Kitty's Korner By Kitty Montgomery

I am appalled at the United States senators who have stated publicly that the U. S. should stop the bombing of North Viet Nam. I wonder if these honorable gentlemen have stopped to think what a halt in bombing would mean in terms of the lives of the American foot soldier? A bombing halt would no doubt allow the government of North Viet Nam to pour men, supplies and equipment into the south in alarming proportions, doubling and maybe tripling our casualties on the ground.

However unpopular the war is with the majority of Americans, a halt in the bombing while we have thousands of troops on the ground would be even more unpopular.

I have come to the conclusion that nobody has the answer, but to use the war for a political football is unforgivable. Most Americans are at a loss to understand why this war is dragging on, if we are indeed one of the most powerful nations in the world, and why some of the most strategic spots in the north are off-limits to bombers.

If we can't win, we should by all means get out, but stopping the air war while our young men are fighting on the ground seems to me the very height of stupidity. However, with an election year coming up and both major parties split down the middle, the American public might as well get braced for anything.

— k k —

Almost daily on television news programs we see riots and demonstrations in foreign countries and invariably the demonstrators are carrying signs in English, regardless of the country's national language. Can't imagine what the purpose can be unless it's to sucker our naive television newsmen into turning the tv camera on them. I frankly think we have enough of that right here. Why should we be concerned about demonstrations in foreign countries when we have so many dandy ones right here at home.

— k k —

Although none have announced their candidacy, they are all off and running for the presidential nomination in 1968. So far, I haven't been terribly impressed by any of them. I lean toward being a Republican, but if a man comes forward who can convince me he will work toward righting the Ship of State, (it's badly listing at this time) and who will promise to lower the price of bread and milk; he's got my vote. I'll bolt the party along with millions of other housewives who have found that their dollar shrinks a little each month.

Government economists announce with regularity the fact that salaries are higher than ever, but for some reason they never mention that social security taxes and withholding taxes are also higher than ever, plus a tax on just about everything you buy. I think the only woman who could possibly fall for this propaganda is the one endowed with an unlimited checking account and has her maid do all her shopping. There aren't as many of them as there are of us.

4-Year-Old Boy Killed In Accident

A one-car accident Monday morning on Bachelor Hill, 21 miles west of Ozona on Hwy. 290, claimed the life of a small boy while his mother escaped with only minor cuts and bruises.

Dead is Russell Ray Reta, 4, of Phoenix, Arizona, who was dead on arrival at the hospital here. His mother, Mrs. Eleanor Zimmerman, 26, also of Phoenix was hospitalized and treated for shock. She was released from the hospital Tuesday.

The accident occurred around 10:30 Monday morning when Mrs. Zimmermann lost control of the 1965 Buick she was driving after it went off the right side of the road as she was traveling toward Ozona. The car went into a skid when the brakes were applied, careened across the road and plunged head-long into a 50-foot canyon on the left side of the highway. The boy was thrown out as the car overturned end over end several times before coming to rest in the bottom of the canyon.

Mrs. Zimmermann and her son were enroute to Houston, where they were to reunite with the boy's father Barney Reta. Reta arrived in Ozona late Monday.

Services are pending for the child at Mission Funeral Home in San Antonio with burial there. Janes Funeral Home handled local arrangements. Highway Patrol Officers Dale Copeland and Orville Perry investigated the accident.

Tippett Field Gets Re-Entry

Gulf Oil Corp. will re-enter and plug back to wildcat depth of 6,180 feet for completion attempt in an unidentified zone at its No. 5-G J. H. Tippett, depleted Wolfcamp and upper Wolfcamp oil producer in the Tippett multipay field of Crockett County, 10 miles southeast of McCamey.

It formerly produced from the Wolfcamp at 6,391-392 feet and the upper Wolfcamp at 6,227,228 feet.

Location is 3,241 feet from the northeast and 1,493 feet from the southeast lines of 40-31-H&TC.

234,000 Pounds Fall Wool Sold At Sealed Bids

Approximately 234,000 pounds of Crockett county wool sold at sealed bid sale at Ozona Wool & Mohair Co. Wednesday, Beall Barbee, manager, reported.

Eight buyers were on hand to look over and bid in the fall clip, described by Barbee and many of the buyers as some of the cleanest and brightest fall wool ever to be shown from Crockett county. Length was not the best but most of the wool was rain washed and free from defect, Barbee said.

Prices averaged from 44 to 46 cents per pound with one choice clip of yearling wool of good length at 50 1/4 cents. The prices showed some strength above recent area sales, it was noted.

The warehouse served a barbecue dinner at noon for buyers and customers.

Crockett SCD Zone 4 Election Slated Tuesday

Landowners in Zone 4, Crockett county Soil Conservation District, will be eligible to vote in an election to be held Tuesday at 2 p. m. at the Soil Conservation Service headquarters in the Hotel Ozona building.

Elections are being held in Soil Conservation Districts throughout the state on that day for supervisors from Zone 4. Elections are held annually for a supervisor in one of the four zones in the district. Supervisors are elected for four-year terms.

Fred Hagelstein is the present supervisor from Zone 4. Other members of the SCD Board of Supervisors are R. A. Harrell, chairman, Bascomb Cox, secretary, Charlie Coy Davidson and Bill Baggett, members. Baggett was appointed during the past year to succeed Troy Williams who resigned from the board.

Immediately following the election members of the Board, and the Commissioners Court and others interested will make the annual inspection tour of the Johnson Draw watershed control dams which were built after the disastrous flood of 1954. The flood control system consists of seven dams on the upper watershed of the draw, and on the main draw.

The tour will be directed by Sam Fitzhugh, Work Unit Conservationist with the Soil Conservation Service here. Pete W. Jacoby, county agent, will also accompany the group.

LOSE TO BRONCOS —

Lions To Host Menard Jackets Friday Night

Coach Sam Mosley's Lions will be out to even their district record at 1-1 tomorrow night when they entertain the Menard Yellowjackets at Lion Stadium with game time set for 8 p. m.

The Lions played their best game of the year last Friday night against the Sonora Broncos and were edged late in the game 7-13. Sparked by their tough defense, the Lions may rule as a slight favorite over the Yellowjackets, but cannot afford a let-down as many sounds of "upset year" are ching around the state.

While Ozona was dropping its heartbreaker to the Broncos, the Yellowjackets were beaten by the big Eldorado Eagles. But another 8A power, Junction, perhaps looking forward to this week's clash with Sonora, was beaten by improving Iraan. Next Friday night the Lions meet Junction in another vital game, with the loser virtually being eliminated from the district race.

Coaches Mosley and Bill Gerber will probably have their starting quarterback, southpaw David Huff, on the sidelines tomorrow night with a twisted knee. Moving into the quarterback spot will be versatile Randel Clepper, who has been running from fullback this year.

Several players who received minor bumps and bruises in the gruelling Sonora battle should be ready for action.

The Lions may rely on their improving running game for their offensive punch. With Rodney Pagan and Fleet Coates, along with Beto Diaz toting the ball, Coach Mosley is hoping the ground game may be strong enough to allow the Lion quarterback to make the passing attack go.

The Lions came within a whisker of upsetting the defending state champions and 8A favorites this year by battling the Sonora Broncos toe to toe last Friday night in Sonora before dropping a 7-13 verdict. A Bronco drive late in the fourth quarter broke a 7-7 ballgame that was 0-0 at the half and had seen Ozona take a 7-0 lead in the third quarter.

The tremendous Ozona defense kept the Bronco offense bottled up most of the game. Actually, it was only two plays that brought Sonora out on top. One was a 47 yard dash for a TD by All-Stater Ed Renfro, and the other was a key 23 yard pass to the speeding Renfro. (Continued on Last Page)

Flood Relief Materials Flow To Center Here

Home Demonstration members have had a busy week at the old Continental Oil building across from the post office. The building was opened Friday for donations to benefit flood victims in the Rio Grande Valley.

To date, most of the donations have been clothing and club members have been sorting, mending and in some cases washing items of wearing apparel daily from 8:30 until 6 o'clock in the evening.

The building will be open through Saturday for donations of anything usable, especially staple foods, cooking utensils, small appliances and canned goods.

Club members are sorting and packing the items into boxes and the Red Cross will take the responsibility of having them transferred to the needy areas.

Donations of money are badly needed and will be accepted at the bank, where a special account has been set up, or at the Water District office.

The building will be open tonight until 10 p. m. A message just before press-time informed that there is a desperate need for baby clothes. Mrs. Bob Stephens also announced that the Home Demonstration Club will meet at the building Monday in order to make blankets from flannel donated. Other donations will be accepted at that time.

Junior Hi Cubs First To Bring 1967 Ozona Win

Ozona's Junior High Cubs were the first local football team to attain a victory on the football field this season by beating out the Sonora Colts 14-8 on the home field Thursday afternoon, while the Lion-B took a 16-0 loss.

The Cubs scored first when a pass from Ruben Tambunga to Mike Jenkins was good for 38 yards and a first down on the Colts 5 yd. line. Tambunga punched it in for the score. The try for extra points was no good and at the end of the first quarter it was 6-0 Ozona.

Tambunga scored on the kick-off late in the second quarter, running the ball back 79 yards to hit paydirt. Chuck Womack ran the ball over for the extra 2 points. At halftime the Cubs were leading the Colts 14-0.

After a scoreless third quarter, the second and third string alternated on each team and late in the fourth quarter the Colts' Steven Street took the ball over from the 4 yd. line for the only Sonora td. Mark Rouselot plunged over to add the extra 2 points and the game ended 14-8 in the Cubs' favor.

Tambunga was the leading ground gainer for the Cubs and sparked the defense, along with Chuck Womack and Gerald Huff.

The Lions-B game followed and although they were the losers by a 16-0 score, they picked up more yardage and first downs than the Sonora-B.

Looking like a different ball club, the Lions dug in and held the Sonora eleven almost every time they got the ball. The first Sonora score came on an Ozona fumble and the second after a series of penalties against (Continued on Last Page)

Property Tax Paying Period Opened Oct. 1st

Tax statements were mailed from the county tax office Friday to Crockett County property owners. Mrs. Gertrude Perry, deputy tax assessor-collector said county assessments were up a little over 3 million dollars from last year. She attributed the rise to the increased gas play in the county.

A 3% discount will be given on all property taxes except the school tax if paid this month. A 2% discount will be given in November and 1% in December. Taxes become delinquent February 1 and penalties will be added after that date.

Property tax payments on one-half the total amount may be made during the months of October and November. The balance may be paid by June without penalty.

Mrs. Perry said that 40 voters had registered until noon yesterday since voter registration began Monday. She also reminded Crockett County voters that under the new law, all voters must register in order to be eligible to vote. Anyone unable to get to the tax office to register in person may call and have an application for voter registration mailed to them.

Wise and Otherwise
 Rambling Reflections
 By Dr. R. F. Curl

None of us like to pay taxes. I certainly am no exception to the rule and grumble as much as the next person.

But taxes have always been with us. In one form or another they can be found in all early societies of men. The Old Testament seems to indicate that the Jews had three tithes — 30% — which supported their theocratic government. One of the oppressions of New Testament times was the excessive taxation system of the Roman Empire.

Today taxes hit us from three levels; national, state, and local. We perhaps grumble more about the federal levies than any other. But in view of the fact that almost 2/3 of these to the defense effort — paying for past wars waging present war, and preparing for possible necessary defense against attack on us as a nation — they are not likely to be greatly lowered. Nor would anyone of us want essential services needed to make our country secure from without and within neglected.

But what of state taxes? In the fiscal year just ended Texas spent two billion dollars. What for? Eighty-six cents out of every dollar went for education, highways, and welfare. Welfare in Texas takes the form of institutional care for the mentally disturbed, Tb hospitals, public health programs, old age assistance, aid to blind, deaf, spastic, and dependent children.

Unless we wish to curtail these three very popular forms of public service, we'll not cut state taxes very much, in fact less than 15%. Local taxes also take a healthy bite out of our incomes. Mrs. Curl and I own a little house at Kerrville. Last spring city and school district brought in an outside firm to equalize valuations. Well, when they raised my property valuation by 16%, I howled just like you probably would. By the way, I appear good at howling, for I got the figure lowered below the original starting valuation, but then the School Board upped the per centage for tax valuation and the rate, and I came out paying a neat little increase.

But I have no complaint. I did not want my property improperly valued at more than its worth. But I am happy to pay my part for free public education. Somebody paid years ago so I

could have a grade and a high school education. My folks sure weren't paying much in taxes when I was a boy for we were poor people. But I had the same opportunity as did the children of the wealthiest man in town.

I am sure I didn't pay what the grade and high school education of my son and daughter cost the state. And I have five grandchildren in public schools.

Police and fire protection, lighted streets at night, good water, public libraries, and good public health services and hospitals are only a few of the many services provided by our local tax dollars.

Yes, we pay lots of taxes but we get lots of service. And the good people of Crockett County are, according to information coming to a newcomer, extremely fortunate in matters of taxation at the local level. Large natural resources, a consolidated system of government for city and county, well run civic offices and schools combine to make possible a minimum local tax.

Hurricane Beulah is still with us and will be for many months to come in the severe wreckage it left behind. And as could be expected open-hearted Americans have moved in to aid disaster victims. The Red Cross, the Salvation Army, Church World Service, and other groups are co-operating.

Ozona residents are, according to reports I hear, responding in cash and clothing and other supplies. I observed one small group of church women gather together \$150 in a few minutes for Red Cross.

Red Cross is the organized compassionate gifts of the American people, tested and proved by long years of service in many lands. In the flood area Red Cross has been caring for 144,000 refugees in 266 centers for more than two weeks. Thousands of emergency needs are being met by this agency now, but it is when the emergency is over, when press and television cameras leave, and when rehabilitation services are needed that the Red Cross really goes into action. Then scores of case workers will be mobilized to begin the staggering task of cataloguing furniture, clothing and

Sing a song of sulphur, Beaker full of lime, Four and twenty test tubes Breaking all the time. When the cork is lifted, The fumes begin to reek. Is't it an awful mess To clean up twice a week?

DEAR GABBY

Dear Gabby, My plastic ivy plant just won't grow. I've watered it

and watered it and it just won't grow. I don't know what to do. Can you help? Frustrated.

Dear Frustrated, Put some HNO3 on it. If you don't have any of that, try some cow manure.

Dear Gabby, I play on the fighting Ozona Lions football team. My problem is how do I tell the coaches that I am married and have a children. Thanks. Married plus 2

Dear Married, Keep your mouth shut until after football season and don't have any more kids. We're having enough troubles as it is this year.

Dear Gabby, My cousin is in high school with me and we don't get along very well. He makes ugly faces at me and tells me to shut up all the time. I've tried avoiding him, but that's impossible as we have some classes together. I haven't done anything to make him mad, so how can I change his attitude towards me?

Dear Cousin, Well Beaver, just grin and bear it.

Dear Gabby, My problem isn't really as bad as some people's are, but I still thought maybe you could help me. I'm always running into things. It's not that I don't watch where I'm going because I do. Like yesterday, I walked into class and before I knew what was happening I was flat on the floor. Can you possibly help me. Co-ordinated.

Dear Co-ordinated, Take Sandy Stokes remedy and quit walking.

Dear Gabby, I have this problem. My boyfriend is shorter than me by about three feet. He's not a midget, it's just that I'm 9 feet tall. Should I feed him corn flakes to make him grow? Average.

Dear Average, Feed him Grape Nuts, they

make you grow up, not out.

Dear Gabby, There is a couple, going steady, that care very much for each other. Not long ago they broke up for unimportant reasons. Well, the girl's sister has had her eye on the boy, and as soon as they broke up, the other sister snatched him. The first sister, now realizing her mistake in breaking up with the boy, is desperately trying to get him back while her sister is hanging on to her fine catch for dear life. Should his first steady forget him and their close relationship or should she start a Family Fued?

Dear Wondering and, Good luck and may the best woman win.

HIGH SCHOOL PAGEANT

The freshman child so shy and coy Admiringly stares at the sophomore boy: While the sophomore boy has his head in a twirl All because of a junior girl.

The junior girl, in her sleek sedan, Boldly pursues the senior man;

But the senior man, so dashing and wild, Secretly loves the freshman child.

GOSSIP

By Cheryl Jenkins
Gary L. How did the Aggie get a bump on his head? Is it true that four Sophomore girls took a little trip last week? Did Mr. Kenna have a slight accident in choir last Friday? Did the sparks fly last Thursday night right after the pep rally?

We sure are going to miss the cheerleaders' corduroy suits.

At the pep rally last Thursday the band had a couple of ex-members playing with them.

Looks like Larry Don's getting more than a grade out of band this semester.

Did the Seniors enjoy their mud fight last week at Montgomery's?

School spirit has been great lately. Keep it up.

It was great to see Jack and Derold in town last weekend.

Wonder who "White Lightning" is? Could it be Jerri Lynn's new car?

LIBRARY RULES

By Lupe Maldonado

Ozona's library is something which everyone should feel proud of. You should visit it for you might even find some books you want to read.

When a person goes into a library, he should feel at home and not lost. Books open up new worlds for people. They mean adventure, relaxation, and most of all enjoyment.

Feeling at home does not mean leaving the library in a mess. Here are a few tips to keep in mind when you are in a library. You should handle all books with care since other people will probably want to read them, put all books back in their proper places, return all books on time, and never be rowdy or noisy. If you cannot find what you are looking for, ask for some help.

If these rules are followed, we will keep the library in excellent shape for students and adults who use the library.

TEST SCHEDULE

By Lorraine Payne

This week ends the first six weeks in Ozona High School. As is customary six weeks tests will be given. The time for each test has been scheduled by the administration. This schedule was planned in order to assist the student so that all tests will not be given on the same day. The schedule is as follows:

Wednesday, October 4-5, 7
Thursday, October 5-1, 3
Friday, October 6-2, 4, 6

A word of wisdom to all students in Ozona High is to study hard and try to get your teacher to give you an easy test.

THIS IS CURTAINS

By Helen King

Throw me the measuring tape, or pass the scissors, is a familiar remark in the senior home economics class this year. We are in the process of making new curtains for the H. E. department. Upon completion the bright printed combed cotton material will be made into pleated cafe curtains to harmonize with the decor in the sewing room. The seven girls, under the instruction of Miss Jalyn Lawson, work on them from 2:30 until 3:30 each week day. It is hoped that they will be completed within a month.

—And where we'll stop, who can know?

We do have the best educational system in the world. But what will your child think and want and demand once we've educated him?

For in our system—unlike the Russian — we impart truth rather than ideas. We give our children the tools of thought, not the party line.

Does your child know that the center of all truth is God? Does he measure his aims by Christian standards of faith and morality? Has he learned where unbridled human passions of greed and power and selfishness can lead? Does he respect the religious faith and spiritual opportunities which motivated American Liberty?

Nobody can brainwash an American family. But it's up to each American family to choose every Sunday between the "around and around," and the center of truth—GOD.

CONCESSION CREDIT

Vending machine systems permitting credit card purchases of food and drink have been put into operation in two Chicago, Ill. firms. Users insert their credit cards into a slot on the machine where the card is registered, then returned. A computerized, punched-tape, record-keeping system records each purchase by date, item, amount and card number.

Sounds simple? Sounds fantastic? Convenient?

First how do you obtain such a card? It is by a simple process of checking a person's credit record with their local Credit Bureau. If your paying-record is good, prompt, "as agreed" — then you may be issued one of these card.

In our area we may not have such vending machines as yet, but we have something just as valuable and convenient and simple: That of having the privilege of making purchases from our local merchants and asking them to "charge it."

For this privilege, the same process is necessary — How do you take care of your local obligations? Is it "prompt", "as agreed", or "30 days"? This is important to your credit record as it is kept by the local bureau — It is also very important to your very way of life. "Protect Your Credit — It is The Most Valuable Asset You Have."

time, so I'll have to nominate the women of the Home Demonstration Club, who have been laboring all week packing boxes to send to the flood stricken areas of Texas. Especially Mrs. George Glynn, who was preparing to take about a ton of dirty, but otherwise usable, clothing home with her to wash and dry when I visited the collection headquarters the other day. If that isn't public spirit, I'd like to know what is.

Ozora put the ball on the 1-foot line.

Greg Stuart, Tony Wheeler and Morris Lee Coates played outstanding defensive ball, with Stuart the leading ground gainer for the Lions.

The Lion-B will journey to Rankin for a game this afternoon at 4 o'clock. The Cubs will see action in Rankin Saturday morning at 10:00 against the Rankin junior high team.

froe.

Early in the first quarter, the Lions, bounding back after losses to Big Lake and Bronte, showed the fans that they came to win. The entire first half was strictly a defensive duel with punting the key weapon. Ozora more than held its own in this department with Fleet Coates booming out long, well placed punts.

The key to breaking the 0-0 deadlock was a 40 yard punt return by hard-running Rodney Pagan. The 168 pounder carried all the way to the Sonora 12 behind good Lion downfield blocking. David Huff passed to Larry Kilgore for 5 yards, Pagan gained one, Huff got three on a keeper play and a first down at the Bronco 2. On the third play straight up the middle, Pagan rolled in for the tie breaking score. Larry Don Webb added the extra point, and the 7 point

lead for the Lions began to loom large enough for a big upset.

But Sonora came bounding back! Five plays later the Broncos covered 69 yards for the TD. Before Renfroe got loose on his 47 yard sprint, the Broncos picked up 24 yards on a pass from J. V. Cook to Mike Wuest. Wuest's extra point knotted the score with a little over three minutes remaining in the 3rd quarter.

Late in the 4th quarter Sonora went 3 yards in eight plays for the winning touchdown, with fullback Mike Gosney carrying over from 8 yards out. Wuest missed the extra point. The stubborn Ozona defense almost stalled this Sonora march but a Cook to Renfroe pass for 28 yards got the Broncos out of trouble and kept the drive alive.

On two occasions, the Lions drove inside the Sonora 20 yard line on passes to Kilgore and running by Pagan, Coates, Diaz, and Clepper only to have the veteran Bronco line stiffen.

Backed up by linebackers Johnny Barbee and Kilgore and cornermen Clepper and Beto Vargas, the Lion front four of Marlin Farris, Wesley West, John DeHoyos, and Gary Sutton battled the Bronco line nose to nose, giving up every yard very grudgingly. A healthy Lion secondary of Coates, Pagan, and Huff played its best

ballgame of the year.

In the stat department, both teams had 13 first downs; Sonora had 184 and 131 yards rushing and passing while the Lions had 151 and 68 rushing and passing; Ozona completed 5 of 15 with no interceptions and Sonora had 6 of 13 with 1 intercepted; Ozona was penalized once for 15 yards while Sonora had 4 for 50 yards. Both teams punted for a 38 yard plus average.
