fore his term expires. His successor will be elected in August. We have understood that Judge huila, who shares the spoils with the In-Jones and probably the Hen. A. H. Phillips of dians. Victoria, will be candidates, but do not speak by authority, Mesure, J. J. Holt, A. S. Cunningham we speak without authority; but as the people ket and in the winter 30, and there may feel an interest in this matter, there is no Impropriety in giving the on dits.

Gen. Rusk has sent us Gen. Hous ton's speech against the Nebraska bill. Old Sam opposes the bill because he siders it another outrage on the rights of the Indians, who, he says, have been time and again promised a lasting home, and as often driven still farther west. He does not argue the slavery question at all.

The week past has been one of unu sual social interest in our city. The ses sion of the District and Probate Courts, the Presbytery of Western Texas, the Episcopal supper, the Cotillon party and two conversational gatherings have all happened in the time named, imparting a zest to our enjoyments worthy of remembrance.

Lawless, arrived at the wharf this morning.

Troy and Albany, on the 18th, doing great damage to vessels and houses...

The Black Warrior is still in the hand of the Cuban authorities.

The Nebraska bill has been referred t the committee of the whole in the House and is therefore dead for this session.

Fourteen companies of Californians were reported en route to join the Republic

Maj. S. R. Hobbie, so long First Assi tant Postmaster General, and a de of ex-Senator Wescott, of Florida, died Washington last Thursday, only six days ago. This is quick news from Washing Kit Carson, the world-renowned explo

> The Board also decided that the pre on the 7th of July next, the salary of the present associate teacher, and tuition fees of the students to be adjusted in accordance

We understand that the steamboat San Antonio, built by Mr. Hawes of Saluria at Pittsburgh and which was expected here shortly, has been sold in Galveston, was originally designed, we believe, for the Guadalupe, but recently there appeared probability of her running temporarily at least to Texana.

TEXANA IN LUCK .- Good luck is said to be preferable to riches. Our neighboring town, Texana, whose claims have been, heretofore, so strangely overlooked, has bepertion of the corps editorial. According Austin, San Antonio, Goliad, Indianola. and everywhere else; whilst Victoria is

ation of Texana, and have frequently won- sen to an agency in behalf of Aranama College. dered why the was so tardy in develo ges shall find their appropriate channel, tery. eaving Victoria solitary and alone, and A resolution was passed, returning a vote throwing all their favors into the lap of our fortunate sister, we shall be found among the first emigrants from Victoria, to that beautiful city .- Victoria Advocate

The Advocate certainly is not serious the intimation above that Victoria, by the development of Texana, would be thrown in the shade. On the contrary their geographical position is such that the country trading with the one, would not at all interfere with the other. Texana is blessed with good navigation-let her enjoy it to the fullest extent. On the other hand; the first and only railroad that may over be had awakened. built from the bay, (constituting at least that far a main tronk,) must needs pass the 6th of July next, at half past 7 o'clock, P. M. through Victoria and probably that place may for a considerable time be the inland terminus, for a road to that place now would subserve the public interests quite well. No one ever intimated publicly or privately, to our knowledge, that Texana was on the route to Goliad or San Anto-It nio, which Victoria is. Come, brother Palmer, do not be uneasy; rest assured that whatever benefits Western Texas will benefit Victoria. Her position in several important points is invulnerable and no one is jealous of her prosperity.

OCEAN TELEGRAPH.-The following, from the Washington Star, would lead us to believe that the gigantic scheme of directly connecting Europe and America by telegraph will yet be real

It may not be generally known that Professor Morse, the distinguished American telegraph patentee, has for some time been pursuing inves-tigations with the view to the adoption of his patent for a telegraph between Europe and America. In the course of this labor he has taken occasion to address Prof. (Lieut. U. S. N.) Maury, which cannot abrade it injuriously. In mot, that so far as those elements in the success of the enterprise are concerned, Brof. Morse will find there passed several usuful laws. tance of what Lieut. Maury has written upon

DISGRACKFUL.—The Washington Sentinel.

ent to Washington, was, several nights since, strusted by some unknown persons, at Monumat Place, they having previously secused the tehman in his box, thus preventing his interpace with their reckless design. Point. JOHN HUFF.

To Stock Raisers and Shippers. The subscribers have the pleasure of announce that their new and magnificent Wharf, at Powder-Horn Bayou, is now completed, so that the largest steamships and sail vessels entering Matagorda Bay can at all times receive and discharge freight upon it without the trouble, delay, expense, and damage of lightering. They have constructed in connection with it, a large and convenient pen for shipping live stock, with the railroad car running into it, by which cattle, horses, mules or sheep can be shipped on to the vessels at the wharf with safety, speed, and great convenience. Grass and water is abundant within one and two miles of the wharf.

Thirty feet of Tape Worm EXPELLED by using B. A. Fahnestock's Ver-mifuge. Mr. Booth is a gentleman well and favorably known in his place of business. From Wm. W. Booth, Druggist,

ENTOXVILLE, Michigan, Feb. 3, 1853. Mesors. B. A. Fahnestock & Co. Gentlemen-I have had a great sale for you Gentlemen—I have had a great sale for your Vermitige. Besides what you sent I bought, with Biresall and Erwin's stock of drugs, over five dozen—pearly the whole of which is sold. It does great execution among the worms. A Mr. Joseph Parker gave his son, nine years old, three bettles of your Vermifuge, and it brought away nearly there for the worm? Baniel Odell gave too bottles to a child four yours old, and it gas sold about one hundred worms, nearly a foot long, and many smaller ones came away, and the child is well. Sold wholesale and retailby C. ETTER & Co., Indianots, and by all the principal druggists and country merchants throughout the United States.

January 18, 1851.—5a.

To Stock Raisers and Ship THE subscribers have the pleasure of announce that their new and magnificens. Wharf, at Powder Horn Bayon, is new completed, so that the largest meanwhips and sail vessels entering Matagorda Bay can at all times receive and tering Matagorda Bay can at all times receive and discharge freight upon it without the trouble, delay, expense, and damage of lightering. They have constructed in connection with it, a large and convenient pen for shipping live stock, with the railroad car running into it, by which cattle, horses, mules or sheep can be shipped on to the vessels at the wharf with safety, speed, and great convenience. Grass and water is abundant with-BALDRIDGE, SPARES & CO. Indianola, Dec. 2d, 1852.

For the Million. But and Cheapen School Books over Published THE Ecleptic series alisation Books was projected by that well known friend and niversity of the University of Vinzania, whose life has been apen in the West and Shuin, where his nerve takers as an affectors instructor having gained the appropriation of all lowers or a sound, photical and progressive sets could. The Rending Books tecaning his name have been proved by actual trial, and we now more successively used than others, and are daily receiving the adoption and approval of the most intelligent and discriminating teachers of the land. criminating leachers of the land.

97 Professor Prayeo, author of the Grammars for en years a Professor in Charlotte Hall Institute, Marghand, has furnished in the Grammars bearing his name, what are featinged by all who have examined them, as much text make for the English land

guage.

127 Professor Ray, from Wood county, Va., one of the most able Mathematicians and practical inof the most able Mathematicans and practical in structors in the country, has supplied what has been much needed—a simple, progressive and thorough series of text books on Arithmetic anticAlcelers.

READING AND STELLERO BROKS,—M. Gutley's Ecolectic Primer, for little children.

M. Guffey's Spelling Books, for primary and common schools.

M'Guffey's Eclectic First Render: leasons in spelling and leading for the younger pupils.

M'Guffey's Eclectic Second Render; leasons in spelling and rending for young gupils.

M'Guffey's Eclectic Third Render, for middle

M'Guffer's Eclectic Fourth Reader, for more transed classes; elegant extracts in processed and had M'Guffey's Fifth Randery (Rhambert Guide) a heterical guide for the highest classes. The Hemana Reader for female Seminaries; elemin extracts in poetry and prose.

The above rending and sighting books have a equals and no superiors; which is evinced by fact that in schools where they were, for a time, teresded by the novelty of other books. M'Guffey's te been re-adopted to the exclusion of all others, drienes having proved their greater practical inliting the school room; and in view of the farge apart of matter they contain, and the low prices at which they are sold, they are very much cheaper

classes, chaste and instructive lessons in pross and

with they are sold, they are very much cheaper any other smallar works. WLISH GRAMMAR. - Pinneo's Primary Grama e analytic method; a complete work for begin

Theu's Analytical Grammar; a full and com-plementise for academies and schools.

Pleo's English Teacher, in which is taught the struce of sentences by analysis and synthesis; an admille work on the analysis of English senten-

books of the subject of English Grammar. This study mally dry and uninteresting to learners, is render in these volumes attractive and interesting. They satrikingly simple, progressive and thorong in their and arrangement, and enable pupils (secomeod grammarians. They are the cheapes ARTTICTIC .- Ray's Arithmetic, part first; sim-

lesonor little children. BY Numers and skillful instructors regard the progressive ethodical and thorough class books on the subject of before offered to American teachers; and they are least twenty per cent. cheaper than other arithmes of like size, and of an equal amount of matter. ese volumes are the rasult of a prac-

nar; Logic and Ehetoric.

Composition, Elecution, and Letter-writing, will be required alternately, each week during the whole course.

of education, to were cognizant of the marked success of their abor as an instructor.

Algebra, part first; for common schools and scamies; a simple, progressive and electrons. Ray's Algebrant second; for advanced students

as the Algebraic, is complete book in itself; and is sold separately.

All the foregoinghooks have been compiled expressly for the Elect Educational Series. Their authors are practic teachers—men of acknowledged ability and lenging, who have long been identified with, and have onstantly labored for the advancement of the case of education. The several books embraced in the series are admitted, because of their merit, the ardient style of their manufacture, and the quantity? matter contained in them, to be the chempest classooks published in the United States.

States.

In Virginia, Marylar Carolina, Kentucky, Tennessee, Georgia, Mahm. Louisiana and othe States, the entire Elect Series is being adopted in the best schools, in prevence to other books. In Texas they are being aspted as an excellent, economical, and uniform seas of class books.
