### Kitty's Korner

by

Kitty Montgomery

I never did get a copy of the Equal Rights Amendment we were discussing last week. However, I understand it's a very brief document outlawing discrimination on the basis of sex. The campaign against the amendment lists all the things which could be done in the name of equal rights. You will find them listed in an ad in this paper.

If you do want to join the fight to have the amendment recinded in the State of Texas, you may write State Representative Hillary Doran, Jr., Del Rio, Texas; State Senator Pete Snelson, P. O. Box 12068, Austin, Tx. 78711, and it wouldn't hurt to let the Governor hear your wishes on the matter.

There seems to be some question about the legality of having the amendment recinded. But, I am sure if enough people are against it, they can make a new law, making it legal. They usually do.

kk

We need to do something about the red-light at school on State 163. The Intermediate School students cross in a steady stream from before lunch until classes resume. They cross with the light and against the light, sometimes stopping in the middle of the street to visit.

They are old enough to know better and should be taught to stop for the light. If this is not possible, the light should be removed. There is no sense in giving noon hour heart attacks to all the drivers in town.

kk

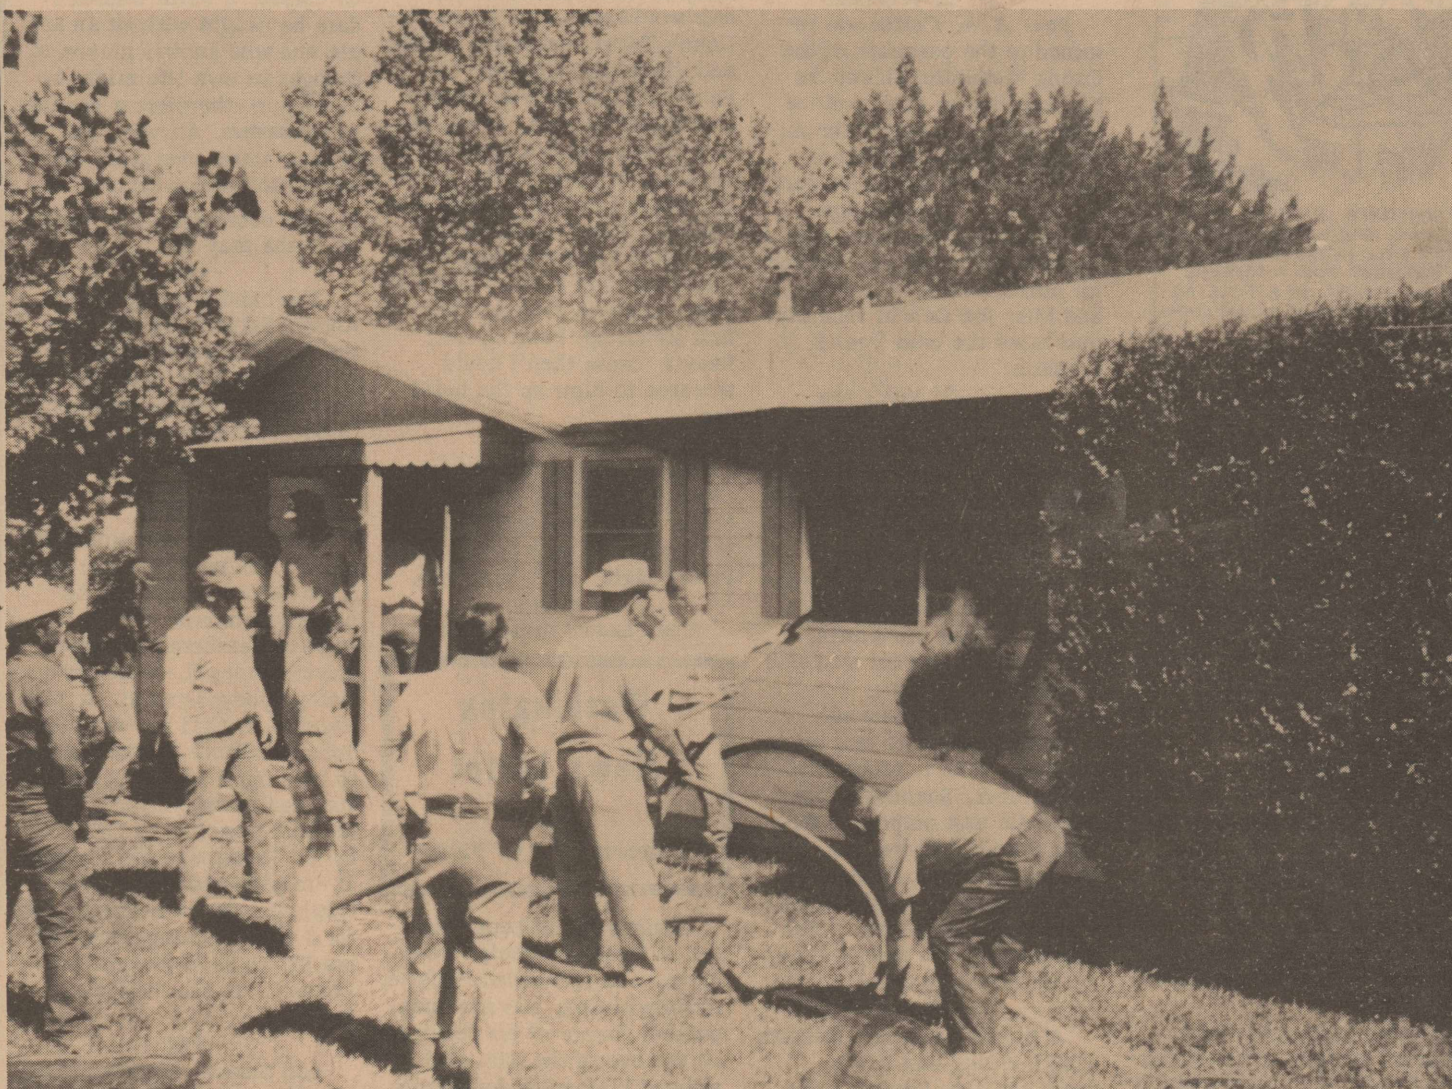

Remember, you all, set your alarms and get up at 2 o'clock Sunday morning to set your clocks back an hour.

### Collision Damages Vehicles

A rear-end collision involving two pickups Monday at noon near Crockett Heights, resulted in heavy property damage but no serious injury to either driver.

Sue Bett Alexander was attempting to make a left turn into Crockett Heights from Highway 290 when the pickup she was driving was hit in the rear by a pickup driven by Melvin D. Hensley of Eldorado.

The front end of the Hensley pickup was demolished and the Alexander vehicle had extensive rear end damage. Miss Alexander suffered a slight cut on the back of her head when the rear window shattered, according to investigating officer Patrolman Manuel Hartnett, DPS.

MAJOR FIRE struck this three bedroom home in Chandler Addition last week, leaving the Lloyd Beard family almost without a roof over their heads. The fire started in a bedroom. Here firemen attempt to contain the blaze. Apparently the fire had

been smoldering for some time, as the bedroom walls were burned through, and plastic dishes in the kitchen melted. The entire inside of the home had heavy smoke and heat damage, but firemen did manage to hold the bedroom.

### Lions Beat Big Lake In First District Game; Sonora Is Next

Ozona's Lions won their first district game 16-13 against the Big Lake Owls last Friday night and will take on the Sonora Broncos on the home field here Friday night. Both teams are 1-0 in District 7-AA play, Sonora beating Crane 27-15 in its first district outing.

The Lions only have three more games to go. This year the district is made up of Ozona, Big Lake, Crane, Sonora and McCamey. McCamey is expected to be the team to beat if the Lions are to capture another district football title.

Fans may expect a good game Friday night with tough competition from arch rival Sonora. This will be the first time in many years for the Lions and Broncos to face each other in district competition. Although it was not always so, the Lions have prevailed over the Broncos for the past few years, even coming up with a win when the Broncos went on to win their district and get into the play-offs in Class A.

The Lions did not have an easy time with the Owls. The Lions scored first with Romaldo Cervantez getting the score

from three yards out and John Galvan kicked the extra point. The Owls came right back and scored on a 50-yard pass

### 4-H Awards Program Mon. At Civic Center

The annual 1974 4-H Awards Program will be Monday, October 28, at 7:30 p.m. at the Civic Center. All 4-H members, parents, 4-H leaders, and friends of 4-H are welcome to attend.

County Awards will be presented to the top 4-Hers in Crockett County. Completion Certificates will be presented to 4-H members who have completed 4-H projects or activities during the past year.

Special awards will also be presented during the night's event. These will include the Basil Ray Dunlap Memorial Award, State Range Judging Certificates, County Danforth Awards, Gold Star Awards, Mother Davidson Memorial Trophy, and 4-H Alumni Awards.

play. The PAT was good and at the half the score stood 7-7.

In the third period, the Lions' big left tackle David Bean downed an Owl halfback in the end zone for a safety, giving the Lions the lead again 9-7.

Still in the third quarter, the Lions drove downfield to score Cervantez on a four-yd. run. Again Galvan toed the extra point. This ended the scoring for the Lions.

The Owls tried desperately to make amends in the final period, scoring again on a pass play, but the point after failed, and that was the ball game.

The Lions had 14 first downs to 13 for the Owls. The Owls actually outdid the Lions in total yardage, having 137 yards rushing and 138 passing for a total of 275, while the Lions had 226 rushing and 6 passing for a total yardage of 232.

The Owls hit 10 out of 14 pass attempts and the Lions were one for six. The Lions intercepted one Owl pass and did not suffer an interception. They lost 2 fumbles and the Owls lost 3. The Lions had 5 penalties for 52 yards and the Owls had 3 for 25 yards. The Lions punted 6 times for a 37-yard average and the Owls punted twice for a 36-yard average.

### Lion JV Still Unbeaten In Six Games

The Ozona Junior Varsity Lions traveled to Junction last week and brought home their 6th victory and fifth shut-out of the 1974 season. The undefeated Lions roared past their Junction opponents 50-0 to keep their drive for an undefeated season alive.

The JV Lions will be in Iraan today, Thursday, at 6:30 p.m. After this game there will be only two more games in regular season play.

Beginning the scoring for the Lions was Gary Warren who crossed the goal line on a 4-yd. run. Vaden Aldridge passed to Blake Moody for a 2 point conversion. Warren made the second TD on a 30-yd. pass play from Aldridge with Javier Reyes running the 2 point PAT across the line. The third score came on a 1-yd. run from Blake Moody. The PAT failed. Vaden Aldridge scored from the one-yard-line to end the scoring for the first half. The point after failed, and the Lions went to the dressing room leading 28-0.

The Lions were by no means through playing ball for the night, and Aldridge made a spectacular 51-yd. run for 6 more points on the board in the third quarter. Howard Huereca ran the ball over for 2 more points. Aldridge tossed a 13-yd. pass to Warren for another TD, then threw to Johnny Castro for the conversion points. Blake Moody ran for 16 yards for the last score of the night. The point after failed.

Outstanding defensive players for the night included Max Schroeder, Sammy Longoria and Ricky DeHoyos. The JV defense has allowed only 6 points to be scored against them all season, this score coming in the game with Big Lake last week.

### Prospector Set In County Field

Dan J. Harrison, Houston, will drill his No. 1 Joe T. Davidson, Jr., a 9,400-foot wildcard in Crockett County, eight miles south of Ozona and one mile northeast of Strawn gas production in the Hunt-Baggett field and 1-7/8 miles northwest of the Joe T. (Strawn gas) field.

Location is 660 feet from the south and 1,980 feet from east lines of 12-F-GC&SF.

### Absentee Voter Count Points To Apathy In General Election

Absentee voting for the November 5, General Election got underway at the County Clerk's office in the courthouse last week. As of 5 o'clock Monday afternoon, four absentee ballots had been cast.

Political forecasters have predicted a very light turn out of voters for the general election this year, even lighter than the small percent of registered voters who cast ballots in the primaries earlier this year. The lack of absentee voting in Ozona would seem to indicate very light voter interest here.

The only two races to generate any voter interest of note are those for State Representative for this district and U. S. Representative, 21st Congressional District, Susan Gurley McBee of Del Rio is the Democratic nominee for State Representative, and is opposed on the ballot by Raza Unida party nominee, Elpidio Lizcano of Crystal City. The post of State Representative, District 70, is presently held by Hillary Doran, Jr., who chose not to run for re-election. Mrs. McBee has campaigned extensively in Crockett County, and was honored at a reception Saturday afternoon at the home of the late Mrs. Joe Davidson. Candidate Lizcano has yet to make Ozona on the campaign trail.

For U. S. Representative, 21st Congressional District, there are three candidates on the ballot, Bob Krueger of New Braunfels is the Democratic nominee; Doug Harlan of San Antonio is the Republican

nominee and Ed Gallion of Crane is the candidate of the American party. Harlan and Krueger have campaigned in Ozona numerous times, Harlan visiting Ozona Tuesday and Krueger expected tomorrow for last minute campaign tours. Mr. Gallion visited in Ozona early in the campaign. The U. S. Representative post is presently held by O. C. (Clark) Fisher, who is retiring after serving dozens of terms in the House.

Absentee voting will run until Friday, Nov. 1, 5 p.m. Anyone who expects to be out

of town may vote absentee during this time by going to the Clerk's office. Those eligible voters who are out of town attending school or otherwise unable to be present at the Clerk's office in person, may write for a ballot and return it by mail.

On November 5, Election Day, all voters will vote in their precinct polling places. Precinct #1, at the courthouse; Precinct #2, at the Ozona Intermediate School; Precinct #3, at the Civic Center building; Precinct #4 at the Ozona (CONTINUED ON LAST PAGE)

### Fires Cause Heavy Property Damage

Ozona firemen were called out twice during the past week to extinguish in-town blazes. In both instances the damage was heavy and the second fire sent a young man to the hospital with second degree burns.

Wednesday afternoon heavy damage was sustained at the Lloyd Beard home from a blaze which started in the bedroom of the home. The family was gone at the time. Cause of the fire was undetermined, but fire, heat and smoke damage literally destroyed the interior of the home at 202 Algierita Dr. Firemen spent some time bringing the blaze under control.

Sunday afternoon around 6 o'clock, the men were called to Dave's Electric Cars, located behind Ozona Butane Co. where a Dodge pickup was on fire. Two young men were working on the pickup when it backfired through the carburetor and the gasoline ignited. The resulting blaze sent one of the young men, Bruce Matney, 17, to a local doctor's office where he was treated for second degree burns and completely destroyed the engine of the vehicle. Firemen managed to contain the blaze to the vehicle and the shed and equipment surrounding it were not damaged.

GREAT PUMPKIN INSURANCE is explained to Girl Scout Troop 80 during their meeting Thursday afternoon. All Ozona Girl Scouts are out beating the bushes this week to see who wins the prize for selling the most policies. They guarantee to clean up your yard if your house is wrapped on Halloween night, if you buy a policy, that is. Proceeds from the sales go to the American Cancer Society. Standing left to right are Teresa Morris, Karen Keilers, and adult leaders Mrs. Bill Black, Mrs. Wm. O'Bryant and Mrs. Tony Allen. Seated are Nancy Bench, Terri Bentley and Leigh Ann Field.

DECISIONS, DECISIONS -- Cody Sutton, son of Mr. and Mrs. Jeffrey Sutton, just can't make up his mind which pumpkin to pick from this truck load. They all look like good jack o'lantern material. He believes he'll just take 'em all.

LOCAL OFFICERS UNCOVER ARSENAL -- Quite a cache of guns, ammunition, stolen license plates, etc. were recovered last Friday when officers stopped a late model car with three Fort Worth youngsters aboard. The oldest of the trio was 18 and the youngest 13 years of age. The guns were stolen from ranch homes in Schleicher County. The three were parked behind the Williamson Arco Station Friday afternoon, and entered the station asking to trade cigarettes for oil. Cliff Williamson became suspicious and called officers. During the phone call, the boys took off up Highway 163. The crime spree was cut short, however, as officers cut them off at the pass.

RUMINATIONS ON THE FUTURE

The deep pessimism over the world's future that Henry Kissinger is known to harbor in private is now beginning to surface in public. In a recent interview with the New York Times he noted the crucial nature of the next decade, declaring that it will either be "one of the great periods in human creativity or the beginning of extraordinary disarray."

Calling for "a visible and dramatic down-turn in the arms race" and a new spirit of interdependence, Kissinger warned that otherwise "the Western civilization that we know is almost certain to disintegrate, because it will first lead to a series of rivalries in which each region will try to maximize its own special advantages. That inevitably will lead to tests of strength of one sort or another. These will magnify domestic crises in many countries and they will then move more and more to authoritarian models. I would expect then that we will certainly have crises which no leadership is able to deal with, and probably military confrontations . . ."

A major problem in staving off this potential catastrophe is that it depends, in Kissinger's view, upon the cooperation of the Soviet Union and Communist China. They must be willing to ease the arms race and help develop a world food bank. But why should they help? The present regimes in these countries would like nothing better than to see the collapse of the capitalist system and exactly the political, economic and social chaos that Kissinger most fears. What causes shudders in Washington must be causing glee and rejoicing in Moscow.

Kissinger is deeply conscious as a historian that civilizations tend eventually to collapse, but as a statesman he has to act on the assumption that problems can and must be solved.

We'll buy that approach. Civilizations do survive and prosper provided that they rise to the challenges that confront them. This country is still the leader of the West and it is still a long way from being down and out. But we ought to be realistic enough to recognize that we are in a time of deep trouble and only extraordinary leadership and national determination are going to see us through.

Interdependence is necessary, all right, but we are never likely to get it so long as Marxist-Leninist dictatorships rule in Russia and China. So-called detente with these countries, as understood and interpreted by them, will never lead to true cooperation. That will first depend upon major changes toward freedom in their societies. That ought to be a major objective of detente as we should interpret it.

GRAIN SALES AND THE FREE MARKET

It has now become apparent that the Soviet Union was trying to buy from the U. S. nearly twice as much wheat and corn as was covered in the 3 million ton, \$500 million purchase temporarily cancelled by the Ford Administration. This came out in testimony by Secretary of Agriculture Butz and executives of Cook Industries and Continental Grain Company before the Senate Permanent Investigating Committee.

In separate inquiries to the two companies, the Committee found that the Soviets were intending to buy as much as 6 million tons of grain piecemeal, similar to the pattern of the 1972 sales. It was only when the full magnitude of these intentions became clear that the White House acted to cancel those contracts already signed. According to Butz, Soviet Ambassador Dobrynin had assured him only a few days before that the Soviets intended only "modest" purchases. Butz apparently did not understand how the Soviets used the word "modest."

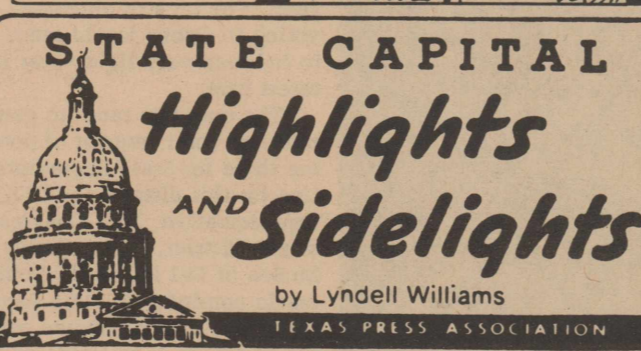

Such a massive and sudden entry by the Soviets into the U. S. grain market was bound to have a shock effect on an already disastrously reduced U. S. crop. Furthermore, the Soviet reason for wanting to purchase the grain is unclear. Their own harvest may be less than they have indicated or else they may want a surplus to export for their own political purposes. Soviet motivations are suspect by definition, and they may simply have hoped to further augment the U. S. inflation and the economic collapse that they undoubtedly hope will follow.

So the Ford Administration's intervention was proper under the circumstances. We hope, however, that this does not lead to any general export controls or any further attempt by the Administration to repeat the price controls so disastrously instituted three years ago. Many American farmers are understandably upset at government intervention in the Russian grain purchase. Most of them have suffered severe crop losses due to floods, drought and early frost, and they are naturally hoping for the highest price permitted by the operation of the free market supply-demand mechanism in order to recoup. Any policy which suppresses prices artificially may therefore adversely affect the incentive to produce, which only further aggravates the overall problem.

Rather, let us sell as much of our grain as we are able to spare to those nations which can prove to us a legitimate need, who are not our political enemies, and whose economic systems conform to the give and take of a free market determination of price.

OWNER'S TITLE INSURANCE, BASED ON A SEARCH OF PUBLIC RECORDS, IS CONSUMER PROTECTION AGAINST LAND TITLE HAZARDS. COVERAGE INCLUDES PAYMENT FOR A DEFENSE AGAINST AN ATTACK ON A TITLE AS INSURED AND PAYMENT OF VALID CLAIMS.

month. Texas Railroad Commission agreed on that last week after noting that major buyers asked for 17,582 barrels a day (4,075,201 barrels) less than in October.

Commission Chairman Jim Langdon said leased acreage for exploration is about as high as it has been in 15 years and drilling applications have increased 40 per cent. Actual increase in drilling is about 15 per cent. Langdon said the increase would be far greater if it were not for a shortage of pipe and drilling rigs.

AG OPINIONS—Waiver of a city-owned utility's obligation to make payments to the parent city is not an unconstitutional gift but merely a rate reduction, Atty. Gen. John Hill held.

In other recent opinions, Hill concluded: Copies of tests and test results on mobile home tie-downs should be made public on request. Public officials must confer with employees over grievances. Child care facilities operated by local mental health units or other political subdivisions are exempt from licensing requirements.

CROPS FORECAST—Texas upland cotton production this year is expected to decrease more than 1.5 million bales from 1973, to a level of 3.1 million bales, according to Agriculture Commissioner John C. White.

However, White said the October outlook for most Texas grains—rice, corn, sorghum and soybeans—remains good. Rice production is expected to top 25 million hundred weight bags in the state—an increase of 23 per cent from 1973 totals.

The Commissioner sees corn production at 69.7 million bushels, sorghum at 925 million bushels and soybeans at 6.5 million bushels. He said 1974 will be a good year for pecan production, estimated at 40 million pounds.

Weather—drought, followed by a cool, wet September—was blamed by White for the decline in the cotton yield. HERITAGE DAY OBSERVED—October 14 was Family Land Heritage Day honoring Texas farmers and ranchers whose families have worked the same land for 100 years or more.

Nearly 1,500 attended special ceremonies at the Department of Agriculture Food and Fiber Pavilion at the State Fair in Dallas.

Under the recommendations, full coverage comprehensive policies would increase 22.3 per cent on the statewide average, property damage liability 21.4 per cent, bodily injury liability eight-tenths of one per cent and 2.8 per cent medical payments 2.8 per cent. Uninsured motorist coverage cost would be reduced 20.1 per cent.

THE NEWS REEL A re-run of "The Ozona Story" as gleaned from the files of "THE OZONA STOCKMAN"

October 25, 1945 First county in the state to report over the top in the current War Fund Drive, Crockett County last week zoomed well over the assigned quota in the 1945 drive.

29 years ago Rev. A. A. Carter was returned to the pastorate of the Ozona Methodist Church for his second year as a result of appointments made at the annual Methodist Conference held last week in San Antonio.

29 years ago DeWitt's Cafe, successor to Hancock's Cafe, will reopen for business next Saturday. Mr. and Mrs. Joe DeWitt recently purchased the cafe from B. O. Franklin.

29 years ago Pvt. Dick Henderson, son of Mr. and Mrs. Floyd Henderson, was here last week on leave from Keesler Field, Miss., to visit his parents.

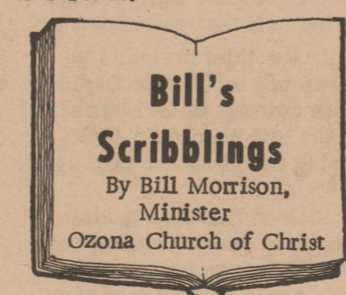

29 years ago Jimmy Read and Byrd Phillips, both students at the University of Texas in Austin, will be here over the weekend to visit their parents.

29 years ago With 500 feet of new oil in the hole, John I. Moore No. 1 Margaret A. Shannon estate, one-mile east outpost to the Shannon field in western Crockett County, prepared Friday for an attempt at completion as a producer. Total depth was 2,385 feet in lime. No water was showing.

29 years ago A blustery norther, bringing a high-rising dust storm, swept the area Sunday afternoon and Monday morning saw the first frost of the season.

29 years ago Mr. and Mrs. Chas. E. Davidson, Jr., and daughter, Muggs, returned Monday from San Antonio where Muggs underwent an operation to remove impacted wisdom teeth.

29 years ago Mr. and Mrs. Monroe Baggett have returned from a three-week visit with friends and relatives in north and central Texas.

A few weeks ago the San Angelo Standard-Times had an article on its front page entitled: Caveat Emptor, which means "let the buyer beware." The article described how easily a person can be deceived by false or deceptive business practices. As I read the article, I realized that the principle taught in the article was a Biblical principle.

Before Eve partook of the forbidden fruit and led the human race into sin, she was first deceived. She had an unreal understanding of her actions because Satan created an illusion surrounding the nature of her choice. Eve "saw that the tree was good for food and that it was a delight to the eyes and that the tree was desirable to make one wise..." (Genesis 3:6) Like Eve, many a hapless sinner has chosen to do a deed because he did not see the actual nature of what he was doing and he could not foresee the consequences of his actions.

Thus, it does make a difference what one believes. The Greek word for truth is "aletheia" and its basic meaning is "reality." When a person sins, he rejects that which is valid and real and he accepts a fantasy or an illusion. For an example, when a person lies, steals, or commits fornication, he supposes that he will find happiness or pleasure, but he does not see the cruelly barbed hook that Satan has disguised in each of these apparent delights.

So, whenever Satan displays his wares, remember: Caveat Emptor, "let the buyer beware."

It is not too early to think about Christmas this year. Place your selections in lay-away now and we will have them wrapped by the time you get them out. See the gift department at BROWN FURNITURE CO. and select that special something today.

October 20 was set as deadline for plow-up and stalk destruction by cotton farmers in the Upper Gulf Coast area.

THE LIONS ROAR by Virginia H. Suzanne W. Debbie M. Debra C. Happy Birthday to Regina Everett and Ronald Shaw. If you could be any teacher in school, who would it be and why? Lisa C. - Coach Granado, cause I like crowbars; Rosie R. - Coach Spieker, fan-tastic body; Sally B. - Mrs. Jones, so my hair would stay still; Diana T. - Coach Tarno, cause she's little and thinks big; Gigi M. - Mr. Palmer, cause he's so scientific; Robbie M. - Mr. Scott, because he has such a great personality; Gilbert G. - Mr. Moody, cause I'm bald headed too; Peter Z. - Mr. Reavis, cause he's almost smart enough to be a teacher; Lou F. - Mr. DeHoyos cause when he gets mad his hair stands up; Fawn P. - Mr. Reavis, cause then I could threaten to blow up the building.

The Lions got the district playoffs to a great start last Friday night. We wish them luck when we play Sonora here Friday night. Let's beat 'em.

The Shadow suspects that

Resignation of Leon Jaworski, Watergate Special Prosecutor, who succeeded Professor Archibald Cox, was not unexpected. Rumor of his departure on the eve of the trial of 5 alleged Watergate defendants, had been going the rounds.

When Jaworski was appointed by President Nixon to take Cox's place, many skeptics frowned in dismay, fearful he would not be tough enough. After all, they warned, he was from Texas and he had wealthy clients.

But the fears were soon dispelled. Determined to outdo Cox, Leon retained the 40 special aides Cox had recruited. Mostly liberal Democrats, those 40 assistants were eager lawyers and were very prosecution-minded. In fact, according to the press, 7 of the first 11 senior appointments among them were former associates of the Brothers Kennedy.

Moreover, Jaworski's job was made easier by having a Watergate judge, John Sirica, assuming a dual role of both judge and prosecutor.

And the Special Prosecutor had a subservient Watergate grand jury at his disposal, 17 of the 21 being blacks and only one of the 21 being Republican. While blacks are capable of being good jurors, Washington jurors are products of an environment which in 1972 voted 10-to-1 against Nixon for President.

In addition, Jaworski was aided by anti-Nixon publicity, whether justified or otherwise, which for two years completely saturated the District of Columbia. But Sirica resolutely refused to change the venue. He recalled that only a few months ago the Mitchell-Stans Watergate related trial in New York resulted in acquittal. Sirica seems to think moving the case out of the District would be too risky.

The 12 petit jurors chosen under rigid Sirica screening include 8 blacks and 4 whites. The trial may last three or four months.

It's rumored Leon is worried about obtaining a conviction and is also concerned about being able to sustain a conviction on appeal. He has skillfully engineered the groundwork for the current trial, and now he will be content to relax and read about it.

SHORT SNOTS Fifteen more Texas cities and counties were designated National Bicentennial Communities. They are Ballinger, Beaumont, Breckenridge, Commerce, Farmers Branch, Flower Mound, Greenville, Jefferson, Killen - Harker Heights, Marshall, Moody, Port Arthur, Weslaco, Wheeler County and Winkler County.

Governor Briscoe asked Secretary of Agriculture Earl Butz to declare Bee, Presidio and El Paso Counties disaster areas due to recent winds, hail and rains.

October 20 was set as deadline for plow-up and stalk destruction by cotton farmers in the Upper Gulf Coast area.

Halloween came early this year. The Shadow has seen a strange face lately and can't figure out what it is. Could it be a ghost, a goblin, or a witch-or a worm left over from last Friday's half-time show?

This eerie looking thing has been seen carrying many different objects of trick or treat. Of course, a worm wouldn't dare be caught without an apple and who knows, maybe it thought its own life might be in danger—therefore a package of Lifesavers. Anyway, the Shadow warns everyone, this early trick or treat may be at your door next... whoever he or she may be.

The band is going to San Angelo Saturday to march in the A. S. U. Homecoming parade. They have their goal set on a second first place trophy. Good luck, marching Lion Band. Parade time in San Angelo is 3 p.m.

What is your life ambition? Lisa C. - to have revenge; Drew I. - to get a hair cut just because I want one; Wilson H. - to be remembered as a good driver; James H. - to become a rich playboy; Lynn M. - to pass Algebra II; Gigi M. - to meet Robert Redford; Wayne Bissett - to be a bum; Ronnie S. - to be like Rod Laver; Javier E. - to become principal of OHS; Kirby K. - to learn to fly; Orlando D. - to play with the Dallas Cowboys; Gene Castro - to pose for a play girl magazine; Robbie M. - to have straight hair; Debra C. - to see "Linda" at Pachi.

Last week's mystery picture was Dawn Burns.

What's for sale this week--ponytails and horseshoes?

SNIPS, QUIPS AND LIFTS by Lottie Lee Baker

An old timer said our country was in better shape when we had more whittlers and less chisellers.

No matter what happens, there is always someone who knew it would.

A rare volume is one that was returned by the person who borrowed it.

When the politician had finished his speech, an Indian in the audience summed it up pretty well: "High wind, big thunder, no rain."

Sit on an antique horsehair sofa and you'll know why grandmother wore six Petticoats.

The girl who wore glasses and pined for lost passes. Her chuckles and cleanses. Her contact lenses.

Cold feet is a sign your soul is wearing out.

Speaking of the truth--we should have regular check-ups to avoid truth decay.

It is much easier for some people to say what they think than to tell what they know.

The worst thing that I can find with the younger generation is that I don't belong to it.

It is possible to repair a broken reputation, but you can be assured that people will keep an eye on where the crack was.

When it comes to the pros and cons, there are too many pros that are conning these days.

### Tips For Gardeners

From the Ozona Garden Club by Mrs. Bailey Post

Now is an important time in making plans for new landscape plants, replacing dead ones, or those that have proven to be undesirable for this area. The best selection of plants will be available the next few months in nurseries nearby, or from reliable nurseries in other areas.

The Japanese hollies have been a long time favorite foundation plant, and seem to tolerate our hot, dry exposure better than the boxwood. They are usually classified as dwarf plants, but some varieties may grow to a height of 5 to 10 feet in 10 years.

Two of the first to be grown in the South are *Rotundifolia* which has flat, dark green leaves and produces no berries. *Convexa* has smaller leaves that cup downward and produces a profusion of black berries. A newer variety that has a growth habit similar to *Convexa*, but better leaf color, *Hetzl* is similar but slightly larger and has longer leaves. Japanese holly selections with a spreading growth—*Repens*. Most of these require frequent pruning for best appearance. They may be pruned with hedge shears to give a formal shape. A more natural appearance may be obtained by removing large limbs down inside the plant with hand pruners. Hollies that have grown too large may be cut back to 6 to 12 inches above the ground in late February or early March.

Consult your nurseryman for making proper selections for your landscape plan. There are other new varieties for specimen, group or border plants.

Three other Southern Charmers are from the evergreen family *Raphiolepis* (Indian Hawthorn). Varieties: 1. "Majestic Beauty" R. has a strong branching habit covered by huge foliage with spectacular springtime display of large, soft pink apple blossoms. 2. "Enchantress" R. for border plantings, planter boxes, patio containers or mass plantings, displays masses of rich pink blooms. It has tight branching habit on a low mounding form. 3. "Springtime" R. is a medium sized shrub, a size between the above varieties, with a profusion of rich pink blooms on graceful branches.

Everyone is urged to make plans now to help make our city one of the most beautiful, best groomed, and cleanest cities in Texas for the Bicentennial 1975-1976.

FRIDAY BRIDGE CLUB  
Mrs. Lowell Littleton entertained the Friday Bridge Club last week at the Country Club. Winning high score was Mrs. Bailey Post. Low went to Mrs. O. D. West, and bingo to Mrs. Lovella Dudley.

Others playing were Mrs. T. J. Bailey, Mrs. L. L. Bryant, Mrs. J. B. Miller, Mrs. Stephen Perner, Mrs. Hillery Phillips, Mrs. Lee Childress, Mrs. S. M. Harvick, Mrs. Sherman Taylor, and Mrs. J. B. Miller. Mrs. J. B. Miller will host the club this week at the Civic Center.

Others playing were Mrs. Mrs. Tom Mitchell, with second high going to Mrs. Gene Williams and low to Mrs. H. M. Phillips, Jr. Bingo winners were Mrs. Beecher Montgomery and Mrs. Jack Williams.

Others playing were Mrs. Clay Adams, Mrs. Bob Bailey, Mrs. T. J. Bailey, Mrs. Charlie Black, Jr., Mrs. John Childress, Mrs. Joe Couch, Mrs. L. B. Cox, III, Mrs. John R. Humnicurt, Mrs. Frank McMullan, Sr., Mrs. Jake Short, Mrs. Sherman Taylor, Mrs. Kirby Moore, Mrs. John Lee Henderson, Jr., Mrs. Bruce Mayfield, Mrs. Charles E. Davidson, III, Mrs. Tommy Harris, Mrs. W. E. White and Mrs. Byron Williams.

Others playing were Mrs. Mrs. Charles Williams and Mrs. Tony Allen attended an American Cancer Society workshop for unit presidents and Crusade Chairmen of this district Saturday. The meeting was held in San Angelo. The ACS Thrift Shop will be open again Monday, Nov. 4, from 2-5 p.m.

### Personal Opinion Telegrams

The 535 members of Congress make decisions every day that affect your life. And your opinions are important to this decision-making process. Important to your Representative. Important to your Senators. And important to the President.

To make it easier for you to express your opinion to your elected representatives, Western Union offers a number of high-impact public information networks.

The quickest way to go on record with your elected officials is the Personal Opinion Telegram. It gives you 15-words (plus your signature and return address) for just \$2.00.

To send a personal opinion telegram, just call Western Union toll-free anytime of the day or night. Within seconds, your message will be on its way to Washington, D.C.

CARD OF THANKS  
We would like to express our appreciation to Girl Scout Troops 189 and 224 and their leaders, Thelma Janes and Janice Marley, for their time and hard work in making and distributing the posters you see in the store windows of Ozona. Sincerely, The Ozona Woman's Forum

BAKER JEWELERS

COMFORT ECONOMY  
you get it all with  
NATURAL ENERGY  
**Gas Heating**

Fresh, warm air gently circulating from floor to ceiling... so nice to take for granted. Comfort is clean gas heat.

And that dependable comfort is such a bargain here in West Texas. Though gas energy costs a little more than it use to, gas furnaces still cost less than one-third as much to operate as similar electric furnaces.

And at the same time you're saving money with gas heating, you can also have a warm feeling knowing that you're helping conserve energy. Gas heating uses only half as much energy as an electric system doing the same job.

Comfort, efficiency, and economy... you get it all with natural energy gas heating.

### Debra Says

by Debra Price  
HD Agent

From timing baked products to turning on a lamp, household timers can be used many ways. They time cooking, games, sun lamps, telephone calls and laundry, just to name a few.

When purchasing a timer of any kind, consider these questions:  
--what activities will be timed with the device?  
--where will the timer be used most? If used near a hot range, it should be heat resistant.  
--is the alarm loud enough to be heard if no one is close by?  
--is the time simple to set?  
--are markings easy to read?  
--does it have at least one year's guarantee?

Timers vary from single units to parts of large appliances. Small single units--about the size of a travel alarm clock--move from one place to another to time activities.

Other portable ones attach to larger appliances--and turn them off or on. Another single unit timer turns on the automatic coffeemaker--so coffee will be ready before the family arises.

Timers also discourage burglars--by causing regularly used lights or appliances to come on or go off when desired--even with the family away. Some cooking ranges have built-in timers, either as

part of the range clock or a separate stove-top control. Washers, dryers and dishwashers also use built-in timing mechanisms to control cycles.

One of the simplest timers consists of a manual, spring-wound clock that triggers an alarm when "time is up." In general, timers are accurate to 15 seconds on any setting--although an error of 30 seconds is accurate enough for many tasks. Most measure up to 60 minutes in one setting, and are numbered at every fifth minute. The newest style consists of a digital clock. With it, numbers of the exact hour and minute appear horizontally on the timer face.

CORN DOGS  
2/3 c. corn meal  
1/3 c. all-purpose flour  
1 tsp. salt  
1 1-lb. pkg. wieners  
1 egg, beaten  
2 Tbsp. vegetable oil or melted shortening  
1/2 c. milk

1. Combine corn meal, flour and salt.  
2. Add egg, oil and milk.  
3. Coat each wiener with flour and insert onto tines of cooking fork or wooden skewer. Dip into corn meal mixture, coating all sides.  
4. Fry a few at a time in hot deep fat (375 degrees) until golden brown.  
5. Serve with mustard, catsup or chili sauce.  
Makes 8 to 10 wieners.

Mr. and Mrs. Eddy Bower of Dallas spent the weekend here visiting her mother, Mrs. Vera Baker, and other relatives and friends.

# Saturday Morning Bricklayer

My neighbor Marty is a certified public accountant. He is also an assistant scoutmaster. And treasurer of the Civic Association. Hard worker for local charities. And—oh yes—Marty is a Saturday morning bricklayer. He can build a mighty fine wall to set off that patio he put in last summer.

You'd think that a man so capable and versatile wouldn't feel dependent on anybody or anything. Not so.

It is usually the folks like Marty—the ready, willing and able ones—who are first to recognize their spiritual needs. Nor are they ashamed to admit their dependence on God—and His Church. You'll hear Marty and his wife give credit to their religious beliefs for the strength of their marriage and for the ideals that inspire their family life.

In fact, it's Sunday morning, rather than Saturday, when they do their most important building. How about joining them at church time?

Mr. and Mrs. Alex Ogilvy and children, Judy Ann, Mike and Tim, of Odessa spent the weekend here with her parents, Mr. and Mrs. W. E. White. --0--

**Miss Sanchez And Sgt. Amaya Are Married**

Mr. and Mrs. Jose M. Sanchez have announced the marriage of their daughter, Nelly A., to Sgt. Alex Amaya, son of Mrs. Maria Amaya of Houston, in a civil ceremony Oct. 17, in Fort Worth.

The bride is a 1972 graduate of Ozona High School and attended Community College in San Antonio. She is presently employed by a jeweler's firm in Fort Worth.

Her husband is a 1970 graduate of San Jacinto High School in Houston. He is a member of the Air Force honor guard at Carswell AFB in Fort Worth.

The couple will be at home in Houston, following his discharge next month. --0--

**DAUGHTER TO CHILDRESSES** Mr. and Mrs. P. L. Childress, III, are parents of a daughter born at 8:43 p.m., October 14 in the Clinic Hospital in San Angelo. The little girl weighed 7 pounds and 15 ounces and has been named Julie Ann. --0--

Grandparents are Mr. and Mrs. P. L. Childress, Jr., of Ozona and Mr. and Mrs. Grady Ellis of O'Brien. Great grandmother is Mrs. R. E. Hardberger of Ozona. --0--

MRS. AMAYA

**TOPS CLUB MET TUESDAY** The Ozona Tops Club #871 met October 22 at the Chamber of Commerce building. There were six members weighing in with a total weight loss of seven pounds. --0--

Gayle Eppler was Queen of the Week with a loss of three pounds. Blanche Walker was welcomed as a new member, and Tony DeHoyos was a visitor. --0--

Thanks so much, Eddie, Bobby and Lloyd Beard

**Miss Tabb's Engagement Announced**

Mr. and Mrs. Thadd E. Tabb have announced the engagement and approaching marriage of their daughter, Grace Ann, to Troy Daniel Urbantke, son of Mrs. Bernard G. Urbantke of San Angelo and the late Mrs. Urbantke.

The bride-elect is a 1971 graduate of Ozona High School and is presently a senior at Angelo State University.

Her fiancé, a graduate of Lakeview High School is a candidate for a B.A. degree in Management from ASU in May.

The wedding is planned for Dec. 28 at the First Baptist Church. --0--

MISS GRACE ANN TABB  
 .... Plans December Wedding

**Grandparents S.S. Payments For Children**

Some children may be eligible for social security benefits on a grandparent's earnings record but aren't getting payments because they haven't applied for them, according to J.M. Talbot, social security manager.

Children supported by a grandparent may be eligible for monthly payments if the grandparent is getting social security benefits. A child also may be eligible for payments if he or she was a dependent of a grandparent who died after working long enough under social security.

"Generally, the child's parents must be deceased or disabled at the time the grandparent began getting social security payments or died," Mr. Talbot said. "In some cases, children legally adopted by their grandparent can get social security payments."

A child can get payments until age 18--or age 22 in the case of full-time students who remain unmarried. People can get information about applying

for benefits by calling or writing any social security office. The San Angelo Social Security Office is located at 3000 West Harris Avenue (P. O. Box 3808) or phone 949-4608. Residents of Ballinger, Big Lake, Brady, Junction, Mason, Ozona, Sonora, and Winters may call toll free by dialing "Operator" and asking for "Enterprise 2058."

**DOUG HARLAN TALKS WATER.**

I have visited Ozona on many occasions.

I know how important water is to the future of Ozona and plan to remember this in Washington by working for:

- ✓ Improvement of area resources rather than looking to faraway sources.
- ✓ Active pursuit of brush control.
- ✓ Development of additional surface reservoirs such as Lake Amistad.
- ✓ Development and use of underground reservoirs.
- ✓ Initiation of water reclamation projects.
- ✓ Expansion of research into de-salting of sea water and weather modification.

**Harlan for Congress.**

Paid for by Friends of Doug Harlan, W.G. Conway, Chairman.

**VOTE NOVEMBER 5 Agriculture is our Most Vital Industry**

Re-elect

**JOHN C. WHITE**

Commissioner of Agriculture

- Integrity
- Leadership

Pol. Adv. paid by T. P. Flahive, Chmn, John C. White Comm, 221 E. 11th, Austin, Tx. 78701

**LADIES! HAVE YOU HEARD?**

DO YOU KNOW WHO IS PLANNING YOUR FUTURE FOR YOU? ARE YOU SURE THEY ARE PLANNING WHAT YOU REALLY WANT? IF NOT, IT'S TIME TO WAKE UP AND SPEAK UP! THE HOUR IS LATE!

**ARE YOU SURE YOU WANT TO BE "LIBERATED"?**

God created you and gave you a beautiful and exalted place to fill. No women in history have ever enjoyed such privileges, luxuries, and freedom as American women. Yet, a tiny minority of dissatisfied, highly vocal, militant women insist that you are being exploited as a "domestic drudge" and "a pretty toy." And they are determined to "liberate" you--whether you want it or not!

What is "liberation"? Ask women in Cuba. Castro "liberated" Cuba! Remember?

**WHAT IS THE EQUAL RIGHTS AMENDMENT?**

On March 22, 1972, the U. S. Congress passed the Equal Rights Amendment (ERA) and sent it to the states for ratification. If it is ratified by 38 states, it will become law, enforced by the federal government, superseding all state laws on related subjects.

The Amendment reads: "Equality of rights under the law shall not be denied or abridged by the United States or by any states on account of sex." Simple, isn't it? Deceptively simple. Sounds good, doesn't it? BUT HAVE YOU LOOKED AT THE HOOK INSIDE THE BAIT?

**THE MOST DRASTIC MEASURE**

Senator Sam Erwin called the ERA "the most drastic measure in Senate history." Why? Because it strikes at the very foundation of family life, and the home is the foundation of our nation. Can you possibly avoid being drastically affected by the ERA? NOT A CHANCE!

Actually, it is a Loss of Rights Amendment. How will it affect YOU?

**DO YOU WANT TO LOSE YOUR RIGHT NOT TO WORK?**

If you are married, you may choose to work outside your home. But you may choose to stay at home, to rear your children, to be supported by your husband. The ERA will abolish this right. It will invalidate all laws which require the husband to support his family and will make the wife equally responsible for support. You can be forced to supply half the family support, or all of it, if you are a better wage earner (pp. 944, 945, Yale Law Journal, which was inserted in the Congressional Record by Senator Birch Bayh, leading proponent of ERA).

What about your children? You can be forced to put them in a federal day care center, if one is available. And to see that one is available is a major goal of the National Organization for Women (NOW)--leaders in the movement to ratify the Equal Rights Amendment.

Under the ERA, if a wife fails to support her husband, he can use it as grounds for divorce (Yale Law Journal, p. 961).

This can work a special hardship on senior women who have spent their lives rearing their families and are not prepared to enter the job market.

**WILL THE ERA HELP DIVORCED WOMEN?**

Divorced women will lose the customary right of child custody, child support, and/or alimony, and can be forced to pay child support and alimony, if her husband wins custody of the children (Yale Law Journal, p. 952).

**WHAT ABOUT OTHER EFFECTS ON FAMILY LIFE?**

Wife and children will not be required to wear the name of husband and father. They can choose any name they wish. Can you imagine the resulting confusion?

According to leading law counsels, the ERA will permit homosexuals to "marry" and adopt children.

**DO YOU WANT TO LOSE YOUR RIGHT TO PRIVACY?**

The aim of NOW and other pro-ERA groups is to totally "desexgrate" everything. Professor Paul Freund, Harvard Law School, testified that ERA: "would require that there be no segregation of the sexes in prison, reform schools, public restrooms, and other public facilities."

This includes all public schools, college dormitories, and hospital rooms.

**DO YOU WANT YOUR HUSBAND TO SLEEP IN BARRACKS WITH WOMEN?**

If your husband is in the armed forces, or a fireman, what can you expect under ERA? It will be illegal to have separate facilities--so your husband will be sharing sleeping quarters, restrooms, showers, and/or foxholes with women.

**DO YOU WANT TO LOSE YOUR RIGHT NOT TO BE DRAFTED?**

Some women are crying for "equal rights" in the armed forces. But do you want them to abolish your right NOT to be drafted? ERA will do this. All women will register at age eighteen, subject to all military duties including combat.

If you have small children, "whichever parent was called first might be eligible for service; the remaining parent, male or female, would be deferred" (Yale Law Journal, p. 973). Do you want this for your daughters? Men, do you want your wives and daughters living in barracks with men? Going into combat with them?

**DO YOU WANT PROTECTIVE LAWS AGAINST SEX CRIMES?**

The ERA will abolish "seduction laws, statutory rape laws, laws prohibiting obscene language in the presence of women, prostitution and 'manifest danger' laws" and all laws against forcing women into prostitution (Yale Law Journal, pp. 954, 964).

**WILL ERA PROVIDE BETTER PAY FOR WOMEN?**

Not at all. Proponents of ERA incessantly sing the tune: "We want equal pay for equal work." They do not tell you that this is already guaranteed under: (1) The Civil Rights Act of 1964, Subchapter VI: Equal Employment Opportunities (42 U.S. Code 2000e-2). (2) The Equal Opportunities Act of 1972 (Public Law 92-261).

So the "equal pay for equal work" argument is deceptive--merely a smokescreen to hide the real intent of the ERA.

**WILL THE ERA HELP WORKING WOMEN?**

As noted above, it will NOT provide higher pay or increased job opportunities. It will NOT cause a husband to do more work around the house. It WILL, however, very adversely affect women in industry, by invalidating ALL PROTECTIVE LAWS FOR WOMEN--laws regulating weight lifting restrictions, rest periods, excessive working hours, and maternity leaves.

The ERA will do nothing for teachers. Their protection is already guaranteed by law. It WILL, however, adversely affect education by eliminating all single sex schools--military schools, seminaries, or women's colleges.

**HOW WILL THE ERA AFFECT CHURCHES?**

The National Organization for Women (NOW) is demanding that women "be ordained in religious bodies where that right is still denied." To refuse to do this will be illegal under ERA. One goal of NOW is to abolish the tax-exempt status of all churches.

**A WOMAN'S UTOPIA?**

At women's lib rallies, Russia is proudly cited as a country where women have equal rights. Harry Trimborn, staff writer, Los Angeles Times, visited Moscow and described just how "great" it is (L. A. Times, Dec. 23, 1970): "The women do the work and the men tell them how to do it. Like sweeping the streets, bricklaying, loading cargo ships, collecting garbage, building dams, digging ditches and mining coal... then she must spend at least 50% of her off-work time shopping and cooking. She can expect little help from her husband."

A Russian woman must put her baby in a state-operated child care unit. She (as well as men) can be jailed for refusing to engage in "socially useful labor" or for leading a "parasitic way of life." This is a living picture of "liberation!"

**CAN A STATE REVOKE ITS RATIFICATION OF ERA?**

Absolutely! When 38 states ratify the ERA, it will become the 27th Amendment to the U. S. Constitution. At one time, 33 had ratified. Nebraska and Tennessee have rescinded their ratification.

"Clearly a state can change its mind either way before the amendment is officially declared to be ratified" (Prof. Charles L. Black, Jr., of Yale University Law School, Congressional Record, May 8, 1973, p. S8522).

**WHAT CAN YOU DO ABOUT IT?**

1. Find out where your state now stands on the Equal Rights Amendment.
2. Find out who your State Legislators are (you can call your local Democratic or Republican Headquarters.) Write them. Ask them to oppose ERA. Tell them that NOW does not speak for you, nor for most women. Ask your friends to write.
3. If possible, visit your representatives personally.
4. Work to inform as many people as possible

**TOO LONG WE HAVE BEEN THE "SILENT MAJORITY." IT'S TIME TO SPEAK UP! LET YOUR VOICE BE STRONG AND CLEAR!**

**Paid For By A GROUP OF CHRISTIANS**

## Ozona Band Boosters Get Club Year Under Way

The Ozona Band Boosters voted to purchase two coolers in order that hot chocolate may be served to band members after the halftime shows at the football field, during their meeting last Thursday evening.

Various fund-raising projects were discussed for the year, with proposals tabled until the next meeting where it is hoped more parents from the junior high and high school bands will be on hand.

Members of the Junior High School band will be selling memberships in the Ozona Band Boosters Club at the Ozona-Sonora game Friday. Memberships are \$2 per person.

Club treasurer Claude Montoya said that a total of \$840.75 is presently on deposit in the bank. Club members hope to have enough funds to purchase the video-tape equipment which was voted on last year,

by the end of this year's activities.

Band Director Lane Scott announced that the Ozona Band will take part in the ASU homecoming activities again this year. The event is scheduled for Saturday, Oct. 26. The band will march in the parade at 3 p. m. and perform on the field during the halftime along with other area bands.

Plans have been made for the next meeting to be held at the El Sombrero Cafe Thursday, Nov. 7. A Dutch treat supper will be served at 6:45 and the meeting will get underway at 7:30. Those who do not wish to participate in the meal are urged to be on hand for the meeting.

## Ozonans Attend Funeral Service

Funeral services for J. T. Dameron, former Rankin resident and brother-in-law of Mrs. Ray Dunlap of Ozona, were held Thursday in Stephenville. Mr. Dameron died suddenly at his home near Stephenville Wednesday.

Attending the services from Ozona were Mrs. Dunlap, Mr. and Mrs. B. W. Stuart and Mr. and Mrs. Basil Dunlap.

**BATTERIES** - 54 month guarantee - 20 month free replacement. Only \$24.45 with trade-in, plus tax and transportation. In stock at Montgomery Ward, 906 11th St., Ozona, 33-3tc

**KITTEN** - to give away - pretty gray and white female. Call 392-2175. 33-1tp

Mr. and Mrs. Max Morris have just returned from Christmas market in San Antonio.

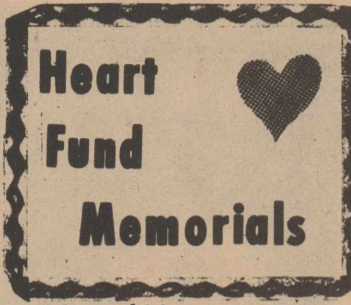

DEAN W. BRIGHAM

## Eldorado Church Names Minister

Mr. Dean W. Brigham of San Angelo has been called as full time minister of the First Christian Church of Eldorado. He assisted in organizing the church in Eldorado some 18 years ago.

Mr. Brigham attended the University of Oklahoma and Southwestern College in Durant, Oklahoma. He has been associated with churches in a three-state area and was a member of the staff at Texas Christian University in Fort Worth for seven years.

Mr. Brigham and the church membership invite Ozona residents who are members of the Christian Church and others to attend services. Anyone wishing a ride to church, call 392-3419 anytime from 9 a. m. to 12 noon.

Mr. and Mrs. L. E. T. Sikes in memory of Bill Littleton.

Mr. and Mrs. Walter Augustine in memory of Paul Perner.

Mr. and Mrs. Joe Bean in memory of Paul Perner, Mrs. Albert Bailey and Bill Littleton.

Mrs. Ralph Jones in memory of Lee McMullan, Madye Bailey, Paul Perner, Henry Wyatt, Charles "Hoot" Gibson and Joseph Logan.

Mrs. Bonnie Warth in memory of Charles "Hoot" Gibson, Sonora Al-Anon Group in memory of Charles "Hoot" Gibson, Henry Wyatt.

Mrs. Laura Butler in memory of Charles "Hoot" Gibson and Henry Wyatt.

Mrs. Lindsey Hicks in memory of Bill Littleton, J. T. Flannagan, Mrs. Joe Davidson and David Bozeman.

Mr. and Mrs. Roy Henderson in memory of John F. Schreever.

Mr. and Mrs. Sam Bosworth in memory of George Glynn.

Mrs. Stephen Perner in memory of Madye Bailey.

Mr. and Mrs. John Childress in memory of Paul Perner and George Glynn.

Mr. and Mrs. W. F. Stokes in memory of George Glynn.

Mrs. G. W. Snively County chairman

--0--

## Bob Krueger To Visit Here Tomorrow

Robert (Bob) Krueger, Democratic nominee for Representative for U. S. Congress, 21st District, will be in Ozona tomorrow for a last minute campaign tour before the coming election.

Krueger, who has visited Ozona many times during the Democratic Primary campaign and the present campaign, is opposed by Republican Doug Harlan in the General Election, for the post being vacated by O. C. (Clark) Fisher.

Krueger and his aide expect to arrive by plane at the Ozona airport about 7:45 Friday morning and will go directly

to the Hiway Cafe where they hope to contact and visit with Crockett County voters.

## RMA Moves To New Quarters

The Retail Merchants Assn., managed by Lottie Lee Baker, and for many years housed in Lottie's Book Shop next to Ozona Butane Co. has moved to its new quarters in the old bank building.

The move was completed this week and the association is open for business as usual.

### CONSERVE ENERGY With Proper Insulation

Proper insulation helps to keep OUT heat in the summer, cold in the winter, helps to reduce outside noises, and absorbs inside sounds.

Adequate insulation can save over 40% on energy costs annually. You should have at least 4" in walls and 6" in ceilings. Heating and air conditioning duct-work should be wrapped with insulating material.

Insulation can pay for itself with the savings from operating costs in about 1 1/2 years. Your home will be cleaner because insulation will help to keep dust and dirt pollution from sifting in.

**SAVE ENERGY WITH CAULKING AND WEATHERSTRIPPING**

Check all windows and doors. If a cold draft indicates you are losing heat, install weatherstripping and caulking where needed. It will save on both heating and cooling costs.

An almost invisible 1/4" gap at the base of a standard 36" outside door is equal to a nine square-inch hole in the side of your house. There are a number of easy-to-install felt and foam rubber products on the market to draft-proof doorways.

**West Texas Utilities Company**

REMEMBER, REDDY SUPPLIES THE ENERGY - BUT ONLY YOU CAN USE IT WISELY!

# OPEN HOUSE!

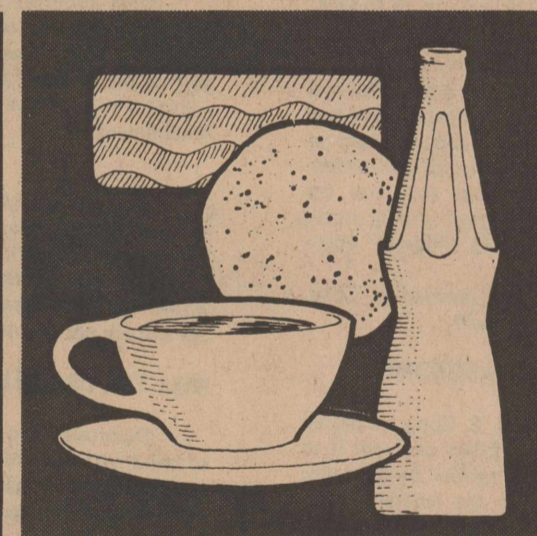

## SAN ANGELO SAVINGS' NEW SONORA BRANCH OFFICE

115 EAST MAIN  
MONDAY THROUGH FRIDAY • OCTOBER 21-OCTOBER 25  
9 A.M. TO 3 P.M.

## REGISTER FOR 11 FREE PRIZES!

### 1 OIL PAINTING GRAND PRIZE

Choose from four original oil paintings valued up to \$500 each. Grand prize winner may choose from 4 large beautifully framed original landscapes created by an European artist. All four paintings are being exhibited during our open house.

**FREE REFRESHMENTS**

Come meet our staff and enjoy a free cup of coffee or soft drink and munch a cookie while you tour our beautiful new branch office.

### 10 COIN COLLECTIONS DAILY PRIZES

First prize in daily drawing. **THE SILVER STORY** with a retail value of \$39.95, includes a genuine silver dollar, a capsule of pure silver granules, and a discontinued Silver Certificate.

Second prize each day, **LINCOLN MEMORIAL CENTS**, a retail value of \$17.95. A fascinating collection of 32 Lincoln Cents, all in uncirculated condition. Includes a hard-to-find Lincoln Wheat cent for comparison. Both collections handsomely framed.

**YOU'RE INVITED**

to our Sonora Branch Open House celebration. Daily prizes will be awarded in random drawings at the close of business from each day's registration. Grand prize winner will be drawn from all of the week's registrations. You need not be present to win. You need not be a SASA depositor.

## FREE GIFTS FOR EVERYONE.

A substantial interest penalty is required for early withdrawal of certificate accounts.

# Statewide Hunting Outlook Is Good For State Of Texas

Late summer rains have brightened the overall hunting picture for most of Texas. If range conditions continue to improve, Texas hunters can expect generally good hunting this fall.

A mid-September poll of Texas Parks and Wildlife De-

partment game wardens, biologists and information officers throughout the state came up with these outlooks:

--Deer: Out in the Trans-Pecos, Brewster, Presidio and Jeff Davis should offer the best mule deer hunting. Wardens and ranchers in these tra-

ditionally strong deer-hunting counties have observed some losses of fawns but deer seem to be recovering rapidly with the late rains.

East of the Pecos River, in the Permian Basin, the best prospects for deer are in Tom Green, Schleicher, Sutton and Crockett Counties as whitetail habitat increases.

TP&WD information officer J. D. Peer in Lubbock looks for only an average whitetail season but biologists in the Edwards Plateau and Possum Kingdom area of northcentral Texas are very optimistic about the season.

According to department project leader Donnie Harmel of Kerrville, a bumper acorn crop in the Hill Country will fatten deer prior to the season. A deer census is just underway but early indications are of a good fawn crop in many areas.

And up in the Possum Kingdom, project leader C. E. Holt of Decatur is equally optimistic about both the body condition and antler quality of white-tailed deer.

Biologist Gary Spencer in southeast Texas says that this year's acorn crop is only average so the deer might have to move around more to find food. This should boost the harvest figure. There was a good fawn crop but these deer will not show up in the bag until next season.

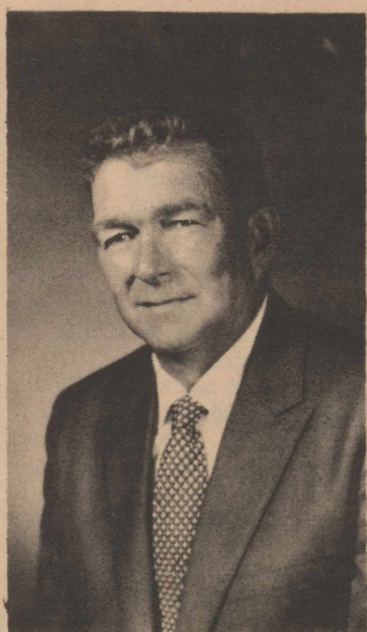

Hunters can expect to bag a higher percentage of older deer this year since last year's fawn crop in northeast Texas was below average.

To the north, regional wildlife director Bob Van Cleave at Tyler has much the same to say; a good acorn crop should mean fat deer this season.

Biologist Jay Williams of San Antonio is expecting an average to above-average deer season in most of South Texas. Antlers are good and body conditions are prime.

--Turkey: The consensus among TP&WD officials is that Rio Grande turkey numbers will be down this year because of the dry spring and summer. Turkey seem to be less flexible than quail in nesting times and few poults have been observed. The best prediction anyone could muster is a qualified "fair" for turkey.

--Quail: Just the opposite of turkey, bobwhite and blue quail took advantage of late rains and increased food and reentered where earlier efforts were unsuccessful. Jay Williams says that the highlight of quail hunting in South Texas is to be found in Live Oak, Jim Wells, Duval and Bee Counties. Indications show that quail shooting in those counties will be exceptionally good this fall

D. D. ST. CLAIR

## D. D. St. Clair Honored For Shell Service

D. D. St. Clair, Operator 1/Repairman at Shell Oil Company's Ozona Gas Plant at Ozona, Texas, was honored recently on the occasion of his 30th service anniversary with the Company.

Don started his Shell career in October 1944 as a Maintenance Man at the Bryan Gas Plant in Skellytown, Texas, and worked at that location until the plant was sold in August of this year. He was classified as Repairman, and served intermittently in the capacity of relief Plant Foreman. In August 1974 Mr. St. Clair transferred to the Ozona Gas Plant at Ozona.

He was born in Springdale, Arkansas and attended schools in Perry, Oklahoma, and Oklahoma State University at Stillwater. He and his wife are the parents of a son and a daughter.

## Bicentennial Medals Available

Though most Americans are normally not avid collectors, the American Revolution Bicentennial Administration (ARBA) is trying to make sure that everyone is aware of the historical medals it is offering as part of the commemoration of the nation's 200th anniversary.

The series of medals is the only one issued under authority of the Congress of the United States and they are expected to be one of the most popular mementos of the period.

The 1974 Bicentennial medal, available in silver or bronze, is being produced by the United States Mint. Orders must be placed by November 1.

The silver medal is \$15 and the bronze medal is \$3.50. Net revenues from the sale of the official medals are used by the ARBA to help fund the Bicentennial projects of cities, communities and non-profit organizations throughout the nation.

The front of the medal features a bust of John Adams, second President of the United States and a delegate to the First Continental Congress, which is commemorated on the reverse side of the medal by a colonial figure silhouetted against a relief map of the original 13 colonies. The medal is dated 1974.

The 1974 medals can be ordered by sending a check or money order for the number of medals desired to: American Revolution Bicentennial Administration, P. O. Box 1976 A,

San Francisco, Calif. 94101. Checks should be made out to ARBA. Orders must be post-marked on or before Oct. 31, 1974.

**"...The great majority of us know Bob Krueger because he's visited here so many times. Negative politics might fool some people, but not many."**

Phil George, San Angelo

America has gone through some tough times in the recent past. Negative, misleading political campaigns have caused many of us to question the integrity of people running for public office. And, without question, irresponsible fiscal management has been the major factor in this inflationary squeeze. Bob Krueger is different. Coming from a small town, he's straight-talking, honest, hard-working, and independent. And he wants to represent all of us in the U.S. Congress. Krueger wants to:

- Restore a government worthy of public trust.
- 1. He's the only candidate to release to the people his full income tax statement for the past four years.
- 2. He campaigns on what he believes, and he doesn't try to tell the voter what other candidates believe.
- Insure responsible control over the money presses.
- Prevent future sale of "cheap" wheat to the USSR.
- Cut back foreign aid to unfriendly nations.
- Return to a supply and demand economy.

If you want an honest, conservative-minded, hard-working Congressman, Bob Krueger needs your dollars.

Send contributions to Friends of Bob Krueger, P.O. Box 667, New Braunfels, Texas 78130.

A copy of our report filed with the appropriate supervisory office is (or will be) available for purchase from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. Pd. for by Friends of Bob Krueger, Bill Richter, Chairman, 228 So. Seguin Ave., New Braunfels, Texas.

A man who cares about America.

Primary School, and box #5 at Powell Field and Box #6 at the W. T. U. Power Plant. The proposed change in precinct lines will not go into effect until January 1, 1975, so voters need not take this into consideration when voting in the General Election.

There are five columns on the ballot: Democratic Party, Republican Party, Raza Unida Party, Socialists Workers Party, American Party and a Write-In candidate column. At the national and state level, both the Republican and Democratic Parties field a full slate of candidates. Raza Unida, besides having a candidate for state representative, have nominees for Governor, Ramsey Muniz, and for Railroad Commissioner, Fred R. Garza. The Socialists Workers party has candidates at the state level for all offices except State Treasurer and Railroad Commissioner, while the American Party has only one other candidate, that of S. W. McDonnell for Governor.

**Lions Club Sets Pancake Supper Fri.**

The Ozona Lions Club will have its annual pancake supper Friday, tomorrow, night at the Civic Center. Supper will be served prior to the Ozona-Sonora football game. Tickets are \$1.50 for adults and \$1.00 for children. They may be purchased at the door or from any Lions Club member.

Bill Watson, chairman, said plans were being made to have one of the best suppers ever. Many firms are donating food. Watson reminded that all proceeds will be used in support of the Girl Scout program in Ozona. Both Ozona and Sonora fans are invited.

WE DON'T KNOW ABOUT THE BIG PUMPKIN, but we know who has the biggest lemon in town. It's Mrs. Dee Keilers with her one pound, nine ounce lemon. The king size lemon came off a small lemon tree Mrs. Keilers said.

**Forum Sets Poll Power Campaign**

The Ozona Woman's Forum club in conjunction with the Texas Federation of Women's Clubs, announces an ambitious Poll Power Campaign to get 75% of the already registered voters to the polls on Nov. 5.

Mrs. G. W. Snively, area chairman for the Heart of Texas District, says the strictly non-partisan campaign will involve every man, woman, and child in our area. Figures show that only 28% of the eligible voters of Texas voted in the last election.

Car pools and babysitting will be available in Ozona from 9 a. m. until 3 p. m. on election day.

All local organizations and volunteers will be welcomed. Call Mrs. Snively at 392-2459.

**Funeral Service In Sonora For Ozonan's Father**

Funeral services for Joseph Fuller Logan, 92, father of Dr. Joe B. Logan of Ozona, were held Saturday afternoon in Sonora United Methodist Church with burial in Sonora Cemetery.

Mr. Logan, prominent Sutton County ranchman, died Friday morning in Hudspeth Memorial Hospital in Sonora. He had been a resident of Sonora for 75 years.

**Do You Know Your Heritage**

What is your heritage? Do you know anything about your forefathers? When they came to Texas? What was their nationality? When did they first come to America?

Do you have any old recipes, home remedies, old expressions, anything pertaining to early days in Texas that would be of general interest? Any tales of adventure, romance or hardship to share with the rest of us?

If someone gave you a counterpane, would you know what to do with it?

We as Americans have much to be proud of and as Texans we have much to share with each other. Let's take pride in our land and its people and dwell on the good things available to all of us. Let's be patriotic for a change and by our own lawful efforts bring about a more patriotic feeling in our community.

Let me hear from you about those who were here before us working, and in some cases giving their lives, that future generations would know freedom.

A company is known by the men and women it keeps.

**Odom Family History Topic For Meeting**

At the regular quarterly meeting of the Crockett County Historical Society, forty-four members and guests heard Mr. and Mrs. Marshall Montgomery tell a most interesting story of the J. W. Odom Family who were among the earliest settlers in Crockett County.

Among family members present for the meeting were Mrs. Paul Perner, Ozona, and Willie Odom, Del Rio, youngest daughter and son of the J. W. Odoms. Other relatives present included Mr. and Mrs. Worth Odom of San Angelo, Mr. and Mrs. Massie West of Del Rio, and son, David West, Mrs. Boyd Clayton, Mrs. Lindsey Hicks, Mr. and Mrs. Jack Baggett and Mr. and Mrs. Montgomery, all of Ozona.

John Washington Odom was born in Alabama in 1849. In Texas he first settled in Johnson County, then Calahan County where he married Miss Elizabeth Binyon on September 7, 1870. To them were born nine children: Mackie who died as an infant, Ora (Martin), Euda (Drake), Johnnie (Puckitt), Alyce (Baggett), Paschal, Myra (Drake Estes), Elizabeth (Lizzie Perner), and Willie, the only child to be born in Ozona who arrived in April, 1893. Willie Odom is probably the oldest living person to have been born in Ozona.

An interesting sidelight was that the second oldest living person to have been born here was also present for this meeting--Homer Schwalbe of Stanton.

J. W. Odom came to Southwest Texas in 1889 and bought a house in Sonora.

In an election in 1891, Sonora won the county seat designation from Wentworth so Odom came to Ozona where he bought a lot for his house from E. M. Powell. The present L. D. Kirby home is now located at the site. Late in 1891 the family moved to Ozona and very shortly Mrs. Odom organized the first Sunday School in the community. They were a bit later to become charter members of the Ozona Methodist Church where family members have been active through the years.

Montgomery stated that the Odom house was moved so often that it just must have been the forerunner of today's mobile homes! In that home was always a piano and the family kept it through the years with great pride.

When her youngest son was only sixteen days old Mrs. Odom died leaving among the other children also a little three-year-old daughter, Lizzie. The oldest daughter at home took over the rearing of the children and did a wonderful job. All spoke lovingly of "Auntie" who was Mrs. Bright Baggett.

Odom managed to hold together his family through accidents and hardships common to frontier living. Lizzie, the youngest daughter, graduated as Valedictorian of the Ozona Schools when only fifteen years old. Her father sent her and her young brother, Willie, for further schooling first to San Angelo Training School, then his daughter to San Antonio Female School--later Westmoreland and Trinity, where she graduated, Willie joined the Navy at seventeen years of age.

On September 7, 1909, Lizzie Odom married a handsome fellow citizen, Paul Perner. She told of the beautiful wedding decorations in the Methodist Church, arranged in the form of an arch of greenery with two white doves at the top, lovingly placed there by Mrs. L. B. Cox, Mrs. Elam Dudley and Mrs. B. B. Ingham.

In 1907 Odom was elected Justice of the Peace in Crockett County, which office he held until his death in 1910. That year he married Miss Maggie St. John, a music teacher, but lived only a short while after their marriage.

Descendants of this family live in Ozona and the surrounding area and are prominent

in various professions. In a brief business meeting preceding the program, Mrs. P. L. Childress appointed a nominating committee: Mrs. Stephen Perner, Mrs. Marshall Montgomery and W. D. Cooper who will report at the annual meeting in January. Ted M. White, vice-president and museum director announced that, beginning November 1, the museum would be closed for a period of time in order that necessary repairs and arranging can be made. Mrs. Childress explained that this was a phase of Crockett County's Bicentennial program and would make it possible to have a more attractive museum display.
