It is extremely hard to believe that a country as strong as the United States would let a little communist country take an American ship and its crew from international waters, and then let the security council of the United Nations decide what should be done about it. However, that is just what happened.

Instead of sending our navy after the captured ship and crew, we turn the affair over to the most completely inept and useless group on the face of the earth and as of now they are still arguing about it. The absurdity of it all is the fact that since its inception, that organization has done absolutely nothing toward solving world problems.

I have no patience with those who wish to hush the whole thing, either, laboring under a mistaken idea that to retaliate might cause an outbreak of hostilities. Since when, in heaven's name, has a criminal act gone unpunished done anything but invite more of the same?

One does not need to be a student of history to point out the fact that a policy of appeasement only served to spur Hitler and his gang to greater heights of tyranny and on to World War II.

It is, and has been for many years, a policy of the Stockman to avoid the printing of poetry. Since we receive so many poems, along with requests that they be printed in the paper, I thought I might mention the policy about poetry and avoid any hurt feelings. You see, everyone who writes poetry thinks himself a poet and it ain't so a lot of the time. If you print one, you must then print them all and I guess that's how the policy about poetry came to be so many years ago.

It must have been decided that a weekly newspaper was more important than a weekly poetry sheet and if you have one, you cannot have the other. However, I've enjoyed them all, good and bad, and if you want to keep sending them, I'll keep reading them.

We haven't had a man of the month or week in a long time, so I am going to honor Grosse Moeller with this dubious distinction this week for his poise and "cool" during the basketball game Tuesday night at which he officiated. It has become a habit with the locals to give Grosse a hard time from the minute he comes onto the court until the final whistle sounds, mostly good-natured joshing. However, he got it from the other side Tuesday night and kept calm while the locals were fuming in the stands.

It looked for awhile like there might be a little more excitement in the stands than on the court, when the local fans realized that someone was hollering at Grosse besides them. There were a few words exchanged but no blows.

When our local coaches call games here, to a man they literally lean over backwards to be fair, and that's more than I can say about some places I've been.

I'm a little put out about the new law that demands your picture on your driver's license and has a layman giving eye examinations. I wouldn't mind having to take

CHAMPION OF SHOW — Beating out all the division champions in the final judging at the 21st annual 4-H Livestock Show Saturday were these two lambs, the grand champion of the show, right, shown by Charles Childress and reserve champion exhibited by Alton Everett.

Frio-Tex Finals Top Performing Canyon Gas Well

Frio-Tex Oil and Gas Company, wholly-owned Texas-based subsidiary of Suburban Propane Gas Corp. has completed a 6,500 foot canyon sand well, which has potentialized 11,000 MCF of gas per day from perforations between 6472 and 6676 feet. This completion, the Marshall Montgomery et al well No. 1, is located in Section 2, Block AAA, Crockett County — approximately four miles from Frio-Tex's Hunt Ranch compressor facilities and eighteen miles southwest of Ozona.

Officials of Frio-Tex stated that this well exhibits the best performance characteristics of any canyon sand producer completed by the company to date in this prolific gas producing area. During the potential test it flowed approximately 2,000 MCF of gas and 112 barrels of condensate per day. In this particular drilling activity, Frio-Tex is acting as operator for Suburban Propane Gas Corporation, Ozona Gas Company, R. M. Bergstein and Alvin H. Parker.

Aggressive, continuing development of its Ozona properties is a major Frio-Tex policy. During 1967 the company participated in a drilling program which resulted in the successful completion of 12 producing gas wells, and acquired an additional 34,308 gross acres in the Ozona area, as well as a 37 1/2% interest in the Ozona Gas Processing Plant.

CHAMPION BARROW — Dan Davidson had to have the champion barrow at the 4-H livestock show Saturday. He was the only exhibitor with three entries. This plump fellow beat out the gang for honors. This is the first time for a hog class in the show and the first hogs many of the 4-H clubbers had ever seen — live.

Gary Boyd Is Hurt in Vietnam

Word was received here earlier this week that Sp-4 Gary Boyd, son of Mr. and Mrs. Homer Boyd, was hospitalized in Dang Ha, Viet Nam with burns on his face and hands. No other details were available at press time. Young Boyd has been in Viet Nam almost seven months.

Fred Chandler Seeks New Term As Co. Attorney

Fred Chandler, Sr., county attorney, has announced that he will seek a new four-year term in that office which he has held for the past three and a half years.

He was appointed to the office shortly after Bob Owens resigned after serving a fraction of his four year term. Mr. Chandler was elected to serve out the remaining two years in the general election in 1966 and this will be his first time to ask for a full four-year term.

Mr. Chandler came here with his wife from Ft. Stockton where he had a law practice. He also conducts a law practice here when he is not attending to county business. In announcing his candidacy, he expressed his appreciation for the cooperation and assistance he has received from his many Crockett County friends since taking office here and said their continued support would be greatly appreciated. He remarked that although he had only been here 3 1/2 years, it seemed more like 20, as far as feeling at home in Ozona.

Forum Plans Adult Education Classes Soon

Adult education classes will be sponsored again this year by the Ozona Woman's Forum in cooperation with the Ozona public schools. Supt. L. B. T. Sikes has offered the use of the school rooms and equipment.

This will mark the third year the club has sponsored the courses, which are offered free of charge to the adult public. Eighty-one adults attended the various courses offered last year.

Number and kind of courses offered will depend on available instructors. Instructors receive no pay for their time and effort.

Mrs. Marshall Montgomery and Mrs. Charlie Black, of the Forum, with the help of Supt. Sikes are working on plans for the program. Classes will probably start no later than the first of March and be held weekly for six weeks. A definite schedule and instructions for signing up will appear in the paper as they become available.

Hurst Meinecke is undergoing medical tests in a San Angelo hospital this week.

Suspect Charged One Arrested In Burglaries Here

Charges have been filed against a suspect in connection with the Monday night burglary of the Dairy Mart, when around \$600 in checks and cash were taken from a walk-in freezer back of the main building. The suspect has not yet been apprehended.

The intruder entered through the front door of the establishment, found the key to the freezer where the money was kept, took it and left town. He had been a frequent visitor in the drive-in cafe.

Officers arrested Joseph Cosentino, 18, Tuesday in connection with the theft of several billfolds from rooms of guests in the Hotel Ozona. Four billfolds containing around \$150 were recovered and the man is in Crockett County jail under a \$2,500 bond pending grand jury action.

State Senator 25th Dist.

Sen. Hardeman Asks Re-Election To Texas Senate

State Senator Dorsey B. Hardeman of San Angelo, whose four-year elective term won in 1966 was shrunk to two years by statewide legislative redistricting, expected to announce today his candidacy in the 25th Senatorial District for a full four-year term.

"I am deeply grateful to the people of the 21-county district for electing me in 1966 to a four year term and respectfully ask their continued support," Hardeman said. He was one of 15 senators who drew a two-year term following senatorial redistricting which was done in state compliance with the "one man, one vote" decision of the United States Supreme Court. Election this year will give Senator Hardeman a full four-year term.

Hardeman said he will counsel, as he is accustomed to do, with the people throughout the district before the Democratic Primary May 4. "It has been my purpose, at all times, to help maintain a sound, responsible and responsive state government and to handle all legislation of local interest with dispatch," the senator said. "This I will continue to do."

A practicing attorney highly respected as an authority on constitutional law, Hardeman is married to the former Geneva Moore, daughter of the late Lawrence Moore and Mrs. Moore of Schleicher County. The Hardemans are members of the Church of Christ. Their sons, Mark and Bryan are students at The University of Texas and Angelo State College, respectively.

Jess C. Marley Enters Race For Precinct 1 Post

Jess C. Marley, life-long resident of Crockett County, threw his hat in the political ring this week, announcing his intention to seek the office of Commissioner of Precinct 1. Marley's announcement brings the number seeking the post to three.

Marley graduated from Texas Tech in 1962 and went into the ranching business. He resides at his ranch with his wife and two children, Jennifer and Jacinta. Along with his ranching interests, he has taught in the Juno School for the past four years, being the only teacher as well as the principal. He feels that his experience in the business end of ranching and administering the school ably qualify him for the post he seeks to fill.

In announcing his candidacy he expressed an interest in the continuing growth and development of Crockett County and a desire to see the younger generation take a more active part in county government.

"If elected," Marley said, "I will consider to the best of my ability the problems of individuals as well as the county as a whole. I pledge my best effort to see that the taxpayers in my precinct receive the most for each tax dollar spent for the betterment of the county."

WHAT A DIFFERENCE

It's a long way from Philadelphia to Pueblo.

In 1904, on February 16, Lt. Stephen Decatur sailed a ship into the heavily fortified harbor of Tripoli and burned the frigate USS Philadelphia which had been seized by Tripolitan pirate gunboats.

As these lines are written, the US Intelligence ship Pueblo rides the tides in Wonsan harbor — and Washington is appealing to the USSR, the UN, the Armistice Commission and the Royal Order of Good Fairies.

What a difference 164 years can make.

Girl Scouts Open Cookie Sale Fri.

The annual Girl Scout cookie sale will begin tomorrow at 4 p. m. and continue through Feb. 17. Cadette and Senior troops will have booths set up downtown and in the Village both Friday and Saturday. Brownie and Junior Scouts will be selling from door to door beginning Friday afternoon.

Proceeds from the cookie sale will be used for the purchase of camping equipment and the improvement of facilities at Camp Jo-Jan-Van and day camps in our area.

Cookies have been purchased from a new company this year and five varieties are being offered. Butter Shortbreads, Ko Ko Kookies, Assorted Sandwich, Chocolate Mint and Peanut Butter Cookies. Each flavor is sealed in bright foil wrappers to insure freshness.

Ozona Scouts appreciate support given them each year during cookie sales, their only fund raising project of the year.

Iraan Braves Turn On Steam To Clobber Lions

The Ozona Lions lost their first West Zone basketball game when the hot-shooting Iraan Braves dropped the Lion zone record to 2-1 with an 85-57 win, here Tuesday night. The Braves are defending 8A Champions and have 4 regulars returning from last year. A 29-point scoring spree by the Braves in the 2nd quarter brought the Iraan team from behind as the Lions had grabbed a 16-13 lead at the end of the 1st quarter.

The Lions were paced by guard Beto Vargas who hit for 31 points, getting his baskets on layups and jump shots from the circle. Big Marlin Farris added 15 points. The red hot Braves, who had a 60% shooting average from the field for the ballgame, were paced by David Wilson, who hit for 27, and Tim Armstrong, who had 24 points. The Lions hit for a 48% shooting average, good enough to win most ball games.

Tomorrow night, Coach Charles Speiker's Lions will be in Sanderson for a return match, and Tuesday night will host Rankin in the last regularly scheduled home basketball game.

In B-Team action last night, Coach Ned Fowler's crew won 59-52, and the Ozona girls lost to the Iraan Sextet 71-29.

ELECTION SPEECHES

By Anna Mendez

Election speeches were made Wednesday morning, January 24 during the assembly at OHS by campaign managers and next year's candidates for Student Council.

The first speeches were made by managers for the candidates for the office of Secretary. Judy Barber was introduced by Peggy Hagelstein and Ann Hyde was introduced by Kathy Russell.

Next were the speeches made by the candidates for vice-president. Fleet Coates and Rodney Pagan were introduced by their managers Rickey Prater and Johnny Barbee.

Most important then came the candidates for the office of President of the Student Council, Donald Huff and Randal Clepper. Their managers were Gary Sutton and Wesley West.

Now the students must vote for the ones they feel will be beset suited for the positions of secretary, vice-president and president of the Council of Ozona High School.

NEW OFFICERS CHOSEN FOR STUDENT COUNCIL

By Cheryl Jenkins

The student council officers for the school year 1968-1969 were chosen Thursday, January 25.

Randel Clepper, a junior quarterback for the varsity football team, a worthy member of the A basketball team and the current vice-president of the student council, was elected to the position of president of the Student Council for next year.

The vice-president position went to Rodney Pagan, a junior who also played on the varsity football team earlier this year and is now a member of the A basketball team.

Judy Barber, who is also a junior, was elected secretary of the Student Council. Judy is now serving as secretary of the Junior class. She plays piano for the Ozona High School Choir and organ for the First Baptist Church.

The Seniors feel that these three students will do their best to make OHS an even greater school.

SERIOUS QUESTION

By Lorraine Payne

Do you think there will be another World War?

Anna M — No, I hope not

Lupe M — The way things are going right now I think

there will be one pretty soon.

Ginger G — Yes, I think there will be one sometime but not now. Both America and Russia have nuclear power and each is afraid of what the other might do.

Janet F — Yes, I believe that someday there will be another World War, but I hope it will not be for a long time.

Kay F — Someday there probably will be another one, but I don't think it will be anytime soon. The United States and Russia are both too smart to begin one because of all the nuclear weapons both countries have.

Miss Stringer — I do not believe there will be a third world war resulting from the Pueblo incident; however, I do feel there will be smaller-scale wars in the world just as we are now experiencing in Viet Nam. If the world situation does develop into such a position that a third world war begins, I believe the United States and Russia will be fighting side by side against Red China.

Joe Bob S — No! All of the big countries are gaining more knowledge in nuclear power and are afraid of what might happen if an atomic war was started. I think every individual in all of the countries value life too much to start a third world war.

CONTEST WINNERS — Pictured are recent winners in the Art Contest, sponsored by the Woman's Forum. 1. to r. Jackie Copeland, Mary Jo Hayes, Debra Clayton, Becky Smith, Luis Longoria and John E. Galvan.

View from your Window

What do you see from your window? Another house across the street? A wheat field? A pine forest? A placidly flowing river, or an endlessly crashing sea? Your view, of course, depends on where you live.

The kind of church you go to—whether it is Gothic in style or white frame, a pale pink stucco built in a Spanish manner, or a domed cathedral, depends, too, upon where you live.

But whatever the size . . . whatever the shape . . . the Church is the Church. God's House assumes many forms on earth, but in all of them you will find His teachings, His word, His spirit.

Go to your church next Sunday.

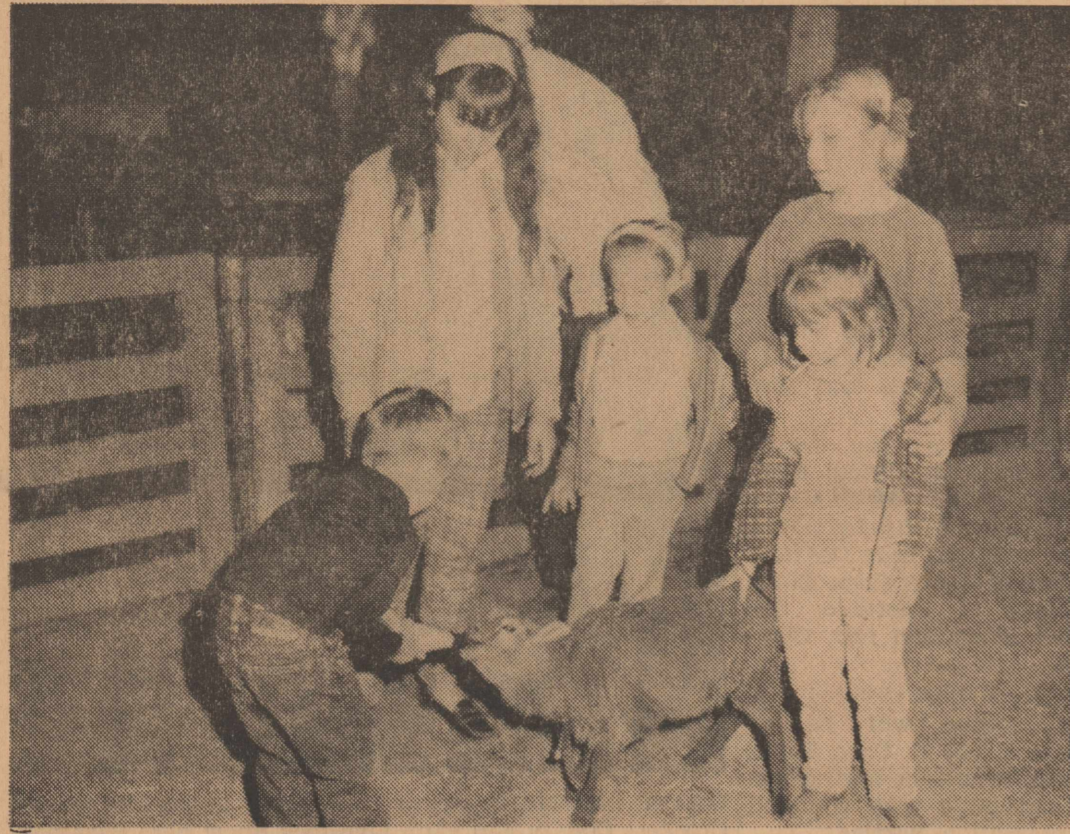

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From The Stockman Thurs. Feb. 2, 1939

Elaborate plans are being made by Scoutmaster Eugene Hollon and assistant Leslie Nance and members of Boy Scout Troop No. 54 for local participation in the nationwide observance of National Boy Scout week.

—29 years ago— Charged with theft of three saddles and a pair of chaps from the Tom Owens ranch in this county, two men were bound over to grand jury following a hearing in justice court here Tuesday. The men, Garland Kimbell, 22, and his brother, R. B. Kimbell, 20, admitted the thefts in a statement to County Attorney N. W. Graham.

—29 years ago— School officials were figuring with a sharp pencil when they laid plans for Ozona's annual invitational basketball tournament last weekend. A check-up on tourney finances this week revealed expenditures of \$126.92 and gate receipts of \$126.44 — a net loss of 48 cents.

—29 years ago— Mrs. Miller Robison and their 8-months-old daughter narrowly escaped serious injury when they fell down the stairway at the home of Mrs. Robison's parents, Mr. and Mrs. Max Schneemann. Mrs. Robison, with the baby in her arms, stumbled and fell the entire distance down the stairs. Both were knocked unconscious but not seriously injured.

—29 years ago— A range cow in the herd of Boyd Clayton, pastured on the Clayton ranch west of Ozona, may have made bovine history a few days ago when she gave birth to a litter of

four calves. The Mrs. Dionne of the bovine world was unfortunate in that she didn't have meticulous care the Canadian mother of five had, and her brood all died.

—29 years ago— Rev. and Mrs. M. M. Fulmer are in Dallas where Rev. Fulmer is to undergo surgery on an arm, broken when he was 17 years old, and which failed to knit properly after setting.

—29 years ago— Los Vaqueros from Grandfalls fought their way to the championship rung of the Ozona's eight annual basketball tournament the past weekend. The Cowboys whaled the Iraan Braves 41-13 in the final game of the series Saturday night. Consolation honors went to a scrappy Christoval team.

In-Town Accident Series Results In Damage, no Injuries

Highway Patrolmen Del Copeland, Orvil Perry and James Cumby were kept busy last week, a series of accidents, all within the city limits, resulted in no personal injuries and, for the most part, comparatively minor damages.

A 1962 Buick driven by Gregg Lara and a 1962 Ford driven by Steve Hubbard, figured in a minor mishap in front of the United Store. Lara stopped and Hubbard crashed into the rear of his car, resulting in about \$350 damage to the Hubbard car and \$60 to Lara's.

Last Thursday, the power steering quit on a 1960 Rambler driven by Bettina Martinez at Ninth street on Highway 163 and she was unable to avoid colliding with a parked car belonging to Drake McKinney. About \$100 worth of damage re-

sulted for the Rambler and \$60 for the 1961 Chevrolet.

About \$75 damage resulted for each vehicle when a 1962 Chevrolet driven by Lona Ellis crashed into the side of a 1949 Chevrolet pickup driven by Danny Maness at Avenue G on Highway 290. Patrolman Copeland said the pickup turned in front of the Ellis car.

Mrs. Marie Loudamy, driving a 1968 Buick, collided with the rear of a 1965 pickup driven by John Coates, Jr., in the shopping center Tuesday afternoon. Coates was backing out and Mrs. Loudamy was entering the shopping center parking area. About \$125 in damage to the Buick resulted, with slight damage to the pickup.

Mrs. Charlie Coates bumped into a county trash truck parked in front of her house last week when she failed to see the vehicle while backing out from her driveway. Damage was about \$125 to the car, none to the truck.

Tourist Who Spent Night Here Writes To Praise Ozona

A tourist who spent a night in Ozona last fall has written a letter to the Chamber of Commerce complimenting Ozona and its citizens "on having such a nice town."

Robert L. Webber writes from Page Mobile Village in Fort Myers, Fla.:

"Sometime around the middle of October of last year, my parents and I were traveling from Tucson, Arizona, to Fort Myers, Florida. We were on a trip which had started from our home in Lansing, Michigan, and had gone as far west as Phoenix, Arizona. We stayed overnight in your city.

"Although I have never before taken the occasion to compliment anyone on their town, and I'm afraid that too many of us have neglected that nice part of life, I would like to take this occasion to compliment you and your fellow citizens on having such a nice town.

"We stayed overnight at a partially double story motel next to a church which was very comparable to the best motels that we have ever stayed in, and we have traveled quite extensively throughout the U. S. and Europe. We had dinner and breakfast in a restaurant about a block from the courthouse and the food was very good.

"However, the feature that struck us most about Ozona was the cleanliness of the town. The great majority of the buildings that we saw were well painted and their surroundings were very neat. I might add that we took occasion to drive through most of the town, including the residential streets.

"In short, please consider this letter to be a compliment to you and the citizens of Ozona on having such a beautiful little city. We consider it a privilege that we were allowed to see your town and hope that we may be able to again."

Sincerely,
Robert L. Webber

Early Settlers Recall Pioneer Days In County

Thirty-eight members and guests were present Monday evening when the Crockett County Historical Society met in the Civic Center with Dr. W. B. Robertson, president, presiding.

Following a brief business meeting program chairman Ted M. White and Mrs. Stephen Perner presented a panel of early Ozona settlers whose reminiscing delighted all.

Members of the panel included Paul Perner, Stephen Perner, Mrs. Will Baggett and Mr. and Mrs. Max Schneemann, all members of the pioneer Perner family, and Mrs. B. B. Ingham, member of the Dudley family.

The Perner family speakers told of coming to Crockett County in 1893 and establishing a business which covered many things, a mercantile store selling both groceries and dry goods (there were no ready-mades, Mrs. Baggett reminded). The businesses included a wagon yard, a blacksmith shop, windmill outfits and a post office. They told many amusing and interesting de-

tails of their early lives here. Mrs. Paul Perner was a member of the Odom family, who lived across the street from the Perners.

Schneemann told of his difficulties in learning the English language and how his father brought the family to this country, working his way as a laborer and taking most of his wages in sheep, the beginning of the large holdings he later accumulated.

Mrs. Ingham, who came to Ozona at the age of 12 years, told of walking, riding horseback and driving a buggy to school and of how the Perner girls were the first to speak to the new student and give her candy, a rare treat in those days.

Mr. Paul Perner told of trips made to numerous ranches on horseback to carry urgent messages and of driving Dr. Clayton on many calls to the country.

Following the program a question and answer period was held Mrs. Ted White told some interesting incidents of early days in this area.

Dr. Joe Logan recorded the program on tape for the Museum Library.
