A BRIEF SUMMARY OF CITY ORDINANCES

As to Driving and Parking by
N. H. Phillips, City
Attorney.

First. No one shall turn any animal or any vehicle no matter how drawn or propelled on any street of the city except at street intersections.

Second. Any one driving a motor vehicle upon the public square shall upon entering the same drive to the right of the silent policeman at such entrance and continue to the right of any parking space that he may wish to pass.

Third. In parking on the public square one must turn to his left and drive upon the desired parking space and bring his car to a full stop.

Fourth. In driving from any parking space on the public square one must drive forward (not backward), until again parking or driving off the square, turning around if desiring to turn in accordance with item 1, above.

Fifth. In starting a motor vehicle from one of the business streets, not on the public square, where the parking ordinance requires parking in the direction of the traffic at an angle of 45 degrees, it is expected that you will back into the traffic to clear other cars parked in front of you, or when required for your convenience in clearing and starting, but such drive, being always dangerous in congested traffic, must be made with care to avoid collisions and charges of reckless driving.

Sixth. One may drive to the right and park in front of any store on the public square parallel with the curb and remain for not exceeding thirty minutes while the driver or owner is with the car or in the store in front of which his car is parked. A state law forbids one to leave his car any place with the engine running or the brakes not set.

Seventh. Parking in the residential sections of the city is to the right and parallel with the curb.

Eighth. The traffic officer is working under written instructions from the mayor of the city to arrest for speeding and violations of the driving ordinances on first offense for the reason that these ordinances are enacted for the preservation of life and property and to arrest for minor infractions only after warning and upon second offense. It is my practice not to take a complaint against a non-resident of the city for violating a city driving or parking ordinance ex-

cept speeding or reckless driving unless such person has been warned at least once that we have driving and parking ordinances and told to comply. This I understand to be the general rule elsewhere and I am unwilling to deal with greater severity with our guests than we here are dealt with when guests in other cities. I understand that this policy has the approval of the mayor.

In my opinion the foregoing traffic laws are necessary and wholesome, in the main at least; and while I ask no officer and no citizen to file a complaint in the corporation court, I do not hesitate to take one regardless of the person when it seems in line of duty to do so.

N. H. Phillips,
City Attorney.

MUCH COTTON NOW AT THE WAREHOUSE

Much of the cotton crop has been gathered and the cotton yards are about to engulf the whole southwest part of the city. The warehouse and all available vacant lots are filled, and Mr. Hail has been forced to weigh cotton at the platform near the railroad station. Through September 6, 1923, the warehouse receipts were 12,032 bales. Monday afternoon Mr. Hail had weighed 11,092 bales, a decrease of about eight per cent from last year.

Mr. G. H. Henderson, railroad agent, informed us that 5616 bales had been shipped out up to Monday afternoon, which shows farmers and buyers to be holding onto the staple, awaiting a rise in price.

HALF-AND-HALF AND SOME MORE TROUBLE

The Crockett Courier is usually very conservative and accurate in its statements, but last week Editor Aiken made a misstatement of facts which we are sure he will correct when it is called to his attention. We are sure the Courier did not wilfully print the item to which we refer with any intent to injure anybody, but nevertheless, if it is not corrected, it will have that very effect.

We quote from the Courier as follows: "Mr. W. E. Hail gives us the information that he has weighed cotton this year brought to the Crockett warehouse from Alto, Groveton, Grapeland, Midway and other points from which he does not remember having received cotton before. The cotton is brought here to get the high price offered by local buyers, which ranges usually about ten dollars a bale above the price offered in nearby towns."

It is to the latter part of this statement that the Messenger takes exception. What the Courier should have said was "that some half-and-half cotton has been sold on the Crockett market at the regular price of other cotton." We understand that some Alto farmers carried their half-and-half cotton to Crockett and sold it for the same price that long staple cotton brings. Everybody knows, or should know by this time, that half-and-half cotton is penalized by buyers everywhere when it is detected, about two cents per pound. If any given locality

produces a large quantity of half-and-half cotton that locality is given a "black eye" as a cotton market by the "powers that be" and the local buyers are powerless to remedy the situation. In localities where there is not much half-and-half cotton grown, it can be "slipped by" at the regular price. This is probably what happened at Crockett.

Grapeland has always been noted not only has a good cotton market, but as a market in which any kind of produce can be sold to advantage and this year is no exception to the rule. Our cotton buyers are willing to take their books and compare them with the books of Crockett buyers or buyers from any other nearby towns. We are sure this comparison would prove that Grapeland buyers have paid as much for cotton as they have.—Grapeland Messenger.

GRAND JURY FOR THE FALL TERM OF COURT

The grand jury for the fall term of district court met Monday morning at 10 o'clock. After receiving the usual charge from Judge B. F. Dent, the jury was empanelled as follows: J. H. Scarborough, Augusta; Chester Kennedy, Grapeland; Geo. Richards, Grapeland; W. G. Creath, Crockett; E. S. Dawson, Crockett; E. C. Arledge, Crockett; B. L. Satterwhite, Crockett; H. C. Rich, Lovelady; J. A. Hanner, Weldon; Charley Arnold, Pennington; Sam S. Smith, Ratcliff; W. H. Threadgill, Kennard. Geo. Richards is foreman of the jury.

A. P. Dewitt is door bailiff. The following were appointed bailiffs: J. C. Lacy, C. C. Mortimer, Frank Terry, G. M. Cleveland, W. J. Townsend, R. R. Scarborough and J. A. Harrell.

DATE CHANGED FOR PALESTINE GAME

Palestine Hi will come to Crockett on Friday instead of Saturday as previously announced. Many backers of the team would have missed the game were it played on Saturday. Both teams are weaker than usual this year and have lost their first games, but with the intense rivalry between the two schools a first rate foot ball battle is looked for. Last year these two teams played a hard-fought, scoreless, tie game in Palestine.

Crockett will play Trinity on Friday, October 17, but arrangements are not complete. Trinity lost to the Normal Kub Kats Friday, 19 to 0. The Crockett team plays in Livingston October 24. Last Friday Livingston downed Groveton 102 to 0. November 7 is now the only open date.

Don't miss the game Friday at the City Ball Park between Crockett Hi and Palestine Hi.

City Has \$500,000 Blaze.

Texarkana, Texas, Oct. 5.—Loss estimated at \$500,000 was caused Saturday night by a fire which destroyed the plant of the Texarkana Cotton Compress company.

In order to succeed you must have push. You can't even run a lawn mower without it.

CAPITAL COMMENT BY YANCEY MERIWETHER

Washington, October 8.
Editor Courier:

The principal battleground of the present campaign is the great farming regions of the northwest. The farmer, wherever he happens to be, is, of course, kow-towed to by the politician at least during the months before election. But as agriculture predominates in the northwest more than in any other doubtful region, the candidates are particularly solicitous of farm leaders in that area. What the farmer wants and what the farmer is likely to get are peculiarly pertinent questions.

Farm organizations are leading a vigorous fight to get the farmer off the world market, to revise the tariff rate so that the protection accorded industrial products will not be out of proportion to that given farm products. As long as any exportable farm surplus goes on the world market the price is fixed abroad where the standard of living is far below that of the United States and the farmer suffers. These organizations believe that the removal of this defect will benefit the farmer tremendously and incidentally reconcile him to the tariff.

Legislation for the relief of the farmer has largely been of an emergency nature. In the 68th congress upwards of 600 bills were introduced pointing to some emergency and seeking large appropriations. Most of these bills, as for instance the McNary-Haugen measure which creates a government corporation to regulate the price of farm produce by buying and selling, are based upon false economic principles. They would boost prices artificially regardless of the effect upon other channels of business. The McNary-Haugen bill was defeated, but there is a determined effort to bring it up again, and those with the welfare of the farmer at heart will fight it as a false attempt at relief. The only effective method of assisting the farmer is to place his products upon an equal basis with industrial products, and the candidate who can convince the agricultural element of this fact and can guarantee that specific relief will undoubtedly be the victor in the farming regions.

Yancey Meriwether.

Cut With an Axe.

Two farmers, living a few miles southwest of Crockett, became engaged in an altercation over some business matter Monday at noon in the store of Moore & Shivers, west side of Court House square, resulting in one of the men striking the other with an axe. The man wielding the axe was Frank Murray, a middle-aged farmer, who claims that the other and older man, John Blair, was advancing on him with a drawn knife. Witnesses state that Blair had an open knife in his hand. The axe, a double-bladed one, struck Blair over the ribs on the left side, cutting to and exposing the ribs. It is said that a tobacco can in Blair's clothing was bent almost double by the force of the blow from the axe. Blair was taken to a doctor's office for medical treatment. Murray was placed under a \$500 bond pending an investigation by the grand jury, now in session.

COTTON ESTIMATE RELEASED WE'NSDAY

The government estimate released Wednesday gave the condition of the cotton crop as 53.5 per cent normal and placed the crop at 12,499,000 bales. This was about 97,000 bales under the September 23 estimate of the department.

The buyers had expected a still lower report and this estimate sent the market down, but a slight recovery was made and the market may regain the lost points.

Daring Girl Identifies Auto Bandits. San Antonio, Texas, Oct. 8.—Pretty 19-year-old Grace Connell has identified two Mexicans as the men who, she said, attempted to hold up a party of young people, of whom she was one, while they were returning from a dance. The pair were arrested by police, the first by following a car number clue given them by the girl. The second man detained is the son of a policeman and, Miss Connell claims, was the driver of the car.

Miss Connell was with two young couples in a car when another automobile came alongside and one of two men in it, police were told, drew a gun. The Connell girl, however, profiting by previous experience with road bandits, advised the driver of her car to "step on the gas." He did, and the party escaped.

George Stowe was with Miss Connell a few weeks ago in a car parked just outside the city limits, where she was robbed of jewels and her escort of various articles, including his shoes.

Tyler Road Builder Takes On More Work. Tyler, Texas, Oct. 8.—County Engineer D. K. Caldwell, who has supervised the construction in Smith county of approximately 115 miles of hard surfaced highways leading out of Tyler in seven directions to the boundary lines of the county, has accepted employment from the Walker county commissioners' court and from the commissioners of the Texarkana road district, spending two days in each week at each of these tasks and devoting the remaining two days to the completion of the Smith county stretch of the Tyler-Shreveport road, which is the only unfinished project in this county's building program. Upon the completion of the work here, Caldwell will divide his time between the Texarkana and the Walker county projects. At Texarkana a heavy concrete highway construction program is under way and Walker county is about to begin the expenditure of the proceeds of the sale of \$1,500,000 worth of road bonds.

CROCKETT HI LOSES AT HUNTSVILLE

Crockett Hi lost the first game of the season Friday to Huntsville Hi on the Huntsville field by a score of 32 to 0. Neither team could gain consistently, but the winners broke loose for long gains, which gave them five touchdowns. One goal was kicked and one point was awarded as a penalty for a Crockett "off side," the only penalty drawn by Crockett.

The game was marred by many fumbles by Crockett backs and numerous penalties on Huntsville for rough playing, holding and off side. The entire Huntsville back-field showed to advantage. Crockett men who showed up best were Charles and Warren Hughes, small, but fast and shifty, half backs. Cook and Baker sent some pretty spirals down the field. Bynum, though off form on passing, played a good defensive game at center, as did Odom at end.

Huntsville started this line-up: Jones I. e.; Rozelle, I. t.; Sadler, I. g.; Mitchell, c.; Morris, r. g.;

Teacher Secured for School.

Miss Mabel Guinn has been secured as teacher for a part of the seventh grade at the public school. So crowded was the school that it was necessary to secure another teacher, and Miss Guinn, who was math teacher for two years in the high school, was secured to take charge of the extra class for which a new class room has been fitted. Over sixty pupils enrolled in the seventh grade this year and the entire school building is filled to overflowing. With the yearly increase in attendance, a real problem confronts the town in caring for the education of the children, and especially so in the matter of housing.

GOODYEAR

PREACHER TALKS WHAT HE THINKS

Editor Houston Chronicle:

I have noticed that many have indorsed your course in fighting the Ku Klux Klan. I wish you to know that I am one more of this persuasion. I must admire your moral courage and the editorial ability with which you have contended against this modern monstrosity. I consider your editorials as expressed in great precision of language and right to the point, logical and convincing to those who are not blinded by prejudice.

It is wonderful how many good citizens have been humbugged. A disinterested spectator must have been amazed to see how the Waco convention, supposed to represent democrats, was swept off its feet and dominated by the klan. And still more astonishing must it have seemed to see how the national democratic convention in New York was pestered by this would-be dominating klan. For one, I rejoice that democracy prevailed and the klan met its defeat in New York, and that the national leader, Mr. Davis, has protested against it.

How could a democrat do otherwise if he has regard for the constitution of our country, unless he is ready to betray democracy to the old know-nothing party that was thrashed out so completely by such men as Governor Joseph Brown and Howell Cobb and Alexander Stephens of Georgia about the year 1860?

I am persuaded that the key to the situation is the money

feature. A few men have found out that they could gull the public by an outcry against the Catholics, Jews and negroes, and put large money into the pockets of the leaders of the klan. A friend told me that he was led into the klan supposing it to be a fraternity, and paid his \$16 for the privilege of joining them, and never derived any benefit.

Their leaders say they are not in politics. Then why did they make such a strenuous effort to control the state and national conventions, and why did they make such a desperate struggle to elect their candidate for governor, using for their capital all the prejudice they could muster up against the Fergusons? They got out of politics because they were forced out by the prevailing ballots.

How could reasonable people countenance an organization that has been responsible for so many murders, and so many disgraceful deeds of violence? And how could a Christian be led into such bad company when he ought to know that the Bible is against mob law and anarchy, and teaches very plainly that God has ordained civil government and required us to respect its authority?

Is it too much to claim the klan activities as bolshevism, just as if it had lately been imported, pure and simple, from modern Russia?

Let us hope that the Ku Klux Klan is in a dying condition, never to be resurrected! And that hereafter we may have pure democracy to prevail.

A speaker in Angelina County is reported to have said that Ferguson may have been as bad as he had been accused of being, but that the klan was much worse.

All honor to my friend, ex-Sheriff Watts of Angelina County, who defended a negro prisoner against a mob at the risk of his own life and popularity, simply because it was his sworn duty to defend his prisoner and allow him to have a fair trial before the courts, even if the prisoner happened to be a negro.

S. F. Tenney.

Crockett, Texas, Sept. 16.

P. S.—Somebody may tell me as a preacher of the gospel I ought not to talk this way, but is not a preacher a citizen, and does he not owe a patriotic duty to his country?

YOUNG WOMAN HURT WHEN THROWN FROM AUTO BY MAN

Dallas, Tex., Oct. 1.—Declaring that she was thrown from an automobile on the Maple avenue road by a stranger who had first attempted to assault her, a young woman is at Parkland Hospital suffering from numerous bruises and is reported in a highly nervous condition. The young woman was taken to the hospital by G. H. Walker and W. R. Casey, who were making an endurance run for a motor company, who reported they found her in a dazed condition at midnight last night.

The woman is reported to have said that she was thrown from an automobile after resisting the advances of a man with whom she was riding. She asserted the man volunteered to take her home from her work, but that instead of taking her home he drove rapidly into the country. When found by Walker and Casey the girl was kneeling beside the road and was crying.

HOW DOCTORS TREAT COLDS AND THE FLU

To break up a cold over night or to cut short an attack of grippe, influenza or sore throat, physicians and druggists are now recommending Calotabs, the nausealess Calomel tablet, that is purified from dangerous and sickening effects. Those who have tried it say that it acts like magic, by far more effective and certain than the old style calomel, heretofore recommended by physicians.

One or two Calotabs at bed time with a swallow of water,—that's all. No salts, no nausea nor the slightest interference with eating, work or pleasures. Next morning your cold has vanished and your system feels refreshed and purified. Calotabs are sold only in original sealed packages, price ten cents for the vest-pocket size; thirty-five cents for the large family package. Recommended and guaranteed by druggists. Your money back if you are not delighted.—adv.

MOST BUYERS AFRAID OF "HALF-AND-HALF"

Since the Courier came out last week we have heard some things about Crockett's paying \$10 a bale more for cotton than other near-by towns that we had not heard before the last issue was out. This more recent information perhaps explains why some Crockett people got the impression that Crockett was paying more for cotton than some other towns. Our information is that some half-and-half cotton from Cherokee county was brought over to Grapeland and offered on the Grapeland market. Not finding a market in Grapeland for this half-and-half cotton, it was brought to Crockett and sold at about \$10 a bale more than was being offered in Cherokee county for half-and-half cotton. A number of Crockett buyers have refused and are still refusing to buy half-and-half cotton, only a very few being willing to take the chance of reselling without loss. We do not know how the buyer came out on this half-and-half, but the incident was no doubt the ground for the talk that Crockett was paying \$10 a bale more for cotton than some other nearby towns. It is said that half-and-half is not finding such a ready market in Crockett now, although a buyer now and then is willing to take a chance with it. Any market handling much half-and-half cotton is liable to penalization at any time on account of its short staple.

There has been keener competition among cotton buyers in Crockett this season than ever before and it is said that they have bought on a closer margin than ever before. The seller has benefitted by the close, competitive market prevailing.

Conner Creek News.

Dear Editor:

Since the writing of our news last week, we find ourselves standing at the close of our second week in school. Time, in its ceaseless sway, has thrust upon us each day in its order, and we have taken upon ourselves, tasks suited to those of our ability; therefore, although we are one week older, we feel the peace of conscience that only accompanies a life of accomplishments.

In the elementary and high school grades we have enrolled only nine; and, although we are few in number, our work is all that could be expected of a score or more. In the primary department we find a considerably larger number of those very restless, untiring spirits who will tomorrow make up the citizenship of our community, county, state and nation.

We are all very fond of play and amusement, but when we hear the sound of the "books bell" and see the pleasant faces of our teachers, Mr. Blackmon and Miss Miller, we feel the desire for frolic and games give place to the thought that, before we can become men and women of true service and usefulness, we must train. Then as we master and recite each lesson for the day, we hail the time for rest and feel that we can say as was said of one of old, "Each morning sees some task begun. Each evening sees it close. Something attempted; something done. We have earned a night's repose."

Mr. Bolus and family of Diboll are visiting in the home of Mr. Floyd Smith of this community, who is Mrs. Bolus' brother.

Rev. J. L. Key of Ratcliff preached at the school house Thursday night, after which the church had a short business meeting. Bro. Key has been called to pastor the church for next year.

Rev. Hull, Methodist pastor at Ratcliff, was in this community Wednesday afternoon to officiate at the funeral of the little child of Mr. and Mrs. Alfred Gibson of Ratcliff. For those peo-

ple, in their bereavement, we feel the very deepest sympathy.

Rev. McMullen of Huntington preached at the church Saturday night, Sunday and Sunday night.

Rev. Hollis, of Rusk Junior College, came over from Plane and preached Sunday afternoon.

Miss Byrdie Lee Payne, who is teaching in the Groveton school, spent the week-end with her family and friends here last week.

Mr. Lakey of Center Hill community, is visiting the family of his sister and brother-in-law, Mr. and Mrs. Ike Smith.

On Sunday afternoon Mr. Henry Conner was quietly married to Miss Vernie Kelley, both being very highly respected young people of our community. We extend congratulations and wish them all the happiness deserved by two young people of their splendid type. Sol.

Crockett People Thanked.

We wish to thank the good people of Crockett for the free-will offering they added to our fund for the purpose of rebuilding our Baptist church at Stubblefield that was destroyed by fire in 1922.

May God bless each of you in our prayer.

CROCKETT'S KEY RATE STILL HIGH

Dallas, Texas,
October 2, 1924.

Mr. W. W. Aiken,
Crockett, Texas.
Dear Mr. Aiken:

I read with interest your article in the Courier with reference to the reduction in key rate recently made by the Fire Insurance Commission, and note your statement that Crockett has "a very low insurance rate." It is true that the rate is considerably less than last year, but we still have a much higher key rate than the average town of about the same size. Below I quote you the key rate of several East Texas towns of about the same population of Crockett:

Jacksonville, .44.
Lufkin, .40.
Nacogdoches, .41.
Athens, .39.
Henderson, .36.
Longview, .29.
Trinity, .52.
Crockett, .60.

Henderson, the town you came from, has a key rate of only a little more than half that of Crockett's present rate. I am glad to see something being done to reduce our key rate, and hope it can soon be brought down to at least an average with other towns in the same class.

Very truly yours,
T. B. Collins.

Christian Church.

The goal set for our attendance at Sunday school next Sunday is 90. We had 81 last Sunday. Next Sunday we will plan for a picnic on the river in the near future. Every member is urged to be in your place promptly at 10 o'clock.

At 11 o'clock the pastor will preach on "Christians as the Salt of the Earth," Matt. 5:13, and at 7:30 p. m. on "The Bible the Divine Looking-Glass," James 1:22-25. Everybody is cordially invited to all of these services. Albert T. Fitts, Pastor.

Y. W. A. Social.

Our regular monthly missionary social meeting took place September 30 at the home of Mrs. Lee Barlow, our most gracious hostess on that occasion. Mrs. H. Garrison, leader of the missionary program, had as her subject "Our Neighbor on the Opposite Side of the Globe," China—with her wonderful history antedating ours by many hundred years, yet so far behind in Christian civilization. With all her wealth and magnificence, her "Joss" houses and paper prayers, blind faith in her gods of healing and all the various superstitions that show the lack of a religion that sustains in all the trying experiences of life—all these things make a stirring

appeal to our missionary circles that are trying in their humble way to send the light of the gospel to our neighbors across the way. After the missionary topic was discussed, Mrs. Lemay, the president, adjourned the meeting for the social hour, which was spent in what is so agreeable to every woman's heart—a good, old-fashioned "talkfest."

Mrs. Barlow, our charming hostess, assisted by Mrs. Leonard Arnold, served a most delicious salad course, which still further contributed to the pleasure of a most delightful afternoon. A Guest.

Who's Your Friend?

There are four kinds of friends in this world who are outstanding among all others. First, the one who is a friend to you while your money lasts. Second, those who are friends to you as long as they can use you to their own advantage. Third, the one who is your friend while fortune smiles upon you. Fourth, the very rare but sincere friend who does not gauge his friendship for you by wealth, position or favors. Scan your list of friends and catalogue them in the class where you think they belong. You may be surprised at the result.

Leaves Hurriedly; Returns for Clothes.

San Antonio, Oct. 2.—Hiding in an alley for 12 hours without sufficient clothes to appear on the streets a soldier who escaped police by jumping from a South Alamo street hotel window, finally surrendered, returning to the hotel for the remainder of his uniform. The soldier made his sudden departure when police answered a call stating that a woman was being beaten. He left without hat, shoes, leggings and blouse.

He that loveth silver shall not be satisfied with silver; nor he that loveth abundance with increase: this is also vanity. When goods increase, they are increased that eat them: and what good is there to the owners thereof, saving the beholding of them with their eyes?—Ecclesiastes 5:10, 11.

ANOTHER GIRL THROWN OUT

EIGHTH VICTIM OF SAN ANTONIO AUTO ASSAULT GANG.

San Antonio, Texas, Oct. 3.—Thrown from an automobile for repulsing the advances of a man, the eighth victim of such abuse reported here in six weeks, fell, exhausted, shortly after 4 a. m. on the lawn of the Salvation Army home on Broadway.

The victim, pretty Mrs. Frank White, wife of a 15th field artillery sergeant, according to her statement, was taken to Baylor hospital, where she said she was employed as a nurse.

Mrs. White said she was visiting her husband, ill of pneumonia at the Fort Sam Houston base hospital, and, starting to leave, recognized an acquaintance of her husband, who offered to drive her home. She said she did not suspect his intentions until she saw he was driving toward the country. After she screamed, according to her story, the man stopped the car near the West Texas Military academy, where she said she struggled against her escort's alleged advances until he shoved her from the machine and drove away, shortly after midnight.

Warning to the Public.

It is a fact that we have one case of smallpox in the county, and there have been several persons exposed. This being true, will advise all who have been exposed to be vaccinated, and if any one should see a party who has broken out since the seventh of this month, advise me at once so that we may be able to keep it from scattering in our schools. We have and are vaccinating all we know, but there were so many who saw this patient that we fear we will miss some of them.

PLANS ALL MADE FOR BIG COLLEGE EVENT AT STATE FAIR, OCT. 18

All-Collegiate Circus and Queen's Coronation at 8 P. M. in Stadium.

Mrs. John Priestly Hart, widely known throughout Texas and the southwest as a dancing instructor and producer, will direct the prologue to be given in connection with the All-College Queen in the athletic stadium at the State Fair of Texas, at 8 o'clock on the night of Saturday, Oct. 18, according to announcement by Jordan E. Ownby, director of the coronation ceremonies.

Entries for the All-Collegiate circus have come from many colleges and universities outside of Texas, and most of the "stunts" and acts have been built along suggestions made by professional artists.

MANY SPECIAL DAYS AT STATE FAIR WITH MAXIMUM OF INTEREST

- Sunday, Oct. 26—Closing Day.

CLEVER DANCERS IN STATE FAIR "REVUE"

The Carlson Sisters, sensational "tap" dancers, will be a feature with Ernie Young's "Passing Parade of 1924," the big musical and scenic production at the State Fair of Texas, Dallas, Oct. 11-26. The sisters are clever to the last degree, and offer a dancing number entirely out of the ordinary.

DRIVE TO FAIR; COPS WILL AID VISITORS

Visitors to the State Fair of Texas, Dallas, Oct. 11-26 this year, may come in their "flivvers" or their Flats, as the case may be, secure in the knowledge that all will be accorded the same courtesy by local traffic policemen.

The testimony of a recent visitor from Charlotte, N. C., brought a statement from Police Chief Trammel.

James Hardwick, the Charlotte man, he drove into Dallas recently and ran up against the red and blue traffic lights.

"I've never seen a city where the officers were more courteous and friendly," he declared. "When I drove into town my first impression was of kindly treatment. A big traffic officer came to my rescue when he saw I was a stranger, and quickly put me to rights as to the signal system."

Police Chief Trammel says it's going to be that way during the State Fair, too, whether a fellow is riding in a flivver or a five thousand dollar limousine.

RACING MEN INTERESTED IN STATE FAIR EVENTS

Race horse owners all over the country are showing keen interest in the thirteen day running meet at the State Fair of Texas, Dallas, Oct. 11-26, according to Dr. A. E. Flowers, superintendent of the State Fair speed department.

"As soon as announcement was made that there would be thirteen days of racing at Dallas, inquiries for entry blanks and rules, began to come in," Dr. Flowers said. "Every indication is that we shall see some of the best horses in the country contesting for the aggregate of \$30,000 in purses that will be offered at Dallas."

There are to be four big stake events, entries for which close Oct. 1, with many later-closing events, the purses for which will be liberal and attractive. This year's stake purses will be materially increased over those of last year.

During the last week additional work on the big mile track at Dallas was begun, in the effort to put it in the pink of condition before next October. Hundreds of truck loads of fine road sand were spread over the black dirt of the track two months ago. This had the advantage of the rains prior to July 4, which mixed the sand and dirt thoroughly. The new work constituted running a great double disc harrow over the whole track, and still more thoroughly mixing sand and "gumbo" so that later rains will put the course in the finest condition possible.

SIX FOOTBALL GAMES DURING STATE FAIR

Six big football games have already been scheduled for the great athletic stadium at the State Fair of Texas, during this year's exposition, Oct. 11-26. The stadium has been enlarged, with the seating capacity increased, and the playing field is in the pink of condition, with a carpet of grass several inches thick. It has also been re-leveled, and with two lines of drain pipe laid, on either side of the field, the gridiron will be perfectly drained, no matter how hard it may rain prior to any of the six big engagements.

- The schedule is as follows:
- Saturday, Oct. 11—A. & M. vs. Seawane.
 - Tuesday, Oct. 14—Baylor vs. Central Teachers College, Oklahoma.
 - Friday, Oct. 17—North Dallas High vs. Bryan High (Dallas).
 - Saturday, Oct. 18—(All College Day) University of Texas vs. S. M. U., Dallas.
 - Thursday, Oct. 23—Clarendon College vs. Weatherford College.
 - Saturday, Oct. 25—S. M. U., Dallas, vs. A. & M. of Texas.
- On Friday, Oct. 24, the stadium will be the scene of stirring competitive drills between R. O. T. C. units from various Texas High Schools.

A twice daily attraction at the State Fair of Texas, Dallas, Oct. 11-26, this year, will be twenty big hippodrome circus acts before the grand stand.

STATE FAIR OF TEXAS OPENS AT DALLAS ON SATURDAY, OCTOBER 11

Saturday, Oct. 11 will be opening day of the thirty-eighth annual State Fair of Texas at Dallas, and the declaration is made that there will be more new features and that visitors will see more actual and contemplated improvements than at any previous exposition.

There will be thirteen days of running horse races, with four stake events.

The former coliseum, directly at the entrance of the grounds, has been made into a magnificent agricultural building, in which the farm products of more than forty Texas counties will be displayed to maximum advantage.

In the main exhibit building, an entirely new and most artistic effect has been secured by rendering the whole interior into the replica of a Spanish village, even to the chimneys which ring out hourly from the belfry of the village church.

Texas manufacturers' will have numerous "action exhibits" in the manufacturers' section of the big automobile and manufacturers' building and the south's greatest automobile show will be given in the automobile section.

Demonstrations of agricultural implements, farm power machinery and kindred lines, will be found in great variety all over the grounds, and thousands of head of fine stock will be shown in the live stock department. A ten-day poultry show and the annual show of the Texas Kennel Club, featuring particularly fine hunting dogs, will be additional features.

A two-day horse show will be held Oct. 22 and 23; six big football games are scheduled for the athletic stadium, and the All-Collegiate Circus and coronation of All-College Queen will take place in the stadium on the night of Saturday, Oct. 18.

Crack R. O. T. C. companies from Texas High Schools will appear in competitive drills on Friday, Oct. 24.

In an amusement way, the best features obtainable have been secured, including "Tokyo," a most pretentious fireworks spectacle, to be given every night; "The Passing Parade of 1924," magnificent musical and scenic spectacle, with a company of seventy-five; twenty great circus acts, to be given before the grandstand twice daily, and nightly airplane flights by Lieut. Henry Toncray, Texas veteran of the world war, who will perform in an illuminated bombing plane.

Houdini at State Fair

Harry Houdini, the "mystery man" who extricates himself from any and all sorts of difficult positions, will appear at the State Fair of Texas, Dallas, Sunday, Oct. 12, before the grand stand.

LIVE STOCK IS THE ONLY STATE FAIR DIVISION AFFECTED BY QUARANTINE

Full Racing Program, Poultry Show, Kennel Show and All Other Departments as Usual.

Both the poultry show and the Texas Kennel Club dog show will be given at the State Fair of Texas, Dallas, Oct. 11-26, as formerly scheduled, it is announced by Secretary W. H. Stratton of the Fair Association.

J. I. Boog-Scott, chairman of the state sanitary live stock commission has wired Fair officials modifying the former order as affecting the Fair.

"This is your authority to hold poultry show and dog show," Mr. Scott has telegraphed secretary Stratton.

Modification of the order means that no department of the State Fair except the live stock division, will in the least be affected, Mr. Stratton said.

The poultry show will be held Oct. 11 to Oct. 20 inclusive and more than 5,000 fine birds have been entered.

On Oct. 20 the poultry building will be vacated by poultrymen, and turned over to the Kennel Club for its show, Oct. 24, 25 and 26, the last three days of the Fair. One big feature of this year's kennel show, will be more than a hundred fine dogs.

As has been previously announced the full thirteen-day racing program will be carried out. Entries of more than 250 fine horses for the four stake events and the six daily races carded are already in hand.

"Toyo," the nightly fireworks spectacle; "The Passing Parade of 1924," the big musical production; twenty big hippodrome acts before the grand stand; night airplane flights, and various other specialties, form a part of the gigantic amusement program, to be carried out at this year's Fair.

Work done by the destitute children of the Near East, whom the society is endeavoring to aid, will be shown in an exhibit at the State Fair of Texas by the Near East Relief Society. It is said the exhibit will contain some exquisite rugs and other handwork of that character.

New Route to State Fair.

The new brick highway from Mineral Wells to the Parker County line has been completed, giving a surfaced highway all the way from Mineral Wells to Dallas by way of Weatherford. This means one more good motor route open in time for the State Fair of Texas, Dallas, Oct. 11-26.

A FAIR DANCER FROM BELGIUM

This is Mlle. Burdy, of the sensational dancing team of Burdy and Noway, who will be a feature of "The Passing Parade of 1924," at the State Fair of Texas, Dallas, Oct. 11-26. The beautiful lace gown is an importation and an heirloom of great value.

"ALL COLLEGIATE CIRCUS" TO BE BIG FEATURE AT STATE FAIR OCTOBER 18

JNO. B. MOON

P. B. GARRETT

"All-College Day" at the State Fair of Texas, Saturday, Oct. 18 next, promises to be one of the biggest features of the 1924 exposition, which runs from Oct. 11 to 26 this year.

In the afternoon the football eleven of the University of Texas and Southern Methodist University of Dallas, meet in their annual game on the athletic stadium field.

At night, also in the stadium, will come the "All-Collegiate Circus" and the crowning of the All-College Queen, which, it is expected, will be attended by no less an important personage than Corinne Griffith, Texas' own motion picture star. Miss Griffith will come as an ex-student of the University.

John B. Moon and P. B. Garrett, now Texas business men, but both former varsity students, have the management of the Circus and Coronation in charge. During their college days they produced many college

functions of a similar character, and because of their experience were asked to take charge of the big State Fair feature. The best "acts" from colleges, universities, prep schools and other institutions, all over the country, will take part in the circus events, for prizes totalling \$3,500. The "queen" will be crowned as the most beautiful college girl, her selection to be made by a committee of competent judges from entrants by all the institutions which take part in the "circus."

Mr. Garrett is now a prominent Dallas bond man, while Mr. Moon is connected with a big insurance concern. The former is a graduate of the law department of the university and the latter of the engineers. Heads of the various educational institutions have all accepted appointment as members of the advisory committee of the "All-College Day" arrangements and executive staff.

WORLD PROGRESS.

When one pauses to study the progress of science and invention during the last few decades, the facts are amazing. It has been well said that greater progress has been made by science and invention during the last century than in all the other ages in the history of the world.

There is nothing in "The Arabian Nights," or in any similar book to compare with the modern wonders of steam navigation, electricity, telegraphy, telephony, wireless telegraphy, motion pictures, automobiles, submarines and airships. And, what could be more marvelous than the mammoth printing presses of these days which grind out great newspapers and magazines in countless millions of copies?

Now comes Radio to play a most important part in world progress, and along with it has come the talking motion picture and the art of transmitting photographs hundreds of miles through the air by means of sound waves.

All of these remarkable improvements have been of benefit, in some way or other, to the entire population of the globe. One example is to see hospital patients lying in their beds while enjoying a Radio concert. Truly Aladdin and his wonderful Lamp could not have produced anything so useful as this!

These advancements are not only serving to develop all lines of industry to greater proportions, but they are also the means of bringing all the peoples of the world closer together. Today it does not seem to us that foreign countries are far away—in truth, by means of modern inventions such as telegraphy, wireless, Radio, and rapid transportation, we are constantly in touch with all

parts of the world and look upon distance as a trifle.

Printing has kept pace with the times. To prove this, we have only to think of the great newspapers and magazines now being published in every land. It is printed matter of this variety that keeps the farmfolks as well informed on fashions in dress and other matters as their "city brethren." The average American farmer knows as much about telephony, automobiles, electricity and other modern conveniences as the average "city man."

Advertising is one of the comparatively new sciences, and one that is conferring blessings upon all mankind. This is no exaggeration. It is actually the motive power that is keeping the machinery of the great industries operating at high speed. It is a tremendous educational force that is teaching the mass of people Right Thinking, Right Living, Right Buying.

Advertising and printing go along together, hand in hand. The perfection of every new invention creates a larger demand for both.

PROCEEDINGS IN DISTRICT COURT

The following divorces have been granted in the fall term of district court: Lucille Franklin vs. Charlie Franklin; Ludy Mae Foster vs. J. S. Foster; D. C. Appleton vs. Neva Appleton; Hattie Davis vs. Johnnie Davis; Julia Perrett vs. Robert Perrett; Madie Rogers vs. Chris Rogers; L. B. Thomasson vs. Jenny May Thomasson; Melinda Calhoun vs. Will Calhoun; Pearline Brice vs. Sampson Brice; Ruth Smith vs. Sam Smith; Catherine Lott vs. Will Lott.

All cases on the criminal docket come before the court on Monday, October 27. The jury the second week of the term, beginning October 13, is excused by the judge, subject to call, or until further notice is given.

Federal Government Favors Negro School.

The Federal government is granting negro school aid for the purpose of having boys and girls instructed in broom and mattress making under two expert teachers. The boys and girls have a better opportunity than the boys and girls of other small cities, therefore the local school board deserves much credit in securing aid for the colored school. The girls will be busy in cooking, sewing and hat-making, which will give them an excellent trade and will fit them for useful citizens and a complete living.

The colored high school of Crockett is affiliated with all the leading colleges in and out of the state of Texas. The graduate who attended Prairie View College last year succeeded in getting a year higher than has ever been known in the history of the Crockett high school for negroes and made their class with honor.

Smallpox Reported.

Report of a case of smallpox comes from below Arbor, in the southwestern part of the county. The source of infection has been traced by County Health Officer Dillard to the city of Austin, from which the patient recently returned.

HUSBAND AIDS ELOPED WIFE AND PARAMOUR

Professor Refuses to Break Up 'Perfect Passionate Love' in Divorce Pleas.

Chicago, Oct. 8.—To enable his wife to marry another man, for whom she confessed a "perfect passionate love" and with whom she was said in evidence to have been living in Evanston, Ill., for more than a year, Dr. Alfred Lawrence Hall-Quest, director of the University of Pittsburg extension work and noted lecturer, has obtained a divorce.

Every precaution was taken to guard the name of the man, the cultured love letters telling of her infatuation for him having been copied into the record with his name carefully deleted. In her letters, the wife pleaded for her freedom so that "social laws might sanction" her life with the man, for whom she said she was ready "to give up everything else in the world."

No Double Standard of Justice Here.

Dallas, Texas, Oct. 8.—No longer will the woman alone pay in Dallas.

The double standard of justice received a knockout here recently in corporation court when Judge P. D. Crawford issued an edict that in the future vice raiders must "find the man!"

Judge Crawford, in setting a precedent for American vice control, declared "that it was not right to drag a woman out of a room and bring her into court bowed in shame to face the cynical smiles of men!"

Dallas police must bring the man along or the woman will be discharged, the judge declared in conclusion.
