Kitty's Korner

By Kitty Montgomery

I am a great believer in keeping your mouth shut when you have nothing to say, and believe me this is one of those weeks when I find myself with nothing to say. However, this space must be filled one way or another and it falls my lot to fill it every week, week after week, year after year.

I thought I might pick up some ideas if I went over to the drug store and hung around the coffee drinkers, but nothing. I found out how long the Panama canal was, and have already forgotten. Also, I learned that there is a shortage of parakeet breeders in the great state of Texas; now that might be of some interest to parakeet fans. Then there was that old friend who really had a great idea for a "hot column," but after second thoughts, she refused to come out with it. Just when I thought I had come up with something too, well, so much for the coffee drinkers.

I do want to express appreciation to the local law enforcement officers for not running the kids out of the city park Monday night when they were attracting a crowd with their music. At least that's what they call it, music. I can think of many other names for it.

I appreciate it, because it was peaceful and quiet around my house. The kids appreciate it, because they never can find a place to practice. I guess it didn't hurt the park any. When I came down to work the next morning, it looked as pretty and green as it did the day before.

When Jim came home and told me that the practice session took place in the park, I could just see the remains of a rock festival with all the litter and trash, and I was horrified. My fears were intensified when he mentioned what a great group of guys our local officers were for not running them off.

After inspecting the park I was greatly relieved and decided that it was a pretty good place for kids to congregate. I hope the Baptist youth revival draws the same crowd the next few nights.

The Little League All-Stars will be in Sonora Tuesday night for their first play-off game of the season. Try to drive over and give them a boost. If you like baseball, you couldn't find a better game to watch. These kids give you lots more action for the money than any professional team I've watched on television this year.

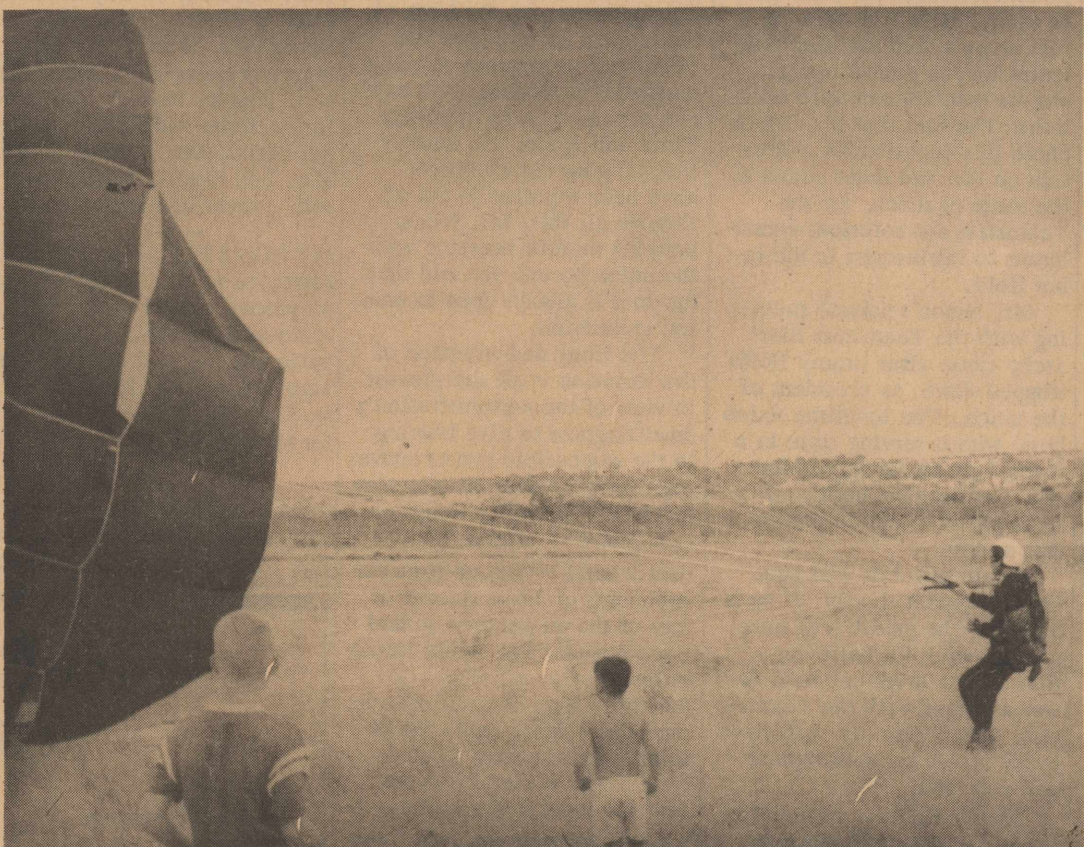

A leading ecologist pointed out recently that hasty action to remove some or all phosphates from laundry detergents could result in serious damage to our lakes and streams. For example, he said that one of the new non-phosphate products contains 45% table salt which is merely a filler and has no detergent action. Widespread use of this product could turn our fresh water lakes into salt water lakes. Some other non-phosphate products contain 60% common washing soda. In large quantities the soda could increase the alkalinity in streams and lakes to a sufficient degree that it could kill microorganisms consumed by fish and other marine life.

Phosphate can be removed in sewage treatment plants by a simple process which costs less than \$2 per person per year. By contrast, removal of salt can be accomplished only by costly distillation plants like those used to convert sea water into fresh water and there is presently no inexpensive way to remove washing soda during sewage treatment.

So all in all getting rid of phosphates in detergents might create a worse pollution problem than we ever even dreamed possible. How about that?

GARDEN OF THE WEEK
The W. H. Chandler Home
907 Circle Dr.
As selected by:
THE OZONA GARDEN CLUB

CHUTE LANDING and two enthralled spectators. Jimmy Semmler, son of Mr. and Mrs. James Semmler of Fredricksburg, former Ozona residents, put on an exhibition of sky-diving and parachuting at the Ozona Airport Sunday afternoon, diving from a plane piloted by James Klassen of Barnhart, from a height of over 4,000 feet. Semmler thrilled friends and relatives. He is a member of the Air Force Paratroopers, Special Forces, stationed in Panama. Sky diving is his hobby and he staged the exhibition here for the benefit of relatives and friends. A fair sized crowd gathered at the airport for the aerial show.

Historical Group Heads County's Observance of 80th Anniversary

Although no formal observance is planned, Crockett county will observe eighty years of colorful history this year and the observance will be climaxed with Local History Appreciation Week August 1-7, designed by the Crockett County Historical Survey Committee.

Just eighty years ago Crockett County was organized. In Mrs. Helen Pitts Former Ozonan, Buried In Como

Mrs. Helen Pitts, former Ozona resident, died in the hospital in Sulphur Springs Monday morning after a lengthy illness.

Funeral services were held Tuesday afternoon from a funeral home in Sulphur Springs with burial in Como, Texas.

Survivors include a son, Carey Pitts of Como; two daughters, Debbie Pitts of Como and Mrs. Kay Darby of Alaska. Another daughter, Mary Ann, died of an accidental gunshot wound during her senior year in Ozona High School.

GEARED FOR SKY DIVING A close-up of the harness and gear worn by Paratrooper Jimmy Semmler just after he had landed at Ozona Airport in his exhibition dive staged here Sunday for the benefit of relatives and friends. Semmler, a former Ozona resident, is married to the former Sue Easterwood of Ozona. They are here on leave from his Army base in Panama, visiting her parents.

Prospects Said Dim For County Home Dem. Agent

Crockett County Commissioners Court met Monday morning in regular session and attended to routine business.

A report from the state director concerning the possibility of a full-time home demonstration agent for the county was not encouraging. The court was informed that lack of money in the state budget was the primary reason an HD agent could not be hired at this time, and that unless federal funds became available the outlook for the project was dim.

The report from the Civic Center board was received and the proposed budget discussed. A budget of \$11,770 was submitted. A total of 1,124 young people registered at the youth center during the month of June with only six adult bookings reported.

While Richard Amistead, director of the center, is on vacation, Mrs. Garland Young is keeping the building open, the court was told. However, the commissioners were told that the building would be closed July 16 in order to insure a good crowd for a money raising swim party.

A report on the hospital board meeting was given and the court was asked to approve a rate increase of \$4 per room. The court took no action on the request.

A change in precinct number two was made to include the block of school buildings on which the home economics building is located. The change will not affect voters in the precinct, except for elections being held in the home ec. building instead of the high school in the future.

A bid for installing equipment on the new fire truck was accepted from Junior Whitley at a cost of \$2,175.

In other business the court authorized signs for the civic center and the hospital. Both

Plans are underway for the annual Ozona Junior Rodeo, sponsored by the Ozona Lions Club, to be held August 6-7. Bill Watson is general chairman again this year.

18-Year-Olds May Vote In All Elections Now

Sheriff Billy Mills, county tax assessor-collector, received an official notification from Martin Dies, Jr., Secretary of State, in regard to voter status of 18, 19 and 20-year-olds.

The release states: "This is to formally notify you that persons 18, 19 or 20 years of age who are presently registered to vote for federal elections only may now vote in all elections in your county and other political subdivisions."

"The 26th Amendment to the United States Constitution lowering the voting age to 18 in all elections has been duly ratified by the state legislatures as prescribed by the Federal Constitution. The Federal Register in Washington D. C. confirmed July 1, 1971, that this new amendment went into immediate effect. This United States Constitutional Amendment overrides Article VI of the Texas Constitution insofar as it requires an otherwise qualified voter to be 21 years of age to be eligible to vote. Thus as of July 1, 1971, any registered 18, 19 or 20 year old may vote in any election, federal, state, county, city or other political subdivision.

Little League All-Stars Ready For Opening Play-Off July 20

The Ozona Little League All-Stars are shaping up for their first play-off game with Sonora next Tuesday in Sonora.

After over a week of night practice, Coach Rex Fenton feels that the boys are playing well together and that they will prove to be a tough team in the play-offs. He said that the team

is strong in both hitting and pitching as well as defensive playing.

The winner of the Sonora-Ozona tilt will play either Big Lake, Crane or Pecos for the district title.

One of the Ozona stars, John Galvan, catcher for B & B, injured his leg in the final

game of the season and has only recently been able to take part in practice. Other than that, the Ozona stars are in good shape.

Fenton said he would not be able to name his starting lineup this week, but listed boys for the various positions.

At catcher he will have a choice of John Galvan, Ronald Koerth, Johnny Castro or Mike Fay. Castro was first alternate and was placed on the team roster when one of the players quit.

First base will be manned by Clyde Bailey, Mike Fay, Galvan or Castro.

Second basemen are Blake Moody, Jim Tankersley and Orlando DeHoyos. Shortstop will be Moody, DeHoyos or Vaden Aldridge. At third base will be Richard Cardona, Cruz Garza or David Garza.

The pitching staff consists of Aldridge, David Garza, Cruz Garza, Galvan, Bailey, Koerth, Fay and Bobby Knox.

Fielders will be Knox, Steve Scott or any one of the other players listed.

Alternates are Jerry Weant, Victor De La Garza and Jim Peck. Max Schroeder, who was named to the All-Star roster, resigned before practice got underway.

Baptist Youth Revival Series Slated In Park

A youth-led revival in the city park, sponsored by the First Baptist Church, began last night. Services will be held each night at 8 o'clock in the park with the final meeting to be held at 7 p.m.

The church extends a community wide invitation for all to attend the services.

Evangelist for the meetings is Rev. Billie Hanks, Jr. of San Angelo. Billie has been preaching since age 15, and was ordained at First Baptist Church in San Angelo. He has been an evangelistic crusader to India, Australia, Asia and Africa. He is also a member of the Billy Graham team.

Billie was educated at Baylor University and Southwestern Seminary.

The young people of the First Baptist Church were busy with prayer breakfasts and visitations during the days before the revival began. A bonfire and an all-night prayer retreat generated interest and involved a large group of young people and adults, at the Tom Mitchell home Tuesday night.

DUPLICATE BRIDGE WINNERS
Winners in Duplicate Bridge Club play Saturday afternoon at the country club were Mrs. Jake Short and Mrs. Robert Cox, first, and Mrs. Boyd Clayton and Mrs. Sid Millsbaugh, second.

Fort Lancaster Gets \$7,500 Federal Grant

A federal matching grant-in-aid of \$7,500 has been made by the U. S. Department of the Interior for use in archeological, historical and architectural research, surveys and planning at Fort Lancaster Historic site in west Crockett county, Congressman O. C. Fisher notified the Stockman early this week.

The grant, to be matched with state funds, is made under the National Historic Preservation Act of 1966. "The grant is to help protect and restore our country's architectural, cultural and historic heritage," the Interior notification recited.

"The National Historic Preservation Act, which is administered by the National Park Service, authorized a matching grant-in-aid program to assist the States and the National Trust for Historic Preservation," the notification received by Congressman Fisher said. "This grant comes from the program's fiscal year 1971 appropriation of \$5,980,000. An apportionment of \$2.3 million has been made to 40 states for matching project funds, in accordance with approved State Historic Preservation Plans as required by the Act.

"This grant will be matched by an equal or greater amount of State or local money and will be expended within the established grant period."

The grant specifies its use in the Fort Lancaster Restoration Project. It will assure a minimum expenditure of \$15,000 toward completion of restoration plans at the historic site.

COSTLY SERIES OF ACCIDENTS IN PAST WEEK

Several automobile accidents were reported in the county over the past week with heavy property damage but minor personal injury.

A collision at the intersection of Highways 290 and 163 resulted in heavy damage to two vehicles just before noon Friday. Mrs. Reyes Cisneros was driving south on Hwy 163 and Jas. C. Ross of Louisiana was traveling through town on Hwy 290 going west when the crash occurred. There were no injuries, but Ross was charged with driving a motor vehicle at an unsafe speed.

Shortly after noon seven miles west of Ozona on Hwy 290, Virgil Fry of Houston was attempting to pass a car pulling a trailer on a bridge when the car and trailer moved to the center of the road and crowded him into the bridge. The 1969 Oldsmobile Fry was driving was totally demolished, but neither the driver nor his three passengers were injured.

In a freak accident while wreckers were pulling the wrecked Oldsmobile out, David Hoover, driving a late model pickup, attempted to stop and his brakes caught, throwing the pickup into the other side of the bridge and damaging it heavily. Hoover was not injured.

Sunday at 10 a.m. 23.6 miles west of Ozona on Hwy 290, James Baxter was passing a truck on a 1971 motorcycle. As he passed the truck, a wind-draft caught the cycle, throwing it into a ditch. Baxter was scratched and bruised, but otherwise uninjured. Damage to the cycle was an estimated \$300.

Plans are shaping up for Junior Rodeo Aug. 6-7

Entry blanks may be obtained for the rodeo events by writing the Ozona Chamber or Commerce or Bill Watson, general chairman.

MONEY RAISING front porch sale staged by the Ozona High School twirlers last week wasn't exactly to finance their trip to twirling school, though it was intimately connected with that projected trip. The event was actually to finance a trip for the twirlers to Six Flags Over Texas during their twirling school at SMU in August. The "clerk" on duty before the well-stocked racks above are Patty Schroeder, Jennie Womack and Nikki Harrison.

SOVIET LEADER GIVES FAIR WARNING

Whenever Americans feel that they should give the Soviet Government the benefit of the doubt, such as in the matter of inspection during disarmament discussions, let us keep in mind the words spoken only this spring by Leonid Brezhnev, secretary of the Communist party and actual head of the Soviet Union:

"In recognition of its international duty, the CPSU (Communist Party of the Soviet Union) will continue to pursue a line in international affairs toward promoting the further activation of the world anti-imperialist struggle and the strengthening of the combat unity of all its participants. The total triumph of socialism the world over is inevitable, and for this triumph... we will fight, unsparing of our strength."

That is fair warning, and nobody can say Mr. Brezhnev has not been candid in offering to the world a blueprint: "we will fight, unsparing of our strength" for the "total triumph of socialism the world over," which is "inevitable." Instead of disarming with great alacrity, let us gird for the struggle, always remembering what the triumph of Communism under the Russians would mean to us.

America is the main target of the Communists. If we lose our will to fight, everything else is going to be easy for the Red bloc. As the Soviet Union asserted last week, it is eager to improve its relations with Red China because "the long-term interests of the two countries" do not clash.

Peking wants to take over Asia and Moscow wants to rule the rest of the world. They can settle their own differences later. We would be foolish to count on the government of Communist China as our friend. We had better strengthen our friendship with the free nations of the world and build up their strength.

ANOTHER SEAT FOR MURDER, INC.

Historical memory is so short that even the most monstrous crimes of despots in our own time are too soon forgotten. A case in point is the new "respectability" being pumped up for Mao Tse-tung's murder regime in Communist China.

The government of the Republic of China, in Taiwan, has just made public its detailed accounting of people killed by the Mao dictatorship in the first twenty years of its rule, from 1949 to 1969. Unfortunately our press, in its state of ping-pong euphoria, has not considered the study worth reporting.

Without including the toll in life taken during the so-called Cultural Revolution, when hordes of young Red Guards murdered at will, the total comes to 39,940,000 — more than the populations of Greece, Portugal, Hungary and Chile put together. Even if a generous discount is made — say 50 percent — the magnitude of the blood-letting still boggles the imagination.

An American educator plugging for "better relations" with Red China professes to see a wonderful "discipline and unity" in that country. Others have hailed this unity, so different from the behavior of Americans. Not one of them has pointed out that Chinese who violate the Communist brands of unity are imprisoned or executed.

Whatever the dictates of power politics, we should at least be aware that when we invite the Mao oligarchy into the United Nations, we are giving veto power in the Security Council to genocidal murderers. Isn't one such gang already in the Council, Soviet Russia, adequate representation for the criminal elements in the family of nations?

CAN WE DECIDE WHAT LAWS TO OBEY?

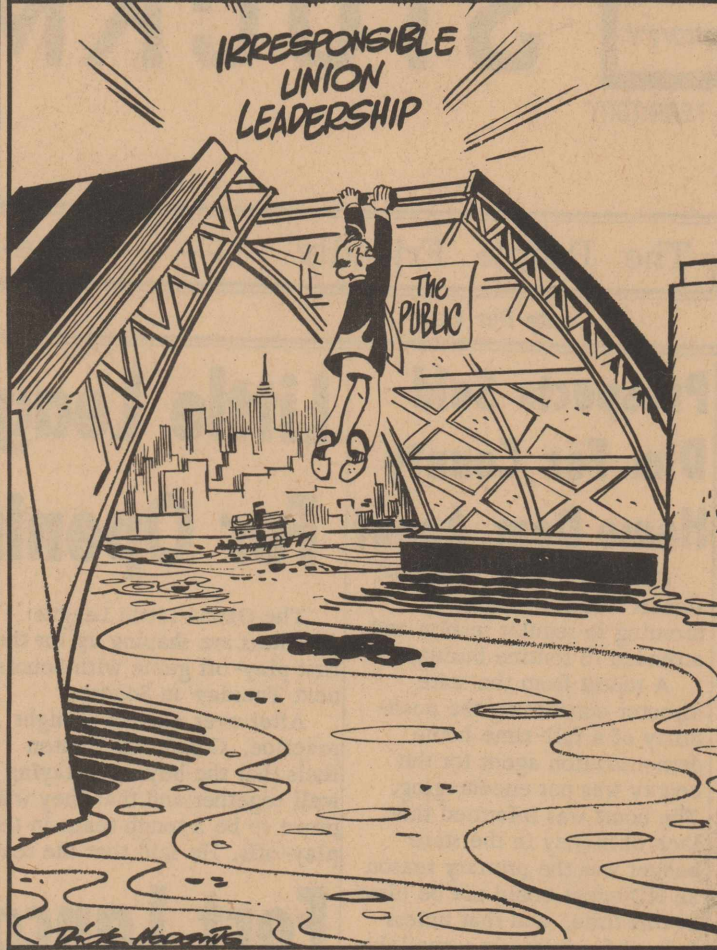

Federal laws that permit the Government to classify some documents as secret are laws like all others. It is not permissible for citizens or companies to pick and choose what law they will obey.

We can think of a number of classified documents we would like to read and publish, not the least being those concerning the assassination of President Kennedy. Many others could produce sensational newspaper editions. It might even be argued that this is in the best interests of the American public, and incidentally of the newspaper that scores the biggest scoops by violations of the law.

If one person or group of persons is to be permitted to steal and publicize secret documents, then the whole body of classified materials is open to the most successful thief and to the biggest briber. This would make a mockery of government by due process of law.

It is not by accident that the secret documents made public recently concern the origins of the Vietnam war, rather than the assassination of a President; or Soviet infiltration of the United Nations; or Operation Keelhaul, by which some hundreds of thousands of Russians who wanted to be on our side were forced to return to the Soviet Union after World War II.

FLIRTING WITH URBAN CHAOS

SENSING the NEWS

By Anthony Harrigan
EXECUTIVE VICE PRESIDENT
Southern States Industrial Council

President Nixon's recent visit with the top brass of the Teamsters Union no doubt shocked many citizens in view of that union's demonstrated contempt for the public interest and its involvement with hoodlums. The fact that Mr. Nixon chose this occasion for a little talk on law and order added to the sense of shock, for the Teamsters are notorious contributors to lawlessness in the labor field.

Mr. Nixon's private meeting with the Teamsters Hierarchy came after Jimmy Hoffa stepped down as president of the union. The longtime union boss, who is serving time in a federal prison for jury tampering, finally gave up his office in an effort to obtain parole this summer.

Parole officials will hear Hoffa's appeal shortly. If he is paroled, the public will have good grounds for believing that a high-level political deal was arranged with the Teamsters. The public also will have every reason to be indignant and outraged.

Jimmy Hoffa is a symbol of the lawlessness built into the labor movement — lawlessness that makes the ordinary union member fear for his job and his physical safety. If Hoffa is released, in exchange for Teamster support at the polls, the cause of law and order will have been sacrificed on the altar of political expediency.

The fact that Jimmy Hoffa gave up the presidency of the Teamsters is not especially significant in terms of the power situation in the union. The new union president is an old Hoffa pal. Moreover, Hoffa still heads his powerful local in Detroit. Hoffa's son is also in the union's power structure.

Mr. Nixon ignored these facts when he sat down with the Teamsters and thanked them for support on international

al issues. He knew that this was a union that was perfectly agreeable to being run by a felon. He also knew, on the basis of the union's record, that the Teamsters were given to using roughstuff in dealing with employers and its own members. Time and again, the union's links to gangster elements have been reported in detail. Despite all this, Mr. Nixon held his summit meeting with the union bosses. He said that his door is always open to union spokesmen.

The irony and injustice of the situation is all the greater in view of the administration's unwillingness to give hearing to the responsible conservatives who made possible his election in 1968. The White House palace guard — almost 100 percent liberal — has no time for opponents of union tyranny or foes of the guaranteed annual wage notion. The White House bitterly resists efforts by Gov. Ronald Reagan of California to curb the welfare explosion or bring free-wheeling radical Neighborhood Legal Service lawyers under control. But a presidentialist with the Teamster bosses is treated as a great opportunity.

It is no wonder that believers in law and order and in prudent, conservative public policies are bitter. The White House place guard, however, had better wake up to the fact that support from conservatives surely won't continue if there are more cheery summits with union bosses. And if Hoffa is paroled, there almost certainly will be a major conservative effort to find a new national spokesman for the law and order cause.

CHRYSLER PLYMOUTH

While some years are good car years, 1971 has been a

VINTAGE YEAR FOR CHRYSLER-PLYMOUTH

ONE OF OUR BEST YEARS. It takes something special to come up with a Vintage Year. But that's what '71 has been for Chrysler-Plymouth. Our slogan "Coming Through" had a lot to do with it, because it's our pledge: To come through with the style, size, price and quality you can live with for years to come. Two good examples are Plymouth Fury and Chrysler Royal.

OUR FINEST OF THE BIG. Plymouth Fury and Chrysler Royal are big ways to go for people who want the comfort and space befitting their style of living. Both have Torsion-Quiet Ride (which not only quiets road noise but gives you firm, sure handling). Both have a large interior and trunk space. And both turned out to be the finest cars of their kind in this vintage year.

NOW, A GREAT SELECTION COMING THROUGH FINAL CLEARANCE PRICED. '71 has been a vintage year for Chrysler-Plymouth. Quality shines and shows in every line. A drive in one of our '71 Chryslers or Plymouths will prove how well we've come through. Check our great selection. We think you'll agree, quality cars at final clearance prices is what "Coming Through" is all about. For us. For you.

1971. It was a very good year.

Coming Through. STUART MOTOR CO. Ozona, Texas

Tips For Gardeners

From The Ozona Garden Club By Mrs. Bailey Post

Though the sun has been torrid for days, you can be refreshed in the early morning when passing crisp, fresh roses, day lilies and other blooms you may have in your garden.

One of the most satisfactory ways of conserving water, time and labor is the use of mulches. They insulate the soil from hot winds and sun, and help keep weeds controlled. Some of the organic mulches are compost, cotton seed hulls, peat moss, barks and others you may like to use. I hesitate to use shaving or sawdust for fear of causing smut.

Inorganic mulches, pea-size gravel, river pebbles, the attractive colored volcanic rock and others. Plan how you want to use a mulch, then select the one that best fits your plan, the availability and the cost.

Perhaps some of your favorite plants or flowers are too difficult to grow in this area, though they are a challenge, if you look around, you'll see many colorful and easy to care for ones that will thrive under local conditions.

One such is the zinnia, which has improved so much in recent years, from new development by flower hybridizers. Some of the reasons for their popularity is their ease of culture, short time for germination of seed, and producing beautiful and brilliant blooms. Always start with good seed, and for best results, sow where they are to grow. Rotate the location of zinnias, which may help prevent troubles and disease, by not planting in the same place for two years. Zinnias do best if kept consistently moist by soaking area rather than sprinkling, which may cause mildew. To prevent this, a new fungicide, Parnon, under the Ortho label, is effective to use.

If you have a Norfolk Island pine, to help keep the plant healthy, use a sprinkling of fertilizer (12-6-6) in March, May and July. The plant should be repotted annually until it is in a 7 or 8 inch pot, then no further repotting is necessary. It is beneficial in spring to remove some of the surface soil and replace with fresh compost. The recommended soil is a compost of two-thirds loam and one-third leaf mold with a small amount of sand. In the summer protect the plant from direct sun. If kept too crowded or not given sufficient light, it will become ragged.

Gourd season is here, so a few suggestions to help you cure them are in order. To cure successfully, leave the gourd on the vine until it is perfectly ripe, then cut it off, leaving one inch of stem. Save only unblemished specimens. Punch a small hole in the bloom end of the gourd before storing in a dry, airy place until needed. If you want to coat them, wait six months or a year, before waxing or varnishing. They need to be thoroughly dry. Polish with a piece of burlap or other rough cloth. If you don't grow your own, native gourds may be gathered along the roadside or in pastures. Lois Hicks had a beautiful assortment last fall, that she had grown and cured perfectly.

RECIPE OF THE WEEK

From Kitty's Kitchen

You can't beat pudding for a light summer dessert. Here are a couple you might want to add to your recipe collection.

Indian Pudding
3 cups milk
1/3 cup yellow cornmeal
1/2 cup dark molasses
1/4 cup sugar
1/2 teas. cinnamon
1/2 teas. ground nutmeg
2 tbs. butter or margarine
1 cup cold milk

Heat 3 cups milk in top of double boiler. Add cornmeal, molasses, sugar, salt, spices, and butter. Cook over hot water, stirring occasionally, for about 25 minutes or until mixture is slightly thickened. Pour into a 1 1/2 quart casserole which has been rubbed with butter. Add cold milk. Do not stir. Bake at 300 degrees for 2 1/2 hours. Serve warm with whipped cream or ice cream.

Peach Nut Pudding
4 cups sliced, peeled fresh peaches
1/3 cup sugar
1/4 teas. salt
1/4 cup water
5 cups soft bread crumbs

1 cup brown sugar firmly packed
1 cup chopped pecans
1/4 cup melted butter or margarine

Combine peaches, sugar, salt, and water; cook for 15 minutes or until peaches are tender. Combine soft bread-crumbs, brown sugar, pecans, and butter. Arrange alternate layers of the peach and bread-crumbs mixtures in a greased 1 1/2 quart casserole, using crumbs on the top layer. Bake at 350 degrees for 40 minutes. Serve either hot or cold, with cream or whipped cream as desired.

WASHINGTON NEWS LETTER

By Congressman O. C. Fisher

The fair application of the draft law and devious ways to evade military service were left dangling in uncertainty as a result of a recent Supreme Court decision which turned the prize fighter, Cassius Clay, loose because he claimed to have become a preacher in the Muslim faith.

Although the court applied some niceties to its logic in finding fault with induction procedure, it overruled the Selective Service and lower courts which had treated Clay's religious claim as a gimmick, rather than a good faith entry into the ministry.

The reversal of Clay's 5-year conviction came as a jolt to those who are made to wonder how many young men could, if they chose, avoid the draft if they had enough money to hire ingenious lawyers who could find legal loopholes that would satisfy the Supreme Court.

In another action, the Supreme Court left unanswered the question of how it is possible for our government to maintain secret documents, no matter how vital they may be to our national security. In this case, government documents were stolen and distributed by an insider, although portions were classified as "Sensitive -- Top Secret." The public is entitled to

know what is going on, but every nation must maintain secrecy when disclosure could be useful to an enemy and which could, when publicized, be extremely harmful to national security.

THE LAND

THE LAND is one of man's most valuable assets — we think it is prime collateral. In the past 54 years the Federal Land Bank of Houston has made almost 200,000 loans on Texas farms and ranches.

In other words, we specialize in making farm and ranch real estate loans — long term loans with pre-payment privileges.

See us today for full details, no obligation of course.

"Hall of Fame, New York University" is the way our photographer labeled this shot. Then our editor strained his eyes to see if he could make out any of the names of these great men on the tablets below the busts. He couldn't! Seven great men, but their names are lost in the shadows.

Nor does that fact obscure their greatness. The contribution each made to his fellow men remains. Yes, their greatness lies in the kind of men they were. The goals they strove for. The fruits of their perseverance and dedication.

They are not great men because they are in bronze. The bronze came later!

The largeness or smallness of our lives is measured in what we are, what we strive to be, what we aim to contribute. Yet these human elements are insufficient without the divine element—faith in God.

Today the Church is helping to mold greatness in many men. Someday a grateful posterity will cast a few of them in bronze.

County —

(continued from page one) will be installed outside the buildings with an emergency room designation for the hospital sign.

Judge Troy Williams reported on a meeting he attended recently with the highway committee of the Chamber of Commerce and J. A. Snell, district engineer for the State Highway Department. He said that Snell told the group that settling the controversy with Crockett County over property belonging to the county included in the right-of-way for IS 10 would expedite the letting of a contract for work on the road. Williams said Snell reported that with one exception the right-of-way for 16 miles of the IS highway west of Ozona has been acquired.

Williams reported that as a result of the meeting the state appraiser had agreed to revise his figures on land belonging to the county and included in the right-of-way.

History —

(Continued from Page One)

stay on and build a frame school house. This marked the beginning of a slow natural growth, unaffected by "booms" in contrast to other communities.

Today Ozona has expanded itself on and beyond the low rolling hills that surrounded the original settlement. It is today a sparkling tribute to those who helped carve a civilization of prosperity and culture from the raw untamed land. For this reason, the Historical Survey Committee has sponsored a Local History Appreciation Week each year.

Activities will begin August 1, and end with the annual junior rodeo Friday and Saturday of the week.

Local merchants are encouraged to decorated their windows in the style they might have been dressed eighty years ago. Wednesday of the week will see a Frontier Days Sale, also done by local merchants.

Thursday an old-fashioned jamboree will be held in the park with western music, etc. A style show will be presented at the intermission of the musical show and will feature pioneer dress. Both Wednesday and Thursday have been designated "dress up days," and everybody is urged to wear old fashioned dress and come to town.

Friday the junior rodeo group will take over and start activities with the parade at 4 p. m.

During the week there will be a display of antiques and family heirlooms at the building formerly occupied by Jim's Gent Shop in the shopping center. Everyone is urged to contribute to the display and share the things they have which might be of historical interest.

LADIES GOLF AND BRIDGE Mrs. Charles Williams was hostess for bridge last Thursday at the country club.

Winning high was Mrs. Jack Williams and Binga Mrs. Frank McMullan. Other players were Mrs. Beecher Montgomery, Mrs. Byron Williams, Mrs. Mrs. Hugh Childress Jr., Mrs. Lowell Littleton, Mrs. Gene Williams, Mrs. Sherman Taylor, Mrs. Joe Pierce, Mrs. John Childress and Mr. Bill Gunnels, a guest.

Mr. and Mrs. Ed Shepperson have returned from a vacation trip to Las Vegas, Nev., where they visited Mrs. Shepperson's brother, Conoley Cox and family.

Ozona Multipay Field Extended

Canyon sand production was extended 3/4 mile northeast in the Ozona multipay field of Crockett County Inc., Midland, No. 2-C A. R. Kincaid Trust, four miles southeast of Ozona, for a calculated, absolute open flow of 937,000 cubic feet of gas per day.

Production was through perforations at 6,217-6,403 feet, which had been acidized with 2,000 gallons and fractured with 40,000 gallons and 167,000 pounds of sand. Gravity of the gas was .742 degrees.

Drilled to 6,500 feet, operator set 3 1/2-inch casing at 6,497 feet and plugged back to 6,483 feet.

Location is 1,320 feet from the north and west lines of 3-KL-GC&SF.

The southwest portion of the field produces oil from the Clearfork.

FOR SALE - 2 evaporative type air conditioners, 3,000 BTU window units. See Mrs. Estelle Chapman on Ave. D. 5-tfc

FOR SALE - Modern home in Ozona, good location, easy terms. Veterans no down payment. Write Ed Lewin Realty Co., 612 Lois St., Kerrville, Texas, Phone CL7-5912.

FOR SALE - Electric refrigerator, old model show case, one refrigerator in good condition, approximately 35 cubic feet, suitable for small grocery or cafe. May be seen at 1103 Ave. E in Ozona. 15-3tc

Crockett Field Gets Confirmer, Outpost Located

A confirmation was complete in one Crockett County field and location staked for an outpost to another.

J. C. Barnes Oil Co., Midland, No. 1 McMullan, in 6-2-GC&SF, 1/4 mile south of a recent third Pennsylvania detrial producer and 1/2 mile southeast of Strawn production in the Enconrado multipay field 15 miles northeast of Iran, pumped 77 barrels of oil and 145 barrels of water in 24 hours.

Recovery was through unidentified perforations at 8,788-97 feet. Completion was scheduled.

The field currently has two Strawn wells.

Texaco Inc., Midland, will drill the No. 6 Helen Henderson-Wilkins as a 5/8 mile northeast out post to lower Canyon production in the DePaul multipay field, nine miles southeast of Ozona.

Location, on a 1,470.2-acre lease, is 1,100 feet from the north and 1,500 feet from the east lines of 19-KL-TCRR. Contract depth is 8,250 feet.

The field also has two Strawn wells.

Helen Bunger, Karen Kirby, Hope Phillips and Pam Young are attending camp at Mt. Wesley in Kerrville this week.

Mrs. Orvil Maney is in Shannon Hospital in San Angelo this week undergoing medical tests.

FOR SALE - Regulation size pool table. Call 392-2560 or 392-2541. 18-tfc

Ellenburger Discovery In West Crockett

An Ellenburger oil discovery was assured in Crockett County with the swabbing of 115 barrels of new oil, along with 83 barrels of load water, in seven hours at Humble Oil & Refining Co., Midland, No. 1 J. S. Weathered, in 20-36-H&TC, Abst. 4989, seven miles southeast of McCamey, 2-1/8 miles northeast of Ellenburger production in the Tippett West multipay field and 1-5/8 miles north and slightly east of a 5,850-foot oil area of the Tippett, North multipay field.

Recovery was through perforations at 8,032-209 feet, which had been acidized with 2,500 gallons. The well has been shut in.

Operator squeezed off Devonian perforations at 6,465-85 feet, which yielded only formation and acid water.

Drilled to 8,248 feet, with 4 1/2-inch casing set at that depth, it is plugged back to 8,220 feet.

The Enconrada multipay field of Crockett County gained its fourth Pennsylvania detrial producer and a location south extension to that pay with completion of J. C. Barnes Oil Co., Midland, No. 1 McMullan, 15 miles northeast of Iran, for a daily pumping potential of 86 barrels of 41.5 gravity oil, plus 130 barrels of water, with gas-oil ratio of 302-1.

Production was through perforations at 8,788-8,797 feet, which had been acidized with 3,000 gallons.

Drilled to 9,385 feet, operator set 5 1/2-inch casing at that depth.

Location is 660 feet from the north and west lines of 6-2-GC&SF.

The field currently has two Strawn wells.

An evening out ...at home ...where the charm of an Old-time GAS light lets the evening last a little longer ...and the food has an exciting outdoor aroma and flavor, found nowhere else in the World! SAVE \$28.50 BY BUYING A PATIO PAIR. BUY A GRILL NOW AND RECEIVE FREE
