CROCKETT STARTS BY DEFEATING MABANK

Crockett defeated Mabank Thursday in the first game of the series by a score of 6 to 4. Lynum was wild, and for the first time failed to last the limit. Davis was called upon to finish the game in the seventh and hurled creditable ball. Lynum gets credit for the victory. Jack Bailey was slammed at the start, but settled down and pitched good ball for the losers after the third inning.

Dorrell singled to start Crockett's first inning. Wakefield sacrificed. Reynolds singled, scoring Dorrell. Minnick hit a home run over the center field fence, scoring Reynolds ahead of him.

Wakefield started Crockett's half of the third with a single and stole second. Reynolds hit a home run over the center field fence, scoring Wakefield ahead of him.

Lee Cunningham's double and Lem Cunningham's single gave Mabank a run in the fourth.

In Mabank's sixth Hooks rolled out to first, but Parrish singled. Henry went out to Powledge in left, but Wilson singled and took second when Dorrell threw to third to catch Parrish. Bailey singled past Reynolds, scoring Parrish and Wilson.

In the seventh Lee Cunningham hit a home run over left center and Lem Cunningham singled, sending Lynum to the showers. Davis started by walking Hooks, but retired the next nine men in order.

In Crockett's seventh Monzingo got a Texas leaguer back of first which should have been caught. He took second on Davis' sacrifice and third on Dorrell's infield out, scoring when Wakefield's grounder bounced off the third baseman's chest.

The infielders on both sides had a busy day, Parker, Lee Cunningham and Barbee featuring.

The tie-ups were:
 Mabank—Crockett—
 Parker, 2b Dorrell, cf
 Blackburn, c Wakefield, 3b
 Lee Cunningham, ss Reynolds, ss
 Lem Cunningham 3b Minnick 1b
 Hooks, 1b Barbee, 2b
 Parrish, cf Powledge, lf
 Henry, lf Holleman, rf
 Wilson, rf Monzingo, c
 Bailey, p Lynum, Davis, p

 Crockett 302 000 10* 6 8 2

Mrs. Lucy Collins Dead.

Mrs. Lucy Collins, one of Crockett's oldest and most beloved women, died at her home in this city Saturday morning at 11 o'clock. Mrs. Collins came to Crockett from one of the older southern states when a young girl and had spent the most of her life in this city. She was 84 years old. She graduated from Baylor College when that college was located at old Independence, in Washington county. Following her college graduation, she married John Collins, son of a pioneer Houston county family. Mr. Collins did not live but a few years, dying from natural causes. Mrs. Collins then taught a private school in Crockett for a number of years and also taught in the Crockett city schools. Her kindergarten was well known and widely patronized, and she was an able instructor in the city schools.

Mrs. Collins was the sister of R. M. Atkinson, a former well known citizen of Crockett, hav-

ing been in the mercantile business here for a number of years and who died a few years ago. At one time she was a member of the Episcopal church, but of late years she had become a devout member of the First Methodist church of this city. The Methodist pastor being absent from the city, the religious services, which were held in the Methodist church Sunday afternoon at 4 o'clock, were conducted by Rev. A. S. Lee, the Baptist pastor and neighbor. The remains were laid to rest in Glenwood cemetery following the services at the church.

Mrs. Collins leaves a daughter, Miss Amelia Collins of this city, and a sister, Mrs. John B. Peyton of Trinity. Mr. and Mrs. Peyton came to Crockett Saturday morning and remained over until after the funeral Sunday afternoon. The daughter, Miss Amelia Collins, resided with her mother in this city. It is the passing in death of another one of Crockett's oldest, truest and most beloved citizens.

MABANK WINS FIRST GAME ON HOME FIELD

Athens, Tex., July 22.—Crockett dropped the game at Mabank Monday to the Mabank club by a 3 to 0 score. It was the first time the Crockett club had been shut out this season. Crockett had several chances to score, but the necessary base hits were not forthcoming. Neither side made an error on the field and wildness cost Lynum his game.

Mabank scored her runs in the fourth inning. With one out Lem Cunningham was hit by a pitched ball. Hooks walked. Miller doubled, scoring Cunningham. Henry walked. Saxon grounded to second and Davis' throw to the plate was late, all hands being safe. Bailey flew to left and Miller scored after the catch for the third run.

Wakefield got three singles and Reynolds two doubles off Bailey, who was given brilliant support. A good crowd saw the game, which was fast and well-played.

Score by innings: R. H. E.
 Crockett 000 000 000 0 7 0
 Mabank 000 300 000 3 4 0
 Batteries: Lynum and Barbee; Bailey and Saxon.

P. S. Mr. and Mrs. B. R. Purcell and little son and Lonzie Parker and Brewer Bennett are with the club.

We play here Tuesday and go to Athens Wednesday to play the last game.

Loses Two Games.

Crockett lost two games of baseball to Mabank Monday and Tuesday, played at Mabank. The Crockett club left for Mabank Monday morning to play a series of three games, the last game of the series to be played at Athens Wednesday. Monday's game at Mabank resulted in a score of three for Mabank and nothing for Crockett. The Mabank team has evidently strengthened up since it played here last week. Although sustaining a shut-out, the Crockett team held the Mabankers down to three scores, which is good baseball, any time and anywhere. Crockett met the same ratio of defeat Tuesday, the score ending in twelve for Mabank and three for Crockett. The last game of the series will be played at Athens this (Wednesday) afternoon.

Hon. J. W. Young was at Port Arthur this week.

MAYOR EXPLAINS REFUND ELECTION

To Crockett Voters:

The city council will issue an order soon for an election to issue re-funding bonds in an amount sufficient to retire all other existing indebtedness of the city. Feeling that a knowledge of what will be done will result in practically 100 per cent vote for the bonds, I am making this statement, without attempting to go into minute details, which will be done later.

It is proposed to issue bonds that will cover what we now owe, such as paving, sewerage and auditorium warrants, water works bonds, and miscellaneous indebtedness, such as city park, fire truck, fire hose, auditorium seats and scenery, etc. No new debt will be added, our purpose being to refund what we now owe only, placing the entire city indebtedness in one issue.

The bonds will bear 5½ per cent interest, and issued payable, principal and interest, equal payments, over a period of 40 years. Our present debts mature along thro' the next 25 or 30 years, part bearing 5 per cent interest, much of it 6 per cent, and the greater part 5½ per cent. The refunding bonds, sufficient to cover present waterworks bonds, will bear 5 per cent only, same as present bonds, but all the balance 5½ per cent, so we reduce interest rate one-half per cent on approximately \$40,000, and balance remain the same. The city carries \$1.50 on \$100 tax for general purposes, which is the legal limit, and no chance to reduce it for years, as we now stand, and returns will hardly take care of our obligations. With the proposed bonds issued, the council will reduce tax rate in general fund to not over \$1.00 per \$100.00, so you would then pay \$1 tax where you now pay \$1.50, a saving worth while. The cost of exchange of the issues will not fall on the city, and we will make the exchange, reducing our interest payment, and reducing tax rate, and adding not a cent of debt, and incurring no expense. We believe this will appeal to our citizenship, and meet universal approval, and is being done after careful consideration of the council, with the idea of serving the city faithfully. Respectfully,

C. L. Edmiston,
 Mayor.

Bridge Party.

Thursday morning, July 16th, Mrs. Albert Brann of Sweetwater, a visitor in the home of her parents, Mr. and Mrs. J. W. Shivers, entertained eight tables of bridge in honor of her visitor, Miss Claire Byers of Madisonville.

The reception suite was beautifully decorated with clusters of pink crepe myrtle and rose buds. Pink bridge covers and hand painted score pads further accentuated the pink motif.

Miniature candy corsages added beauty to a most refreshing salad course, which terminated a very delightful morning.

Mrs. Brann was ably assisted in this hospitality by her mother and Miss Shivers. A Guest.

Three Out of Four.

Mabank played four games of baseball at Crockett, beginning Thursday and ending Sunday, and losing three out of the four games played. A number of Mabank citizens accompanied their ball team, and were entertained

at the Crockett Country Club lake while here. The Crockett baseball club went to Mabank Monday morning for a series of three games with the Mabank club, which is one of the best and fastest clubs Crockett has played against. Mabank is on the T. & N. O. railroad between Athens and Kaufman and in Kaufman county. Those here attending the ball games said that Kaufman county has very poor crops.

CROCKETT LOSES MABANK SERIES

Crockett lost the second game at Mabank Tuesday 12 to 4. Lefty Snow hurt his arm before the game and was ineffective. Davis relieved him, but Barbee had to stop the Mabank club. Mabank's fielding and pitching was not effective, but with a long lead, held out.

Nine Mabank players and two umpires (from Mabank) took the last game, played at Athens, Wednesday. Three singles, followed by a home run by Minnick with the bases full, gave Crockett a good lead and the umpire had hard work ever getting the score tied, and it took eleven innings to take the game 6 to 5. Runt Carroll pitched a mighty game and was given brilliant support, but rotten umpiring ruined every chance.

Crockett Baseball.

Royse City comes to Crockett for two games of baseball, Thursday (today) and Friday. The Rockwall county team has heard of the Crockett players and they want to see if we have anything. They have been playing with Grand Saline, Mabank and other clubs in that section of the state. They want to be shown. Another team wanting to be shown is the Conroe club, which comes to Crockett for three games—Sunday, Monday and Tuesday. The Conroe club has been playing with Brenham, Navasota and teams of that class. They, also, are coming to see if Crockett has anything, and they, likewise, will have to be shown.

First Cotton Bale.

The Courier neglected to mention in last week's issue that the first bale of cotton, brought in by Mr. J. D. Woodward, was ginned by Arnold Bros. & King free of charge and was also weighed free by the Houston County Warehouse company. The weight of the bale was 547 pounds.

The bale was auctioned off on the public square and was bought by Henry Dailey & Co. at a price of 26½ cents per pound, which brought Mr. Woodward about \$143.04.

There is no local record of any bale having been brought in so early before.

Car Overturns.

Travelling from Corsicana to Weldon, Mrs. W. M. Warnell, daughter and grandson overturned in a car two miles west of Crockett Sunday afternoon, Mrs. Warnell being seriously hurt and treated in the Latham sanitarium.

District Court.

Judge B. F. Dent has finished court at Palestine and returned to Crockett until court begins at Athens, which will be in August. Court will close at Athens in September and open at Crockett in October and again at Palestine in December.

RAILROADS TO HELP DROUTHY SECTIONS

Austin, Tex., July 21, 1925.

Editor Courier:

Please read this letter carefully and then bring its contents to the attention of your chamber of commerce, your grain and feed men, your farmers, your banks and your business men.

On Friday, July 17, the state railroad commission extended an invitation to the presidents and managers of the railroads of Texas to be in Austin on Monday, July 27, for the purpose of holding an informal meeting with every class of business mentioned in the first paragraph of this letter.

Without exception every railroad will have its representatives in Austin on Monday, July 27, and at that time your people will have the opportunity of presenting the needs of your county for feed stuffs. It will be well worth your while if you will get together accurate data as to the number of carloads of grain, hay and seed which will be necessary to ship into your county each month.

The purpose of securing the above figures is to give the railroads as accurate information as possible on the number of cars of feed stuff and seed needed in the dry area of Texas with the end in view that they may assist the drouthy sections by giving a reduced freight rate on these particular commodities.

Austin Chamber of Commerce.

Program.

Sunday morning, July 26th, Baptist church:
 Voluntary, 306.
 Doxology.
 Invocation.
 Hymn, 4.
 Scripture reading.
 Lord's Prayer.
 Gloria.
 Hymn, 11.
 Offering.
 Announcements.
 Solo, selected—Miss Dent.
 Sermon, Rev. A. S. Lee.
 Invitation, 53.
 Organist, Mrs. D. O. Kiessling; choir director, Mrs. Johnson Arledge.

Flames Subdued.

Quick action by the fire company prevented a conflagration at the Eureka hotel Tuesday morning at 2 o'clock. A sleeper in one of the rooms was awakened by smoke and the alarm turned in. The local company soon arrived and subdued the flames, which were gaining headway between the ceiling of the first story and the floor of the second story. As the fire originated between the ceiling and the floor, it remains to be accounted for.

For the Unfortunate.

A subscription was taken up Monday morning for the Corsicana woman severely injured in the automobile accident Sunday afternoon near Crockett. The list was liberally subscribed to. The woman was on the way to visit her son who is a convict on the Eastham state farm near Weldon, this county. A collection was also taken up in the churches Sunday night.

Miss Jo Settles and Foster Grigsby of Palestine were Crockett visitors for the Shrine Club dance Wednesday evening.

Mrs. J. D. Woodson and son, Jacob Dudley, and Mrs. Johnson Arledge are visiting Mrs. E. M. Burk in Palestine.

 A revival meeting at the Cedar Point Presbyterian Church will begin Sunday, July 26, at 11 a. m. and 8 p. m., with preaching by the pastor.
 Beginning Monday, July 27, at the same hours the Rev. C. E. Newton will preach, continuing and closing the series on Sunday, August 2.
 The meetings at Concord and Kennard have been signally blessed of God, and He is ready to bestow a rich blessing upon us. Edgar C. Oakley, Minister.
Mrs. Cartwright in New York.
 Mrs. W. G. Cartwright, now visiting friends in Virginia, will leave this week for New York markets to buy fall and winter stocks for the popular women's store, the Crockett Dry Goods Company. The newest styles in ready-to-wear, dress materials, millinery, novelties, etc., will be personally selected by Mrs. Cartwright for the local patrons of the Crockett Dry Goods Company. Mrs. Cartwright is familiar with the likes and dislikes, the desires and necessities of the patrons of this Crockett store for women, and nothing will be overlooked in supplying the things that will appeal to the tastes of Crockett and Houston county patrons.
 The women of Crockett and Houston county know style and quality, and they demand in their purchases that style and quality to which they are entitled. It is the purpose of the Crockett Dry Goods Company to supply its Houston county customers with the latest ideas in style and the best to be had as regards quality. Watch the display windows and counters of this Crockett store for women and children for both the latest and the best in the things which women and children wear.
 New things for early fall wear will soon be coming in and will be placed on display as they arrive. An invitation is extended by this store to call and make an early inspection. The buying season will be early this fall and early shopping is always desirable. Watch for the arrival of new things and remember that we invite an early inspection.
 The articles of wearing apparel which will begin soon to arrive will afford the ladies of Houston county a rare opportunity to get the latest in both style and quality at a price within the reach of every pocket book.

Buy Your Casings Now
Or Pay More Later On

Automobile tires have advanced approximately 30 per cent in the last ninety days, and according to reliable information we have just received, another advance will soon be a reality. Raw rubber has reached the high level of \$1.00 per pound, and unless this price declines soon, tire manufacturers say that another advance in price can not be avoided.

We pass this information on to our trade and the public for what it is worth, but our advice to all is to buy what tires you need, or will likely need in the next several months to come. Our stocks were never more complete than at the present time, and we are in position to make some extra close prices, provided you act now.

AN ORDINANCE.

Sec. 1. Be it ordained by the City Council of the City of Crockett that there shall be and is hereby established a sewer district, within the bounds of which every occupied premise maintaining a toilet must be provided with a suitable sewer connection for water closets and urinals, and within which district it shall be unlawful for any person to keep or use a surface closet or urinal in this city that shall be within 300 feet of a sewer or water line.

Sewer District.

Sec. 2. That the property adjacent to and situated within 300 feet of any sewer main or lateral, publicly or privately owned, shall constitute and establish the sewer district of the City of Crockett, and that the old sewerage system serving the business district of the City of Crockett be connected with and hereby is made a part of the new sewerage system to be operated as such and owned by the city from said date on.

Compulsory Connection.

Sec. 3. That it is unlawful for any person or owner or tenant of any house or lot or parcel of land located in the sewerage district to use or operate any cesspool, privy, water closet, bath tub, or other receptacle into which bath water or human excrement is emptied or discharged and declare it a nuisance to have or maintain a cesspool, privy, water closet, or bath tub in said district without connecting the same with the sewerage system of the City of Crockett.

Main Connections.

Sec. 4. It shall be unlawful for any tap or connection of any character to be made by any person or plumber to the sewerage main or laterals owned by the city, other than the plumber provided by the city for such purpose.

Sewer Committee.

Sec. 5. There shall be and is hereby created a standing committee to be known as the Sewer Committee, the duties of which shall be to do any and all things necessary in attending to and taking care of the sewer system in like manner as the duties of a similar nature are performed by other standing committees and the membership of the committee shall be filled annually by appointment of the Mayor from the City Council, and be composed of a chairman and two other members. This committee shall examine applicants for plumber's licenses prior to granting same.

Sec. 6. No person shall pursue the business or occupation of a plumber until he shall have paid a fee of \$3.00 and secured a plumber's license, which license shall not be transferable. Said license shall be granted for a period of one year from its date, which may be received by said committee at its expiration simply upon the written application of the holder of the license.

Bond of Plumber.

Sec. 7. Each person to whom a plumber's license has been issued shall, before engaging in the business of plumbing, execute a good and sufficient bond, payable to the Mayor of the City of Crockett, Texas, or his successors in office, in the sum of \$500.00 conditioned to protect said City of Crockett and hold it harmless from all loss or damage occasioned by the negligence of the principal therein in failing to properly execute and protect all work done by him or under his supervision, in any way whatsoever and further conditioned to observe and keep all ordinances at any time enacted by said city relating to plumbing or plumbing work.

Said bond shall be approved by the Mayor and shall run for a period of one year, and no plumber or other person shall do any plumbing work in this city unless he has such bond in full force and effect.

And recoveries upon said bond

may be had as often as liabilities accrue thereunder.

Powers of Inspection.

Sec. 8. The City Inspector shall at all times have the right to close up or disconnect from the public sewer, any private sewer constructed or connected in violation of any of the ordinances governing the laying of house sewers, and shall also have the power to stop any plumber from work and revoke his license whenever such plumber shall be found to be violating the provisions of this ordinance, which revocation of said license shall be effective pending a hearing thereof upon an application therefor made by said plumber to the City Council at its next regular meeting. At which said license may be restored or perpetually revoked by said City Council.

No Work Without Permit of Inspector.

Sec. 9. No person shall do, or have done, any sewerage plumbing of any character in said city until he has received from the city secretary a permit, describing the character of work to be done and the exact location of same.

No Permit Required for Repairs.

Sec. 10. No permit shall be necessary in the making of repairs, stopping the leaks in pipes, traps, or crocks, or replacing or repairing broken fixtures, provided such repairs are not so extensive as to change the character of the plumbing or its connections, in which case a permit shall be necessary.

Inspector's Notice of Defects and Changes.

Sec. 11. The Inspector of plumbing shall give the owner or agent in charge of any building written notice of any defects in his or his principal's plumbing, or change or repairs necessary, and such owner or agent shall, within five days after such notice, make the necessary changes or repairs.

Responsibility of Plumber in Charge.

Sec. 12. The plumber in charge of any work shall be held responsible for the condition and completion of said work according to the ordinance and regulations governing plumbing in the City of Crockett. And shall be liable upon his bond for defects therein and damages resulting therefrom.

Water Closets and Flush Tanks.

Sec. 13. Every water closet shall be supplied with water from a flush tank of not less than 10 gallons capacity. No flush for same shall be less than 1 1/4 inches in diameter. All fixtures shall be durable, smooth, non-absorbent material, such as porcelain or enameled iron, and must be constructed with rim flush, provided that water closets have seats of wood. All fixtures shall be located in well lighted and well ventilated places. Each fixture must be protected by a good trap. And such traps shall stay full of liquid. All closets must be trapped above the floor, and must be securely fastened to floor.

Drum Traps, Kitchen Sinks.

Sec. 14. All kitchen sinks must have at least 4x8 inch drum traps, with not less than three inches of water seal.

Said drum traps must be equipped with a trap screw of not less than four (4) inches. And when a patent grease trap is used, same shall be not less than ten inches square, provided that sinks in all hotels or restaurants must have grease traps of proper size in proportion to the service performed, which shall be approved by the inspector before installing.

Traps and Catch Basins in Soda Fountains.

Sec. 15. Soda fountain traps must be connected with a catch basin, placed in the floor close to fountain. A 2-inch waste pipe to catch basin for fountain will suffice with not less than 2-inch re-vent pipe. Enameled iron sink set above floor, or large grease

trap with proper openings left in same for waste pipe, may be used where conditions are such that catch cannot be built of brick or concrete, or when same is otherwise more desirable.

Urinals.

Sec. 16. All public urinals shall have automatic flush tanks to supply same, or perforated brass pipe, and the floor under same must be of non-absorbent material. Flush pipes shall be at least one inch in diameter.

City Rights to Use and Connect With Public and Private Sewers.

Sec. 17. The City of Crockett shall have the right at all times to construct any public sewer, and to connect with and use any private sewer, built upon any public street, ally or highway for any public purpose.

Private Sewers.

Sec. 18. Where there is no sewer main in the street adjoining the property to be drained, the owner of such property may construct a private sewer in the street or avenue to connect with the main or lateral sewer. When private sewer is made under the direction of the city engineer or inspector of plumbing and an itemized and verified statement of the cost of installing same is filed with the city inspector of plumbing, the owner may receive from the city a credit upon the cost of such sewer line, the amount chargeable under this ordinance for joining and sewer rental for use of said sewer system. He may further receive credit upon the cost of installing said private sewer or such sum required to be paid by others seeking to join said private sewer as may be fixed by the City Council from time to time until the cost of installation has been paid, when said private sewer shall become the property of city, after all joiners thereto shall pay established rates as other users of the sewer system.

Damage, Break and Remove Parts of System.

Sec. 19. It shall be unlawful for any person, firm or corporation to injure, break or remove any portion of a man hole, lamp hole, flush tank or any part of the sewer system.

Septic Tanks.

Sec. 20. That hereafter it shall be lawful to construct sanitary septic tanks in those portions of the City of Crockett not within 300 feet of any sanitary sewer, provided that for the construction of any such tank plans and specifications for the same shall be submitted to the city engineer and inspector of plumbing, showing the location and size of same and the number of persons it is designed to serve and a permit therefor shall be granted by said inspector.

Restoration of Streets and Sidewalks.

Sec. 21. Where sewers have been connected all portions of the street and sidewalk disturbed must be restored to their former conditions. The trench must be filled and thoroughly tamped within forty-eight hours after making connections or repairs, and in case it is necessary to leave trench open, the public shall be warned by red lights at night and in other suitable manner in the day time.

Sand Traps for Repositories, Etc.

Sec. 22. Livery stables, barns, garages and carriage repositories shall drain into sand traps. Sand traps are to be considered fixtures and same must be made of brick or concrete with iron cover and made watertight and have water seal of at least eight inches in depth. Outlet pipe to be screened and trap shall be made according to plans on file with city secretary and inspector of plumbing.

Waste Pipes and How Connected.

Sec. 23. Waste pipes for refrigerators or other receptacles in which provisions are stored shall not be connected directly with drain, soil or waste pipe, but must drip in open tray, the

tray being trapped and the lower end of the waste pipe from tray discharged into some open fixture in constant use.

No Rain Water or Storm Pipe Shall Be Connected.

Sec. 24. No rain water or down spout pipe, steam boiler pipe, or other pipe used to convey water or other substance of like character, except pipe necessary to plumbing system, shall be connected to any sanitary sewer of the City of Crockett.

Shall Not Throw or Deposit Solids, Etc. in Sewers.

Sec. 25. It shall be unlawful for any person to throw or deposit in any sewer opening or receptacle connecting with the sewer system, any coffee grounds, garbage, offal, dead animals, vegetable paring, cotton, corn, cobs, ashes, cinders, fruits, rags, hair or any other material or things whatsoever, except feces, urine and the necessary toilet papers and liquid house water and slops.

Penalty.

Sec. 26. That any person, firm or corporation or association who shall fail to comply with or violate any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be fined in any sum not more than \$100.00.

Emergency.

Sec. 27. Whereas, the construction of a sanitary sewer system for the City of Crockett, Texas, is now nearing completion and many of the citizens are installing plumbing work with the view of connecting with the sewer system, and there is now in force no adequate ordinance controlling the subject, there exists an emergency and an imperative public necessity that the rule requiring ordinances to be read on three days be suspended and said rule is hereby accordingly suspended, and that this ordinance shall be in force and take effect from and after its final passage and signature by the mayor all of which is accordingly enacted.

Finally passed and approved this the 11th day of December, 1917.

J. H. Painter, Mayor.

C. A. Hassell, City Secretary.

Note.

The foregoing sanitary ordinance is being reprinted by direction of the City Council for the information and guidance of all concerned.

If complaint is made to me by any officer or citizen that any person is not complying with the provisions of this ordinance, I shall investigate the facts, notifying the persons against whom complaint is made, and if the infractions complained of appear to exist and are not corrected within a reasonable time charges may be filed in court to compel compliance or punish for non-compliance. N. H. Phillips, City Attorney.

CROCKETT, TEXAS

AN ORDINANCE.

Be it ordained by the City Council of the City of Crockett, Texas:

1. That from and after this date it shall be unlawful for any horses, mules, cattle, sheep, goats, hogs, jacks or jennets to run at large within the city limits.

2. That all such animals found at large within said city limits may be impounded by the City Marshal or under his direction and held for the period of seven days for redemption by the owner upon the payment by him of the sum of one dollar per head as a pound fee and the further sum of fifty cents per head per day for maintenance.

3. That at the expiration of such period the same may be sold on the public square of the city at public vendue for cash to the highest bidder and said charges and a further fee of one dollar for making said sale may be deducted by the City Marshal and the balance, if any, be paid into the City Treasury to be held for the period of one year to await claim by the owner of said stock or cattle, provided that prior to the making of such sale the City Marshal shall have given notice of the time and place of such sale, designating the lawful hours of sale and the property to be sold by posting written notice of such sale at three most public places within the city, one of which shall be at the door of the court house, and further by handing or mailing one copy of such notice to the owner of such animals if the owner be known; but all the foregoing provisions shall be deemed waived in any case where the owner is ascertained and notified verbally or in writing and after being so notified declares that he will not redeem such stock or cattle, and in such event the said stock or cattle may be at once sold and the said charges deducted and balance, if any, paid into the city treasury not subject to redemption.

4. All such stock and cattle so running at large are hereby declared a public nuisance and that if necessary to abate the same that the may be killed by the City Marshal or under his direction and the carcasses removed from the city limits and burned, buried, or otherwise disposed of as the law may now or hereafter direct at the charge and expense of the city.

5. All laws and parts of laws in conflict herewith are hereby repealed.

6. By reason of the fact that there is at present no adequate remedy provided by law for dealing with cattle and stock at large in the city limits, an emergency exists and this ordinance shall be effective from and after one publication.

Adopted this the 15th day of July, A. D. 1925.

C. L. Edmiston, Mayor.

JUST A WORD WITH OUR SUBSCRIBERS

The Courier's list of subscription renewals has been cut down a third by the drouth or something else. While an increased list is always due to a good newspaper, a decreased list is likewise due to the weather.

Customers calling comment on the prevailing necessity of a general rain. They say nothing but a good, general rain will help much. Here's hoping we get it before this paper is printed.

Those calling to renew or subscribe or sending in their renewals and subscriptions since last issue are as follows:

John Rice, Crockett Rt. 7.
Beerman Fisher, Dallas.
G. W. Harrison, Kennard Rt. One.
K. D. Lawrence, Lovelady.
J. H. Ferguson, Grapeland Rt. One.
A. C. Turner, Port Arthur.

THE BIG COST IN PRINTING.

The greatest cost that enters into the production of printed matter is the labor cost. Employing printers all over the land are justly proud of the fact that their employes are among the highest paid of all skilled workers. Yet many a printer has found through a careful keeping of cost records that, owing to the keen competition in the trade, it takes a real master to keep the selling price far enough in advance of the cost price to yield a legitimate profit.

Every once in a while a manager of a printing establishment

asks the writer, on learning his competitors' bid—"How does he do it?" In many instances the answer may be found in one of the following:

First—It is a fact that some printers take jobs at less than the scheduled hour cost of production in order to keep the wheels turning—other words to keep down non-productive time. He argues that he has to keep so many men on the job anyway, and he had better have the work at less than a legitimate profit than have the force idle. If the customer were willing to pay the larger price when the shop is busy, this might work out. But the rule is—the price once lowered on a given job cannot be raised again.

NOTICE BY PUBLICATION.

The State of Texas, County of Houston. In Probate Court.

The State of Texas

To the Sheriff or Any Constable of Houston County, Greeting:

You are hereby commanded to cause to be published in a newspaper of general circulation published in said county, at least once a week for ten consecutive days before the return day hereof, the following notice:

The State of Texas

To all persons interested in the estate of Mary C. Douglas, deceased: A. A. Aldrich has filed in said court, on the 17th day of July, 1925, an application to probate the last will and testament of the said Mary C. Douglas, deceased, consisting of an original will and a first codicil and second codicil thereto, the said will and codicils being written, which said proceeding will be heard by said Court on the 10th day of August, 1925, at the Court House of said County, in Crockett, at which time all persons interested in said estate are required to appear and answer said proceeding, should they desire to do so.

Herein Fail Not, but have you before said Court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal, at Crockett, Texas, this 17th day of July, 1925.

(Seal) W. D. Collins,
Clerk County Court,
Houston County, Texas.

CITATION BY PUBLICATION.

The State of Texas—To the Sheriff or Any Constable of Houston County, Greeting:

You are hereby commanded to summon the Unknown Heirs of John Leach, deceased; Unknown Heirs of Jacob Allbright, deceased; Unknown Heirs of Sarah Allbright, deceased; Unknown Heirs of Sallie Allbright, deceased; Unknown Heirs of Maggie Keenan, deceased; Unknown Heirs of Sallie Monroe Holmes, deceased; Unknown Heirs of Stella Roberts Taft, deceased; Unknown Heirs of Oscar Roberts, deceased; Unknown Heirs of Mrs. M. V. Henry, deceased; Unknown Heirs of Mrs. Amanda Ellis, deceased; Unknown Heirs of Mrs. Amanda Dickey, deceased; Unknown Heirs of Mrs. Amanda Dunn, deceased; Unknown Heirs of Mrs. Amanda McDonald, deceased; Unknown Heirs of R. J. Monroe, deceased; Unknown Heirs of Mary A. Deupree, deceased; Unknown Heirs of Francis Cessna, deceased; Unknown Heirs of Fannie Cessney, deceased; Unknown Heirs of G. K. Cessna, deceased; Unknown Heirs of James Monroe, deceased; Unknown Heirs of J. A. Monroe, deceased; Unknown Heirs of John C. Monroe, deceased; Unknown Heirs of Bettie Roberts, deceased; A. T. Monroe, whose residence is unknown; James Monroe, whose residence is unknown; J. A. Monroe, whose residence is unknown; John C. Monroe, whose residence is unknown; N. P. Taft, a non resident of the State of Texas and whose residence is unknown; and all persons asserting and claiming any interest in the land hereinafter described, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Houston County, to be held on the 12th day of October, A. D. 1925, at the Court house in the town of Crockett, then and there to answer a petition filed in said Court on the 7th day of July, A. D. 1925, in a suit numbered on the docket of said Court No. 6235, wherein the Houston County Timber Company is plaintiff and the Unknown Heirs of John Leach, deceased; Unknown Heirs of Jacob Allbright, deceased; Unknown Heirs of Sarah Allbright, deceased; Unknown Heirs of Sallie Allbright, deceased; Unknown Heirs of Sallie Monroe Holmes, deceased; Unknown Heirs of Stella Roberts Taft, deceased; Unknown Heirs of Oscar Roberts, deceased; Unknown Heirs of Mrs. M. V. Henry, deceased; Unknown Heirs of Mrs. Amanda Ellis, deceased; Unknown Heirs of Mrs. Amanda Dickey, deceased; Unknown Heirs of Mrs. Amanda Dunn, deceased; Unknown Heirs of Mrs. Amanda McDonald, deceased; Unknown Heirs of R. J. Monroe, deceased; Unknown Heirs of Mary A. Dupree, deceased; Unknown Heirs of Francis Cessna, deceased; Unknown Heirs of Fannie Cessney, deceased; Unknown Heirs of G. K. Cessna, deceased; Unknown Heirs of James Monroe, deceased; Unknown Heirs of J. A. Monroe, deceased; Un-

known Heirs of John C. Monroe, deceased; Unknown Heirs of Maggie Keenan, deceased; Unknown Heirs of Bettie Roberts, deceased; A. T. Monroe, whose residence is unknown, James Monroe, whose residence is unknown, J. A. Monroe, whose residence is unknown, John C. Monroe, whose residence is unknown, N. P. Taft, a non resident of the State of Texas and whose residence is unknown; and all persons asserting and claiming any interest in the land sued for, are defendants.

Plaintiff alleges in its petition that it is the owner in fee-simple of 320 acres of land, the John Leach survey of land situated in Houston County, Texas, patented by the State of Texas to John Leach on August 24, 1907, as fully set out in plaintiff's petition and for better description of said land, reference is here made to said petition.

That on account of the destruction of the records of Houston County, twice by fire, a great many deeds and links in the chain of title have been destroyed, and are now missing, and a number of other muniments of title and written instruments have been lost or mislaid and cannot now be found, and on account thereof, there is a cloud cast upon plaintiff's title and plaintiff sues to remove the same.

That plaintiff derails title to the said land, as follows: Patent from the State of Texas to John Leach dated August 24, 1907.

In the Matter of the Estate of Jacob and Sarah Allbright, Partition dated August 22, 1873.

Deed from C. K. Cessna to Nunn & King, dated June 7, 1902.

Deed from C. K. Cessna, and wife to J. J. Steetgast, dated September 16, 1902.

Deed from D. A. Nunn et al to Louisiana & Texas Lumber Company, dated May 25, 1908.

Power of Attorney and Deed from James Monroe, to A. A. Aldrich, dated October 1, 1906.

Power of Attorney with an Interest from J. A. Allee et al to A. A. Aldrich dated October 12, 1906.

Power of Attorney with Interest from J. A. Allee et al to A. A. Aldrich, dated October 13, 1906.

Power of Attorney with Interest from W. S. Dupree to A. A. Aldrich dated October 20, 1906.

Charles A. Keenan et al to A. A. Aldrich, Power of Attorney with Interest, dated October 1906.

Power of Attorney with Interest from Sarah J. Holmes to A. A. Aldrich dated January 15, 1907.

Deed from Stella Roberts Taft and husband to Sallie Monroe Holmes dated January 16, 1907.

Power of Attorney with Interest from J. A. Monroe, to A. A. Aldrich, dated March 30, 1908.

Power of Attorney with Interest from Arthur Henry to A. A. Aldrich, dated April 29, 1908.

Judgment in cause of James Monroe et al vs. Unknown Heirs of John Leach et al, dated March 10, 1908.

Deed from James Monroe et al by Attorney to W. V. Berry, dated April 10, 1908.

Deed from W. V. Berry to Louisiana & Texas Lumber Company, dated

April 25, 1908.

Matter of Estate of the Dickey minors orders regarding guardianship and all proceedings leading up to the sale of the interest of the said minors in the John Leach Survey, dated about 1908.

Deed of guardian by Lou Dickey to W. V. Berry, dated August 27, 1908.

Deed by W. V. Berry to Louisiana & Texas Lumber Company, dated August 29, 1908.

Deed from Carrie Keenan et al to W. V. Berry, dated November 28, 1908.

Deed from W. V. Berry to Louisiana and Texas Lumber Company, dated December 18, 1908.

Deed from Louisiana & Texas Lumber Company to Houston County Timber Company, dated December 1, 1923.

That plaintiff and those under whom it claims have had and held peaceable, continuous and adverse possession, claiming under title and color of title, from and under the sovereignty of the soil, the land claimed and described in this petition for more than three years, for more than five years, and for more than ten years, after defendants cause of action accrued, if any ever accrued, and before the commencement of this suit, claiming the same under deed and deeds duly recorded, cultivating, using and enjoying the same each and every year and paying the taxes thereon for a period of more than five years, and for more than a period of ten years before the commencement of this suit, and pleading the three, five and ten years statutes of limitation.

That defendants are asserting and claiming an interest in said land, which clouds the title of plaintiff, and praying that on proof being heard that it have judgment for the land sued for, quieting the title thereto, and removing all clouds therefrom.

Herein fail not, but have you before said Court on said first day of next term thereof, this writ with your return thereon showing how you have executed same.

Witness A. B. Smith, Clerk District Court, Houston County, Texas.

Given under my hand and seal of said Court in the City of Crockett, the 7th day of July, A. D. 1925.

(Seal) A. B. Smith,
4t. Clerk, District Court,
Houston County, Texas.

SLEUTHS OPEN SALOON TO NAB BOOTLEGGERS

More Than 200 Arrests Are Made After 'Uncle Sam's Place' Gets Evidence.

Peoria, Ill., July 13.—Under the ambiguous banner, "Uncle Sam's Place," the government went into the saloon business in Peoria two months ago, obtained the confidence of the city's illicit rum dealers, and gathered evidence leading to wholesale raids in which nearly 200 arrests were made.

J. E. Asher and Max Hartzig, Washington prohibition agents came to Peoria in May, purchased a saloon and erected the sign, "Uncle Sam's Place." Established bootleggers viewed the legend with considerable amusement and soon established connections with the newcomers, who began making purchases from dealers and rum dealers, obtaining evidence against virtually every saloon in town.

The rum dealers found the laugh was on them when Uncle Sam's proprietors suddenly closed shop Saturday, went to the federal building to meet 40 agents from Chicago and Washington, and began a systematic clean-up of the city which extended until late Sunday night.

HOLDING THE NEWSPAPER PRODUCT TOO CHEAP.

- For 500 or less circulation, 25c.
- For 1000 or less circulation, 30c.
- For 1500 or less circulation, 35c.
- For 2000 or less circulation, 40c.
- For 2500 or less circulation, 45c.
- For 3000 or less circulation, 48c.
- For 3500 or less circulation, 51c.

The above is the rate schedule which was again called to the attention of weekly publishers by the advertising committee of the National Editorial association at the recent Richmond meeting. Evidently there still are publishers who hold space in their newspapers too cheap, otherwise the committee would not have repeated a recommendation that is

presumably familiar to every editor in the country, nor would it have stated that it considered these rates "very conservative."

The publisher who sells advertising space in his paper lower than these rates is cheating not only himself, but his community as well. He is cheating himself because these are minimum rates, based upon a careful study of the whole advertising problem by men familiar with the subject, and if he goes below them he is not getting a fair return for his labor. It is just as true today as it was 2,000 years ago that the laborer is worthy of his hire. He is cheating his community because the "starved" newspaper can not give to its community that type of leadership and service which it should and for which the community looks.

What is true of the low advertising rate is true of the low subscription rate. The \$1 a year subscription price is now virtually obsolete but the \$1.50 rate is still too much in evidence. Especially is this true when experts in newspaper production have declared that \$2 comes nearly being the rate upon which a fair margin of profit for this source of revenue can be figured. —Publisher's Auxiliary.

BUS AND TRUCK HIT TAXPAYERS IN POCKETBOOK.

The state board of equalization in Oklahoma made concessions to transportation companies operating in that state under which their taxable values were reduced two million dollars.

Commenting on the reduction in revenues from railroads the Oklahoma City Times said:

"As matters stand now, the state is losing revenue that will not be replaced. The vehicle and gasoline taxes paid by motorized carriers will not offset the loss in rail assessments. They do not even represent fair payment for the use and wear and tear of highways by such vehicles. The railroads actually contribute to the construction of highways that are to become competing lines, while the bus and truck lines escape their just proportion of the tax. That condition needs correction. The people generally pay taxes enough. When there is a loss in revenue from the railroads it must be made up from some source. The logical source is the competitor that occasions the loss."

Let Us Gin Your Cotton

We have our gin in "tip top" shape and are now ready to gin your cotton. We have recently overhauled our gin, adding new machinery, making our equipment and facilities for handling your cotton satisfactorily second to none.

We thank you for the liberal patronage you gave us last year and respectfully solicit a portion of your gin business for the coming season, promising you that same good service that you have received in the past.

CROCKETT, TEXAS

STANDARD TRAFFIC SIGNAL BASIS SEEN

Atlantic City, N. J., July 14.—The prediction that it would be only a short time before traffic signal systems throughout the United States would be standardized was made by Arthur T.

Morley, Granite City, Ill., chairman of the committee of the national conference on street and highway safety, at its meeting at the Hotel Traymor here Monday. Traffic experts from all sections of the country are represented at the committee meetings.

Mr. Morley, referring to the accident toll on streets and highways during 1923, the last year for which figures are available, said that there were 22,600 deaths and 678,000 serious personal injury accidents. Not a few of these, he said, were due to the lack of uniformity in the traffic signals throughout the country.

"During the last 10 years," he said, "automobile accidents have doubled. The total in 1923 was about 14 per cent greater than the year previous. The economic loss has been estimated at not less than \$600,000,000 annually."

How to Prolong Life.

During the campaign for the 44-hour week, members of the I. T. U. made the claim that the reduction of the 48-hour week to 44 hours would prolong the life of a printer nine years. Since that time, others have been busy on this life lengthening problem, with the following result:

- Work 44 hours at 48 hours' pay, and gain 9 years.
- Work 40 hours at 48 hours' pay, and gain 18 years.
- Work 36 hours at 48 hours' pay, and gain 27 years.
- Work 32 hours at 48 hours' pay, and gain 36 years.
- Work 28 hours at 48 hours' pay, and gain 45 years.
- Work 24 hours at 48 hours' pay, and gain 54 years.
- Work 20 hours at 48 hours' pay, and gain 63 years.
- Work 16 hours at 48 hours' pay, and gain 72 years.
- Work 12 hours at 48 hours' pay, and gain 81 years.
- Work 8 hours at 48 hours' pay, and gain 90 years.

Work 4 hours at 48 hours' pay, and gain 99 years.

Work no hours at 48 hours' pay, and live forever.

By following out this line of reasoning, one can not but think that the sole reason for a printer dying is that some time in his early youth he was indiscreet enough to work.—Employing Printers of America.

Gas keeps automobiles going, and a lot of men, too.

Patronize our advertisers.

Famous Royal Cords for Heavy and Extra Heavy Service

THE reports you hear every day about the remarkable service of U. S. Royal Cords indicate how well they are doing the job.

Their Latex-treated Web Cord construction gives them wear-fighting quality that stands up under the hardest kind of service over all kinds of roads.

For heavy service in all sizes choose the U. S. Royal Cord; for extra heavy service on larger cars, buses and light trucks—the U. S. Bus-Truck Tire; for specially severe service on light cars the U. S. Royal Cord Extra Heavy in 30 x 3 1/2 Clincher and 32 x 4 Straight Side.

So Weak Couldn't Stand

"My wife's health broke down and for years she was just a physical wreck," says Mr. Thomas Glynn, of Gibson, La. "We did everything we knew, yet she seemed to get worse and worse. She was so weak till she couldn't stand, and had to be carried like a baby. It looked like nothing would save her that had been done."

CARDUI

For Female Troubles

"I began looking around. I knew that Cardui was for women. I decided to try it for her as all else had failed. She couldn't eat, she couldn't sleep, and I was desperate. "After taking a few doses of Cardui, we were so glad to note that she wanted something to eat, and with each bit of nourishment, and each day's doses of Cardui, she grew stronger and got up out of bed. She is now able to cook, and stronger than in a long time."

Cardui has been in successful use for nearly 50 years in the treatment of many common female troubles.

FOR TAX CUT "ALL ALONG THE LINE."

From Swampscott Mr. Coolidge has given out another expression of his views on the subject of tax reduction. It differs from previous pronouncements in two notable respects: In the information that the president is for tax reduction "all along the line," and in the hint that surtaxes may be reduced as low as 12 per cent.

Virtually all of the relief that was offered by the 1924 tax bill was through the normal tax. The easing up process began with small incomes and became gradually less perceptible as the higher brackets were reached, until the "malefactors of great wealth" got hardly any relief at all. It was felt by Mr. Coolidge that those who are subject to the surtax were entitled to consideration when next our national finances permitted a taxpayers' dividend. Opposition to this view has noticeably dwindled of late. Indeed, it has seemed the fashion for both democratic and republican leaders to outdo each other in generous suggestions. There has been quite a strong movement for exempting altogether incomes of \$5,000 or less. It had been understood that Mr. Coolidge was unwilling to go so far. But if his views with respect to a reduction "all along the line" have been accurately reported, his objections, if he ever had any, must have been overcome. The tax on incomes of the \$5,000 class is now only 2 per cent. It can hardly be reduced without reducing it out of existence.

It has been known for a long time that the president favored lowering the surtax minimum,

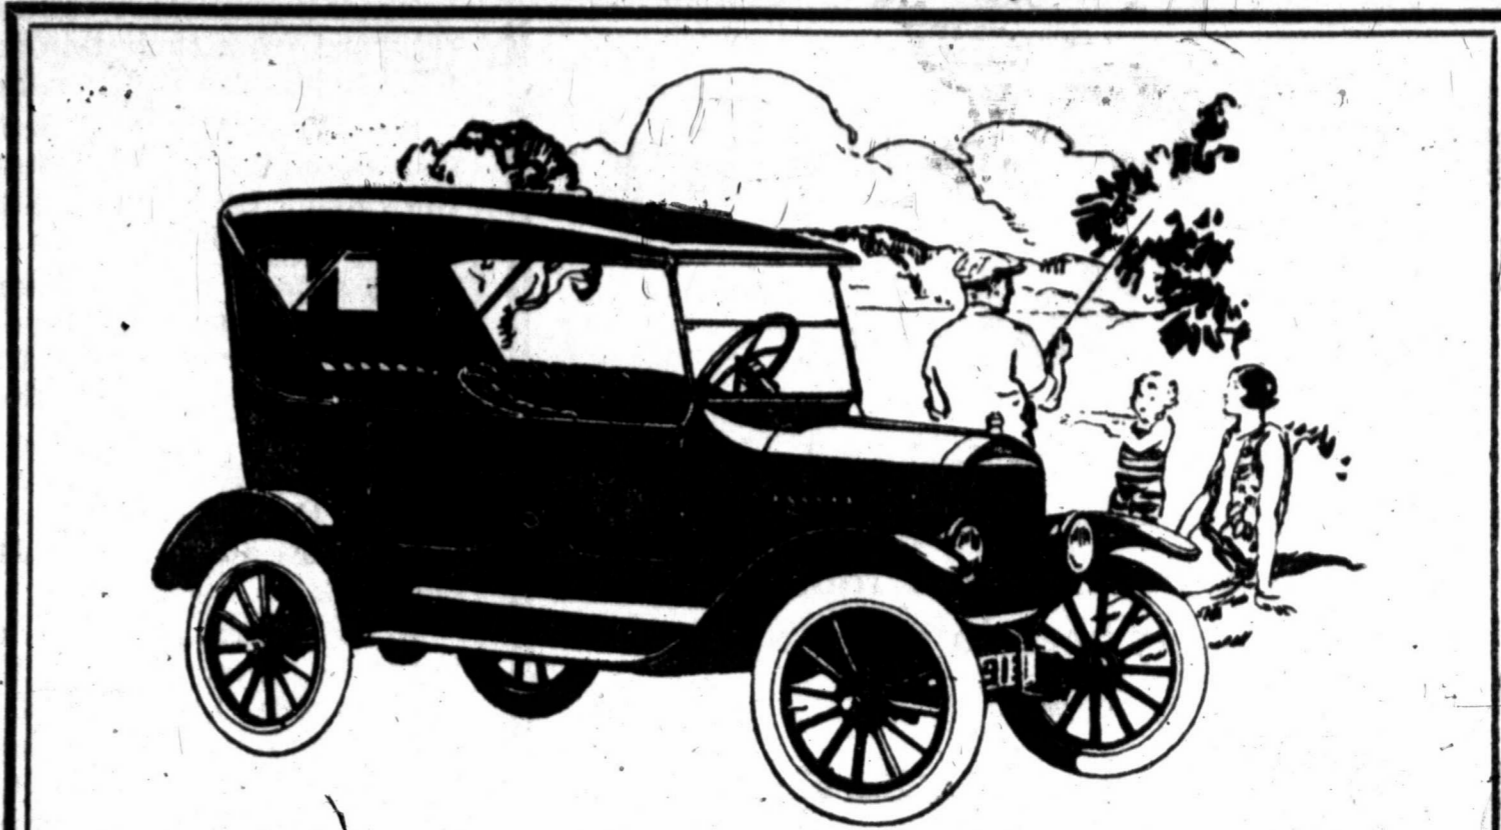

which is now 40 per cent, to at least 25 per cent. But the intimation credited to him that it may be possible to cut the surtax to 12 per cent sets a new mark for tax reductionists to shoot at. Senator Underwood was considered to have taken an exceptionally bold stand when he advocated a return to the schedules prevailing before the war, which levied a maximum surtax of 13 per cent. Mr. Coolidge is positive the surtax can be reduced to 25 per cent; below that his conclusions are tentative. He would favor the lower rate if, in the opinion of experts, it would produce greater returns to the government and stimulate business. The president is a great believer in the productiveness and in the stimulation of reasonable taxation. His is a tax economy in direct opposition to the gouge system which has dominated so much of our tax-making in the years since the war. Incidentally, he misses no opportunity to put in a word for reduction or complete elimination of the federal estate tax.

The probable limits of tax reduction will be more clearly indicated when an account is rendered of the treasury's condition at the end of the fiscal year which ended June 30. A surplus of at least \$250,000,000 is anticipated. It is the surplus for next year which is to be distributed to taxpayers.—Galveston News.

THE ROAD QUESTION ALWAYS WITH US.

When vehicles using a road are comparatively few, an un-surfaced but graded and drained road can be made and maintained in satisfactory condition by dragging at very low cost. If the traffic is so great that an un-surfaced road can not be maintained in continuous good condition, surfacing with stone, sand-clay or gravel, although more costly than simple grading, will generally be compensated by the greater saving in the cost of operating vehicles over it. Similarly, when the traffic is greater than a gravel road will carry, a bituminous, macadam surface can be economically applied. It is not necessary to use one of the hard-surfaced types until the traffic becomes very dense. When that point is reached, hard-surfacing is necessary and economical.

All roads should be improved, says the department of agriculture, to the maximum degree that the traffic on them justifies, but no road should be improved beyond its earning capacity. When this principle is observed the required annual expenditure

Off The Beaten Path

The real charm of touring lies in leaving the main-travelled highways and exploring the thousands of alluring side-paths. These dirt roads and trails lead to spots of rare beauty unvisited by the throng—where better camp-sites may be found—finer fishing and lovelier scenery.

In a Ford car, you can enjoy the thrill of exploration and discovery. It is the one satisfactory means of travel for these narrow roads—light—yet so powerful that it will bring you through—easy to handle—sturdy and economical.

It will carry the whole family and the saving in cost often pays for the entire vacation.

for any type of road is within the yearly savings in the cost of operating the vehicles is has to carry. In other words, the return to the public in the form of economic transportation is the sole measure of the worth of road improvement. To say that all roads should be hard-surfaced, the department points out, is merely another way of urging expenditures in excess of income.

Still another common mistake is the idea that there is such a thing as a permanent road. This delusion, says the department of agriculture, has been responsible for much disregard of road maintenance. None of the state highway departments, however, any longer harbors this error. It is now thoroughly understood by these public agencies that all roads, regardless of type, gradually depreciate and wear out under the wheels of vehicles and the action of the weather. To keep a road in continuously good order, it is necessary to start maintaining it the day its construction is completed.

Shear Wit.

A much scarred ex-service man occupied a seat opposite a benevolent looking gentleman who gazed with interest on the veteran's rugged face, and at length said: "I think, my friend, you've had some exciting experiences."

"I should think so, sir," replied the warrior. "This gash across my brow, this seam down my cheek, and this cloven chin each cost more than one life in hand-to-hand fight."

"Dear me," said the old man, "and how did you come by that deep indentation on your nose?"

The warrior hung his head and made no reply.

"Come now, Joseph," said his better half, who was seated beside him, "tell the gentleman how you got that one."

"You keep quiet, Maria," snarled the warrior.

"I won't," snapped Maria. "It fairly riles me to hear you bragging of the marks you got from the boches while you never mention the one I gave you when I hit you with the fire shovel."—Capper's Weekly.

CROCKETT GRABS THRILLER FRIDAY

Crockett won a thrilling pitcher's battle from Mabank Friday with a desperate ninth inning rally which netted two runs, to win 4 to 3. Runt Carroll for Crockett and Ironhead Wilson for Mabank both had plenty of smoke and were giving the batters a miserable afternoon, due to the cloudy skies.

In the fourth inning Parker lined a single to left. In attempting to catch Parker off first, Minnick tossed the ball away, letting Parker reach second. In an attempt to catch Parker off second Reynolds let the ball get away, Parker taking third. Carroll fanned Monahan and Lee Cunningham singled, scoring Parker.

With Parrish out in the fifth, Henry got a hit and took second on a wild pitch. Saxon fanned and Wilson walked. Parker dropped a Texas leaguer behind third, Henry scoring.

But sixteen men had faced Wilson before the sixth. With Monty out, Carroll took two bases on Hook's error. Dorrell scored Carroll with a hit to right that went for three bases Dorrell scored when Parker fumbled Wakefield's bounder over Wilson's head.

In the eighth Wilson hit and took second on a passed ball. He moved up on Parker's infield out and scored on Lonon's sacrifice fly to right field.

In the last of the ninth Barbee popped up to Wilson. Powledge singled. Holleman skied to right field. Powledge stole second. Davis batted for Monzingo and with the count three-two, lined a single to right, scoring Powledge. The fans went wild. Carroll walked and Dorrell was safe on Parker's error, the bases being tied. Wakefield singled to deep left center and the fans went home happy.

Score by innings: R. H. E.
Mabank 000 110 010 3 5 5
Crockett 000 002 002 4 7 2

Batteries: Wilson and Saxon; Carroll and Monzingo.

Carroll got twelve strike-outs and Wilson fanned seven.

Farmers.

Have your cotton wrapped in 3-pound Hercules bagging. With cotton at 24c, this will give you \$1.24 more on each bale, over the 2-pound wrapping.

James S. Shivers.

BIG SUNDAY CROWD SEES CROCKETT WIN

Before the largest crowd of the season, including many Mabank fans, Crockett defeated Mabank Sunday 7 to 1. Watts, a Dallas city league pitcher, failed to hold Crockett's hitters and the outcome was never in doubt. Snow had wonderful control and pitched a steady game, deserving a shutout.

Crockett won the game in the first inning. Dorrell rolled out to first and Wakefield fanned, but Reynolds singled to third and Minnick doubled against the left-field fence. Barbee got an infield hit to short, scoring Reynolds, and Minnick also scored on the third baseman's error.

In the third, Wakefield grounded out to third. Reynolds singled over second. Minnick singled to third. Barbee grounded out to second. Powledge doubled to center, scoring Reynolds and Minnick.

Mabank scored in the fourth inning. Lee Cunningham was safe on an error. Lem Cunningham grounded out to second. Hooks singled to center, Cunningham scoring.

In Crockett's fifth, Minnick fanned. Barbee singled to center. Powledge skied to left. J. Davis walked. Holleman got an infield hit to short. Snow singled to center, scoring Barbee and Davis.

In the seventh Powledge walked and moved up on Davis' out. Holleman was safe and Powledge took third on a fielder's choice. Holleman and Powledge worked a double steal, Powledge scoring. Wilson pitched the last three innings for Mabank.

Joe Davis played brilliant base ball at second base. Crockett worked two fast double plays to help Snow along, Snow starting one and Reynolds the other.

Score by innings: R. H. E.
Mabank 000 100 000 1 9 2
Crockett 202 020 10* 7 13 2

Batteries: Watts and F. Davis and Wilson and Saxon; Snow and Barbee.

Excursion Rates.

HICK MUNSELL HELD CROCKETT BATTERS

Mabank defeated Crockett Saturday in the third game of the series by a score of 6 to 1. Hick Munsell, veteran ex-Texas league star, had the local team on his hip throughout, and but for a wild pitch in the ninth inning, would have scored a shut-out. Powledge, with three hits, was the only man who could consistently solve his "doctored" spit-ball and curve. Reynolds, Dorrell and Minnick got one hit each.

Parker, Hooks and Henry proved Davis' nemesis, this trio bagging eight hits, including a home run by each. Davis was accorded but a poor semblance of support, and three of Mabank's runs were unearned. Davis walked two men, hit one batter and struck out ten. Munsell fanned four.

Score by innings: R. H. E.
Mabank 010 001 220 6 10 2
Crockett 000 000 001 1 6 6

Batteries: Munsell and Saxon; Davis and Monzingo.

A small attendance saw this game, due to the business men being unable to leave their places of business.

Mr. and Mrs. L. A. Parker and children, Hazel and Mildred, of Shreveport, La., spent the weekend with Mr. and Mrs. W. Patterson.
