REGARDING DUTIES OF SPECIAL OFFICER

Crockett, Texas,
September 9, 1924.
Mr. Will Reed,
City.

Dear Sir:
In appointing you as Special Police Officer, while expecting you to act as a peace officer, and handle all infractions of the law, the city had in mind special matters for your attention, which I herewith indicate to you at the direction of the City Council.

Caution all automobile drivers about having license numbers, tail lights, both head lights, and such minor infractions. If the driver does not heed the warning then arrest. All are familiar with parking ordinance, and will wish you to insist that cars be parked properly, and arrest for violations after one warning. Suggest you keep a small memo. book, and note number of car violating any of above, with date you gave notice, and arrest on second offense.

Violations like speeding, turning corners wrong, and driving out of parking space in the wrong direction will be prosecuted on first offense, as they constitute a menace to the lives and property of the citizens, and have been violated. Drivers are expected to hug the corners closely when turning to right, and to drive wide as possible when turning to left, and to drive out of parking space on the square by turning to left always, and driving to the right of the "Silent Policeman" at each corner of the square.

With especial reference to keeping side-walks clear, and property clean, including the street directly in front of each business house, this is important, if we are to keep streets clean at all. The ordinance provides that no trash, boxes, or any sort of garbage shall be left in front of a building, except in a covered metal container, but the city will temporarily countenance a covered box or barrel until containers may be secured. We will try to haul off trash, but other duties might take the driver off for a day, so it will be wise for the business house to not put any trash out on the side-walk, except in a covered container, but carry to the wagon when it calls. The city is going to put on a street man, with push-cart and try to keep the streets clean, but can't handle the proposition unless citizens co-operate by not only not putting out trash, but also by keeping the street in front clear of trash, such as banana peelings, boxes, paper, etc. The council wants you to

CROCKETT HONEY BRINGS GOOD PRICE

A car-load of first-class honey, packed and ready for the buyers, was shipped recently by Geo. M. Jeffus, who owns the White Rock apiaries south of Crockett. The car of honey brought the owner around five thousand dollars, netting him a good profit. Mr. Jeffus has operated the honey business here for several years and has demonstrated that honey can be profitably produced in this county in large quantities. His apiaries are rapidly gaining a wide reputation for quality products.

exercise patience, and not offend, but insist absolutely on a strict observance of this ordinance, which is in the interest of health, cleanliness, and a better appearing business district.

Would suggest that you personally visit every house in the business district, call the attention to the ordinance, and try to avoid the necessity of filing charge against any one, as the council does not wish to impose a hardship on any man.

With best wishes for your success, I am

Yours truly,
C. L. Edmiston, Mayor.

METHODIST CHURCH BUILDS ADDITION

The Methodist church is now building an annex to its building. The annex will consist of two stories with a basement beneath. The upper stories are intended for Sunday school purposes, while the basement will include a kitchen, in order to facilitate church socials and get the people into the church more than once a week.

Deeming the erection of a new church inadvisable at this time, the churchmen have decided to overhaul the building and give it a better appearance.

Considerable money is being expended in this undertaking, about \$12,000 worth of work being intended in the program. The members of the church will be proud of their building when it is completed. Workmen are now busy on the construction of the annex.

The less money some men have the easier it is for them to be good.

IMPROVEMENTS BY BRIDGE COMPANY

The steel bridge across Trinity River at Hurricane Shoals has been in operation for more than a month now, and a steady travel is beginning to make use of this route. This bridge, owned by the Hurricane Shoals Bridge Company of Crockett, gives people in Leon county access to the Crockett markets, which is quite a benefit to them as well as to Crockett. The farmers of that county appreciate the advantages offered by trading in Crockett.

This bridge offers tourists and traveling men a better, and much shorter, route to Waco and central Texas. The route by way of the Hurricane Shoals bridge is at least 50 miles shorter than the next best route, and for this reason will eventually lead to the designation of a highway along this course. It also aids travelers headed for points in south-east Texas.

This enterprise is backed by unselfish and far-sighted business men, who have not spared expense in making the bridge accessible. Among other improvements by the bridge company on the Leon county side is a 360 foot bridge, giving a crossing over the bottom lands which might not otherwise be had.

The company has constructed a graded, hard surfaced road for three miles across the bottom land on the Houston county side at large expense to the stockholders.

These improvements make the road passable the year round and afford an excellent highway for hauling heavy loads by wagon or truck and an excellent

route of travel for those who desire to travel by automobile, with little regard to weather conditions.

These men who have made this project possible are to be commended for the spirit of unselfishness they have displayed in helping to build up the territory near Crockett, and in affording the traveling public a convenient route for reaching desired points.

CROCKETT TO GET NEXT CONVENTION

The singing convention came off in due order. Lots of people there, and plenty to eat. The singing was good, there being several visiting singers from Nacogdoches, Cherokee, Anderson and Shelby counties, and plenty of home talent.

The people of Grapeland responded nobly to the support of the convention and of course were thanked publicly by the convention for their generosity.

Resolutions of respect and condolence were tendered the family of Brother Cyrus Campbell, also an act of the convention.

The chairman being informed that Crockett was expecting the next meeting, coming the first Sunday in May, 1925, to be held in the proposed tabernacle, it was announced that we will meet in May of next year in the tabernacle in Crockett.

Mr. A. H. Luker, mayor and editor, in a short talk welcomed the convention and expressed Grapeland's appreciation of having the convention with them.

Very truly,
Geo. M. Jeffus,
Chairman.

COTTON RECEIVED AT THE WAREHOUSE

Through Monday, September 8, Mr. W. E. Hail had weighed 4,633 bales of cotton at the warehouse, much of which had come in during the last week. Through September 8, 1923, the warehouse had received 5,375 bales of 1923 cotton. The receipts for this year were thus only about thirteen per cent less than last year. Shipments ordered by local buyers brought the total up to about 4,000 bales, showing that the growers are selling the staple almost as fast as ginned, despite the constantly dropping price, which Monday was about 22 cents a pound.

CROCKETT OIL MILL TO START UP SOON

The pay roll of the oil mill will soon be added to the buying power of Crockett business, for the mill will begin operation in a few days. Crockett needs more industries in her attempts to grow into a bigger town. A good-sized crush is expected this winter.

Cotton seed are bringing a smaller return this year than last. Last year they brought around \$40 per ton regularly, but the price Tuesday was down to \$31 per ton. Increased production on the whole is held as responsible for the slump in price of cotton seed.

All boys regret Monday—except football aspirants.

AUTOMOBILE TANK BECOMES IGNITED

Chester McCelvey, about 21 and son of Jas. McCelvey, received painful burns about the face when the gasoline tank of his automobile caught fire at the Main Street Filling Station Sunday afternoon. The young man was having the tank filled when the gasoline became ignited from some unknown cause. The young people who were riding with McCelvey received no injury. The top and upholstery of the automobile was destroyed. There was no damage to the filling station save a little scorched wood-work in the roof.

After receiving medical treatment at Dr. W. W. Latham's office, the young man was taken to his home northeast of town. The burns, though serious, are not of a dangerous nature.

The fire truck quickly extinguished the blazes, the powerful pump sending a stream of water into the burning materials. The filling station people are of the opinion that the car was short-circuited in some way, as there was no other means of ignition, the engine being stopped and no smoking being done. The car was a Ford said to have been in use about eight months.

CROCKETT CRAVES ICE CREAM CONES

Among the profitable industrial enterprises seen in Crockett is the probable erection of an ice cream factory. The impression has been given that a factory will be erected early next year.

The local trade uses about 135 packers, or 675 gallons, of ice cream per week, two-thirds of which is sold on Saturday and Sunday, the two big days. All this cream must be ordered by express.

Lovelady, Grapeland, Weldon and other points in Houston county use a large amount of ice cream, and it seems reasonable certain that a good trade could be established for a home factory.

HOUSTON MEN ARE RELEASED ON BOND

T. B. Duncan, who was arrested with A. D. Meador in Crockett recently in a whiskey transporting case, made bond, signed in Brazoria county, and was released on September 4. Duncan is under indictment in Harris county for hi-jacking.

A. D. Meador was released Saturday night on bond, signed by Madisonville men. The bond was two thousand dollars for each man. The men were represented by Cam Kay, Houston attorney. These men are also charged with possessing whisky.

Building Improvements.

Quite a bit of home building and remodeling is being done in Crockett at the present time. Among the improvements are a home to be built for Tom Hodge near the clean Goolsby home and the remodeling of the Lipscomb home for Mr. J. W. Hail.

The old Mayes home, southwest of town, is being remodelled for Willie Robison.

Reception for Mrs. Brann.

The real opening of the social season among Sweetwater society folk occurred Tuesday morning, when Mrs. B. C. McCall threw open the doors of her handsome new home to do honor to Sweetwater's newest bride, Mrs. Albert Brann, who until her marriage to Dr. Brann last week, was Miss Wilma Shivers of Crockett and last year was a popular member of the local school faculty.

Joining Mrs. McCall in this beautiful courtesy, were Mrs. H. R. Bondies and Mrs. Ray Hickman. The reception was doubly enjoyable in that it brought together for the first time since vacation days began friends and neighbors and a number of out of town visitors, who joined in a delightful informal manner in doing honor to the charming honoree.

Mrs. H. R. Bondies extended greetings at the door and directed the guests to the receiving line where stood Mrs. B. C. McCall, Mrs. Albert Brann, Miss Mable Browning, Mrs. Ray Hickman, Mrs. Cora Case Porter of Oklahoma, and Mrs. Mose Newman. Mrs. A. H. Fortner met the guests at the foot of the line and Mrs. C. A. Rosebrough directed them to the dining room, where Mrs. R. S. Malone, Mrs. Ed Patterson and Mrs. Frank Morgan served a lovely ice course and gave beautiful pink asters as plate favors.

From the dining room the guests found their way to the library, where a second receiving line entertained, composed of Mrs. John Perry, Mrs. B. H. McLane, Mrs. Ned Shealar of Virginia, Mrs. P. H. Hamilton and Mrs. Tom Hughes.

Directed by Mrs. Benford Brown and Mrs. R. C. Crane the guests next found themselves in the registration room, where Mrs. Oscar Pate and Mrs. Rufus Wright, assisted by little Miss Betty Francis Pate presided over the bride's guest book.

Vases and bowls of lovely cut flowers adorned every place of vantage and with the attractive program of Victrola music in charge of Mrs. T. S. Montgomery, created a delightful atmosphere, which was in pleasing contrast to the inclement weather outside.—Sweetwater Reporter.

JURY CHARGES FOR HERRIN DEATHS

Others Indicted By Official Body Dead; Warrant Is Not Served.

Herrin, Ill., Sept. 4.—A new chapter of the book of tragedies of Williamson County was written last Saturday when six men were killed in a shooting match on one of the principal streets of Herrin.

Today, a coroner's jury, impaneled to investigate into the causes of the trouble and who was responsible, returned a verdict which charged one man, John H. Smith, with murder.

The other men implicated in the trouble and indicted by the jury are dead.

A warrant charging Smith with murder signed by the county coroner, William McCowan, was placed in the hands of Deputy Sheriff George Walker for service, but until a late hour tonight it had not been served.

The jury was in session for a day and a half. A number of witnesses were heard, but with the exception of one or two their testimony was said to have been pro-klan.

Witnesses testified that Sheriff George Gilligan and Ora Thomas fired the shots that precipitated the trouble here Saturday. They also testified that Thomas and Galligan killed Chester Reid, innocent bystander. Mrs. Reid, widow of the slain man, told the coroner's jury that John Smith killed her

husband as he pleaded with the men gathered in front of the garage on Monroe street to stop shooting, because they might kill his baby.

Mrs. Reid said that her husband was shot down by John Smith. Other witnesses told the jury that John Smith was not at the scene of the shooting till it was all over. Mr. Smith, when told by the newspaper men that he had been indicted by the coroner's jury said that he was not worried.

"I have already been arrested, charged with murder," he said, "and am out on \$10,000 bond. So far as the coroner's verdict is concerned, I have any number of witnesses who will swear that I was not present when this trouble occurred."

embody the latest improvements and accessories of the automotive industry to increase the comfort and pleasure of motoring. Much attention has been given to beautifying the appearance of the new models and among other innovations is the use of the Doco finish.

For several months past there has been a consistent and steadily growing demand for Chevrolet cars with special fittings. As quickly as this trend appeared, factory officials started to work on the De Luxe models. Research and experimental work tested every accessory before it was selected, and the color experts of the General Motors Corporation, Chevrolet Motor Company, Du Pont Company, makers of Duco finish, and the Fisher Body Company were consulted before the finish of the new cars was decided upon. In fact every factor entering into the make-up of the De Luxe models was thoroughly proven before the company started production on the new styles which now complete the Chevrolet line.

The De Luxe sedan has a double Duco finish in blue, with a contrasting red trim. This is further set off by the nickled radiator, head and cowl lights and aluminum kick plates. This, as are the other two De Luxe

models, is equipped with disc wheels, front and rear double-bar bumpers, motor meter, etc.

The De Luxe touring is also finished in Duco in a gray, a deep slate color which harmonizes with the upholstery of a shade lighter tone.

The coupe has a roomy, two passenger body finished in the same rich blue as the sedan. Both the coupe and sedan have special deep velour upholstery with Marshall type springs. The upholstery is a gray that harmonizes with the blue finish.

MASONS HEAR FINAL LECTURE OF SERIES

The final lecture of the Masonic Service and Educational Association for this year was held in the High School Auditorium of Crockett on the 29th inst., with a nice audience of Masons and their friends from all over county present.

Hon. Leroy Moore, county judge, introduced Hon. Wilbur Keith of Dallas, who is the executive secretary of the association for Texas, who presided over the meeting in an able manner. His talk was confined largely to the Masonic Home School, which was illustrated by two rolls of motion pictures. His explanation of same and his talk on a Mason's duty to his country was a masterpiece, and he handled his subject without gloves and in an able manner, which was well received by the audience as evidenced by their numerous applause.

The executive secretary then introduced Hon. S. Hoyle of College Station, who has been touring the state with Mr. Keith in the interest of the Masonic Service and Education Association, lecturing on the Fatherhood of God and the Brotherhood of Man, giving his time gratis to this great work. His lecture was well received as he held his audience spell-bound for over forty minutes.

Mr. Miller of Beeville, Texas, who also has been giving his time in this work with the executive secretary in his tours of the state, was then introduced, whose short talk on the Foundation of Masonry as represented by the first three degrees and its superstructure represented by the higher degrees was enjoyed by all.

This is one of the best programs that has been held yet in our county and we feel deeply indebted to the local chairman of the association, Mr. W. P. Bishop, for his untiring efforts in securing these splendid programs for our county. Too much can not be said about education, for our public free school system is the foundation of American liberty, and we hope that not only the Masons of our county but the public in general will join in, that we may have one or more of these splendid lectures each month. It goes without saying that Mr. Keith and his party made many friends during their stay here who are looking forward to the day when he and his party will make us a return visit. Reporter.

WHISKEY STILL CAPTURED BY LOCAL OFFICERS

Ed Nelms and Isaac Taylor were arrested last Friday by Constable Scarborough, Justice of Peace Davis and Deputy Sheriff Shaw charged with manufacturing intoxicating liquor. Taylor had a second charge filed against him for transporting liquor.

The negroes were placed in jail at Crockett, but were later released on bond.

The still was found on W. W. Spence's farm, several miles west of town. Besides the still the officers found several gallons of "beer" and a large quantity of mash.—Grapeland Messenger.

Bridge Shower.

One of the most charming and delightful affairs of the summer was a bridge shower given by Miss Alta Stokes for the bride-to-be of the month, Miss Wilma Shivers.

After several games of bridge, and the awarding of the prizes,

delicious refreshments were served, carrying out the predominating colors of pink and green.

Then Miss Zodie Anne Kiessling rendered a lovely little interpretative dance concerning the butterflies. Next, Miss Eliza McConnell sang very beautifully, "Deep in the Heart of a Rose." Also, Miss Katy Lacy sang a suitable little ballad, "Queen of My Heart" from the light opera, "Cluny Blossoms."

Miss Zodie Anne Kiessling with a jolly little speech of invitation led Miss Shivers into the dining room where a huge pink rose with green leaves concealed a multitude of lovely gifts for the prospective bride. X.

Another Grass Fire.

A rush call was sounded Monday for the fire company from the C. W. Jones home in north Crockett. A burning weed patch threatened to set the buildings. No damage was done, but the fire company got a little practice.

WHEN THE PAPER DOESN'T COME.

My father says the paper he reads ain't put up right; He finds a lot of faults, too, he does perusin' it all night; He says there aint a single thing in it worth to read, And that it doesn't print the kind of stuff the people need; He tosses it aside and says it's strictly on the bum, But you ought to hear him holler when the paper doesn't come.

He reads about the weddin's an he snorts like all get out; He reads the social doin's with most derisive shout, He says they make the papers for the women folks alone; He'll read about the parties and he'll fume and fret and groan; He says of information it doesn't have a crumb— But you ought to hear him holler when the paper doesn't come.

He is always first to grab it and he reads it plumb clean through, He doesn't miss an item, nor a want ad—that is true; He says they don't know what we want, the darn newspaper guys; "I'm going to take a day some time and go and put them wise; Sometime it seems as though they must be deaf and blind and dumb. But you ought to hear him holler when the paper doesn't come!

KELLY'S TALK BEFORE THE COTTON STATES ASSN.

A few weeks before my fortieth birthday, which was several years ago, my wife handed me a good-sized bunch of letters one morning, the letters being ad-

ressed and stamped, suggested that I drop them in the mail box on my way to the office. I wore my raincoat that morning, as it happened to be raining, so I slipped the letters in the pocket of the coat, and, upon arriving at the office, I placed the coat in my locker, and forgot all about the letters. I did not wear that same coat again for several weeks, and that's where my trouble started.

These letters happened to be invitations to my fortieth birthday party. The evening of the party came, the stage was all set. The dinner was supposed to be at 6:00 P. M., but nobody showed up. We waited until seven, but my friends failed to arrive, then lo and behold, my wife said to me, "Do you recall a morning some few weeks ago when I gave you those letters to mail? They were the invitations to your party." Immediately the thought struck me, "By golly, those letters are in the pocket of my raincoat at the office."

That incident reminds me of an old friend of mine who was in to see me the other day. He told me about a motor trip he had taken, driving from Minneapolis up North for a few hundred miles. It happened to be on a Saturday. He visited several towns on his trip, calling in at many stores, and he remarked to me, "Do you know there were about two chain stores in each one of the towns I went through, and they were the only stores that were busy—the other stores didn't appear to be doing much of anything." That caused him to investigate, just as a matter of curiosity, so I asked him the names of the towns he visited. I then wrote to the newspapers in each of the towns and requested that they send me their papers of Thursday and Friday, two days before the Saturday when my friend called at these stores. Upon receipt of these newspapers, I found that in four out of five papers, all the store advertising that had been done was by the chain stores. That solved the problem.

The retail merchants in the towns where my friend visited had failed to advertise in the newspapers, inviting the public to their store that Saturday, and the public not receiving an invitation, did not come, but the chain stores had invited them with a neat, effective ad, attractive in style and chuck full of common sense, and, naturally, that is where they went.

So the stores that failed to receive their friends were like my birthday party—the crowd didn't come.

I venture to say in all the failures of retail merchants the last three years not twenty per cent of these same merchants advertised religiously in newspapers, whereas, if they had, their investment in newspaper advertising would have brought sufficient trade to prevent a great amount of their losses.

Of course silence gives consent. Did you ever notice how silent people are when you say something mean about yourself?

No, the heavenly host has nothing in common with the landlord of a summer hotel.

LOCAL MEN ARE BACK OF FOOT BALL TEAM

With the coming of the cool fall weather and the opening of school, the minds of the athletically inclined turn to the thrilling game of football. Much comment is now being made upon the chances of Crockett High for the coming season. Considerable interest is being taken by the backers of the local team.

Besides some good men returning from last year's squad, a number of strong new men, including some very promising transfers from smaller schools, will be out when practice starts Monday afternoon. Coaches Abernathy and Greenman are not expected to lack material to build a fast, husky, fighting eleven to do battle for old Crockett Hi on the gridiron this fall.

Several hundred dollars has been subscribed by business and professional men of the city to equip the men with uniforms and to back the expense accounts accumulated during the campaign. We won't predict any championship, but believe that any team that beats C. H. S. will earn the victory. Opening games have not been scheduled, but on October 11 Palestine comes to Crockett and the usual battle is looked for. These two schools fight each other bitterly on the field, but are excellent friends off the playing field.

Notice, Veterans.
 Crockett camp of Confederate Veterans are requested to meet Saturday, 20, at the court house in Crockett at 10:30 a.m. for the purpose of sending members of the camp to the state reunion, which meets in Fort Worth on the 2nd of October next.

NURSE SECURED FOR CROCKETT

A joint meeting of the Parent-Teachers and the local Red Cross chapter was held at the ladies' rest room Saturday evening, September 6, for the purpose of formulating plans to secure an itinerant nurse for Crockett and Houston county.

Miss Thompson, the division representative of the Red Cross, met with us and mapped out quite an interesting program.

Miss Ahlschier, an itinerant nurse of Dallas, was secured and Miss Thompson assured us that she is one of the best in the southwest. She comes for a term of three months. The excellent work she has done at Trinity and other places speaks for itself. Crockett is fortunate indeed to secure the services of this skilled worker. She has just completed her work at Paris, Texas, and the school board there petitioned the division to let her remain the full term of the school, but she had previously been assigned to Crockett.

We feel sure that the citizenship will rally to the support of this movement; that our children will have and derive from it those great advantages in health and hygiene that will make the coming school year one of the best in the history of our schools.

Miss Ahlschier can be found in her office at the ladies' rest room after September 15.

Respectfully,
Mrs. Nat Patton,
Secretary.

Rev. Chas. U. McLarty.

In the passing of Rev. Chas. U. McLarty Sept. 3, at Caldwell, Texas, Methodism has lost one of its strongest and best loved pastors. He was for three years pastor of the Methodist church of Crockett, following which, he was presiding elder for four years, in this district.

While living here he greatly endeared himself to all denominations by his sunny disposition and lovable character.

He was adored by the Boy Scouts, and had many wonderful camping trips and hikes with them—he being scout master.

It was while he was pastor that the deadly influenza panic swept the country, and took such heavy toll from our midst.

It was then that Chas. McLarty proved a veritable ministering angel, fearlessly risking his life day and night, going into stricken homes where the plague raged, ministering to the sufferers, regardless of creed or birth.

He was in its highest sense a splendid Christian gentleman.

Like a beautiful golden sunset,
At the close of an autumn day,
Like moonlight on the waters

Of a deep and tranquil bay,
Like the ceasing of exquisite music,
That leaves us hushed and thrilled,

Was the passing of this splendid soul
With its mission here fulfilled.
A Friend.

Autumn Bride Honored.

One of the most elaborate social functions given in Sweetwater in many months, was the beautiful afternoon bridge party Thursday with which Mrs. C. A. Rosebrough and Mrs. A. H. Fortner honored Mrs. Albert Brann, when they invited over sixty members of Sweetwater's social world to meet her.

A color scheme of pink and white was cleverly carried out in the floral decoration of the reception suite at the home of Mrs. Rosebrough, refreshment plates, guest favors and prizes. Pink roses and carnations were used profusely in vases and bowles and potted ferns were placed in all places of vantage, which

formed an ideal environment for the merry card battle, which continued for several hours, when it was found that Mrs. Ed Mays had won the high score prize and Mrs. T. C. Perkins of Mineral Wells the second. They both received bud vases and to the honor guest the hostess gave another dainty vase.

A prize was awarded at each of the fifteen tables of pretty bud vases in colors. Guest favors were white baskets of white and pink mints, with jingling wedding bells on the handles. A lovely ice course was served in pink wedding slippers with individual white wedding cakes.—Sweetwater Reporter

COUNTRY CLUB TO BUILD CLUB HOUSE

The directors of the Crockett Country club have contracted with S. A. Fain, local builder, to construct a club house for the club on the east bank of the lake. The building is to be an up-to-date structure, 64 by 50 feet, with a porch in the back. The members are expending about \$4,700 on the building, which is to be finished with painted "sheetrock." It is also possible that an electric lighting system will be installed. The fixtures have not been decided upon as yet.

The members are contemplating the building of several boat houses along the lake shore.

A cordial invitation is extended to all. Secretary.

NEFF APPOINTS J. J. STRICKLAND SECY OF STATE

Austin, Texas, Sept. 6.—Jeff J. Strickland of San Antonio, former State senator, was Saturday appointed secretary of State by Governor Pat M. Neff, to serve the balance of the governor's term, which will expire next January 20.

Strickland's acceptance had not been received late Saturday, but it is thought certain he will take the office.

He will succeed S. L. Staples, who became State treasurer August 15. During the interim General Henry Hutchings, chief clerk of the department, has served as acting secretary of State.

Strickland was a member of the State senate from the Palestine district.

NO TRACE OF MISSING LAWYER CAN BE HAD

San Antonio, Tex., Sept. 5.—The mystery surrounding the disappearance of Judge J. F. Carl of San Antonio at Austin last Tuesday deepened today.

Reports by rangers at Austin that Judge Carl had been seen in Temple and Waco Tuesday were found to be incorrect, and after all leads were run down the last trace of the jurist was found at Austin, where he was seen in a hotel lobby about noon Tuesday.

P. H. Swearingen, partner of Judge Carl, returned from Waco and Temple today and reported that he could find no one who had seen Carl in either city. Judge Carl had acquaintances in both cities and none of them had

seen him. Neither had he registered at any hotel.

Friends here expressed the belief that Carl is still alive, but all were at a loss to account for his disappearance. Neither could they account for the finding of his clothing which have been positively identified, it was declared.

LEOPOLD AND LOEB GET LIFE SENTENCE

Chicago, Ill., Sept. 10.—Judge Caverly this morning sentenced Nathan Leopold and Richard Loeb, nationally famous murderers, to life imprisonment for the murder of Robert Franks several months ago. It was his opinion that the murderers were abnormal.

The boys made no show of emotion at the verdict. Their lawyers declared that no appeal would be made over Judge Caverly's sentence. Joliet prison is legally the address of these famous murderers for 99 years.

Tyler Travelling Salesman Killed as Car Turns Over.

Jacksonville, Texas, Sept. 1.—Eugene Dupree, 49 years old, traveling salesman for the Yuba Refining Company of Nacogdoches, was killed when his automobile turned over at Kilgore, Gregg County, Friday.

Mr. Dupree was well known in railroad circles, having been conductor on the Texas & New Orleans Railroad for about ten years, also conductor on the State Railroad several years.

The body was taken to Tyler, where he resided for several years. Mr. Dupree leaves his wife and five children.

Some men wouldn't take advice if it were offered to them in capsules.

FLIVVER SHEIKS MEET MATCH IN OLD SANTONE

San Antonio, Texas, Sept. 9.—The fourth girl to be thrown from an automobile by mysterious assailants in and around San Antonio in recent months, Miss Helen Denison, formerly of Washington, D. C., may be the last. Miss Denison, Irish, 21 and weighing nearly 200, told police she gave blow for blow after two young men, who had invited her to ride with them, "got fresh" when they reached the South Loop. She was found walking along the road by passersby. After reporting the case to police she was taken to a hospital for treatment of a cut lip and face bruises.

Girls previously hurled from automobiles were found dazed or drugged along the roadside.

Believed Dr. Butte Will Make Race for Governor.

Austin, Texas, Sept. 5.—Dr. George C. Butte, dean of the University of Texas law school, who today was nominated by the republican state executive committee as a candidate for Governor of Texas, cabled Postmaster George H. Sparenberg a week ago from London authorizing consideration of his name by republicans if his friends found it wise to do so. At the time he cabled Mrs. Butte telling her of that message and authorizing her to decide as she might see proper.

"Because of the deplorable condition in which the democratic party finds itself, I am now willing that he should be the republican standard bearer," Mrs. Butte said. This is taken to indicate that Dr. Butte will make the race.

MASONS HEAR FINAL LECTURE OF SERIES

The final lecture of the Masonic Service and Educational Association for this year was held in the High School Auditorium of Crockett on the 29th inst., with a nice audience of Masons and their friends from all over county present.

Hon. Leroy Moore, county judge, introduced Hon. Wilbur Keith of Dallas, who is the executive secretary of the association for Texas, who presided over the meeting in an able manner. His talk was confined largely to the Masonic Home School, which was illustrated by two rolls of motion pictures. His explanation of same and his talk on a Mason's duty to his country was a masterpiece, and he handled his subject without gloves and in an able manner, which was well received by the audience as evidenced by their numerous applause.

The executive secretary then introduced Hon. S. Hoyle of College Station, who has been touring the state with Mr. Keith in the interest of the Masonic Service and Education Association, lecturing on the Fatherhood of God and the Brotherhood of Man, giving his time gratis to this great work. His lecture was well received as he held his audience spell-bound for over forty minutes.

Mr. Miller of Beeville, Texas, who also has been giving his time in this work with the executive secretary in his tours of the state, was then introduced, whose short talk on the Foundation of Masonry as represented by the first three degrees and its superstructure represented by the higher degrees was enjoyed by all.

This is one of the best programs that has been held yet in our county and we feel deeply indebted to the local chairman of the association, Mr. W. P. Bishop, for his untiring efforts in securing these splendid programs for our county. Too much can not be said about education, for our public free school system is the foundation of American liberty, and we hope that not only the Masons of our county but the public in general will join in, that we may have one or more of these splendid lectures each month. It goes without saying that Mr. Keith and his party made many friends during their stay here who are looking forward to the day when he and his party will make us a return visit. Reporter.

WHISKEY STILL CAPTURED BY LOCAL OFFICERS

Ed Nelms and Isaac Taylor were arrested last Friday by Constable Scarborough, Justice of Peace Davis and Deputy Sheriff Shaw charged with manufacturing intoxicating liquor. Taylor had a second charge filed against him for transporting liquor.

The negroes were placed in jail at Crockett, but were later released on bond.

The still was found on W. W. Spence's farm, several miles west of town. Besides the still the officers found several gallons of "beer" and a large quantity of mash.—Grapeland Messenger.

Bridge Shower.

One of the most charming and delightful affairs of the summer was a bridge shower given by Miss Alta Stokes for the bride-to-be of the month, Miss Wilma Shivers.

After several games of bridge, and the awarding of the prizes,

delicious refreshments were served, carrying out the predominating colors of pink and green.

Then Miss Zodie Anne Kiessling rendered a lovely little interpretative dance concerning the butterflies. Next, Miss Eliza McConnell sang very beautifully, "Deep in the Heart of a Rose." Also, Miss Katy Lacy sang a suitable little ballad, "Queen of My Heart" from the light opera, "Cluny Blossoms."

Miss Zodie Anne Kiessling with a jolly little speech of invitation led Miss Shivers into the dining room where a huge pink rose with green leaves concealed a multitude of lovely gifts for the prospective bride.

Another Grass Fire.

A rush call was sounded Monday for the fire company from the C. W. Jones home in north Crockett. A burning weed patch threatened to set the buildings. No damage was done, but the fire company got a little practice.

WHEN THE PAPER DOESN'T COME.

My father says the paper he reads ain't put up right; He finds a lot of faults, too, he does perusin' it all night; He says there aint a single thing in it worth to read, And that it doesn't print the kind of stuff the people need; He tosses it aside and says it's strictly on the bum. But you ought to hear him holler when the paper doesn't come.

He reads about the weddin's an he snorts like all get out; He reads the social doin's with most derisive shout. He says they make the papers for the women folks alone; He'll read about the parties and he'll fume and fret and groan; He says of information it doesn't have a crumb— But you ought to hear him holler when the paper doesn't come.

He is always first to grab it and he reads it plumb clean through, He doesn't miss an item, nor a want ad—that is true; He says they don't know what we want, the darn newspaper guys; "I'm going to take a day some time and go and put them wise; Sometime it seems as though they must be deaf and blind and dumb. But you ought to hear him holler when the paper doesn't come!

KELLY'S TALK BEFORE THE COTTON STATES ASSN.

A few weeks before my fortieth birthday, which was several years ago, my wife handed me a good-sized bunch of letters one morning, the letters being ad-

dressed and stamped, suggested that I drop them in the mail box on my way to the office. I wore my raincoat that morning, as it happened to be raining, so I slipped the letters in the pocket of the coat, and, upon arriving at the office, I placed the coat in my locker, and forgot all about the letters. I did not wear that same coat again for several weeks, and that's where my trouble started.

These letters happened to be invitations to my fortieth birthday party. The evening of the party came, the stage was all set. The dinner was supposed to be at 6:00 P. M., but nobody showed up. We waited until seven, but my friends failed to arrive, then lo and behold, my wife said to me, "Do you recall a morning some few weeks ago when I gave you those letters to mail? They were the invitations to your party." Immediately the thought struck me, "By golly, those letters are in the pocket of my raincoat at the office."

That incident reminds me of an old friend of mine who was in to see me the other day. He told me about a motor trip he had taken, driving from Minneapolis up North for a few hundred miles. It happened to be on a Saturday. He visited several towns on his trip, calling in at many stores, and he remarked to me, "Do you know there were about two chain stores in each one of the towns I went through, and they were the only stores that were busy—the other stores didn't appear to be doing much of anything." That caused him to investigate, just as a matter of curiosity, so I asked him the names of the towns he visited. I then wrote to the newspapers in each of the towns and requested that they send me their papers of Thursday and Friday, two days before the Saturday when my friend called at these stores. Upon receipt of these newspapers, I found that in four out of five papers, all the store advertising that had been done was by the chain stores. That solved the problem.

The retail merchants in the towns where my friend visited had failed to advertise in the newspapers, inviting the public to their store that Saturday, and the public not receiving an invitation, did not come, but the chain stores had invited them with a neat, effective ad, attractive in style and chuck full of common sense, and, naturally, that is where they went.

So the stores that failed to receive their friends were like my birthday party—the crowd didn't come.

I venture to say in all the failures of retail merchants the last three years not twenty per cent of these same merchants advertised religiously in newspapers, whereas, if they had, their investment in newspaper advertising would have brought sufficient trade to prevent a great amount of their losses.

Of course silence gives consent. Did you ever notice how silent people are when you say something mean about yourself?

No, the heavenly host has nothing in common with the landlord of a summer hotel.
