## New Museum Advocated By Planning Group

Interest in a new museum for Crockett County continues to grow, following the priority given to this project at the recently held Bi Centennial Planning Meeting.

On Sunday afternoon a second meeting of the Steering Committee, Museum Board members, and other interested individuals, was held in the courthouse to discuss ideas for the project and to hear from Mrs. Sherrell, museum consultant with the Texas Historical Commission, Austin. Mrs. Sherrell was enthusiastic about the possibilities in Ozona.

The group voted to proceed to explore the feasibility of building a new courthouse for Crockett County and converting the present one into a museum and possibly a public library. It was pointed out that the present courthouse annex, the old Methodist Church building which was destroyed by fire, is no longer structurally sound and that county office space is crowded and scattered.

In the near future an architect from the Texas Historical Commission will visit Ozona and share his ideas about the use of the present courthouse for a museum-library complex.

A motion was made, and carried, that after all information possible is gathered and consultation with the County Commissioner's Court held, a town meeting be called to further explore the feasibility of proposed plans and determine the will of the citizens. It is the purpose of the committee to keep the people informed

## Eight Local Lovelies Vie For Rodeo Queen

Eight high school girls will be contestants for Queen for the annual junior rodeo which will be held August 2-3. The eight lovelies will be seen in the parade Friday afternoon and will be introduced each performance during the rodeo.

Reigning Queen Sally Bailey will crown the new queen, who will be selected by five judges, four from out of town. The queen will be selected on her abilities in horsemanship, showmanship, poise and appearance. Her coronation will take place at the halfway mark in Saturday night's show. Miss Bailey will lead the parade Friday and the Grand Entry each night. She will also be responsible for the order of presentation of the queen contestants.

Helen Bunger is sponsored by Spencer Welding and is the daughter of Mr. and Mrs. George Bunger, Jr. Helen is a 16-year-old sophomore student.

Luann Perner, 17-year-old junior and daughter of Mr. and Mrs. Sam Perner will be sponsored by Pioneer Natural Gas.

Karen Kirby, a sophomore and 15-year-old daughter of Mr. and Mrs. Dick Kirby will be sponsored by B&C Automotive.

Decklyn Cain, sponsored by Marg's Beauty Cottage is a 15-year-old sophomore and the daughter of Mr. and Mrs. Lonye Cain.

Dawn Burns, a 17-year-old junior and daughter of Mr. and Mrs. Glenn Burns, has Westernman Drug for her sponsor.

Marsha Kirklen, daughter of Mr. and Mrs. Sonny Kirklen, a 14-year-old sophomore, is sponsored by Stuart Motor Co.

Lynn Maness, daughter of Mr. and Mrs. Weldon Maness, a 17-year-old junior, will be sponsored by Dupson Engine Supply.

Mrs. Mike Clayton is assisting Miss Bailey with the queen contest and activities connected with it. The girls will be guests of the Ozona Lions Club, rodeo sponsor, at its weekly luncheon Thursday. During rodeo week the girls will be honored with a party at the Bob Bailey ranch and a barbecue at the home of Mrs. Boyd Clayton.

## Mrs. K. Kiser Celebrates 102nd Birthday

Mrs. Katie Kiser, mother of E. J. Kiser of Ozona, celebrated her 102nd birthday Sunday in the Sonora Nursing Home. A party was given in her honor at 3 p.m.

She was born July 21, 1872, at Fort McKavett. She was married in 1888 to J. L. Kiser at Ft. McKavett. They had eight children, three of whom are deceased.

Mrs. Kiser moved to Ozona some years ago after her husband's death and resided here with her son until moving to the Sonora Nursing Home

## Utility Line Interrupts Phone Service

Long distance service in Ozona was interrupted Monday afternoon from 1 until 2:15 due to a 7,200 volt power line coming in contact with the telephone facilities. The power line crosses General Telephone facilities and Highway 163 at the Big O Theatre.

Heat expansion was given as the cause. According to Melton Field, West Texas Utilities manager, utility lines expand in extremely hot weather and tend to become taut in cold weather. During the hot days and hot nights experienced in this area recently the aluminum lines have expanded greatly while the steel telephone lines, which are grounded do not vary and are taut all year long.

## Annual VFW Banquet Held

The annual commander's banquet was held Saturday night at the Ozona Veterans of Foreign Wars Post with a relatively small crowd on hand for the festivities.

Following the barbecue dinner with all the trimmings, presentations were made. Past District 22 Commander Larry Albers presented the new District Commander W. L. Hicks of San Angelo, also new District Quartermaster Ray Dickens of San Angelo. A plaque was presented to Mrs. Tom Montgomery in appreciation of the Ozona Stockman coverage of the various VFW activities.

## Ozona Little League All-Stars Beat Sonora But Lose To Pecos

Ozona's Little League All Stars won their first play-off game Thursday night against Sonora 9-3 and lost Monday night to Pecos 12-2. The loss marks the end of the season for the Ozona stars.

Ozona played an outstanding game against Sonora, but just couldn't get their hitting game together with Pecos and errors pushed the Pecos score up. Freddy Garza pitched the first four innings and Gilbert Gomez finished the game for Ozona.

It was 1-1 at the end of the first inning and neither side scored in the second. However, Pecos scored three runs in the top of the third, including a 2-run homer. Ozona tried to overcome in the bottom of the inning when Philip Thurman hit a homer, but were unable to click and Pecos pulled away after that.

Thurman led the hitting for Ozona with his homer and a double. Jeffrey Young scored the first run. He got a base hit, stole second and third and a hit by Roy DeHoyos brought him home.

The game with Sonora was an entirely different story.

## Summer Coming To End For Ozona Students

Summer is fast coming to an end for Ozona school children. School will begin Monday, August 19, for the first full day of classes for all grades.

Ozona High School students will begin registering August 6 at the high school with the high school counselor Jack Probst. This year registration will be conducted alphabetically as well as by classes.

The following schedule has been set up. High school students and their parents are asked to take note of registering times as applies to them.

- Tuesday, August 6, Seniors:
  - 8-9 a.m. - A - C
  - 9-10 a.m. - D - G
  - 10-11 a.m. - H - J
  - 11-12 a.m. - K - O
  - 1-2 p.m. - P - S
  - 2-3 p.m. - T - Z
- Wednesday, August 7, Juniors:
  - 8-9 a.m. - A - C
  - 9-10 a.m. - D - F
  - 10-11 a.m. - G - H
  - 11-12 a.m. - I - L
  - 1-2 p.m. - M - O
  - 2-3 p.m. - P - R
  - 3-4 p.m. - S - Z
- Thursday, August 8, Sophomores:
  - 8-9 a.m. - A - B
  - 9-10 a.m. - C - D
  - 10-11 a.m. - E - G
  - 11-12 a.m. - H - K
  - 1-2 p.m. - L - M
  - 2-3 p.m. - N - S
  - 3-4 p.m. - T - Z
- Friday, August 9, Freshmen:
  - 8-9 a.m. - A - C
  - 9-10 a.m. - D - F
  - 10-11 a.m. - G - H
  - 11-12 a.m. - I - L
  - 1-2 p.m. - M - P
  - 2-3 p.m. - Q - U
  - 3-4 p.m. - V - Z

Under threatening skies and blowing dust Thursday night the game got under way with Jeffrey Young at bat for Ozona with Sonora taking the field. On the "play ball" signal, Young took a vicious swing at the first ball thrown and sent it sailing out of the park for a home run. A strike out with one forced out trying to steal gave the local boys two outs and the final batter hit a pop fly to retire the side.

Sonora came up to bat with Joe Rebelez on the mound for Ozona. He struck out the first two batters and Ray Ramos made a great catch in left field for the third out to retire the side, resulting in a 1-0 lead for Ozona.

With two outs and two men

on Young steps into the batter's box and after a 1-1 count connects for another homer, scoring three runs. Freddie Garza hit a pop fly to retire the side.

The first Sonora batter hit a long fly ball to center field and fans held their breaths, but Gary Yeager came up with a magnificent catch for the out. Rebelez struck out the second Sonora batter and the third grounded out to first base for three up and three down. Ozona led 4-0 at the end of the inning.

The Ozona lads outdid themselves in the top of the third inning. Larry McMann was up first and drew a walk. Philip Thurman knocked it out of the

## Cheerleaders To Hold Car Wash Monday

In their first money-making endeavor of the new school year, the Ozona High School cheerleaders will have a car wash Monday, July 29, at both Maness Texaco and Sutton Chevron stations.

The girls will charge \$3 per car for a wash job and to clean the inside. Customers may call either station for pick-up and delivery service. The girls will begin at 10 a.m. and continue until they have finished with all orders.

Money raised will be used for materials and the many projects the girls plan for athletic events throughout the year.

Cheerleaders this year are Bobbie Jones, Head cheerleader, Sally Bailey, Debra Clayton, Ann Tillman, Sylvia Flores and Lupe Tambunga.

WHACK! AND ITS A HOME RUN -- Through the fence the camera catches Jeffery Young as he hits the first ball pitched in the first all star play-off game against Sonora last Thursday night. He did a repeat performance in the second inning. Ozona little league all stars went on to beat the Sonora stars 9-3. Hitting a total of six home runs in the game.

## Dry Weather Sees Increase In Grass Fires

Dry weather and intense heat is taking its toll in grass fires in the area. During the past week the Ozona Volunteer Fire Department was called out seven times for grass fires in the county and nearby.

Three units of the department rushed to the P. L. Childress Turkey Roost Ranch around 9:30 Tuesday night where a large grass fire blazed out of control. Besides the Ozona men, there were three units from Eldorado and numerous sprayers assisting in bringing the fire under control. The fire consumed several sections of grassland.

Wednesday afternoon at 4:30 one truck from Ozona went to assist the Sonora Fire Department with a large grass fire 20 miles east of Sonora. Again several sections were

(CONTINUED ON LAST PAGE)

## Crockett County Oil & Gas Income Jumps

economic gains will evaporate," Hunt said.

The Association's study shows that crude oil and natural gas produced last year in Crockett County was valued at \$52.7 million, ranking the county 33rd in the state. Crude oil production of 7.3 million barrels was valued at \$27.9 million and 130.4 billion cubic feet of natural gas at \$24.8 million.

Statewide, crude oil prices for 1974 are estimated to be some 74 percent higher than 1973. This expectation has stimulated a revival of drilling in Texas, with well completions the first five months of 1974 at 4,013, a 19 percent jump over the same 1973 period.

From the county's 1973 output, the State of Texas collected \$1.3 million in oil production taxes and \$1.9 million from natural gas.

OZONA HIGH SCHOOL BAND TWIRLERS are ready for the fall school term. The four girls returned last weekend from twirling camp at Texas A & I University where they won first place in the skirts competition, and Nancy Womack, head twirler, (standing left) was presented with the Best Camper Award. The other twirlers are Suzanne Williams, standing; Decklyn Cain, seated left, and Virginia Henderson. The girls will be performing with the band behind drum major Karen Moody.

ALCOHOLISM IN AMERICA

The newly released Federal report on alcohol and health is full of bad news for America: heavy drinkers are much more likely to get cancer of the mouth or throat; alcohol costs the country more than \$25 billion annually in the form of lost work, auto accidents and medical bills; and heavy drinking is alarmingly on the rise among teenagers.

Citing a random sample of 10,000 junior and senior high school students — the largest sample ever taken — the report says both the frequency of drinking and the amount consumed has skyrocketed during the past three years, from 1970 to 1973. Usage among boys increased from 50 to 77 percent; among girls from 38 to 67 percent.

Dr. Morris E. Chafetz, Director of the National Institute on Alcohol Abuse and Alcoholism which released the report, noted that some nations in which the populations use alcohol widely do not experience similar alcoholic problems. "In these societies, alcohol is typically consumed under clear, well-defined guidelines, in a family or relaxed social environment that stands in sharp contrast to... the American bar, or the tense atmosphere of the American cocktail party. Above all, drunkenness is condemned, and drunk behavior is not tolerated.

"On the other hand, our American society has persistently used alcohol as a universal solvent for human problems. We have long viewed drunkenness as a humorous condition to be condoned instead of a serious state of sickness to be avoided."

Dr. Chafetz said a person may know that he or she has a serious problem with alcohol if that person: has been intoxicated four times in one year, goes to work intoxicated, or does something under the influence of alcohol that he or she wouldn't do without its influence.

We believe Dr. Chafetz and the Institute are on target in their efforts to combat this critical American problem. In addition to calling for expanded and innovative ways to care for the casualties of the disease, Dr. Chafetz concludes that we must establish "socially responsible guidelines" to help our citizens avoid dangerous drinking practices.

We echo his call for key elements of the nation's private sector — including the liquor, entertainment, education, health, and advertising industries — to plunge into this effort.

WHO'S TO BLAME FOR INFLATION?

The widely quoted statement by Economic Adviser Herbert Stein that "the public's at fault" for inflation has stirred a storm of controversy, both here and abroad. Before we comment further, it might be well to record exactly what Mr. Stein said. First of all, he did not, as reported in some circles, suggest an increase in taxes. What he did say was that he would not approve such actions as cutting taxes for Americans, because "we should not be putting \$5 billion or \$10 billion in their hands which they'd only go out and spend."

And, in response to a reporter's question, "Is the public at fault?" Mr. Stein replied: "In a basic sense this is true... if people have endless demands, we will have increasing inflation..."

What Stein had to say was economically accurate — but only in a limited sense. The "basic" he was talking about was nothing more than the old law of supply and demand; the less the supply and the higher the demand, the higher the price; the more the supply and the less the demand, the lower the price will be. This law applies to everything from peanuts to elephants. If, for example, there is a large supply of elephants but very few people want elephants, then the price of elephants is going to be very low — and vice versa.

Mr. Stein was also correct in stating that if another five or ten billion dollars were to be put into the hands of the public through tax cuts, then inflationary trends would increase.

What Mr. Stein did not say, however, (because he was not asked?) is that the greatest cause of inflation is not the public, but the government.

In the fiscal years 1970 to 1975, the Federal Government will have spent \$133 billion more than it took in — not just five or ten billion a year, but well over \$20 billion a year in "phony money"; borrowed dollars, not created by increased production but printed to cover government spending.

So who is to blame for inflation? Well, among others, the Republican-Nixon administration is to blame for submitting a Federal budget each year unbalanced to the extent of anywhere from \$15 billion to \$25 billion.

Congress is also to blame for increasing the deficit far beyond that originally recommended by the Administration.

In addition, the massive, non-elected government bureaucracy is to blame for exerting terrific lobbying pressures upon Congress to steadily increase their budgets, and strenuously resisting attempts to cut back manpower and costs from existing levels.

"Special interest groups" — including the "liberal" bloc — are heavily to blame for demanding more and more government bureaus and services, without telling the people that if the increased costs are not covered by increased taxes, their dollars will shrink in value.

And, finally, we suppose, the public is to blame for not insisting that each and every Congressman vote NOT to spend more dollars than the Government takes in through taxes. So long as Congress continues to spend more money than we have, and so long as their constituents do not take corrective action by voting such Congressmen out of office, then inflation will continue. This is the law of supply and demand in the free market.

THAT'S A FACT ONE ON ONE! FOR EVERY KERNEL ON EVERY EAR OF CORN... THERE IS A SEPARATE SILK STRAND! DAY TO DAY... LIVING CAN EAT UP A LOT... INCLUDING THE MONEY YOU SET ASIDE FOR THE FUTURE! STATE CAPITAL Highlights AND Sidelights by Lyndell Williams TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — Oklahoma temporarily stopped movement of Texas cattle into the neighboring state due to an outbreak of dread anthrax in Falls County.

About 200 animal carcasses have been burned in the county since the anthrax quarantine was imposed June 28. The quarantine covers only that portion of the county east of the Brazos River.

A USDA spokesman said "suspected" cases were discovered in surrounding Texas counties and in an Oklahoma City stockyard.

Animal Health Commission officials recommended continued vaccination of cattle in Falls, McLennan, Leon, Freestone, Robertson, Bell, Milam, and Limestone counties. They were optimistic about control of the outbreak.

Oklahoma first placed an embargo on Texas cattle, then limited it to movement from the eight counties.

About 300,000 cattle were scheduled for vaccination in the Central Texas area, and only 250,000 doses of the vaccine were initially available.

An estimated 110,000 head of animals were in the quarantined zone. Forty-one roadblocks were established to prohibit movement.

Texas National Guard, the Department of Public Safety and the State Department of Agriculture assisted in efforts to control spread of the disease.

ALLOWABLE SET — The Railroad Commission once more set the statewide oil allowable at 100 per cent, amid reports Texas is leading all other states in the search for oil and gas.

Texas has been operating under wide-open production orders for more than two years.

Commission Chairman Jim Langdon said the agency has handled 10,600 drilling applications this year, compared to 6,600 by July of 1973. The number of drilling rigs has increased 42 per cent from a year ago — to 511 on location — twice as many as any other states, according to Langdon.

Thirty five percent of active rigs in the national are in Texas, by Langdon's count.

CONVENTION NEARS END — Whether delegates ever agree on a new state constitution or not, the Constitutional Convention of 1974 is about to wind down.

July 30 is the deadline for completion of the revision effort.

Delegates continued in pursuit of illusive compromise, voting down proposal after proposal, yet knowing that by the end of the month they probably would accept a revision package, like it or not.

ABC ADMINISTRATOR RETAINED — Alcoholic Beverage Commission Administrator O.N. "Newt" Humphreys Jr. weathered another effort to oust him from his \$28,500-a-year job.

ABC Member R.L. Thornton Jr. of Dallas, for the second time, failed to get a second motion to fire Humphreys. Thornton made his first move last May.

THE NEWS REEL A re-run of "The Ozona Story" as gleaned from the files of "THE OZONA STOCKMAN"

July 26, 1945 Rev. Wm. B. Waldrop, pastor of the First Baptist Church since January of this year, has submitted his resignation to accept the pastorate at Park Avenue Baptist Church in Bal-linger.

29 years ago Sgt. and Mrs. George E. Schulz of San Angelo are parents of a daughter, Jean Ann, born July 23 in a San Angelo hospital. Maternal grandparents are Mr. and Mrs. Hubert Baker.

29 years ago Bryan McDonald, Billy Joe and Donald McDonald, are here this week from Canyon for a visit with relatives.

29 years ago Pvt. Alejos Lara, who was seriously wounded in the battle for France, is a visitor here this week on leave from Fort Sam Houston general hospital.

29 years ago Capt. Logan Ritchie, B-26 bomber pilot who flew 62 missions against the Germans from a 12th Air Force base in Sardinia, was a visitor here last week. Capt. Ritchie is a nephew of Mrs. Coralie Mein-ecke.

29 years ago Highlighting the Sunday roping this week was a match roping contest between Sgt. Lanham Riley, Goodfellow Field, and Vic Montgomery, with Montgomery shading the soldier cowboy to win by a margin of only 2.9 seconds.

29 years ago Mrs. William Clegg, daughter of Mr. and Mrs. Ira Carson, has returned to Ozona from Ft. Myers, Fla., where she has been with her husband, Lt. Clegg, AAF Pilot. Lt. Clegg has been transferred to Nebraska.

29 years ago Neil Bromley, who operates a fleet of livestock trucks serving ranchmen of the Ozona area, has purchased the Leath Service Station.

29 years ago An architect's drawing of the exterior design of the new Methodist church members hope to erect when labor and materials are again available is being studied. The sketch is on display at the Methodist Center.

29 years ago George Semme, with his fiddle, and Hubert Baker with his guitar provided a program of break-down music for the entertainment of members of the Rotary club at its meeting Tuesday.

Washington News Letter by Congressman O. C. Fisher

Public Notice

The Notice of Hearing issued by the Railroad Commission of Texas in Gas Utilities Docket #559 relating to the increase in rates for natural gas service in the unincorporated city of Ozona, Texas, has been corrected to read that the hearing will be held on the 9th day of August, 1974, at 9 a. m.

The original notice incorrectly stated the time as 9 p. m. PIONEER NATURAL GAS CO. 20-1tc

USE OUR WANT ADS CECIL WESTERMAN Would Like To Be YOUR Pharmacist PH 392-2608

Unclaimed Refunds In Texas Over 18,500

More than 18,500 undelivered income tax refund checks are waiting for Texans to claim, the Internal Revenue Service says. The number grows annually. Of that figure 8,003 are from this year's crop of returns.

Truck-Bus Owners Must Pay Hwy. Tax

Owners of certain trucks, truck-tractors and buses that use the public highways are liable for federal highway use tax and IRS has announced that notices of possible delinquency have been mailed to about 5,000 Texas truck and bus owners.

The tax applies to trucks weighing 13,000 pounds or more, truck-tractors of 5,000 pounds or more, and buses that use the public highways. Bus tax is figured on gross weight starting at 26,000 pounds. For trucks, the amount of tax depends on the number of axles and weight of the vehicles.

The nation's tax collectors matched their highway use tax records with state truck registration records to come up with the listing of potential nonfilers. The return is due by the end of the next month after a truck is driven on a public highway.

The mailing is the first stage of a nationwide compliance program, the Internal Revenue Service says. In a few days, the names of truck owners who do not respond to the notice will be referred to district offices. Truck owners will then be personally contacted to clarify the tax status of the vehicles in question.

According to the federal tax agency, a person who receives a notice but is not liable for the tax should provide the information requested in the notice and return it to IRS.

Truck owners who recognize that they are delinquent should not wait to be contacted, but should file a return immediately to avoid additional penalties and interest, IRS says. IRS Publication 349, "Federal Use Tax on Trucks, Truck-tractors and Buses," furnishes detailed information on the subject. It is available free at IRS offices.

Washington News Letter by Congressman O. C. Fisher

The Gulf Coast tick, scourge of cattle raisers and game conservationists, may soon be brought under effective control as a result of experiments being conducted at the U. S. Livestock Insects Laboratory at Kerrville.

Drawing upon the technique which played havoc with the screwworm, the scientists are successfully experimenting with the use of pheromones to disrupt mating behavior and for trapping and surveying the pests.

For a period of 10 years studies have been conducted of pheromones of insect species, but in the past a study of these chemicals on the behavior of ticks has been lacking. These recent tests are reported to be very encouraging and hopefully may eventually spell the doom of Mr. Tick.

Among the researchers engaged in this break-through effort are entomologist William J. Gladney, chemists Rolland R. Grabbe and Delbert D. Oehler, and biological technician Stanley E. Ernest. These determined specialists are entitled to much credit for what they are doing.

Spending freely, . . . . . The press reports that Federal Judge John Sirica, who seems to have assumed the dual roles of judge and prosecutor in the Watergate cases, got worried because one of the some 600 presidential tapes contained an 18 1/2 minute skip. The judge, using federal dollars, hired some "experts" to try to figure out what caused the skips-malfunction, as some authorities contend, or erasures. The judge's technicians reported back they thought erasures did it — and attached a bill for \$100,000 for services rendered! Now it's reported his Honor doesn't know what to do with the report.

The most common reason for an undelivered check, A. W. McCannless, IRS District Director for North Texas explained, is that the taxpayer moves and leaves no forwarding address with the U. S. Postal Service.

The Director said that a taxpayer who is due a refund from either 1972 or 1973 tax years should call IRS if he has not already recently contacted the service on this subject.

In a case where the taxpayer suspects that his check may have been lost or stolen, the Director urged the person to telephone IRS as soon as possible so that action can be taken to trace the missing check.

McCannless stressed that in all refund inquiries to the IRS, the taxpayer should provide the name and address as it appeared on the return, the actual name and address if different, the social security numbers, and the type of form filed.

IRS can usually re-mail an undelivered refund check within a few days to the new address, he said. However, after October 1 all undelivered refund checks are cancelled. IRS must then follow a more time consuming procedure to issue checks in response to inquiries.

Dallas taxpayers who suspect that they have an undeliverable refund check due them should call 742-2440. Fort Worth residents should call 334-3811. All other North Texas residents can use the IRS toll-free number 800-492-4830.

THE FAMILY LAWYER

Off Guard Erma was all too familiar with the cracked floorboard in her apartment, and she usually stepped over it with care. But one day her attention was diverted by her pet parakeet, as it made a sudden beeline for an open window. Momentarily off guard, Erma tripped on the floorboard and sprained her ankle.

Washington News Letter by Congressman O. C. Fisher

Could he collect damages from her landlord for not keeping the apartment in good repair? In a court test, the landlord argued that Erma herself was guilty of negligence for forgetting about the faulty condition of the floor.

But the jury absolved her of negligence and granted her claim. Reason: the "distraction doctrine." Under this doctrine, behavior that would ordinarily be considered negligent may be excused if the person's attention was distracted from the danger.

But not every kind of distraction is enough to constitute an excuse. It must be quite sudden, quite unusual, and quite compelling. Something less won't do. Thus:

A shopper in a supermarket noticed a loose carton on the floor ahead of her. Just before reaching that spot, she paused to commiserate with a friend about rising prices. By the time she started walking again, she had forgotten about the carton — and proceeded to fall over it.

"It was her own fault," said the market when she sued for damages. And this time, the court agreed. The court said a friendly chat was not a compelling enough distraction to justify forgetting about such an obvious danger.

What about traffic noises that distract a pedestrian? That will not ordinarily be enough to excuse negligence.

A man who stumbled on a broken curbing claimed afterward, in suing the city, that the rumble of an oncoming car had diverted his attention. But a court held this to be no excuse.

"The sound of automobiles," said the judge, "is hardly an uncommon occurrence in urban America. City inhabitants should not be diverted by ordinary city traffic."

### Debra Says

by Debra Price HD Agent

Parents can do more than anyone else to encourage their child's creative ability. There are several ways parents can help young people respond creatively.

--Provide an atmosphere in which each child is accepted as he is and in which he feels he belongs.

--Help each child understand and accept himself and his own thinking.

--Build each child's confidence. Encourage him to try, and to accept his results, whatever they may be.

--Provide each child freedom--not freedom from responsibility, but freedom to explore, to experiment by himself with his environment--freedom to learn.

--Reward the inventive, the different. Don't always follow a prescribed formula rigidly--leave room for new things to happen and develop.

--Always search for alternatives, and help each child find "other ways." Encourage him to look beyond the obvious.

--Listen to each child. Understand his thinking and feeling. See how the situation or problem looks to him. Show empathy.

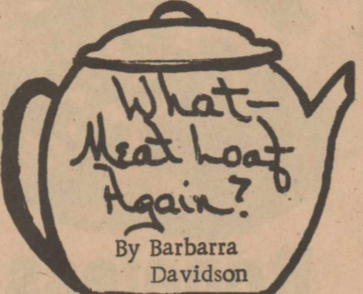

The following helpful hints are on childcare:

Sugar Shaker--Let children use a large saltshaker for sprinkling sugar on cereal--eliminates messy spills between sugar bowl and cereal bowl.

No slip highchair--place rubber bath tub appliques on the seat of a highchair to keep baby from slipping down.

Recycled wraps--leftover wrapping from showers and baby gifts can be used to line baby's drawers and shelves and cover tissue boxes or shoe boxes for storage.

Puff power--use a powder puff to powder your baby instead of shaking the can over his body. The powder won't fly into the baby's mouth and irritate lungs.

#### TEXAS HASH

- 1 lb. hamburger
  - 1 to 1 1/2 c. cooked rice
  - 1 can cream of mushroom soup
  - 1 pt. can tomatoes
  - 1 medium onion
  - cheese slices
  - olives or jalapeno peppers
  - Brown hamburger and onion.
- Add rice, soup, tomatoes and seasoning (I use chili powder, garlic salt and coarse ground pepper); simmer a few minutes. Put in casserole dish, top with cheese slices and olives or peppers and bake at 350° F. for 15 minutes or until cheese is bubbly.

### Tips For Gardeners

From the Ozona Garden Club by Mrs. Bailey Post

That 20 or 30% chance still hasn't brought us the rain everyone needs and wants. Sometimes a no chance forecast produces the best rains, so let us hope one or the other will give us moisture soon. Though short of rain, the yards in Ozona are holding up well, are still colorful, and show they are having tender loving care and attention.

If you want more coolness in your garden, plant one or more vines. They take up very little ground space and can be supported on a wall, an arbor, dead tree stump, fence, and other attractive structures. You may select from a wide range of vines that are not too difficult to grow, and give you great pleasure.

These plants may be planted in July if you shade them for a week or more, and keep them moist as needed. Gardeners can select from a wide range of vines.

Clematis will do well here if its roots are shaded, with plenty of sunshine on the vine--especially in the morning.

Wisteria, once established, grows rapidly and will quickly cover an arbor or trellis. You will enjoy its huge lavender flowers in the spring, in summer the heavy foliage is dense and cooling, in the winter the branches make an interesting silhouette, and are used for lime material in arrangements.

Other favorite vines are the morning glories, English Ivy, star jasmine, Carolina jessamine, jack beau, lace vine, and the beautiful queens wreath now in bloom in several gardens.

Another very effective greenery for the garden, porch or indoors are fern balls. They may be purchased already established at nurseries, or you can make your own. They

PARTICIPATING IN THE 24th annual Twirling and Drum Major Camp at Texas A & I University in Kingsville July 14-19 are (l-r) Virginia Henderson of Ozona and Joan Carter, instructor, of Houston.

can take a little sun and wind. To have them grow into a true ball, turn them each day or so to make fronds grow out evenly. An attractive variety is the dormant Davallia buttata.

You can buy wire baskets to make into fern balls, but they are more bowl shaped than round. A round basket can be made of one-inch chicken wire bent into a cylinder about nine inches deep and eight inches across. Wire another piece to the bottom of the cylinder. Then paint the wire with dark reddish brown rust proofing paint. This preserves the wire, and makes it practically invisible when filled with sphagnum moss. Put a layer of the moss 1/2 to 2 inches thick, including the bottom. Fill the remaining space with a mixture of leaf mold and vermiculite. Pieces of fern

rhizome are planted in the soil mixture rather thickly, leaving any long ends to hang over the side. Pieces may be put in the sides and bottom. Fasten rhizomes to the moss with hairpin shaped wire sturdy enough to hold them firmly. Then hang in a sheltered place and keep well watered. It does not take long for growth to start. Once they begin to grow, fertilize with liquid fish emulsion once a month. They are attractive even though only a few fronds may appear for a year or two.

Wonderful business opportunity for couple or family. Prosperous, growing bakery in Ozona. Possibility for a route to ten towns. Priced to sell immediately because of owner's health. No experience necessary. Will train. Mity Nice Bakery, Ozona, Texas. 392-3322. 19-tfc

Must pick up small piano and Hammond organ by July 30. Will allow person with good credit to assume payments on either piano or organ or both. Call or write American Music Co. 207 E. 8th, Odessa, Texas 79761. Ph. 915/332-2711 19-2tc

### Miss Simon's Engagement Announced

Dr. and Mrs. Ralph E. Simon, Jr., announce the engagement and approaching marriage of their daughter, Madelyn Ellen, to Mr. David Lee Shelton, son of Mr. and Mrs. James Lee Shelton of Duncan, Okla.

The couple plans a late summer wedding.

The Simons lived in Ozona for many years where Dr. Simon was in general medical practice. They moved from here to El Paso about ten years ago.

### CARD OF THANKS

We are inclined to forget what warm friendships and concern can mean to others until we are on the receiving end ourselves. It certainly makes one feel humble. I'm grateful for the flowers and cards, prayers, visits and phone calls, and the offers of help at the station and at home. Dr. Blanton and the hospital staff cannot be beat when it comes to giving care and attention. Thank you, Ozonans, for all you have done to show you care when a fellow citizen is "out of commission" for a while.

Sincerely, George Glynn

### LIFE IS FULL OF QUESTIONS

One of the most common we spell with just three letters, W-H-Y. As children we want to know the reason for everything. Why is snow cold, or sugar sweet? We grow into adolescence and the question is usually linked with restrictions: Why can't I? In maturity there are more and greater problems to solve, troubles and disappointments to overcome. And still we ask the age-old question, "Why?"

The Church knows our questions and our problems and invites us to come, bringing them with us.

In the Church we find new friends. Many of them have known sorrows and disappointments and through their faith have found courage. They will inspire us to try again.

Still more important we can learn to know the Christ. In His Divine wisdom He holds the answers to life's questions. In His love He invites all who need His help.

BY FAR THE BEST LOOKING GAS PUMPER IN TOWN is Debra Clayton. The OHS senior cheerleader was station attendant this summer for her grandfather at Stuart Motors. Needless to say, business has been brisk all summer long.

## Good Citizens A Community's Great Asset---Ozona Blessed

by Evert White  
When Crockett County Agent Pete Jacoby retires next September 1, he should be able to look back with a great deal of satisfaction on the years he spent in the leadership of youth through the 4-H program and on his advisory work among adults in the livestock industry of this area.

And certainly a lot of Crockett county folk will long remember Pete and his unflinching willingness to be of service wherever it fell his lot. And more especially will a long list of young men and women who grew up under his tutelage remember their years in association with him. Many of them have profited from his training in operation and leadership and have gone on to make successful ranchmen, teachers or business and professional leaders. Not too often is a community fortunate enough to enjoy such a long tenure of service from a man of Pete's talents, and from our own viewpoint it has been a privilege to have observed and participated in his work. Not only has Pete served Ozona well, but his wife, Jimmie, has been a tremendous asset as a teacher in the local school system. We wish many happy retirement years for this fine couple and join other Ozonans in rejoicing that they plan to spend them in Ozona.

While we've flowers to toss, we'd like to pitch some in the direction of a couple of other "good guys" it has been Ozona's good fortune to number among its citizenship. Bill Cooper, manager of the Crockett County Water Control and Improvement District, has been a

tremendous asset to Ozona over the years, not only through his work as the active head of the water and sewer systems of the town, but also through his ever-ready helpfulness to all who call upon him for handyman work, for technical advice on a wide range of subjects and for his devotion to duty in providing Ozona with perhaps the finest water and sewer service of any small town in Texas.

Much of the above might apply to the other fellow we have in mind for flowers to the living. He's Oscar Kost, owner of the Ozona Boot and Saddlery and western wear shop, and part owner and manager of the Ozona Television System. Like Bill Cooper, Oscar is an accomplished mechanic and generally handy with nearly any kind of undertaking. His business acumen, his indefatigable energy, his love of people and desire to serve them have been assets that established him as a town builder and community asset. He was the first president of the present Chamber of Commerce and through his dedication to community interests launched that organization with a running start. It would be too lengthy to attempt to list all of Bill's and Oscar's community work, but one facet of unselfish service we must mention is their long years of service and leadership in the Ozona Volunteer Fire Department.

Through the years we have seen a long line of community-minded folks in Ozona, and today they are in the great majority as they have always

been. It takes but a few years of living in Ozona to make one a dedicated citizen and booster. It's that good.

In passing, let's salute the memory of a fine lady--Mrs. Joe T. Davidson (Miss Winnie) whose memorial services were held Saturday. Especially will this writer and his coffee drinking compadres miss an annual Christmas coffee-and-cookie reception (just for us) in Miss Winnie's kitchen. What heavenly goodies she did prepare and what a show to see the artistic Christmas decorations she created in her home.

### Social Security Visit For Aug. Is Scheduled

Harold Tabor, social security representative for the San Angelo Social Security office, has scheduled his August visit to Ozona. He will be at the County Courthouse on Wednesday, August 21 from 10:30 a. m. to 12:00 noon.

Anyone who wants to file a claim for benefits, get information, or transact other business with the Social Security Administration may contact him at this time. Persons who are unable to meet with him are encouraged to call the office in San Angelo. Residents of Ozona may call toll free by dialing "Operator" and asking for "Enterprise 2058."

Cook Wanted - Call 392-3161 or 392-3370. 20-tfc

Come to the  
Land Bank for  
a long-term loan  
at reasonable  
cost

...and for other  
advantages you  
might find even  
more important.

Extra years in which to repay and an interest rate kept as low as possible are big reasons farmers and ranchers choose Land Bank financing. But your Land Bank also recognizes that each borrower needs a loan carefully planned to meet individual needs. A better loan—and better loan service. Come to us for both.

I, Dick Kirby, County Auditor of Crockett County do solemnly swear that the above statement is true and correct to the best of my knowledge and belief.

Dick Kirby, County Auditor  
Crockett County, Texas

**Little League—**

(CONTINUED FROM PAGE 1) park on the first ball pitched to him and scored McMann and himself. Ray Ramos was the next batter for Ozona and sailed one out of the park on the first pitch scoring the third run for Ozona in the third inning. After a change of pitchers on the Sonora side, Roy De Hoyos stepped into the batter's box to take a ball and then connect for another home-run, making three homers for the Ozona side with no outs. Rebelez and Gomez followed with a base hit each. Yeager drew a walk to load the bases. Young is up to bat, and the Ozona fans are tense with anticipation. However, the Sonora pitcher doesn't give him much to hit on, and a base hit forces the first out at home plate. Garza struck out for the second out for Ozona and Young was called out trying to steal second base to retire the side.

It was three up and three down for Sonora in the bottom of the inning. First batter hit a fly ball to Rebelez. Young saved a hit by stopping a hot ball to second, and the third batter struck out.

It was 8-0 Ozona when the boys came up to bat in the fourth inning. For the first time,

it was three up and three down for Ozona. A strike out and two fly balls retired the side. Sonora got a man on second base on an error, but the side was retired without a run.

Ozona scored their final tally in the top of the fifth. After 1 out, Rebelez got a one-base hit. Gilbert Gomez, with a full count, cracked the ball for a hot grounder which scored Rebelez and got him on second base. Yeager struck out for two down and Gomez was out at home plate trying to make it after a wild pitch.

Sonora couldn't score in the bottom of the inning, but got a walk and hit some pretty hot balls which the Ozona fielders managed well.

In the sixth and final inning, it was three up and three down for the Ozona team in the top of the inning. Sonora changed its line-up in the top of the inning and managed to get three runs in in the bottom of the final inning. Rebelez, after pitching an almost flawless game, was visibly tired, and some errors in the in-field didn't do much to assist. Young still managed to be the game's outstanding player. With two outs and the bases loaded, he scooped up a ball from catcher McMann to catch his man off base and tag him for the third out. The final score was 9-3.

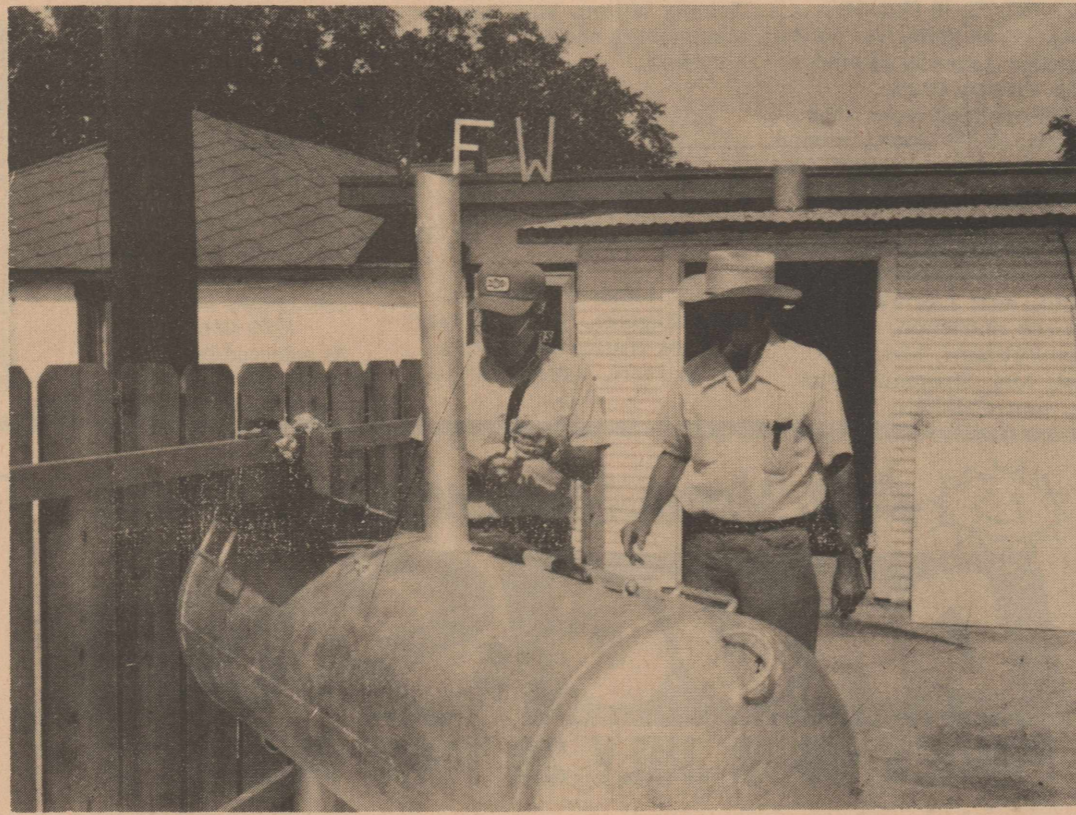

There was bedlam in the stands as well as on the field. This was the first play-off win for Ozona against Sonora in several years.

**Band Practice Set To Begin**

All freshmen and new students who plan to be in the Ozona High School band are asked to report to the band hall Monday, August 5, at 7 p.m., when summer rehearsals will begin. All band students will begin summer band practice August 12 at 8 a.m.

**SOUP'S ON --** Only this time it's barbecue being prepared for the annual commander's banquet at the Veteran's of Foreign Wars post Saturday night. Several members were on hand Saturday afternoon to supervise, but the camera caught this pair on the new patio behind the club taking a sample of the fare. It was barbecued beef brisket and goat, with all the trimmings. Here Floyd Hokit and Gene Williams discuss the situation.

**Fires—**

charred. The men returned to Ozona about 8 p.m.

The department was called out twice to a grass fire north of the Ozona Veterinary Clinic Thursday afternoon. The site is about a mile north of Ozona. The first call came in at one in the afternoon. The fire re-kindled and the men were called out again around 10 o'clock. Around three acres was burned.

Sunday afternoon a truck was sent to assist at another large grass fire near Sonora. The fire was on highway 277 south at the Juno Highway. Again several sections of land was burned. The Ozona unit returned to town around 10:30 Sunday night.

Around 2:30 p.m. Monday one Ozona unit was dispatched to extinguish a fire at Crockett Heights, west of the city, while another was sent to Sonora to assist in another range fire.

**Local Musicians Attend W.T.S.U. Music Camp**

Junior and senior high school musicians are attending the 22nd West Texas Instrumental Music Camp at West Texas State University in Amarillo July 14-26. Attending from Ozona are Cindy and Jack Crites, Billy Dixon, Joe Moran, and Jennifer Nicholas.

One thousand one hundred and eighty-five (1185) students from Arizona, Kansas, New Mexico, Oklahoma and Texas are on the WTSU campus for the 13-day music camp.

The camp is "regarded as one of the largest of its kind in the United States," says Dr. George Umberson, head of the WTSU Music Department and camp director.

"Many directors have told me that students who attend are at least one semester ahead of where they would have been in the fall without the intense effort of two weeks at camp," says Umberson.

The camp is of value to the students both "musically and personally."

Campers spend from "five to six hours a day in work," says Umberson. In addition to required membership in one of the bands or orchestra, students may take instruction in choir, music theory, baton twirling, drum majoring, conducting, solo preparation, improvisation and beginning piano.
