Kitty's Korner

By Kitty Montgomery

Yesterday was the first day of spring and it was hardly noticeable. If I hadn't glanced at the calendar, I would never have known. To me this has been the coldest week of the entire winter season. I am positive that I'll never live or see another hot summer day. If by chance I should, I'll never complain about the heat.

Speaking of heat, Dr. Curl is putting the head on everyone to attend the Preaching Mission (formerly called revival) to be held at the Methodist Church beginning Sunday. In fact he is so anxious for all the men in town to attend the men's breakfast Monday morning at 6:30, that he will personally call all those who wish to attend — at 5:00 a. m. — the morning of the breakfast service. Now you can't beat that can you? Besides, the Williams boys are doing the cooking.

I got a big laugh out of the various network news commentators analyses of the primaries in New Hampshire. For weeks now they have been predicting a big write-in vote for Rockefeller on the Republican side and scoffed at the candidacy of McCarthy on the Democratic side. After their predictions backfired Tuesday, they spent lots of time and a few million words on what the whole thing meant.

The large vote for Senator McCarthy obviously indicates dissatisfaction in the ranks of the Democratic party. One would have to come to the conclusion that they are looking for a new leader.

On the Republican side, the very small write-in vote for Governor Rockefeller should give him a pretty good idea that the "draft Rockefeller campaign" will never get off the ground and even if he got out and campaigned personally his chances of being the Republican nominee for president seem pretty dim.

In spite of the fact that newsmen took Richard Nixon's statement about "ending the war" out of context and have harped on it as much as George Romney's "brainwashing" statement, Mr. Nixon is clearly New Hampshire Republican's choice for the nomination.

I would say that the public in general is beginning to wake up to the fact that most of our news reports are pretty shaded and they are beginning to take a "tongue in cheek" attitude about the whole thing. It is a very healthy sign that the American public has not been "brainwashed" regardless of the gigantic endeavor.

We have thoroughly enjoyed the floral arrangement placed in our office by the garden club this week. Club members placed arrangements in several business houses in honor of National Garden Club week. I have seen most of the arrangements and am very impressed with the talent displayed by this group of women.

One of the features at the Ozona National Bank's formal opening will be a currency display. I understand that there will be a piece of every paper currency issued since the first U. S. Congress convened. This should be most interesting. The display is being loaned to the bank by the Federal Reserve System, for view (Continued on Last Page)

Garden Club's Annual Clean-up Drive Under Way

The Spring Clean-up Campaign, sponsored annually by the Ozona Garden Club, is now in progress.

Ozona residents are asked to prune trees and shrubs, clean yards and vacant lots of dead grass, weeds, etc., collect trash that has accumulated on vacant lots, alleys and around houses.

If refuse is stacked on the curb near the street or in alley ways, the County trucks will haul it away free of charge. The trucks will collect trash April 4, 5, 8, 9 and 10. Small rubbish must be put in some sort of container.

The club is asking every home owner, owners of vacant lots and rent property, and business establishments to be responsible for cleaning their part of the community, in order that Ozona may be beautiful for the Easter season and in observation of Beauty Texas Month.

With 22 of 28 team members scoring points, Coach Chick Womack's Lion track team scored their second straight victory last Saturday at the Sonora Relays, racking up a winning total of 140 points. Sonora finished in 2nd place with 110 points, and the Eldorado Eagles grabbed the 3rd spot with 84 points.

This Saturday the Lions will be out to win their 3rd championship trophy as they are entered in the meet in Eldorado. The meet in Eldorado is set for two divisions, with AA schools in one group and A and B schools tabbed for the other division. Most of the 8A schools are scheduled to be on hand as district coaches are beginning to round their squads into shape for the district meet to be held later in Eldorado.

Lions got only 3 first places at the Sonora meet, but squad members picked many vital points with 2nd's, 3rd's, 4th's 5th's and 6th's. Weightman Gary Sutton set a record in the discus with a toss of 160'1" and placed 2nd behind 260 pound John Mayo of Eldorado in the shot, but it took a tremendous heave of 59'1" by Mayo to beat Sutton, who continued to improve as he hit a (Continued on Last Page)

SAIGON, DETROIT, NEWARK, WATTS

There are well over two million people in Saigon. Yet it took only a few thousand enemy soldiers to disrupt the life of that city, terrorize its inhabitants, kill hundreds, destroy property worth millions.

It is clear that the appearance of the invaders did not set off the popular uprising expected. But even if one-half of one percent of the residents of the city had supported the communist forces — ten thousand residents, let us say — that number was sufficient to cache major stores of arms and ammunition, to provide shelter and food, to guide the invaders to choice targets within the city.

After the riots in Detroit, Newark and Watts and other American cities last summer it was estimated that something like one-half of one percent of the residents took an active part in the riots. But that number was sufficient to do great property damage, and to destroy the morale of city residents. Confidence in government failed.

The lesson of Saigon is the same as the lesson of Detroit, Newark and Watts. The outpouring of money, into Vietnam, or into American cities, through programs designed to "relieve poverty" or to further "pacification," will not make a difference. That path has been followed consistently both in Vietnam and in the United States, without providing any relief. Still, we hear voices urging even more handouts in our country.

It's suggested that the flow of dollars would equal the costs of the Vietnam war.

Those are the voices of people who have learned nothing from past mistakes. They are the voices which urge us to put all our effort into the "pacification" program in Vietnam, rather than into the military effort. They would inactivate our police and restrain them when riots start — but put the public treasury at the disposition of the riot leaders.

In Saigon, as in any American city, a fraction of one percent of the population can prove a great danger. But money will not buy them off. Nor is it certain that good intentions and good will are enough to soften their designs. In the last analysis, the city, the society, and the nation, must defend themselves. These are police and military functions. The officials we have elected must use them.

Saturday afternoon Duplicate Bridge Club winners were first, Mrs. Joe Pierce and Mrs. Boyd Clayton; second, Mrs. Sherman Taylor and Mrs. Sid Millsbaugh tied with Mrs. Robert Cox and Mrs. Bill Cooper, and fourth Mrs. Ewart White and Mrs. Joe Clayton.

Letters to the Editor

Dear Editor:

Many people here in town will remember a few weeks ago when a couple of women from Eldorado were selling peanut patties to pay off the indebtedness on their church building.

This week they report in the Eldorado paper that they have paid off the entire debt of \$3322.70 by selling the peanut patties in neighboring towns in a radius of 75 miles! Seven women did the job in five weeks.

In this day of lack of Christian concern, I think an accomplishment like that needs some recognition and applause.

Sincerely,
Louise Dyer

CARD OF THANKS

There were so many acts of kindness and expressions of concern, we would never be able to get around to contacting everyone personally. May we thank you again from the bottom of our hearts.

Ozona took the first three places in the pole vault with David Huff winning the event by clearing 12 feet. Second and third places in the competition were won by Wesley West and Calvin Montgomery. High jump was taken by Sonora, but second place in the event was secured by Ernest Rio: of Ozona.

In hurdle events Randel Clepper and Larry Kilgore took second and third places in the high hurdles. Clepper also placed third in the intermediate hurdles.

Fleet Coates placed second for Ozona in the 100-yard dash. Maggie Galindo won the mile run.

In relays Ozona took second in the 440-yard relays and also in the mile relay.

Next week the Ozona Lions will be traveling to Eldorado where they will be entered in the Eldorado Invitational Track Meet.

SERIOUS QUESTION

By Janet Fox

Do you think it would be better to have 12 months of school than 9 months? Why?

Susan Reed — 9 months because I think people should have a chance to travel and do what they want for a while, but they couldn't if we had 12 months of school.

Miss Stringer — Definitely no more than 9 months. If there were 12 months of school, it would be an un-surmountable problem trying to keep track of those students returning from vacation and informing them of what has transpired while they were away. Teachers have enough difficulty, as it is now, when they are ab-

sent for a couple of days because of illness without creating more problems for both teachers and students.

Betsy Sikes — I think we should have 12 months of school because you can not conceive how much I look forward to school each morning. I am yearning to have my hungry mind fed!

Cathy W. — No! I think we should have 6 months of school and six months of summer.

Anonymous — No school at all!

Jackie Jones — Same as Anonymous because there would be no research paper.

Cynthia H. — No! I like vacations.

Terry Dobbs — No, because I am too dumb even to go 9 months much less 12.

Esperanza G. — I think in my opinion that 9 months is enough, because we have to have rest sometime from school and 12 months is all year.

Ann Kayior — I think it should stay as it is because students look forward to summer for vacation.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Kathy and Kevin celebrate St. Patrick's Day . . . Kathy wears her green plaid dress, and Kevin his sweater with the emerald stripe. The hats are those we brought home from last night's party!

They don't really know what the day is all about. But they heard Dan singing in the shower, "the wearin' o' the green," and saw the color of the tie he placed on the door knob.

They don't miss a thing! That old saying that actions speak louder than words is certainly true around our children. They are regular little copycats.

That's why Dan and I make it a habit to go to church every Sunday with them. We want God and His Church to be a real part of their lives, not just something they have heard about.

Give your children a chance to know God. Go to church and take them with you.

Wise and Otherwise

Rambling Reflections
By Dr. R. F. Curl

One of the things that surprised me when we moved to Ozona nine months ago was the number and beauty of the pecan trees. Were Ozona not such an apt name for the salubrious climate we enjoy, our town might well be called "Pecan Paradise".

Yet I understand that few of our trees in town were planted by nature. Nearly, if not all, were put out by hand by far-seeing pioneers who dreamed of the soft shade, the sparkling green, and the luscious fruits the tree would afford. It took bold and daring faith to plant a pecan tree in the hard and rocky soil native to our town. But the marvelous trees that dot our entire community are but symbols of the pioneering faith that wrought out of a hard rebellious soil an earthly paradise of good things.

I am told that Mr. B. B. Ingham, Sr., in the early days when pecans were being planted, claimed that the pecan would grow even in solid rock if the planter would blast the hole to open fissures for the roots to creep through and then keep the trees well-watered. His judgment was vindicated by some of the beautiful trees we now enjoy in our park.

The pecan is native to North America and belongs to the sturdy hickory family. It grows from southern Illinois southward and westward through Texas and even down into Mexico.

San Saba County seems to be the center for pecan production which in 1965 in Texas amounted to some 65,000,000 pounds valued at \$11,000,000. A Texas Pecan Association has been formed with headquarters at A&M and constant research goes on for the improvement and care of the trees and for best marketing procedures.

All the nation is indebted to the South for two remark-

able American delicacies, the pecan pie and pralines.

The one fly in the pecan story is the fact that this most popular American nut grown above ground (it is exceeded in use and popularity by the humble peanut) is also the richest of almost any food, containing 70% or more pure fat.

New machinery for mass shelling and processing is adding to the profit in pecan production. And even for those of us who crack and sell for ourselves a new cracker has been developed.

When Mr. Tom Harris, Sr., put them on the market last fall, the machines became immediately popular and while I have heard many a word of praise for them I have yet to hear a criticism.

But what I started out to say was that now nearly all the abundant crop of last year has fallen from the trees, we can begin to anticipate the leafing which will make our town again pleasing and charming not only to us, but to visitors and strangers who pass through.

Not many of us have planted a tree in our life. But we enjoy the fruits of those planted by our fathers. "Others have labored and we are entered into their labors." Reminding us that mankind is an endless, never-breaking procession down the centuries.

We all might plant a tree this Spring, or make a garden, or clean a weed patch to add to the beauty of our city. The pecans planted and grafted long ago stand silent reminders of what one man can do. For everyone of them was finally the product of

Two Cars Damaged In Street Smashup

There were no injuries Saturday night when a late model Chevrolet driven by Robert Sanchez hit a parked Dodge Dart owned by Bobby Anthor about four blocks from downtown on Hwy 163.

The Chevrolet was traveling north on the highway around 9:30 p. m. when it struck the rear of the parked automobile, veered off and skidded into a highway sign, knocking it over, and came to rest in the yard of a residence. Neither Sanchez nor his two passengers were injured and the parked car was unoccupied.

Damage to the Dodge was estimated at \$650 and to the Chevrolet, \$700.

Rodney Pagan returned to his home here Friday from San Angelo, where he has spent the past six weeks in and out of the hospital and had undergone surgery twice.

THE GREAT WIDE-TRACK DRIVE IS ON!

There's very little difference between Wide-Tracking in a Pontiac and ordinary driving... in dollars. A big, powerful Wide-Track Pontiac costs no more than some of the so-called low-priced cars. So if you're settling for less than a 400 cubic inch V-8 and a big-car 121-inch wheelbase, stop settling. Start Wide-Tracking. The drive is on. See your Pontiac dealer. The recent rains brought on a bumper crop of wild onions in my front yard. There must at least be a dozen bushels. They are free to anyone who wishes to harvest them. Also have a few gigantic weeds that would make nice native pot plants in case anyone is interested.

zona Chapter of the American Red Cross. The award was signed by E. Roland Harriman, chairman of the National Red Cross since 1950, and Gen. James E. Collins (Ret.) the organization's president.

Fifty years after its founding, the Ozona chapter is again reaching out to families of military personnel stationed in Vietnam and around the world. Mr. Zorn pointed out. The drain on chapter resources has been unusually heavy the past year, Mr. Cooper told the group, because of military action by U. S. forces, and this month's fund drive will be one of the most important for the chapter and for the National Red Cross in many years.
