VOLUME 61 OZONA, CROCKETT COUNTY, TEXAS 76943 10 Cents Per Copy THURSDAY, FEBRUARY 14, 1974 NUMBER 49

Rabies Clinics Set For Ozona Animals

Two rabies Clinics will be held in Ozona, February 14 and 19, in an effort to prevent a rabies outbreak such as the one at Sonora where a number of people are undergoing the very painful and expensive 22 injection rabies treatment after being bit by rabid animals. Dr. W. R. Johnson, County Health Officer, has advised County Agent, Pete Jacoby, and Dr. Gary Vannoy, local veterinarian, that he thinks it is mandatory that rabies vaccination clinics be held immediately in an effort to protect all pets against rabies.

Dr. Vannoy also advises that all pets when exposed to rabies should be put to sleep unless they have had a rabies vaccination during the past year. Numerous rabid animals have been observed lately in all parts of Crockett County, reports the county agent. He urges everyone with pets to protect their animals at this time, especially those not having a rabies vaccination in the past year.

Lion Cagers End Basketball Play

The two clinics will be held at the 4-H - F. F. A. Livestock Show Barn at the Crockett County Fairgrounds from 2 - 6 p. m., this Thursday, February 14 and next Tuesday, February 19. Dr. Gary Vannoy, D. V. M., will administer the rabies vaccinations at a reduced cost of \$3.00 per animal. Distemper-hepatitis Leptospirosis vaccine will also be available at a reduced cost of \$6.00 per animal.

The Ozona Lion Basketball Teams ended the season last Friday night in Stanton with 2-8 district records for the season.

The varsity lost a 62-50 decision to the Buffaloes and the junior varsity lost by one point, 44-43. Romaldo Cervantez was high point man for the varsity with 21 points and Gene Castro led the junior varsity with 20 points.

Jesus Castro Is Candidate For Precinct 4 Post

Jesus (Chuy) Castro has authorized The Stockman to announce his candidacy for the position of Commissioner of Precinct #4, subject to the May 4 Democratic Primary.

Castro, 44, filed for the post shortly before the deadline February 4. He is a native of Ozona and has lived here all his life. He graduated from the Latin-American high school here and attended Sam Houston State University for two years. He is a veteran of the Korean Conflict and served thirteen years in the U. S. Air Force Reserve.

Castro has always been active in community affairs, having served as a Lions Club secretary for eight years, president and vice-president of the P. T. A., has served on the Civic Center board four years and is active in church activities.

In making his bid for the post of Commissioner Precinct 4, Castro said that he felt his civic activities, plus the fact that he has worked in the public all his life, will help in his work with the Court and the people of Crockett County if elected.

"In campaigning, I will try to see every voter in precinct 4 before the May primary," Castro said.

MAKING DECORATIONS FOR THE 10th ANNUAL CHAMBER OF COMMERCE BANQUET to be held tonight at the Civic Center are County Home Demonstration Agent Debra Price and Mrs. Glenn Burns. The Valentine heart trees will be placed on the tables and the Valentine theme carried out in other decorations. Western decorations from the Spring Round Up Ball will also be used. The banquet gets under way with registration at 6:30 tonight. Tickets are \$3 each and may be purchased at the door.

County Aids Energy Crisis With Completions Of Five Gas Wells

A field was extended into Crockett County and another gained four extenders.

The Sutton-Glasscock (Canyon) field of Sutton County gained its second well and a 2 1/2 mile north-northwest extension and into Crockett County with completion of American Quasar Petroleum Co., Midland No. 1-27 Jones Ranch, 12 miles southeast of Ozona, for a calculated, absolute open flow of 640,000 cubic feet of dry gas per day.

Production was through perforations at 7,328-7,509 feet and 7,568-602 feet, which had been treated with 40,000 gallons.

Scheduled as an 8,000-foot wildcard, and rescheduled to 8,900 feet, it was drilled to that depth, with 4 1/2-inch casing set at 7,900 feet.

Location is 990 feet from the north and 1,320 feet from the west lines of 27-IJ-TCRR. Potential was taken Oct. 9, 1973.

The discovery, Amoco Production Co. No. 1 H. E. Glasscock, et al, was finished July 17, 1973, for a calculated, absolute open flow of 1,750,000 cubic feet of gas per day, with gas-liquid ratio of 144,000-1, through perforations at 7,203-495 feet.

American Quasar completed as long extensions to the 7,890 pay in the Davidson Ranch multipay field four projects, approximately 13 miles southeast of Ozona, which had been scheduled as wildcats and drilled and tested "tight."

The No. 1-26 Jean Scheuber,

2-3/4 miles east, was finished for a calculated, absolute open flow of 2,540,000 cubic feet of dry gas per day through perforations at 7,730-850 feet, which had been acidized with 1,000 gallons.

Scheduled to 9,200 feet, it was drilled to 8,504 feet, with 4 1/2-inch casing set at 8,108 feet, and plugged back to 7,890 feet.

Location is 1,320 feet from the north and east lines of 26-KL-TCRR. It was potentialized April 25, 1973.

The No. 1-30 Jean Scheuber, 3-1/8 miles east, was finished for a calculated, absolute open flow of 830,000 cubic feet of gas per day, with gas-liquid ratio of 52,257-1. Gravity of the liquid was 62.3 degrees.

Production was through perforations at 7,462-933 feet, which had been acidized with 12,500 gallons.

Scheduled to 8,900 feet, it was drilled to 8,965 feet, where 4 1/2-inch casing was set, and plugged back to 8,750 feet.

Location is 467 feet from the south and west lines of 30-KL-TCRR. Potential was taken Aug. 10, 1973.

The No. 1-38 Jones Ranch, 4 1/2 miles east, was finished for a calculated, absolute open

flow of 2,150,000 cubic feet of gas per day, with gas-liquid ratio of 40,252-1. Gravity of the liquid was 62.5 degrees.

Production was through perforations at 7,411-774 feet, which had been acidized with 500 gallons.

Scheduled to 8,000 feet, it was drilled to that depth where 4 1/2-inch casing was set.

Location is 1,320 feet from the north and west lines of 38-IJ-TCRR. Potential was taken Aug. 9, 1973.

The No. 1-10 Helen Henderson West, 3-3/8 miles east-southeast, was finished for a calculated, absolute open flow of 880,000 cubic feet of gas per day, with gas-liquid ratio of 34,180-1. Gravity of the liquid was 62.6 degrees.

Production was through perforations at 7,896-941 feet and 7,726-853 feet, which had been acidized with 2,000 gallons.

Scheduled to 9,200 feet, it was drilled to 9,000 feet, with 4 1/2-inch casing set at 8,297 feet.

Location is 660 feet from the north and 860 feet from the west lines of 10-IJP, Scrap File 7,919, Abst. 5117. Potential test taken Aug. 6, 1973.

Roy Thompson To Head Up Easter Seal Drive Here

Roy H. Thompson will head the 1974 Easter Seal Appeal in Crockett County, it was announced by Thomas N. Jenness, Jr., Fort Worth, President of the Easter Seal Society for Crippled Children and Adults of Texas.

Residents of Crockett County will receive the annual Easter Seal Appeal letters in the mail beginning March 1. The Easter Seal Appeal, conducted yearly to provide treatment and services to disabled persons and their families, will continue through Easter Sunday, April 14.

Thompson is one of 223 men and women throughout Texas who are serving in this capacity. The cost of the state-wide Easter Seal program is over one million dollars, financed mainly by the Easter Seal Appeal. Almost 90 percent of all funds raised by the Texas Easter Seal Appeal remain in Texas to support the growing needs of the disabled in the State.

Special emphasis is being given in the 1974 Easter Seal Appeal to the disabled citizen in the County who may need assistance and not know where to obtain it. Any disabled person can contact Thompson at Ozona National Bank to receive the request form for a determination of the extent and type of assistance needed and the most efficient means of obtaining that assistance. Arrangements for qualified treatment or services will be made by the Texas Easter Seal Society.

Commissioners Hold Routine Meeting

The Crockett County Commissioners Court met Monday in regular monthly meeting, and routine business was conducted, including receiving reports from the various county agencies.

Garland Young appeared on behalf of the Civic Center board. He reported that Jim Leech had been elected chairman of the board when the board met last, and H. O. Hoover was elected vice-chairman. Mrs. Dale Bebee was elected secretary of the board. The court disapproved a request for a \$75 per month raise for the Civic Center director, but did approve funds for a new coffee pot and aluminum cue sticks for the Youth Center.

Dudley McCary, county maintenance man, appeared before the court and some discussion was held over the recent dirt-spreading project in the city park. McCary was instructed to get on with the project and move dirt as much as possible after 5 p. m. in order that the business houses surrounding the park would not be inundated with dirt during business hours. He was also instructed to begin watering where the dirt had been spread.

Hospital administrator Sonny Kirklen reported that Mrs. Tom Mitchell had been elected president of the hospital board, with Johnny Jones named vice president and Ray Henderson, secretary. Hospital improvements were discussed and it was decided to take bids for new

fire-proof drapes. Kirklen asked for raises for some of the hospital staff. Licensed Vocational Nurses pay was raised to \$2.55 per hour from 2.40, full-time nurses aides were raised to \$2.00 per hour. Raises for kitchen help ranged from 10¢ per hour to 20¢ per hour. Janitor pay was raised from \$2.25 to \$2.50 per hour. Kirklen reported the patient load up from this same period last year.

Members of the court set a fee of \$30 per month ground rent for hangars owned by individuals at the airport. The fee must be paid monthly to the airport manager, James Hearn. Those who do not pay run the risk of having their hangars taken over by the airport manager, who may then rent them himself and retain the fee. The court agreed that hangars may not be sublet and airplane parking will have priority over other uses.

Some discussion followed about the new ambulance service arrangements. For the most part the court was pleased with the new set-up and agreed that an attendant should be in the vehicle as much as possible in order to hear the radio calls.

Jack Gillet reported on the road department. The summer paving project was discussed along with availability of materials. Gillet was instructed to get his crew busy preparing the Little League Park north of town in order that it might be completed before baseball season begins.

Anthony Robinson's appointment as Crockett County deputy sheriff was approved by the court. Bids were opened for two automobiles for the Sheriff's Department. The low bid came from Stuart Motor Co.

Glenn Sutton Up For Re-Election In Precinct 4

Glenn Sutton authorized The Stockman to announce his candidacy for re-election to the post of Commissioner of Precinct #4, subject to action of the May 4, Democratic Primary, this week.

Sutton is presently the senior member of the Crockett County Commissioners Court, having served as Commissioner of Precinct 4 through several terms. He feels his experience in county government is an asset in seeking another term.

In announcing his bid for re-election Sutton said he had enjoyed working with the people in the county during his years in office, and felt that the present court had accomplished much for the people of the county.

Sutton expressed a desire to see the nursing wing through to completion, a project he feels the present court has spent much time with and is in the process of taking bids for its construction.

He feels that he has done a good job for the voters in Precinct 4 and wishes to continue to serve them and the county. He asked for the continued support of the voters in the precinct and reminded them that their vote and support would be most important in the upcoming primary.

Cattle Short Course Begins Here Monday

County Agent, Pete Jacoby, would like to remind producers of the in-depth Beef Cattle Short Course which will be held at the Crockett County Civic Center Auditorium in Ozona, Feb. 18-21. All producers are invited and urged to attend.

Programs will begin at 7:30 each evening and will last approximately two hours each night.

Among the topics to be presented are range management, herd health, mineral nutrition, range nutrition, beef cattle breeding and beef cattle reproduction.

VALENTINE SWEETHEART -- Mrs. Tony Allen, Valentine Girl of the Alpha Alpha Mu Chapter of Beta Sigma Phi, will be honored at a Couples Valentine Party on February 15. Mrs. Allen also attended the Queen of Hearts Ball in San Angelo February 9 as a Duchess representing the local chapter.

Northeast Part Of County Gains Oil Extender

The Escondido multipay field of Crockett County gained its current second upper Strawn producer and a location north extension to that pay with re-completion of Continental Oil Co., Midland, No. 4-8 J. M. Shannon, former Ellenburger and lower Pennsylvanian producer, 14 miles northeast of Iraan, for 91 barrels of 57 gravity oil plus 25 barrels of water daily, with gas-oil ratio of 7,330-1.

Production was through a 25-64-inch choke and perforations at 7,718-742 feet, which had been acidized with 1,000 gallons.

It was finished Nov. 16, 1964 from the lower Pennsylvanian for 449 barrels of 45 gravity oil, through a 20-64-inch choke and perforations at 8,308-316 feet; and dually completed Nov. 16, 1964 from the Ellenburger for 294 barrels of 42 gravity oil, through a 16-64-inch choke and perforations at 9,066-116 feet.

Location is 660 feet from the south and west lines of 8-2-GC&SF.

It's funny how some people keep chasing society when there's really no such thing.

10th Annual C of C Banquet Is Tonight

A large crowd of Ozonans and area residents is expected at the Annual Chamber of Commerce Banquet tonight at the Civic Center.

The banquet marks the tenth anniversary of the organization in Crockett County and the theme will be "Ozona, the Heart of Crockett County," in keeping with Valentine Day.

Speaker for the event will be Dr. Andrew Edington, retired President of Schriener Institute in Kerrville. Dr. Edington is well-known throughout the area as a speaker.

Guests will be registered in the foyer from 6:30 until 7:00 p. m., by chamber personnel. Hubert Baker, chamber manager and Mrs. Jo Ann Babbitt, secretary, will oversee the registration.

The invocation will be given by Rev. John Berkley and dinner will be served at 7 o'clock.

Dr. Joe B. Logan, outgoing president will give the welcome address and introduce guests as well as outgoing directors. Outgoing directors are Byron Stuart, Tony Allen, Vernon Jones and Dr. Logan.

Dr. Logan will introduce the newly elected president, J. D. Brown, who will introduce the new board of directors. Holdover directors are Claude Montya, Rev. John Berkley, Jack Baggett, Brown, Harold Shaw, Dorris Haire, Glenn Burns and Jimmy Lott. New directors include Dr. Gary Vannoy, J. W. Johnigan, W. R. Baggett, Jr. and Jerry Hill.

SPRINGTIME IN OZONA IS KITE FLYING TIME for local youngsters and many have been out doing just that during the mild weekends. There seems to be no problem getting kites in the air these days. The new bat-type kites almost fly themselves, however, they hang up on high wires just like the old-fashioned ones did. Here the Searcy brothers give it a try, with big brother having first go around with the ball of string.

Bert Sorrells Is Candidate In Precinct 2

K. Bert Sorrells has announced that he will be a candidate for the post of Commissioner of Precinct 2, and his name will appear on the ballot in the May 4 Democratic Primary.

Sorrells was the first candidate to file for a position on the ballot in the county.

Sorrells moved to Ozona and purchased a home in Crockett Heights last year. He and his wife came here from Pasadena.

For the past 20 years he has been an educational sales broker, working with educators and conducting workshops for teachers in the latest advances in educational material for children.

Sorrells said that he had worked with both county and city governments in the past as member of executive committees, Rotary Club, Lions Club, Junior Chamber of Commerce and Chamber of Commerce. He is a member of the Ozona Chamber of Commerce and the Ozona United Methodist Church.

He conducts most of his business from his home by telephone at present and if elected he plans to be a full-time county commissioner. His desire is to serve all the people in the precinct and he plans to be available to all the people at all times. Sorrells said he expects to visit everyone in his precinct prior to the primary.

TEXAS PRESS ASSOCIATION Member 1974

Public Notice

PUBLIC NOTICE CROCKETT COUNTY HOSPITAL OZONA, TEXAS Hon. Troy Williams, County Judge DATE: February 26, 1974 INVITATION TO BID On Construction of An Addition To The Hospital Building For THE CROCKETT COUNTY HOSPITAL, Ozona, Crockett County, Texas

Sealed proposals will be received in the District Court Room of the Crockett County Courthouse until 2:00 p.m., February 26, 1974, at which time they will be publicly opened and read aloud.

In general, this project comprises a one story addition to the Crockett County Hospital, containing forty (40) beds for geriatric care and their supporting facilities, including new Food Service Facilities for both existing and new patient care areas.

Construction includes, but is not limited to excavation for building foundation piers, reinforced concrete piers and footings, concrete beams and slabs, precast concrete floor decking, reinforced concrete slab on steel bar joist floor decking, load bearing masonry walls, steel columns, beams and bar joists supporting metal roof deck, light weight concrete roof deck fill, built up roof, exterior wall facing of face brick, Aluminum windows, aluminum entrances, hollow metal frames and hollow metal exterior doors shall be installed.

Interior partitions will be fire rated gypsum wall board on metal studs and lightweight concrete masonry units. Finished floors shall be ceramic tile, quarry tile and resilient floor coverings. Finished ceilings shall be fire rated gypsum wallboard with fire rated acoustical tile in designated areas and fire rated acoustical lay-in grid system in designated areas. Case and millwork shall be factory built, mill assembled or job constructed.

Mechanical work shall include: plumbing, heating, ventilating and air conditioning. Electrical work shall include: exterior service, lighting, power and convenience circuits for nurses call system, provision for telephone and inter-communications system, and stand-by generator for emergency use.

All work including: (1) General Construction, (2) Plumbing Work, (3) Heating, Ventilating and Air Conditioning Work, (4) Electrical Work, (5) Kitchen Equipment may be included in one lump sum proposal, although separate proposals will be accepted for each of the five (5) divisions of work itemized above. Furniture and furnishings will be bid under separate proposal.

Bidders are advised that certain phases of the sitework, including the excavation of the crawl space, grading, base material, paving of parking and service drives and curbs and gutters, and chain link fencing, will be provided by the Owner at no cost to the Bidder; Landscaping will be done by the Owner and shall be excluded from the Bids. Top soil for back filling and finish grading will be stockpiled on the site

and furnished to the Contractor at no cost. Electrical, gas, water and sewer services shall be furnished by the Owner. Plans and Specifications may be obtained from the office of the County Judge, Ozona, Texas and from the office of John Chiles Allen, Architect and Engineer, 2914 Pearl Street, Austin, Texas upon deposit of fifty dollars (\$50.00) for each set of documents. Deposit will be refunded to all bonafide bidders upon return of all documents in good, re-usable condition to Architect's office within ten (10) days after date of bid opening. Plans and Specifications may be inspected in the office of the County Judge, the Architect and in various plan rooms within the area.

EXTRA AND PARTIAL SETS. OF PLANS: General Contractors and major sub-contractors (Mechanical, Electrical) will be furnished one complete set of plans and building specifications for refund of total deposit. Extra or additional set(s) will be furnished at the cost of reproduction which will be deducted from the deposit when the documents are returned. Sub-contractors and material suppliers can purchase partial sets of documents by paying the cost of reproduction of drawings and specifications requested.

BID SECURITY: A 5% bid guarantee will be required. Form may be Bid Bond, Certified Check or Cashier's Check payable to Owner.

BIDDER QUALIFICATIONS: The ability of any bidder to obtain a bid bond or contract security bonds shall not be regarded as the sole qualification of such bidder's competency and responsibility, and the Owner reserves the right to request evidence of financial ability.

Wage scale to be paid on this construction as determined by the U. S. Department of Labor is as follows: General Building Basic Hourly Construction Rates Asbestos workers \$5.45 Bricklayers, Stonemasons, Caulkers 6.00 Carpenters 5.60 Cement Masons 4.20 Electricians 6.15 Laborers 2.22 Mason tenders 2.50 Mortar mixers 3.30 Painters, brush 3.88 Plasterers 6.25 Plumbers-Pipefitters 6.00 Roofers 2.86 Sheet metal worker 4.78 Truck Drivers 2.875 Power Equipment Operators: Front end loader 3.00 47-2tc

Buy Preston milk at MITY NICE BAKERY and save. Also sandwiches, coffee, cold drinks to go. 48-3tc

NOTICE OF REWARD I am offering \$500 Reward for apprehension and conviction of guilty parties to every theft of livestock in Crockett County — except that no officer of Crockett County may claim the reward. Billy Mills Sheriff, Crockett Co.

STATE CAPITAL Highlights AND Sidelights by Bill Boykin TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — Plenty of action for the May 4 Democratic primary developed just before last week's filing deadline.

Mrs. Frances "Sissy" Farenthold got into the governor's race against Gov. Dolph Briscoe, and promptly filed a \$3 million lawsuit, alleging he accepted illegal campaign contributions.

Houston lawyer Donald B. Yarbrough filed against State Treasurer Jesse James. Herbert "Peanut" Schroeder of Columbus challenged Agriculture Commissioner John C. White; and C. A. Kelly of San Antonio took on Railroad Commissioner Mack Wallace.

A three-way Democratic race of comptroller was on schedule long before the filing deadline, with Bob Bullock and Howard Edburg of Austin and Buddy F. Kirk of Houston the candidates. Comptroller Robert S. Calvert is retiring.

Lt. Gov. Bill Hobby, Attorney General John Hill, Land Commissioner Bob Armstrong, Railroad Commission Chairman Jim C. Langdon and top appellate judges escaped Democratic opposition. But all incumbent statewide officials (except the judges) will get Republican opposition in November.

Other Republican statewide candidates include Tom Cole of Houston for attorney general; Nicholas Rowe of McAllen for comptroller; Mrs. Mary Lou Grier of Boerne for land commissioner; Robert G. Holt of Amarillo for treasurer; Zack Fisher of Memphis for agriculture commissioner and Joe Cain of Houston for railroad commissioner against Langdon.

Raza Unida Party fielded Ramsey Muniz for governor and Fred Garza for Railroad Commissioner.

Republicans have contests for governor: Hank Grover of Houston, Jim Granberry of Lubbock and Odell McBrayer of Fort Worth; for lieutenant governor: Gaylor Marshall of Dallas and Troy Skates of Austin; and for railroad commissioner: Dale W. Steffes of Houston and John Hall of Weatherford.

Other Republican statewide candidates include Tom Cole of Houston for attorney general; Nicholas Rowe of McAllen for comptroller; Mrs. Mary Lou Grier of Boerne for land commissioner; Robert G. Holt of Amarillo for treasurer; Zack Fisher of Memphis for agriculture commissioner and Joe Cain of Houston for railroad commissioner against Langdon.

Raza Unida Party fielded Ramsey Muniz for governor and Fred Garza for Railroad Commissioner.

6 WAYS TO CONSERVE AND SAVE FOR THE HOMEMAKER 1. Let Nature help you to save on operating costs. (a) Let the sunshine in during winter months to help cut heating costs. (b) Shade your home with trees and shrubs to help cut down on summer cooling costs. Draw draperies against afternoon sun. 2. Be prudent when using appliances. Wash full loads of dishes and laundry, and follow manufacturer's owner-manual for best results. 3. Proper insulation helps secure your home against dirt and noise and defends it against outside heat and cold, offering year round comfort and savings. Insulation can pay for itself in the savings from operating cost in about 1 1/2 years. 4. You purchased fine-home comfort when you bought your air conditioning and heating units. Properly maintained, they offer you years of efficient service. A once-a-year check-up by your dealer pays dividends in savings on operating and break-down costs. 5. For savings on energy, set the thermostat on the temperature setting that provides adequate comfort (the President suggests 68°). Don't continually switch it up and down. Remember, the lower you set the thermostat in the winter the more money you save on energy. 6. Adequate lighting is essential for creating a safe and pleasing environment in every room of your home. Dust and dirt alone cause substantial losses in the amount of light produced. Systematic cleaning is important. Clean lamp bulbs (when they are cool) with a damp cloth. Conserve and save energy by turning lights off in rooms that are not needed. West Texas Utilities Company An Equal Opportunity Employer CONSERVE & SAVE ...use energy wisely!

Algerian Arabs refer to the lion as "Mr. John Johnson."

Sorority News

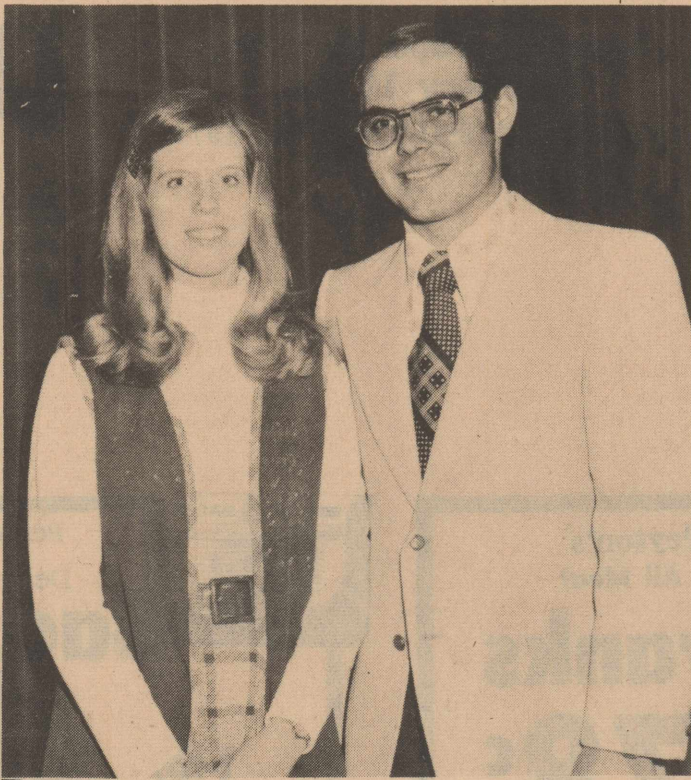

Members of the Alpha Alpha Mu Chapter of Beta Sigma Phi met Monday in the home of Mrs. Tony Allen. Hostess was Mrs. Bob Wallace.

A Ritual of Jewels Ceremony was conducted by Mrs. Tony Allen, president, assisted by Mrs. Jim Leech, Mrs. Jack Bentley, Mrs. Bob Wallace and Mrs. Terry McPherson. The four new members received their Ritual of Jewels Pins during the ceremony.

During the business session, Mrs. Jim Leech, service chairman, reported that a book and magazine cart is being ordered for donation to the Crockett County Hospital. Members voted to bring books and magazines for use by patients and visitors in the hospital.

Mrs. Tommy Wilson presented the cultural program, "Express Thyself," reading excerpts from a book written by Phyllis Diller, entitled "The Complete Mother."

Other members present were Mrs. Joe Boy Chapman, Mrs. Eddy Hale, Mrs. Jim Harrison, Mrs. Johnny Hughes, Mrs. Jim Lott, Mrs. Johnny Meyer, Mrs. Ruben Pena-Alfaro, Mrs. Lane Scott, Mrs. Charles Spieker and Mrs. Alex Valverde.

COUPLE ENGAGED - - - Mr. and Mrs. John Lewis Rogers of Cypress, Texas, announce the engagement and approaching marriage of their daughter, Stephanie Ann to Mr. Michael David Schneider, son of Mr. and Mrs. Charles Lee Schneider of Ozona. The wedding is planned for April 13, in Jersey Village Church of Christ, Houston, Texas.

Formula for Savings

7 1/2 % +  = First Savings

Now you can be a part of our savings success story. 4-year, \$1,000 Certificates of Deposit now earn a higher 7 1/2%. And that's the highest rate you'll find at any financial institution.

Plus, we now offer you 5% 90-day certificates with only a \$500 minimum deposit required.

And, of course, you still get Green Stamps just for saving.*

Passbook savings earn interest daily right up to date of withdrawal. Savings in by the 10th earn from the first and your interest is compounded daily. Come by today and try our formula for saving - and save our Green Stamps. We want to get to know you better.

Annual Rate	Savings Plans	Annual Yield**
7.50%	4-Year Certificates; minimum \$1,000	7.79%
6.75%	2 1/2-year-30 month Certificates; minimum \$1,000	6.98%
6.50%	1-Year Certificates; minimum \$1,000	6.72%
5.75%	90-Day Certificates; minimum \$500	5.92%
5.25%	Passbook Savings	5.39%

Rates and terms negotiable on \$100,000 certificates.
 **Annual yield shown based upon accumulated interest of one year.

NOTE: Existing certificates may be renewed or converted at maturity without penalty, but regulations require that earnings on amounts withdrawn before maturity be reduced, from date of issue or renewal, to the regular passbook account rate at time of withdrawal; plus a forfeiture of a maximum of 90 days' interest at the same passbook rate.

*1) One stamp per dollar deposited (minimum deposit of \$100.00) up to 2,100 stamps, with stamps rounded off to nearest \$100.00. (example: \$150.00 deposit receives 100 stamps; \$151.00 deposit receives 200 stamps.)

2) \$5,000 to \$7,500 2 1/2-year certificate receives 3,600 stamps, 2 1/2-year certificate over \$7,500 receives 4,200 stamps.

3) Stamps will be given for new accounts and additions to existing accounts one time only during the first quarter of the calendar year 1974.

WHITE'S AUTO

910 11th Street

As chief chef at your house, do you have the "blahs?" Here's one solution that may help. Try honey. It's versatile, healthful, and a real treat.

Honey today has all the qualities that have made it a favorite sweet for centuries. But if you're unfamiliar with the product, here are some facts that will help when buying.

Flavor, aroma, and color of honey vary with the kind of flowers from which the bees gather the nectar to make the honey. As a rule, the lightest colored honeys are the mildest. More than half the honey produced in this country is the light colored, mild-flavored sweet-clover, clover or alfalfa honey.

Distinctively flavored honeys are derived from orange and other citrus blossoms, tupelo trees of the South, wild sage, cultivated buckwheat, horse-

mint, basswood and the tulip tree. Probably the darkest table honey produced is buckwheat. A good deal of the honey on the market is a blend of different floral types.

Honey is sold either in extracted form or in the comb. Extracted honey is separated from the comb and is sold in liquid or crystallized form. Honey in crystallized form may be called creamed, candied, fondant, or spread, it has a fine texture, spreads easily and doesn't drip.

Comb honey is sold as section-comb, cut-comb and chunk-honey. Section-comb honey comes in the frames in which the bees stored the honey. Cut-comb honey has been taken out of the frames, cut in pieces, and each piece wrapped separately. Chunk honey is packed in a jar or other container and consists of pieces of comb combined with liquid honey.

Honey may darken or crystallize as it gets older. Although it may become stronger in flavor, it will still be usable. It can be brought back to liquid form by placing the container of honey in a pan of warm water and leaving it until the crystals disappear. If heating is

necessary, raise the container off the bottom of the pan by putting a rack under it and set the pan over low heat. Do not overheat. This will cause honey to change color and flavor.

Extracted and comb honey should be stored in a tight container in a dry place at room temperature. Creamed honey may be kept at room temperature or in the refrigerator. Creamed honey may partially liquefy if stored at too high a temperature. If honey has been diluted with water or other liquid it should be kept in the refrigerator. If it is not kept cold it may ferment or mold quickly like other thin syrups.

The uses for honey are numerous. Use it "as is" with bread, toast, pancakes, or waffles. Mix it with butter or margarine for honey spread. Or make a peanut butter-honey spread by mixing equal parts honey, peanut butter, and butter or margarine.

Honey is delicious as a topping for ice cream or fruit salad desserts, or used as the sweetening agent for whipped cream. It can be used as a sweetener on cereals or in beverages or, it can be used in baking cakes or cookies. And don't forget glazes. Honey makes a great glaze for ham.

When using honey in cakes or candies it is best to stick with recipes developed especially for use of honey. Cakes and cookies made from honey remain moist in storage.

Tips For Gardeners

From the Ozona Garden Club by Mrs. Bailey Post

If weather permits, February is one of the busiest months of the year for the gardener.

First your soil and flower beds need to be conditioned and ready for new plantings. Over town I notice many working the soil for vegetable gardens. They will be ready to absorb rainfall when it does come.

If you have a place to plant seeds of flowering bedding plants and vegetable seed for indoor planting, to be ready for outdoor transplanting when warm enough, this should be done now. Some of the slower growing annuals are coleus, dusty miller, geranium, lobelia, periwinkle, petunia and verbena. Vegetables include tomatoes, eggplant, peppers and broccoli. Later this month these annuals and perennials may be sown directly into flower beds. Balsam, calendula, four o'clock, gloriosa, daisy, gypsophila, hollyhock, snapdragons, nasturtium, annual phlox, pinks and californian poppy. Vegetables to be planted outside soon are beets, carrots, mustard, radishes, spinach, turnips and the flowering kale and cabbage.

Perhaps these suggestions for planting trees and shrubs will help new gardeners:

1. Locate trees in a sunny, open area in well-drained soil.
2. Prepare the beds or planting holes well in advance of planting. Add peat, compost or

other organic matter to soil to insure good drainage, aeration and water retention.

3. Prune damaged roots and branches prior to planting. Cut back top growth to compensate for root damage and to encourage proper tree structure.
4. If bare-root plants appear dry, soak roots in a pail of water overnight or for several hours prior to planting.
5. Plant the tree or shrub at its normal growth depth--not too deep, not too shallow.
6. Firm soil around roots to eliminate air pockets; water well.
7. Withhold fertilizer from newly planted trees. Allow them to become well established before feeding.
8. Stake the trees if necessary to avoid movement and damage to the root system.

Some prune roses now, but I wait until March 1 to 15. We usually have later hard freezes that will kill fresh growth and have to prune again. Do not prune climbing roses in the same manner as bush roses. Since climbers produce roses on the previous year's growth, wait until after blooming to prune them. Old canes and dead wood should be removed.

If dry weather continues, trees and shrubs need to be kept well watered, also grass.

THE QUEST FOR NEW TRAILS

The history of man is a story of progress. Each of its thousands of volumes could bear one common title: **The Quest for New Trails.**

Even in childhood we display this strange genius which has brought us from primeval forests to this atomic age. We love to penetrate the untouched spaces . . . to open trails where none have ever been.

But this quest could destroy us more rapidly than it has profited us. History recounts the fall of many a civilization too busy with its search for new trails to understand its deeper needs.

For man can truly progress only when his spiritual growth keeps pace with his cultural and scientific advancement.

Or, bluntly, the future of this young Arctic explorer and of his world depends on the Church. The truths of God are unchanging—and ever more essential—as we seek new trails into the Unknown.

Washington News Letter

by Congressman O. C. Fisher

An old Arab proverb says "Politics and oil do not mix." But since last Fall the Arabs have deviated from that axiom, playing a political game with favored and disfavored countries.

Here in Washington the mixing of oil and politics has been going on for years. Politically-inspired federal controls of natural gas at the wellhead and interstate pipelines, along with stringent ceilings on the price of crude oil, have combined to reduce production steadily for several years. Politicians wanted consumers to think that by following this course they were doing the public a big favor. Unfortunately, it has worked the other way.

The best current estimates are we produce about 11 million barrels of oil daily, and consume on the order of 18 million--leaving a shortfall of 2.7 million barrels, after accounting for current imports.

We have lost up to two million barrels a day by the Arab boycott. We have lost prospects for about two million barrels a day that would flow through the Alaska Pipeline, had it not been delayed several years by litigation of environmentalists.

Televised blasting of a few major oil companies will not produce any oil and gas, but it helps presidential hopefuls and others to find a scapegoat for our dilemma.

There's blame enough for all. The fact is that we have been consuming more energy than we needed to. Emission controls, ordered by EPA, have upped gasoline consumption, and such controls should be delayed. More nuclear plants should be permitted. Research on gassification of coal and shale is to be increased. The oil industry should be unleashed by providing the necessary profit incentives to encourage more drilling. In short, we should do less fault-finding and more oil and gas finding. Maybe the Arabs were right: too much mixing of oil and politics undoubtedly helped bring on the crisis.

Continued public cooperation in conservation fuels, and hopefully a lifting of the embargo, will enable us to eventually get back to normal.
