## Kitty's Korner By Kitty Montgomery

I'm really not in the mood to write this column this week. All I want to do is look out the window into the park and wonder if there is any green in all the world as green as our park. I do believe it's lovelier this year than I can ever remember. I can't think of a more fun thing to do than take a pallet and a good book to the park and spend the whole day reading in the cool shade. That, of course, is wishful thinking and I must get on with the chore of filling up this part of the paper with whatever prattle that comes to mind.

About a month ago, a jolly little man from California dropped by to pick up an issue of the paper. He parked his car out front and I noticed a bouquet of flowers attached to the radio aerial. Being curious, I asked him the significance of the bouquet. He laughed and assured me that he and his wife were not members of California's flower children, but that the bouquet had been attached to the aerial in order that he might find his car in a huge parking lot. After a nice chat, he bought his paper and continued on his way.

Imagine my surprise this morning to receive a letter from him praising our town and newspaper. He sent a quarter and asked to have another copy of the paper he bought sent to him in Maryland, a stop on his tour of the U. S. He said he was interested in unusual newspapers. I was very pleased, but all morning I have been wondering whether he meant unusually good or unusually something else. Well guess I'll never know.

I'm not running an employment agency, but I know at least a dozen big strong healthy boys who want a summer job. Most of them have been looking for jobs since before the end of school. They are not particular about the kind of job, and I can assure you they will put everything they have into it. Just give me a call and let me know what kind of job you need a boy for and I will send the one best suited for your line of work.

Looking for summer jobs for kids is a public service on my part. I have a theory that keeping them busy working keeps them from being busy doing something else. No truer words were ever spoken than "An idle mind is the devil's workshop."

John Doll came by the office yesterday and brought an interesting editorial for me to read that he picked up somewhere in Arkansas. The text was for the most part warning the people about dependency on the government. One sentence, especially, struck me and stayed with me. You might like to mull it over too. It said, "When a government gets so big it can give the people everything, it is also big enough to take from the people everything."

After going through many golf tournaments with Tom the past few years, the truth finally dawned on me during the men's partnership tournament at the country club last weekend. If you want to win a golf tournament, you must shoot badly the qualifying day and shoot (Continued on Last Page)

**TIRED BUT SMILING** are H. O. Allen and Eddie Burkett of Big Lake after winning the championship at the annual men's partnership golf tournament held last weekend at the Ozona Country Club. The Big Lake pair had a 54-hole total of 163 strokes.

## Big Lake Pair Capture Title In Ozona Tourny

H. O. Allen and Eddie Burkett of Big Lake won the championship flight last weekend at the annual partnership golf tournament at the Ozona Country Club with a 54-hole total of 163 strokes.

Only one stroke behind the champions were Mike Walling and Pat Gerald of Fort Stockton, who led the field of 64 teams by two strokes after the 18-hole qualifying play Saturday to top the championship flight.

Winning third-place were Arthur and George Kyle, an Ozona father-son duo, who shot a 64 in Saturday's play, tying for second-place in the championship flight with Allie Lock of Ozona and H. Reese of Big Lake, who didn't come in Sunday.

Douglas Moore of Ozona and Tim Lear of Big Lake took fourth-place honors after a three-way play-off. The three teams finished with scores of 168 in tournament play. Others in the playoff included Bill Clegg of Ozona and Jake Broyles of Fort Stockton, defending champions.

Ozonans Dick Webster and Joe Williams won the President flight with a 174. They won the flight on the third hole of a sudden-death play-off with George Johnson and J. W. Nevill of Sonora.

Third place went to Aubrey Edwards and Pete McKinney of Big Lake, who had a total of 177 for both days. Hicks and Devoll of Robert Lee came in fourth with a 179.

Teams in the championship flight and the President flight played eighteen holes Saturday and twenty seven holes Sunday.

Winning first place in the first flight were Pete Jacoby of Ozona and Alton McEver of San Angelo with a score of 142. Second place went to Doyle Morgan and Clayton Hamilton of Sonora with 143. Third place winners were Troy White and Herb Woods of Big Lake, who shot a 145 for the two days. Ozonans Jim Dudley and Clifton Taliaferro were in fourth place with a total of 146.

Topping the second flight were Coaches Rip Sewell and Sam Mosley of Ozona with a 149. In second place were Ed Miller and James Neece of Abilene with a 152. Coy Moses and Woods of San Angelo came in third with a 153 and Sutton Allison and Olin Childs of Fort Stockton (Continued on Last Page)

## Tax Assessment Hike Due As Result Of Million Dollar Drop In County Property Valuations

A net drop in county tax values of an estimated \$1,000,000 for 1969 plus uncertainties regarding the projected teacher raise legislation in Texas, has prompted the Crockett County Commissioners Court, sitting as a board of equalization, to au-

thorize an increase in the ratio of assessment of property from 25 to 30 percent for tax purposes.

County Judge Bernice Jones, who is also ex-officio county school superintendent, advised the Board that the school district will be unable to meet their budget for 1969-1970 due to the decrease in values and probable need of the School Board to offer their faculty a raise comparable to the proposed raises passed by the Texas Legislature.

The 5 percent increase in assessment will apply to all classes of property, mineral, real and personal. As an example of how the raise will be effective, land is valued for tax purposes at \$10 per acre in this county. Under the 25 percent assessment plan, this land is rendered for taxes at \$2.50 per acre. With the ratio set at 30 percent, this figure will increase to \$3 per acre. All other property will be treated similarly.

How much this increase will amount to in actual cost to the taxpayer can not be determined as yet. The authorization will serve as a cushion against present uncertainties. When the final budgets of both the county and schools have been completed, in early July, the (Continued on Last Page)

## Property Damage Extensive In 4 Auto Accidents

Four automobile accidents were reported in the county this week, resulting in several hundred dollars worth of damage, but only one personal injury.

A minor accident at noon last Thursday involved a 1966 Chevrolet driven by Myra Watson of Iraan and a 1961 Chrysler driven by Ross Beardmore of Ozona. Beardmore was pulling out from the curb on Ave. F when Mrs. Watson, traveling north on Ave. F, attempted to turn right onto 9th St. and caught the left front bumper of the Beardmore car. Damage to the Chevrolet was \$50.

Shortly after noon Friday Carlos Lopez, driving a 1966 Pontiac, made a wide turn off 14th St. onto Del Rio St. and hit a parked 1965 Chevrolet, belonging to Hipolito Sanchez. Augustine Martinez, a passenger in the Lopez car, was taken to the hospital where he was treated for cuts and abrasions and released. Estimated damage to the Pontiac was \$400 and to the Chevrolet \$350.

Saturday morning 15 miles east of Ozona in Sutton county, Nicholas Czechalanka was driving a 1966 Chrysler and towing a late model Volga when wind whipped the towed car loose from the Chrysler and caused a total of \$400 damage to both vehicles.

Tuesday afternoon a 1964 Chevrolet, driven by Michael Jenkins, rounded the curve and crashed into the concrete divider at the north end of Ave. J. Jenkins was not injured. Damage to the vehicle was \$200.

Patrolman Orvil Perry, DPS, was the investigating officer in all four mishaps.

## Ranchers Off To Winning Start In 2nd Half LL Play

Flying W Ranchers, champions of the first half of Little League play, kept up their winning ways in the first game of the second half of play Monday night by downing Moore Oil 11-9. Ozona Oil defeated B & B Grocers by a count of 12-7 in the second game.

Leading the Ranchers attack in the first game was Mike Mosley. Gene Castro, Ronnie Schneider, C. Huffman and R. Chamness had two hits each for the Ranchers. Having two hits each for the Oilers were Donald Higginbottom, Ronald Shaw and Henry Fay. Eric Fitzhugh was the winning pitcher and Hector DeHoyos the loser.

The outstanding player in the second game was Rod Allee, a member of the losing Grocers. He had three hits, including a home run. Jimmy Tambunga, Pete Martinez and Doak Field had two hits each for the Oilers. Ronald Cervantez was the winning pitcher and Harvey Vargas the loser.

## Lutherans Plan Vacation Bible School Next Wk.

Faith Lutheran Church, located next to the Civic Center, will be the location for a community wide Vacation Bible School, June 16th thru June 20th from 9-11:30 a. m., the pastor, Rev. Stuart Firnhaber announced.

The theme for the school this year is "Living God's Way." Each morning's activities will include instruction in Bible, music, and handicrafts. Refreshments will be served to the children each day.

Children from ages 3-14 are invited to attend. There will be the Nursery Class for children ages 3-4 taught by Charles Huffman; the Kindergarten dept. for children entering kindergarten or grade 1, and taught by Mrs. Larry Graves; the primary dept. for children entering grades 2 or 3 and taught by Mrs. Daniel Perry; the Junior dept. for children entering grades 4, 5, or 6 taught by Mrs. Stuart Firnhaber; the Junior High Dept. taught by the Rev. Stuart Firnhaber. Others assisting with the school are Donald Olson — handicrafts; Mrs. Warren Mitchell — refreshments; and transportation Mrs. Loraine Hyde.

Parents of the community may enroll their children by calling 392-2017. Rev. Firnhaber announced.

## Crockett 4H Teams Make Good Showing In State Contests

Five 4-H Club members made a good showing in state contests at Texas A&M last week. Mary Frances Martinez won a blue ribbon award as she scored in the top group with a demonstration on Food and Nutrition Educational Activity.

The 4-H grass judging team won second place in the state contest. Eugene Vinson was third high individual in the contest. Other team members were Alton Everett, Don Edgerton and Cyndie Whitehead.

Accompanying the 4-H members to A&M were Mr. and Mrs. Tom Everett, Mrs. Ruben Whitehead and County Agent Pete Jacoby.

## Mrs. Coker Named Administrator Of Crockett Hospital

In a called meeting of the Hospital Board Tuesday night, Mrs. Randle Coker was appointed hospital administrator. She will replace Lee Rheubottom, who resigned several weeks ago.

Mrs. Coker, a registered nurse, will assume her duties as administrator June 16. Her husband, Dr. Randle Coker, is a practicing physician here.

## Oilfield Thefts Snowballing In West Texas Area

Theft of office equipment and tools at the Frio-Tex plant sixteen miles southwest of Ozona on the Panhandle road amounted to a loss of several thousand dollars Sunday night.

The thief or thieves broke a lock on the office door to gain entry. Missing were an office calculator valued at \$750, an adding machine with a value of \$99.50, a portable typewriter valued at \$65, and an assortment of tools valued at around \$500.

Serial numbers of the various machines were not available, dimming the prospects of locating any of the missing machines, according to Sheriff Billy Mills.

Theft on oilfield locations has snowballed in West Texas and eastern New Mexico recently and Crockett county locations have had a fair share of loss, amounting to thousand of dollars in almost every case.

Since the middle of May six thefts on locations have been reported to the sheriff, including the Sunday night burglary of the Frio-Tex plant office.

May 18 two thefts of almost identical equipment were reported. The Frio-Tex plant lost an air compressor, 3 1/2 hp. motor, paint gun and hose. Lilly Welding Co. on the Shell-Chambers lease lost the same equipment, said to be valued at around \$1,500 in both cases.

Delta Drilling Co. located on the Hoover Divide road had a trailer house robbed the night of May 22. Everything was taken including a cook stove, silverware, electric blankets and other items (Continued on Last Page)

## Ozona Girls Win Places In Upton Co. Horse Show

Four Ozona girls brought home honors in the Upton County 4-H Horse Show held Saturday in Rankin. Contestants numbered 92.

Lou Cox, daughter of Mr. and Mrs. Bud Cox, won third in the Barrel race and fifth in reining.

Janice Janes, daughter of Mr. and Mrs. Lawrence Janes, won a fifth in registered mare at halter and a fifth in aged mare at halter. Bridget Dunlap, daughter of Mr. and Mrs. Basil Dunlap, won a fifth at halter with her gelding.

Shelly Jones, daughter of Mr. and Mrs. Dempster Jones, with her horse, Chancacitta, was runner up in overall points. She won sixth in reining, fifth in barrel race, tied for second in the stake race and tied for fourth in pole bending.

**REPAIRING THE DAMAGE** goes on and on at North Elementary School, where two young boys broke a total of 149 window panes during the recent Memorial Day holiday. Replacement of the broken glass will cost between \$750 and \$1,000. The culprits have not yet been apprehended.

**A MILITARY DOUBLE STANDARD**

Senator Henry M. Jackson, of Washington, writing in the June, 1969, issue of Reader's Digest makes some interesting observations on our relations with the Soviet Union.

The article details some of the myths involved in our relations with the Kremlin, but the most interesting of all is the arms race. Sen. Jackson, by virtue of membership on the key Armed Services Committee, is well versed in the deployment of both our own military forces and those of Russia.

He makes the point that the more vocal opponents of the Nixon proposal for an ABM Safeguard system are operating under a double standard. The Sen. writes: "I have never heard one of these critics say that in deploying its ABM system some years ago the Soviets were 'escalating the arms race.' There is a clear double standard here, and I am confident that the American people, once they have the facts, will recognize it as a standard that is crudely biased against our own country."

The senator offers in evidence the following:

"The Soviet Union acted first to develop ICBMs.

"The Soviet Union has developed and tested a 60-megaton bomb; it is the only nation to possess a terror weapon of anything like that size.

"The Soviet Union is the only nation to have built and installed ICBMs of the SS-9 size and to be testing multiple warheads on it.

"The Soviet Union has developed and tested a Fractional Orbital Bombardment System (FOBS), a first-strike-oriented weapon; it is the only nation to have available such an orbital weapon.

"The Soviet Union — in 1962 — test fired an anti-ballistic missile (ABM) against an incoming nuclear-armed missile; it is the only nation to have conducted such a test.

"The Soviet Union acted first to deploy ABMs, is installing more than 60 ABM launchers, and is testing an improved model — whereas the United States has not yet deployed ABMs of any kind."

Sen. Jackson is a Democrat who places his nation's security above partisanship. His arguments appear to be substantial. It might serve the cause of national defense if all of the critics of the Safeguard ABM system and the constant apologists for the Soviet Union would take the few minutes necessary to read the senator's remarks. They might well learn something.

**CONGLOMERATE LABOR UNIONS**

The monopolistic labor unions are branching out. They have announced grandiose plans that call for real estate developing, political pressure group forming and strike bank rolling.

This makes them more of a conglomerate than many of the so-called business conglomerates being looked into currently by several committees of Congress. Yet, no one has announced a major look-see at union practices. There has been more footdragging in the unions in the fields of social action and anti-inflationary practices than in all businesses combined.

How about an enlightened investigation into the power structures and economic practices of some of our major union organizations?

Their arrogance, particularly exemplified by their recent boozing and jeering at a speech given by George Romney, the Secretary of Housing and Urban Development, indicates their feeling of immunity from any sort of Congressional action.

**Youth Activities Program Under Way**

Youth activities got underway at the Civic Center last week with high school students gathering Friday night and junior high students Saturday night.

Scheduled throughout the summer, various activities will be planned for both nights. A pool table is available, along with juke box and several games.

Chaperones are needed for both nights through the summer. Those wishing to participate may call Mrs. James Dockery, chairman of youth activities.

**Ozona Impresses Indiana Couple; Motel Is Praised**

Ozona and its facilities often impress the visitor, but the management of the Silver Spur Motel was particularly gratified on receiving a letter from a guest from Winchester, Indiana, who wrote on his return home to compliment the Motel and the town of Ozona.

"We have stayed in countless motels and hotels the country over through the years, read a letter signed by Mr. and Mrs. Home J. Waltz of Winchester. "There are some we recall for various reasons, many we have forgotten. But we will never forget the delightful loveliness and beauty and hospitality of the Silver Spur."

"All of Ozona impressed us as few towns and fewer cities have. There is an indefinable something in the atmosphere that bids 'welcome' to the tired and travel-worn."

"This note is tardy but I make no apology for that because you have often been the topic of our pleasant remembrings. We tell fellow travelers 'If you're ever in Ozona, Texas, there's a motel you must stay in.'"

"Best wishes for your success." Mr. and Mrs. Sherman Taylor, owners of the motel, passed the compliment to their long-time employee,

Lupe Fierro, who has been managing the business while Mr. Taylor has been recuperating the past three weeks from surgery in a San Angelo hospital. Mr. and Mrs. Taylor returned here the first of the week.

**LADIES GOLF & BRIDGE**

1½ cups sugar  
2 tbs. flour  
1 stick margarine  
3 eggs, well beaten  
½ cup buttermilk  
1 teas. vanilla  
1 cup coconut  
Mix ingredients well and pour into a 9-inch unbaked pie shell. Bake one hour in 325 to 350 degree oven.

##### Lemon Pound Cake

2½ cups sugar  
2 sticks margarine or butter  
2 eggs  
1 cup milk  
3 cups flour (sifted once)  
1 teas. baking powder  
2½ tbs. lemon extract  
Cream sugar and margarine together, adding eggs one at a time and beating well after each addition. Mix baking powder with flour and alternate adding flour and milk, beating all the while. Add extract. Bake in tube pan 1 hour and 20 minutes at 325. Make a glaze of powdered sugar and lemon juice and pour over cake while still warm.

Two yummy recipes I picked up from Willie V. Baggett last week. I couldn't resist trying them both over the weekend with wonderful results and raves from my family.

Miss Virginia Blount  
... Ozona teachers to Wed in July

**Virginia Blount  
Ted Cotton To Wed  
In July Ceremony**

Mr. and Mrs. W. E. Blount of Odessa announce the engagement and approaching marriage of their daughter, Virginia Ruth, to Teddy (Ted) Wayne Cotton, son of Mr. and Mrs. D. L. Cotton of Paris, Texas. Miss Blount is the granddaughter of Mr. and Mrs. W. T. Blount, also of Odessa.

The semiformal wedding will take place July 3 in the DeShong Chapel on the campus of Paris Junior College with the Rev. Paul Campbell of Immanuel Baptist Church officiating.

Miss Blount, a 1964 graduate of Odessa High School and a 1967 graduate of Sul Ross State College, is presently teaching second grade in the Ozona Public School System. She has done graduate work toward her Master's Degree at Sul Ross, majoring in Elementary Education.

The prospective bridegroom is a 1961 graduate of Paris High School and a 1965 graduate of East Texas State University. He will receive his Master's Degree from E. T. S. U. in Educational Administration and Social Sciences this summer, and is currently teaching junior high English and Mathematics in the Ozona School System.

**Washington  
News Letter**

**Congressman O. C. Fisher**

Adam Powell, who is little more than two years ago was deined a seat in Congress after a committee found he had misapplied \$40,000 of federal money which had been entrusted to him as chairman of a committee, was in his glory at the Washington National Cathedral last week where his son, Adam III, was married to a descendent of Miles Standish, a Miss Beryl Slocum. The match had the blessing of the bride's wealthy parents, the John Slocum.

The papers reported that the elder Adam stole the show, surrounded by Drew Pearson, diplomats and tittering socialists. One guest, according to a reporter, was Mrs. Hugh D. Auchincloss, who waited patiently for her chance to "pluck at Adam's robed sleeve and tell him she was the mother of the former Jacqueline Kennedy."

An observer suggested that maybe the Slocums, apparently proud of their new family connections, might just fork over the remain-

ing amount the Harlem Congressman owes the American taxpayers.

This wedding served to focus attention on the trend toward amalgamation of the races, which some geneticists insist tends to downgrade the quality of the offspring.

It will be recalled that only a year ago a daughter of then Secretary of State Dean Rusk, amid raised eyebrows, married a Negro.

Another example of the trend was disclosed last summer when a Washington Post columnist reported that Kathy Harris, daughter of a U. S. Senator from Oklahoma who is also Chairman of the Democratic National Committee, admitted she dated Negro boys, "and would marry one if she really loved him."

And so it goes. It's a matter of taste, there is conso-

lation in the fact these are undoubtedly isolated instances. Pride of race should prevent many recurrences of this unfortunate trend.

What do you  
think of...  
when you  
see a Church?

To almost everyone, the sight of a slender steeple raised to the sky evokes certain emotions—awe, perhaps, nostalgia, maybe—the sense that by not going to church lately, you've been missing something!

Next time you see a church, take a good look . . . and let yourself really feel what you see. If that makes you decide not only to look at the outside but also to go inside, that will be all to the good. For no matter how lovely a home you may live in, it can't compare with God's House. If you open the door, you'll find that, no matter how long you've been away, the welcome is warmer and more wonderful than you'll find anywhere else.

## Miss Martin, Mr. Seahorn Wed In Candlelit Rites In Nixon Church

Miss Jillian Gladine Martin and William Ponder Seahorn, III, were united in marriage in an impressive candlelit ceremony in the First United Methodist Church in Nixon Saturday evening, May 31, at 8 o'clock. Rev. Glenn K. Polan of Houston officiated at the double-ring ceremony.

Parents of the couple are Mr. and Mrs. James Terrell Martin, Jr., of Nixon and Mr. and Mrs. William Ponder Seahorn, Jr. of Ozona.

The chancel and altar of the church were decorated with magnolia blossoms and leaves, highlighted with white tapers. White tapers nestled in greenery graced the window sills.

The bride, give in marriage by her father, was lovely in a floor length original gown of white silk organza and lace. Re-embroidered Alencon lace, delicately touched with seed pearls, fashioned the high neckline empire bodice, which was styled with long fluted sleeves. The skirt flared into a gentle A-line with multifold gracefully sweeping the back into a full court train. An exquisite mantilla of matching lace framed her face and drifted past the train.

She carried a cascade bouquet of white orchids, miniature daisies, stephanotis, lily-of-the-valley and smilax. Her only jewelry was a gold chain necklace that belonged to her great grandmother.

Matron of honor was Mrs. Howard Smith of San Antonio. Bridesmaids were Mrs. Richard Faulkner, Mrs. Ben Colwell, Miss Janie Montgomery and Miss Donna Davis, all of Nixon, and Miss Rebecca Seahorn, sister of the bridegroom, of Ozona.

Attendants wore formal length gowns of daisy print Cuprashan, featuring white flowers with yellow centers

on a green background. Cut low in the back, the empire lines featured a ruffled neckline. They wore self bows for headdresses and carried a single long-stemmed yellow glamelia with green streamers.

Serving as best man was John David Stokes of Ozona. Groomsmen were Scott Rogers of Dallas, Mike Walters of San Antonio, Leroy Cooper of Irving, Bud Strong of Iradell and Jack Applewhite of Ozona.

Following a brief wedding trip, Mr. and Mrs. Seahorn are at home in San Marcos, where both are students at Southwest Texas State University.

A reception followed the wedding at the home of the bride's parents. The bride's table was laid with a white satin and net cloth and centered with silver candelabra and an arrangement of white roses, daisies, and lily-of-the-valley entwined with smilax.

Over 200 guests attended the ceremony and reception.

The bridegroom's parents were hosts for the rehearsal dinner the Friday night prior to the wedding at Lake Breeze Ski Lodge in McQueeney.

Executive V. P. Southern States Industrial Council

#### The New Opportunists

While the Nixon administration is trying to bring order out of the chaos created by the New Frontier and the Great Society, political elements that formed and supported those mistaken schemes to restructure the United States are laying plans for regaining power in 1972.

New Frontiersmen and Great Society advocates have a built-in advantage that should not be overlooked. During the time they were in power, they managed to pack the federal service with adherents and give them Civil Service status. Thus the Nixon administration is severely handicapped in introducing reforms or

changing policy. Middle-echelon "liberal" elements still control many of the levers of power in Washington and in regional government offices.

Unfortunately, the New Frontiersmen and Great Society types have allies in the ranks of the opportunists, some of them in Southern states that long have been a bulwark of conservatism and good government. Some office-holders apparently have concluded that mass enrollment of new voters in their states has decisively changed the character of the electorate and the balance of political power. They are beginning to trim their sails accordingly.

In plain language, the op-

portunists believe that the influence of the conservative white collar and blue collar citizen is on the decline, and that the real political strength in the future lies with herded masses of voters, many of whom are getting organized in welfare and public employee unions.

It is tremendously important, therefore, that responsible voters keep a close eye on those officeholders. The politicians' response to the overblown non-issue of the day, hunger, bears close scrutiny. If formerly conservative Congressmen start making noises about "hunger", if they begin to urge their fellow-countrymen to take part in an orgy of emotionalism on this issue, then it is safe to say that these politicians are on a new and dangerous tack.

Politicians who cater to the extremists of the welfare unions can't be for responsible government, and don't deserve support of thoughtful, middle-of-the-road voters.

Now, more than ever, the country needs level-headed leadership. The lack of progress by some elements in the country is indeed a serious problem, but this lack of progress has to be considered in strictly realistic terms. Where there are pockets of poverty, they have to be dealt with realistically, not emotionally. More and bigger federal handouts aren't the answer. Free food stamps won't uplift backward people.

If backward people are to be effectively aided, if they are to be brought up to the point where they help support the country instead of being supported by it, they must acquire social discipline. They must be tutored to the point where they don't insist upon instant gratification of their appetites. Giving them more mo-

ney isn't a substitute for the discipline they need.

Political opportunists aren't thinking about the real needs of the poor or of society in general. They simply want to find a new formula for getting elected, for winning the support of the "gimme" elements in the electorate. They intend to ride the "hunger" horse into office. Indeed opportunists can be expected to develop a series of related issues between now and the 1972 presidential election.

Opportunists undoubtedly see Senator Edward Kennedy (D-Mass) as the leader of the new movement growing out of a combination of campus militants and welfare unionists in the cities. Senator Kennedy's recent speech favoring recognition of Red China, his link with defense abolitionists in opposing the anti-ballistic missile, and his continuing emphasis on cat-

ering to welfare elements— together give an accurate picture of his intentions. It could be politically advantageous to Senator Kennedy to have a "liberal" running mate from the South, an officeholder who has taken to lecturing his own people for alleged neglect. It will be interesting to see whether opportunists in this region will try to fit themselves to a Kennedy design.

## The Ozona Stockman

# Why Plymouth?

(Instead of a Chevy.)

Plymouth Fury III has front torsion-bar suspension for better handling. Chevy Impala still has coil springs that bounce up and down.

Fury III has 195.1 sq. in. brake lining area. Impala has only 184.3 sq. ins.

Fury III has a single-unit welded body for strength. Impala construction still bolts body to a frame.

To fight rust, Fury III is prepared by a 7-step dip-and-spray treatment. Impala preparation is only by spray.

Fury III wheelbase is a longer 120 ins. for smooth ride. Impala's wheelbase is 119 ins.

Interior room of Fury II is greater than Impala, greater than any car in its class.

Fury III's door opening is 27 1/2 ins. for easy entry. Impala opens to only a 24 1/4 in. entrance.

Fury III gives you 3 cu. ft. more trunk room than Impala.

Fury III's instrument panel is fully floodlit. Impala lighting still comes from behind the instruments.

Ammeter and temperature indicators in Fury III are precision gauges. Impala indicators are lights that come on when trouble occurs.

Fury III has a three-spoke padded steering wheel with horn ring. Impala's is not padded and has only two spokes and horn buttons.

Electric clock? Standard in Fury III. Extra-cost option in Impala.

Add it up, and you see why over 3/4 million owners of competitive cars have been won over to Plymouth in the past two years.

Plus, right now, we're putting the big stuff on special Furies (vinyl roof, automatic transmission, radio, power brakes and steering, 8.25 x 15 whitewalls, and deluxe wheel covers) and reducing the price. Why Plymouth? Is there any better way to get a great car and save money in the bargain? See us now.

## Strike In West Crockett Gauged Location Spotted

Crockett County gained a discovery and location for a confirmation in another area.

David Fasken, Midland, No. 1-18 University, San Andres oil discovery, 18 miles northeast of Sheffield and 2½ miles north of the Lancaster Hill (multipay Strawn gas) field, was finalized for a daily pumping potential of 14 barrels of 31 gravity oil, no water.

Production was through perforations at 2,002-060 feet, which had been acidized with 500 gallons and fractured with 20,000 gallons and 25,000 pounds of sand.

A deep failure, it was drilled to 8,060 feet. Operator set 4½-inch casing at 2,382 feet and plugged back to 2,349 feet.

It tipped the Yates at 982 feet; Seven Rivers, 1,115 feet; and San Andres at 2,000 feet on elevation of 2,441 feet.

Location is 860 feet from the south and 2,300 feet from the east lines of 18-20-University.

The field formerly produced gas from the Devonian and oil from the San Andres and Clearfork.

James L. Lamb, Jr., Midland, will drill the No. 1-61 Half-Bivens as a ¾-mile south stepout to Soma and oil production in the Crockett portion of the Millard, North multipay field, seven miles south of Iraan.

Location is 1,120 feet from the north and 60 feet from the west (Pecos River) lines of 61-1-I&GN. Contract dept is 1,100 feet with cable tools. The Pecos portion of the field has two wells; and Crockett two.

The field was opened to Queen production and has five marginal wells in that pay.

## Users Of Water From Streams Must File For Permit

The Texas Water Rights Commission announced today that final notice of the recording deadline under the Water Rights Adjudication Act of 1967 has been given. Everyone who is using water from a public stream who does not claim under a certified filing or a permit from the State must record his claim by September 1, 1969. Users of water for domestic and livestock watering purposes are exempt from this requirement.

Failure to timely record the claim will "extinguish and bar" the claim of water right according to Section 4 of the Adjudication Act. All affected water users who have not already filed their claim are urged by the Commission to do so as soon as possible.

Valid claims will be recognized to the extent of maximum use of water without waste during any year between 1963 and 1967. Where the user was in the process of constructing a system or had facilities to use a larger amount of water on the effective date of the Act than he had actually used, use from 1968 to 1970 may be recognized.

Further information and forms for recording claims under the Water Rights Adjudication Act may be obtained from the Texas Water Rights Commission, P. O. Box 12396, Capitol Station Austin, Texas 78711.

**WASHINGTON AND Small Business**  
BY C. WILSON HARDER  
The Fastest Growing Payroll

There is much said about inflation these days. In fact, a lot of it is said by government officials. If steel raises prices due to a new labor contract forced onto it by government policies, this is considered an inflationary move. If the auto makers, in complying with a lot of Federal edicts on how cars should be built, raises prices, there is more of the same.

But largely overlooked is the fact that the biggest force for inflation is government itself.

Obviously, when private industry hires someone, it is for the ostensible purpose of creating more wealth. But when government hires someone, it amounts to removing from production, and in fact, gives someone money for non-productive efforts, but still money that is spent in the pursuit of goods and services.

The recent report of the Joint Congressional Committee on Reduction of Non-Essential Federal Expenditures shows how badly the government has fanned the flame of inflation.

# RANCH RECORDS

Are More Important Today Than Ever

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations.

### Easy To Keep - Complete Record - In 1 Volume

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

well the following day. Tom and Ray Boyd had a 74 to get in the top of the first flight Saturday and shot a 74 Sunday to come in at the bottom of the flight. Consistent shooting doesn't win tournaments.

I told Tom what I had come up with and to my dismay he told me that lots of golfers had always had that idea, they call them trophy hunters. And, of all things, I thought I had come up with a new idea for winning tournaments.

tems, amounting to a several hundred dollar loss.

Two large thefts were reported the night of June 6. Both were thefts of equipment from the Shell-Chambers lease and the E. G. Hall Co. lease at Farmer's field in the north part of the county.

Area officers are making an effort to locate the handler or handlers of the stolen goods.

**Tax Hike --**

(Continued from Page One)

Commissioners Court will be in position to adjust the tax rates in accordance with needs. Presently the county levies a maximum rate of \$1.25 and the schools a maximum of \$1.50 for local maintenance. These rates can not be raised but can be lowered if valuations and budgets permit.

The estimated drop in valuations of \$1 million is due to depletion in oil and gas production in the county this year over last year. Judge Jones has been advised

by the county's minerals engineering firm of Pritchard & Abbott, who determine oil values through records at the Railroad Commission in Austin, that a drop of an estimated two million dollars can be expected in the county's mineral valuations. This comes about, they say, from depleted production in excess of new development.

An offset rise in personal and real values of an estimated one million dollars leaves the one million drop. The increase is due to new installations in the county, principally the new West Texas Utilities Co. generating plant in northwest Crockett county. Only a small addition has been made to values from the new pipeline crossing the south part of the county due to the fact that only a small amount of material was on the ground January 1 when values are eriective.

placed fourth with a 154.

Portable television sets were presented to both members of winning teams in each flight. Second and third place winners received luggage and fourth place winners telescope putter sets.

Sixty-four teams participated in the tournament. Teams in the championship flight and Presidents flight played 27 holes Sunday and contestants in the first and second flight played 18 holes.

A large crowd was on hand Saturday night when a barbecue dinner was served in the club house. Entertainment was furnished by Betty Teague, piano player-singer, of San Angelo.

**JUNE**

**Born June 1-10th: (Gemini)** This is the month when things can go right for you in friendships and love. Reap the rewards. You can if you try! (You can reap the FREE WIRING\* reward when you buy an electric range, 1-Ton or larger refrigerated room air conditioner or water heater from a local dealer!)

**Born June 11-21st: (Gemini)** Better slow down this month — excitement will see you out, and it could be too hot to handle unless you're calm. (Use electric refrigerated air-conditioning to handle "too hot" June weather!)

**Born June 22-July 1st: (Cancer)** This month's efforts will bring you no rewards this month — but work away — you profit for years to come from projects begun now.

FOR ALL SIGNS  
Total-electric living will make yours a carefree future!
