COTTON RECEIPTS AND SHIPMENTS

The Crockett warehouse had weighed 10,452 bales of cotton Tuesday afternoon, according to figures obtained from W. E. Hail, public weigher. The records of the warehouse show that through September 8, 1924, the warehouse had received 4,650 bales. This season is therefore about 5,800 bales ahead of last year.

Heavy shipping continues at the local railroad station, total shipping receipts having reached 10,350 bales. This amount includes about 2,750 bales shipped by the Murray farm.

The total Crockett cotton receipts, counting that shipped by the Murray farm, is about 13,200 bales.

Bridge-Shower.

The bridge-shower, honoring the popular bride-elect, Miss Effie May Lacy, and having as hostesses Miss Katy King and Mrs. Homer West, was a cleverly carried out travel party, the guests accompanying the bride on her wedding journey. As the guests progressed the tables were marked to represent railway stations between Crockett and Asheville, N. C., the bride-to-be's future home. Head table represented Asheville.

During the afternoon cold drinks refreshed the guests on their journey and after five pleasant games "twenty minutes for lunch" was announced in railroad style and delicious refreshments served. Table favors were miniature suit-cases filled with candy kisses.

When the bride progressed to her home city she was given a handful of baggage checks and told to apply to the cleverly improvised baggage office for her luggage. Upon presenting her checks she was given several suit-cases and hat boxes decorated in true wedding style with flowers, old shoes and ribbons. When opened they disclosed many lovely gifts for the bride-elect.

High score prizes for the afternoon were won by Mrs. O'Bannon and Mrs. Maxwell. Miss Lacy's favor from her hostesses was a dainty trousseau gift.

Coming to Crockett.

Grady Cook has recently built a new residence on South Avenue A (East Main St.), near the J. L. Jordan home. Mr. Cook has moved his family from Belott to Crockett.

Mr. Cook will engage in business here, and will put in a store in the building formerly occupied by the American Railway Express company. This building is now being remodeled in preparation for conversion into a store building. Mr. Cook bought this property some time ago.

Russell Fills Pulpit.

Daniel Russell, who recently received his Ph. D. degree from Chicago university, filled the pulpit at the Baptist church Sunday night on the invitation of the pastor. Prof. Russell will return to Baylor university this fall to accept the chair of sociology in that institution.

While in Chicago he made extensive research work along sociological lines. For a long period he was manager of a municipal

recreation park in Chicago. During his experiences in securing his education he has learned many things in regard to social life, which are unknown to the average person. His lectures are not only interesting, but are an inspiration to those who hear him.

Another Crockett Marriage.

Miss Gladys Mitchell was married to Mr. John Moosberg of Athens Saturday afternoon at 4 o'clock at the Baptist parsonage by Rev. A. S. Lee. The bride is well and favorably known in Houston county, having been county home demonstration agent for some time. The groom is the county farm demonstration agent of Henderson county. The happy couple left after the ceremony for a honeymoon trip to Galveston. They will return to Athens to make their home.

The Courier joins their many other friends in wishing them a long and happy married life.

T. W. Oliver.

Mr. T. W. Oliver, 84 years of age, died at Ash Monday afternoon. Burial was in the Ash cemetery Tuesday afternoon. Mr. Oliver was a native of Tennessee, but had lived for many years in Texas. A son, John Oliver, lives in Crockett.

Preaching Service.

There will be preaching service on Sunday, September 13, 1925, at Concord Presbyterian church at 11 a. m. and at Cedar Point Presbyterian church at 3 p. m.

Edgar C. Oakley, Minister.

Mrs. G. P. Day and children, Miss Jeannette and Louis, and Mr. and Mrs. J. M. Day and daughters, Misses Margaret and Mary Glenn, all of Madisonville, visited Mr. and Mrs. M. L. Shapira Sunday and Monday.

NOTICE OF APPEAL TO DISTRICT COURT

Mrs. C. H. Ellsworth of New York City lost the case in which she contested the will of the late Mrs. Mary C. Douglass, and which was tried in county court Wednesday and Thursday of last week. The case was tried before County Judge L. L. Moore, who made the decision in favor of Will McLean, the largest beneficiary of Mrs. Douglass' last will. Mrs. Ellsworth has given notice of appeal to the district court of Houston county.

Lawyers for Mrs. Ellsworth were D. A. Nunn and Madden & Denny of Crockett. Mr. McLean was represented by Attys. Aldrich & Crook of Crockett and Earle Adams Jr. of Houston.

Messages of Value.

Many business institutions of Crockett and Lovelady have messages in the Courier this week for its readers all over Houston county. These messages will be read with interest by many hundreds of people. A wealth of buying news is contained in the pages of this week's edition which should be helpful to the many people of the county who wish to buy the most of the best for the least.

Tunstall-Carnes.

A very pretty wedding was solemnized Sunday morning at eight-thirty o'clock at the home of Mr. and Mrs. V. B. Tunstall when their daughter, Erin, became the bride of Mr. George Mason Carnes of Houston. Rev. S. F. Tenney, a life-long friend of the family, read the impressive ceremony.

Miss Tunstall was born and reared in this city, but for four

years has lived in Houston, where she has made innumerable friends. She is a musician of note and is universally loved by all who know her. Mr. Carnes is the youngest son of Mr. and Mrs. G. Carnes of Houston. He received his early training in the city schools of that place and later attended Columbia University.

Parden-Massey.

Sunday afternoon Mr. C. W. Massey and Miss Ruby Lee Parden, both of Huntsville, were married in the Methodist parsonage, Rev. C. A. Lehmborg speaking the words that made them one. They came over in their automobile, accompanied by a brother of the groom and his wife. Immediately after the ceremony they drove back to Huntsville, their future home.

Enters Football Training.

John Baker Jr. left Tuesday morning for Sherman, where he will attend Austin College during the coming term. He will enter the football training camp, which opens September 10, and will matriculate at the opening of school the latter part of the month.

Goes to Dallas.

Mrs. Robert Allen, much to the regret of Crockett friends and admirers, will teach voice in Dallas during the coming school term. Mrs. Allen is an accomplished singer and musician, and will be missed in Crockett music and social circles.

Pages Will Be Larger.

The Courier has received all equipment for changing the size of the pages from five to six columns. Since the Courier still has some of the smaller size paper in stock, the change will not be made, however, for a week or two.

When Andrew Jackson was president this biscuit recipe was first used

Clabber and Soda Biscuits

One pint of flour sifted
½ teaspoon soda
¼ teaspoonfuls baking powder.
½ teaspoon salt
Four tablespoonfuls melted lard
About one cup thick clabber
(the sourer the better)

Sift all dry ingredients together, then pour in the lard and clabber and mix well. Turn on floured board, roll half inch thick cut and bake in a hot oven. This makes about twelve LARGE biscuits.

This is the real old Southern Clabber and Soda biscuit recipe handed down through several generations

The biscuits were good then, they are better now—perhaps it is because you can use

When Andrew Jackson was president this biscuit recipe was first used

Clabber and Soda Biscuits

One pint of flour sifted
1/2 teaspoon soda
1 1/4 teaspoonfuls baking powder.
1/2 teaspoon salt
Four tablespoonfuls melted lard
About one cup thick clabber
(the sourer the better)

Sift all dry ingredients together, then pour in the lard and clabber and mix well. Turn on floured board, roll half inch thick cut and bake in a hot oven. This makes about twelve LARGE biscuits.

This is the real old Southern Clabber and Soda biscuit recipe handed down through several generations

The biscuits were good then, they are better now—perhaps it is because you can use

INJUNCTION GRANTED TO RESTRAIN ISSUE COUNTY WARRANTS

On August 22 Geo. F. Wallace, C. W. Wells and G. M. Byers, taxpayers of Madison county, through their attorney, J. M. Brownlee, sued out a writ of injunction against the County Commissioners' Court, and A. O. Harper and M. W. Harper, composing the partnership firm of Harper & Harper of Dallas county, and Ruth Park, county treasurer of Madison county, as defendants. The plaintiffs allege that they are taxpayers in Madison county; that on August 10, 1925, the County Commissioners of Madison county issued to Harper & Harper, defendants, \$7,500 of county warrants of Madison county, to be known as and denominated Madison County Abstract, Map and Plat Warrants against Madison County, Texas, and made payable in denominations of \$500 each, dated August 10, 1925, and payable on or before August 10, 1927; to bear interest at 6 per cent per annum, and in addition to the aforesaid warrants, the County Commissioners' Court has agreed and contracted with Harper & Harper to pay them in addition to the \$7,500 25 per cent of all delinquent taxes, of penalties and interest collected by Madison county, from and after August 10, 1925, for certain services in connection with the collection of delinquent taxes of Madison county, and have promised and agreed by the contract

to issue further warrants from time to time for the payment thereof.

The plaintiffs allege that these warrants are issued without consideration and issued in violation of the laws and in contravention of the Constitution of the State of Texas, and will cause great trouble and expense to the taxpayers of Madison county, unless restrained by a writ of injunction.

It is further alleged that in the issuing of these warrants, an attempt is made to create a debt against the county where there is no debt, which the current revenue will not pay; that Harper and Harper have performed no duty to entitle them to pay, as no services have been rendered by them.

That these warrants may get into hands of innocent purchasers and cause the taxpayers of Madison county much trouble and money.

The restraining order of Judge Harper restrains the Commissioners' Court from issuing any further warrants to Harper and Harper, ordering the court to cancel all of the orders, contract and the said warrants, and to notify said Harper & Harper or any person that they may have sold warrants to of this order. The restraining order also prohibits Harper & Harper from selling or disposing of such of said warrants as they may have already received, and return such to said Commissioners' Court for cancellation.—Madisonville Meteor.

NO HOPE HELD FOR VICTIM OF WRECK

Miss Mary White of Victoria Suffers Broken Neck in Colorado Crash.

Trinidad, Colo., Aug. 31.—Only 14 victims of Sunday's crash of two Colorado and Southern railroad trains near Mayne, Colo., remain in hospitals here and at Walsenburg.

Of this number only two—Miss Mary White, Victoria, Texas, and Judge Wiley Bell, Dallas, Texas—are in serious condition. Physicians hold out no hope for Miss White, who suffered a broken neck.

Another examination of Judge Bell, who is in the Walsenburg hospital, Monday revealed that his injuries probably are more extensive and serious than at first reported. The Texas jurist could not be moved to permit X-ray examinations of his spine, which, it is feared, is broken.

Among the more painfully injured at Walsenburg are Mrs. Minnie Bramlette and her son, Billy, of Dallas, Texas. Mrs. Bramlette has a fractured shoulder, and her son a broken elbow and clavicle.

Many Are Injured as Bus Overturns.

Southaven, Kan., Aug. 31.—Several persons were hurt, none seriously when a Southern Kansas bus line car overturned near here Monday afternoon. The Oklahoma persons injured included Mr. and Mrs. C. E. Morrill, Lamonte; Jack Harkrider, Tonkawa; Mrs. Bessie Shirk, Tonkawa, and W. W. Mason, Blackwell. None were seriously hurt.

The bus went into the ditch, struck a bridge, and then overturned.

County, Texas, Fannie Halpain and husband S. W. Halpain, residents of Wichita County, Texas, and James Markham, a resident of Coleman County, Texas, and all persons asserting and claiming any interest in the land sued for, are defendants.

Plaintiff alleges in its petition that it is the owner in fee simple of 100 acres out of the E. ARNOLD SURVEY, Abstract No. 114, patented by the State of Texas to Elisha Arnold, January 29th, 1857, in Houston County, Texas, as fully set out in plaintiff's petition, and for better description of said land reference is here made to said petition.

That on account of the destruction of the records of Houston County, twice by fire, a great many deeds and links in the chain of title have been destroyed, and are now missing, and a number of other muniments of title and written instruments have been lost or mislaid and cannot now be found, and on account thereof, there is a cloud cast upon plaintiff's title and plaintiff sues to remove the same.

That plaintiff deigns title to said land as follows:—Patent from the State of Texas to Elisha Arnold, dated January 29th, 1857, granting by field notes 320 acres of land in Houston County, Texas, deed of Elisha Arnold and wife Martha H. Arnold to Gary Smotherman, dated January 10th, 1860, deed of Gary Smotherman to John M. Smith, dated April 24th, 1872, Partition proceedings during the year of 1904, in cause Mary English et al vs Richard Mask et al No. 4786 on the docket of the District Court of Houston County, awarding to Mary Ainsworth, wife of C. Ainsworth, Albert English, Ida Hathorn, wife of Homer Hathorn, John English, and Henry E. English, and J. D. English, the land described in this petition, deed of Mary Ainsworth et al to Louisiana & Texas Lumber Company dated July 9th, 1904, deed of Louisiana and Texas Lbr. Co. to Houston County Timber Company, dated December 1st, 1923.

That plaintiff and those under whom it claims have had and held peaceable, continuous, and adverse possession, claiming under title and color of title, from and under the sovereignty of the soil, the land claimed and described in plaintiff's petition, for more than three years, for more than five years, and for more than ten years after defendants' cause of action accrued, if any ever accrued, and before the commencement of this suit, claiming the same under deed and deeds duly recorded, cultivating, using and enjoying the same, each and every year, and paying the taxes thereon for a period of more than five years, and for more than ten years before the commencement of this suit, and pleading the three, five, and ten years statutes of limitation.

That defendants are asserting and claiming an interest in said land which clouds the title of plaintiff, and praying that on proof being heard that it have judgment for the land sued for, quieting the title thereto, and removing all clouds therefrom.

Herein fail not, but have you before said Court on said first day of next term thereof, this Writ with your return thereon showing how you have executed same.

Frequent Bilious Attacks

"I suffered with severe bilious attacks that came on two or three times each month," says Mr. J. P. Nevins, of Lawrenceburg, Ky. "I would get nauseated. I would have dizziness and couldn't work. I would take pills until I was worn-out with them. I didn't seem to get relief. "A neighbor told me of

BLACK-DRAUGHT Liver Medicine

and I began its use. I never have found so much relief as it gave me. I would not be without it for anything. It seemed to cleanse my whole system and made me feel like new. I would take a few doses—get rid of the bile and have my usual clear head, feel full of pep, and could do twice the work." Bilious attacks are "seasonal" with many people. Millions have taken Thedford's Black-Draught to ward off such attacks, and the good results they have reported should induce you to try it.

Deed from Thos. J. Ashby to Houston County Timber Co., dated 25th May, 1925.

Deed from Louisiana & Texas Lumber Company to Houston County Timber Company, dated December 1, 1923.

That plaintiff and those under whom it claims have had and held peaceable, continuous, and adverse possession, claiming under title and color of title, from and under the sovereignty of the soil, the land claimed and described in plaintiff's petition, for more than three years, for more than five years, and for more than ten years after defendants' cause of action accrued, if any ever accrued, and before the commencement of this suit, claiming the same under deed and deeds duly recorded, cultivating, using and enjoying the same, each and every year, and paying the taxes thereon for a period of more than five years, and for more than a period of ten years before the commencement of this suit, and pleading the three, five, and ten years statutes of limitation.

To be a good town in which to live, that town must have a good school system. Without the advantages of a good school, children must of necessity lose educational advantages. The child that fails to secure a good liberal education has placed upon it a burden that must be borne throughout life. Many successful men can be pointed out who had practically no education—most of them historical characters who gained fame with rising nations due to natural mental genius—yet these same men would have been more successful, and would have gained more from life had they had, and taken, the advantages of a good education. Today, more than ever before, education is a necessity in all walks of life.

Lovelady has an excellent school system. Besides the primary and grammar school training, the high school department offers four years of accredited work, preparing graduates for college entrance.

Only recently a new, modern school building was constructed at a cost of more than \$26,000. The equipment is first-class, assuring advantageous conditions of study. This fine structure is a matter of civic pride to the entire citizenship.

The school is lighted by its own private Western electric system, eliminating any disadvantage which might arise from improper lighting.

Lovelady high school is a community center. A large, well-equipped auditorium, with a large stage, makes it an ideal place for public gatherings such as church entertainments, plays, school affairs, meetings of citizens to discuss public affairs, etc.

The faculty for the coming term will be composed of seven teachers, two men and five women, who are: T. N. Mainer, superintendent; G. S. Kimble, principal; Mrs. Della Sanders; Mrs. M. E. Gimon; Mrs. V. L. Word; Miss Gertrude Young, and Miss Lessie Lou McDaniel.

Mrs. R. A. Shaw will teach music classes as an auxiliary to the

GIRL STRUCK DOWN ROBS TILL OF \$900

San Antonio, Texas, Aug. 28—Mystery surrounding the mid-day holdup and robbery of the Lone Star Bakery, Commerce and Mesquite streets, today at noon was further complicated by an anonymous telephone call to police shortly after the occurrence, when a party offered to reveal the identity of the robber if rewarded to do so.

When police asked the party for his address he hung up the receiver, and efforts to trace the call were futile.

The bakery was robbed of \$900 in cash by an intruder described to police as a "jellybean bandit" by Alice Peters, 18, daughter of Louis Peters, proprietor of the bakery, who entered the office while the bandit was in the act of rifling the safe.

She grabbed him and screamed for her father, who was in the oven room, she said. She was struck by the man and knocked to the floor, she told police, and he departed through an adjoining room occupied by a retail store, which was crowded at the time with shoppers, and fled south on Mesquite street, she said.

The girl said the man had entered the store and walked boldly past her. She paid no attention to him, thinking he had business with her father in the office.

She described the man as "a rosy-cheeked boy about 18 years old wearing gray balloon trousers, white shirt and blue cap."

regular school work. The Lovelady school has fine prospects for the coming term.

Latexo Ginned Burned.

The new gin at Latexo, six miles north of Crockett, owned by Henry Graham and Lem Lane, was completely destroyed by fire at 2 o'clock Saturday morning. The owners had partial insurance on the property. Eleven bales of cotton were also burned in the blaze.

The Crockett fire department made a dash to the fire with its truck, but was unable to put the fire out, such headway having already been gained that the limited facilities at Latexo were of no avail.

Houston county offers more opportunities to the homeseeker than any other county in the southwest.

LOVELADY, TEXAS

LOVELADY COTTON SHIPMENTS LARGE

Lovelady, one of the important towns of Houston county, is situated on the I-G. N. railroad, 14 miles south of Crockett. Lovelady is the trading point of a large and populous section of the county in its southern part, and much excellent farming country lies around the town. Good graded roads approach Lovelady from every direction, while good railroad connections are furnished by the International-Great Northern line, which runs through the town.

Lovelady is an important shipping point on the I-G. N. railroad. According to information received from Mr. C. W. Stephens, railroad and express agent, 2314 bales of cotton were shipped from Lovelady in August, and shipments this month have already sent the total shipments upwards of 3,200 bales.

Freight receipts at the Lovelady station have been large throughout the year, and compare very favorably with the receipts of the past several years. Receipts for August, 1925, were double the receipts of August, 1924.

Supplies for hundreds of farms are routed through the Lovelady station. Thousands of bales of cotton, besides other products in smaller quantities, are shipped out of Lovelady each year.

Rain and Wind.

A rain and wind storm, starting near Weldon, passed across about a two-mile strip of land for some ten miles across the western part of Houston county Sunday afternoon. Parts of the

Murray, Lundy, Big Four and other farms were in the path of the storm. Trees were uprooted and other damages are reported. Very little cotton was not already picked out in the path of the disturbance, thus little cotton was damaged.

LOVELADY AS AN INDUSTRY CENTER

Lovelady is not without industrial advantages. A number of garages and blacksmith shops carry on their business within the town, as well as numerous other items.

Lovelady is the home of the Grau Sawbuck and Farm Crane, an implement which bids fair to become of national use. Mr. Grau has exclusive patent on this implement.

Lovelady's main industry is ginning. Three cotton gins of large capacity are kept busy ginning the Lovelady crop. One of the gins is operated by a steam engine, while the other two are driven by oil engines. During the past week the heavy influx of cotton has caused the gins to run day and night, with the farmers waiting their turn for hours.

These three gins have ginned around 3,500 bales of cotton this year. According to G. W. Wills, deputy weigher for T. W. Crowson, public weigher, over 3,500 bales have been weighed to date, with around 500 bales per week coming in at present. Lovelady is a big cotton center, adding no small part to the industries of Houston county.

Diversity of Occupation.

About two miles north of Lovelady is the Elkins park, with its swimming pool, and also the mines of the Houston-Leon County Coal Co. Pleasure seekers have the choice of a plunge into the swimming pool or of going down and digging

lignite for the coal company. Many people take advantage of the swimming pool in the summer, while numerous car loads of coal are shipped out for winter use, as well as for manufacturing.

SHORT LINT COTTON A DRAG ON MARKET

The Courier hears that a number of nearby towns are paying a better price for cotton than is being paid in Crockett. The Courier has made inquiry into this matter and has come to the conclusion that this price is paid for short staple cotton, and that the longer staple is bringing practically the same price in all markets nearby. Foreign buyers are refusing to accept the short staple product, hence local buyers, who are numerous, are refusing to hurt their business by buying short staple cotton at good staple prices and suffering losses when penalized for shipping the poorer grade of lint.

The Courier has always urged the growing of good staple cotton, but good prices heretofore have caused some farmers to continue to plant "half and half" and other short staple varieties. This year the market is more strict in grading and consequent losses in prices are the necessary result. Had it not been for the drouth, we doubt that short staple would have found any market at all.

Extra Copies.

Several hundred extra copies of the Courier will be distributed around Lovelady this week. Lovelady merchants, as well as Crockett merchants, are taking advantage of this distribution by taking space in the Courier. Read these advertisements and know where to buy.

LOVELADY A GOOD RESIDENCE TOWN

A town may be measured by the homes it shows to the public eye. Lovelady has many beautiful homes, some new, some of the old style, with family traditions. Lovelady is a town of well-kept homes.

Lovelady has a local telephone system, which serves the town, and expedites communications between home and office, business men, and all others who make use of the telephone in their daily activities.

It is almost a certainty that Lovelady will have a system of electric lights and power in the near future. One plan is for a high power line to be extended from Crockett to Lovelady by the T. P. & L. Co. Another company may build a high line from Trinity to Lovelady. The latter electric company operates from south Texas, while the former operates from north Texas.

As a residence town, Lovelady boasts of many conveniences.

In the Land of Cotton.

Great stock ranches that for years dominated the South Plains area of Texas are being cut into cotton farms. Such is the announcement of the United States Department of Agriculture. The ranches are being split up "at a rate which bids fair to effect a complete change in the agriculture of the region in a few years."

This development is but another milestone in the forward march of Texas, the land of cotton, the state that produces more than a third of the nation's greatest money crop.

Houston county is holding

fourth place in the production of cotton in Texas.

County Appeals Case.

The case in which Former Commissioner J. A. Beathard was awarded \$138.93 in county court as money claimed to be owed him by Houston county for services as county commissioner has been appealed by the county and will come before the district court in October.

If there were no exceptions to rules, this would be a very tiresome world.

HOUSTON COUNTY LOGS ALWAYS GOOD

Dan Dear of Belott was a recent visitor at the Courier office. While here he told of a trip to the Diboll sawmill. While at Diboll he saw logs being cut into lumber that had been in the Neches river for 28 years. Despite the fact that these logs had been under sand and water for over a quarter century, they were in a good state of preservation. The Diboll mill people are dragging these logs from the river as far up as their tram road runs and loading them on cars to be hauled to the mill. The Neches river is said to be lower now than it has ever been known, due to the extended period of dry weather.

Sunday Morning Marriage.

Miss Erin Tunstall, charming daughter of Mr. and Mrs. V. B. Tunstall, was married to Mr. George Mason Carnes of Houston Sunday morning at the home of the bride's parents in this city. Rev. S. F. Tenney officiated. The wedding was a quiet affair, only a few close friends and relatives witnessing the ceremony.

The bride is a graduate of Crockett high school, and since completing her high school work has made her home in Houston. She is a talented musician and has pursued this profession while making her home in that city. The groom is a popular young business man in his home city.

The happy couple left on the train at 9:40 Sunday morning for a honeymoon trip to New Orleans. They bear with them the congratulations and best wishes of a multitude of friends here and elsewhere. They will make their home in Houston.

Christian Church.

We are planning for an increased attendance both in the Men's Bible class and the balance of the Sunday School next Sunday. Those who have been absent for a few Sundays, come out and help us get back to our normal strength. Our district convention is now only two weeks off and we wish to make as good a showing as possible to our 30 or 40 visitors when they come. More about this convention next week.

The pastor will preach both in the morning and at 8 p. m. Sunday and everybody is cordially invited. Albert T. Fitts, Pastor.

Tire Prices Are LOW— CRUDE RUBBER HIGHEST IN YEARS

Buy Now and Save Money!

The unprecedented demand for Firestone quality and mileage has more than doubled the sales of Gum-Dipped Cords to car owners so far this year, enabling us—because of this tremendous volume—to keep prices low.

Experienced car owners insist on tires that deliver the greatest mileage at the lowest cost per mile, because such tires last longer—make the restricted rubber supply go further—reduce crude rubber costs—and help maintain the present low tire prices

Gum-Dipping, the

Firestone extra process, is also one of the biggest and most important economy factors in tire performance. This method of treating cord fabric, developed by Firestone tire chemists and engineers, insulates every fiber of every cord with rubber, and gives the sidewalls the extra strength to withstand the extra flexing strain—insuring maximum safety, comfort and economy.

Buy now—make sure of economical transportation by obtaining these outstanding Firestone superiorities at present low prices.

MONEY IN TRUCK FOR THIS FARMER

Last week the Grapeland Messenger made mention of Mr. Ed Edge, farmer living a few miles east of Grapeland, selling more than \$200 worth of turnip greens off one fourth acre of land, which he irrigated and fertilized heavily.

Saturday we learned that Mr. Edge has more than turnip greens. He took a one and a half acre plot of land and planted a variety of truck and vegetables, using about 2,000 pounds of cotton-seed meal per acre and irrigating it.

He has just sold all his turnip greens off one small plot of ground and has another patch coming on that will be ready for market this week. Besides turnip greens Mr. Edge has six rows of Kentucky Wonder beans which he has just completed sticking and will soon be selling green beans. He also has some fine cabbage, tomatoes and other vegetables.

On Mr. Edge's farm one hundred acres was cultivated in cotton. The revenue Mr. Edge is deriving from the one and one half acres of truck and vege-

tables will produce sufficient revenue to purchase all the cotton at market prices produced on the 100 acres.

Of course every farmer cannot do what Mr. Edge has done this year, but there are many who could do it and the idea we are trying to convey is that the soil around Grapeland properly cultivated can be made to bring in good revenue from other crops besides cotton, and really the sandy lands are better adapted to most any other crop than they are to cotton.—Grapeland Messenger.

HOUSTON COUNTY IN FOURTH PLACE

The department of commerce, through the bureau of the census, made public on Monday, August 24, the first preliminary total of cotton ginned in Texas for 1925, giving the figures through August 16. Through this date the entire state had ginned a total of 364,281 bales.

The totals by counties were also given, showing Houston county to be fourth, with 13,114 bales.

The seven leading counties, with the number of bales ginned, are:

Hidalgo, 48,897.
Cameron, 35,801.
Nueces, 24,187.
Houston, 13,114.
Wharton, 11,246.
Navarro, 11,186.
Bee, 10,335.

All other counties had ginned less than 10,000 bales each.

CITATION BY PUBLICATION.

The State of Texas—To the Sheriff or Any Constable of Houston County, Greeting:

You are hereby commanded to summon J. E. Harper and Ella or Ella Harper, wife of J. E. Harper whose residences are unknown and all persons asserting and claiming any interest in the land hereinafter described, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Houston County, to be holden at the Courthouse thereof in Crockett, Houston County, on the 12th day of October, A. D. 1925, then and there to answer a petition filed in said Court on the 8th day of September, A. D. 1925, in a suit numbered on the docket of said Court No. 6250, wherein the Houston County Timber Company is plaintiff, and J. E. Harper and Ella Harper, wife of J. E. Harper and all persons asserting and claiming any interest in the land sued for, are defendants.

Plaintiff alleges in its petition that it is the owner in fee simple of 96 acres of the N. J. Hayman 160 acre survey of land situated in Houston County, Texas, patented by the State of Texas to the Heirs of N. J. Hayman deceased, dated June 1st, 1877, as fully set out, in plaintiff's petition and for better description of said land, reference is here made to said petition.

That on account of the destruction of the records of Houston County twice by fire, a great many deeds and links in the chain of title have been destroyed and are now missing, and a number of other muniments of title and written instruments have been lost or mislaid and cannot be now found, and on account thereof, there is a cloud cast upon plaintiff's title and plaintiff sues to remove the same.

That plaintiff deraigns title to the land claimed by it, and herein sued for as follows:

Patent from the State of Texas to Heirs of N. J. Hayman, deceased and wife, dated June 1st, 1877.

Deed from Annie Hill and husband to Louisiana & Texas Lbr. Co., dated June 15, 1901.

Deed from W. B. Warren et al to Houston County Timber Company dated April 25, 1925.

Deed from Erna J. Carson et al to Houston County Timber Company dated _____ day of August 1925.

Deed from Louisiana & Texas Lbr. Co., to Houston County Timber Company dated December 1st 1923.

That plaintiff and those under whom it claims have had and held peaceable, continuous, and adverse possession, claiming under title and color of title, from and under the sovereignty of the soil, the land claimed and described in plaintiff's petition, for more than three years, for more than five years, and for more than ten years after defendants' cause of action accrued, if any ever accrued, and before the commencement of this suit, claiming the same under deed

using and enjoying the same, each and every year, and paying the taxes thereon for a period of more than five years, and for more than a period of ten years before the commencement of this suit, and pleading the three, five, and ten years statutes of limitation.

That defendants are asserting and claiming an interest in said land which clouds the title of plaintiff, and praying that on proof being heard that it have judgment for the land sued for, quieting the title thereto, and removing all clouds therefrom.

Herein fail not, but have you before said Court on said first day of next term thereof, this Writ with your return thereon showing how you have executed same.

Witness A. B. Smith, Clerk District Court, Houston County, Texas.

Given under my hand and seal of said Court in the City of Crockett, the 8th day of September, A. D. 1925.

(Seal) A. B. Smith,
Clerk, District Court,
Houston County, Texas.

MR. LONG WRITES OF COUNTY AFFAIRS

Augusta, Texas,
September 5, 1925.

Mr. W. W. Aiken,
Crockett, Texas.

The finance committee that convened in 1920—King, Warfield, Darsey—found a great big white bear that originated in the proceedings of the commissioners' court, and that was, the court had failed to have the minutes of the court read and adopted. That's all true. They were not for about ten months, but why weren't they? It should have been done, but was not. The commissioners' court would have come out head and tail up if the finance committee had met about ten months earlier. I am very sure the minutes of the court would have been read, as was done after that finance committee adjourned regularly. If it was necessary to have the minutes of the court read afterwards, why weren't they read before? The county clerk never showed up during court service, but it could have been done by Collins, his deputy. At any rate it would have saved the finance committee the trouble of trying to make a mountain of a mole hill. The first day the finance committee convened in session Judge Patton placed his signature to each and every one of these minutes, and not one had ever come before the commissioners' court, read and adopted. Of course that placed all responsibility on each of our shoulders. In checking Willie Robison, the treasurer, we found where Arthur Owens had issued warrants to the amount of six hundred dollars in behalf of the Texas cavalry and also about three hundred as pay for the soldiers. Now this is where the finance committee found the white bear. When we were jacked up before the honorable finance committee we flatly denied granting this money. Arthur Owens spoke to me in person in regard to the matter. I do not remember the exact words that passed between us—that he could see the other members and explain the proposition to them, and also come before the commissioners' court and there get an expression from the entire court. But this he failed to do, nor did he come before the court for the purpose to have them grant the issuing of these warrants. This is why it is very necessary to have the minutes of the court

read and adopted at each regular meeting. This should have been done, but was not. In 1919, when Willie Robison, the county treasurer, made his first quarterly report the first of March in regard to the county finance and also the indebtedness of the county, I disremember the amount, but was a plenty. But in 1920 when the county treasurer made his first re-

port, which includes December, 1919, January, February, 1920, up to the first of March, the three main months taxes are being collected and warrants paid off, at that time the indebtedness of the county was something over fourteen thousand dollars (\$14,000), but there was a balance in the county treasury, something over seven thousand dollars; besides, the county had paid out over sixteen thousand dollars on the eradication of the ticks.

If it had not been for the heavy expense the county had to undergo in the eradication of the ticks, the county would have gone on record, after collection of taxes in 1919 and 1920, on a cash basis; besides, there were other incidental expenses on the tick I failed to get.

There are other matters I intended to make note of, but will pass them up and close. These articles are not written for the purpose of any notoriety. I only make mention of these matters in order to let the public know the facts. Neither am I clamouring for any other office. I am not old Sol—out, and expect to remain out.

There is another matter I wish to explain, I neglected to explain in full in my first article, and it is this: I make no claim for road and bridge services in 1919 for the first seven months. At that time we were paid by the day—only for court service. For this reason, as the county had a supervisor duly elected by the people, who had full supervision over the roads and bridges until Judge Winfree resigned and the people elected Ike Daniel to fill his unexpired term, which was in 1920. During his term in office he had the superintendent's office repealed and the supervision of the roads

placed back under the commissioners' court. Of course during that time I did no road service. Consequently I make no claim for services not rendered. My motto during my life has always been "straight up, nothing less."

Sincerely,
J. S. Long.

LOVELADY AS A HOME OF CULTURE

The citizenship of Lovelady contains many cultured people. The high class citizenship of the town is one of its outstanding features. Some of her sons and daughters have gone out into the world and gained no little prominence.

One of Lovelady's talented and accomplished daughters was called to Austin to fill the governor's mansion, and filled it most creditably. We have reference to Mrs. Pat M. Neff, who was Miss Mert Mainer before marriage. Mrs. Neff proved herself most capable in the governor's mansion.

Lovelady has supplied Texas with one of its best state health officers, Dr. W. B. Collins serving in that capacity during the administration of Former Governor James E. Ferguson. Many useful measures were inaugurated during Dr. Collins' administration. After a successful administration Dr. Collins returned to Lovelady to again make his home.

One of her sons has made himself quite well known in legal circles. He is District Judge Ben F. Dent of Crockett. Mrs. Dent was also reared in Lovelady.

Lovelady has furnished some prominent educators also. Prof. Frank Martin, formerly of Lovelady, was afterward president of John Tarleton Agricultural College at Stephenville.

Superintendent T. N. Mainer, A. B., of the Lovelady public schools is a home town product, also. Under his supervision the Lovelady high school has recently been given class A rating by the state department of education, which is the highest rating it has ever held. Mr. Mainer's assistants all have permanent

certificates, while Principal Kimble has the A. B. degree.

Mrs. R. A. Shaw, who teaches music in connection with the Lovelady school, and who is a very talented musician, was also born and reared in Lovelady.

Athletes From Lovelady.

Lovelady men have made good records in the world of sports. Among the younger athletes who hail from Lovelady is L. H. "Mutt" Monzingo, the reliable shock absorber of the fast base ball team which represented Crockett during the season just closed. Monty was for three years a member of the athletic teams of Austin College, Sherman, playing football, basketball and baseball, and at one time was placed on the mythical all-T. I. A. A. team. In 1922 he entered professional baseball, playing at Ranger, in the West Texas league. At the end of the season he was sold to Pittsburg. The next season he was sent by Pittsburg to Flint, in the Michigan-Ontario league. He played in the East Texas league in 1924, but remained at home this year, to play for Crockett.

Curtis Barbee is a good base ball player in any position. He has played with a number of fast teams in Texas, and spent one season with the championship Alexander College team. He may attend Southwestern university this year.

Big Meeting for Lovelady.

Editor Courier:

The Methodist and Baptist churches of Lovelady are making preparations for a cooperative meeting to begin September 13th. The evangelists will be the Reverend Sid Williams, who is well known throughout Texas and the south, and Jim Brown with his celebrated harp. The names of these two widely known evangelistic workers are expected to draw large crowds.

The meeting will be held under a large arbor and preparations are being made to seat a large audience. It is hoped that Lovelady will experience a great revival.

LOVELADY A TOWN OF CHURCH GOERS

One of the first qualifications a home builder requires of a town is that the town have good churches, with regular attendance by their members.

A town with a number of good churches always appeals to the citizen as being a town where obedience to law, good social advantages, economic opportunities, and the worth-while things of life are abundant. Christian people are almost invariably good people.

Lovelady has four churches, with large memberships. The Baptist congregation is led by Rev. G. A. Foster.

Rev. Garrett is pastor of the Methodist church. The Christian pulpit is filled by Rev. McCaleb. Rev. E. C. Oakley is guardian of the Presbyterian flock.

The Methodist and Baptist churches will hold a joint revival meeting, beginning Sunday, September 13. An out-door tabernacle is planned, provided good

Lovelady His Home.

Lovelady is the home of Mr. George L. Murray, the largest cotton grower in east Texas. Mr. Murray owns what is said to be the largest cotton plantation in the world, west of Crockett on the Trinity river. He has 12,000 acres in cotton this year, and will make something less than 6,000 bales of cotton. Lovelady is the central point of Mr. Murray's extensive business interests, although Crockett, on account of the hard-surfaced highway, is his cotton, feed and supply shipping point.

weather prevails. For this big revival the services of Rev. Sid Williams of San Antonio, who has seen long and useful service in the evangelistic field, have been secured. Assisting Rev. Williams will be Singer and Harpist Brown, who is very capable in this line of evangelistic work. An unusually large attendance is expected for this meeting, not only from Lovelady church-goers, but from surrounding towns as well.

P. D. Austin Appeals.

The case of P. D. Austin against Houston county for damages, caused by running the public road through his homestead, attracted much attention. Mr. Austin used 22 witnesses to establish his damages, nearly all of whom testified that his claim of \$2500 was reasonable. The jury gave him the same damages as the original jury of view. Mr. Austin is not satisfied with this judgment and has taken an appeal to the higher court.

PRISON SYSTEM TO OFFER COTTON SEED TO DROUTH AREA

Austin, Texas, Aug. 31.—Ex-Gov. James E. Ferguson announced Friday that the State Prison Commission will offer 200,000 bushels of cotton seed for sale in the drouth stricken area at about half the market price. It will include 50,000 bushels of the Kasch variety and 150,000 bushels of the Mebane kind.

The seed is being grown in Fort Bend and Brazoria County, Mr. Ferguson said, and will make from a half to a bale to the acre. The price will be \$1.25 per bushel f. o. b. at shipping point in carlots and \$1.50 per bushel in less than carloads. The sale will be made only from the farms. Once the seed is concentrated at the mills for grinding it will not be subject to sale.

The sale of the seed for planting at half price is done as a relief measure in the drouth

Just ordinary shortening cannot give you the best cooking results

ANIMAL fats cannot impart real richness to your cooking and baking. They are heavy, greasy, indigestible. And, of course, it is too expensive to use butter all the time.

With Mrs. Tucker's Shortening, however, you can get the richness of butter at half the cost—and at the same time evade all the detriments of lard. That is because Mrs. Tucker's is a pure vegetable shortening.

Get a pail of Mrs. Tucker's from your grocer today! It is made exclusively of choice cottonseed-oil. Use it wherever you use shortening. You'll be delighted at the difference it will make in your cooking. You'll find it goes further than ordinary shortening. And you'll appreciate the sanitary, airtight container. This pail assures you shortening that is always fresh and pure. When empty, is very useful about the house. Interstate Cotton Oil Refining Company, Sherman, Texas.

stricken area. The purchaser is required to pay the freight.

Mr. Ferguson suggested that Chambers of Commerce, banks and wholesale houses arrange for purchases while the seed are cheap and before taken to the oil mills, adding that good planting seed will be high next year. These seeds are described as vigorous.

From the prison farms growing the desirable variety of seed Mr. Ferguson estimated that the yield would be about 294,000 bushels and that after selling a little over 200,000 there would be about 65,000 bushels remaining for planting next year on the prison farms. That is more than enough, but a surplus will be carried for second planting in case of floods or drouth.

TEXAS POWER AND LIGHT COMPANY

828 MINES CLOSED BY WALK OUTS

Philadelphia, Aug. 31.—Anthracite mining in Northeastern Pennsylvania was to stop at midnight by order of the United Mine Workers.

The stroke of twelve was to mark expiration of the two-year working contract of 158,000 workers, who have been unable to agree with the mine owners upon its renewal and who decline to work until some renewal is negotiated.

The walkout will place a virtual padlock upon 828 mines in 10 counties. It will involve in addition to the bulk of the miners another army of their dependents. The full number of those dependent upon the mines, for whom bread winning accordingly stops, is put at 500,000. About 8000 maintenance men will remain in the pits by mutual agreement to prevent flooding and to attend to their general upkeep. They will be assessed a day's pay every two weeks for the union's emergency fund.

Something like 10,000 railroad men employed in handling coal shipments and in shops and car repair work probably will be out of work.

The suspension will be practically 100 per cent effective. The region has been thoroughly organized by the union and the handful of men the union has permitted its men to associate with despite the lack of union buttons is expected to quit as well.

Union officials contemplate no picketing and the owners, so far as can be learned, plan no importing of non-union help.

At many mines contract miners quit work Saturday after blowing down enough coal to keep their laborers occupied for the remainder of the contract. Many heavy tools have been removed by the men and stored away against such time as the new contract is signed.

Sunday at special meetings held by most of the 325 union locals, the union suspension was read.

Many anthracite workers are preparing to set out for the soft coal fields in search of other jobs. The ability of unionists to subsist, by jobs picked up elsewhere, is half the battle.

A general exodus is being predicted of miners seeking vaca-

tions, but the excursionists also will include the thrifter quota seeking temporary work in other industries.

The miners are demanding a 10 per cent increase in tonnage rates, \$1 a day more for day workers, the check off, a two-year contract, equalization of rates, and other adjustments. The operators insist all demands must first absolve themselves

of any likelihood of increasing production cost before they can be given consideration. The men in turn refuse the proposal of the owners to leave the matter to arbitration and hold that negotiations are useless until the owners agree to consider demands on their merits regardless of cost. Negotiations were broken off at Atlantic City on August 4.

A "Tip" to Cotton Raisers

Our policy is to do ginning just a little better than some one else would do it.

That is the reason the work done here is far better than the average ginning.

And that is the reason we are always busy. A trial will convince you. Bring us your cotton.

Williams Survey 791 vrs to the beginning.

Plaintiff claims title to said land under certain deeds set out and described in his original petition including a patent from the State of Texas, to Jacob Gregg, Assignee of J. J. Williams and by chain of title from Jacob Gregg down to plaintiff, including a deed from L. E. English to J. A. McClain, dated October 31st, 1906; a deed from J. M. Jackson and wife, Gertrude Jackson, to J. A. McClain, dated September 5th, 1913, conveying 100 acres out of the J. J. Williams Survey; a deed from R. C. Hagar and wife, O. H.

Hagar, to J. A. McClain, dated December 10th, 1904, conveying 20 acres out of the J. J. Williams Survey.

Plaintiff alleges that he and those under and through whom he derails title to said land have had and held peaceable and adverse possession of the same, cultivating, using and enjoying the same under deeds duly registered and paying all taxes due thereon, for a period of more than five years preceding the filing of this suit and claims title to said land under the statutes of limitation of five years.

Plaintiff alleges that he and those under whom he derails title to said land have had and held peaceable and adverse possession thereof, claiming to have a good and perfect right and title thereto, cultivating, using and enjoying the same for a period of more than ten years next preceding the filing of this suit and claims title to said land under the statute of limitation of

ten years. Plaintiff alleges that by reason of certain defects in some of the deeds in his chain of title, and by reason of defective acknowledgments to some of said deeds and that the defendants are asserting and claiming some kind of right or title to said premises a cloud is created on his title thereto which he wishes to remove by a decree of this court.

Herein fail not, but have you before said court on the said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness, A. B. Smith, Clerk of the District Court of Houston County.

Given under my hand and the seal of said court in the City of Crockett, this the 9th day of September, A. D. 1925.
