Kitty's Korner

by Kitty Montgomery

When we heard Tuesday that more rain was predicted for this area due to some tropical disturbance in the Gulf, we just threw up our hands. For the first time ever, we have had enough rain to last awhile and long to see the sun shine. However, after looking back we discovered that this big rain had not been predicted by the weather men until well after we had received several inches, so we are hopeful that they are wrong again as usual. Weather forecasters are somewhat like Agriculture Secretary Butz. When he predicts prices will stabilize or moderate on food products, they go nowhere but up. And, usually when weather men predict what's to come in West Texas weather, they are dead wrong. Let's hope the record holds, for weather forecasters, that is.

Wanda Stuart told me Tuesday morning that she didn't want to see any more water pictures in the paper this week, but what else is there? Even old ranchers are yelling "calf rope," and say they've had enough, I know that's never happened in these parts before.

There have been several persons bitten by dogs around town lately, and Tuesday Dr. Vannoy got a positive rabies case in a dog. He will meet with County Agent Billy Reagor and Dr. Blanton, and make plans for a rabies clinic. These plans will be announced in next week's paper. Meanwhile, stay away from stray dogs. The town is teeming with strays, and it's dangerous for children and grown-ups alike. We need to have something done about this deplorable situation, or we are going to be over-run.

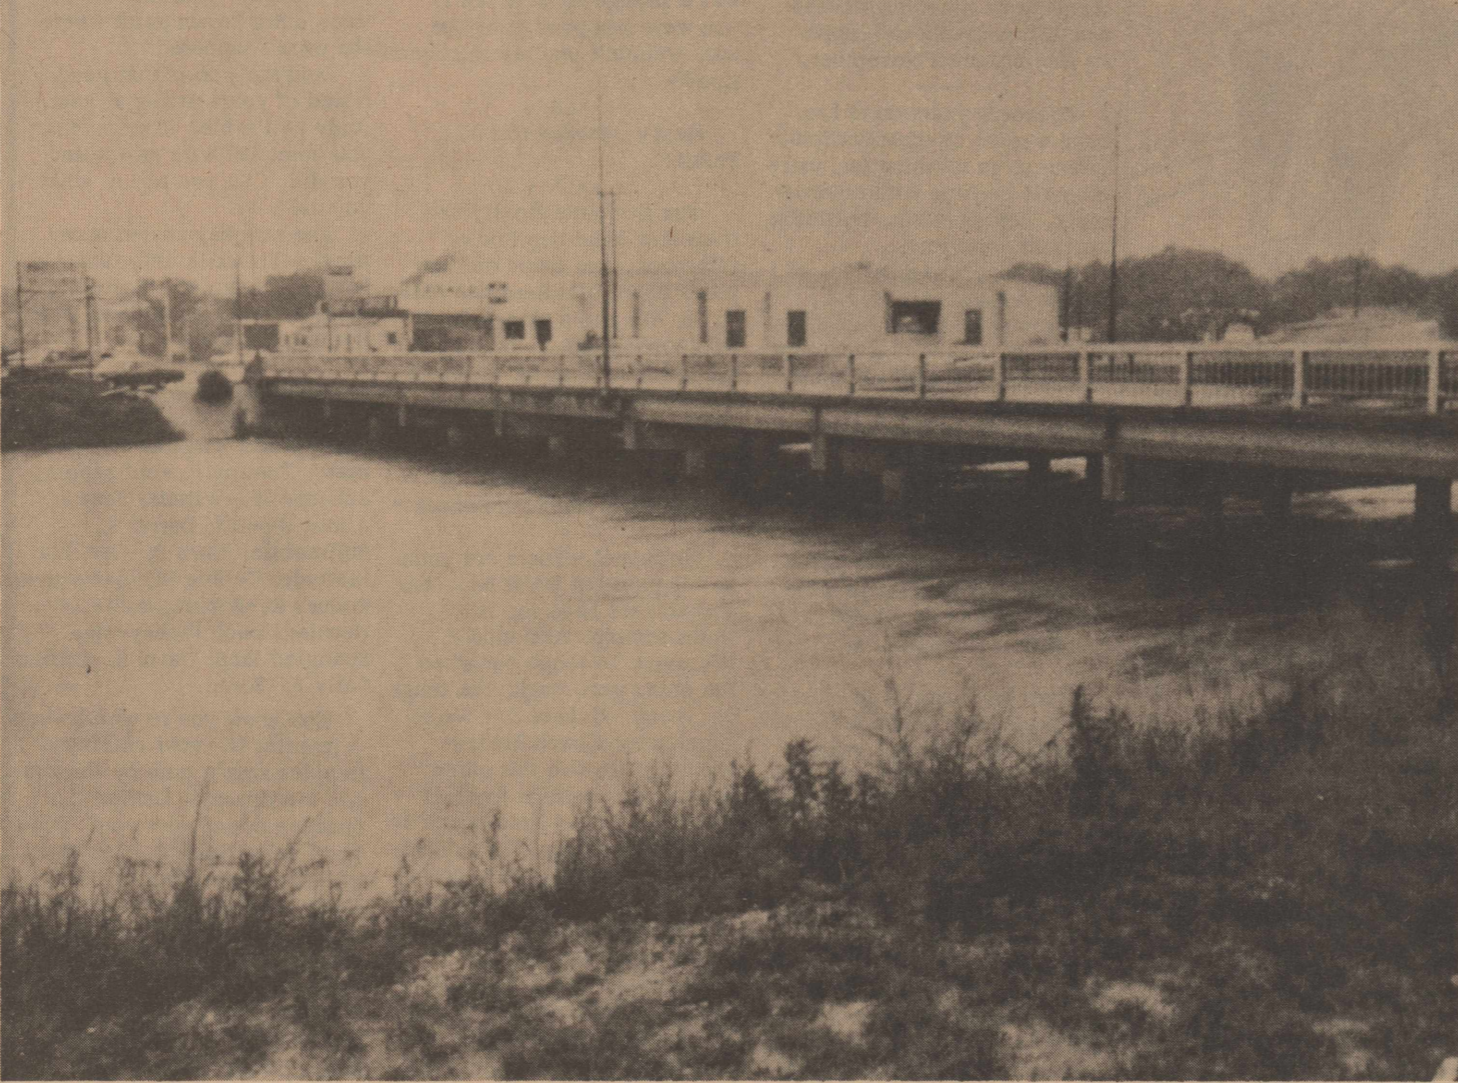

Funeral Service Held Sun. For Julian Garza

Funeral services for Julian Garza, 77, were held Sunday afternoon at 4 p.m. from Our Lady of Perpetual Help Catholic Church with burial in Lima Cemetery.

Mr. Garza died Thursday in San Antonio Baptist Memorial Hospital following a short illness.

He was born Oct. 28, 1896, in Mexico. He had resided in Crockett County most of his life. He was a retired shearing captain.

Survivors include two sons, Pedro Garza of Ozona and Alfred Garza of Washington, D. C.; eight grandchildren and one great-grandchild.

THIS WAS THE SCENE Friday afternoon with Johnson Draw running bank-full under the bridge on Hwy. 290. Many said the draw had not been on such a rise since the flood in 1954. Gurley Draw, which also runs through town, was on a big rise. The city itself was saved from disaster, no doubt, by the many flood control dams built following the flood in 1954. All dams were full

by mid-afternoon Friday, and the draws have been running down all week. All other crossings over Johnson Draw remained closed at noon Tuesday and rain was still falling. The official gauge showed almost 10.5 inches of rain for the town with reports of 15 to 16 inches north of town near the dams.

Lions To Host Lakeview Chiefs In Annual Homecoming Tilt Fri.

The Ozona Lions fell to the Ballinger Bearcats Friday night in Ballinger 8-7 after leading throughout the night. The Lions will host the Lakeview Chiefs tomorrow night at Lion Stadium. The event will be the annual homecoming game for Ozona High School and the football queen will be crowned during the halftime activities.

Candidates for football queen, 1974, include Lupe Tambunga, Sylvia Flores, Martha Cantu and Romelia Vela. The girls were selected by vote of the football team Monday afternoon. The name of the queen will be kept secret until just before the crowning ceremonies take place.

The Lions were a little off their game Friday night due to a week of rain which hampered practice sessions. However, they got on the scoreboard first and held the lead until the final minutes of the game when Ballinger scored on a trap play. Knowing it took two points to win, the Bearcats chose to throw the ball and the gamble paid off to give them a 1-point win.

The game was close in every department and fans saw a defensive struggle all night. Ozona had 10 first downs to the Bearcats 9. The Lions had 131 yards rushing and 13 passing for a total of 144 yards, while Ballinger had 66 yards on the ground and 94 in the air for a total yardage of 160. The Lions threw the ball 5 times, completing 3 and having one interception. The Bearcats were 5 for 11 with no interceptions. The Lions punted four times for a 35.5 average while Ballinger had 5 punts for an average of 33.8 yards. The Bearcats lost three fumbles to the Lions while the Lions had no turnovers on fumbles. Ozona had five penalties for 35 yards and Ballinger had six for 45 yards.

Romaldo Cervantez scored for the Lions with 3:55 to go in the second quarter. He got the touchdown from a yard out. John Galvan added the extra point for the 7 point lead the Lions enjoyed until almost the end of the game.

Cervantez was the leading rusher with 63 yards on 23 carries. Mike Fay had 94 yards on 5 carries and Henry Fay added 27 yards on 7 carries.

Greg Thompson hit 3 out of five passes, but one receiver was dropped for a seven yard loss. Richard Sanchez was the top receiver, catching 2 for 19 yards.

Coach Rip Sewell describes Lakeview rough and tough and 30 pounds per man bigger than the Lions. He said the Lions will have their work cut out for them to beat the Class 3-A school.

Local 4-Hers Place In State Competition

Monica Delgado and Carmen Delgado were named by the State Record Judging Committee as first alternate in the 4-H State Record Book Competition. Monica entered her record book in Consumer Education and Carmen in Home Management.

Regina Everett entered her book in Food and Nutrition and placed in the upper fourth of her group.

Dr. J. Robert Hains Dies Of Heart Attack

Word was received here this week of the death of Dr. J. Robert Hains, 78, at Evanston Hospital in Evanston, Ill. Burial was in Kewanee, Ill.

Mr. and Mrs. Hains moved to Ozona last June and purchased the former Bailey Post home on Cedar Drive. They were visiting their son, James Hains, in Michigan City, Ind. when Dr. Hains was stricken with a heart attack and died Sept. 13, in Evanston hospital.

Dr. Hains was an educator of some note, having served on the faculty and administrative staff at Northern Illinois University from 1940 until his retirement in 1966. He was a former teacher, dean and academic vice president of the University. He earned his bachelor of philosophy degree from Shurtleff College in Alton, Ill., in 1925. He then enrolled in graduate work at

Services Here Sunday For Andres Aguirre

Funeral services for Andres H. Aguirre, 81, were held here Sunday afternoon in Our Lady of Perpetual Help Catholic Church with burial in Lima Cemetery.

Mr. Aguirre was drowned last Tuesday when his automobile was swept down Devil's River south of Juno.

He was born November 10, 1892 in Ozona and had lived in Ozona all his life. He was a merchant.

Survivors include his wife, Bernada; three sons, Jesus Aguirre of Ozona, Andres Aguirre of Aurora, Colo. and Andrews Aguirre of Phoenix, Ariz.; two daughters, Mrs. Aralia Reyes of California and Mrs. Carolina Jerera also of California; 12 grandchildren and five great-grandchildren.

NOTICE:

The Girl Scout carnival, which was scheduled for Sept. 28 in the city park has been cancelled.

The girls are now planning to hold the carnival on October 12.

Bicentennial Committee Makes Plans

The Steering Committee for the Crockett County Bicentennial celebration program met Sunday afternoon in the county library in the courthouse. The event was an open meeting, but undoubtedly the rain kept many interested persons away and only committee members were present.

Mrs. R. A. Harrell, chairman, read a letter from Gene Browning of Arlington, executive-director of the American Revolution Bicentennial Commission of Texas, outlining guidelines for participation in the American Celebration, beginning July 4, 1975 and continuing until July, 1976. The celebration of independence and the beginning of our country as a nation will be a nationwide occasion.

The celebration has been divided into three main categories: Festival USA, Heritage '76, and Horizon '76, and will

(CONTINUED ON LAST PAGE)

SCS District To Elect Director Oct. 3

Qualified voters of subdivision 1 of the Crockett County Soil and Water Conservation District will meet at the Barnhart Experiment Station Thursday, Oct. 3 at 1:00 p.m. to elect one member to serve on the Board of Directors.

Subdivision #1 consists of all land in Crockett County north of U. S. Highway 290 and west of State Highway 163.

To be eligible to vote in a Soil and Water Conservation District Directors election, a person must live in a county all or any part of which is in the Soil and Water Conservation District. The voter must have attained the age of 21 years. No poll tax is required. Under the community property laws of Texas the wife of a landowner also is entitled to vote and hold office.

Soil and Water Conservation District Directors serve a term of five years. The term of office of a director begins the day after he is elected provided he qualified; State law requires that a Soil and Water Conservation District Director take an oath of office before he is officially a Director.

The following are current Directors of the Crockett Soil and Water Conservation District: Subdivision or Zone #1, Bill Baggett; Zone #2, Charles E. Davidson; Zone #3, Alvin Harrell; Zone #4, Joe Couch; and Zone #5 Bud Hoover.

Death And Floods Are Result Of Heavy Rain

After eight days of unceasing rain, draws and dry streams in the county remained brimful and at least one death was directly attributed to the heavy downpour.

A report at presstime last week of a car and its occupant being washed down Dry Devil's River south of Juno was verified and identity established Thursday. Andres Aguirre, returning from Del Rio in his late model Buick apparently stalled halfway across the Dry Devil's River Tuesday morning. Highway Department workers attempted to communicate with the driver of the stalled auto, but a wall of water came down the normally dry bed and washed car and Mr. Aguirre down the stream. Officials were unable to find the car until flood water had receded somewhat Thursday.

Identity was verified when Darrell Williams of Ozona swam to the auto in the river and recovered a wallet.

Officers had discovered late Tuesday that Aguirre was missing and had been returning from Del Rio that day. However, with the river up they were unable to find the automobile even with the assistance of a DPS helicopter.

Friday afternoon the body was recovered when a Highway Department bull dozer and truck managed to get to the car in the river bed. Services for Aguirre were held Sunday.

Department of Public Safety officials have been working

Lion JV Downs Junction For 28-0 Win

The Ozona junior varsity defeated their Junction opponents here Thursday 28-0, keeping their record unblemished. They beat Sonora in the first game of the season 20-0. Tonight the Lion JV will be in Big Lake to take on the Owl JV at 6:30.

David Torres scored first for the Lions by intercepting an Eagle pass and running it back for 45 yards and the touchdown. Gary Warren kicked the extra point.

The Lions' second score came when Howard Huereca ran it in from a yard out. Blake Moody kicked the point after to give the Lions a 14-0 lead.

Clyde Bailey scored the third touchdown from the 5, and added the extra point himself.

The fourth score came on a 23 yard pass play from Vaden Aldridge to Torres. Javier Reyes added the point after.

around the clock, along with Texas Highway Department officials. The DPS has been issuing and posting bulletins on road conditions and the Highway Department has worked overtime trying to get roads open after flood waters covered them.

Highway 290 was closed for about four hours Friday when the Pecos River overflowed its banks and crested at about 30 feet, west of Ozona. Highway 29 from Iraan to U. S. 290 remained closed Tuesday after a bridge washed out Friday. Highway 163 remained closed Tuesday afternoon, and still the rain came pouring down.

A DPS helicopter spent the weekend rescuing stranded persons in the southwest part of the county. Saturday Ed Hamilton and W. E. Barton, both of San Angelo, were picked up from a fishing lease near Baker's Crossing on the Devils River after having been stranded since the Monday before. Hilton Edison, was rescued near

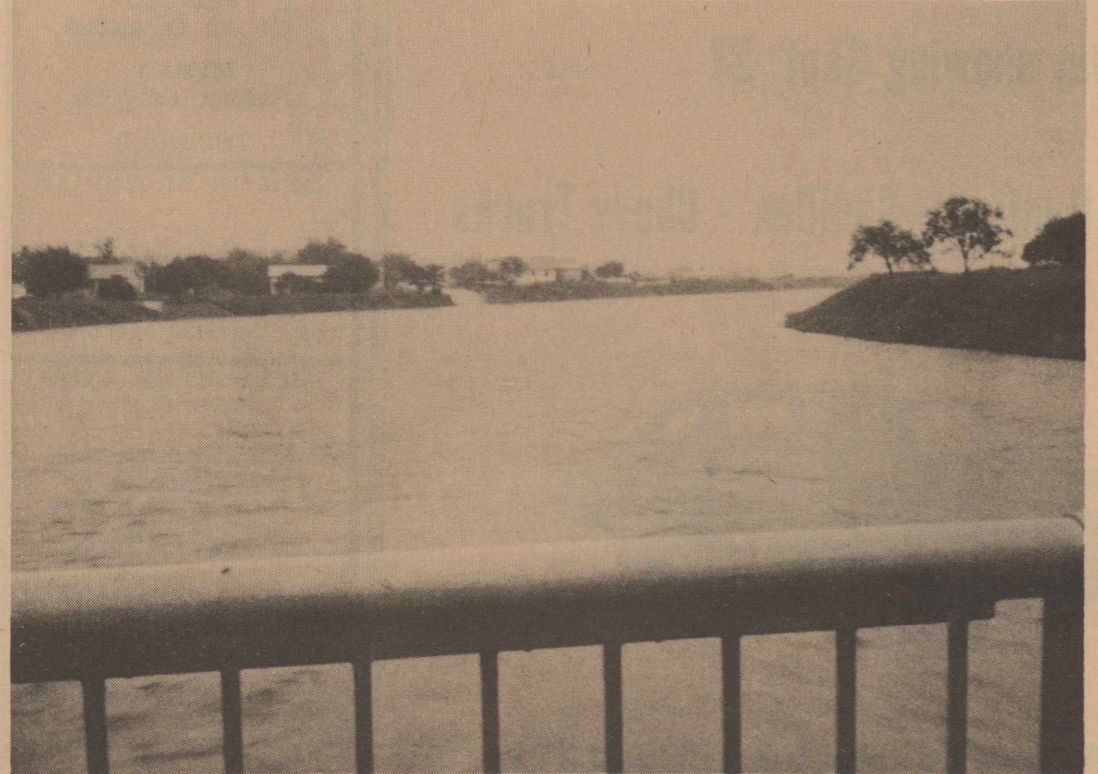

Pandale on the Tom Everett Ranch Saturday.

Ozona proper had received well over 10 inches of rain by 5 o'clock Monday afternoon and drizzle continued throughout the night and Tuesday morning with another heavy downpour at noon Tuesday. Tuesday afternoon the official gauge at the Water District office had recorded almost 11 inches for the period covering Monday Sept. 16 through Tuesday Sept. 24.

Tremendous amounts of rainfall were reported throughout the county. Through Monday, the Joe Couch ranch reported a fall of 21 inches. The Beecher Montgomery ranch on the Pecos near Pandale had recorded 20 inches by Saturday. John Childress, located north of Ozona, reported pouring out 16 inches from his gauge Saturday. Clitis Sinclair reported 16 inches at Crockett Heights late Monday.

All low-lying areas of the County were covered with water Tuesday and had been for at least a week. The flood control dams north of Ozona had been in operation for at least a week, beginning their function a week ago Tuesday. All seven dams were still in operation Tuesday afternoon, saving Ozona from what would have been more flood waters than during the 1954 flood.

Gurley Draw, east of town flooded and ran down several times during the period. Johnson Draw ran all week, but reached its peak Friday shortly after noon. Those who were here during the flood said the Draw was bigger than it has been since the flood. The draw was still running Tuesday afternoon.

JOHNSON DRAW SENDS WATER TO Lake Amistad. Heavy rains made an ocean of the normally dry channel bed. The draw began to run last week after heavy rains fell north of town. Here Friday afternoon the water is flowing at about its peak. Looking south from the bridge on Hwy. 290, the stream rounds the bend to meet up with water from Gurley Draw and travel on to Devils River and points south.

RIGHT STRAIGHT DOWN -- This has been the story for eight straight days in Ozona, causing hazardous driving conditions and flooded streets. Highways out of the city to the south and west were closed at some time during the period, with Highway 163 south washed out and still closed to traffic Tuesday.

THE NEWS REEL

A re-run of "The Ozona Story"

as gleaned from the files of

"THE OZONA STOCKMAN"

September 27, 1945
The Ozona Lions opened their 1945 season with a 16-0 win over the San Angelo Kittens.

29 years ago
George Teague of Crane and Kay Black of Ozona have been matched in an eight-calif roping match in the local arena next Sunday.

29 years ago
Solicitation will begin here next Monday morning for funds in behalf of the victory campaign of the National War Fund, the last drive for funds to support the operations of the USO and other agencies.

29 years ago
At 2 o'clock a. m. Sept. 30 the nation reverts to standard time from the advanced daylight saving war time.

29 years ago
S/Sgt. Boyd B. Baker, son of Mrs. Alice Baker of Ozona, has just arrived at the AAF Convalescent Hospital in Macon, Ga. after a tour of duty in the European theatre and nearly two years a prisoner of war in Germany.

29 years ago
Mrs. Dollye Cooke Williams opened the Hotel Ozona Coffee Shop for business Monday morning. The coffee shop has been enjoying good patronage during its first week, Mrs. Williams reports.

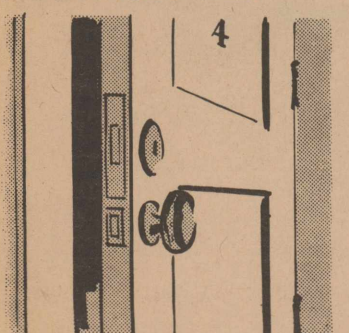

29 years ago
Joe Couch, son of Mr. and Mrs. Bert Couch, who served with the Army air forces in Italy, has been discharged from the service.

THE FAMILY LAWYER

Safeguarding the Tenant

Olga returned from the market to find that a burglar had broken into her apartment and decamped with some jewelry. Upon reflection, she decided that the landlord ought to pay damages for the loss.

"His caretaker had left the front door of the building open the entire day," she pointed out in a court hearing. "Obviously that made things easier for the thief. A landlord has a duty to shield his tenants against crime."

But the court said that generally speaking, a landlord has no such duty. Rejecting Olga's claim, the court said crime prevention is primarily the job of the government, not of private property owners. This is the traditional rule of law, leaving tenants pretty much

Washington News Letter

by Congressman O. C. Fisher

A 30-day recess in Congress is tentatively set, to begin on October 11 and resume on November 12. Most of the "must" legislation will have been disposed of by October 11 except for confirmation of the nominee for Vice President. While the Senate will probably act on that issue before the recess, the House Judiciary Committee seems to be dragging its feet and will probably not report its findings until November.

In recent years there has been a score of organizations sprung up in Washington, more recently dealing with environment, consumerism, pollution, and safety devices.

One such organization, of recent origin, calls itself "Consumer Federation of America" (CFA), and claims to be the nation's largest consumer organization. In a move to promote its cause, the CFA recently released Voting Records of those in the House and Senate. Among the 24 Texans in the House, based upon 13 CFA-selected issues, 9 got a rating of 8% out of a possible 100%; and 9 of us hit the jackpot with a whopping "0"!

Pursuing a dual role of judge and prosecutor in the Watergate proceedings, federal judge John J. Sirica hired some New York tape recording experts to examine seven White House tapes which the Judge thought may have been tampered with or possibly damaged by mechanical malfunction.

At a cost of \$100,000 to the taxpayers, the experts finished work on one of seven tapes given to them, and His Honor announced he had cancelled out work on the other six. Now it is indicated Sirica doesn't know what use he can make of the experts' \$100,000 finding.

A LIFT FOR THE WEEK-- When the out-look is not good, try the up-look.

THE LIONS ROAR

by Virginia H. Suzanne W. Debbie M. Debra C.

Six weeks tests were all underway this past week. Hope everyone passed, especially Mrs. Spieker's classes.

The Shadow suspects that Tommy H's car is equipped with jumping beans! The Shadow recognized these beans as Anne T. and Tommy H. It was a strange sight to see if you were just passing by the car, wouldn't you say so, Coach Hood?

The freshmen finally had their first band trip Friday afternoon, and found out how goofy upper classmen can really be. We had a sing-a-long with sophomores hour and everyone thinks Gigi M. makes a darling Shirley Temple.

We asked some of our Lions what they thought about the game Friday night, Homecoming:

Weldon N. - There are gonna be big guys but we'll beat 'em anyway; we have to, it's Homecoming. Armando R. - It's gonna be tough but when the going gets tough, the tough get going. Richard S. - We're gonna win! Coach Richey - We've got to win this game because my college football teammate is the head coach at Lakeview and you like to beat your friends. Greg T. - I don't care who Lakeview has beaten so far, come Friday we're gonna beat 'em. Richard H. - Ballinger got lucky but Lakeview will be different. Lonnie M. - We're gonna make it a nice Homecoming if ya'll come back up. Rodney R. - We've got what it takes to make the '74 Homecoming the best ever!

Gossip: Last week when we went to Ballinger, we nearly had to convert our good ole rusty school buses into trusty sailboats.

Me!, your voice wasn't quite as loud as the bell Friday night but you do a good job imitating ets, letter size, Stockman Office.

Someone must have thought that Pam S. resembled Patty Hearst when she was kidnapped Sunday night.

Maybe Anne T. can tell us what she did to the big sign last Monday. It seems she put some extra brown paint where she wasn't supposed to.

Deklyn, who is that good friend of yours sitting at your study hall table? It seems that you upset her with something you did. Can you tell us what you did?

The rain has caused many wrecks this week unfortunately. Fawn P. Nancy R., Sally B., Rosie R. and Ronald Shaw were the unlucky ones.

Car nicknames: Anne T. - Mugga; Debra C. - The Milkshake Blues; Virginia H. - Tomato; Tommy H. - red pepper; Suzanne W. - Wimmie; Pam S. - Adobe Rip-off; Darryl K. - Buffmobile; Fawn P. - Gertilda Matrude; Debbie M. - Barracuda; Rodney R. - Bobbie; Jack C. - Herbie; Coach Richey - Star Spangled Jeep; Dawn B. - Lemon; Sally B. - Bones.

You know you're weird when -- Jennifer N. - your childhood freckles aren't gone by the time you are thirteen; Deklyn C. - Suzanne doesn't get your "fried okra" joke; Sally B. - you're walking and talking in your sleep - herding sheep; Suzanne W. - my mirror breaks when I look into it in the morning; Debbie M. - when you lose your keys and they're in the ignition; Ronnie P. - Mr. Reavis thinks you're normal; Drew L. - truck drivers don't glare at you; Lisa C. - when you look up and you are driving on the wrong side of the road; Fawn P. - Mr. Wallace laughs at your drawing in mechanical drawing; Debra C. - when Debbie, Virginia and Suzanne make you type up this Lions Roar.

STATE CAPITAL Highlights AND Sidelights by Lyndell Williams TEXAS PRESS ASSOCIATION

AUSTIN—Fur flew at both Democratic and Republican conventions last week.

When the smoke cleared, the record showed Democrats in Austin:

• Re-elected State Democratic Executive Committee Chairman Calvin Guest of Bryan 3,125 to 2,183 votes over liberal challenger Leonel Castillo, Houston city controller. Guest is the choice of Gov. Dolph Briscoe.

• Selected a new SDEC, about equally divided between liberals and conservatives. Both sides claimed control.

• Wrote a platform encompassing most of what Briscoe wanted but added some things he didn't ask for and eliminated some he did.

• Named 76 delegates to the December mini-convention in Kansas City to write a national party charter. Again, both sides are well represented. Liberals wanted more minorities on the slate.

• Criticized President Ford for his earned-amnesty proposal and nomination of Nelson Rockefeller for vice-president.

• Turned down a resolution calling for support of the president on the pardon of former President Richard Nixon.

• Adopted a conservative platform confined to state issues, including support of the right-to-work law and opposition to agency shop legislation and a recommendation for a one per cent reduction in the state sales tax.

• Re-elected Jack Warren of Tyler chairman and named the 1975-76 GOP state executive committee.

OIL "WIDE OPEN" — Texas Railroad Commission, for the 31st straight month, set the oil production allowable for October at 100 per cent.

Railroad Commission Chairman Jim Langdon said he

thinks "we can get through this winter without undue hardship." He warned, however, that there is a threat of coal strike, possible new Arab oil embargo and a cold winter.

U. S. stocks of crude oil are 55.6 million barrels above a year ago. Langdon credited conservation and voluntary use cutbacks by consumers with much of the increase.

Buyers increased nominations to purchase by 18,511 barrels a day—to 4,092,783 for October.

STILL RUNNING—An endorsement by the AFL-CIO executive board revived Rep. Carl Parker's lagging campaign for House speaker.

SNIPS, QUIPS AND LIFTS by Lottie Lee Baker

Too many women had rather mend their husband's ways than his socks.

Children begin school these days with a big advantage. They already know two letters of the alphabet--TV.

A wife with horse sense never becomes a nag.

Most freeways have three lanes: A left lane, a right lane, and the lane you're trapped in when you see your exit.

A boss is someone who is early when you're late, and late when you're early.

There is a stairway to success, but everybody is looking for the elevator.

Let your conscience be your guide, but heed the curbs on either side.

Most of us have two chances of becoming wealthy--slim and none.

Tips For Gardeners

From the Ozona Garden Club by Mrs. Bailey Post

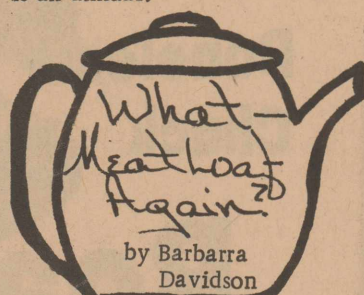

After the great rains and cooler days, everyone as well as all growing plants, should be perked up for a beautiful fall.

This is the perfect time to prepare a new bed for Dutch bulbs for fall planting. If you have no open space available, you can skin off a plot of grass, add peat, compost, and some superphosphate fertilizer, dig and turn it in about 10 inches deep. You will be glad to have the space ready when the bulbs arrive, and maybe for other plants that you may buy at the fall sale. Don't leave this chore until they are here.

If you want to keep your jade plant small, grow it in a small container to restrict the roots. This interesting house plant offers unusual leaf and stem structure. The thick, oblong leaves, sturdy limbs and stout trunk gives a unique contrast to most other house plants. Do not use a light weight container that is too small. The succulent leaves and stems are quite heavy and will make the plant top heavy. The soil should be a mixture of sand, loam and rock material, ensuring good drainage. Organic matter, such as old leaves or manure will supply sufficient nitrogen for growth. Being a succulent, this plant stores great amounts of water in its leaves and stems. It is very drought resistant; over-watering can kill the plant much more quickly than under-watering.

Herbs are interesting and easy to grow. You can start growing your own herbs in containers, and later pick and cure the flowers and leaves. Then all you have to do is add a pinch to give a much better flavor to any dish than the commercial product. I have successfully grown and dried leaves and seed of Rosemary, sage, thyme, dill, lavender, oregano, parsley, Anise, Lemon Balm and chives. You can get plants from nurseries or start from seed. Be careful not to plant too deep (1/8 to 1/16 inch) and water very carefully

daily if needed to keep moist 1 to 2 inches deep until the seedlings emerge. Oregano makes an attractive hanging basket plant, and the leaves are so fragrant. Also several varieties grown in one basket is interesting and useful. Chives make a good border plant. Fresh dill makes a green salad so tasty you won't want to miss trying it. Once started it will come up year after year, for it is an annual.

NUT BRANDY SNAPS

My "Grandmomie" was noted for her Christmas goodies. Here is one of my favorites.
 3/4 c. Crisco
 1 c. brown sugar
 1 tsp. cinnamon
 1 tsp. ginger
 1/8 tsp. cloves
 1 egg, beaten
 3 Tbsp. Karo
 2 Tbsp. brandy
 1 tsp. brandy flavoring
 2 1/2 c. flour
 2 tsp. soda
 1 tsp. salt
 1/2 c. sliced almonds
 2/3 c. chopped dates
 Cream Crisco, sugar, spices until fluffy. Beat eggs, Karo, brandy and flavoring. Sift flour, soda and salt into creamed mixture, stir to moderately stiff dough. Add almonds and dates. Cover and chill several hours. Shape dough into small balls (scant Tbsp.) Roll in granulated sugar and in chopped almonds. Place on cookie sheet 2 in. apart. Flatten each with fork (slightly). Bake at 375 degrees for 8-10 min. Remove and cool. Makes 3 dozen.

BRIDES AND BRIDES TO BE: Register now at BROWN FURNITURE CO. for your shower and wedding gifts. They have pots, pans, mugs, sheets, pillow cases, accessory items for your home and many, many other items that will help you start your new home.

Debra Says

by Debra Price HD Agent

Did you do some gardening this year? It is an excellent time to ask yourself, "How did my garden grow?"

Lots of things can happen to the seeds after you put them in the ground. Insects, disease damage, or too little or too much rain at the wrong time. Or, it could have been the seed itself.

Most home gardeners, like yourself, spent something under 50 cents for a package of garden vegetable seeds. If as an example, you buy a package of tomato seed with a picture of big juicy red tomatoes on the label, and you harvest a dishpan full of yellow cherry tomatoes from the seeds you planted, you may tend to shrug it off. After all, you were out only 50 cents.

A farmer might have expected a return of \$3,000 on the same type of tomato seed! He had a ready market for the big red tomatoes he planted, but had no market for the small yellow tomatoes, and his crop was a total loss.

Did you know that you are offered consumer protection when you buy seeds? The Federal Seed Act offers it to you, if you do your part to help the Act work for you. It's a truth-in-labeling law designed to protect farmers and other seed buying consumers.

While you're evaluating this year's garden, look ahead to next year. Here's how you can keep the links of the consumer protection system for seed buyers together, when you feel you have bought some "bad seed."

Just as soon as you realize that your products are not what the label said they would be, write a note about it and send it to your State Department of Agriculture. Be sure and save

the package that held the offending seed, since a state seed inspector will probably be assigned to follow up your case. It will be helpful to him to see the package, to see some of the left-over seeds--if you have any--and to see the plants in your garden.
 Hopefully, when asked, "How did your garden grow?" You will smile and answer, "Just the way I planned it. Everything came up just the way I wanted it to."

Metric Unity Is Theme For Woman's Forum

The Ozona Woman's Forum met at the Civic Center Sept. 17 with Mrs. Carl Appel and Mrs. James Baggett as hostesses.

The theme of the program was "Metric Unity--Why Change to Metric?" Mrs. L. B. Cox, III gave a talk on "Sanity is the Metric System" and Mrs. Jess Marley talked on "How Many Inches in a Mile?" The adoption of the metric system will improve communications, improve education and stimulate the economy.

Those attending were Mrs. T. J. Bailey, Mrs. Brock Jones, Mrs. Charles Black, Mrs. Larry Arledge, Mrs. Jean Snively, Mrs. L. D. Kirby, Mrs. Fred Hagelstein, Mrs. George Bunker, Mrs. C. O. Walker, Mrs. J. B. Miller, Mrs. W. R. Clegg, Mrs. James Childress, Mrs. Vernon Jones, and Mrs. Buddy Russell.

CARD OF THANKS
 We wish to thank all our friends who were so kind upon the loss of our loved one. We are deeply grateful for the food, floral offerings, and many other acts of sympathy. May God bless you.

CONSERVE AND SAVE ON ELECTRIC COOKING

Today's modern electric range offers you a host of special features which assure uniform cooking results each time. You'll find that cooking electrically is clean, cool and economical.

For best results, use flat bottom utensils with tight fitting covers. Utensils of medium or heavy weight aluminum conduct heat faster, transfer heat evenly and respond quickly to temperature changes.

Match the utensil to the size of the unit. Use 8 inch units for large utensils. Use 6 inch units for small to average sized pans.

Use high setting for a quick start for any surface cooking, or to boil water quickly. When cooking temperature is reached, switch to a lower setting.

Do not pre-heat the oven for roasting or broiling, but do pre-heat the oven to the temperature given in the recipe for baking.

Select correct, measured heat. The accurate heat selector switch or oven thermostat enables you to select, exactly, the same correct temperature each time you use it.

For good heat distribution around the pans, when baking, they should not touch the sides of the oven or each other. Allow one inch clearance. Check for doneness at minimum baking time on recipe, don't keep opening oven door to peek.

West Texas Utilities Company

Remember, Reddy supplies the energy—but only you can use it wisely!

Once it was called... Courting

Amy and George are going together. Don't ask George if he's courting Amy. He wouldn't know what you're talking about. Nobody courts any more. They go together.

And there are significant differences. A couple of kids going together do not necessarily have marriage as their objective. They just may have found that afternoons like this one are more delightful when you're with someone you like.

The vital prerequisite for going together is to have a sense of values, a set of standards, that will help you make and keep this a wholesome relationship. Religious education, the moral and spiritual principles fostered by our churches—these are the keys to meaningful relationships throughout life.

Woman's League Opens New Club Year

The Ozona Woman's League met Tuesday, September 10, in the home of Mrs. Johnny Jones. Mrs. Charles Spieker served as co-hostess. Yearbook chairman, Mrs. Jones, passed out the new year-books and previewed the programs for the year.

Mrs. Pleas Childress, III, Bazaar chairman, encouraged the members to turn their thoughts toward the November Bazaar and read a list of much needed items and things which sell best.

President, Mrs. Tony Allen, welcomed the guests and spoke to the regular members, outlining coming events and projects.

Guests present were Mrs. Terry McPherson, Mrs. Bill Morrison, Mrs. Billy Reagor and Mrs. Denny Roach.

Other members present were Mrs. Bill Black, Mrs. Bill Carson, Mrs. Erby Chandler, Mrs. Dwight Childress, Mrs. Lloyd Comer, Mrs. Buster Deaton, Mrs. Terry Gries, Mrs. H. O. Hoover, Mrs. Johnny Hughes, Mrs. John R. Hunnicutt, Mrs. Steve Kenley, Mrs. Van Miller, Mrs. Ronald Pennington, Mrs. Joe S. Pierce, IV, Mrs. Jack Probst, Mrs. Nat Read, Mrs. Lane Scott, Mrs. Jeffrey Sutton, Mrs. Randy Upham, Mrs. Gary Vannoy and Mrs. Wesley West.

Sorority News

Alpha Alpha Mu Chapter of Beta Sigma Phi held its regular meeting at the home of Mrs. Ray Boykin Monday night.

During the business meeting, final plans for the spaghetti supper were made and various committee reports given.

Mrs. Jack Bentley and Mrs. Johnny Meyer introduced guest speaker, Mrs. Huey Ingram, who gave a talk on "Painting The Person." Mrs. Ingram used pictures to show how beauty can be attained by use of cosmetics, hair styles and clothes. She also spoke on how one can attain inner beauty and joy through the love of God.

Members present were Mrs. Tony Allen, Mrs. Joe Boy Chapman, Mrs. Frank Hill, Mrs. Floyd Hokit, Mrs. Johnny Hughes, Mrs. Jim Leech, Mrs. Jim Lott, Mrs. Terry McPherson, Mrs. Ruben Penafalfo, Mrs. John Richey, Mrs. Lane Scott, Mrs. Charles Spieker, Mrs. Bob Wallace, Mrs. Tommy Wilson, Mrs. Gary Vannoy and Mrs. Olga Cano.

Two Andrews High School boys would like to hunt deer in Crockett County during the archery only season, Oct. 1-31. No fire arms will be brought and parent will come. If permission is granted, contact editor of newspaper. 28-2tp

Sorority Sets Spaghetti Super Friday

The Annual Beta Sigma Phi Spaghetti Supper will be held Friday, Sept. 27, from 5:00 until 8:00 p.m. at the Ozona Civic Center, prior to the Homecoming football game between San Angelo Lakeview and Ozona.

A "Mr. Coffee" will be given away to the winning adult ticket and a hand-painted Ozona Lions Plaque will be given away to the winning child's (under 10) ticket.

Adult tickets are \$1.75 and children's (under 10) are 75¢. Tickets may be purchased from any member or at the door.

The Chapter would like to thank the people of Ozona for the tremendous support in past years and invite everyone to come on down for a good meal again this year.

Programs In Cooking Slated For Ozonans

Mrs. Doris Richards, home economist for West Texas Utilities Company will be presenting two programs in Ozona during October.

Tuesday, October 1, 4:00 p.m. at the Ozona Community Center, Doris will present her Youth Cooking program. All youth in our community are welcome to attend, 4-Hers enrolled in the 4-H Food and Nutrition Project Groups are urged to attend.

On Wednesday, October 30, 2:00 p.m. at the Civic Center, Doris will present her "Christmas Ideas Program." All homemakers are welcome to attend. The Christmas program is scheduled during October in order for homemakers to have time to work on Christmas projects.

NEED A GIFT IDEA? Send The Ozona Stockman to a former Ozonan or a student away at school. 29-ntcf

CARD OF THANKS

I would like my friends to know how their kind expressions of sympathy and prayers during all my weeks in the hospital has made life all the more precious to fight for. There is no place like home. Thank you and love to one and all.

A man's right to work is as fundamental as his right to free speech and the pursuit of happiness.

If a man chooses to join a union, he should be free to do so. If he chooses not to join a union, he should be free not to. It's that fundamental, according to Doug Harlan.

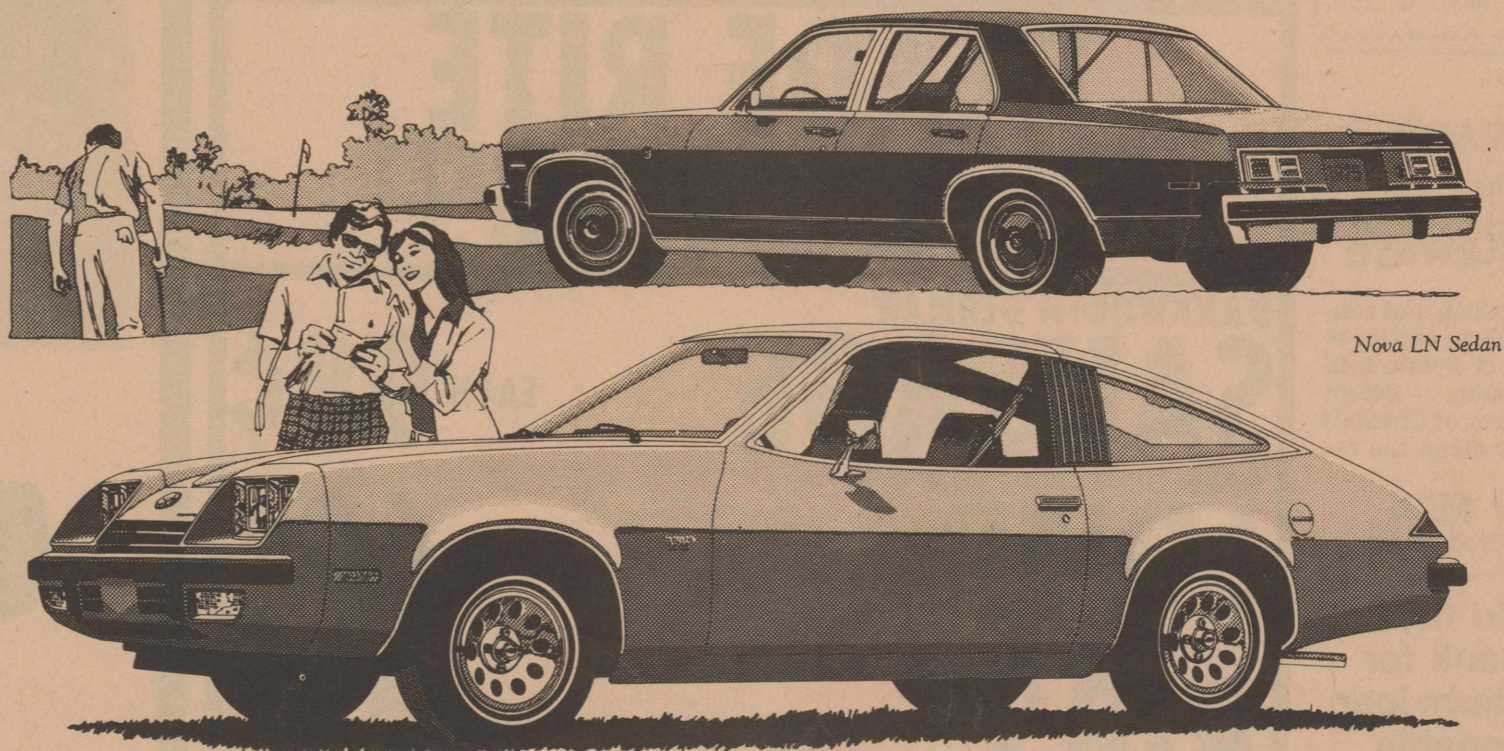

Doug Harlan, lawyer and former government teacher, is a candidate for Congress in the 21st District.

If you're for a man's Right to Work. For a balanced Federal budget. For dealing with our water problem before it becomes a crisis. And for continued conservative and enlightened representation in Washington, then you're for Doug Harlan. He's for everything he says he's for.

Harlan for Congress.

CHEVROLET FOR 1975. CARS THAT MAKE SENSE FOR TODAY.

Nova LN Sedan

Monza 2+2

<p>MONZA 2+2 The small car of tomorrow will probably be a little more powerful, handy and comfortable than ever. The 1975 Monza 2+2, shown above, offers this today. It has advanced like rectangular headlights set in a soft front end, fold-down rear seat, and a new 4.3-liter V8 engine available.</p>	 <p>CAMARO Our sensibly sporty compact. It looks like a million and drives like it looks.</p>	<p>CHEVROLET'S NEW EFFICIENCY SYSTEM FOR 1975 It's the key part of a program aimed at helping our new cars run leaner (more economically), run cleaner—and save you money every mile.</p> <p>The Efficiency System is standard on all 1975 Chevrolets with V8 or 6-cylinder engines. It's a series of significant engineering improvements working together for the very first time.</p> <p>Components include High Energy Ignition, catalytic converter, Early Fuel Evaporation and steel-belted radial ply tires. In sum, the System is designed to heighten the pleasure and lower the cost of driving a 1975 Chevrolet—to bring you a better running car in many ways, along with improved fuel economy, more miles between recommended maintenance and an engine that stays cleaner internally because of no-lead fuel.</p> <p>Your Chevrolet dealer will gladly give you the details and answer your questions. See him and the sensible 1975 Chevrolets starting September 27.</p>
 <p>NOVA In the background above, our new Nova LN Sedan. A luxurious Nova with thick carpeting and wide-back reclining front seats. For 1975, all Novas have been emphatically refined along the lines of elegant European sedans. Nova's always been good. Now it's beautiful.</p>	 <p>IMPALA America's favorite car continues to provide the room many families need plus plenty of quiet and comfort. Still the great American value.</p>	
 <p>WAGONS Big ones, small ones, in-between ones. Practical wagons that make sense for America. And you.</p>	 <p>CHEVELLE Mid-size, easy to drive, room for six, mid-priced, strong reputation for value. America's most popular intermediate.</p>	<p>CHEVROLET MAKES SENSE FOR AMERICA</p> 
 <p>MONTE CARLO Its special ability: making you feel good. About the way it looks and drives. About your own taste and judgment.</p>

Bicentennial—
(CONTINUED FROM PAGE 1)
require vice chairmen for each group.

Festival USA concerns fun, games, programs and pageantry, which will involve the entire community as well as attract tourists.

Heritage '76 will be tied to local history with projects and programs relating to local heritage. Horizon '76 concerns programs and projects that not only celebrate the Bicentennial year, but have residual value in years to come, as a continuing expression of appreciation of our heritage.

Vice-chairmen were discussed by the group and will be announced at the next meeting. All meetings are open to the public and everyone is urged to help plan Crockett County's part in this national celebration.

Others present were R. A. Harrell, Mr. and Mrs. Ted White, Mrs. P. L. Childress, Mrs. Joe Clayton, J. W. Brown and Mrs. L. B. Cox, Jr.

Mary J. Bates Graduates From Job Corps

Mary Jane Bates, granddaughter of Modesta S. Talamantez of Ozona, graduated as a Nurse Assistant from the Job Corps Center in Albuquerque, New Mexico at 10:15 a. m. Wednesday morning, Sept. 25.

Formerly a student of Ozona Junior High, she earned her General Education Diploma June 6, 1974 after passing the five-part, two day tests sponsored by the State of New Mexico.

In Job Corps for 7 months, Miss Bates hopes to return to San Angelo to seek employment. She had three months of actual work experience at Lovelace Bataan Medical Center in Albuquerque.

NOTICE OF REWARD
I am offering
\$500 Reward

for apprehension and conviction of guilty parties to every theft of livestock in Crockett County — except that no officer of Crockett County may claim the reward.

Billy Mills
Sheriff, Crockett Co.

Come to the Land Bank for a long-term loan at reasonable cost

...and for other advantages you might find even more important.

Extra years in which to repay and an interest rate kept as low as possible are big reasons farmers and ranchers choose Land Bank financing. But your Land Bank also recognizes that each borrower needs a loan carefully planned to meet individual needs. A better loan—and better loan service. Come to us for both.

Scientists May Have Bitterweed Solution

College Station--Veterinary researchers with the Texas Agricultural Experiment Station have isolated several substances believed to be the main toxins involved in bitterweed poisoning of sheep.

They also have turned up a promising antidote, although much testing remains to be done before it can be approved for field use in sheep flocks.

Dr. H. L. Kim, research chemist on the project, said the poisons isolated for bitterweed are known as "lactones."

As for the antidote, recent experiments have clearly demonstrated that L-cysteine, an amino acid essential to animal life, can protect dogs from lethal doses of a lactone from bitterweed.

Results showed that 80 per cent protection was possible when L-cysteine was injected into experimental animals at the same time with the lactone. The researchers are encouraged and optimistic with current findings, but they point out that many questions must be answered before L-cysteine can be fully developed as a practical prevention of bitterweed poisoning in the field.

"We know that certain lactones definitely cause bitterweed poisoning in sheep and goats, and that L-cysteine can protect dogs from lethal doses of lactone. The answers as to how this works in animals other than dogs, and its application to prevention or treatment of bitterweed poisoning in sheep and goats, are goals of our present research," Dr. Kim said.

Deer Seminar Slated At Civic Center

A Deer Husbandry Seminar will be held at the Crockett County Civic Center, Thursday, October 10, from 10:00 a. m. to 3:00 p. m.

The seminar is being sponsored by the Ozona Chamber of Commerce in cooperation with the Texas Agricultural Extension Service. A barbecue lunch will be served by the local sponsoring organization.

All local ranchers and interested persons are urged to mark October 10 on their calendar and make plans to attend the seminar.

The Double R (Grayburg oil) field of Crockett County was opened Aug. 27 with completion of Mann Rankin, Midland, No. 1 Todd, et al, 24 miles northwest of Ozona.

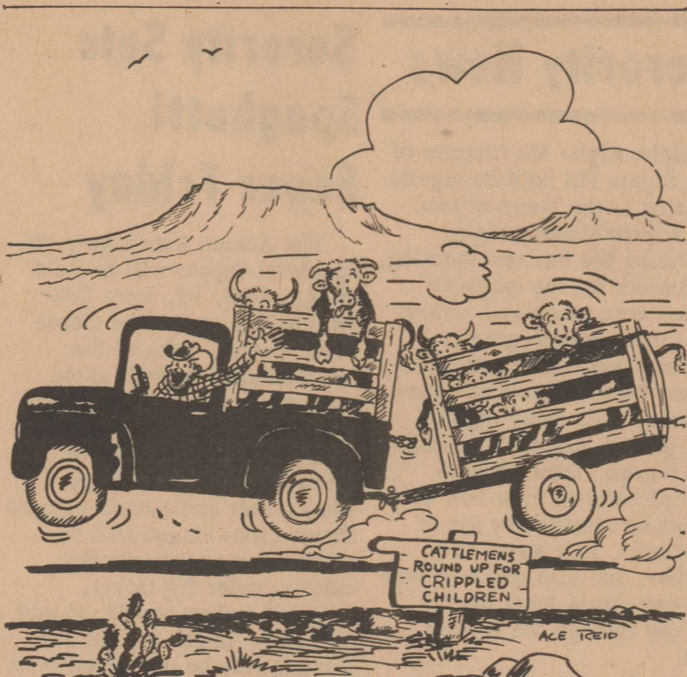

It was finalized for a daily pumping potential of 22 barrels of 33.1 gravity oil, through perforations at 1,943-49 feet.

Location is 660 feet from the north and east lines of 13-YZ-EL&RR.

Daily allowable is 22 barrels.

James L. Lamb, Jr., Midland, will drill the No. 1 State of Texas in the Midland, North (Soma oil and gas) field of Crockett County, six miles southeast of Ozona.

Location is 660 feet from the north and 15 feet from the west lines of 62-1-I&GN. Contract depth is 950 feet. According to the latest proration schedules there is not oil or gas production. Production was assigned to the District 8 area.

"THE DROUGHT AND INFLATION ALMOST DID ME IN ... BUT I DID HOLD SOME BACK FOR THE CRIPPLED KIDS ... CAUSE EVERY YEAR IS TOUGH FOR THEM."

Make Every Wardrobe Addition Count

With clothing costs rising so rapidly, every wardrobe addition needs to be carefully considered. Mrs. Becky Culp, area clothing specialist, Texas Agricultural Extension Service, The Texas A&M University System, noted last week.

"If a new item isn't exactly right for your wardrobe, and you could live without it, don't waste your money," she said.

Before shopping, analyze your current wardrobe in relation to your needs and existing fashion trends.

The specialist suggested asking yourself what you have that can be mixed and matched

for a new look and what basics or accessories need to be added.

"Separates lead the lineup for versatility. Try a big skirt in a new longer length. Wear a sweater rather than a typically more expensive jacket or coat. Detachable or reversible hoods, capes, belts or bows are magic wardrobe extenders.

Turning to fall fashion accessories, she noted that several major contributors include scarves, mufflers, clutch handbags and soft, dark printed or muted crepe blouses with bow necklines.

"Switching opaque hose or patterned knee socks to coordinate with hemlines and shoes adds variety. Several pairs of hosiery fall far short of the cost of several pairs of shoes," she pointed out.

Another way to stretch the clothing budget with style is to make your own trimmed hats or berets and handbags from the numerous synthetic leather-look, fake fur, or sweater knit fabrics available.

HARD FACTS ABOUT OUR DODGE BOYS' 1974 MODEL CLEARANCE.

DODGE PICKUP CLEARANCE!

FACT 1: DODGE PICKUPS HAVE FEATURES YOU CAN'T GET FROM COMPETITION. CHECK 'EM OUT!
Any way you want to compare our Dodge D100 against Ford's F100 and Chevy's C10—you'll find out you're a winner when you choose Dodge! For example: Only Dodge offers you Electronic Ignition (standard on all models), a greater standard payload, more pickup models, the smallest six-cylinder engines (as well as the efficient Dodge 318 V8), the largest standard fuel capacity—and much more.

FACT 2: OUR DODGE 318 V8 CAN GET SLIGHTLY BETTER GAS MILEAGE THAN A FORD OR CHEVY SIX-CYLINDER PICKUP!
In an actual road test from LaVerne to Blythe, California (a distance of 381 miles), at an average speed of 54 mph, USAC put six competitive pickups through the test: a Six and V8 each, Dodge, Ford, and Chevrolet. All pickups were purchased by USAC through normal retail channels. All had standard manual transmissions and rear axle ratios, as well as nominal eight-foot cargo boxes.

The Dodge 318 got slightly better mileage than the other two V8s, as well as the Ford and Chevrolet six-cylinder engines! Our 318 V8 got 18.78 mpg. Our 225 Slant Six did even better—19.05 mpg. Of course, the mileage you get depends on many factors, including how and where you drive, and the condition of your vehicle.
