Big Lake Youth Is First Fatality Here

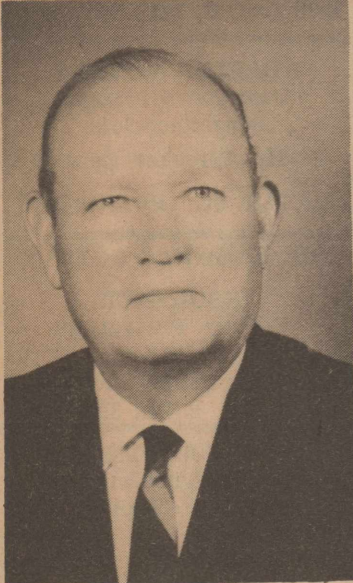

Jessie R. Duncan, 17, of Big Lake became Crockett County's first automobile fatality of the year in a one-vehicle rollover Wednesday morning, Jan. 22, about 9 o'clock on Interstate 10 about 10 miles east of Ozona. Two other men were injured.

The accident occurred when Duncan, the driver of the '74 Ford pickup apparently dozed at the wheel and lost control. The vehicle left the road on the right side, veered back across the double-lane highway, flipping end over end and coming to rest on the opposite side of the roadway. The wreck threw Duncan and his two passengers out of the vehicle. Duncan was apparently killed instantly.

Injured were Gary Mitchell, 33, of Fort Worth, and Kenneth Turbeville, 23, of Baskin, La. They were rushed to Crockett County Hospital by ambulance. They were treated for cuts, bruises and cracked ribs and hospitalized.

C. W. Brown To Be Speaker For C of C Banquet

C. W. Brown of McCamey has been selected as guest speaker for the Eleventh Annual Ozona Chamber of Commerce banquet to be held at the Civic Center Thursday evening, February 13.

Brown is well known in Texas politics. He has served in many capacities for the Democratic Party and has been a delegate to the Democratic State Convention since 1956.

Brown, a native of Coleman County, has been a leader in the oil business for fifty years.

Civic leader, politician, churchman and concerned citizen are but a few of the titles that C. W. Brown brings in his speaking engagement to Ozona.

Duncan was pronounced dead at the scene by Justice of the Peace A. O. Fields. Services for Duncan were held Friday in Big Lake Church of Christ with burial in Big Lake Cemetery.

He was born Sept. 14, 1957 in Lubbock.

Survivors include his mother, Gertrude Duncan of Big Lake; two sisters, Mrs. Fay Reynolds of Kerrville and Mrs. Charlotte Earl of Mesquite.

Wildcat Set For Crockett County Field

Dan J. Harrison, Houston, will drill a 9,100-foot Ellenburger wildcat in Crockett County, eight miles northeast of Ozona, 6 1/2 miles north of the Davidson Ranch (multiple Pennsylvanian and detrital gas) field, six miles southeast of the Ozona, Northeast (Canyon gas) field, 4 1/2 miles northwest of the depleted Clayton ranch (multiple Pennsylvanian and detrital gas) field, six miles southeast of the Ozona, Northeast (Canyon gas) field, 4 1/2 miles northwest of the depleted Clayton Ranch (Ellenburger gas) field, 5 1/2 miles northwest of the depleted Addie (Ellenburger gas) field and 3 1/2 miles north of a 9,078-foot failure. It is the No. 1 R. A. Harrell. Location is 1,320 feet from the north and east lines of 47-GH-GC&SF. Ground elevation is 2,482 feet.

The failure, Humble Oil & Refining Co. (now Exxon Corp.) No. 1 Davidson, abandoned Jan. 5, 1950, topped the Strawn at 8,694 feet; Simpson, 8,792 feet and Ellenburger at 8,920 feet on elevation of 2,478 feet.

The Clayton Ranch field produced at 8,480 feet and the Addie field at 8,535 feet.

MOD Benefit Basketball Tilt

The annual March of Dimes benefit basketball game will be held tonight, Thursday, at 8 o'clock at the high school gym.

Teams have been picked by George Ybarra and David Sewell, and practice began earlier this week. The annual game of locals pitted against locals usually offers a great deal of entertainment, and all proceeds go to the March of Dimes drive. An added feature will be a cake raffle at half-time.

CROCKETT COUNTY'S FIRST TRAFFIC FATALITY for 1975 was recorded last Wednesday morning when 17-year-old Jessie Duncan of Big Lake was killed instantly when the pickup he was driving turned end over end, throwing Duncan and two passengers out of the vehicle. The other two men were not seriously injured. The wreck occurred on a straight stretch of I-10 10 miles east of Ozona.

Mexican-Americans To Get Organized

There will be a meeting tomorrow night, Friday, at the Catholic Parish Hall for the purpose of organizing the Mexican-American Community Organization. The object of the organization will be to request money from the federal government to assist the poor in this area.

Organizing the group will

Bob Williams Buried Here Last Thursday

Funeral services for Bob Williams, 85, father of Ozonan Buck Williams, were held in the Ozona First Baptist Church Thursday afternoon with burial in Cedar Hill Cemetery.

Mr. Williams died Monday afternoon in a San Angelo nursing home.

Mr. Williams was born Oct. 22, 1889 in Eastland County and was married to Helen Mae Walters in 1909 in Eldorado. They were early day Ozona residents. They had lived in San Angelo since 1954.

Survivors include his wife; two daughters, Mrs. Lena Mae Luxton and Mrs. Eunice Dewey, both of San Angelo; four other sons, Leo Williams of Odessa, S. D. Williams of Andrews, Vernon Williams and Gene Williams, both of San Angelo; three sisters, three brothers, 12 grandchildren and two great-grandchildren.

ber Heriberto Gutierrez, an Ozona native, who moved to San Jose, Calif. fourteen years ago and has been busy in the field of community organizing in Mexican-American communities in California. Within the space of three years, he has been awarded 14 plaques and numerous certificates by different Mexican-American organizations for his capability as coordinator of federally funded programs in Santa Clara County, California.

He was the organizer of the first farm labor strike in San Jose. He led the first march protesting police brutality and was the initiator of affirmative action in that county. He has been coordinator of Project Prep, the Economic Opportunity Commission and coordinator of the Model Cities Program, according to a press release turned in to the Stockman office Monday.

Gutierrez plans to stay in Ozona for the next five months to get the organization under way. All interested persons are invited to attend the meeting.

State Store License Is Abolished

Ozona business people who were wondering why they did not receive notice of renewal of the "store license" from the state this year, will be relieved to know that the five dollar annual renewal fee will no longer be required. Comptroller Bob Bullock reminded Texas business operators Saturday that the state store license requirement has been abolished.

Bullock said his office has been besieged with calls and letters this month by businesses which were unaware that the license requirement was repealed as of Dec. 31, 1974.

"Obviously, the past administration didn't get the message out," Bullock said. "I consider it good news that we've been able to do away with the store license."

The store license, which started at \$5 for a single store, was a minor revenue source. Its repeal by phases was ordered by the Legislature in 1971.

Bullock said that some 240,000 stores in Texas had previously been covered by the license act.

He said his office is returning license money still being sent in by businesses unaware of the repeal.

"It's gratifying to see businesses voluntarily trying to do right and pay their taxes, but in this case we are saying 'thanks, but no thanks,'" Bullock said.

Lion Cagers Post Four Wins Last Week

It was four wins last week for the two Ozona Lions basketball teams. In a non-district encounter at Sanderson last Tuesday night the varsity won 76-64 and the junior varsity took a 56-27 win. In a district double-header at Sonora Friday night the varsity downed the Broncos 67-47 and the junior varsity won 44-30.

At Sanderson, there were four Lions in double figures in the varsity game. David Bean led the attack with 16 points. Richard Sanchez hit the nets for 14 points and Romaldo Cervantez and Tommy Hoover had 10 points each. Blake Moody was high point man for the junior varsity with 11 points and Vaden Aldridge had 10.

Sanchez led the Lions in the Sonora victory with 18 points. Cervantez and Bean added 11 each. In the J. V. game Orlando DeHoyos was the only Lion in double figures with 15 points.

The Lions closed out the week with a 13-6 season and 2-1 in district play. The junior varsity is 11-4 for the season. Both teams played in Big Lake Tuesday to end the first half of district play. They will host Crane Friday night in the first game of the second round of district play.

OHS Third Six Weeks Honor Roll

The Ozona High School Honor Roll for the third six weeks was announced this week by high school principal Foy Moody. The sophomores led the list in numbers with 16, freshmen students followed with 11, seniors chalked up 9 honor roll members, and juniors numbered 3.

Seniors on the honor roll were Sally Bailey, Romaldo Cervantez, Jack Crites, Freddy Fierro, Sylvia Flores, Virginia Henderson, Tommy Hoover, Bobbie Jones and Suzanne Williams.

Junior honor roll students include Jennifer Appel, Monica Delgado and Renee Yeager. Sophomores on the list are Vaden Aldridge, Karen Bebee, Orlando DeHoyos, Carmen Delgado, Mike Fay, John Galvan, Brian Gries, Eugene Hood, Karen Kirby, Bobby Knox, Ernesto Martinez, Ronnie Schneider, Kathy Sewell, Tracy Talley, Gary Warren and Nancy Womack.

Freshmen on the honor roll include Randy Allen, Teresa Brown, Bill Dudley, Regina Everett, Jesse Garza, Hector Gutierrez, Michelle Jones, Manuel Longoria, Gigi McKinney, Jeannine Perry and Rhonda Yeager.

Officers Elected In Annual Historical Society Meeting

The Crockett County Historical Society held its annual meeting in the Auditorium-Coliseum on Monday evening, January 27, with twenty-three members and guests present. Mrs. P. L. Childress, president, presided.

Mrs. Fred Hagelstein spoke of the contest for Crockett County's Bicentennial Logo (a symbol with meaning) and urged all interested persons to submit designs and ideas by February 10, 1975.

W. D. Cooper, nominating committee chairman, submitted the following names for officers and directors for 1975-76, and they were elected. Mrs. P. L. Childress will serve as president; Ted M. White, vice-president; Mrs. R. A. Harrell, secretary-treasurer. Directors for the year will be Mrs. L. B. Cox, Jr., Mrs. Eldred Roach, C. O. Walker and Homer Schwalbe.

Ted White, museum director, named the following museum committee: Mrs. P. L. Childress, exhibits chairman, Mrs. E. H. Chandler, Mrs. W. D. Jones, Mr. and Mrs. P. L. Childress, III, Mr. and Mrs. Larry Arledge and Mr. and Mrs. Jeffrey Sutton. He stated that the committee was working at the museum and that they hoped to have it ready for re-opening by mid-February.

Mrs. L. B. Cox presented a resolution from the board of directors that the society, as its bicentennial project, sponsor the publication of a complete history of Crockett County which will contain family

histories submitted by each individual family, as well as other historical data, and that it be underwritten by pre-publication sales. Also, a resolution that junior memberships in the society be accepted at one dollar per year. The resolutions were adopted.

A most interesting program by Mrs. Taylor (Lena Carson) Word followed the business. She listed Ozona highlights from 1880 to the present and said that in 1880 there were still Indians in the area, but even so, there was a population of 127. S. E. Couch and

James Mitchell camped on Johnson's Run, which is now Ozona, in that year. The first election was on July 7, 1891, and Judge Charles E. Davidson was elected Crockett County's first judge. Early county clerk, Tom Nolen, she said, would look people up on the streets to collect their taxes.

Schools and churches were established early, the bank in 1905, business of all kinds soon followed. She said that reports of the early Carmichael-Perner Store sounded as if it were the forerunner of pre-

(CONTINUED ON LAST PAGE)

Two S & L Branches To Open In Ozona

The Texas Savings and Loan Department approved Monday the second of two applications by San Angelo savings associations for branch offices in Ozona.

Approved Monday was the application by San Angelo Savings Association for a one-person operation.

James Bunyard, president of Area Services, Inc., a wholly-owned subsidiary of SASA, said the firm is currently negotiating for a location in Ozona. He said operations could be expected to begin in about a month to six weeks.

Bunyard said SASA currently does a good volume of business in the Crockett County city. Texas S&L Department deputy commissioner Alvis Van-

dygriff announced approval of SASA's branch office in a letter to Austin attorney Dudley McCalla and requested the department be advised when the branch office opens for business.

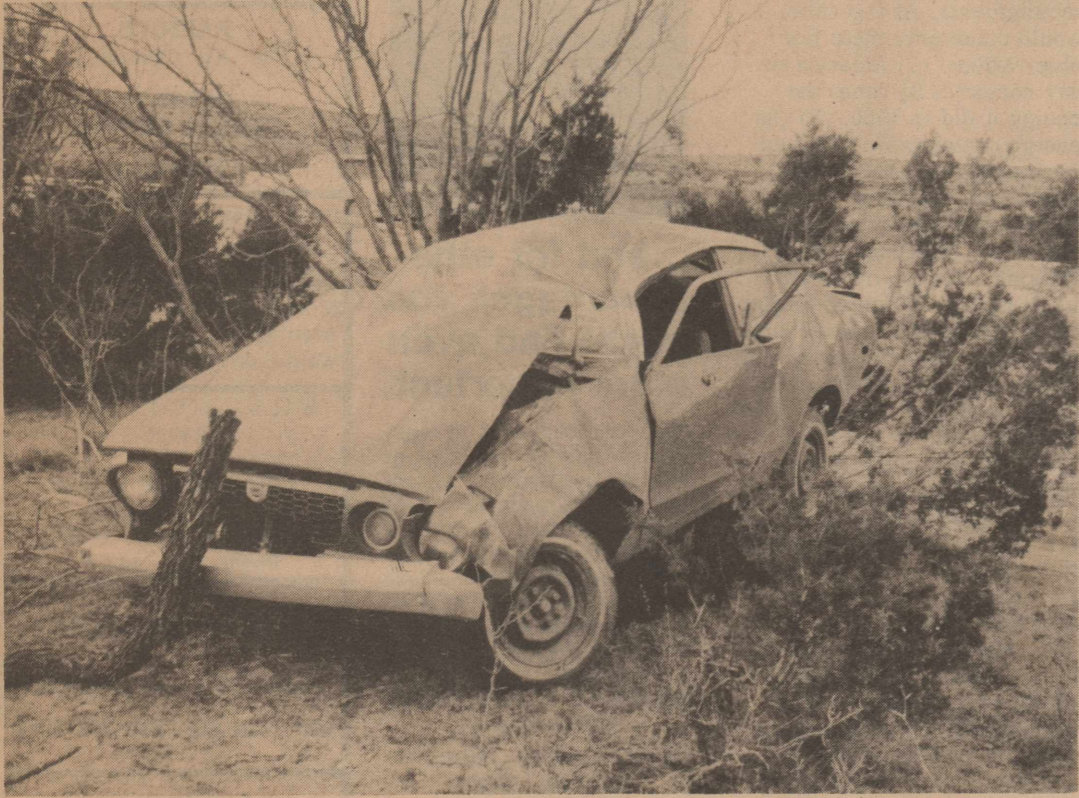

Previously approved was an application for a branch by First Savings and Loan Association of San Angelo. First Savings currently operates a mobile facility which stops in Ozona twice a week.

Joe Killman, executive vice president of FS&L, said Monday he expects the association's branch to be in operation as a two-person office within 30 days.

The applications of the two firms were considered at a Nov. 11, 1974 hearing.

NEW DOCTOR AND WIFE -- Dr. and Mrs. Robert Owensby pause a minute for the photographer Tuesday morning while in the process of getting the office in order. The Owensbys moved to Ozona from California and have purchased a home near the country club. Dr. Owensby expects to begin his practice here the first week in February. His offices will be in the hospital clinic building.

ONE WALKED AWAY AND THE DRIVER WAS TAKEN TO THE HOSPITAL from this totally demolished late model Datsun seven miles west of Ozona Friday afternoon. The driver, Mark Midgorden, a member of the U. S. Navy, was hospitalized with a broken leg and severely lacerated shoulder. The hitchhiker, Mark Pirnoli, of Cooperstown, N. Y., walked away and continued toward California. He told a Stockman photographer that the driver looked over while chatting and lost control of the compact vehicle.

CONGRESSMAN BOB KRUEGER, recently elected U. S. Representative for the 21st Congressional District of Texas, took the oath of office administered by Speaker of the House Carl Albert Tuesday, January 14. Krueger replaced retiring Congressman O. C. Fisher.

THE CONGRESSIONAL CONSPIRACY

In what amounts to a "congressional conspiracy," a small minority comprising the extreme left wing faction within the Democratic Party by means of secrecy and tricky parliamentary maneuvering succeeded in a brazen move to thwart the will of the majority of Congress and the American people in the opening moments of the 94th Congress.

For many years, the Congress of the United States, clearly reflecting the wishes of the electorate, has maintained a standing watchdog committee — most recently known as the Committee on Internal Security — to investigate and report their findings on "the extent, character, objectives, and activities of organizations or groups, whether of foreign or domestic origin, their members, agents, and affiliates, which seek to establish or assist in the establishment of a totalitarian dictatorship within the United States, or to overthrow or alter . . . the government of the United States or any State thereof, by force, violence, treachery, espionage, sabotage, insurrection, or any unlawful means . . ."

In the last Session of Congress a major campaign was waged by the left wing to abolish the House Committee on Internal Security. Indeed, this was only one of many attempts made in a battle which the Communist apparatus in the United States has carried out against the Committee for some 30 years. But Congress rejected that attempt and voted to maintain the investigative committee by a sizable majority of 246 to 164.

This year, however, and before Congress convened, a secret caucus was held where, under the guise of revising and updating the "rules of the House," an amendment was introduced whereby the function of the Internal Security Committee would be shifted to the jurisdiction of the House Judiciary Committee, headed by Peter Rodino of New Jersey. No one knows who voted for the measure, or how many so voted, because no record was kept and the vote was by voice only, and the action was taken behind closed doors. Even the names of those who attended the caucus are unknown, but it is reported that it was only a small number, certainly not representing a majority of the House or even a majority of the Democrats.

The entire measure — House Resolution 5 — was then brought to the floor of the House in the opening minutes along with 27 other "changes in the rules." Parliamentary practice allowed the instigators to maintain a gag rule, with virtually no debate, with no opportunity to offer or make an amendment, and indeed, not even time for the Members of the Congress to study the many complicated sections of the act and to make reasoned judgments. Angry members protested the tricky maneuver as "highhanded," "deceptive," "arrogant," and "improper," — but to no avail. A vote had to be taken "straight up and down," then and there. It was all or nothing at all, and the measure passed.

Even the guise of "moving" the Committee to the Judiciary Committee was false and deceptive. The ringleaders of the trick who are known to be (but not necessarily limited to) Burton and Edwards of California and Drinan of Massachusetts, make no secret of the fact that they hope that Judiciary Committee Chairman Rodino will kill off the investigations completely.

If you believe that the functions and files of the House Internal Security Committee should be retained, it would be well for you to let Chairman Peter Rodino know about it by letter, by wire, or by telephone.

HELPING THE COMMUNIST DICTATORSHIP

It is not surprising, we suppose, to read that former Attorney General and recently defeated candidate for the U.S. Senate Ramsey Clark has been the leading figure in a money raising drive to send medical equipment to Communist-occupied North Vietnam. Clark has now established a well recognized track record of criticism against the United States and praise for the enemies of our country. Nor is it surprising to read further that the "co-chairman" of the money raising drive, conducted under the name of the "Bach Mai Fund" of Cambridge, Massachusetts, is one Cora Weiss, whose pro-Communist sympathies have been widely reported in the press.

It is discouraging to note, however, that the "front man" for the Bach Mai Fund, obviously selected for his stature (and hence, money-attracting capability) in the medical profession is an expert radiologist at a well known Massachusetts hospital, but whom we will not embarrass further by mentioning his name here.

And it is also disheartening to learn that, according to Mr. Clark, close to one million dollars has been raised to send medical equipment "to the people of North Vietnam" in the name of "peace and humanity."

Perhaps Mr. Clark has not read the newspapers and hence does not know that the Communists are presently killing and maiming thousands of innocent South Vietnamese men, women and children in wanton attacks upon their homes and villages. Evidently he does not know that there are no hostile armies in North Vietnam, and hence very little call for medical relief. Further, he does not seem to realize that it is highly unlikely that the people of North Vietnam will ever see or benefit by the medical aid. History has established that the Communists everywhere always take what they want for themselves first. Further, in the case of the Communists in North Vietnam, if there are any medical supplies left over, they will probably go to patch up their invading armies on the rampage in South Vietnam.

It is also rumored that a leading United States Senator sometimes mentioned as a Presidential possibility was instrumental in arranging the airlifting of the supplies to the Communists. How about it, Jack Anderson? Wouldn't that be a juicy morsel to check into?

STATE CAPITAL
Highlights
AND Sidelights
by Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN, Tex.—Gov. Dolph Briscoe served up a smorgasbord of legislative recommendations which could keep lawmakers jumping for the next four months, even if they had no proposals of their own.

Briscoe offered a 10-part package, assigning top priority to complete restructuring of the public school finance system and again serving warning he will not approve a tax bill.

He said he hopes the 64th Legislature will be known as the "Public Education Session."

The governor made no mention of two much-discussed issues: Constitutional revision and creation of a public utilities commission.

He called for the "weighted pupil approach" to distributing state aid. That would base state and local spending on actual cost of instructional programs geared to individual district needs and measured against the best 42 districts. The local district's ability to pay would be based on taxable value of its property.

Briscoe placed heavy emphasis on legislation to assure individuals' right to privacy.

He drew some of his best applause with proposals to expand powers of the Coordinating Board, Texas College and University System, to give it a veto over new higher education construction programs and creation of new departments. Many college boards of regents can be expected to fight the bill.

The Governor's many recommendations included repeal of the state sales tax on utility bills and steps to remove problem drivers from the road.

COMMITTEES NAMED

The decks were cleared for action in the House of Representatives with Speaker Bill Clayton's appointment of standing committees which process legislation.

Clayton named Rep. Bill Prenal of Bryan, 42, chairman of the budget-writing Appropriations Committee. Prenal is a conservative cattleman, and called for a tight-fisted approach to spending.

Rep. Tom Massey of San Angelo, another conservative, will be chairman of the Public Education Committee, which will process school finance reform measure. Rep. Fred Head of Athens was designated chairman of the Higher Education Committee.

Rep. Tom Uher of Bay City will head the workhorse State Affairs Committee. Rep. Ben Grant of Marshall will chair the Judiciary Committee.

Rep. Fay Hutchison will be chairman of the Constitutional Revision Panel; Eddie Bernice Johnson of Dallas, Labor; Tom Craddock of Midland, Natural Resources; Craig Washington of Houston, Criminal Jurisprudence; Luther Jones of El Paso, Elections; Bill Sullivant of Gainesville, Environmental Affairs; Joe Hubenak of Rosenberg, Agriculture and Livestock;

Chris Semos of Dallas, Business and Industry; Jerry Donaldson of Gatesville, Financial Institutions; Pete Laney of Hale Center, House

Administration; Lane Denton of Waco, Social Services; Lynn Nabers of Brownwood, Health and Welfare;

Ben Bynum of Amarillo, Insurance; E. L. Short of Tahoka, Intergovernmental Affairs; Tim Von Dohlen of Goliad, Judicial Affairs; Benie Bock of New Braunfels, Liquor Regulation; Felix McDonald of Edinburg, Calendars and Tom Schieffer of Fort Worth, Local and Consent Calendars.

WELFARE SPENDING UP

Welfare spending during the last fiscal year came to \$613.7 million in Texas, the State Welfare Department reported.

Of the total, \$405.8 million was in federal funds. Medical expenditures increased sharply, but average family payments declined slightly. More than a million Texans received food stamps at the end of fiscal 1974.

AG OPINIONS—Atty. Gen. John Hill held the legislature is limited in the amount of its appropriations to state employees and teacher retirement programs by a constitutional ceiling of six per cent of salaries paid participants.

In other recent opinions, Hill concluded:

- A school board may meet in closed session to discuss salaries of individual employees, but not to discuss salaries of a class.

- A commissioner's court must pay reasonable attorneys' fees for lawyers named to represent indigent defendants.

- The Department of Public Safety must supply on request a magnetic tape containing data on Texas drivers over age 64.

- Class A and B misdemeanor complaints may be lodged before a justice of the peace.

- The Jefferson County Commissioners Court has no authority to prepare, approve or amend Jefferson County drainage district budgets.

- The Texas State Board of Landscape Architects may not authorize its licensees to perform plumbing acts without a plumbing license.

MANY CRIMES UNREPORTED—Only a half to a third of all crimes are reported to law enforcement agencies, according to the Law Enforcement Assistance Administration.

J. Robert Grimes, LEAA regional administrator, said increased reporting probably accounts for a large part of the 16 per cent jump in national crime.

Current figures indicate no Texas city has failed to report a rise in the "Part I" crimes of murder, manslaughter, rape, aggravated assault, burglary, larceny and auto theft. Figures indicate the rates are in keeping with the national trend, LEAA said.

Tony Parker, former Ozonan, now of Balmorhea, was in Ozona last week on business and visiting his parents, Mr. and Mrs. Von Parker. He owns and operates Parker's One Stop Grocery in Balmorhea.

THE LIONS ROAR
by Virginia H. Suzanne W. Debbie M. Debra C.

Happy birthday, Robert Longoria and Mrs. Carson. --LR--

The results of last Thursday's basketball game was somewhat unbelievable! The score was 78-79, seniors favor, (with the help of the timekeeper). It seems the referees needed glasses, but the project was successful. The faculty members claim to be cheated. Now why would they think that? --LR--

Gossip: Debbie M. was playing the role of Howard Cosell at the faculty vs. seniors game. She was trying to tell Coach "Charles Atlas" a thing or two, but was a little tongue-tied in the process of speaking. David B., Pando C., and Donald H. have been elected the "best looking chicks" in Ozona. What legs!!!

It's rumored that Bill B. is under contract with CBS--starring in a new T. V. series--"Ko-Bill."

Who knows what Joey and Luann were doing under Virginia's "Canopy" Monday night? (Witnesses speak up!)

At Thursday night's basketball game, "Weldon Pancake" was flipped by "Waffles." Ain't that so?

Hope, Bill and your cat must have had the same barber (or veterinarian.)

Seen in Odessa Saturday were some kooky characters--Mrs. Spieker buying a brown

LETTERS To The Editor:

Dear Kitty,
The day our paper becomes The Ozona StockPERSON, cancel my subscription. That makes about as much sense as the "ball person" whose picture was on the front page of the San Angelo Standard giving the referee a cold drink. The poor man looked ready to run!

Sincerely,
Mrs. (that's Mizziz) Larry Arledge

Bob Krueger Reports

U. S. Representative 21st District

Over the last weekend I had the opportunity to study at firsthand the space program and was astonished and proud once more at the amazing achievement of American technology in sending man to the moon.

This extraordinary achievement required strong executive leadership, a firm national commitment, and the cooperative efforts of American business and labor. The undertaking took less than ten years, and achieved what few of us at the start thought possible.

I believe that it is now time for America to launch a similar effort to provide for the energy we will need to allow us to continue to improve our standard of living and to maintain our position of world leadership. I will be writing more about how your government is working to assist in meeting our future energy needs, as I have been appointed to those committees in the Congress most concerned with meeting America's energy requirements. At this time, I would make only these few observations. (1) America today consumes 2½ times the energy it did in 1950. (2) Our energy consumption has been increasing much faster than either our population or our discovery of additional reserves. (3) Whereas we spent \$3 billion on foreign oil in 1970, we spent \$24 billion on foreign oil in 1974. (4) It takes several years from planning to completion to provide for new additional sources of energy. That means that in the next few years, we are likely to run short in energy supplies.

The newspapers may be talking of possible tax cuts and short-term moves to stimulate the economy, but the real task for Americans over the years ahead will be to find the means of fueling the economy of this great nation, and of maintaining a strong competitive, innovative economic system. That will require cooperation and ingenuity of all Americans. But I am convinced that if we could put a man on the moon in ten years, we can solve the energy needs of this nation.

rat and Virginia H. buying a watch for Duda (the cat). No telling what the others purchased! Would you believe tap shoes for Taps?? --LR--

Debra Says

by Debra Price
HD Agent

Why exercise? Does it really reduce body weight?

The condition of our muscles determines the contours of our bodies. An unexercised, lazy muscle is inelastic, causing the area around it to sag and flab.

Dieting will cause the body to lose fat, but only exercise will firm and tone the muscles. Exercise need not be strenuous to be effective. A routine planned program is best.

Exercise does burn calories, so with a sound diet and planned exercise program, it will quickly and nicely change the shape of the figure. You may want to try these exercises.

1. The Breather:--position hands together above the head--inhale and relax all muscles--exhale and push hands together, while you pull in stomach muscles--relax muscles.

2. Head Circles: A basic relaxer that tones neck and chest muscles. Standing erect with arms at sides, push toward the floor with fingers--chin should be down against chest.--inhale and roll head to left shoulder--exhale and roll head back as far as it will go, then to right shoulder--come back to starting position and relax. Repeat 10 times.

3. Arm Swing: stretcher for chest. Stand erect with arms stretched out in front, level with shoulders--inhale and raise arms above head--exhale, swing arms behind as far as they will go. Repeat 10 times.

4. Waist Bend: Exercises midriff, buttocks, and waist area. Stand erect with arms above the head, fingers interlaced and palms turned upward--inhale and tighten stomach muscles. Weight should be equal on both feet--Without shifting hips backward or forward, exhale and bend to right side--hold for a few seconds, inhale and come to upright position--exhale and bend to left side. Repeat 10 times.

5. Seated Leg Lift: Great strengthener for inner thigh area. Sit in a straight chair--back and head aligned--arms should be stretched out in

front, level with shoulders--inhale and tighten thigh muscles--exhale and lift leg so it is parallel with floor. Try to reach for toes with arms, without bending back--Repeat 10 times on left leg, then on right.

MICROWAVE MESSAGES--
The first toll-free phone service specializing in questions on microwave cooking has been set up by Litton's Department of Consumer Affairs. The number to call is 800-328-7777 for questions on microwave recipe information, dealer or service location, product features, and safety and maintenance facts on any Litton oven. Microwave experts at the company's headquarters in Minneapolis will answer the questions.

Tips For Gardeners

From the Ozona Garden Club by Mrs. Bailey Post

Since there have been and will be for sometime, very few days warm enough to do outside gardening, you will profit by your pre-planning for the spring and summer seasons.

Everytime you plant something, a seed, a bulb, a plant, or tree, you beautify America, Texas, and your own garden, and help to purify the air. You and every other gardener can take pride in creating a better world in which to live. Why not plan now to join the many who will be participating in this national project this year and next.

You could harvest a bounty of fresh vegetables and flowers all grown in the same beautifully designed garden. Flowers and vegetables can grow side by side, complimenting each other in an interesting array of colorful beauty.

Test trials have resulted in many new annual flowers and vegetables. Three new flowers and three new vegetables have been announced as winners of the 1975 All-American Selections. The flowers offer some unusual color and growth habits while one of the vegetables is a surprise to see and taste.

Flowers: "Redskin," a new dahlia with double flowers measuring 3 inches across and grown in profusion on uniform dwarf plants just 15 inches high in a wide range of colors in red, pink, lavender, rose, yellow, orange and white. This early flowering plant has good weather tolerance and is disease resistant and blooms from mid-summer to fall. Also is excellent for arrangements. "Imperial Blue"--pansy. The non-fading flowers are large, up to 3 inches across and have a colorful combination of clear, crystal blue with contrasting dark blue center

with a yellow eye. Plants grow 8 inches high and spread up to 12 inches. It succeeds because of its remarkable heat and humidity tolerance, giving it a long blooming period from early spring all through summer and well into the fall.

Hybrid Carnation "Juliet" retains the desirable fragrance of carnations. The flowers are scarlet-red, 2½ inches across, and grow on sturdy plants which grow 12 inches high and spread 14 inches. Makes an excellent border plant.

Vegetables: Broccoli--"Premium Crop" hybrid, compared with other broccoli varieties, it grows larger heads with tighter, more compact bud clusters, creating a more solid head.

Cauliflower "Snow Crown" produces well rounded, pure white solid heads weighing up to two pounds, and measuring up to 8 inches across. It is more vigorous, uniform, and easier to grow than the standard Snowball varieties.

Watermelon--"Yellow Baby" hybrid. It is the most exciting of all the All-America Selections. It is especially recommended for growing in home gardens, and is ready to eat within 70 to 75 days after seeds are sown. It is more productive, has fewer seeds, and holds up longer. Rind is a thin 3/8 of an inch thick. Try some of these new seed and report your results.

MAN WANTED for work at Ozona Country Club. Ph. 392-2656. 47-2tc

Womans League Met Tuesday

The Ozona Woman's League met Tuesday, January 14 at the Ozona Civic Center with Mrs. Bill Black and Mrs. Pleas Childress, III, serving as co-hostesses. Mrs. Tony Allen, president, called the meeting to order; Mrs. Ronald Pennington called roll and read the minutes of the last meeting. Each member answered roll with the most creative dish she had ever made. Mrs. Bill Carson gave an inspirational reading on dieting.

Mrs. Allen announced that the Planned Parenthood Association would be in Ozona shortly conducting a seminar and all members were urged to attend and support this organization's educational efforts. Mrs. Bruce Mayfield reminded the members about the forthcoming March of Dimes Drive to be held Jan. 28 from 4 to 6 p.m. Mrs. Buster Deaton volunteered to be responsible for the business district, displays and canisters that will remain in the businesses during the month of January.

At the close of the business meeting, the members adjourned to the kitchen where Mrs. Black gave a demonstration on cake decorating. Each member was then given a chance to prove what she had learned and decorate her own refreshments. It was learned that not everyone was as talented as Mrs. Black.

Other members present were Mmes. Erby Chandler, Dwight Childress, Terry Gries, Johnny

Jones, Frank McMullan, Jr., Van Miller, Joe S. Pierce, IV, Jack Probst, Lane Scott, Chas. Spieker, Jeffrey Sutton and Billy Reagor. --0--

COUNTRY CLUB BRIDGE

Mrs. L. B. Cox, III, was hostess for bridge at the country club last week. High score winner was Mrs. Bob Bailey, second high went to Mrs. H. M. Phillips, Sr., and low to Mrs. H. M. Phillips, Jr. Mrs. Jack Williams was the bingo winner.

Others playing were Mmes. Clay Adams, Charlie Black, Jr., John Childress, Charles E. Davidson, III, John Lee Henderson, Frank McMullan, Sr., Sid Millsbaugh, Kirby Moore, Beecher Montgomery, P. C. Perner, Jake Short, Sherman Taylor, L. B. T. Sikes, Frank Tillman and Gene Williams. --0--

You really CAN earn MORE DOLLARS On Your Savings

Look how much more a \$10,000 deposit will earn with US than with a BANK.

TYPE	\$10,000 At A Bank	\$10,000 With Us	We Pay This Much More
4-YEAR C.D.			
Bank Rate Our Rate			
7.25% 7.50%	\$13,363.80	\$13,498.10	\$134.30
2½-YEAR C.D.			
6.50% 6.75%	\$11,764.30	\$11,838.00	\$ 73.70
1-YEAR C.D.			
6.00% 6.50%	\$10,618.30	\$10,671.50	\$ 53.20

NOW AVAILABLE - A 6-year, 7¼% Certificate of Deposit, \$1,000 minimum, yielding an effective annual rate of 8.06%. Ask us about it!

If you want your savings to earn MORE DOLLARS, open a savings account with US. Come to any of our conveniently located offices, call us or use the coupon below. Savings with us are now insured to \$40,000 by the Federal Savings and Loan Insurance Corporation.

And what about other investments such as:

- Stocks • Treasury Notes/Bills/Bonds • Money Market Mutual Funds • Floating Rate Notes

Get the real story. See how our Certificates of Deposit compare in earning power, safety and availability. You'll be surprised! Use the coupon below to get your FREE copy of our new Investment Comparison Booklet.

Earnings are based on daily compounding of accumulated interest to maturity. Existing Certificates may be renewed or converted at maturity without penalty but regulations require that earnings on amounts withdrawn before maturity be reduced, from date of issue or renewal, to the regular passbook account rate at time of withdrawal; plus forfeiture of a maximum of 90 days' interest at the same passbook rate. This same rule applies to certificates of deposit issued by banks.

FIRST SAVINGS OF SAN ANGELO, 105 WEST BEAUREGARD, SAN ANGELO, TEXAS 76901

Life-Line

Dad... Mother... his girl friend... someone dropped him a line! It brought a smile, a bit of nostalgia, a new incentive to succeed.

Those first weeks away at college mean quite a transition. New surroundings, new friends, new subjects are only a small part of the experience. New freedoms and new responsibilities are the crucial areas of this adjustment.

If he were your boy you would remember this, and keep those letters coming... even if he hasn't much time to answer.

And if he were your boy you would be mighty glad you reared him in a Christian home, and went with him to church, and saw to it he had moral and religious training, and an earnest faith.

For letters can be a life-line with home... but they cannot provide what Home and Church must provide first.

MISS TANYA BLANTON
...plans June wedding

Miss Blanton To Wed Mr. Davidson

Mr. and Mrs. O.R. Blanton announce the engagement and approaching marriage of their daughter, Tanya Lynn, to Mr. Joseph Thomas Davidson, III, son of Mr. and Mrs. Joe Tom Davidson, Jr.

Miss Blanton is a 1971 graduate of Ozona High School and received her degree in nursing from Angelo State University last summer. She is presently employed by Shannon Hospital in San Angelo.

Mr. Davidson is also a 1971 O. H. S. graduate. He is a student at The University of Texas at Austin, where he is a member of Sigma Alpha Epsilon fraternity.

The couple plans to be married June 14 at the Ozona United Methodist Church.

Sheep Numbers Down In State From Last Year

The number of sheep and lambs on feed in Texas as of January 1, 1975, was down 48% from the same date one year ago, according to Agriculture Commissioner John C. White.

The decrease was indicative of a national decrease of 22%, with only California, among the top seven producing states, showing an increase over last year's figures.

Texas, the nation's second-leading producer of sheep and lambs, registered a drop of 186,000 animals from January 1, 1974. After having a record 390,000 animals on feed last year, the 1975 count was only 204,000.

"The same problems that are confronting other livestock producers are hitting the sheep and lamb industry," White said. "High grain and marketing costs are making it unprofitable to finish animals on grain."

Sheep and lambs on feed are animals being finished for slaughter market on grain, other concentrates or succulent pastures and are expected to produce a carcass to grade good or better.

Meat Producers Left On Shaky Ground

The recent worldwide boom-bust cycle experienced by meat and poultry producers has left the demand-supply balance for meat on "shaky" grounds.

That view comes from Dr. Don E. Farris, a livestock and meat marketing researcher for the Texas Agricultural Experiment Station, who recently visited with international livestock and meat interests in London.

"Producers have been afflicted by drastic 'ups and downs' at the marketplace due to such things as sharp changes in consumer demand, high feed prices and sudden changes in government policies," contends Farris. "Major importing countries removed meat import restriction in 1973, and then the Enlarged European Common Market and Japan imposed import embargoes on meat in 1974."

Both U.S. and European producers have been cutting back in poultry, pork and feedlot cattle production for more than a year but the full impact of this action has not yet hit world markets. Shortages and higher prices of pork and poultry could develop in late 1975, contends the researcher. Grass-fed beef supplies should continue heavy through the year. According to Farris, the world meat situation could be easily darkened by major droughts on one hand or could be quickly improved by a drop in oil and grain prices on the other hand. "The situation is quite volatile, and certain factors can bring rapid reactions."

What does Farris suggest for improving the demand-supply situation for meat?

"Governments, consumers and allied industries should have an interest in a more orderly marketplace that will have a long-lasting influence on available meat supplies," the researcher points out. He suggests several courses of action:

1. U.S. consumers, businesses and governments could buy and store meat where feasible.

2. Public programs for providing more meat and poultry for the needy could be increased.

3. Public and private interests could avoid disruptive elements--strikes and boycotts--in the orderly marketing and distribution process.

4. Meat and poultry industries could develop emergency and long-run programs designed to improve orderly marketing.

5. The U.S. government could prevail on the European Common Market to change current policies restricting meat consumption and eliminating imports from long-time suppliers in South America and elsewhere.

Meat and poultry producers are really in a quandary due to erratic market conditions.

Welfare Dept. Begins Historical— Adult Foster Care

The Texas State Department of Public Welfare is offering a new program. This program is Foster Care for Adults. A foster home for adults is a private home which is operated for the purpose of providing suitable care for compensation and profit. A foster home is licensed for three or fewer recipients 65 years of age or older who do not require nursing care, but are in such condition as to require some personal services and supervision to assure their safety, comfort and emotional well being.

To be eligible for foster care the person must be ambulatory or ambulatory with assistance. The person whose physical or mental condition requires care in an institutional facility is not eligible for this program. The State Department of Public Welfare Office in San Angelo is now interested in contacting persons who might be interested in providing Foster Care for Adults. Anyone interested in providing this service should call 655-9516 or write or come by 318 N. Bell, San Angelo, Texas 76901. The San Angelo Office will certify homes in Tom Green, Coke, Sterling, Runnels, Reagan, Irion, Concho, McCulloch, San Saba, Crockett, Schleicher, Sutton and Menard Counties.

All applications will require a study to be made by a Department Worker of the home and the family. Each installation must conform to standards set forth by the Department. The Worker will be available to assist the prospective Provider in interpreting the standards, and in some cases of achieving certain standards. All foster homes must be in compliance with Title VI of the Civil Rights Act of 1964, which states that, "No person in the United States shall, on the grounds of race, color or national origin, be discriminated against under any program or activity receiving Federal financial assistance."

Once the home is certified, the Department of Public Welfare Worker will work with the family in placing eligible persons in the home. The placement procedure requires a careful study of the potential resident's needs. Every attempt will be made to match the potential resident with a foster home deemed best able to meet his needs. At no time during the placement process is it mandatory that a potential resident accept a specific foster home, or that a foster home accept a specific potential resident. The Department Worker will arrange interviews and visits, and will talk with the family and potential resident separately after each visit.

CALLING ALL HOMEMAKERS

Brought to you
By Lillian Brown

Oddly enough, there's one kind of furniture that many people overlook when they are furnishing their home. Yet, this particular kind of furniture can be one of the most useful--and one of the most attractive--pieces in a room.

Can you guess what we are talking about?

It's a desk. Actually, many homes should have several desks.

Desks can be well-placed and well-used in the living room, the den or family room and in the adults' bedroom in addition to the usual desk for the children's room.

Let your imagination go and think of all the uses a desk can give you--both the top or surface part of the desk as well as the drawer and storage space.

And one of the best features of desks is the wonderful decorating pick-up they can give a room. There's such a wide variety of beautiful and practical desks that can add a real "decorator" touch to your home.

We are here to help you decorate your home with the kind of furniture you want--whether it be desks, sofas, chairs, tables--an individual piece or a whole household of furniture. Stop in and browse to your heart's content.

Brown
FURNITURE

To help them resolve individual differences, once placement and the physical move is made, the Department Worker will make periodic calls to ascertain that both parties have adjusted to the change. Again, the Worker will be available to counsel and advise at any time either party should the need arise. After adjustment has been made, the Worker will make a call once a year, unless a specific need arises.

Spring Roundup Ball Set For February 8

The Spring Round Up dance club mailed almost 600 invitations to the annual Spring Round Up Ball this week. The annual affair will be held February 8 at the Civic Center.

A group of youngsters started the club four years ago. Membership has grown from around a dozen to over 45 this year. The ball is by invitation only and music this year will be furnished by David Price. The invitation list has grown from around 400 to 600.

sent day mails for just about anything could be bought under their one roof. She paid tribute to the early doctors, teachers, telephone operators, newspaper publishers, and to the many young men and women who have served in the armed services. The Ozona Woman's Club from the earliest days sponsored town clean-ups and helped foster community pride and she especially mentioned life-long Ozona booster, Lee Wilson, who is given credit for the "Biggest Little Town in the World" sign. On July 4, 1931, 13,000 people attended a barbecue in the park, prepared by Bob Cooke and area ranchmen who also sponsored sheep sales and shows.

Ozona's growth has been slow but steady and we should look forward to having the spirit of its early citizens continue to guide its future.

In closing, Mrs. Childress offered a tribute of respect and gratitude to those who died in 1974, for their lives helped to make Ozona a good place to live and their unfinished dreams should be our challenge; Paul Perner, Lilly Perner Cox, Lena Perner Baggett, Lillian Henderson, Winnie Piner Davidson, Nan Davidson Grimmer, Della York Graham, Madye Kersey Bailey, Bess Williams Hoover, Mary Sue Montgomery Hunt, Jones Miller, Walter Dudley, Mildred Goodson, Lois Couch Pyatt, Christine Bean, Catherine Fuantoz, Tom Clegg, George Glynn, Walter Daniels, Ethel Wolf and Bill Littleton.

Union Oil Co. of Calif., Midland, will drill the No. 1-5 Mitchell as a 1-3/8 mile east-northeast outpost to Ellenburger gas production in the Crockett County portion of the Brown-Bassett multipay field, 1 1/4 miles south-southwest of the JM(Ellenburger) field and 35 miles southwest of Ozona. Location is 820 feet from the north and 1,050 feet from the west lines of 5-Q6-TCRR. Contract depth is 15,500 feet.

Mr. and Mrs. Bruce Hill have moved to Ozona following Mrs. Hill's graduation from Texas Tech. Mrs. Hill is the former Chris Clegg of Ozona. The couple will live at the ranch southwest of Ozona.

BICENTENNIAL COMMITTEE MEETS MONDAY AFTERNOON

Tex Watson talks about The West Texas Gas Supply

You hear a great deal about the competition for the natural gas in West Texas these days. It is rightfully a matter of interest and concern to every citizen of this area. It has some serious implications.

Natural gas has been an important factor in building West Texas and will continue to be. Most of the businesses and industries in our area depend, directly or indirectly, on a continuing supply of natural gas. A lot of people's jobs depend on it. So, we must see that they have it.

We will have to pay more for it than in the past... the competition for gas has never been so fierce. But by working together, and without outside interference, we'll have the gas energy we need today and in the future. Gas will still be your best energy buy.

PIONEER NATURAL GAS COMPANY

K. Bert (Tex) Watson, president of Pioneer Natural Gas Company, is a native of West Texas, a chemical engineer and lawyer by training and in his 20th year with your gas company.

Earl Nightingale, internationally known lecturer and broadcast personality.
