Kitty's Korner

By Kitty Montgomery

When you take Christ out of Christmas what have you got? Simply a pagan rite with Santa Claus as God and the sacrifice of your financial security for the next few months on the altar of pageantry. This is precisely what Americans have done to Christmas.

No wonder more people go to psychiatrists during the season than at any other time of the year and it is also a fact that there are more suicides at this season of the year.

Christmas has become so commercialized that each year we try to outdo our efforts of the previous year and finally become so uptight we go into orbit.

Haven't you seen so many mothers running around frantic about Christmas gifts for their children that it's almost comical. Comical that is if it weren't so pathetic. There is something very sad about children who already have everything in the world that they want. They never really know the excitement of anticipation, the suspense and thrill of looking forward to the big day, and the saddest part of all, they are completely unable to identify with the children of the world who have nothing and will be fortunate to have a good meal on Christmas Day.

People have come to dwell so much on the financial aspects of Christmas that they begin saving two months before Christmas for next year's Christmas through Christmas Clubs of various organizations. That, or else, they spend so much that they are until the next Christmas getting themselves out of debt.

As a nation, we do not dwell on the real meaning of Christmas. Indeed, we hardly give it a thought, except perhaps when we see a Nativity scene or attend a religious service.

I am not saying that people should not enjoy the gaiety of the Christmas season, nor am I condemning the exchange of gifts with loved ones and friends, and the warmth of holiday gatherings.

What really appalls me is this frantic rush to turn ourselves inside out and the terrific pressure that begins building and continues until the holiday season is at an end.

I am not a particularly religious person, but I would like to suggest that as families we all gather and read the Christmas story from St. Luke. After all, that's what it's all about. And, too, it may save your sanity.

I am so sorry the basketball tournament has been moved up a month. It's always been the highlight of an otherwise bleak January and Heaven knows there is plenty to do in December.

We have fewer teams this year than we have had in many years and we won't be having many teams staying overnight.

It has always been fun to keep boys from another town in our home. That way we had two teams to yell for, the Lions and the team of our guests.

Another reason is the fact that the Lions haven't had enough practice to really jell yet and I had counted on their winning the tournament this year. For purely selfish reasons, of course. However, they may come on and win it.

At Lakeview Saturday night, they looked like anything but a basketball team the first quarter, yet, they came on strong in the final quarters and won the game, so maybe they don't need as much practice as one might think. They will have plenty of support from fans, so that should help.

Let's support the Lions in their games each day and attend all the sessions we are able. The boys and the coaches deserve a successful tournament.

OZONA TOURNEY BOOTLE--Basketball Coach Charlie Spieker and Assistant Coach Jim Williams, directors of the 40th Annual Ozona Basketball Tournament, opening this afternoon, display the many beautiful trophies to be awarded teams and individuals for superior performance in tournament play. The tournament opens Thursday afternoon and winds up with consolation and championship finals Saturday night.

Boys Are Third —

Ozona Girl Cagers Win Lakeview Crown

Both the Lionettes and the Lions brought home trophies from the Lakeview basketball tournament over the weekend.

The girls collected the championship trophy and the boys picked up a win over the Lakeview Chiefs for the third-place trophy.

The Lionettes, starting Jan North, Mary Jo Hyde and Christy Davidson at the forward positions and Suzy Tankersley, Cyndie Whitehead and Teresa Albertson at guards, won over the Coahoma JV to go the win route Thursday afternoon. The score was 38-25.

They beat the Mason girls

Friday 32-44 and in the championship game Saturday night against Coahoma, they prevailed 27-23, hitting 70% of their free throws. Coach Walter Spiller felt that the free throw percentage almost won the tournament for the Lionettes. Fifty percent was the least the girls hit.

Mary Jo Hyde was named most valuable player in the girls' division and Teresa Albertson was named to the all-tournament team.

Other Lionettes seeing action were substitute forwards, Stacy Dockery, Kay McMullan and Mary Jo Hayes, and sub

CHAMPION LIONS TO BE HONORED AT BANQUET 18th

The Ozona Lions Club will sponsor a banquet honoring the members of the 1970 bi-district champion Lion football team, December 18, at the Ozona Intermediate School auditorium, at 6:30 p.m.

Tickets will be sold by members of the club and Bill Pagan is in charge of ticket sales. Price of tickets is \$2.50. Tickets may also be purchased at the door.

An outstanding speaker is being sought for the banquet.

guards, Dana Collett, Nellie Sanchez and Denise Deaton.

Coach Spiller had high praise for his guards and said they did a tremendous job of holding down the scoring of the opponents, along with forward Mary Jo Hyde, who hit 72 of the Lionettes 92 points scored during the tournament.

The girls will be at the McCamey girls tournament this weekend and are scheduled to play Rankin today at 3:30 p.m.

Coach Charles Spieker's Lions had their problems during the tournament and went into first round play with only two practice sessions and one game to their credit. They managed a win over the Lakeview JV Thursday in first round play, but dropped a 42-49 decision to Coahoma Saturday morning. Four senior ball players were taking college board exams Saturday morning and the Lions were playing with only seven men. The situation was crucial when Will Collett and Mickey McBroom got in foul trouble.

Collett placed on the all-tournament team. David Pagan, the Lions' ace basketball star, was out of commission with a football injury and unable to play in any of the games. Donald Olson, David Williams and Jim Montgomery missed the second game, but were on hand for the Lakeview tilt Saturday night.

Mickey McBroom scored 10 points for the Lions in the Coahoma game, the only Lion in double figures. In the third (continued on last page)

Missions Revival Services Slated At First Baptist

Plans for a five-day Missions Revival at the First Baptist Church, starting Wednesday of next week, Dec. 16, were announced this week by the pastor, Rev. Keith Bailey. The series of services will continue through Sunday night.

Four different speakers will lead the nightly services, Rev. Bailey announced. Services will begin each evening at 7:30 o'clock. Theme of the series will be "My Mission" built around the annual Lottie Moon Christmas offering for foreign missions.

Wednesday evening's speaker will be Rev. Bob Eklund, pastor of University Park Baptist Church in San Angelo. Thursday night's speaker will be Rev. G. A. McGee, pastor of First Baptist Church in Eunice, N.M. Rev. Max Brown, pastor of First Baptist Church in Uvalde, former pastor of the Ozona Church will speak Friday night.

Speaking at both the Saturday and Sunday night services will be Dr. T. A. Patterson of Dallas, Executive Secretary of the Texas State Baptist Convention.

The sermon series will be celebrated with a covered dish dinner Sunday at the Civic Center. Everyone is cordially invited to attend any or all the series of services and the covered dish dinner.

40th Annual Basketball Tourney Opens With 11 Teams Competing

Ozona's 40th Annual Basketball Tournament gets underway today with only eleven teams in contention for the various trophies.

Defending champions, the Big Lake Owls, will be back to try to make it eight years in a row. They have won the Ozona tournament the past seven years, barely squeaking by the Ozona crew last year.

The Lions are a little behind this year and will probably not be favored to win

their own tournament. All the teams entered have two weeks more practice than the Lions, who were still on the football field a little over a week ago. However, with all the starters back from last year the Lions will be expected to make a strong bid for the district title.

Other teams entered include Mertzon, San Angelo JV, Wall, Brady, Mason, Comstock, Eldorado, Iraan, Rankin and Big Lake.

The Tournament gets underway this afternoon at 2:30 with San Angelo JV and Wall playing the first game. Mason will be pitted against Comstock in the second game at 4 o'clock. Ozona will take on Rankin at 6:30 and the first day's play will end at 8 o'clock with Eldorado versus Iraan. Brady drew a bye in the first day of play and Big Lake and Mertzon will play their first game Friday at 6:30.

There will be no morning games Friday. Two games are scheduled for Friday afternoon, beginning at 2:30 and two are scheduled for Friday night. Following the Big Lake-Mertzon game, the winner of the Ozona-Rankin game will play the winner of the Eldorado-Iraan game in the final tilt Friday night.

A full schedule is on tap for Saturday. Play for the consolation trophy will commence at 2:30, followed by the play-off for third place at 7 o'clock and the championship game at 8:30.

Charles Spieker, Lion coach, and Jim Williams, assistant Lion coach, will serve as tournament directors.

The tournament is being held a month early this year, so there will be two 1970 tournaments on record. There were no changes in the existing records during the tournament in January of 1970.

Bobby Cottle of Rocksprings still holds the records for most points in a game, 101, and most field goals in a game, 23 respectively. The records were set in 1967.

David Gentry of Mertzon still owns the record, set in 1969, for the most free throws with 14, and George Johnson of Sonora still holds the record for the highest total individual score with 126, set in 1957.

Making Final Plans For New Jail

Members of the Commissioners Court met with Architect Jack McDermitt Monday afternoon to go over final plans for the Crockett county jail addition, authorized by voters of the county in a recent election.

A few minor changes in specifications were made by the court and the plans were shaped up in readiness for compiling specifications for the construction. As soon as such plans are completed, the court will ask for bids for construction of the addition.

Voters approved a \$150,000 bond issue to modernize the county's ancient jail and provide facilities for caring for female and juvenile prisoners and for more secure lockup for all types of prisoners.

Students Shift From Sports to Patriotic Slogans When War Broke Out On Dec 7, 1941

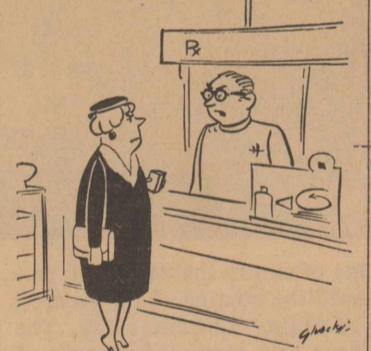

As America observed and remembered the day of infamy, Dec. 7, 1941, the edition of the Stockman following that date contained an article which demonstrated the patriotism of the youth of that bygone period.

The article follows in part: "Monday morning of this week high school students were assembled in the auditorium to hear the President of the United States deliver his historic message to the nation's

Congress asking for a declaration of war against Japan. "A new foe was at hand. As confident of victory as in the previous nine football campaigns, the students plunged with alacrity into the new fight, and the victory slogans spurted forth spontaneously on every blackboard in the school building. Where the inscriptions had been 'Beat Sonora,' 'Down with Bronte,' and the like, Monday morning's legends read, 'We won the district, now lets Beat Japan!' Others read 'God Bless America!' 'Yea, Lions, Yea, U. S. A.!' 'Beat Japan, Let's Go to Town,' 'Fight Those Japs! We're 100% for USA,' and 'Yea Lions, Let's Beat Japan!'

"Young America speaks! And could the 'Son of Heaven' and his unholy war lords but hear, they would tremble in their seats at what is a store for them. For so speaks all America."

SENSING the NEWS

By Anthony Harrigan

EXECUTIVE VICE PRESIDENT

Southern States Industrial Council

A STORM OF SMUT

New York, N. Y. -- Here in the nation's largest city to address the emergency leadership conference sponsored by the Center of American Living Inc., I had the privilege of sharing the platform with the Rev. Morton A. Hill, S. I., a battler for decency who deserves the thanks of all respectable citizens.

Father Hill is one of the three members of the presidential Commission on Obscenity and Pornography who dissented from the majority findings. The views of Father Hill and his two colleagues, who filed a minority report, should be widely known.

In order to help achieve this important goal, I am devoting this column to excerpts from Father Hill's speech. The following are among his most telling comments to the leadership conference organized by Lady Natalie Douglas-Hamilton, who heads the Center of American Living:

"There's a wild storm of smut buffeting our country today. It's drowning out good media; it's choking our culture; it's corrupting our morals. The purveyors of filth are more brazen than ever. Smut peddlers, confident that highly paid legal counsel will see them through anything, are transporting their trash across state lines, are importing it, are sending it through the mails. Commercial films are projecting the anti-hero image to our young people. He's an unloving non-achiever, non-creator; a violent, oversexed or perverted drug user. Underground newspapers -- there are some 200 of them in the country -- are serving up a potpourri of sex, drugs and rebellion.

"And then a presidential Commission on Obscenity and Pornography, after two years and \$2 million of your tax money, comes up and says in effect: 'Leave it there. It's all revved up. Let it take off. Let's repeal all obscenity laws...' This is what's known as the Danish solution and it is what 12 Americans on the Commission voted for.

"Although the President rejected the majority report and

the Senate rejected and censured it, we have not seen the last of the publicity it will get. It is possible that the big brain-wash has not even begun.

"The Commission did not do its job. It was mandated by Congress to make recommendations that would effectively and constitutionally regulate the traffic in obscenity and pornography. Obviously, the Commission did not carry out this mandate.

"The Commission began in slant and bias to prove a preconceived theory, and it never altered or changed course.

"The New York State investigation Commission presented evidence (in a study of its own) that organized crime is involved in the smut industry; it presented overwhelming evidence. It named reputed members of crime families. It concluded, in fact, that the smut industry is infested with racketeers. But the Presidential Commission could find 'no concrete evidence'."

The address made by Father Hill deserves to be publicized nationwide. Indeed public officials and community leaders need to familiarize themselves with the entire Hill-Link-Keating minority report which makes clear the menace posed by the smut peddlers.

With the facts developed by Father Hill and other dissenters, there is a foundation for an organized, continuous and reasoned community voice against the traffic in pornography -- a traffic in which syndicate crime plays a key role.

Father Hill's organization, Morality in Media Inc., 1256 Lexington Ave., New York, N. Y., 10028, can provide concerned citizens with whatever information they need to combat smut peddlers in their communities.

WASHINGTON NEWS LETTER

Cong. O. C. Fisher

The 58-day General Motors strike has shocked many people into an awareness of the public involvement in the outcome. There is to be an increase in automobile prices of from 4 to 7%. The settlement set the pattern for other wage increases, which will affect most Americans. And the attraction for foreign-made cars is due to be enhanced.

It was the biggest and costliest strike in more than a decade. All told, losses in sales, wages and taxes totaled \$7-billion.

Although new wage levels in the auto industry are upward bound, exorbitant wage settlements in the construction industry in recent months have been the most severe. Here are a few examples:

In Los Angeles sheet metal workers went on strike for 17 days before obtaining a settlement for an hourly increase from \$5 to \$12.06.

In Hartford, Conn., electricians struck for 28 days and got a 28.2% increase--from \$6.75 to \$12.50 per hour.

In Columbus, Ohio plumbers received a 14.4% jump in pay, from \$8 per hour to 11.77.

Bricklayers in Connecticut upped their pay by 32.1%, marking an increase from \$6.07 to \$10.10.

In Cleveland pipefitters ended a five month strike with a settlement that gave them a \$3.15 hourly wage increase which by 1972 will bring their base pay to \$10.38.

This pattern of increases has been noted in scores of instances through the country. And the public is required to pay the bill.

VIRTUOSO
You wouldn't believe your ears if your baby were suddenly to play a Beethoven sonata.
But, of course, no one expects a baby to do more than "play at" a piano. It takes years of study and preparation and a "bushel" of talent to become an accomplished pianist. In fact, to become any kind of success in this life takes hard work and experience. If this boy is to make his mark in the world — whether as a pianist, engineer, doctor or lawyer — he must be trained and guided.
The challenges that confront him in later years will not only be concerned with his occupation but will also involve his spiritual growth. In a world growing ever more complex, basic precepts of religion and faith will have to be cultivated. Through the Church give your child and yourself the opportunity to acquire faith for the future.

Tips For Gardeners

From The Ozona Garden Club By Mrs. Bailey Post

Now that the Christmas season is near at hand, you may be planning a way to make Christmas more personal and meaningful to you and your family.

Everyone has a desire to create festive and sparkling decorations throughout the house to give warmth to holiday hospitality. Many things can be done early at your leisure, but the last few days, there are the fresh, spontaneous touches that add so much.

Our Christmas decorations have diversified origins, coming to us from countries and different times. Evergreens, for example, had mystical significance to all the ancient peoples who revered the sun as a source of life, warmth, and light, because evergreens held their leaves unlike deciduous plants. Cuttings of holly, mistletoe, laurel, ivy and rosemary were used in their religious ceremonies and to brighten their homes. Today we use greens and many other materials in swags and wreaths in various ways and places to welcome the holiday and guests to our homes.

Too, the beautiful evergreens from our yards make attractive and durable arrangements for any place you want greenery. For table arrangements evergreens may be used with frosted fruit, ornaments, candles, madonnas and other figurines to create an original centerpiece. There are many ideas and suggestions in the magazines this month.

To keep evergreens and the Christmas tree fresh, use this formula given by the Lone Star Gardener or be sure to harden greens in warm water before using in wreaths, swags and arrangements.

Formula: 1 gallon of hot water, add 4 tablespoons of Micronized Iron (available at florist or garden supply) and mix well, 2 cups light corn syrup and 4 teaspoons chlorinated household bleach. Pound stems for 2 inches and immerse sprays in this mixture. For the tree, make a fresh cut at the base of the trunk and crush the fibers at the end. Place in a bucket filled with the solution and allow to stand for 12 hours at least, or until tree is to be decorated. Also, trees may be sprayed with a fine mist of wiltproof or other plastic spray.

To preserve holly - One quart of hot water, 1 cup syrup, 1 teaspoon cloxox. Let stand two days.

To preserve Poinsettia - Cut and sear, use gas flame or match and hold over flame and count to 15. Place in tepid water overnight.

Holiday Season means the using of candles, and you can prevent them from dripping on your table cloth or furniture by soaking a new candle in a salt water solution for several hours.

Natural materials to use for Christmas:

Fresh - Cedar, pine, juniper, holly, Japanese yew, Magnolia, Nandina berries, Pyracantha, apples, Limes, Lemons, oranges, Algerita foliage, Loquat, Phoenia, cherry Laurel, cranberries, succulents and Aspidistra.

Dried - Cones (all kinds), magnolia seedpods, sweet gum balls, cotton boll pods, acorns, nuts, peach seeds, poppyseed pods, wheat, maize, sea oats, tattails, bittersweet, yarrow, star flowers, celosia and other

material you may have. Magnolia, holly, loquat and many others may be treated with glycerine. Dried materials may be treated in a variety of ways.

Create your own, have fun, and no one will have arrangements nor decorations like yours.

FOR AN IDEAL CHRISTMAS GIFT - One that the whole family can enjoy, try the Slim-Gym exerciser. Terms can be arranged. Call Mrs. Claud Leath 392-3068. 36-tfc

Game Department Conducts Research On Texas Wildlife

Texas landowners have obtained offspring from zoo animals from widespread areas of the world, including eland, oryx, blackbuck antelope, aoudad sheep, zebra, axis deer, sika deer and fallow deer. Their number is estimated to be in excess of 30,000.

Biologists are now trying to determine the impact of these exotics on native wildlife populations, and much of the research is being carried out on the Kerr Area.

Other research concerns the effects of brush-clearing on wildlife and the effect of controlled hunting on an area. Public deer hunts in which 18 to 45 per cent of the total deer herd have been killed have been conducted by the Department with no ill effects to the herd.

Biologists at the area say research will increase in the years to come to yield information for sensible management of all wildlife, vegetation and domestic animals by landowners. They hope this management

will produce habitats where exotics, native wildlife and domestic animals can blend harmoniously and provide benefits for hunters as well as landowners.

Another edition of the Ozona telephone directory is about to go to press.

Jack Goss, division manager, said the last day for taking listings in the 1971 directory will be January 8, 1971. The Ozona book carries listings for Barnhart, Big Lake, Eldorado, Sonora and Ozona.

People who cook with pride cook with GAS. Mrs. S. M. Smith does.

Some of the world's best cooks are found in the kitchens of America, and they give themselves every cooking advantage, like gas range cooking. Good cooks like Mrs. Smith and nine out of 10 professional cooks agree that precise temperature control makes the difference in good cooking, and with gas you get exactly that. Gas also gives immediate response and constant temperature, so important in oven cooking.

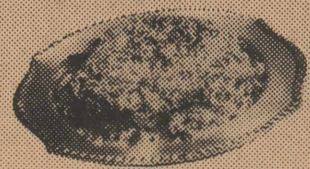

So, give yourself every advantage and cook with gas. Remember, people who cook with pride cook with gas.

Here's one of Mrs. Smith's favorite recipes.

RICE WITH QUAIL OR DOVE CASSEROLE

Mrs. S. M. Smith, 1300 Runnels, Big Spring

- 5 cups cooked rice (as directed on package)
- 4 sticks celery diced
- 4 diced pimentos
- 2 cans mushroom soup (undiluted)
- 1 small onion—grated
- 1 cup grated cheese
- 1 green pepper cut very fine
- 4 or 5 cups cooked quail or dove (cut in cubes)

Place 6 or 7 birds in a baking pan. Cover with water, add 2 sticks of butter, salt, pepper, 1 bay leaf, a sprinkle of rosemary. Cover. Place in oven and bake at 350 degrees for about an hour and a half or until tender. Cool and cube. Place in buttered casserole—rice, quail, pepper, onion, and pimento. Pour two cans of undiluted mushroom soup over mixture. Top with grated cheese. Cook in uncovered dish for about 45 minutes at 300 degrees. Serves 12 people. (chicken or turkey may be used)
