Kitty's Korner

We have been snowed this week with students wanting back issues of the paper for record books kept in various clubs. Our filing system is pretty lax when it comes to back issues and it's really a chore to hunt for papers when we've worked to do. Except for two papers of each edition kept for our personal files, we are invariably out of the editions club members usually want. The trouble is, we don't arrive at this conclusion until we have looked through hundreds of old papers.

So, we think the solution to the problem will be for club members or their parents to save the edition they want the week it comes out. We would be most happy if they would begin right away, and then next August they will have their clippings ready for their books and we won't be hunting papers in a futile effort to find the elusive one we don't have. C. K.?

It seems the harder I concentrate these days, the fewer ideas I'm able to come up with. I really believe it could be diagnosed as vacationitis and luckily my vacation comes up next week. If my brain doesn't function any better after I return, I'll just have to admit that I was born with an inadequate supply and start looking for my replacement. Maybe after a week of avoiding television and neither reading a written word nor writing a reading word, I will be somewhat rejuvenated.

You know, I am beginning to believe that violence is inescapable these days. Seems everywhere you turn it's more of the same. Turning to television for entertainment, you either see some jerk who should be in a cage spewing forth violence or some spy story with the hero getting tortured every conceivable way before he finally kills the villain, also violently. If you are in the habit of reading a morning newspaper, you only have to glance at the front page to get a full day's dose of violence.

So, to get away from it all, Tom suggested a drive-in movie one night last week. He had heard it was an excellent show. I agreed, since I hadn't been to a movie in years. We collected our friends, the Sands, and set out for the drive-in. Lo and behold, the first sound we heard was a gun shot and the last sound was a gun shot, with two solid hours of shooting and killing in between. By the time it was over at least 50 men had been killed, the entire cast with the exception of two heroes. No plot, no story, nothing but two men hunting men for money. I found out that going to a movie was no escape from violence and realizing that we paid money to sit through it, I got pretty violent myself.

Football season is upon us and all the boys are getting ready to begin practice in earnest come Monday. I am amazed at the change a crew haircut makes in a boy. I hardly recognize them when they come from the barber shop. It's so nice to see their eyes again. When I saw Jim with his new crew-cut, it was like seeing an old friend.

July Sets New All-Time Record For Water Use

A long, hot summer in Ozona has not produced a riot as in some of the northern cities, but it has contributed to piling up a record water consumption for the month of July, Bill Cooper, Crockett County Water District manager, announced yesterday.

During the month of July, the district's pumps furnished an all-time record 64,163,100 gallons of water to Ozona users. Incidentally, the month produced another record -- the number of water connections or customers. The district's customer list for the month reached a record 1,288.

The district's seven wells within the city of Ozona, with a total pumping capacity of 2,225 gallons per minute, have been able to keep well ahead of the demand, Mr. Cooper said. But reserve or stand-by capacity is always a need and as Ozona has grown through the years, the district has been busy developing new production and new reserves. In addition to the city supply, the district operates a separate water supply system for Crockett Heights, five miles east of Ozona, the former Air Force Station, and two wells, with a pumping capacity of 100 gallons per minute, supply that addition.

Drilling was started during the past week on the eighth well to augment Ozona's water supply. W. T. Stokes, water well driller, is drilling a new well on the Dick Henderson lease, about a half mile northwest of the present west hill storage. There are presently three producing wells on the west hill and four on the east hill.

Barring unforeseen difficulties, the district does not anticipate any shortage of water in Ozona, despite the record use during the recent exceptionally dry season, with use expected to diminish as the weather cools.

Pre-School Band Practice Sessions Begin Monday At 8

Band students are to report to the band hall at 8 a. m. next Monday, rather than 10 a. m. as previously announced. The change was made in order that driver's ed students might begin band practice and complete the driving part of the D. E. course.

Ron Murdock, driver's ed instructor, and Tommy Sanders, band director, have worked out a schedule to accommodate students who are taking the driving course and will also be in the band. Sanders expects a large turnout of band members and reports a large collection of new music ready to go. He is looking forward to an outstanding band this year.

Practice will be held daily at 8 a. m. and 4 p. m. until the beginning of school August 28.

Lola Mae Daniel Returning After 5 Yrs. In Taiwan

Friends of Miss Lola Mae Daniel, Southern Baptist missionary to Taiwan, received word this week that her five-year assignment in that country is finished and that she is on her way to the U. S.

She wrote from Vietnam, where she was visiting missionary friends, that she would visit Singapore, Kuala Lumpur and return to the States by way of the Holy Lands and Europe.

Miss Daniel, who was a teacher in Ozona Public Schools before going to the Far East mission field, will be at home in Austin. She plans to visit Ozona after a period of rest.

Mrs. James McMullan of San Antonio and son, Lee, spent the weekend with Mrs. Ashby McMullan. Another son, 6-year-old Ashby, returned home with them after spending a week here with his grandmother.

City Swimming Pools To Close Sunday, Aug. 27

Ozona's three public swimming pools, the north pool, the south pool and the east pool, will close for the summer Sunday, August 27. It is the county's policy to close the pools the day before the fall term of school begins.

Swimming lessons were given to a large number of boys and girls at the south pool this summer with Joe Marlett as instructor.

After the completion of beginner's swimming lessons at the north pool, 20 young people took Red Cross lifesaving courses under the direction of Johnny Cooper. Four were enrolled in the Senior Red Cross Life-Saving course and sixteen in the junior course. All but three students passed the course and completed requirements for their Red-Cross lifesaving badges. Those passing the senior course will be eligible for life guard positions at any public swimming pool and junior lifesavers may apply for positions of assistant life guard.

Millers Show Off Handiwork At Newly Renovated Crockett Hotel In Sunday Afternoon Open House

A large crowd of Ozonans and out-of-towners attended the formal opening Sunday afternoon of the Crockett Hotel, completely remodeled inside and out. It is the latest reconstruction job of the Buster Miller family.

Visitors seemed to find a framed history of the hotel's owners from the time the site was purchased until the present day and the upper lobby, which affords a fine view of the park and town, the center points of attraction.

The hotel was built sometime between 1893 and 1896, after B. P. McMahan purchased the site from L. F. Pope. It has changed hands nineteen times in the years since. There is nothing left of the original hotel on the inside. The walls are finished with wood paneling and the ceilings are all acoustical tile. Floors are carpeted throughout, except for the entrance, which is tile.

Furniture of Spanish design is tastefully arranged in the lobbies. The lower lobby features color television, many of the rooms have television and all will have when delivery is complete.

Season Tickets To Home Football Games Go On Sale

Letters were mailed this week to all those who had season tickets for last year's Ozona Lions football games played here in Ozona. Those who wish to reserve the same seats are asked to get their requests in to the superintendent's office by August 24.

Season tickets will go on sale to the general public the following week, on a first-come - first - served basis. Price of the reserved seat ticket is \$5.00 for the season, which includes five home games. This represents a saving, as tickets at the gate are \$1.25.

Sixteen Families Arrive In Ozona In Texaco Crew

A Texaco, Inc. seismograph crew set up offices in the Nettleton building this week. They began moving in Monday and things were well in order this morning.

C. J. Kirk of Kermit is the party chief. He reported that the crew, consisting of 16 families and some single men, expects to be located here for at least a year and perhaps longer. Most of the families have children in school and have located housing here. The group moved here from Hobbs, N. M.

Kirk has a wife, who is a teacher in the Kermit school system, and a son, a Kermit high school senior. He will be commuting between here and Kermit for awhile.

Other families are Mr. and Mrs. C. E. Cox, Mr. and Mrs. C. E. Hockersmith, Mr. and Mrs. L. D. Ivey, Mr. and Mrs. Lonnie Shotts, Mr. and Mrs. J. G. Wells, Mr. and Mrs. H. J. Williams, Mr. and Mrs. B. G. Wood, Mr. and Mrs. L. G. Williams, Mr. and Mrs. Benjie Gray, Mr. and Mrs. Jim Jackson, Mr. and Mrs. B. L. Herbert, Mr. and Mrs. Joe Martin.

Football Practice To Begin Monday; Squad 55 Boys Expected Out

Football shoes were issued to 35 boys yesterday morning at the field house and physicals were given at 2:45 in the afternoon. Equipment will be issued Monday morning at the field house at 9 a. m., instead of 8 a. m. as previously announced, and practice will begin immediately after.

Coach Sam Mosley said that many of the boys were out of town and some were still busy with summer jobs this week, but he expects a turnout of around 55 boys Monday. He asked that all boys who plan to come out for the team get in touch

Mother Of Ozonan Dies In San Angelo

Funeral services for Mrs. J. M. Wood, 80, mother of Mrs. Lonnie Van Ness of Ozona, were held from the Lakeview Baptist Church in San Angelo Friday afternoon.

Mrs. Wood, a frequent visitor to Ozona for many years, died Thursday night in Baptist Memorial Hospital in San Angelo of a heart ailment.

First Baptist Church Revival Set Aug. 20-27

The First Baptist Church is preparing to hold its annual revival August 20 through the 27. Rev. Jim Hancock pastor, will hold services twice daily.

Special music will be presented by Glenn Boyd, minister of music at Highland Baptist Church in Lubbock. His wife, Jeannine, will play the organ.

DR. SHERRILL IS RECOVERING

Mrs. Lloyd Sherrill reported yesterday that Dr. Sherrill is recovering rapidly from his heart ailment. He has been home ten days after being ill in a San Angelo hospital for several weeks and is able to be up and about longer each day.

He will return Monday for a check-up and expects to get a good report. Although doctors expect a complete recovery, he does not know when he will be released to resume his medical practice here.

TEACHERS RESIGN

Superintendent L. B. T. Sikes announced the resignations of two more high school teachers this week. Miss Mary Clendenen, junior-senior English teacher and C. W. Ellis, freshman English teacher.

Sikes expects to complete the faculty for the coming year within the next two weeks, at which time a list of all teachers will be announced.

Airman Richard Sikes, son of Mr. and Mrs. L. B. T. Sikes of Ozona, who recently completed a training course at Goodfellow AFB in San Angelo, will leave from Chicago August 7 for an assignment at a U. S. air base in Southern Italy. His wife, Lynda, will go to Gainesville to stay with her parents until Airman Sikes arrives in Italy and arranges for her to join him.

with him as soon as possible, in order that date for physicals may be set for those who were unable to be examined yesterday and that they pick up shoes. He prefers that his players get accustomed to running in football shoes before actual practice begins.

He said, as of now, practice will be held twice daily, at 9 a. m. for workout in shorts and again at 6:30 p. m. with gear. The daily workouts will be held until the beginning of school. There will be one scrimmage before school begins and possibly two.

With many new families moving to town the coach feels that there should be some new football material and would like to talk to any boy who is interested in football about his eligibility. Under Texas Interscholastic League rules, any boy who has not played high school football is eligible for the varsity and if a boy has played in another high school, he is still eligible for the B team.

The first game is scheduled for September 8, when the Lions will play class AA McCamey at McCamey. Two home games follow with Big Lake Sept. 15 and Bronte Sept. 22. The first district game will be with Sonora at Sonora Sept. 29. The Lions will be pitted against Menard here Oct. 6 and will journey to Junction Oct. 13 for a battle with the Eagles. Sanderson will play the Lions here October 20 and the Lions will play Rankin there Oct. 27. The Lions will host Iraan Nov. 3 for the final home game and play Eldorado there Nov. 10 for the final game of the season. The non-district games will be played at 8 p. m. and all district games will be played at 7:30.

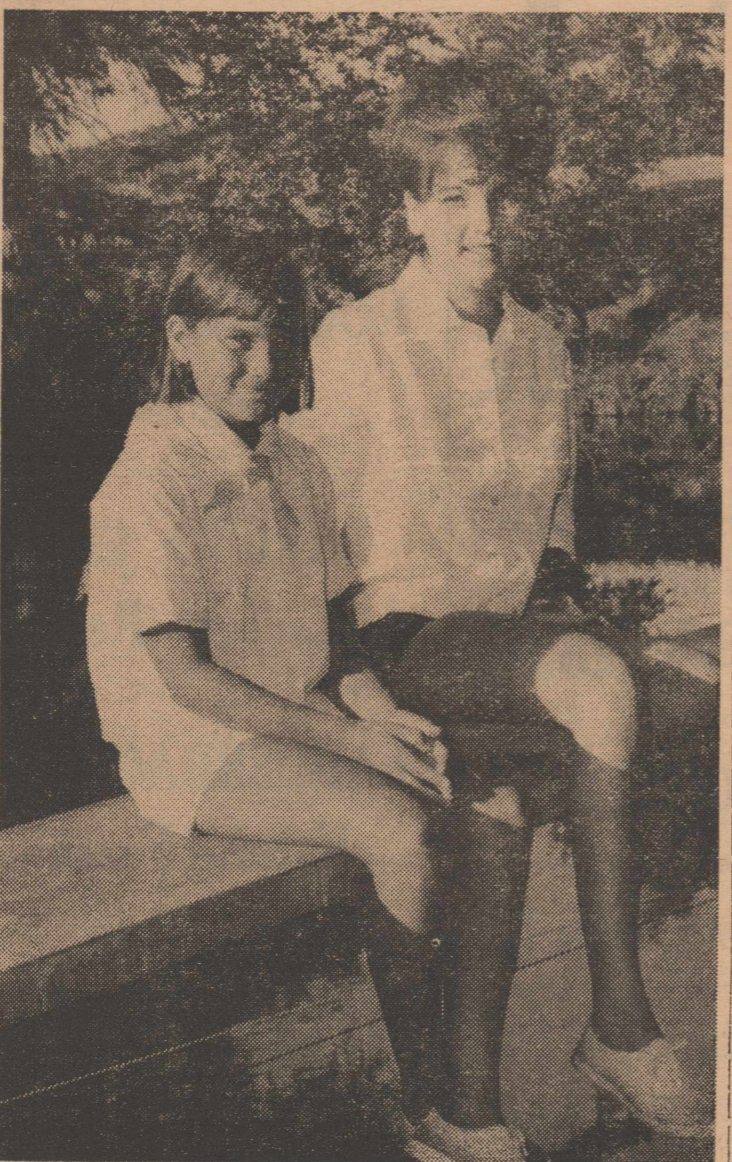

The Lions have nine returning lettermen this year, four seniors and five juniors. Senior lettermen include Gary Sutton, Wesley West, Larry Kilgore and John DeHoyos. Returning juniors are Fleet Coates, Rodney Pagan, Johnnie Barbee, Marlin Farris and Randal Clepper.

Several strong players will come up from last year's undefeated B team and a strong bunch of freshmen, who were undefeated in junior high play last year, will offer a wealth of material for the B team.

Roger Dudley, Jr Injured In Farm Tractor Accident

Roger Dudley, Jr., narrowly escaped serious injury or death recently when a farm tractor overturned with him while he was doing some dirt work at his ranch on the Pecos river.

The tractor slipped down a gravelly incline and as it started to turn over, Dudley managed to extricate himself from under the steering wheel and from among the various levers to prevent being crushed by the weight of the tractor, but was caught by a fender just below the knee. Loose gravel made it possible for him to free the leg. X-ray examination later revealed a small bone broken below the knee.

ROAD TO REVOLUTION

The average person reading about the riots in Detroit, Newark, Cincinnati, Milwaukee and other cities is likely to ask, "Why are these things happening?"

The answer is to be found in a new paperback book, The Road to Revolution, which could not have come at a more appropriate time. Written by a man who was once part of the revolution we are now witnessing, it tells how the violence is going the planning. It is not a pleasant book but the time has come for Americans to take a long hard look at what we are up against.

The author, Phillip Abbott Luce, at 29, is a former leader of the "New Left." He defected in January, 1965, when he became disillusioned with the cynical way in which the Communists were willing to sacrifice individuals and society itself to promote Communist designs. In his book Luce quotes one of the leaders of the Harlem riots of 1964, William Epton, as saying: "We will not be fully free until we smash this state completely and totally. We're going to have to kill a lot of these cops, a lot of these judges, and we'll have

to go against the army."

Which was a pretty good forecast of what has come to pass.

As an officer of Progressive Labor, a pro-Chinese Communist offshoot of the Communist Party of the U. S. Luce became familiar with various projects in which people were trained for the kind of guerrilla warfare that has wrecked Watts, Newark, Detroit and other cities. "Not only did we store guns in New York," he states, "but target practice was held on Long Island prior to the Harlem riots."

Stokey Carmichael, a recent visitor to Communist Czechoslovakia and an important delegate at the Communist conference on "liberation movements" in Cuba, is an important central character in the Luce book. The author tells of a 1966 fund raising dinner in Harlem at which the highly-publicized agitator reported that in Cleveland merchants were building stores without windows.

"I don't know what they think they'll accomplish," he sneered. "It just means we have to move from Molotov cocktails to dynamite. They say we're stupid and don't do anybody any good and

we deserve to be called that because if we had any sense we'd have bombed these ghettos long ago."

The Road to Revolution certainly makes more sense than much of the claptrap being mouthed by the politicians. In fact, we'd suggest that they read it too.

The fires, the sabotage, the guerrilla warfare in our streets were planned. Phil Luce tells us when, where and how.

WHITHER MAO?

Some of our domestic revolutionaries, particularly those who hew to the Chinese Communist line, apparently haven't gotten the word but it would appear that Mao Tse-tung is on the way out. And the word is out, rather than down. Radio Moscow recently broadcast a report of starting nature.

According to the voice of the Kremlin, Mao and his cohorts have taken a leaf from the book of other astute dictators and have started piling up money in Swiss banks in preparation for the time when their loyal followers will turn on them. Deposits are said to have been made in their behalf by one Fei Yi-min, publisher of the Chinese Communist newspaper in Hong Kong. In setting aside money for security in his old age — an old capitalistic custom — Mao is following the lead of that other prudent oriental, Chou Enlai, who was revealed some months ago to have established a personal savings account in Switzerland.

In reporting on this, Moscow radio predicted that one of these days the world would witness the sight of Mao, Chou & Co. heading for some capitalist haven to escape the wrath of the masses. The question now is, where will they end up? England wouldn't accept them, after what Mao, Chou et al did to sundry British diplomats — and to Hong Kong. No European iron-Curtain country will dare to give

them haven. They won't try France because everybody knows that no one can get along with Charles de Gaulle. They might try Cuba, but Moscow would probably say "nyet" to that, which Castro would translate into fluent Spanish very quickly.

Which, to all intents and purposes, leaves only Albania and the United States. The in-fighting in Albania is almost as bad as it has been in Peking, so it seems improbable that Mao and Chou and their buddies will want to plunge into a new squabble. So that leaves the United States. And everybody knows that the opportunities in the United States are much greater than they are in Albania, especially for liberals and reformers such as Mao Tse-tung and Chou Enlai. First off, they could write a book, singly or in collaboration. One of those picture magazines would probably pay a million or so just for the reprint rights. The big networks would compete for exclusive appearances. Seats of learning such as Columbia and Harvard or Princeton would establish chairs of Far Eastern Studies for them. And then, of course, there would be the lecture circuit.

Americans, after all, are willing to be informed and to pay a high price for their education. The only trouble is, they never learn, which is why we think Mao & Co. will head here, where there is one born every minute.

Spending the past week at Mt. Wesley in Kerrville at Methodist Youth Program were Shelley Jones, Lou Cox, Stacy Dockery and Debbie Deaton.

Washington News Letter

Congressman O. C. Fisher

The proposed 10% income tax increase is due to encounter some rough treatment in Congress, and will probably be reduced somewhat before it is enacted.

Facing an estimated \$29-billion deficit during the current fiscal year, the President has come to Congress for relief from an excessively liberal domestic spending program which has skyrocketed during the past three years of Great Society.

While the cost of the Vietnam war accounts for much of this, the fact is that defense outlays have been largely offset by vastly increased income from taxes at a time when the gross national product has been surging upward to new heights.

But the catch is that the government has insisted on maintaining and increasing nondefense spending during wartime — a "butter and bullets" policy.

In recent years nondefense spending has climbed faster than defense spending. During the past six years defense spending has jumped from \$47 billion to nearly \$70 billion — or an increase of 54%. But during that same period nondefense spending was upped from \$36.8 billion to \$58.7 billion — or a rise of 59%.

This type of nondefense spending, when a war is on, simply cannot be maintained without deficits — and big deficits. The government spent \$10 billion more than was taken in during the past fiscal year which ended in June of this year. And with cumulative outlays for scores

of Great Society programs, the deficit will skyrocket — with or without a tax increase.

The proposed hike would raise \$7.4 billion a year. If needed to finance the war, then of course it should be voted. But there is an alternative: Simply reduce non-defense spending by \$7.4 billion, and accomplish the same purpose and the taxpayers will not be further burdened.

As the matter now stands I oppose the 10% tax raise. As one who anticipated the present deficit dilemma and who has voted against the spending policies which have brought it on, I prefer a cut in spending.

THE JOY OF LIVING

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Ever notice how some people associate the joy of living with moments of care-free relaxation, while others seem to find equal happiness in both work and leisure?

Which seems most natural? Was man created with the capacity for finding happiness in his spare time only or was he endowed with a genius for reaping joy from both work and play?

Before anyone surrenders to the cynicism of the first theory, he owes it to himself, his neighbors and his God to give the second a real try.

For centuries the Church has been helping men to discover the deep and lasting joy of purposeful living. When your life has a purpose, linked to the Purpose of God... then every day reveals anew the joy of living!

The bride, given in marriage by her father, wore a floor length gown of white peau de soie highlighted with lace trim and a cathedral train. The bodice was fashioned of lace with a scalloped neckline trimmed with seed pearls. Her veil was fashioned of Belgian princess lace. She carried a Bible topped with roses.

Music was by Kathleen Long, organist, and Peggy Davis, soloist.

The maid of honor wore a floor length gown of deep pink peau de soie, with a matching bow for a head-dress. The bridesmaids wore identical formal gowns of antique rose peau de soie with matching bows for head-dresses. All the bridal attendants carried heart shaped bouquets of red roses.

Lighting candles were Da-

vid Ellis, brother of the bride and David Childress. Ushers were Bill Brooks of San Angelo and David Childress.

A reception was held in the church annex immediately following the wedding.

The couple will be at home in Ozona following a 2-weeks trip to Mexico.

Mrs. Childress attended public schools in O'Brien and graduated from Hardin Simmons University in 1967, where she was University Princess, Rodeo Sweetheart, Kappa Phi Omega Sweetheart, President of Beta Gamma Epsilon social sorority, listed in Who's Who in American Colleges and Universities and a member of the tennis and basketball teams.

High Caliber Men And Women Needed To Fill FBI Posts

On July 26th FBI Director J. Edgar Hoover completed 50 years of service in the United States Department of Justice. During this period he has seen many crises arise which threatened our security. No crisis, however, has been more critical than that which faces the Nation today, with world conflicts, threats of internal subversion, rising crime rates, and civil disobedience.

J. Gordon Shanklin, Special Agent in Charge of the FBI's Dallas Office, which covers this area, advises that high caliber young men and women are needed to fill vacancies at the FBI's Washington, D. C. headquarters and to share in the opportunity of meeting the challenges which are presented.

Mr. Shanklin said that positions are available for typists and clerks. Starting salaries are \$4269 for typists, and \$3925 for clerks. Applicants must be citizens of the United States, high school graduates, and at least 16 years of age. Additional details, arrangements for personal interviews, and applications for employment may be secured by contacting Mr. Shanklin at Room 200, 1810 Commerce Street, Dallas, telephone RI 1-1851, or by contact with the nearest FBI Resident Agency located at San Angelo.

D. C. Ratliff, county road engineer, was hospitalized last week as the result of a leg injury suffered while moving a piece of equipment at the County Memorial park.

Mrs. Jack Wilkins returned home Monday from a Houston hospital where she had been receiving medical treatment for several weeks. She is recovering well from her illness.

Sandra Sands was honored with a swimming party at the North Pool Thursday night on the occasion of her 13th birthday. Guests were members of the eighth grade class.

Mrs. Hurst Meinecke is ill in Shannon Hospital in San Angelo. She was transferred to San Angelo last week from Crockett County Hospital where she had been a patient a week.

GUARD YOUR CREDIT

As active members of the credit community, we have both the privilege and the obligation to take an active interest in credit legislation at all levels of government—local, state and national. But instead of worrying ourselves sick about the threat of enactment of legislation which may adversely affect credit in all phases, we must realize that much can be done to bring about more effective control of the extension of credit without government control.

First, we must adhere to sound principles of credit granting: An applicant should have (1) steady employment; (2) Not move excessively; (3) marital status should be stable; (4) credit record should indicate gen-

erally satisfactory paying habits; and (5) income should be in line with anticipated obligations.

Work in close conjunction with the credit bureau so that together we can keep the credit economy of this entire area on a sound, profitable basis.

Call the Bureau on all new applicants — all newcomers to our town. Also call the Bureau and let us know of any delinquencies or chargeoffs you may have. This way each individual's record may be kept current and up-to-date, and will not necessitate so much calling to re-check.

Wise and Otherwise
 Rambling Reflections
 By Dr. R. F. Curl

We have all been used to the Lord's Prayer in the beautiful poetic prose of the King James Version of the Bible. But now the United Church of Christ, a denomination resulting from the union of the Congregational and Evangelical Reformed churches, and not to be confused with the Church of Christ, has defied tradition and given their members a new optional translation of the Lord's Prayer for use in public worship.

I do not think it is likely ever to supplant the more stately language of the Anglican Book or the King James Bible. But I must confess the new one is well done and quite faithful to the language and underlying ideas of the Kreek New Testament.

It goes this way:
 Our Father in heaven,
 Your name be honored.
 Your kingdom come
 And your will be done
 On earth as it is in heaven.

Give us today the food we need;
 And forgive us our sins
 As we forgive those
 who have wronged us.
 Keep us clear of temptation,
 And save us from evil.
 For the kingdom and power
 And glory are yours forever. Amen

How do you like it. By the way, do you know the variations in wording in the Lord's Prayer as found in the two places it is recorded in the New Testament. And do you know where to find the two versions?

August is traditionally vacation month. Ozona folks in great numbers are going in all directions to find all sorts of relaxation. Some seek the cool breezes of the mountains; some look for the tang of salt at the seashore. Some seek fun and play; others only want to rest weary bones and muscles.

Our modern society makes it possible for most of us to have the money — although we may have to scrimp when we get back awhile — and locomotion to go to far places as well as near. So a plain preacher isn't surprised when one of his worshippers says as she leaves the services on Sunday that she'll be at the Methodist Church in Rome, Italy for services on the next Sunday morning.

What would Christopher Columbus think of such

speed? But, more is to come yet. For you can be as sure as you are that you are alive that the speed tempo will rise and that the ventures of man in the decades to come will take him far, far out into space.

Sometime or other — and probably much sooner than we would dare dream — those intelligent creatures from other stars and planets will bump into us and we into them. Won't that be fun? But won't it bring many new problems to an already sorely beset mankind? Let's just hope that when we do meet them they have more intelligence than we do and can help us solve some of our problems. I need help. How about you?

Since writing the above I have read the very timely article in last week's TIME (Unidentified Flying Objects). It was interesting and encouraging to find that much smarter people than I, as well as a lot of the credulous and superstitious crowd, also believe there are intelligent beings out in the stellar universe and that they are getting through to us. What with Viet Nam and riots and tax raises and hippies and all the rest, it is to be devoutly wished that more intelligent creatures are about to break in to help us.

See how rambling reflections can take you away from your subject. I started out talking about vacations and find myself wandering in outer space.

But, we are glad vacation time is here and so many are off for recreation. Come back to us safe and sound and "re-created."

Mr. and Mrs. Lawrence Sands and children are moving to Midland Saturday. Mr. Sands, who has been store manager for Superior Iron Works here for the past four years, has been transferred to a new position with the company there. Mrs. Sands is employed by Ivy Mayfield & Son.

Mr. and Mrs. James Dockery and children, Shannon and Stacy, spent the weekend visiting friends in Santa Anna.

Mrs. Brownie Harvick, president of the auxiliary of the National Wool Growers Association, is presently touring Europe with the two winners of the National Make - It - Yourself - With - Wool Contest.

Mr. and Mrs. Eddy Bower are here from Dallas for a vacation and visit with Mrs. Bower's mother, Mrs. Vera Bake.

'Black Power' Revolution
 The nightmare of rioting and pillaging which has overwhelmed Detroit and other American cities is the end result of more than a decade of encouragement of anarchy by American liberals.

As this column warned for several years, the repeated glib praise of "revolution" by liberal leaders in the United States — clergymen and professors as well as politicians in the Northeast — has turned into a horror story of bloodshed and savagery.

The idea that one group of Americans possesses an unrestricted right to break local laws, to demonstrate and to engage in civil disobedience is at the root of the terrorism striking many cities in this land.

Behind the criminal insurrection in Detroit and elsewhere are liberal counsels of appalling moral irresponsibility. The rioters, looters and arsonists have been encouraged in recent years to believe that they were the law.

When disturbances took place in Southern communities, for example, hundreds of clerical carpetbaggers descended on these towns and cities to condemn the law enforcement authorities. Now, the shoe is on the other foot. The hometowns of the liberal clergy and liberal professors are engulfed in the smoke of armed rebellion against lawful government.

Southerners cannot be used as scapegoats. Conservative Americans saw the insurrection coming over the last few years. Mob violence, excused by the liberals, grew each year. The first big national disaster of this sort took place in the Watts district of Los Angeles.

les. Rioters and looters at work in that outbreak never were treated with sufficient severity.

The liberals, which have enjoyed massive support from churches and charitable foundations, have been slow to learn a lesson. Only days before the Detroit rioting broke out, there was the notorious "black power" conference in Newark, N. J., another city scared by anarchist rebels. The chairman of the conference, it turned out, was the executive director of the Department of Urban Work of the Episcopal Diocese of Newark. He used the Cathedral House of the diocese for news conferences.

It is to be hoped that the liberal clergy and the so-called "intellectuals," who bear such a heavy responsibility for the outbreak of anarchism, will admit their errors. At the minimum, these must be compelled to acknowledge the face of savagery in Detroit, Newark and elsewhere in this riot-torn land. The ordinary citizen certainly will have no difficulty tracing the moral rights and wrongs of the situation.

Decent people don't riot simply because they have a job that pays \$1 an hour, instead of \$1.50 an hour. They don't loot stores — stealing liquor and television sets — because the apartment they live in was built in the 1920's or earlier. Millions of people with low incomes are deter-

mined to be good citizens, to obey the laws, and to respect property belonging to others.

History tells us that some people have little or no capacity for lawful, respectable behavior, that the savage sometimes is right below the skin. No amount of sociological gobbledeygook can cover up the facts of jungle-like behavior evidenced in the Detroit rioting, for example. If this kind of behavior is what our country is confronted with, then the civilized people of Michigan and other states have to employ sufficiently strong police and population control methods to prevent cities becoming jungles. It won't suffice to pay blackmail by means of anti-poverty programs, Detroit, for that matter, had one of the biggest anti-poverty programs in the nation. It didn't prevent rioting and looting.

Annual Christmas In August Program For Baptist GA's

Typical Christmas holiday refreshments were served by Mrs. E. F. Sharp to the members of Girls' Auxiliary of both First Baptist and Calvary Baptist churches Tuesday afternoon, August 8, as they met together for the annual Christmas-in-August celebration. Fellowship Hall of First Baptist Church was gaily decorated for the occasion and featured a star-shaped pinata which was broken amid much excitement.

The Christmas story was read from the Bible by Mrs. Carl Thurman. Christmas carols were sung by the girls, with Gilda Graves at the piano. The missionary prayer names were printed on Christmas cards distributed to the members.

Mrs. Orvil Perry led the group in several games of the holiday season, before the exchange of handsome gifts among the members. Gifts also had been brought and placed under a Christmas tree for the use of a missionary in a Good Will Center in El Paso, Texas.

"We wish you a Merry Christmas" was sung by the G. A.'s as they departed.

Among those participating in this unique gathering were: Julie Jones, Ann Glynn, Teresa Shaw, Kaye Rippetoe, Sandy Mayfield, Deborah Mathews, Becky Dobbs, Gilda Graves, Janet Flanagan, Karen Perry, Jeanie Jones, Wynonne Webb, Gayla Cutright, Kip Anne Sharp, Lounita Flanagan, Tia Lynn Sharp, and counselors, Mrs. Perry, Mrs. Thurman, Mrs. Sharp, Mrs. Jack Mathews, Mrs. George Glynn and guest, Mrs. Myrtle Mitchell.

Hardeman Named To Head Senate Probe Committee

Austin — Lieut. Gov. Preston Smith today named Sen. Dorsey B. Hardeman of San Angelo to head the important Senate General Investigating Committee. The committee was created by Senate Resolution 39, adopted during the recent Regular Session of the 60th Legislature.

The five-member committee is charged with the duty of inquiring into affairs and activities of governmental departments and investigating law violations. The resolution calls for a report by the committee to the 61st Legislature when it convenes in 1968.

Hardeman, an attorney, represents the 25th Senatorial District, which includes Crockett County in the sprawling 21-county West Texas district. He has been a member of the Senate since 1947, and is currently chairman of the Senate's powerful State Affairs Committee, and is vice chairman of the equally important Finance Committee. He is a member of 10 other Senate standing committees.
