Southern audience in the article, "Is There a Southern Point of View?" in which six prominent editors of Southern newspapers speak out on one of today's most controversial questions.

"Where Drama is King," a factual tale of animal warfare in the Santee Swamp, by James Wallace, Jr., of South Carolina, and "Ain't Got Long ter Stay Heah," a study of the Negro and his religion by Martha Foster Herbert, of Louisiana, also are featured in Southern Fireside's first edition.

Aimed at a Southern home audience, the new publication includes articles on gardening, home decoration and sewing, cooking and children's games peculiar to the South. Ernest Rogers, columnist of the Atlanta Journal, writes about new movies and Walter Spearman, professor of Journalism at the University of North Carolina, discusses new books by Southern authors.

HASKELL COUNTY HISTORY

Brief Items Taken from Old Copies of The Free Press

20 Years Ago—Sept. 12, 1929

Mesdames A. C. Pierson, J. P. Payne and J. F. Johnson of Abilene and Miss Allie Thomas of Dallas motored to Abilene last Saturday and spent the day.

A total of 4.44 inches of rainfall has been recorded here during the past week. It came too late to benefit any but the late cotton and feed crops, but will provide ideal season for winter grain crops, farmers declare.

A Model A Ford sedan, stolen from Tom Baker here last Wednesday, was located Thursday in

the breaks of the Brazos River west of Jud, where it apparently had been abandoned.

The Haskell Indians will open the football season here Friday, when they meet the Munday Mooguls in a non-conference game.

The Haskell Municipal Band will leave today for Seymour, where they have a three-day engagement at the Baylor County Fair.

H. B. Weaver returned the latter part of the week from the South Plains, where he owns a farm. He carried his horse stock and plow tools out there and his plans are to move his family out this fall and farm his place next year.

Porter Campbell, manager of the Bryant-Link store in Rule, was a business visitor here Wednesday.

W. A. Eastland is suffering with a bruised and lacerated hand which he injured when it was caught in a car door Tuesday morning.

V. W. Meadows, who underwent an operation for appendicitis last week at Stamford Sanitarium, was able to be returned

Zulus Play Host to U. S. Sailors

Natives in Africa give crew members of the cruiser USS Huntington and the destroyer USS Douglas H. Fox a lesson in basket weaving. With but a short four-day sojourn in Durban, South Africa, thirty U. S. Navy camera enthusiasts and adventurers made a tour into the interior to visit African tribes. Even the depths of the Dark Continent are no stranger to the contact of America established through the calls of U. S. Naval vessels to African ports. (Official U. S. Navy Photograph)

home Sunday and is now improving nicely.

H. D. Neff, former superintendent of Haskell schools, who is now in the real estate business at Hamlin, was here the first of the week on business and visiting old friends.

Kenneth Oates has returned from a motor trip to South Texas and is spending a few days with his mother, Mrs. O. E. Oates.

40 Years Ago—Sept. 11, 1909

Lee Pierson has returned from a tour of the health resorts of Colorado.

The broom makers employed at the Haskell Broom Factory had a meeting on Labor Day and organized a Local Union of the International Broom and Whisk Makers Union. The local factory has signed a contract with the Local to use the Union label for one year.

Sheriff M. E. Park returned this week from Arkada, La., with a man wanted on a charge of assault with intent to murder.

Judge and Mrs. H. R. Jones and Miss Ruth left Monday for Dallas where Miss Ruth will attend St. Mary's College, an old established Episcopal institution.

While Buchanan has purchased an interest in the business of C. L. Jacks and they are putting in an up-to-date confectionery.

S. L. Robertson reports that he is selling quite a bit of cotton sack material, so the cotton picking season must be near.

W. T. McDaniel fired up his gin this week and ginned three bales of burr cotton held over from last season.

The Haskell Board of Trade Ban is making rapid progress under the instruction of Prof. E. E. Reeves, who came to Haskell from Knox, Ind.

Last Monday being the first of

the month, the horse traders came to town in full force. There were some fine mules and horses on the market, and most of the animals were being offered at reasonable prices.

Prof. J. H. Wisely of Carbon, Texas, teacher of mathematics and science, who has been employed by the High School, has arrived and will begin his duties when the term opens next Monday.

50 Years Ago—Sept. 16, 1899

J. D. Hardin of Kimble county arrived here last week with his family and he has purchased Mr. Bryant's cold drink and confectionery business. We understand he plans to convert the establishment into a restaurant later on.

After spending several weeks here with relatives, Mrs. W. J. Wright has returned to her home in Woodward, I. T.

Judge McConnell met with a painful and annoying accident the other day. He had driven out to Mr. Price's and while walking on the prairie he stepped into a dog hole and gave his foot a severe wrench. The injury will necessitate the use of crutches for several days.

The Haskell gin is ginning and wrapping for the seed where parties desire to make the swap.

Haskell is full to running over. Every house and cabin is occupied and still there are inquiries for houses to rent.

R. M. Grantham, who moved here last week, has purchased the residence in the western part of town formerly occupied by H. E. Keister.

A Mr. Kelley was here last week and sub-leased one of the E. Hill places of W. B. Markham and will move to this county later in the fall.

Judge P. D. Sanders got home Sunday evening from Lamar, Mo., where he went for treatment by a magnetic healer. He is looking better and says he feels better than he has in years.

Ed Crouch will start tomorrow to Austin to enter the State University for the term.

J. E. Jones and family of Stephens county came in Monday to spend the week visiting Mr. Jones parents and other relatives here. They were also accompanied by his mother-in-law, Mrs. T. C. Gopher and little daughter of Throckmorton.

Mrs. Venesey has moved into J. E. Garren's residence, recently vacated by him.

Miss Belle Rupe left this morning for Dickens City to resume her music class.

Gene Griffin moved this week to the Newt Milhollon place in the northwest part of town.

For SPEED with ACCURACY

The new Moline-Monitor drill is designed for high speed drilling with accuracy and dependability. Moline-Monitor disc openers cut through trash better, and are designed so that the seed tubes deliver the seed into the bottom of the furrows before the dirt falls back into place behind the discs. Moline-Monitor feeds assure a positive even feed. These features mean a uniform covering of seed and an even distribution of seed, and the new MM pneumatic-tired wheels add a greater assurance of uniform depth of drilling under all soil conditions.

Choice of single or double disc openers, fluted or double run feeds. See us for complete facts on these quality leaders.

Demonstration On Baking Given At H-D Club Meeting

The Willing Workers H. D. Club met Thursday, Sept. 8, for a demonstration on making and baking cookies.
The club sang, I Would Be True, as the opening song.
Roll call was answered with "A Household Hint from This Year Book That I Have Found Most Helpful."
Mrs. Ira Short chose for her timely topic, "She Decorates With Discards," mentioning the use of discarded articles such as old pressing irons painted red for book ends, an old iron teakettle to be used as a flower container, a portable oil heater base for a footstool and a table out of the bottom of an old washing machine. "Even the lowly wire cage rat trap is ideal for ivy," stated Mrs. Short.

Mrs. Cecil Jetton gave the H. D. County Council report and the slick trick demonstration.
The H. D. Agent, Mrs. Howle, made and baked oatmeal drop cookies, butter balls, and graham crumb cookies. Copies of the recipe were given each member. The cookies were graded by a score sheet and then everyone present enjoyed eating some of each kind.
Refreshments of punch and cookies were served by the hostesses, Mesdames R. E. Mathis, Jr. and Joe Mathis, to thirteen members and Mrs. Howle.

Cottonseed Reports Will Be Available To Farmers

Cotton growers of Haskell county were urged to write for the free cottonseed market news reports issued by the Production and Marketing Administration, U. S. Department of Agriculture's southwest cotton office in Dallas.
According to John McCollum, area manager, many cotton growers are not making full use of this report and in certain cases they are not receiving maximum returns for their cottonseed. He pointed out that unlike many other agricultural products, there are no organized markets to provide basic cottonseed information. Therefore, farmers are entirely dependent upon local quotations with no basis for comparisons unless they receive these reports.

Current cottonseed prices are gathered by PMA from ginner and cotton oil mills.
McCollum said cotton growers particularly need this cottonseed market information this year since the Commodity Credit Corporation has a cottonseed loan program in operation. These reports will help growers determine whether it would be more profitable for them to place their seed in loan or sell it, he explained.
The cottonseed report may be obtained by writing local USDA cotton classing offices, or Mr. McCollum at 1104 South Ervay Street, Dallas 1, Texas.

Franz Joseph Haydn composed more than 400 major compositions during his lifetime.

Legumes for soil improvement is a good bet for land that will be taken out of wheat, corn or cotton next year. Soil and climate have a lot to do with the legume growth, so find out which varieties do best in your county, and plant them now.

Only one word fits it —
Wonderful!

YOU know how it usually is—slow and steady is the rule in automotive progress. But every now and then it happens. Along comes a car that's new all over—like this one—and headlines sing the news.
Take the styling of it—fresh and smart and really exciting from its non-locking bumper-guard grilles to the jet-plane look of its fenders.
Take the outward size of it—handy in traffic, easy to garage, actually more room and a sweeter ride in fewer over-all inches.
Step inside—and stretch yourself in the biggest interiors ever found in a Buick Special, with a full twelve inches added to rear-seat hiproom.
Try the power of big 110 or 120 hp high-compression Fireball engines—sample the restful levelness of a ride that sets the standard for the industry.

transmissions — is optional equipment, available now at the lowest price level yet!
Finally, look at the price tag. Measure its figures against others—and see if any car, even in the lowest-price field, gives you so much of what you want for each dollar you invest.
Tops in style, tops in room, tops in lift and life and traveling ease, a trip to your Buick dealer will show you this is wonderful in value too!
For the biggest buy of this year—and many a year to come—better go now and get your order in!

Check controls—and note really big news: The luxury of Dynaflo Drive*—newest, simplest and smoothest of all modern
*Optional at extra cost.
When better automobiles are built BUICK will build them

Bill Wilson Motor Co. Joins in Ford Safety Contest

Bill Wilson Motor Co., Ford dealer at Haskell, has entered his dealership in a \$100,000 car safety contest sponsored by the Ford Division, Ford Motor Company.

Mr. Wilson is one of 6,400 Ford dealers throughout the nation who has entered his dealership in the contest during September and October.

Seven hundred prizes totaling \$100,000 will be awarded winners of the safety contest. The prizes are 25 new Fords including five Ford trucks; 25 \$1,000 U. S. Savings Bonds, 200 \$50 Bonds and 50 \$25 Bonds.

The contest has the support of the National Safety Council, the Inter-Industry Highway Safety

Committee and other safety organizations.

Ned H. Dearborn, president of the National Safety Council, in a letter to L. D. Crusoe, Vice-President and General Manager of the Ford Division, said:

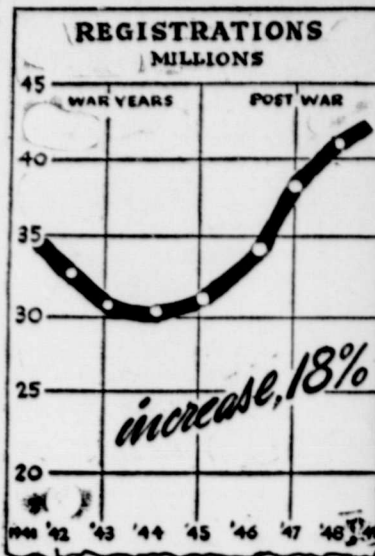

"Certainly every motorist should check and double check the mechanical condition of his car for safety's sake, and you at Ford are making such a check easily available for all drivers throughout the country."

"And I am sure that this free check-up and safety contest, with its attractive prizes, will make Americans more safety conscious—it will save lives."

In order to participate in the contest, Mr. Wilson pointed out motorists must bring their car or truck, of any make, to the dealership for a safety check at absolutely no cost or obligation to the motorist.

Free checks will be made on the brakes, steering, headlights rear and stop lights, tires, wind-

Automotive Industry Moves Ahead

Automotive production at record levels; more automotive jobs than ever before; motor vehicle travel sets new record! This is the story of progress just revealed in the automotive industry by the Automobile Manufacturers Association.

DETROIT—In the first six months of 1949, the automotive industry produced nearly 3,000,000 new cars, trucks and buses—almost as many units as were turned out in the full year of 1946. A steady increase has been registered since the industry surmounted its war reconversion problems. A 55% gain in production was made in 1947 over 1946, and a 10% gain was registered in 1948 over the preceding year. The half year of 1949 is up 20% from the first six months of 1948.

Industry jobs jumped from 6,700,000 in 1941 to 9,020,000 in 1948. This means one out of every seven job holders in the nation earns his wages in the highway transportation industry. These jobs cover manufacturing, road building, sales and service, trucking and miscellaneous work.

Main street is dotted with more businesses keyed to highway transportation, and over 90% of them are small enterprises, employing less than 20 employees each. Business accounts for 56% of all car trips; social and recreational driving is 16% of the total; shopping 12% and other purposes 16%. Rural travel climbed from 169 billion miles in 1941 to 197 billion in 1948. Urban travel increased from 163 billion miles in 1941 to 203 billion in 1948. Governmental agencies are collecting an all-time high in automotive dollars. Special taxes alone now exceed \$3 billion annually, with motor trucks accounting for more than a third of the total. One of the largest tax items is the federal excise levy on new motor vehicles. First invoked as a "temporary emergency measure" in 1932, it has been increased twice since, instead of being repealed.

Paint Creek Church Women Host Gift Shower

Ladies of the Paint Creek Methodist church were hostesses for a miscellaneous shower Wednesday night, September 7th, honoring Mr. and Mrs. Bill Perry newlyweds. The lovely gifts were displayed on lace covered tables.

The hostess served pineapple punch and walnut cookies. A number of friends and relatives registered in the brides book presided over by Mrs. Ray Perry.

Press Perry of Fort Worth, father of the groom, furnished entertainment for the evening in the form of a magic trick show, which was indeed good. No one there doubted that the hand was faster than the eye.

Mr. and Mrs. Perry are making their home in Stamford where he is employed by the National Guard.

Meeting of County H. D. Council Held Here Saturday

The Haskell County H. D. Council met September 3, in the District Courtroom, Chairman Mrs. E. B. Calloway presiding. The opening song, Auld Lang Syne, was sung.

A report of the Amateur Program, held September 1 was given and all clubs were requested to have their annual reports in October.

An election of new officers for the coming year was held, all were retained in their present office: Mrs. E. B. Calloway, chairman; Mrs. Jim Perrin as vice-chairman; Mrs. Edward Newton, secretary.

The delegates to the state convention to be held in Mineral Wells are Mrs. T. M. Patterson, Mrs. Bill Dunham, and Mrs. W. G. May were requested to learn two songs.

The district also has a new District Agent. She is Fern Hodge of Vernon.

Poison ivy and wood vine are very similar in appearance. But the leaves furnish an easy means of identification of each. The harmless wood vine has five-finger leaves whereas, poison ivy has only three fingered leaves.

Vice President, Mrs. Trumar Stockton; Sec'y.-Treas., Mrs. Paul Grindstead; Reporter, Mrs. Howard Sloan; Council Delegate, Mrs. Lee Bivins; Parliamentarian, Mrs. J. C. Haliburton Jr.

Mrs. J. C. Haliburton Jr., gave the Council report.

Mrs. Gene Rose and Mrs. J. C. Haliburton Jr., gave a demonstration on re-seating of chairs. They used plastic.

Those attending were: Mrs. Mevin Stephens, Mrs. Lee Mays, Mrs. Lee Bivins, Mrs. Billy Burson, Mrs. Grady Newton, Mrs. Howard Sloan, Mrs. J. C. Haliburton Jr., and the hostess, Mrs. Gene Rose. Visitors were: Mrs. Dallas Adkins, Mrs. E. M. Server, Mrs. W. C. Knight.

Neglected pastures and abandoned crop land overgrown with yankeeweed may need to be put into cultivated crops for a time to control the weeds and re-establish the pasture.

Cottage cheese, which is expected to be in plentiful supply this month, is low in calories in relation to its other nutrients and well suited to diets which are nourishing but not fattening.

Whales have a larger amount of blood, in proportion to their size, than other mammals.

Hog cholera can be controlled if swine producers will follow a program of strict sanitation and vaccination on their farms.

FROST IN BAVARIA

The United States Navy has a way of turning up in the least expected places. Here on leave at Garmisch in the Bavarian Alps, site of the 1936 winter Olympics and in pre-war days one of the most exclusive resorts in Europe, is an American sailor with two Bavarian friends performing an ancient ritual on a mountain top.

Creamed Dried Beef in Toast Shells
Broadcast: September 17, 1949
3 slices bread 1 can condensed cream
3 tablespoons melted butter or margarine 1/2 cup Fat Milk
1 cup shredded dried beef 3 tablespoons water
few grains pepper

Turn on oven; set at moderate (375° F.). Remove crusts from bread. Brush bread with melted butter. Press suetted side down into 8 three-inch muffin cups. Bake 10 minutes, or until light brown. Meanwhile, rinse dried beef with hot water. Drain; dry on cloth or paper towel, then put into saucepan with soup. Stir in milk, water and pepper. Heat slowly until thoroughly hot. Serve in toast shells. Makes 4 servings.
*Mushroom soup also can be used.

You Will Need:
PET MILK can 6c
DRIED BEEF pkg. jar 29c
Cream of CHICKEN SOUP can 19c

For Higher yields of clean WHEAT

Plant Seed Treated with CERESAN

Even the best seed can rot in the ground—unless it's protected. That's why we recommend that you plant seed wheat treated with Du Pont "Ceresan" seed disinfectant and protectant for better stands and yields of clean grain. Here's how "Ceresan" protects your seed:

- CHECKS SEED DECAY, blight, stinking smut and other diseases.
- OFFSETS BAD WEATHER—Helps step up germination, even when growing conditions are worst.

"Ceresan" treatment is equally effective on oats, barley, rye, millets and flax.

For prompt, economical and effective treating service

LET US TREAT YOUR SEED WITH "CERESAN"

COURTNEY HUNT

15 minutes with Chrysler

will show things you never dreamed possible

You'll see the only passenger car engine that's completely waterproof . . . that can run through flood water like no other car . . . that can sit all night in the heaviest downpour yet start up instantly!

You'll see windshield wipers electrically operated! Free from engine pressure, they don't stop when you need them most!

You'll see a car with Safety Rim Wheels—blowouts won't throw a tire under almost any driving condition!

You'll see 50 new improvements that make Chrysler the most beautifully engineered car today! . . . A pleasure to drive, thrifty to own. Phone, let us bring you a car.

let the car prove it!
