March of Dimes Total At \$5,021; Many Reach Minimum Goal

County people have been generous to the march of Dimes campaign, Crawford, chairman of the drive, reported Thursday. He expressed confidence that the county is likely to come in for the total of \$7,000 which was tentatively set as the minimum for the county.

The Anson Chamber of Commerce banquet will be held at 7:30 p. m. on Tuesday, February 14, 1950, with Delbert Downing, Manager of the Midland Chamber of Commerce as speaker and Harley Sadler of Abilene as Master of Ceremonies. President A. J. Smith, Jr., announced Tuesday afternoon.

The meeting will be held in Anson's new grade school auditorium-gymnasium. The building offers the best facilities for gatherings of this type of any location in the city, and it is a building of which the citizens of Anson are justly proud, and the Chamber of Commerce is assisting the Anson School in showing off their new building.

A new feature of the banquet this year will be the honoring of an outstanding citizen. Who is to receive this award will not be announced until the banquet. The selection has been made by a secret committee, the members of which are known only to the President and Board of the Anson Chamber of Commerce. Not even the outstanding citizen will know of the selection until the banquet.

Mr. Downing and Mr. Sadler appeared on the Anson Chamber of Commerce program two years ago, and the Chamber considers it very fortunate that the service of these two gentlemen has been secured for the meeting this year. When Mr. Downing appeared here two years ago there were a number of projects underway, and he stated that any town that would wheel could get what they were after, and now most of these projects are a reality.

The program will include dinner music played by Pat Patterson and his orchestra. Mr. Patterson is director of music in the Anson Schools, and director of the Anson School Band.

As in a feature of the banquet each year the Board Members and their wives will serve as hosts and hostesses for the meeting.

W. A. J. Hall Home Destroyed By Fire Early Today

The five-room frame residence of Mr. and Mrs. W. A. J. Hall, 1301 East 5th St. was destroyed by fire, together with all contents, Thursday morning. The blaze started about 8:15 a. m., and by the time firemen could reach the home, the entire structure was in flames and nothing could be saved. Origin of the fire, which apparently started in or near the kitchen, was not immediately determined.

Mr. Hall was in his barnyard milking, and Mrs. Hall, a near invalid, was alone in the house at the time. She managed to make her way out of the house after noticing the blaze.

Loss on the house and contents was partly covered by insurance.

Funeral Rites Held Here Sunday For Mrs. George Best

Final rites for Mrs. George Best, Haskell county resident for many years, was held at 2:30 p. m. Sunday at the Church of Christ in this city.

Survivors include five daughters, Mrs. Harry Henderson of Lamesa, Mrs. A. C. Segro of Rochester, Mrs. Fred Hodgins of Haskell, Dorothy Best of Lubbock and Lois Best of Haskell; one son, Jimmie Best of Haskell; 12 grandchildren and four great-grandchildren; one brother, and two sisters.

She was born June 3, 1884. She was the widow of the late George Best, prominent Haskell county farmer, who died in 1943.

Rites Held Here For Edw. Thomas, Victim of Burns

Forrest Edwin Thomas, 27, native of Haskell and who lived here until the age of 18, was fatally burned by flaming gasoline while he was working in a garage in Santa Fe, N. M., last Friday, and died the following day in a hospital in that city.

Body of Thomas, Air Force veteran of World War II, was returned to Haskell and funeral rites were held at the First Baptist Church Tuesday, Jan. 31 at 3:30 p. m., conducted by Rev. H. G. Hammer, Baptist minister of this city.

Interment was in Willow Cemetery under direction of Holdens' Funeral Home. Pallbearers were Morris, Bailey Lee, J. L. Jr., Cecil and Carroll Toliver, Jack Bellis, A. L. Shumake, Hess Hartsfield.

Mr. Thomas, a machinist, was a resident of Amarillo, and was working on a temporary job in Santa Fe at the time of the tragedy. According to information given relatives and friends here, Thomas had been working on a valve grinding machine, and was cleaning machine tools when gasoline nearby was ignited. He was burned badly about the hands, arms and upper part of his body. Rushed to a hospital, he died some 20 hours later.

Born April 12, 1922, in this city, he attended Haskell schools and at the age of 18 enlisted in the Army Air Corps, in which he served until close of the war. He married Miss Shirley Brown of Shamrock, Texas, Oct. 27, 1946. He had been a member of the Baptist Church since boyhood.

Survivors include his widow, Mrs. Shirley Thomas, Amarillo; mother, Mrs. Jesse Johnson, Abilene; father, W. M. Thomas of Wichita Falls; brother, Lee Roy Thomas, Abilene; a half-brother, Joe Bob, and two half-sisters, Judy May and Patsy Joyce Thomas, all of Wichita Falls.

Revival Meeting Begins Sunday at Bible Baptist

A two-weeks revival meeting will be held at the Bible Baptist Church in this city, beginning Sunday, Feb. 5th and continuing through Sunday, Feb. 19, it was announced this week.

The Rev. J. B. Pruitt, pastor of Bethel Baptist Church in Abilene will do the preaching. He is widely recognized as an outstanding Baptist evangelist. Services during week days will begin at 7:00 p. m., and at the usual hours on Sunday. Music will be under the direction of the pastor, Rev. Ray Turner.

Payment of Poll Tax at 3,442 Total for Year

Poll tax payments for 1949 in Haskell county dropped to the lowest total for a regular "election year" recorded in the past decade, according to figures announced Wednesday by County Tax Assessor Collector R. A. Coburn.

A total of 3,442 poll tax receipts were issued through his office up to Tuesday night, last date payment could be made. This total compared with 3,800 issued in the last election year, 1948. Coburn reported, a decline of 328. Potential voting strength of the county for the current year will likely not exceed 4,000 when voters exempt from payment of the poll tax are included. No exemption certificates were issued in Haskell county, this provision applying only in cities with population of 10,000 or more, Coburn explained.

Thieves Get \$297 Loot In Burglary Of Hattox Store

Burglars who entered Hattox Hardware Store on the northwest corner of the square sometime Saturday night, took cash and checks amounting to approximately \$300, most of it in money. The theft was discovered Sunday afternoon when Mr. Hattox went to the store at the emergency request of a patron.

Money taken was from the store cash register, and from a small money box kept under the counter nearby. Biggest portion of the loot was in cash, with an estimated \$30 in checks taken.

Cotton Ginnings In County Reach 92,000 Bale Mark

Slowed by the weather, Haskell gins operated on a part-time schedule during the past week in processing the remaining harvest of cotton from the record-breaking 1949 crop, which is estimated will total 100,000 bales when gathering of the crop is completed. Total ginnings in the county now have passed the 92,000 mark, it is estimated.

Five ginning plants in Haskell have processed a total of 24,253 bales since gathering of the crop was started last September, and local ginners are in accord in declaring the past season was the busiest in their history. For several months during the peak of the harvest, the gins were operated on a 24-hour schedule and were never able to keep abreast with the inflow of the staple.

Scientist Making Intensive Studies Of Soil Erosion

University of Texas scientists are using radioactive isotopes in new experiments to study corrosion. Corrosion costs industry untold millions of dollars each year in University scientists hope to find ruined machinery and facilities; materials and reactions to retard it. Carbon-14 a radioactive isotope in stearic acid is being employed by Dr. Norman Hackerman, Corrosion Research Laboratory director, and his assistants to examine corrosive action in detail. By measuring the radioactivity of a metal after it has been exposed to the special acid, the researchers expect to determine how much of the acid becomes associated with that metal surface and how firm that association is. Three other radioactive isotopes Chlorine-36, Sulphur-35, and Chromium-51, are being used in experiments similar to the one described above.

Farm Prices Are Fairly Steady Past Week

Most livestock and other farm products held fairly steady in the face of dull to good demand at southwest and midwest markets last week, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Southwest and midwest hay markets faced slow trade last week under the influence of mild weather which permitted pasturing of grain fields and stubble. Fort Worth sold No. 2 New Mexico hay at \$33.95 a ton and No. 2 Arizona hay at \$40.33. Receipts of hay overran demand at Kansas City. In North Texas trade, feed markets weakened under slowed demand.

Steady prices and slow demand marked rice trading in the southwest. Small rough rice marketings made reliable quotations impossible.

Cattle were mostly steady to strong at major southwest and midwest markets through Friday. By Monday, some classes weakened from 50 cents to \$1. At Fort Worth last week, buyers were aggressive for most classes as yearlings ruled strong and stockers found a ready outlet at stronger prices. Good demand for sausage bulls at San Antonio caused price upticks for this class. Oklahoma City saw stockers and feeders facing a good outlet on country account as prices worked up.

Butcher hogs faced active demand at 50 cents to \$1 advances at most southwest and midwest markets. Monday's top prices ranged between \$16 and \$16.50. Slaughter lambs and ewes were steady to \$1 higher in the southwest and midwest.

Eggs and live poultry, both in liberal supply, faced slow to fair demand at southwest markets but no price changes of importance were recorded.

Most grain prices turned downhill this week, except for an advance of 4 1/2 cents per bushel on

Change Name And Emphasis Of 4-H Program For '50

Announcement has been made of a change in emphasis in the 4-H Electric program, which in 1950 will be known as the 4-H Farm and Home Electric program, according to the National 4-H Committee.

With the change of name, the program will encourage more boys and girls to study and plan how to use electricity, and to demonstrate what electrical equipment they have made, adjusted, repaired and installed.

There will be no changes in awards, or donor, which is the Westinghouse Education Foundation. Awards comprise gold-filled medals, all-expense trips to the National 4-H Club Congress, Chicago, and six \$300 college scholarships to county, state and national winners, respectively.

A merit plaque also will be awarded to the county reporting the most outstanding 4-H Farm and Home program in the state this year.

wheat. From Monday through Monday, corn lost 1 to 2 1/2 cents per bushel, oats 3-4 to 1 1/2 cents per bushel, barley 2 cents and sorghums 10 cents per 100 pounds.

Spot cotton markets at Little Rock, New Orleans, Dallas, Galveston and Houston were fairly active last week. Prices moved up and down about 25 to 50 cents per bale. Offerings of equities from farmers increased at \$2 to \$5 per bale.

Mrs. Charles Clark Entertains Sagerton HD Club; Fun Night Staged At School

Mrs. Charles Clark entertained the Sagerton Home Demonstration Club in the home of Mrs. M. Y. Benton Tuesday afternoon, January 23. The County Home Demonstration Agent, Miss Howell, showed the ladies how to measure themselves before cutting out a dress, and Mrs. Lee Cornelius showed the ladies some of the textile painting she had done. Sandwiches, potato chips, olives, cookies and cakes were served to Miss Howell and Mmes. Lee Cornelius, M. Y. Benton, Raymond Hilscher, Edward Nienast, Will Stegemoller, Dick Gibson, F. A. Stegemoller, Glyn Quade, A. C. Knipling, H. E. Driessner, Delbert LeFevre, Herbert Lehmann, and Mrs. Clark, the hostess.

The next meeting will be held in the home of Mrs. H. E. Driessner, Tuesday afternoon, February 14, and Mrs. Cornelius plans to demonstrate her painting to the ladies.

Kenneth Stegemoller spent several days with his parents, Mr. and Mrs. F. A. Stegemoller, between semesters. He returned to his classes at Concordia College for Boys in Austin Monday.

A community "Fun Night" was enjoyed at the Sagerton School Monday night, January 23. Mrs. F. A. Ulmer served as general chairman. The entertainment was under the direction of the following ladies: Adult games—Mrs. D. W. Counts and Mrs. Zenor Summers. Mrs. Anton Teichmann was refreshment chairman and her helpers were: Mmes. M. C. Hoerman, John Wendeborn, Walter Wendeborn, Jess Thames, Bob Eyers, Herbert Nierdieck, and Edwin Franke.

The teachers of the Sagerton School kept a "March of Dimes Honor Roll" in their rooms of the children who contributed five dimes for the cause. The children on this Honor Roll are: 7th and 8th grades: Margie Lehmann, Marva Ruth Wendeborn, Marlene Laughlin, Clotile Swope, J. D.

Wendeborn, Glenda Clark, and Dorothy Pearl Thames; 8th and 6th grades: Evangelyn Hoerman, Alvin Mathis, Willie Lehmann, Gene Ender, Betty Ingram, Carl Kainer, Sandra Ross and Shirley Bell; 3rd and 4th, Sue Hertel, Fred Wendeborn, Dean Sellers, Ann Humphreys, Berland Ingram, Dorothy Bredthauer, Jimmy Sims, and Patricia Summers and 1st and 2nd grades: Darlene Teichmann, Jimmy Ingram, Sandra Byers, Martin Gomez, Nelda Green, B. L. Ross, Billy Sellers, James Wendeborn, and Zender Ingram.

The teachers of the Sagerton School, Mrs. Irene Stewart, principal, and Mmes. W. C. Taylor, Paul Banks and M. D. Crow, attended a teachers' meeting at Haskell Thursday night.

Mrs. J. F. Schaeke and Walter and Mrs. Herman Rappelt of Stamford and Mr. and Mrs. Willie Rappelt of Stephenville visited in the home of Mr. and Mrs. C. E. Stegemoller Sunday.

Mrs. Raymond Hilscher gave a birthday party for her little daughter, Kay, on her second birthday, Tuesday night, January 24. After the gifts were opened, cookies and pop were served to Kay Hilscher, Carol Mueller, Larry Teichmann, Bob and Steve Clark, Kenneth Nienast, Billy Dave and James Ray Kittle, Gary Moore, Linda and Larry and Mrs. Arthur Mueller, Mr. and Mrs. Eugene Teichmann, Mrs. Charles Clark, Mrs. Pete Kittle, Mr. and Mrs. Edward Nienast, Mr. and Mrs. Potts Moore, Mr. and Mrs. Delbert LeFevre, Mr. and Mrs. Clarence Teichmann and children, and Mr. and Mrs. Raymond Hilscher.

John Clark is on the sick list this week with a case of the flu.

Mildred Thames, a student at Daughon's in Abilene, spent the last week-end with her parents, Dahlia Dean Knipling, a student at Texas Tech in Lubbock spent the week-end with her parents, Mr. and Mrs. A. C. Knipling.

Mr. and Mrs. Edward Nienast and Kenneth visited in Haskell Sunday with Mr. and Mrs. Paul Dick and Mr. and Mrs. J. E. Walling.

Mrs. G. Muegge and children of Haskell visited her parents, Mr. and Mrs. H. C. Nienast, Sunday.

Ira Red and the Kentuckians were sponsored by the Sagerton PTA in the school auditorium last Friday night.

Ernst Bredthaver, son of Mr. and Mrs. C. C. Bredthaven, has been discharged from the Army and is home with his parents.

David Gibson, a student at McMurry in Abilene, spent the week-end with Mr. and Mrs. W. R. Gibson.

Johnny Guinn, a student at Hardin Simmons, was home for the week-end with his parents, Mr. and Mrs. C. L. Guinn.

Mr. and Mrs. L. H. Schroeder and son, Murry, visited Mrs. Schroeder's sister, Mrs. Bertha Schlake and Mrs. Schlake's daughter, Mrs. Bill Taylor, in San Antonio. The Schroeders also attended the dedication of a new "Sons of Herman" Hall there.

Mrs. Eldon Anderson and children, Judy and Jo Nell of Stamford visited her parents, Mr. and Mrs. L. H. Schroeder, Friday.

Mr. and Mrs. C. C. Bredthaver and son, Walter, are visiting relatives in Caldwell and Houston this week.

Mrs. Billy Beene and sons, Danny, of Hamlin, have recently been visiting her aunt, Mrs. Carl Sims and Mrs. Sims.

T. J. Tidwell, Westex Showman, Shot At Aransas Pass

T. J. Tidwell, 57, Big Spring carnival operator and former resident of Haskell, was shot and seriously wounded Friday at Aransas Pass, Texas, where his carnival and shows were in winter quarters.

According to press dispatches, Tidwell was shot twice in the abdomen during an argument with a carnival worker. Tidwell was reported in a serious condition in an Aransas Pass hospital. Assault to murder charges were filed against the carnival worker involved in the shooting, dispatches related.

Tidwell's Shows had frequently played here during the Central West Texas Fair.

Rex T. Bishop Dies In Oakland, Calif.; Once Lived Here

Friends here have learned of the death Jan. 24 in Oakland, Calif., of Rexford T. Bishop, about 25, who lived in Haskell several years in the early 40's, and attended Haskell schools. He was serving in the Navy at the time of his death. No particulars of his death were received here.

Bishop, better known to former schoolmates as "Goldie" Smith, was the foster son of Edward W. Smith, a sign painter who lived here for a number of years and is now a patient of a Wichita Falls hospital.

Young Bishop graduated from Haskell High School in 1942, and shortly afterward enlisted in the Navy. Following his discharge at the end of the war, he returned to Haskell for several months before re-enlisting in Navy service.

Farm records are a mighty important part of farm business operations and a close study of these records may reveal leaks in the farmers profit barrel.

Southwest Spot Cotton Markets Moderately Active

Southwest spot cotton markets saw another week of moderately active business and the highest prices since mid-August, according to the U. S. Department of Agriculture's Production and Marketing Administration.

Sales reported to USDA from Dallas, Houston and Galveston totaled 98,034 bales last week, only about a thousand more than the previous week.

Demand was good from both domestic and export sources for most all qualities in a wide range of staple lengths, except for Strict Low Middling and the gray grades. However, these showed some improvement over recent weeks.

Prices slipped past the 31-cent-per-pound mark for the first time since mid-August, gaining \$1.50 to \$1.75 per bale from Friday through Friday.

Middling 15/16 inch offerings were quoted Friday at 30.55 cents per pound at Dallas, 31.05 at Dallas, 31.05 at Houston and 31.05 were \$8.25 to \$10.75 per bale low-cents at Galveston. These prices are than last year at this time.

Farm markets were quiet as picking and ginning drew toward a close in the late harvesting sections of West Texas and Oklahoma. Some farmers were selling their equities in government loan cotton at \$3 to \$5 per bale, an advance of a dollar or more per bale over several weeks ago.

Texas farmers received an average price of \$44 per ton for their cottonseed and Oklahoma farmers \$42.90 during the past 15 days.

Now's the TIME TO ENJOY LUXURIOUS SLEEPING COMFORT

February—month of ice and sleet and cold—is the time to the luxurious sleeping comfort of the Westinghouse Electric Comforter. Sleep electrically and enjoy the difference. The Electric Comforter gives you warmth without weight, for one bedcover is all you ever need. At bedtime, you merely set the control for any degree of warmth you desire. The bedside control then automatically maintains a gentle, relaxing warmth all night long regardless of changes in temperature.

Westinghouse Electric Comforter

The last word in Sleep Comfort

No king ever slept more luxuriously. The lush rayon satin cover of the Electric Comforter is available in three rich colors: Rose, Blue, or Green with matching underside of nonslip spun rayon faille that anchors the Comforter to the bed. Outer cover dry-cleans beautifully—Inner warming sheet of preshrunk muslin is easily removable for washing. 72" x 86" allows for ample tuck-in.

Homemaking Class
Members Model
Dresses
The second year Homemaking
girls modeled their dresses which
have been made in class with
Mrs. J. U. Fields and Mrs. W. P.
McCollum as judges. Lula Fay
Free was awarded first place. La-
vada Reese and Dorothy Rabke
tied for second place with Lorene
and Florence Crow tying for third
place. The girls appreciated the
many complimentary comments
made by Mrs. McCollum and Mrs.
Fields. "After all of those nice
things, we don't mind the rip-
ping and taking out that we had
to do," remarked one of the girls.
Three classes with approxi-
mately forty girls will model their
dresses in the spring. Miss Wat-
son says that she plan to have
a style show in connection with
the assembly program at that time.
Sylvia's Beauty Shop had charge
of the program at the regular
meeting of the Future Homemak-
ers at the cottage Monday night,
January 23. "Hair Styling and
Make Up for the High School
Girl" was the theme of her dem-
onstration. The different shaped
faces and styles to suit these faces
were demonstrated on the various
girls present. Florine Ammons
new hair style and facial was the
topic of discussion in most
any group of Future Homemakers
the following day. The things
Sybil did in her demonstration
were tricks that any girl could
do to make her more attractive.
Adult classes are being organ-
ized February 6th in leather craft
and ceramics, and another in
which linoleum, block printing,
glass etching and stenciling, and
etc. will be taught. Each of the
classes will meet twice monthly.

TWO-WAY STRETCH
that's strictly inside stuff!
Look! Wrap-around
rear window and
top-side styling in the
Riviera manner
HERE'S THE NEW 1950 BUICK SUPER 126, companion body-type to the
equally new ROADMASTER 130. Both are shorter than last year's 4-door
Sedans—yet 4 inches longer in wheelbase. In both, the difference is used
to give you real stretch-out room in the rear seat.
What the boys did here really
calls for some medals.
We gave them the job of coming up
with something that was bigger
inside—for room and comfort—
longer in wheelbase—always im-
portant to good riding qualities—
yet unbulky and easy-handling in
over-all dimensions.
Just look how well this tidy num-
ber meets these "impossible" speci-
fications!
Item one—rear-seat cushions are
a full foot wider than last year's
SUPERS and ROADMASTERS.
Item two—in every dimension—
leg-room, head-room, hip-room,
shoulder-room—this rear-seat com-
partment is bigger than previous
models—and nearly four inches
longer, fore and aft, than other
1950 Buick interiors.
Item three—wheelbases are the
longest of our 1950 line. On the
SUPER, it is 125 1/2" instead of
121 1/2"—on the ROADMASTER 130 1/2"
instead of 126 1/4".
Yet—and here's where the magic
comes in—the whole car is shorter
over-all. Actually less from bumper
to bumper than previous Buicks
in these series.
That means easier parking, easier
tucking away in family garages,
easier maneuvering in crowded
traffic.
There are some other things too.
An extra rear-quarter window not
found in standard 4-door Sedans. A
different upperstructure styling that
makes this body-type stand out as
something pretty special.
Even special names that let you
say, "I drive a SUPER 126" or
"Mine's a ROADMASTER 130,"
just by way of being different.
Yes, we think we hit on a happy
idea in the "Longfellows," as
they're coming to be known. They
are not longer, on the outside, but
there's a two-way stretch—in width
and length—in the rear compart-
ment.
You're going to like that—as you'll
see by calling on your own Buick
dealer. If he doesn't have one on
hand, he can get it pretty promptly
—and at a price and on a deal you'll
have trouble matching, much less
beating, anywhere else.
See him now, will you—about plac-
ing an order?
Features like these mean

O'Brien HD Club Meets In Home Of Mrs. Hines

Eleven members were present for the club meeting Wednesday, January 25 in the home of Mrs. Hines.

The president, Mrs. Hines, presided over the business meeting.

The club has been invited to Girlstown by America Anthony. The little girl we are sponsoring there is Fayrene, 9 years old. The club members are planning a visit to the home sometime in the near future.

The club prayer was led by Mrs. J. L. Brothers. Mrs. O. S. Johnston read "My Club Work." "Collect for Women" was read by Mrs. D. S. Gothard. Mrs. Grindstaff talked on "How we can Meet Club Goals." Pattern alteration was under the direction of Mrs. Ford Waldrip.

We enjoyed very much the comments on the different roll call subjects.

The hostess served refreshments of sandwiches, cake and whipped cream and punch to the following: Mmes. D. S. Gothard, D. E. Qualls, C. C. Hutchinson, J. L. Brothers, T. E. Beason, Bill Johnston, O. S. Johnston, C. M. Walsworth, Ford Waldrip, and J. L. Grindstaff.

The agent will be with us February 8 when the club meets with Mrs. Jno. L. Grindstaff.

Willing Workers HD Club Meets January 26

The Willing Workers H.-D. Club of Jud, met Thursday, Jan. 26, for their regular meeting in the home of Mrs. Billy Wayne Peters.

The program was opened with the singing of "Sweet Hour of Prayer," led by Mrs. Joe Mathis.

Roll call was answered by each member present with the assigned subjects.

Mrs. John Powell, the club president, discussed "How We Meet Club Goals."

Mrs. S. E. Lewis, the clothing demonstrator, showed how to alter patterns.

Mrs. S. E. Lewis was elected nominee for delegate to County Council where 3 delegates are elected in February to the District T.H.D.A. meeting at Mataro in April.

A recreational game was directed by Mrs. John Powell.

Secret Pal gifts were distributed by the hostess.

Refreshments of delicious cookies and hot chocolate were served to Mesdames Henry Downey, Cecil Jetton, S. E. Lewis, C. M. Manley, Joe Mathis, R. E. Mathis, Jr., Billy Peters, John Powell, Ira Short, Eugene Wheeler, and H. B. Yarbrough.

Red Cross Water Safety Training Responsible for Saving Many Lives

Robert Lafferty of Brownwood, Texas, is a little different from his neighbors. He has saved two lives. On July 25, 1949, he answered a cry for help at a swimming pool when a woman screamed that her husband and baby boy had disappeared from sight. Diving in, Lafferty pulled out first the boy and then the father and gave artificial respiration to the later, who regained consciousness after about four minutes.

For this act of mercy, Lafferty became the 42nd Texan to receive the coveted American Red Cross Certificate of Merit, an award made only to persons trained in Red Cross First Aid or Water Safety who use their skills in "saving or attempting to save the life of another in an act judged meritorious."

Stories like that of Robert Lafferty make the headlines. But, while less spectacular, the hundreds of unpublicized rescues from death which take place every day, thanks to first aid or water safety training, are more important. The things we take for granted--life savers at swimming pools, first aid kits in buses, free community classes in which our kids learn to swim -- are tangible results of the contributions made by the American people to their Red Cross.

At the turn of the century swimming was not a very popular sport, probably because of the fact that it was an exceedingly hazardous one. Nearly 14,000 Americans drowned every year. Today, when millions rush to the beaches and pools every summer, the national drowning rate is down to about 7,000 per year. Red Cross Swimming and Life Saving instruction has made the difference.

At the turn of the century a man injured on his job almost inevitably had to wait for dozens of precious minutes -- hours even -- till a doctor could be summoned to care for him. In the interval he frequently died. It was considered unfortunate, but inevitable. Today, in most modern plants or factories, an injured worker is given first aid treatment within a matter of seconds after an accident occurs. When the doctor arrives, the patient is alive and science has a chance to save him. He owes his life to a fellow worker and to the Red Cross. The whole idea of first aid, a common household word today, was unknown before 1910 when the Red Cross published the first readable compendium of emergency medical knowledge for the layman.

The men and women who can save your life in an emergency are legion; bus and truck drivers, filling station attendants, highway patrolmen, school children, mothers, teachers, plant foremen, game wardens, people in almost every walk of life. The Red Cross has taught first aid to over 12 million life savers and made competent swimmers out of additional millions.

To advance this educational work the Red Cross spends between 2 1/2 and 3 million dollars a year. This is a small sum for the American people to invest in a program designed to save not only millions in cold cash but thousands of human lives as well.

KITCHEN MEMO

BY JEAN CLARKE

Like ripe olives, some people love bread pudding, others abhor it. Molasses Bread Pudding, because of its high flavor, will convert the bread pudding-haters in your family. It contains plenty of body-building iron. Arrange 10 slices dried stale bread in a well-greased baking dish. Beat together 2 eggs, 3 tbsps. molasses, 2 tbsps. sugar, 1/4 tsp. salt. Add 2 cups scalded milk, 2 tbsps. melted butter and pour over the bread cubes. Put baking dish in pan of hot water and bake in moderate gas oven of 350° F. for one hour of until firm. Serves 6.

A coarse quarter-inch wire mesh fastened under the register of your gas floor furnace will catch fat particles. Clean it occasionally to keep free passage for hot air.

Added flavor for gravy: Stir in a bouillon cube while the gravy is cooking.

Store meat or poultry wrapped in your gas refrigerator because contact with the air delays spoiling.

The rusty scale that drops down from the bottom of your automatic gas water heater should be brushed off the burner about twice a year.

While your noodle soup is simmering on the top burner, add chopped green pepper and chopped pimiento. Or parsley can take the place of the pepper.

Scouts of America Will Observe Anniversary February 6 to 12

Scout Week, marking the anniversary of the Boy Scouts of America, will be observed Monday, Feb. 6 through Sunday, Feb. 12.

The anniversary will be celebrated in every city and town and most villages and hamlets throughout the nation and its territories by 2,300,000 boys and adult leaders.

President Truman will greet twelve outstanding Boy Scouts in the White House during Boy Scout week. The Scouts will present to Mr. Truman the "Report to the Nation" telling of Scouting's service to the community since he greeted a similar group of twelve outstanding Scouts a year ago. President Truman is Honorary President of the Boy Scouts of America.

Boy Scout Week this year finds the organization at the mid-point of its two-year Crusade to "Strengthen the Arm of Liberty," which seeks to bring more boys into its ranks, give them richer experiences in all phases of its programs under volunteer leaders of high character who take training courses so they can carry on effectively.

Class in Ceramics, Other Crafts, Is Planned Here

Monday night, February 6th, at 7:30, Miss Lucille Watson, Home-making teacher at the high school would like to have a combined meeting of all the women who would be interested in enrolling in an adult class in leather craft, ceramics, or another in which several things would be done such as glass etching, linoleum block printing, stenciling, etc. The leather class would meet on 1st and 3rd, Monday nights; the ceramics on 1st, and 3rd, Tuesday nights; and the general class on 2nd, and 4th, Tuesday nights. The meetings will last approximately two hours and will start about the first of March, as materials will have to be ordered.

Miss Watson also says that if enough of the younger women in the town would like to start a sewing class in sewing for themselves or their children that she would start a sewing class as soon as she gets these classes started.

SERVICE STATIONS URGED TO KEEP GREASE TRAPS CLEAR OF SAND

Operators of service stations maintaining wash and grease racks which are connected to the city sewer lines, are being requested to keep these traps clear of sand. City Water Superintendent Olyphant has announced. Accumulation of sand from the traps results in stopping sewer lines and consequent heavy expense to the city, he explained. Regular inspections are to be made in the future to insure compliance with the request, he said.

Improved Range Grasses Available To Farmers

Texas stockmen and farmers may expect better range grasses and crop plants in the future as a result of basic plant research now underway at the University of Texas.

Dr. Gordon Whaley, Plant Research Institute director, and 10 other staff members are working on three fundamental investigations.

"We are studying reproductive characteristics in 84 grass species to learn which ones can be crossed to provide better plants for Texas rangeland," Dr. Whaley said.

Other studies are being made of ragged corn, an "outcast" type characterized by ragged leaves.

and ears with irregular, half-filled grain rows, and of corn grass.

Ragged corn, which has outstanding inheritance characteristics, is being checked by the researchers to learn more about normal corn inheritance factors which cannot be traced so easily, Dr. Whaley explained.

Corn grass is being studied because it may have some use as a fodder plant, he added.

The scientists are conducting the experiments in the University's new "Utopia" laboratory in which all factors affecting plant life - temperature, light, and nutrition - are rigidly controlled.

Twenty-Six Thousand Church Services To Be Led By Baptist Hour, April 23rd

At the recent Southwide meeting of State Secretaries of Evangelism at Nashville, Tennessee, with Dr. C. E. Matthews presiding, plans were perfected for the Baptist Hour to lead all the churches of the Southern Baptist Convention in one great southwide, simultaneous evangelistic service on Sunday afternoon, April 23, 1950. This service will climax the simultaneous Evangelistic Crusade west of the Mississippi, and it will also climax a week of evangelistic visitation in the churches east of the Mississippi.

The plan of the service is very simple. Every church will assemble in the meeting house twenty minutes before the Sunday afternoon broadcast for a song and prayer service, then through radios already installed, the Baptist Hour Choir will lead all the churches in singing some of the familiar evangelistic hymns. Dr. Duke K. McCall, the Baptist Hour speaker, will then bring a warm-hearted evangelistic message, closing the broadcast with an earnest appeal to the lost to receive Christ and confess Him in church membership. The pastor or if he cannot be present, a deacon, in every church will stand at the front of the service to receive members who respond to Dr. McCall's invitation for church membership. Following the broadcast, the leader of the local church service will continue the service with such exhortation as the Holy Spirit may direct. The service in every church west of the Mississippi will be continued with a beautiful baptismal service.

Washing Nylon Is Simple Process, Specialist Says

Washing nylons is a simple process which can be accomplished quickly because soil is washed off the fabric, not out of it, according to Mrs. Edna Walker Buser, associate professor of clothing and textiles at Texas Technological college.

Mrs. Buser says nylon's ability to resist stains and dirt makes soaking and long, hard washing unnecessary and perhaps harmful. Machine washing of nylon garments should be limited to two or three minutes.

Hot water and soap do not affect the nylon fabric, but finishing compounds and color may be harmed by extremely hot water or strong soaps, she warns or strong soaps, she warns housewives.

"Bleaching, bluing and starching are unnecessary when washing nylon," Mrs. Buser said. "because nylon fabrics retain their fresh, crisp look if thoroughly hydrogen peroxide bleaches. Tinted - and weak chlorine or hydrogen peroxide bleaches should be used only if all other efforts to remove discoloration have failed."

She said most stains on nylon can be removed with plain soap and water.

A. A. Cox Asks Re-Election As Prec. 7 Weigher

The Free Press is authorized this week to announce the candidacy of A. A. Cox for re-election as Public Weigher in Precinct No. 7, which includes O'Brien and trade territory, subject to action of the Democratic primary in July.

Mr. Cox expressed his appreciation to the voters of his precinct for their support in the past, and is basing his candidacy for re-election on his record for the cooperation of farmers, buyers, and others having business with his office, and promises if re-elected, to endeavor to give satisfactory and dependable service at all times as their public weigher.

Before the primary is held, Mr. Cox will endeavor to see as many of the voters as possible in the interest of his candidacy, and in the meantime will appreciate any consideration and support given in his behalf.

Ground Water Is Local Problem, Expert Declares

Ground water depletion in the United States has not reached an alarming rate, a ground water geologist has declared at Texas Tech.

R. M. Legette, New York consulting hydrologist, told a campus audience that certain areas in America are in danger because of over-pumping. He said the situation was a local one and not a threat to the entire nation.

He also pointed out the misconceptions some people have about ground water. Ancient ideas that ground water was furnished by distant mountain sources or even ocean water are utterly untrue, he said. Ground water is the product of local precipitation and nothing more, he said.

Legette said research has shown that the movement of ground water through porous spaces tends to purify the water rapidly. In some cases, harmful bacteria have been removed in communities that lacked adequate sewage facilities, merely through ground water percolation.

Legette's lecture was sponsored by the American Association of Petroleum Geologists.

BABY BORN TO MR. AND MRS. E. B. WILLIAMS
 Born to Mr. and Mrs. E. B. Williams of Dallas Thursday, January 26, a baby boy weighing six pounds and six ounces. He was named Gregg Russell and is the

grand son of Mr. and Mrs. R. C. Lowe of Haskell. Both mother and baby are doing fine at this time. Mrs. Lowe plans to go to Dallas this week end to meet the new member of the family.

Making Both Ends Meet

Furnishing good service at reasonable rates has always been the aim of this company. We have done this, while at the same time trying to keep operating expenses within the limits of income. However, the sharp increase in the cost of everything during recent years has hit us just as it has you. Now our operating costs have been increased again due to something beyond our control. Federal legislation has sent our wage scale soaring.

We believe in paying good wages. In fact, the major increases in our operating cost during and since the war years have been the result of a series of wage increases.

We will pay this new increase as the government decreed, but it does create a serious new problem for us. We want to continue giving you good service. We can do this only through new service rates reasonably adjusted to our changed operating conditions. However, you can still depend upon telephone service as the best bargain in the community.

**VALUES ARE UP
 Your Fire Losses Will Be
 Just As High!**

Don't be lulled into security just because you covered your home with fire insurance years ago. It would cost more to replace your home today, so your insurance should be great enough to cover this advance.

She tries them on for size...

and so do most folks who want their shoes to fit. Farm and Ranch Insurance can be fitted to your size, too, when we look at your place before writing your fire and wind insurance. We see and know what you have, and we recommend a policy which is neither too little nor too big. Call us - we'll be out to see you.

County Council Is Coordinating Agency For Group Activities in All HD Work

The County Home Demonstration Council is a county-wide organization which coordinates all group activities related to home demonstration work. Its membership is drawn from the women's Home Demonstration clubs of which there are 13 Clubs in Haskell county. However, the work of the Council is not confined to planning for the Home Demonstration clubs and carrying out their programs and plans. The Council develops leadership and forwards and extends home demonstration work among both women and girls and all rural families in the county. It helps in the direction of 4-H clubs and assists the agent and 4-H club members in developing work that will reach the largest possible number. The three main responsibilities of Council are:

1. To serve as an advisory committee.
 2. To be a means of communication between the clubs and the agent and between various groups and individuals interested in the objectives of the Extension Service.
 3. To be a demonstration in organization.
- The 1950 Haskell County Home Demonstration Council consists of:
- Chairman - Mrs. E. B. Calloway.
 Vice-Chairman - Mrs. J. L. Halliburton, Jr.
 Secretary - Mrs. Ed-
