

THE GRAHAM LEADER.

W. GRAVES, Editor.

Entered at the Post Office at Graham, Texas, as Second Class Mail Matter.

Twenty-First Year.

VOL. XXI.

GRAHAM, TEXAS, FRIDAY, MAY 21, 1897.

NO. 42

New Blood New Life.

Pure Blood is a guarantee against Disease.

One or two Bottles of good Blood Purifier may save you a spell of sickness.

ROYAL SARSAPARILLA

is guaranteed to do the work. Better take a bottle. It is sure to tone up the Blood and put your system in condition for the long hot summer.

Graham Drug Co.

Rehashed Locals.

From the Graham leader, Aug. 1. There is a man in town who is so full of lightning that you cannot touch him without being "shocked."

We saw two boys seated under a post oak in the rear of the post office this morning, playing poker for a watermelon. Wonder 'what' they 'larned' the game.

A contiped invaded Rhodes' law office on Sunday evening; books and inkstands were brought into requisition, but Rhodes went for him with his army shoes. Spiller calls 'em shoes "Sarotoga Trunks."

Last Monday some of our citizens amused themselves by ornamenting a number of dogs' tails with tin cans containing pebbles, etc. One of the dogs made a hole in the wind that was perceptible for several hours, and, after telegraphing a house, took refuge under a bed. It is the general opinion that his "old haunts" will know him no more. There is no town in Texas infested with more dogs of its size than Graham. They are becoming an intolerable nuisance.

Where is Farmer, his boy and his jackass?

An extensive improvement in the post office has become necessary. We are soon to have boxes.

The hair on Jack Glasgow's head is beginning to grow; he quit using Hall's Hair Renewer, and used nothing but the water from the well at the hotel, for his liver complaint and other diseases of the head.

Gray's caravan of eight wagons drawn by thirty oxen, arrived last Wednesday, bringing four wagon loads of lumber for Wadley's new store.

Our Public Square could be greatly improved in appearance by a little labor. By all means it should be cleaned off—the brush cut down, trees trimmed up, stumps removed, etc. Who will take the first step in the matter? Let work be commenced at once.

[THE LEADER reiterates what it said over twenty years ago. It still needs it.]

The greatness of Graham is only a question of time.

Plenty of turkeys and squirrels are found within a mile of town. Our young sportsmen play havoc among them.

We are glad to note the departure of the grasshoppers. After a very brief stay they have taken up the line of march in a southeasterly direction. We hope they may alight in the Gulf and never return.

Graham has a livery stable and some "squeeze-me-tight" buggies.

Thy flying machine is a practicable thing at least. Matthews, Tidwell & Norman's Groceries fly but not by machinery. They go on merit.

Bishop Garrett preached at the Christian Church last Sunday and Sunday night to very large congregations. The Bishop is one of the finest orators in the south and his sermons were greatly enjoyed by those who heard him.

You can always find everything in the grocery line at Ford Bros.

Judges O. E. Finlay, R. F. Arnold, John Taylor and C. P. Benson left for Wichita Falls last Monday, as attorneys and witnesses in a case in the District Court in which Young county school lands are involved.

Money may be the root of all evil, but it buys a lot of stuff at Matthews, Tidwell & Norman.

Henry Light of Terrell, came in last Friday on a visit to old friends and relatives here. He called on THE LEADER and deposited a silver wheel.

Awarded Highest Honors—World's Fair.

OBITUARY.
Died Friday, April 23rd, Mrs. Zonia McLoud Burns, after a protracted and painful illness. She leaves a husband, one small child, an aged and afflicted mother and one sister, Mrs. J. T. Lovejoy, of Memphis, Texas. Her mother and sister are the only surviving members of her family, two sisters and an only brother having all died in one short year. Mrs. Burns removed from Minnesota to Graham, Texas, with her parents in the spring of 1875. She was well known all over Young county, having been a successful teacher for 17 years before her marriage. Mrs. Burns gave her heart to God when quite young, and was for many years a member of the Methodist Church. She rests from her labors, where toil, pain and care are unknown. Her relatives have the sympathy of a host of friends. C. W. W.

Strong Praise from a Physician.
Many physicians freely prescribe Parker's Ginger Tonic because they find it benefits their patients. Dr. F. F. DeVries, Chicago, Ill., writes: "Some years ago I prescribed Parker's Ginger Tonic for a serious liver trouble with impaired digestion, and the rapidity with which the patient recovered amazed me. From that time I prescribed it freely whenever any organ indicated a lack of vigor or tone. For diseases exhibiting diminished vitality, weakness, distressing, painful and nervous conditions, it is the best remedy I ever used in my practice. I know this is strong praise from a physician, but I think it a duty to fully endorse so valuable a medicine."

Save Your Good Looks.
Without beautiful hair, no woman is beautiful. Parker's Hair Balsam will restore its growth, softness and color.

A truly wonderful case of long sickness and then a rapid cure was brought to the editor's notice this week, which thoroughly demonstrates what our mineral waters will do, aided by a skillful physician. J. L. Payne, formerly of Graham, moved to this place last August with his wife, who had been an invalid for 15 years with a complication of female diseases, and he has spent hundreds of dollars with different physicians and tried all the remedies known to medical science. He put her under the treatment of Dr. A. W. Thompson, and his services, aided by baths at the Lamar bath house and the drinking of that well known water, has in a few months made Mrs. Payne almost entirely well. Bro. Payne says she has improved rapidly since beginning the use of the Lamar water, and he is now a great advocate of judicious bathing and those mineral waters. Mineral Wells Success.

Grandma Rogers died at her home last Friday morning very suddenly. Her remains were interred at Center Ridge cemetery. S. T. G.

Falshood may have its hour, but it has no future.

Never say die until you are dead, and then it is no use, so let it alone.

There is such a thing as having great influence without having great talent.

One of the hardest lessons to learn is that we are made out of the same kind of clay as other folks.

When it comes to remembering things he is trying to forget, every man's memory is phenomenal.

It is impossible to discourage the man who has learned in whatsoever condition he finds himself therewith to be content.

All criminologists agree that indications of crime are in the current ways of thinking to crime, and an eminent French writer has published a volume on the "Contagion of Murder," in which he traces cases of homicidal mania induced by pictures of assassination. The regular reader of many modern newspapers might imagine that the world is much worse than it used to be. This would be a mistake. The difference is not in the crime, but in the exaggeration, and sometimes invent details of crime, but that the facilities for collecting news are so much better than formerly that everything is reported. There is no part of the newspapers of the day which can be more profitably skipped than the detailed narratives of crime, and newspapers which make a specialty of the evil there is in the world should not be taken into any home.

ATRENS NEWSPAPERS

THEY ARE UP TO DATE IN SOME THINGS.

They Have the Interviewer, and He is President, but the Great Athenian Daily Has a Staff of Only Twenty-two or Thirty Men.

(Special Letter.) THE Greek is a great reader of newspapers. At present 152 newspapers are published in Greece, with an aggregate circulation of 175,000.

The Greek newspapers of today are written in a language which any one who has studied "Xanthopoulos" will have no difficulty in understanding. The directors are generally men of culture and learning, and many of them have been travelers.

The price of a newspaper in the streets of Athens is one cent a copy, American money, excepting the Acropolis, which sells for two cents. The only afternoon newspapers in Athens are the Hestia and Regeneration; the other dailies are issued in the morning.

The entire staff of a Greek newspaper, including business, editorial, and typesetting departments, usually consist of twenty-five to thirty men. The editorial and city departments seldom have more than seven or ten men. The salary paid to an editor-in-chief or managing editor is \$40 to \$50 per month. Assistants, editors and reporters receive \$20 to \$35 each a month. Living expenses being very low in Greece than in this country, the correspondents get one holiday a week, but the editors and reporters have no holidays except Christmas, New Year's Day, Easter, and one day in July, dedicated as a holiday to the typographical union.

Of late years interviewing has grown in favor in Greece. At first it did not find much favor with those in high places, but they finally yielded, and the Athenian reporter uses his privilege in

THE PLAIN TRUTH.

No matter how fine his reports may read, the preacher is a failure whose ministry fails to move anybody toward Christ.

When about to take his first drink, the young man should remember that every drunkard once stood where he stands.

One of the highest mountains upon which we may stand in this life is to be able to look back upon a long life well spent.

It was because Paul knew that Christ took care of the whole world that he was so anxious for the whole world to know it.

The first evidence that a backslider has lost his communion with God is that he is ashamed of his relationship to Christ.

The fact that there is so much stuff that shines like gold, makes the story of disaster one of the saddest chapters ever written.

Refused Without Preposing. Few women, outside of royalties, ever "popped the question" to a man, and perhaps only one has had the experience of being rejected by a man without having proposed to him. There was one, and the Hon. L. A. Tolleme tells the story in his "Personal Memoir of Benjamin Jowett," master of Balliol, Oxford, who was invited by Dr. Westminster Abbey, at anniversary of restoration of Charles the II., or on the death of Oliver Cromwell, and amid the pomp that ever swayed over England: "To God be rendered and ascribed, as is most due, all praise, might, majesty and dominion," both now and forever. Amen."

One step away from God is all it takes to reach the gate of hell. When there is a coffin in the house, there is a welcome for the preacher. Nothing can make people go blind any quicker than filling their eyes with the light of the gospel.

When the right kind of a man is taken out of the miry clay he knows enough to stay out.

There is nothing in the Bible to encourage anybody in thinking that he can be saved by his own good works. If the glimmer and glitter could be taken out of sin, the devil's right arm would be cut off close to the shoulder.

The preacher whose only usefulness lies in his ability to cure insomnia in his hearers, has misunderstood his call.

Many a man who begins what he considers a religious life in the morning, meets the robbers at the first bend.

Men have no patience with the man who falls at a vital point, but God works with him, and gives him another chance.

It is because the pocket of the brewer is better filled than that of the preacher, that he has more influence in politics.

We are more apt to get what God wants us to have, when we are not in too much of a hurry to choose for ourselves.

It is doubtful if even angels ever went over the heads of the saints into where the mud is, until he gets into it up to his neck.

The devil is still making some people believe that they are doing all the good work, and are on an hour or two each week in church.

The man who falls on a banana skin one will have sympathy, but he will only make fun for the boys the next time he lands on his back.

There is nothing wrong with the man's head, who has to have the delirium tremens before he will believe that liquor will hurt him any.

When you get where you feel the need of something, only the Bible can give you what you need for what you do in an infidel lecture.

The thing that makes hell possible, is that so many hellish things can be shown a certificate of good character, from those well up in public and social life.

The chapter telling of Abraham's great trial, begins thus: "After these things God, did tempt Abraham." God always knows when to call for our Isaac.—Hans Horn.
